## POWELL AVE. TO BE PAVED TO BALL PARK

Property Owners Sign Up For Extension Of Surfacing

### WORK IS STARTED

Minor Hitches Not Expected To Hold Up New Project

Extension of the paving project south on Powell Avenue from its intersection with the state highway to the baseball park was believed assured yesterday when an agreement was reached among property owners the entire length of the street providing for the surfacing.

Work had already been started on about 300 feet of the street from the Old Spanish Trail south. Curb and gutters are being laid as the first step. This work is being done under the same contracts as other curbing work in the city.

Application of the second course of caliche has begun on the north end of Powell Avenue, Highway 163, which is being paved from curb to curb through cooperation of the property owners, the county and state. Excavations are under way on Broadway, the course of the Old Spanish Trail highway through the city, in preparation for extending the paving from curb to curb on that street. At the low rate at which the paving is being done, it is expected that property owners along other streets in the city will get together and ask for further extensions before the end of summer.

## Coleman Trims Ozona For Two

Locals Fail To Hit In Pinches; Ragged Fielding Features

Ozona Giants took a toboggan to the cellar in the West Texas Independent League standing in no uncertain fashion Sunday when Coleman Cottonpickers roundly thrashed them in a double-header engagement on the local ball field. The Coleman crew took the first encounter 4 to 1 and the second 8 to 4.

A heartbreaking finale for local fans was the first game. After laying toe to toe through eight innings, the score standing one and one, Coleman batters took advantage of a series of miscues on the part of Ozona fielders and ratted Harrington to push over total of three runs in the ninth inning and thereby won a ball game. Ragged fielding on the part of both teams featured both games, the locals being charged with seven errors in the first game and three in the last, and Coleman fielders were chalked with four in the first and three in the second.

Inability to hit in the pinches, when hits meant scores, and too frequent muffs of hit balls accounted for the locals' defeat. Harrington allowed nine hits in the first game while the Giants were able to get to Simms for only four. In the second game, Duncan was checked for eleven safeties, the locals taking eight from Simms. The whole sixteen innings and the going as strong at the end as the start.

The box scores for the two games follow:

FIRST GAME	
OLEMAN	AB R H PO A E
Waton ss	5 1 1 1 4 0
Walden 2b	5 0 1 3 2 2
Miller 3b	5 1 1 3 1 9
Walloway 1b	5 0 1 9 1 0
Wickett rf	5 0 1 3 0 0
Wichell cf	3 0 0 1 0 0
Wainwright lf	4 1 3 0 0 1

(Continued On Last Page)

## Pon Seahorn Is Much Improved

Goat Fever, Discovered During Week, Treated With Serum

Pon Seahorn, Crockett County ranchman, who has been critically ill in a San Angelo hospital the past two weeks, was reported considerably improved this week, and although he is not yet out of danger, attending physicians have high hopes of his recovery.

Development of goat fever as an added complication to his condition was discovered during the past week. Injections of serum to counteract this disease have been started and it is believed that favorable reactions have resulted from the treatments.

Attending physicians are of the opinion that the crisis in Mr. Seahorn's condition resulting from the appendix operation has safely passed and that danger of further complications from that source is remote. The patient was reported yesterday to be in much better spirits and barring further unfavorable developments, it is believed that he will continue to improve.

## 24 Are Present For Monthly Meet Of Methodist Men

Twenty-four men were present for the third monthly meeting of the Methodist Round-Up, an organization of men of the Methodist Church, held in the basement of the church last night. Ladies of the church provided a tasty supper which consisted of meat loaf, potato salad, peas and carrots, rolls, iced tea, ice cream and cake.

Richard Flowers, vice president of the organization, presided in the absence of the president, Pon Seahorn. The group voted to send flowers and a word of cheer to its stricken president, now seriously ill in a San Angelo hospital. Music for the evening was furnished by Negro Red, the one-man orchestra, at the piano. Red entertained with piano and vocal numbers. The social evening was thoroughly enjoyed by the group.

### METHODIST NOTES

Preaching at eleven o'clock Sunday morning followed by the regular monthly sacrament service.

Sunday night we will give a stereopticon lecture, "A visit to China." This is a set of 52 slides showing the life along the seaports of China, with some of the activities of the people. Everybody invited.

We have made some changes for the summer in the Sunday School. The first is that all departments meet for the opening services in the auditorium. As some of the classes have been combined this leaves some teachers without a class. In order that every teacher may have a definite place in the school of the summer we are conducting a Teacher's Training Class.

The text for the class is "Teaching in the Sunday School." The subjects as we have them outlined for the next month are as follows: "Teaching Religion," "The Place of Teaching in the Church," "What is Lesson Material?" "What was Jesus' Method of Teaching Religion?" "Different Ways to Prepare for Teaching."

Other lessons will be announced later. This will be a free open forum class and each lesson a unit of study; so those who may drop in for just a Sunday or two will not feel that we are in the middle of some subject. All who are interested in teaching in the Sunday School are invited.

J. H. Meredith, P. C.

Miss Lucille Williamson, teacher in the local schools, left Sunday for her home in Moody. Before leaving she ordered The Stockman sent to her during the summer.

## Father And Son Are Victims Of Broken Arms Within Hour

There's nothing to this stuff trying to imitate dad, thinks Homer Chalk, 9-year-old son of Mr. and Mrs. H. C. Chalk.

Monday morning Mr. Chalk suffered a broken arm when he became entangled in a big conveyor belt at the rock crusher in operation by Colglazier and Hoff Construction Company at the caliche pit a mile south of Ozona. Mr. Chalk, an employee of the construction firm, was attempting to adjust the belt when his hand was caught and his arm jerked into the pulley, breaking a bone just above the wrist.

While Dr. F. T. McIntire was setting the bone and putting the injured arm in a cast, Mr. Chalk's son, Homer, was brought in with a broken arm. He had fallen from a tree at the home here and snapped the bone. He waited until dad was patched up and then climbed on the table for his turn.

## Lions Hear Of State Meeting

President As Delegate Brings Graphic Account Of Session

A splendid report on the accomplishments of the state convention of Lions Clubs of Texas held at Lubbock recently was given at the Ozona Lions Club meeting Monday by Hugh Childress, Jr., president, and official delegate from the Ozona Club to the state conclave. Mr. and Mrs. Childress attended the two-day meeting in Lubbock Monday and Tuesday of last week.

Miss Neva Sorrels, first place winner, John Meinecke, second place winner, and Miss Margaret Butler, fourth place winner in the recent essay contest conducted by the local club, were guests at the Monday meeting and received their awards of medals and ribbons for their accomplishment. Miss Dorothy Johnigan, winner of third place, was unable to be present.

Rev. J. H. Meredith delivered a splendid address on Memorial Day, giving some historical facts in connection with the origin of memorial day and urging that the observance be extended to include honors to the memory of others whose lives have been worthwhile to the world besides soldiers who have died in the service of their country.

## Giants Matched With Station "A"

Locals To Have Workout Today With Sonora Oil Crew

After last Sunday afternoon's debacle, Sam Cox decided his Ozona Giants needed more practice than they were getting and so a mid-week game was scheduled for this afternoon (Thursday) with the Station "A" crew from near Sonora.

The game is slated to start at 5:30 this afternoon. This time was decided upon in order that players and spectators who work might have an opportunity to see the game. It will be a full nine-inning fracas unless darkness interferes. An admission charge of 25 cents will be made to defray expenses of the visiting team.

Claude Becton and Miss Bertha Ebevins, both of Barnhart, were married at the parsonage of the Trinity Methodist Church in San Angelo Monday evening by the Rev. J. L. Bryant, pastor. Only a few friends and relatives were present.

## Admonishes Grads To Be Courageous

Rev. Wood Lauds Virtue Of Courage In Commencement Talk

With the inspiring words of the commencement speaker, Rev. E. O. Wood of San Angelo, admonishing them to face the world with courage and determination, twenty-five Ozona boys and girls filed out of the big auditorium at the High School last Thursday night for the last time as students, their high school days having ended a few moments before when they were handed diplomas by Superintendent John L. Bishop at the conclusion of the exercises.

The class, composed of fifteen boys and ten girls, was the largest ever to be graduated from Ozona High School. Twenty-four of the number were present to receive their diplomas, Joe Friend being the only member absent. He was in San Angelo at the bedside of his foster father, Pon Seahorn, who was critically ill.

The commencement program opened with the invocation by Rev. J. H. Meredith, followed by a piano solo by Eugene Montgomery the salutatory address by Margaret Butler, a cornet solo by Ernest Van Zandt and the valedictory address by Eugene Montgomery. Mrs. Tom Hunter, teacher in the local schools and a personal friend of the speaker, introduced Rev. Wood.

Rev. Wood chose as his subject "Courage", which he described as the most admirable of all virtues. People admire courage, even in their enemies, he declared. Courage, he said, is not merely the absence of fear but that force which drives one forward even in the full knowledge of the consequences.

There are two kinds of courage, the speaker said, physical courage and moral courage.

"One of the greatest needs of the world today is moral courage," Rev. Wood declared. "There is a golden opportunity for the coming generation to shape the trend of the world. We have come to a turn in life. Which way we will turn, God only knows. Sometimes I wonder if Western civilization is not doomed with its widespread dishonesty and immorality. The world needs courageous young men and women and I charge you to stand for truth and honesty and what you know to be right, in the face of all opposition."

Following the address, the class sang its song, "Commencement Day" and the benediction was pronounced by Rev. Wood, after which the class filed out.

The 1933 Ozona High graduates are Billie Baggett, Edna Billings, Margaret Butler, Joe Chandler, Joe Friend, Lee Graves, Frances Green, Paul M. Hallecomb, Joseph W. Keeton, John Kirkpatrick, Morris Miller, Carolyn Montgomery, Eugene Montgomery, Buddy Moore, Joe Rape, Toty Robison, Ellen Schauer, Tommy Smith, Neva Sorrels, Jettie Rae Sellers, Dorothy Thurman, Ernest Van Zandt, Ben Williams, Charles Williams and Hubert Westfall.

## Giant Refrigerator Box Installed At Mike Couch Grocery

Mike Couch is having a big combination meat and fruit and vegetable refrigerator installed at his grocery and market here this week.

The big box is capable of storing a complete stock of meats and vegetables. It is divided into two compartments, one for meat and the other for vegetables and fruits. Two different temperatures may be maintained in the two compartments, a low temperature for the meats and a more moderate temperature for preserving fruits and vegetables in their natural state. Ice cold watermelons, cooled in the big box, will be a feature to be offered when the season gets under way. The big box is cooled by electric refrigeration.

## Lawyer at 19

Miss Regina Opal Urosca of Dallas, pictured above, may be a lawyer at 19. She has added two years to her age in court, making her 21, in order to take the state bar examination.

## Miss Edith Word Weds M. S. Decker

Former Ozona Girl Is Bride Of St. Louis Auditor

Word was received this past week of the marriage of Miss Edith Word to Monroe S. Decker of St. Louis. The wedding took place at the home of the Rev. Hoyle, pastor of the First Baptist Church in Las Cruces, N. M. on May 21.

The bride is the daughter of Mr. and Mrs. H. O. Word, formerly of Ozona. She is a graduate of the Ozona School and of Simmons University with the class of 1931. For the past few years she has been teaching in the Garden City Public Schools.

The groom is the eldest son of Mr. and Mrs. C. M. Decker of Sedalia, Missouri. Mr. Decker is traveling auditor with the Missouri State Life Insurance Company, and makes the southern route from St. Louis to Los Angeles.

The couple left immediately for a short trip into Old Mexico and other points west.

Many friends here wish the young couple much happiness in the future. Mr. Decker, visited in Ozona the past few summers.

## Ranch Hand Hurt As Horse Steps In Hole And Falls With Him

Harry Howard, employed on the Kincaid Massie ranch 30 miles south of Ozona, suffered a broken collar bone and one broken rib Tuesday morning when a horse fell with him while working sheep on the ranch.

Mr. Howard was attempting to turn a flock of sheep when his horse stepped in a hole and fell on the rider. The injured man was brought to Ozona where he was treated by Dr. F. T. McIntire and the broken bones set. He is at the home of W. E. Friend, Jr., where he is resting well.

### LAS AMIGAS

Mrs. Richard Flowers entertained members of Las Amigas Club and a few guests at the Will Baggett ranch Thursday afternoon. Mrs. Douglas Kirby, a recent bride, was named as honoree, and was presented a gift. Miss Wanda Watson was awarded high score prize for the club and Miss Hester Butler, guest high. Frozen dessert and cake were served at the conclusion of the games and punch was served during the play. Other guests of the afternoon were Mrs. Ted White, Mrs. Hugh Childress, Jr., Mrs. Marshall Montgomery, Mrs. J. W. North, Mrs. Warren Clayton, Mrs. Maudie West, Mrs. Clifton Brooks, Mrs. Bill Littleton, Miss Wayne Augustine, Miss Mildred Davis, Miss Mildred North and Miss Mary Childress.

Guinn Carruthers left last week for his home in Paradise, Texas.

## WOOL REACHES NEW TOP PRICE OF 27 3/4 CENTS

Del Rio Firm Boosts Fleece Price 1 3/4¢ In Sale Wed.

### AVERAGE 27 CENTS

Half Million Pounds 12-Months Accumulation Sold

Wool, the basic commodity upon which West Texas bases its hopes for future prosperity, continued its meteoric price rise with a jump of 1 3/4 cents a pound over the previous high when the Producers Wool and Mohair Company of Del Rio Wednesday recorded a new high price of 27 3/4 cents a pound in a sealed bid sale of its twelve-months accumulation.

Approximately 500,000 pounds of wool were sold in the Del Rio sale. The second high price was 27 1-8 cents. Prices ranged from 26 cents, through 26 1/2, 26 3/4 up to the peak price of 27 3/4 cents. The average for the half million pound lot was 27 cents.

The buyers included C. D. Stokes for Winslow and Company, Tom Richey for A. W. Hilliard and Sons, J. M. Lea for Draper and Company, Jim Hill for Robert M. Pitt and Company, and John Allison for Adams and Leland.

Other sealed bid auction sales in the near future include 500,000 pounds to be offered by the San Angelo Wool Company tomorrow, and 750,000 pounds by the Sonora Wool & Mohair Company next Tuesday. D. E. Hughes & Co., Inc., plans a sealed bid sale soon.

## Crockett Sends 5 To Forest Camps

First Quota Reached; Other Applications Being Received

Five Crockett County young men left during the past week to join the reforestation crew at San Antonio, enrolling for a six months stretch in the government work relief program. These five constitute Crockett County's first quota toward Texas' contingent in the relief program.

Richard E. Cole, David Anderson and L. A. McCaleb left Wednesday of last week and Emmett Sapp and Leonard Boyd left yesterday for San Antonio where they were to enroll in the reforestation crew in training there. They will first undergo a physical examination and then will go through a two-weeks' training and conditioning period after which they will be sent to one of the various work camps.

Although Crockett County's quota has been supplied, applications are still being received by Hugh Childress, Jr., in charge of enlisting the unemployed in this county. Mr. Childress has had notice from relief authorities that other applications will be considered when vacancies occur.

The reforestation camps are for single men between the ages of 18 and 25 who have dependents. The camps will provide three meals a day, comfortable quarters, and a dollar a day for 8 hours work. Plenty of recreation will be afforded members of the crew. Military officers will be in charge of the crews and necessary regulations and discipline will be enforced.

### GEO. HURST TO EL PASO

George Hurst, federal customs officer, who has been seriously ill at the Hotel Ozona here the past several weeks, left this morning for El Paso where he will enter a government hospital. Sheriff W. S. Willis and Tom Casbeer took him by auto to Del Rio and from there he will go by train to El Paso.

character of any person or firm  
appearing in these columns will be  
gladly and promptly corrected up-  
on calling the attention of the man-  
agement to the article in question.

THURSDAY, JUNE 1, 1933.

Every governmental official or  
board that handles public money  
should publish at regular inter-  
vals an accounting of it, showing  
where and how each dollar is  
spent. This is a fundamental prin-  
ciple of democratic government.

TAKING CARE OF OUR JOBS

Because a national financial  
disaster has overtaken the coun-  
try and commercial transactions  
are somewhat clogged don't let  
down on your own personal job.  
There's the same amount of work  
to do in order that things be kept  
going. City folk will find time to  
catch up with a lot of odds and  
ends that have been demanding  
attention, and there never was a  
better time to clear the business  
decks for action which, when the  
upturn arrives, will find too many  
unprepared to use it to the best  
advantage.

Money or scrip, or nothing, the  
soil will still grow crops and  
grass; and humans and livestock will  
continue to have those frequent  
recurrent hunger periods that de-  
mand sustenance; the farmer will  
find his work no different than in  
normal times. There's no occasion  
to wait for "new money" to begin  
getting your garden seeds in the  
ground and the tools sharp and  
with which to keep the garden in  
condition to produce the crop.

This applies to the man without  
a job even more forcibly than to  
others. He is certain to be more  
dependent upon his own efforts.  
Charity, of necessity, will be cur-  
tailed. There are still fewer to  
contribute to it and those few  
will reduce their bits. Moreover,  
yet others will be added to the  
number of unemployed before the  
time arrives when men will begin  
to return to work.

Therefore, it is essential that  
all of us dig into the tasks that  
are ours. The work must be done  
a little better than ever before if  
communities are to be pulled out  
of the darkness into the sunlight  
and ready for whatever the future  
has in store. Like the wise farmer  
who cultivates his crops in antici-  
pation of drought: If it comes he  
will be certain to harvest the  
maximum crop; if the rains come  
his soil is the better prepared to  
receive and make the most of the  
moisture.

There never was more work to  
do, or a greater reason why it  
should be done.—Events, Esaid,  
Oklahoma.

FOREIGN TRADE MAKES  
FOR PEACE

Recent actions of the heads of  
all governments have called the  
attention of the peoples of the  
world to the infinite importance  
of good international relations—  
and their corollary, a sizeable and  
permanent volume of internation-  
al trade.

When President Roosevelt spoke  
a short time ago and demanded  
disarmament, he was asking for  
more than world peace—he was  
asking for world salvation. We are  
learning that no nation, no peo-  
ple, no class, can prosper in a  
world which is torn by old enmi-  
ties, mutual distrusts, a multitude  
of fears. We see the results of  
those things now in Europe—  
where many of the great nations  
are enlarging and outfitting their  
armies, laying embargoes against  
the goods of other nations, ob-  
structing each other at every turn.  
We see it in the East, in the Sino-  
Japanese imbroglio.

ODD — BUT TRUE

THE ELEVATOR SYSTEM  
IN THE AVERAGE SKYSCRAPER  
HANDLES MORE TRAFFIC  
THAN THE TRANSPORTATION  
SYSTEMS OF TOWNS OF  
75,000 POPULATION

THE KOREAN  
BRIDE IS NOT

SEE HER  
HUSBAND UNTIL  
THE SECOND  
DAY AFTER THE  
WEDDING

IN 1932 MORE GOLD  
WAS PRODUCED  
THAN IN ANY OTHER YEAR  
IN HISTORY

A short time from now there  
will be a World Economic Confer-  
ence. Its purpose is just what the  
name implies—to restore the eco-  
nomic structure of the world. All  
principal nations will be repre-  
sented. The groundwork has been  
prepared, largely by the informal  
conference held during April and  
May in Washington. The nations  
have agreed to an economic truce  
—which might better be called a  
tariff truce—to last until the con-  
ference has had a chance to iron  
out world difficulties.

THE PLIGHT OF THE  
RAILROADS

In normal times our railroads  
spend in one year more than a  
billion dollars for fuel, ties, rails  
and other supplies. They are in-  
dustry's best customer.

They are the chief arteries of  
commerce and communication and  
upon their ability to earn a fair  
and adequate return rests the fi-  
nancial safety and future security  
of more than 75 per cent of our  
entire population—twice as many  
persons as ever voted for a Presi-  
dent of the United States.

The railroads normally employ  
one and a half million people sup-  
porting six million people. Al-  
though the buying power of the  
railroads has been greatly reduced  
they will spend this year more  
than two and a half thousand  
million dollars for labor and ma-  
terials.

The trouble which the railroads  
face today is that they are hog  
bound and tied down with too  
many regulations, too many laws  
and too much red tape. One of  
the problems of Congress is to re-  
lease them, so they can put forth  
initiative and enterprise to keep  
abreast of the times and meet  
their new competitors, the trucks  
and busses. There is no degree of  
fairness in making the railroads  
buy and maintain their own right  
of way, while the public generous-  
ly furnishes highways for the  
trucks and busses. The railroads  
are not permitted to lower their  
rates or tariffs to meet competi-  
tion. The railroads pay to the  
state of Minnesota and to the coun-  
ties through which they run large  
sums in gross earnings taxes and  
property taxes. To handicap them  
so they cannot make a profit and  
cripple them so they cannot pay  
their taxes will further pass the  
cost of government onto the real  
estate taxpayer.

Release the railroads from their  
bonds and they will emerge from  
this depression revitalized, ready  
to do their share of rehabilitation.  
The country must have its rail-  
roads. Let's play fair with them.  
—Plainsdealer, Saint James, Min-  
nesota.

ON BEHALF OF WORLD  
TRADE

The conferences between the  
representatives of the United  
States Government and the rep-  
resentatives of foreign govern-  
ments are well along in their  
course. As expected, they have  
dealt largely with one burning  
topic—how to restore world trade.

The great powers have come to  
realize that there can be no per-  
manent and stable prosperity for  
any one of them so long as the  
world bristles with embargoes, gi-  
gantically high tariff barriers and  
similar obstacles to the flow of  
commerce. In every important  
producing country, whether it  
produces raw materials or manu-

factured products, the result is  
distress, unemployment, more de-  
pression.

The foreign envoys are return-  
ing home pledged to cooperate in  
the work of restoring world trade  
and building a more amicable and  
understanding attitude among  
the different peoples. The Ameri-  
can Government is pledged to an  
identical policy. If success is  
achieved, it will be one of the  
brightest signs of the century.

"Congressmen who thought  
they were smart to confiscate the  
wealth of the nation to pay for  
their political dissipation were  
less wise than the Vandals who  
sacked Rome . . . Rome was not  
the home of the Vandals.—Robert  
R. McCormick.

Smilin' Charlie Says—

"It seems that good  
roads and careful  
drivers developed  
together—in inverse  
ratio."

"LOST LAUGHTER"

The country press has produced  
many distinguished figures. The  
daughter of one of the most dis-  
tinguished of them all is now  
proving that one talent that  
makes a good editor is sometimes  
passed on to the next generation.

Years ago, a young man start-  
ed a newspaper in Atchison, Kan-  
sas. He called it "The Atchison  
Globe" and made it one of the  
best-known newspapers in the  
country. After working hours he  
wrote a novel which he called  
"The Story of a Country Town"  
and that, too, in time became an  
American classic. The heroine of  
the novel is named Mateel, and  
when a daughter was born to the  
author, she was given that name.  
The editor and author is Ed W.  
Howe, "The Sage of Potato Hill."  
Ed W. Howe's fame as an author  
rests upon the single novel, but  
the daughter, Mateel Howe Far-  
ham, has just completed her  
fourth, "Lost Laughter," to be  
published soon.

Mrs. Farnham cannot remem-  
ber when she began to write. It  
seemed inevitable as a member of  
the Home family. Her mother and  
two brothers assumed that she  
would write stories. Her father  
wanted her to be an outstanding  
newspaper woman, a feminine Ed  
Howe. When she was not quite  
nineteen, and living in Portland,  
Oregon, she reported the Seattle  
Fair for the "Oregonian" and the  
New York "Independent." Then

THAT'S ME—

I'm the chronic doper. Not a  
snow bird or a dope fiend, but  
worse than that. I must have my  
liver pill ever so often, my kidney  
powder so many times a day, and  
a few aspirins thrown in. I'm a  
sick man in my own estimation.  
You have no idea how much I have  
spent trying to find a doctor that  
will tell me I'm sick. They don't  
know their stuff. My days are lim-  
ited, I know. Even if they won't  
tell you I'm a sick person.

she won the \$500 prize given by  
the Portland Chamber of Com-  
merce for the best write-up of  
Portland. This was her first and  
only newspaper work, except for  
stray writings for her father's pa-  
per. She then began to write sto-  
ries and almost immediately sold  
one to "The Ladies Home Jour-  
nal". Her two brothers followed  
their father's profession, but Ed  
Howe has never quite forgiven  
his daughter for failing to make  
it unanimous.

All this sounds pleasant and  
painless but years of hard labor  
lie between the first story and  
"Lost Laughter," which repre-  
sents two and one-half years of  
work.

Mrs. Farnham dedicates her  
present book to her husband,  
Dwight Farnham, without whom,  
she says, "there would be for me  
no more laughter."

Henry Ford  
Dearborn, Mich.

May 22, 1933

I suppose that I may claim to be the first Ford Dealer. I not only  
made cars, but sold them and frequently delivered them myself.

The "drive away" is not new; often I have driven cars from Detroit  
to towns in Ohio or Indiana or Michigan to make delivery.

There were no good roads in those days, and the people where I  
drove had never seen a motor car before.

My first really enthusiastic customers were Country Doctors. They  
were the first to realize the value of dependable transportation to a  
widely scattered practice.

Even today I occasionally hear from some of those first Ford users.  
We had to teach local mechanics how to care for the cars. That  
is how Ford Service began, which is now found everywhere in the world.

We believed from the beginning that a sale does not complete our  
transaction with our customer — it creates upon us an obligation  
to see that our customer's car gives him service. Ford Dealers know  
their duty to the public in this respect.

I can say of Ford Dealers generally that they have been and are men  
of character and standing in their communities. Most of them have  
been with us many years, which indicates that we agree on basic  
business principles. The Company provides that the methods used to sell  
the Ford car are consistent with the self-respect of the Dealers  
who handle it.

The present Ford V-8 is the peak of our 30 years experience.  
We have never made a better car. Its eight-cylinder engine is  
powerful and smooth running. The car is admittedly very good looking  
and has comfortable riding qualities. It is economical in  
operation because of advanced engine design and low car weight.  
It is the fastest, roomiest and most powerful car we have ever built.

Henry Ford

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 36.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another Section, Section 51a, which shall read as follows:

Section 51a. The Legislature shall have power to authorize by law the issuance and sale of bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed four and one-half (4 1/2%) per centum per annum; and payable serially or otherwise not more than ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be evenly distributed over the State and upon such terms and conditions as may be provided by law and the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same become due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State on the Twenty-sixth day of August, A. D., 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots, the words: "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds." Those voters opposing said amendment shall write or have printed on their ballots, the words: "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

W. W. Heath Secretary of State. A CORRECT COPY)

Gulf Announces Lubricated Gas

Houston, Texas, May 31—Lubricated gasoline, a distinct innovation in motor fuels, was announced today by the Gulf Refining Company through O. H. Carlisle, District Sales Manager. The new product is the result of extensive experimentation in the Gulf Refining Company laboratories, and is the answer to the problems presented by lubrication engineers by the increased demand of the motoring public for high speed motors.

The new product is being marketed under the slogan "That Good Gulf Gas—Now Lubricated" at no extra cost. Mr. Carlisle pointed out. Salient features of the new fuel, according to Mr. Carlisle, are: correct lubrication of the valve seats and top of the valve stem, which tends to prevent drying and pitting of valves; plus lubrication to the upper part of the cylinder walls, thereby reducing wear on cylinders and pistons as well as piston rings.

Through use of lubricated gasoline it is now possible to design motors with smaller clearance between piston and cylinder wall and also to use tighter-fitting oil

In Memoriam

ROAD TO BANKRUPTCY FOR CITIZENS AND GOVERNMENT

The Los Angeles Times hit the tax nail on the head when it said: "Every cent of public expenditures means a cent less of private expenditures..."

Every citizen knows that is true in the case of his private finances. If he pays government five hundred dollars a year, it means that a certain number of commodities and services which he would otherwise have purchased, have been unbought. It means that potential jobs have not been provided, and that the country has lost the stimulation to business which his money would have provided.

The best attainable government is that which does all necessary work at the least expense. It is the luxuries of government, not the necessities, which have inflated the tax bill, whether that government be federal, state, county

or city. The endless addition of bureaus and expenditures to do for the people what a free and independent people should do for themselves, and the building up of an army of officeholders, are the acts that eventually bankrupt private citizens and then nations.

The only way to reduce taxes is to reduce government spending. Tax shifting from one class to another class is no remedy. The American people are looking to their elected officials—national and local—to relieve their thinning pocketbooks.

Mrs. E. R. Menger and children left Sunday for San Antonio for a two-weeks visit with Mrs. Menger's mother, Mrs. Colglazier.

Mrs. W. S. Willis and children are in Novice visiting Mrs. Willis' parents. Mr. Willis took them in his car Saturday.

SAN ANGELO TELEPHONE CO.

rings. In some cases two oil rings are used, all of which reduces crank case motor oil consumption. Ease of starting with lubricated gasoline is believed assured by the fact that when combustion chambers are flooded with lubricated gasoline in cooking the motor valves are less apt to stick, while use of "That Good Gulf Gasoline—Now Lubricated" assures longer life for certain parts of the motor such as valves, guides and piston assembly.

Vacationists Urged To Guard Against Infectious Disease

As the summer season approaches, a word of warning is timely to prospective campers, Boy Scouts, Girl Scouts, summer vacationists, fishermen, and others who enjoy getting out into the open, relative to the possible dangers that may be encountered from the standpoint of contracting infection under the changed environment. This is especially true of diseases that may be transmitted through food and water supplies. Typhoid fever is a disease the amount of which is greatest, as a rule, where there is the least sanitation. It is an unnecessary and preventable disease. It is spread from person to person by water, milk, fingers, flies, and food. Every case is contracted by taking into the mouth some substance contaminated with typhoid organisms, and these occur only in nature in the bowel and bladder discharges of persons sick with typhoid or from carriers, persons who have had typhoid and who after recovery still harbor the germs in their systems.

Persons planning a vacation or trip where sanitation may not be rigidly enforced or where food handlers are not regularly examined should protect themselves against this disease by being vaccinated. Three inoculations with typhoid vaccine, a week apart, are necessary to secure protection against this disease and the immunity established is good for two years. The purity of water or milk cannot be judged by looking at it. Play safe and have your doctor protect you.

SUNFLOWER CLUB

Miss Hester Bunger was hostess to the Sunflower Club at her home Tuesday afternoon. There were three tables of players. Mrs. Jake Short was awarded high score prize for the club and Mrs. Boyd Clayton guest high. A salad plate was served at the conclusion of the games. Other guests were Mrs. J. W. North, Mrs. W. E. Friend, Jr., Mrs. Clinton Glover, Mrs. Richard Flowers, Mrs. Hugh Childress, Jr., Mrs. Tom Hunter, Mrs. Marshall Montgomery, Mrs. T. A. Kincaid, Jr., Miss Mary Childress and Miss Wayne Augustine.

Mr. and Mrs. Jones Miller were in San Angelo Tuesday.

Miss Mary E. Webb, local teacher, has gone to her home in Baltimore where she will spend part of the summer.

The Biggest News Since Fresh Gas...

That Good Gulf Gasoline is now lubricated!

Gulf stations from Maine to Mexico are now offering a motor fuel that surpasses everything that has gone before.

This great fuel is new in everything but name. It actually gives greater mileage and cuts repair costs—because it lubricates the upper cylinder and valves.

The new lubricating Good Gulf Gasoline contains an upper cylinder lubricant made by an exclusive Gulf process. This lubricant—correctly blended with that Good Gulf Gasoline, the famous fresh gas

—makes today's greatest non-premium fuel for modern motors!

It lubricates the intake valves, prevents sticking, and forms little or no carbon!

If you want to get more and lower cost miles out of a gallon of gas, try the new Good Gulf Gasoline today. It doesn't cost a penny more.

THAT GOOD GULF GASOLINE IT'S FRESH—NOW LUBRICATED

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 3.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limits further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county, in elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such effect shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitution or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by

Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on each ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and

laws of this State. W. W. HEATH Secretary of State. (A CORRECT COPY)

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS H. J. R. No. 43.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a), of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:— "(a): The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight, (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcoholic content by weight, and the provision of this subsection shall be self-enacting."

Section 2. The foregoing Amendment to the Constitution shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article XVI of the Constitution of Texas, adding Section 1, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article XVI of the Constitution of Texas, adding Section 1, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on each ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and

Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes; provided that this exemption shall not be applicable to that portion of the State ad valorem taxes levied for State purposes remitted within those counties or other political subdivisions now receiving any remission of such period of remission, unless before the expiration of such period the board or governing body of any one or more of such counties or political subdivisions shall have certified to the State Comptroller that the need for such remission of taxes has ceased to exist in such county or political subdivision; then this Section shall become applicable to each county or political subdivision as and when it shall become within the provisions hereof.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Amendments thereto.

W. W. Heath Secretary of State. (A CORRECT COPY)

Typhus Fever Is Spread By Fleas; Prevalent In Texas

Austin, Texas, May 31—Typhus fever or Fourteen day fever is quite prevalent in Texas, according to Dr. John W. Brown, State Health Officer. He stated, "Typhus fever is of two forms, the epidemic and the endemic. It is the latter form that is most commonly found in Texas and it differs from the epidemic form in that it has a low mortality. The disease is often confused with others and for that reason many cases are not reported as such; it is also called the rat fever and mouse fever.

"The symptoms of typhus fever are that the onset is usually sudden with chills, fever, headache, prostration and body pains, the fever rises rapidly and reaches its maximum on the fifth to eighth day, this usually terminates on the tenth to fourteenth day by crisis and the recovery is rapid thereafter. An eruption accompanies this disease, starting on the chest and lower neck and becoming general in a few days. Bronchitis and the hacking cough are present in most cases and tend to confuse the diagnosis with respiratory infection or influenza.

"The rat flea which feeds on the rat sick with typhus fever transmits the disease to humans, therefore rats and mice should be exterminated as the most important control measure in the prevention of this disease. Bodylice and rat mites may also transmit typhus fever. Persons that are sick should be isolated during their illness. All cases should be reported promptly to the health authorities in order that control measures may be started at once.

Plans are being made to hold another Baby Doll Parade at the 1933 State Fair of Texas, it has been announced by Otto Herold, president of the association. Success of the 1932 Parade was the cause for making the Baby Doll feature an annual event. The parade will be open to children from all parts of the entire state, according to present plans.

# Swimming Pool And Recreation Park Would Be Object Of Lions Club In Opinion Of 2nd Place Essay Winner

EDITOR'S NOTE: Following is the Essay, written by John Mein, in the essay contest sponsored by the Ozona Lions Club in conjunction with an International contest on the subject: "If I Were a Lion, What I Would Want My Club to Do for My Community?"

(By John Meinecke)

There is always the question of the unemployed. I should think there would be no better way for any local organization to support and help to solve than the matter of the unemployed. A club as a usual thing is always composed of members who are acquainted with the conditions of the town, and better see in such matters can be handled. In most towns the children have no place outdoors in which they can spend their summer days while out of school in good play and recreation. We need such a place in our community and I should like to see my club start a movement to put such a place in our city. There is the swimming pool which so many children could enjoy. Every child would have the opportunity of swimming as much as he likes on summer days. I would favor a movement by our Lion's Club to have one here.

A park where children could dig, act on bars, dig in the sand, play tennis, basket ball, volleyball, see-saw, and indulge in good clean exercise would be an asset to the town and certainly would be a good problem for any club interested in community work.

Up until now our Boy Scout club has not been a lasting success. There are very few places without this club and in most places they are sponsored by the Lion's Clubs. I would like for our club to start a Boy Scout movement that would be lasting from year to year.

Again, there is a small thing that I should always like for our club to do, that is to have a Christmas tree each and every year for the poor children in town. If this has not been done some little children do not get a thing.

I would always like to see my club help out in any worthwhile charity organization. There are always so many people that need help and I should like to be a part of the means of their getting help.

## Why Use a Bladder Physic?

To drive out impurities and excess acids that cause irritation which results in getting up nights frequent desire, burning, leg pains or backache. BU-KETS, the bladder physic works pleasantly on the bladder as castor oil on the bowels. Get a 25c test box from your druggist. After four days if not relieved go back and get your money. You will feel better after this cleansing and you get your regular sleep. Sold by Concho Drug Co. (Adv.)

## KENTUCKY BURLEY TOBACCO

"Direct From Grower To You" Old Kentucky Burley Tobacco is the cream of the finest crops Kentucky's bountiful soil can produce—ripe, rich leaves, smooth and mellow, with that rare old-fashioned flavor and fragrance that only proper "aging" can produce. We bank on it you have never tasted or smoked a finer flavored, more satisfying tobacco in all your life.

Special Offer FIVE POUNDS SMOKING TOBACCO \$1

Rich, Ripe, Old Fashioned Leaf Our Old Kentucky Burley is no more like manufactured tobacco than day is like night—guaranteed free from chemicals and all other adulterations that conceal imperfections, delude the sense of taste and undermine the health. We use the same method our grandfathers used in preparing tobacco for their own use—every trace of harshness leaves it—nothing to "bite" your tongue or parch your taste. Thousands of tobacco lovers the world over swear by its inimitable smoking and chewing qualities.

REDUCE YOUR TOBACCO BILL 1/2 We sell direct from the grower. This eliminates the eighteen cents a pound Revenue Tax—all manufacturers' and middlemen's profit, thereby effecting a saving to you of 50% or more. No fancy packages, no decorations, just quality and lots of it.

MONEY SAVING PRICE SMOKING 5 lbs. Send us One OR for Dollar Cash CHEWING \$1.00 P. O. or Express Money Order (no personal checks) and we will promptly ship you a five pound package of "Burley Tobacco."

Five pounds of Old Kentucky Burley will make 40 large packages of smoking or 50 twists of chewing.

Send 35 cents in silver and we will ship Postpaid—one pound of Burley Tobacco as a trial offer. A trial will convince you.

We have thousands of requests daily for "Samples"—our margin of profit is so small we cannot comply with these requests.

We do not ship C.O.D. orders, to do so would require a large staff of clerks. Orders must be in English language.

INDEPENDENT TOBACCO GROWERS ASSOCIATION McClure Bldg. Frankfort, Ky.

Mr. and Mrs. John L. Bishop left Saturday for San Antonio, Corpus Christi and other points on a ten-day vacation trip.

## Brownsville (Texas) Just Before the Last Battle of Civil War

This sketch shows 2,000 bales of cotton being ferried across the Rio Grande river from Brownsville to Mexico (now the site of Matamoros) just before the impending battle—the last of the Civil War. Brownsville was then under martial law, being occupied by an army under Major-General N. P. Banks. Historians disagree as to whether the embattling forces knew the Civil War had been over five weeks, as the contest was principally for possession of the cotton. A statue commemorating this battle has just been erected on the battlefield.

IMPORTANT NOTICE

Dr. Fred R. Baker, San Angelo's popular optical specialist, who has been serving Ozona people for 25 years, will be at the Hotel Ozona Wednesday, June 7th. Fifty references from local people furnished upon request. All work guaranteed, refitting done free in one year. All the new styles in spectacles at big reduction in price. Free examination.

Mrs. Ben Lemmons and three of her children, Maurice, Howard and Rosalie, left Sunday for St. Louis, Chicago and New York for a visit of several weeks. Mrs. Lemmons will visit relatives in St. Louis and will go from there to Chicago to attend the World's Fair and to visit relatives. She will spend several weeks in New York visiting a sister and other relatives. While in New York, Mrs. Lemmons will purchase the fall and winter ready-to-wear stock for the local store.

Mrs. W. N. Stewart and Mrs. R. E. Richard, both of Canyon, Texas, are here for a visit with their sister, Mrs. Felia Friend. This was the first time Mrs. Friend and Mrs. Richard had seen each other in more than thirty years. Mrs. Vinwiddie of Hart, Texas, and her small daughter, Sue, are also here for a visit with Mrs. Friend. Mrs. Vinwiddie is a daughter of Mrs. Stewart. The party expects to leave for their respective homes tomorrow.

Mrs. Kate Moore has returned to Bay City to spend the summer after spending the winter here with her daughter, Mrs. Joe Pierce and family.

Miss Sophie Haug, kindergarten teacher, has returned to her home in Marlin for the summer, ordering The Stockman to be sent to her during the vacation months.

Mr. and Mrs. Clyde Leath and children spent the week-end in San Angelo. They were accompanied home by Mrs. Vol Hawkins, who will visit several days with them.

Mr. and Mrs. W. R. Baggett and Mrs. Kate Baggett are in Temple for medical attention.

Mr. and Mrs. Charley Schauer and children leave today for Del Rio where they will make their home in the future.

Lives on Charity as She Hoards \$6,000

This Mexican woman pled poverty and lived off the organized charity of Nueces county, Texas, for more than a year. Federal authorities discovered that she had hoarded \$6,000 in cash in her little hut near Corpus Christi. Officials refused to divulge her name. She was deported after this photograph, showing her money, was taken.

Mr. and Mrs. Vic Pierce are in San Antonio where their son, Miles, recently underwent an operation for removal of his tonsils.

Miss Mildred Davis went to San Angelo Saturday. She was accompanied home by her sister, Mrs. Scofield, who will visit here a few days.

Mr. and Mrs. T. A. Kincaid, Jr., were down from their ranch near McCamey Tuesday visiting friends and relatives.

Mr. and Mrs. Clay Adams are here from Fort Stockton to visit relatives.

Wayne West, Jr., suffered a broken arm Sunday when he fell from a tree at the ranch.

Mr. and Mrs. Bill Hoover were San Angelo visitors the first of the week.

W. H. Holcomb, cashier of the Rankin bank and former Ozona High School athletic coach, was a business visitor to Ozona Tuesday.
