Crockett Short \$37,556.25 Of War Loan Quota

Total Cash Value Sales To Public In April Was \$156,443.75

Final tabulation of sales of United States War Bonds during the Second War Loan Drive in April showed this county had fallen \$37,556.25 short of attaining the \$344,000 goal for the month as set by the treasury department for Crockett county.

During the period of the drive, Crockett county invested a total of \$306,443.75 in the war-time government securities. Of this amount, \$150,000, its assigned quota, was subscribed by the Ozona National Bank, while \$156,443.75, cash value, was subscribed by individual purchasers toward the quota of \$194,000 for non-bank investors. These individual bond purchases represent a maturity value of \$186,850.

The last two days of the drive saw nearly \$50,000 worth of bonds purchased in a last-minute effort to swell total sales to reach the county's quota, which was considerably larger than many of the surrounding counties. The Humble Oil & Refining Co., which purchased a big block of bonds and distributed the purchases among the counties in which it operates, contributed handsomely to this county's showing in the drive by subscribing for \$25,000 worth of securities on the last day of the drive, Houston Smith, drive chairman, reported.

Although disappointed that the campaign did not go over the top Chairman Smith and Scott Peters, war bond sales chairman for this county, expressed appreciation for the splendid response of local investors during the drive. "Even though we did not reach the assigned quota, I believe Crockett county has done its part toward making the Second War Loan Drive a success," Mr. Smith said. "As a matter of pride, we would like to have oversubscribed the quota, but by oversubscribing each monthly quota consistently, this county has more than met the treasury's request for bond purchases since the beginning of 1942, including this deficit on the second war loan."

Sonorans Stage Program For Ozona Rotary Luncheon

Hillbilly Girl Singers Boyd Lovelace Also Entertain Schools

Boyd Lovelace, West Texas Utilities Co. salesman in Ozona for three years and now local manager for the company in Sonora, headed an entertaining program from Sonora staged for members of the Ozona Rotary Club at its luncheon club Tuesday noon.

After a talk to the club in which he explained some of the progressive moves of the Lions Club in Sonora, particularly the annual wool show and sheep sales staged under the club's sponsorship, Mr. Lovelace introduced his hillbilly entertainers, "Melvina" and "Cobina."

Miss Jamie Trainer with her guitar and Miss Peggy Gilmore, bare feet, freckles, snagged teeth and all, harmonized through three hillbilly songs with appropriate expression and action that provided a great deal of entertainment for the club members.

Following the club program, the two Sonora young women staged a similar show for students of the high school at the assembly following the noon hour.

C. C. Montgomery, who has been at the bedside of his wife in a San Angelo hospital, visited here briefly during the week. Mrs. Montgomery's condition having improved to such an extent that he was able to leave her for a short time to attend to business matters at home.

Take-Off for Land of Rising Sun

This photo was made as a B-25 (Mitchell) bomber took to the air from the pitching deck of the U. S. carrier Hornet, to give the people of the rising sun a taste of war on their own islands. It shows the bomber climbing into a gray sky. The raid, made from low altitude by Gen. Jimmy Doolittle's men, caused large fires and great damage. Americans everywhere were aroused to overwhelming anger at the announcement that the Japs executed some of the eight fliers captured after the bombing.

"Ozona" To Be Battle Cry Of Sgt. Boyd Baker, Aerial Gunner, When His Heavy Bomber Crew Goes Into Action

Over Nazi Germany and German occupied Europe, in the battle-ridden skies over Tunisia or Tokyo or some other action center of the present global war, "Ozona!" may soon be heard as a cry of victory—at least in the tail gunner's compartment of a heavy American bomber which may soon be in action on some battle front.

That gunner will be S. Sgt. Boyd B. Baker of Ozona, who has completed his training as a gunner and with his crew expects soon to put into practice against America's enemies what he has learned

Builder Of Will Rogers Memorial To Speak Here

Boy Scouts Bring Roy Curtis Of Expedition To Ozona May 18

Through cooperation of the Concho Valley Council, Boy Scouts of America, and the Ozona Scout Troop 53 and the Cub Pack, Roy E. Curtis, co-director and organizer of the Will Rogers-Wiley Post Arctic Memorial Expedition to Barrow Point, Alaska, in 1938, will be brought to Ozona for an illustrated lecture at the high school auditorium Tuesday evening, May 18.

Mr. Curtis, a Church of Christ minister, whose home is in Brownwood, Texas, was one of five men from Texas, Oklahoma and Kansas who, though they had never sailed the high seas before, navigated their small 35-foot converted fishing boat, the Pandora, over 10,000 miles of the stormy Pacific and ice-filled Arctic waters to build with their own hands a memorial in concrete and stone to Will Rogers and Wiley Post, "America's Ambassadors of Good Will," at the place of their fatal crash on August 15, 1935.

The Rogers-Post memorial at Wallakpa Lagoon, near Barrow, Alaska, on the northernmost point of land on the North American continent, is 12 feet high, of concrete and stone that was taken from the same quarry as that used in building Oklahoma's memorial to Will Rogers at Claremore. The memorial which these five men traveled so far to erect, was dedicated on August 15, 1938, three years to the day from the airplane tragedy which snuffed out the lives of America's most beloved humorist and one of the nation's pioneers of aviation. The memorial stands 200 yards north of Wallakpa Lagoon in whose shallow waters Rogers and Post met instant death at 8:10 p. m. Alaskan time, on August 15, 1935. The only inscription on the stone reads: "Will Rogers and Wiley Post, America's Ambassadors of Good Will, Ended Life's Flight Here August 15, 1935. This stone was taken from the same quarry as that used in building Oklahoma's memorial to Will Rogers at Claremore, Oklahoma, U.S.A."

Members of the expedition were Homer Flint Kellems, director, Sloan Springs, Ark.; Roy E. Curtis, co-director, Brownwood, Texas; Wilmer Sims, business manager, Hillsboro, Texas; John Kayser, reporter and photographer, Chickasha, Okla.; and Clarence Lee, engineer, Ft. Scott, Kans.

Mr. Curtis will talk before the Rotary Club at its noon luncheon on Tuesday, May 18, and then in the evening at the high school auditorium he will lecture, his talk to be illustrated with a screen presentation of expedition activities and Alaskan life, and an exhibit of Eskimo curios, clothing. Tickets for the illustrated lecture in the evening are to be sold by Boy Scouts of troop 53 and the local Cub Pack. The boys will retain 40 percent of the total ticket sales for their troop and pack treasuries, the lecturer to get 60 percent, with no guarantee.

Crockett And Irion Counties To Santone Recruiting District

Crockett and Irion counties, which have heretofore been included in the area served by the Army recruiting office at Lubbock, have been added to the San Antonio recruiting district and under the San Angelo sub-district office, Sgt. Marcus J. Truitt of the San Angelo office, who visited Ozona this week, reported.

Army recruiting offices are now restricted to recruiting for the WAAC, the woman's auxiliary for women from 21 to 45 years of age; for the Corps of Engineering specialists, for men 17 to 50, and for Aviation Cadets for the Air Corps, ages 17 to 26, the last two branches requiring voluntary induction through local selective service boards, with assured assignment after preliminary examination.

ROY E. CURTIS, Brownwood, co-director of the Will Rogers-Wiley Post memorial expedition to Barrow, Alaska, will give an illustrated lecture in the high school auditorium Tuesday evening, May 18, at 8:30 p. m. Boy Scouts and Cubs of Ozona will share in the receipts of the evening.

G. Wells are other volumes in the valuable collection given to the school library.

The books are being labeled as a gift from the Kincaid estate preparatory to being placed in use in the library. C. S. Denham, superintendent of schools, announced this week.

Brock Hoover, 55, Crockett Rancher Is Buried Here

Member Of Pioneer Family Died Suddenly In San Angelo

Funeral services were held from the First Baptist Church here at 10 o'clock Tuesday morning for Brock Hoover, 55, Crockett county ranchman and member of a pioneer family of this county, who died suddenly Saturday morning while in the office of a San Angelo physician for medical examination.

Services were conducted by the Rev. Clyde Childers, pastor, with burial following in Cedar Hill cemetery. Pallbearers were Scott Peters, I. G. Rape, Bill Cooper, Jess Hancock, Kay Johnson, J. M. Baggett, Dock Lee and George Russell.

Funeral services were held the same day in Comanche for another member of the Hoover family, a sister, Mrs. G. W. Holmsley, who died at her home in Comanche early Monday morning.

Mr. Hoover's sudden death came as a shock to the many friends of the family here. He had been in ill health for some time but friends had failed to realize the seriousness of his condition. He and Mrs. Hoover had gone to San Angelo for a physical check-up, death striking suddenly while he was in the doctor's office.

Funeral services were delayed pending the arrival of the couple's only son, Cpl. L. B. Hoover, Jr., who is in the United States Army stationed at Camp McCoy, Wisconsin. Corporal Hoover arrived by train to Brownwood where friends met him and brought him the rest of the way by car.

Mr. Hoover is a native of Crockett county, the son of the late Mr. and Mrs. W. P. Hoover, one of the first of the pioneer ranching families to cast their lot in this area. He was born in Del Rio August 29, 1887, his parents at the time ranching in what is now Crockett county.

Surviving are the widow and one son, four brothers, Arthur C., R. R. W. P., and A. B. Hoover, all of Ozona, and three sisters, Mrs. John Mitchell, Mrs. R. L. Hatton and Mrs. E. R. Kinser of Ozona and the one sister, Mrs. Holmsley, who followed him in death by two days.

Annual Cemetery Clean-Up Is Set For Next Week

"All Hands On Hand" Is Call Of Association Monday Morning

Next week has been designated as the annual "Cemetery Clean-Up Week" and an appeal to "all hands" to make the clean-up a success has been issued by Mrs. J. C. Montgomery, chairman of the Cemetery Association.

All persons interested in the cemetery are urged to be on hand Monday morning and every day during the coming week for as much time as they can spare to clean the entire burial plot. Bring your own tools is Mrs. Montgomery's advice.

"The Cemetery is badly in need of a thorough cleaning," Mrs. Montgomery pointed out. "And we are going to need a lot of cooperation to get the job done. Don't just go out and clean your own lot, lend a hand to help us get the whole area cleaned."

The Cemetery Association has recently employed George Rice as caretaker. Association officers hope by the voluntary cooperative clean-up campaign to put the cemetery in good condition at the start so the caretaker can keep it so throughout the growing season.

The Cemetery Association will meet this afternoon at 3 o'clock for its annual meeting and election of officers. All members are urged to be present. The meeting will be held in the commissioners room of the courthouse.

ALL IN SAME BOAT TODAY

The buyers of merchandise today have no conception of what the storekeeper has to comply with in order to supply their needs. Take the case of a typical country store. The people for miles around depend on that store for their daily necessities.

but it is an excellent idea to smoke out, in advance of their appearance in some formal dress, any radical measures or reforms that might have an adverse effect on our economy, of such reforms are found to exist.

What Camera's Eye Registered on Tunisian Front

These pictures, taken in Tunisia, show various phases of the struggle in this bitterly contested terrain. Top, left: A buck private enjoys his morning shave—close to his slit trench. Top, center: A wounded German soldier gives a light to the private who captured him. Top, right: This Nazi soldier might just be leaning out of the turret of his tank to peer into the shell hole. But he's not. He is dead. Lower left: General Patton (left) studies progress made by U. S. tank forces. Lower right: Italian prisoners taken by U. S.

THE FATE OF DEMOCRACIES "If we wander from the established order; if we start traveling outside the organic law; if we, with ever so good intentions, go beyond the one great purpose of our having instituted government, to-wit, 'to secure these rights,' we shall pass out as a democracy and become subject to oligarchal rule, the government the master and we the servants to do its bidding."

Chairman Patman of the House committee on small business, has ordered an investigation into all phases of the issuance of orders and regulations by the OPA. He says: "Conditions are forced upon retailers and wholesalers which do not comply with the provisions of the Emergency Price Control Act."

It is to be sincerely hoped that every effort will be made to lighten or simplify the present complications surrounding retailing—not for the retailers alone, but for the consumer, who is the worst sufferer as thousands of necessary stores are forced out of business due to sheer physical inability to meet the complications of operation.

A NEEDED INVESTIGATION

A searching Congressional investigation to learn what plans various government agencies and officials have in mind to change manufacturing, marketing, and other business practices is scheduled to get underway within the next two weeks.

The inquiry, which will be conducted by the House Committee on Interstate Commerce, was authorized when the House, last week, adopted House Resolution 98, sponsored by Representative Charles Halleck of Indiana.

It is too early to predict with any degree of certainty what this Congressional search will divulge.

WAR EXPENDITURES 1918 AND 1943

In 1918 American war expenditures were only 18 1/2 billion dollars; in 1943 they will exceed 100 billion dollars. These figures show sharply the difference in cost between the last war and this one. There were four Liberty and one Victory Loan drive in the last war, with a total goal of less than 19 billion dollars; but to finance the present war the people of the United States must raise about 70 billion dollars before the end of this year.

Special Training Course For WAAC For Army Signal Corps

Announcement is made by the Recruiting and Induction Section of the Eighth Service Command that a limited number of women will be accepted into the WAAC for special service with the Signal Corps of the Army.

The women will be enrolled in the WAAC but placed on inactive duty status while in attendance at one of the Signal Corps Training Schools. While attending school the trainee will be on the Signal Corps payroll as a Civil Service employee.

Upon completion of this course, approximately six months, the trainee will be sent to one of the WAAC Training Centers for basic training and then assigned to duty by the Chief Signal Officer.

Only 1080 women in the country will be enrolled under this plan, and of this quota only 120 will be accepted in the Eighth Service Command which comprises the states of Texas, Oklahoma, Louisiana, Arkansas and New Mexico.

Bryan McDonald arrived yesterday from Hereford for a few weeks stay with his family here. Mr. McDonald is operating a stock farm and is associated with a brother in operation of a farm implement business in Hereford.

THE LION'S ROAR

Published Weekly by the Student Body of Ozona High School

VOLUME 9 OZONA, TEXAS, THURSDAY MAY 6, 1943 NUMBER 32

THE EDITORS' THOUGHTS

Rosell Pharr-Florence Luther
 Ye old editors, as well as the rest of the Seniors are still in a delightful daze over the wonderful night the Juniors did of giving the Junior-Senior banquet last week. This, being the most important event of the year, is looked forward to with great anticipation, and all the hopes and expectations of a good time were amply satisfied last year.
 The banquet was not the only highlight of last week. Students of O.H.S. also enjoyed a Rodeo dance, and a dance given by Miss Givie and Mrs. L. B. Hoover in honor of the Seniors. The band members enjoyed a swim and a picnic last Friday afternoon at Sobera. And last Tuesday the Press Club members went on a swimming party and picnic out at Baggetts'. With all these "goings on" hardly anyone has time to think about anything else. However, there are some changes that have been made that we should note. Marie Williams is the new president of the H. E. Club, and Mary E. Gray and Susie Hokit are the pep squad leaders for next year. And last, but certainly not least, Barbara White will take over the editorship of the Lions Roar come next year. And we're all betting on her to do an exceptionally good job of it, too. Orchids to all you new officers for deserving such honors and the best of luck in your new jobs.

Cogitations

By MARY PERNER

Ho hum - - - Gee, isn't it awful what late hours can do to one's store of energy? - - - But these dances we've been having lately are such fun. - - - So was the band picnic and swimming party. - - - Know who are the prize jitterbugs of O.H.S.? None other than Virgil and Susie, who, incidentally put on a good exhibition waltz, too. Henry Patrick has been stepping out lately and in a big way, too. Barbara Joslin is the object of his attentions. - - - Tom Ed said he was "out of the world" Friday night. Just what he meant will be left to you to decide. - - - Do you like a good mystery? Then here's one for you to unravel. What girl is wearing Charles' ring on a chain around her neck? - - - What is this we hear about Juana and Jim Ad? Don't ask Juana because she doesn't know anything about it either. - - - Basil wouldn't let Louise out of the swimming tank. Basil, was that nice? - - - Ruth Townsend is one jump ahead of the news Commentators. She writes about things that haven't even happened yet. - - - It has been rumored that Flossie is quite a riot at the U.S.O. dances. With that blonde hair she could well qualify for the "Blonde Bombshell" title. - - - After dancing the square dance the other night, everyone agreed that he is glad that he didn't live way back in those days. After doing the square dance, everyone settled down to some nice restful jitterbugging. - - - Some people talk too much, don't they, Coach? A little remark that Bub Cox let slip about a W.A.A.C. probably cost Coach the price of a new hat. - - - To get back to what I started out saying at the beginning of this, I repeat "Ho hum." Guess I'll start a cat-nap which will last only until Miss Kirbie sees me.

Students Enjoy Dance Friday Night

The Seniors were honored Friday night with a dance given by Miss Kirbie and Mrs. L. B. Hoover with Harrison's Texans playing. It was at the courthouse which was decorated in spring motif with streamers and flowers. The lights were covered with green and purple crepe paper which made the room dim. The orchestra was enclosed by a white fence and vases of flowers completed the decorations. Punch and cookies were served at the intermission.
 Everyone enjoyed a "slipper dance"; all the girls took off one shoe and put it in the center of the floor. The boys then got a shoe and it's owner was their partner. A jitterbug contest was given, and Virgil and Susie won prizes for the best couple.
 The dance was thoroughly enjoyed by everyone present.

HIGH LIGHTS

Joyce and Daphne

Everyone looked sleepy Monday morning—couldn't have been because of three dances last week could it?—Virgil Oden and Susie Hokit won the prizes in jitterbugging and they even waltzed for an encore.—We all want to thank Miss Kirbie and Mrs. Hoover for the swell dance Friday night.—Byron Williams has gone into the Navy.—Jack Sawyer has returned from Dallas where he went to take his physical examination.—Several "redskins" around O.H.S. after the band picnic.—Punch and cake served to the High School Friday afternoon, very good.—Elton Holland from Iran was here for the dance Wednesday night. He is a cousin of Byrd Phillips.—Boyd Baker is home on furlough.—Billy McWilliams declares that "thugs" are school teachers.—Do you agree?

Pep Squad Leaders Elected

Wednesday afternoon, April 21, the Pep Squad met to elect the leaders for the following year. The meeting was held in the auditorium with Mary Elizabeth Gray in charge. The meeting was carried on in the same way they have been in previous years. Susie Hokit was elected her assistant. There was some discussion on the uniforms to be used. Blue jeans were in the discussion for both patriotic and stylish purposes. Nothing was definitely decided, however. The assistant pep leader of 1942, Florence Luther, made a speech before the new assistant took over. The leader and new assistant also made speeches. The meeting was adjourned.

DANGEROUS DOORS

The doors scattered through O. H. S. are to be watched. They are temperamental and dangerous. They have a habit of swinging backward and slamming some poor unfortunate, who has a locker behind one of these doors, head into the wall. The innocent victims of the door's sudden cruelty often spend the rest of the week skittishly jumping out of the way at the slightest evidence that the door is going to open—but soon they forget. Tragic!
 The South door sometimes takes a notion that it wants to stay shut. Sometimes I take a notion that I want it open. However, that door has a will of its own—and muscles of steel to back it up. Then comes the struggle. With my weight thrown against the panic bar, my teeth ground together and my feet planted as firmly as possible on the slick tile floor, I shove. My feet slide across the floor; I manage to make myself merely a 15 degree angle with the floor rather than parallel with it by holding on to the panic bar. I pull myself upright. I brace myself against the wall. I spring; the door flies open and pitches me out onto the pavement. I get up and dust myself off. I glare at the door, I shrug my shoulders, and go on my way.
 The class room doors delight in waiting for some student who is paying attention to something other than the door. The mechanical apparatus that closes the door starts closing in double time and the door smashes the inattentive student in the face. People have been carried out on a stretcher for less. But somehow the O.H.S. students seem to be tough enough to keep walking. Long may we win our battles against the doors.

EMPLOYMENT STABILIZED

Workers planning to quit their jobs to accept other employment either in home area or in other sections of the country should confer with their present employers first, War Manpower Commission officials warn. Under WMC employment stabilization plans announced last week, workers in essential industries must have a statement of availability signed by his most recent employer or by the WMC before he can be hired in another essential industry; he can't accept work in a non-essential industry at higher pay; he can quit a non-essential employer without a release to accept work in an essential industry. Agriculture is high on the list of the 34 essential industries. Complete information concerning the stabilization plan can be obtained from any U.S. employment office or WMC office.

Numbers Decline But Old Age Benefit Costs Continue To Spiral

Austin—While the number of the Old Age Assistance rolls continued to decline during April, the cost of the program continued upward, figures released today by the State Department of Public Welfare revealed. The rolls dropped to 183,092, net loss of 101. The department added 1,853 cases to the rolls, representing 1,674 new cases and 179 reinstated; 945 were removed from the rolls because of current ineligibility and 1,009 died during the month. Increased living costs brought 10,258 raises in grants in 15,897 reinvestigations of active cases. The net result of all changes was an increased cost of \$45,655 over April, the department distributing \$3,564,681 in an average payment of \$19.47 which compares with the average last month of 19.21. The average authorized grant is \$3 above the average payment.
 Fifty-six cases were added to the blind rolls, bringing total blind beneficiaries to 4,364. Cost increased from \$101,942 to \$103,736. The grant average of \$23.77 is 11% more than the April average.
 The Aid to Dependent Children rolls and costs remained practically static during April, there being a net increase of 33 cases and decrease of 14 children. The cost

rose only \$346 over the previous month. There are now 12,168 families representing 27,175 children receiving \$259,634 in an average grant of \$21.34.

Mr. and Mrs. Carl Colwick are spending the coming week-end in Stephenville.

The most bonds you can buy is the least you can do!

Production Credit Assn. Buys Bonds

Houston, Texas, May 5—Taking their part in the 13-billion dollar war financing drive, the 36 Texas production credit associations are investing approximately \$700,000 in War Bonds this month out of capital paid by farmers and ranchers and earnings of the associations, according to President Virgil P. Lee of the Production Credit Corporation of Houston.

"In addition to this institutional investment, all of the associations," he said, "are participating in the War Bond financing in one way or another. Their 23,513 members, busy with essential war production, are buying bonds individually as well as through the investment of their association's capital and surplus in bonds.

"The associations are sponsoring Victory Clubs to promote the sale of War Bonds. When a member purchases a bond through the associations or pledges to buy bonds with money received from sale of certain pledged products his name is placed on the association Honor Roll.

"Farmers and ranchers are ready to do their full part but their income is received at irregular intervals, which makes it difficult for them to participate in regular month-to-month buying," he said. "As they work out financing plans for the year, the associations are encouraging them to include regular bond purchases in their 1943 operating plans."

Lt. and Mrs. Anja Wilson were here Thursday and Friday to visit Mrs. Wilson's parents, Mr. and Mrs. Paul Perner. Lt. Wilson, who has just completed officer candidate school, was on his way to his assignment to duty at Fort Clark, Texas.

Reports Of District Convention Heard At Woman's Club Meet

The Ozona Woman's Club met at the ranch home of Mrs. Carl Colwick for its meeting last week. Two long tables were decorated with Spring flowers and dancing figurines. A delicious salad plate lunch was served to members and guests.

After the dessert, new club members were called upon to give the following toasts: Mrs. Bascomb Cox, To the Clubwomen of Today; Mrs. Hugh Childress, To the Clubwoman, a Dutiful Wife; Mrs. John Bailey, To the Clubwomen of Yesterday; Mrs. L. K. Brown, To the Clubwomen of Tomorrow.

Mrs. Colwick presided over the program and business session. Delegates to the Sixth District Convention at Coleman gave their reports on the convention. The delegation from the Ozona club attending the Coleman meeting included Mrs. Hubert Baker, Miss Elizabeth Fussell, Mrs. Carl Colwick and Mrs. Stephen Perner. The convention delegates gave a graphic description of the inspiring day and program unfolded at the district convention. The convention program outlined plans for war work by the clubs during the coming year and reports from member clubs recounted a splendid program of accomplishments during the past year.

The delegates reported a highlight of the convention was the winning by Ozona Club's president, Mrs. Carl Colwick, of first place award in a "Quiz Kids" program, in which a group of six state and district officers participated.

Members and guests attending the luncheon and program included Mrs. Hugh Childress, Mrs. N. W. Graham, Mrs. A. C. Hoover, Mrs. J. W. Henderson, Mrs. L. B. Cox, Jr., Mrs. Hubert Baker, Mrs. Stephen Perner, Mrs. Joe Pierce, Miss Elizabeth Fussell, Mrs. A. E. Deland, Mrs. P. T. Robinson, Mrs. J. M. Baggett, Mrs. George Bean, Mrs. L. K. Brown, Mrs. Charles Farr of Houston and the hostess. The last meeting of the present club year will be held next Tuesday afternoon May 11, at the home of Mrs. A. C. Hoover, with Mrs. A. E. Deland as assisting hostess. Music, reports and installation of officers will feature the program.

Growers Request-

(Continued from Page One)
Smith and Prugel are county agricultural agents of Sterling and Schleicher counties respectively. Reports were read from local USDA War Boards in the following counties: Brewster, Burnet, Coke, Coleman, Concho, Edwards, Glasscock, Irion, Kimble, Lampasas, Mculloch, Mason, Midland, Mills, Pecos, Reagan, Runnels and Uvalde counties. These local boards had been requested to interview sheep owners and shearers on the advisability of a ceiling price and what price was thought equitable.

Growers present were unanimous that a ceiling price was necessary and that unless it could be placed in effect immediately it would serve little purpose. Some were of the opinion that a 16-cent per head price was just and equitable. Others pointed out that in the past some counties, where sheep had shorter wool and were generally smaller than in other counties, had a lower shearing scale than other counties. These men were of the opinion that the 1942 price per county should be taken as a base and to it should be added about 15 per cent to take care of advanced costs of living.

All were in agreement that any ceiling adopted should carry the stipulation that half should go to the capitan, or boss, and half to the shearer. It developed that the ranchman furnished the meat eaten by the shearing crew, that the shearer had to furnish his own heads and combs while other costs of transportation, machines, groceries and the like were borne by the capitan.

In some Texas counties sheep shearing is well started, in others it will start in a few days and by May 5 will be at its peak. In some instances prices of 18 to 20 cents are being paid at this time. An average shearer can handle from 100 to 125 sheep daily. A few ranchmen reported threats from shearers of getting more money or not working. Some instances of proselyting by sheep raisers of other states were reported. Transcript of these reports was sent by air mail to Lt. Col. Jay Taylor, deputy administrator of farm labor, Food Distribution Administration, U. S. Department of Agriculture, who will act on the recommendations of the Texas sheepmen.

March Farm Cash Income Up 70 Pct. Over March, 1942

Austin, Texas—Farm cash income took another leap upward in March, as total income rose to 61 million dollars, a gain of 70 per cent over the same month of last year. Dr. F. A. Buechel, University of Texas Bureau of Business Research statistician has revealed.

During the first three months of 1943, agricultural income has amounted to 169 million dollars, a gain of 52 per cent over the 111 million received by farmers during the same period of 1942. Dr. Buechel reported.

During the five year base period of 1928-1932, average cash income during March was approximately 18 million dollars, Dr. Buechel pointed out.

Nearly one-third of the state's farm income during March was received in the Texas Panhandle. Dr. Buechel said. Increased marketings and higher prices of livestock, cattle, calves, hogs and sheep—

were responsible for this gain in income.

Mrs. Mark Garver and son, were to have arrived this morning to make their home for the duration with Mrs. Garver's parents, Judge and Mrs. Charles E. Davidson. Her husband, Lt. Garver, U.S.N., has recently completed training at Naval training centers in Norfolk and Williamsburg, Va., and expects to be moved to the west coast at once. He spent a few days leave visiting his mother in Little Rock, Ark.

Lt. Sibyl Cooke, U. S. Army nurse, who has been stationed at Camp Wallace in Galveston, visited her family here last week.
