COL. EVERETT FOUND DEAD IN PASTURE

Pandale Rancher, Former Ozonan, Thought Apoplexy Victim

RITE HELD HERE

Searchers Find Body Twenty-Four Hours After Death

Apparently the victim of apoplexy, Collins Everett, 47, rancher south of Pandale in Val Verde County, was found dead a few miles from the ranch house early Tuesday morning by a searching party from the ranch who went out to look for him after he failed to return to the ranch Monday night.

Mr. Everett left the ranch house early Monday morning and was not seen alive again. When he failed to show up at the ranch Monday night, a search was instituted and the body was found about the middle of the morning Tuesday, searching parties being led to the body by Mr. Everett's dog, who had remained in the vicinity during the 24 hours his master lay dead in a deep canyon.

The bodies of fourteen javelina hogs, slain by Mr. Everett, were found near the body. Several of the animals had been skinned and Mr. Everett was apparently engaged in skinning the animals when seized with the fatal stroke. His body was crumpled forward, resting on knees and forearms, with the head sunk to the ground. His horse was grazing a few hundred yards from the body.

Funeral Wednesday
Funeral services were held here at 11 o'clock Wednesday morning from the Harry Friend home, the Rev. Leon M. Gambrell, pastor of the First Baptist Church, officiating. Burial followed at Cedar Hill Cemetery, where graveside services were conducted. Joe Oberkamp's undertaking service was in charge.

The body was buried near that of the father and mother, Mr. and Mrs. Joe Everett, the father dying here 18 years ago and the mother being buried here two years ago. The Everett family is one of

Barnhart Drama Club Presents Play Here Fri.

"Mill of the Gods" to Benefit Parent-Teacher Assn.

"The Mill of the Gods," a highly dramatic production, will be presented by a home-talent cast of players from Barnhart at the Ozona High School auditorium Friday evening under auspices of the Ozona Parent-Teacher Association. The play was first presented to an enthusiastic audience at Barnhart recently by the Barnhart Dramatic Club. Both the Dramatic Club and the Ozona P.T.A. will share in the proceeds from the presentation here.

The curtain will rise on the production at 7:30 Friday evening. Admission prices will be 20 and 35 cents.

"The Mill of the Gods" is an intensely interesting and dramatic story of small town folk, whose even tenor of living was suddenly electrified by startling dramatic developments. It is an excellent vehicle for intense character portrayals and some excellent dramatic work is turned out by leading members of the cast, according to those who witnessed the Barnhart presentation.

Members of the cast include Alvin Newman, Aline Owens, Irene Bowman, Clyde Parry, Elsie Bowman, Julia Dunkin, Christine Shaw and E. Kilpatrick.

Federal Farm Census Under Way In County

John Barton Appointed Enumerator For Crockett Co.

"Farmers" and ranchers of Crockett County are being asked about their crops, how much better they made, how the soybean, and other bean crops were, how many chickens, turkeys and pigs they raised, how much cotton, and finally, how many calves, lambs and kids, in the Federal Farm Census now in progress.

John Barton has been named enumerator for the federal census in this county and is now at work covering ranches in Precinct 1 of the county, the work to be done by precincts.

Questions in the survey enumerate all facts in connection with operation of the farm the past year, acreage owned and leased, how used, value, kinds and quantities of various crops raised, number of livestock of all kinds and total amount of wool and mohair clipped. The report covers only the year 1934.

Busby Coming For Revival Meet At Church Of Christ

Horace W. Busby, well known evangelist of the Church of Christ who has conducted church revivals throughout the Southwest during the past twenty years, will come to Ozona from Fort Worth to conduct a meeting here beginning on Sunday, February 17.

Arrangements are in progress at the local Church of Christ in preparation for the coming series of services. Songs will be conducted by Ross Hufstedler, regular song leader, during the daily services.

The coming of the evangelist marks more than a decade of similar visits by the Fort Worth evangelist to this city. L. N. Moody, minister of the church here, announced that the meeting will continue for a week or ten days. Hours for the morning and evening services which are to be held daily are to be announced later.

HAND INJURED IN SOTOL CUTTER GEAR

Welton H. Bunger suffered a broken bone in one finger and painful lacerations and bruises on his left hand early in the week when the member became entangled in the gears of a sotol cutter.

Mrs. Mary Perner suffered a slight heart attack Saturday night but is reported improved this week.

Gray Recovering From Injuries In Truck Accident

Ozona Man Crushed Between Building and Truck Thursday

Injured late Thursday evening when crushed between the building and a truck driven by Marion Williams in front of the Meinecke warehouse, W. C. (Bill) Gray, employe of J. H. Williams and Sons Grocery, was reported today as recovering as rapidly as could be anticipated. He is confined in the Shannon Hospital, San Angelo.

Accompanying the trucker from the store to the warehouse, Mr. Gray was about to open the doors of the building when the trucker backed into him unknowingly, catching him against the stone base of the building. The injured man was carried to the office of Dr. H. B. Tandy where X-rays revealed severe injuries.

After being carried to San Angelo, detailed X-ray plates there disclosed two breaks in the pelvis, a fracture of the hip bone and broken bones and dislocation in the left shoulder.

Mrs. Gray accompanied her husband to San Angelo and will remain there while he is confined in the hospital.

Big Lake Show Men Announce Plan For New Ozona Theatre

Doyle Martin and A. C. Hammett, owners of the Palace Theatre of Big Lake, were in Ozona Wednesday completing arrangements to install a theatre here, they announced. The Bert Couch building adjoining the Joe Oberkamp store has been leased by the Big Lake exhibitors and remodeling is scheduled to begin in the next day or two, they said.

Projection equipment is due to arrive in the next ten days and will be installed as soon as the building is converted for the new purpose.

The theatre building when completed will seat approximately 250 people and will have outside lobby and ticket booth. There is to be no balcony, the managers announce.

Opening of the new theatre will be on or about February 10, it was declared.

Lion Cagers To Engage Reagan Quint Here Fri.

Locals To Give Return Match At Big Lake Saturday Night

Entering their pre-inter-scholastic schedule in earnest, Coach Ted White's Ozona Lions will engage the Big Lake Owls on the home court Friday afternoon at 4:30. After the fray tomorrow afternoon, the Lions will visit the Feathered club for a return engagement on the Big Lake floor Saturday night.

Touted in early reports, the Owls come here as strong competition and Coach Ted White has spent the week eliminating weak spots in his own quintet. The Big Lake mentor, Bob Nail, is said to be pushing his team for a repeated district win this year in his initial season as head coach. Coleman knocked off the Reagan County club 33 to 13 last Friday in the San Angelo high school tourney. But the Owls have won from Barnhart, Robert Lee, McCamey and Crane.

The Eldorado Tournament, slated for January 25-26, has been called off by the superintendent there. To offset the blank left in the Lions' schedule, Coach White is attempting to secure a match

Johnigan Named To Have Charge Tax Assessing

Appointed By Sheriff As Helper In Combined Offices

Appointment of W. M. Johnigan, justice of the peace and former nightwatchman, as special deputy sheriff in charge of assessing property taxes was approved by the Crockett County Commissioners Court in session this week. The appointment was made by Sheriff W. S. Willis and submitted to the court for ratification.

Under the constitutional amendment which becomes operative the first of this year, the office of tax assessor is combined with that of sheriff and tax collector in counties under 10,000 population.

The court also approved the bonds of Tom Smith as constable of Precinct 1, of E. R. Kinsler as county commissioner and road overseer and of C. E. Grimmer as county surveyor.

The court fixed the salaries of its members at the same figure as last year, \$900 a year for commissioners and \$200 a month for the county judge, with an added \$300 a year as ex-officio county superintendent of schools.

Lemmons Dry Goods Co. Pleaded With Results Of Sale

Ben Lemmons proprietor of the Lemmons Dry Goods Company here, expressed himself as highly pleased with the wonderful response shown to date to the store's Seventh Anniversary Sale. Near capacity opening-day crowds were on hand for the opening of the sale at 9 o'clock Friday morning and sales have been brisk every day since the opening, the management reported.

The sale will continue through the balance of the month. Featured as Friday, Saturday and Monday specials for the coming week-end, however, are the new silk and wool dresses and ladies fall and winter coats, all to be sold at half their former price. At 4 o'clock January 31, the closing day of the sale, \$100 in prizes will be distributed to customers of the store, purchases throughout the sale entitling all to share in chances for the valuable prizes.

SUFFERS SCALP WOUND

Ben Williams suffered a scalp wound which necessitated two stitches Wednesday when he brought his head up and struck it against a piece of steel on a well rig behind his home. Dr. H. B. Tandy administered a tetanus serum.

RELIEF AGENCY IS OUSTED FROM COURTHOUSE ON ORDER OF COMMISSIONERS COURT

Court Says Administration Not Conducting Business With "Decent Liberality And Consideration"

Declaring that it is "not conducting its business in Crockett County with such decent liberality and consideration as to impress the people of Crockett County of its importance," the County Commissioners Court in session Monday and Tuesday ordered the state and federal relief agency here ousted from the courthouse, where it has been furnished quarters since the inception of the program.

Building Notes!
Improvements, Additions, New Structures In Progress

Considerable building activity is noted in Ozona and on ranches of the county during recent weeks. New buildings, additions, refinishing and repairs have contributed to the renewed activity in this line.

The Roy Henderson home, to be one of the most beautiful homes in West Texas, is nearing completion. It is estimated that another month will be required to complete it ready for occupancy.

P. L. Childress has had considerable improvements about his home during recent weeks, including repainting of the exterior, a new roof and landscaping about the grounds.

George Harrell has had a new concrete porch and other repairs and improvements made on the home here occupied by the Ben Robertson family.

The Andy Nelson home, atop the courthouse hill, has recently been remodeled, the upstairs part of the home being refinished and altered for an apartment.

The I. G. Rape and Roy Parker homes have recently been repainted.

H. A. Moore is building servants quarters at his home near the elementary school building.

New concrete tanks have recently been constructed on the ranches of Roger Dudley, Charlie Coates and Mrs. Laura Hoover.

Morris Dudley has built an enclosed porch on his home here.

On the Claude Hudspeth Crockett County ranch, two new rooms have recently been added to the ranch home, to be occupied by Mr. and Mrs. Charlie Hudspeth, Jr., who were married recently.

W. R. Baggett has had two rooms added to the home on the ranch occupied by Mr. and Mrs. R. L. Flowers.

The North Motor Company has just completed refinishing and rearranging the interior of its offices and showroom quarters, moving back the partition between the storage garage and the showroom, to enlarge the space for the latter and building new office quarters.

Mrs. Mae Gray has recently had the interior of one of her apartment houses refinished.

The Jones Saddlery Co. is rearranging and repainting the interior of its store this week.

N. E. Rendall is about ready to reopen his Green Lantern lunch room in the Bunger building. The building has been completely refinished inside.

Hugh Gray is having the interior of a rent house in the north edge of town repainted and refinished.

Mr. and Mrs. Fred Montgomery were here from Sanderson this week visiting relatives and friends.

The order recited that the court has heretofore frequently pledged its co-operation but added that "such pledges were made under the belief that the administration would be efficient." The fact that regular county officers are occupying crowded quarters by reason of a scarcity of office room was also pointed out in the ouster order.

The court's order appeared on the minutes as follows:

"It appears to the Court that the Federal and State Relief Agency, for some reason is not conducting its business in Crockett County with such decent liberality and consideration as to impress the people of Crockett County with its importance; and while this court has heretofore frequently pledged its cooperation, such pledges were made under the belief that the Administration would be efficient; and the Court has been donating a part of the lower floor of the Court House for the housing of the local Relief Administration. And this has been done by this court against the protest of the County officials in need of room for the conduct of the county's business. Wherefore, it is ordered by the Court that such Relief Administration vacate the lower floor of the Court House and if reasonably possible, the whole building; and the Sheriff with the legal janitor of the Court House will act accordingly."

R. O. Smith, county relief administrator, said that state relief authorities would be notified of the court's action and that a field representative of the state administration would probably be here Saturday to look into the situation.

Meanwhile, new quarters were being sought by the administrator for his force and office equipment. It was understood that the relief offices may be moved into the I.O.O.F. lodge hall in the Davidson building.

Thrift Theme Of Parent-Teacher Program Monday

Interesting Program Arranged For Regular Meeting

In observance of National Thrift Week, January 13 to 19, the Ozona Parent-Teacher Association will devote its program and discussion to the topic of Thrift at the regular meeting next Monday afternoon, starting at 8 o'clock in the High School auditorium.

An address by Clarence E. Nelson, principal of the High School, on the subject, "Making the Best of Resources," will be the highlight of the thrift program. Musical selections and a playlet by the Junior High Glee Club and the Fifth Grade pupils are other features of the day's program.

IT'S UP TO US

McCamey News: "1935 will be a great year, if we make it so," says M. C. Couch in his advertisement in the Ozona Stockman.

And Mr. Couch is right. Either we can join the Prosperity crowd or sit down and watch it go by. The time has come when the only way to get business is to go after it—it won't come to you. Towns don't just grow, but are built, and a town is not going to be built any better than its business men see fit to build it.

McCamey lost a large volume of business last year—business that was already right at our door waiting for an invitation to enter—because we sat down and waited for it to come in without an invitation.

The News is pleased to know that a large number of our business men have signified their intentions of "getting into the collar" during 1935 and pulling for more business and a bigger and better McCamey instead of breaking a crupper trying to kick out of the harness. McCamey has held her place as the best city of the entire Permian Basin practically ever since it was first organized, and let's keep it in the place it has always occupied.

BAPTIST CHURCH NOTES

Our message next Sunday morning, 11 o'clock, will be "What We Believe As to the Scriptures." The pastor will explain the authorship of the Bible and what the scriptures mean to us. This is the second in the series of sermons on "What Baptists Believe."

Sunday School meets at 9:45 a. m. If you are not attending Sunday school where you can learn from the greatest book ever produced, come with us Sunday morning.

Baptist Training Union meets at 6:30 p. m. Sunday.

At 7:30 the pastor will speak on "Bible Fools." Maybe we all classify—come and see about yourself.

Remember that Dr. Thomas H. Taylor will speak in this church house Thursday evening at 7:30. A real treat is in store for all who hear him.

A revival meeting is being planned for this church beginning about September 22, 1935. Efforts are being made to secure the leadership of a man who has paid dearly to become a Christian and a Baptist preacher. He led the church in Oklahoma City of which this pastor was then leader in the greatest revival they had ever known.

The old cowica had a calfica, and I was going to call it Nellica but had to change it to Jimica. Your loving Tomica."

CARD OF THANKS

We take this means of expressing our sincere appreciation to the people of Ozona for their many acts of kindness and thoughtful sympathy on the occasion of our recent bereavement. Tax Facts

1934 Taxes Become Delinquent if not paid before Feb. 1, 1935—Taxes Now Delinquent May Be Paid Without Penalty Between February 8 and March 15

In order that taxpayers of Crockett County may be thoroughly familiar with the new tax laws now in effect, your officers present below facts concerning these laws now in effect to govern the present tax paying period:

1934 taxes are now due and payable. Unless such taxes are paid by January 31, they become delinquent and subject to penalties and costs. 1934 taxes paid in February, 1935, are subject to penalty of 1½ per cent and costs and increase each month at the rate of 1½ per cent penalty the first 6 months, jump to 11 per cent in July and increase ½ per cent each month thereafter.

If the first half of 1934 taxes were paid in November, the second half will be due on or before June 30, 1935, after which the second half becomes delinquent, 8½ per cent penalty applying in July and increase ½ of 1 per cent monthly thereafter.

Taxes delinquent for 1933 and prior years will be subject to full penalties and interest up until February 9, 1935, but may be paid between that date and March 15 without penalty and interest, but delinquent costs are not remitted. These same delinquent taxes may be paid the last half of March with 2 per cent penalty and costs, the penalty increasing each month.

AUTOMOBILE LICENSE PLATES ON SALE FEBRUARY 1

New 1935 automobile license plates go on sale February 1. These plates, however, will not become legal authority for operating a motor vehicle until April 1, but must be in place after that date.

Tuning His Motors for Record Try

Although there is no indication that a Harmsworth challenger is in the making, Gar Wood, peer of all speedboat drivers, will not be found unprepared should one bob up. Wood is increasing the power in his huge Miss America X motor, and intends to try for a new world record in Florida some time this winter. The photograph shows Wood looking over the superchargers of his motor. He has increased the speed of these units to provide 200 horse power more to each of the four big motors, making a total horse power of 7,000 for the craft, the most powerful power plant ever attempted in a boat.

Gov't. Reallocates \$3,500,000 Cattle Purchasing Funds

WASHINGTON, D. C., Jan. 16.—Instructions have been issued to Harry Petrie, chief of the Cattle Section of the Agricultural Adjustment Administration, in Denver, to reallocate \$3,500,000 of unexpended Government cattle purchase funds on the basis of the need in the most critically-situated drought states, it was announced today.

Reallocation has been made possible by the fact that some states have not used all of their previous allocations, releasing this money for areas where conditions are more severe. No estimates are available as to how much of the reallocated funds will be needed. The total previously allocated was \$115,822,000.

Allocations of the money will be made by Mr. Petrie on the basis of his knowledge of conditions in the drought states.

Purchases will begin immediately, and every effort will be made to close the program by January 15. In any event, purchases and shipments must be completed by January 20, according to instructions sent to officials in charge of purchasing in the field.

Cattle so bought will be handled and disposed of in accordance with the plan followed in previous Government cattle purchases.

Cattle bought through January 5 totalled 7,654,025 head, and total expenditures for cattle were \$103,878,649.

Crystelle Carson returned home Tuesday from San Angelo where she has been for the past three weeks in a hospital with an attack of pneumonia. Her mother, Mrs. Ira Carson, has been with her.

Models Of New Chevrolet Car Received Here

Standard Line Now Displayed; DeLux Out Soon

Models of the 1935 Chevrolet motor cars were received this week by the North Motor Co., local dealers, and are now on display in the local show rooms. Only the Standard models have been received here. The DeLux model is expected to be placed on display late this month, according to J. W. North, manager.

The 1935 New Standard has been given virtually the same performance ability as the Master DeLux which, however, departs distinctly from previous Chevrolets in striking advances in design of body and trim. The engines, incorporating many improvements over the 1934 Master motor, are of the same size and design in both models, while in the chassis the chief difference is the presence in the Master DeLux of Chevrolet enclosed knee-action suspension, now entering its second year improved in construction and operation.

Mechanically, the two models have in common numerous important improvements in construction and design. Both engines have an original system of high pressure jets supplying oil to connecting rod bearings, and electro-plated pistons, heavier crankshafts, and other new features that contribute to better performance, smoothness, and economy. In both chassis, newly designed clutches, more effective braking systems, stiffer frames, and other advances in design give greater ease of operation, increased durability, and a better ride.

Every Detail New

Visually, the new Master DeLux retains only the characteristic outlines of the radiator, and the familiar trade-mark on hub caps and radiator emblem, to indicate that it is of Chevrolet origin. The V-radiator itself is narrower and more sloping, the unit fenders are highly contoured in their streamlining, while the windshield not only slopes back steeply but also is slightly V-shaped, causing all the forepart of the car to flow smoothly into the body which is the utmost in smoothness. By utilizing the newly developed all-steel roof construction Chevrolet has attained a sleekness formerly impossible, its highly crowned roof sweeping from the windshield to the streamlined, graceful rear end in a continuous curve, an effect heightened by the absence of roof panels and

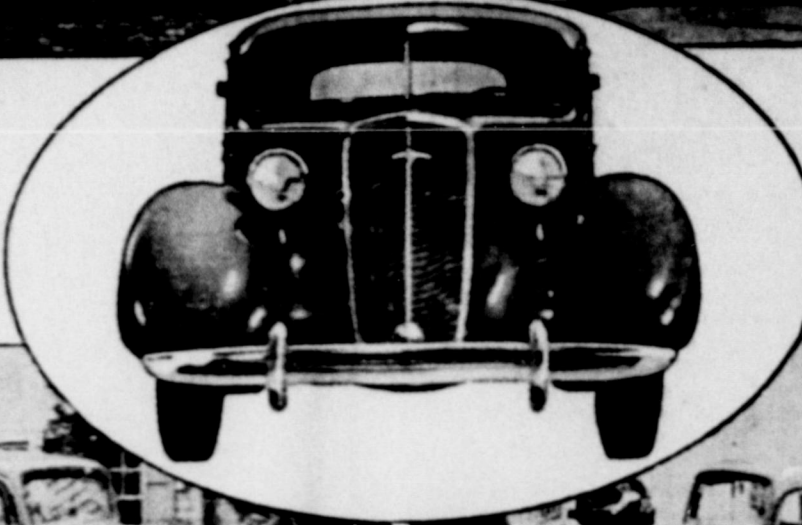

Chevrolet Announces Two New Lines for 1935

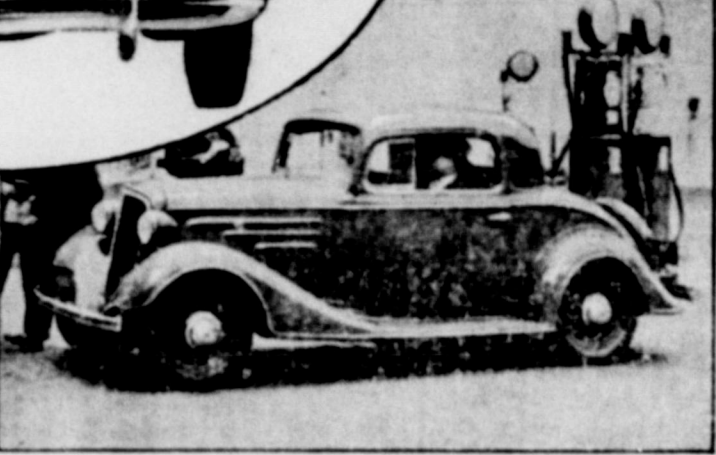

The Coupe model repeats the beauty and style of Chevrolet's New Master De Luxe series for 1935. Improved performance and exceptional economy are characteristics of these cars.

Plus, graceful lines also mark the New Master De Luxe Sport Sedan. Ample luggage space is provided by the built-in trunk, and a lounge compartment behind the rear seat cushions.

Right: Front view of New Master De Luxe Sedan, showing rounded and graceful lines. Below: The Sedan model in the New Standard series, which, powered by the time-proven Master engine, combines brilliant performance with its smartness and style.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolets in the striking advance which has been made in body design and trim.

and by the continuity of body color over the entire top.

Every detail of the car is new, starting with the front bumper and including the radiator grill, the ornament that supports the radiator filler-cap (now under the hood), the horizontal hood leaves, the running-board pattern, streamlined door handles, spare tire mountings (concealed in some models), tail lamp and rear bumper. Aside from appearance, there are important improvements in body comfort and spaciousness, and especially in the ride. The wheelbase of the new Master DeLux is increased to 113 inches, and an even greater increase in body space has been gained by moving the engine forward. The appearance of great length has been enhanced by lowering the floor level, dropping it one inch nearer the ground by lowering the chassis side rails.

The Master DeLux sport and town sedans have integral trunk compartments in the rear panels, with

AMERICAN CULTURE

Ridgewood (N. J.) News: The general state of culture in the United States of America may be gauged by statistics showing 100 grocery stores, 59 filling stations, 49 restaurants and 19 drug stores to every bookstore in the land of the brave and home of the allied free.

It is funny, when you think of it, that men and women who willingly spend a few dollars to visit a theatre or restaurant apper with horror at the thought of paying as much as two dollars for a good book. After all, what are the public schools for if the average American hasn't a desire to continue his intellectual development?

In the three sedans, pressed steel wheels with short rounded spokes are regular equipment. Wire wheels with large hub caps are used on the other models.

New Standard Improved

In the lower priced line of New Standard models, larger bodies, a new engine with 23 per cent more horsepower, an improved chassis frame, and numerous other new features give improved performance, still better economy, and increased comfort and safety.

Bodies are generally improved in spaciousness and comfort, and possess many new convenience and appearance features. The newly added four-door sedan has the same dimensions as the coach, which is 3 1/4 inches longer than the 1934 models and provides 2 1/2 inches more leg-room in the rear compartment. The closed models all have flat floors in the rear compartment, the ridge formerly existing in front of the seat having been eliminated. The driver's seat, in all closed models, is equipped with finger-tip control for quick adjustment.

Redesigned dials, behind concave glass that eliminates reflections and promotes visibility, are mounted in an improved instrument board having walnut-grained panels.

New Oil Activity On University's Lands Predicted

Wildcat Drilling In West Texas Most Active Since 1912

AUSTIN, Texas, Jan. 16.—Considerable expansion of the development of oil and gas on land owned by The University of Texas during the current year, may be expected, according to the views of men employed in the industry. At this time there are approximately 250,000 acres of University lands under lease for oil and gas exploration and exploitation. Much of this leased area is in wildcat territory. In view of the fact that there is more activity in drilling wildcat tests in Texas at this time than at any period since 1912, it is expected the University lands will share in this work of exploration.

The development of an oil field in Andrews County by the Humble Oil and Refining Company may lead to the discovery of production on a block of 294,400 acres owned by the University in that county. This land is situated close to production and part of it is already under lease. The Humble Oil and Refining Company recently completed the construction of a modern oil camp in the southern part of Gaines County, situated adjacent to its field operations in Andrews County.

Another significant recent development in West Texas is the discovery of oil in the test being drilled by the Gulf Production Company in Crane County. Oil was obtained in this well at a depth of 10,918 feet, which is only about 400 feet short of the deepest producing well in the world, located in California. The Crane County test is also situated not far from a block of 63,680

acres owned by the University in Crane County. The well will be drilled deeper into the Ordovician in the anticipation that larger production may be obtained.

Preliminary steps have been taken by the Board of Regents looking to the drilling of a deep test of 8,000 feet or more on its 4,000-acre block of land situated on the mainland, across the bay from Galveston.

It is indicated that one of the features of the oil industry in Texas during the present year will be the drilling of many deep tests; not only in existing producing fields but in wildcat territory.

B. Cox and Mrs. Monroe Baggett.

The society met at the church yesterday afternoon to complete a quilt for the orphan home. Refreshments of coffee and cake were served by Mrs. Joe Pierce and Mrs. Bright Baggett to 13 members.

New Textbooks To Be Received Soon By Public Schools

The Ozona public schools along with other schools of Texas will receive a shipment of newly published books sometime between now and the beginning of the 1935-36 session next September as a result of legislative enactment late in 1934, according to a letter received recently by C. S. Denham, superintendent.

The information which came from W. A. Stigler, Director of Curriculum and Text Books in the State Department of Education, disclosed that new geography texts and spellers are to be received along with other books to be selected from a multiple choice list forwarded here. Contrary to old style double grade books, the new volumes will be for individual grades one text for each year's work. New books will be chosen by a faculty-committee here from a list of texts in plane geometry, English literature and history.

The selection committee here is composed of Superintendent Denham, C. E. Nelson, high school principal, and Miss Myra Bishop, teacher of English.

At the morning service the pastor will preach a winter-time sermon on a spring-time subject. The topic at the night service will be on "The World as a Help and a Hindrance to Christian Living." The prayer meeting is held on Wednesday nights at 7 o'clock.

IMPROVEMENTS TO PHONE SYSTEM CONTINUE

The San Angelo Telephone Company, which has been doing improvement work here for about six months, continues working a crew of several men in replacing poles, cables and other line equipment. Three modern equipment trucks are being used in the work here.

Concluding installation work, the company will have brought its entire system into modernized state, according to phone officials.

LOWELL LITTLETONS CONTRACT CLUB HOSTS

Mr. and Mrs. Lowell Littleton entertained their contract club at the home of Mr. and Mrs. Hillery Phillips Tuesday evening. Mrs. W. E. Friend, Jr. and Hillery Phillips held high scores and Mrs. Mahlon Robertson and W. E. Friend, Jr. took cut. The guests were Mr. and Mrs. Friend, Mr. and Mrs. Phillips, Mrs. Robertson, Mr. and Mrs. Clay Littleton, Mrs. Arthur Phillips, Mr. and Mrs. Sherman Taylor, Mr. and Mrs. Evert White and Dr. and Mrs. H. Stork Leads Death By Four to One In Last Year's Tussle

Births in Crockett County, which amounted to sixty-six for the year of 1933, reached the same figure during 1934 according to the birth registry in the office of County Clerk here.

Death marks for the two years also coincided closely but not to exactness as in the birth cases.

During the year just elapsed, a total of sixteen deaths were recorded in the Courthouse files. For the previous year only twelve were on record.

The mortality rate over the two year period figured a small item in contrast to birth rate, equalling only 4.71 per cent of the birth total.

Jane Augustine, small daughter of Mr. and Mrs. Walter Augustine was taken to San Angelo Tuesday for medical attention.

MODERN ELECTRIC COOKERY AND WATER HEATING SERVICE
---At Low Cost!

Hundreds of West Texas women the past year have changed from old-fashioned methods of cooking to a clean, dependable and fast automatic Electric Cookery.

Electric Cookery produces consistently better results. No flames, odors or watching, waiting or pots and pans to scrub because electric cookery is automatic and clean. The beauty part of Electric Cookery is that it is not costlier than less convenient methods.

This beautiful electric water heater gives you dependable, economical service without the disadvantage of flame noise, fumes, soot or odors! This beautiful heater itself is controlled to use electric service when other major appliances are not in use. In this manner water heaters may be served without increased investment and at an extremely low off-peak energy rate.

Do you know that your increased use of Electric Service is billed on a surprising low rate schedule ... and adds only a small amount to your total bill?

Thrift Theme—

(Continued from page 1)

"Many a penny it would save" With this quotation as its theme the Association will join other similar groups in a national observance of Thrift week. "We realize one of the greatest problems of today is to teach the younger generation how to get a comfortable living out of their income and to realize that the fine art of spending is a fundamental part of the fine art of living," the association's announcement said.

All patrons of the school, as well as all others interested, are invited to attend this and other meetings of the group. The local Parent-Teacher Association is giving much thought and effort to bring to this community worthwhile things, and the only way this can be done is by the support and cooperation of the parents and those interested in the school, and in the greatest issue of the world today—the children.

the pioneer settlers of Crockett County, coming here before the county was organized. They were residents of the original town of Emerald, which was merged with the present Ozona.

Collins Everett was born in Maverick County, March 10, 1887, the family moving to this section when he was a baby. He and his brothers had been engaged in ranching in the Blue Hill country around Pandale for several years, the family moving to Del Rio about 20 years ago.

Mr. Everett never married. He is survived by four brothers, Tom Rufe, Joe and Dock Everett, all ranching in the Pandale country, four sisters, Mrs. Will Louthin of Fort Worth, Mrs. C. W. Gurley of Pumpville and Misses Claudia and Esther Everett of Del Rio, and a number of nieces and nephews. Tom Everett, a student in the Ozona High School, is a nephew, son of Mr. and Mrs. Rufe Everett. A number of friends of the family from Del Rio, Pandale and Pumpville were here for the funeral.

HOKIT NIGHTWATCHMAN

Taking the place of W. M. Johnigan as nightwatchman of the city, N. P. Hokit assumed his duties on Tuesday night. Johnigan was named Justice of Peace in the last election to succeed Bryan McDonald and resigned his position as nightwatchman, vacating the post Tuesday.

The new official has served previously in his present capacity.

BARNHART NOTES

By BUSTER KILPATRICK, Correspondent

Miss Winnifred Pfaff is busy directing freshmen in a play called "In the Light of the Moon" by Lindsey Barbee. The play is to be presented Thursday evening January 31.

The Barnhart Dramatic Club will present "The Mill of the Gods" in Ozona Friday night starting at 7:30 under the auspices of the Ozona P.T.A. The admission charges will be 20 cents for all school children and 35 cents for adults. In the cast Irene Beeman as the gay and lovable "Patty Jefferson" has a role calling for real dramatic ability and plays it beautifully and sincerely, Clyde Parry as the cruel and bullying "Lawrence Stanton" offers a villain you'll love to hate.

Buster Kilpatrick as "Terry" has his most dramatic role—and runs the gamut of emotions.

Elzie Beeman as "Kenneth Ramsey" is the hero, Julia Dunkin as "Golda Kane" offers a study in cool hatred, Kristine Shaw is "Selina" the colored servant to the Jefferson and offers the comedy of the play.

Alene Owens and Alvin Newman as Mrs. and Mr. Jefferson offer studies in middle age and also have highly dramatic roles.

The proceeds are to be divided between the Ozona P.T.A. and the Barnhart Dramatic club.

H. M. McGlothing, for several years employed by the Gulf Refining Co. here was moved Wednesday to Big Lake where he will continue working for the Gulf.

Mrs. Lilly May Evans of Sherwood is assisting B. Kilpatrick in his beauty shop here.

Audrey Yardley of Mertzon is working for his uncle J. B. Westfall who is manager of the Texas Company here.

Mrs. Daisy Watson who has been ill with pneumonia at a hospital in San Angelo will be returned to her home here this week.

Miss Wanda Lee Woodruff who had a light case of pneumonia is expected home the last part of the week.

The L. V. Gentrys are reported doing nicely. Mrs. Gentry is up and about the house. Mr. Gentry sits up a great part of the time.

Mrs. Elbert Lucas was a San Angelo visitor Monday.

Geophysicists Making Tests On Jones Miller Ranch

C. E. Tooke and H. H. Holtzman, geophysical representatives of the Humble Oil and Refining Co. of Houston, are now located on the Jones Miller Ranch about twenty miles south of town.

The Humble men are using the torsion-balance method of testing. The two have been located in Crockett County for the past few months and are scheduled to continue work in this area. Both reside in Ozona.

The GRC unit, using the geophone-seismograph method, is now doing field work near Big Lake.

H. A. Moore Buys Ozona Hotel In Deal This Week

A deal was closed early in the week by which H. A. Moore, proprietor of the Moore Cafe, became the owner of the Ozona Hotel, one of the oldest structures in Ozona, located just east of the North Motor Company.

A house and lot owned by Moore and located in the north part of town went to Ed Dodson, former owner of the hotel, as part of the consideration in the trade. Mr. Moore plans to make extensive repairs and improvements on the property.

MRS. MASSIE WEST ENTERTAINS AT BRIDGE

Mrs. Massie West was hostess to her bridge club at her new home Tuesday afternoon, with three tables of members present. Mrs. Arthur Phillips held high score and Mrs. Ralph Meinecke, second high. Mrs. M. Wilkinson cut high. Mrs. Lowell Littleton, Mrs. Evart White, Mrs. Hillery Phillips, Mrs. Boyd Clayton, Mrs. W. E. Friend, Jr., Mrs. Chas. E. Davidson, Jr., Mrs. Sherman Taylor, Mrs. Mahlon Robertson and Mrs. H. B. Tandy were the other guests.

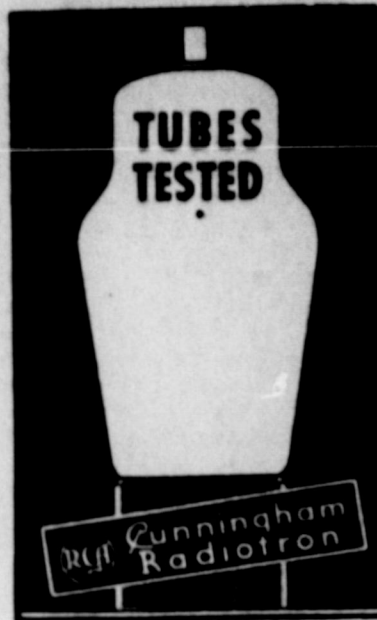

CELEBRATES 8th BIRTHDAY

Celebrating her eighth birthday, Mary Elizabeth Gray, daughter of Mr. and Mrs. Hugh Gray, entertained twenty-three of her friends in her home last Saturday afternoon from 2 until 4 o'clock.

Guests participated in rounds of games during the afternoon. Later in the afternoon refreshments were served to the guests.

ROYAL AMBASSADORS

The Royal Ambassadors, W.M.U. sponsored group of the Baptist Church, met Monday night with ten members present. The organization, composed of boys from 9 to 12 years old, has been meeting each Monday night, but voted to meet the first and third Monday nights of each month henceforth.
