Greatest August Production Record

Chevrolet Records

DETROIT, Sept. 18-The largest August production for five years, totaling 74,437 units for all plants, is reported by the Chevrolet Motor Company. This total includes domestic, export, and Canadian production.

For the first eight months of 1934 Chevrolet production totals 692,477, and exceeds by 66,200 the 1933 twelve months' total, which was passed early last month.

Retail sales reported by dealers took a decided upward turn in the last ten days of August, promising continued demand in Septem-

ber. The reported deliveries in the United States exceeded the domes-

Let Chevrolet tell its own story of riding and driving comfort

Make the ownership

The best way to get the truth about the new Chevrolet is to make the Ownership Test. Drive this car over the same routes, in the same way you drive your present automobile, and let the results you can see and feel tell their own story. A ride will prove that Knee-Action makes bad roads good, and good roads better. A ride will prove that shock-proof steering, Syncro-Mesh

gear-shifting, a remarkably flexible 80-horsepower engine, and cable-controlled brakes make a hig difference in safety and driving ease. A ride will show you why so many thousands have found it impossible to return to ordinary driving after an experience like this.

Five-Pointed Star Overcoat Button Was First Seal Of Texas

DALLAS, Tex., Sept. 25. (Special)-The first use of a five-point ed star as the emblem of Texas was in 1835 when a brass button, cut from an overcost, was used as a seal. The large button came from the overcoat of Henry Smith, provisional governor, elected by the Texans when events were shaping themselves for independence, but at a time when the main issue was as to whether the Mexican constitution of 1824 would be observed.

Smith was named governor at a meeting held at San Felipe (Austin County). Needing some kind of a seal for official documents, he cut off one of the decorative buttons on his overcoat and it was used as the seal. The present seal of the State features a five-pointed star, and the star also is used in the Texas flag.

This historic butten may or may not be in existence today. It would be a most interesting relic for exhibition in 1936, when the Centennial of Texas independence is to be celebrated at San Aatonio, Houston, Goliad, Brenham, Nacogdoches, Huntsville, Dallas and with the early history of the Lone Star State.

Yesterday and Today

WHO would want to get back to the standards of even a generation ago? We have traveled far since then. Inventions and scientific discoveries have furnished the principal vehicles: New conveniences, improved merchandise, better foods, added health-conserving means.

But the thing which has hastened us on to the knowledge and acceptance of their benefits is advertising. It has brought new things quickly to all of us and sped us toward a different, better mode of living.

Modern advertising sells us, not only things, but ideas. The advertising of soap has sold us the health advantages of more frequent bathing. The advertising of modern bathroom equipment has made bathing a singful pleasure.

The advertising of improved razors and beard softeners has made whisking of whiskers a simple daily ditty instead of a weekly major operation.

Tooth-paste, tooth-brush and mouth-wash manufacturers and retailers are saving us untold aches and years of marred smiles, by advertising the importance of oral hygiene.

As a result of the advertising of food manufacturers and purveyors, we have escaped from drowsy dulness caused by heavy breakfasts and are full of forenoon vim and clear-headedness.

The clothes we wear, furniture we use, fuel we burn, car we drive, telephone we've installed-all these would not so quickly have come to us, were it not for the silent but irresistable force of advertising.

Keep pace with the world you live in by reading the advertisements in this newspaper.

Your Power Company A Service Institution

West Texas' phenominal progress during the past decade has been equalled only by the steady expansion of its West Texas Utilities Company, for while West Texas has been carving industrial history, this company to aid and foster that growth-has kept its facilities modern and in advance of immediate needs.

Today 2,600 miles of cardinal Transmission Lines - energized from three large, strategically located main generating stations and strengthened by many auxiliary or stand-by plants - has replaced the precarious and costly part-time "lighting" plant of yesterday. This new-day Transmission System insures an immediate supply of power sufficient to meet any development.

The program of this Company has been, and will continue to be, the rendering of increased use of service by constantly decreasing rates. Since the organization of the West Texas Utilities, the consumers have benefited by total rate REDUCTIONS amounting to MORE THAN SIXTY PER CENT-an unheard-of accomplishment in the days of isolated plants.

Electricity renders one of the most valuable services to the household. Yet it is sold at the lowest price of any item of the household budget. It represents approximately only one per cent of the workman's total expenditures. Electricity is cheap! You should use much more of it.

New Baptist Pastor Announces Special Services For Sunday

The pastor of the Baptist church, Rev. Leon M. Gambrell. will speak Sunday morning on "Magnifying Our Offices." This will be a special message to Sunday school workers and all other church leaders who are to begin

At the evening hour, 8 o'clock. the sermon topic will be "The Inimitable Christ." A large men's horus will sing at the evening service and there will special masi: features. Sunday School begins at 9:45 a.

m. A most cordial invitation is extended to all who are not attending Sunday school. The men's Bible class, taught by the pastor, especially invites the men of the community. They are planning some really interesting activities and men should avail themselves of the opportunity of being in on them. "Come and see" is the invi tation given in the Bible and that is the invitation of this class.

Young people of the church had a most encouraging meeting last Sunday night with an increase in attendance. They meet at 6:45 p m. This department will be re organized and enlarged next week with the installation of new of ficers on Sunday night, October 7

The choir meets for rehearsal every Tuesday evening from 8 till 9 o'clock. There is room for more singers but the space is filling

DR. TANDYS ARE HOSTS AT DINNER AND BRIDGE

Dr. and Mrs. H. B. Tandy were hosts at a bridge dinner at their home Saturday evening. The house was decorated in gold flowers and the color scheme of green and gold was carried out in the appointments. High score prizes went to Mrs. Bryan McDonald and Clarence E. Nelson, Those present were Mr. and Mrs. Bryan Mc-Donald, Mr. and Mrs. Ted White, Mr. and Mrs. Joe Oberkampf, Mr. and Mrs. C. S. Denham, Mr. and Mrs. Clarence E. Nelson, Miss. Nita Nelson, Miss Sophie Haug. Miss Elitabel Tillory, Miss Ada Moss, Miss Norene Allison, Guinn Carruthers, Joe Hadden, Arthur Kyle, Rex Russell and M. M. Col

PEP SQUAD FLASHES NEW UNIFORMS. NEW TRICKS IN BRILLIANT SHOW, BUT DAME FORTUNE SMILED NOT ON GRID

The High School Pep Squad, under the leadership of Miss Esther Kate Pierce, leader, and Miss Willie V. Coose, assistant, flashed their new uniforms and their new bagful of tricks before an admirng crowd of football fans attendng the opening game of the 1934 chedule here Saturday afternoon when the Lions met the San Angelo Kittens for a practice game.

The pretty white, purple and gold uniforms, with the jaunty overseas style caps and purple and gold jackets made a pretty picture s the girls, some thirty in number, marched in varied formation over the playing field between halves. Strong lungs and a full reservoir of pep, the Squad put orth its best fight yells to enourage the players, but the lads n the moleskins did their best and wasn't enough. Under a new ruling of school

thletic heads this year, members of the Pep Squad are to be admitted free to all home games, and isiting squads are to be charged 10 cents when in uniform and acompanied by the sponsor. The loal Squad members will pay 10 ents admission at games away rom home, this agreement having been reached by district officials conference at Sonora recently.

As a result of the action in adnitting Pep Squad members with ot charge, it was necessary to aise the price of admission to the general public. Admission prices this year are 40 cents for adults and 20 cents for students,

Grades For First 3 Weeks Show High Averages In School

Grade reports for the first three weeks of school, posted Tuesday morning, and representing the standing of pupils of the Junior High and High School, show a high grade of work being done by pupils of these grades, Supt. C. S. enham reported this week.

Out of 874 grades, there were only nine failing grades recorded. Three of these were in the sev-

enth, two in the tenth and four among the Seniors. The High School freshmen had no failing grades and also had the highest percentage of A's, 14 per cent mak ing the highest possible grade.

The ninth grade had 9 per cent

A's, the tenth, 13 per cent and the

Seniors 13 per cent.

report cards throughout grades will be given out at end of each six-weeks term stead of every four weeks as been done before in the first
