## Farm Loan Assn. Faces Merger With Neighbor Groups

### Miles Litigation To Determine Result Of Federal Plan

Fate of the 17-year old Ozona National Farm Loan Association as an independent organization, as well as that of similar associations throughout the state, may rest on the outcome of a civil suit now pending in federal court at San Angelo styled Miles National Farm Loan Association against the Federal Land Bank of Houston.

Issues in the litigation involve the right of the local associations to service the loans they have made throughout their lifetime. Under a new plan developed by the bank officials, efforts are being made to merge small associations in neighboring counties and precincts for the purpose of more economical operation, with the office staff servicing the borrowers in an enlarged area.

The Miles association originally filed suit in state court at Ballinger complaining of action of the Federal Land Bank in designating an agent at Ballinger for collection of principal, interest, fees and costs from borrowers of the Miles association, taking this power from the hands of the local association.

Officers and directors of the Ozona National Farm Loan Association met in called session to hear the Land Bank's proposal submitted by a representative of the parent organization Monday afternoon. The merger proposal as affecting this area would place associations in Ozona, Sonora and Eldorado under one head, with borrowers in the three counties having their loans serviced at a central office with a full-time secretary-treasurer and office staff in charge. The new combined organization headquarters would be located in one of the three towns. Officials of the local association are studying the proposal.

Ozona National Farm Loan Association was organized in 1926 by local borrowers from the Federal Land Bank. In its 17 years history, during which it has made approximately 80 loans on Crockett county ranch lands totalling in the neighborhood of \$2,000,000, no loan has ever gone delinquent and borrowers have enjoyed the advantage of low interest federal loans on lands. The association now has 66 loans outstanding for a total of \$1,088,400.

## Navy Commends Former Ozonan For Gallantry

### Carleton Phillips Member Gun Crew Of Merchantman Attacked

Houston, Texas April 21.—Carleton Phillips, Seaman First Class, USNR, son of Mrs. Alice Phillips of Ozona, Texas, has been commended by the Navy in recognition of his conduct as a member of the Armed Guard Crew of his Merchant Vessel during the attacks on the ship.

The convoy to which Seaman Phillips was attached was subjected to numerous assaults by enemy submarines, torpedo planes, and bombers. During a week of almost continuous attack when the ship was rocked by explosions and riddled by shellfire, the members of the Armed Guard Crew valiantly manned their stations, contributing to the destruction of at least eight enemy planes by their accurate firing.

Through the skill and courage of the Armed Guard Crew the ship was able to fight her way through to discharge vital cargo at her destination.

Phillips' devotion to duty throughout the voyage was in keeping with the best traditions of the Naval service.

## New Zealand Hostess Writes Ozona Mother Of Entertaining Son

Mrs. J. J. North was thrilled this week to receive a letter from a woman in New Zealand, giving news of Mrs. North's son, Carl (Pete) North, with the United States Marines in the Pacific combat area.

The New Zealand woman was one of the hostesses at a supper for service men which the Ozona boy attended and he gave his hostess his mother's address and asked that she write. The letter said that he was in good health and "looks fine."

This was the first definite information Mrs. North has had as to her son's whereabouts, censorship rules not permitting him to reveal such information. He is thought to have been in Guadalcanal and other action theaters earlier.

## Letters Of Texas Pioneer Read To Historical Society

That Texans even a hundred years ago were extremely proud of their state and boastful of the fighting prowess of Texans was revealed in a series of interesting letters written by a pioneer Texan who came to this state in the last days of the Republic and remained to rear his family in the state of Texas.

The letters were read before members of the Crockett County historical society meeting Monday evening in the high school building by Mrs. Stephen Perner, granddaughter of the writer, Josiah Panceast, a Quaker who came to Texas in 1842 from Woodstown, N. J., to become an integral part of the state's development.

A facile writer, Mr. Panceast, who had been a teacher in his native New Jersey, described his travels from New Jersey first to Missouri and then into Texas, the last of the series of letters being written from Mexico where the writer was an officer in a Texas unit of a United States expeditionary force sent into Mexico in the Mexican war. The letters were written to his parents in New Jersey.

Mrs. Perner read from a group of letters which were published in an almanac issued by a bank in Woodstown. She also exhibited one of the original letters, in a glassed frame, one of six from the original collection in the Alamo museum which were distributed among the six daughters of Josiah Panceast.

## Latin-American Young People Give Easter Program

As a fitting climax to the Easter week was a program given by the Latin-American young people at the Community Center Sunday afternoon. It consisted of songs by a hidden choir, accompanied by Mrs. H. B. Tandy, scripture by Miss Mary Riddle, and two one-act plays directed by Mrs. L. B. Hoover.

The first play was "I Go Fishing," by Mary D. Bingham, the story of Peter's sorrow after the denial of Christ. Peter was played by Jose Vitela and Elosah, his wife, by Emma Vargas. The second play was "Bread of Tears," which described the sadness of Mary and Martha over the death of Jesus. Mary was Carmen Vitela and Martha was played by Carmen Castillo. Both plays were given in English and were well cast and directed. The young people entered into the spirit of the characters to produce a sincere and splendid entertainment. The Young People's Fellowship and many other Anglo-Americans as well as Latin-Americans were guests.

## Three Injured In Auto Accident East Of Ozona

### One Woman In Serious Condition After Car Overturned

Three persons, two women and a man suffered injuries, one serious, Wednesday afternoon when the car in which they were riding overturned on the highway about five miles east of Ozona.

Mr. and Mrs. Henry O. Cosby of Houston and their daughter-in-law, Mrs. Delwin B. Cosby, whose husband is in the United States Army stationed at Tucson, Ariz., were occupants of the car. Mrs. Henry O. Cosby was the most seriously injured, suffering a mangled right hand and a possible fractured pelvic bone. She was taken to San Angelo in the Joe Oberkamp ambulance after being examined and treated here by Dr. G. L. Nesrsta. Mr. Cosby and the younger Mrs. Cosby were less seriously hurt.

Mr. Cosby, driver of the car, lost control of the machine when a left rear tire went flat. The car swerved across the pavement and overturned, coming to rest on its side at the edge of the pavement. The car was almost completely demolished.

The Cosby's were on their way to Tucson to visit the son and husband.

Mr. West presided over the meeting as acting chairman of the district, John Eaton of Sonora, who was elected to that post, having moved to Louisiana to engage in war work. Reports of Scout activities over the district were made by the various chairmen and plans for an active Scouting summer for the district made. Joe Galbraith of Del Rio, field executive, was present for the session.

## Two Cars Collide At Roadside Park East Of Ozona

Two cars were badly damaged and eight persons occupying them were severely shaken in a collision Wednesday morning at the roadside park two miles east of Ozona.

One of the cars was from Houston and the other from San Antonio, both families on their way to California to engage in war work. The Houston car, a Hudson, was emerging from a brief stop in the roadside park, the other car striking it broadside at the intersection. None of the occupants of the two cars, one a man and wife and three children and the other a man and wife and negro passenger, was hurt beyond slight cuts and bruises.

## Annual Banquet Staged By Juniors For 1943 Seniors

### Colorful Affair In Hotel Ozona Ballroom Tuesday Evening

Members of the Junior class entertained the 1943 graduating class of Ozona High School at the annual Junior-Senior banquet held Tuesday evening in the "Rose Room" of the Hotel Ozona.

Designated the annual "Junior-Senior Gourmet Revel," invitations to the affair were in imitation of the well-known ration books now in use by civilians. Carrying out the class colors of red and white, the room and table appointments were in the class colors, with blue added for the patriotic note. Programs were little red booklets with white printing, the class flower, the American Beauty rose, being printed in white on the front cover.

Guests were admitted to the Rose Room upon presentation of their "ration cards," the invitations mailed in advance. Toots Smith, school secretary, tore out the required number of coupons and passed the guests under a rose entwined arch to the colorful banquet scene. A white picket fence leading from the entrance arch was bedecked with roses and vines and a lattice behind the speakers table was made into a mass of roses set in greenery, with an illuminated sign reading, "Seniors, 1943." Gay colored balloons hung from the red and white paper streamers overhanging the banquet tables.

Gay caps were given the guests as they entered and in the course of the evening, additional favors of noisemakers were passed around.

Despite rationing, the Juniors managed a delicious feast for the graduates, including fruit cocktail, chicken loaf, buttered peas, creamed potatoes, spiced peaches, hot rolls, olives, celery, iced tea, ice cream and cake.

Burl Sparks president of the Junior class, acted as toastmaster. The invocation was pronounced by L. B. T. Sikes, high school principal. Jim Ad Harvick for the Juniors gave a toast to the Seniors and the response was by Rozelle Pharr, president and valedictorian of the Senior class.

Mary Elizabeth Gray sang a group of songs with Susie Hokit at the piano, and then conducted a quiz in the style of the popular radio feature, awarding war stamps as prizes for correct answers. Coach Elmo McCook gave an ode to the Seniors, a cleverly composed rhyme extolling the virtues and accomplishments of individual class members. Juke box music was provided by Jo Nell Coose and Myrtastine Hokit in red, white and blue satin costumes.

Virgil Oden, on behalf of his classmates, presented Miss Hazel Kirbie, Senior Class sponsor, with a handsome zipper bag. Jim Ad Harvick, for the Junior Class, presented its sponsor, Mrs. Marl Westerman, with a bouquet of pink carnations.

One Senior, Jack Sawyer, was (Continued on Last Page)

He was a charter member of Woodmen of the World Camp 2202, at Wall, Texas.

After physical and mental examinations in El Paso, the selectees will be granted 7-day furloughs if requested, to return to their homes to adjust personal affairs to enter active service.

Making up the April contingent of selectees were Ignacio Mendez, R. C. Moore, Reynaldo R. Lara, Nicolas Lopez, Eulalio J. Castillo, Polo Moreno Hernandez, Luis C. Ramirez, Johnnie Floyd Hokit, Byron C. Williams, Richard Dowdy and Lloyd Lane Coates. Credit for two enlistments completed the county's call.

## County \$79,000 Short Of Bond Campaign Goal

### Second War Loan Drive Seems Destined To Fall Short

With but one more day to go before the treasury's announced deadline, Crockett county yesterday stood approximately \$79,000 short of attaining its designated quota in the Second War Loan drive, under way during the month of April, and seemed destined to the first failure to be chalked up against it in any demands of the government or war agencies since the war began.

Although pointing to this county's \$344,000 quota as being much larger than that assigned to most counties in this area, even those more populous counties, Houston chairman for this county, and Scott Peters, the county's bond sales chairman, expressed keen disappointment in the county's failure to go over the top in this new drive.

Reports covering sales up to yesterday morning, showed bond sales to individuals of approximately \$115,000 during the month of April, a record for war months, but \$79,000 short of the quota of \$194,000 designated for sale to the public. The \$150,000 quota set for purchasing by banking institutions was immediately subscribed by the Ozona National Bank to send the county's April war bonds purchased to a grand total of \$265,000.

Humble Oil & Refining Co. will supplement this county's bond purchases before the deadline, an official of the company at Midland told Houston Smith, drive chairman, in a long distance telephone call yesterday. The company is distributing its bond purchases among counties in which it operates. The West Texas Utilities has also purchased bonds in this county under the same plan.

Not in an effort to justify the county's failure to meet its assignment in the second war loan drive but in justice to the citizenship who have consistently bought war bonds since the nation began to rearm, Mr. Peters pointed to the county's bond buying record since the beginning of 1942.

In that time, Crockett county investors have purchased a total of more than \$550,000 worth of war bonds, not counting the investments of bank funds in the securities. The county has consistently gone over the top on each of its monthly quotas assigned by the treasury department, to such an extent, in fact, that total purchases through and to the present will exceed the quota requests of the government in that period of time, including absorption of more than the present deficit in the second war loan quota.

## Wilson Reports On Rotary Conference Session In San Antonio

Lee Wilson, president-elect of the Ozona Rotary Club, who attended the 129th district Rotary Conference held in San Antonio last week, as a delegate from the local club, reported on the conference sessions at the club's meeting Tuesday noon at Hotel Ozona. Although crowds were not as large as in previous years, all but four of the clubs in the district were represented at the conference and a splendid program was developed, Mr. Wilson reported. The conference theme was war and peace planning.

Rev. Clyde Childers, who has just returned from holding a revival meeting at the Central Baptist Church in San Antonio, attended a meeting of the San Antonio Rotary Club and gave an interesting report on the program. Ben Williams, who recently attended a meeting of the Alpine Rotary Club reported on that meeting.

Mr. and Mrs. Madden Read are having their home repainted.

POSTWAR STATE'S RIGHTS

Encouraging in these days of increasing centralization of authority in Washington bureaus, is the tenor of a recent twelve-state conference on postwar problems.

Here, Governor Thomas E. Dewey of New York, together with Governor Herbert O'Connor of Maryland and Governor J. Howard McGrath of Rhode Island, demanded that the powers granted the Federal government in the prosecution of the war be returned to the States when peace comes.

As Governor Dewey pointed out, "powers essential to the freedom of the people" can be endangered if "polluted by the exercise of control over essentially local matters."

Demonstrating the "dangers and difficulties" resulting from the direction of local problems from the central seat of government, Governor Dewey cited Federal handling of the food problem. He said that, although the States had "foreseen the catastrophe for many months," the Federal government "never saw the problem—never acted on it until a few weeks ago—never even reversed its crop restriction program in time."

Other speakers at the meeting looking squarely at the postwar situation, were of the opinion that free industry will be the chief source of jobs after the war, and that government can help industry in its task by adopting "constructive fiscal and monetary policies and establishing a climate in which free enterprise can flourish."

## THE EDITORS' THOUGHTS

Rozell Pharr-Florence Luther  
With the end of school drawing closer and closer every minute, all the dances, parties, and dinners that always go with the end of the year, everyone is in quite a whirl. No one knows quite what is going to do next or is doing right now. However, let's take a little time off to think about what this year of school has meant to

Has it been just another year for you, or has it had something special that no other year has ever had? As the end approaches, do you have a feeling of satisfaction that you have made this really important in your life and accomplished something? If you have this feeling about it, you have gone a long way toward building the kind of life that you and everybody else want to have. If you do not have this feeling, then you should start working now toward that goal.

How? By making every day and every hour of that day count in making a stronger personality and a better character of yourself.

Perhaps now you look back on this year with a feeling of immense relief that it is finished and gone, but perhaps in later years your feeling will be one of regret for something that you might have missed that you should have had. Just a few thoughts for now that might figure in your future.

## Cogitations

By MARY PERNER

My goodness, this week is going to be a real little dilly. Three dances and a banquet are not to be sneezed at! And all of them promise to be real fun. The whole school is humming with excitement and anticipation. Even the faculty is talking about it. "Serjeant Harold J. Powell." Now, who in the world is this character? Just ask a certain little Sophomore and find out. He's from Carolina! On Easter Sunday there were pretty dresses and everything to go with 'em. Muggins was wearing a white and red jersey dress and a big red hat. Very fetching. Jo Nell Coose was doing O. K., too in her brown and yellow outfit. And Pris looked as if she had just stepped out of "Vogue Magazine."—While we're on the subject of clothes, something should be said about Margaret's suit Monday. It was really "snazzy." No other word describes it quite as well. Light maroon and green are pretty on Margaret.—The Junior-Senior Banquet invitations are the cutest that have been sent out in a long time. They're the exact replica (well, nearly) of a ration book. It's quite an original idea.—Nan Tandy had her hair piled on top of her head Monday. She's one of the few who doesn't look as if she were getting ready to bathe. In fact, she looked "smooth."—There's a rumor that Vera and Jack Parker are planning big things for post-graduation. Of course, it's just a rumor, but—

The Easter Parade was a pretty sight Sunday. Everyone looked their best!—Several exes are leaving Wednesday for the Army—Bouchies Coates, Floyd Hokit, Byron Williams.—Sug Owens and Joy Coates went to San Antonio over the week-end, after a new car, too. Wonder how they do it?—"Lib" Coose, an old ex, was at home for Easter—Quite a few dances coming up soon honoring the Seniors—Over the Easter holidays Barbara white and Louise Bean went to Waco, Bennie Gail Phillips and Arthur Byrd went to Sterling, Doris Bean spent Friday and Saturday in San Angelo, Miss Blanton went to Dallas—The movie "Gentleman Jim" Sunday had everybody in a fighting mood—The H. E. II Class entertained the 2nd grade Thursday with an Easter Egg Hunt—A very pleasant surprise Thursday afternoon during the Fire Drill, punch and cookies was served by the eighth grade girls—Tuesday night found all the Junior and Senior students attending the Banquet so carefully given by the Junior Class—The whole high school took their turn at the dance given immediately after—The dance was given by Mr. and Mrs. Morris Dudley, Mr. and Mrs. S. M. Harvieck and Mr. and Mrs. Hugh Gray.

## Easter Egg Hunt Staged By Class

The girls of the H. E. II class gave an Easter egg hunt last Thursday for the members of the second grade. The children hunted eggs in the park, leed chocolate and cup cakes were served.

Tom Piner found the most eggs, although Doris Pharr and Eddie Smith were close seconds. There were a few prize eggs prepared by the H. E. I class. They were hollow egg shells with painted faces and cloth caps.

Present for the hunt were Tom Piner, Doris Pharr, Wayne Sapp, Bill Schneemann, Madelyn Doran, Eddie Smith, Doris Lee, Betty Brown, Gordon Sparks, Donald McDonald, Wilburn Conklin, Kay Kirby, Miss Marzee Hammons, Mrs. M. A. Westerman, Marie Williams, Elaine Oathout, Rosalie Lemmons, Louise Bean, Joy Hubbard, Daphne Meinecke, Louise McLaughlin, Joyce West and Nan Tandy.

## QUOTATIONS

James Chapman—"Does a hog eat country slop?"

Bennie Gail—"I went to a dance at Sterling and had more fun."

Louise A.—"You're always coming to Pandale, but you never even call me."

Floyd Hokit—"I'll take you to the show tomorrow—I'm leaving Wednesday afternoon."

Sug—"You see, I was at San Antonio and didn't get back in time and I tried to call—etc.etc."

Joy—"Aaahemmm!!! Sug, what do you mean telling such lies?"

Dilly—"I'm really planning for that dance on Wednesday."

Jo Nell—"I had something I wanted to give you."

Joyce—"He looks at me and just laughs?/!"

P. S.—Due to a small conflict by some of the people mentioned in this column, we are sorry to say that we may not be able to write the next installment. Send us red

roses for the funeral.

## Latin-American Pupils To Present Program May 7th

Pupils from the fourth through the eleventh grades of the Latin-American school will present a varied entertainment program in the Community Center on Friday evening, May 7, at 8:30 o'clock. C. L. McDonald, principal, has announced.

The program will consist of one-act plays, drills and music. A nominal charge of 20 cents for adults and 10 cents for children will be made, the proceeds, less expenses for necessary materials, to go to the Latin-American Parent-Teacher Association library fund.

The Latin-American P.T.A. has bought several dozen carefully selected library books and material this year for all grades and the money realized from the entertainment program next week will be used to replenish this fund of the association so that it can continue this project, Mr. McDonald said.

"We have met all Red Cross calls 100 percent from the first through the eleventh grade," Mr. McDonald said, "and we will appreciate your support and attendance on this occasion. Come and see the pupils as they speak and sing in English. If you cannot attend, buy a ticket and support the worthwhile supplemental educational work being done by the P.T.A."

Pupils of the fourth grade will present a one-act play entitled "What Boys Can Do." The cast is composed of three boys and three girls. A girls' quartet will present a musical number, "Tell Me Why," the cast consisting of three boys and six girls from the eighth through eleventh grades. The quartet will sing "Old Black Joe" and the program will be concluded with a flag drill with spec-

ial formations by a group of eight boys and eight girls from the fifth through eighth grades. The entire program will consume about an hour.

**PROMPT HOME REPAIRS**  
**SAVE Critical Materials**

REMEMBER the old saw, "A stitch in time saves nine?" The modern version is, "Prompt repairs save critical materials."

One coat of outside paint now, may save three coats next year. Prompt repairs to a leaky roof may make reroofing unnecessary. Necessary maintenance work and sensible repairs made now will keep your home sound for the duration.

**WILL HITLER BE ELECTROCUTED?**

"Buy War Bonds and help turn the heat on Hitler!"

ADOLF may not live long enough to pay for his mass murders by actually sitting in the "hot seat." But electricity is already hastening the day of his doom!

Electricity drives delicate machines that turn out time fuses—and thundering presses that forge tank armor. Electricity is a basic part of every bayonet, bomber and battleship—of all America's roaring war production.

Even when war began, America had more electric power than all the Axis countries combined. It's no military secret that today our power supply is far greater. And it's no secret, either, that the electric companies under experienced business management supply about seven-eighths of it!

Free Americans set world production records primarily because they are free—because they have grown up under a business system that encourages initiative and invention—instead of reducing them to the ranks of Axis slaves.

Free Americans are freely giving billions of dollars to help put Hitler in the chair. But once he's there, a cent's worth of electricity will finish the job! Which goes to show what BIG things penny-priced electricity can do!

## "Wonder which one's Jim?"

"Wish I could tell from here which one's Jim... Maybe he'll come down low and wave... No, he'll be too busy, too excited handling the plane all alone for the first time... He'll make it all right, though, that boy of mine; always has..."

All over Texas the sky is full of training planes, single engine ships and larger ones, taking off and landing, zooming, darting here and there, turning and diving. Other youngsters like Jim are at the controls and are learning fast, and soon they'll graduate to bigger, faster fighters and bombers... And then will come their chance... to pit their skill and their fine American-built planes against the enemy.

Of all the gasoline used in these thousands of trainers here and in those armadas of fighters and bombers carrying the battle to the Nazis and Japs, a great percentage comes from Humble refineries. Humble leads the field in the production of 100-octane gasoline for American and Allied combat planes and advanced trainers, and also in the production of 91-, 87-, and 73-octane for training planes. Too, Humble produces thousands of barrels of Humble-Esso Aviation Engine Oils for all these planes.

But the list of Humble-made war products does not end with those for the air arms of our fighting forces. From those same refineries which used to supply you with Esso Extra gasoline, 997 Motor Oil, and peerless products for the home, the farm, and the factory, now come many vital implements of war made from Texas crude oil. Look at a partial list of Humble war products.

**HUMBLE PRODUCTS FOR THE MACHINES OF WAR:** Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Univis Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Ban Protective Coatings, Stratosphere Greases, Toluene, Torpedo Greases, Waxes, Waterproof Lubricants.

**FOR THE MACHINES OF INDUSTRY:** Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Lathing Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes.

**FOR YOUR CAR:** Products and service to help you care for your car for your country.

### Marine Hero To Speak At Huge Texas University Rally

Austin, Texas, April 28—Marine Hero No 1 of this war—Sgt. Al Schmid of Philadelphia, will be one of the featured speakers at the University of Texas gigantic Texas Fights Rally here May 1, student chairman Mike Flynn has announced.

Plans for the rally, which has assumed state-wide proportions since it was started more than a month ago by a student committee also include a display of motorized equipment from Camp Swift and Bergstrom Field, Flynn said. In addition, a chorus of 2,000 will provide music for the late afternoon rally, with Dr. Archie N. Jones of the University music faculty as director.

Sgt. Schmid is credited with having killed 200 Jap invaders of Guadalcanal in the early hours of Aug. 21, 1942. Schmid was a member of the first Marine Corps to land on Guadalcanal, and has been returned to this country for treatment of injuries received when his machine gun nest was hit.

The University's V-Day celebration will mark the end of the campaign for \$850,000,000 war bond purchases in Texas during the Second War Loan Drive, and State Director Frank Scofield will announce results of the campaign at the rally. The ceremony will be held in Texas Memorial Stadium, and a crowd of 25,000 spectators is anticipated.

I'm more careful about how many calls I place and how long they last. I figure five minutes as the outside limit for most calls. Maybe we were talking too much anyway.
