

DOOPS, OUR ERROR, WPA SAYS; RAZE WRONG BUILDING

Embarrassed New York WPA officials reveal that the crew of workmen sent to raze a three-story building, at the owner's request, and in line with the city's improvement program, had—entirely by mistake—torn down the building next door, a three-story structure that had been abandoned. The vacant space above is where it used to be. The buildings had no street numbers, it was explained.

Reorganization Proposal Becomes A Party Issue

Demos Rally To Defeat GOP Amendments

WASHINGTON, Mar. 8 (AP)—House democrats rallied their forces today in an attempt to guide the government reorganization bill through a barrage of republican amendments.

Outnumbered by republicans on the floor just before the bill was taken up for amendment, they demanded a quorum call to bring absent members into the chamber.

The democratic whip organization already had issued orders for all democrats to be on hand while the bill was in the amendment stage but some were late arriving from committee hearings.

Rep. Dickstein (R-Ill.) stood by to submit a controversial amendment to substitute for the house bill a measure sponsored by Senator Byrd (D-Va.).

Democratic leaders expressed confidence, however, of defeating the Dickstein amendment, then quickly passing their own measure by virtually a straight party vote.

Republicans showed their friendliness toward the Byrd bill yesterday by jumping to their feet when Rep. Keller (D-Ill.) inquired in a challenging voice how many a them would vote for it.

The two measures differ basically on one vital point:

The house bill would allow the president's reorganization suggestions to become effective automatically within 60 days after their submission to congress unless both senate and house turned them down.

The Byrd bill would cancel reorganization proposals unless the two branches approved them within 30 days.

Despite insistence from spokesmen of both parties that reorganization was not a partisan issue, the scrap in the house developed primarily along party lines. And the republicans were outnumbered.

The speed with which the house moved toward a vote on the bill and the democratic unity on the issue contrasted sharply with the situation last year. Then the democrats divided and, after a prolonged argument that echoed throughout the country, shied a reorganization bill. This year's proposal has been modified to eliminate the principal points of controversy.

HOPEFUL PROMISES ACTION TO BACK UP NEW DEAL SPEECHES

WASHINGTON, Mar. 8 (AP)—Secretary of Commerce Hopkins promised business today positive action to back up pledges of cooperation in recent statements of administration leaders.

"Life is just too short," Hopkins said, "to make speeches unless you're going to do something about it."

He ascribed to political rivalry and "cynicism" any doubts which might have been raised about sincerity of the administration statements. He referred to his own cooperation speech at Des Moines, Iowa, the re-novated premise of Secretary Morgenthau, the new-business legislation statement of the president, and similar promises.

Tax Parleys On Schedule

WASHINGTON, Mar. 8 (AP)—President Roosevelt scheduled conferences on the tax question today with Secretary Morgenthau and Under-Secretary Hanes of the treasury, Chairman Harrison (D-Miss.) of the senate finance committee, and Representative Cooper (D-Tenn.) of the house ways and means committee.

Hanes and Morgenthau, who have been studying the tax structure to determine whether it contained deterrents to business which might be removed, met with Mr. Roosevelt today.

Presidential aides said this conference probably would be followed tomorrow by a session with Harrison and Cooper. Harrison recently pleaded for reduction of governmental expenditures and applauded statements by the treasury secretary that no new taxes were in prospect.

Stephen T. Early, White House press secretary, also announced that the president would confer later today with Secretaries Hull, Morgenthau, Wallace and Hopkins.

The subject of this conference may be cotton, Early said he believed. High treasury officials meanwhile disclosed the heart of the administration's business co-operation program may be a bill permitting corporations to balance their losses of bad years against their profits of good years in figuring income taxes.

Such corporate income tax provisions were in effect during the 1921-29 period, it was pointed out.

The treasury's program, however, is still uncertain. Secretary Morgenthau wants to see the size of the March 15 income tax collections before deciding what sacrifices the treasury can make in order to woo business.

DOOMED NEGRO IS DENIED CLEMENCY

AUSTIN, Mar. 8 (AP)—The state board of pardons today unanimously refused to recommend clemency for Harvey T. Nealy, 22-year-old Dallas county negro, convicted on a charge of murder and scheduled for execution Friday.

The death penalty case will be the second to face Gov. W. Lee O'Daniel who is strongly opposed to capital punishment.

Child Welfare Board Sought

Headed by the Church Federation of Women, a movement has been launched for the establishment of a County Child Welfare Board in Howard county. Mrs. Elizabeth Wyatt, director of the field staff for the Texas Division of Child Welfare, operating under the board of control of Austin, and Miss Mildred Hoskins of Lubbock, district worker in the division that includes Howard county, with representatives of the federation met in session Tuesday with County Judge Sullivan and the commissioners to petition for the appointment of such a board.

A state statute provides for the appointment of the board which will act as an agency for child cases requiring aid. The board would consist of both men and women and would combine both city and county welfare work. This, it is believed, would centralize efforts and avoid duplication.

All child assistance locally has been done by private individuals, organizations, and the welfare board of the church federation. The board would meet once a month and act as a clearing house for cases. This body would be affiliated with both the district and state welfare boards and Mrs. Hoskins would be available for information and assistance should special cases arise.

There are now between 50 and 90 such boards operating throughout the state. The commissioner's court is due to meet Monday when action may be taken on the petition.

DEATH PENALTY FOR NEGRO AFFIRMED

AUSTIN, Mar. 8 (AP)—The court of criminal appeals today made final its ruling Johnny Caesar, Dallas negro convicted of murder, must die in the electric chair.

Caesar, alias Will Gentry, received the death sentence on a charge of killing his wife, Corinne Alton, a congress, with an axe on May 17, 1938.

Because the jury was charged on a Sunday, the court overruled the state's motion for a rehearing and made final its decision reversing the conviction and life sentence assessed Valentine Guerrero, of Goliad county, charged with murdering his wife Juanna, on July 25, 1937.

INSURANCE MURDER CASE IS BEFORE HIGH COURT

AUSTIN, Mar. 8 (AP)—The insurance plot death of 18-year-old Marvin Dale Noblitt of Harlingen and San Antonio, who was hurled from Agua Fria cliff in Brewster county by Francis M. Black, Jr., was reviewed before the court of criminal appeals here today.

Defense attorneys, seeking to reverse Black's death, penalty verdict, argued the defendant was not given a fair trial, that the judge's charge to the jury was defective and that the case was tried and a verdict returned too hurriedly.

PROFESSOR AT TECH CLAIMED BY DEATH

LUBBOCK, Mar. 8 (AP)—Rupert Winthrop Fowler, 66, associate professor of English at Texas Technological college and formerly a faculty member at the University of Texas, died in a hospital here this morning at 12:37 o'clock of a heart ailment.

After a brief service here this afternoon, the body will be sent to Austin and a service will be conducted there Thursday afternoon. Burial will be in an Austin cemetery.

DAVEY O'BRIEN TAKES COACHING JOB; TO GUIDE A SQUAD OF 16 YOUNGSTERS IN SPRING TRAINING

DALLAS, Mar. 8 (AP)—Davey O'Brien, the football wizard who has refused dozens of offers to coach at large schools, finally accepted one today.

He'll be headmaster over the spring training activities of Texas Country Day school here.

O'Brien picked a school with an enrollment of only 65, and a football squad of 16 youngsters.

Over 21 days the former Texas Christian quarterback will impart the wisdom he learned on the football field to a scrappy band of kids who get the thrill of their lives when the nose-guard meets the line.

The news clipped the boys into a state of a few seconds. Then ear-splitting applause shook the room.

Bouve said later that O'Brien would be paid a nominal sum, but that it largely was a "gratitude gesture" on the part of the T. C. C. All-American, who was eager to help a group of ambitious kids.

"This is not a move to lure our school into a 'football school'," Bouve said. "We wanted the boys to meet O'Brien; they got a thrill out of it, and we have arranged for Davey to lead in calisthenics for the smaller school."

LABOR COMMITTEES WILL MEET AGAIN

Interior Dept. Fund Bill Is Cut Down

Committee Allows More, However, Than For Current Year

WASHINGTON, March 8—The house appropriations committee whittled \$6,254,188 today off the amount requested to run the interior department for the year starting July 1, but gave the agency \$14,851,991 more than that it had for the current fiscal year.

Over 100 Million

The committee recommended a total of \$100,578,906 to finance the department's manifold activities including reclamation, Indian service, geological survey and the office of education.

For the current fiscal year, the department's regular appropriation amounted to \$129, 678,460 but deficiency items boosted the total to \$146,736,913.

Principal reductions effected in the budget estimates included denial of \$2,500,000 recommended for air-conditioning of five federal buildings in Washington; \$1,000,000 lopped off a \$5,000,000 item for continuation of construction on the Blue Ridge and Natchez Trace parkway and \$10,000,000 from the estimate for the Bonneville dam power project.

The committee explained, however, that some of these savings were temporary because the expenditures would have to be made later.

A \$600,000 slash was recommended in the bituminous coal commission's funds for next year as necessary if expenditures of that agency were to be held within the anticipated receipts from the one per cent excise tax on soft coal under the Guffey coal act. The commission still would get \$3,900,000 for the next fiscal year.

Criticizing what it called excessive salaries paid some officials of the United States housing authority and the USHA's proposals for numerous promotions "in many of the higher salary grades," the committee cut the authority's administrative expense fund from \$7,000,000 to \$4,500,000 and proposed a ban on promotions in positions paying \$4,000 or more yearly.

A \$35,000 increase was recommended for the bureau of mines to permit it to carry on experimental and research work in connection with the production of metallic manganese which the bureau said was valuable for aircraft construction.

Proposal Is Made For Repeal Of Neutrality Acts

Senator Would Let President Direct Policies; FD Himself Says Laws Are Not Satisfactory

WASHINGTON, Mar. 8 (AP)—Senator Lewis (D-Ill.) proposed repeal of the neutrality laws today. His measure would direct the president to enforce neutrality by "appropriate executive orders."

Lewis' measure, offered as the senate convened, would repeal the neutrality statutes of 1935, 1936, 1937 and 1938.

It proposed that "the policy of neutrality x x x is to be executed from time to time by appropriate executive orders by the president of the United States, and enforced in such branches of the government as should be directed."

The house, meanwhile, rejected senate amendments to the army expansion bill, and asked that a joint senate-house committee be appointed to work out a compromise.

At a senate committee hearing, a high naval staff officer objected to a proposal to shift proposed naval improvements on Guam to a rivers and harbors bill.

His principal grounds were that a delay might result if the Guam project were not included in the pending naval airbase bill.

There were indications, meanwhile, that the administration soon may ask congress to overhaul the neutrality act.

President Roosevelt evinced dissatisfaction with the law yesterday, telling reporters it had not contributed to world peace. Instead, he said, it may have been partly responsible for threats of war.

The chief executive spoke shortly after the senate had approved the \$538,000,000 army expansion bill. The measure, previously passed by the house in slightly different form, now goes to a joint committee for adjustment of the discrepancies.

There was speculation the administration might propose revising the neutrality law to permit the president to discriminate against aggressor nations if congress approved.

The president also renewed his opposition to a proposal requiring a vote of the people before congress could declare war.

A constitutional amendment on this subject was pigeonholed in the house last session after Mr. Roosevelt and Secretary Hull had voiced opposition. A dozen senators recently revived the idea and are seeking its enactment.

The president said the country's defense might easily be hampered by a referendum. He said considerations of primary importance were the time element involved in beginning military action and the question of defining war. It was possible, Mr. Roosevelt asserted, that the country's vital interests might be wrecked by a qual-war even though no war had been formally declared.

Will Continue Negotiations For Peace

Lewis' Proposal For Unified Movement Rejected By AFL

WASHINGTON, March 8 (AP)—The AFL and CIO peace committees recessed their joint conference on a settlement of their labor war today with an agreement to meet again in New York City March 10.

Statement To Press

Harry C. Bates, a member of the American Federation of Labor negotiating committee, disclosed the action of the conference in a prepared statement to the press.

The statement said: "The conference made a preliminary canvass of its problems and met briefly with the secretary of labor."

"The conference agreed to recess and meet in New York City at 8 p. m. Friday, March 10, at which time it will consider proposals made yesterday by the CIO or any other suggestions that might be laid before it."

John L. Lewis, head of the Congress of Industrial Organizations negotiating committee, suggested yesterday a plan for labor peace which would combine the nation's major labor organizations in a united labor movement.

The AFL committee flatly turned down Lewis' proposal immediately after it was made, but the statement from Bates indicated it at least would be discussed in the negotiations.

The CIO president appealed to the AFL today for "intelligent analysis" of his proposal.

Lewis made his appeal at the opening of New Congress of Industrial Organizations—American Federation of Labor peace negotiations, held at the behest of President Roosevelt.

Except for a blunt refusal to accept Lewis' suggestions for amalgamating the CIO, AFL and four big railroad brotherhoods into a new American congress of labor, the AFL committee remained silent on its plans.

It is expected, however, to counter the Lewis proposal with one of its own to bring about a united labor movement by taking in the CIO unions on terms which Lewis once rejected.

The addition of Daniel Tobin to the AFL committee brought reports from administration quarters of new hopes that the conference would result in a settlement.

As the head of the powerful Teamsters' Union, Tobin is rated by these men as one of the chief figures in the negotiations. He holds the biggest bloc of votes in the AFL.

Lewis' scheme, which would affect some 8,000,000 workers, called for the CIO and AFL to sanction the creation of a new labor movement by June 1. This would supersede and embrace their respective memberships and would include all the nation's biggest rail unions, the Brotherhood of Engineers, the Locomotive Enginemens and Firemen, the Trainmen, and the Order of Railway Conductors.

The militant chief of the CIO, who claims a following of 4,000,000 workers, included proposals to eliminate himself and AFL President Green from the leadership, and turn over to the labor department the job of mediating all conflicting CIO-AFL overlapping jurisdictions.

S. T. Bledsoe, Santa Fe Ry. Chief, Dies

Started Railroad Career As A Lawyer In 1895

CHICAGO, Mar. 8 (AP)—Samuel T. Bledsoe, 70, president of the Atchison, Topeka and Santa Fe railway since 1933, died in his home early today.

Bledsoe had been in ill health since the first of the year. His condition took a turn for the worse Monday.

Bledsoe, a lawyer, began his railroad career as legal counsel for the Gulf, Colorado and Santa Fe railroad in 1895.

In 1908 he became solicitor for the Santa Fe line in Oklahoma, advancing to the position of general attorney four years later.

From 1930 to 1933 he was chairman of the line's executive committee and general counsel.

In addition to heading the Santa Fe, Bledsoe was a director of Railway Express Agency, Inc., and the Continental Illinois Bank and Trust company.

He was born May 12, 1868, in Clinton county, Kentucky, and he obtained his legal education at the University of Texas.

His earlier education was in the common schools in Clinton county, a private school at Jamestown, Ky., and the Southern Normal School and Business college at Bowling Green, Ky.

Bledsoe's first job was that of school teacher in the county of his birth in 1885. He also taught in Cumberland and Grayson counties, and in 1890 was admitted to the bar at Sherman, Texas, and began to practice at Ardmore in the Indian Territory which became Oklahoma, continuing it there until 1914.

Bledsoe came to Chicago in 1915, when he was made assistant general solicitor of the Santa Fe system.

Surviving were his widow, Mrs. Talitha B. Bledsoe; a daughter, Mrs. B. J. Lett Cornack, Beverly Hills, Calif.; and a son, Virgil T. Bledsoe, Phoenix, Ariz.

Prosecutor Is Indicted

KANSAS CITY, Mar. 8 (AP)—With a curt denial of official neglect, W. W. Graves held onto the job of Jackson county prosecutor today and called for prompt trial on indictments that said he sat idle while the law was broken before his eyes.

The county grand jury saw the broad-shouldered official try to stop its crime hunt, received a "go-ahead" signal from the state supreme court, eventually heard Graves in the role of prosecutor in some cases—then turned on him.

Thus the long fight between Kansas City's dominant democratic leader, Tom Pendergast, and his democratic antagonist, Gov. Lloyd C. Stark, came to a head.

Graves is a Pendergast man. Stark issued a statement Dec. 28 in which he charged there was a "breakdown in law enforcement" in Kansas City and assailed "the unrestrained violation."

WOODWARD IS CONFIRMED BY SENATE

Three Members For Tech Director Also Accepted

AUSTIN, Mar. 8 (AP)—The senate today confirmed Governor W. Lee O'Daniel's appointment of former Senator Walter Woodward of Coleman as state life insurance commissioner.

It also confirmed the governor's nominees to the board of directors of Texas Technological college, Joe T. Shedd of Amarillo, Charles Thompson of Colorado and Milburn McCarty of Eastland.

The confirmations were made in executive session.

Previously, the senate in open session accepted a recommendation of its committee on governor's nomination that it grant the governor permission to withdraw the name of J. C. Hunter of Abilene as chairman-member of the highway commission, thus opening the way to submission of another appointee by the governor.

There has been no indication as to whom the chief executive would name. He asked the senate to withdraw Hunter's nomination at Hunter's request who said he did not wish to serve in view of the sectional controversy his nomination had aroused. East Texas senators severely criticized the Hunter nomination, claiming the governor should have named an East Texan.

Woodward was the second nominee for state life insurance commissioner, the senate having refused to confirm the first, Truett B. Smith of Tahoka.

Another development was senate consent for Chief Justice C. M. Cureton of the supreme court to withdraw the name of Stanhope Henry of Austin as the pardons nominee to the board of pardons and paroles. The committee on nominations has made no report on the court's second nominee, Adam R. Johnson of Austin, now director of the Texas Relief commission.

Miaja Quells Communists

MADRID, Mar. 8 (AP)—An isolated group of communist rebels was still holding out desperately tonight against General Jose Miaja's national defense regime but the backbone of the two-day uprising had been broken by Miaja's stern measures.

The city was quiet and no gunfire had been heard since morning when the government routed most of the communist groups.

Although the capitulation in this local war within Spain's civil war was not complete, the government announced by radio early in the afternoon that republican army chiefs involved in the communist rising had surrendered.

The announcement came shortly after revolting communists surrendered strategic points in the face of tank and hand grenade attacks by Miaja forces striving to put down the local war within Spain's civil war.

National defense forces were told to remain at their posts and not fire unless attacked. The absence of fighting indicated the communist rebels had accepted Miaja's ultimatum to surrender or suffer heavy aerial bombardment.

The communists had risen against the national defense regime because, they alleged, it intended to capitulate to the nationalist government of Generalissimo Francisco Franco, which holds three-fourths of Spain.

BRITAIN TO SUBMIT OWN PLAN TO SETTLE PALESTINE DISPUTE

LONDON, Mar. 8 (AP)—Britain tonight notified the Arabs and Jews who have sought unsuccessfully in a month-old London conference to reach an agreement on the future of Palestine, that she would draft her own "final plan" and submit it to both sides "early next week."

A British government spokesman said all negotiations would be suspended pending elaboration of the plan, which would be put to both sides "for acceptance or rejection."

MORE MONEY FOR RURAL SCHOOLS

Common school districts of Howard county received another sizeable amount of money Wednesday, pushing receipts for the week to near the \$100,000 mark.

The Wednesday payment was \$1 on the current state scholastic apportionment, amounting to \$1,262. It represented nine dollars on the \$22 apportionment.

Rural aid and February ad valorem tax payments Tuesday had brought \$2,635 to rural schools of the county.

BRITISH BANKS BACK CHINESE CURRENCY

LONDON, Mar. 8 (AP)—Sir John Simon, chancellor of the exchequer, announced in the house of commons today that the Chinese government has formed a \$50,000,000 currency stabilization fund, to which two British banks had contributed \$25,000,000.

"The stability of the Chinese dollar," he said, "is a matter of great importance to this country in view of our financial and economic relations with China."

McCarthy's Only Worry Is Left Field Where Selkirk And Keller Work For Post

The Sports Parade

By HANK HART

It's the ninth inning now and the chips are down. We may be behind. The shadows are beginning to lengthen across the field and it's too dark to see that scoreboard. The game has little chance of going extra innings. Plenty is at stake on a rally at this stage. If our sluggers can't hit that Mackeral No. Two, elimination and idleness is the verdict. So the chips are down.

For the past three weeks it has been a nip and tuck scrap. The odds have been burdensome and for a while, there in the middle rounds, it appeared we were going to have to desert ship. We were listing badly. But we rallied. Our hitters began to hit and our pitchers began to pitch.

Now, in a toe-to-toe battle, we enter the home stretch. The smash ending is due in the open confab in the district court room of the county court house around 7:30 o'clock this evening.

The enthusiastic warriors who have remained on to the very end can play their part by contributing their attendance tonight when the decision is interpreted.

A rule has been written into the laws of the West Texas Golf association meant to abolish the "boom" golfers who plague the club's annual tournaments. The regulation will permit only members of clubs belonging to the association to compete in future tournaments. Ninety days before each meeting the tournament committee will call for a list of club members from the secretary.

Says Gordon Big Help To Lou Gehrig

Iron Man On Verge Of Setting More League Records

By GAYLE TALBOT
ST. PETERSBURG, Fla., Mar. 8 (AP)—The New York Yankees are here again, gradually limbering up their swelling muscles and preparing to put on their annual rabbit drive in the American league. I know it's an illusion, but they look bigger even than they did last fall while they were belting the Chicago Cubs about in the world series.

In a way, it's harder to rig up a story about them than any of the other clubs. There is the same problem, I suppose, in trying to describe the Grand Canyon.

At each of the other American League camps there is a worried manager to tell you of his weak spots, to discuss possibilities of his rookie crop, and to wind up bitterly cursing the fate that placed him in the same league with the Yankees. There isn't much Joe McCarthy can say except that it's nice weather we're having and how is the family?

I told him I didn't suppose he was much worried about the prospects of winning his fourth straight world championship, and he said wait, that he would do a certain amount of worrying if his club was 30 games in front of the field. I told him that sort of worrying never kept anybody awake at night.

As a matter of fact, Joe does have one slight problem to iron out before the season starts. He must decide whether Charlie Keller, the super-rookie from Newark, should take over left field entirely or divide the position up with George Selkirk.

The best opinion around camp is that Keller, who hit .365 in the International last year, will open the campaign as a regular and add punch to the Yankee batting array. The remarkable Lou Gehrig, possessor of the consecutive game record and on the verge of eclipsing several "total" marks for runs and hits set in the long ago by Ty Cobb, is romping around first base every day and working himself nearly to exhaustion. Grinning McCarthy: "Lou's nearly 38, but I think he'll be good for two or three more

Loyola Seeks 20th Victory Friday Night

Novak And Kautz Are Major Factors In Amazing Success

CHICAGO, Mar. 8 (AP)—A long-legged center tall enough to bat the ball out of the basket and a frail-looking guard with an uncanny eye—these are primarily responsible for Loyola of Chicago's point-a-minute team and 19 straight victories.

The center is Mike Novak, six-foot-nine, whose great delight is tipping balls headed for two points out of the opposing goal. In addition, Novak is quite a point maker himself, having scored 213 markers.

Wilbur Kautz, six-foot, 165-pound guard, however, is the offensive ace of the unbeaten Chicago five. Kautz, an orthodox shooter whose speed and dribbling give him an edge on most opponents, has averaged 16.65 points a game this season, a total of 305.

Loyola, invited yesterday to compete in the annual sports writers tournament in New York, lists among its season's victims Santa Clara, Southern Methodist, City College of New York, Michigan State, Villanova and DePaul.

The team, coached by Leonard Sachs, now in his 16th year at Loyola, rolled up 296 points, an average of 49.21 points a game against their opponents' 296, or 30.84 markers per start.

This is the first undefeated team Sachs, one-time teammate of Nat Holman on the professional Chicago Bruins, has had since the 1928-29 season. He describes it as "the best I ever had" in many respects.

Loyola still has one hurdle to jump before recording an unbeaten season. Sachs' team plays Toledo university here Friday—the same team Loyola defeated Monday, 51 to 38.

\$184,000 Offered In ABC Marathon

CLEVELAND, Mar. 8 (AP)—The American Bowling Congress' longest marathon—26 days of kegers' thunder—opens tomorrow in Cleveland's public auditorium.

A total of 17,494 entrants will blast the maple for slices of \$184,000 in prize money. The nation's ranking bowling talent will be on the firing line during the tournament. Notables, too, will seek the strike groove. A brace of governors, Julius F. Hall of Wisconsin and Frank D. Fitzgerald of Michigan, will participate.

There was a lot of talk about him slowing up and having a terrible season last year. If he can play another like that for me I'll be satisfied.

"We were lucky we have such a great ground-coverer as Joe Gordon to take over second base just when Gehrig slowed down at first. What balls Lou can't reach Joe can."

Local Netters Go To Midland March 17

Roe Taylor And Martha Ehlman, Doubles Duo, To Play

Wayne Matthews will take his high school tennis squad to Midland Friday, March 17, for the second in a series of exhibition matches with the Midland high school squad.

In last week's duels, the local dropped two singles and two doubles engagements with the Midlandites on the local courts.

Matthews said he would probably take his girls' doubles team, Martha Ehlman and Roe Taylor, along with the boys. The two have been working out for the past week.

Denver Tourney To Attract 30 Cage Quints

DENVER, Mar. 8 (AP)—Thirty basketball teams from 20 states are entered so far in the 33rd national A.A.U. tournament, which opens here Sunday. The championship game will be played March 18.

The Chattanooga, Tenn., Woolen Mills team was the first to post its entry. Other states represented included Kansas, Texas, Colorado, Oklahoma, Ohio, Arkansas, Indiana, Nebraska, California, Wisconsin, Montana, Maryland, Utah, Kentucky, Oregon, Louisiana and Virginia.

JAWORSKY SETS NEW STANDARD

KINGSTON, R. I., Mar. 8 (AP)—Chet Jaworski, Rhode Island state's flashy center, today held the new intercollegiate basketball scoring record for a season with a total of 477 points in 21 games. The previous record, 465 points, was established by Hank Luisetti, playing for Stanford.

Says Idea Was Originated In Great Britain

By SID FEJER
NEW YORK, Mar. 8 (AP)—It sounds like something out of Walt Disney, this latest development of the fight game. It has to do with television, and the belief of Mike Jacobs, better known as Mr. Boxing, that the seeing broadcast will bring "rates" of five or ten million dollars.

Mike was talking about it today on the heels of word from England that a recent television broadcast of a fight opened up some interesting possibilities.

Eric Boon and Arthur Danahar tangled for the British lightweight championship not long ago, and the stadium was a sellout. Other thousands wanted to come in, so the promoters arranged to have the overflow go to a couple of nearby theaters, which were equipped with television receivers. The theaters were only too glad to get the customers—so glad, in fact, that they paid \$1,000 a piece to the promoters for the privilege of receiving the broadcast.

Uncle Mike decided this needed looking into. The way Mike has it figured out, when television comes in, big championship fights will be held in small halls, seating, say, between 2,000 and 5,000 fans.

"Tickets will be \$1,000 each," Mike explains. "Don't laugh. Experience shows there are enough folks who can afford it. That'll be \$1,000,000 or more right there. Then we can get together with the broadcasting company and arrange some kind of plan like that in England—charge each theater for television privileges. Suppose, for argument, we should charge a theater \$1,000 to receive the television broadcast like they did over there, and suppose four or five thousand theaters took it. Figure it out for yourself. Then there are the regular radio broadcasting rights and the movie newsreel privileges."

Or there was another plan, by which fight promoters would permit theater showings of television broadcasts for a "cut" of the admission price. You can see, there are no end of possibilities, and Uncle Mike, who can spot the profits no matter where they're hidden, is mighty interested in those big numbers.

SMU Baseball Drills Begin This Week

Dewell, Dougherty And O'Neill Figure In Plans

DALLAS, Mar. 8—Coach R. G. "Little Hig" Higginbotham's Mustang baseball squad began light practices here this week in preparation for the opening bout of the Southwest conference race March 24 as S.M.U. tangles with the Horned Frogs of T.C.U. on Armstrong field.

Although the weather is too cool for hard workouts, Coach Higginbotham puts his charges through daily exercises designed to remove arm and leg kinks together with brief fielding and batting practices. No intra-squad games are scheduled as yet, but several "warm-up" tilts will be held prior to the T.C.U. game.

"Our teams have improved each year since the athletic council reinstated baseball," said Coach Higginbotham, "and the material on hand indicates that we might be able to win slightly more than our share of the games this season." Billy Dewell, Dodge City, Kas.; Guy Dougherty, Dallas; and "Doc" O'Neill, Yorkum, are expected to prove mainstays on the hurling staff, but Coach Higginbotham refused to reveal a tentative lineup until the players are in better shape.

Schedule: March 24—T.C.U. at Dallas. March 25—T.C.U. at Dallas. March 30—A. and M. at Dallas. March 31—Rice at Dallas. April 1—Rice at Dallas. April 5—A. and M. at College Station. April 7—Rice at Houston. April 12—Texas U. at Dallas. April 19—T.C.U. at Fort Worth. April 26—Baylor at Dallas. May 1—Texas at Austin. May 2—Texas at Austin. May 11—Baylor at Waco. May 12—Baylor at Waco.

There are 3,075 counties in the nation of which 2,800 are "agricultural counties" employing county agricultural agents.

Expected To Return From Oklahoma

Campaign Workers Out To End Drive Before Session

Local baseball fans are expected to get a chance to meet Tony Rego, the Tulsa, Okla., resident who has agreed to assume the managerial reins of the Baron club, tonight as directors and backers meet in another open session at the county court house, 7:30 o'clock.

Tony is scheduled to return to Big Spring this evening from Tulsa where he has been busily engaged in winding up his business affairs.

TONY REGO

Club President R. L. Cook and his directors were also scheduled to thresh out the fund problem for once and for all. The objective of \$2,500, for which several committees have been working during the past three weeks, had not been reached at the time the club was represented at the league meeting in Lubbock Sunday but much time has been devoted toward the campaign since.

Guldahl-Snead Are Finalists

CORAL GABLES, Fla., Mar. 8 (AP)—Ralph Guldahl, U. S. open champion, with Sam Snead on his side, swaps golf punches today with Paul (Little Poison) Runyan, F. O. A. champion, aided and abetted by Horton Smith, in the 36-hole finals of the \$5,000 International four-ball tournament.

Guldahl and Snead, last year's leading money winner, go into the match favored to take down the \$2,000 prize awaiting the victorious team but Smith and Runyan don't lack followers.

KANSAS POINTER TYLER LEADER

TYLER, Mar. 8 (AP)—The \$1,000 open stakes in the fourth annual East Texas bird dog trials was scheduled today after a Kansas pointer yesterday won first honors in the open derby stakes. The winner was Highland Park led by Ernie Shaffer, Hutchinson, Kas. Second was Talmarr John, owned by R. A. Johns, Austin, and third, Wayside Pat, owned by Rube Milligan, Corsicana. Fearless Chief, owned by J. Pierce of Berger, won first in the open puppy stakes.

The Hall of Fame! The name has a magic sound. The Baseball Hall of Fame stands at Cooperstown, New York, where baseball was born, and designated by bronze plaques are those great men of the national game whose deeds will live forever in baseball memories. In this series, the story of what earned the great players their places in this Hall of Fame is told. As one of the features of Baseball's Centennial program this year, their plaques will be unveiled.

HIS 1922 RECORD STANDS!

George Sisler came to the St. Louis Browns from the University of Michigan as a southpaw pitching sensation but his major league career marks him as one of the premier first basemen and hitters. Every big league club in the country scouted the sensational college star.

Sisler's pitching prowess has been forgotten, still one of his performances was beating the great Walter Johnson in a pitching duel. Clean-cut and modest, George quit the ranks of the pitchers to become a first baseman, but but even more important than that to rival Ty Cobb in many spectacular achievements.

He joined the St. Louis club in 1915, was converted into an infielder the following year and stayed with the Browns until 1927 after serving several years as manager. He played with Washington in 1928, and finished his active career with Boston of the National League in 1930. During his latter playing years, he was handicapped by an eye ailment.

Sisler's courage was demonstrated in 1922, when he went out

part of September, he pulled the muscle cords of his right shoulder in reaching for a wide throw to first.

It looked as if his chance was gone, but he insisted on playing with his team in a critical series against the Yankees. With his arm taped and in intense pain, Sisler lined out a double on September 18 to tie Cobb's mark, and the following day a single gave him the record. Joe Bush stopped George's streak on September 18. Sisler also erased from the books Cobb's record of 248 safe hits in a season, established in 1911. Sisler's record was made in 1922, and it still stands—257 safe hits! That year he batted .420 and was voted the most valuable player in the American League.

Hopp Goes To Houston Club

HOUSTON, Mar. 8 (AP)—The St. Louis Cardinals today optioned Johnny Hopp, hard hitting first baseman and outfielder, to the Houston Buffs of the Texas League. Hopp, who hit .299 last year and .307 in 1937 with Rochester in the International league, was one of the fastest men in the loop, and tied for the league lead in triples both seasons.

TRAINING CAMP NOTES John Whitehead To The Sidelines

By the Associated Press
PASADENA, Calif.—John Whitehead, the Chicago White Sox pitcher who usually has to work hard in training to bring his poundage down, is taking things easy for a day or two. He was struck on the knee by a line drive from Ollie Bejma's bat.

THE OLD MUNGO CENTER OF INTEREST IN CAMP
CLEARWATER, Fla.—Van Mungo's first workout caused almost as much talk around the Brooklyn camp as did his long holdout. Van returned to his old overhand delivery and was showing both speed and control.

HARTNETT MAY GO AFTER NEW RECORD
AVALON, Calif.—Manager Gabby Hartnett, who has caught 100 games in each of 11 major league seasons to share the major league record with Ray Schalk, apparently intends to set a new record this season. He's working hard to get into shape, weighs eight pounds less than he did last season and reports he's in the best condition of any spring in six years.

WILLING BUT WAKING
NEW ORLEANS—The Cleveland Indians are willing to do some trading of players but haven't had much luck so far. Vice President C. C. Slapnicka said today the Browns had offered catcher Billy Sullivan but he wasn't interested.

"We do want second baseman Don Hoffer but the Browns flatly rejected an offer of Earl Averill even up," Slapnicka said. "I tried to get Cecil Travis from Washington but Clark Griffith turned down our best offer."

ROOKIE MAY GRAB JOB FROM THIRD SACKER
TAMPA, Fla.—The experts in the Cincinnati Reds camp are high on Don Lang, rookie third sacker. They say the Long Beach, Calif., youngster is a good bet to take the regular job from Lew Riggs, since Manager Bill McKechnie says that spot needs more strength.

WITH SIX NEW BEES IN HIVE, BOSTON BEGINS BRADENTON
BRADENTON, Fla.—With six new bees in his swarm, Casey Stengel could hardly wait for today's first "scrimmage." The Boston newcomers are Al Simmons, Jimmy Outlaw, Eddie Miller, Buddy Hassett, Al Todd and Johnny Hill.

SULLIVAN MAY GO TO ANOTHER CLUB IN TRADE
SAN ANTONIO—Because he's balking at "less than 24 per cent reduction" in salary, holdout Billy Sullivan, the Brown's first string catcher, may end himself with another club. General Manager Bill Dewitt says he's trying to trade Sullivan for a pitcher or outfielder.

MAIN SQUAD OF BEES ARE HEADED WESTWARD

Behind Scenes At The Fashion Review And Automobile Show

By MARY WHALEY

No big occasion is complete without a few blunders but in the case of the Fashion review given Tuesday at the city auditorium it took me to make them as the show moved as smoothly and skillfully as a professional job.

hasty exits that only heightened audience approval. There were a few hecklers in the crowd, there always is, but it was all so entertaining that even the models didn't seem to mind but on the contrary, brightened up and seemed more at ease.

When natural color returned I found several notable things among the audience. First of all the men were in about the same abundance as the women and just as interested or more so in each new frock.

Then too the nonchalance of the child models was heart warming. They did their part with unstudied artfulness that stole the show. They were more curious about the crowd than about their clothes.

Local Group To Entertain Gay Hill Men

Dinner Event Slated In Rural Community Next Tuesday

Forty-eight Big Spring business and professional men Wednesday had checked from one to three names off a list of Gay Hill men and made arrangements to invite those men to be their guests at a friendly dinner affair at Gay Hill on Tuesday evening.

Charles Frost, chairman of the good will committee, urged others to check names from the list within the next day in order to have time to write an invitation and get an acceptance before Tuesday.

Like the Moore dinner a month ago, the program will not include speeches and will consist entirely of entertainment. The home demonstration club of Gay Hill will serve the meal and proceeds will be used by the club for worthy projects within that community.

Those who have made reservations are Charles Frost, Joe Faucett, Leo Hanson, Pat Kenney, D. D. Douglass, W. C. Blankenship, A. S. Darby, Shine Phillips, J. H. Greene, W. M. Gage, Albert Fisher, J. F. V. A. Merrick, Cliff Wiley, Sherrod Bros., R. W. Whipple, Dan Hudson, J. H. Tomlinson, Joe Glickman, Nat Shick, Harry Hoekendorf.

lows as well as to help the older ones with their football work."

The school's football teams have been only mildly successful. Last year the upper-classmen won two games, tied one and lost three, while the juniors failed to win one of their six contests.

"We, we just gotta win a game," bubbled little Alan Hulseley, the 14-year-old center, end, tackle and back who bounced from one position to another when injuries forced a shuffle of the juniors.

"Maybe Mr. O'Brien can fix it."

Striking Prisoners Being Transferred To State Prison

DALLAS, Mar. 8 (AP)—Like Mahatma Gandhi, Dallas county jail prisoners who went on a hunger strike Monday night, decided to eat today.

But unlike the Indian leader, they could claim no victory.

Head Jailer Murray Fisher said the striking prisoners partook of a breakfast of cereal, cream and sugar, coffee and bread. They had called the strike in protest against the quality and variety of fare.

Seventeen of the rebellious prisoners were shipped to Huntsville yesterday while 73 others missed their fourth consecutive meal.

Semidi said he would seek authority to transfer to prison all those who have appeals pending.

RANCHER DIES

COMANCHE, Mar. 8 (AP)—G. M. Scott, 71, Comanche rancher, died here today. He was a director of the Stephenville Production Credit association and the father of Dr. Gayle Scott, geology professor at Texas Christian University, Fort Worth.

Members of a San Bas, Texas, Sunday school class recently killed a rattlesnake that weighed 28 pounds.

Ex-Judge, One Time Gridder, Buried Today

SAN ANTONIO, Mar. 8 (AP)—Frost Woodhull, 51, former Bexar county judge found shot to death, will be buried here today.

Justice of the Peace Raymond Gerhardt entered a verdict of suicide.

Woodhull's body, a bullet wound behind the right ear, was found in the bathroom of his home here. A pearl-handled 44-caliber pistol from among his prized collection of firearms was found near the body.

Gerhardt said his investigation indicated Woodhull had been ill for some time.

An appointment as assistant attorney in the city back-tax department would have expired tomorrow, under recently enacted ordinance dismissing 63 city employees.

Woodhull, who held an LL.B. degree from the University of Texas, was captain of the Longhorn football team and was an all-conference end in his senior year. During the World War he was a flying instructor at Kelly field.

Open Verdict In Death Of Aged Thelma Man

SAN ANTONIO, Mar. 8 (AP)—Justice of the Peace Otto West had returned an open verdict in the death of John Easterly, 81, whose body was found in the smoldering ruins of his home in Thelma Feb. 27.

West said he had found no definite evidence to indicate cause of death.

Officers investigated when it was learned that one of Easterly's dogs had been poisoned.

MARKETS

Wall Street

NEW YORK, Mar. 8 (AP)—The stock market resumed its advance with a more confident stride today and many shares climbed 1 to 4 points, some to the highest prices recorded this year.

American Telephone extended its advance into new high ground. Also at new highs for the year or longer were Montgomery Ward, Public Service of New Jersey, Sears Roebuck, Greyhound, National Electric and National Dairy.

Wall Street found its chief sources of inspiration in London and Washington. Rising security markets in the British money center and Washington reports indicating tax revision and other moves to stimulate business drew favorable attention in speculative quarters.

MRS. ROOSEVELT ON WAY TO TEXAS

BATON ROUGE, La. Mar. 8 (AP)—Mrs. Franklin D. Roosevelt motored here today from Natchez, Miss., to spend a few minutes in the Louisiana executive mansion before catching a train for Beaumont, Texas.

The wife of the president arrived late with an escort of Louisiana and Mississippi highway police.

Feasting up an elaborately prepared breakfast in her hotel to catch the train, she sipped a cup of coffee in the east room of the executive mansion with Attorney General and Mrs. David M. Ellison, representing Gov. and Mrs. Richard W. Leche. The governor is recuperating from an illness at Covington.

PLEADS GUILTY

Ills Boren, arrested by city officers, Denver Dunn and Harold Choate, entered a plea of guilty in justice court Wednesday to a charge of swindling by bogus check and was fined \$100 and costs by Justice of Peace J. H. Hefley, Carl Mercer, constable, signed the complaint.

It was the second time within a week that Justice Hefley had imposed a \$100 fine in a checking case. Boren was being held for questioning on another matter, officers said.

UNDERGOES SURGERY

Mrs. Willis Taylor, 1561 Gregg street underwent major surgery at the Malone & Hogan Clinic-Hospital Tuesday afternoon. She was doing nicely Wednesday.

The first wire bedspring was invented during Civil war times by James Ledy of Watertown, N. Y., who took the springs out of a buggy seat and put them under a mattress.

Security Man In B'Spring

George D. Clark, San Angelo, member of the district staff of the social security board, was here on one of the periodical business calls necessitated by problems arising here.

He said that W. O. King, head of the district office, likely would be here in about two weeks for a conference with persons with social security problems.

Most of the work at present, said Clark, consists of counseling with employers and impressing upon them the wisdom of maintaining accurate records.

Some few claims, including those who have reached 65 years of age and who have been gainfully employed since Dec. 31, 1934, and those who have died, are being handled by the district office.

Persons with social security problems, continued Clark, should notify the district office at San Angelo, or contact either he or King on their visits here. They will office at the chamber of commerce quarters in the Settles hotel.

Gable Divorced, But Isn't Saying When He'll Marry Carole Lombard

HOLLYWOOD, Mar. 8 (AP)—Clark Gable, whose one-mule ranch lacks a woman's refining influence, let the world guess today on how soon he'll bring home Carole Lombard as Mrs. Gable No. 2.

It may even be this weekend, but Clark wasn't saying, as he received the news that his second wife, Maria, had given him his freedom by a four-minute divorce trial yesterday at Las Vegas, Nev.

Fixing up the chicken coop and pitching hay for the mule "Bessie" which Carole gave him as a birthday present last month, the he-man film hero admitted his nuptials were near but he hadn't made plans "for the time or place."

Gable was supposed to have been paying court to Vivian Leigh in the ruffled shirt and long sideburns of a southern dandy, but his studio call for "Gone with the Wind" was cancelled because the script, after more than two years of preparation, still needed tinkering.

Today, however, he was to report on the set to resume his Rhetoric Butler role opposite Miss Leigh's Scarlett O'Hara.

It may be as long as three months before the oft-delayed and still sporadic "Wind" is completed, and few friends think Gable will wait that long for another leap into matrimony.

Amateur cupids speculated that the pair probably would slip off to Yuma, Ariz., or a Nevada point in a quick elopement and delay a honeymoon until their movie assignments are out of the way.

Argument Against 'Social Medicine' Heard By Club

The stand of individuals and organizations within the ranks of the medical profession against proposals to "socialize medicine" was explained and defended by Dr. P. W. Malone before the Lions club Wednesday.

Attempts to subsidize medical practice were viewed by the speaker as an opening wedge for similar programs for other professions and groups. As such, he pointed out, it amounted to a trend dangerous to democracy.

He lashed out at critics of the profession, especially those who allege price fixing, and charged that they were using a weapon in which the medical profession was poorly schooled—that of propaganda.

To socialize medicine in the nation, Dr. Malone believed, would stifle initiative among physicians and would ultimately result in an inferior service to constituents, would hit at the very roots of the higher ideals of the profession and would call for the setting up of a new and extensive governmental bureaucracy. He quoted pro and con arguments from several authorities.

Guests for the day were John B. Scott, Moxie A. M. East, Mildred Lion and George D. Clark, San Angelo. Virgil Smith and Burks Summers received their keys. Plans were discussed for attending a dinner Saturday evening in Sweetwater in honor of Walter Dexter, Lions International president. Twenty Lions will make the trip. B. J. McDaniel, president, said.

CAFÉ MAN DIES IN LOCAL HOSPITAL

Last rites were to be held Wednesday afternoon in Palestine for Oia Murdock Hardman, 57, Palestine cafe operator, who succumbed in a local hospital here Monday evening.

Hardman who was discovered critically ill in his room at Cosahoma Monday noon, died six hours after being rushed to a local hospital for treatment.

He is survived by his widow, Vera Hardman, two brothers and three sisters. Eberley Funeral home was in charge of local arrangements.

BROKEN BONE SET

Dr. W. C. Barnett, who sustained a fracture of the left hip when he fell from a ladder at his home, 2000 Donley street, last week, underwent an operation for setting the broken member at the Malone & Hogan Clinic Hospital Wednesday morning. He is resting well following the operation.

Want License On 'Gypsy' Merchants

Business Men Ask Legislative Committee To Act

AUSTIN, Mar. 8 (AP)—Grain, produce, grocery and other merchants besieged a house committee last night with pleas to regulate itinerant, or gypsy, peddlers with licensing fees and surety bonds to avoid destruction of established business.

The merchants appeared in defense of a house bill that would require a \$100 fee for itinerant merchants, a surety bond, public liability insurance and other requirements before being permitted to operate trucks. Farmers and certain types of merchants were exempt.

Some of the merchants, however, opposed a bill submitted by Rep. E. Mays of Atlanta that would seek to tax corporations and firms doing large trucking businesses. Mays' bill would place a \$3 tax on the first five trucks operated by a business, \$50 on the next five and \$250 each for all over the first 10.

Sam Neathery of Houston described Mays' bill as "a penal measure—not a revenue raising measure," and asserted it would "build tariff walls around every little town in Texas." He warned that if the tax were imposed, it would ultimately be placed on the consumer.

G. E. Blawiey of Fort Worth, secretary-treasurer of the Texas Grain and Feed Dealers, voiced the general opinion it wasn't the intention of the merchants to run anyone out of business, but they did want truck peddlers placed on a competitive basis through regulatory measures.

J. C. Koetting of Houston, banking company executive, warned that unemployment could follow such heavy taxation.

Others appearing to protest against Mays' bill included Gus Carter of Marshall and Harry Shuford of Tyler, wholesale grocer. Both bills were referred to a sub-committee.

Money Next Weapon In Sino-Jap War

WASHINGTON, Mar. 8 (AP)—Washington women are leaving a deluge of calling cards at the British embassy in the hope of being invited to a garden party for King George VI and Queen Elizabeth.

The rush began when Sir Ronald and Lady Lindsay reopened the embassy last month after several weeks' absence.

The American-born Lady Lindsay always has the largest calling list in town, and her absence damaged up the usual flow of cards, but tea-table talk makes it obvious that a possible chance to meet the British royal couple is the biggest reason for the influx.

The return here yesterday of the king's second secretary, Alan Frederick Lascelles, revived discussion of other little problems which capital society will face with three royal visits scheduled for this spring.

One question that has disturbed many women who hope to greet the royal visitors is whether to curtsy. Word has spread, however, that a curtsy is not an American custom and would not be necessary.

Capital Women Are Angling For Bids To Royal Party

SHANGHAI, Mar. 8 (AP)—Japan's power in north China appeared today to be headed for a test in a vital fiscal battle between the Chinese government dollar and the Japanese sponsored federal reserve banknotes.

The climax was expected Friday when circulation of the Chinese dollar will be prohibited in north China.

Upon the outcome of this contest—removed from the farflung military battlelines—foreign observers believe hangs the decision as to whether Japan will be enabled to clinch economic domination of north China.

They believe it will decide also whether Japan can manipulate currencies and trade to an extent not only to insure Japanese domination of markets in the future but force north China to pay a portion of Japan's martial adventure.

The money struggle was given flavor by the fact the Chinese dollar is partially supported by the United States and Britain as against the yen-backed notes of the North China Federal Reserve bank.

The Effects of Liquor Cannot Be Repealed

KILLING BY AMBUSH

By Professor Buchner, of the University of Munich

And now, gentlemen, hygiene is in vogue. Many of you will think it an exaggeration to put alcohol in the same category with the most dangerous forms of disease; but, unfortunately, this is no exaggeration, as the number of deaths, direct or indirect, through alcohol definitely proves. We do not refer, of course, to drunkards. Alcohol kills the largest number

WAKE UP YOUR LIVER BILE

Without Calumet—And You'll Find Out of It!

The liver should work every minute of the day. If it does not, your blood is impure, your stomach is clogged, your whole system is poisoned and you feel weak and the world looks pink.

A mass liver movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely, your food down, your stomach is loosened and you feel new, work and the world looks pink.

NEW YORK, Mar. 8 (AP)—Mrs. Phloemena Deul pleaded guilty to allowing her dog to roam the streets without a muzzle, but she added, half his teeth are gone and he's blind in one eye.

"Well," said Magistrate Anthony P. Savarese, "we'll impose half the usual fine. One dollar."

TAJ MAHAL

Magnificent in its proportions, matchless in its grace and beauty, this famous monument was built by the Emperor Shah Jehan, at Agra, India. Erected entirely by hand labor, it took thirty years to build and was completed in 1658. Within its white marble halls, amid peerless mosaics and treasures of Oriental art, stand the tombs of the Emperor and his favorite wife, Mumtaz Mahal, in whose honor it was erected. No expense was spared, as the Emperor lavished his unlimited wealth to make it an immortal phenomenon of architectural beauty.
