## SLOW FALLING RAINS DRENCH ALL W. TEXAS

Three Days Of Almost Unbroken Downpour Soaks Earth

5.15 INCHES HERE

Range Prospects Look Best In Area In Three Years

Slow falling, beneficial rains which have continued to fall in this county since Monday almost unbrokenly has poured 5.15 inches into the ground up to 9 o'clock this morning and seasoned the soil for an abundant crop of weeds and grass for autumn feed. Every part of Crockett lands had shared in the recent deluging rains and sheepmen and cattlemen in every direction from Ozona reported heavy falls.

Both of the draws which cut through the town have been running but lack of torrential downpours has kept either from gaining flood proportions.

Heavy rains in the sector south of Ozona made the Juno road almost impassable and several who reside in the area around Juno and were caught in Ozona by the rains, remained here last night because of reports of road difficulties. Traffic was not halted east and west of Ozona.

At noon Tuesday, twenty-four ours after the rain began, 2.8 inches were recorded in the Joe Oberkamp gauge. Alternately the rain has continued. Added to the previous fall here since January 1, this week's total brings the rainfall of the year to more than twenty-two inches.

According to reports from over West Texas, the rain has been general. Crockett areas have received a moderate downfall and a heavy average but has been spared the effects of torrents falling elsewhere where flooded streams and ravines were reported.

Mr. and Mrs. A. W. Jones, of Ozona, and Mr. and Mrs. Wren Jackson of Best, visited in Eldorado Sunday, Mr. and Mrs. Jackson returning to their home Monday. Mrs. Inez Phodd who has been visiting on the Jackson ranch, accompanied the group to Eldorado.

## Hall & Stokes Buy Williams Feed Business

Angelo - Sonora Firms To Operate Store In Ozona

Purchase of the Bill Williams Feed Store here by Louis Hall of the San Tex Feed Company of San Angelo and H. V. (Buzzy) Stokes of the H. V. Stokes Feed Co. of Sonora was announced this week. The new owners took charge of the business Tuesday morning.

J. S. (Jack) Stahl, associated with the San Angelo firm for several years, will be in charge of the local store as manager. Mr. and Mrs. Stahl arrived here Monday to make their home. They are living in the north part of the city.

Mr. Hall has been in the feed business in West Texas for many years, formerly operating the business as Hall Feed and Grain Co. The firm has had a store in Sonora for the past two years, where Mr. Hall is associated with Mr. Stokes in the business. A store is also operated in Sterling City and one was formerly operated in Barnhart.

Mr. Williams has operated the feed business here about two years, establishing the enterprise in the Cox building. He has not announced his plans for the future.

## 25 Aspirants For Grid Squad Take Up Training In Opening Week Of School; 8 Lettermen Nucleus For 1935 Squad

Coach White Views Prospects As Bright For Lions This Season

Coach Ted White began his eighth year of football tutoring and his fifth year at Ozona High School when football practice got under way locally last Wednesday afternoon, the same afternoon Coach White arrived from Austin. The Ozona Lion mentor and Mrs. White spent the summer at Austin attending the University of Texas and the Lion coach reported that besides passing his Spanish courses, he had picked up football "helps" from mentors of the sport in the capital city.

Inclement weather the first part of the week held up beginning grid practice but grid aspirants with pre-season energy were entertained with gym calisthenics and the coach had opportunity to look over the crop. For first week practice, twenty-five men have turned out with ambitions to don part of the new equipment in the coach's office. Eight regulars, four backs and four linemen, bolster the Ozona coach's season hopes. They are, with weights: D. A. Parker (captain-elect), end, 190; Leonard Freeman, guard, 175; Tom Everett, tackle, 185; Vaughn Brown, back, 170; Joe Thomas Davidson, center, 175; Jimmie Childress, back, 145; Haskell Leath, back, 145; and J. T. Casbeer, back, 140.

All-District Vets D. A. Parker, Lion altitudinous end, took a berth on the all-district

## Control Of Blow Fly Main Topic Sheepmen's Meet

Assn. Executives To Discuss Plans For Coordinated Action

Plans for a co-operative campaign for eradication of the blow-fly from West Texas ranges, discussion of shearing problems, appointment of various committees to carry out the functions of the organization and the fixing of dates for the annual association convention in San Antonio are major topics to be discussed by members of the executive committee of the Texas Sheep and Goat Raisers Association at the quarterly meeting of the committee in Ozona next Thursday morning.

The committee session will convene at the Hotel Ozona at 10 o'clock Thursday morning. Local ranchmen who are members of the association and the citizenship as a whole will act as hosts on the occasion of the visit of this group of prominent livestock growers from all parts of West Texas.

The report of G. W. Cunningham, secretary of the association, on the recent membership campaign and progress of the organization to date will be another feature of the quarterly session.

The blow-fly campaign is advocated by T. A. Kincaid, former president of the Sheep and Goat Raisers Association of Texas for many years, and other prominent leaders of the industry. This range pest has resulted in widespread losses in years past and was reported worse this summer than in many years, due, no doubt, to the heavy death losses and government slaughtering of livestock during the drought last summer. Some definite plan of concerted action to control the blow-fly is expected to develop from the conference here.

## Officers Investigate Following Injury Of Ozonan Sunday Night

After incidents reported to have occurred at 4:30 Sunday morning on the road west of Ozona, Lige Armentrout was brought to Ozona for medical treatment, the man suffering a fractured right ankle, and a severe laceration in the upper part of his right arm.

Local officers were investigating the Sunday morning happening this week and no names were available today. Two other men were said to be involved in the incident in which Armentrout suffered the injuries.

## KINCAID SELLS GOATS

T. A. Kincaid recently sold 2,000 head of mixed kids, to Will McNeeley of Rocksprings and Bracketville at \$2.75 for the nannies and \$2 for the muttons. The goats are to be delivered at the ranch.

## SCHOOLS OPEN WITH NEW HIGH IN ENROLLMENT

High School Opening Enrollment Shows Gain of 15

GRADES DROP OFF

Registrations In Elementary Division Off 29 Pupils

Opening formalities for the school term of 1935-1936 were held in the Ozona High School auditorium Monday morning which marked the beginning of the 44th school session in Crockett County. At the close of registration Monday, enrollment figures in the office of Superintendent C. S. Denham showed the highest registration of students for the high school courses in the school's history. The high school enrollment reached 103. Last year the registration was 90.

Inclusive of the school in the Mexican colony, the enrollment figure of the Ozona schools showed 355 students registered. Crockett's two other schools, Live Oak and Powell, registered 8 and 27 respectively.

Registration in the elementary grades dropped from last year's figure on the opening day. Monday's total enrollment in the Ozona elementary grades was 148, in comparison with 177 last year. Kindergarten dropped from 18 to 12. Ozona's Mexican school showed an enrollment of 92 Monday.

Superintendent Denham spoke briefly to a filled auditorium at

## Baggett-Coose Rites Solemnized Tuesday Morning

Popular Couple United At Early Morning Nuptial Service

At 7 o'clock, Tuesday morning in the Methodist Church, Miss Willie V. Coose, daughter of Mr. and Mrs. Steve Coose, became the bride of James Baggett, son of Mr. and Mrs. James Monroe Baggett. The Rev. R. A. Taylor conducted the early morning rites.

Baskets of queen's wreath and ferns arrayed the choir section and flanked the altar while ferns lined the chancel rail. Miss Vicky Pierce came to the piano from behind the altar and played the Lohengrin wedding processional while the officiating minister awaited at the altar.

During the ceremony the "Indian Love Call" sounded softly.

The bride was attired in a tailored suit of rough weave silk crepe trimmed in white and wore a navy blue felt hat. She wore navy accessories and a corsage of white gardenias.

Miss Dorothy Henderson attended as bridesmaid and was attired in frock of green satin-back crepe trimmed with brass clips and buckle and wore a halo hat of

## Miss Tillie Cooke And John L. Hicks Married Wednesday

Miss Tillie Cooke, daughter of Mrs. Ida M. Cooke, became the bride of John L. Hicks, ranch worker employed on the Morris Dudley ranch, at a home wedding yesterday afternoon at the home of the bride's sister, Mrs. George Senne, in the north part of the city.

The ceremony was performed by W. M. Johnigan, justice of the peace, in the presence of Mr. and Mrs. Senne. The young couple will make their home on the ranch.

## GIANTS LEAP TO LEAD IN CHAMPIONSHIP SERIES BY NOSING OUT OILERS 1-0

First And Second Half Champ Teams To Meet Here Saturday And Sunday For Two More Games In Flag Series

One score, occasioned by the heavy bat of Carl Dorley, Ozona first baseman, that rapped one of Flop Harris' offerings to the edge of the greasewood flats, scoring Fats Heatherly from first base, was all the margin that Al 'Fisher' ace Giant hurler, needed to cop the opening game of the Permian Basin League championship

## CALF ROPERS ARE LIKE THAT—

Wherever There's a Contest It's Heaven To The Men Who Twirl for Prizes

Ted Powers, Crockett County's ace calf roper and a serious threat to the nation's champion ropers, tells this one on calf ropers:

A calf roper went to Heaven and sought admittance of Saint Peter, but the keeper of the Pearly Gates shook his head.

"I can't let you in here," he said. "The place is full of calf ropers now."

"But just let me in for a time to look around," the calf roper begged. Saint Peter finally agreed to let the roper have a look-see around before sending him on.

On the inside the newly arrived calf roper gathered the group of ropers already arrived in huddle.

"Boys," he said, "They're having a calf roping in Hell."

There followed a wild stampede as the ropers grabbed their lassos and hit for the door. Left alone, the newly arrived lariat artist waited for the victims of his practical joke to return. Time passed and they didn't return and then Saint Peter was startled as the roper brushed past him, saying, "Lemme outa here. They may be having a calf roping down there."

## McDonald Softball Team Plans Entry In Blondy's Melee

About fifteen players will accompany Manager Bryan McDonald to San Angelo Friday where the Ozona team will be entered in the San Angelo Standard Softball Tournament.

The players, recruits from the three teams which played on the local field during the past season, will vie with teams from over West Texas for the newspaper's team trophy and individual awards. The tourney will get under way Friday afternoon and continue through Saturday evening.

Hartley Johnigan, Lee Patrick Elmo Burman and Marshall Montgomery will be the Ozona Manager's pick for pitchers on the Ozona unit. McDonald will probably catch.

## Three Sets of Twins Enrolled In Schools

Three sets of twins enrolled for the current school session Monday in the third grade are Earl and Beryl Sparks. James and Fred Parker are twins and are juniors in high school this year, Seniors in high school and twins are Iris and Irene Green. In each case the twins are "different" enough for teachers not to have difficulty in knowing them apart.

Judge and Mrs. C. E. Davidson, who are now in Iowa, are expected to return to Ozona about the middle of the month. Judge Davidson has been attending to business in Wisconsin recently.

play-off from the Texon Oilers, first half winners, in the Oiler park Monday afternoon before a Labor Day crowd estimated at 1500 shivering fans.

The winning score, that put the Ozona Giants one up in the championship series, came in the sixth inning of a sensational pitchers' duel between the veteran Flop Harris of Snipe Conley's crew and 'Fisher' of the Giants. With one out in that inning, Heatherly was safe at first when Leedy muffed his grounder at second. Dorley then connected with one to send it over McMillan's head in right field for three bases, scoring Heatherly from first. Had it not been for the fact that the runners were slowed down when McMillan threatened to reach the long fly, it would have been a home-run for Dorley.

The two teams meet for the second and third games of the championship series on the Ozona diamond next Saturday and Sunday afternoon. The games are called for 3 o'clock. Pitcher-Manager Slim Harriss will likely start on the mound for the Giants in the first game and 'Fisher' is slated for duty in the Sunday game. Hi Haven and Walter Ritter will likely be Conley's choice for the hurling jobs the two days.

The heavy-hitting Oilers were limited to two hits by the ace Giant pitcher. Only one of these was a clean single, the other a scratch hit, so scored for Burton in the fifth when Lenz, Giant third sacker, got his feet tangled up and fell while trying to field a high bouncer on the Texon sodded infield. Leedy was the only other Oiler to touch the veteran for a safety, a single between first and second in the eighth.

The cold north wind that swept

HUSH! HUSH!

Every newspaper reporter and editor knows how many times newspapers are appealed to, or threatened with dire punishment, if the appeal to withhold news of the unlawful actions of some kinsman or friend is not granted.

"The most common plea heard in newspaper offices when a young man lands in jail, is that 'no mention of the incident should be made for the sake of the poor old mother.' Just why newspapers are supposed to show more consideration for mothers than their sons show is more than the newspapers have ever been able to understand."

There is something strange about the effect of a printed statement. A man who commits an offense, says the editor of the Bonham Favorite, hears people on the streets talking about it and takes no offense, but let a newspaper publish the truth about it and he grows furious.

There are a number of people who have the idea that they are entitled to special favors from the newspapers. They want the papers to give them the news of what other people are doing, but they fly into a rage when the same newspapers give the people news of their own infractions of the law.

Newspapers ought not to publish some kinds of news, because it is detrimental to public morals and public welfare. But it is a protection to the public to have legitimate news made known.

Often it is painful to the newspaper reporter or editor to record the misdeeds of men and women who violate the law, but usually it is a duty they owe the public to publish such news.

THE BILL IS COMING DUE

Alice News: Have you ever noticed how easy it is to establish a charge on term-payment account in a department store?

But no matter how easily the credit is obtained, or how small payments, they come due regularly and if not paid—well, the law just takes its course and the debtor suffers.

The people of the United States are just now waking up to the fact that they have been on a gigantic spending spree. Never did they use their public credit so freely. But the day of reckoning is here. The charge accounts are coming due and the payments will have to be made.

Just as the unwary customer is talked in to spending more than he can afford by the super-selling ability of the expert clerk, so have an unwary people been talked in to spending more than they can well afford to pay, by the silver tongues of the politicians.

In the latter case, however, the people thought they were going to be given something for nothing—that the billions of dollars handed out in the name of "relief" and "recovery" would be taken from somebody else's pocket.

But the dream has ended. The tax-gatherer's hand is going right down into Jones' pocket to take out the money to pay the charge account, for the "gifts" to Jones.

A new tax-raising bill has been thrown into the lap of Congress, that will have a tremendous effect on the earnings, the savings and the estates of every citizen. For camouflage and publicity purposes, it is designated as a "share the wealth," or "soak the rich" tax program. The Portland Oregonian says:

"This is but the beginning. The government Santa Claus is about to be withdrawn. Gradually he is to become overshadowed by another figure. This one will appear to the taxpayer ere he plays out his part, like a government Shylock. There is no other way.

"Good old Uncle Sam is going to make the rich pay and pay. Nothing is said about making other people pay. But that will come later. We are all going to pay—pay through the nose and pay till it hurts, in increased federal taxes down through the lower brackets. Our tax bill during the next generation is going to be a thing high, wide and handsome and at the same time fearsome. It is not going to fall lightly anywhere. It is going to fall heavily on all who have incomes, in whatever brackets."

Charge accounts of the government (tax bills) become due just as do charge accounts of stores (private bills). There is no difference whatever in principle—but there is a great difference in fact, in that the government, if

# Damming the White Nile to Irrigate Egypt

The second major link in Egypt's stupendous irrigation progress is now under construction on the White Nile, 30 miles south of Khartoum, where 8,000 men are at work on the Gebel Aulia dam. When completed, in the fall of 1937, the dam will form a lake 250 miles long and will provide water for 3,000,000 acres of land in Egypt.

## NOBODY'S BUSINESS

BY JUMAAN CAPERS JR.

AUSTIN, Sept. 4—Speculation as to the range of legislative subjects to be submitted by Gov. Allred, which will determine the length and the number of special sessions, filled the atmosphere in Austin as the solons prepared to answer the Sept. 16 call for an extraordinary session. Financing a state old-age pension program, authorized by the voters in the special election by an overwhelming majority, may reopen the entire subject of state revenue. This would be an opening for the governor to resubmit all or part of his extensive tax program, most of which fell by the wayside in the regular session. Such highly controversial subjects as chain-store taxes, sales tax, state income tax, liquor taxes and others doubtless will be offered and debated at length, if the governor's message opens the way.

The governor has clearly indicated he considers liquor regula-

tion under repeal the paramount subject. He has advised against hasty action. The legislature is probably as closely divided upon the liquor question as were the people, who registered less than 10 per cent majority of votes cast, in favor of repeal. Bitter controversy is forecast by the lengthy battle that was necessary for the legislators even to get the matter before the voters as a constitutional amendment. Opinion ranges all the way from state monopoly, from the bone dry bloc, down to minimum restrictions and free flow of hard liquor by the extreme liberals. It will take many hours of committee sessions, hotel room caucuses and floor debate to enact finally a state law to license the sale of liquor and enable dry communities to protect themselves by local option.

Sensational charges that certain major oil companies are preparing to demoralize the market for crude oil, break the \$1 crude price that has held steadily in Texas for many months, and fill their empty storage tanks during the ensuing chaos, made by Col. Ernest O. Thompson, chairman of the Texas railroad commission, marked the week's developments in oil. Thomp-

son asserted the move was planned as a "punishment to Texas" for the successful fight the state, thru its officials, has made on federal control, advocated by some major companies. First step, Thompson said, was a cut in gasoline prices, which would then be carried back to the crude market as justification for a slash there. The commission last week denied the plea of certain major companies that the proration basis be changed to an acreage factor, instead of the well-established well-potential basis that has been in use for two years.

Thompson charged then the movement was a "share-the-wealth program with reverse English" that would take the property of small independents and give it to the large companies. Testimony at the hearing showed that 200 millions of property values in east Texas would be confiscated, that the permanent school fund would lose \$300,000 a year in royalties and the state many thousands in taxes, if the proration formula were changed. The commission renewed its proration order on the potential basis, which Thompson charges, is another reason why some of the disappointed majors seek to demoralize Texas' billion-dollar oil business. It is broadly hinted in Austin the commission may meet such an attack by ordering a complete shutdown of all fields in Texas for a period, to take bottom-hole pressures, as it has done in east Texas on other occasions.

Behind every man who has achieved greatness in history, there is usually the shadow of a good woman. Close friends of United States Sen. Tom Connally, 2000 of whom gathered at Marlin to pay their last respects to Mrs. Connally, say this is true to an unusual extent in the case of the distinguished junior senator from Texas. Possessed of a remarkably keen mind, and a sure instinct for the right, which hurdled easily the hazards of politics, Mrs. Connally was not only the constant companion, but the influential adviser of the senator. From every corner of the state friends came to the family home at Marlin last week, to extend their condolences to Sen. Connally and his young son, Ben, and to express their conviction that a' Texas, as well as her own family, had suffered a great loss in her death.

Many men live on "borrowed time" as the saying goes, but to Fred Glassie, Tarrant-co farmer, goes the distinction of having lived for six years on borrowed blood. Every six weeks he has to undergo a blood transfusion, due to aplastic anemia, a rare disease about which doctors know little. Relatives have furnished the blood, his wife having contributed hers three times. Between times Glassie goes about his work normally, and feels no ill effects, except for a few days prior to each transfusion, when he becomes weak and tired easily.

# High Pressure In Advertising

There are high pressure salesmen of so-called advertising who are always on the alert for the "easy mark." The merchant who earns that reputation, who dissipates his advertising appropriation through expenditures in worthless mediums, is the target for these high pressure men and will find himself besieged by those who would sell him advertising in this or that program, catalogue, trade magazine or other medium that is worthless so far as results are concerned, and at an exorbitant rate.

A study of the circulation, the attention the publication commands, the place of publication etc will convince one in most cases that advertising expenditures in such mediums is pure waste or an outright donation. If it is a "worthy cause" and you feel like making a donation, do so, but don't call it advertising.

### Shipping Decline Indicates Upward Livestock Trend

#### Abundant Feed, Rising Markets Cause Growers To Hold

AUSTIN, Texas, Sept. 4.—Texas livestock shipments declined sharply in July in comparison with the like month last year, reflecting the huge government drouth relief purchases a year ago, it was pointed out by Dr. F. A. Buechel, assistant director and livestock expert of the University of Texas Bureau of Business Research.

Total shipments for the month were only 3,903 cars, against 8,539 cars during July last year, a decline of 54 per cent. Cattle shipments of 2,831 cars represented a decline of 47 per cent; calves, 599 cars, a decline of 41 per cent; hogs, 128 cars, a decline of 60 per cent; and sheep, 345 cars, a decline of 3 per cent. Aggregate shipments of all classes of livestock during the first seven months of the year were 33,399 cars, against 36,795 cars during the corresponding period last year.

There are two main reasons for the wide disparity between shipments during July this year and the similar month last year," Dr. Buechel said. "First, the number of head of livestock on farms and ranches has been greatly reduced as a result of the government's livestock destruction program last summer induced by drouth, and second, the remaining livestock furnishes the best medium for marketing the abundant feed and pasturage which prevails throughout most of the State. The result is that this year livestock will be held on the farm and ranch as long as it is economically feasible, in order to market the maximum of this abundant grass and feed crop through a limited number of livestock and at the same time to improve the quality of the cattle as a result of the better 'finish' which adequate feeding gives.

**Confidence Justified**  
"Farmers and ranchers, moreover, are justified in their confidence that prices of livestock will hold up well for a good many months. If present prospects for the continued upward trend of business materialize, as seems highly probable, consumer demand for meat promises to strengthen, which is the most healthful sustaining force any community can have. Moreover, feeders from the Middle West will bid aggressively for the Texas cattle.

"The falling off in shipments of cattle in comparison with last year is greatest in those districts in which drouth conditions were most severe a year ago, as might be expected.

"Shipments of cattle and calves to the Fort Worth market showed only a moderate decline in comparison with the sharp decline of Texas livestock to the other large markets. The number of sheep to the Fort Worth market increased substantially over last year. Shipments of Texas cattle to Illinois, Iowa, and Nebraska are running well ahead of a year ago."

#### Senior Class Names Class Officers At Initial Meet Today

School year, the senior class elected officers for the year. Officers are: Jeannetta Willis, president, Vaughn Brown, vice-president, Valla Freeman, secretary-treasurer, Juanda Dunlap, reporter. Tomorrow morning at 8:30 the seniors will name a sponsor and select a class motto and class flower.

### Farmerettes Ready for Championship Events

Only the most modern of farm machinery was good enough for these Pomona farmerettes. They were getting in readiness for champion farm girl contests at the Los Angeles County fair in Pomona. It was an international affair with elimination events staged for Mexican, Portuguese, Italian, Swiss, Danish and Swedish girls.

#### Displaying, Firing Gun Results In \$34 Fine Against Ozonan

Pleading guilty to the charge of rudely displaying and discharging a gun about a month ago in the southwest part of town, W. T. West paid a fine of \$34 in Justice of the Peace Bill Johnigan's court here Monday morning.

The complaint charged the defendant with displaying and discharging a gun and disturbing persons nearby. The sheriff's department investigated complaints about a month ago and the case came into court Monday morning. A witness testified for the state.

Business visitors in Ozona Tuesday were Mr. and Mrs. George Thompson and their son, George Thompson, Jr., who reside on a ranch near Iraan.

Mrs. John M. Rice of Abilene, was expected to arrive in Ozona this week to visit a few days with Mrs. Paul Hallcomb at their ranch home. Mrs. Rice and Mrs. Hallcomb were school mates at Southwest Texas State Teachers College at San Marcos.

Joe Thomas Davidson has been ill with the mumps this week. The Ozona boy has been resting nicely this week and is expected to be able to attend school next week.

During the week Mrs. Hugh Horton, of San Angelo, and her small daughter, Ann, have been visiting the parents of Mrs. Horton, Mr. and Mrs. J. H. McClure.

J. B. Pace, Jr., of Austin, visited in the home of Mr. and Mrs. Monroe Baggett over the weekend. Mr. Pace is a son-in-law of the Ozonans.

Mrs. T. A. Kincaid, Jr., who has been in a hospital at San Angelo, has been dismissed and is visiting in San Angelo with her aunt, Mrs. Sessums.

Norman Rendall, son of N. E. Rendall, returned to Ozona Saturday to enter school after spending the summer visiting an aunt in Alameda, California.

Visiting in the home of Mr. and Mrs. Hugh Gray Sunday were Mrs. H. K. Fox, her son, Edward, and Miss Saree Covington, of San Angelo.

Mr. and Mrs. T. L. Trojter were visitors in Ozona Sunday. They reside on the ranch of Mrs. Mae Gray near Berlin.

Mrs. Bryan McDonald and Miss Dixie Davidson were visitors in San Angelo last Friday. They returned in the new Buick coupe purchased by Miss Davidson.

#### Former Ozona Teacher Weds Mansfield Girl

M. M. Collins, principal of the grade schools here during the 1934-35 session, was married Sunday, September 1, to Miss Estelle Ward of Mansfield, Texas, according to announcements received here by friends of the former Ozona teacher.

The wedding took place at Mansfield. The bride is the daughter of Mr. and Mrs. Newton L. Ward of that city. The couple will make their home at Hawley, Texas, where Mr. Collins is superintendent of schools this year.

Houston Smith has been in South Texas this week on business and is expected to return Saturday.
