NO. 4

CARD OF THANKS TO FRIENDS

We gladly take this Public Method of Expressing Our Sincere Thanks and Hearty Appreciation for the Helpful Friendship shown us by the people of Ozona and Crockett and adjoining counties and the generous patronage that you have accorded us, thereby enabling us within so short a time, to build up a Splendid Garage business, second to None in Southwest Texas. The new owners of The Ozona Garage, Messrs Hull, North & Simmons, will maintain the same Fine Service, Mr. Fred Cox remains as Active Manager. CALL TO SEE THEM. We Ask You to Continue to them your Kind Patronage.

*Truly Your Friends,
ROB and ROY MILLER and P. T. ROBISON.*

To You Who Ride in Cars

We want to say to patrons of the Ozona Garage that we are glad to be with you and we shall make it our duty, as it will be our pleasure, to deserve your friendship and business. We promise you a Service 100 per cent Prompt, Expert and Courteous.

We Respectfully Solicit Your Patronage.

HULL, NORTH & SIMMONS.

My Friends and Neighbors

Mr. Joe North will be resident proprietor in Ozona and I want to ask that we all join in making him welcome, and make his business pleasant and profitable to himself and his associates. Of course I want all my friends to continue making the Ozona Garage their headquarters. I am grateful for your personal and business friendship. No Garage in the State is better equipped than we are, to serve you, so just head in North of the Park and come to see us.

FRED COX, MANAGER.

Barnhart Soon to Have Newspaper

Secretary D. I. Taylor, of the Barnhart Commercial Club, was here yesterday, in company with L. W. Walker, proprietor of the San Angelo Bottling works. Mr. Taylor states that the Barnhart people have almost completed arrangements for a newspaper, and it is hoped to start it at an early day. The deal is on with a newspaper man from the Panhandle named Downs.

Secretary Taylor says the people of Barnhart are wise and wide awake enough to appreciate the fact that no influence is so great in the building of a good town as a good paper.

Big Lake Conditions Prosperous

J. D. Nairn, Big Lake postmaster and Big Lake Big Merchant, managing head of the firm of Nairn & Nairn, was here Sunday night to attend church, he and his family, while Mrs. Nairn visited her mother and sister. They returned home Monday afternoon. Mr. Nairn says he never regrets the money spent in Stockman advertising, as it every bit comes back to him in double and treble returns. He regards it as a necessary investment.

Mr. Nairn reports range prospects good and business improving, the people of his town and county rapidly recovering from the effects of the great drouth.

If you want to buy or sell anything see Bruce Drake, Ozona.

Early Baggett sold to Joe and Vic Pierce 60 heifers at \$38, delivered yesterday.

Joe Pierce, Jr., bought of Early Baggett 1,000 lambs for September 1st delivery, at \$7.

Joe Blakeney sold to L. V. Minx, of Lincoln, Kas., 50 head of 4-year-old steers at \$80, delivered Barnhart Saturday.

Walter Childress sold and delivered for Mrs. Beecher Montgomery 150 heifers at \$38 to Joe Pierce, Jr.

Friend & Nolen last Saturday moved a herd of 270 cattle thru town to new pasturage near Rankin.

Ward Brooks bought all of the Tom Williams ranch lying east of Liveoak, something more than four sections, at \$7 per acre.

Will Noelke sold all his big steers, 780 head, threes and fours mostly fours, to L. V. Minx, of Lincoln, Kas., at \$75, delivery at Big Lake Saturday, for shipment.

Rob and Roy Miller sold to Vic Pierce 1,000 lambs, Fsil delivery, at \$7.00, ten per cent cutback.

Pleas Childress took a trip up into the Panhandle, Kent county, and bought the famous Clark herd of registered Hereford bulls. Hugh Childress met the herd last Thursday at Big Lake and drove them to the Childress Bros. NH ranch. Pleas got a big bargain in these 50 bulls at \$150 a head.

Glorious Rains! They came at exactly the right time. If they had been sent to order they could not have filled our needs more perfectly. Last Saturday afternoon a good rain fell in Ozona and nearly all the surrounding

country. Sunday morning at 2 o'clock a shower fell and another at the same time Monday morning. Tuesday afternoon we got a "rootsaker." The waterholes are all full, the tanks running over and the range thoroly wet. Weeds are about mature, and the grass will now come ajumpin'.

Early Baggett's Spring clip yielded about seven pounds average. He got 9,500 pounds off 350 yearlings and ewes. Early uns his sheep loose under good facing. He has lambed out more than a thousand ewes and let only ten head, and maybe not that many.

"Scotty," W. J. Scott of Sheffield, tells Tom Casbeer to tell Ken Bill he was in San Angelo at the time it happened, but he didn't get in on that whiskey ste'd from the Orient depot. He says 'tain so. If he had any of it, he would remember his old Ozon friends sure. Scotty has some fat muttons to sell.

J. B. Blakeney and L. B. Cox sold to Joe Montague 302 steers, threes and fours, at \$75. These are the same steers reported three weeks ago as having been bought of Lee Henderson at \$7. A new record was made on tick delivery. The sale to Mr. Montague was made at nine o'clock last Thursday night, and at the o'clock Friday morning eve hoof of them was on the road to Barnhart where they were loaded for pasturage in Kans.

Incio Andrade of Del Rio is doing some good work shearing, according to Early Baggett, at who ranch he has just finished. Fro Early's he went Tuesday to Early Baggett's, from there to Chay Williams yesterday, and

ITALIAN QUESTION STUMBLING BLOCK

DEADLOCK IN PEACE CONFERENCE BROKEN, COUNCIL OF FOUR ANNOUNCES.

Paris.—There are indications of weakening on the part of the Italian delegation and a disposition to withdraw their demands for the Dalmatian Hinterland if permitted to have the coast, the coastal watershed and Fiume.

President Wilson is inflexible in his opinion that Fiume shall not be annexed to Italy, thus bottling up Jugo Slavia.

The Italian premier, Vittorio Orlando, while not attending the session of the council, had a series of private conferences and arranged a meeting with Premier Lloyd George with a view to seeking a plan of adjustment.

One compromise proposed to the Italians, making provision for the recognition of their claim to Fiume in exchange for the abandonment of their claim to the Dalmatian coast, was rejected.

In the meantime Premier Clemenceau and Lloyd George and President Wilson are busily considering the question of the future of Kian-Chau with Baron Kakinio and Viscount Chinda of the Japanese delegation.

The American delegates declare emphatically that President Wilson is determined not to yield on the Fiume question. As America was not a party to the London treaty, the president refuses to discuss controversies arising over the Dalmatian coast and other countries covered by the secret treaty signed in Italy, France and Great Britain.

The council of four decided to discontinue its hearings on the Chinese and Japanese claims to rights in Shantung province and agreed merely to terminate Germany's rights in China in the peace treaty, leaving the settlement of the respective rights of China and Japan to the German concession until a later date.

Don't Want to Add More Trains.

Austin, Texas.—B. F. Bush, regional director of the United States railroad administration, in charge of lines in the southwest, pictured a rather gloomy view for the common carriers for 1919 in his statement to the railroad commission in opposition to a general restoration of pre-war passenger service on Texas railroads. He said the federal administration does not want to put on any additional train service unless some community is actually suffering.

Alvarez Killed by Fire.

Vera Cruz, Mexico.—General Francisco Alvarez of the anti-government forces has been executed at the hands of a firing squad. Alvarez was captured recently in the battle in which General Aureliano Blanquet, minister of war in the Huerta cabinet, was killed. Many thousands of persons surrounded the barracks when the execution took place. He was absolutely calm and evinced no fear and declared he was prepared to die.

Appointed on State Accident Board.

Austin, Texas.—Captain E. R. York, veteran of the Spanish-American and world wars and former assistant adjutant general of Texas, has been appointed secretary of the Texas industrial accident board to fill the vacancy caused by the resignation of Mrs. Hortense Ward of Houston.

J. Vedrines, Noted Aviator Killed.

Paris.—Julius Vedrines, a noted French aviator, was killed recently when his machine fell in the Department of Drome while Vedrines was attempting to make a nonstop flight from Villacoublay to Rome. The mechanic in the machine also was killed.

Will Bar I. W. W. Convention.

Salt Lake City, Utah.—There will be no convention of the Industrial Workers of the World at Salt Lake City, is the declaration made by Mayor W. Mont Perry.

Air Station Work at Galveston.

Washington.—Bids will be asked by the navy department for completion of the naval air station at Galveston, calling for the expenditure of about \$765,000 in addition to the amount already expended.

General Strike in Berlin Settled.

Berlin.—The settlement of a general strike in Berlin was reached after negotiations lasting forty-eight hours between representatives of the strikers and the employers and the minister of labor.

John Barton Made Assistant Director.

Washington.—John W. Barton of Dallas has been made assistant director of the war risk insurance bureau, heretofore having served as assistant to Director Lindsay.

County Buys Victory Loan Notes.

Dallas.—By unanimous approval the Dallas county commissioners' court aided materially in subscribing the county's quota of the Victory loan when \$10,000 of interest and sinking fund was invested in notes. The money came from a fund set aside to retire county bonds bearing 4 1/2 per cent interest. In addition to aiding the loan materially the county will make one-fourth of 1 per cent interest on the sum involved, as the Victory loan notes bear interest at 4 per cent.

WILSON SAYS FIUME CANNOT GO TO ITALY

EXPECT ITALIAN DELEGATION WILL WITHDRAW FROM THE CONFERENCE.

OPPOSES SECRET TREATIES

Italians Cling to the Secret Treaty Annulled By Their Acceptance of the Fourteen Points.

Paris.—In a statement just issued by President Wilson explaining his position on the Adriatic question, he declares that Fiume can not become a part of Italy. He points out that every condition concerning the Adriatic settlement has been changed since Italy entered the war upon the promises of the pact of London, the Austro-Hungarian empire having disappeared. He notes that new states have been created for which Fiume is the natural outlet to the sea, and also contends that the strategic necessity pleaded in behalf of Italy's claim to the Dalmatian islands no longer prevails, as the Austrian naval menace has ceased to exist.

In issuing his official statement on the Adriatic question President Wilson let it be known that he desired once again to call attention to the fact that there were certain well-defined principles which have been accepted by the peoples of the world as the basis for a lasting peace. The United States delegation simply recalled this in order that there should be no deviation from these principles.

When Premier Orlando received President Wilson's statement he immediately called a full meeting of the Italian delegation.

President Wilson's emphatic declaration that he will not yield on the Adriatic question has created the most profound sensation in the peace conference. He has thrown down the gauntlet to the supporters of secret treaties in a manner which almost took away the breath of the delegates who have been urging compromises on points covered by many secret documents and at variance with the president's fourteen points.

President Wilson's sweeping declaration, while aimed directly at the Adriatic question, also reaches the Kian-Chau controversy, in which Japan relies on secret agreements made with Great Britain, France and Italy in 1917, to support her claim to the concessions held by Germany in Shantung.

The peace delegates generally regard a challenge which once for all will dispose of the question whether secret documents, of which many nations participating in the war were ignorant, are to figure in the peace following an armistice in which all the allies pledged gave no regard to secret treaties.

Vittorio Orlando, Italian premier, has delayed his intended departure for Rome long enough again to sit in conference with the other members of the council of four—Premier Lloyd George, Premier Clemenceau and President Wilson.

To Develop Air Service

Capt. Chas. J. Ghiddean, an officer in the U. S. Air Service, Military Aeronautics, stated in Washington, this week: "All men who wish to take part in the development of the nation's air service as an aviator or dirigible balloon pilot, chauffeur, mechanic or work at some thirty other trades required in the air service, by sending their name and address immediately to the Department of Air Service Officer, 134 Broad Street, New York, N. Y., will receive an important communication on the subject which I have prepared, after serving as an officer several months in the United States army flying school at Southfield, America, Georgia, and the United States army balloon school at Fort Omaha, Nebraska."

Dallas Navy Demobilization Point.

Dallas.—This city has become the naval demobilization center of the district made up of the states of Texas, Oklahoma, Colorado and New Mexico. The naval recruiting office is equipped with personnel and authority to discharge men from the service. In addition to demobilizing men a drive for recruits has been ordered. According to Commander Walter Ball, naval recruiting officer, Dallas leads the entire south in recruits for the navy.

Officers Elected By Music Teachers.

Waxahachie, Texas.—The 1920 convention of the Texas Music Teachers' association will be held at Marshall. E. Clyde Whitlock of Fort Worth was re-elected president of the association. Mrs. Nathaniel Turner of Marshall was re-elected vice president and John Bert Graham of Waxahachie succeeded himself as secretary-treasurer.

Convention of Club Women

McKinney, Texas.—The seventeenth annual meeting of the second district, Texas Federation of Women's Clubs, will convene in McKinney, April 29 and will close April 30.

Bishop E. E. Hoss Is Dead

Muskogee, Ok.—Bishop Embree E. Hoss of the Methodist Episcopal Church, South, writer, editor and educator, died at the home of his son, Dr. Sessler Hoss, of this city Wednesday.

BILLS MUST BE PAID SAYS VICE PRESIDENT

THOMAS R. MARSHALL APPEALS TO CITIZENS OF TEXAS TO BUY VICTORY NOTES.

WILL TAKE IT BY TAXATION

Declares Government Pledged All to Win War and Public Must Redeem Obligation.

Dallas.—Basing his appeal upon the three Ps—patriotism, pride and prudence—Vice President Thomas R. Marshall opened the Victory loan drive in Dallas with a passionate, human, logical and convincing address before a cheering highly-appreciative audience—scores not being able to enter. "You and I have done considerable bragging about our patriotism and how we won the war," he charged. "Now, without bands playing, without nerves tingling, without the thrill of distant battle—this is the time when your government is to find whether you have merely soda-water patriotism with all pep and sparkle oozing out since your lives are no longer endangered."

"This government pledged every acre of land and every form of possession toward the financing of the war," he warned. "And if you don't subscribe for this loan we will take what we have pledged, through taxing, of course."

"We were to blame for getting in; you were to blame for getting into it, and so now you should pay for it," he said. "Perhaps if Germany had not been made to believe by so much dissension among you, that America would not fight, the Lusitania would not have been sunk. But now we are glad we went in. Why? Because we are Americans."

"If we believe God made us all brothers and with a right to rule ourselves, then we are Americans, whether we live in Texas or Timbuctoo. It was for these principles that we fought."

"Patriotism calls on you to subscribe to this loan. If our president succeeds, as I believe he will, in his mission, this will have been the last time in the history of the world that the son of God or man will have to lay down his life to destroy despotic government and to establish principles of peace and righteousness."

"There may be those among you who lost sons in the war. Don't look upon them as dead. Answer for them 'Absent, but alive.' Is the mark?"

Washington? Christ went about doing good and so got the enmity of the kaiser of that day. He was crucified, buried. They said he was dead, but you and I know better. We know, because every day we feel his influence. Your boy, you say, dead in France? No, not dead, but alive forever. Only the man in whose breast patriotism, in its largest sense, is extinct, can be said to be dead forever.

"Now, you're all proud of the fight our boys made. It is my unpleasant pleasant task to tell you that the bill for that fight has not been met. You should be courteous, courageous and kind enough to walk up to the captain's desk and pay the bill."

Control Assembly By Council.

Vienna.—Control of Vienna has been taken over by the soldiers' council. Quiet prevails, but communizing of the property of those unable to resist has begun. It is possible there will be no change in the name of the government, but it will be anarchistic in purpose. The situation is much the same as it was at Budapest a few hours after the radicals had taken control. The policing of the city has been taken over by the Volkswehr.

Irish Laborites Issue "Strike Money."

Limerick, Ireland.—The general strike here incident to the proclamation of Limerick as a military area assumed a new and interesting phase when the final commission of the Limerick trades and labor council announced it was preparing to issue its own money in the form of one shilling and ten shilling notes, which would be used in the purchase of food for the 14,000 strikers. The money called "strike treasury notes."

Regents Meeting Is Postponed.

Austin, Texas.—The regular spring meeting of the board of regents of the university of Texas, has been indefinitely postponed, and it is probable that there will not be a meeting of regents until the May meeting in Galveston.

Congressman Austin of Tennessee Dies.

Washington.—Richard W. Austin, years old, representative in congress from the second Tennessee district from 1907 until last March 4, died recently.

Delegates to American Conference

Fort Worth, Texas.—The twelfth congressional district will be represented at the American Legion conference to be held in St. Louis soon by two delegates, according to graphic information just received. Lieutenant Colonel Guy O. Shirr from Lieutenant Colonel Theodor Roosevelt of New York. The mess designated Colonel Shirr as commander for the twelfth district. Will appoint county commanders for those who served in the war.

GERMANS APPROVE PEACE CONGRESS PLAN

ALLIES OFFICIALLY NOTIFIED AND GIVEN NAMES OF GERMAN DELEGATES.

Paris.—Germany has notified the allies that she accepts all the allied conditions respecting the Versailles congress.

Germany will send the following delegates to the Versailles congress, with full powers to negotiate: Count von Brockdorff-Rantzau, foreign minister; Herr Landsberg, secretary for publicity, art and literature; Dr. Theodore Meißner, general manager of the Warburg bank; Herr Leinert, president of the Prussian assembly and of the national soviet congress; Herr Geisberg, minister of posts and telegraphs; and Herr Schusking.

Although the peace conference apparently was taken by surprise by announcement of Germany's intention to send a small delegation to Versailles to receive the text of the treaty, the plan is really old, and Berlin and Weimer dispatches more than a month ago indicated that the German delegates would not have power to make final decisions.

Count von Brockdorff-Rantzau, foreign minister, has explained the German government considered it unnecessary to send the entire peace delegation—more than 100 persons, headed by six plenipotentiaries—to Versailles merely to receive the draft and return to Berlin with it.

The government then formally inquired through the armistice commission regarding the program, and on the basis of the reply seemingly determined on the dispatch of the smaller delegation.

It is planned to have such limited discussion of the peace proposals as President Wilson and his associates are prepared to admit, notably the modes of payment of the sums which have been exacted as reparations.

The question of the Italian claims remains unsettled. The council was unable to agree on the Adriatic question and decided to proceed to other business.

The Italian question reached a culminating phase when President Wilson refrained from attending the meeting of the council of four and consulted with the other members of the American delegation concerning the advisability of issuing a public statement.

It was made clear that the situation was serious and that the president was irrevocably against any recognition of the secret treaty of London, on which Italy largely bases her claims to the Eastern Adriatic coast. The president's attitude.

Telephone Operators End Strike.

Boston.—The telephone strike that has crippled New England service since last Tuesday, has been settled at a conference of strikers and company officials, according to announcement by the company. "An understanding has been reached, and all employees will return to work and the service will be restored pending detailed consideration of wage schedules." Miss Julia S. O'Connor, president of the telephone operators' department, confirmed the announcement of the company.

Snead Transferred to Washington.

Dallas.—Major Albert Snead, who has been commanding officer at Love field since August, has left for Washington, where he will be connected with the office of director of military aeronautics. This transfer is regarded as something of a recognition for Major Snead. Under his command Love field came to be regarded as one of the best single unit aviation fields in the country.

Supervisor for Orphans' Home

Corsicana, Texas.—J. S. Callicut, chairman of the state orphans' home board, is in receipt of a telegram from Governor Hobby, stating that Odie Minatra had been nominated to be superintendent of the state orphans' home. Mr. Minatra is a teacher in Allen academy at Bryan.

Rev. Mowry on Trial in Korea.

Seoul, Korea.—The Rev. Eli M. Mowry of Mansfield, O., a Presbyterian missionary has been placed on trial on the charge of having permitted Koreans to use his premises for disseminating propaganda for Korean independence.

Rainbow Men Sail From France.

Washington.—More than 4,500 officers and men of the forty-second (Rainbow) division were included in troops announced by the war department as having sailed from France.

Transport George Washington Arrives.

Brest.—The United States transport George Washington, which sailed from New York for France on the orders of President Wilson, has arrived here.

Syrians Appeal to Wilson.

Buenos Aires.—The Syrian congress, representing 150,000 Syrians in Argentina, has called to President Wilson at Paris repeating its appeal for the absolute independence of "federated Syria, Lebanon and Palestine."

Volcano Spouts Lava 30 Feet High.

Honolulu.—A column of lava recently shot up thirty feet above the rim of the fire pit of Kilauea, the highest of the great volcanoes which have been known to spout its fiery contents.

GIRLS! BEAUTIFY YOUR HAIR WITH "DANDERINE"

Get a Small Bottle! Freshen Your Scalp! Stop Falling Hair! Remove Dandruff! Grow Lots of Wavy, Glossy, Beautiful Hair--You Can!

"DANDERINE" GROWS HAIR

Besides doubling the beauty of your hair at once, you will shortly find new hair, fine and downy at first, but really new hair growing all over the scalp. Costs little.

MARRY ON LITTLE CAPITAL JAP ADVERTISERS NOT SLOW

Natives in the Belgian Congo Apparently Are Willing to Take Most Desperate Chances.

Experts of the Occident Might Ever Borrow a Few Ideas From Their Oriental Colleagues.

When an African boy in Congo-Belge reaches the age of eighteen and has saved what in American money would be about two dollars, which is enough to buy a piece of cloth for himself and his wife, he proceeds to get married. The courtship period lasts only while the prospective bridegroom gives presents to the girl's parents. Then if the presents are considered large enough the wedding day is set.

In Papanza in the Methodist Episcopal mission the ceremony takes place. The bride walks with an umbrella over her head to protect her from the sun, and is preceded by a bridesmaid who carries the garment the bride wore before marriage. Other bridesmaids follow, all walking single file.

After the ceremony the bridal procession goes to the bridegroom's house. The bride never walks with her husband but follows him. A wedding breakfast is served, usually consisting of goat meat and corn mush or gruel made from some kind of a root.

Courage respects courage.—Steven-son.

An advertising man who has recently returned from the Orient says the Japanese merchants and manufacturers who have occasion to make use of printed ink are not disposed to limit themselves to dull, prosaic statements concerning the excellence of their wares. Among the entertaining bits that the traveler noticed in his study of Japanese advertising are these:

"Goods dispatched expeditiously as a cannon ball."

"Parcels done up with such loving as a wife bestows upon her husband."

"The print of our books is clear as crystal; the matter charming as a singing girl."

"Customers are treated as politely as by rival steamship companies."

"Our silks and satins are as smooth as a lady's cheek and colored like the rainbow."

It ought to be possible to get advertisements read in Japan without scattering them around next to "pure reading matter."—Dayton News.

Means Family Comfort

when the boiling pot of Postum sings its song of health and satisfaction on the kitchen stove.

THE ORIGINAL

POSTUM CEREAL

led the way to comfort for many a family of coffee drinkers, for with the coming of Postum, away went the headaches, nervousness, sleeplessness and irritability that so often follow the use of coffee.

You can still buy that original Postum from your grocer—an invigorating drink of rare, delicious flavor—a beverage that is really part of the meal, not merely something to drink.

"There's a Reason"

Two sizes, usually sold at 15c and 25c.

JUST HURT ALL OVER

Couldn't Sit, Stand or Lie With Any Comfort. Sister-in-Law Gives Good Advice and Cardui Does World of Good.

Holland, Texas.—Mrs. Nannie Meser, of this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible.

I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble.

I was especially bothered with a tight swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good.

I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it.

I had only taken a few doses when I felt it would do me good. This gave me hope and I used it right along and it did me just a world of good since which time I have never ceased to praise Cardui."

Cardui is recommended for simple female complaints and womanly pains and has been found to benefit in thousands of such cases when not due to malformation or that do not require surgical treatment. Try it.—Adv.

Time or Length.

"I want a pair of the best gloves you have," said Mrs. Nuritch at the glove counter.

"Yes, ma'am," replied the polite salesman. "How long do you want them?"

"Don't get insultin', young man. I want to buy 'em, not hire 'em."—London Tit-Bits.

LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Rebuilding of Devastated France

STONE HEAD WHICH ONCE WAS MILL-WHEEL

Ravages of Warfare and Deliberate Hun Policy of Destruction Make It the Work of Years.

By LLOYD ALLEN, Special Staff Correspondent.

WRECKED VILLAGE OF VAUX - THE-MAJOR SHACK AT RIGHT

CONCRETE OBSERVATION

It is impossible for outsiders to try to take on more than a relatively small part of the reconstruction work in France because first estimates show the total damage amounts to something like \$13,000,000,000, or approximately the amount raised by the first three Liberty Loans in America. It's strictly a national job, this replacement of 500,000 wrecked buildings.

some of the finest hot chocolate ever made in France. The chocolate can, a ten-gallon affair with a big brass spigot, was placed in an empty packing case. Around the can were discarded condensed milk cans—the only cups available because the but was just starting operations and every infantryman was supposed to drink as much chocolate as he could. Coffee could also be had. A tall sheet iron stove, with a pile of dried chopped from timbers of ruined French homes, warmed the sole place. There were no negro hoppers in the hut at the time. But Y-workers evidently had a system providing for the comfort of both blacks and whites without jarring the certainties of either. I saw such arrangement working smoothly in a tent in Verdun—the only comfortable spot in blocks of ruined houses.

where the allied and German troops stood opposite each other. In and month out during the of strictly trench warfare, that was completely wiped out. The scene of the Somme and the Aisne. Along the Somme and the Aisne. The same conditions prevailed. Here the destroyed area is from 10 to 12 miles across, in many places.

there was another kind of destruction—the willful kind, wrought by German troops in some of the big towns. All through the war, even to the final fights of 1918, the Germans systematically wrecked property rather than let it revert to the French in a state of preservation.

destruction in France, as a policy, started in the spring of 1917, about the time American troops came to the war.

on the railroad track at Elgin, Del., with a fast freight approaching, the two-year-old baby of Elmer Mason had a miraculous escape when it fell down, the engine and whole train passing over it without touching it.

may seem absurd," says an official of the National Paper Trades Association, "but the amount of paper for wrapping gifts and food and matter and sent abroad has been of the greatest causes of the tax on paper mills' output."

ROAD BUILDING

FIRM FOUNDATION FOR ROADS

Aim to Distribute Pressure Due to Wheels Concentrated on Surface—Look to Future.

(Prepared by the United States Department of Agriculture.)

The purposes of a foundation are to aid in distributing the pressure due to wheel loads concentrated on the road surface, so that the intensity of pressure on the subgrade will not exceed a safe unit-bearing power, and also to prevent, if possible, the crust of the road from being disturbed by the upward pressure of the subgrade due to the action of frost, ground water, or other disturbing influence. In the case of a pavement consisting of comparatively small blocks, such as vitrified brick, bonded to each other very slightly or not at all, an entire wheel load might be concentrated on only a few

Sand-Clay Road.

square inches of foundation, in which case it would be necessary for the foundation to take care of practically the entire distribution of the load. On the other hand, a monolithic pavement, in which the individual units are well bonded together, might distribute the wheel loads to obviate all necessity of further distribution by the foundation, and if adequate drainage were provided and there were no danger of heaving of subgrades, the foundation might be omitted entirely.

The heaviest vehicle that ordinarily has passed over a public highway heretofore is the 15-ton traction engine. Such engines are so designed that the rear axle carries about two-thirds of the total weight, which arrangement gives a concentrated pressure on the road surface of about five tons under each rear wheel. The use of much heavier equipment is in sight, however, and unless some regulations be passed to prohibit it, the occurrence of ten-ton, or even heavier motortrucks, may become common on highways adjacent to large cities or between large centers that are only a few miles apart.

In assuming the maximum wheel load for any particular road a reasonable allowance should be made for future increase. Since motortrucks have come into use there has been a constant tendency to increase both their rates of speed and the loads they carry, and it is probable that this tendency will continue. Furthermore, many roads not now subjected to motor-truck traffic will attract such traffic after they are improved, and this possibility always should be considered. Increase in the volume of traffic also may be an important factor.

START ROAD WORK IN SOUTH

All States Now Actively Engaged in Improving Highways for Better Transportation.

Road construction, which has been suspended or partly suspended in every part of the South since the United States entered the war, is resuming in all southern states on a far greater scale than ever before in the history of that section of the country.

In Virginia, West Virginia and Kentucky the work of making permanent and new highways cannot get full swing during the winter season, but extensive preparations are under way in these states for intense activity in the spring. In the balance of the southern states where as good work can be done in the winter as in the summer, big starts have already been made. Great activity is reported in Louisiana and Mississippi.

ROADS FOR PASSENGER HAUL

Highways Are Now Used to Greater Extent Than Railroads—Change Made Recently.

The need for good roads is the acknowledged by government officials that for passenger haul the public roads are used to a greater extent than the railroads. This condition has been created within a single generation.

GAVE UP

Had Lost Twenty-Five Pounds From Kidney Trouble. Doan's Restored His Health.

J. B. Ragless, carpenter, 210 W. 60th St., Chicago, Ill., says: "My back gave out completely and I had to quit work. I could hardly endure the pain in my back and nights I tossed and turned, unable to sleep. Often in the morning my back was as stiff as a board, so that I couldn't stoop to dress myself. When I did manage to bend over, everything before me turned black. My head seemed to be whirling, and sometimes I was so dizzy I had to grasp something to keep from falling. The kidney secretions were irregular in passage, getting me up at night and they burned cruelly. I lost my appetite, was weak and listless and went down twenty-five pounds in weight. After I had given up hope, I was persuaded to use Doan's Kidney Pills and they cured me. Soon after, I passed an examination for life insurance and I'm glad to say my cure has lasted."

Sworn to before me. GEO. W. DEMPSTER, Notary Public. Get Doan's at Any Store, 60c a Box. DOAN'S KIDNEY PILLS FOSTER-MILBURN CO., BUFFALO, N. Y.

Allen's Foot-Ease For the Feet

Sprinkle one or two Allen's Foot-Ease powders in the Foot Bath and soak and rub the feet. It takes the sting out of Corns and Bunions and smarting, aching feet. Then for lasting comfort, shake Allen's Foot-Ease into your shoes. It takes the friction from the shoe, rests the feet and makes walking a delight. Always use it for dancing parties and to break in new shoes. All dealers sell it.

MRS. WINSLOW'S SYRUP

Makes Babies Happy by causing good digestion and regular bowel movements. Contains nothing harmful—no alcohol—no opiates—just the finest vegetable properties. Especially recommended for teething time. At all druggists.

OZONA, CROCKETT COUNTY, TEXAS, MAY 1, 1919

Question of the Hour: "Get that good rain?"

A great many patriotic Texans will vote against any further proposition to amend the Constitution. This foolishness must stop SOMEWHERE.

If President Wilson and his crowd want to stay in Europe, why, alright. But the great American people are not there. They are at home. We shall evidently be compelled to reorganize and go ahead with the vital issues of our own government.

Text for Today: "They learn to be idle, wandering about from house to house; and not only idle, but tattlers also, and busybodies, speaking things which they ought not. I will, therefore, that the younger women marry, bear children, guide the house, give none occasion to the adversary to speak reproachfully. For some are already turned aside after Satan."—1 Timothy 5:13-15.

Lincoln said "all the armies in the world could not get a drink of water out of the Ohio river unless we were willing." We'd be alright if we'd let Europe alone. Let's try attending to our own business for awhile. Any league of nations would keep us upset eternally. If that league of nations idea had never been suggested, this country's soldiers would now all be at home, and we would be at peace with the world. Looks like Wilson is trying now to get us in bad with Italy.

DO WOMEN WANT TO VOTE?

The women of Texas opposed to the suffrage amendment had a meeting in Houston at which Mrs. Ida M. Darden, of Fort Worth, publicity director in Texas for the national association, read an article outlining the plan of campaign of the women in Texas opposed to the amendment which is to be voted upon May 24. There will be a six weeks campaign.

"The women of Texas are going to enter a vigorous protest against men shifting their responsibilities of government to them," Mrs. Darden stated. "The great majority of women are opposed to suffrage, but there is danger of men being confused into thinking that those who are strenuously advocating suffrage represent the entire womanhood of the State, when this is not the case.

"Before a man votes to place this crown of thorns upon the brow of woman, he should study the poll tax lists of his county and learn for himself just how many women really want to vote.

"We are willing to trust men to run the government and hope they will permit us to continue to run our homes. We see no occasion for changing the regular order of society."

The Stockman is opposed to women mixing in politics, and hopes the proposed suffrage amendment will be defeated.

We admit that many good women want to vote and would vote, but we believe that the majority of women who would vote are agitators and mischief makers.

Women might help to better government by voting, but we believe they could help to much better purpose by not voting.

If women would elevate politics, politics, in just that proportion, would lower women.

With women in politics we could no longer hold equally sacred our ideals of that trinity—"Mother, Home and Heaven."

Solomon said: "Every wise woman buildeth her house; but the foolish plucketh it down with her hands."

This generation has already seen woman losing sex characteristics and much of her modesty and innocence, those attributes that set her upon a pinnacle before the soul-vision of every loyal man. She is plucking down her own "house."

If women vote they must pay poll taxes, serve as soldiers and peace officers, serve on juries, etc., because it is a fundamental of organic law that every concession implies a condition.

Women have always been superior to men. Are they willing now to lower themselves to an equality with men?

Let's vote against this amendment. Let our Constitution alone.

Strauch-Gottholt Wedding.

George Strauch, of the U. S. Army, and Miss Pearl Gottholt of Ozona were married last Saturday evening at the rooms of Misses Harris, Tompkins and Dean, Rev. A. J. Carson performing the service, in the presence of the immediate family and the members of B. Y. P. U., of which organization the pretty little bride was an active member. The rooms were prettily decorated by the B. Y. P. U. Miss Dean played the wedding march. The groom will return Saturday to his command, but hopes to get his discharge soon and come back to his bride. This marriage was the culmination of a little romance which began in San Angelo. Mr. Strauch was ill and unable to speak English. Miss Gottholt happened to be near and it was discovered that she was a Bohemian, as he was. So she volunteered to assist in the nursing. The inevitable results followed.

L. B. Adams visited his goatery down on the Pecos, returning Tuesday afternoon, and reports everything in fine shape.

One of our many millionaire friends was here this week from San Angelo. His initials are J. M. Shannon.

Send The Stockman to a friend or relative in some other less favored country. Better than letters because it goes every week.

Garden tools, garden seed, garden hose, lawn sprinklers, etc., etc. Just what you have been thinking of buying. Chris Meinicke & Son will show them to you.

Mr. and Mrs. J. A. Leach, the photographers, finally escaped from Sonora, but will be here only a few days, going soon to Del Rio and across to the San Vicente Sulphur springs in Mexico. If you want photographic work done you'll have to hurry.

Among the many pretty new and stylish things just received at the big Ozona store of Flowers & Adams may be mentioned Georgette Crepe Waists, Misses and Children's Easter Hats, new sets of lovely doilies, etc. Also suit cases, trunks, handbags.

Pink Robison says he tried to go to San Angelo and in some way wound up over at Stiles where he got caught in the gosh-durndest hailstorm he ever saw. That was Tuesday. He is chasing back to his Terrell county ranch today.

Some son-of-a-skunk invaded Mrs. W. P. Hoover's conservatory during the absence of the family at the ranch and almost ruined the beautiful plants and flowers, including a splendid fern which was maliciously destroyed. What is your opinion of that sort of a hyena?

Elder W. David Black is expected here soon to begin a protracted meeting with the Church of Christ congregation of Ozona. No announcement has been furnished The Stockman for publication, but the plans are now for the meeting to begin Saturday night, the 10th inst., or the next morning, Sunday, May 11th.

W. E. Smith left Sunday to again visit his stricken mother at Sipe Springs. She is partially paralyzed and is quite low. Mr. Smith was accompanied as far as San Angelo by Mrs. Smith and her mother, Mrs. Broome, both of whom have also been ill and go to San Angelo for medical attention.

Howard B. Cox had a letter from his Reeves county oil fields saying that one of his neighbors only three miles from the property he is now offering for sale in two and one half acre tracts, had just brought in a well at only 105 feet. The well was to be "shot" to increase the yield. This circumstance proves the field again.

SOLDIER NOTES.

"DER WACHT ON DEM RHINE"

Corporal Paul E. Bunch, of Sweetwater, 40th Marines, now in Germany, writes this to be handed to his best girl:

Darling, I am coming back. Silver threads among the black. Now that peace in Europe nears—I'll be home in seven years. I'll drop in on you some night. With my whiskers long and white. Yes, the war is over, dear. We're going home—some glad sweet year.

Home again with you once more— Say by nineteen twenty-four. Some happy day I'll sailing be Home again across the sea.

Back to where you sit and pine. While I keep Watch on the Rhine. We sing awhile and then we curse. War is hell, but Peace is worse.

When the next war comes around In the front line I'll be found; I'll rush in again to kill— Like hell I will—like hell I will.

Paul writes for her to sing it to the tune of "Darling, I am Growing Old, Silver Threads Among the Gold." She at once wrote him an answer which she has asked us to publish:

You've been away so long, dear Paul. You needn't come home now at all. I'd rather now you wouldn't hurry— For "I should worry, I should worry!"

Say Paul, you think I'd miss a chance To annex here a pair of pants? The pants are here and you're away. Who wants a soldier old and gray?

In dim and distant days gone by You left me with a hug and sigh— But yet some men are here to tease— I want no hugs across the seas.

Forget the days of Auld Lang Syne, Wed your fair Gretchen on the Rhine. Our children, when you've crossed the foam,

May love and mate—when you come home.

Park Holt is one of our soldier boys who came back from Brownwood to see his Ozona girl. He returned home last Saturday.

Corporal Allie Armentrout is home again from France, having received his discharge and been mustered out at Camp Bowie.

Eubius Kinser is here this week, sparking around among his old girls. He got his final discharge and is ready to annex a good job.

A letter received from Tom Patrick says, tho he is still in France, he is 250 miles closer home, being at Brest. He expresses a hope that he will get home before his baby nephew, Cleophas Cooke, gets married, as he wants to be at the wedding.

For a Sprained Ankle.

As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printed directions which accompany the bottle. Sold by W. E. Smith Co.

Dr. and Mrs. Cox visited Barnhart on account of the serious illness of their niece, Mrs. George Newberry. The doctor took Mrs. Newberry to San Angelo for treatment. Mrs. Harrell of San Antonio, Mrs. Newberry's stepmother, has arrived and is keeping house for George and the children.

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Sold by W. E. Smith Co.

J. B. Young, an old ranch-farmer living a few miles East of town, is very ill of pneumonia and at last accounts yesterday evening his recovery was doubtful.

Mrs. Howard B. Cox, local chairman of the Red Cross, asks that you send to the soldier boys all the old magazines you have finished with. If you have no particular soldier to send them to, address them to the Red Cross in France. One cent will carry any magazine.

Has Your Property a Clear Title?

The moment a man is approved for a Life Insurance Policy, he has a Clear Title to a Non-Taxable piece of Property. Should Disability or Death occur at once, his property is paid for without further responsibility or trouble. While Saving Money for himself he is fulfilling his duty to his family and protecting his business against the loss caused by his untimely death.

Life Insurance Increases A Man's Credit

 BIG LAKE, TEXAS.

BIGGER SAVINGS

For convenience sake, Calumet Baking Powder is packed in 10, 20 and 30-cent sizes.

For 30 cents you get a full pound (16 ounces) net weight.

Of course, the larger the size the bigger the saving in buying—but remember that the 10-cent size shows a double saving compared with most other brands.

The value of Baking Powder is quality not quantity. It is leavening strength that counts. You cannot judge it by the size of the can nor the amount you get for your money. You must determine its worth to you by what it does, not by what it is, by the amount you are required to use in your baking and the results it gives.

A 10-cent can of Calumet will go twice as far as a 10-cent can of most other powders.

**You Save When You Buy It
You Save When You Use It**

It's in the Atmosphere.
Seventh-grade pupils, having completed a study of the eighteenth century in American history, were having a review. "And what," asked the teacher, "did the American colonists do in regard to the Articles of Confederation?"
There was a company in the room out of course the teacher was very anxious to call on the pupils who knew. Back at the end of one row a hand was waving frantically. "All right, Nina, you may tell us."
And a very thin, small voice replied: "Why, I think they put a tax on them."

"Cold in the Head"
is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.
HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system.
All Druggists Sell. Postimonials Free. \$10.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure.

Canning in India.
Missionaries to India have started a canning movement among the natives. The products are put up according to the directions put out by the United States department of agriculture.

He Wants to Know.
"Opportunity is at your door."
"With what—a wheelbarrow or an automobile?"

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Hairlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.
Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Hairlem Oil Capsules. They are made of the pure, original, imported Hairlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

Uncertain.
"I know a fellow who is very successful in handling the grip."
"Is he a doctor or a bellhop?"

A Triumph in Summer Dress

Anyone may be excused for enjoying the talent that can take two such familiar fabrics as embroidered net and eyelet embroidery and convert them into a dress as unusual and distinguished as that pictured here. It is this ingenuity in making the best that can be made of materials that delights the critic of dress, more than anything else. Whoever designed this altogether charming dress for a summer day, showed a positive genius for adapting simple means to a triumphant end and has achieved a pretty masterpiece.

This dress, which is just all that one could ask for, is made of goods that are washable, and while it lasts will therefore be able to add freshness to its other beauties. It has a straight skirt bordered at the bottom with a wide band of eyelet embroidery which is joined to a plain petticoat of fine lawn or batiste. The band of embroidery used for this deep border is hemmed up along one edge. The other edge is trimmed off, the portion trimmed away including the row of round eyelets that form a decorative broderie pattern on each edge. The row of eyelets appears in the garble and in the seams of the coat.
The long straight coat is of net with a figure scattered over it, a simple embroidered motive. It has also a deep

border of the eyelet embroidery at the bottom and pointed pockets of it set on at each side. The introduction of the eyelet embroidery in seams is a touch that tells in this design. The long net sleeves have a narrow band of eyelet embroidery at the waist and the grille is made of it.
Narrow black grosgrain ribbon, in two lengths is fastened to the eyelet grille at the right side and looped to the center of the front. It is free to fall in two ends from these. This is the final quiet touch to a dress that has the refinement of white and marvelously clever designing to make it the envy of more pretentious rivals. The hat and shoes to be worn with it are obliged to measure up to its excellence to be of the same character.

Sweaters.

No wardrobe is complete without at least one sweater. Men, women, boys, girls and even babies wear 'em, says Dry Goods Economist. Men cling to the serviceable wool sweater coat or a light sweater, boys accept the same styles, but women and girls demand many styles and materials from which to make their selections. Silk, fiber silk and wool are the predominating materials, at this particular season woolen sweaters, of course, being the leaders.

Large Hats Extend Their Conquests

The large hat for summer wear, adroitly managed to extend its hold of usefulness, is now a part of the headwear of gray-haired matrons as well as a favorite with young women. It has won out, or the older matrons have, by a gradual progress. In these days so many women of middle life have a youthful carriage, youthful figures, and handsome faces that they select millinery to match up with these rather than with their graying hair. Occasionally one sees a matron with dark eyes, fresh complexion and white hair, full of vigor and dressed superbly to set off her style. It has to be conceded that such a woman possesses more distinction than youth can hope for, in her appearance. And large hats on gray heads have been worn by these older discriminating dressers, but this year they are announced by the authoritative costumers and featured among the showings of lovely millinery for Easter.

In the group of three hats shown here, all pictured on youthful models, the large black hat at the top is better suited to the older head. It is not extreme in size and is made of fine malines, with curtain edge that softens it and a flange of black velvet on the under brim. The crown of malines is blocked into shape and has

a band of velvet about the sides. Against this band there are set four big ostrich feathers—"pin-wheels," made of long, black flues.
Below at the left, a large hat of orchid-pink crepe reveals an irregular brim, narrow in front, much wider at the back and a soft crown. The brim edge is finished with an overcast stitch made of embroidery silk. Blossoms and foliage are embroidered in a heavy silk on the crown and brim. This would make a good choice for a bride-maid's hat and be effective in any of the light colors.
The remaining hat has a braid brim, covered with crepe georgette, a crown of georgette and the very becoming curtain edge which is so attractive in malines or lace or georgette hats. Hats of this character are shown in all of the fashionable light colors. Fine chenille used in the manner of embroidery silk, is applied to the crown in long parallel stitches placed in groups, with a cross-stitch ornament between the groups. This is a very practical large hat and is made in many colors.

Julia Bottomley

Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick; you may lose a day's work. Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone to-night. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee that each spoon-

ful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

ITCH!

A WAR-TIME ILL THAT'S SPREADING HUNT'S SALVE CURES IT!

BRED in the war trenches of Europe, a wave of ordinary ITCH is spreading over the country. This skin disease, history shows, has always prevailed, following wars and the concentration of armies. It was common during the Civil War and following that conflict. There was an epidemic of the Itch after the Spanish-American War. Now history is repeating itself after the great European struggle.

Returned soldiers and those with whom they come in contact will find a recognized remedy for the Itch in Hunt's Salve, commonly known as "Hunt's Itch Cure." Many a veteran of the late '90's will testify to its merits. If directions are followed HUNT'S SALVE will prove a never failing cure for all forms of the Itch, and your druggist will tell you so. He sells HUNT'S SALVE under a strict guarantee to refund the purchase price to any dissatisfied user.

A Medford, Oklahoma man, among thousands who praise HUNT'S SALVE, says: "Some people dislike to call it the Itch, but cancer compels me to admit I had it badly. Your Hunt's Salve, however, cured me after many other remedies had totally failed. One box completed the cure—the first application afforded wonderful relief. My advice to those who have to scratch, is to use Hunt's Salve."
Hunt's Salve is especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases and is sold on our guarantee cannot supply. Price 50¢ per box.

Two cabbage heads are better than one, and twenty are better still.
One way to put in your time is over the pawnbroker's counter.

Dyspepsia is the remorse of a guilty stomach.—A. Kerr.
We do most for others when we make the most of ourselves.

DON'T BUY ASPIRIN IN A "PILL" BOX

Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

You must say "Bayer." Never ask for merely Aspirin tablets. The name "Bayer" means you are getting the genuine "Bayer Tablets of Aspirin," proven safe by millions of people.
Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets. No other way!
Beware of counterfeits! Only recently a Brooklyn manufacturer was sent to the penitentiary for flooding the country with talcum powder tablets, which he claimed to be Aspirin.

In the Bayer package are proper directions and the dose for Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Colds, Grippe, Influenza-Colds, Neuritis and pain generally.
"Bayer Tablets of Aspirin." American made and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Our character is our will; for what we will we are.—Archbishop Manning.

What is good is difficult.

A literary hack sometimes carries the publishers over the road to wealth.

Do you seek a great opportunity? You can find it precisely where you are now.

Constipated Children Gladly Take "California Syrup of Figs"

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue-coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."

RATS DENIZENS OF DESERT

There Are Species That Have Their
Abodes Far From the Habita-
tions of Mankind.

We are accustomed to think of rats
as companions of man; and so they
are, two species of them, the brown
and the black. Also there is the
mouse which is a small kind of rat.

But there are other species which
do not seek human companionship—
tree-dwelling rats and desert rats,
says an exchange. The kangaroo rat
of our Western deserts gets its name
from its habit of standing erect and
hopping about on its hind legs.

The "pack rat" has a bad reputa-
tion as a thief. Campers have to be
constantly on their guard against its
depredations, inasmuch as it will car-
ry off all sorts of small articles and
hide them in its nest, which is a
structure of twigs and leaves two or
three feet high. If a sparrow is miss-
ing the chances are that a pack rat
has eloped with it.

The jumping mouse is a familiar
rodent in the American deserts. Its
name describes its method of locomo-
tion, and it feeds on the seeds of
desert plants.

Biggest of all rats is the "jerboa,"
which is native to western Asia. It
is as large as a small cat and noc-
turnal in habit. With very small front
legs, it is built much like a kangaroo,
and gets about by tremendous leaps.

Want Old Fort Preserved.
There is a movement afoot for the
preservation of Fort Wilkins at Cop-
per Harbor, almost on the tip of the
Keweenaw peninsula, which juts out
into Lake Superior, toward the Cana-
dian shore, 50 miles. Fort Wilkins, es-
tablished in the forties by the federal
government, was one of the northern-
most of the United States army posts.
It is located on Lake Fanny Hoey, a
stone's throw from the shore of Lake
Superior. There remain several of the
old barracks and officers' quarters, and
remnants of the old stockade of point-
ed cedar poles can be seen. The Ke-
weenaw Historical society is back of
the movement to preserve the fort.

Use for Paper Waste Product.
Waste hemlock bark, a material re-
maining after paper manufacturing
and that has been of little or no value,
can be put to use in tanning, accord-
ing to officials of the forest service.
The feasibility of using it for such a
purpose was further demonstrated in
recent tests at the forest service labo-
ratory at Madison, Wis. No great tech-
nical difficulty stands in the way of
using this paper mill product for such
purposes, and the product is satisfac-
tory from the tanners' standpoint, the
tests show.

Wisdom, like charity, begins at
home.—Dinah Maria Mulock.

The human race is but a contest for
dollars.

HEARD and SEEN at the CAPITAL

No Bargain Sales of Your Uncle Sam's War Goods

WASHINGTON.—Ever since the signing of the armistice people have been wondering what the government was going to do with all the war material it couldn't use. Apparently no one has taken the trouble to find out, for rumors of the wildest kind have been circulated. One of these was to the effect that the government would soon sell a large number of its war automobiles and motortrucks at the price of \$300 apiece. Another stated that airplanes at \$100 apiece were to be offered to the public by the war department. What prices were quoted on such miscellaneous things as typewriters, desks, adding machines, soap, food, automobile tires and nudes can only be guessed by the tone of the correspondence which is constantly pouring into the headquarters of the war department.

The war department hates to disappoint the public, but it is forced to insist that there is not the slightest bit of truth in these rumors. The department is a dignified institution, and not a junk shop. It still has so much work to do that it has plenty of use for all its motorcars, and has no intention of selling any. It is also unaware that any of its airplanes are to be offered for sale, at any price at all—certainly not at the ridiculous price of \$100.

The government is taking every precaution to prevent any disruption of industry through the unloading of war material. During the war many American industries more than tripled their production in order to meet the needs of the army. The government cannot now turn its war surplus back on the market to the injury of these industries. It must see that they are protected.

Latest New Thing Is to Be "Duello of the Sky"

WORD comes from Paris that something new will happen there as soon as peace is signed. This new thing will be the first aerial duel in history. The principals, because of the fact they are members of the French army aviation corps, feel they should not lessen their country's aerial force by even one so long as a state of war exists. They insist, however, that they are determined to settle their difficulties in this unique manner as soon as the emergency ceases to exist.

The principals are Corp. Leon Vandeocrane, chief editor of the trade paper L'Exportateur Francais, and Capt. Robert Schreiber, chief editor of a competing paper, Echos de Exportation. Schreiber's father is a German. During an editorial war Schreiber wrote Vandeocrane a letter which the latter thought insulting. Vandeocrane sent his seconds to Schreiber.

"I intend to use a Nieuport chasing plane of 120 horse power, armed with a Vickers machine gun," Vandeocrane said. "Both my seconds—Captain Madon, one of the French aces, and Lieutenant Babe—and my adversary's seconds have decided that owing to the state of war, a settlement is impossible until after peace is signed. But I continue in my desire to bring down M. Schreiber, putting a few bullets through him and his machine."

Believers in the theory that mankind progresses in circles can find basis for their arguments in the history of the French duel. A few centuries ago a duel was almost always to the death. In 1800 it began to go out of style. The world greeted with a smile the prevar "bloodless duel of Paris." An airplane duel certainly gets back to first principles.

A. E. F. Gathering Its Dead for Permanent Burial

AMERICA'S soldier dead in France are to be brought home by the government as soon as conditions after peace will permit, subject to the wishes of their families. Former Attorney General Gregory is at work in France preparing a report on legal phases of the matter which must be taken up with the French government. Believing that there will be many Americans who will desire that their soldier dead should rest forever under the battlefields, the adjutant general has prepared a memorandum on the subject for general information. It says in part:

"It is not deemed practicable to grant requests for relatives, friends, or undertakers, to go to France to superintend the preparation and shipment of, or to accompany bodies back to the United States. You will appreciate that there were over 60,000 casualties abroad. Organizations have been formed overseas known as grave registration units, whose duty it is to look after burials, to care for the cemeteries, and to preserve identification records."

Concerning the work of the graves registration units in France, the Stars and Stripes, official newspaper of the A. E. F., printed in Paris, says: "The A. E. F. is gathering its dead together, that in death they may be as in life—in serried ranks. From frozen dugouts, from old ruins, from those hastily improvised and now sunken openings in the ground that were shell holes and battle graves, from wheat fields and river bank and meadow knoll, from all of the thousands of places of isolation and great loneliness, the dead are being tenderly lifted and borne to take their places in the ordered ranks of the army."

Regarding rechecking the casualty lists, General Pershing has cabled the war department: "No accurate estimate of unreported deaths can be given. There are, however, approximately 5,500 missing to be accounted for, all of whom have been reported to Washington as missing. This compares with the British official list of 161,000 missing and the French of 200,000."

Port of Missing Ships and Davy Jones' Locker

GREATEST mystery of the recorded history of men who go down to the sea in ships is the disappearance of the U. S. S. Cyclops. A naval collier of 19,000 tons, she left Rio de Janeiro in January of 1918 for New York with a cargo of manganese, 57 passengers, 20 officers and a crew of 213. March 4 she reported at Barbadoes for bunker coal. Since that date there is absolutely no trace of ship, passengers or crew, in spite of persistent and systematic search by the navy department the world over.

Did her engines break down and the sea overwhelm her?
Did her cargo shift and she turn turtle, going down like a stone?
Did she break in two, either on a giant wave with her bow and stern unsupported, or with no support under her center, the wave having "run out from under"?

Was there an explosion from gas generated by the manganese?
Was there an explosion of her boilers?
Was she torpedoed by a submarine? Did she strike a mine? Was there an explosion of a set and timed bomb aboard?
Was she delivered to the Germans by treachery?

Two facts would seem to answer all of these questions except the last. One is that she was equipped with a powerful wireless and no message was received from her anywhere. The other is that exhaustive search of the waters found no boat, spar, timber, life-belt or oar. As to the last possibility, the Cyclops is not at Kiel and the German admiralty officially states that it can throw no light whatever on her fate.

Presumably the U. S. S. Cyclops is in the Port of Missing Ships and her passengers and crew are in Davy Jones' locker.

"There has been no more baffling mystery . . . given up as lost and her name stricken from the registry."—Secretary Daniels.

His Day of Reckoning.

When Bill Jones, buck private, returns to find his sergeant delivering the ice; the lieutenant collecting the bills for the coal dealer; his captain trying to sell him a new car, and his major running for state senator—take it from us, boy, his time for revenge has arrived.—Judge.

Important to all Women

Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

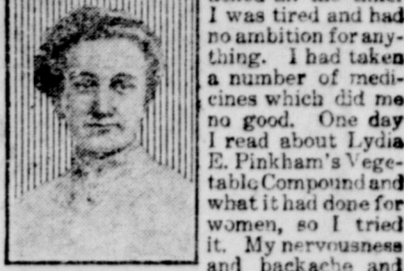

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

A bird in the bush is worth two in the cat's mouth.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From
Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINE E. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

Not of Much Account.

Hewitt—Poor fruit is no good.
Jewett—He never was very much.
—Chicago Daily News.

The courteous gambler acquires wealth by his winning ways.

It's Clean, Sweep, Wash

—The Live Long Day!

When you feel worn out, "tired to death" with the household duties—cooking, scrubbing, cleaning, dusting—it (all comes in the day's work in the household)—turn to the right remedy to strengthen

you. The poor woman whose back feels as though it would break, who is dizzy, whose head aches, or black specks appear before her eyes, all are due to troubles essentially feminine which should be overcome.

The greatest boon to womankind is a temperance tonic made up of herbs, which makes weak women strong and sick women well. This is the "Prescription" of Dr. Pierce, used by him in active practice many years, and now sold by almost every druggist in tablet or liquid form. It has had a half century of successful results in most of the delicate derangements and weaknesses of women. If she's overworked, nervous, or "run-down," she finds new life and strength. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package or write for free confidential medical advice.

Nervousness and Headaches Caused by Acid-Stomach

There is a much closer connection between the stomach and brain than most people imagine. It is because of this close connection that indigestion, belching, sour, gassy stomach and other stomach nuisances—all of which are sure signs of acid-stomach—are so often followed by severe attacks of blinding, splitting headaches.

Nervousness, sleeplessness, irritability, mental depression, melancholia and many other disorders which affect the brain can also nearly always be traced to the same source—acid-stomach.

So often you hear people say "I am so nervous I think I'll fly to pieces"; or "It seems I never get a good night's sleep any more, my nerves are all on edge." Little do they dream that acid-stomach is the direct cause of their troubles because very often there are no pains in the stomach at all. So you see, you can't always judge an acid-stomach condition by the way your stomach, itself, feels.

If you are weak, nervous, unfit—if you are not up to your old time form—if you lack your accustomed enthusiasm, energy and pep—make this test and see if it isn't acid-stomach that is holding you back—robbing you of your health, strength, and vigor. Get a big box of EATONIC—the wonderful modern medicine that so quickly puts an acid stomach to rights. It is in the form of pleasant tasting tablets that you eat like a bit of candy, doesn't want one penny of your money unless EATONIC helps you.

acid. Brings instant relief from indigestion, heartburn, sour belching, food repeating, bloated and gas and makes the stomach cool, pure, sweet and comfortable.

Dentists warn us against the bad effects of acid mouth, pointing out that the acid eats through the enamel of the teeth, causing them to decay.

You can easily imagine then the amount of damage excess acid will cause to the delicate organization of the stomach!

Thousands of people are using EATONIC and the results obtained are so remarkable as to be almost unbelievable. Yet their letters of gratitude, many of which are received daily, prove absolutely that EATONIC does all and even more than we claim. The medical profession, too, recognizes the great value of this wonderful remedy. A learned Michigan doctor wrote recently: "I have had such wonderful success with EATONIC that I want every one to know how quick-ly it will neutralize the acidity of the stomach (acid-stomach) and the stomach will soon be sweet and normal, and the sick man well and happy once more."

So be sure to get a big box of EATONIC from your druggist today. If it fails in any way to give you an acid stomach to rights, take the form of pleasant tasting tablets back—he will refund your money. EATONIC rid's the stomach of excess unless EATONIC helps you.

Do You Enjoy Life?
 A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it. Sold by W. E. Smith Co.

SOUTHWESTERN RANGE NOTES
 (Continued from First Page)

then goes to the following ranchmen in the order named: Paschal Odom, Vic Pierce, Joe Pierce, Jr., Jones Miller, Rob and Roy Miller, Ralph Watson, Orville Word, and probably from Orville's to Blake Mauldin's, finishing up about June 10th, possibly a little later. Andrade will bring his outfit back again in the fall.

Bruce Drake, Ozona land, ranch and livestock commission man, reported the following yesterday:

Sold for G. Meckel 800 goats at \$5, for F. Ellis and Sons 400 goats at \$5, for Jeff Smith 400 goats at \$4.50, all to Joe Turner, of Junction.

Sold for Tom Henderson of Eldorado to Kincaid & Williams of Crockett county 2,000 mutton sheep, three and four year olds. Sold for C. C. Montgomery of Crockett county 100 steer yearlings to Childress Bros. at \$35.

Sold for John Mitchell to Childress Bros. 150 two-year-old steers at \$45.

"Ft. Worth 25 to 30 lower on sheep, Kansas City steady. Tops \$13.75," wired Tuesday to Bruce Drake, Ozona.

Paschal Odom of Ozona was on the Kansas City market Monday with 780 muttons. They averaged 92 pounds and sold at \$12.75.

W. P. Hoover sold his entire stock of cattle to Pleas Childress of Ozona and Ellison Carroll of Big Lake. There are about 5,000 head. Bruce Drake negotiated this big deal. More particulars later.

NOTICE.

My Divide Pasture is stocked with cattle. Please shut the gates when you go through, and don't go over the fence without my permission.
 J. B. BLAKENEY.

Ira McDonald sold his two year old steers to Hodges & Hughes of Mertzon.—Eldorado Success.

Hold-over pasture on the Ozona-Barnhart road, west of the road, for pasturing your flocks see Bruce Drake, Ozona.

C. C. Doty sold about 20 head of two year old steers to Hodges & Hughes of Mertzon at \$47.—Eldorado Success.

Beautiful Ranch For Sale.

Well improved Stock Ranch with about 1,000 head of sheep. No end of good water. Over 500 acres deeded Animas Valley land. Abundance of open mountain and valley range. No better location to be found in Southwest. Come and see for yourself. Address Robert T. Ward, Animas, New Mexico.

E. E. Willoughby and Sons sold their steer yearlings and two's to Bob King of Brady at \$35 and \$50.—Eldorado Success.

Mister Sheepman, get you some of that Tobacco Sheep Dip at Chris Meinecke & Son's. Exactly what you need.

Chas. Speck has sold his steer yearlings at \$36 and his two's at \$51 per head, about 800 head.—Eldorado Success.

Tobacco Sheep Dip is what you need, and Chris Meinecke & Son have it.

The Liberty Loan

The big Liberty Loan drive is not progressing very favorably in Crockett county. The poor people had already done all they could. The rich people had already done all they would. Moreover, the people of Crockett county know full well that the government is going to spend all the money it has any reason to spend, and more too, and they will be taxed for it. Another thing—the people of this county do not understand why the quota of this county should be put at more than double that of neighboring counties—Sutton, for instance, which has more people and greater wealth. This is not the first time, and the people are tired of it. The quotas given to Ozona and to Crockett county have always been, for every sort of purpose, more than double that given to the counties immediately adjoining this, except Val Verde county, which has been taxed every time out of all reason and proportion.

When the baby takes too much food the stomach turns; the results is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. McGEHEE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Sold by W. E. Smith Co.

About Rheumatism.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment. Sold by W. E. Smith Co.

Miss May North returned this week from San Antonio where she has been employed as bookkeeper. Miss North will move to Ozona with her parents Mr. and Mrs. J. J. North.—Devils River News.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. In cuts, wounds, sprains, burns, scalds and rheumatism, its healing and penetrating power is extraordinary. Sold by W. E. Smith Co.

Sanitary clothes cleaning and steam pressing.—Roy Parker.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 70c. Sold by W. E. Smith Co., Toledo, O.
