## \$40 Sent To Red Cross Storm Fund

### Crockett Lacks \$10 Of Subscribing Quota For Relief

Local Red Cross workers, under the direction of A. W. Jones, county chairman, raised a total of \$40 in a few hours work here last week toward this county's quota for the relief of storm sufferers in the Lower Rio Grande Valley area, swept by a tropical hurricane.

Crockett County's quota was set at \$50 by the national headquarters of the Red Cross at St. Louis, the money to be used in rehabilitation and relief work in the storm swept area, where 26 lives were lost and damage estimated into the millions.

The urgent necessity for organized relief work prompted the national chapter to wire all local chapters for their contribution to relief funds. The national organization subscribed \$25,000 to the fund and relief trains were rushed to the Valley immediately after the hurricane.

Upon completion of the hurricane campaign here, the money raised was sent to the national Red Cross organization immediately. The balance of the quota will be sent if it can be raised. If there are others who wish to contribute to the fund, the money will be received by Mr. Jones or at the Ozona National Bank.

## 165 Present For Methodist Picnic

Approximately 165 members and friends of the Ozona Methodist Church were present for the Sunday School picnic held under the big liveoaks on the W. R. Baggett ranch Wednesday evening. Basket dinners were spread on a long row of table cloths on the ground and so plentiful was the food that there was enough left to feed a similar crowd after the hungry crew had completed its savages.

A softball game for the grown-ups and various games for the youngsters were enjoyed before the rats.

## Station A Downs Rattlers 6 to 4

### Bench-Warmers Hold Visitors Until Eleventh Inning

Ed Ratliff and his crew from Station A, near Sonora, showed the self-styled Ozona Rattlers were in fact bench warmers during most of the past season for the Ozona Giants by taming the reptiles by a score of 6 to 4 in an eleven-inning fracas on the local diamond Sunday afternoon.

The addition of Conley Cox, Giant third sacker, to the pitching staff for the locals failed to pull them out the melee on the winning side. Conley pitched a good game, but his support was ragged and the game went to the visitors on errors. The Rattlers also took a run from their big brothers by failing to hit in the pinches when this would have meant runs, but all in all, it was a good game and the customers were satisfied.

The Rattlers took the lead in the second inning after both teams had scored two in the first frame. The locals scored again in the third and with a two-run lead, it looked like a cinch. But the station crew pushed over one in the fourth and another in the sixth to tie the count. Thus it went until the eleventh, the fatal inning for Ozona teams, and then the A lads pushed over two in their half, a lead which the locals were unable to overcome in their final fling in that inning.

The Rattlers have matched a team for next Sunday with the Construction Co. nine.

## When Roaring Sea Took To Land During Hurricane

This picture will give you an excellent idea of how the waves of the Gulf of Mexico swept across the luckless Lower Rio Grande valley. The shore line of the Gulf cuts across the top of the picture. All the water in the foreground is sea water, brought in by the 100 mile wind. Note ocean breakers.

## High School Football Squad Opens 1933 Season Against Mertzon Here Saturday, Sept. 23; Schedule Complete

Coach Ted White's raw Lions 1933 gridiron aggregation of the Ozona High School, get their "baptism of fire" on Powell Field lot a week from Saturday, September 23, when they tackle the Mertzon crew in the season opener, starting at 3:30 p. m. Coach White announced this week. Except for one open date, October 28, the season's schedule has been completed, with six games at home and three abroad.

A few of the recent rule changes that affect the game this year were explained by Coach White with a view to making the games more interesting to spectators.

Last year the flying block and flying tackle were ruled out, the mentor said. This was to lessen the number of injuries to ribs and body of the player doing the tackling or blocking. Also five men were required in last year's change to stand within 15 yards of where the ball was to be kicked off, this change contemplating elimination of the danger of the "flying wedge."

### Rules Reduce Injuries

One of the recent rules calls the ball "dead" when any part of the ball carrier's body other than the hands and feet touch the ground. This rule will avoid many injuries suffered by ambitious ball carriers who attempt to advance the ball after falling. The player is protected from piling on, kneeling, etc., Coach White pointed out.

Use of the hands on defensive also contemplates greater safety of players. Defensive men are barred from striking an opponent on the face or head. A blow may be given only from the shoulders down and then only as a part of the charge across the line of scrimmage.

This year the two major rule changes are (1) defining "clipping" as striking an opponent, not

(Continued On Page 5)

## C. W. Barbee Of Ozona Enjoys Freedom; Man Of Same Name Jailed

Clyde W. Barbee, office manager for the local Humble Oil and Refining Company agency, wants it known that he is enjoying his freedom, thank you.

A C. W. Barbee was jailed last week in San Angelo and charged with stabbing another man. The name and initials being exactly the same, Clyde took a deep breath of the free air and read the newspaper account of the stabbing again then called The Stockman and asked that his friends be advised that he is still in circulation and that the San Angelo prisoner is no relation.

### THE SCHEDULE

#### Tack This Up Over the Kitchen Sink

- Sept. 23 — Mertzon here. 3:30 p. m.
- Oct. 2—San Angelo Kittens here. 4:30 p. m.
- Oct. 7—Rankin here. 3:30 p. m.
- Oct. 14—Junction there. 3:00 p. m.
- Oct. 21—Eldorado there. 3:00 p. m.
- Oct. 28—Open.
- Nov. 4—Menard there. 3:00 p. m.
- Nov. 11—Sonora here. 3:00 p. m.
- Nov. 18—Rocksprings here. 3:00 p. m.
- Nov. 25—Big Lake here. 3:00 p. m.

## County To Work Road To Del Rio

### Willig Rooter Bought For Use In Cutting Down Rocky Hills

Purchase of a Willig rooter, a special piece of road building equipment suitable for cutting down rough and rocky roads, and an order to the county judge and precinct commissioner to put the road in shape were steps taken by the Commissioners Court in session the first of this week toward putting the Del Rio-Ozona road in good condition.

Many rough and rocky hills, chug holes and the like have made the road south one of the roughest in the section, according to reports, and the news of its contemplated repair will be welcomed by ranchers living to the south of Ozona.

The rooter was purchased from a San Angelo foundry at a total cost of \$650. The court in its order pointed out that the saving in use of this machine over the expense of drilling and blasting out the road would more than pay for the rooter.

### CHAPEL SERVICES

Rev. J. H. Meredith addressed the student body of the high school and grades at the first chapel exercises of the new school year held in the High School auditorium this morning. Chapel programs will be held each Thursday morning during the balance of the term. Supt. John L. Bishop has announced.

Joe Sellers Pierce and Miss Tommy Smith will leave this week-end for Lubbock where they will enroll at the Texas Technological College.

## Judge Wants Plenty Of Room For Changes In County's Budget

County Judge Charles E. Davidson believes in being ready for any eventuality—at any rate, not burn your bridges behind you.

The Commissioners Court decided to approve the county budget as prepared by the county judge and clerk and in writing up the order for the minutes, Judge Davidson gave the court plenty of leeway should it ever have a mind to change the budget or any item in it, as evidenced by the following order:

"Budget as prepared by the county judge and county clerk approved, with the understanding, however, that some may be from time to time changed, altered and amended as this court and drouths, rains, unemployment and delinquent tax collections and further state legislatures and orders of the state auditor, the N.R.A., the Reconstruction Finance Corporation, the A.A.A., the A.C.C., the Intermediate Credit banks, the Federal Land Banks, processing, prices of old ewes and old cows, Red Cross, strikes, hours of labor and costs per hour, wear and tear on machinery, prices of gas and oil, public enemies and many other unlooked for contingencies may require."

## Methodist Meet Starts Oct. 8th

### Rev. & Mrs. R. L. Flowers To Conduct 2-Weeks Revival

A two-weeks revival meeting will open at the Ozona Methodist Church on Sunday, October 8, with Rev. R. L. Flowers doing the preaching and Mrs. Flowers as song leader and leader of the young peoples services.

Rev. and Mrs. Flowers were to have been here in the spring to hold a revival but the meeting was called off on account of street work in progress at the time.

Rev. and Mrs. Flowers are well known evangelists all over the Southwest, having conducted successful meetings all over Texas and Oklahoma. The evangelistic pair are now in Sabinal, Texas, where they are leading in a union revival.

### FIND FAMILIES SAFE

Pascal Northcutt and Norman Rendall, who left last week for the storm-stricken Valley area to ascertain whether or not members of their families had suffered injuries, returned the first of the week. They reported their families safe but homes destroyed. Property damage in the area is appalling, they declared.

## PTA Opens Season With Health Study

### First Meeting Monday Afternoon; Year's Program Complete

The Ozona Parent-Teacher Association will inaugurate its 1933-34 season of activity with a discussion of child health problems in the opening session of the new term at the High School building Monday afternoon beginning at 3:15 o'clock.

The complete program for the year's work has been outlined by the program committee and the printed programs, made possible through the courtesy of the Ozona National Bank, will be ready for distribution at Monday's meeting.

The program for the opening meeting of the association will be as follows:

Theme—Health.  
Leader—Mrs. Ira Carson.  
Invocation—Rev. J. H. Meredith.

Assembly singing directed by Mrs. M. M. Fulmer.  
Reading—Mrs. Tom Hunter.  
Piano Solo—Miss Maxine Murdoch.

"Logical Health Guidance for the Child"—Dr. H. B. Tandy.  
Round table discussion conducted by leader.

Business session.  
Social Hour.

Hostesses—Mrs. George Bean, Mrs. E. B. Baggett, Jr., Mrs. Ray Dunlap, Mrs. John L. Bishop, Mrs. L. B. Cox, Jr., and Mrs. Fred Deaton.

### HI-LEAGUE PROGRAM Sunday, September 17, 1933

#### The Power of a Purpose

Leader—Vicky Pierce.  
Song—"Jesus Calls Us."  
Scripture Reading Matthew 6:24-34—Taylor Deaton.  
Prayer—Rev. J. H. Meredith.  
Talk—What Kind of Purpose?  
—Elizabeth Coose.  
Talk—The Power to Endure and Do—John Henderson.  
Benediction.

## Baptist Revival Starts Sept. 24

### Pastor To Preach Twice Daily In Ten-Days Meeting

A ten-day revival meeting will be held at the Baptist Church here beginning Sunday, September 24, it was announced last Sunday by the pastor, Rev. M. M. Fulmer. Rev. Fulmer will do the preaching. A song leader will be brought here for the services. Rev. Fulmer to contact and engage a singer while in Dallas this week attending a meeting of the State Mission Board.

An innovation in local meetings will be tried during the Baptist Revival, evening—services to be held out doors in the park. The park will be adequately lighted and seats provided for the congregation. Morning services will be held in the church.

The meeting will last ten days, closing Wednesday, October 4, before the opening of the Methodist revival on October 8 with Rev. and Mrs. R. L. Flowers in charge of services.

### CHILD HURT IN CRASH

The 3-year-old son of Mrs. Peggy Carruthers, who is here visiting her parents, Mr. and Mrs. Fayette Schwalbe, suffered a deep gash in his forehead Friday when a car driven by a Mexican crashed into the Carruthers car, a new Ford V-8 on a downtown street. The car was driven by Mrs. Joe Taylor, sister of Mrs. Carruthers. The Mexican was jailed but later released.

Mrs. Charles Williams and Mrs. W. R. Baggett were San Angelo visitors the first of the week.

## MURDER CASE BEFORE COURT OPENING MON.

### Tomas Mar May Face Trial For Slaying Of R. Sanchez

#### FEW CIVIL CASES

### Light Dockets Before Tribunal; Jurors Are Summoned

Possible trial of the case of Tomas Mar, charged with the murder of Refugio Sanchez in the Mexican sector of Ozona on July 9, this year, furnishes the high light of popular interest in the opening of the regular September term of the district court here Monday morning.

Mar is in the Crockett County jail where he has been since the slaying, having been denied bail following a preliminary hearing before the justice of the peace. His case will probably be among the first to be considered by the grand jury when it is impaneled by Judge Joe Montague at the opening of the term Monday morning.

Sanchez died as a result of knife wounds suffered in an altercation in the draw at the boundary of the Mexican suburb on Sunday afternoon, July 9. Several eye witnesses to the slaying testified in justice court to the altercation between Mar and Sanchez and one who said he saw the fight from a distance said Mar held his victim by the neck with one hand and wielded the knife with the other.

Sanchez suffered two deep wounds in his abdomen and chest the blade penetrating the vital organs. He died a short time after being brought to the doctor's office.

But few cases will come before the court on either the civil or criminal dockets and the term's work is expected to be light outside of the murder trial. The damage suit brought by Hallie Hubert, local negro, against Earl Sprague and others, in which Hubert is seeking damages totalling \$13,000, will be among the outstanding civil suits. A plea of privilege has been filed in this suit by the defendants, however, and the suit may be transferred. Hubert is seeking damages for injuries suffered in an automobile accident on the Barnhart road which resulted in the loss of his left arm.

The sheriff's department was busy this week summoning grand and petit jurors for the term. Through an oversight, a jury commission was not appointed at the last term of court and the jury panel was not chosen until last week. The petit jury list contains the names of 50 men, an addition of 14 to the regular panel, supposedly summoned in the hope of securing a jury to hear the Mar murder trial without the necessity of calling a special venire.

## Students' Library Council Organized In Ozona Hi School

Organization of the Students' Library Council of the Ozona High School was perfected at a meeting of interested students Wednesday morning.

The following officers were chosen by the group: Martin Harvey, president; Eda Schneemann, vice president; B. B. Ingham, secretary; Alberta Kay, treasurer; Taylor Deaton, reporter and Walter Dudley, manager of newspapers and magazines.

The following committees were named by the president: Room committee, members of the Library Council; Flower committee, Alberta Kay, Eda Schneemann; Magazine committee, Martin Harvey, B. B. Ingham, Walter Dudley; Poultry committee, Dorothy Johnigan and B. B. Ingham.

THURSDAY, SEPT. 14, 1933.

"I DON'T PAY TAXES"—OH, YES, YOU DO!

It is estimated that 70 per cent of the national income is not subject to direct taxation—income which comes from government bonds, or is exempt from taxation because its owners' total receipts are below the levels touched by the income tax law.

That provides a pretty sound reason for public laxness about taxation. A majority feel that it is no trouble of theirs—that it is a problem belonging strictly to that majority which must pay direct taxes.

We all pay taxes, if we earn a thousand a year or a hundred thousand—and the bulk of governmental income comes from those whose incomes are in the lower brackets.

We pay taxes: when we go to a movie, buy food, turn on an electric light, take a spin in the car, go fishing, or do anything else. We pay them when we are asleep—the maker of the bed, mattress and blankets sold taxes, which he passed on to those who bought his product. The more he paid, the more we pay to sleep!

Tax-free, whether for an individual or a business, is a beautiful illusion, and it will never be anything else. If your income falls within the 70 per cent mentioned, don't be pleased about it. You're paying your share of excessive taxation. And you'll continue to pay until you do something about it.

CREDIT WHERE DUE

A columnist in the Portland Oregonian comments on the amazing care with which the federal public works program is being administered. Government engineers employed by the department in charge, are watched at all hours—and if they are seen to fraternize with persons who stand to gain from contracts, they are liable to be summarily dismissed. Every contract, small or large, is investigated and studied by officials to prevent graft and profiteering. The result is that the campaign is moving rather slowly—but with the assurance that the government, which means the taxpayers, is going to get full value for its money. If this report is correct, it is deserving of the highest commendation.

Louie Ruth Calhoun, 6-year-old daughter of Mr. and Mrs. H. Calhoun, suffered a broken arm in a fall yesterday afternoon.

FIGHTING THE RECKLESS DRIVER

This year the month of September has been dedicated to the most intensive campaign in the interest of automobile accident prevention ever carried on in this country.

The governors of 34 states and the commissioners of the District of Columbia have issued proclamations and messages. More than 90,000,000 persons—75 per cent of our total population—live in their areas. Seventy-five per cent of all automobiles in the country are registered within them, and last year about 76 per cent of the 29,000 deaths occurred in the participating territory.

In 1932 there was a decrease in automobile accidents and fatalities, as compared with 1931. This year the trend has been reversed, and the toll is again on the upgrade. The reckless, the discourteous and the incompetent still rule the highways. The public streets and roads are still shambles both for persons and for property.

Only the individual motorist can conquer this organized destruction. There are few such things as unavoidable accidents. And it has been proven that raising the safety factors of roads and vehicles does no good—the driver simply trusts to the engineers, and operates his car even more recklessly.

During the September campaign, facts and figures detailing the havoc wreaked by excessive speeds, by violations of right-of-way laws, by passing on curves and hills, by that most common of all motoring ills, discourtesy, will be brought to our attention. And all of us should consider it both a duty and a privilege to cooperate.

BRIDGE LUNCHEON

Mrs. Massie West entertained with a bridge luncheon at the Hotel Ozona Wednesday afternoon honoring Misses Elizabeth Perner and Louise Henderson, who leave next week for Austin to enter the University of Texas. The honorees were presented with gifts and Miss Bernice Bailey was awarded high score prize. Other guests were Misses Carolyn Montgomery, Tommy Smith, Totsy Robison, Blanche Robison and Mrs. Marshall Montgomery.

Hot tamales. Made fresh every day. Moore's Cafe.

Mr. and Mrs. Worth Odom were in from their ranch near Sheffield this week, spending a few days on business in San Angelo.

Mrs. W. H. Montgomery of Comanche, who is here visiting her children, is seriously ill at the home of a son, Clay Montgomery.

Mr. and Mrs. Fred Montgomery were here from their ranch near Sanderson for a visit with relatives this week.

Vick Montgomery will return this week-end to Fort Worth where he will resume his studies at T.C.U.

Miss Carolyn Montgomery left this morning for San Antonio where she will be a student at Incarnate Word.

Miller Robison leaves Friday for Stephenville where he will be a student at John Tarleton Agricultural College.

Aubrey Fussell will leave next week for Austin where he will re-enter the University of Texas.

Gena Montgomery left Saturday for Austin where he will enroll at the University of Texas opening next week.

Valley Residents Receive Precious Milk from Water Hose

Relief work goes on in the lower Rio Grande valley, where thousands are homeless and hungry, following the storm which took 26 lives and millions in property damage. A line waiting with pails for milk from a water hose are pictured above. The photo was taken at Harlingen where the hurricane raged its worst.

SUNFLOWER CLUB

Mr. and Mrs. Sherman Taylor and Mr. and Mrs. Jake Short entertained the Sunflower Club and guests at the Floyd Henderson ranch Tuesday evening. High score prizes were awarded Miss Hester Bunger and Massie West. Fruit salad, sandwiches and iced tea were served to the following guests: Mr. and Mrs. W. E. Friend Jr., Mr. and Mrs. Massie West, Mr. and Mrs. Clinton Glover, Mr. and Mrs. J. W. North, Mr. and Mrs. Ashby McMullen, Mr. and Mrs. Evart White, Mr. and Mrs. Warren Clayton, Miss Hester Bunger, Mrs. Gertrude Perry and Jake Young.

Mr. and Mrs. Joe Oberkamp and Miss Helen Chapman were San Angelo visitors Sunday.

Joe Oberkamp was a business visitor to San Angelo Wednesday.

Mrs. S. E. Anderson and daughter of Kerrville are guests of Dr. and Mrs. Henry Schwartz.

Mrs. Hugh Gray was called to Coleman Tuesday upon receipt of word of the death of her sister's child, a 5-year-old girl. A telegram received by Mrs. Gray said the child had been killed but gave no details.

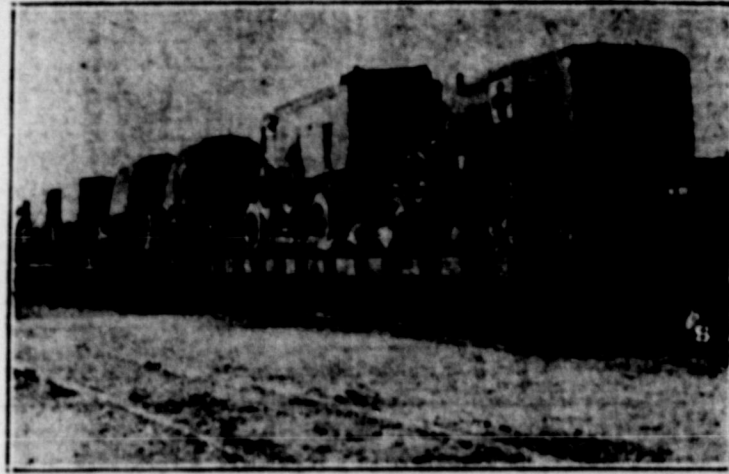

Pleas Childress, Jr. and Conley Cox are among Ozona young men who will enter the University of Texas at Austin next week.

Will Gray, Jr., has returned to Abilene where he has resumed his studies at the Abilene Christian College.

LAS AMIGAS CLUB

Miss Ethel Childress entertained Las Amigas Club and a number of guests at her home last Saturday afternoon, honoring her guest Miss Flora Wagner of Dallas. Miss Wagner was presented with a gift and Mrs. Bill Littleton was awarded high score prize for the club and Mrs. Evart White contract high score and Miss Ada Moss, auction high. Miss Mary Childress won the cut prize. Other guests were Miss Mildred North, Miss Wanda Watson, Mrs. R. L. Flowers, Mrs. Douglas Kirby, Miss Louise Henderson, Miss Elizabeth Perner, Miss Bernice Bailey, Mrs. Marshall Montgomery, Mrs. Hugh Childress, Jr., Mrs. Gertrude Perry, Miss Hester Bunger, Mrs. Charles E. Davidson Jr., Mrs. Clinton Glover, Miss Ludee Mae Harrison, Mrs. H. B. Tandy, Mrs. John Bishop, Miss Maxine Murdock, Miss Alcen Hampton, Miss Lucille Williamson, Miss Elizabeth Fussell, Miss Sophie Haug, Mrs. Ted White, Mrs. Claude Denham and Mrs. Lowell Littleton.

Relief Trains Arrive in Valley

Here is pictured the first relief train for stricken residents of Texas' Lower valley. It carried ambulances, food, water, clothing and medicine for the injured, homeless and hungry. Quick action of Red Cross and other relief agencies probably saved the area from serious epidemic, following the hurricane which took 26 lives.

Mr. and Mrs. Clifton H. Tupper were here from San Angelo for a visit with Mrs. Tupper's sister, Mrs. Ashby McMullen.

Charles Williams will leave this week for Stephenville where he will enter John Tarleton Agricultural College.

Mr. and Mrs. Bob Weaver and daughter, Sarah Louise, have returned from a visit with relatives in Dallas. Mrs. Walter Kyle accompanied them as far as Santa Anna where she visited Mr. and Mrs. Bill Mulroy.

Miss Helen Montgomery has returned to her home here after spending several months with her grandmother in Marlin, Texas.

Mr. and Mrs. N. W. Graham were business visitors to San Angelo Tuesday.

Miss Margaret Butler left this morning for Waco where she will be a student at Baylor University.

Mrs. Roy Henderson, Miss Louise Henderson and Miss Elizabeth Perner were visitors to San Angelo Tuesday.

*"Proud and glad to do our part"*

**W**ITH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program *over three years ago!*

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 per cent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments.

On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 7½-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.

**What Happens When Hurricane Meets Wholesale House**

This is a wholesale grocery firm in Brownsville, Texas, of what is left of it after sad collision with a tropical hurricane, the worst ever to visit Texas' garden spot, the Lower Rio Grande valley. The twisting wind tore the building to pieces, the driving rain ruined and waterlogged everything. Scenes like this are not the exception but the rule, as our surveys the storm area.

Miss Louise Henderson and Miss Elizabeth Perner leave Monday for Austin where they will enter the University of Texas for the coming term.

Mrs. A. C. Hoover, Mrs. A. E. Deland and Miss Rosalee Rauhut went to Imperial last week, where Miss Rauhut will teach in the public schools the coming term.

**Use Genuine Coleman Mantles FOR MORE LIGHT AND BETTER LIGHT**

They are correct in design, size and texture. No side seams to split. Reinforced across bottom. Saturated with best quality light-giving chemicals.

They are made to work perfectly on Coleman Lamps and Lanterns... to insure plenty of good light and long service. The Coleman Company has spent years in perfecting mantles of superior quality. So always insist on the genuine. Look for the name "Coleman" stamped on every mantle. That is your assurance of satisfactory lighting service.

**ASK YOUR LOCAL DEALER** or write The Coleman Lamp and Shovel Co., Wichita, Kan.; Chicago, Ill.; Philadelphia, Pa.; Los Angeles, Calif.

**Geological Survey Of Big Bend Area Made By Students**

Austin, Texas, Sept 13—A group of University of Texas students under the direction of Dr. F. L. Whitney, professor of geology and paleontology at the University, is making a survey of parts of the Big Bend region. This survey is being made in keeping with the practice established several years ago of affording students of geology of the University an opportunity of obtaining practical knowledge of formations in different parts of the State by means of field trips during the summer. Although most of the topography of that remote part of the upper Rio Grande border has been mapped by engineers of the United States Geodetic Survey, it contains large areas about which little is known geologically. To the paleontologist the fossils of the Big Bend are a source of interesting and in some instances new studies. The Chisos and some of the other mountain chains which rise to great heights above the surface of the more level altitudinous region are little known to the average resident of Texas and their confines afford opportunities for scientific studies along several geological lines.

Mrs. Grace Turney, saleslady at the Lemmons Dry Goods Company has returned from a few days visit with relatives in Kaufman and Dallas.

Mrs. P. T. Robison and daughters, Misses Totsy and Blanche Robison, were in Lubbock last week-end completing arrangements for the enrollment of the two girls in the Texas Technological College this year. They plan to leave Monday.

**Football—**

(Continued From Page 1)

carrying the ball, from the rear. Heretofore clipping was blocking below the knees. Now, a high block comes under the ban just as the low block has. (2) When the ball becomes dead inside of ten yards from the sideline it is carried out to the ten-yard line. This rule eliminates the hazard of sideline plays where players and spectators alike are in danger. A large percent of sideline plays have been wasted in getting the ball into the playing field heretofore and the new rule will allow more freedom of plays to each team. Coach White explained.

**Game Not "Sissy"**  
"Many fans criticize the rule changes that tend to 'soften' the game," Coach White said. "Some say the game is becoming 'sissy.' However, such claims are unfounded, as a study of the rules and play of the game will reveal. There is not the slightest femin-

ine touch to the game and it still offers some opportunity for the 'rugged individualism' as of old. Don't miss a game."

"We are hoping for the support of every person in Crockett County during the coming season," Coach White continued. "We need your moral support as well as financial. The boys are big and ambitious but green and innocent in the game. Encourage them and they will pay off with wins."

Marvin Greer and Joe Glenn Rape will leave next week for Austin where they will enroll at the University of Texas for the next term. Marvin will be a sophomore and Joe a freshman this year.

Miss Bernice Bailey will re-enter Westmorland College at San Antonio this year.

Mrs. Felia Friend is reported seriously ill here this week.

**THE NEW FORD TRUCK**

131 1/2" wheelbase stripped truck chassis with 8 cylinder, 75-horsepower engine and dual rear wheels.

Standard equipment with chassis: spare wheel and carrier, instrument panel, coil assembly, front fenders and running boards. 8 cylinder engine, dual wheels and bumpers extra.

**Built-in Quality for Economical Service**

1. Heavy duty double-roller bearings located well under load center of rear wheels.
2. Semi-elliptic rear springs distribute load stresses along widely supported points on frame. Frame supported 25 1/4 inches behind axle.
3. 3/4 floating rear axle with straddle-mounted driving pinions; ring gear alignment assured by thrust plate.
4. Rugged frame of specially selected carbon steel, wide and deep—substantial support for bodies.
5. Full torque tube drive with tubular steel rear radius rods.
6. Enclosed tubular steel coupling shaft fitted with two heavy duty universals. Easily serviced. Provides clutch-transmission service without disturbing rear axle.
7. Four-speed transmission with gear train on anti-friction bearings in all forward speeds.
8. Front radius rods attached to main crossmember by rubber insulated ball and socket joint.
9. Easy steering. 17 to 1 gear reduction. Automatic adjustment of bearings.
10. Clutch throwout bearing lubricator cup extends through floorboard.
11. Full automatic spark advance through vacuum controlled brake assures correct timing at all operating speeds.
12. Mechanically operated diaphragm-type fuel pump.
13. New down draft carburetor—efficient and economical. 75-horsepower V-8 engine available at moderate additional cost.
14. Effective fan and large radiator, two impeller pumps assure adequate cooling for truck service.
15. Brakes designed especially for truck service. Separate emergency brakes.
16. 14-inch drums on all four wheels—unusually large total braking area.

### Close Contact Between Parents And Teacher Is Great Help In Solving Many School Problems, Bishop Says

Now that the school has settled down to its work for the term, the pupils have tackled their tasks of routine study, teachers are getting a line upon the individual capacities and talents of the children, and parents are again classified under three divisions: those who keep a keen eye "schoolward" those who cooperate with children and teacher in a half-hearted manner, and those who ignore the work their children are doing in school, John L. Bishop, superintendent, summarized school problems at the opening of the second week of the present term Monday.

"Parents who keep in close contact with the progress made by their children in school make an investment of time that will pay dividends in success throughout the future, for the rich heritage received by their children will be passed along to future generations," Mr. Bishop declared. "Those patrons have nothing to fear, even though situations may arise that vex them temporarily. Whatever adjustments are needed between the pupil and his school work can be attended to promptly through a conference between informed parents and a competent teacher. It is so often the case that the conference is delayed until the matter has gone too far."

**Little Knowledge Dangerous**  
Parents who give only half-hearted, casual attention to the school work of their children present a more difficult problem than parents who completely ignore school activities, the superintendent said. While the uninterested parent is eliminated at once as a help, he also is eliminated as a hindrance. However, the intermittently interested parent often proves to be an outright stumbling-block, an irritation to the teacher and school generally, and a detriment to the child.

It was pointed out by a noted philosopher that a little learning is dangerous, and interest in school that comes by spurts is in the same category. Frequently, the conscience-stricken parent who has neglected to keep abreast of the activities of the school attempts to offset the shortcoming by making a hasty visit to the school. This type of visiting is often confusing, Mr. Bishop pointed out.

**Visitors Welcome**  
"Every patron of the school is urged to be of the first type mentioned. You are welcome at all times. Make your visits frequent and observe the work of your child and of the school as a whole. Parents and teachers should become thoroughly acquainted. They should have much in common. But their problems should be discussed, and general and specific policies should be determined at conferences from which the children concerned are absent. Visits and the correct type of conference will keep the patron in first division."

Many patrons say that they do not like to visit the school because they do not know how to visit without disturbing etc. For the convenience of all visitors there is a sheet of instructions on the outside of every door.  
Know your school. Be familiar with the fact that you have access to a school that is second to none.

### To Hold Revival Here

REV. R. L. FLOWERS

#### METHODIST NOTES

Sunday morning at 11 we will preach a sermon on the subject of a college education. Try and answer some of the questions: Why go to college? How to choose my college? What shall I expect it to do for me?

Preaching Sunday night at eight.

Next Wednesday night at seven o'clock at the home of Mr. and Mrs. W. R. Baggett there will be a meeting of all the officers and workers of the church. We have called this "The Workers' Picnic" and we go on the invitation of Mrs. Baggett.

Saturday night the 23rd, Rev. S. L. Batchelor will hold the last quarterly conference for the year. He will preach for us Sunday morning the 24th.

Beginning October 8, Rev. and Mrs. R. L. Flowers will begin our annual revival service.

#### FRIDAY BRIDGE CLUB

Mrs. Early Baggett was hostess to the Friday Bridge Club at her ranch home last week at its first meeting since the summer vacation. Mrs. Gertrude Perry and Mrs. Alvin Harrell were the only guests not members of the club present. Mrs. Fred Deaton was chosen chairman, to succeed Mrs. John Bishop. It was decided that members would keep their scores until December 1, when the twenty-four members would be divided into sides by choosing odd and even numbers, the side holding low combined score to entertain the other half.

MRS. R. L. FLOWERS

Mr. and Mrs. Scott Peters left this week for Valley Mills where they will visit Mr. Peter's mother. They will also visit their daughter, Mrs. Bill Swearingen, at Lockhart before returning home.

#### SUNFLOWER CLUB

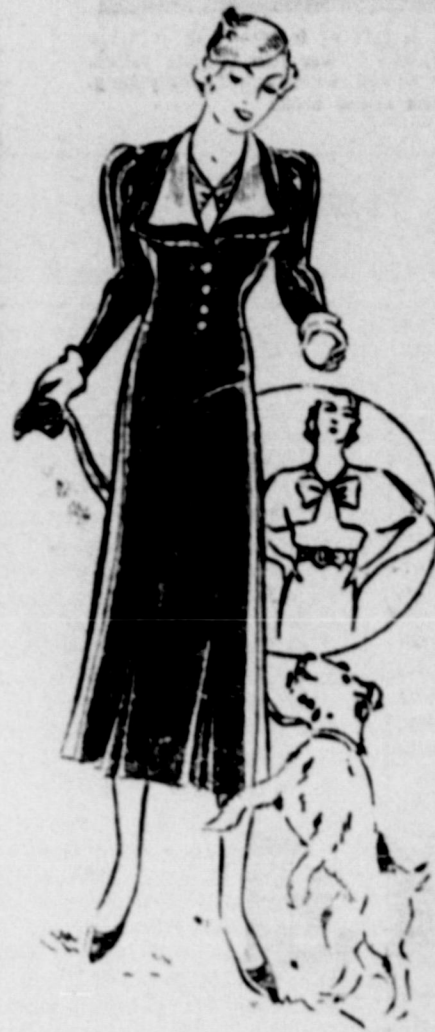

Mrs. Hillary Phillips was hostess to the Sunflower Club at the home of Mrs. J. M. Baggett Tuesday afternoon. Mrs. Frank Mc-

Mullen was awarded high score prize for the club and Mrs. Massie West took second high. A salad course was served to the following guests: Mrs. Ashby McMullen, Mrs. Frank McMullen, Mrs. W. E.

Friend, Jr., Mrs. Arthur Phillips, Mrs. Warren Clayton, Mrs. Joe North, Mrs. Gertrude Perry, Mrs. Sherman Taylor, Mrs. Massie West, Mrs. Richard Flowers and Miss Hester Bunger.
