Systematic Hunt For Scrap To Be Staged In County

District Chairmen To Be Named In Each Section of County

Systematic organization of the county on a district plan, with a district chairman appointed for each district to be responsible in each given area, is being undertaken by the Crockett County Salvage Committee.

Carl Colwick, who ranches 8 miles north of Ozona, has been named chairman of the county salvage committee, succeeding Joe Harrell, who resigned last week. Other members of the committee are D. K. Moore, C. Luther and W. M. Johnigan. Neighboring counties have found the district plan highly successful and the local salvage committee has decided to adopt it. The county will be divided into districts and a district chairman appointed for each district, Mr. Colwick said. These appointments will be made in the next few days and announced next week.

Ranchmen in each area will be notified of the identity of their district chairman and urged to notify him when they have gathered scrap on their ranches. Where possible, it is planned to concentrate the scrap so that a truck can be sent from town to bring it in. Where as much as a truck load can be gathered in one place, a truck will be sent to the ranch for the scrap, the chairman said. "Crockett county has done a fairly good job up to date in getting in the scrap, Mr. Colwick said, "but this thing is so important that none of us should rest until every last bit of iron, steel and other metals and rubber as well as gathered and turned into channels that will help out in the war effort. The salvage committee hopes that every person in the county will continue to take a serious view of this matter to the end that every bit of scrap in the county will eventually find its way back to the mills."

Farm Loan Assn. Here Celebrates 17th Anniversary

Federal Land Bank Unit Has Loaned Over Two Millions

Ozona National Farm Loan Association celebrated its 17th anniversary of operation in this county when stockholders and directors of the association met in annual session at the courthouse Saturday afternoon.

It was seventeen years ago this fall that a group of Crockett county ranchmen launched the move for organization of a local association, affiliated with the Federal Land Bank and the loaning agency for land bank funds. Actual formal organization of the association was not completed until February 6, 1926, several months being required for completion of the organization.

In the 16 1/2 years of functioning of the association, more than two million dollars in loans have been made to Crockett county land owners. Of this two million, approximately half, or one million dollars in loans, still remain on the books of the association, all payments of interest and principal being current. The million dollars in loans which have been paid off represent the savings in land purchases made by Crockett county ranchers who are borrowers from the Federal Land Bank in the association's history.

The Crockett county association is rated among the No. 1 associations of the state, such rating being based on the fact that no loan has ever been delinquent, interest and principal payments being kept current and the business of the association carried on in an efficient manner. The association has maintained this top rating.

General Wainwright (?) in Jap Prison Camp

This radiophoto, sent by radio from Lisbon to London to New York, is captioned as reputedly showing American officers captured by the Japanese in a prison camp. Maj. Gen. Jonathan M. Wainwright is purportedly shown at the right, wearing a steel helmet, with the other Americans captured when the fortress of Corregidor fell before overwhelming Jap forces.

War Service, Red Cross Work On Club Program

Woman's Club Launches Practical Work Plan For Club Year

A four-point war service program, under the leadership of Mrs. George Bean as war service chairman, and cooperation with the Red Cross production program and other activities, under the direction of Mrs. B. E. Ingham as Red Cross chairman, in addition to the regular study program will occupy the Ozona Woman's Club for the coming season.

The club met for its opening program Tuesday afternoon at the home of Mrs. Charles Williams, with Miss Elizabeth Fussell as hostess and Mrs. Carl Colwick as program leader.

An interesting feature of the day's program was a report by Mrs. Max Schneemann on her recent visit to her son, Max Schneemann, Jr., at Fort Lewis, Washington. Mrs. Schneemann stressed the optimistic spirit among the boys of our armed forces and the spirit of comradeship and congeniality between officers and men. She also emphasized the patriotic spirit of civilian residents in camp areas who are doing everything possible to create as much of the home atmosphere as possible for the boys in service.

Mrs. Bean, as war service chairman, presented a four-point program for the club's adoption during the present club season. The activities which the club will undertake are:

Rotary's Dist. Governor Pays Official Visit

Roscoe Pryor of Harlingen Speaks To Ozona Club

A new concept of Rotary's place in the world today and in the world after the war, and of the importance of corporate action by this and similar organized groups in the world was gained by Ozona Rotarians and their guests from an address by Rotary's 129th district governor, Roscoe C. Pryor of Harlingen, who paid the Ozona Club an official visit Tuesday.

Rotary was never needed as now nor its work so important, the district governor said, and every Rotary club should be strong in manpower for the service of its community. Rotary is looking to the world after the war and its ideas and ideals are destined to be presented at the peace table, the speaker declared.

Mr. Pryor aided club officers and committee chairmen in organizing Rotary work in a pre-luncheon session Tuesday morning at the Ozona National Bank. The district governor left immediately after the luncheon for Del Rio where he was to visit with the Del Rio club.

\$3,000 In War Bonds Sold To Date During September

As has been the case for the past two or three months sales of U. S. War Bonds got off to a slow start at the beginning of this month, with a little under \$3,000 worth of the securities sold since the first of September. Scott Peters, county bond sales chairman, reports.

With the county's quota for the month of September set at \$21,600 a total of \$18,600 remains to be sold during the remaining 20 days of the month if the county's quota for September is to be reached again.

Mrs. H. B. Tandy To Direct Sing Session Friday

Scott Peters To Talk On Scrap Drive As Extra Feature

Mrs. H. B. Tandy will act as song leader for this week's community sing-song to be held in the High School auditorium Friday evening starting at 8:30 o'clock. Piano accompaniment will be by Mrs. R. A. Harrell.

"Building Morale With Scrap" will be the title of a talk to be made by Scott Peters, active vice-president of the Ozona National Bank and president of the Ozona Rotary Club, as the added feature of the weekly community gathering and song fest being sponsored by the Ozona Music club.

A varied program of songs has been arranged for the evening, Mrs. Tandy reported, and the crowd will be given an opportunity to sing the songs it likes, a sort of request program so to speak, Mrs. Tandy said, in addition to the songs already selected for the program.

One of the largest crowds to attend the current sing song series was a hand last Friday evening and the patriotic songs, the favorites of 1917-18, were sung again with fervor equal to that of the first World War days.

Mrs. Tandy, recently returned from a visit with her husband, Capt. H. B. Tandy, at Fort Hancock, N. J., told of the high morale among men of the service and the serious attitude of the men in the service toward the job at hand and urged 100 percent cooperation on the home front with every war effort.

Dr. Rebecca Smith To Speak In Ozona Monday Evening

Head Of T.C.U. English Dept. Sponsored By Historical Society

Ozona people and those in the surrounding area interested will have an opportunity to hear an interesting discussion of folklore and the gathering and preserving of local history when the Crockett County Historical Society presents Dr. Rebecca Smith, head of the Department of English at Texas Christian University in Fort Worth, in a talk at the High School auditorium next Monday evening beginning at 8:15 o'clock.

Dr. Smith has chosen as the subject for her talk "Home-Made History," according to announcement by Mrs. R. A. Harrell, president of the society and a former student of Dr. Smith at the Fort Worth school.

Dr. Smith is one of the Southwest's leading historians, and has done considerable research into the folklore and local history of the area. She collaborated with Mabel Major in compiling an Anthology of the Southwest, published a few years ago, and has written a number of articles for historical publications and national magazines.

Dr. Smith will be honored at an open-house following the evening's program at the auditorium in the home of Mrs. Harrell, to which everybody is invited. Dr. Smith will arrive here Sunday, coming by train to Barnhart where Mrs. Harrell will meet her.

Masons Hear Patriotic Talk By O. C. Fisher

Congressman-Elect Of 21st Dist. Makes Inspiring Address

"Today we are challenged by mad men, international gangsters who openly express contempt for the democratic way of life. The world is beset by pagans who would pull down the Cross of Christ and substitute therefor the sword with the swastika on one side and the Rising Sun on the other. The line is well drawn, the forces of right and decency on one side and those of evil and destruction on the other."

Thus did O. C. Fisher of San Angelo, congressman-elect from the 21st district, embracing San Angelo, summarize the plight of a war-torn world today in a stirring speech to members of the Ozona Masonic lodge and guests from the Big Lake lodge in the local lodge quarters Monday night.

Mr. Fisher, who is an officer of the Concho lodge in San Angelo, declared that Masonry has a very definite place in the present conflict and in planning for the world of peace. The United States is the last refuge of Free Masonry, the speaker declared, and from it must spring the forces of continuing growth and strength to restore Masonry's teachings and principles to the world after the war is won.

Mr. Fisher pointed to the Hitler propaganda machine which has penetrated to every country on earth and warned his hearers of the insidious propaganda of the Axis nations are even now spreading throughout America and in every other nation. He referred to the "yellow serpent of the Far East" declaring that the "Japs, too" had been busy in lulling the rest of the world into a state of complacency and false security, and seeking to divide the democratic peoples.

"Today men should ask themselves what this democracy for which American heroes have died

Four Mexican Men Seriously Hurt In Wreck

Men Severely Cut When Car Strikes Culvert East Of Ozona

Four Mexican men were injured, one critically, about 7 o'clock last night when the car in which they were returning to Ozona from the east struck a culvert about a half mile east of town and lunged on its side into the ditch at the side of the road.

All four of the men suffered severe cuts about the face and head and upper parts of their bodies. Jesus Sanchez, riding in the front seat with his brother, Pablino Sanchez, was taken to a hospital in San Angelo after receiving first aid treatment here. Pablino and Jesus Sanchez were the most seriously injured of the quartet, both having been thrown through the windshield and both suffering severe cuts on the face and head and shock from loss of blood.

Teodora Flores and Jesus Ramirez, the other two occupants of the car, both riding in the back seat, were also severely injured but were not as badly cut as were the occupants of the front seat. Flores suffered a slight concussion.

Dr. G. L. Nearsta, Ozona's only physician, was on his way back from San Angelo, where he had been to visit his sick daughter, when the injured men were brought here. Joe Glenn Rape, second-year medical student, rendered first aid to the injured men immediately and Marvin Rape, his brother and also a medical student, arrived a short time later with Dr. Nearsta and assisted in caring for the injured. Dr. J. F. Howell of Sonora was summoned and assisted Dr. Nearsta in treating the men.

The car a Chevrolet sedan struck the culvert at the point of the hill about a half mile east of town, slithered across the low concrete bannister and nosed into the ground at the south end of the culvert, on the east side of the highway. The left front wheel was driven back under the driver's seat. The car had started to turn over in the draw but its momentum carried it across the culvert to plow up the earth and half bury the front end in the ditch.

New Insurance Policy Protects H. S. Athletes

Families Protected From Loss By Injuries In All Athletics

Ozona High School athletes again will be covered by accident insurance this year. A policy providing more comprehensive coverage than that carried last year has been taken by school authorities on 21 boys composing this year's squad, Supt. C. S. Denham announced this week.

Insurance on the football squad was secured at a cost of \$3 per boy for the year, covering all athletics. In addition to members of the squad, school authorities have insured nine boys who take physical education each afternoon, this policy being at a cost of 50 cents per boy for the year, covering injuries while in class only.

The new policies cover 26 different possible fractures and five other injuries, including osteomyelitis, split muscles, kidney injury, abdominal injuries and dislocations. All sprains are covered whereas in last year's policy only sprains of the knee, elbow and ankle were covered. Six dental provisions are also included in the coverage.

In addition to the provisions for payment of necessary medical and surgical attention for injuries, the school board, by payment of 20 cents per boy, has also provided a policy which will pay \$500 in case of accidental death while

SABOTEURS ALL

The people have listened to a lot of pledges by the heads of union labor that there would be no more strikes. Yet every day new strikes delay war production.

The excuse given by labor leaders for these stoppages of work is that the strikes are "unauthorized." But the fact remains that war production is tied up and that when the men go back to work they are not disciplined in any manner by their own organizations which calmly accept their "unauthorized" obstruction of the war effort.

A striker in these times creates havoc the same as a saboteur who lands on our shores from a German U-boat. The purpose of both is to hamper production at a critical time. Fathers, mothers, wives, brothers and sisters whose menfolk are in the armed forces waiting for supplies on which their lives may depend, are fed up with the striker who enjoys the privilege of staying at home, drawing high wages, working reasonable hours, and getting time off, while their boys risk their lives to protect the strikers themselves from the dangers which the armed forces face.

Shorty Colquitt is in Temple this week for an operation on his eye. Young Colquitt suffered an injury to his eye several months ago while chopping wood on a ranch near Marfa, and the operation this week was for removal of particles embedded in the ball.

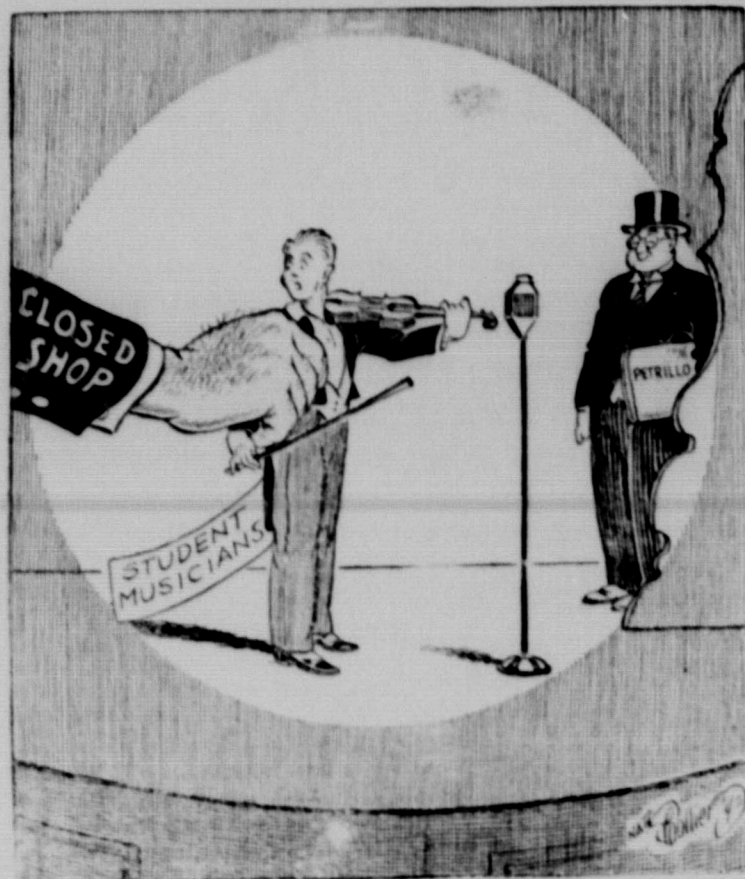

Mr. and Mrs. Arthur Phillips, Miss Ruth Holland and Bill Seaborn were on a visit to Monterrey and other points of interest in Mexico the last of the month.

Mrs. G. L. Neersta has been in San Angelo with her small daughter Anice, who has been ill in a hospital.

Mrs. Max Schneemann and little daughter, Suzy, were in San Antonio last week. Suzy went to see an oculist.

Young Starnes of Goldthwaite was a guest in the H. B. Tandy home this week.

THE HEAVY HAND OF TYRANNY

Miss Wanda Watson has just returned from Boston, Mass., where she accompanied her sister, Mrs. Henry H. Carden and her children, Wanda and Ralph. Mrs. Carden joined her husband, Lieut. Col. Henry H. Carden, now stationed at Boston and remained there with him. The children accompanied Miss Watson back to Ozona and will remain here for the school term. On the return trip they visited in Buffalo, N. Y. and Niagara Falls.

Mr. and Mrs. W. H. Knight and R. L. Bland, all of Abilene, have returned to their homes after a visit here with Mrs. H. E. Tandy and her children. Mrs. Knight is Mrs. Tandy's sister and Mr. Bland, her father. Mr. Knight has enlisted in the United States Coast Guard and left Abilene Tuesday for New Orleans to begin his training.

Mr. and Mrs. Olin Lusby of Big Lake spent Sunday here visiting Mrs. H. B. Tandy and other friends. Mr. Lusby, who is a former local manager for the West Texas Utilities Co. here and for the past several years in a similar position at Big Lake, expects to enlist soon in some branch of the armed services.

Mr. and Mrs. Boyd Lovelace and children moved last week to Sonora where Mr. Lovelace has been assigned the post of local manager for the West Texas Utilities Co.

Bill Carson will be a student at New Mexico Military Institute at Roswell, N. M. this year. He was enrolled last week.

Captain and Mrs. Embre Hunt were here over the weekend visiting relatives. Captain Hunt is post engineer at the Midland Flying Field.

Miss Mary Francis Bean left on the bus this morning for Georgetown where she is a student in Southwestern University. She will not enroll until the fourteenth but is going early for rush week.

The Stockman Pulpit

By Clyde Childers, Pastor
First Baptist Church

"—thou hast set my feet in a large room", Psalm 31:8.

In this verse David thinks of the life that God has opened to him in terms of a large and beautiful room. God has guided his feet through all the corners and David has found it good and blessed.

Life with God is like that. Not something that is small, selfish and material but one that reaches beyond all of these into God himself and brings Him down to be our constant helper and to make our life a blessing.

The room that God led David into and also opens to us may be thought of as having corners named thus: Faith, Love, Prayer and Service. All of these had at various times been the experience of David. Like his sheep had learned to follow and trust him even so had he learned to put his faith and trust in God. He realized that as he loved his sheep and knew them by name so did God know His child and love him.

To breathe the atmosphere of the corner of prayer was the life long privilege of the Psalmist and he must have walked frequently there. The combination of all these prompted this great man to give himself to God in service to the people of his nation.

Today more than ever before these corners of God's room of life ought to be our constant refuge. With the trials of life that are coming to each of us and the apparent crumbling of much of life about us we need a return to faith in God which will strengthen us and enable us to see above the present and out into the future with Him. We can believe that with God all will somehow be well. He is on His throne and will accomplish His purpose.

We have found that in a world of darkness God's love has only been made to shine brighter. "God is love" and his life is a life of love. This second corner of God's room of life will help us to love our fellowman more and cause us to seek to bring him an experience of peace with God.

In the third corner of this room we hear the voice of God and it is here that we learn of His will.

In that corner of prayer we have the privilege of communion with Him and somehow our burdens are lifted. It is probably one of our most glorious privileges that we can pray to God and know that He hears.

The last corner of the room is the place where we hear the call of the needy world and give ourselves to help others in His name. There was never a day in the history of the world when we could do more for the glory of God than now. He has truly opened a door of service to us and given us the means whereby we can meet the need of the world.

God has set our feet in this large room and opened to us an abundant life. To walk in this room, breathe its spiritual atmosphere and enjoy its glorious beauty is God's invitation to us. To lead someone else to enter this life with God and enjoy its blessings is God's purpose for our lives.

May we drink large and deep of God's life and be able to say with the Psalmist, "Thou hast set my feet in a large room."

Ozona Teachers And Board 100 Pct Members of Assn.

Ozona's teaching staff and board of education has registered a 100 percent membership enrollment in the Texas State Teachers Association, Supt. C. A. Denham reported this week. The enrollment in the state association includes 24 teachers and 4 members of the board of education.

A letter of congratulation on the 100 percent enrollment was received this week from R. B. Cobb of Fort Worth, secretary of the association, who called it "evidence of a fine professional spirit among your teachers and board members."

Mr. and Mrs. Melvin Brown and children are moving in the house in the south of town recently vacated by Mr. and Mrs. Boyd Lovelace.

banks

... but he **NEEDS** them

THERE are some men and women who don't have bank accounts and never use bank lending services or other facilities. But banks are almost as important to them as to bank customers. Why? Because banks enter into their lives every minute of the day—in financing the food they eat, the clothes they wear, their homes, their jobs. The simple fact is that banks perform a vital service for the country and are thus indispensable to everyone in it.

Ozona Student In College Progresses

"A person never realizes how good a thing is until he gets away from it." That's how Adele Keeton, 1942 graduate of Ozona High School prefaces a letter of appreciation to Supt. C. S. Denham and the Ozona faculty for her high school training which has made it possible for her to pile up a splendid record in college. She is a student at Wayland College in Plainview.

Adele wrote that she had made straight A's in English, "thanks to a splendid English department in High School" and that her background of high school English training had enabled her to make good grades in all other subjects. She attended summer school at Wayland this summer and has enrolled for the long session. She is the daughter of Mr. and Mrs. J. T. Keeton.

INVEST IN AMERICA — Buy War Bonds and Stamps!

*"I flicked the switch
—but Nothing Happened!"*

CLICK! . . . Thousands of times each year, day and night, her fingertips had repeated that simple motion until it had become automatic and unthinking.

Let's suppose it's you. You let yourself in late some night. You flick the switch—and nothing happens! No light anywhere! At first you are annoyed. But your emotions quickly turn to confusion, concern—and fear.

Something's seriously wrong when the lights won't work!

The very fact that West Texans do take electric service for granted is a tribute to the men and women who supply it. They've made it dependable. And they've made it cheap.

The average West Texas family gets twice as much electricity for its money as it did 10 or 15 years ago. It's made it possible for most families to enjoy the comfort and convenience of many more time and labor-saving appliances.

This has been accomplished under the American tradition of freedom. Freedom of business management under government regulation—freedom to make our own laws . . . live our own lives . . . freedom to invent, invest and produce more for everybody's benefit. That is the American Way—the absolute opposite to the Hitler system of political management and state slavery.

The American Way has made this the most power-full nation in the world today . . . proving that practical business management is meeting the needs of our way of life.

means to them," the speaker said. "Should we in fancy call up the men who died at Valley Forge and ask them what Democracy meant to them, their answer doubtless would be, 'We died for it, didn't we?' And Lincoln at Gettysburg might well be speaking to us—'It is rather for us to be here dedicated to the task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom; and that government of the people, for the people and by the people shall not perish from the earth.' And to us, the living of today, these American doughboys who sleep in Flanders Field speak through the mouth of the poet—'Take up our quarrel with the foe; to you from failing hands we throw the torch—be yours to hold it high. If ye break faith with us who die, we shall not sleep, though poppies grow in Flanders Field.'"
