PTA CONDUCTS CAMPAIGN FOR NEW MEMBERS

Organization Hopes To Enlist Fathers For Year's Work

IS NATIONAL MOVE

National Membership Week Being Observed Over Nation

Every parent of school children in Ozona will be contacted this week and asked to join the Ozona Parent-Teacher Association in a city-wide membership drive being conducted by the association in observance of National Membership Week. Mrs. Joe Pierce, president of the group, has announced.

The membership drive here is being directed by Mrs. Joe T. Davidson, membership chairman of the organization. A committee of twelve room mothers has been named by the chairman to solicit the membership of the mothers and fathers of children in the various grades.

This membership committee is making a house-to-house canvass this week in an effort to enroll parents 100 per cent strong here. Efforts are being made particularly to enroll the fathers, this being an objective of the National Congress of Parents and Teachers, to interest the fathers and to secure their more active co-operation in the work of the organization.

The room mothers who have been named to solicit mothers and fathers of children in the different grades are as follows:

Kindergarten, Mrs. F. T. McIntire; first grade, Mrs. John Hokit; second grade, Mrs. Bryan McDonald; third grade, Mrs. Ira Carson; fourth grade, Mrs. M. M. Fulmer; fifth grade, Mrs. Bruce Drake; sixth grade, Mrs. J. M. Baggett; seventh grade, Mrs. Max Schneemann; eighth grade, Mrs. Paul Perner; ninth grade, Mrs. Joe T. Davidson; tenth grade, Mrs. Strick Harvick; eleventh grade, Mrs. Albert Kay; eleventh grade, Mrs. Pon Sehorn.

The Parent-Teacher Association is an organization devoted to a study of school needs and school problems with a view to promoting closer co-operation between parents and teachers in the solution of problems affecting the welfare of the school and the children. Its programs are devoted to a study of the school and its needs and to the broad subject of child welfare. The better understanding of school problems on the part of parents, brought about through the efforts of the P.T.A., has been a powerful factor in improving the public school systems over the nation and in promoting the welfare of the child, and the local organization is worthy of city-wide support.

The next meeting of the P.T.A., Monday October 16 will be designated as "new member day" and new members secured in the present drive will be especially honored on that day.

Texas Cartoonists, Cowgirls And Movie Stars Club Subject

A discussion of Texas men and women who have won nationwide fame as cartoonists, cowgirls and movie stars will form the program for the first October meeting of the Junior Woman's Club Thursday afternoon of next week. Miss Wanda Watson will be hostess to the club at her home. Mrs. Massie West will act as program leader. The program for the day will be as follows:

"Texas Cartoonists"—Miss Ada Moss.
"Texas Cowgirls"—Mrs. W. E. Friend, Jr.
Special Music—Mrs. Alvin Harrell.
"Texas Movie Stars"—Miss Sophie Haug.

Texas Highway Commission Busy Awarding Contracts

Members of the Texas Highway Commission in session, busy awarding contracts for \$24,500,000 worth of roads from industrial recovery and Federal unemployment relief funds. Fully 90 per cent of this allotment will be awarded before the year is out. In the picture John Wood, just confirmed as chairman and six-year member of the commission, holds the gavel. D. K. Martin of San Antonio is at left and Judge W. R. Ely of Abilene is at the right in the picture.

Rankin Coming For Grid Battle

Ozona High Lions And Big Lake Owls Fight To Tie Sat.

Coach Ted White and his battling Lions, grid warriors of the Ozona High 1933 color bearers, are looking forward to the toughest of early season matches on the local gridiron next Saturday afternoon when they entertain the Rankin High School eleven starting at 3:00 p. m.

The Lions two weeks ago opened their 1933 season with an easy victory over Mertzon, the score being 31 to 0 in favor of the locals after a game that was lopsided from start to finish.

Last week-end, however, the sailing was not so easy. The Lions were slated for a match with the San Angelo Kittens on the home lot for Monday afternoon, but the Kitten management found they couldn't come to Ozona nor could they entertain the locals there Saturday. Coach White matched a practice game with the Big Lake Owls after the feathered tribe had warmed up on the Mertzon crew.

Ozona Minister Recognizes Curio of Boyhood Home In Indiana In Cartoon Of Odd Facts Appearing In Stockman

At least one Stockman reader got a "kick" out of last week's issue.

A drawing in the "Digging 'Em Up" feature by Walt, a collection of world-wide novelties similar to Ripley's famous cartoons, showed a tree growing out of the courthouse tower at Greensburg, Indiana. The tree has been growing out of the tower since 1870 and the present tree is 12 feet high, according to Walt's information.

Soon after the paper was off the press, Rev. J. H. Meredith, pastor of the Methodist Church here and a native of Indiana, rushed over to the Stockman office with a handful of postcard pictures of the famous aerial tree and others of scenes in the city of Greensburg.

The sight of the little tree growing out of the tower brought back memories of childhood and early manhood to Rev. Meredith. It was in that same courthouse that he secured his license to wed, he said, and it was there that he paid his first poll tax.

Home At Westport
Rev. Meredith's home was at Westport, about twelve miles from Greensburg, the county seat. It was there that he was in business with other members of his family and it was there that he met Mrs. Meredith. He was pastor of the Greensburg church one year and visited there during his trip to Indiana during the past summer.

The cartoon sketch of the famous tree that grows out of solid masonry is a faithful reproduction

Woman's Club To Study New Novel In Meet Tuesday

A study of the novel, "The Fountain" by Charles Morgan will feature the program of the Ozona Woman's Club in its semi-monthly meeting next Thursday afternoon at the home of Mrs. George Bean, with Mrs. W. A. Kay as assisting hostess and Mrs. N. W. Graham as leader.

Members will answer roll call by naming their favorite new book and why. Miss Elizabeth Fussell will discuss the "Background and Source of the Plot" of Morgan's novel and Mrs. Ira Carson, president of the club, will "Justify the Title of the Novel." Mrs. R. R. Dudley will discuss the "Characterization of Main Characters."

The Owls had easy sailing over the Mertzon visitors, most of the first stringers being held out for the match with Ozona after several touchdowns had been scored.

The Lions and Owls battled to a 6-6 tie in the nightcap of the double-header bill. The two teams are slated to battle in the final game of the season here on November 25.

Ozonans Injured In Auto Smash-Up

Joe Norths and Warren Claytons Cut By Flying Glass

Mrs. J. W. North and Mrs. Warren Clayton suffered a number of severe cuts about their faces, necks and arms, Mr. Clayton was less seriously cut and Mr. North escaped with a few slight scratches when a car in which they were riding was side-swiped by another car a few miles the other side of Barnhart on the Mertzon road Sunday night.

Mr. and Mrs. Clayton and Mr. and Mrs. North were on their way to San Angelo in Clayton's car, a Chevrolet sedan. In going around a truck, a Ford V8, driven by a young man named Moore from Big Lake, crashed into the side of Mr. Clayton's car. Window glasses on the left side of the car were broken, showering the occupants with glass and resulting in the cuts. Mr. North was riding in the front seat beside Mr. Clayton, the driver, the two women riding in the back seat, where they caught most of the flying glass.

The injured were brought back to Ozona where they received medical attention and at last reports this week were resting well. The car was badly damaged, the wreck being towed here to the North Motor Company for repairs.

Methodist Revival Meeting To Start Next Sun. Morning

The two-weeks revival meeting to be conducted at the Ozona Methodist Church under the direction of Rev. and Mrs. R. L. Flowers, will get under way at the morning hour Sunday, and continue through Sunday, October 22. Rev. and Mrs. Flowers are just completing a meeting at Madill, Oklahoma, and will come from there to Ozona.

Morning services at the local church will probably be from 10 to 11 o'clock and evening services will start promptly at 7:30. Special young peoples services, with Mrs. Flowers in charge, will be organized to suit the convenience of school children.

JACK SAWYER HERE

Jack Sawyer, publisher of the Iran Herald and former editor of the Ozona Stockman, is here this week for medical attention. Jack has made a big improvement in the appearance of the Iran paper and has recently added considerable new equipment to the plant and enlarged the paper.

Mrs. Dick Farrington, whose husband ranches here and Barnhart was taken to San Angelo Tuesday night in the Joe Oberkamp ambulance. Mrs. Farrington was suffering from parotitis and was taken to a hospital in San Angelo for medical attention.

THOUSANDS OF CROCKETT LAMBS MOVE FROM SHIPPING PENS AT BARNHART TO BUYERS OVER U.S.

Baptist Meeting Adds 19 Members

Fourteen Baptized In Closing Services Of 10-Day Revival

Nineteen new members were added to the First Baptist Church of Ozona as a result of the ten-day revival meeting closing last night. Fourteen of the additions were by baptism and five by letter and statement. There was one other profession that did not unite with the church.

Rev. M. M. Fulmer, pastor, did the preaching for the revival and the meeting was one of the most successful ever held by the church. Song services were under the direction of T. D. Carroll of Fort Worth. Mr. Carroll was also in charge of special young people services each evening before the opening of regular services. A social was provided last night for the closing of the young peoples services. The special young people services was one of the outstanding features of the meeting and was a source of inspiration to the group taking part.

Fourteen of the nineteen additions to the church were baptized at the closing services Wednesday night. They were Tom Choate, Tommy Choate, Helen Choate, Fred Zimmerman, L. D. Crowder, Clifton Taliaferro, Purlyn Hodges, Frank Wyatt, Mrs. C. W. Taliaferro, Mrs. Henry Flanagan, Alberta Kay, Lavinia Flanagan and Rozelle Farr. Those admitted by letter and statement were Mrs. Tom Choate, Mrs. L. D. Crowder, Mrs. L. C. Lynch, "Sunshine" Cox and Miss Mary Jenkins.

'Educated Coyote' Finally Trapped

Vernon Cox Commends Henry Elledge For Capturing Otulaw

An account of the capture of what he described as an "educated coyote" was given by Vernon Cox, Crockett County rancher, in a recent letter to C. R. Landon, leader of predatory animal control work in Texas under the U. S. Department of Agriculture, the letter being quoted in the August news letter of the predatory animal control work.

The coyote was captured by Henry Elledge, local trapper, who caught four wolves in the western part of the county in less than two months. The wily trap evader had preyed on livestock of the Paul Perner, Roy Henderson and Cox ranches mostly, Mr. Cox said, and had steadfastly eluded efforts to capture him. "This old coyote was very, very hard to catch, going around all the traps that Henry would set," Cox wrote, "but after a nice sprinkle of rain, all human scent was destroyed and Mr. Coyote stumbled into the trap."

The report of August catch by counties showed one bobcat and five coyotes caught in Crockett County during the month. The predatory animal eradication work resulted in the destruction of 112 bobcats, 1018 coyotes, 50 red wolves and one ocelot.

Starter switches, spark plugs, spark plug wires and distributor points fall worse in winter than in summer. Watta Service has these parts and will be glad to replace the defective ones and give you unfailing starting service this winter.

Jack Lewis, expert shoe man and window dresser, has been employed as a clerk at the Lemmons Dry Goods Company.

Many thousand of Crockett County lambs, their weight under the average for past years by reason of a persistent drouth this year, but commanding a premium from buyers nevertheless, are moving out daily to the shipping pens at Barnhart, largest livestock shipping point in America, and sending many more thousands of dollars back to the pockets of Crockett County ranchmen.

The drovers lane from Ozona to Barnhart, formerly the highway between the two towns but now abandoned to stock while auto travel a paved highway, has been choked with moving herds for the past several days and the paved highway is doing its part in the movement of the lambs as thousands are being hauled to the shipping pens in trucks.

Ranchers here this week were going from trucker to trucker in an effort to arrange for hauling lambs to the railroad, some contracting for the hauling while others were too late. The services of trucks were very much in demand as ranchers sought to deliver lambs to buyers at the railroad and truck operators were burning up the road to get the lamb crop on the move.

Twenty thousand lambs moved out of Barnhart shipping pens Monday to set a new one-day record there. Roy Henderson had 3,500 head, Cox Brothers had 3,500, Bruce Drake, 1,850, Rob and Roy Miller, 1,500, Max Schneemann, 4,000, Steve Perner, Paul Halcomb, Jones Miller and others had flocks there on the big day. Others were on the road and the movement will continue through this month and possibly into next month.

Shearing is in full blast over most of the county and with a good, strong market for the fall clip, the wool from the backs of Crockett County sheep bids fair to bring in many other thousands of dollars to local ranchers.

First Norther Sun. Reminds Ozona Folk Of Empty Coal Bins

The first breath of winter rolled over the hills from the north last Sunday night to remind Ozona folk that more was in store and would be forthcoming in the next few days.

The first norther, a mild fresh wind, brought a light fall of moisture, amounting to a heavy shower in parts of the county to the east of town, but barely settling the dust here.

Red Cross Field Man Here Oct. 25

St. Louis Official To Help Map Plans For Annual Roll Call

C. Edway Palmer, field representative of the American Red Cross, will be in Ozona for a conference with local Red Cross officials on Wednesday, October 25. A. W. Jones, county chairman, has been advised. A meeting of the executive committee of the local Red Cross chapter has been called for the afternoon of October 25 for a conference with the field representative.

Mr. Palmer is coming to Ozona to discuss with local chapter officials plans for the coming annual Red Cross Roll Call which starts Armistice Day and lasts until Thanksgiving.

I. G. Rape, who served last year as Roll Call chairman in the first roll call here in several years, has again been named to direct the annual membership drive for the Red Cross. Roll Call workers will be designated by the chairman in the next few weeks and everything made ready for the drive.

tion of the original as depicted on the postcard pictures. Walt describes it as an aspen tree, but Rev. Meredith insists, and the

One or more Aspens have been growing on the Court House tower at Greensburg, Indiana since 1870. The present tree is 12 ft. high, rooting between blocks of limestone by T. D. Braden, Greensburg.

postcard picture descriptions bear him out, that it is a species of maple tree known as the "flying maple." The tree is so named because of the fact that its seed are attached to small wing-like structures which resemble the wings of dragon flies after they have matured. These drop off the

OPPORTUNITY'S PARTING KNOCK

Information was given out recently to the effect that all public works projects in Texas that were to come under the federal public works unemployment relief program should be in the hands of the state committee before January 1, that date having been set for closing out such projects.

To date Crockett County has made no progress whatever toward getting any of the public improvements contemplated in this program. Project surveys were sent in for a public amusement park, with golf course, swimming pool, picnic grounds, tennis courts, etc., but 80 acres of land were required and in all this broad expanse of territory no such tract of land is available even at double its market value.

Surveys were also sent in for extension to the sewer system, for a grandstand at the athletic field, for paving and other improvements around the school building. But none of these projects have been pushed further. Formal applications must be made and the matter placed before the federal administrators. Thirty per cent of the cost of such projects will be an outright gift from the government and the balance on long time terms. Each of the projects contemplated would be self-liquidating and would not form a burden on taxpayers.

There is yet time to carry thru one or more of these projects. The one in which we are most interested is the public amusement park, to our mind one of the greatest needs of Ozona people. If there is one public spirited citizen in Crockett County who will sell or give as much as 80 acres of land within ten miles of Ozona, this project can be accomplished. But it can not be accomplished without a place to put it.

The Senate investigating committee has uncovered the fact that Jim Ferguson has banked over \$65,000 in cash since his wife was sworn in as governor nine months ago. That's just what the committee found out about. Wonder if many of Jim's supporters in the "forks of the creek" are doing any thing like as well—something over \$7,000 a month. Not bad for times of depression.

Jim says all this investigation is just "politics." And so is all this cash money flowing into Jim's coffers—just "politics"—in a big way.

Clyde Vinson, Jim's campaign manager in Tom Green County, says that if they can prove that Jim did anything dishonest he'll be "against Jim Ferguson." That's been proved so many times that such a statement is reduced to the ridiculous.

If You Get Up Nights

Make this 25c Test
Physic the bladder as you would the bowels. Drive out impurities and excessive acids that cause irritation burning and frequent desire. Get a 25c test box of BUCKETS, the bladder physic, from any drug store. After four days if you are not relieved of getting up nights go back and get your money back. BUCKETS, containing buchu leaves, juniper oil, etc., acts pleasantly and effectively on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Conch Drug Co. says, BUCKETS is a best seller. (Adv)

Mr. and Mrs. L. D. Crowder and Miss Louise Crowder attended the circus in San Angelo Tuesday.

Mrs. R. O. Smith is reported ill this week.

SUNFLOWER CLUB

Mrs. Evert White entertained The Sunflower Club and a few guests Tuesday afternoon at the home of Mrs. N. W. Graham. Mrs. Chas. E. Davidson, Jr., won high score prize, Mrs. Geitrude Perry second high and Miss Mary Childress, guest high. Other guests were Mrs. Massie West, Mrs. Beeler Brown, Mrs. Marshall Montgomery, Mrs. Bill Littleton, Mrs. Hugh Childress, Jr., Mrs. Ralph Meinecke, Mrs. Jake Short, Mrs. W. E. Friend, Jr., Mrs. Ashby McMullen and Mrs. Richard Flowers.

Miss Velma Richardson, manager of the San Angelo Telephone Company branch here, has returned from a vacation spent on the ranch of her brother, Leo Richardson, near Iraan. T. A. Davis, until recently connected with the local highway office, was also a guest on the Richardson ranch. Mr. Davis has returned to his home in Sterling City.

LAS AMIGAS CLUB

Miss Wayne Augustine entertained Las Amigas Club with four tables of bridge at her home Saturday afternoon. Mrs. Phillip Childress won high club and Mrs. J. W. North high guest. Others present were Mrs. Douglas Kirby, Mrs. W. E. Friend, Jr., Mrs. Chas. E. Davidson, Jr., Miss Hester Bunker, Mrs. Marshall Montgomery, Mrs. Hugh Childress, Jr., Mrs. Alvin Harrell, Miss Ethel Childress, Mrs. Beeler Brown, Miss Mildred Davis, Miss Helen Montgomery, Mrs. Richard Flowers, and Mrs. Lowell Littleton.

Mr. and Mrs. Clay Adams of Ft. Stockton spent the week-end visiting Mrs. S. B. Phillips, Mrs. Adams' mother.

Mr. and Mrs. Arthur Phillips and children were in San Angelo Tuesday.

Mrs. Massie West was in San Angelo Monday.

Mrs. Lee Childress is in San Angelo where she is receiving medical care.

Lambs Are Moving!
Wool Is Selling!
Mohair Is Climbing!

DON'T FORGET THAT WATER BILL!

We have been lenient in the matter of demanding settlement of past-due accounts for water service. Prompt payment of current accounts has been enforced, but in view of conditions, we have not insisted on full payment of old accounts.

Now that lambs and wool are selling and money is moving again in West Texas, we are going to expect settlement of these old bills. We do not propose to be harsh with our customers, and we will recognize situations that will make payment impossible. But we believe we have been more than fair with our customers during the trying times just passing and now that things are looking up we are going to expect a return of the favor. If you have an outstanding account with us, please see us at once.

(Continued from Page 1)

and carry the seed for miles on the wind.

An interesting story is told by Rev. Meredith concerning the tree on top of the courthouse tower. An uncle of his, living in Greensburg, was in partnership with another man in the operation of a carriage manufacturing plant there. One afternoon, after the day's business was over, the two partners were sitting on the front steps of the plant talking, when several of the winged seeds from the lone maple on top of the courthouse tower floated down and landed at the two men's feet, a sudden gust of wind dislodging a number of the seed.

Hedge From Seed

Rev. Meredith's uncle picked a handful of the winged seeds and took them home with him. He later planted the seeds in a row along the walk or driveway into his home there and they came up to form a row of trees, now larger than a man's body in diameter. Rev. Meredith noted the row of trees on his visit there this summer and recalled the incident of their beginning.

It is presumed that the tree on top of the courthouse tower, which stands about 75 feet in the air, started from one of the seed which lodged there over sixty years ago. The top of the tower is of solid masonry, but the tree roots have taken hold in the mortar between the rocks. Several years ago the tree was cut down when it was found that the roots were loosening the rocks and there seemed danger of breaking off a part of the tower. The tree came back, however, and has not been disturbed since. Rev. Meredith recalls that roots from the tree have on several occasions grown down through the rocks to become entangled in the workings of the huge clock underneath, stopping it. The roots had to be cut away before the clock could be started again. The roots are fed by moisture which collects in the rock and mortar and grow down through the rock walls of the courthouse nearly to the ground.

The tree that grows in rock, is a famous curio in that part of the country, Rev. Meredith declares. Trains entering Greensburg often stop at a point of vantage so that passengers may see the strange sight.

The picture and explanation of the curious growth was sent in to Walt by L. D. Braden, according to the credit given in the cartoon. Braden is publisher of the Greensburg Times, according to Rev. Meredith, who talked with Mr. Braden in Greensburg on his visit there during the past summer.

Rusty, corroded battery cables and grounds take power from the battery that should be used in cranking motor. Watts Service would be glad to check your cables and battery.

Mrs. Chas. E. Davidson, Sr., Mrs. Bryan McDonald and Mrs. Chas. E. Davidson, Jr., were in San Angelo Monday.

Free "Wise Owl" Balloon with every purchase of

PHOENIX CHILDREN'S HOSIERY

New patterns... stripes, checks, plaids, diamonds galore... in Phoenix Hose for children this Fall! Children will want several pairs. And mother will appreciate the specially long-wearing quality and sturdy construction of these famous socks. All lengths. The pair.

Bond Issue Funds To Be Safeguarded In Woodward Bill

Special to the Stockman:

Austin, Texas, Oct. 4—A public works program, featuring the building of lateral roads to benefit the rural population of the state while also furnishing self-respecting employment to the needy, with 15 per cent in direct charity for actual distress, the absolute elimination of overhead with control by heads of five state departments, are the safeguards which a bill by Senator Walter C. Woodward of Coleman would throw around the first \$7,000,000 which the legislature is advised to provide under the voters' August authorization of the \$20,000,000 bond issue.

Evidence in hearings before the senate committee of the whole showed that at present no public works are being built, that Texans are given outright doles, that administrative costs are 16 per cent higher than the average of the states, that the fund control is exercised by unofficial persons and excessive salaries paid.

The Woodward bill proposes to correct this by placing the spending of the money for roads and dire need as a duty on the commissioners' courts of the several counties, thence working through the local welfare and civic organizations. By providing for roads and sanitary construction it is estimated that the great bulk of unemployment could be ended by providing work which would enable Texans to earn their living while also providing needed public improvements.

The pre-election legislative guaranty of economy and prudence in the handling of this vast sum and that no political jobs would be created is carried out in Senator Woodward's idea in designating the chairmen of the board of control, state highway commission, industrial accident board, board of water engineers, and state health officer to admin-

ister the bond issue.

A resolution to accompany the bill will urge the federal government to adopt the same plan for its Texas contribution, thus eliminating federal overhead and assuring the entire amount actually to relieve need and unemployment. Indications are that the Woodward bill represents the crystallized thought of his fellow legislators as a result of conditions revealed at the hearing and that it or similar provisions will eventually be the measure which will be passed at the special session.

FOR SALE—Still have about 250 head yearling bucks for sale. These bucks have been on feed for several months and are in good shape. See A. C. Hoover, phone 232, or Lloyd White at the ranch phone 4222. 26-4tp

Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.

The wrong cathartic may keep you constipated as long as you keep on using it! And the habitual use of irritating salts, or of powerful drugs in the highly concentrated form of pills and tablets may prove injurious.

A week with a properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin will tell you a lot. A few weeks' time, and your bowels can be "as regular as clockwork." Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative, effective for all ages, and may be given the youngest child.
