In Sensational Tax Race, Freeman Edges Hood by Unofficial Two Votes

Over 5,000 voters went to the polls in Howard county's second Democratic primary, to: Return Sheriff R. L. (Bob) Wolf to office; re-elect two out of three county commissioners; and gave B. E. (Bernie) Freeman the slightest of margins for the office of county tax collector and assessor.

Wolf bested J. E. (Jake) Bruton by 2802 to 2356, a margin of 446 votes, to go back into office for his third term.

The sensation of the day was the tax contest, with Freeman showing only a two-vote lead over R. B. Hood, on the basis of complete but unofficial returns. It might take the official canvass to call this result a final one.

The turnover was in Precinct 3, where R. L. (Pancho) Nall, a former member of the county court, was swept back into the office by a 1085-847 win over Grover Blissard, who had sought a second term.

In state races, Howard county gave its own Cecil Collings a handsome vote for the court of civil appeals, 4442 to 594 for Allen Dabney of Eastland county.

The county reversed itself from its July vote in the U. S. Senate contest. Last month Coke Stevenson topped the ticket. Saturday, Lyndon Johnson was the favored candidate, by a vote of 2638 to 2409.

Massive Navy Flying Boat Sets Record

CHICAGO, Aug. 28. — The U. S. Navy's Caroline Mars flashed over land, water and mountains today to set a new 4,745 mile distance record for flying boats.

The non-stop trip took the colossal craft from Honolulu to Ann Arbor, Mich., and Chicago in 24 hours and two minutes.

The great metal gull swooped to a graceful landing in Lake Michigan off Durham Park while thousands looked on from the shore.

The crowd gaped at the largest flying boat in regular operation. They saw a seagull aircraft that weighs 82 1/2 tons, has a 120-foot length and a wingspread of 200 feet.

"It was a very satisfactory and almost routine flight," said Capt. James G. Lang of Mapleton, Minn., squadron commander.

The going was easy all the way. The big ship left Honolulu at 11:13 (CST) Friday morning. It reached San Francisco 38 minutes ahead of schedule. It sped on across peaks, valleys and prairies on the wings of a tall wing.

The sky giant zipped by Chicago. The pilot, Lt. Comdr. Robert J. Hunt of Trenton, N. J., headed the four-engine boat to the east to cover enough additional ground to surpass the old distance mark of 4,375 miles — set on a hop from the Patuxent Naval Air Station in Maryland to Natal, Brazil.

The Mars circled Ann Arbor and swung west to Chicago. Then, with an escort of Navy planes, the huge craft eased down in the lake.

This was the final test run. The boat carried 39 persons, including a crew of 16, and a cargo of farm products and leis from Hawaii.

Polio Victim Buried BROWNFIELD, Aug. 28. — Funeral services were held today for Terry County's first 1948 polio victim, 11-month-old Margarita Martin. She died yesterday in an Abilene hospital.

Dixiecrats Win Harris Referendum

HOUSTON, Aug. 28. — Harris county states' rights democrats tonight called upon Governor Beaufort Jester and State Democratic Chairman Robert Calvert "to take note of their 'marvelous victory' in the county's special presidential referendum.

Latest Houston Chronicle unofficial returns from all of the county's 170 precincts gave the Thurmond-Wright states' rights ticket 43,517 votes to 26,398 for the Truman-Barkley slate.

"We hope that Jester and Calvert give serious consideration to the decisive voice of the people of Harris county," Robert W. Milner, Jr., and Mrs. Sam H. Davis said in a joint statement.

Milner is chairman of the county's states' rights delegation which will seek seats at the September 13-14 state democratic convention in Fort Worth. Mrs. Davis, state democratic executive committee-woman, directed the Harris county Thurmond-Wright referendum campaign.

"It is inconceivable that the regularly elected delegates representing such a majority vote might not be seated at the Fort Worth convention," Mrs. Davis and Milner said in commenting on today's county vote.

Record Grain Crop Expected

With some of the county benefited by showers and with hopes that rain would come in time to put others over the hill, preparations were being made Saturday to handle a record grain crop.

County Agent Durward Lewter said he had been instructed to make a survey of the amount of storage which would be needed and its availability; whether storage would be in sack or bulk; and general location of storage facilities.

Meantime, the Howard County Hereford Breeders voted to give Tucker & McKinley, local grain dealers, an option on their barn after Nov. 15 for grain storage.

E. T. Tucker, one of the partners, previously announced the city had granted leases on three large buildings.

Lewter said that inquiries were increasing about proper methods of fumigating stored grain to prevent insect and weevil loss. He said that FHH 376, entitled "Fumigation of Stored Grains," gave directions for using ethylene dichloride-carbon tetrachloride mixture (3-1). Copies of the bulletin are available at his office.

It is anticipated that most of the county's storage—at least that part which comes to town, will be in sacks.

Cecil Collings Wins Promotion To Justiceship

Holds 8,666 Ballot Lead Over Dabney

Cecil Collings, Big Spring, for 10 years presiding judge of the 70th judicial district, Saturday won promotion to associate justice of the 11th district court of civil appeals at Eastland.

On the basis of incomplete and unofficial returns, with possibly not more than 1,000 votes remaining to be tabulated, Judge Collings held an 8,666 vote lead over his opponent, Allen Dabney, Eastland.

At 11:30 p. m. Saturday The Herald had tabulated 35,470 for Collings and 29,804 for Dabney. The Big Spring jurist had carried 15 of the 23 counties of the district.

With victory apparent, Judge Collings told the Herald shortly before midnight that "I am humbly grateful for the opportunity the people of the district have made possible. When I lay down my responsibility as 70th district judge at the end of the year, I intend to devote every ounce of energy I possess to measure up to the confidence expressed by the people at the polls. I cannot begin to say how much I appreciate the help my friends have given me in Howard county and throughout the district."

Carrying 16 of the 24 counties in the 30th senatorial district, Judge Kilmer Corbin, Lamesa, won the democratic nomination as state senator Saturday over the incumbent, Sterling Parrish, Lubbock.

Holding Parrish to a narrow margin in his home county while he was swamping the senator in Dawson county, Corbin quickened his stride on late returns to pile up a 7,237-vote lead at midnight.

Incomplete and unofficial returns compiled by The Herald, in cooperation with the Lubbock Avalanche-Journal and Plainview Herald, showed: Corbin 28,006, Parrish 20,769.

Eighteen counties were incomplete, two unreported and four incomplete. Possibly not over 500 votes remained to be tabulated. Parrish conceded at 9:30 p. m. and wired his congratulations to Corbin.

Late Saturday night Corbin expressed "my sincere gratitude to the people of the 30th senatorial district and especially to Howard and other neighboring counties who helped so splendidly. I intend to carry out my platform to represent all the people to the best of my ability. I will be in Big Spring Tuesday to discuss with anyone the programs they feel that should merit attention when the legislative convenes, and I plan to revisit every county in the district for similar conferences. I am at the command of my constituents."

For the first time in history of the local 4-H activities, Howard county will have three entries in the Royal American livestock show at Kansas City on Oct. 16.

Three entries have been sent to Kansas City, said Durward Lewter, county agent. They are on a T-O calf fed by Lloyd Robinson; a Winston Bros. calf fed by Marilyn Guitler; a Hardy Grissom calf fed by Jerry Rogers.

These three will be shown in the State Fair at Dallas, together with a Guitler calf fed by Reppie Guitler, a Punk Burns calf and a Winston Bros. calf fed by James Fryar and a Hardy Grissom calf fed by Donald Denton. Three lambs bred by Glenn Jamison, Rotan, will be shown in the fair, too by Martin Fryar and one by Billie Fryar. They are Southdown lambs.

Senate Candidates Stage Photo Finish

Stevenson Lead Cut To 854 Votes

Texas' U. S. senatorial race had all the aspects of a photo-finish affair early Sunday, as the margin between Coke Stevenson and Lyndon Johnson had shrunk to 854 votes. Stevenson was leading by that figure.

The Texas Election Bureau's tabulation at 1:30 a. m. showed Stevenson with 478,947 and Johnson with 478,093. Johnson had gained consistently on his opponent in almost every tabulation since 9 p. m. Saturday.

The contest, of course, remained in doubt, and probably cannot be definitely determined until practically all votes are tabulated today.

The Election Bureau said that Johnson picked up 2,907 votes in a report from Hidalgo county, but that an earlier tabulation error had given him too many votes in Wilbarger county. The result in the Bureau's final tabulation for the night was the slim lead Stevenson maintained.

Johnson told the Associated Press in a statement that he was confident that when all the votes were in he would be the next United States senator.

The 1:30 a. m. tabulation showed Stevenson with 50,045 per cent of the votes and Johnson with 49,955 per cent. The tabulation covered 957,040 votes.

The Texas Election Bureau tabulations told a dramatic story of Johnson's advance: 7:30 p. m. — Stevenson 35,972, Johnson 31,496. 8:30 p. m. — Stevenson 138,312, Johnson 124,588. 9 p. m. — Stevenson 193,258, Johnson 176,258. 9:30 p. m. — Stevenson 279,474, Johnson 266,094. 10 p. m. — Stevenson 332,738, Johnson 332,928. 10:30 p. m. — Stevenson 378,421, Johnson 370,928. 11 p. m. — Stevenson 428,066, Johnson 422,905. Midnight — Stevenson 470,681, Johnson 468,787. 12:30 a. m. — Stevenson 471,539, Johnson 469,420.

In the light of a flickering campfire on the banks of the South Llano river in Kimble county Stevenson listened to returns from the senate race over a radio. He also had a special telephone on a tree. Johnson was at his Austin home.

"It's too close to be comfortable, animal-like people who shoot without provocation." As a further strain, the city council served notice it would meet again next Tuesday in the city hall. The move was planned in the face of the two invasions of the hall by Communist-led demonstrators demanding their own Red regime.

The council announced it would meet despite a Russian brush-off of its appeal for protection from the Soviet-backed East Berlin police.

The American document, a weekly review of occupational affairs, said: "The events of August 26 and 27 (Thursday and Friday) are part of the Soviet plan, to be implemented by the Socialist Unity Party (SED), which includes repudiation of the city government and possible spontaneous riots in Berlin on a large scale perhaps making it for the protection of the people."

Their hot fight at Saturday's polls was a mirror of their heated runoff campaign for the Democratic nomination to succeed W. Lee (Pappy) O'Daniel as the state's junior United States senator.

The race was Johnson's second all-out bid for the Senate. O'Daniel beat down his first attempt by a margin of 1,311 votes in a 1941 election, the result of which was not known for two days, it was so close.

This time Johnson was leaving his 10th district congressional job because of the Senate race. His speech-making campaign was vigorous from the start of the first primary.

Stevenson, who called himself "pipe-smoking, calculating Coke" did a handshaking job in that primary. He came out of it leading the ticket with 39.68 per cent of the record 1,231 votes cast. Johnson had 33.75 per cent. Most of the rest of the votes in the field went to the third man, George Peddy, Houston attorney.

Both Stevenson and Johnson bid strongly for the Peddy vote in the runoff. Unofficial returns showed Stevenson leading Johnson in Peddy's home box on the basis of unofficial returns Saturday.

The former governor kept up his handshaking in the second primary, but he stepped up his speechmaking, too. Both candidates hurled charges of "muddling." Both said a lot of money was being spent in an effort to defeat them. Things like whom the CIO was supporting; the Taft-Hartley law; the international situation, made material for stump speeches.

U. S. Charges Reds Plan Troop Move To Oust City Heads

BERLIN, August 28, (U)—An American Military Government document today charged the Russians with preparing to use Soviet troops in their drive to oust the anti-Communist Berlin city government.

This week's Communist-led invasions of the city hall in the Russian sector were called part of a Soviet plan to foment "spontaneous riots" which could provide the incidents needed for intervention by the Red Army.

"The document came to light as Russian-American relations in this beleaguered capital grew more tense after a wild incident in which speeding Russians ran down an American soldier last night. A Soviet soldier was reported shot."

A red-bearded Russian lieutenant-colonel, who said he was riding in a lend-lease jeep told U. S. liaison officers: "I didn't want to be stopped and fall into the hands of an uncivilized, animal-like people who shoot without provocation."

As a further strain, the city council served notice it would meet again next Tuesday in the city hall. The move was planned in the face of the two invasions of the hall by Communist-led demonstrators demanding their own Red regime.

The council announced it would meet despite a Russian brush-off of its appeal for protection from the Soviet-backed East Berlin police.

King Is Elected Sheriff Of Dawson

LAMESA, Aug. 28. — Dawson county gave her county judge, Kilmer Corbin, a thumping lead in the 30th senatorial race Saturday and elected Roy King as sheriff.

Ex-Consul Lomakin Sails For Sweden

NEW YORK, Aug. 28. — Ja-cog M. Lomakin, stripped of his credentials as Soviet consul general here, sailed with his family today for Goetoberg, Sweden.

Their ship, the Swedish-American Liner Stockholm, left the pier at 10:03 a. m. (CST). Shortly before the vessel sailed, an official of the steamship line quoted Lomakin as saying he was going to the United Nations General Assembly meeting in Paris as a chief adviser to the Soviet delegation.

Lomakin, the official said, was not certain whether he would go to the Paris conference from Goetoberg or after his scheduled return to Moscow. Lomakin declined to discuss his plans with newsmen.

Earnest Bearnarth, Swedish-American's public relations director, said that when the Soviet envoy first boarded the Stockholm he indicated he would grant a news conference before the vessel sailed.

Former Premiers Again Mentioned For French Post

PARIS, Aug. 28. — Former Premiers Robert Schuman and Paul Ramadier and economist Pierre Mendes-France were mentioned prominently tonight as possibilities to head a new government of France.

President Vincent Auriol moved cautiously in his quest for a man to replace Premier Andre Marie, whose month-old government fell early today over the issue of wages and prices.

The abrupt resignation of the coalition cabinet produced near-panic chaos.

Auriol conferred steadily with party leaders, including the communists, amid signs it would be several days before the situation clarified itself.

Schuman, the M.R.P. foreign minister in Marie's fallen cabinet, was premier until last month. He took over in the middle of last December's strike wave and held office until a dispute with the socialists over the military budget wrecked his middle road coalition.

Ramadier, a socialist, served in the post just before Schuman.

Ketch Is Located By RAAF Plane

DARWIN, Australia, Aug. 28. — The missing ketch "Wanderer II" was located today by a searching Royal Australian Air Force plane.

"He seemed to be willing, but advisers apparently counseled against it," Bearnarth added.

The State Department, accusing Lomakin of "highly improper" conduct in the case of Mrs. Oksana Kasenkina, ordered the Soviet government to recall him. Moscow retaliated by severing all consulate relations with the United States.

Draft Sign-Up Set To Start This Monday

WASHINGTON, Aug. 28. (U)—Selective Service is all ready to begin registering men 18 through 25 Monday for America's peacetime draft.

Monday also may see the first draft call — for 10,000 soldiers. Secretary of Army Royall is reported to have prepared a request for draft boards to produce 10,000 men for induction between Nov. 7 and Nov. 15.

Whether or not such a call comes through, registration will continue as scheduled.

About 20,000 specially arranged registration centers have been prepared by the 4,000-odd draft boards to sign up an estimated nine and a half million men between Aug. 30 and Sept. 18.

Officials emphasized today that all men 18 through 25 must register despite the fact that most veterans are exempt and even though 15-year-olds are not liable for service until they become 19.

This is the registration schedule: Date of birth Age Register 1922 (after 25 Aug. 30 Aug. 30)

1923 24 Aug. 31-Sept. 1 1924 23 Sept. 2-3 1925 22 Sept. 4 or 7 1926 21 Sept. 8-9 1927 20 Sept. 10-11 1928 19 Sept. 12-13 1929 18 Sept. 15-16 1930 18 Sept. 7-8

If born Sept. 19) Those born in 1922 after Aug. 30 will register at the selective service headquarters in the Texas Employment Service office (112 1/2 W. 2nd street). On Tuesday and Wednesday, those born in 1923 will register, and on Thursday and Friday those born in 1924 are ticketed to register. Saturday and Sept. 7, those born in 1925 are to register.

General information should be brought by registrants including name, address, date and place of birth, name and address of employer, whether registered previously under the 1940 selective service act, whether rejected, marital status, and if members of the armed forces since 1940 the serial or service number and date of entry and separation, and the same information if in the organized reserve or the national guard.

T. A. Thigpen, member of the tri-county draft board, said it would be helpful if all registrants would bring their discharge papers if they have had previous service or if they are in the reserve or guard.

Reviewing The Big Spring -Week-

Howard county voters are due a "vote of thanks" for a fine turnout at the polls Saturday—more than 5,100 voters, a new record for a run-off primary. It was anywhere from 500 to 1,000 more than most observers dared predict.

No matter what the calendar says, autumn has eased on the scene. Mornings are taking on that fallish "look around the horizons, and the harvest haze is gradually thickening. All we need now is the usual September rain.

Frances Weeg is due to be in Dallas today to hear of an offer to try out for Eastern appearances at a contract. Last week she had to chloroform her prize Palomino mare, Sobra's Sweet Sue, valued at \$5,000. The horse was injured in a collision two weeks ago near San Angelo after Frances had garnered several prizes in the San Saba horse show.

QUARTER-INCH RAIN PEPPERS DOWN HERE

Freak Storm Causes Strange Doings

Strange things happened Saturday during a freak thunderstorm. William Eugene Lyle, Jr., Midland, met himself coming back—and someone else, too—on an approach to the west highway viaduct. George C. Jackson, Route No. 2, blinked and slowed as he saw barrels rolling down U. S. 87. He slowed and four cars piled up.

In town a blinding dust and sandstorm preceded a brisk shower. Cars turned on lights and even that failed to help visibility in some areas. However, this blew over quickly and a quarter-inch shower peppered down. The U. S. weather bureau gauged .28 of an inch.

Over the county the showers were spotted. Salen church, about nine miles northeast, had an inch. Elsewhere in that section the fall varied from a quarter to half an inch. Lomax community got a quarter of an inch as did the Cagle community in southwestern Howard.

An afternoon shower, which never reached Big Spring, gave the southwestern part a good soaking. The "company farm" area got 1.4 of an inch and the I. B. Cagle ranch reported two inches. In the northwest corner, Ackery said there were light sprinkles. Some observers here reported what

looked like a twister to the north, but there were no reports of one having struck.

Lyle, Seaboard Oil company employee, was enroute west when he suddenly lost vision in the storm. He told T. D. Whitehorn, state highway patrolman, that his car, a new Plymouth, began to spin on the east slope of the railroad overpass. Then he began to continue his westward journey but with his car facing east. That was when his vehicle and a eastbound pickup were in collision. Whitehorn did not have the name of the owner of the pickup truck, which suffered

160 PROFESSIONALS PERFORM

Maximum Crowds Are On Hand For All Colorado City Rodeo Performances

COLORADO CITY, Aug. 28—This city's 13th annual frontier round-up rodeo was due to wind up Saturday night after speedy performances and maximum crowds which watched 160 professional cowboys and girls compete in riding and roping event.

Friday evening's show saw only one successful bareback bronc ride. Roy Calloway, Raymondville, was the only man to qualify in that event as the broncs tossed eight other riders into the arena. Saddle bronc riders had better luck with Alved Cox of Spicewood, Bill Barton, Abilene, Lee Roberts, Roswell, N. M., Bud Kessler, Lodo, Okla., and Dude Smith, Dallas, sticking to the saddle for their required seconds.

Doyle Riley, Ballinger, and Raymond Quigg, Marathon, tied for first place in the championship calf roping with 14.6 seconds each. Earl Moore, Clovis, N. M., was second with 15.2, Tom Taylor, Blackwell, next with 15.4. Dutch Doss took Mitchell county roping honors in the third performance when he was clocked at 17.8. Slim Pierce had 21.2, Thurmond Rich and O. C. Jarnigan had 22.5.

15.8, and Jessie Myers, Hamlin, 16.
C. C. Evans, Copeland, wrestled his steer in 9.9 seconds. Neal Gay, Dallas, had a 10.7 seconds time. Cutting horse riders were R. W. McClure, Billy Boren, Billy Arledge, and Shorty Blair.
The third show settled winners in several events for the first go-round, which gave the top spot in calf roping to Sonny Edwards, Big Spring, followed by Raymond Quigg, Marathon, Tom Taylor,

14 Year Prison Term Surprises Youthful Killer

CHICAGO, Aug. 28. (AP)—A 14-year-old boy convicted Friday night of murdering a neighbor girl expressed surprise when the jury fixed his punishment at the minimum of 14 years imprisonment.
"I expected to get 37 years, or life, or the chair," he said. "I guess you can't get less than 14 years for murder."

Close competition marked the girls' flag race. Nancy Benford, Amarillo, did the ride in 14.7; Margaret Montgomery, Ozona, 15.3; Blanche Althizer, Del Rio, 15.3; Jackie Worthington, Jacksboro, 15.4; Fannie Fae Cox, Spicewood,

Blackwell, James Russell, Merkel, Wayne McCabe led the Mitchell county ropers as in the initial round with Hunger Sway, Clay Mann splitting second and third. Slim Pierce was fourth.
Abilene's Bill Barton had tops in the saddle bronc event followed by Alfred Cox, Spicewood, Nest and L. E. Weeks, Abilene, and Jerry Lawhorn, San Angelo.
Jessie Myers, Hamlin, grabbed first round honors for the girls, trailed by Amy McGilvary, Merzon, Blanche Althizer, Del Rio, and

Fannie Mae Cox, Spicewood, and Margaret Montgomery. Carl Sattafield, Cheyenne, took the first round honors in bulldogging, finishing ahead of Forrest Smith, Colorado City.
Jimmy Maddox took the first round with his famous horse, Snooks, in the cutting horse event. Jess Everett, Rex Smith and Margaret Montgomery followed in that order. In the second round Miss Montgomery topped Maddox.

Colorado City Has Third Polio Case

COLORADO CITY, Aug. 28. (SC)—The third case of poliomyelitis within a week was reported here today by Dr. H. A. Logsdon, city health officer.

The most recent case is Mrs. Tom Nabors, 26, of this city. She was admitted to the C. L. Root Memorial Hospital here Saturday. A child of Mrs. Nabors is reported to have been diagnosed with polio and both patients are being sent to Abilene for treatment.

Linder B. Scott, 9, daughter of Mr. and Mrs. Solomon Scott, Negro farmers in the Hermlegh Community, was transferred to Plainview Polio Center in Plainview earlier this week.

The Jaycees and Jayceettes here in Colorado City, in co-operation with various other civic and social organizations have been working extensively with sprays and various other precautionary measures to keep down a polio epidemic. The Jaycees are working presently on the purchase of a fogging machine for use throughout the county during the summer months. Several demonstrations have been

staged and solicitations to help purchase the machine are expected to get under way soon according to Jaycee President Eldon B. Mahon.

The Jayceettes in Colorado City attended a course studying the necessary measure to keep down polio. According to Mrs. Harold Bennett, Jayceette president, it is necessary that every mother, and father, work to keep down a possible epidemic by seeing that his child gets the proper rest and is not taken to large gatherings.

Culberson County Has Its First Well Completion

Culberson County's first oil well has been officially completed at Jimmy Mills, et al No. 1 Fisher in the east-central side of the county.

That project has filed an official potential test report with the Midland district office of the Railroad Commission of Texas, showing that it pumped 20.63 barrels of 30-gravity oil, and no water on the completion test.

The pay is between 470 feet and the total depth of 484 feet in a lime string of 7-inch casing is set at 470 feet.

The new well, and shallow field discovery is 660 feet from south and 990 feet from east lines of section 12, block 110, psd survey. That makes it about 20 miles southwest of Orla, which is in North Reeves County.

Howard Will Form A CROP Chapter

As soon as possible, a Howard county chapter of CROP will be organized.

The organization is known as Christian Rural Overseas Program, and it is designed as a means of offering rural people (and urban friends, too) a means of giving a portion of their bounty to friends in need across the seas. Emphasis is placed on giving in kind—that is by commodities—but for those who do not produce goods on the farm, cash donations offer an avenue of participation.

County Agent Durward Lewter said that tentative plans for organization of a local chapter, which might have as its objective the collection of a carload of goods, are in the making.

Texas Grange Asks \$200 Million For Farm Home Aid

SAN ANTONIO, Aug. 28. (AP)—The Texas State Grange wound up its 14th annual convention Friday by passing resolutions calling for:
1. Stricter state seed inspection.
2. Congressional appropriation of \$200 million for farm home aid.
3. Establishment of rural telephone service along lines similar to REA.

Arthur F. Leesch of Boerne was re-elected state master for a two-year term, and John Dollahite, Blanco Valley Grange, was named state overseer. Mrs. C. R. Cento of Von Ormy, Medina Valley Grange, was elected state lecturer. Other officers include T. C. Shurtleff, Lampasas, Steward; O. F. Knight, Converse, assistant steward; Henry Metzger, Converse, chaplain; T. J. Harr, Poteet, treasurer; Mrs. G. G. Lewis, Crockett, secretary; Otto Hoffman, Comal County, gatekeeper; and Mrs. Margie Horton, Hamilton County, lady assistant steward.
Roscoe Penix, Wood County, and Herman Laubach, Bulverde, were named to the executive board.

Trotting horse Grand Parade has been sold to Count Paolo Orsin Mangelli of Milan, Italy, and will be shipped to its new owner to campaign on Italian tracks.

John L. Smith Will Address K-P Lodge

JOHN LEE SMITH

John Lee Smith, Lubbock, former lieutenant-governor and an outstanding figure in his fraternal order's work, is to address a dedicatory service of the Knights of Pythias lodge here Tuesday evening.

The Week

man, he was reminded that he did not give a signal, that he was doing exactly what the patrol does not want the public to do. That could be a lesson to other drivers who want to ogie at wrecks.

City police had a call to the city park at 2:18 a. m. Saturday to quell a reported gang fight. Of course the participants had fled when the cops arrived. By the way, where are your children at 2 a. m.?

The Jitters Construction company (Corden employees) were spotted for mention on a NBC program (Truth or Consequences) Saturday. Doug Orme, president of the employees club which erected a new clubhouse at Phantom Hill lake near Abilene, is Mr. Jitters.

It may be difficult to ascertain what Big Spring people think about the state of the union, but there's no doubt of where they stand on baseball. After a rukus in San Angelo the other night, 1,800 fans turned out Saturday night to welcome the team back home.

Figures were released last week on lake production for the past eight years. They showed two and three-quarters billion gallons of water metered from this source for a gross value of nearly \$700,000 and a net value of about \$200,000. Apparently they already have been a good investment, not to mention a great help to the supply.

Several hundred people got their first sample of the season from the Big Spring high school band Thursday evening and liked what they heard. With a little more experience, the band will be a source of genuine pride to the community.

Acting on signatures of more than 400 petitioners, the school board last week called another election on the proposed \$1.50 tax rate limit. Some patrons have gone a little further and have even returned tax refund checks in the amount of little less than \$1,000.

1407 Lancaster.
Russell Hardin, Lubbock, grand inner guard, also is to be here for the occasion as will Judge Kilmer Corbin, Lamesa, who is to introduce Smith. Now an attorney in Lubbock, Smith served as a state senator and lieutenant governor and in the K-P lodge was noble grand of the state.

Bentzen Wins From Kazan, Pickett Ahead

By the Associated Press
Lloyd M. Bentzen, Jr., of McAllen defeated Philip Kazan of Laredo for the 15th district congress seat, unofficial returns from Saturday's election show.

The Harlingen Star said Kazan had conceded defeat. In the seventh district Rep. Tom Pickett grabbed back his lead from Nat Patton. Texas Election Bureau tabulations showed Homer Thornberry of Austin moving toward victory in the 10th district race to succeed Lyndon Johnson.

The Texas Election Bureau's vote was Kazan 21,616, Bentzen 30,127; Thornberry 36,760, Kelley McClain of Georgetown 23,625; Pickett 22,543, Patton 20,027.

The three races were the only congressional runoffs in Saturday's second democratic primary election.

Scouts Draw Crowd While Striking Pose For A Photograph

Elevators stopped moving momentarily and activities ceased at the Settles hotel Saturday as Boy Scouts put on an Indian dance rehearsal.

Stewart Painter, Odessa, Buffalo Trails, council field executive, rigged his four delegates to the national conference of the Order of Arrow, national camping fraternity, with feathers, beads, buffalo heads, etc. Painter was trying for some photographs. In the process, he got a crowd.

Cub Leaders Will Plan For Conference

Cub leaders of Big Spring, looking toward a council meeting here in September, will meet for a planning session Monday at 7:30 p. m. at the chamber of commerce office.

George Davis Is New Martin Sheriff

STANTON, Aug. 28. — Martin county nominated a new sheriff Saturday. George Davis, venturing into politics for his first time, polled 768 votes for the democratic nomination as sheriff, to 716 for Morris Zimmerman, incumbent, who has been sheriff and deputy for 18 years. James McMorris, left a clear field for county judge by withdrawal of Ogle Avery, polled 1,435 votes.

Local GI Is In Hospital

Mrs. Altie Dunbar has received word from her son, Doyle Dunbar, T-5, that he is now recovering from pneumonia in an Army hospital in Stuttgart, Germany.

Doyle was convalescing from critical injuries at the time he was seized with pneumonia. About two months ago he had been confined to a hospital and was being transferred when the ambulance, in which he was riding, went out of control. He sustained fractures of both legs, was cut, and suffered from exposure. It was necessary to graft skin as well as to close lacerations. However, he now is able to write, his mother said, and expressed thanks for letters he had received from friends in Big Spring. Doyle has been overseas with the medical corps for 28 months.

Louisiana Senate Candidates Set Stage For Final Rallies

By the Associated Press
Two of Louisiana's senatorial gladiators—Russell Long and Judge Robert Kennon—stage their final political campaign rallies for the big city vote in New Orleans tomorrow.

The democratic primary will be held next Tuesday.

The Minden judge's latest campaign bid calls for a liberalized federal pension plan. In convent yesterday he urged the use of social security surplus to finance such a pension.

Kennon termed Gov. Earl K. Long's state pension plan "ridiculous and inadequate... you've got to be a pauper to benefit."

"As for his campaign rival, Kennon told his audience "you must decide between a seasoned man and a boy in his twenties."

Meanwhile, both candidate Long and his uncle, the governor, sharply denied rumors that a special legislative session would be summoned within two weeks.

The Baton Rouge State-Times had reported rumors were current in the capital city that Governor Long would call the special session to boost the beer tax and repeal the cigaret levy.

Governor Long retorted, "This is absolutely, deliberately untrue."

Furthermore, the Governor added, "whoever connived that story

did it to deliberately harm the administration and tried to adversely effect the election."

Russell, in Shreveport, also refuted the rumors. He said the State-Times "has tried harder than any other newspaper in the state" to defeat him in his race for the senate.

He termed it a "desperate last-ditch stand by the State-Times to try and defeat me."

In another senate race, Allen J. Ellender took to the New Orleans

air waves in his re-election campaign and called the Taft-Hartley labor act a "good and very necessary law."

He said the next Congress may amend the act, but would not repeal it.

In Baton Rouge yesterday, Rep. James Domengeaux, a rival for Ellender's post, called the senator a "hedging plutocrat" who "loves Truman and supports him" and "also loves states righters and supports them."

WOMAN GETS MA AS HOME BURNS

HUNTSVILLE, Aug. 28. (AP)—Mrs. Belle Dinkins, instructor in the Huntsville Junior High School and mother of two children, had long looked forward to receiving her master's degree from Sam Houston State Teachers College.

Last night was the night. But at about the same time she stepped up to receive the degree which automatically boosts her salary, fire destroyed her home, about six blocks from the campus. Damage to the one-story structure was estimated at \$10,000. It was partially insured.

Gulf Makes More At Bryant No. 1-E In Midland County

Gulf Oil Corporation was making more hole at its No. 1-E Wilson Bryant, Central Midland County deep wildcat. It was boring ahead beyond 12,663 feet through lime and shale.

This venture is 14 miles south of the City of Midland and 660 feet from north and 1,980 feet from west lines of section 36, block 39, TP survey, T-3-S.

In the west portion of Midland county, The Texas Company No. 1 Scharbauer, 660 feet from south and west lines of section 20, block 40, TP survey, T-2-S, was at 10,235 feet. This prospector is slated to test into the Ellenburger at an estimated 12,500 feet, about one mile

south of the Midland Air Terminal, feet, preparing to run a drillstem test.

Two brothers—Bill and Charley Fleming of Pinehurst, N. C.—wound up in a photo finish in a harness race for two-year-old trotters recently. Bill, driving Brewaway, won.

Hurricane Is Hovering Off Eastern Coast

MIAMI, Fla., Aug. 28. (AP)—A fast-spinning hurricane hovered 600 miles off a lengthy coastline today and caused the weather bureau to sound a precautionary note for the Georgia-Carolina coasts.

The storm moved northwestward at 12 to 14 miles an hour with 115 to 125 mile winds spinning around its center. A Navy observer declared it had "a beautiful eye," like a perfectly round whirling disk. This was in indication of its violence, he added.

Gracy Norton, chief of the weather bureau's Storm Warning Service here, said the hurricane was centered 630 miles east of Titusville, Fla., 550 miles southeast of Cape Hatteras, N. C., 610 miles east-southeast of Savannah, Ga., and Charleston, S. C., and 450 miles southwest of Bermuda.

Norton declared that unless a radical change occurs, the storm "no longer is a threat to Florida."

PICKING TEXAS COTTON — Big mechanical cotton pickers move across fields of Texas cotton, three abreast, much in the manner of combines. Texas has an estimated 250 mechanical cotton pickers in operation. The picker can cover an acre of cotton in 75 minutes. (AP Photo).

LABOR SUPPLY IS AMPLE

Swarms Of Workers Rapidly Stripping Texas Fields Clean Of Their Cotton

AUSTIN, Aug. 28 (AP) — Swarms of workers are rapidly stripping Texas fields clean of cotton. The labor supply is ample, the Texas Employment Commission reported today.

Reports from field offices gave this picture of the harvest:

In the Rio Grande Valley farmers already have plowed 439,650 acres after harvesting their cotton. The ginning record stood at 314,319 bales.

Picking in the Coastal Bend area was nearly completed.

In the Victoria and San Antonio areas, the cotton was 75 per cent harvested.

Reports from the Bryan-Taylor-Navasota area were that cotton picking was at its peak. The earlier expected labor shortage did not materialize, and there were sufficient pickers on hand.

From Waco came the report that the peak of the season would be around the middle of this week. Most of the cotton was open and there was no picker shortage. Scatter-

ed rains might slow down harvesting.

In Ellis County a heavy crop was being harvested mainly by local labor. However, the middle or latter part of next week outside pickers probably will be needed.

From Fort Worth north to the Red River, cotton is beginning to open. Peak of the picking season will be between Sept. 10 and 15. The Fort Worth cotton control center of the employment commission reported that cool weather and showers are expected to delay the season somewhat. Production in this large area will range from

average to good.

Wichita Falls' late cotton will be helped considerably by expected rain. Irrigated fields in this area will yield an estimated 20 per cent more than last year.

Activity in the San Antonio cotton control center was slowing down at the end of the week. This regional control center will probably be closed within 10 days or two weeks—as soon as picking is finished in South Central Texas.

The Fort Worth control center, now functioning will be in operation until Central, Northeast and North Texas fields are picked.

Former Oklahoma Cop Given Life On Murder Charge

DUNCAN, Okla., Aug. 28 (AP) — Ex-Duncan Policeman E. L. (Lefty) Fowler last night received a life sentence for the murder of Waitress Helen Beavers.

It took a district court jury only 90 minutes to find Fowler guilty and set the penalty. The trial lasted five days.

Fowler took the stand to maintain his innocence. He testified he signed three confessions under duress of state and county officers.

Miss Beavers' body was found stuffed in an automobile trunk last Feb. 9, 17 days after she was slain.

Fowler only blinked when the verdict was read but his mother began screaming and the court room was thrown into confusion.

Small Colleges Are Expected To Feel Vet Enrollment Drop

WASHINGTON, Aug. 28 (AP) — The Veterans Administration (VA) says the number of war veterans in college this fall may drop 10 percent below last winter's peak. "It is logical to expect most of this decline among the junior colleges,

teachers colleges and other small colleges and universities," Harold V. Stirling, VA education director, said in an interview. "Many veterans who enrolled in junior colleges are completing the two year courses offered by these schools.

Some may continue undergraduate study in other colleges.

"Others enrolled in the smaller schools while waiting for openings in the larger institutions of their choice. They will transfer to these larger schools as soon as openings are available. As a result of these transfers, total war-veteran enrollments in the larger colleges and universities are expected to hold fairly constant during the next academic year, while marked decreases will be noted in the enrollments of smaller colleges."

Peak enrollment in the veterans educational and job-training program was 2,802,000 last December. Enrollment of veterans in colleges alone reached 1,245,000. Enrollments declined steadily and toward the end of the academic year last May had decreased to 2,703,000 in all programs and 1,141,000 at the college level.

Stirling said the rate of decline among college enrollments probably will be slower than originally expected because of increased subsistence allowances granted by Congress this year. "These increases will enable many veterans—particularly those with dependents—to complete their college courses rather than abandon them for economic reasons," Stirling said. "Nevertheless, college enrollments may decline as much as 10 percent below last December's peak."

Stirling said the veterans enrollment peak in schools below the college level has not yet been reached. The number of veterans, particularly in business and vocational schools and high schools, has increased during the past year. Stirling said they can be expected to increase again this fall in spite of the restraining effect of the recent ban on avocational or recreational courses. Higher ceilings on earned income plus subsistence allowance will account for a part of the increase.

FOUND DEAD IN HOTEL

Financier Believed To Have Killed Former Partner, Self

ASBURY PARK, N. J., Aug. 28 (AP) — The letters left behind by Henry M. Brooks, financier who was found dead by his own hand in a hotel bathroom here, constitute a confession of the murder of his former business partner, representatives of the Mercer County prosecutors office said today.

While detectives traced Brooks' trail from the time of the shooting of his erstwhile partner, Joseph R. Watkins, Wednesday, Mercer County Prosecutor Mario Volpe said "there is no question in my mind that Brooks is the guilty man."

Watkins' body was found in a car parked outside the Princeton Inn, which is in Mercer County.

Volpe said he had heard from authorities in Monmouth County, in which Asbury Park is located, that one of the letters mentioned "The Princeton Mess."

Police said that the gun which was found still clenched in Brooks' hand was the same caliber—32—as the gun with which Watkins was slain.

Assistant Monmouth County Prosecutor Charles Frankel said Brooks left two letters to his wife, Ruth, and one to a car rental agency in Newark.

He quoted one of the letters to Mrs. Brooks as saying in part "about that crazy thing at Princeton—although I kept telling him I had to have answers to our rela-

tions problems it was still that same maybe-manana and perhaps, or the one little piece until he just decided to drive away—well—I guess the lack of anything just broke my mind."

Volpe said that Watkins, a lawyer and investment broker, had obtained a \$72,000 judgment against Brooks on the grounds that he had made good losses in several of their joint financial ventures. The prosecutor said that Brooks, whom he identified as being bankrupt and under investigation by the attorney general's office in New York state, had made several unsuccessful efforts to have the judgment set aside.

Big Majority For Dewey Seen By Sen. Bricker

WASHINGTON, Aug. 28 (AP) — Sen. Bricker (R-Ohio) predicted today that Gov. Thomas E. Dewey will win the presidency in the November election "by a tremendous majority."

His forecast contrasted with a more cautious one by Gov. Roy Turner of Oklahoma that President Truman will win in a campaign in which Turner said "there is work to be done."

Bricker, who was Dewey's running mate in 1944 when the late President Roosevelt was re-elected, told a reporter on a brief visit to Washington that "all the signs are different now."

"Unless something mighty unexpected happens, Gov. Dewey is going to win this race by a tremendous majority," the Ohio senator said, adding: "I think the results are pretty well set already."

TWC Dean Named Vice-President

FORT WORTH, Aug. 28 (AP) — Walter R. Glick, dean of the faculty at Texas Wesleyan College, today was named vice president of the school.

J. Elmer Cox, junior high school principal here, was named to Glick's post. Glick has been with the school since 1936 except for a year spent in teaching in German schools. Cox formerly was with public schools at Salado and Temple.

WINGS OVER BIG SPRING
Soaring Enthusiasts Check Possibilities In This Area

If Big Springers see something that resembles an over-sized gull today, there's no need for curiosity. They will be soaring planes—or gliders.

Four Dallas men, headed by E. J. Reeves, president of the Soaring Society of America, arrived here

Saturday to make an exploration of the West Texas area for soaring possibilities. They were to report their findings to the Texas Soaring Society.

In the party with Reeves were Wallace Wiberg, an aeronautical engineer for the Texas Engineering and Manufacturing company, Robert G. Thomas, tow pilot, and Al Backstrom, crew chief. Reeves is flying a Schweizer FG-2 and the technique calls for the two planes to carry the glider aloft before it cuts loose and soars from up-draft to up-draft. The planes and gliders are operating today from the Munny port.

Few ports in the nation can boast a greater variety of craft making landings than can the Munny port for the past couple of months. In that space of time the field has serviced the largest B-2 type, amphibious planes, helicopters, autogyros, gliders, blimps and conventional craft. Not so awfully long ago it handled some jet jobs which put in here for repairs.

The operations office at the Munny port is just about completed after an extensive remodeling campaign. The army's inter-communication system which puts the field in touch with army flight service is being installed and Jack Cook, Munny manager, said that a board to post flights for Army and Navy pilots is being put into operation.

Saturday's showers may be sufficient to put the weed killer to a test at the Munny field. Previously the runways had been sprayed with the weed killer but it has been too dry to get a fair test.

WTCC Urges Good Neighbor Plan Promotion

ABILENE, Aug. 28. (AP)—In an effort to bring more Mexican laborers to Texas, especially to West Texas cotton fields, the West Texas Chamber of Commerce has urged further promotion of the state's good neighbor policy.

The Latin-American relations commission of the chamber asked Governor Beauford Jester to proclaim an official Good Neighbor week in Texas. With the request went letters and telegrams pledging cooperation from most of the mayors and chamber of commerce managers in the West Texas Cotton growing area.

The governor proclaimed the week of November 15 as Good Neighbor Week. He also issued an executive order to the heads of all state departments and institutions in Texas, calling for furtherance of the good neighbor policy, now officially being promoted by the Texas good neighbor commission.

The West Texas group also has asked Governor Jester and the Good Neighbor commission to take these pledges of cooperation, along with copies of the governor's proclamation and executive order, directly to the highest officials in the Mexican government.

Manager D. A. Bandeen of the WTCC said Texas has shown by its official action its desire to be good neighbors and he believed the Mexican government will respond by lifting the so-called economic sanction which prevents Mexican seasonal workers being brought in to the state.

Bandeen said that available labor will be inadequate to harvest the heavy yield of cotton in West Texas.

Bandeen said: "We do not believe the republic of Mexico will want to further foster economic discrimination against the cotton growers of Texas or against its own nationals who would receive compensation far greater than it would be possible for them to earn in their own country, because of a few isolated cases of so-called discrimination in a great state with 254 counties and 7,000,000 people."

Progressive Party Candidate Denied Place In Louisiana

Saturday Robert F. Six, president of Continental Air Lines, announced that his company was going to limit its fare increase to only four per cent last week. Effective Sept. 12, he will turn around and offer a five per cent reduction on round-trip fares. "In my opinion," said Six, "air fares should be 'pegged' at present levels."

The Rev. and Mrs. Lloyd Thompson are in Henrietta today where the Rev. Thompson is scheduled to officiate this afternoon at funeral services for Mrs. Thompson's father, Oliver Lilly. Mr. Lilly succumbed at 2:30 a. m. Saturday at his home in Dumas.

Born in 1878 near Dallas, Mr. Lilly resided some 60 years near Henrietta. He was a retired farmer and at one time commissioner of Clay county. He was a life-long member of the Presbyterian church.

Other than Mrs. Thompson and Mrs. Youngblood, Mrs. Burton Boyd of Dumas survives the deceased. He leaves also five sisters: Mrs. Robert Allen of Sweetwater, Mrs. Odie Allen of Norton, and Eunice, Evva and Maggie Lilly of Norton.

The Rev. T. J. Youngblood, another son-in-law and also a Christian church minister, will assist the Rev. Thompson at the funeral services. Lilly had visited in Big Spring many times.

Meet The "Seniors" of the COSDEN FAMILY

This is the eighth of a series of special Cosden presentations, recognizing the long and valued services of those employees who have been associated with Cosden for 15 years and longer. Cosden is proud of the scores of its workers who have contributed to its success through so many years.

DOUGLAS L. ORME

One of the top men in the Cosden administrative setup is Douglas L. Orme, whose association with the company dates back to May 1, 1929.

A native of Strawn, where he was graduated from high school in 1923 (after, by the way, he had won a State Interscholastic League championship as a debater), Orme attended Texas Christian University for a year. Then he joined the Texas & Pacific Railway company as an employee in the freight office in Abilene. He was with the Tee-Pee for five years, until he joined Cosden as a billing clerk in the traffic department at Big Spring. In August, 1929, he was transferred to Fort Worth as rate clerk in the traffic department, became assistant traffic manager in 1935 and traffic manager in 1936.

He transferred back to Big Spring December 10, 1939, and on November 17, 1947, was elevated to a vice-presidency in charge of traffic. His duties consist of supervision of rail traffic including operation and maintenance of Cosden's fleet of 597 tank cars.

Widely known as a top-flight traffic man, Orme has successfully participated in several important freight rate cases before the Interstate Commerce Commission and the Texas Railroad Commission. Of recent interest was his guidance of the train-load volume rate on gasoline, set up between Cosden and the Texas & Pacific for the first time in railroad history.

Doug likes to play chess as a hobby, and he's a darned good cook. He fishes and golfs when time will allow.

Active in civic affairs, he is a member of the First Christian church, the Masonic lodge, past president and director of the American Business club, director of the chamber of commerce, a founder-member of the American Society of Traffic and Transportation. He served during the war on two national transportation committees with the Petroleum Administration for War and the Office of Defense Transportation, having jurisdiction over 126,000 petroleum tank cars.

The CHIROPRACTOR and You

This is One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic

WHAT IS PARALYSIS? Paralysis is a disease which affects muscular tissue, which is the only form of tissue, which, by shortening itself (contracting) is capable of producing movement. For example, an arm or leg moves because muscular tissue contracts. Paralysis is the inability to move... therefore, it is the inability of muscular tissue to contract.

Here's a curious fact. If you were to examine microscopically a piece of affected muscle, and also a piece of normal muscle, but would find the structure of both to be identical. In other words, in the condition of paralysis, the paralyzed tissue itself reveals no cause of dis-ease. We must look for the cause of paralysis in the mechanism upon which the muscles are dependent for their contraction.

WHY MUSCLES WORK. The Chiropractor knows beyond all doubt that contraction of all muscles in the body is dependent upon one thing only — and that is upon the "messages" or "commands" which are "telegraphed" to the muscles by the brain. For example, we decide to move our hand, and immediately the brain telegraphs this "command" to the muscles and they contract. This is true of the muscles of the legs, the arms, the neck, and even though we may be unconscious of the fact, every muscle, even those of the heart, stomach and intestines, must receive "commands" before they can produce movement.

It is the nervous system ever which these "commands" from the brain are carried to the muscles. For example: if, through some interference with the nervous system, "commands" from the brain are not reaching the muscles of the leg, then the leg will be paralyzed.

LOCATING THE CAUSE. The first object of the Chiropractor is to locate that point in the nervous system where there is interference in the flow of "commands" from the brain to the paralyzed part. He knows that there is only one point at which this interference can and does occur — and that is, in the spine.

The spine is composed of many movable bony segments. Nerves leading from the brain to each and all parts of the body pass between these segments. When one or more of these bony segments are jolted, pulled or pushed out of their normal position the adjacent nerve fibers are "pinched" and rendered useless thus curtailing the flow of vital forces between brain and one or more parts of the body.

For example, if the nerves leading to the muscles of the heart are "pinched," the function of the heart will be affected. Similarly, if the nerves which supply leg muscles are "pinched," paralysis of the leg results, and will remain so as long as there continues to be a point of interference between the brain and the leg muscles.

REMOVING THE CAUSE. The trained and experienced Chiropractor is able to determine the exact point of nerve interference in your spine. And having located it, he has the skill to remove it. By careful and precise adjustment with his hands only, he restores the misplaced segments of the spine to their normal position. This releases the pressure upon the nerves and contact is re-established between the brain and the dis-eased part. Health can be the only possible result.

Maritime Workers Get Pay Increase, Will Not Strike

NEW YORK, Aug. 28. (AP)—Maritime workers who threatened to strike Sept. 2 have been granted a six per cent increase in their basic wages.

The agreement was reached yesterday by officials of the CIO American Radio Association and East and Gulf Coast shipping companies.

Meanwhile the CIO National Maritime Union said returns from most ports assured ratification of a recent agreement giving most of the 60,000 NMU members a \$12.50 monthly increase.

The radio operators' wage increase is effective as of July 16. The agreement provides for a review of wages on Dec. 15 at the request of either party.

The agreement retains present employment practices, provides an overtime rate of \$1.70 per hour and overtime on Mondays after holidays that fall on Sunday.

The operators also secured an increase from \$7 to \$8 per day in

the subsistence and room allowance, and a \$6 a day maintenance and sick allowance as long as an operator is unable to work.

SCURRY WELL HAS GOOD SHOWS

Possible Pay Is Unveiled In Upton County Wildcat

By John B. Brewer
SAN ANGELO, Aug. 28—Unveiling possible pay from the Pennsylvania in an Upton County wildcat good shows from the Pennsylvania in a Scurry County wildcat, and production possibilities from the lower Clear Fork of the Permian in a Gaines County wildcat intended to explore the Ellenburger highlighted West Texas oil news the past week.

Magnolia No. 1-TXL, slated 13,000-foot Ellenburger wildcat a quarter mile south of the Midland County line in northwestern Upton County, cored from 9347-57 with no shows at the weeks close after recovering 1,350 feet of oil plus 2,530 feet of oil and gas cut drilling mud on a six-hour drillstem test from 9,285 to 9,345 feet in Lower Permian. The test had gas in one hour and 38 minutes at a maximum of 28,000 cubic feet per day. The oil was 40.8 gravity. Bottomhole pressure maximum was 1,420 pounds. The drill pipe unloaded some of the fluid while being pulled. An earlier test recovered a 1,350-foot water blanket cut very heavily with oil and gas, 860 feet of 41 gravity oil and 450 feet of heavily oil and gas cut mud from 9,321-45 feet in lime and shale. This test lasted two hours, five minutes. Gas appeared at surface in 25 minutes. Open bottomhole pressure was 975 pounds with shutin bottomhole pressure after 15 minutes at 4,850 pounds. Location is in the C NW 20-46-T&P.

Magnolia No. 1 Winston Bros., in southwestern Scurry County drillstem tested good oil shows from the Pennsylvania. The wildcat, testing from 7,377-7,410 feet, tool open 1 1/2 hours, resulted in recovery of 390 feet of heavily oil and gas cut mud. An unreported amount of gas appeared at surface in 30 minutes. The second drillstem test was taken from 7,428-45, tool open 1 1/2 hours. It recovered 4,900 feet of clean oil, 280 feet of heavily oil and gas cut mud and 340 feet of salt water. There was an unreported amount of gas at surface in three minutes. In two

hours, the test recovered 114 barrels fluid, with some salt water, from 7,238-7,304. Location is 330 feet out of the northeast corner of tract 72, subdivision 37, Kirklind, & Fields survey, 3 1/2 miles southwest of Snyder.

Production from the lower Clear Fork of the Permian became a possibility in Shell No. 1 Hawkins, a south central Gaines County wildcat contracted to 12,000 feet to explore the Ellenburger.

No. 1 Hawkins was drilling ahead below 7,263 feet at the weeks close after recovering 76 barrels of 31.5 gravity oil and 41 barrels of gas-cut oil in a two-hour drillstem test from 7,103 to 7,240 feet. There was a strong blow of air throughout the test with gas appearing at surface in 15 minutes and continuing the rest of the test. Recovery bottomhole pressure varied from 500 to 1,400 pounds and shutin bottomhole pressure was 2,900 pounds after a 15-minute shutin. The drillpipe unloaded six times after being pulled. Location is 1,983 from the north, 665 feet from the east line of section 8-A23-pal, 2 1/2 miles southwest of Clear Fork producers from an average depth of around 6,400 feet in the Robertson pool.

Slick-Urschel Oil Co. filed application for three new test in the recently opened Benedum (Ellenburger) field in eastern Upton county. No. 1-B Arvilla E. Gordon will be 660 feet out of the southeast corner of the northwest quarter of a 160-acre lease in block No. 7, TCR survey. It is contracted to 11,500 feet to begin at once.

Slick-Urschel No. 1 W. H. Dixon has been staked 660 feet out of the northwest corner of the west half of section 3, block 4 1/2, C. Bendie survey in the Benedum field. It is on a 320-acre lease. It is to begin at once with rotary and is contracted to 11,500 feet.

The same company's No. 1 J. S. Elliott, on a 23-acre lease, will be 660 feet out of the southeast corner of the west half of section 10, C. D. Mosley survey. It is contracted to

11,500 feet with rotary, to begin soon.

Humble Oil & Refining Co. staked location for a deep wildcat to explore the Ellenburger in southeast Reagan County, 10 miles northeast of Big Lake.

It will be the No. 1-E Sawyer Cattle Co., 660 feet from the south, 1,980 feet from the east lines of section 142, block 1, T&P survey. It is contracted to 10,000 feet with rotary.

The other Reagan County wildcat, three miles east of Big Lake, will be drilled by Stanolind and Danziger Oil & Refining Co. of Fort Worth. It is the No. 1-A E. Price Miller, in Reagan County. The test is on a 490.60 acre lease. It will be 660 from the south, 2,011 feet from the west lines of the northwest quarter of section 228, block 1, T&P survey. It will drill to 9,600 feet with rotary.

In Tom Green County, Humble will drill a 9,000-foot rotary wildcat to test the Ellenburger 12 miles west of San Angelo and four miles northwest of Tankersley in the southwest part of the county. It will be the No. 1 Mrs. B. W. Moore, 660 feet north of the southwest corner along the west line of section 863, and 1,320 feet from the west line of the section in the H. Spier survey. It will start at once.

Jap Treason Jury Continues Effort To Reach Verdict

LOS ANGELES, Aug. 28.—The jury trying Tomoya Kawakita on federal charges of treason resumed deliberations today with no indication whether or not a verdict was in prospect.

For three days the jury has been trying to agree on a verdict in the case of the stocky, 27-year-old Nisei, charged with inflicting a series of indignities and brutalities upon American war prisoners while he served as an interpreter in Japan's Camp Oeyama, on Central Honshu Island.

Kawakita was born in Calexico, Calif., and the government claims he is a United States citizen. Kawakita, on the other hand, says he renounced American citizenship and became a Japanese national in 1941.

Auto Of Amnesia Victim Is Sought By Gray Officers

PAMPA, Aug. 28.—City and Gray County officers are seeking an automobile owned by John D. Forman, 34, Pampa war veteran suffering from amnesia. The car disappeared while Forman was wandering about the country from July 14 to Aug. 19.

Forman was recognized by a friend on an Oklahoma City street Aug. 19 and was returned to his home. He has not recovered his memory.

Officers have found that after he left Pampa in his 1941 canary-yellow (Chevrolet) convertible coupe, to meet a war buddy at Muleshoe, he was in New Orleans, Memphis, Tenn., and Boston, Mass.

The officers believe he stored the car in a garage or a repair shop. It contained a set of golf clubs.

LOCAL OIL Eastern Howard Wildcat Plugged

A wildcat prospector in East Howard County has been plugged and abandoned after drilling into the Permian zone which was barren.

C. W. Guthrie No. 1 Mabel Quinn, eight miles southwest of Big Spring, and 330 feet from north and east lines of section 26, block 34, TP survey, T-1-S, failed to encounter any indications of oil or gas in going to a total depth of 3,441 feet in lime. Operator has ordered it abandoned.

In northern Howard county, the Seaboard No. 1 Zant, west offset to the No. 1 Dora Campbell, the test which put the heat on the Vealmoor pool, was at 7,692 feet and nearing the Pennsylvania lime zone. This venture is being closely watched as a possible indicator of trends for the pool. Location is in section 29-32-3n, T&P. Further to the north in southeastern Dawson county's shallow Sprayberry pool, the Ellenburger venture, Seaboard No. 1 Lee, section 47-34-Sn, T&P, was fishing at 5,628 feet in Borden County Seaboard No. 1 Clanton, a mile and a half northeast outpost to the Vealmoor pool was waiting on cement to set at 1,272 feet. Bottom is 1,318 feet.

Sun No. 2 Ellwood, south Mitchell deep venture in section 26-16, SPRR, was below 6,715 feet in sand and lime and Hunt No. 1 Ellwood, northeast quarter of section 31, J. P. Smith survey, was below 6,952 feet in Pennsylvania lime.

Southeastern Scurry county reported Sun No. 2 Schattel, a half mile north and quarter mile east outpost from the No. 1 Schattel,

Canyon lime discovery, below 4,882 feet in lime and shale. It is in section 186-97, H&TC, the same section in which Sun. No. 4 Schattel, half mile east of the discovery, was drilling after setting 13 1/4-inch string at 1,759 feet.

Insurance Agency Absorbed By Peeler

Purchase of the W. L. Meier Insurance Agency by Peeler Insurance Agency was announced Saturday by Worth Peeler, head of the underwriting concern which bears his name.

Peeler is taking over clients and representation of companies held by Meier in the fire and automobile insurance field. Meier, who is moving to Austin to open an apartment building, started his agency here in 1935.

Peeler, active in business for several years here, has had his own agency since his separation from service. His offices are in the Ritz Theatre building, where he specializes in fire, casualty and automobile underwriting.

Victim To Recover

Marion Ransom, Negro, critically injured a week ago in a truck-car collision north of here on the Gall road, is now apparently on the road to recovery. He is said to have suffered a fracture of the skull, neck and ribs, when his vehicle and one driven by Jesus Puga, Jr. were in collision.

Hereford Men Slate Tour

Howard County Hereford Breeders set Sept. 16-17 Saturday as the dates for their annual fall tour.

Traditionally, the first day takes the visitors on a tour of member farms and ranches in the northern and eastern areas, and the second day to the south and west.

Breeders also talked plans for their fifth annual sale, which is to be held on Feb. 14, 1949. Other problems of the association were talked at the informal meeting presided over by Sam Buchanan, president. Attending the session were Buchanan, E. W. Lomax, immediate past president, Leland Wallace,

Rexie Cauble, Ed Martin, Mr. and Mrs. Houston Cowden, Durward Lawler.

New Mail Routes Are Granted Here

Authority has been requested by and granted to Postmaster Nat Shick to establish mounted route mail delivery service to the following streets, effective Sept. 1:

- 1300 block on Wood street.
- 700 and 800 blocks on Settles avenue.
- 800 blocks on West 16th, 17th and 18th street.
- 1000 block on Stadium Drive.

Shick emphasized that boxes would have to be placed at curbs and the houses properly numbered to insure delivery.

Summer Ailments Drop Off Here

Some of the summer ailments dropped off on the weekly report of communicable diseases, but other infections were beginning to show.

The number of diarrhea cases reported to doctors dropped off to two, which is only one-fourth of where it has been pegged for several weeks. However, two cases of trench mouth appeared and one case of measles showed up on the reports to the Big Spring-Howard county division of the Midland-Ector-Howard county health unit.

Parents were urged to caution youngsters against pressing their mouths against public drinking fountains and not to use cups used by others. As for the measles, parents were urged to take their children to doctors for injection of serum if the children have been exposed to measles. In this way, the youngsters are assured of only a light case if they have the measles.

Only other cases on the report were two venereal disease entries. Last week there had been one.

RETIRED CHIEF JUSTICE OF U. S.

Private Funeral Services Are Planned In New York For Charles Evans Hughes

OSTERVILLE, Mass., Aug. 28. — Private funeral services in New York were planned today for Charles Evans Hughes, retired chief justice of the United States, who died last night at the age of 86.

The marshall of the United States Supreme Court was reported en route here to act as escort for the body of the noted jurist who nearly became the nation's president in 1916.

Associates of the family said plans for a service in New York's Riverside Church would be completed late today.

Hughes, secretary of state in the Harding and Coolidge cabinets and twice governor of New York, succumbed last night only a few hours after he was reported in critical condition from a heart ailment.

The 86-year-old former chief justice — the only American ever to be appointed twice to the U. S. Supreme Court — died at the Washington Club, where he had come on Aug. 5 to convalesce from an illness that had confined him to his Washington home for several months.

The former jurist's son, Charles Evans Hughes, Jr., a New York attorney, said death was caused by congestive heart failure and uremic poisoning.

The younger Hughes said his father had "shown marked improvement" but that he suffered "a sudden relapse" early this week.

Since leaving the nation's highest judicial post July 1, 1941, because of declining health, Hughes

CHARLES EVANS HUGHES

had spent most of his time living quietly and in relative obscurity in Washington.

He withdrew entirely from society circles upon the death of his wife on Dec. 6, 1945, and made his last public appearance at the funeral services of another chief justice, Harlan Fiske Stone, in April, 1946.

The former chief justice was friendly and had a keen sense of humor. His neatly trimmed white beard was perhaps the most famous whiskers in public life since Abraham Lincoln.

After his retirement he kept up a large correspondence with old acquaintances.

Born in Glen Falls, N. Y.,

April 11, 1862, he entered Colgate at the age of 14 and graduated from Brown University. After receiving his law degree from Columbia in 1884, he began legal practice in New York.

Elected governor of New York in 1907, he resigned during a second term to become a U. S. associate justice in 1910. He remained on the supreme court bench despite offers from Republicans to make him their presidential candidate in 1908 and 1912.

However, in 1916 he accepted the nomination and left the court to run against Woodrow Wilson. He was defeated in one of the closest races in history — Wilson winning by an electoral vote of 27 to 254.

Besides serving as secretary of state under two presidents in the '20s, Hughes also was on several special commissions and posts for the government.

President Hoover returned Hughes to the bench as chief justice in 1930.

He wrote many of the famous opinions of the 1930s and more often than not sided with the so-called liberals on the court. He sided with the administration in about two-thirds of the decisions rendered. He also was widely credited with playing an important role in defeating President Roosevelt's court reorganization proposal.

President Orders Flag To Half Staff

WASHINGTON, Aug. 28. — President Truman today ordered the flag to be flown at half staff on all government buildings until after the funeral services Tuesday afternoon for Charles Evans Hughes in New York.

He also asked the nation's citizens to "render every appropriate reverence to this great American, in their homes, their schools, their churches and in other suitable places."

TRANSPLANT WEST

Eastern Laborers Develop 'Ranch'

PITTSBURGH, Aug. 28. — Ten-not-so-young men were unable to go west to indulge their love for ranch life. So they brought a part of the west east.

The result is an unusual ranch, hard by Pittsburgh's steel mills and within sight of its coal mines.

The nine-acre "Circle-W" ranch near a county park is a telescoped replica of a western cattle ranch — without the cattle.

It's the brain child of 45-year-old Al Welland, a garage mechanic, and Max Schickel, 43, a brewery worker. Both horse lovers, they met riding a trail in South Park about 10 years ago and decided to form their own ranch for the fun of it.

Nine years ago the "Circle W" began its spare-time existence with a barn for the horses, a bunk house for its crew and some acreage to romp around in.

Welland and Schickel found eight other hobbyists interested in going along with them. The ranch crew still is the same, plus the families and children of the veritable array of butchers, bakers and candlestick makers who operate it.

The rest of the "ranchmen" are Bill Schultz, a light company wireman; Paul Dorsey, a welder; Fred Smith, a railroad blacksmith; Ed Verner, a salesman; Cliff Wagner, a college student; Matt Jordan, a roofing company manager, and Jordan's sons, Tom, 12, and Jimmy, 17.

Every day after working hours these men and boys shed eastern habits and become "Westerners" in thought, talk and action. They repair to a bunk house lined with standard ranch gear — although probably a mite fancier than the work-a-day garb of a cow hand. Each member owns his own

horse and spends hours practicing trick riding and rope tricks. Lacking cattle they spin a lariat on each other.

"We share a common bond," said Welland. "We love the west and horses. Our jobs make it but every evening we can go west necessary to us to live in the east in a few minutes. It helps satisfy our craving for the wide open spaces."

The men built the bunkhouse on the land leased for five years.

"It cost us about \$800," Welland added. Our horses cost from \$115 to \$500 and our personal and saddle gear averages about \$800 apiece.

"It's been pretty expensive but it's worth it," he said. "We pay current expenses out of a common kitty which costs about 40 apiece monthly. That's not as much as some fellows spend on golf and we have lots less strain on our tempers."

The faithful devotion to western ranch customs is carried out in a musical ensemble of "gittars", accordions and vocalists who give out with campfire tunes when the riding day is finished.

The spread is no Dude Ranch. The boys want no customers other than themselves.

WEEK'S BUSINESS

Barometers Fluctuating Erratically

Business barometers fluctuated erratically at the end of the summer season last week, real estate transactions showing strength with building still in the doldrums. New car deliveries were off.

Instruments filed at the county clerk totaled 14 for the week, but these deeds showed an aggregate of \$41,953 as compared to only \$18,550 the week before. This boosted the year's total to \$1,575,754.

August had every chance in the world to go into the books as the weakest construction month of the year. Twelve permits for the week accounted for only \$12,035 as compared to 10 and \$41,070 the week previous. Aggregate building totals for the year stood at \$6,489,712.

Records revealed only eight new passenger cars registered during the week, less than half of the normal for the year. There was one truck about a fourth of the usual run and a couple of motor scooters, the average run on them, and cycles.

About the most heartening trend was in the real estate market where some agents observed that inquiries were on the increase, particularly by people in a position to buy. There was talk — but still just talk — of several sizeable building projects.

Add shredded red cabbage or shredded raw beets to cole slaw for color; garnish with thin strips of green pepper.

Bovine Gridders Making Progress

If muscular soreness is any indication of improved physical condition, the Big Spring high school football Steers are coming along on schedule in preparation for their opening game with Brownwood a week from Friday.

The boys have been working at top speed under Coaches Herschel Stockton, Conn Isaac and Good Graves and resemble little the youngsters who reported for practice two Mondays ago.

Outside of the soreness, the Bovines have come through in fine shape. Billy Van Pelt is still having to take it easy because of a busted digit and Amos Jones is favoring a bad case of boils on his neck but those have been the only hurts reported.

Stockton weighed the young star-linemen Friday and the starting lineup may come in a bit heavier than every one had expected, that is if Stockton himself knew who he was going to start.

At any rate, here's a run-down on the hopefuls, together with their weight and height:

Kimberl Guthrie, 131, 5-8; Arliss Davis, 170, 6; Donnie Carter, 177, 6; Billy Van Pelt, 177, 5-11; Cain Grigsby, 152, 5-11; Virgil Rountree, 149, 5-10; Kelly Lawrence, 142, 5-8; Billy Cunningham, 138, 5-8; and Paul Fortenberry, 165, 5-11.

Also Bobby Wheeler, 147, 5-10; Richard Laswell, 186, 6-1; Howard Washburn, 130, 5-8; Fred Herrington, 148, 5-11; Jimmy Jennings, 119, 5-4; Aubrey Armistead, 145, 5-8; Jimmy Stewart, 128, 5-8; Charles Porch, 127, 5-10; Ronald Farquhar, 126, 5-10; Kenneth Curry, 136, 5-8; Tommy Porter, 150, 6; Don Williams, 138, 5-11; Dallas Wood, 125, 5-8; W. C. Blankenship, Jr., 144, 5-9; C. Russell, 134, 5-8; Charles Kuykendall, 155, 5-10; Allen Holmes, 156, 5-8; J. House, 138, 5-8; and Amos Jones, 151, 5-10.

A lot of rough work is ahead of the Steers. Stockton intends to scrimmage several times before now and the Brownwood game. They are taking skull practice every afternoon, working on plays that will be used against the Lions.

BILL (ACE) ABBOTT Has Big Job

Mobley-Abbott Match At AC Could Be Tops

There should be fireworks enough to suit everyone at the Big Spring Athletic club Monday night.

The villains and the heroes will be there in force, not to mention a bloke who has long been threatening to break out with his brand of jiu-jitsu.

The head-hunter, the meanie the patrons love to hate, will be Rod Fenton of Montreal, Canada, who has been especially vicious since his return here a couple of weeks back.

Roderick is going against George Lopez, the almond-eyed, tanned oriental who is capable of using Asiatic tricks on the opposition.

The promoter Pat O'Dowdy is sending Rod Mobley, a nice grappler from out of Borgar, against Bill (Ace) Abbott of Abilene in the other match.

There'll be no outstanding favorite, either on paper or with the crowd, in that one. Both lads are well liked in these parts.

Both are veterans in the wrestling ring but neither is a greybeard, by any means. Straight wrestling will win this one but it will take a lot of science on either side to swing the decision.

The show gets underway at 8:30 p. m.

Lees Captures YMCA Meet

B. B. Lees captured top honors in the YMCA's first annual city swimming meet Saturday evening before a crowd of more than 400 people at the young swimming pool, and Johnny Coffey set the pace for the juniors.

Lees took three first places to coast to victory and the trophy presented by Dr. R. B. G. Cowper. Lee Milling presented Johnny Coffey with a trophy on behalf of Dibrell's Sporting Goods, after Coffey had outdistanced Dude Long.

Fans gave the water ballet, presented by Helen Ann Hardy, Kitty Roberts, June Cook and Pat McCormick an enthusiastic hand after the quartet of attractive young mermaids had gone through an intricate routine without a bobble.

Results in the various events, and with times which go into the record books, were:

Junior back stroke—Jackie Little, J. Coffey, Dude Long; 37.2.

Senior back stroke—B. B. Lees, Hugh Cochran, Pat Lamb; 46.5.

Junior breast stroke—J. Coffey, J. Little, D. Long; 38.8.

Senior breast stroke—B. B. Lees, H. Cochran, Jerry Houser; 47.0.

Junior free style—J. Coffey, Dude Long, Preston Mason; 29.8.

Senior free style—B. B. Lees, Gerald Burrus, George Clark; 38.5.

Life saving race—B. B. Lees, Gerald Burrus.

Junior diving—J. Coffey, Dude Long.

Senior diving—Harry Echols (68), Fritz Crump (57), P. Shaffer (38.7 points). In addition to scoring a total of 15 points to six for his nearest rival, Lees also served as clown for the show and gave a good exhibition. Medals for place winners were provided by the Howard County Athletic association.

Phils Beat Pirates
PITTSBURGH, Aug. 28. (U.P.)—The Philadelphia Phillies won both ends of a twin bill from the Pittsburgh Pirates, 9 to 2 and 11 to 7, Del Ennis led the attack with three circuit clouts, two of them in the second game. The double win was costly for the Phils, however, their star rookie outfielder, Richie Ashburn breaking his left hand sliding into second in the first game.

Cayuses Clinch Playoff Spot With 8-3 Win

SAN ANGELO, August 28.—The Big Spring baseball Broncs clinched a place in the Shaughnessy playoff of the Longhorn league by thumping the San Angelo Colts, 8-3, before the season's largest crowd—1,104 paid—here Friday night.

The Steeds could lose the remaining 12 games on their regular schedule and still finish ahead of fifth place Bellinger.

Freddy Rodriguez made victory certain for the Big Springers by handcuffing the Colts with five hits, two of which came in the ninth inning. One of the blows he gave up was a home run by relief tosser Derwood Cox. The win was Freddy's tenth of the campaign.

The victory was also significant in that it gave the Cayuses the edge in the season's series with the Angelenos, 11 games to nine.

Big Spring combed the offerings of Bill Guthrie and Cox for 12 hits, including a three-run homer by Ace Mendez—his 13th of the year—and two blows each by Justo Aspiazu and Pat Stasey and Bobby Fernandez. One of Stasey's blows went for three bases.

Stasey has now hit in 28 consecutive ball games.

District Seven Grid Team Loses, 27 To 7

Burkholder And Tercero Shine

FORSAN, August 28.—Making full use of their superior speed, the District Five All-Stars roared through the District Seven collection of griders in the second annual six-man football classic, 27-7, before approximately 1,000 fans here Friday night.

John Prude's sextet, built around his own Fort Davis contingent, spotted the District Seven a touch-down and then fairly pushed them off the lush green of Buffalo Field with a series of long sprints and passes.

Jackie Tweedie went 19 yards to pay dirt early in the second quarter to give the District Seven team an early lead. The Sterling City star had spearheaded a drive after intercepting an enemy pass on his own 21. Tweedie then toted the pigskin over for the point.

The guests from the west fought back for a TD within two minutes with Bill Aiken of Buena Vista and Bob Burkholder of Barstow leading the way. A pass to Dalton Taylor of Barstow from Burkholder went 36 yards for a score.

District Five failed to convert but Prude's club had taken the lead within a few moments and was to add another six-pointer before the half ended.

Acton recovered a District Seven fumble on the foe's 26 yard line and Alken powerhoused his way over immediately to make it 12-7 in favor of District Five.

Alfonso Tercero of Fort Davis plunged into the end zones after a 56-yard sprint that started as the Latin-American speedster grabbed up a fumble.

That was all the scoring for the first half and the two teams fought on fairly even terms during the third period but in the fourth the Fives broke loose again after repelling two enemy threats.

Albert Ramos, an alert wing from Toyah, clawed down a District Seven pass late in that round and sprinted 15 yards untouched across the double stripes to make it 27-7.

Prude Is Named To Lead 6-Man Football Group

John Prude of Fort Davis, a veteran of 20 years in the coaching business, has been named president of the Texas Six-Man Coaches and Officials association, formed at the American Business Club's coaching school here Friday.

The new organization, which is to be affiliated with the Texas interscholastic league, will assume the job of sponsoring its annual clinic starting in 1949. The school will be conducted here again next August.

George W. Tillerson of Sterling City was elected vice-president of the organization, B. R. Taylor of Fort Davis the secretary and G. A. Pringle, Jr., of Dripping Springs the treasurer.

Directors named were George Abernathy, Blanco; Frank Honey-

cut, Forsan; N. W. Kennedy, Mount Calm; I. L. Whitfield, Maple; Hubert Parks, Cleveland; W. O. Langner, Knippa; W. F. Wallace, Sierra Blanca; R. V. Sparks, Norton; Walker Bailey, Big Spring; and G. C. LeCroy, Barstow.

ABClub officials said the 1948 school was by far the most successful of the three staged thus far.

Bengals Invade Maria Diamond

Boasting a 16-4 won-lost record in games played to date, the Big Spring baseball Tigers move to the road today, going to Maria for a 3:30 contest with that city's powerful Indians.

Either Gus Fierro or Isa Mendoza will toe the pitching rubber as the Big Springers try to make it No. 17.

Elias Gamboa continues as the Bengals' leading hitter with a record of .371. He is only one percentage better than Tom Fierro.

Pat Martinez has the most hits, 31, while Gamboa has scored the most runs, 27.

The averages, compiled by Charley Fierro, include:

PLAYER	AB	R	H	AVG.
Gamboa 3b	70	27	26	.371
F. Fierro c	72	23	23	.319

Second Round Bollworm Fight Appears Won

The second and perhaps the crucial round in the bollworm fight had been won Saturday.

Comparatively little poison was put out during the week as the threat from the bollworms waned. However, County Agent Durward Lewter warned that the interlude was one of respite only, for signs of leaf worms were increasing.

He urged farmers to keep a close watch on their cotton for leafworm moths or millers and eggs, and to get at poisoning early when these signs appear. Much of the county's cotton is yet too young to permit leaf worms to strip it.

Lewter ventured that the leaf worm cycle would swing into full stride around Sept. 5.

That also was the date he fixed for the potential third cycle of the bollworms, which constituted such a grave threat to the cotton crop in their second cycle, just ended.

Surveying results of the campaign over the county, Lewter said he was confident that critical loss had been avoided by prompt and continuing work on the part of farmers. He said that comparative studies of fields which were not poisoned and those that were show that counter measures against the bollworm pests were of great value.

The U. S. Bureau of entomology last week had a second application of dust applied from the air to farms in the Elbow area where a few specimens of the dreaded pink bollworm had been found. Previously, G. W. Chowns, who heads the bureau's work in this area, said he hoped that the poisoning would be effective enough to eliminate further cycles by these pest, which last year showed up in this area in alarming proportions.

Traffic Violators Hub A Stern Judge

Traffic violators hubbed a stern judge in city court Saturday morning. Judge W. E. Greenlee heard a plea of guilty from an individual who had been before the bar once before on the same offense. The court meted out a \$10 fine. Another defendant, who twice had failed to pass tests for his drivers license, admitted he was driving anyhow and for the brief privilege, he paid out \$25.

SUNDAY SCHOOL LESSON

Ananias The Disciple Stands Test Of Faith

Scripture - Acts 5:1-22
By NEWMAN CAMPBELL

When we see or hear the name Ananias we immediately think of the Biblical character who sold a piece of land, then lied to God and the church about the price he was paid for it—thus giving his name to liars of all succeeding years. He was the husband of Sapphira, as related in Acts 5:1-7.

It is unfortunate that we associate this name with the man who was untruthful, because there is another Ananias also in the Book of Acts who was not only a truthful man, but was a devout disciple, who obeyed the Lord's voice implicitly, even when he was very much prejudiced against the man God commanded him to help.

Ananias of Damascus is the hero of this lesson so we will only briefly relate the circumstances that brought him to our notice and which concern Saul who afterwards became Paul, the apostle, and one of the really great leaders of the early Christian church.

Saul (as Paul was then called), educated strictly in the formal Jewish religion and a Pharisee, was filled with hatred of this new sect called Christianity. He saw Stephen, the first martyr, cruelly stoned to death, and approved the deed.

Filled with fury at the new religion which threatened the old Jewish traditions, Saul went to the high priest and asked for a letter to the synagogue at Damascus, giving him authority to arrest all Christians he could find there, and bring them bound to Jerusalem.

However, on his way, with his escorts, Paul was suddenly blinded by a great light, while a voice said, "Saul, Saul, why persecutest thou Me?" Saul, who had fallen from his horse, said, "Who art thou, Lord?" and the voice answered, "I am Jesus, whom thou persecutest."

Trembling with fear and astonishment, Saul asked what the Lord wanted him to do, and the answer was that he was to proceed to Damascus, and there he would be told what next to do.

The great light, however, had blinded Saul, and those with him had to lead him by the hand to the city of Damascus, where he was lodged in the street called Straight, in the house of one named Judas.

For three days Saul saw no one, neither did he eat or sleep. In the meantime, in the home of Ananias, came a vision in the night, calling him by name.

Recognizing that the voice was the Lord's, Ananias said, "Behold, I am here," and was then told that on the morrow he should go to a certain house in the street called Straight, where he would find Saul, who would be expecting him.

Ananias was to lay his hands on this man and restore to him his sight. Ananias had heard all about Saul and his reputation as a persecutor of Christ's followers, and he said so, but the Lord answered that this same man had been chosen by Him "to bear My name before the Gentiles and kings, and the children of Israel."

He never entered Ananias' head to disobey the Lord and His command, so he went to the house of Judas in the street called Straight. He entered the room where Saul

was, and said: "Brother Saul, the Lord, even Jesus, that appeared unto thee in the way as thou comest, hath sent me, that thou mightest receive thy sight, and be filled with the Holy Ghost."

As the good man spoke, the scales fell from Saul's eyes; he saw and was straightway baptized. Saul was not the man to do things by halves.

Convinced of the error of his ways, he immediately put all the energy of his nature into the cause of Christ, and became as zealous in His cause as he had been heretofore in persecuting His followers.

His obedience to the holy voice, although Ananias probably did not realize it at the time, was to result in one of the greatest blessings that ever came to the church.

In our homes today the children who are taught to obey are best fitted for life when they reach adulthood. Even their physical safety often depends upon this habit of obedience.

How much woe are they spared as they go through life when their spiritual and moral natures are enabled to resist temptation through obedience to that "still, small voice within" which is called conscience, which warns them of evil.

Equalization Board Work Progresses

The combined board of equalization for the City of Big Spring and the Big Spring Independent School district finished its preliminary work Friday.

Although no definite date has been set for the hearing, it is due sometime during the week of Sept. 13. Usual routine adjustments were effected by the board, passing on renditions, and new construction was added to the roll. Notices are due to go into the mail this week.

Baptist Laymen Complete Slate At Encampment

The official slate was completed by Baptist laymen of district No. 8 here Friday as they completed their annual gathering at the Baptist encampment grounds.

Ab Williamson, Snyder and Dr. Glenn Walker, Midland, were named vice-presidents of the district, and Forrest Mitchell, Lamesa, secretary. These will serve with Stansell Clements, Lamesa, district president, until the district convention in March 1949.

Cliff Brannon, Longview, general council for Le Tourneau, Inc., and state Brotherhood vice-president, held the laymen's group with an inspirational message which climaxed the two-day gathering which the men planned and conducted in all phases. Also on the concluding program was Thomas J. Pitts, Odessa, president of the state places with Dr. Thomas Havins, Brotherhood. He had swapped places with Dr. Thomas Havins Brownwood, who appeared on the program Thursday.

Dates for the encampment next year were set tentatively for Sept. 8-9, because the men felt that with vacations out of the way attendance would be better.

Named Paper Director

Thornton Hall, native Texan and husband of a former Big Spring woman, has been elected to the directorate of the New York Herald Tribune, Inc., which he has served the past three years as assistant business manager. Hall is married to the former Josephine Costelow, a cousin to Mrs. Houston Cowden.

AMAZED AT QUICK ACTION OF MERTOX

"For the past ten years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.

"My food would not digest and soiled on these attacks occurred I felt all puffed up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking MERTOX."

"Since taking MERTOX I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I certainly was amazed at the quick action of this medicine." You can get MERTOX from any Texas druggist at the new REDUCED price.

WEST TEXAS OIL

Magnolia To Start
Wiley Operations

MIDLAND, Aug. 29 — Magnolia Petroleum Company is to start operations at once at its No. 1 T. D. Wiley, which is scheduled to be an 8,200-foot wildcat in Southeast Dickens County.

The prospector will be four miles northeast of Spur, and 680 feet from north and west lines of the northwest quarter of section 305, H&GN survey.

The projected destination of the venture is due to take it into the Ellenburger.

Plymouth Oil Company and Slick-Urschel Oil Company No. 1 Wallace, northeast flanker to the original Ellenburger producer in the Benedum field of East-Central Upson county, and 660 feet from north and west lines of section 50, P. B. Scott survey, swabbed the pay zone above the total depth at 11,484 feet, and the well kicked off and flowed approximately 32 barrels of 55-gravity oil in the first hour.

There was no water. Flowing was continued for another two hours, through various sized chokes. The recovery averaged around 32 barrels for each of the last two hours. Gas-oil ratio was 2,500-1. No water was developed.

The well was shut in to change some of the connections at the end of the first three hours of flowing. No testing will be undertaken shortly.

Plymouth and Slick-Urschel No. 1 Taylor and Sadler, 660 feet from north and west lines of lot 4, section 50, P. B. Scott survey, the southeast stepout from the Benedum field opener, went in to swab to bottom at 11,488 feet, in the Ellenburger.

Shortly after the activity started the swab line broke. No fluid had been recovered at the time of the break. Operators had pulled the tubing and were to fish out swab, and then resume effort to recover oil.

Republic Natural Gas Company No. 1-E-A Barnett, wildcat two and three quarter miles northwest of the initial producer in the Benedum field, and 1,980 feet from north and west lines of section 40, block Y, TCRR survey, drilled to a total depth at 11,725 feet in Ellenburger dolomite.

No swabbing or testing was undertaken natural on the open hole from the bottom of the 7-inch casing, cemented at 11,590 feet, to the current bottom.

A 2,000-gallon acid shot was to be injected, and the formation was then to be swabbed and tested. So far no signs of oil have been developed in the Ellenburger at this exploration.

Gulf Oil Corporation No. 1 State School Board, deep wildcat in the Shafter Lake region of North-Central Andrews County, and about 11 miles north and west of the town of Andrews, ran a one hour drillstem test at 10,525-575 feet in a lime formation.

Recovery was 20 feet of drilling mud. No shows of oil, gas or water were reported. The venture is to make more hole. It is 1,979 feet from north and west lines of section 14, block A-36, pal survey.

Wilshire Oil Company No. 1 McElroy, wildcat contracted to a possible 14,000 feet in West-Central Upson County, was going on down in the Simpson below 13,716 feet in shale and sand.

It is in the southwest quarter of section 148, block E, CCSD&RGNG survey, five miles east of the McElroy field.

In the Benedum area of East-Central Upson County, Richardson & Bass No. 1 Neal, in the northeast quarter of section 9, block Y, GC&SF survey, approximately five miles east of Upland, was at 10,819 feet, drilling lime, chert, and shale.

Fred Turner, Jr., and J. M. Hewgley, Sr., new operators of the No. 1 Barnett in East-Central Upson County, have set a four and one-half inch liner from 8,066 feet to 12,367 feet, the total depth on the wildcat. It was cemented with 400 sacks.

Operators plan to perforate and test several intervals in the Ellenburger. Location is 1,980 feet from north and 660 feet from east lines of section 4, GC&SF survey.

Slick-Urschel and Plymouth were preparing to perforate the liner recently set from 11,572 to 12,505 feet at their No. 1 Standefor, southwest flanker to the Benedum field, and were then to begin testing various sections of the Ellenburger. The outcrop is bottomed at 12,505 feet.

Location is 660 feet from north and east lines of lot 3, section 50, P. B. Scott survey.

Hansford Snubs
Any Balloting
In The Run-Offs

SPEARMAN, Aug. 28. (P)—No-body bothered to go to the polls in Hansford County today, despite the senatorial runoff primary.

It wouldn't have done any good, anyway. The polls didn't open. This was all according to plan, however.

In its regular spring meeting, the county Democratic convention voted not to hold a run-off, unless there were contests in some of the local precinct races in the first primary. Those races were all decisive.

E. N. Richardson of Spearman, county Democratic chairman, said this is not the first time Hansford voters have ignored a runoff election.

In 1946, when Gov. Beauford Jester was in a runoff, voters of only one precinct took part, and that was because they had a local race to settle.

"Those who seek office have to pay for the election in Hansford County," Richardson said, "and they didn't see any reason to pay for another election, if there were no local contest."

So politicians can worry about Texas' other 253 counties. This Panhandle County won't be reporting.

Charlene Pinkston, Ell McComb Exchange Wedding Vows Saturday

Before an altar decorated with baskets of pink gladioli and white asters, a background of palm and candles, Charlene Pinkston, daughter of Mr. and Mrs. Charlie Pinkston, and Ell McComb, son of Mr. and Mrs. Sam McComb, were united in marriage at the First Presbyterian church Saturday evening.

Helon Blount, soloist, sang, "Tell Me Why" and "Because". She was accompanied by Mrs. Pat Kenney of Fort Worth who also played a medley of organ wedding selections and the traditional wedding marches.

Tapers were lighted by Sammie Sue McComb, sister of the bridegroom, and L. H. Martin of Lubbock, cousin of the bridegroom. Miss McComb was attired in a yellow net and taffeta formal. Her wrist corsage was of yellow pom poms. Mrs. Kenney played "Ave Maria" while the candles were being lighted.

The Rev. R. Gage Lloyd, pastor, read the double ring vows.

Mrs. Kenny wore a yellow taffeta formal and Miss Blount wore a yellow organdy formal. Their corsages were of purple asters.

Dorothy Marie Wasson, James Otis Duncan Are United In Marriage At Formal Candlelight Service

In a formal candlelight ceremony read in the First Methodist church Friday evening, Dorothy Marie Wasson, daughter of Mr. and Mrs. Elmo Wasson, and James Otis Duncan, son of Mr. and Mrs. Dave Duncan were united in marriage.

The Rev. Aisie Carleton, pastor, read the double ring vows.

The sanctuary was decorated with a background of palm, woodwardia and fern which were interspersed with amaranth. A large single basket of gladioli was placed on either side of the altar; with a single spray directly behind it. Smilax covered the chancel rail which held white tapers in copper candlesticks. The other chapel tapers were in tall candelabra outlining the background of greenery. The pews were marked with bouquets of gladioli and fern tied with white satin ribbons.

Mrs. Omar Pitman played a medley of pre-nuptial selections, traditional wedding marches and accompanied Helon Blount who sang, "The Lord's Prayer".

Mrs. Pitman wore a blue formal with a corsage of pink amaryllis. Miss Blount was attired in a yellow organdy formal. Her flowers were yellow roses outlined with blue delphinium.

The bride chose a gown of ivory satin traditionally designed with a sweetheart neckline delicately traced with seed pearls. Long fitted sleeves tapered to points over her hands from a fitted basque bodice. The very full gathered skirt, worn over a hoop, featured a wide panel of seed pearls in a plume motif down the front, and swept into a formal train.

Her fingertip veil of imported French bridal illusion fell in full graceful tiers from a halo coronet of imported French orange blossoms and filigree.

She carried a white satin and

tulle muff centered with an arrangement of mystery gardenias spiked with stephanotis. The muff was showered with graduated widths of white satin and tulle tied with small gardenias and stephanotis.

To carry out the bridal tradition, the bride wore a wedding ring which belonged to her paternal grandmother as something old; a handkerchief belonging to her aunt as something borrowed; her name was embroidered in the gown as something blue; and her dress was something new. She also wore a sixpence in her shoe.

Mr. Wasson gave his daughter in marriage. The attendants were Mrs. J. C. McClure, Jr. of Lubbock, cousin of the bride, as matron of honor; Betty DeShong of Wichita Falls, Ann Currie, Vivien Middleton and Jane Stripling, bridesmaids; Sue Wasson cousin of the bride, and Ora Marie Dowling of Robstown as junior bridesmaids.

They wore dresses of orchid faille taffeta fashioned with off-shoulder necklines outlined by a deep double berth, a fitted basque bodice, and full gathered skirt accented at the hipline by a double corded effect. Their headresses were looped bonnet brims of matching orchid taffeta.

They carried muffs similar to that of the bride in fuchsia satin and tulle. Angel lilies in orchid shades tied and showered with fuchsia and orchid ribbon centered their muffs.

The candles were lighted by Sandra Swartz and Marilyn Miller. They wore white formals. Miss Swartz was dressed in a white net frock styled with tight bodice and full skirt which had a deep ruffle at the bottom of the skirt. Miss Miller wore an off the shoulder

taffeta formal styled with tight bodice and full skirt. Karen Koger, wearing a white ruffled net dress and carrying a ruffled basket showered the aisle with rose petals.

George Oldham, Jr. was best man. Groomsmen were Bernard Bevis of Sulphur Springs; Paul Haskins of Midland; Hugh Cochran.

Informal Rites In Lamesa Unite Betty Morgan And Glenn Napper

Miss Betty Morgan, daughter of Mrs. Tom Morgan, became the bride of Glenn Napper in an informal ceremony Saturday afternoon at the home of the Rev. L. P. Jones in Lamesa.

Only immediate relatives of the couple attended the marriage.

The bride wore a two piece blue gabardine suit with black accessories. After the bridal tradition, she wore a rhinestone necklace and

bracelet as something new; something old was symbolized by a lace handkerchief belonging to Mrs. J. T. Byers; she borrowed a ring from Mrs. Edgar Shoemaker of Coolidge, Ariz., and her dress was something blue. The bride wore a penny in her shoe for luck.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Attending her sister as maid of honor, Mrs. Darwin Huff of Monahans was attired in a lime green crepe dress. She wore brown accessories and a shoulder corsage of white flowers. The Rev. Douglas Crow, pastor of the Plainview Baptist church, served as best man.

The bride, a 1946 graduate of Colorado City high school, has been employed by the Mitchell county ACA. In high school, Mrs. Gann was campus queen her senior year and a member of several school clubs.

Gann is a 1942 graduate of Colorado City high school and is a junior student in business administration at Hardin-Simmons university, Abilene. He served 30 months with the army infantry in World War II, with 20 months duty in the Pacific theatre as a staff sergeant.

Following a wedding trip to Rudoso, N. M., Mr. and Mrs. Gann will make their home in Abilene where the bridegroom is attending college.

A gift shower for the couple was given recently in the home of Mrs. C. P. Gary. Composing the house-party were Mrs. J. G. Merritt, Mrs. E. J. Winn, Mrs. Earl Bibby, Mrs. R. E. Post and Mrs. N. H. White.

Activities Of Women's Clubs Are Being Planned For Coming Season

Activities for the coming year of the women's clubs in Big Spring are being planned.

The new club year which will get into full swing in October is already showing signs of being a busy one.

A federation of the women's clubs and two newly organized clubs will begin work this season. The federation which includes 18 clubs was organized in May and will officially begin its work in fall. It has been active all during the summer months on the project of establishing a Southern Town Hall Association. Its official year will begin with a dinner at the Settles Hotel on Sept. 20. Host clubs are to be the 1905 Hyperion Club, Spoudazio For and Epsilon Sigma Alpha. The federation was established to coordinate the work of the various clubs. Officers include Mrs. H. W. Smith, president; Mrs. G. G. Sawtelle, first vice-president; Mrs. Ben LeFever, second vice-president; Mrs. E. M. Conley, secretary; Mrs. Don Burk treasurer and Mrs. Joe Pickle, reporter.

The Gamma Chapter of the Delphian society will be headed by Mrs. H. M. Jarratt with Mrs. Wayne Pearce as vice-president; Mrs. Alton Underwood, secretary; Mrs. Marie Haynes, treasurer; Mrs. James T. Brooks, parliamentarian; Mrs. H. W. McCanness, reporter. It has a seminar board composed of Mrs. B. E. Freeman, Mrs. Lambert Ward and Mrs. H. E. Stephens.

It will begin its regular meetings in October at the Episcopal Parish

house at 9:45 on the first and third Thursdays.

The 1948 Hyperion club was organized under the supervision of the three older clubs, the 1905, 1930, and 1946, and will begin regular meetings in October. Officers of the club include Mrs. John Hodges, president; Mrs. H. W. Smith, vice-president; Mrs. R. W. Whipkey, recording secretary; Mrs. O. L. Puckett, corresponding secretary; and Mrs. Worth Peeler, reporter. The four clubs will have a joint business session and tea on September 25 at the Episcopal Parish house to begin the year. Separate meetings will begin in October.

Clubs which were formed during the past year were the Spoudazio For and the Epsilon Sigma Alpha Sorority. The Spoudazio For is a junior forum and will function under a group of new officers. The ESA is a chapter of a national organization, which was organized here in February. It will take up studies again on the second Thursday in Sept.

Of the 18 clubs in the federation the Art Study Club, and the Credit Women's Club, Garden Club and Friends of Howard County Library held regular sessions through the summer. The Business and Professional Women reduced their meetings to picnics at the City Park once a month, the Beta Sigma Phi and Exemplar Chapter of Beta Sigma Phi each reduced their meetings for the summer sessions.

The Junior Woman's Forum is the first to begin meetings again for the fall session as it convenes Friday with Mrs. Arnold Marshall.

Other clubs of the federation to begin are the Music Study club, Modern Woman's Forum, and American Association of University Women.

Auxiliaries are also making plans for the coming year. The American Legion Auxiliary has resumed meetings on the first and third Thursday instead of the second and fourth as observed in the summer. The Lions, Kiwanis and XYZ are to resume with new work outlined.

The GIA lodge is to meet again on Thursday after a summer vacation. Various sewing and bridge clubs also had summer vacations. With the beginning of school the eight local units of the Parent-Teacher Associations and the P-TA council will start a new year of work.

WHY STARVE TO TAKE OFF FAT?

When you buy Barcontrate, you buy a preparation for taking off weight. You do not pay for a related diet. Barcontrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while ridding with Barcontrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcontrate when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORGE yourself. Barcontrate takes care of your DESIRE. Second, detaches and eliminates, so that water is excreted away—almost like melting fat. At the

same time you feel better, more peppy, more alive, but never starved or hungry.

Lost 22 Pounds
"I lost 22 pounds taking Barcontrate and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Mrs. Gayle Matthews, 928 Thruway Street, Beaumont, Texas.

15 Pounds Lost
"I lost 15 pounds taking Barcontrate and can now control my weight. I feel much better in every way and I gladly say, 'It's Barcontrate to control the weight.'"—Mrs. Gayle Matthews, 928 Thruway Street, Beaumont, Texas.

Moral And Spiritual Stability Must Be American Bulwarks

When George Mahon, congressman from this district, called for "stability" from laymen, he put his finger on a crying need of the hour.

He was addressing a laymen's meeting at the moment and made the point that communism roots its cancerous being in such elements as squalor, injustice and hopeless inequalities. But unlike democracy, which offers freedom of change along with other basic freedoms, communism in practice is inflexibly tyrannical and dictatorial.

It is against this sort of thing that America has stood because America knows it needs the help of free European nations and "cannot afford the luxury of standing alone." This has given rise to

the European Recovery Plan, to a bigger and stronger military machine to withstand aggression, and to an alertness on the part of the public to the fluctuating danger of war.

All these are well and good, but they will be to no avail if the people who make up the United States lack in moral and spiritual strength. Rep. Mahon is infinitely correct in his assumption that ultimately we "will be sunk" if our people do not shake the cobwebs from their material minds and get a wholesome and refreshing and clear perspective on the real and priceless values of life. When we get to the point that our dollars are more important than our souls, there won't be any need in saving our dollars.

Great Command Brings Peace To World That Forgot Love

By DON WHITEHEAD
For HAL BOYLE

WASHINGTON (AP)—IN THE YEAR 2000 A. D., an old man sat in the warm sunshine and this is the story he told to the boy who lay in the grass beside him.

The year 1955, my son, will always be celebrated with rejoicing as "The Year of the Great Command."

It seems strange to you, perhaps, that the world once lived in bloodshed and suffering and fear. But your history books tell you I am speaking truth.

Once the nations of the world and their people stumbled along fearful of each other and the future. The scales of fear can blind men's souls to obvious paths of truth.

And then it happened—just when angry, frightened nations were preparing to destroy themselves by atomic warfare.

The Miracle came as bells were tolling in the New Year. Suddenly there was a hush. Then a bolt of lightning flashed and a golden glow lighted the heavens. And His voice said: "I command you—do unto others as ye would that others do unto you!"

IN EVERY LAND AND IN EVERY language, people saw and heard this Miracle. And the scales of fear fell away. They knew in their hearts that the great mass of men—of every race and color and creed—was seeking the same goal of human dignity, freedom, and happiness. And they saw that simple honesty and kindness held the solution to their troubles.

Oh, it was a great year, I tell you. Changes came so fast we could hardly grasp their meaning.

A few weeks after the Miracle, a Russian plane landed at the Washington airport and Josef Stalin stepped out. The news threw the world into an uproar, and lights burned in chancelleries around the world.

The President rushed down to meet Stalin and took him to the White House as his guest. Thousands of people milled in the streets day and night to get a

glimpse of the visitor and to learn why he was there.

A FEW DAYS LATER THE WHITE House issued the famous joint statement which laid the basis for our world constitution and meant peace for all time. They agreed to work for the union of nations as we now know it, in which each nation submits to the will of the majority.

The American-Russian bloc led the war at the world conference of nations in Paris. Agreement on all major issues came fast—once no one tried to gain an unfair advantage.

A world congress was formed. Travel barriers were wiped out. Men were free to travel wherever they wished on the earth. And that, my son, is more important than you might think. In this way, the people of the world were learning for the rest of time to understand and love each other.

A world bank was established to give all nations the same currency. The burden of taxes grew less each year as countries disbanded their armies, navies and air forces. Vast energies and planning directed toward war were turned to peace.

ATOMIC BOMBS WERE DESTROYED during a world-wide holiday. And in Moscow the United Nations established the all-nations atomic energy foundation to turn the atom's power to peaceful use.

After The Miracle, my son, people learned to laugh again—at themselves and each other. The lines went out of their faces and the worry from their eyes. They found that hate and selfishness had been born of fear.

And He never had to remind them again of His command.

The boy looked up and said: "Hey Grandpop, why have you been so quiet all this time?"

The old man stirred and smiled. "I've been dreaming, son. I guess I must have dozed."

Hundreds Of Thousands Want To Escape From Soviet Rule

By JOSEPH and STEWART ALSOP
For WALTER LIPPMAN

WASHINGTON—The case of Madame Kasenkina is undeniably good melodrama, except that it is so lurid that a good professional cloak and dagger writer would be obliged to tone it down to make it even faintly credible. Even so, the Kasenkina episode has a real meaning, a meaning which can be very simply illustrated by one fact. That is that there are now, in the western zones of Germany and Austria alone, some hundreds of thousands of Soviet citizens who have obeyed precisely the same impulse as moved Madame Kasenkina to her desperate expedient.

These people are united only in one desire—to stay out of the Soviet Union. They are of two sorts. The larger category consists of those Soviet nationals who, as the war drew to a close, found themselves to the west of the advancing Russian armies and, who, by one shift or another, managed to avoid being sent back to their native land. The smaller category, itself astonishingly large, consists of those Russian soldiers and civilian officials who since the war have seized some opportunity to flee from the Soviet zones of occupation to the western zones.

In this second category, as first reported in this space, there are at least five thousand Russians. One competent authority estimates that the real number, in all the western occupation zones, may well be fifteen or even twenty thousand.

ranging from Russian privates to generals and top bureaucrats and administrators. In the early years after the war, occupation was almost a flood. About a third of the Soviet zones of the year ago, the Soviet authorities began to take stern measures to dam the flow. Soviet occupation troops were confined to well-guarded barracks. Families were returned to the Soviet Union as potential hostages. By such measures, the flood has been reduced to a trickle.

Yet it is deeply significant that so great a number should risk their lives to escape the iron grip of the Soviet system. Moreover, this mass migration from the Soviet zones merely served to swell, by a small percentage, the ranks of those Soviet citizens who have, by hook or by crook, managed to avoid returning to the Soviet Union since the war.

There is no possible way to estimate the total number of these people, simply because they have been able to keep out of the Soviet Union only by successfully camouflaging their identities. But estimates range as high as half a million, and certainly the total is well up in six figures.

When the war ended, Soviet nationals in Germany, Austria and elsewhere in Europe numbered in the millions. Many were soldiers in the Nazi-sponsored Vlasov Army, which engaged the Red Army in some of the bloodiest and most terrible battles of the war. More were collected by the Rosenberg organization which the Nazis operated during the war in Kiev, Smolensk, and Minsk. Some came to Germany voluntarily, more were kidnapped by the Nazis as slave labor or because they had certain useful special skills.

Rule Brings Protest

SYDNEY (AP)—An outspoken Englishman says he is on his way back to London to tell the Colonial Office that administration in the Solomon Islands "is rotten, impossible, and criminal." The critic is Coleman Porter, a former director of education for the islands. He resigned this year.

The island authorities, Porter says, are more concerned with the dignity of their position, the life of ease, and their future pensions, rather than the betterment of the island people and the rehabilitation of the area. Porter says he had letters of complaint signed by missionaries, officials, planters, and business men to present to the British Government.

Voorhees Compiles An Outstanding Record As A Government Official

By ROBERT ALLEN
For DREW PEARSON

WASHINGTON — It is the Washington Merry-Go-Round's pleasure and privilege today to present the brass ring for outstanding performance of duty to a singularly devoted and patriotic public servant.

He is Tracy S. Voorhees, assistant secretary of the Army. It is especially fitting that he be singled out for public recognition because Voorhees and his uniquely distinguished work have long merited it. In all of Washington, no one has served the country more earnestly, tirelessly and brilliantly. Yet, outside of Voorhees' immediate official orbit, he is virtually unknown.

This modesty is very characteristic of him. More than one of his accomplishments have been headline news, but he doesn't function that way. Grandstanding or limelight-grabbing is out of his ken.

To Tracy Voorhees only one thing matters: getting a job done as efficiently, expeditiously, and for the greatest good that is possible.

All the rest is of no consequence to him. He really believes that work well done is its own best reward. The remarkable thing is that this belief has worked out that way for Voorhees. Wholly lacking in political "pulls," and without his seeking the office, he recently was elevated to assistant secretary of the Army solely because of his outstanding record and qualifications for the position.

Voorhees has been serving his country unobtrusively and devotedly for a long time. He started in the early days of the war.

Then over 50 and a senior partner of a highly successful New York law firm, of which the late Chief Justice Harlan Stone had once been a member, Voorhees instantly dropped his large practice to respond to an urgent call from his old friend Robert Patterson, then under-secretary of war. Patterson needed a hard-headed and driving trouble-shooter to go to the ends of the world to straighten out critical Army snarls.

From then on, as an Army colonel Voorhees was constantly on the go. Wherever stupidity, incompetence and bungling snafued the channels of supply, he moved in and quietly and effectively brought order and action.

In the tropical depths of the South Pacific he unravelled a tangle that had created a serious shortage of blood plasma.

Although huge quantities of plasma had been shipped to the theatre, combat commanders complained of shortages. Voorhees unearthed the reason.

On some islands, no longer in the active zone, he found medical supply officers hoarding large quantities of plasma.

Similarly, in England, he quietly again saved the Medical Corps' neck on hospital equipment.—Voorhees found tremendous discrepancies in the preparations for taking care of invasion casualties. Certain brasshats had grossly underestimated requirements. Voorhees quickly and efficiently brought over the needed equipment.

After Patterson became secretary of war, he again asked Voorhees to undertake a difficult job in behalf of veterans who had lost limbs. With the war over,

many went haywire. Early in the spring of 1947, occupation authorities suddenly reported a mysterious vast shortage in food resources. Hundreds of thousands of tons of food had somehow very strangely either disappeared or had never existed.

The daily ration had to be cut to less than 1,000 calories; the Krauts started rioting; and Ruhr coal and other essential production dropped precipitously.

This was the "hot potato" Voorhees was asked to straighten out.

Again, he went to work quietly and unsparringly. Driving himself day and night, he not only got huge quantities of food to Germany but to the equally distressed Allied countries, which were in dire need as a result of crop failures.

In this activity, Voorhees, without fanfare of grandstanding, successfully administered a relief program many times larger and more complex than that of Herbert Hoover after World War I.

Further, Voorhees accomplished this stupendous feat without title or rank. It was not until after the tough-fisted House Appropriations Committee earlier this year paid him an extraordinary tribute, that he was formally named assistant secretary of the Army.

To Each His Own Smell, Says Perfume Expert

By BOB THOMAS

HOLLYWOOD, Aug. 28. — To each his own smell. That's the word of Max Factor, Hollywood's expert on beautifying the American female.

"Perfume is the final touch of good grooming which every woman should have," he declared. "But she should be careful in choosing her perfume. It should be soft, not too obvious, sweet; it should stay close to the body. Above all, it should suit her personality."

For purposes of clarity, I egged Factor into naming the right kinds of odors for 10 screen actresses. Here are his selections:

Lana Turner—Sexy, but not a siren; medium-heavy odor, warm, floral, not too oriental.

Hedy Lamarr—A siren; warm, earthy, amber-type perfume.

June Allyson—Extreme sexiness of smell should be avoided; light, delicate, resembling spring blossoms.

Betty Grable—Vivacious and spicy perfume for a spicy gal.

Rosalind Russell—Not too violent; subtle and warm floral smell; gardenia-type.

Jane Powell—Fresh and light as a lilac bouquet.

Ingrid Bergman — Warm, slightly floral.

Greer Garson — Soft, sweet, cool, lily-like.

Bette Davis—Exotic, woody, but not sweet or floral.

Marjorie Main—Warm, outdoorsy odor.

Factor, who whips up private perfumes for film stars but does not manufacture them, emphasized that a girl's perfume should not assail the nostrils. "It should complement her naturally, as though it were her own odor," he explained.

As to the romantic aspects of perfumes, he explained that the bases of some of them are the

sex-attraction oils of animals. He hinted that the luring abilities of the aromas are even more powerful than are proclaimed in the ads. Gentlemen, beware.

Factor had a word to say for the males, too. He declared that a large percentage of American men have swung to use of cologne, most varieties of which are based on citrus odors.

"The correct odor for a man," he explained "is one which makes him smell fresh and clean, as though he had just stepped from a shower." He indicated that anything further than that might prove disastrous.

'48 Comic Code Wouldn't Give Slim Jim A Chance

The good customers will be interested to know that, within a couple of months, The Herald is going to offer a new, enlarged Sunday comic section. The "funnies" are going to be on a standard size newspaper rather than on a tabloid size page.

There will be some changes in your Sunday comic fare, but the net result will be considerably more comics, and we are hoping that most of the people will be pleased. It's no easy job trying to get a list of available comic features that will appeal to everybody. It's practically impossible, because the very feature that I like will be one you can't abide, and vice versa.

We took a poll of about 30 people around the Herald office and no two agreed on a complete list of the "best" funnies.

Thinking about these new comics set me off on another one of these old-man-remembering routines. I wouldn't have any trouble telling you which were the best funnies when I was at the snagged-tooth freckled-face age.

There was a fellow who was the local agent for every daily paper that came into our town. These included the Dallas, Fort Worth, El Paso, Denver and I don't know what others, but you can imagine that a bale of five or six Sunday papers meant a whale of a lot of funnies.

And, as good fortune would have it, this fellow lived next door to us, and he naturally brought home one of each of his papers.

Well, when we could get home from Sunday school and church, we'd make a mad dash over to the neighbor's house, scramble to get a complete pile of the funnies, sprawl out on the floor and go

to reading. Dinner, and everything else, could wait.

There were the Katzenjammer Kids, always causing the Captain and the Professor grief no end; there was Slim Jim—ah, as wily and slick a feller who ever created consternation in the ranks of the law; for sheer, downright excitement, there was Hairbreadth Harry, who saved Belinda from the clutches of Relentless Rudolph in the last panel on the page, Sunday after Sunday.

About the only ones that I recall right off as having come on down through the years were Mutt and Jeff and Maggie and Jiggs; of course there are others.

You must remember that this was before Science and Technocracy invaded the color pages of the newspapers, and we couldn't be awed by doings of Superhumans and Rocket Riders and all the rest. I guess the comics were a good deal simpler then, but our gang enjoyed 'em.

The educators and the psychologists have been concerned with this rash of comic books, and with the crime and sex that go into them. It's a serious problem, and a lot of the so-called "comics" ought to be liquidated. Still and all, I recall Slim Jim as a very adroit fugitive who almost always escaped paying for his pranks; and Lordy Jerry, the Katzenjammer were downright delinquents. If I'd pulled some of the stuff they did, I wouldn't be able to sit down until yet.

What influence those kids and Slim Jim and the others had on my generation, I can't say. I suppose a certain proportion turned out to be decent citizens and a certain proportion no-goods. Somebody else will have to decide whether the funnies get the credit or the blame.—BOB WHIPKEY

Moscow Strong-Arm Methods Defeating Their Purposes

By DEWITT MacKENZIE

AP Foreign News Analyst

MOSCOW'S POLICY OF HANDLING all situations, no matter what their nature, by strong-arm methods is making decidedly bad propaganda for communism abroad.

You would expect them to vary their tactics according to the occasions—but not they! Direct action is the order of the day, and it's applied in all cases without discrimination.

Within the Soviet Union every activity must conform to the Communist Party line. For example, if science, medicine, the drama, literature and music are not developed in accordance with that line, there is a purge of the guilty.

The government tells the people not only how they must act but how they must think. There is no individual freedom.

In international affairs the same approach is employed. It is a policy which even in diplomacy calls for an attitude that is typical of the school-yard bully.

ONE OF THE MOST STRIKING EXAMPLES, of course, is the manner in which

Russia has hamstrung the activities of the United Nations in virtually all important matters by use of the veto—that nasty sounding "nyet."

Then we have the sensational Kasenkina case in New York—the employment in free America of Russian secret police tactics by the Soviet consulate in an effort to compel three Soviet school-teachers to return home to something which so terrified them that they appealed to the mercy of America.

And currently we have a typical case of Bolshevik strong-arm methods in B. Rim. Howling Communist mobs have been raiding the Berlin City Hall and breaking up meetings of the duly elected, anti-Communist city council!

Strong-arm stuff!! Scare hades out of 'em. Never any deviation.

The Bolsheviks have kept flinging that sort of stuff at the democracies until the latter are fed up with the Red lam. There is nothing the Muscovites could have devised which would have done the cause of communism more harm. They have done democracy a good turn by exposing Bolshevikism in its true light.

Hurricane Season For 1948 Is Not Officially Underway

By MAX HALL
For JAMES MARLOW

WASHINGTON, AUG. 28. (AP)—THE 1948 hurricane season is officially open.

As two-thirds of this country gasped in the worst heat spell of the summer, hurricane No. 1 was mysteriously born in the South Atlantic and began swirling toward Florida.

The Weather Bureau says last year's hurricanes cost 53 lives and about \$135 million in property damage.

Fifty-one of the deaths and \$110 million of the damage occurred in one hurricane, Sept. 10-11. It came in over the Bahama Islands, struck north of Miami, crossed Florida, swirled through the Gulf, and ripped the New Orleans area.

There were 10 tropical storms in the Atlantic and Caribbean; that is, 10 that were important enough for storm warnings. Eight of the 10 invaded the Continental United States.

The Weather Bureau considers tropical storms hurricanes when the wind speed is measured at 155 miles an hour or more.

(In ordinary usage, however, people are likely to call any severe tropical disturbance a hurricane.)

9. The full hurricane of Oct. 9-15. This mischievous character originated in the Caribbean near the Canal Zone, moved northward over Cuba into the Gulf, cut across southern Florida, emerged into the Atlantic Ocean between Miami and Palm Beach, and with an alarming curve crashed back into the mainland near Savannah, Ga.

10. Another full hurricane, but it avoided the United States. It started near Puerto Rico, moved northwest toward the U. S. mainland, and then curved harmlessly away, passing near Bermuda.

It Happened Back In—

FIVE YEARS AGO—Dist. 8 Baptist men's brotherhood meeting set to be held here; Doris Nell Tompkins elected president of High Heel Slipper club; Delbert Schultz participates in minor league tennis contest at TU.

TEN YEARS AGO—George Mahon addresses Kiwanians at noon today; Mrs. M. N. Thorp returns from trip to Houston, Galveston and San Antonio; free swimming instructions given at city pool for period of one week.

FIFTEEN YEARS AGO—Martelle McDonald, Judge J. T. Brooks, Homer McNew, Clyde E. Thomas, and Judge H. R. Debenport speak in support of nation-wide relief bond for the poor; Grover Cunningham addresses local Lions club.

Pioneers Move Fast

MOSCOW, (AP)—"Dawn of the East" published a Tass dispatch from Khabarovsk in which it was reported that many new settlers are arriving in the Far East. The people coming to the East to make new homes include collective farmers, tractor men, doctors, teachers, fishermen, and workers of the lumber and coal industries, the dispatch said.

WHAT GIVES 'ROUND TOWN

By Lestric Ross

The first shadow of oncoming fall and winter slithers by when people begin to talk of schools as though they were human beings, and when everybody wants to run down to Dallas for the weekend. But then there are other indications.

Fall rush plans are being revamped by four of the town's social clubs for young women. The High Heel Slipper and Sub Deb clubs' rush season unfolds in September. Prospective pledges have been chosen by both clubs, but it likely will be several days before they are announced. The HHS is to make rush week plans at their session Monday evening.

Beta Sigma Phi and Epsilon Sigma Alpha chart rush week in October, but on Sept. 9 ESA will lay plans and on Sept. 14 BSP is to submit names of rushees and announce its first social affair. Number of future members any of the clubs will rush is not available.

A few more transcripts to out of town colleges were dispatched this week from BSHS. They were for Dickie Cloud, Eastern New Mexico college, Portales, N. M.; Oleta Williams, Texas Tech; and Elton Wallace, John Tarleton. Joy, Mae and Joe Barnaby are planning to enroll in nurse's training at Methodist hospital in Dallas, with related classes at SMU. Mary Anna Whitaker, who last year went to Harris hospital in Fort Worth, says she won't return there this fall.

Members of the student council at Howard County Junior college in 1947-48 will be pleased to know that the constitution they drew up has been commended as "an excellent and unique document" by a junior college workshop group in Colorado who examined a copy. They indicated interest in seeing such a constitution operate.

Disa and data: Doris Jean Morehead got home this week from a Baptist encampment in the Davis Mountain region. Ran onto a picture of former resident Lera Joyce Hale in an Odessa paper this weekend. She was photographed with other members of the Tin Pin social club in a back-to-school activities edition. Tech summer school ended Saturday, so expect to see familiar faces about town again.

Martha Ann Johnson gave a surprise "come as you are" breakfast for Nancy Bivings Wednesday morning. Nancy is moving to San Antonio. Guests at the affair were Ann Mary Grey of Garden City, Joann Smith, Sandra Swartz, Barbara Dehlinger and Patricia Lloyd. Twoones out during the week: Ann Blankenship, Pete Hull, Muriel Floyd, Darrell Burton (here for the summer from Breckenridge); Mary Ann Goodson, Jimmy Carter;

Pete Greens Give Social For Club

Mr. and Mrs. Pete Green gave an informal social for members of the Palette club Thursday evening.

Present were Mr. and Mrs. C. C. Arnold, Mr. and Mrs. Willis Carlton, Mr. and Mrs. Dan Sanders, Mr. and Mrs. I. W. King, Mr. and Mrs. L. P. Trammel and Gary, Mr. and Mrs. M. L. Kirby, Mr. and Mrs. E. W. York, Nina and Margaret.

Mr. and Mrs. Thomas Malone and Jeannine, Mr. and Mrs. C. C. Wagon Jr. and Donald, Mr. and Mrs. Doyal Grice, Mr. and Mrs. W. D. Green, Fred and Libby, Mr. and Mrs. Bob Wolfe, Mr. and Mrs. Chester Kiser and Shirley, Helen Thompson, Wanda Carol Thompson, Dennis Jones, Betty Williams, Mrs. W. C. Wilburn and Avelyn Hohertz.

Sub-Debs Begin Rush Week Monday

Activities for the Sub Deb club's fall "Rush Week"—Aug. 30 to Sept. 5—were announced Saturday when 11 rushees were named.

A social affair has been planned for each day of the coming week to entertain rushees. Maxie Dee Younger, Marilyn Guitler, Joyce Choate, Jo Jo Alexander, Barbara Greer, Ann Crocker, Wanda Lou Petty, Marilyn Miller, Peggy Lamb, Judith Lawson and Luan Creighton.

On Monday evening the girls will be feted with a wiener roast at the city park. Tuesday night Betty Lou Hewett and Jean Pearce will be hostesses to an ice cream party, and Marletta Staples will entertain Wednesday afternoon with a coke party. There will be a tacky party at Sue Caroline Wasson's home Thursday evening, and a hamburger fry hosted by Rose Nell Parks Friday night. Jane Strippling compliments the rushees with a slumber party Saturday night, and June Cook will serve breakfast at her home Sunday morning before the girls attend church together at the First Methodist church. Concluding rush week will be a tea in Ann Currie's home Sunday afternoon.

Mr. and Mrs. J. C. Lane and daughter, Anna Belle, have returned from an extended visit to Rochester, Minn. and parts of Texas.

Astaire's At Work Again In New Berlin Musical At The Ritz

Fred Astaire and Judy Garland form a new co-starring team that joins hands with Peter Lawford and Ann Miller to offer song and dance entertainment in Irving Berlin's "Easter Parade," the new attraction starting today at the Ritz.

It's an M-G-M Technicolor musical, laid in the picturesque theatrical period of the Ziegfeld and Dillingham shows, unfolding an appealing story of a couple of hoofers, and jammed to the hilt with an ear-tugging Irving Berlin score comprising both new hit melodies and memorable Berlin songs of the past.

The acts and specialty numbers are tied together in a plot in which Astaire loses his glamorous dancing partner, Ann Miller, and boasts that he can replace her with any run-of-the-mill chorus girl. Judy Garland is the girl he molds into star material, and the road on which she skyrockets to overnight fame is paved with blitting singing and dexterous dancing.

Miss Garland and Astaire are delightful together in the hilarious tramp routine titled "A Couple of Swells," as well as in the vaudeville scenes in which they offer such old-time Berlin hits as "Beautiful Faces," "I Love a Piano," "Smoochy Ookeys," "Ragtime Violin" and "Alabama Choo Choo." Miss Garland shines in "Better Luck Next Time," "Michigan" and the memorable "Everybody's Doing It," while Astaire's superb dancing hits a new high in the novel "Drum Crazy" routine, the brilliant "Steppin' Out With My Baby" number, and his ballroom dance with Ann Miller, done to a new Berlin tune called "It Only Happens When I Dance With You," which is already sweeping the country.

Miss Miller has two numbers of her own, one the exciting "Shakin' the Blues Away," the other the eye-filling "Magazine Cover" sequence, while Peter Lawford has his big chance with Miss Garland in another new Berlin song, "A Fella With An Umbrella."

The production has been staged and mounted by Producer Arthur Freed and chalks up another success for M-G-M's young director, Charles Walters, who recently scored with "Good News."

Milk Price Rises Cent In Fort Worth

FORT WORTH, Aug. 28. (U.P.) — One Fort Worth dairy Saturday announced one cent per quart increases for milk "across the board" effective Sunday.

The increase was attributed to dwindling supplies and higher prices to producers.

IN IRVING BERLIN MUSICAL — Fred Astaire, Peter Lawford and Judy Garland are shown in a scene from Irving Berlin's Technicolor "Easter Parade." The MGM feature begins today at the Ritz.

DEFENDS LADIES — Robin Hood defends the ladies in this scene from the new State film beginning today, "Prince of Thieves." The movie stars Jon Hall, Patricia Morrison and Adele Jergens.

Robin Hood Story Featured At State

If you are the type of movie fan who goes for lusty action, if you crave sword play and daring rescues of a damsel in distress, then you may like the State billing beginning today, Columbia's Cinecolor swashbuckler, "Prince of Thieves."

Based on the Alexandre Dumas novel of the same title, "The Prince of Thieves" is a tale of Robin Hood, the bandit of Sherwood Forest, and his merry men. Jon Hall is starred, as the outlaw leader who was feared by all the royal lords and loved by all their ladies!

Cast in important supporting roles are Patricia Morrison as Lady Marian, Robin's own true love; Adele Jergens, a lovely captive whose plight spurs Robin on to his most hazardous adventure; and Alan Mowbray as the jovial Friar. Handsome Michael Duane, veteran character actor H. B. Warner and the very menacing "heavy" Lowell Gilmore, hold down key spots in the story.

Any movie about Robin Hood would necessarily have to be filmed in color to capture all the pageantry of those stirring medieval days. Producer Sam Katzman wisely chose the warmly-hued Cinecolor days. Producer Sam Katzman wisely

process for "The Prince of Thieves." The result is a visual treat for audiences.

The screenplay was written by Maurice Tombragel from an adaptation by Charles H. Schneer; and was directed by Howard Bretherton.

81 Courses To Be Offered At HCJC

Eighty-one courses will be offered at the Howard County Junior College this fall semester in ten of the eleven departments. None of the seven homemaking courses will be offered during the year, 1948-49.

Five of the nine courses in the agriculture department are in new ones; the others include animal husbandry, crop production, soils and soil conversation, feeds and feeding. All have three lecture hours and two laboratory hours per week.

Nine of the 13 courses in the department of Business administration have new course numbers. Bookkeeping and accounting is now BA 301-302; principles of accounting, BA 420-421; elementary typewriting, 303-304; advanced typewriting is 320-321; beginners' shorthand, 320, 321; advanced shorthand and secretarial practice, 322, 323; business mathematics, 307; business law, 324 and business correspondence, 325. A new beginning course in business and the mathematics of accounting has been added. Income tax accounting and advanced income tax accounting remain BA 330 and 331.

New numbers have been given to the four education courses which include an introduction to educational psychology, elementary school methods, psychology of adolescence, and secondary school methods. Other education courses are methods of teaching penmanship and spelling plus two new courses.

The two courses in psychology are introduction to psychology and applied psychology. The orientation course is a required course for freshman students.

The English and speech arts department is composed of three English courses, composition, survey of American literature and survey of English literature, and four speech courses, which are two courses in public speaking, fundamentals of speech and production and direction of radio programs.

Other than the three courses in German, the department of modern language offers four courses in Spanish: beginners' course, first year college Spanish, second year college Spanish and then a conversational course.

Courses in trigonometry, analytical geometry, calculus, and two courses in algebra will be offered in mathematics. The science courses will be general biology, inorganic chemistry, organic chemistry, physics and physical science.

The department of industrial education offers engineering drawing, descriptive geometry, architectural drawing, elementary woodworkin,

Epic Of Indian Warfare Told In Terrace Film

An epic of the Army's Indian warfare in the Southwest some eighty years ago, "Fort Apache" opens today at the Terrace with John Wayne, Henry Fonda, Shirley Temple and Pedro Armendariz in the stellar roles.

The John Ford-Merian C. Cooper production for RKO Radio release tells a story of Army politics, of Army romances on the frontier, and of an over-ambitious officer who brings his command to disaster when he seeks to outwit Cochise, a brilliant Apache chief.

Told with clarity and realism, the new film directed by Ford, revolves about the dominant personality of an embittered cavalry colonel sent out to take charge of a lonely outpost on the Arizona desert. Unversed in the ways of handling Indians, the colonel ignores the advice of his more experienced subordinates, and in the thrill-packed climax endeavors to make a name for himself by tricking and capturing Cochise's elusive band of Apache warriors.

Fonda plays the colonel and Wayne is seen as his senior captain who vainly tries to discourage both players turning in convincing portrayals. Miss Temple plays Fonda's daughter, and Armendariz plays a Creole sergeant. Ward Bond, George O'Brien, Victor McLaglen, Anna Lee, Irene Rich, Guy Kibbee, Grant Withers, Mae Marsh and Dick Foran stand out in the featured cast, along with Miss Temple's husband, John Agar, who makes his screen debut in the role of a young West Point officer.

Frank S. Nugent wrote the screenplay from the story by James Warner Bellah.

machine woodworking with a course of advance machine woodworking and millwork and finish being added.

Two courses in theory, sight-reading, music appreciation, public school music methods and applied voice and music will be offered in the music department. Two courses in physical education will be offered and every student must enroll unless excused.

The department of social studies has two courses in economics, four in history, two in government and one in sociology which is an introductory course. The economics subjects are introduction, and labor problems. The history courses deal with Western Europe, England, United States and Latin America. The government courses are in federal and state constitutions and governments.

The department of business education is a special department with a specific purpose of allowing the student to complete courses in a short period of time. It gives occupational training, job and skill training.

Commodities Drop For Fourth Week, AP Survey Shows

NEW YORK, Aug. 28. (AP) — The Associated Press composite of 35 wholesale commodities declined on Aug. 27 for the fourth consecutive Friday to 186.80 from 187.30 a week earlier.

The Friday decline brought the index slightly below the 187.82 level of a year ago. The base year 1926 equals 100.

The textile component dropped slightly to a new 1948 low, while industrials, food and livestock also declined. The grains and cotton component rose slightly and non-ferrous metals were unchanged.

Mrs. Mary Locke is attending a family reunion in Amarillo. She will be gone for the next two weeks. Mrs. Y. D. McMurray of Colorado City and her son, Bill McMurray of Kermit were guests of Mrs. J. B. Young and Mrs. Y. VanGieson Wednesday.

Dorothy

(Continued From Page One)

Pete Cook, B. B. Lees and Jimmy Jones.

Mrs. Wasson wore a maize formal with an orchid corsage. Mrs. Duncan, mother of the bridegroom, was dressed in a blue formal with a corsage of shattered pink carnations.

A reception was held in the Hotel Settles following the ceremony.

The bride's table was laid with white satin covered with white tulle. The full tulle skirt was caught at the sides with white ribbon and showered gardenias. The floral centerpiece for the table were two arrangements of white gardenias, carnations, phlox and plumosus fern in silver champagne collers. These were connected by garlands of gardenias arranged on a reflector which was edged in tulle and silver leaves. The three tiered wedding cake was surrounded and topped with gardenias. The silver punch service was at the opposite side of the table.

Mrs. Ralph DeShong and Mrs. Dorothy Ragan presided at the punch service. Mrs. Jim Carter and Mrs. George O'Brien, Jr. served the cake.

Louise Ann Bennett registered the guests.

Other members of the house party were Mrs. M. H. Bennett, Mrs. J. Y. Robb, Mrs. Paul Wasson, Mrs. Phin Holder, Mrs. Lloyd Wasson, Mrs. George Oldham, Mrs. Roy Townsend, Mrs. Odom Cardwell, Mrs. Eddie Miers and Mrs. B. O. Dowling.

Mrs. Lloyd Wasson greeted the guests who were received by the members of the wedding party.

The couple left for a honeymoon to Colorado and California. For traveling, Mrs. Duncan wore a three-piece gray and beige suit, with brown accessories. Her corsage was of gardenias, spiked with small brown blossoms. They will live in Big Spring where he is to be associated with his father in the Duncan Drilling company.

Both Mr. and Mrs. Duncan are graduates of Big Spring high school and he has attended Texas Technological College in Lubbock for the past three years. While in high school the bride was a member of the Sub-Debs and is that club's immediate past president.

Out-of-town guests were Mr. and Mrs. Ralph W. DeShong and Mrs. Phin Holder, all of Wichita Falls; Mrs. B. O. Dowling, Mr. and Mrs. Odom Cardwell and Mrs. L. E. Miers all of Robstown; and R. and Mrs. A. A. Watson of Abilene.

Pvt. Roy Lee Reeves is here with his wife, Mrs. Geraldine Hancock Reeves, for a short leave before reporting to Lakeland Air Force base station hospital in San Antonio on Aug. 31. For the past eight months, Pvt. Reeves has been stationed with the 520th medical service squadron in Westover, Mass. Prior to that he was based at Randolph Field.
