The second half of the 1934 Texas Independent League tag chase will get up steam when the Ozona Giants and champion Texon Oilers touch in a two-game series Sunday and Monday afternoons. At the same time, San Angelo will do the newest entry in league play, the Del Rio Cowboys, will be a set-to as a second half opener. The heavy hitting Oilers will make their first introduction to Pat Caraway, left-handed former big league pitcher, who has been added to the Giant hurling staff by the teams last met. Caraway will pitch for the locals in the Sunday fracas and Lefty Weick will do mound duty Monday afternoon, manager Andy Andrews announces. Rex Russell, veteran first sacker for the Ozona club, may be absent from his accustomed position in the Giant infield in the second opening games. He is suffering from an injured foot and has been out of practice sessions all week. Unless the injury heals faster than expected he will be unable to play Sunday. Beeler Brown, who has served on the infield sack in clutches, may be shifted to that position. Ed Ratcliff, dependable hitter and all-around player, will be in the Giant line-up, probably in the outfield, with Dorley, F. Russell, and Cox completing the infield and Weaver Brown or Greer the outfield. Depending on the necessity of filling the first base position.

Seven-Day Service To Be Inaugurated Sunday

Starting next Sunday, Ozona is to receive Sunday mail service regularly, the mail leaving Ozona at the usual hour Sunday morning and the incoming mail from Barnhart arriving at the same hour it now does in the afternoon.

This added service was granted this community upon presentation to the postoffice department at Washington of a petition bearing the names of several hundred local patrons of the service last summer.

A new contract for carrying the mail between Ozona and Barnhart is effective Sunday, the present contract held by L. C. Lynch expiring on that date. Mr. Lynch did not bid on the route for the next year and the contract was awarded to W. E. Thomas of Maryneal, Texas. Mr. Thomas and family have already moved here. He is an uncle of Clyde Leath, Magnolia station operator.

Taxpayers have only two more days, exclusive of today, in which to pay second half 1933 taxes and delinquencies including 1932 levies, without heavy penalties.

It was pointed out that taxpayers may save a large portion or even 100 per cent of his tax bill on old delinquencies by paying before July 1. All 10 per cent penalties and 6 per cent interest charges are withdrawn if paid by then, otherwise, they remain in effect on each year's taxes as delinquent.

Primary Election Officials Named

Lack Of Local Contests Takes Interest From Vote

Appointment of election officials to have charge of the July primary election to be held July 28 and arrangement of the ballot was accomplished at a meeting of the Crockett County Democratic executive committee the first of the week.

No contests for county office developing here, little interest has been shown in the election to date in this county. Despite the large field out for the office of governor, this race is also attracting but little attention here.

The local ballot will contain the names of 48 candidates for state and district offices. Only five candidates are listed for county and precinct offices locally, all unopposed, Judge Charles E. Davidson for re-election as county judge, George Russell for re-election as county and district clerk, W. S. Willis, for re-election to the office of sheriff and tax collector, with the added duty of tax assessor next year, and Tom Casbeer for re-election as county treasurer. W. M. Johnigan, at present night watchman, is seeking the office of justice of the peace, the post now held by Bryan McDonald, who did not announce for re-election.

Likewise, no contests have developed for the various district offices, Congressman R. E. Thomason being unopposed as is E. F. Higgins of El Paso for associate justice, court of civil appeals, 8th district, Coke Stevenson for state representative, Judge Joe G. Montague for district judge and Weaver H. Baker for district attorney.

Presiding officers in the various voting boxes were named by the executive committee and instructed to select their own crew of election officials. John R. Bailey was named presiding judge of the Ozona box, J. R. Jones for the power plant box, Charley Black for the Powell Field box, Ollie Parker for the Parker box, Charles Coates for the Howard Well box and Claude Owens for the Owens box.

NEWS ITEMS OF 1776

Items from old newspapers are of interest to many, and here are a few from the Massachusetts Sun, published in Worcester on July 17, 1776, the front page of which was devoted to the Declaration of Independence, then less than two weeks old. A news letter from New York said:

"On Wednesday last the Declaration of Independence was read at the head of each brigade of the Continental Army at or near New York, and everywhere received with loud huzzas and utmost demonstration of joy. The same evening the equestrian statue of George III was by the sons of freedom laid prostrate in the dirt. The lead wherewith this monument was made is to be run into bullets to assimilate with the brains of our adversaries, who, to gain a peppercorn, have lost an empire."

A resolution by the House of Representatives of Watertown requested that people of that colony donate their leaden window weights for the making of bullets.

Among the notices was one stating that there were "considerable numbers of prisoners in the town, who were willing to go out to service if proper persons should appear to hire them."

Delinquent subscribers were a problem in those days, as they have been ever since, it appears from a card from the publisher, who thanked those readers who paid up, adding "He begs that such as have not paid him would be so considerate as to think of the great disadvantage it must be to him to have so many small sums in different hands, therefore would now request that they would pay their respective balances, which will greatly oblige their humble servant, Isaiah Thomas."

After 158 years a good many publishers may still find Mr. Thomas' courteous suggestion quite applicable to present conditions.

ANOTHER EXPENSIVE LESSON

A lot of sympathy is being expressed for the business men and property owners of Eldorado who were victims of the \$20,000 fire loss suffered a few nights ago when a whole block of business houses in that pretty little town was destroyed. The fire broke out in a feed store and more than 200 citizens stood by helpless while the flames consumed that and adjoining business buildings.

Eldorado, like Ozona, has no fire protection. Not even a bucket brigade was formed to combat the fire, press dispatches said. And it was a wise citizenship that did not waste its time and energy fighting fire with a bucket brigade. Big fires are many times not to be controlled with adequate fire fighting machinery and even small ones are most of the time too big to combat with buckets.

But the point of the story is this. The daily press carried a dispatch from Eldorado this morning to the effect that the citizens of that town were already discussing means of securing fire fighting equipment for their protection. They are locking the stable after the horse has been stolen,—but they may have another horse in the stable. Anyway, they now see the imperative need for adequate fire fighting equipment. It is noteworthy that no insurance was carried on the buildings and stock destroyed. Probably the lack of fire equipment caused insurance rates to be so high that property owners felt they could not afford to keep it.

Eldorado's situation is so similar to that of our own, and her sad experience so likely to be our own, that this discussion is inspired. Some day, and it may not be so long, Ozona is going to suffer serious fire loss; maybe so serious that the town will be entirely wiped off the map. That could easily happen were fire to break out in the right place at the right moment sometime when a high wind is blowing.

When that happens, Ozona citizens are going to get their heads together without further delay and work out some plan for the purchase of fire equipment. It will be a most expensive lesson, a lesson that may cost one or more lives. But it seems we must wait until we get that lesson before we act. Eldorado waited, and it cost them \$20,000—enough to buy fire equipment to protect the town for many years to come.

Ozona has millions of dollars worth of property—beautiful homes that cost as high as \$50,000, business buildings that cost up to \$100,000, public buildings, churches, and the like that cost up to \$200,000 or near it—all still standing by the grace of a kind Providence. They are standing today. Tomorrow they may be a smoking ruin. One fire may cost more than ten adequate fire departments. Most of these buildings are covered by insurance, but no building or stock of merchandise can be completely covered by insurance. An incipient fire in an uninsured building that is extinguished is far less disastrous than one that consumes a "fully" insured one.

It seems absurd that a community with so much at stake would go on day after day, putting off buying something that would cost them nothing and may save them millions. And fire fighting equipment would actually cost Ozona nothing—the saving in fire insurance premiums alone would pay for the equipment in a few years. Fire insurance companies are business concerns, making profit for themselves and their stockholders. When the risk is great they either refuse insurance or charge for it in accordance with the risk they take. When that risk is lessened, the rate goes down accordingly. That is all governed and supervised by the state fire insurance department. The 15 per cent reduction recently granted Ozona as a result of the action of the Lions Club in appointing a fire marshal is estimated to save Ozona \$1,000 a year in premium charges. A far greater reduction would result from the purchase of fire fighting equipment, no doubt, and it would take but a few years to save the purchase price—everybody who carries fire insurance sharing in the saving every year.

In the face of these conclusions, it seems folly to go on without protection. Not only can the community afford it, but it can not afford to be without it.

Vaccination For Smallpox During Vacation Is Urged

AUSTIN, Texas, June 27.—Parents of children who will enter school this fall, are reminded by Dr. John W. Brown, State Health Officer, that vacations are a good time to have their children vaccinated against smallpox.

"The family physician is expected to vaccinate every baby and young child under his care," Dr. Brown said, "and the parents should see that it is done. The earlier it is attended to, the better it is for the child. Until the child enters school, the responsibility for having him or her protected against smallpox rests with the parents. After this it is shared by the teachers."

"Children, if vaccinated in the first year of life and again in the tenth or twelfth year, will be immune to the disease, practically for life. Single vaccinations usually last from seven to ten years. In part, this explains why most of the cases that have developed in the past few years are in adults who were vaccinated only once."

"Smallpox is a disease of ignorance and indifference. It attacks the rich and the poor, the healthy and the weak, with no discrimination; but it does not attack the immunized person who safeguards his health by taking advantage of modern preventive medicine."

"To stop vaccination would be relaxing our vigilance and the result would be rapid infection of non-immune people. There were 854 cases of the disease last year in Texas, every one of which could have been prevented by recent vaccination."

Shopping With YOURSELF

IN MANY of our larger cities shopping has become a profession. Experienced women who know the stores and shops, who know merchandise and values have gone into business as "Shopping Guides."

To a stranger, a trip with one of these professional shoppers is a great saver of time and trouble. No matter what the visitor wishes, her Shopping Guide knows just where to go—for quality, materials, styles, sizes, prices, specialties.

And where do these professionals get their information? They are probably the world's most conscientious and thorough readers of daily newspaper advertisements.

Clever? Yes! But any woman can be just as smart. Just turn to the advertisements in this paper and let them be your Shopping Guide. No professional shopper can take you to more reliable or smarter shops than the ones that advertise in this paper. No professional shopper can give you such accurate or intimate details about merchandise, about neevness, about style, about quality, about bargains.

The merchants and manufacturers who advertise in this paper are dependable. You can believe in their statements. They have spent their money to tell you what their expert buyers know to be the truth about the merchandise they have selected for you. Their salespeople know their goods intimately.

Study the advertisements. Make a list of the things you need and the stores where they may be had. Be your own professional shopper.

Hints for the Household

By Betty Webster
HOUSEHOLD HINTS

Chewing gum fastened to your clothing or furniture can be easily removed without much trouble. Even on a "hairy" surface—there will be no trace left of the gum— if you wipe the spot with the white of an egg. Try it some time should you be in this predicament. It works splendidly.

Open Vegetable Sandwiches
Here are a few suggestions for some pretty and tasty vegetable sandwiches—ideal for serving at September parties.

Fresh Mushroom Sandwiches
Fresh mushrooms (chopped fine),
Salt,
Flour (little),
Butter.
Method: Fry altogether until brown. Cool and spread on bread. Do not spread butter on bread as this is a very rich sandwich filling in itself.

Asparagus Tip Sandwich with Mayonnaise
String beans chopped with chili sauce makes a good sandwich.

Brown bread, buttered. Spread with minced sardines moistened with lemon juice. Decorate with pickle and pimento. Makes a very delightful sandwich.

Salmon Sandwich with Tartar sauce is delicious.

COOKING HINTS
Tomato and Summer Squash

White Sauce.
Method: Slice tomatoes quite thick. Slice squash same thickness as tomatoes. Dip in flour. Fry in oil and cook until done. When done remove to hot platter. Make the sauce in pan vegetables are cooked in. Pour over vegetables and garnish with bacon.

Egg Beater
Egg beaters are now made in various sizes. One very convenient size is made to fit a measuring cup. So when one egg is called for, it can be beaten in measuring cup, saving an extra bowl. It is very handy when whipping a small quantity of cream.

Chili Sauce
Red tomatoes,
Onions,
Red peppers (hot),
Two tablespoons of sugar,
Two tablespoons of salt,
Two cups of vinegar.
Method: Chop tomatoes, onions and peppers together. Add the remaining ingredients and cook slowly at least an hour.

BAKING HINTS
Stuffed Flank Steak
One pound of Flank Steak—about 1 pound.
Seasoning (including onions and carrots),
Cup of boiling water.

Pour boiling water over this and cook 20 minutes in hot oven. Then uncover and cook 20 minutes in a moderate oven. Make gravy.

Stuffing
Cup of bread crumbs,
Two tablespoons of melted butter,
Salt,
Pepper,
Egg,
Butter.

Land Bank Head To Washington For Conference

A. C. Williams, president of the Federal Land Bank of Houston, is in Washington, D. C., attending a meeting which is being held by officials of the Farm Credit Administration and presidents of the 12 Federal land banks in the United States.

The meeting was to be given over to discussion and an exchange of suggestions arising out of the year's operation of the refinancing program which has resulted in the closing to date of approximately 358,000 Federal land bank and land bank commissioner's loans, aggregating approximately \$300,000,000.

In addition, the 12 land bank presidents will work out the allocation among the banks of the recent refunding issue of four per cent, consolidated Federal land bank bonds, it was announced.

"Safe And Sane" Fourth Is Urged By Health Head

AUSTIN, Texas, June 27.—Taking note of the approach of the great patriotic National holiday, July 4, which this country has celebrated for one hundred and thirty-eight years, Dr. John W. Brown, State Health Officer, calls attention of the people of Texas to some of the dangers of carelessness celebrating. Each year on the 5th of July one reads of the appalling number of accidents which occurred over the Fourth.

It is not alone the wounds received from explosives that increase our death toll. Injuries from automobile accidents, splinters, nails, and other penetrating wounds in which dirt may be carried into the skin heighten the hazard of tetanus or lockjaw. Such wounds should be promptly treated by a physician.

If the day's pleasure includes a swim, caution should be used and no attempt made to do more than your strength will permit. If a drowning takes place, artificial respiration should be started at once and continued until a doctor arrives.

Automobile accidents have usually one of three causes—exceeding the speed limit, driving on the wrong side or failing to grant the right of way. It can be seen that the chief factor in auto accidents is the judgment of the "machine" within the machine. Caution should guide the holiday activities so that the day may be remembered with joy instead of sorrow.

Dollar Sales In Retail Field Make Favorable Showing

ADSTON, Texas, June 27.—Retail dollar sales in Texas during May made a very favorable showing, according to Dr. F. A. Boucher, assistant director and statistician in the Bureau of Business Research of The University of Texas.

Reports from 88 stores covering all sections of the State show an average increase in dollar sales of 21 per cent over April and 22 per cent over May, 1933. Sales for the year to date averaged 20 per cent above the corresponding period last year. Although every city from which reports were received made a favorable showing, those cities which were above the average compared with their showing in May and the year to date, 1933, were: Abilene, Corsicana, San Antonio, Temple, Tyler, and Waco. The "all other group," consisting of stores in smaller towns again made the best comparative showing.

Of the various types of stores, men's clothing stores had the largest increase in sales compared with May last year, followed in order by women's specialty shops, smaller department stores, dry goods and apparel stores, and larger department stores. Compared with April, the smaller department stores made the largest percentage gain, followed in order by men's clothing, larger department stores, dry goods and apparel, and women's specialty shops.

Collections of outstanding accounts also were highly gratifying in May 36.5 per cent of accounts outstanding were collected against 31.5 per cent during the same month last year.

OZONA SET TO—

(Continued from page 1)

Wayne West, president of the Crockett County Fair Association, has covered much of the West Texas territory in the last few weeks advertising the local show and interviewing prospective entrants in the various divisions, and declares that Ozona is going to be taxed to its limit to entertain the visitors here next week. Livestock to be entered in the various shows and sales is expected to begin arriving the end of this week as are race horses to be entered in the three-day race meet. Approximately \$1500 in purses for the three days races is expected to bring some of the best horses in the area to the local meet.

Big Carnival Coming
The Badger carnival company is also expected to pitch tents on the show grounds the week-end. With five riding devices and more than twenty concessions, this company is one of the leading carnival concerns now touring the south. The carnival attractions and an open-air dance each evening on the fairgrounds platform will furnish entertainment for the crowds at night. Ted Price and his orchestra, radio broadcasting artists from Dallas, have been secured to furnish music for the dance each evening on the fairgrounds platform, according to Joe Oberkamp, chairman of music. Price is well known all over the state and capacity crowds are expected for the dances each evening.

Ouch!
A Broadway monologist who

had worn a dent in the concrete between broadcasting stations finally became so desperate that he phoned the program director of a second rate station with this appeal: "Say, my family's starving and I need money right away. "That's a great idea," snapped the executive, "Come right up and I'll give you an audition."

BARNHART NOTES

By E. J. WYATT, Correspondent

Billie Gene Linthicum, daughter of Mr. and Mrs. Eugene Linthicum, returned last Saturday from Merton where she had been attending camp at Louis Farr. She reported a very good time and an excellent camp this year.

BAPTIST MEETING IN PROGRESS AT BARNHART

The Baptist Meeting which started here last Thursday night is reported to be progressing very nicely. Rev. Ralph Grant from the Park Heights Church of San Angelo has charge of the services. Warren Capps of Brownwood has charge of the song service, while Miss Edwina Girvin of Merton is musician. The meeting so far has been well attended and the attendance growing each night. Several have united with the church by baptism and also quite a few rededicated their souls to God.

Clyde Parry, employe of the Texas Oil Co., left last Friday to join his brother enroute to visit with their parents who live in the northwestern part of Colorado.

Audrey Yardley of Merton is visiting with his aunt and uncle Mr. and Mrs. J. B. Westfall. Audrey has lived here much of his life and we are always ready to welcome him back.

The annual Irion County Rodeo and Barbecue will be held at the Merton Park on July the fourth. There will be a dance the night of the 3rd and 4th. A large crowd will be expected.

Mrs. Dave Dunkin and daughter, Virginia, are visiting here from Merton with Mr. and Mrs. Homer Dunkin and family.

Ollis Frank, Jr., was hurt when a horse fell on him last week, while working on the ranch west of town. When the horse fell Junior's leg was caught under the swell of the saddle and pinned it under the horse. The boy has been suffering from the soreness in his knee but is improving now.

Mrs. Clint Shaw has been going regularly to a physician at Ozona the past week.

R. S. Neal, local trucker, took a truck load of sheep last Tuesday to the Ft. Worth market for W. A. Kay. Mr. Kay accompanied Mr. Neal on the trip. They are to be gone three days as they are remaining one day in the city on business.

Mr. and Mrs. J. F. Miles had as their guests last week-end Mr. and Mrs. Otis Burson of Loveland. The two families were very good friends some years when they both lived at Ropes. Their visit was enjoyed by the Miles family.

TAXPAYERS

HEED THIS WARNING

If You Would Save Many Dollars . . . and
The Time Is Short . . . ACT NOW!

Senate bill No. 262, releasing all interest and part of penalty, ends June 30th, 1934! Therefore, a few weeks remain in which to escape paying the inevitable penalty on delinquent Crockett County taxes. After July 1, 1934, 6% interest per annum from original date of delinquency, PLUS 10% PENALTY, will apply to YOUR DELINQUENT TAXES! For example . . .

- 18% will be added to '32 delinquent taxes.
- 24% will be added to '31 delinquent taxes.
- 30% will be added to '30 delinquent taxes.

(A delinquent cost will also accrue in addition to above).

Don't wait another day—make your arrangements now to pay your delinquent county taxes. The above is in the manner of a warning to taxpayers—not a threat, as this matter is fixed by statute.

A substantial reduction in taxes could be made in 1935 if those who could would pay delinquent taxes NOW!
