Wool Continues At High Figure

New Top Of 26 Cents Is Reached During Past Week

The wool market continued bullish during the past week, a new high being reached when Russell Menzies sold 80,000 pounds of choice 12-month fleeces at 26 cents a pound. Thompson Brothers and Lawhon of El Paso were also reported to have received the new high price for approximately 60,000 pounds.

Schreiner Wool & Mohair Company of Kerrville Tuesday sold a million-pound accumulation to John Allison, buyer for Adams and Leland, and C. D. Stokes, buyer for Winslow and Company, at unannounced price. It was unofficially reported, however, that the price was between 24 and 25 cents.

Several sales in the area have been reported at around the 25-cent figure. The Texas Wool and Mohair Company of San Angelo, of which Vic Pierce of Ozona is president, has announced a sealed bid sale of approximately a million and a half pounds of 12-months wool to be held in San Angelo tomorrow (Friday). Rudy Vaughan of the San Angelo Wool Company has announced a sealed bid sale for June 2. He will offer a half million pounds.

Examine Mexican School Children

Dr. McIntire Conducts Clinic In Co-Operation With P.T.A.

A clinical examination of all children of the local Mexican school was concluded last Thursday afternoon by Dr. F. T. McIntire in co-operation with the local Parent-Teacher Association. Dr. McIntire donated his services in this work and the health fund realized by the P.T.A. from sale of Christmas Seals has been used in promotion of better health among the Mexican children.

One child with defective eyes, and several with tubercular infections and several with infected tonsils and bad teeth were discovered among the group, it was reported. Corrective operations and treatments will be delayed until next fall at the opening of school, it was decided.

Fifteen Mexican children have been furnished milk daily from health funds of the Parent-Teacher Association, and a number of individual members of the organization have furnished clothing and lunches to needy children in the school.

Rains Fall Over West Texas Area

Quarter Inch Fall Here With Heavier Rains Over County

A quarter of an inch of rain fell here this morning to bring happiness to Crockett County ranchmen by giving promise of a definite break in a five-months drought period in this immediate area.

The fall here was a tail-end for bountiful rains over much of the stock raising area of West Texas. Abilene reported a 2.75 inch downpour during the night. The rain extended beyond Fort Stockton, and east to Brownwood, Ballinger and the surrounding section. Ranches in this county reported falls from an inch to two inches.

Heavy clouds, with occasional rumbles of thunder continued here this morning, holding out an excellent promise of further moisture.

West Texas Proxy

Walter D. Cline, a prominent Wichita Falls oil man, who has been elected president of the West Texas Chamber of Commerce at the annual convention in Big Spring, Texas. Cline succeeded Wilbur D. Hawk, publisher of the Amarillo News-Globe.

Pon Seahorn Is Critically Ill

Discouraging Reports From Bedside Of Ozona Rancher

Pon Seahorn, Crockett County rancher and pioneer resident of Ozona, is critically ill in a San Angelo hospital following an operation for appendicitis performed there Monday.

Mr. Seahorn was taken from Ozona to San Angelo Sunday when his condition was determined and San Angelo surgeons operated Monday morning. He was found to have a ruptured appendix and complications were feared by attending physicians.

Discouraging reports were received here from the hospital this morning. Mr. Seahorn was reported to have weakened considerably during the last 24 hours and attending physicians declared that unless improvement is shown at once, little hope can be held for his recovery. His children and other relatives were called to his bedside this morning.

Pupils of Mrs. Neal Hannah Are Heard In Piano Recital

Pupils of Mrs. Neal Hannah, teacher of piano, were heard in recital at the High School Auditorium Tuesday evening, May 23. The program was varied with solo and duet piano numbers, readings, and two xylophone numbers.

Those having parts in the program were Ruth Townsend, Mary Louise Perner, Jim Ad Harvick, Ellis Ray Bennett, Dorothy and Billy Hannah, Aleane Couch, Sybil Luther, Noma V. Miller, Muriel Luther, Joyce Martin, Miles Pierce, Wanda LaVerne Dunlap, Elizabeth Coose, W. B. Robertson, Adele Keeton, Florine Adams, Helen Adams, Eda Schneemann, Miss Lola Taylor and Mrs. Hannah.

Shower Is Given In Honor Mrs. Douglas Kirby, Recent Bride

Mrs. H. P. Vaughan, Mrs. W. B. Robertson, Mrs. W. E. Smith and Miss Wayne Augustine entertained with a miscellaneous shower Tuesday afternoon at Mrs. Smith's home, honoring Mrs. Douglas Kirby, a recent bride.

The program consisted of a vocal solo by Mrs. Bob Weaver, a piano number by Mrs. Alvin Harrell and a reading by Miss Helen Adams. The honoree was drawn in a little red wagon, pulled by Tom Eddy Montgomery and Basil Dunlap and guided by Benny Gail Phillips, into an adjoining room where the gifts to the bride were displayed.

The home was decorated in pink and green. About thirty-five guests were served green punch and pink snowballs. Sweet peas served as favors.

J. M. Baggett was in San Angelo on business Tuesday.

(Mrs. Neal Hannah, Director of Music)

Coleman Coming For Series Sun.

Giants Expect To Trim Cottonpickers For Two Games

The Coleman Cottonpickers, contenders in the West Texas Independent League, invade Ozona next Sunday for a second encounter with the Ozona Giants in league competition.

The Coleman and Ozona aggregations occupy cellar positions in the league standing at present, both being tied with a percentage of .375, and San Angelo and Abilene knotted for second with .500 all. Coleman and Ozona are also even with each other, the two teams having divided a double header bid in Coleman in their first meeting.

The Giants are doped to sweep the series here Sunday, despite the fact that the Coleman crew trounced the powerful Texon Oilers in one of their two games there Sunday. Bill Duncan, who hurled the Giants to a victory over the hard-hitting Abilene crew Sunday, will be ready to go on tap against the Cottonpickers, and Harrington, Ozona's other first string moundsman, is hitting his stride and is expected to be hard to beat in one of the games Sunday. Wade, Barbee, Cox, Lowrey, Duncan, et al, are getting their eyes on the apple and slapping it over the lot in midseason form, and local fans are looking forward to taking two games from the Coleman invaders. The games start at 2 o'clock.

New Officers Of P. T. A. Installed At Final Session

The Ozona Parent-Teacher Association met in regular session in the High School Auditorium, May 15 at 3:15 o'clock.

Preceding the program the pupils of the elementary grades, under the direction of Miss Patti Raiza, presented a musical program, featuring the national hymns of foreign lands.

Mrs. I. G. Rape was leader of the program on "Good Fellowship." Invocation was given by John L. Bishop. Installation of officers was conducted by C. S. Denham.

A social hour was in charge of Mesdames Albert Kay, Joe Pierce, Paul Perner, L. E. Cox, and H. P. Vaughan, who served sandwiches and iced tea to those present.

Following the social hour the school exhibits were inspected by the parents.

Fayette Schwalbe was ill the first of the week.

Mrs. N. W. Wickizer was here a few days undergoing treatment from Dr. F. T. McIntire. Mr. Wickizer is in charge of the Joe T. Davidson Hereford show herd.

Giants Split Two With Abilene Sun.

Locals Down Powerful Gassers In Spectacular Game

The Ozona Giants, after that merciless pounding two weeks before, came back with heads up and chests out Sunday to split a double header with the powerful Abilene Gassers, taking a spectacular first game 4 to 3 and dropping the second 2 to 0.

It happened in the third inning of the initial engagement. In that frame, Ozona had two on and two out and Barbee, heavy-hitting catcher for the locals, was at bat. Bailey, Abilene hurler, purposely walked Barbee to load the sacks. Conley Cox, pitcher, outfielder, infielder and all-round ballplaying son of Manager Sam Cox, was next up. Conley took the wind out of the Abilene sails when he slammed one for a two-base hit and cleaned the sacks to score three runs.

From this point to the eighth, it was 4 to 1 in favor of the Giants. In the eighth, Moore smashed a long one to score two runners but the Gassers were unable to cross another one for another bid for the game. "Lefty" Hanna, Abilene hurler, barely missed pitching a perfect ball game in the second encounter, Jess Wade, Giant second sacker, smashing out Ozona's lone bingle off Hanna's offerings.

Both Duncan and Harrington, Duncan in the first and Harrington in the second, pitched the best games of the season. In the first game, Duncan struck out ten Abilene batsmen and allowed eight hits. Harrington struck out one in the last game and allowed six hits. Duncan, by the way, was also in the first rank of bitters, getting two in the first game to tie with Wade and Con Cox for batting honors. Claude Russell, Lowrey, Frank Russell and Weaver, turned in one hit each in the first game.

The Box Score

FIRST GAME

Rev. B. O. Wood of San Angelo To Deliver Address

Twenty-five members of the 1933 graduating class of the Ozona High School will realize the fruits of eleven years of pleasant labor tonight when they receive their high school diplomas at commencement exercises to be held in the High School Auditorium.

Final examinations, checking up of grades and the usual routine of the last week of school occupied teachers and pupils this week. Most of the pupils had completed their year's work Wednesday afternoon when the last of examinations were given. Pupils of the lower grades will receive their report cards Friday morning, which will be the last demands upon them until the opening of school next fall. Cards of other pupils will be mailed out as soon as they are completed.

Commencement exercises for the largest class in the history of Ozona High School will get under way at 8:30 o'clock this evening. Superintendent John L. Bishop has announced.

Rev. B. O. Wood, pastor of the First Presbyterian Church of San Angelo, will deliver the Commencement address. His subject has not been announced. Two musical numbers by members of the class and the class song, the valedictory address by Eugene Montgomery and the salutatory by Miss Margaret Butler, presentation of diplomas and presentation of a memento by Mrs. A. W. Jones will constitute the program. For the first time in many years, Judge Charles E. Davidson will not be present to award diplomas to the graduates. Judge Davidson has not returned from Winfield, Iowa, where he was called on account of the death of his brother, R. P. Davidson, recently.

Rev. J. A. Kidd To Preach Here Sun.

Associational Missionary To Occupy Baptist Pulpit

Rev. J. A. Kidd of Pecos, Texas, Associational Missionary for the Pecos Valley Baptist Association, will occupy the pulpit at the First Baptist Church here Sunday morning in the absence of Rev. M. M. Fulmer, pastor, who is attending the Southern Baptist Convention in Washington, D. C.

Rev. Kidd has preached in the local church before and is well known among local members of the church. He is a strong speaker and will have a message of interest at the morning hour Sunday. Regular Sunday School and B. Y. P. U. programs will be held during the pastor's absence at the usual hours.

Large Crowd Attends Baccalaureate Service

The First Baptist Church here was filled almost to capacity Sunday morning for the Baccalaureate services for members of the 1933 graduating class of Ozona High School.

The sermon, preached by Rev. L. N. Moody, minister of the Ozona Church of Christ, was on the subject, "Pressing On" and was an inspiring and convincing address.

The Woman's Missionary Society realized a net profit of around \$30 from the picture show, "Tom of the Storm Country" shown at the Ozona Theater Monday and Tuesday of this week.

THURSDAY, MAY 25, 1933.

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. This is a fundamental principle of democratic government.

POSTOFFICE HOARDING

Withdrawal of funds from local activities and depositing them in postal savings may be good as a "safety first" measure but it is hoarding on a colossal scale.

The president's edict should also have closed the deposit windows in the postoffices. What sense to scold people for hoarding and then encourage it in this way?

Originally this function of the government was to encourage savings. While it remained such the business at the local post office at least was almost nil. Information is that the same was true everywhere.

But with the depression instead of "postal savings" it speedily became "postal hoardings."

Within a few months a vast amount, estimated at hundreds of thousands, has left this community via the post office.

Certainly in this emergency the bars should be put up against this form of hoarding.

Indeed it would help if the government would at once call for withdrawal of these hoardings in some form of currency that would have to go to work to be valid.—Daily Sentinel Fairmount, Minnesota.

NOW IS THE TIME TO SPEND

The public has grown weary of the old slogans to the effect that "Prices are booming! Buy now!" etc. But there's truth in those phrases at present.

Recent inflation activities and the prospective change in the gold backing of the dollar, will be the most powerful price stimulant in years. It really is time to buy now!

Best of all, by buying now, and building and repairing now, you can do your bit in the most dramatic stage of the war against unemployment and distress and at the same time secure the greatest return on your dollar in more than a generation.

A dollar in property improvement means a dollar touching the lives of a thousand people—and doing a thousand dollars' work. Repair the steps, paint the house, remove fire hazards, renovate the garden, renew rotting foundations with concrete—do any of these things, and you'll be a factor in the work of recovery.

It is not prophecy to say that in your lifetime you'll never have the opportunity to get work done as cheaply as now. It's a fact. The price structure is abnormally low. It is lower than even the intense-ness of depression justifies. As demand increases, the rate of climb will be sharply accelerated.

Remember that providing jobs is cheaper than charity—and that it's better to provide a job now than to have to contribute to charity next year. Remember, too, that unless the jobs are provided it won't be long until nothing is left for charity!

SCANDALS

By THE TOWN GOSSIP

Note taken from the diary of T. G. dated May 21, 1933—"The drouth of 1933 will be broken within the next two or three days. I feel it in my bones."

We were talking to our old friend Pat Lee, who as you all know is doing and has done considerably toward the development of good horses in Crockett County. The conversation was not long in turning to the race track and finally I mentioned the fact that the legislature had passed a law legalizing betting on horse races.

With a look of astonishment Pat said, "Why you don't mean to tell me that it has ever been against the law for a man to risk his judgment on his own horse, do you?" Incidentally Mr. Lee has a horse on his ranch which he calls Puzzle—because he is so hard to get "onto."

Ordinarily we do not make any attempts to cast any deleterious reflections on the character of any new comer in our midst and we have been refraining from springing this one for several months on account of the fact that our victim was a stranger within our gate but the thing is too good to keep any longer so here goes: When construction of our excellent highway started, one of the most popular and efficient men who came in with the engineers force was Mr. John Mimms. We are quite certain you have all met him and have come to like him immensely. Well, shortly after his arrival Mr. Mimms circulated round quite promiscuously, meeting everybody and getting acquainted—with the ladies in particular. One night at a social function this little conversation took place with one of our debutantes.

Deb: "Tell me, what do you do for a living?"

Mimms: "I'm an engineer."

Deb: "But how terribly exciting—it must be simply thrilling to toot the locomotive whistle and watch the cows and the flivvers jump off the tracks."

Mimms: "Oh, I'm not that kind of an engineer—I'm a civil engineer."

Deb: "You don't have to tell me that, Mr. Mimms. You've been a perfect gentleman all evening. The minute I saw you I said, 'I bet he's a perfect gentleman.'"

Paul Perner had occasion some time ago to pay a visit to the State Hospital at San Antonio. As he entered the grounds, a trusty accosted him thusly: "You're a ranchman, ain't you?" Paul allowed as how he was. "I used to be a ranchman myself," said the guest of the state. "Did you?" replied Paul, not being especially interested up to this time. "Yes, Stranger, did you ever try being crazy?" Paul never had and started to move on. "Well, you ought to try it," was the ex-rancher's parting shot, "it beats ranching all hollow."

MAKE TAXES FIT INCOME

Back in the palmy days of the pre-depression era, extravagance in many businesses was responsible for their subsequent failure. They had built up expenses and an overhead that could not be met when sales dropped.

Extravagance on the part of individuals, in buying luxuries they could do nicely without, was likewise the cause of great hardship later on. Salaries were cut, jobs were lost—and it was impossible to maintain the old inflated standards of living.

By the same token, government extravagance now is laying the seeds of even greater trouble. Businesses and individuals have learn-

ed their lessons—they have cut their sails to fit their finances. Government has not. It has broadened its functions and raised its operating costs in the face of gigantic drops in the national income. It is maintaining itself in a state of luxury that the private citizens cannot afford.

Unless government retrenches, the capital that provides jobs, opens new opportunities and creates productive enterprise will be stifled. The farmer will be crushed beneath a burden of costs that he cannot pay—in various states, more than fifty per cent of farm taxes are in arrears and thousands of acres have been taken over by the states. The individual is faced with tax payments out of all

proportion to income.

In brief, the work of recovery will be futile if government refuses to trim its costs to fit the nation's pocketbooks.

FIGURE IT OUT

Here is a little problem in simple arithmetic for you:

You have two piles of dollars. You have been spending from one of them, and it is growing alarmingly small. So you stop spending from it, and take the dollars from the other pile instead.

This, you say, is economy, and reduction in expenses.

Absurd as this problem is, it is no more absurd than the antics of our legislature bodies in the matter of taxes. They shift a tax from one class of property to another—thus taking the money from "different piles"—and call it tax reduction. For government, as for an individual, there is but one way to reduce taxes—spend less money.

Henry Ford Dearborn, Mich.

May 15, 1933

Time and again I am told—by my own organization and by others—that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

Miss Maxine Murdock, music teacher here during the past school year, left Sunday for her home in Albuquerque, N. M.

Mr. and Mrs. Alvin Harrell left this morning for a few days stay in San Angelo.

Mrs. R. V. Sewell is in from her ranch between here and Sonora at the Hotel Ozona where she is under the care of Dr. F. T. McIntire.

George Hurst, customs officer stationed here, is critically ill at the Hotel Ozona.

Miss Rachel Schraeder has returned from a few days visit in Dallas.

If your Stockman subscription has expired, we would appreciate your renewal check now.

Mrs. Joe Oberkamp suffered a deep cut on her finger the first of the week when a butcher knife with which she was cutting fish slipped and slashed her finger.

J. K. P. Schraeder is here from Dallas for a visit with his daughters, Mrs. J. W. Henderson and Miss Rachel Schraeder.

"Dad" Hallcomb, an old-time Ozona resident, is here from Christoval for a few days visit with his son, Paul Hallcomb, and other relatives.

Mrs. J. H. McClure has returned to her home in San Angelo after a month's stay here with Mr. McClure, manager of the Smith Drug Store.

Misses Grace Butler and Margaret Butler, Ben Williams and Ernest Van Zandt attended a movie in San Angelo Monday.

Smilin' Charlie Says

Th' fellow without an opinion of his own might be a fool, but th' chances are, he's a wise man 'yin' 'sell you something!

Customer (tudee nickered by razor): "Say, Fox, give me a glass of water."

Fox: "What's the matter, hair in your mouth?"

Customer: "No, I want to see if my neck leaks."

"Boy, believe it or not, I have a six-inch chest expansion."

"That's nothing. See that row-boat tattooed on my chest? Well, when I take a breath that's a four-masted schooner."

If your Stockman subscription has expired, we would appreciate your renewal check now.

"What's become of your sister that was going to raise a family of five children?"

"Oh, she's over playing with the five kids of my other sister who wasn't going to have any."

Say "I saw it in the Stockman."

BOWELS need watching

Let Dr. Caldwell help whenever your child is feverish or upset; or has caught cold.

His simple prescription will make that bilious, headachy, cross boy or girl comfortable, happy, well in just a few hours. It soon restores the bowels to healthy regularity. It helps "break-up" a cold by keeping the bowels free from all that sickening mucus waste.

You have a famous doctor's word for this laxative. Dr. Caldwell's record of having attended over 3500 births without loss of one mother or baby is believed unique in American medical history.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it ready. Then you won't have to worry when any member of your family is headachy, bilious, gassy or constipated. Syrup Pepsin is good for all ages. It sweetens the bowels, increases appetite—makes digestion more complete.

DR. W. B. CALDWELL'S SYRUP PEPSIN A Doctor's Family Laxative

Mr. and Mrs. W. E. West will leave the last of this week for Galveston where they will board ship for New York. They will stay in New York about two weeks after which they will leave for their annual European tour. They plan to spend considerable time in London and Paris during the summer.

Let THE STOCKMAN send in your new or renewal magazine subscriptions. Guaranteed same price or lower than amount you would pay by sending subscriptions direct to publishers.

Mr. and Mrs. Roy Henderson and son, Roy Jr., and Miss Elizabeth Perner left Wednesday for Nashville, Tenn., where they will attend graduation exercises at Ward-Belmont College. Miss Louize Henderson, daughter of Mr. and Mrs. Roy Henderson, will receive her diploma from Ward-Belmont this week-end. From there they will go to New York, Niagara Falls and other points, and will see the World's Fair in Chicago.

Mrs. W. R. Mulroy and small son are here from Santa Anna for a visit with Mr. and Mrs. M. T. Blackwell and other friends. Mr. Mulroy was formerly local manager for the West Texas Utilities Company, being transferred from here to Santa Anna.

LOW-COST Hot Water ... at the Turn of a Faucet ...

When you turn your "hot water" faucet you want ... and NEED ... an adequate supply of piping hot water. That, however, is only the primary requisite. If you can get this constant supply of hot water inexpensively, automatically and with perfect safety at all times, isn't that a perfect combination?

The modern ELECTRIC water heater gives you a surplus of hot water, and for good measure adds safety, cleanliness, health, dependability, quiet, comfort and convenience. Contrast these advantages with the flame noise, fumes, soot, smoke and odors of old-fashioned methods.

Ask a trained representative to show you the beautiful new electric water heaters now on display. They are equipped with emergency reliefs for both temperature and pressure ... they offer all the well-known advantages of modern automatic electric water heating ... they operate on the new "constant hot water service" plan that means LOW COST to you ... and prices and terms are especially attractive!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

West Texas Utilities Company

would be greatly improved in appearance, as well as in aiding the poor.

After these more difficult problems were soved we would undertake to educate the foreigners, as well as the out of school white children in our city. We would sponsor an old clothes campaign, and secure enough clothes to supply the children in question. We would then have the children examined by a local doctor, and place them in our public school.

At Christmas time I should think it would be well to sponsor a benefit picture show to raise Christmas charity funds. My town's club found this to be a wise idea the past season.

To correct deformities and to aid cripples in anyway possible would be another aim of my club.

By doing all the above—I feel that my Lions Club would afford a golden opportunity for changing prejudice into co-operation; for casting suspicion out of our hearts and installing trust; for making a close friend of a mere acquaintance; for getting out of the narrow rut of sectionalism, and traveling in company with the choicest spirits of our community along the broad highway of tolerance and understanding.

Seniors Honored At Morning German And Theater Party

Members of this year's graduating class of the Ozona High School were honor guests at a Morning German given at the fair grounds platform Saturday morning by Misses Dorothy Henderson, Esther Kate Pierce and Eda Schneemann. Dancing began at 3 a. m. to music furnished by a negro pianist from Villa Acuna, Mexico and continued until daylight. Coffee and sandwiches were served.

The seniors were guests of their sponsor, Guinn Carruthers, at a movie party at the Ozona Theater Monday night. All seniors were present and enjoyed the movie, "Tess of the Storm Country."

William Gray, Ozona Boy, Chosen Editor Of A.C.C. Newspaper

From The Optimist Abilene Christian College Student Newspaper

William Gray was last Tuesday elected editor in chief of the Optimist for the long session of 1933-34. Reuel Lemmons became business manager in one of the hardest races that has ever been run for that position. The vote of the press club favored him by a small majority over Luryl Nisbett.

Officers for the press club for the next long session were also chosen. Trine Starnes is the new president, and Bert Ezzell is vice president. Maxine Hughes was made secretary, and the new office of reporter will be filled by G. R. Shelburne.

Virgil Bernard, present business manager of the Optimist, was adjudged the most valuable member of the press club for the year now ending. Bernard's work on the paper and his unstinted interest in the task of securing the T.I.P.A. convention for A.C.C. next year are among his outstanding services.

At a recent meeting of the club two new members, Maxine Hughes and Herschel North, were admitted. Both have completed the required work on the Optimist and the Prickly Pear.

Gray is a son of Mr. and Mrs. Will Gray of Ozona.

Barnhart Women Organize Club

BARNHART, May 24, Mrs. H. C. Dunkin was elected president of the new home demonstration club Monday and the charter members are:

Mesdames T. C. Harris, H. C. Dunkin, T. L. Murphy, Alvis Newman, E. E. Woodruff, J. F. Miles, R. S. Neal, J. D. Breman, Homer Martin, E. J. Wyatt, P. B. Conner, W. C. Mitchell and L. Q. Sparks.

Miss Mabel Howell, the home demonstration agent from Schleicher County, helped arrange the club. The first meeting was at the home of Mrs. T. C. Harris.

Miss Howell gave those present an interesting and instructive lesson on making hooked rugs. She stressed the fact that like materials and like weights should always be used together in a rug and not to combine silk and wool or wool and cotton. She also urged the use of only fast colors and good dyes.

CELEBRATES 9TH BIRTHDAY

W. B. Robertson, Jr., celebrated his ninth birthday Wednesday afternoon with a party for his little friends. Guests were served birthday cake and ice cream and were given balloons as favors. Those enjoying the afternoon were Mary Bess Parker, Imogene Drake, Joyce Martin, Eloise Carson, John Boyd, Aleane Couch, Dorothy Hannah, Hazel Pomeroy, H. P. Vaughan, Miles Pierce, Howard Lemmons, Jim Duddy, Billy Hannah and Charles Williams.

LAS AMIGAS CLUB

Miss Wayne Augustine entertained members of Las Amigas Club at her mother's home Saturday afternoon. Ice cream and cake were served to the following guests: Mrs. Richard Flowers, Miss Mary Childress, Miss Mildred North, Mrs. Hugh Childress, Jr., Miss Hester Bunger, Mrs. Clifton Brooks, Miss Wanda Watson and Miss Elizabeth Perner. The club voted to have prizes at parties in the future.

Mrs. Louis Lagging of Arizona, who is spending the summer in San Angelo with relatives, is here for a few days visit with her sister, Mrs. Joe Oberkamp, and other relatives.

Mrs. Walter Augustine entertained the Sunflower Club at the home of her mother, Mrs. W. H. Augustine, Tuesday afternoon.

State Health Dept. Urges Control Of Mosquitoes, Flies

Austin, Texas, May 24—Word has just been received by the State Department of Health that Mr. and Mrs. Mosquito and Mr. and Mrs. Fly, with their kinfolks, are planning to take up their summer residence in the State. They state that, although many had died since last summer, they would soon have large families. Mrs. Mosquito raises from fifty to three hundred children at one time and only takes around two weeks to have full grown children. Mrs. Fly bragged that she and her husband could be ancestors to a million flies in one season.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the Anopheles or malarial mosquito. Dengue fever and yellow fever are transmitted by the Aedes aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy the breeding places of the mosquito. They breed in any standing water, therefore, you should drain, ditch or fill such places, spray oil on water each week, too, or stock the water with surface minnows as they will eat the wiggle-tails. Houses should be screened.

Flies help spread typhoid fever, dysentery, diarrhoea, tuberculosis, anthrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened. Every neighborhood raises its own flies so that their number is an excellent index to the sanitary conditions. The State Health Department, County and City Health Officers are only too glad to assist in banishing this source of disease.

Mr. and Mrs. L. B. Adams entertained members of their bridge club Thursday evening at their home. Mrs. Adams was also hostess to the club at its afternoon party Friday afternoon.

Mrs. A. P. Holman of the Concho Drug Company of San Angelo, was here on business the first of the week, visiting the local store of the concern.

Torch on Water

L. G. Wade, self made scientist of Yoakum, Texas, (inset) successfully predicted several earthquakes with copyrighted and verified statements. He continues his scientific career now with theories determining the location of oil. To prove his newest theories, he has spudded in on a location of his own discovery in DeWitt county, south of Yoakum. The rig is shown in the photo.

Mrs. A. R. Dickinson of Houston is a guest of Mr. and Mrs. J. H. Miller.

Pupils Of Miss Maxine Murdock In Piano Recital

A good crowd was on hand for the piano recital given by pupils of Miss Maxine Murdock at the High School auditorium last Thursday evening. The program was varied with solo and ensemble numbers, readings and a number by the toy symphony orchestra.

Those having a part in the program were Louise Bean, Mary Janet Grimmer, Mary Frances Bean, Gordon Rendall, Billy Grimmer, Betty Grimmer, Betty Los Coates, Mary Alyce Smith, Ora Louise Cox, Crystelle Carson, Mary Louise Harvick, Janice Watts, Barbara Elizabeth Couch, Norman Rendall, Madye Jo Bailey, Esther Kate Pierce, Margie Sehorn, Vicki Pierce, Mrs. Vick Pierce, Mary Williams, Mrs. J. P. Pogue, Miss Aleen Hampton, Ernestine Watts, Dorothy Henderson, Gene Montgomery, Miss Patti Raiza, Mrs. Alvin Harrell, Mrs. W. J. Grimmer, Mrs. Royce Smith, Miss Norene Allison and Miss Maxine Murdock.

Mrs. Arthur Phillips is spending the week in San Angelo visiting her mother.
