Continuing Rain

Slows Maturing

Cotton, Grains

Rain again this week kept temperatures lower, while adding additional moisture to soggy crops.

Farmers were beginning to cast wary looks toward cloudy, leaden skies, as the threat of additional moisture carried into this weekend.

Through Sunday, and into the beginning of September, additional moisture threats were staying in the National Weather Service forecasts.

The latest moisture brought August's total rainfall to above five inches, and the moisture for the year in this area to more than 18 inches.

Open House Planned For Old Depot

Special activities are planned at the Muleshoe Heritage Foundation Center just east of the Bailey County Civic Center on Saturday, September 12.

It will be the grand opening,

dedication, ribbon cutting and open house for the Santa Fe Depot.

Much work has gone into the renovation and furnishing of the Santa Fe Depot into a center for

senior adults.

Designed to coincide with the Bailey County West Plains Fair at the Coliseum in September, the events get underway with an outside breakfast at 9:13 a.m., which would have been the time for a train to arrive.

On the menu will be a taco breakfast, including the choice from three tacos -- eggs and Chorizo; eggs and potatoes or eggs and refried beans; all served with Galante Picante sauce donated by the Bobby Free Farms. Also, there will be orange juice, coffee or milk.

The breakfast is being coordinated by Julie Cage. Live entertainment will be under the direction of the Rev. Richard Edwards and will feature local entertainment.

Phil Kent will be master of ceremonies for the 10:13 a.m. dedication, followed by the ribbon cutting and open house.

In the former waiting room, the Byron Gwyn room, Velma Gwyn and her daughter, Mr. and Mrs. Joe Walker of Hobbs, N.M. will act as escorts.

From 3-5 p.m. the same afternoon, the facility will be re-opened for other open house hours. Senior adults of Muleshoe will act as hosts. Punch and coffee will be served in the Bryon Gwyn room.

Tickets will be available in the near future.

Revival Slated At Bula Church For Next Week

Bula Baptist Church will be holding an 'Alive in Christ' revival, September 8-11.

Darrel Feemster, pastor of the New Covenant Baptist Church, Lampasas, will be the evangelist bringing the message.

Directing music for the revival will be George Young, minister of education/music for First Baptist Church, Littlefield.

The pastor and membership of the Bula Baptist Church said they would like to cordially invite anyone interested to attend daily at noon, and night v at 7:30 p.m. as they look at how to be 'Alive in Christ.'

Philip Jesko Killed

In Amarillo Accident

A lifetime Lazbuddie area resident, Philip Brian Jesko, 24, was pronounced dead at the scene of a one vehicle accident inside the city limits of Amarillo, shortly after 7 a.m. on Thursday.

Jesko, who officers reported was sleeping in the back of the cab of the truck, lost his life when the truck overturned going off an offramp on East I-40, then sliding down an embankment.

Driver of the loaded cattle truck was his brother, Jeff, 23, who is hospitalized at Northwest Texas Hospital in Amarillo, undergoing treatment for a fractured vertebra, broken leg and numerous lacerations and abrasions. He was reported to be in the ICU at presstime.

Two Jaws of Life were used to extricate the two men in the truck cab. The process took more than three and a half hours, when Jeff Jesko, was pulled from the wreckage and taken to the hospital.

Officers said witnesses re-

ported the westbound truck went into a skid, smashed through a guardrail and flipped onto its side when the driver was attempting a right turn at the off ramp.

Of the 134 cattle on the truck, 21 were killed, eight were missing, and an additional had been rounded up by Potter County Sheriff's officers, some on horseback, and citizens.

Also assisting, according to Lt. Jerry Salazar of the Potter County Sheriff's Department were the Amarillo Police Department officers, Animal Control Department people, and many citizens.

Funeral services for Philip Brian Jesko were held at 4 p.m. Saturday, August 29, at the First Baptist Church in Muleshoe. Officiating were the pastor, Rev. Barry Bradley and Father Frank Davied of Littlefield. Interment will be in the Friona Cemetery under the direction of Ellis-Blackwell Funeral Home of Friona.

He was born February 27, 1963 in Friona and was a graduate of Lazbuddie High School. He also attended South Plains College. Philip Jesko was an independent cattle trucker. He was married to Sherri Hall on January 26, 1985 in Muleshoe. He was a member of Sacred Heart Catholic Church in Clovis, and was a member of the Parmer County Livestock Board.

His survivors include his wife, Sherri, of the home; his parents, Mr. and Mrs. Larry Jesko, of Lazbuddie; a grandmother, Lynn Armstrong, of Denver, Colo.; great-grandmothers, Ethel Chitwood, of Friona and Mrs. L.B. Seaton, of Newton, KS; and two brothers, Jeff Jesko and Jason Jesko, both of Lazbuddie.

In Service October 1 New, Larger Helicopter

For the critically ill or seriously injured, life or death can be a matter of minutes - even second. Recognizing that time is a critical factor in saving lives, St. Mary of the Plains Hospital at Lubbock has offered Flight for Life, an emergency helicopter service, for the past eight months. Since its inception January 5, 1987, Flight for Life has completed over 170 successful missions.

Among these missions, the average one-way distance traveled to an outlying area has been 80 miles, more than twice the national average distance for an emergency flight.

Because of the overwhelming response and the vast area served by the only emergency helicopter in the South Plains, St. Mary Hospital official say they are pleased to announce the introduction of a new helicopter.

Following eight months of service and intense evaluation, St. Mary Hospital decided to order to better serve our vast area in the most effective manner, it was necessary to equip the hospital with a larger, faster helicopter," said Dan Griffiths, vice president, business development.

Beginning October 1, St. Mary Hospital will service the 43-county area with a Dauphin 2 by Aerospatiale. "We looked at models such as the Sikorski S-76 and the BK-117, however, decided that the Dauphin 2 offers the highest quality service and safety that can be made available to the people of West Texas and New Mexico," added Griffiths.

The helicopter services a maximum range of 582 miles without refueling with air speeds up to 185 MPH, which makes the Dauphin 2 the fastest aeromedical helicopter in the world. The estimated time from liftoff from the pad at St. Mary Hospital to set down time in

Muleshoe is 18 minutes, with a maximum of 25 minutes. Cont. Page 8, Col. 2

TOUCH OF HISTORY

Knowledge And Fun Highlights County

Home Demonstration Clubs

Editor's Note: The history of the Home Demonstration Club during the 1935 year was compiled from the reporters notes, Mrs. C.C. Mardis

By MRS. W.R. BOWERS
In 1935 the women of Bailey County invited the Commissioner's Court to a community dinner for the purpose of asking them to employ a Home Demonstration agent. Here is the annual report of the Muleshoe Home Demonstration club reporter, Mrs. C.C. Mardis.

"This is one of the questions asked in talking about the Home Demonstration club work in Bailey County: Has it been worth while: In giving this report of the Muleshoe Home Demonstration club work for 1935, I think it has. The club was organized April 12, at Mrs. Sam Cook's with 13 members. The first regular meeting was held April 22.

Since then we have held two meetings a month, also had representatives at the parliamentary school sponsored by the County Council, and the reporter's school held at Muleshoe High School. Mrs. George Harmon of Lamb County was the principal instructor. We sent six representatives to the short course at Canyon. One tile-laying demonstration was held at

Mrs. R.L. Jones' as she was our garden demonstrator. She layed 112 feet of concrete tile in her garden.

One banquet was given to the Kiwanians of Muleshoe. We sent two delegates to the short course at College Station. We had one demonstration on vegetable cookery in the home of Mrs. Mardis, and one on salad making and serving the home of Mrs. Tyson.

One demonstration on canning equipment was given in the home of Mrs. John Gaede.

The club was represented by several members at the county picnic at Robinson's ranch August 21.

One delegate attended the two day's school in pattern making by Dora Barns, clothing specialist from A&M College. Six members attended the Dairy Judging Demonstration held by K.M. Renner of Texas Tech. Most of our members entered exhibits in the Bailey County Fair consisting of vegetables, canned goods, quilts, and old relics. We won first place on the educational booth and also on our garden demonstration book.

Besides the above mentioned 21 ribbons were won and they included first, second and third places. When we held our achievement day at Mrs. R.L. Jones', we began to realize the

work and effort that we had put forth.

When one demonstrator and 21 co-operators gave their reports, we learned that we had canned, dried, and preserved over 6,000 containers of food valued at \$4,971.

When one realizes the social contacts that have been made with the various club women over the county and how much the work means to Bailey County, in a social as well as financial way, it is then that the work seems worthwhile. Most of the credit must be given to Miss Alma Stewart, our Home Demonstration agent, for without her help we could have done nothing. While 1935 was a short club year, it is very good evidence of what a group of women can do when they all work together.

Library News

by Anne Camp

Storyhours for pre-school children three years and over will begin Wednesday, September 2nd at 10 a.m. at the library, and will continue on thru the Fall season every 1st and 3rd Wednesday morning. A parent should come with the child this first time to register.

There will be stories, old and new, and Movies too! Short segments of the program will be: Birthdays to be celebrated; Action songs; hand puppetry; Seasons and Holidays, Shapes and Letters; Animals; the senses; and much more! We hope the kids will learn a little, and enjoy a lot. The Muleshoe Young Homemakers will again sponsor Storyhours on the third Wednesday.

The Library will have a similar Storyhour for the Day-Care Center on the 2nd Wednesday of every month. If other Child-care organizations would like to bring kids to the library for a Storyhour or just to watch movies, arrangements may be made by calling in advance.

There are still some Certificates and awards from the Summer Reading Club that may be picked up by boys and girls who read 10 books or more this summer.

Demonstration Club won't celebrate its 50th anniversary with the town but it can go back to 1935. Between 1935 and 1944 it seems that the club either disbanded or just wasn't active at that time.

Nineteen years ago the Muleshoe Home Demonstration club was organized. In 1944 at the Bailey County court room the Home Demonstration agent, Miss Grace Patterson (now Mrs. Ivy) met with the following council officers.

Miss Elzada McMahon (now Mrs. Gullely), chairman; Mrs. Manuel Self, secretary-treasurer; Mrs. G.T. Maltby, Progress club president, and Mrs. Dave St. Clair, parliamentarian. The Muleshoe club was duly organized with the following officers being elected and installed; Mrs. Gale Holt, president; Mrs. A.W. Copley, secretary-treasurer; Mrs. J.E. Day, council delegate. Other members present were: Mrs. H.W. Autry, Mrs. Dave Aylesworth, Mrs. Jim Cook, and Mrs. Roy White.

The club is young in years but has had a very busy and useful life. At one time in its history the club had nearly 50 members. Through its years the club has seen many agents. Miss Alma Stewart started the club in 1935. In 1940 Miss Lillie Gentry came, followed by Miss Grace Parson in 1944. Mrs. Laurette Wilson (later Williamson) came in 1946. Mrs. Marie Corrington (now an agent in Forsythe, Mo.) came in 1949.

After a short time Miss Diane McClerkin (now Reed) came in 1952. She was followed by Miss Molly Jordon in 1955. The County waited a while for a new agent came in 1957. Then came young Ann Graham in 1961. She stayed only a year and now Jean Martin is here to be of service to the county.

As the years passed we have had good times and bad times in our club. Home Demonstration clubs have changed with the times. It no longer teaches methods Grandma used, but up-to-date methods. We learn about government matters, women's rights, civil defense, first aid measures. Of course it is good to keep up with the times, but the home still comes first. We still maintain that "as the homes goes, so goes the nation." Hence we learn to can so that the nutrients are

retained and to freeze with the best methods. We are still learning to cook better and to cook more palatable meals and how to serve the basic foods to our families.

Home decorating, furnishing, and step-saving arrangements are of major importance to our club ladies. We learn to sew and help keep our budget down.

The club has been led by many presidents over the years. The following is a list of these women:

Mrs. Sam Cook, 1935; Mrs. Gale Holt, 1944-45; Mrs. Tom Zimmer, 1946; Mrs. Roy Carney, 1947-54-55; Mrs. S.C. Caldwell, 1949-52-60; Mrs. Dave Aylesworth (deceased), 1950; Mrs. O.L. Dutton, 1951; Mrs. Leon Julian, 1953; Mrs. Hazel Odin 1956; Mrs. M.E. Simmons, 1957; Mrs. S.L. Robinson, 1958; Mrs. Bill Gipson, 1959; Mrs. Jewell Griffiths, 1961-62; and Mrs. W.R. Bowers, 1963.

Each president led the club in some worth-while project. Some of these have been: cleaning the city park, setting the grass in the park, dress revues, 4-H award banquets, flower shows, home improvements, outdoor fireplaces, lampshade making, upholstering, leather tooling, and glove making. The club has always tried to show the county some of its achievements once a year by exhibiting projects in a store window downtown. This is done during National Home Demonstration Week, which is the first week in May.

The Muleshoe club had participated in county-wide entertainments for the Commissioners with such things as suppers, banquets, chicken fries, ice cream suppers, programs, and a hobo party for the men and their wives.

Our club has sponsored patients in the state hospital, girls at Girls' Town U.S.A. and contributed to many funds such as the 4-H scholarship fund. The women have quilted and made clothes for the needy in Muleshoe and served meals for the sick members of the club.

The club opens each meeting with a devotional, but we realize that "all work and no play make Jack a dull boy," so we have a game at each meeting. Also over the years we have sprinkled crafts, hobbies, and entertainment nights for the families of the members.

August is the vacation month

for Home Demonstration clubs. We try to have some entertainment each year. In the past we have had picnics, tours, parties, and meals in various places.

The club has furnished judges for fair exhibits as well as showing exhibits at the Bailey County and district fairs. Also we have put on a few radio programs to acquaint the town with our work.

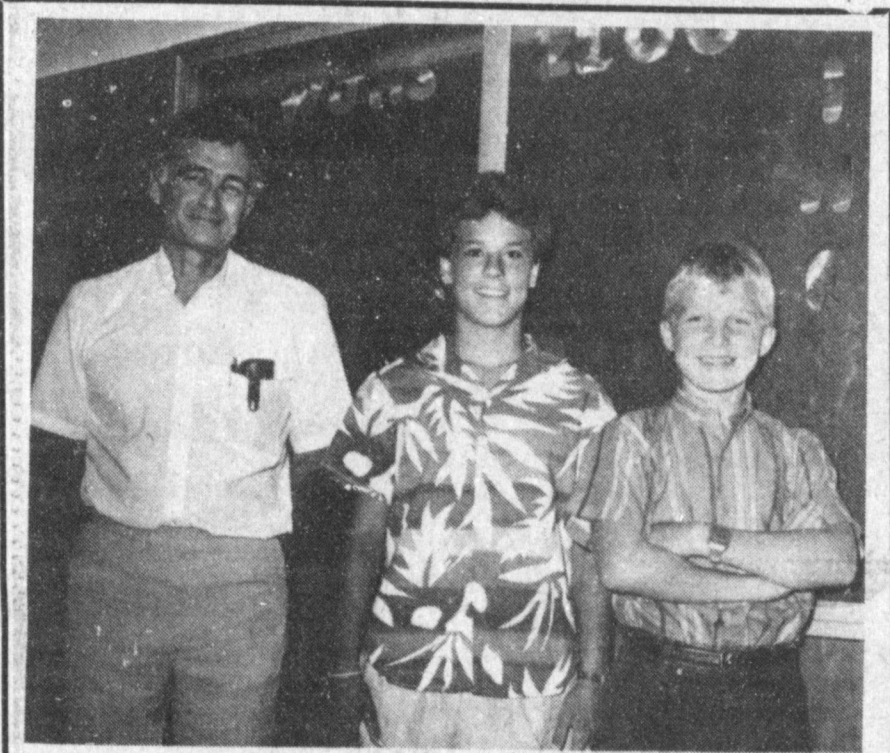

The way I see the history of this club is that Muleshoe and Bailey County would have missed a lot of services if it had not been organized. To sum Home Demonstration clubs up in a few words would be "to do what God put women here to accomplish."

The Clovis News Journal of May 3, 1949, had a prize-winning letter from a past Texas president, Mrs. W.G. Kennedy which was the best judged letter from District 2. This was to celebrate National Home Demonstration week. Mrs. Kennedy was also District vice-president and state treasurer.

Mrs. Kennedy says that when she joined, little did she realize how Home Demonstration club work would premeate her whole life. She wrote on the "Health Aids" she had learned and how they had helped her family and other "Eating Habits". Of all the "Sewing Tips" she had learned seemed to help the most in her family clothing. The "Bedding" demonstrations had been so beneficial and the "Room Improvement" had encouraged her to improve her whole house.

"Beautiful Frame" was the next topic in her letter. This was actually yard improvement and she told how to make a foreground and back-ground for her home. Her "Spirit of Partnership" was the title for the relationship with her family, friends, and club women. Last, but of course not least, was "Social Life." She expressed what the club had meant in that capacity to her life.

WORLD... Take my child by the hand

My child will start school this week. It's going to be strange and new to him for a while and I wish you would treat him gently. You see - up to now he's been King of the Roost, he's been boss of the backyard. I have always been around to repair his wounds and to soothe his feeling. But now, things will be different.

Tomorrow he will walk down the front steps, wave his hand and start on his great adventure. To live his life in the world he has to live will require faith and love and courage. So world, please take him by his young hand and teach him the things he will have to know, but do it gently if you can.

He will have to learn, I know, that not all men are just, that not all men are true. Teach him that for every scoundrel, there is a hero - that for every crooked politician there is a dedicated leader - that for every enemy there is a friend. Let him learn early that the bullies are the easiest people to lick.

Teach him the wonder of books. Give him quiet time to ponder the eternal mystery of birds in the sky, bees in the sun, and flowers on the green hill.

Teach him that it is far more honorable to fail than to cheat. Teach him to have faith in his own ideals, even if everyone else tells him they are wrong.

Try to give my son the strength not to follow the crowd when everyone else is getting on the bandwagon. Teach him to listen to all men, but to filter all he hears on a screen of truth and to take only the good that comes through.

Teach him to close his ears on a howling mob - and to stand and fight if he is right. Teach him that the word AMERICAN ends with - I CAN!!!

Teach him gently, World, but don't coddle him because only the test of fire makes fine steel. This is a big order, World, but see what you can do...

He's such a nice little fellow.

**Sending Toddlers
To Nursery School**

As other children in the neighborhood head off to day care centers and kindergarten programs, you may wonder if your child isn't missing out or falling behind.

Many parents choose half-day nursery school programs that meet two-three times a week to expand their children's experiences and introduce them to the larger world.

"For some children, a nursery school experience can be beneficial, but it's not essential for every child," says Diane Welch, a family life specialist.

Rather than send the child to nursery school because other children are going, she suggests that parents consider what the child will gain from the school experience that isn't obtainable otherwise.

Welch, who is a home economist with the Texas A&M University Agricultural Extension Service, also recommends that parents consider the cost. Would the child benefit as much if you took a portion of what the tuition would be and spent it directly on the child for specific toys, trips or something else? "One valid reason to send a child to preschool is to provide the socialization experience of learning how to play with and relate to other children," says the specialist.

She explains that there are several options for providing socialization experience and giving mothers a needed break. They include informal "play groups" that mothers of several toddlers can arrange themselves, "mother's day out" programs offered at many churches and the more structured nursery school programs.

"It's ironic that many mothers who left jobs specifically to stay home and care for a preschooler, then worry that their child's education is being held back by being at home," observes Welch.

"The home can offer many enriching opportunities for young children, and the kind of individual attention they won't get elsewhere. Children do grow and learn in the home, and parents are extremely effective teachers," she emphasizes.

If you decide that your child would benefit from attending a nursery school, the specialist advises carefully investigating a number of programs before choosing one.

Some of the points to consider include the following:

- Are the personnel professionally competent, warm and caring?
- Are the facilities safe and clean?
- Will your child receive nutritious snacks?

Girl Scouts Hold Open House, Bridging Ceremony

After two years of hard work and a lot of determination on the part of the citizens of Muleshoe, the Girl Scout Hut on West 2nd. street has been completely renovated, and open house was held at the Scout Hut Thursday night, in conjunction with the bridging ceremony for girls going from one Girl Scout level to another.

Renovation of the building and the reorganization of Girl Scouts in Muleshoe began when the daughter of Betty Ashford wanted to be a Girl Scout. Mrs. Ashford and a group of girls began meeting in her home. Mrs. Ashford stated that a while later she and Nelda Merriott attended a shower and the subject of Girl Scouts came up.

Although the Girl Scouts had a house, donated by the St. Clairs' to the city of Muleshoe for the Girl Scout use, it was in bad shape, after not being used for several years, and could not be used for meetings. Mrs. Merriott, Mrs. Ashford and a group of interested area citizens, including R.A. Bradley, met at the Scout Hut to see what could be done with it. "Outside of the fact that the roof was in bad shape, ceiling falling in, floor sinking, holes in the walls, windows out, no plumbing, and no heat except in the summer, the building was in good shape" said Mrs. Merriott.

Mrs. Merriott commented that one of the men in the group felt that the best thing they could do with the building was to get a dozer and clear the lot. "But being the man who likes to tackle almost impossible tasks, Bradley felt that the building could be renovated with a lot of money and hard work" Mrs. Merriott said.

Having no money for the project, pictures of the building were taken and it was decided to visit various clubs and organizations seeking their help in restoring the building. Among the clubs visited was the Rotary Club. Mrs. Merriott said that after talking to the group and showing the pictures, Larry Hall, owner and publisher of the Journals, tucked the poster under his arm and walked out with it, later calling her and borrowing it for a few more days. In the next issue of the Journal he ran two pages of pictures, seeking help for renovating the building. "That is when the ball started rolling, other businesses, clubs, organizations and interested citizens began making donations and donating their time and labor and after two years the building is completely renovated," she added.

Following the open house and refreshments, a large crowd adjourned into the back yard for the bridging and appreciation ceremony.

Mrs. Merriott welcomed all those present and gave a brief history of how Girl Scouting was reorganized in Muleshoe, followed by the invocation by R.A. Bradley.

The program got underway

with the flag ceremony. Serving in the color guard were Shawna Delany, troop 169; Jackie Chapman, troop 328; April Franklin, troop 190; Christina Soto, troop 190; and Bobbi Hutchinson, troop 190. The color guard also led the Pledge of Allegiance and "God Bless America" was led by Michelle Williams, troop 358. Robin Hovland from troop 169 led the Girl Scout Law.

Bobbi Hutchinson led "Girls Scouts Together" asking the entire audience to join the singing.

Mrs. Merriott presented appreciation certificates to approximately 115 persons who played a part in helping with the renovating of the Girl Scout Hut, stating that she knew that she had missed a lot of people in presenting the certificates but all of your work and dedication to the Girl Scouts and the City of Muleshoe is appreciated.

Mrs. Merriott, Chairman of the Muleshoe Girl Scout Service Unit, introduced all the leaders who in turn introduced their troops.

Billie Downing, president of Jennyslippers, presented Nelda Merriott with a check from the Jennyslippers. In making this presentation, Mrs. Downing stated that she felt this was an investment in girls and an investment in the future instead of a donation to the Girl Scouts.

Betty Ashford presented Nelda Merriott a plaque from the Muleshoe Service Unit for all of her hard work during the past two years. Mrs. Merriott then presented a plaque to Martha Couch, Field Service Director from Plainview. April Franklin also made a presentation to Ms. Couch.

During the bridging ceremony, troop 328 led the audience in singing "Make New Friends", "Make New Friends, but keep the old, one is silver and the other gold, sung in rounds.

In the bridging ceremony, Daisey Troop No. 322 consisting of six girls, Kayna Puckett, Chelyn Maddox, Misty Dixon, Sheryl Orozco and Tina Orozco, crossed the bridge into Girl Scouts and were welcomed to the other side by Martha Couch and other Girl Scouts.

Brownie Troop 358, Julie Williams, Michelle Williams, Yolie DeHoyos, Sharon Johnson, Dacia Stewart, Natasha Ronek, Jacki Chapman, and Kimberlee Vaughn crossed the bridge into Junior Girl Scouts and were also welcomed onto the other side by Ms. Couch and other Jr. Girl Scouts. Only one Junior scout bridged into Cadette Scouts, Robin Hovland, troop 169.

Following the bridging ceremony and the dismissal of the colors by the flag bearers, the entire audience as well as Girl Scouts sung Herman's Song.

'Get Into Action With 4-H'

The new 4-H year starts soon, so now is an excellent time to make a commitment to join this action-oriented organization, says Kandy K. McWhorter, county 4-H program coordinator with the Texas Agricultural Extension Service.

4-H is a national program for all youth between the ages of 9 and 19 regardless of race, color, ethnic background, economic status or cultural differences. In Texas, you can join 4-H when you enroll in the third grade regardless of your age. The Texas 4-H program is administered by the Texas Agricultural Extension Service.

The purpose of 4-H is to develop leadership and character in young people, McWhorter points out. 4-H'ers learn by doing through actively working on projects and participating in club meetings and 4-H activities.

4-H clubs are organized in such places as rural, suburban and urban neighborhoods. Groups may be organized among neighborhood families in one or two city blocks, housing complexes or anywhere they are needed.

Youth can participate in a variety of projects in 4-H, such as foods, clothing, animal projects, electricity, photography, arts and crafts, and many, many others. In fact, almost anything you want can be a project, says McWhorter.

More important, 4-H is a lot of fun! Where else can you get together with other people your age and have fun while you learn? Boys and girls in 4-H are always on the move doing something and participating in various activities. For instance, the 4-H shooting sports project attracts numerous youngsters each year who are interested in learning to shoot and observe gun safety. Livestock projects give youngsters a chance to be responsible for an animal and enter stock shows where they learn competitiveness and sportsmanship. 4-H'ers can even learn to make their own clothes through clothing projects.

Other 4-H activities such as the Share-The-Fun give youngsters the chance to participate in organized recreation, notes McWhorter. County 4-H Fun Day, Day Camp or Rally Day is

business and industrial leaders who have supported and continue to support 4-H gives significant testimony that 4-H is a valuable educational program for America's youth, McWhorter points out.

Remember, you are what you want to be in 4-H. It is educational, interesting, challenging and lots of fun.

For more details on 4-H and how to join in on upcoming activities for the new club year, contact the county Extension office, adds McWhorter.

AIR CONDITIONING BUG MULESHOE AND TEMPERATURES WANE
For several weeks past Muleshoe has been becoming "Streamlined" as economic conditions improve, now it is becoming "air-conditioned" as the heat of summer advances upon the plains area.

Last week Opal's Shoppe, under direction of the mechanical ingenuity of Mr. Smith, installed a combination fan and water air conditioning outfit to keep customers in cooler physical and mental condition while shopping or having their natural pulchritude enhanced in that beauty parlor.

Notwithstanding the governmental official weather man here, reported the temperature last Saturday to be 105½ degrees the warmth in the establishment registered only from 86-88 degrees a considerable lessening of heat greatly appreciated by patrons.

COYOTE LAKE AREA GETS WATERLOGGED

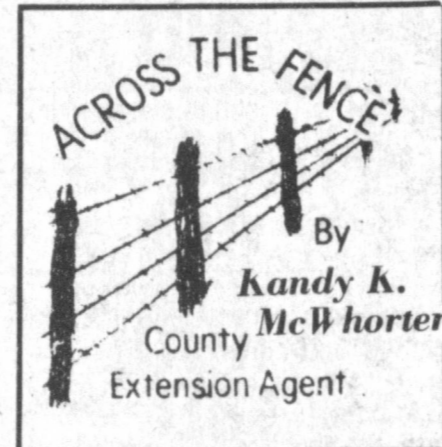

When it rains enough to get a county maintainer stuck on a state road which is paved--that's a lot of water, and that's just what faced employees of the Texas Highway Department Monday morning.

An early morning rain, which quickly deposited over an inch and half of rain right on top of a three-quarter inch rain, washed mud and sand across FM 1731 approximately 2 miles south of Coyote Lake near the Arch cutoff.

Saturday morning THD workers were summoned to that area to clear the highway of

mud and sand which was trapping unwary drivers.

Following the early Monday morning rain, which left the heavier amount, a state maintainer was taken to the deep mud and sand to attempt to clear it from the highway. Instead of clearing the highway, workmen found themselves stuck fast, in the middle of a paved road.

Sudan Hornets Now Practicing

The 1987 edition of the Sudan Hornets began practice last week. Two-A-Day workouts were planned for the first two weeks and scrimmages with Earth and Kress being the first interschool contests.

The Hornets will be running offense from the new look wishbone attack. Leading the offense at quarterback will be Eddy Boyles and Kyle Maxfield. Running backs will be Anthony Williams, Eddie Salinas, Joe Gonzales, Elliot King, Jarod Bellar and Frederick Hernandez.

The center position is in good hands with the return of All-District Chip DeLoach. The guards will be either James Richards, Jimmy Glascock or Ronnie Gonzales. The tacklers are Chris Harper, Gorge Salinas and Ricky Martinez.

End positions will be held down by Michael Bartley, Justin Holley, Jayson Vincent, Richard Salazar and Michael Hernandez.

"Replacing 19 lost letterman from 1986 will be a big challenge but these young men are well on their way to accomplishing this feat," stated Royce McAdams, head coach.

Defensively, the Hornets will again run a five man front with Boyles, DeLoach, Glascock, Holley, Gorge Salinas, Harper, Bartley, Martinez and Ronnie Gonzales leading the way.

A two linebacker system will be manned by Bellar, Williams, King, Maxfield, Vincent, Salazar and both Hernandez.

The J.V. members this season will be basically freshmen. These members are Brian Baker, Gary Boyles, Quincy Lee, Quinton Lee, Danny Conley, Felix Hernandez, Monty Edwards, Jody Dodson, Charlie Smith, Doug Provence, Joe Flores, Tyrone Johnson and Jeremy Miller.

"If the first few practices are any indication, then the Hornets will be very competitive and we may see them in the playoffs again come November," states McAdams.

ROBIN MOORE

Not New
The idea of getting something for nothing isn't new. That's what discovered and settled our country.
-News, Buffalo.

Robin Moore Lions Camp CIT At Kerrville

Robin Rachele Moore, daughter of Dewey and Judy Moore, from Muleshoe, worked as a CIT at the Texas Lions Camp for handicapped children at Kerrville this summer.

The CIT's (Counselors in Training) are special people, who were once campers themselves, explained Glenn Crawford, executive director. "They have big hearts who spend their summers helping children, many of whom would not be eligible for other camps.

"A CIT works long hours for little pay, but the rewards are unforgettable.

He said the summer begins with a training program which teaches the CIT sign language, techniques in lifting children from wheelchairs, and how to adapt the activities to include

every handicapped camper.

The CITs assist the children in all activities, including swimming, horseback riding, canoeing, shooting sports, arts and crafts, fishing, studying nature, sports and going on an overnight campout.

"The I Can philosophy is emphasized," said Crawford "and the campers are encouraged to try new activities. The counselors provide safe ways for every child to do things he or she may have only dreamed of doing before."

One camper's parent wrote to the camp, "I was so impressed with the camp. Everyone was so energetic and seemed to be so organized. I feel blessed that my son was able to attend the Texas Lions Camp. You have an excellent program with so many loving, caring people. Thank you for giving my son and other kids the opportunities you offer."

for a Better Tomorrow

Working, learning to sew... Now, something simple is being prepared and soon her own dresses, and in the future, clothing for her own family. Training is important in the lives of our children.

Spiritual training is a must in the lives of our young ones.

"Train up a child in the way he should go; and when he is old, he will not depart from it."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
