## OZONA BEATEN IN FINALS AT DIST. TOURNEY

### Lions Carve Way To Championship Try At Ft. Stockton

### PRESIDIO WINNER

### Two Locals Are Named On Coaches' All-Tournament Team

Coach Ted White's High School Lions battled their way through a hectic series to the finals in the District 30 boys' basketball tournament at Fort Stockton last week and only to lose by four points in the final encounter with the Presidio quintet, tournament winner.

Trouncing Barstow handily 37 to 18 in the opening round, the Lions next conquered Toyah in a hard-fought battle, the score being 24 to 19, to put the Lions in line for the finals.

The Lions were favored to win over Coach Clifton Moss' fighting Presidio team. At the half the score was knotted 10 all. In the third quarter, Ozona rooters went wild as the locals began hitting their stride to take the lead. But the Presidio lads came from behind under the leadership of LeVett, high point man of the tournament, and Hill. With only thirty seconds to go, the score was 20 to 20 for Presidio and another long shot by Hill cinched the cup and district championship for Presidio. Hill was high point man of the championship game, scoring 18. Rutledge of Ozona shot eight.

### Lions Win Honors

Sanderson, champions of the recent Ozona tournament and a favorite at the Stockton meet, won the consolation cup by defeating Barstow in the consolation finals. The championship Presidio team eliminated Sanderson's fast team in the opening round. Presidio's victory gives them the opportunity to represent District 30 in the regional meet at Alpine soon.

Two Lion cage men were selected by the coaches for all tournament honors. Westfall being selected for all-tournament forward and Rutledge for guard. Other all-tournament selections were LeVett of Presidio, forward, and G. Lake of Presidio center and Moore of Stockton guard. LeVett scored 28 points for high-point honors and Miller of Ozona was second with 25.

The box scores of Ozona's opening round, semi-finals and final.

## Angelo Group Boosting Show

### Trade Trippers Here In Interest Of Fat Stock Show

Members of a booster trip in the interest of the San Angelo Rodeo, Fat Stock Show and Sale to be held in that city March 4 to 7, spent several hours here Monday distributing advertising literature for the celebration and extending personal invitations to Ozona people to attend the show.

The visitors, numbering fourteen, were guests of the Ozona Lions Club at luncheon at the Hotel Ozona at noon. Emmett Cox, past president of the San Angelo Lions Club, introduced the visitors and explained their visit here. William Hemphill, chairman of the group for the booster trip, explained the attractions to be offered at the show and called on other members of the group for words of greeting and invitation.

After the luncheon, the visitors who had visited Mertzon, Sherwood, and Barnhart during the morning, left to complete the loop through Sonora, Eldorado and Christoval and back home.

## County-Wide Immunization Campaign Against Contagious Diseases To Be Launched Under CWA Health Program

A county-wide immunization campaign to immunize as many residents as possible against typhoid fever, smallpox and diphtheria will get under way next week under the CWA health and sanitation program approved for this county.

The campaign will be under the direction of Dr. F. T. McIntire, county health officer, who is being assisted by Miss Zoella McKissack, appointed county health nurse under the CWA program. As county health nurse, Miss McKissack is subject to call into the homes of residents for the purpose of giving demonstrations in nursing of the sick in homes, infant feeding, etc., but her primary duty here will be in assisting in the immunization work.

A health survey has already been made of the town, in preparation for the CWA health program. In that survey a total of 565 white residents signed up for typhoid immunization, 259 for smallpox immunization and 89 for diphtheria immunization. Among the Mexican population there were 483 for typhoid immunization, 267 for smallpox and 216 for diphtheria, making a total of 1048 typhoid immunizations, 526 smallpox and 305 diphtheria.

### Diphtheria Toxoid Stressed

The fact that requests for typhoid immunization leads in numbers drew comment from Dr. McIntire and a warning against neglect of the other two safeguards, smallpox and diphtheria, particularly the latter.

"Every child between the age of 1 and 12 years should be immunized against diphtheria," the health officer said. "Both smallpox and diphtheria immunization is positive and certain. The time for diphtheria immunization is not during an outbreak but when the disease is not present in a community. After the disease has made an appearance, it is too late for the toxoid lifetime immunization."

"In the case of the toxoid, im-

## Luther Buys Barnhart Cafe

### Beer To Make First Appearance In New Agency There

C. C. Luther, who recently disposed of his interest in the local agency of the Humble Oil and Refining Co. to Clyde Newberry, his partner in the business, has purchased the Midway Cafe in Barnhart and has added a wholesale and retail distributing agency for popular brands of 3.2 beer.

Mr. Luther took charge of the cafe there this week. Mr. Newberry took over the local Humble agency this week and has moved his family here from San Angelo to make their home. Clyde Barbee, who has been with the Luther & Newberry firm for several years, will continue in the employ of the local wholesale and retail oil distributing agency.

## China Is Topic Of Program For Young Missionary Group

The Young Women's Missionary Society will meet Wednesday, March 7, for its regular program, devoted to a study of China. Mrs. Hugh Childress, Jr., will be program leader. The program will be as follows:

Song—No. 33.  
Prayer—Mrs. Ted White.  
Song—No. 150.  
Scripture—Psalm 67—Mrs. M. T. Blackwell.  
Talk—"Saacham Hospital Fifty Years Ago and Today"—Mrs. Richard Flowers.  
Lord's Prayer.

## New Ruling Raises Teacher Standard In Public Schools

A new ruling by the State Department of Education, which extends the requirements that teachers in the grades as well as the high schools have college degrees or be making regular progress toward a degree, will affect nearly a dozen teachers in the Crockett County system, according to Supt. John L. Bishop.

Under the new ruling, in filling vacancies and new positions with beginning teachers, only those teachers who are graduates of universities, colleges or state teachers colleges with classroom assignments in their respective fields of preparation may be employed. At the same time, the ruling says, principals and superintendents must hold at least the baccalaureate degree and have had certain minimum requirements in educational administration. Teachers and principals and superintendents now in service who do not hold such degrees must make progress toward these objectives by completing at least 18 semester hours in a standard college or university every three years.

## School Grounds Are Landscaped

### 59 Evergreen Shrubs To Be Set Out About Foundation

The finishing touches are at last to be put on Ozona's handsome new high school building with the purchase this week of 59 evergreens and flowering shrubs of various kinds to be set out about the foundation of the building and over the grounds.

The shrubbery, purchased from a San Angelo nursery, is to be delivered and set out within the next few days. Holes have already been dug in readiness for the plants, and as soon as they are set in plan the building will present a much more striking appearance.

Shrubs are to be planted around the foundation of the building on the front or west side, and extending back to the auditorium north entrance on that side and to the manual training department entrance on the south side. In addition, plants are to be set in the corners of the grounds and a tall pine set out near the front entrance walk.

The grounds have recently been filled in and curbed and grass set out in the new soil.

Mrs. Hugh H. Carden and son, Ralph, are here from Lampasas, for a visit with her parents, Mr. and Mrs. Ralph Watson.

## MOTORIZED WOLF DRIVE ON CHILDRESS RANCH RESULTS IN SLAYING OF KILLER THAT HAD PREYED ON FLOCKS OF AREA

A motorized wolf drive on the Walter Childress ranch 20 miles northeast of Ozona, in which nearly a score Ozona men participated, brought results last Monday morning when a big female wolf that had been killing sheep on the Childress ranch for the past several weeks was killed by gunfire from the "wolf posse."

The "posse," riding in nine cars, lined up for a closely linked drive over the entire ranch in search of the killer. The big coyote, responsible for unestimated losses to the Childress flocks the past several weeks, was jumped in the first pasture covered, W. E. Friend, Jr., bringing the animal down with a burst of fire from a shotgun. In the belief that the coyote's

## Huge Bone Dug Up In Excavation Of Gravel Pit In Draw

A giant bone, believed to be a part of the skeleton of some prehistoric animal, was unearthed recently by Fred Cooke in the bed of Johnson Draw in the Davidson pasture south of Ozona. Cooke was digging gravel for use in local street and school ground improvement work when he uncovered the huge bone.

The bone is approximately four feet in length and around 20 inches around in the center. At each end is a knob which formed a joint, the largest of these being eighteen inches or more in diameter, the other slightly smaller.

The huge bone was intact in its resting place in the gravel, but a short time after it was unearthed it began to show signs of disintegrating. Mr. Cooke took the curiosity home and when it was accidentally given a slight jar, it broke into several pieces.

A. W. Jones of the Jones Saddlery plans to gather the pieces and re-assemble the bone and place it on display in his shop.

## Nelson Missionary Circle Entertained By Mrs. Royce Smith

The A. E. Nelson Circle of the Baptist Woman's Missionary Society met Wednesday afternoon at the home of Mrs. Royce Smith for a Royal Service program. Those taking part in the program were Mrs. S. L. Butler, Mrs. Glyn Cates, Miss Jettie Rae Sellers, Miss Louise Crowder, Mrs. J. P. Pogue, Mrs. Buster Hodges, Mrs. Royce Smith, and Mrs. C. J. Watts. Others present were Mrs. Fisher Powell, Mrs. O. W. Smith, Mrs. Hugh Gray, Mrs. Williams, Mrs. Will Miller, Mrs. L. D. Crowder, and Mrs. J. C. Butler.

Both circles will meet at the church next Wednesday, March 4, for the monthly business and social meeting. The Nelson Circle will be in charge of the social, with Miss Louise Crowder, Mrs. J. C. Butler, Mrs. C. J. Watts and Mrs. Glyn Cates as hostesses.

## Stockholders Of Hotel To Meet

### Annual Meeting For Election Of Officers Saturday

Officers and directors of the Hotel Ozona Corporation will be elected for the coming year at the annual meeting of stockholders of the corporation to be held at the Hotel Saturday afternoon, March 3, beginning at 3 o'clock. It was announced yesterday by the president, Jones Miller.

All stockholders of the organization are urged to be present to take part in the proceedings.

## Committees To Discuss Library Commissioners & Woman's Club Groups To Hold Joint Meet

A committee from the Crockett County Commissioners Court, headed by Commissioner Max Schneemann, has been appointed by the court to meet with a committee from the Ozona Woman's Club to discuss the plan for the proposed County Free Library here, a project sponsored by the club.

This was the report brought to the Woman's Club at its regular meeting Tuesday afternoon at the home of Mrs. N. W. Graham, by Mrs. W. J. Grimmer, head of the club's library committee.

The club's committee and the commissioners court representatives will meet sometime before the next court meeting to discuss the plan in an effort to work out some plan whereby the proposed library can be made a reality.

Miss Elizabeth Fussell was leader of the program at Tuesday's meeting, devoted to a discussion of the Pulitzer prize winning novel, "The Store" by T. S. Stribling. Interesting papers on different phases of the novel were given by Mrs. Ira Carson and Mrs. Peck Miller. Mrs. Evart White was assisting hostess. Others present were Mrs. Roy Henderson, Mrs. P. L. Childress, Mrs. B. B. Ingham, Mrs. W. R. Baggett, Mrs. Joe Pierce, Mrs. George Bean, Mrs. W. J. Grimmer and Mrs. Davis Kelly of Sheffield, president of the newly organized Sheffield Study Club, fostered by the Ozona club.

## Missionary Society Meets At Home Of Mrs. Geo. Montgomery

Members of the Woman's Missionary Society of the Methodist Church met Wednesday afternoon at the home of Mrs. George Montgomery for a study of the mission book, "The Christian Missions in America." The program was under the leadership of Mrs. Fred Deaton.

The program opened with a prayer by Mrs. W. R. Baggett, followed by a hymn and scripture reading. Various chapters of the book were discussed by Mrs. Charles Williams, Mrs. Will Baggett and Mrs. Scott Peters. Mrs. Victor Pierce furnished a piano solo, and Mrs. B. B. Ingham discussed the topic of Christian education. The meeting closed with a prayer by Mrs. J. A. Fussell.

Those present for the meeting were Mrs. L. E. Townsend, Mrs. Chas. Williams, Mrs. W. R. Baggett, Mrs. Charles Coates, Mrs. Scott Peters, Mrs. N. W. Graham, Mrs. B. B. Ingham, Mrs. Montgomery, Mrs. V. I. Pierce, Mrs. J. A. Fussell, Mrs. Fred Denton and Mrs. Joe Pierce.

The next meeting will be at the home of Mrs. Charles Williams with Mrs. John Bailey as assisting hostess. Mrs. Roy Henderson will be the program leader. Mrs. Floyd Henderson will discuss the third chapter of the book, "The Expansion of the Gospel Yesterday and Today." A vocal solo by Mrs. Joe Pierce will complete the program, which will be followed by a business session.

## FRESHMAN CLASS ON VISIT TO OLD FORT

Members of the Freshman class of the Ozona High School, under the guidance of their history teacher, C. S. Denham, were taken on a picnic and historical tour of the site of old Fort Lancaster and surrounding hills last Friday. The group enjoyed lunch eaten in the shade of the Live Oak Creek grove. Mothers assisting with the lunch and transportation were Mrs. Pon Seahorn, Mrs. Monroe Baggett, Mrs. Joe Davidson, Mrs. Charles Williams and Mrs. Amonetta.

Childress is recovering from illness that kept him in bed last week.

## BISHOP QUILTS END PRESENT SCHOOL YEAR

### School Supt. Here Six Years Hands Resignation To Board

### NO ACTION TAKEN

### Successor To Be Named At Board Meeting To Be Held Soon

John L. Bishop, who is serving his sixth year as superintendent of the Ozona Schools and his eighth year in the local system, has handed his resignation to the local school board, effective at the close of the present school year, he announced this week.

No action has yet been taken by the school board on the matter of naming a successor to the superintendent's post. The election of a superintendent will probably be taken up at a regular meeting of the board sometime early this spring.

Mr. Bishop has made no announcement of his plans for the future, but is understood to be considering several offers both in and out of the teaching profession.

Mr. Bishop came to Ozona eight years ago to accept a position as principal of the high school under the then superintendent, C. C. Minatra. This post he held two years and upon Mr. Minatra's resignation was elected to the superintendency, a position he has ably filled for six years.

### STUDENTS ON OUTING TO BEN INGHAM RANCH

A group of High School students enjoyed an outing on the E. B. Ingham ranch on the Pecos River Friday. Dinner was served under the liveoaks to the following: Willie V. Coose, Esther Kate Pierce, Dorothy Henderson, Eda Schneemann, Billy Childress, Batts Friend, Billy Seahorn, E. B. Ingham, Joe Friend, J. T. Patrick, Taylor Deaton, Mrs. Joe Pierce and Mrs. Fred Deaton.

### EPWORTH JUNIOR LEAGUE Sunday, March 4, 1934

Activity Period led by Beecher Montgomery.

Mrs. Morris Dudley, who has been confined to her bed for the past two weeks, is able to be up for short intervals.

## Ozona In New Football District

### Six Teams Of West Half Dist. 14 Compose New Unit

The next football season will find Ozona High School, along with five other high schools originally comprising the west half of district 14, in a newly created district, number 17, containing only the six teams of the old west half district 14.

The new district will be a unit in the "B" conference of the state, all schools in the district being of class "B" standing. Other towns included are Sonora, Rocksprings, Junction, Menard and Eldorado.

R. S. Covey, superintendent of the Sonora school system, was named chairman of the district, and will call a meeting in the early spring to make formal organization of the new unit.

THURSDAY, MARCH 1, 1934.

FREE PUBLICITY

Take any small community in which there exists a newspaper and printshop. If every business or professional man who sells the owner and operates in such a plant anything during any given year, would set aside what he earned from this little group as the basis of his printing and advertising appropriations, it would enormously enhance the community newspaper's capacity to serve that community in promotional work—not only promoting purely business progress but likewise civic work of all descriptions.

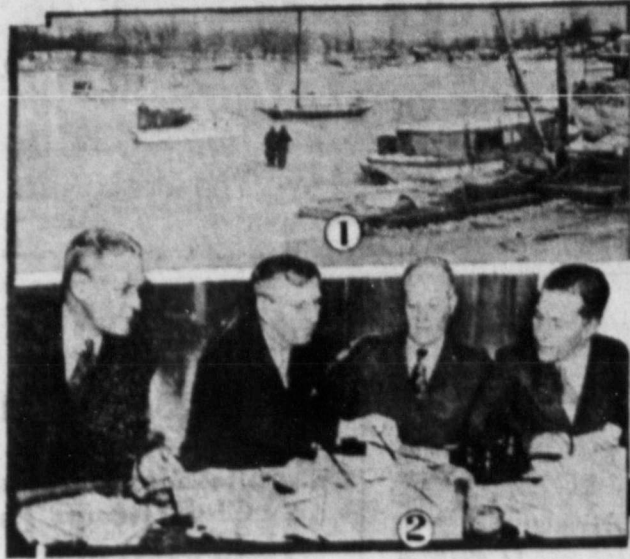

Practically every kind of local activity, business, social, church and school, depends for its success very greatly upon publicity. And the newspaper is the community's instrument of publicity. It would be an undoubted advantage to any small town if its newspaper plant were able to set aside surplus funds, to fight any community tendency toward stagnation—have the means at hand to take up the cudgels, aggressively, in behalf of those things and activities which require intelligent publicity to enable a progressive community to express itself by effective, united action in any given direction. The average country newspaper plant meets this need, not out of a maintained community fund of its own to cover the cost of spreading information throughout its pages, to print promotional placards, to sponsor public meetings and encourage church and educational activities but meets the community's requirements out of its own bare and woefully insufficient earnings. "Free Publicity" is the rock upon which many an ambitious newspaper institution has founded. It is almost universally, the heavy drag which prevents this useful and potentially powerful institution from carrying on the promotional community work which it is so admirably fitted to do. And which no other individual and no other single business institution can successfully achieve.

And yet there must be and should be "Free Publicity." No newspaper can dodge this necessity, nor should it. Churches, or social and civic organizations should not be required to pay of their own funds, any considerable sums of money to carry on their activities insofar as publicity is concerned. Publicity is most effectively and economically achieved by the community's newspaper. It is the newspaper's primary function.

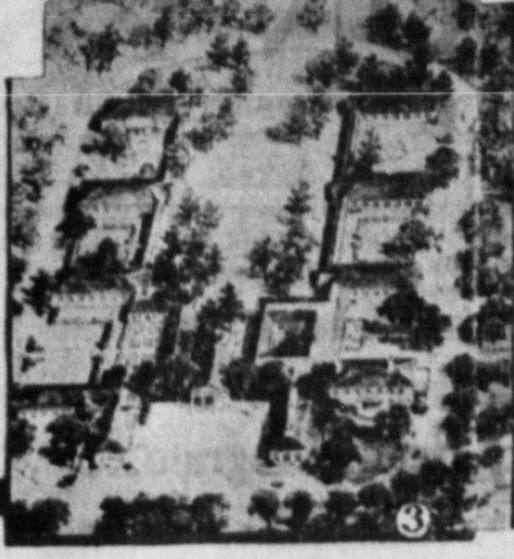

But the successful carrying out of this function must necessarily be limited by the newspaper's financial resources. It would surprise people to discover what a difference it would make both to the newspaper and to the community if, in some way, it should be possible for the paper to create a community promotional fund of its own, out of which to defray its expenditures classified under the head of "Free Publicity." In our own case, such expenditures have ranged all the way from \$200 to \$500 annually, and still we haven't done nearly as much as could be done, and as we would wish to do, under favorable circumstances. The suggestion made at the beginning of this editorial is only one way in which much could be accomplished.

"Free Publicity" is a function of every community newspaper

Scenes and Persons in the Current News

1—The bay at New Rochelle, N. Y., during the record-breaking cold spell in the eastern states.

2—Gen. Frederick Coleman, chief of finance of the army; W. H. Branch, second assistant to the postmaster general; Maj. Gen. B. D. Foulis, chief of army air corps, and Eugene Vidal, director of aeronautics of Department of Commerce, investigating the aviation industry of the country.

which we believe to be entirely legitimate under the stated circumstances. It is not curtailment of this practice for which we are now appealing, but rather an expansion of it, by bestowing upon the newspaper the complete patronage and support by means of which, and by no other possible means, it can hope to "carry on" as it should and as the community has a right to expect.—Brilliant (Wis.) News.

SOME PEOPLE

Every town has a few people who think marvelously well of themselves but can see nothing good in their neighbors. To their way of thinking town officials are always doing things they should not do and are never doing the things that should be done. Other people's children are brats, while their own offspring have halos around their brows. They could run the town better than anybody else, but for some unknown reason the citizens never remember them on election day. The town isn't good enough for them, and yet they continue to hang on when they wouldn't be missed.

GIVE US LIGHT

We forget quickly in this country, but we still remember that billions of dollars were loaned by the RFC to banks and great corporations to keep them off the rocks during the depression.

It would be quite interesting to know how much of this money has been paid back to the government, and what the prospects are for additional payments. Small business firms who are struggling along themselves without aid would especially like some light on the subject.

A newspaper item states that in a certain Texas city a skating rink is being built with a capacity for 1000 skaters. Seating capacity, we take it.

HE'D HAD ENOUGH

The sermon had lasted an hour and a half already. The minister had been reviewing the law and the prophets. He had given an hour to the major prophets and was about half way through the minor ones. At last he paused impressively and exclaimed: "And Habakkuk—where shall we place him?"

A man in the congregation rose at this point, and said: "He can have my seat, Parson!"

In the days of affluence money came easy and went easier, and that's the reason there are so many big debts still unpaid.

NOLEN RESIGNS

Tom Nolen, formerly attached to the Railroad Commission office at McCamey, has resigned and accepted a position with the Starn-Nolan Drilling Company operating in the West Texas Permian Basin.—Crane Co. News.

State Dept. Urges Spring Clean-Up, Health Safeguard

Austin, Texas, Feb. 28.—The warm days of spring will soon be here and the Texas State Department of Health urges everyone to see that their property is cleaned of the winter's accumulation of trash. It is only through individual responsibility and effort that one can have a clean and neat appearing city.

In planning your spring cleaning start with the house itself in the attic and work down, not forgetting the basement. Attics and basements are the greatest collectors of refuse and therefore of dust and dirt that the house possesses, and their neglect often constitutes a serious fire hazard. Do not forget to screen against flies and mosquitoes. The better the job of cleaning, and with a garbage pail kept tightly covered, the fewer flies there will be, because flies love dirt and filth and breed in garbage and other filth.

Under the C.W.A. sanitary project pit privies and septic tanks may be installed at no cost for labor, also private water supplies may be sanitized. This will be a great improvement in rural sections and towns that do not have a city water supply or sewer system.

We are prone to judge people in no small measure by the kind of yard keepers we think they are. Many times you have heard some one say, "No, I don't know the people next door but they cannot amount to much because their yard is cluttered with tin cans and papers and their garbage can is always open." Do not let your neighbors be able to pass judgment on you on such grounds.

STOP GAS PAINS! GERMAN REMEDY GIVES RELIEF

An exchange points to the fact that there is a remarkable similarity between Mr. Hoover and Mr. Roosevelt. Mr. Hoover was called a super-man when he fed the needy with government money. Mr. Roosevelt is regarded in the same light while he is feeding the needy with federal money. Will Roosevelt share the same fate as Hoover when there is no more easy money to hand out?

It seems, though, that the "bad eggs" in prison are often fed on the best eggs the market affords.

Let us hope, however, that the new deal will not include fashions. We can still wear ours a little longer.

### LIVESTOCK MARKET NOTES

By ROY K. SANSOM  
With Natl. Livestock Com. Co., Fort Worth, Texas

In a swing around the principal Northern markets last week, a studied summary of cattle conditions reveal the most serious setback in values since the beginning of the upward price trend just prior to the Holiday Season. Food for thought is the fact that unusually heavy receipts were NOT in evidence to cause this 25 to 50 ct. decline on fed cattle—even more on some unquoted kinds. True, the East had a boggy dressed beef market, and the worst snow storm in 50 years, but at no time did dressed beef go more than 50 ct. off, which as a rule is no more than a moderate daily either way fluctuation—So then why this sock in the eye with nobody speaking out of turn? Your guess is as good as mine.

This week's cattle market opened stronger in the North with a portion of last week's loss regained—a better dressed beef market in the East, and a generally more optimistic undertone. Fort Worth market is strong and higher on all desirable killing steers and shows top fed yearlings at \$6.00—bulk of good ones both ways from \$5.50 and just fair kinds with 4 the front figure according to classification. Heavy fed steers due to sell at \$4.50 to \$5.00, and handy weights at \$4.50 to \$5.50. South Texas grassers sold at \$3.60 but the right kind should crowd \$4.00. Not enough stocker steers here to grease the platter.

By the way—the woods are full of Buyers chasing here and yonder with their tongues hanging out, and wondering what its all about. Yep—they are the same Guys who wouldn't give \$4.00 for them just a short 60 days ago. Their blue-bellied Bankers told them to bide their time and buy them 'later' at \$3.50—now, its all moans and groans when he finds the deck has been stacked on him and he'll likely have to raise his ante on the front figure—maybe a couple o' times—Ouch.

Cows purchased on Government contract sold 10 to 15 ct. higher at \$2.00 to \$2.50. Canners \$1.00 to \$1.25, and packers showing a better disposition on the good fat cows at \$2.75 to \$3.25—pretty warm cow market. REMEMBER—according to the original plans, Friday, March 2nd, is supposed to close this present buying program on cutter cows. Should there be no new program, nor a further continuation of this one, then we may be due for a material drop in present cutter cow prices—and, only naturally, we then would have to lower the price on these \$1.25 cannery. As yet we can get no definite line on the whens and wherefores of this \$200,000,000 but I've got my ear to the ground and can hear that stuff jingling clear over here. Let me suggest you get in immediate touch with your favorite commission man if you have anything to work in on this big program—the early bird, you know. Calves came in for more attention and all the desirable killers selling better this

### Texas Tech Group To Study History Of Yaqui Indians

LUBBOCK, TEX., Feb. 28.—

Setting out March 1 on what is to be a modern research expedition into the Yaqui River country of Old Mexico to collect information as to the history and customs of the Yaqui Indians, Dr. W. C. Holden, historian and anthropologist of Texas Technological College, will lead a group of scientists who plan to bring back accurate and detailed reports of the natives and their country. Penetrating 350 miles into the interior with the nearest town, Guaymas, in the state of Sonora, 80 miles away from their camping base, the group will camp outdoors for the entire period except for stops in Van Horn, Texas; Tucson and Nogales, Arizona; and Hermosillo and Guaymas, Mexico.

H. N. Gould of Tulane University, a protege of Hrdlicka of the Smithsonian Institution, will be physical anthropologist.

Dr. R. A. Studhalter, head of the Texas Technological College department of biology, who discovered the ruffie plant growing wild in the Davis Mountains of Texas a few years ago, will be ethnobotanologist.

Bennie McWilliams, Tech student in anthropology and first string tackle of the Matador football team, from San Benito, will act as interpreter, cook, and truck driver.

Dr. Charles J. Wagner, Lubbock physician, and Charles A. Guy, editor of the Lubbock Avalanche-Journal, will complete the party.

They plan to return April 15.

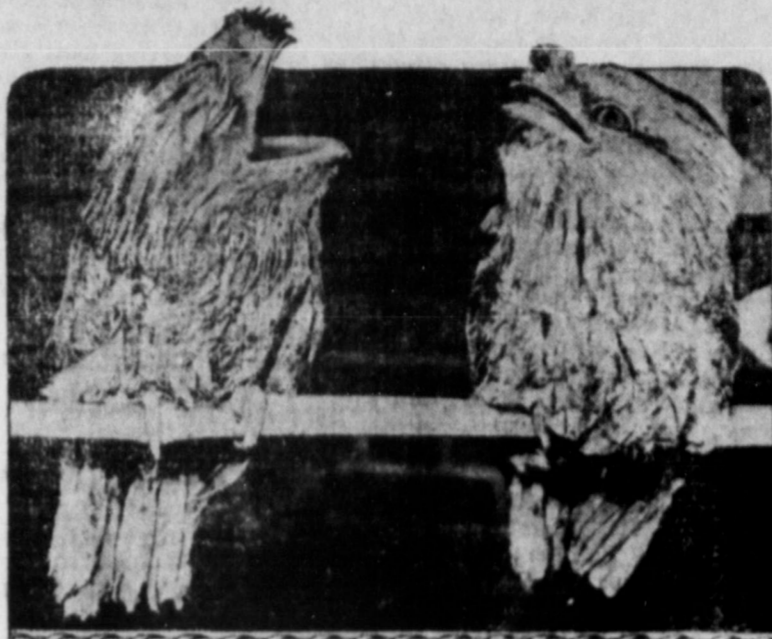

Ashey McMullen has secured a lease on the Fayette Mayes ranch near Big Lake and will start moving his stock to the new location within the next few days. They have been on the Lee Henderson place.

Mr. and Mrs. M. D. Crowder and small son from San Angelo, spent the week-end here visiting Mrs. Crowder's mother, Mrs. Will Miller and Mr. Crowder's father, W. E. Crowder.

### Junior Music Club Presents Patriotic Program At School

Ozona schools observed Washington's birthday Thursday morning at the regular chapel hour with a patriotic program furnished by the Ozona Junior Music Club. The program was open to the entire schools and the public and a large crowd was on hand for the occasion. Jake Miller, president of the club, presided.

### Ugliest Birds at the St. Louis Zoo

Two frogmouths, "ugliest birds in the world," recently arrived at the St. Louis zoo from Australia, the first of their gaping kind to be brought to America. Only the London zoo has similar specimens.

Sam Glover gave the opening address, a tribute to Washington. Vicky Pierce, dressed in a lovely colonial costume gave a piano solo and Esther Kate Pierce in an Indian costume played "The Navajo Warrior."

"The Musical Box" by Liebhich was given as a piano solo by Florene Adams and a musical reading, "The Spirit of '76" was given by Willie V. Coose, with Vicky Pierce at the piano, both in colonial costume. A tableau was presented as an introduction to the reading, characters being assumed by E. B. Ingham, Billy Seashorn, Billy Childress and Drennan Slaughter.

A piano duet, "Turkish March" played by Wanda LaVerne Dunlap and Clara Mae Dunlap and a one-act play, "A Colonial Garden Party," completed the program. Players having parts in the one-act play were Helen Adams, Margaret Ella Drake, Dorothy Henderson, Imogene Baker, Willie V. Coose, Dorothy Fay Drake, Vicky Pierce, Joe Thomas Davidson, James Childress, Max Schneemann, John Childress, John D. Whatley, Ele Bright Baggett, Grover Jones and John Henderson.

Victor Pierce, Crockett County breeder of registered Rambouillet sheep, recently sold 11 head of stud bucks to Guy Rachal of Fort Stockton at \$75 a head.

Mr. and Mrs. Joe T. Davidson were in San Angelo Tuesday.

### PHYSICAL HABITS DERANGE THE SPINE

Parents need to watch carefully the posture of children. Any tendency to stooped shoulders, to hip curvature, or slouchiness, should be corrected. Boys who carry papers are apt to have one shoulder higher. Girls with a baby to tend are apt to support the child on one hip and thus one hip becomes higher.

The correction where the trouble has become a habit, is to get chiropractic spinal adjustments. Disturbance of the spinal joint alignment in the region between the shoulders may cause chronic stomach, lungs or heart trouble.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs. Consultation is Free.

munization does not take place for a period of months, and after an exposure, anti-toxin must be given for protection and that immunization is too short lived for safety. Every child is entitled to protection from diphtheria and smallpox, as well as typhoid."

The immunization program will probably get under way early next week. Persons desiring the serums will be given appointments with their own family physician. Both Dr. McIntire and Dr. H. B. Tandy will set aside an hour a day for immunization and appointments will be made each day for these periods. Miss McKissack, the health nurse, will arrange the appointments.

#### Cost To Be Nominal

There has yet been no decision made as to the cost of the immunization to each individual. As soon as the price of the materials to be used is known, the price will be fixed at a minimum level. Those who are able to pay the full amount will be required to do so, while those who are unable to pay the full amount but can pay for the materials used will be asked to do so, the doctors to donate their services, and those who are unable to pay any of the amount will be given immunization as soon as arrangements can be perfected.

"The object of this program," Dr. McIntire said, "is to get as many persons in the community immunized against these diseases as possible and thus to insure against an outbreak of epidemic proportions for many years to come. With the whole-hearted cooperation of the citizenship in this project, this object and its attendant result can be attained and a real menace to the community removed."

### METHODIST NOTES

Preaching Sunday morning at eleven o'clock, subject "What Is Right With the Church?" It seems that we have hardly been fair in our judgment sometimes. Too often looking at the weaknesses and failures, supposedly so at least, forgetting that even in such a criticism we are holding up a high state and standing for the church. We invite you Sunday morning to worship with us. Our song service will be entertaining and worshipful. Beginning with the sacrament of the Lord's Supper, the devo-

tional period will lead you into a faith which will help you to meet tomorrow's problems.

We have moved the League services up to 6:45, and the Sunday night preaching services to 7:45, for the month of March.

J. H. Meredith, P. C.

Mr. and Mrs. John L. Bishop and small son went to Brownfield, Texas, Saturday to be at the bedside of Mrs. Bishop's sister, who underwent a serious operation in a hospital there. They returned here Sunday and at last reports, the sister was resting well.

### MRS. HUGH CHILDRESS, JR. LAS AMIGTS CLUB HOSTESS

Mrs. Hugh Childress, Jr., entertained her bridge club at her home Saturday afternoon. Miss Helen Montgomery won high score prize and Mrs. Marshall Montgomery second high. Other guests were Mrs. Alvin Harrell, Mrs. Bill Conklin, Miss Ethel Childress, Mrs. Bob Weaver, Miss Mildred North Mrs. Clifton Brooks Mrs. Beeler Brown, Mrs. Douglas Kirby, Miss Wayne Augustine and Mrs. Richard Flowers.
