Crack Scout Troop From Angelo Here For Demonstration

A crack troop of Eagle Scout from San Angelo will be in Ozona for a few hours Thursday afternoon to give a demonstration in modern camping and Scoutcraft.

The party includes 25 Scouts under the leadership of B. W. Draper of San Angelo, Scout Executive for this district. The troop has been making a tour of towns in this territory putting on the demonstration to encourage Scouting among West Texas boys.

The boys will arrive about noon, according to information here, and will pitch camp in the park where they will cook their own lunch. After lunch they will give demonstrations in the various Scouting activities. Ozona people, and especially the boys are cordially invited to be on hand for the demonstration.

DR. FUSSELL BUYS LOT

Dr. J. A. Fussell has purchased the lot owned by Mrs. Bryan McDonald of Canyon, Texas, on which by was located the house occupied by Dr. and Mrs. G. L. Coates, destroyed by fire recently. The entire lot is 90x330 feet. The consideration was private.

Dr. Fussell has sold the east 165 feet of the lot to C. J. Watts. Mr. Watts has purchased the building formerly occupied by F. E. Piner's boot shop and will move it to the lot and make it into an attractive rent house.

Fair Assn. Starts Blasting South End Of Race Track Away

Work of blasting away the grade on the south end of the Crockett County Fair Association race track was begun Sunday when the air drill of the West Texas Utilities Company was secured to drill holes for the dynamite blasts.

The slope on the south side of the track is to be cut down approximately two feet, while the north end is being built up about three or four feet. When this work is finally completed, the whole course will be surfaced with a soft dirt and the track will be almost level the entire distance. It will also be somewhat longer than it has been and the former sharp curves will be rounded to make the track much faster.

Mrs. Ed Burke and children left Tuesday morning for Alpine where they will make their home. They will join Mr. Burke who has been in Alpine several weeks operating a blacksmith shop which he recently leased there.

Mrs. B. B. Ingham and daughters and Miss Virginia Secrest left Wednesday morning for Del Rio where they will visit with Mrs. J. B. Moore.

Mrs. Dick Baker and children spent several days last week in Mertzon visiting Mrs. Baker's parents, Mr. and Mrs. J. R. Brooks.

Mrs. J. M. Baggett and daughters have returned from Floydada where they spent several days visiting Mrs. Baggett's parents, Mr. and Mrs. W. L. Boerner.

T. A. Kincaid, Jr., has returned to his home after spending the summer months at the R. O. T. C. training camp. He will leave soon to resume his studies at the A. & M. College, where he will be a Senior next year.

Mrs. Geo. F. Davis and daughter, Miss Eva, spent the week-end in San Angelo visiting Mr. and Mrs. Guy Davis. Miss Mildred Davis is in San Angelo recovering from an operation for removal of her tonsils.

Miss Ethel Childress and Pleas Childress, Jr., went to San Angelo Monday.

Miss Zetta Elmore of Eden has accepted a position in the office of the Nolen Land and Abstract Co. here, assuming her duties Monday.

Mrs. B. C. Flowers and Mrs. B. B. Ingham were in San Angelo the first of the week.

SCHOOLS OPEN 1927-28 TERM NEXT MONDAY

Teachers To Institute At Ballinger Fri. & Sat. Of This Week

FINISH WORK HERE

Saturdays To Be Devoted To Institute; Miss Chitwood Resigns

After a silence of three months, the old school bell in the tower at the Ozona High School will ring out again next Monday morning announcing the reconvening of classes for the 1927-28 term of school.

Announcement to this effect was made this week by school authorities following some confusion in the minds of local people recently with reference to institute.

Local teachers will attend institute two days in Ballinger Friday and Saturday of this week, according to announcement by Supt. C. C. Minatra, and be back here Monday morning in time for the opening of schools. The other three days of institute work will be done here on Saturdays, according to Mr. Minatra's plans.

Opening exercises will be held beginning at 9 o'clock Monday morning. Mr. Minatra will be in charge of the program with Judge Chas. E. Davidson, ex-officio county superintendent representing the school board. Those interested are cordially invited to attend. The opening exercises will last about an hour.

The resignation of Miss Thelma Pearl Chitwood, sixth grade teacher, has been received by the local board. Miss Chitwood will attend the Teachers College at Denton this year and sent in her resignation when this opportunity presented itself. Mrs. J. A. Floyd, wife of the science-math teacher last year, has been appointed to succeed Miss Chitwood as sixth grade teacher. Mrs. Floyd is a graduate of Baylor, has had several years experience as a teacher and taught this past summer in the Junior Hi School at Waco.

The faculty line-up will be the same as last year except for Mrs. Floyd, Miss Ethel Louise Garrett, who succeeds Miss Florence Thompson as Domestic Economy teacher, and R. H. Brison, who succeeds T. K. Kirkpatrick as Manual Training instructor.

Plans for the proposed new school building in Ozona have been examined and pronounced good by the school building expert of Stanford University and by superintendents and principals of Pacific Coast towns and cities, according to a letter received recently by Judge Davidson from Supt. Minatra, who has been attending Stanford University this summer. Mr. Minatra exhibited the plans before building classes at the university and before building experts and received many valuable suggestions he declared. A part of his letter referring to his activities along this line follows:

"For some time I have had Architect Noonan's preliminary plans under advisement. I have laid them before D. Almack, the school building expert of Stanford University, and have had numerous suggestions from him in regard to certain points. On the whole, he pronounces our plan quite good. Dr. Almack is author of several books on school buildings and has assisted in erecting some of the finest school buildings in California—notably those at San Jose. I consider his advice and criticism of great worth to us. He laid parts of our plan before his class in 'Administration of School Buildings,' a class made up of superintendents and principals from San Francisco, Santa Barbara, San Diego, Pasadena, and towns and cities of Washington and Oregon. I was present and noted down their criticisms. I think the suggestions of these fellows worthwhile to consider, for I believe no keener bunch of school men could be found in the United States. I have visited outstanding school build-

ings as far as opportunity permitted. I made some weeks ago a close examination of the new half-million dollar high school building in Oakland, in company with the superintendent, principal, and the two school architects who erected the building. I am sure there is no finer or more up-to-the-minute piece of school architecture anywhere. I am simply trying to do all I can to inform myself along needed lines while the opportunity is present.

Work on the beautiful new Ozona building of the West Texas Utilities Company, pictured above, will begin next Monday morning if crews now at work filling in the lot with dirt from the street have finished this work, E. R. Hoppe, chief engineer of the Utilities Company, with headquarters in Abilene, announced here Wednesday afternoon. Mr. Hoppe with John Dunn, superintendent of construction for the company, and George Murphy, assistant superintendent of Group K, were here Wednesday getting things in readiness for beginning work on the building, arranging for sand, gravel and other materials and laying plans for rushing the work to completion.

"The architect's drawing does not half do justice to the building a site will appear when finally completed," Mr. Hoppe declared. "The Ozona building will be by far the most beautiful small building the company has ever constructed. It will be a building of which the people of Ozona may well be proud."

Work Slated To Start Monday On Utilities Co.'s New Building

Work on the beautiful new Ozona building of the West Texas Utilities Company, pictured above, will begin next Monday morning if crews now at work filling in the lot with dirt from the street have finished this work, E. R. Hoppe, chief engineer of the Utilities Company, with headquarters in Abilene, announced here Wednesday afternoon. Mr. Hoppe with John Dunn, superintendent of construction for the company, and George Murphy, assistant superintendent of Group K, were here Wednesday getting things in readiness for beginning work on the building, arranging for sand, gravel and other materials and laying plans for rushing the work to completion.

"The architect's drawing does not half do justice to the building a site will appear when finally completed," Mr. Hoppe declared. "The Ozona building will be by far the most beautiful small building the company has ever constructed. It will be a building of which the people of Ozona may well be proud."

Above is an architect's drawing of the new Ozona office building and ice plant of the West Texas Utilities Company, work on which is expected to start within the next few days. Barring unforeseen delays, the new Ozona building will be completed by the latter part of October or the first of November, according to announcement from officials of the company's general offices at Abilene. Work on the building has been delayed somewhat by the work of cutting away the hill in front of the site on Broadway. Four or five trucks and a crew of Mexicans working under the direction of Fermine Aguirre have been placed on the job of moving the dirt by the county and it is being rushed with all possible speed. Comparatively slow progress is being made however, considering the magnitude of the undertaking.

S. & G. R. A. TO HAVE SHOW AT SAN ANGELO FAIR

The official show of the Sheep and Goat Raisers Association will be held in connection with the All-West Texas Exposition at San Angelo September 19-24. J. A. Ward of Sonora is superintendent of the goat department and D. T. Jones of San Angelo will have charge of the sheep department. C. A. Broome of San Angelo is chairman of the advisory committee of the Sheep and Goat Raisers Association, which will have charge.

Shipments Of Crockett County Lamb Increase

Thirty-six hundred head of mutton lambs and old ewes were being loaded at Barnhart this week by Vic Pierce of Ozona. The 2500 head of lambs were sold several months ago at 10 cents a pound to Lee Aldwell of Sonora. Old ewes, numbering 1100 head, were consigned to Rudd of San Saba and brought \$8 a head.

Other shipments of lambs from Barnhart in the last few days include 910 head by Ira Carson, averaging 68 pounds in weight; 841 head by Wayne West, averaging 75.6 pounds; and 733 head by Massie West, averaging 75.2 pounds; and 2700 head of old ewes by F. F. Friend.

The engagement and approaching marriage of Miss Floy Clare Stewart to Jake Short of Bandera was announced at a bridge luncheon given Friday morning by Miss Lilly Flynn Myers, at the home of her mother, Mrs. Scott Peters. The wedding was announced to take place September 29.

The Utilities Company plans to use a part of the dirt from the street in filling in its building site. The lot is on a slope and the dirt will be pulled in from the street to build it up to a level.

This new building will be one of the handsomest small business structures in West Texas, according to officials of the company. Of Spanish design, the building, which will cover a ground space of about 40x90 feet, will be constructed of hollow tile and cream stucco, with steel and concrete roof and cast stone decorations.

The right wing or west side of the building will house the business offices, sales rooms and store rooms of the company. The center section will be occupied by a modern electrically driven ice plant with a daily capacity of ten tons. In the left wing will be installed

the ice storage vaults and cold storage vaults for commercial service.

Engagement Of Miss Floy Clare Stewart Announced At Party

Refreshments consisting of sand wiches and watermelon were served in the evening and the next morning the guests enjoyed a delicious breakfast. Those enjoying the affair were Misses Mildred North, Mary Childress, Ethel Bennett, Eleanor Ingham, Frances Burke, Maggie Mae Kay, Tessie Kyle, Margaret Childress, and Mary Bell Flowers.

Organize Bridge Club After Party Tuesday

Organization of a bridge club was perfected Tuesday afternoon at the close of a bridge party given by Mrs. Joe North at the home of her mother, Mrs. G. L. Bunger. Membership for six tables is included in the new club which will meet every two weeks. Once each month a night party is to be given when husbands and men friends of the unmarried members will be entertained at the Hotel Ozona.

At the conclusion of the games at Mrs. North's party, watermelon was served to the guests. Those enjoying the hospitality were Messdames Ury Smith, Warren Clayton, Maubry Morrison, Nelson Hawkins, Arthur Phillips, Harry J. Friend, Evart White, Tommy Hunter, Massie West and Ralph Meinecke, and Misses Mary Augustine, Hester Bunger, Lillie Flynn Myers, Floy Clare Stewart, Gertrude North, Emma Phillips and Miss Farmer.

A modern small duplex apartment house will be erected by the West Texas Utilities Company on the property purchased for the substation in the northern part of town for its two local managers, Otho Drake, local commercial manager, and Tom Onstott, plant manager, it was announced here Wednesday by George Murphy, assistant superintendent of the company's properties in this district.

Utilities Co. To Build Duplex Apt'ment Here

Work on the duplex will begin as soon as the construction crew has finished with the construction of the office building and ice plant here.

Francis Burke Honored With Slumber Party

Miss Kathryn Baggett entertained with a slumber party at the home of her parents, Mr. and Mrs. W. R. Baggett, Monday night honoring Miss Francis Burke, who left with her parents this week for Alpine where they will make their home.

Refreshments consisting of sand wiches and watermelon were served in the evening and the next morning the guests enjoyed a delicious breakfast. Those enjoying the affair were Misses Mildred North, Mary Childress, Ethel Bennett, Eleanor Ingham, Frances Burke, Maggie Mae Kay, Tessie Kyle, Margaret Childress, and Mary Bell Flowers.

BILL GRIMMER BUYS OUT J. M. DUDLEY SHOP

Started Eight Years Ago As Car Washer For Roger Dudley

TO PUSH NEW FORD

New Models Expected In September; Adds New Equipment

Eight years ago, Bill Grimmer, fresh from Uncle Sam's Navy, came back to Ozona and asked Roger Dudley, owner of the Dudley Garage, for a job. Mr. Dudley needed a car washer and he put Bill on at \$60 a month. He remained in Roger Dudley's employ seven years and continued his connection with the shop after Morris Dudley bought out his brother April 1, 1926.

Last week a deal was closed whereby Mr. Grimmer bought out Mr. Dudley's interest with the exception of the agency for Chrysler automobiles. Under the sale, Mr. Grimmer becomes local Ford agent and owner of the garage and repair shop operated in connection.

Grimmer's connection with the Dudley Garage has been a steady climb from a raw job car-washer to owner of the business. After a few months he was promoted from the car washing to the parts department, and from there became bookkeeper and office manager, which position he held when the deal was closed for the purchase of the business.

The change of ownership becomes effective September 1. The new manager is getting things in readiness for the appearance of the new Ford car, which is just now piquing the curiosity of the automobile world at large because of the strict secrecy which has been maintained concerning the salient features of the new models.

The new Ford is expected to make its appearance early in September, Mr. Grimmer says, and dealers have been informed that a surprise is in store for everybody when they are finally placed in the show rooms. The Ford Motor Company has made the most radical change in its history in the new cars, it is declared, and with the appearance of the new models, the Ford will take its place among the best of the medium priced light cars. A speed of nearly 60 miles an hour is one of the hints that have been dropped about the new Ford.

"We are Ford," Mr. Grimmer said. "We are Ford," Mr. Grimmer said. "We are installing the latest shop equipment in order that we may be able to give the best of service to Ford owners."

C. W. Tallaferro, mechanic, has just returned from Dallas where he spent several weeks attending a school of instruction to acquaint mechanics with the new Fords. Mr. Tallaferro is an expert Ford mechanic having been connected with Ford shops and Ford agencies for many years and will be in charge of servicing and repair work on the new Fords.

Former Ozona Girl "Spirit of San Angelo"

Miss Mary Sue Montgomery will be "The Spirit of San Angelo" at Col. Lindbergh's reception at Abilene Sept. 28. She is the daughter of Mrs. Eula Montgomery and her father, the late Beecher Montgomery of Ozona, was one of the outstanding ranchmen of West Texas.

Misses Emma Phillips and Carolyn Fox returned the first of the week from an extended trip to New York and other points in the East. Miss Fox's parents, Mr. and Mrs. Jefferson Fox, accompanied them here and after a short visit they left for their home in Lampasas, Miss Fox accompanying them.

Tom Nolen was here from San Angelo on business this week.

THE OZONA STOCKMAN

Published Every Thursday Morning at Ozona, Texas, County Seat of Crockett County by

W. EVART WHITE EDITOR and PUBLISHER

Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter under Act of Congress, March 3rd, 1879.

Ozona, Texas, Thursday, September 1, 1927

School starts again Monday morning and for nine months more the scene will be enlivened by passing throngs of youngsters on their way to or from school. The annual trek of families from ranches back to town for school, is on and soon things will settle down to the regular run of lively winter months.

With the opening of school a few days off, interest is being revived in the proposal for a new school building in Ozona. Plans that have been prepared for the school board by one of the best architects in Texas have been examined and approved by some of the best known school building authorities in the nation, with but few changes recommended. The composite opinion of school men interviewed on the plans will likely be recorded in the final plans adopted by the local board when it comes to consider the matter at its next meeting.

If in the opinion of the school board, the time is opportune for submitting the proposition to the people of Crockett County, the voters will be taken into full confidence by the board and the full plan unfolded before them in time for their intelligent exercise of their right of vote on the question of a bond issue.

The fact that Ozona has reached the point where she needs a new school building to take care of the ever increasing scholastic population is unquestioned by those informed on the subject. The people as a general rule have complete confidence in the ability and earnestness of the school board to get the very best plans available, to arrange for a building that will be best suited to local needs and to make the best deal possible for its construction.

The project then, has been left in the hands of the board, and in competent hands it is, with the board having free rein to do what ever it thinks best in the matter.

The first rough sketch on the plan as outlined at a Chamber of Commerce meeting seemed like an excellent beginning, in fact to one not familiar with school building needs, it appeared almost all that could be asked for the money. These preliminary plans have been discussed, criticised and submitted to authorities, information gathered here and there being embodied in a new set of plans which in turn have been subjected to the same criticism and discussion. The plans now up for deliberation have been examined by some of the greatest authorities on the subject in the United States and if it is possible to carry out the suggestions that have thus been gained, Ozona's school building needs will be cared for with the best facilities available for years to come.

Misses Eleanor Ingham and Clea Mae Savage and Mrs. J. M. Dudley were in Fort Worth recently visiting friends.

Mr. and Mrs. John L. Bishop have returned in preparation for the opening of school Monday morning.

FOR SALE—9-piece dining room suite, practically new. Will sell at a bargain. Mrs. Roy Parker 21-1tc.

J. T. Keeton was in Del Rio last week where he took his son, Harold, 6, for a tonsil and adenoids operation.

Mr. and Mrs. E. E. Finigan and children returned last week to their home in San Antonio after a stay of several months here. Mr. Finigan had the contract for painting and papering the beautiful new home of Mr. and Mrs. Rob Miller.

Prickly Heat? Use Guardo Soap. At your druggist. 16-12tp.

Elam Dudley was here from Ft. Worth last week visiting friends.

Clay Adams and Allen Robertson have returned from a trip to California, Wyoming, Colorado and other states. They visited the big rodeo at Cheyenne and returning, visiting points of interest in California, Arizona and Colorado.

Miss Katie B. Simons of Brownwood, who has been visiting Miss Hester Bunker, returned to her home Friday.

Miss Lucile Ingham has returned to Fort Worth to resume her studies at Texas Christian University. Before school opens, Miss Ingham and her grandparents, Mr. and Mrs. Elam Dudley and Miss Lenore Dudley will go on an automobile trip west.

Mr. and Mrs. Maubry Morrison spent the week-end in San Angelo.

FALL FAIR

Race Meet and Rodeo
Eldorado, Texas

September 12 & 13

TWO BIG DAYS OF RACING AND RIDING

Everybody Is Invited

The people of Crockett County are cordially invited to attend our Fall Fair, Rodeo and Races. Splendid exhibits—Full Rodeo and Race Card

Grimmer Motor Company

Successor to

Dudley Motor Company

Makes its bow to people of Ozona and Crockett County. Effective today, September 1, the Dudley Motor Co. passes out of the picture and in its stead rises the Grimmer Motor Co., announcement being made today of the sale of the business by J. M. Dudley to Bill Grimmer.

WAIT FOR THE NEW FORD

Announcement of the new and improved model Ford, which has kept the motoring public guessing with increasing interest and curiosity for months, is expected in the next few days.

The only hint that has been given dealers about the new car is that it will far outstrip any car that has ever been built by Ford and embodies every feature of comfort, mechanical perfection and simple and economical operation that money and engineering brain can produce. And when Henry Ford says that, you can depend on it.

We will maintain the same corps of expert mechanics who are capable of repairing any make of car, but especially the Ford. We are installing the most modern equipment to give the best service available anywhere.

WAIT FOR THE NEW FORD

The New Management will concentrate attention to the new

which will make its appearance in the next few days. Expert Ford Service by mechanics who are thoroughly familiar with the new models, and who will be equipped with the very latest tools and equipment for servicing and repairing them.

WAIT FOR THE NEW FORD

IT WON'T BE LONG NOW

The Grimmer Motor Company plans to maintain the same high standard of workmanship that characterized its predecessor. We are going to concentrate on the new Ford which is expected to start the motor world when it makes its appearance in the next few days. The Ford, in the new type car, will attain the same leadership in the low price field that it has always held, and the Grimmer Motor Co. will make every effort to help Crockett County Ford owners get every ounce of service and satisfaction out of their cars.

Our MODERN DUCO REFINISHING and TOP and UPHOLSTERING departments are better equipped to turn out a first class job. Let us make your old car like new again.

IT CAN'T BE LONG NOW

CITATION BY PUBLICATION THE STATE OF TEXAS To the Sheriff or any Constable of Crockett County—Greeting:

You Are Hereby Commanded to summon the heirs and the unknown heirs of the heirs of M. Half and Rachael Half, deceased, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some news-

paper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Crockett County, to be holden at the Court House thereof, in Ozona, Texas, on the fourth Monday in October A. D. 1927, the same being the 24th day of October A. D. 1927, then and there to

answer a petition filed in said Court on the 10th day of August A. D. 1927, in a suit numbered on the docket of said Court No. 424, wherein George L. Thompson is Plaintiff, and the heirs of M. Half, deceased, and the unknown heirs of the heirs of M. Half, deceased, and Rachael Half, deceased and the heirs of Rachael Half, deceased, and the unknown heirs of the heirs of Rachael Half, deceased, A. H. Half, Armand Half, G. A. Half, Harry A. Half and Henry M. Half Defendants, and a brief statement of plaintiff's cause of action, being as follows:

1. That on or about the 1st day of August, A. D. 1927, he was lawfully seized and possessed of the following described land and premises, situated in Crockett County, Texas, holding and claiming the same in fee simple to-wit:

"Certificate No. 1806, issued to John Oney, situated in Crockett County, Texas, on the waters of a tributary of the Pecos River, about 40 miles Northwest from the County seat of Crockett County, Texas: Beginning at the S.E. corner of survey 71, I & G.N. Ry. Co. Block 1, pine stake in md. of stone in N. line survey 70 mkd. S.E. 71; thence N. 993 vs. to the N.E. corner of said survey No. 71, a rock monument on N.W. Slope of hill mkd. N.E. 71 from which a windmill brs. N. 69 degs. W. Do. brs. S. 48 degs. 50 min. W. thence E. 302 vs. to S.E. corner survey 72, thence N. 584 vs. to stake in E. line of survey 72, and 8 1/2 vs. N. of mesquite stake in md. of stone mkd. EL. 72, from which windmill at Thompson's ranch house brs. N. 41 degs. 14 min. E. another windmill brs. N. 81 degs. 24 min. W. and round peak brs. N. 79 degs. 29 min. W; thence E. 947 vs. for the N.E. corner this survey, same being 8 1/2 vs. N. of a black walnut stake in md. of stone mkd. W.L. 58, thence E. 337 vs. a re-entrant corner of survey 58, thence S. 950 vs. a re-entrant corner of survey 58, thence W. 493 vs. the most southerly N. W. corner of survey 58, thence S. 557 vs. to a point in the N. line of survey 70 and W. line of survey 57, and 116 vs. W. from the N.E. corner of survey 70, a pine stake in md. of stone mkd. N. E. 70; thence W. 1093 vs. to a place of beginning and being the

South 1/2 of survey No. 71 1/2 containing 353 acres of land, more or less;"

2. That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him, the possession thereof, to his damage in the sum of Three Thousand (\$3,000.00) Dollars.

3. That the reasonable annual rental value of said land and premises is Three Hundred (\$300.00) Dollars.

4. That plaintiff has had and held open, adverse and peaceful possession of said above described land and premises for a period of ten years next preceding the filing of this petition claiming same in fee simple against the world using and enjoying the same under fence and occupied by plaintiff for grazing purposes.

5. And in the alternative and for cause of action against the defendant Henry M. Half, plaintiff says that on December 1, 1922 plaintiff purchased said above described tract of land from Henry M. Half together with other lands, paying said Henry M. Half therefor the sum of \$13,000.00; and that it was agreed and understood that said price was for all of said lands Henry M. Half claimed or owned or had title to, adjoining Section 70, 71, 72 and 73, of I & G N Ry. Co. survey Block No. 1, and that this plaintiff thought that said above described tract of land was included in the deed from Henry M. Half to the plaintiff, George L. Thompson, dated December 1, 1922, recorded in Bk. 16, page 285, Deed Records of Crockett County, Texas; and only recently to-wit, in the month of June 1927, discovered that said deed did not contain a description of the said above described tract of land, and therefore this plaintiff says that the defendant, Henry M. Half, is entitled to and in duty bound to convey said above described tract of land unto him.

6. Plaintiff further avers that the description of the above tract of land was inadvertently and through mutual mistake left out of said deed from Henry M. Half to the plaintiff herein, George L. Thompson, it being the intention of both parties that said above described tract of land should be con-

tained in said above mentioned deed together with other land.

WHEREFORE, premises considered, plaintiff prays the Court that defendants and each of them, be cited to appear and answer this petition, and upon a hearing hereof, plaintiff have his judgment for the title and possession of said above described tract of land and premises, and in the alternative that the deed from Henry M. Half to George L. Thompson dated December 1, 1922 recorded in Bk. 16, page 285, Deed Records of Crockett County, Texas, be corrected so as to include the above described tract of land and that all title to said above described tract of land be divested out of the defendants and each of them, and be vested in fee simple in this plaintiff, and that writ of restitution issue and for his rents, damages and costs of suit, and for such other and further relief, special and general

in law and in equity, as he may be justly entitled to receive.

This cause is brought as well to try title as for damages.

Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Ozona, Texas, On this the 15th day of August A. D. 1927.

(SEAL) E. B. Baggett, Jr., Clerk, District Court Crockett County, Texas —19-4tc.

Mr. and Mrs. Grady Mitcham spent the week-end here visiting Mrs. Mitcham's parents, Mr. and Mrs. Pleas Childress.

Dr. Thos. P. Holt, Chiropractor. Office in Ozona Hotel, Telephone 32. —21-tfc.

An Adjustable Steering Column to Suit Your Convenience

Buick for 1928 is extremely thoughtful of feminine comfort. One indication of this consideration is Buick's new steering column, which may be adjusted to the most comfortable position for women, as well as men.

And in addition, Buick for 1928 has a new steering wheel—slender to fit feminine fingers—yet deep and solid to provide the firm grip men demand.

Buick for 1928 pleases women because it is easier to drive—because it is more comfortable to ride in—and because it is the acknowledged style-leader among motor cars. That's why you see so many Buicks at fashionable gatherings and on the smartest boulevards.

Always Fresh

"Eat plenty of green vegetables and fresh fruits, especially in warm weather," is the advice of all physicians throughout the land. Tempt rebellious family appetites with seasonable foods—it will make your task of preparing summer meals much easier, for this is the time when fresh fruits and vegetables are varied and plentiful, and at their best in every way. We receive frequent shipments from the market centers, and they are always of the finest quality—full flavored and rich with nature's health qualities.

The wise housewife will preserve for winter's use a supply of these delicacies. Canning season is short and you should order your supply now while produce is at the height of perfection.

Lay in your winter's supply of staple groceries now.

ENTERTAIN WITH BRIDGE

Mrs. Maubry Morrison and Mrs. Rice Lynn entertained with bridge at Mrs. Morrison's ranch home last Thursday afternoon. At the conclusion of the games, Mrs. Joe Oberkamp was found to have high

score. Refreshments consisting of ice cream and cake were served to the following guests: Mesdames Albert Bailey, Joe North, J. H. Criner, Joe Pierce, Lee Childress, John Henderson, Jr., Nelson Hawkins, Evert White, Massie West.

Joe Oberkamp, Joe Davidson, Harry J. Friend, Ury Smith, Early Baggett, Ralph Meinecke, Strick Harvick, Tom Smith, Will Grimmer, Tommy Hunter, Welton Bunger, and Misses Katie B. Simmons, Vivian Baggett, Mary Kincaid, Gertrude North and Hester Bunger

FAREWELL PARTY

Misses Mary Childress and Rachel Graham entertained Monday afternoon at the N. W. Graham home with a farewell party honoring Miss Francis Burke, daughter of Mr. and Mrs. Ed Burke, who have moved to Alpine to make their home.

After several games were enjoyed, a delicious salad course was served to the following guests: Misses Eleanor Ingham, Mildred North, Ethel Bennett, Maggie Mae Kay, Tessie Kyle, Kathryn Baggett, Johnye Cross, and Francis Burke.

SEE MRS. KITTLE at Mrs. Jim Moore's residence for Hata, Satin and Crepe Dresses, also Nelly Don house dresses and Sports Suits, Hose, Gowns, Pajamas, Bloomers, Teds, Brassiers, Purses, Ties, Handkerchiefs and a nice assortment of Novelties. —21-2c

The Merry Matrons Bridge Club will be entertained Friday afternoon of next week at the home of Mrs. Lee Childress.

42 CLUB ENTERTAINED

Mrs. Strick Harvick and Mrs. Tom Smith entertained the Forty-two club at the home of Mrs. Smith Tuesday evening. The party was given in the outdoors, tables being arranged on the spacious concrete drive at the back of the Smith home. There were about ten tables of players present.

Punch was served during the games and at the close of the evening refreshments of ice cream and cake were served. The next meeting of the club will be at the home of Mrs. Joe Pierce.

**The Home Merchant
And The Peddler**

The wolf is an eternal worry to the ranchmen. They sneak into his flocks when least expected and kill his sheep.

The screw worm will get in cattle and sheep taking its toll, diminishing his herds, causing him extra labor and worry.

The Prairie Dog will get in the best part of his pasture and will eat and destroy his feed, dig holes in the ground, and make it unsafe for him to ride over it.

Every ranchman dreads these pests that year after year haras his work.

In ranching as in all other business, the margin between success and failure is often very small. It hurts him to lose a lamb or calf crop. For he has put in many days of hard work to produce it.

He depends on it for his profit, that he may meet his financial obligations. What the wolf, screw worm and Prairie Dogs and other pests are to the ranchman, the nibblers of his profit, the house to house peddler is to the merchants

of Ozona. Swarming in the homes of our community, grabbing a little business here and there, pulling away on the profits of the merchants who support our city.

Did you ever ask one of these peddlers to support a local charity fund or any other worthy movement, if so, how surprised he must have been at your suggestion, as he told you—"Why, I don't live here!" He is in our city and community for only one reason and that is to get the good easy money that he can spend some where else. Beyond that he has no interest in Ozona.

The average peddler is a parasite who feeds on business that should stay right here at home. By a subtle means he leads you to believe that the bargains he offers are better in price and quality than you can obtain here at home. As a matter of fact, it is the reverse and can easily be verified by looking for the articles he has for sale in your own stores and making comparison. Every dollar spent at home is a dollar invested. Every dollar spent with the peddler is gone never to return.

MRS. WILL ADAMS ENTERTAINS MISSIONARY SOCIETY

The Woman's Missionary Society of the Baptist Church was delightfully entertained at the ranch home of Mrs. Will Adams last Wednesday. After a brief business session, an interesting program was rendered concerning work in Latin Countries.

In appreciation for the fine work Mrs. H. Q. Lyles has done in the society, Mrs. M. M. Fulmer on behalf of the Society, presented her with two new books. Mrs. Lyles

moves this month to their new ranch in Terrel County. Members feel that her going is a real loss to the society. Delicious refreshments consisting of iced watermelon, lemonade and cake were served.

Those enjoying the hospitality of Mrs. Adams were: Mesdames Myrtle Mitchell, Laura Hoover, Hatton, H. Q. Lyles, Gallion, A. E. Deland, Albert Kay, Bewley, Willis, Jim Patrick and Fulmer.

ROOM WANTED—Young lady wants to rent room in private family. Call The Stockman office.

Mrs. Tommy Hunter has as her guest this week Miss Farmer of Miles.

Walter Augustine is moving his sheep to the ranch he recently purchased on the Pecos River.

Mrs. Bob Austin of Fort Worth is here visiting her parents, Mr. and Mrs. J. R. Kersey.

Roy Parker has just completed extensive improvements on the interior of his shop. A partition has been placed near the rear of the store, cutting off the tailor shop from the front, and the stock and office have been rearranged for greater convenience and a more attractive display of stock.

FOR SALE—Floor Lamp, Refrigerator, Sewing Table and China Closet. Inquire at the Stockman office. —21-tfc

NOTICE OF HEARING
To Appropriate Public Waters
Of The State Of Texas. No. 1111.

Notice is hereby given, to whom concerned, that THE TEXAS COMPANY, the postoffice address of which is Houston, Texas, did on the 5th day of August, A. D. 1927, file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Pecos River, in Crockett County, Texas, sufficient water for mining purposes, not to exceed one hundred and fifty (150) acre-feet per annum, to be diverted by means of a pumping plant, said pumping plant to be located at a point which bears S. 19 degrees 54' W. 11032.7 feet from the Most northern or N. W. corner of H. & T. C. R. R. Co. Survey No. 18, on the East bank of the Pecos River, in Crockett County, Texas, and is distant in a Northwesterly direction from Ozona, Texas, about sixty-five (65) miles.

You are hereby further notified that the said Texas Company proposes to install a pumping plant, said pumping plant to consist of a 5'x10" Vertical Triplex pump, operated by a 35 H. P. gas or oil engine, having a height of lift of twenty feet, and to divert therewith not to exceed one hundred and fifty (150) acre-feet of water per annum for mining purposes.

A hearing on the application of the said THE TEXAS COMPANY will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Monday, September 26th, A. D. 1927, beginning at ten o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board, at Austin, Texas, this the 10th day of August, A. D. 1927.

SYNOPSIS

Edison Forbes, a young resident of Scottsdale, has an inherent crave for liquor. He and a companion are on a spree one night when they come upon a liquor truck that has smashed a small car and killed a woman. His companion leaves him, also the drunken driver of the truck escapes. He is arrested and convicted for the killing, but is later pardoned by the governor.

Forbes and his young wife, Patsy Jane, then leave Scottsdale and go to Long Portage, where they have a worthless farm. Their neighbor, Sealman, tries to buy the farm, offering twice as much as it is worth, but the Forbes refuse to sell.

Eddie helps to get a liquor truck out of the mud and is rewarded with a bottle of fire-water. He later gets drunk and Patsy tells him that if he gets drunk again she will leave him.

**CHAPTER XI
Shanghaied**

Eddie lay for many hours in a stupor so profound it was death-like. For other hours he was in a delirium shot through with the misery of real illness. His head ached. His flesh protested as though it were being torn from his bones. The bones themselves seemed packed with pain. He was immersed in a violently moving hell which screamed and clattered beneath him, and tossed him unfeelingly about.

It was early night of the second day before consciousness returned. He was very weak, and his head throbbled violently. He was able after many attempts to sit up, bracing himself against a wall of partition while he groped in the maze that netted him.

First, he was in darkness, clangorous and complete. Second, he was in a railway freight car in full motion. How he got there he could not recall. Think as he would, his head between his hands he could remember nothing after the first drink on the rum-cruiser.

It was a long time before he could stand up. His trembling fingers revealed that he was imprisoned in a narrow space running

between the two doors in the center of the car. There were crosswise partitions holding in place a cargo that pounded and rasped with the motion of the car. Further explorations told him the cargo was hardened bolts about four feet in length.

He tried the two doors. He was able to slide each of them a little way. He could not open them, because they were sealed. It was apparent that they were now in the outskirts of a most ideal railroad center. Pencils twilight from successive streetlamps pierced the darkness of the prison fleetingly. The train rattled interminably over switchpoints. The droning sound of their progress proved that long lines of cars paralleled them on sidings.

Resolution overcame weakness. He had to get out! He crawled up the partition on his left. There was space for his body between the topmost layer of bolts and the car roof. He wriggled forward, toward the little door, high up, in the end of the car.

He found it, but it, too, was locked. He could not budge it. He inched backward to the center of the car, crossed the open space, and mounted the other partition to the piles of timber in the rear half. These tiers were not piled so high. He was soon examining the rear end door. It was fastened, but it seemed weak. He found a slender bolt, which could be handled as a battering ram.

Half-sitting, half-crouching, he drove it against the little door which had been cracked across in the past by shifting cargoes. Soon he had broken away two of the boards composing it, so that he could reach out, twist off the seal and remove the hasp. The door slid back easily.

He was free. But another problem presented itself. The train puffed steadily onward. The wheel made evil noises on the many curves, and the cars leaned sharply to the new direction. How could he, in his weakened condition, crawl out the narrow doorway; find the grab-irons and descend them to safety? He was sure to fall beneath the cars and be ground

to pieces.

Fortune inclined to him in friendly fashion. There was a long whistle-train slowed, stopped. He could hear blast from the locomotive, and the men calling to one another. The train was standing by a long freight shed, whose platform was illuminated by many arc-lights. Seals were being broken; there was a rattling of hand trucks. The stop was a permanent one.

He crawled out of the little end door dizzily, found the grab irons, and descended in the darkness on the side opposite the platform. He was in a narrow aisle between two lines of cars. He turned in the direction from whence he had come.

The terminal was Chicago. This he learned from electric signs when the yard broadened out beyond the end of the train. He was several hundred miles from Long Portage. The first problem was food; the second, to get back to Patsy Jane as soon as possible. Remorse scourged him as he thought of her alone in the cabin in the wilderness, worrying over him, torn with suspense at his absence.

He thrust his hands into his pockets. Suspicion became a certainty. The rum-runners had drugged and shanghaied him. To make results more effective, they had robbed him of the few dollars he had had. Their motive was a mystery which could be left to the future for solution. Meantime, there was satisfaction in the thought that he had opened an account in the Long Portage State Bank, a few days previously and deposited nearly all his money.

He carried a dollar bill for emergencies in a small pocket of his

trousers, and this had been overlooked. When, on the windows of a dingy store on the street beside the railroad grade he was invited to "Eat Here," he descended. He spent seventy cents for coarse filling food.

It revived him wonderfully. When he took to the grade again his aches and pains had grown more subdued. His head was clearing he was no longer dizzy. Fortunately the night was warm for April. After two hours of walking a lumber yard invited him. He crawled through strands of barbed wire and laid down on some sheltered planks, odorless with the scent of the north. He slept soundly.

Winning his way home was not easy. He inexperienced in stealing rides. He walked many miles. Eating was a problem, though not a serious one. When he asked for food at back doors, he offered so earnestly to work for it that he was rarely refused. When the work was efficiently and eagerly performed, the grateful housekeeper usually gave him a package of food for the coming meal.

He passed through Scottsdale at night on the bumpers of a fast freight. It was early, but the little town slumbered peacefully, its arcs illuminating empty streets. Nostalgia and self-pity possessed him as he clung to a brakebeam and rumbled through the place where he was born. He yearned toward it, even though it regarded him as a criminal, an outcast and a failure.

He dropped from an empty car at daybreak, the sixth day of his absence, in the Long Portage yards. He was tired and hungry and dirty; but he could not wait. He hurried up the cement sidewalk which flanked the broad main street. His footsteps clicked hollowly in the hush that settles on the world just before sunrise. He was well beyond the town when the sun appeared on the winding sandy

track ahead of him, sentinelled in its arising by two stubs of what had once been giant pines.

(CONTINUED NEXT WEEK)

New Oil-O-Matic furnaces are being installed this week in two more Ozona residences. J. T. Keeton is installing the furnaces in the homes of Mrs. L. B. Cox and J. W. Henderson, Jr.

Have You Had Your Wiring Inspected

POWER

"The Spirit of America"

Made into what it is today by suffering, grit and determination. Empires are made by the coordination of the whole populace—not towns, counties or hamlets.

Self-preservation is one of nature's laws. Thus we have towns. Counties link the towns under a common ruling force, and the State acts as delegate to the other parts of the combine.

Cities manufacture, job, export and import. They depend on their city for manpower. Manpower depends on the producer for existence.

Large towns only wholesale. They depend on the local and surrounding small town Retailers. The retailers depend on the population.

The Population, though some hate to admit it, depends on the retailer. The "Merchant Guild" is the oldest organized business in the world. There must be some Economic reason for it.

We know there is merchandise "bought out of town." Not some, but a great quantity. Some of it is justified—it can't be bought at home. But, by the Great Horn Spoon, you're a community drag if you don't buy at home that which you can. You're losing the community Power. You're out of step.

We add to community power by giving you THE SAME PERCENTAGE OF MARK-UP on our merchandise that PIGLEY WIGLEY asks of you 85 miles from here. BUT WE OFFER YOU MORE. We keep the entire profit for Ozona. The former keeps only part of it for San Angelo—the rest goes clean out of the state—for they have to pay percentage on sales and franchise to operate—to the head office.

There is hardly a man, woman or child in Ozona who is not well educated.

Education is supposed to teach you to think. Do it then and spend your money at home.

Use your head and pay for it where you get it. Give your dollar a chance to show its POWER.

What gives a town Power? Churches? Yes—90 per cent of it, for the unsave we have with us always. But the other 10 per cent must be ceded to the business district. Why not go to a half dozen small towns surrounding here? They have blooming good people. But, my word—their Business District! That's the answer.

We Go The Limit To Please.

Ozona Invited To Send Bathing Beauty To Del Rio Pageant

Ozona has been invited to attend the bathing revue which Del Rio will stage September 5, Labor Day and the board of directors of the Ozona Chamber of Commerce has been asked to name a girl, to be called Miss Ozona, to represent this city. The revue will begin at 4 o'clock

on Labor Day and, according to information received here, will furnish plenty of entertainment for the visitors. The Fort Clark orchestra will furnish music for the occasion. There will be swimming and diving contests and other features. Refreshments will be served on the grounds. The bathing revue will be the final and most impressive event on the program, with the girls being presented in costume. It is expected that many beautiful and striking costumes will be worn.

Representatives from as far away as San Angelo, San Antonio and Laredo are expected to be present. Hundreds of out-of-town guests will be there, it is predicted.

Boys and girls from neighboring towns are invited to enter the swimming and diving contests. Beautiful prizes will be given the winners in the contests and in the revue.

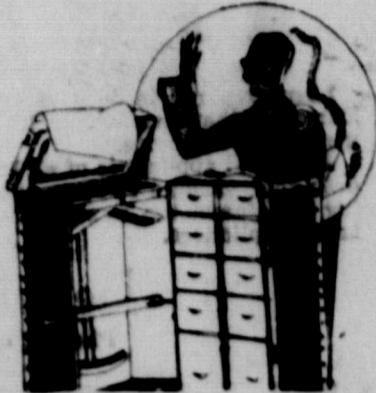

Misses Cara Mae and Lella McKee and their mother of Frankston Texas, are here visiting Mr. and Mrs. T. W. Patrick and family. Miss Cara Mae McKee is editor and publisher of the "Frankston Citizen," a weekly paper.

GENERAL TIRE

—goes a long way to make friends

The big thrill will come a year from now

There's a bigger thrill in looking at a set of tires that has been on your car a year or two than any new set ever offered. Then you know you have enjoyed a greater economy, by spreading your original investment over the greatest number of miles, than the man who saved a few dollars on "first cost" but has bought several times since. There, is the soundest kind of reason why car owners are swinging to Generals everywhere . . . because General is the kind of tire you can check up on a year or two years from now and prove to yourself that your cost per mile of service has been considerably less.

During the last five months we have sold here in Ozona over \$10,000 worth General Tires and General Puncture Seal Tubes. The public is quick to realize the long service that the General Tire offers. More people every day are riding on Generals and enjoying the comfort and security that they give, and that is the reason that we say that "Generals go a long way" to make friends, and it is not "The first 10,000 miles but the second 10,000 miles" that count. Come in and let us show you the superior features of this famous tire that motorists are changing over to on account of the big mileage they are giving. We will take your old tires in as part payment on Generals.
