

Vote-Switching Talked On Tax Cut Measure

Report On U. S. Defense Needs Could Aid Veto

WASHINGTON, March 25. (AP) — Reports that President Truman soon will propose new billions for defense prompted vote-switching talk today among Democrats who cast previous ballots for tax cutting.

Republican leaders insisted, however, that not enough shifts will occur to uphold Mr. Truman's virtually certain veto of their \$4,800,000,000 tax reduction bill.

That measure completed its first trip through Congress yesterday. The House rolled up a thumping 289 to 67 tally—51 votes more than the two-thirds majority needed to override a presidential rejection.

The Senate passed the bill on Monday by a count of 78 to 11—or 18 votes to spare if the lineup remains the same on the veto test.

Rep. Cox (D-Cal.), who voted for the tax cut yesterday, raised the possibility today of a wide shift of votes, including his own. He told newsmen:

"Reports now are that the President will ask for a large sum of money for the Air Forces and for atomic energy, about \$10,000,000,000 more. This would greatly change the whole matter.

"If the President shows Congress that this \$4,800,000,000 is needed to protect this country—and I believe he has understated the world emergency—it is my belief Congress will sustain his veto of the tax bill."

In the House voting yesterday, 84 democrats deserted the Administration to join 205 republicans in support of the measure. Opposing were 64 democrats, a single republican and the two American-labor party members from New York.

Mr. Truman is widely expected to send his veto message to Congress early next week although he has 10 days in which to act.

The tax bill would affect all of the 52,000,000 taxpayers and would remove 7,400,000 low-income persons from tax rolls completely.

Martin To Get Medical Exam

An order filed Wednesday in U. S. District Court in Abilene will transfer William Larry Martin, charged with robbery of the State National Bank, to Fort Worth for examination in the U. S. Public Health Service hospital.

Martin is under indictment in the Federal Court in connection with the robbery of the local bank on Dec. 5, 1947, when \$2,149 was taken from T. S. Currie, Jr. who was on duty as a teller in the bank at the time. The robbery occurred during the noon hour when most members of the bank staff were at lunch and few patrons were in the building.

Martin was arrested by local officers in less than an hour after the robbery was reported. He was taken into custody about a mile and a half southeast of town on the old Lovers Lane road.

Presumably the transfer to the hospital was ordered in anticipation of the questioning of Martin's sanity during his trial. His case has been set for the spring term of U. S. District Court in Abilene, which begins on April 12.

Local Schools To Dismiss Today

Schools dismiss in Big Spring after sessions today for the Easter holidays, and next classes will be held Tuesday morning.

Similarly, Howard County Junior College closes its doors until Tuesday. Several rural schools, particularly those who gear their schedules to Big Spring, are dismissing for the holidays. Pattern for the others is spotted, some taking a double holiday, some only Friday, and a few none at all.

WHATEVER STEPS NECESSARY Truman Promises Action To Settle Coal Strike

WASHINGTON, March 25. (AP)—President Truman said today he will take whatever steps are necessary—and possible under the law—to settle the coal strike.

He made that comment to a news conference when asked about the board he has appointed to determine the facts in the dispute.

The board was appointed, Mr. Truman explained, when the Federal mediation and conciliation service failed to get an agreement between the coal industry and the United Mine Workers.

The President said he is following the law when asked if he plans any appeal to the coal miners to return to work.

WILD HARRIS COUNTY OIL WELL — The No. 1, Eleanor Teare oil well in the Dyersdale field, 15 miles north of Houston, blew out March 17. The damaged derrick had been removed when this picture was taken. The casing had been perforated at a depth of 3,480 feet. Nationally known wild well fighters were called in to cap the well. (AP Photo).

Killing Of Convict To Be Investigated

HOUSTON, March 25. (AP)— Sheriff Rue Linecum of Richmond today launched an investigation into the fatal shooting of a Negro convict at the central prison farm No. 1 near Sugarland, and declared his findings will be presented to the Fort Bend county grand jury.

The convict, Ernest Williams, 22, was serving a ten year robbery sentence from Bexar county. He died at 11 p. m. last night 15 minutes after being shot in the prison farm's dining room.

O. B. Ellis, general manager of the Texas prison system said he discharged two guards at 3 a. m. today. He said there was no excuse whatsoever for the killing. He said investigation revealed the pistols of the guards discharged had been fired.

The discharged guards, E. W. Pryor and Ivey Smith, were expected to report to Sheriff Linecum's office today for further investigation.

Ellis said the two guards were stationed outside the dining room during a disturbance last night when the prisoners went on a food strike. Ellis said tear gas and sickening gas was shot into the dining room to get the prisoners to return quietly to their cells.

"Williams started to open a window," Ellis said. "He could not have escaped because there are bars outside the window, he probably wanted some air.

"Then he was shot. He was shot under the left arm and died 15 minutes later.

"I think that whoever shot him lost his head. And since I learned that the guns of Pryor and Smith had been fired I discharged the both of them. We can't have men who lose their heads as prison guards."

Sheriff Linecum said the two .38 caliber pistols taken from the guards and the bullet taken from Williams' body will be sent to the state crime laboratory in Austin in an effort to determine which gun fired the fatal shot.

Sheriff Linecum said he shared Ellis' views. "There was no excuse for the shooting. I know I wouldn't shoot any of my prisoners in the county jail under the same circumstances."

Ellis said he was called at Huntsville at 8:30 p. m. yesterday and told the prisoners at Sugarland were on a food strike. He said he drove to the farm and arrived about 10:30 and the Negro convicts, approximately 200 of them, were still in the dining room.

"I told the convicts I thought their conduct was deplorable. I examined their evening meal—beans, tomatoes, turnips, pork, potatoes and pears, and thought it was satisfactory. I told them there was no choice but to use gas to control them."

The fact-finding board has until April 5 to make its report. The President said he believes its members will speed their decision.

"After that?" a reporter asked. The President said when the board reports he will take any action that is necessary.

After the board reports, the government can go to the courts and ask an order halting the strike.

The government was reported drafting new coal saving orders. Federal officials still hoped the United Mine Workers chief would call his 400,000 soft coal diggers back to work before the shortage becomes acute. But they were not counting on it.

Instead, they prepared to follow the cut in passenger and freight service on coal burning railroads with a similar order to utilities to slow down their plants.

Dimouts and brownouts to conserve power possibly would result. The same actions were adopted in previous mine strikes.

The freight order, effective next Tuesday, reduces shipments 25 per cent. The Interstate Commerce commission set up a priority system giving top transport rating to food, fuels, medical supplies and other essential items.

U. S. Exports To Reds Cause Indignation

Solons Hear Of War Supplies Sent To Russia

WASHINGTON, March 25. (AP)—Indignation mounted in Congress today over testimony that American war-plane engines and other supplies have been shipped to Russia at a time of critical world tension.

Spurred by disclosures before his House Investigating committee, Chairman Rizley (R-Okla.) told reporters these moves are under way:

1. A demand on the department of commerce for a complete breakdown of all U. S. materials sent to Russia and her satellite nations.

2. An immediate check into reports that boxes and crates marked for shipment to Russia "are lying all over the New York waterfront."

3. A full-scale inquiry into the operations of Moore-McCormack Steamship lines of New York, described by a witness yesterday as the American firm handling all shipments for Amtorg, the official Russian purchasing agency in this country.

Rizley said committee investigators are "already on the spot" to go over Moore-McCormack's records. He said they also will check reports that 60 Russian-flag ships have been loaded in New York harbor since January 1.

Committee members gaped when Carl Anderson, assistant chief of the state department's international resources division, testified yesterday that the department "has not yet worked out a policy of distinction between shipments to friendly and unfriendly countries."

Rep. Mundt (R-SD) said that such things as cranes and motors are being loaded aboard a ship at Jersey City, N. J., due to sail for Russia Saturday.

Mundt said official permission for the shipments had been granted by the commerce department and that the man in charge of such export licenses is Herbert W. Parisius.

Secretary of Commerce Harrison later issued a statement declaring his "complete confidence" in Parisius.

Rizley called another session of his committee for today (9 a. m. CST), with Richard F. Finckle, a former War Assets administration official, now president of the Alpine Corp., of Washington, D. C., scheduled as the first witness.

Two witnesses at yesterday's first hearing testified that Finckle sold 30 new B-24 airplane engines to Russia through Amtorg for \$6,000 each and 16 to Poland some time after May 14.

Leroy H. Luckey of Dallas testified that he bought the engines originally from WAA and sold them to Finckle.

'Y' Will Hold Formal Meet

The YMCA this evening will hold its first formal annual meeting at 7:30 o'clock in the First Methodist basement.

Highlights of the program for the banquet affair will be an address by Ned Kemp, Dallas, assistant secretary of the Southwest area council, and the installation of new officers.

The YMCA here is in its third year, but this is the first attempt at a formal gathering of friends of the institution.

Dr. P. D. O'Brien, First Baptist pastor, will preside at the affair. Entertainment will be furnished by Susan Houser and Wanda Lou Peity, accompanied by Mrs. Nell Pezzer, Jim Farmer in a piano solo, and Larry Evans, cornetist, accompanied by Mrs. Willoughby.

To be installed by Kemp are C. Collins, president, who succeeds Dr. R. B. G. Cowper; Walter L. Reed, vice-president; Helen Duley, secretary, and Robert T. Piner, treasurer. Lee E. Milling, executive secretary, will report to the group on local YMCA activities and prospects. The Rev. C. A. Long and Rev. Lloyd H. Thompson will offer the invocation and benediction.

Health Leader Urges Texas To Clean-Up

AUSTIN, March 25. (AP)—Texans' health would be improved if every city and community in the state had a good old-fashioned spring housecleaning, State Health Officer George W. Cox believes.

It should include surface cleaning, drainage, improvements, clearing of weeds and rubbish, elimination of fly and mosquito breeding spots and rat harborage, Dr. Cox said.

Strawberry Prices Rise At Auction

HAMMOND, La., March 25. (AP)—Strawberry prices rose to an average \$7.38 per crate in an auction here last night.

However, only eight cars were offered.

Military Men Call For More Forces

SICILIAN CROWD HEARS TOGLIATTI — Thousands mass in the square in Catania in traditionally monarchist Sicily to hear an address by Palmiro Togliatti, Italy's No. 1 Communist. Italy Willing To Negotiate Over Trieste

ROME, March 25. (AP)—Striking printers went back to work today and set the news that Italy is willing to negotiate with Yugoslavia over Trieste.

A foreign minister spokesman said negotiations could be considered only in the spirit of the American, British and French note proposing return of the 400-square-mile free territory to Italy.

The government and the communist-controlled Italian confederation of labor, which some observers had accused of calling the press strike for political reasons, announced the end of the printers' walkout.

The strike had deprived Italians of newspapers since Sunday. Thus it had cramped the political campaign, in which communists are striving for power in the April 18 elections. Radios and public loudspeakers had been about the only means of distributing news in Italy since the western powers announced they favored the return of Trieste to Italy.

Premier Alcide De Gasperi's office said the settlement provided for renewal of the national printers' contract, effective April 1, with advances on pay increases eventually to be granted. The printers resumed work immediately.

The printers' strike was one of the tightest and most complete of the hundred called in Italy during the past several months. Most of the others were sporadic and of short life. Only L'Osservatore Romano of Vatican City and the Rome Daily American, an English language newspaper, were published during the four days.

Killed In Collision

HILLSBORO, March 25. (AP)—Albert Don Stone, 16, of Dallas, was killed last night in a two-car collision on U. S. Highway 81 south of Hillsboro. Two other persons were injured.

HOLY THURSDAY

JERUSALEM, March 25. (AP)—Christians knelt in prayer this Holy Thursday in Jerusalem, while around them rifles barked in the bitter strife between Arabs and Jews.

Holy week worshippers prayed in commemoration of Christ's last supper, his betrayal and arrest. While they knelt here gunfire clattered from an Arab village on a hillside where the Bible says, Judas Iscariot hanged himself.

The danger of death cut to a mere handful the number of Christians of Roman Catholic and Protestant faith who usually participate in day-long services.

At the spot on Mount Zion where Christ is believed by Christians to have had his Last Supper, pontifical mass was scheduled by Archbishop Msgr. Arthur Hughes, internuncio of the Catholic Church of Cairo.

After mass the churchmen were to walk to the garden of Gethsemane for prayers at the spot where Christ is believed to have been betrayed by Judas and arrested by Roman soldiers.

Traditional night services in Gethsemane have been cancelled. After dark in Jerusalem has become a dangerous time to roam abroad.

Arab guards, however, have promised immunity to worshippers and will mount a sentry atop the old city wall. It is through a gate in this wall, the Bible says, that Christ walked on his triumphant reentry into Jerusalem more than nineteen hundred years ago.

It is a day of celebration for the Jews, too. This Thursday is Purim, commemorating the legendary victory of Mordecai and Queen Esther over Haman, the Persian premier of the time of Jewish residence there.

Children play in the streets in gay holiday costumes while their parents brave possible sniper fire as they visit friends and eat traditional "Haman's ears" cookies.

But the Jews have curtailed their observance, too. Fireworks displays, long customary, were cancelled. There are too many other fireworks.

TRUCE SOUGHT

President Asks Palestine Parley

WASHINGTON, March 25. (AP)—President Truman proposed today that the United Nations call Arab and Jewish leaders into a truce parley to halt bloodshed in Palestine.

He said Warren Austin, American delegate to the U. N., will put the proposal before the U. N. security council.

The President told a news conference the United States reversed its original stand for partition of Palestine because partition could not be enforced without American troops.

Austin, American delegate to the U. N., announced the reversal last Friday. He proposed a temporary United Nations trusteeship over Palestine.

Mr. Truman said the United States proposed the trusteeship to provide a government "to keep the peace."

He read to reporters a prepared statement saying a truce must be reached between the Arabs and the Jews "if we are to avert tragedy in Palestine."

Therefore, he said he has instructed Austin to call responsible representatives of the Arabs and Jews to a U. N. council table to seek such a truce.

Unless something is done, he declared, "open warfare is just over the horizon."

He said that the United States would be prepared to back a United Nations trusteeship, but when asked if that meant troops would be needed, he replied, not necessarily. He said he did not believe force would be required to enforce trusteeship.

"Unfortunately it has become clear that the partition plan cannot be carried out at this time by peaceful means."

Wallacites To Meet Despite Threats

SAN ANTONIO, March 25. (AP)—Harry Koger, San Antonio leader of the Wallace for President club, said a scheduled meeting would be held tonight despite threats of violence.

House Passes Rent Curb Bill

WASHINGTON, March 25. (AP)—A compromise one-year continuation of rent controls was voted by the House today. The Senate is expected to follow suit and send the legislation to President Truman by nightfall. The vote was 220 to 95.

Without the legislation the present rent controls, affecting about 13,000,000 dwelling places and 50,000,000 persons, would end a week from today.

The compromise written by a Senate-House conference committee after the two chambers had passed differing bills, modifies the "local opinion" feature of the House version by giving a special Federal court the last word on rent boosts whenever local boards and Federal officials disagree.

As passed by the House, prior to drafting of the compromise last yesterday, the bill would have given the local boards—nominated by the governors of the various states—absolute authority to raise rents or decontrol areas completely.

The compromise revises the house bill provision which would have stripped Federal officials of final authority in rent decisions.

House Speeds Debate On Aid

WASHINGTON, March 25. (AP)—The House stepped up the pace of its debate today on the \$6,205,000,000 foreign aid bill. There were signs of a fight ahead over how far this country should go in telling western Europe which goods it must not ship to Russia.

Former President Herbert Hoover edged into the dispute from the sidelines. He endorsed the European recovery program, the backbone of the House bill, as "a major dam against Russian aggression."

But Hoover said the shipments-to-Russia provisions goes too far. Rep. Mundt (R-SD) and some of his colleagues insist it should go farther.

The whole question will be threshed out when the House Foreign Affairs committee meets Monday.

The big bill to use American money and military savvy against the advance of communism in Europe and China reaches the amendment stage on the House floor that afternoon. So the committee will get together ahead of time to decide whether it wants to propose any changes.

Want Draft In 19-25 Year Age Bracket

Grim Outline Is Presented On World Crisis

WASHINGTON, March 25. (AP)—The nation's top military leaders asked Congress today for an immediate expansion of the Armed Services and the drafting of men 19 to 25 years of age.

Secretary of Defense Forrestal grimly outlined the recent turn of world events in urging steps to make United States military might match that of communist Russia.

As Forrestal spoke before the Senate Armed services committee, President Truman announced he is preparing to give the Congress a revised defense program.

Mr. Truman told his news conference he can't estimate yet how many additional billions of dollars the program will cost. Estimates from the defense department have not yet reached him, he said.

Forrestal said the odds still favor peace and the free nations of the world.

But he asked Congress to approve immediately:

1. An increase in the present authorized strength of Army, Navy, Marine and Air Force manpower by 349,500 officers and men.

2. Another \$3,000,000,000 in cash and contract authority for the armed services to cover this expansion. This presumably would be in addition to \$11,000,000,000 already in the budget.

3. Drafting by selective service of men from 19 to 25 years inclusive. He said this would provide 1,355,000 men but added that only about 220,000 probably would be taken. He estimated 500,000 probably would volunteer.

4. A permanent system of universal military training which would become fully effective within three years. Forrestal said this would provide some 850,000 men each year with basic training.

Forrestal said some of the details of the expanded armed service program must be presented later behind closed doors.

"Because of the world situation as it exists today, there is certain detailed information which we cannot safely disclose in open session," Forrestal said.

The current strength of the armed services is 1,392,000.

Forrestal indicated in his testimony before the Senate Armed Services committee that war veterans will not be included in the draft plans.

He said the 19-25 year age group includes a "total of 3,600,000 male non-veterans."

Exemptions and deferments would reduce that number to 1,355,000 the secretary said. He did not immediately explain the basis for exemptions and deferments but senators have said they would exclude married men.

Forrestal said the 349,500 increase in the regular armed forces would be divided this way:

"The Army, by 240,000, from 512,000 to 752,000;

"The Navy by 63,000, from 397,000 to 460,000;

"The Marine corps, by 35,500, from 81,000 to 116,500;

"The Air Force, by 35,500, from 364,500 to 400,000.

This would require an additional \$3,000,000,000 outlay, he said, which soon will be asked of Congress.

# Jimmie Eason Uses Rose Culture As Topic Of Garden Club Wednesday

Jimmie Eason was guest speaker at the Big Spring Garden Club Wednesday afternoon, using as the topic, "Rose Culture."

He told the members that the most important thing about rose culture is to buy the right kind of roses for this particular part of the state. He stated that the Texas Dog Brier had been proved to be the best type here. The American Beauty and E. G. Hill roses were budded to this Texas rose.

Roses do not require much attention, they should not be watered often, but when watered they should be watered deeply and the top soil should be scratched with a rake within 24 hours after watering. Sand or ashes will help keep the ground from getting hard on top; dry grass and leaves also make a good mulch for roses. The best time to water them is early in the morning.

"Roses do not need a fertilizer but a small amount of plant food may be used once or twice a year. One teaspoon of sulphur may be worked into the soil around each rose bush in June. When the rose is pruned, all the canes should be cut out of the center of the bush so all the bush can get the benefit of the sun. The S oil should not be cultivated more than an inch and a

half or the feeding roots will be destroyed.

"Roses should be cut everyday. Retenone will kill rose aphids or lice. The dusting of sulphur is also efficient," said Mr. Eason in discussing rose culture.

During the business meeting conducted by Mrs. Obie Bristow all members were reminded of the District meeting being held April 16, 17 in Odessa. They were also reminded of the Flower School which will be in Midland May 25 and 26. Flower arranging and judging of flowers is to be taught.

Members voted to send a representative to join the other local clubs to discuss plans for forming a "City Federation of Clubs."

Those attending were Mrs. Marvin Sewell, Mrs. J. C. Lane, Mrs. Jamie Hancock, Mrs. L. E. Phillips, Mrs. Lloyd Wasson, Mrs. D. M. McKinney, Mrs. L. B. Adams, Mrs. A. C. Bass, Mrs. R. W. bers who were ill. Those attending were Mrs. Jake Trantham and Lilton, Mrs. Jess Chapman and Janice, Mrs. T. E. Sanders, Mrs. Miller Russell and Mrs. Olvy Sheppard.

## Pat Dobbins Gives Chapter's Program

Pat Dobbins presided at the program on "Industrial and Agricultural Japan," at the meeting of the Exemplar Chapter Beta Sigma Phi in the home of Marguerite Wooten Tuesday evening.

Evelyn Merrill, Marcella Childers and Frances Hendrick were elected to serve on the City Council committee along with members from the Omicron chapter.

Rush week activities were outlined in connection with the Omicron chapter's future activities.

Attending were Marcella Childers, Ann Darrow, Pat Dobbins, Clarinda Harris, Frances Hendricks, Nell Rhea McCrary and the hostess.

## Miss Gardenheir, Wesley Martin Wed

Mr. and Mrs. C. Wesley Martin are at home at 1006 Nolan street, following marriage rites conducted Saturday evening. A double ring ceremony was performed by the Rev. C. A. Long, pastor of the First Methodist church, at his home.

The bride is the former Miss Betty Lou Gardenheir, daughter of Mr. and Mrs. J. H. McClary of Big Spring.

The bride was attired in a pink suit with black accessories, and wore a corsage of white gardenias. For the traditional "something old" she wore a necklace, the something new was her suit, her borrowed item was a lace handkerchief and she wore a blue garter. She had a penny in her shoe for "luck."

Attendants were Miss Doylean Coates, Grover Shanks and George Smith. Miss Coates wore a blue suit with gray accessories, and had a corsage of fuchsia roses.

The bride attended Big Spring high school, and has been working at the Burr store. Martin was graduated from Anson high school, is employed at the Halliburton company.

## Come As You Are Breakfast Is Held

Group two of the Friendship class of the First Baptist church entertained group one with a "Come as you are" breakfast early Wednesday morning in the home of Mrs. Fred Thompson.

This breakfast climaxed a contest that has been running within the class for several months.

Notes were taken on the attire of guests as they were extended a personal door to door invitation and they were to attend the breakfast as they answered the door.

Breakfast was served buffet style from a lace laid table with Mrs. Buddy Martin attending the silver coffee service.

An Easter motif was carried out in decorations.

Hostesses were Mrs. Thompson, Mrs. Martin, Mrs. J. D. Elliott, Mrs. Raymond Covington, Mrs. Clayton McCarty, Mrs. Harvey Wooten, Mrs. Jack Smith and Mrs. Joe Tuckness.

Others present were Mrs. Vernon Logan, Mrs. Chester Cluck, Mrs. Herk Agee, Mrs. Marion Bean, Mrs. John Knox, Mrs. A. L. Tampkins, Mrs. Jimmie Mason, Mrs. T. J. Clark, Mrs. T. R. Rose, Mrs. Jack Haynes, Mrs. Wayne Pearce and a guest, Mrs. E. E. Reynolds.

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug-gist and ask for 4 ounces of liquid Barco-trate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose graceful curves; if you reduce pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

**Lost 47 Pounds**  
"When I commenced to take Barco-trate, I weighed 215 pounds. I now weigh 168. I lost 47 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barco-trate."—Mrs. George Grez, Chalmers Courts 4, Apt. 1, Austin, Texas.

**Lost 20 Pounds**  
"I lost 20 pounds taking four bottles of Barco-trate and I feel fine."—E. H. Gates, 213 25th Street, Corpus Christi, Texas.

# Negro Rejected By Kentucky U

LOUISVILLE, Ky., March 25. (AP)—The University of Kentucky announced it will reject a Negro teacher's application for enrollment at the school's summer session.

Lyman T. Johnson said he filed application in hopes of being allowed to work toward his doctorate in history and political science at U-K.

Dr. Mauricekdo, university registrar, said at Lexington last night that "our policy has been pretty well defined. We are prohibited both by state law and the state constitution from accepting the registration of a Negro."

The university's board of trustees will determine a course of action if Johnson takes his case to court, Dr. Seay said.

Johnson, the only Negro applicant for admission to the university, said "If I am not admitted, I want to know the reason why. x x x I have no apology to make for being a Negro. I stand on my rights as an American citizen."

# Says Mississippi Police Bill Dead

JACKSON, Miss., March 25. (AP)—Speaker Walker Sillers of the Mississippi House of Representatives says the bill to create a non-secret state police force is "as dead as a doornail."

The House voted yesterday to put off indefinitely consideration of a bill that would have set up a "Mississippi bureau of identification" designed to replace the recently dissolved "secret" police force.

The bill, opponents contended, would have created a "gestapo"—the same term used in describing the "secret" police force created last November and called the Mississippi bureau of investigation.

The MBI was created to cope with violence stemming from the Southern Bus company strike, but was never called into action. Disorders in the bus strike ended coincident with the organization of the MBI.

# TEXANS IN WASHINGTON

## Houston Native Will Be Top Navy Man At 'Big T' Rites

WASHINGTON, March 25. (AP)—The top government official at the San Jacinto Day dedication of the U.S.S. Texas as a shrine will be Assistant Secretary of the Navy Mark Edwin Andrews.

The occasion will be of particular personal interest to him, for Houston is his birthplace and home. The permanent berthing spot of the battleship will be in the Houston Ship Channel.

Forty-four years old, slender and youthful looking, Andrews took over his present post Jan. 16 when the Senate confirmed his appointment. His special qualification is in the field of procurement (purchase) of equipment and supplies.

"When you're faced with an emergency situation," he says, "you can't fool around with red tape and slow cumbersome methods in building up a fighting force."

As he talked, he sat at a big desk in a large private office which adjoins that of Secretary of the Navy John L. Sullivan. Around the room are models of ships, planes, and such naval gear as brass clocks and pilot wheels.

During the war he had been a naval captain, and became chief of a division handling contract negotiations. After the war he served

the Navy for a while in a civilian status, and was chairman of a special committee which drafted post-war procurement legislation.

When the war ended, the Navy was faced with the legal requirement of advertising for bids on all kinds of equipment. It meant delay and meaningless moves to advertise for bids on a particular item which was made by only one manufacturer, or perhaps by manufacturers already so overburdened with orders that they would not be interested.

"The only sensible thing to do was to enact legislation allowing us to negotiate for equipment under such circumstances," he continued.

"We drafted such legislation. Congress promptly passed it and on last Feb. 19 the President signed it into law. Now we are able to call in the executives of the companies which make what we need. We can thresh out our problems, and arrive at a fair agreement."

He was assigned to the executive office of the Secretary of the Navy from Jan. 8, 1943 until he went on inactive duty. He was awarded the Legion of Merit for "conducting important contact negotiations for the Navy department with marked ability and dispatch."

# Rural Roads Tax To Be Discussed

By PAUL BOLTON  
Herald Austin Bureau

AUSTIN, March 25.—The new tax possibility most feared by the tax lobbyists—a tax for the specific purpose of building rural roads in Texas—will be discussed March 26-27 in Austin by the executive committee of the County Judges and Commissioners Association.

At the last session of the legislature, the association concentrated in favor of an additional tax on gasoline. This brought on the concentrated power of two of the biggest lobbies in the capitol—representing the trucks and busses.

County Judge John Simmang of Caldwell county hopes to escape the ire of this powerful opposition with his proposal, adapted from a bill offered last session by Rep. Sam Sellers of Waco. Simmang proposes a 2-cent-per-gallon tax on the gasoline when it is processed, with an accompanying reduction in the state sales tax on gasoline by two cents. The effect of this would be to put the burden most heavily on exported gasoline.

If the county officials' organization should adopt the proposal, it would be flung into this summer's legislative races.

# School Survey May Have Bearing On Segregation

By PAUL BOLTON  
Herald Austin Bureau

AUSTIN, March 25.—A questionnaire sent out by the state Department of Education shows 139 school districts which operate some schools exclusively for pupils of

Latin-American ancestry. This finding likely will have a bearing on a test case now pending in Federal court in which all separate schools for Latin-American children are under attack. The case likely will be heard in June.

The attorney general has ruled that segregation is legal only when language difficulties, established by tests, show that the pupil would progress faster in a segregated school. However, in only 21 of these 139 schools are tests given to determine the ability of the pupil to speak and understand English.

A majority of the school districts said the facilities were considered to be as good in the Latin-American schools as in those attended by Anglo-Americans.

# Device Removes Swallowed Pin

LOS ANGELES, March 25. (AP)—It'll be a long time before 15-months-old Patricia Loomis, who swallowed a pin 12 days ago, can understand or pronounce the name of the new gadget that removed it.

The device is called a stereoscopic fluoroscope. Children's hospital technicians say it enables an operator to determine the depth as well as the top position of a swallowed object. They said it was invented by Leroy J. Leischman of Los Angeles.

Patricia, daughter of Mr. and Mrs. Russell Loomis of North Hollywood, swallowed the pin while she was playing with a pin cushion she had somehow gotten hold of at home.

The hospital said two attempts to remove the pin with a bronchoscope had failed. It was believed an operation would be necessary. Then a physician decided to try the new instrument yesterday. Out came the pin, within three minutes.

LOCAL UNIT SOON TO CAMPAIGN

**Military Developments Expected To Spur National Guard Program**

National Guard enlistments and inquiries were expected to increase, in the wake of foreign developments which brought about President Truman's advocacy of military training and a limited draft, in his message to Congress March 17.

This is information received by Capt. T. A. Harris, who has been designated commanding officer of the prospective National Guard unit for Big Spring. Harris added that a campaign for enrollees in the Battery here will be instituted as soon as proper papers are received, and a general informational campaign will be climaxed with a "sign-up" night.

The unit designated for Big Spring is Battery B, 132nd Field Artillery, 36th Division, with a complement of five officers and 97 men. Places will be open to all men between the ages of 18 and 45, and Guardsmen will draw base pay for drill periods. The army will be located at the former Bombardier school.

The Battery is under Battalion headquarters at Lubbock, and Sgt. J. C. McClung, sergeant instructor for the area, was here from Lubbock Wednesday for a conference with Harris. He said he will make regular trips here to assist in final formation of the local Battery.

With regard to new military developments, Harris was advised by the state adjutant general that President Truman's recommendation for UMT and a limited selective service is expected to have effect on the National Guard. He cited these factors:

Members of the Guard would be exempt from service under UMT as the law is now drafted; Guard members would be exempt from selective service, under present proposals; membership in the Guard counts toward longevity pay in the military services; and membership in the Guard provides elig-

ibility for retirement pay under the proposed non-disability retirement bill.

**Probers Line Up Witnesses In Condon Case**

WASHINGTON, March 25 (AP)—Subpoenas in hand, agents of the House Un-American Activities committee are lining up 23 witnesses for hearings in the case of Dr. Edward U. Condon.

The public investigation into the head of the U. S. bureau of standards is scheduled to start April 21. On the basis of information dug up secretly, an Un-American activities subcommittee has charged that Condon "knowingly or unknowingly" associated with suspected Russian spies. It called him "one of the weakest links in our atomic security."

Condon has said he would welcome a public hearing because he is "absolutely reliable." He is a nuclear physicist who had a hand in developing the atomic bomb.

His bureau tests some of the government's most closely guarded scientific developments.

A commerce department loyalty board has reported it found no reasonable grounds for doubting Condon's loyalty.

But, acting on advice from Attorney General Clark, Secretary of Commerce Harriman has refused to turn over the loyalty board files to the committee. He has said it would be "prejudicial" to the public interest and damaging to government loyalty check-ups.

Committee Chairman J. Parnell Thomas (R-NJ) directed last night that letters be sent Harriman and Clark "requesting their appearance before the committee during the hearings."

Robert E. Stripling, chief investigator for the committee, said Thomas has issued subpoenas for Condon and 22 other witnesses. He said names of the others will be released as the subpoenas are served.

**IMPORTANT TO U.S. DEFENSE**

**Radio Research Developing Vital Mobil Communications**

GALVESTON, March 25 (P)—Post war research is developing an important role for mobile communications in the nation's future.

A former professor of radio engineering at the University of Connecticut believes the role will be two-fold — important contributions to industrial expansion and a vital link in the nation's defense program.

"We must take no chances on hindering the progress of mobile communications for we shall have great need for such facilities when

bombs start falling," Dr. Dan Noble, Chicago, researcher, said here yesterday.

Speaking before one of the opening sessions of the fortieth annual convention of the Southern Gas association, Noble described new mobile equipment he says is capable of making instant contact with any one of 18,000 automobiles in a given area, or can take remote control readings of any of a similar number of farflung meters and gauges.

He displayed pictures of a new frequency modulation "handie-talkie" which he said is now in production and retailing at approximately \$250. The set is the approximate size of a portable typewriter, has a French telephone instrument mounted on the top, and contains 18 radio tubes.

Noble says experiments indicate the set has a range of 15 miles and can be used for communicating with permanent installations or with other similar mobile units.

He predicts the new telemeter and "handie-talkie" equipment soon will be in widespread use by pipe line and public utility companies, fire and police departments, dredge operators, newspapers and radio stations, and for sea-to-shore communications.

"Also, such equipment will be a vital link of communications that we can count on should we be attacked," he explained.

His discussion of the role of mobile instruments in defense strategy also carried a warning that called for congressional rejection of a House resolution he says is designed to instruct the Federal Communications commission on handling frequency modulation regulations.

"The commission already has assigned two frequencies of low powered channels for such instruments as the 'handie-talkie,'" Noble said, "but the resolution introduced by Representative Lemke of North Dakota would replace this order

and find Mobile radio a victim of bad channel allotments."

"It is vital to the defense of the nation that such mobile facilities receive support that will encourage continued research developments," he added.

Noble is chairman of the Mobile Services committee of the Radio Technical Planning board, an advisory board of the F. C. C.

**Backers Active For MacArthur**

LOS ANGELES, March 25 (P)—Backers of Gen. Douglas MacArthur today began circulating petitions to place delegate-candidates for him in the California primary, June 1.

Allen Worcester, chairman of the "Draft MacArthur for President club," said a delegation would be sought for California at the republican national convention.

Joseph Choate, chairman of the "MacArthur for President club of California," said his organization, which he termed the only committee approved by the Wisconsin MacArthur headquarters, did not sanction the petitions.

"Our official organization repudiates any step designed to place Gen. MacArthur in competition with any 'favorite son' in a primary," said Choate. "It is against policy."

The California republican party organization is supporting Governor Earl Warren.

**State Parks May Be Transferred**

AUSTIN, March 25 (P)—Legislation will be sought at the next session of the legislature to bring 10 historical state parks and shrines under the wing of the state parks board.

The parks are now under the board of control.

The transfer was agreed to here yesterday in a joint meeting of the two boards. Members of both boards expressed opinions that control should be with the parks board.

Similar legislation, introduced at the last session by Rep. J. M. Heflin of Houston, died short of passage on adjournment.

Parks and shrines involved in the proposed legislation include Fannin State park, Gonzales state park, James Stephen Hogg Memorial shrine in Wood county, Llanitan state park at Nueces county, San Jacinto state park at La Porte, Washington state park at old Washington, Acton park and Monument Hill State park near La Grange.

**Money Return From Oil Royalties Is Spotlights**

By PAUL BOLTON  
Herald Austin Bureau  
(Third of three stories—ED)  
AUSTIN, March 25 —The Federal-State tidelands fight has spotlighted the money-return from oil royalties. Any comparison of the relative rates of return from state operation and federal operation would be clarified by figures showing what the state now receives under various rates of royalty. Unfortunately figures are not available.

Until the beginning of this fiscal year, bookkeeping by the General Land office was shortened to essentials because of a limited staff. When the fiscal year began, the personnel was expanded, and business machines were installed, in order that comparative breakdowns from any standpoint may be prepared. However, this work is just getting underway. Within a few weeks it should be possible to compare the returns received by the state under the various royalty rates—which range from one-sixteenth on so-called relinquishment lands, to a maximum of 52 1/2 per cent on one submerged lease.

The coordination of all the available data also should make it possible to determine whether the state would have lost or gained had it followed, in the past, the practice of taking a lesser cash bonus and a greater royalty—taking into consideration those tracts where

oil was, and was not, discovered. So far as the leasing is concerned, and particularly the tidelands leasing, the school land board believes it has taken prudent and reasonable measures—by calling for cash bids on unexplored lands, and holding back tracts in each area for later leasing at a possibly higher rate of royalty.

The state-claimed tidelands ran 60 to 120 miles out in the Gulf—to the edge of the continental shelf. Incidentally, if title definitely should be established in Texas, there conceivably could be an interstate fight between Texas and Louisiana over a portion of these lands.

Land Commissioner Bascom Giles says that in projecting the Texas boundary out into the Gulf of Mexico, Texas followed a court ruling laid down in a comparable dispute between Louisiana and Mississippi. In that case, the sea-wise boundary between the states was held to follow the "deepest body of water." This holding coincided with Louisiana's claim.

Following that precedent, the Texas boundary line was projected seawise in a southeasterly direction from the Sabine, following the "deepest body of water."

Giles says, however, that the amount of territory involved in the claim of Texas is not of interest in Washington. He said that regardless of whether 1 acre or 18

million acres were at stake, Washington is concerned only with the principle.

And he believes that the next step after Federal control of tidelands themselves, would be Federal control of all marginal bays. They are an integral part of the tidelands. While Texas has only four wells producing in the Gulf proper, numerous valuable wells are producing in the marginal bays.

Then he thinks the next step would be control of the navigable streams—all streams of a width of 30 or more feet. Numerous Texas streams have been drilled for oil, and some of the highest royalty rates are on these wells. This arose out of the fact that the state-owned stream bed was usually the last to be drilled after an oil field had been extended to its banks.

**Hike Is Noted In Gas Output**

FORT WORTH, March 25. —Natural gas and its byproducts showed steady production increase last year, the Natural Gasoline Association of America was told.

C. R. Williams, association president, reported yesterday: "Natural gas liquid hydrocarbons in 1947 reached 130,000 barrels. Natural gasoline and heavier products gained 5.9 per cent over 1946."

Liquified petroleum gases showed an increase of 34.1 per cent.

Williams told the association's annual convention that liquids produced from natural gas are expected to increase in quantity.

He also reported the natural gas industry is seeking a solution to the problem of meeting seasonal demands of liquified petroleum gases for home heating and cook-

ing. Storage and the use of underground reservoirs are being considered.

Williams said 57 natural gasoline and recycling plants are now under construction or planned and authorized in nine states.

He added that while production of natural gas has increased almost five-fold since 1919, the reserves of gas have increased more than ten-fold.

**Prepare Blushing Bunny During Easter Season**

The story about the Easter bunny is not the only myth about eggs which the wise housewife will refuse to believe. She will know, for instance, that neither the color of the eggshell nor the yellow shade of the yolk indicate the nutritional value of an egg.

And she will put this knowledge to use in Peace Plate called Blushing Bunny, which brings us the Easter rabbit early in the season in the form of a savory meatless dish. This recipe uses hard-cooked eggs in addition to cheese. And so it is a protein-rich main course.

In some localities, people give strong testimony to the myth that white eggs are higher in nutritive value than those with brown shells. In other communities they believe just the opposite. But don't you believe it, say the nutritionists. There is no difference. The eggshell color depends on the breed of the bird, not what is inside the shell. It is also a myth that deep yellow yolks contain more food value than light yellow ones. A light-colored yolk in an egg laid by a scientifically-fed hen may be twice as rich in vitamins A and D as a darker yolk in an egg laid by a hen on a hit-or-miss diet.

Here is the recipe for Blushing Bunny—a colorful variation of our usual Welsh rabbit.

**BLUSHING BUNNY**  
1 tablespoon fat  
1 tablespoon flour  
1/4 teaspoon mustard  
1/4 teaspoon salt

2 cups tomato juice or soup  
1 cup cheese (1/4 pound)  
4 hard-cooked eggs  
4 slices toast

Make a sauce of the fat, flour, seasonings and tomato juice or soup in top of double broiler. Stir. Add cheese, cut in small pieces. When cheese is melted, slice hot hard-cooked eggs on the toast and cover with the cheese sauce. Serves 4.

**Menu Suggestions:** A golden brown, stuffed Bermuda onion is a vegetable suggestion for perfect accompaniment to this meatless meal. The salad plate will taste as appetizing as it looks, arranged with alternating mounds of crisp carrot strips, celery and peas, served with your favorite salad dressing. For dessert, doesn't a blueberry crumb pudding sound good?

**Food Tips:** How much larger are large eggs than small ones? Here are a few tips on the size of eggs that will be helpful to you in shopping. A dozen large eggs must weigh at least 24 ounces; a dozen medium eggs, 21 ounces; a dozen small 18 ounces; The jumbo size must weigh 30 ounces and the extra large, 27 ounces. The price of a dozen small eggs should be only about three-fourths as much as that of large ones. 45 cents as compared with 60 cents, for example. The difference may be even greater and then small eggs are a real bargain.

And what do you know about egg grades? The highest grade—AA—is almost perfect. But not many AA eggs are found in markets.

Grade A eggs have firm whites, well-rounded yolks, and the delicate flavor which we want for a boiled or a poached egg.

Grade B eggs have whites which are more watery and less firm. The yolks are slightly flattened and the flavor may be less delicate than in Grade A. These are the eggs for baking or in dishes such as today's Peace Plate where cheese provides the basic flavor.

**Educational Association Against UMT**

CHICAGO, March 25. —The national education association's higher education department announced today that universal military training "should be rejected as unnecessary and unwise."

The department's executive committee in a policy statement on national defense described UMT "as not suited to service the defense needs of our country under present conditions."

The committee said it favored selective service to secure the additional military manpower needed if Congress decides that voluntary enlistments are not sufficient.

Proposing what it termed "essential defense measures," the committee said: "The United States must maintain adequate military defense against attack or aggression that threatens our security."

The committee's statement said that: "Selective service, if adopted, should be designed and administered in such a way as to preserve the full strength of the nation in the fields of science, health, technology, education, and other branches of leadership essential to the strength and stability of our security."

A spokesman said the committee's report will be announced as the official position of the department later today at the final general session of the national conference on higher education.

The 560 participants in the conference, sponsored by the NEA department of higher education, come from 380 colleges and universities in 44 states, the spokesman said. The institutions represented enroll about 90 per cent of the nation's college students, he said.

4 cups thinly sliced pears (4 medium sized firm pears)  
Juice of 1/2 lemon (about 2 table-spoons)  
Rind of 1/2 lemon (about 1 tea-spoon)

Work the flour, butter or margarine and the sugar together with a pastry blender to form a crumbly mixture. Spread pears in a baking dish and sprinkle them with the lemon juice and rind. Sprinkle the flour mixture over the top. Bake in a moderate oven (350 F.) for 30 to 40 minutes, until pears are tender and topping is browned. Serve warm with light cream. 4 to 6 servings.

**Governor's Mansion Is Being Repaired**

AUSTIN, March 25. (P)—Gov. Beauford H. Jester and family yesterday were back in the governor's mansion, repaired for the first time in nearly 10 years.

Texas' first family had vacated several weeks ago to permit repairs to the main living quarters. Repairs to other sections of the 95-year-old mansion are expected to continue for about two weeks.

**Fruited Lamb Shanks Makes Hearty Dish**

Our Peace Plate would make a hungry European homesick. For besides being a satisfying, hearty dish which any hungry person would relish, it combines foods and flavors in a way that is traditional to some Europeans but rather new to us. Dried figs and prunes are cooked with lamb shanks and spices to make Fruited Lamb Shanks. Try it out for yourself and see what zest and interest it will give to the meal.

Interesting to the bargain-seeking housewife is the fact that this dish calls for one of the economy cuts of meat and two of the plentiful foods—dried figs and prunes. No one needs to tell you that plentiful foods are lower in price than less plentiful ones, but these are particular bargains. Dried figs cost less than they did last year, and like most dried fruits, they are bargains in concentrated food value.

**Fruited Lamb**  
3 lamb shanks (3 pounds)  
2 tablespoons drippings  
1/2 cup water  
1 cup prune juice  
1 cup cooked prunes, unsweetened  
1 cup cooked dried figs, unsweetened

1/2 cup brown sugar  
1/2 teaspoon cinnamon  
1/2 teaspoon ground allspice  
1/2 teaspoon ground cloves  
3 tablespoons cider vinegar  
1/2 teaspoon salt

Sprinkle shanks with salt and pepper, roll in flour, and brown in drippings. Add water, cover and bake in moderate oven (350 deg. F.) until meat is tender, about 1 1/2 to 2 1/2 hours. Combine prune juice, fruit, sugar, spices, vinegar, and salt; bring to a boil, and continue boiling until sugar is melted (about 5 minutes). Remove meat from oven, drain off most of fat, add fruits and sweet-sour liquid, cover, return to oven, and bake about 30 minutes. Serves 4 to 6.

**Beef Casserole**

The thrifty French housewife serves casserole dishes when she wants to stretch meat supplies and cut down food bills. Housewives here can take a lead from their French sisters' cook books and also make economy attractive.

What is a casserole dish? Well, it gets its name from the utensil used in its cooking. Every French kitchen has earthenware casseroles of various sizes, warm brown earthenware pots with covers—pots so desirable for meat cookery because they help keep temperatures low. And that's what scientists recommend for good cooking of meat. Some of our kitchens boast such pots and also casseroles of heat-proof glassware.

A casserole dish, however, is not just anything cooked in casserole. For a brown casserole dish, meat is braised—that is, browned and cooked slowly in a small amount of liquid so that flavor is developed. Vegetables such as carrots, turnips and onions are added at the right time so that they are perfectly cooked, not mushy and shapeless. And vegetables given the savory flavor of meat make you forget that meat servings are small, as they must be in these days of scarce supplies.

There are a few white casserole dishes—chicken, veal and other meats of more delicate flavor in a creamy sauce, made with a half-and-half mixture of meat stock and milk. Vegetables are those with less pronounced flavors, as green peas, mushrooms and baby lima beans.

Today's Peace Plate. Savory Beef Casserole, may be classified as a brown casserole. Here is a flavorful combination of an inexpensive cut of beef with vegetables, plus an American touch—always-popular biscuits atop the casserole.

**SAVORY BEEF CASSEROLE**  
1 lb. boneless beef, chuck, neck or shank  
Salt  
Pepper  
2 tablespoons flour  
3 tablespoons fat  
4 carrots  
Meat broth or water  
4 turnips  
4 potatoes

Cut meat into cubes, sprinkle with salt and pepper, roll in flour and brown in melted fat. Put in casserole, add just enough meat broth or water to cover and cook until almost tender, 1 to 3 hours depending upon the beef used. Add the white vegetables and cooking done. Top with crusty baking powder biscuits, just before serving. Serves 4.

Menu Suggestions: Lettuce wilted with your favorite hot sauce will make an excellent salad to go with this casserole. Try diced spring onions and chopped hard cooked egg with the sauce. A deep dish peach pie will make good use of dried peaches which are so plentiful right now.

**Pineapple Yam Souffle With Nuts**

Easter Sunday deserves something as special as the following recipe combining three extra-delicious foods: yams, pineapple and Brazil nuts. You will like the flavor, the texture and the easy way this family or company dish is made.

3 cups hot mashed yam sweet potatoes (4 to 5 medium)  
 2 tablespoons butter or fortified margarine  
 1 teaspoon salt  
 1 tablespoon brown sugar  
 1-2 cup drained canned crushed pineapple  
 2 eggs, separated  
 2-3 cup finely chopped or ground Brazil nuts  
 6 whole Brazil nuts, sliced

Add to hot mashed potatoes the butter, salt, sugar and pineapple; mix well. Beat in egg yolks one at a time and finely chopped or ground Brazil nuts. Beat egg whites with rotary egg beater until stiff enough to hold a point when beater is withdrawn; fold lightly into yam mixture. Turn into 1 1/2 quart greased baking dish; top with sliced Brazil nuts. Bake in moderate (375 F.) oven for 45 minutes. Makes 6 servings.

Note: To prepare mashed yam sweet potatoes cook whole in skins in a small amount of boiling salted water until tender when pierced through center with a fork; drain, peel and put through food mill or ricer or mash.

**Casserole Cornbread**

1/4 cup all-purpose flour  
 3 teaspoons baking powder  
 1/2 cup yellow cornmeal  
 1 cup boiling water  
 1 teaspoon salt  
 2 teaspoons butter or fortified margarine  
 2 eggs, separated  
 1/4 cup milk

Mix and sift flour and baking powder. Sprinkle yellow cornmeal into boiling water to which salt has been added and stir constantly as it thickens. Remove from heat, stir in butter or margarine and put aside to cool. Beat egg whites until they hold a point when rotary egg beater is withdrawn. Without washing beater, beat yolks and milk together; add to cornmeal mixture with sifted flour and baking powder, mixing well each time. Fold in stiffly-beaten egg whites lightly. Turn into greased one-quart casserole or baking dish and bake in a moderate (375 F.) oven for 30 minutes, until top is puffed and browned and sides are crusty. Cut in wedges in casserole with a knife and serve immediately, to be split and buttered or served with lamb stew and gravy over them. Makes 4 servings.

Note: Flour may be stirred rather than sifted before measuring.

**Quick Onion Soup**

2 1-2 cups thinly sliced onions  
 3 tablespoons beef drippings, butter or fortified margarine.  
 1/4 teaspoon brown gravy concentrate  
 4 cups boiling water  
 5 beef bouillon cubes  
 4 small or half-slices dry toast  
 1/4 cup grated Parmesan cheese

Cut ends off onions and peel; cut in half lengthwise. Hold an onion half at slight angle and starting at one edge of cut side slice down to make narrow even strips. Heat fat in large heavy skillet or kettle; put in onions and cook over low heat until partly tender and slightly yellowed, about 10 minutes. (If any tender onions are preferred cook 10 minutes longer or until onions are quite soft.) Add brown gravy concentrate and stir well. Add boiling water and bouillon cubes and stir to dissolve cubes. Bring soup to boiling point and then simmer over low heat for about 10 minutes to develop flavor. Ladle soup into bowls and put a small slice of dry toast in each bowl. Sprinkle each slice with a tablespoon of grated Parmesan cheese and serve immediately. If heat-resistant individual casseroles are used for the soup they may be put under the broiler to melt cheese before serving.

**Chocolate Brownies**

2-3 cup sifted flour  
 1/2 teaspoon double-acting baking powder  
 1/4 teaspoon salt  
 1-3 cup butter or fortified margarine  
 2 squares (2 ounces) unsweetened chocolate  
 1 cup sugar  
 2 eggs, well beaten  
 1/4 cup walnuts, coarsely cut  
 1 teaspoon vanilla

Sift flour, baking powder and salt together. Melt butter or margarine and chocolate over hot water. Add sugar gradually to well-beaten eggs, beating thoroughly. Add melted chocolate mixture and stir to blend. Add dry ingredients and mix well; then add nuts and vanilla and mix. Bake in a greased 8-inch square pan that is 2 inches deep in a moderate (350 F.) oven for 35 minutes. While still warm cut in the size square desired. Remove squares from pan with a spatula and finish cooling on cake rack.

**Group Approves Tideland Bill**

WASHINGTON, March 25.—A House Judiciary subcommittee yesterday approved a bill to grant the states title to tidelands.

The bill is by Rep. Chadwick (R-Pa.). It is one of several on the subject. Chadwick said his bill

"starts at the same place and ends at the same place" as the measure approved recently by a Senate judiciary subcommittee.

"Fundamentally it is the same bill," Chadwick said.

It would affect lands beneath navigable waters within state boundaries and natural resources within such lands and waters.

**Church Distinctive Institution, Dieson Tells Lions Members**

R. A. Dieson, Austin, commended the church to the Lions club Wednesday as a unique and necessary institution.

Only the church served as a home for man in his loneliness, he said. It was the best aid for men in deciding between right and wrong for "no question is settled until it is settled right. Moreover, he continued, it is "the only institution in the world which says 'whoever will may come,' " and the only one which proclaims a Gospel of redeeming Grace and which actively preaches brotherhood under the fatherhood of God.

Bill Dawes, president, announced plans for a Lions club minstrel. Preparations will begin on April 27, he said, a month in advance of the show dates of May 27-28.

**High School Band Uniforms Arrive**

All hand uniforms have arrived, and the Big Spring High school band will sport them when it goes to Abilene next week for the annual regional band concert.

J. W. King, director, said that there now are a total of 86 uniforms, consisting of black Pershing-style caps with gold trim; gold coats with black citation cord; black trousers with gold stripe.

The remaining 24 uniforms needed to complete the wardrobe were ordered by the school board. The Lions club had assured the board that it would support the project.

### Baked Spinach Ring With Creamed Salmon

Today we can enjoy baked spinach ring with creamed salmon on a modest food budget because we needn't use the most expensive canned salmon in concocting it. Lower-priced varieties will do just as well. Or you can use left-over fish such as cod or halibut instead of the creamed salmon. In any case, it's a good dish that's nutritious and colorful, appropriate for a March day whether you're practicing Lenten abstinence from meat or not.

**Baked Spinach Ring with Creamed Salmon**  
3 tablespoons cooking fat  
1 tablespoon chopped onion  
3 tablespoons flour  
1 cup milk  
1 1/2 lbs. spinach or 1 cup cooked spinach  
2 eggs, beaten separately  
Salt  
Paprika  
1-4 teaspoon nutmeg (optional)  
2 cups hot creamed salmon

Melt fat in skillet; add onion and fry for about a minute; stir in the flour until well blended, add the milk and cook, stirring until slightly thickened; add the chopped cooked spinach; reduce the heat, stir in the 2 well beaten egg yolks and cook until thickened. Add the seasonings and fold in the 2 stiffly beaten egg whites.

Fill a greased baking dish or ring mold with the mixture; set in a pan of hot water and bake in a very moderate oven (325 deg. F.) for about 30 minutes or until well set. Unmold the spinach on a platter and pour the creamed salmon over it. Or, if a ring mold is used, fill the center with the creamed salmon. Serves 4.

Menu Suggestions: With this meal let's have carrots and scalloped potatoes—which can bake while the spinach ring is in the oven. For salad, try unpeeled brilliant red apples with orange sections. Your dessert might be your favorite gingerbread served in a

### Baked Prune Whip

2 egg whites  
1/4 cup sugar  
1-1/2 teaspoon salt  
1 cup pitted prunes (two 5-ounce containers baby-food strained prunes)  
1 tablespoon lemon juice

Beat egg whites with a rotary beater until stiff enough to stand up in peaks. Add sugar, a tablespoon at a time, along with salt, while continuing to beat. Fold in the prunes in several additions; fold in lemon juice. (To fold means to draw mixing spoon from one side of bowl to other side, rotating spoon handle as you do so to turn mixture back into bowl continuously; the bowl itself is rotated with the other hand while the mixture is being folded in.) Turn into 6 cup baking dish (it is not necessary to grease it) and bake in a slow (325 F.) oven for 45 minutes. Remove immediately and chill. Serve with soft custard sauce made from the two remaining egg yolks. 4 servings.

### Cabbage, Corn And Peanuts In Slaw

8 cups shredded green cabbage, firmly packed  
1 12-ounce can (about 1 1/4 cups) whole-grain corn, well drained  
1/2 cup thin pimento strips  
2 tablespoons finely grated onion  
Salt and pepper to taste  
Cooked salad dressing to taste

**BANANA BREAD**  
1/2 cup Mrs. TUCKER'S SHORTENING  
1/2 cup sugar  
2 eggs  
1-3/4 cups all-purpose flour  
1/2 cup chopped pecans  
1 teaspoon soda  
1 teaspoon salt  
1 cup bananas

Mash bananas, add soda and let stand while you cream the shortening; add sugar gradually and cream until light and fluffy. Add beaten eggs and mix well. Sift flour, measure and sift again with salt. Add to sugar mixture alternately with mashed bananas and soda. Stir in pecans. Bake in a greased and floured loaf pan in a moderate oven (350 degrees) about 50 or 60 minutes.

## Westerners Open Diamond Drills

The Big Spring baseball Westerners, who will apply for entry in the Tri-County independent league, has started spring workouts on the Salvation Army diamond. The team drills each evening starting at 5:15 o'clock.

Eddie Hammond, veteran semi-pro player, is directing the training program. He said his lineup is virtually complete but would welcome two infielders and as many pitchers to his ranks.

The Westerners expect to be ready for practice games in a few days.

## Rookie Impressive

CLEARWATER, Fla., March 25. — Richie Ashburn, rookie outfielder, is continuing his fine hitting streak with the Philadelphia Phillies.

Yesterday it was Ashburn's triple in the eighth that gave the Phils a 3-2 win over the Cincinnati Reds.

## YIELDS SCORING TITLE

# Fulks Leads All-Star Pro Cage Selections

NEW YORK, March 25. — Although he lost his league scoring title to Chicago's Max Zaslofsky, record-breaking Joe Fulks of Philadelphia's Warriors leads the Basketball Association of America's selection of a select panel of sports writers from the loop's eight cities. Fulks gathered 69.5 votes out of a possible 76. Zaslofsky received 69 votes. Howie Dallmar of Philadelphia, Ed Sadowski of Boston and Bob Feerick of Washington were the others named. Johnny Logan of St. Louis, Carl Braun of New York, Fred Scolari of Washington, Stan Miasek of Chicago and Buddy Jeannette of Baltimore were named to the second five.

## LOOKING 'EM OVER

With TOMMY HART

Twenty players, 16 of them rookies, have signed contracts to play with the Sweetwater Sports of the Longhorn baseball league.

Kenny Peacock, Jack Whisenand and Frank Akers, veterans of last year's team, are returning this year. Peacock, a nifty short stop and a fair hand with the stick, is the best known here. He broke up more than one game in the local orchard with home runs.

Akers is baseball coach at McMurry college and probably won't join the Sports until the end of the school semester.

Bill Gann, who accepted the job as manager of the Sweetwater team during the winter, was to arrive in that city today. He plans to begin spring training Monday.

JAKES AND CONNIF DEPART ODESSA BASEBALL CAMP. Gene Gregston, the Odessa scribe, notes that he has been advised neither Harvel Jakes, left-handed hitting outfielder, or Ed "Muscles" Connif, a pitcher, will return to the Oilers this year.

Jakes, says Gene, may wind up with Harold Webb at Midland, that is if The Little King cares to meet Jakes' salary demands, which are enormous.

As things stand now, Lloyd Nelson and Ernie Faccio, both pitchers, will be the only players with the Odessa club who performed there in 1947.

## DOC TUCK SOLD ON BIG SPRING THIRD BASEMAN

Doc Tuck, owner of the Denton-Sherman Big State league entry, in a recent telephone conversation with Pat Stacey of Our Town says he's completely sold on the Cubans sent there by Joe Cambria, Sherman-Denton, like Big Spring, is a Washington farm club.

Tuck further adds he would like to land at least one player already assigned to Big Spring, Isadore Jimenez the heralded third sacker who is supposed to make the local fans forget all about Orlando Moreno.

The Cuban boys moved into the East Texas community's camp last weekend and started spring drills.

LOCAL FANS WISHING BEST OF LUCK TO KOLWE. Tanner Laine, Midland's sports chronicler, mentioned recently that Ollie Kolwe, the former Midland hurler, "scattered five hits in three innings" for the Dallas Rebels in a recent practice game. "Tight hurling, we'd say."

Local fans no doubt wish all the luck to Kolwe, just so he remains out of the Longhorn loop. All he had to do to beat the Big Springers last year was toss his glove onto the field.

## MARSHALL PLANNING TO PLAY SANDLOT BASEBALL

Ralph Marshall, who once struck out 23 men while pitching for the Lubbock Hubbers against Big Spring, is going to play sand-lot baseball in Dallas this season.

Marshall tried to catch on with the Dallas Rebels in mid-season last year but couldn't make it.

## SOUTHWEST 11'S BOOK IMPRESSIVE SCHEDULES

Southwest conference football teams have booked no less than ten inter-sectional titles for next fall, three of which will be played by the Southern Methodist university Mustangs.

The Ponies will meet Pittsburgh in Pittsburgh Sept. 25, Missouri at Columbia Oct. 9, and Santa Clara in Dallas Oct. 16.

Other inter-sectional games on the Southwest schedule: Texas A&M vs. Villanova at Philadelphia Sept. 18; TCU vs. Kansas at either Kansas City or Lawrence the night of Sept. 18; Texas vs. North Carolina at Chapel Hill, N. C., Sept. 25; Baylor vs. Mississippi State at Memphis Oct. 2; TCU vs. Indiana at Bloomington, Ind., Oct. 9; Rice vs. Southern California at Los Angeles Oct. 9; and Arkansas vs. William and Mary at Little Rock Nov. 29.

Other non-conference foes of the Southwest teams include Texas Tech, Tulane, Tulsa, Abilene Christian, Sam Houston college, New Mexico, East Texas Teachers, Oklahoma and LSU.

## CARDS PLAY PHILS

ST. PETERSBURG, Fla., March 25. — Murray Dickson is scheduled to open on the mound for the St. Louis Cardinals today against the Philadelphia Phils.

## All Is Serene In Golf Ranks, Says Ben Hogan

FORT WORTH, March 25. — Ben Hogan reports that all is serene in the ranks of the golf professionals. The game's Little Giant also belittles the importance of the tournament tiffs that recently got the golfers more headlines than their winnings.

Little Ben is home to give an ailing putter a rest. Since he knows what made it all he's confident he can work out the proper cure.

Regarding golf's troubles, climaxed with the Henry Ransom-Norman Von Nida fistcuffs and the inauguration of a car at the Lower Rio Grande Valley open at Harlingen, Tex., last month, Hogan said:

"In a competitive game with livelihood the stakes, tempers are bound to flare now and then."

Recently, however, not a punch has been thrown, he says.

Ben is more worried about his putter than he is any troubles of golf anyway.

From tee to green he's never been better. But his putter has never been worse.

Hogan quit the tournament trail in fourth place in money earned with \$27,250.

## All-Star Game Slated Tonight

NEW YORK, March 25. — A spectacular, high scoring exhibition is expected tonight when East meets the West in the third annual Herald Tribune Fresh Air Fund All-Star basketball game.

A large gathering of pro scouts and coaches will be on hand to get the talented casts a final once-over.

Both squads are big and husky and for once the East will have an edge in both height and weight.

The Easterners, coached this year by Navy's Ben Carnevale, average six feet, three inches and 194 pounds. The Westerners, piloted by Notre Dame's Ed (Moose) Krause, average 6-2 and 182.

A. L. (Amby) Bennett, of the Oklahoma Aggies, was chosen by the Western cagers to captain their team and Leland Byrd of West Virginia was picked to lead the Easterners.

That doesn't mean that either will start. Both coaches are jubilant over the wealth of material at their command but are stumped over whom they will select to start.

All 12 of the Western aces will participate as will the 11 Eastern stars.

Ken Rollins was to have been the 12th member of the Eastern squad but Coach Adolph Rupp of Kentucky withdrew his stellar guard, Kentucky competes in the Olympic trials for the evening.

Rupp said he wanted to have his player in one piece for that journey.

## Mary Robertson, Margaret Howle Pace Fems' Play

Mary Ruth Robertson, Modern Cleaners star, and Margaret Howle of Nathan's Jewelers dominated scoring in Women's Bowling league here Wednesday night.

Mrs. Robertson bamed out a 192 for single game tops. Margaret's 191 was just off that pace and the aggregate, tops for the evening.

In league play, Youth's Beauty shop turned back Modern and Settles edged Nathan's, each by a 2-1 count.

## Sluggers Open Season Sunday

LeRoy Modkins' Big Spring Colored Sluggers will make their 1948 diamond debut at Steer park Sunday afternoon, meeting the Midland Black Indians in a contest starting at 3 p. m.

Harry Dooley will probably hurl for the Sluggers.

## Sweetwater Girls Defeat Steerettes

SWEETWATER, March 25. — Sweetwater defeated Big Spring in a girls' volley ball game here Tuesday afternoon, 27-25.

Big Spring's reserves helped to neutralize the loss by edging the Sweetwater second string in an added attraction, 52-17.

Sweetwater returns the match April 1.

## Van Cuyk, Hall Camp Standouts

CIUDAD TRUJILLO, D. R., March 25. — A couple of rookie pitchers are catching the eye of Manager Leo Durocher of the Brooklyn Dodgers.

Big Chris Van Cuyk and John Hall both looked exceptionally good in hurling the Dodgers to a 10-1 win over a mixed Montreal-Dominican team yesterday.

## Coahoma Trounces HCJC Jayhawk Nine In Baseball Exhibition

COAHOMA, March 25. — Coahoma's Independents thumped the Howard County Junior college Jayhawks, 8-4, in a five-inning baseball exhibition played here Wednesday afternoon making full use of six Hawk misplays.

Five of the Coahomans' runs were unearned while the Big Springers picked up two unearned markers themselves.

Bill "Windmill" Brown pitched all the way for Coahoma, scattering seven hits fairly effectively. He struck out 14.

Don Clark labored on the hill for HCJC. He surrendered eight safeties, including two by Brown, and struck out eight.

Bob Coffee and Don Henry each collected two hits for Big Spring.

## April 23 Game Ducats On Sale

Tickets for the opening day game of the Longhorn baseball league season, which pits the resident Bronces against Midland's Indians April 23, were to go on sale at the Elliott's 11th Place drug store today.

The ducats will be priced at \$1 each, customary fee for all opening day contests in the league.

Down town ticket booths will be opened about ten days before the season opens. Claud McAden, general manager of the Bronces, has announced.

## RICE NOSED OUT

HOUSTON, March 25. — Southwestern Louisiana Institute made the most of four hits to defeat Rice, 2-1, in an exhibition baseball game here yesterday. The Owls collected only three hits.

He has won three of the 11 tournaments with a \$10,000 prize tag on the winter swing that ends in Augusta, Ga., early next month. The other eight events have gone to as many players.

Mangrum, who came out of the battlefields of Europe to win the 1946 National Open, didn't lessen his chances to be cast as favorite in today's 72-hole event at the Myers Park course by his pre-tourney tuneup.

He unloaded a 64 in a warmup two days ago to tie the competitive course record he set during the 1946 tournament. Par for the 6,400-yard strip is 72.

Cary Middlecoff, of the Memphis, Tenn., dentist, won the tournament last year, shooting a 64 in a playoff after deadlocking with George Schoux of Mamaroneck, N. Y.

Middlecoff has made it clear in practice this week that he hasn't lost his ability to pummel par. He went around in 65 the same day Mangrum turned in his 64. Another 65 shooter that day was Clayton Heafner, the 200-pound plus Charlotte blonde better.

Among Heafner's other accomplishments at the Myers Park course are an unofficial record of 60, not in competition, and a red hot 30 on the last nine holes in the 1946 tournament. His familiarity with the course and ability to play it well make him a threat to take top money.

Chief amateur threats are Walker Cup teammates Dick Chapman, former National champion from Pinehurst, and Frank Stranahan of Toledo, Ohio.

# Clubs Planning Return To Old Drill Programs

By HUGH FULLERTON, Jr.

NEW YORK, March 25. — Latest reports from the South seem to confirm the general impression that major league baseball clubs will return to their old training programs next year and forget about the March starting date.

Already managers are squawking that they've had to play too many exhibitions and haven't had time for plain practice. . . . But, strangely, the pitchers on most clubs still seem to be "ahead" of the batters, although they didn't get the benefit of a week's head start this year.

One-Minute Sports Page

It's being whispered around that Herman Hickman probably would have passed up the Yale football coaching job if he had listened to friends at West Point, but he went into seclusion to avoid being influenced. . . . And friends say that Sid Gillman, Herman's successor, took the Army post because he was becoming discouraged. Sid is recognized as one of the smartest small college coaches, but he wasn't getting any tumbles from the big colleges. . . . After looking over Phillie pitching the other day, the Yankees had more praise for Pitcher Robin Roberts, fresh out of Michigan State college, than for the ballyhooed Curt Simmons. . . .

Pretty Precedent

Another sports "first" will be marked up at Des Moines, Ia., Saturday when the State Girls' champion basketball teams of Texas and Iowa clash in an inter-state playoff. Mesquite high of Dallas county, Tex., and Kamrar high of Iowa will represent their states and folks out that way believe it's the first such inter-state affair on record. . . . More than 7,000 tickets had been sold by last week, proving there's a lot of interest.

Good Friday Services At Episcopal Church

Good Friday services to be conducted at St. Mary's Episcopal church at 12 noon will feature an hour's meditation on the "Crucifixion of our Lord." The Rev. J. R. Maceo, rector, issues an invitation to all faiths to attend this service and further states "that there is no obligation to remain throughout the entire service; one may come and pray, mourn and depart at will." Evening services will begin at 7:30 p. m. and will be a service of preparation for all communicants of this church and for those who have been confirmed. "All are reminded that the Easter Communion is a bounden duty for every confirmed person and one of the four days of such obligation," said the Rev. Maceo.

Markets

WALL STREET
NEW YORK, March 25.—It was another case of selectivity for today's stock market.
Dealing tapered after a fairly active start. While assorted favorites remained in the plus column, many leaders displayed slightly earlier tendencies near midday.
Tomorrow's holiday inspired some speculative caution. The coal mining labor crisis and cloudy foreign affairs loomed as factors that could curtail presidential vote and belief strowing defense expenditures may provide a substantial prop for industry stocks.

HCJC To Receive Students At Dance

Howard County Junior college will be host to out-of-town college students and their guests Saturday evening at an informal dance in Room 506 at the school, Zack Gray, student body president announced today. There is no admission charge.

20-30 Club Plans A Dance For May

May 14 has been designated as date for a spring dance under auspices of the 20-30 club, as a result of Wednesday evening's session at Hotel Crawford. The affair will be held at the Legion clubhouse. An orchestra will subsequently be obtained. In other discussion for community entertainment, President Bill Merrick offered a plan whereby the club would lease a large auditorium and sponsor regular dances and possibly floorshows by nationally-known entertainers. A letter was read from the 20-30 national headquarters concerning suggestions for cooperation by the club in the Cancer Drive. Members agreed to work in conjunction with the local civic club directing such a campaign. Present as a guest was Don Hull.

**CHILD BROUGHT 1800 MILES FOR TREATMENT** — Mr. and Mrs. Preston Clevenger of Artesia, N. M., and their seriously ill three-year-old son, Rodney (center), are shown at Boston Floating Hospital after a four-day, 1,800-mile trip in a light panel truck outfitted as a bedroom from Dallas, Tex. They said they decided to bring the child to Boston, Mass., after they were told at a Dallas hospital that there was "little hope" for his complete recovery. Dr. William Dameshek said the child has "a severe anemia condition, not yet definitely diagnosed." (AP Wirephoto).

**INSURANCE RESEARCH**

**Survey Shows Farm Folks Live Longer**

NEW YORK, March 25 (AP)—It's the first 35 years that are hardest on the farm. And the last 35 or so when the going gets too tough in the city.

The Metropolitan Life Insurance Co. is always curious as to when, where and why people die. It may also have been curious as to whether the song writer was correct when he wrote that ditty the juke boxes used to blare out a few years ago: "It's So Peaceful in the Country."

It did some investigating and reports that city folk do not live as long on the average as do their country cousins. Also, city life is harder on men than women.

However, below the age of 35 the death rate is higher in the country, perhaps, metropolitan says, because of less available medical and public health facilities.

After 35, the death rate climbs in the cities. It is about one-fourth higher among white urban men than among farmers and one eighth higher among white urban women than farm women.

Heart diseases are particularly prevalent in the cities, mortality among men being 40 per cent over rural males, and among women 30 per cent higher in the city.

Tuberculosis takes a different toll. Mortality among white males is about 20 per cent higher in urban than rural areas, but just the reverse on the distaff side. The insurance company thinks this is because city women "generally lead

**Cabinet Claims Trouble Backers**

By The Associated Press

MacArthur-for-president supporters stepped up their western campaign today but ran into a fumble and a fight.

National headquarters in Washington first announced that the general, if elected, will allot at least four cabinet posts to the West.

Later this was revised to say that such a geographical allocation had only been "recommended." The new version did not say by whom.

Ervin Hohensee, executive secretary of the MacArthur-for-president group, said the distribution would be: labor to Ohio, interior to California, commerce to the

**Stock Sale Has Eager Bidders**

In one of the strongest sales across the board, here this season, approximately 700 head of live-stock found eager bidders Wednesday at the Big Spring Livestock Commission company.

Out-of-state stocker buyers kept offers high enough that steer calves moved up to 27.60 and stocker heifers to 26.00.

This was by no means the end of spirited buying, for fat bulls brought to 21.50, fat cows 20.00-21.50, butcher cows 18.00-18.50 and yearlings also were strong at 24.00-28.50.

White-faced cows and calves brought to \$175 per pair with a few individuals higher. Top hogs brought 23.00.

**Services Are Set For Alvin Joiner**

Services will be held Friday afternoon at the Eberley chapel for Alvin Lee Joiner, month-old son of Mr. and Mrs. J. W. Joiner, 1226 W. 3rd. The baby died in his sleep early Wednesday morning.

Interment will be in the Coahoma cemetery. Paternal grandparents are Mr. and Mrs. Sam Joiner of Cuthbert and the maternal grandmother is Mrs. Maggie Brower, Big Spring.

**East, Central U. S. Has Mild Temperatures**

CHICAGO, March 25 (AP)—Fair weather and fair temperatures prevailed over most of the central and eastern sections of the country today, further easing flood fears in the principal river valleys.

Rain and snow fell in scattered areas of the mountain and plains states. The precipitation belt appeared headed toward the north central region.

Heaviest snowfall was four inches in Great Falls, while lesser amounts fell in western Utah and over Nevada. The soaking rains which hit drought-stricken areas of California yesterday ended but there were falls in the plains states and in northern Minnesota.

The precipitation in California brought a measure of relief to ranchers and helped late crops, but much more rain was needed to ease the critical irrigation and cultural problems in the rich agricultural central valley. The falls measured more than three inches in northern sections.

Temperatures over the southern, eastern and central states remained above normal. Yesterday's readings were in the 80's in the Gulf region and in the 70's in some parts of the west central states.

**State Matches Employes Fund For Retirement**

By PAUL BOLTON Herald Austin Bureau

AUSTIN, March 25.—Add to the appropriations made by the last legislature: \$155,000 per month for the state's matching of retirement funds put up by state employes.

The first set-aside of state funds, covering the first five months of the fiscal year, has just been made by Comptroller George Sheppard; and over the five-month period, it averaged approximately \$155,000 a month, or at the rate of \$1,860,000 a year. Numerous bookkeeping technicalities had to be straightened out before the first set-aside was made.

The state fiscal experts estimated that matching teacher retirement funds would amount to \$7,000,000 this fiscal year, or a total of \$8,860,000 for retirement benefits by the state.

**California Demos Stage A Parley**

SACRAMENTO, Calif., March 25. (AP)—Candidates for places as democratic national convention delegates from California converged on Sacramento today for an urgent meeting called by State Chairman James Roosevelt.

"Because of the serious political situation I will appreciate your making every effort to attend this urgent meeting," Roosevelt telegraphed the 62 candidates.

He didn't explain the urgency or his meaning of "serious political situation." Presumably it concerns intra-party squabbles over support by some democrats of Henry Wallace's third party candidacy. It might have to do with the state party's stand on the Administration foreign policy including the Marshall plan and the Palestine problem.

The slate of candidates, selected by the state executive committee and to be on the June 1 primary ballot, is expected to be pledged to President Truman.
