NOTED BIBLE LECTURER IN SERIES HERE

N. B. Hardeman of Henderson, Tenn., Opens Meeting Here

BARBECUE SUN.

Many Out-of-Town Visitors Expected During Meeting

Arriving in Ozona with his wife yesterday morning, N. B. Hardeman of Henderson, Tennessee, began last night a series of Bible lectures that are being held at the Church of Christ here. The Henderson college president addressed Ozonans at the opening meeting last night and spoke upon "The Bible: Unique Features." In the initial discourse the lecturer unveiled many unusual facts concerning the "Book of Books."

Nightly topics of the Bible lecturer have been announced through Sunday evening. The Sunday morning address will come at 11 o'clock and will be concerned with the subject, "Sacrifice and Service." Each morning at ten o'clock the speaker will talk at the hour services at the Church of Christ.

Following the original theme of last night's sermon, Mr. Hardeman is slated to speak at 8:40 this evening on the subject, "The Bible A Challenge." Tomorrow evening his topic will be: "The Bible: Credibility."

"Reception and Attitude" has been announced as the subject of Saturday evening.

Expect Many Visitors

Special plans have been made by the Church of Christ to care for out-of-town visitors Sunday, a barbecue being arranged for noon at the Fair Grounds during which time barbecue lunch will be served. Sunday afternoon at two o'clock a special program to be held in the high school auditorium has been arranged and at that time the lecturer will discuss his Palestine tour. The Bible teacher has toured extensively in the Holy Lands and has visited in Europe and his lecture for Sunday afternoon has been slated as an informative discourse on the geography and customs of Palestine and points of geography connected with the Bible narrative.

Sunday evening at 8:40 services will be held again in the Church of Christ and the speaker's topic will be, "Miracles," at which time he will review outstanding miracles of the Bible.

Discourse topics the remainder of the week have not been announced but services will be held at ten o'clock each morning and at 8:40 each evening at the church.

Because of the speaker's outstanding capability on the platform and for his Bible knowledge, church members here have heralded his coming throughout West Texas and have invited hundreds of people to attend the Bible lessons.

The visiting Bible lecturer is president of Freed-Hardeman College, Henderson, Tenn., and is the father of Dorsey Hardeman, San Angelo attorney.

Softball Aboard Mexican Donkeys Is Monday Fare

Ozona-Sonora Picked Teams To Play On Trained Mounts

Something new in softball will be witnessed by local enthusiasts here Monday afternoon when the Lions Club team of Ozona engages the Lions Club team from Sonora—players negotiating bases and playing positions mounted upon specially trained and reputedly fast Mexican Nightingale donkeys to be brought here. The game will be called at 5 o'clock at Powell Field. Preceding the game a parade will be staged on the downtown streets, players riding their mounts.

A return donkey softball fray will be held between the same two teams at Sonora Tuesday afternoon at 5 o'clock.

Monday afternoon's affair to be played on Powell Field will be played as regular softball, except that players will mount donkeys to run the bases and the players will play positions mounted on the beasts of burden. Gate receipts of the two games will be divided upon 60-40 basis for winner and loser. The eighteen softball steeds will be brought here Sunday by the owner, Mr. Creighton. Softball equipment will be supplied by the owner of the string of donkeys.

Over this week end the trained donkeys are being used in engagements at San Angelo.

The owner has certified that the donkeys are trained for softball playing and are particularly fast.

Ozona Boy Scouts Making Advances At Summer Camp

Local Lads Progressing In Scout Work And Enjoying Outing

"The Ozona Scout Troop, No. 53, has advanced as much or more than any other troop of the council since camp session began," was the statement of Scout Director Joe Haddon to Dr. W. A. Grandy who visited the Louis Farr Camp Tuesday.

Haddon is assistant director of the camp and Scoutmaster of the Ozona troop. Dr. W. A. Grandy is outside activity man of the troop here.

More than a dozen Ozona boys have remained in the camp over this week, although the Ozona troop had been assigned only one week. Because camp executives have allowed Scouts desiring to remain more than a week, several Ozona youths plan to remain for the full month period.

The camp site of the Ozona troop was described by the visiting activity man as one of the outstanding camp arrangements at the beautiful Louis Farr grounds where more than one hundred scouts are enjoying camp activity.

Daily routine of the camp, with Scout Executive Bob Billington of the Concho Valley Council in charge, includes swimming tests, camp fire building, cooking of meals, outdoor games and the featuring of the various Scout achievements in outdoor skills.

Assistant Scout Executive Jack Stone is in charge of the Scouts together with Executive Bob Billington and Assistant Joe Haddon.

BOUNTIFUL ONION CROP RECALLS TO PIONEER MERCHANT DAYS WHEN EVERY RANCHER HAD TRUCK FARM

Chris Meinecke Still "Farms" Garden Plot With Surprising Results Each Year

Abundant rains and a good onion crop this year recall to one Crockett County man's mind proverbial "good ole days," when Crockett County was called a ranch and farm county.

Chris Meinecke, resident of the county for forty years, has raised a nice crop of good sized onions on his patch near his house west of the draw in town. But raising garden produce is not unusual to the Ozonan, for he has kept a truck garden for many years.

Amazing to comparatively newcomers in Ozona is the fact advanced by Mr. Meinecke that many years ago (before automobiles made their advent) almost

Texon Invades Giant Lot For Week-End Series

Perennial Champs Coming Saturday And Sunday

Texon, perennial baseball champions of West Texas and cinch winners of the first half flag of the 1935 Permian League chase, will invade the Ozona arena next Saturday and Sunday in a two-game series in regular league combat.

Both games will start at 4 o'clock in the afternoon, the first Saturday and the second Sunday. The Sunday game time was set at 4 o'clock to avoid conflict with the lecture to be given by N. B. Hardeman of Henderson, Tenn., who will lecture starting at 2 o'clock in the High School auditorium.

A well-oiled Giant machine, the strongest organization that has been assembled here so far this season, will be in trim to entertain the Big Lake Oil Company sluggers on the home lot this week end. A remarkable bulge in power at the bat has been noted in the Giant assembly the past week, with Dorley, Stuart, Mangold, Weaver, Frank Russell, Lenz and others fattening their averages with consistent swats recently. Another shining light in the constellation of stars with the stick took a bow with the Giant organization in yesterday's practice game with Station A—Vic Montgomery, fresh from T.C.U. football and baseball fields, slamming out four safe hits in four trips to the plate, a double and three singles.

Showing more strength in defensive play and that needed power with the bat, the Giants will be no pushover for the powerful Conley crew here this week-end, and with continued improvement at the rate they are going, will make plenty of trouble for the oil field mugs in the second half scuffle for the Permian Basin league gonfalon.

Jimmie Todd To Wed Fort Worth Girl At Ceremony On June 15

News of the approaching marriage of Jimmie Todd, Crockett ranchman, to Miss Jane Innes Jarvis, Fort Worth girl, has been received in Ozona by the several wedding announcements being received here among friends of the Crockett man.

Formal nuptials will be held in Fort Worth at the First Christian Church at eight o'clock on the evening of June 15.

Miss Jarvis is the daughter of Mayor and Mrs. Van Zandt Jarvis of Fort Worth.

John Fogarty and Massie West of Ozona were among those in San Angelo from here Tuesday.

Many Visitors To Be Here For Series Hardeman Lectures

Arriving here yesterday to attend the Hardeman lectures, Willis Kreegor, minister of the Church of Christ at Burkburnett, and Bill Wilhoit, elder of the church there, will be in Ozona a few days.

D. B. Hardeman, San Angelo attorney, son of the visiting lecturer was here for the opening address yesterday evening.

Expected to arrive in Ozona tonight from San Angelo are Luther Roberts and wife. They will attend the Hardeman lectures also. Mr. Roberts is minister of the Church of Christ at San Angelo.

School Census Gives County Total Of 735

Scholastic Enumeration Falls Four Short of 1934

Completed 1935-'36 school census for Crockett County has been forwarded to the State Superintendent's office and a copy filed in the office of County Clerk George Russell. In the compilation, arranged by Houston Smith, 735 children between the ages of six and seventeen were listed and will be numbered for this county's apportionment quota for the coming school year.

Total number of children six years of age were given as 62. Forty-six scholastics seventeen years of age were also enumerated in the census.

Of the 735 scholastics, 363 were boys and 372 were girls.

In comparison with the census roll of the preceding year for Crockett County school district, this year's total fell four. Census last year was 739.

The report for the coming school year listed "none" to the question of handicapped children. The report includes under "white scholastics" also Mexican children.

Apportionment per capita for school children during the past school year which ends August 31, allowed \$16.50 per child. State payments, in arrears, are expected to be paid before August 31, a statement from the State Superintendent said early in the spring.

RAIN RECORD 9.51 INCHES SINCE JAN. 1

6 INCHES IN MAY

Parched Ranges Give Way To Abundant Feed Growth

Since January 1, Ozona has received 9.51 inches of rain, according to the Joe Oberkamp gauge. Although precipitation represents a total for the first five months of this year, the rain fell in but four months, February, April, May and June (three months period). The total moisture represents twelve periods of precipitation, and averages near three-fourths inch for each fall.

One of the rainiest months in years here, the month of May gave Ozona near to six inches. It was during last month that the heaviest rain fell. On May 27, two and two-tenths inches fell, swelling both draws in town and flooding gardens. Only 1½ inches fell on May 22 but heavier rains north of here brought the Johnson Draw down in flood proportions causing many residents along the stream to evacuate their homes.

The last rain to fall here came last Tuesday night, increasing the total by .7 inch and lifting it away from the nine inch mark. A rain of like proportions, .7 inch, fell here last Friday night.

Although the rains have come somewhat tardily in this section, Crockett County is at the top with other wet sections of Texas, and range formerly parched by three years of drouth is now giving way to abundant weeds and grass.

Adkins Brothers To Drill For Oil On Shannon Ranch

New Location Made In Potential Producing Area

A new location for drilling has been made in Crockett County on the Shannon ranch west of Ozona. The proposed well will be drilled by Charles and Grant Adkins of Mertzon, who are drilling the Leslie-Hiller well on the Todd ranch.

Location for the drilling site has been made by C. E. Grimmer, Crockett County surveyor. The spot is 660 ft. east of the west line and 330 ft. north of the south line in the north half of the south west quarter of Section 27, Block WX, GC&SF Ry. Survey. The site is about midway between the Leslie-Hiller well (drilling) and the Stanolind Todd No. 2 (producing) It is 2300 feet due north of the Stanolind Todd No. 2 which is on Section 28.

Slush pit and cellar have been completed and drilling is to begin as soon as equipment can be moved on the spot by Adkins Bros. Proposed depth is named at approximately 1600 feet unless oil or gas is encountered at a lesser depth.

The eighty acre lease is held by Adkins Bros. and was obtained

Naming The Baby

What did you name it? That's always the first question to follow congratulations to a new parent. And, since the proud mother or father is usually tolerant of the ignorance which prompts the application of "it" instead of "him" or "her" to the prize bit of humanity, the questioner will usually receive his answer with all the why's and wherefore's incidentally, represent hours of contemplation and even research.

If "it" be a boy, he must have a name denoting the manly qualities. If "it" be a girl she must not be handicapped by a name which is faddish.

Often, there are family situations which settle the problem. A name which has been handed down through generations, a beloved aunt who would have the baby named "for her," the wealthy uncle of joke lore, the "junior" custom. Or, perhaps, there is a National hero. Ever since this country began "G. W." has stood, almost without exception, for "George Washington" and many a son of the Southland has felt the superiority of having three initials, "R. E. L." In the high schools of the whole country there are many "Woodrows" and in a few years a small army of little "Franklins" will begin their way on the royal road to learning. And many a movie star and hero or heroine of fiction have inspired parents to their choice of names for baby.

How the name sounds is, of course, a paramount factor to mother, who repeats all suggestions over, alone and in combination with the last name, before she finally gives approval.

There is another consideration, too, which is in vogue now to such an extent as it has not been since the days when baby girls were usually named "Patience," "Hope" or "Faith." According to a prominent psychologist, who recently lectured in Dallas, the meaning of a child's names is a decided influence in his life.

Lists have been compiled to help the advocates of this theory and from one of the most complete have been gleaned at random these standbys with their mean-

Reporter Learns That Calves Grow Downward, Not Up

One of the most interesting facts brought out at the feeders meet at Big Spring Friday, at least to the news-hound from Odessa who spent the afternoon standing in something and listening to the same thing all afternoon, was the fact that the calves fed at th experiment station during the 180-day test which had just been completed, grew down instead of up.

Although at the end of 180 days of feeding, the calves were five inches taller than when calved, they were also several inches closer to the ground. The face, incidentally, grew more from the eyes up. The best calves for feeding, the experts pointed out, have more depth in body than daylight under them.—Odessa News-Times

Just Wanted To Know

A sufferer who lives close to a railroad yard in a suburb wrote the railroad company complaining about the racket made by a switch engine

"Gentlemen: Why is it that your switch engine has to bang and bang and hiss and spit and clang and bang and hiss and bell and wall and pant and howl and yowl and grate and grind and puff and bump and click and clank and chug and moan and soot and toot and crash and grunt and gasp and groan and whistle and wheeze and squawk and glow and jar and jerk and rasp and jingle and twang and clack and rumble and jangle and ring and chatter and clatter and yelp and howl and hum and snarl and puff and growl and thump and boom and clash and jostle and shake and screech and snort and snarl and slam and throb and crink and rattle and yell and smoke and smell and shriek all night long?"

Relics Of Confederate Soldier Given U. T.

AUSTIN, Texas, June 5—The sword, powder horn, cap box and caps which belonged to Lieutenant W. M. Wyatt in Company A, 32nd Texas Cavalry, Texas Volunteers for Confederate service, have been given to the University of Texas library by Lieutenant Wyatt's daughter-in-law, Mrs. Ada Duty Wyatt of Kyle, Texas. The gun which Lieutenant Wyatt used is also to be a gift to the archives. Mrs. Wyatt has also included in her contribution several family deguerrotypes, and an 1858 edition of Webster's Dictionary which belonged to her grandfather, Hiram Duty, an early Texan.

These articles have a definite museum value, and the library is fortunate to acquire them, Mrs. M. A. Hatcher, University archivist, pointed out. At the same time, assurance is given the family that the relics will be permanently preserved.

Show Hobby To Command Attention Of Theatre Manager As Travel Plans For Summer Months, As Customary, Shelved

Anything In Show Line Interests Versatile Palace Manager

By Bill Gray

Anything pertaining to shows interests Edwin C. Lear because he is a showman at heart. He has performed in musical shows from the role of "end man" in burlesque comedy to the part of Manrico in an excerpt of the opera, "Il Trovatore."

Musical galaxy in any style of extravaganza has attracted his attentions and during the past four years he has had parts in shows on the air and on the stage at San Angelo. His voice training has been in the San Angelo School of Fine Arts under the supervision of Miss Ina Pearl Curry.

Last summer Lear toured the United States with five companions, travelling more than ten thousand miles, and he was delighted with what he saw. But this summer the travel and voice enthusiast will operate the Palace Theatre, reopened recently here.

He's Versatile

Versatility marks the youthful manager here, for he started and edited while he was in school in the San Angelo Junior College, the "College Trail," college newspaper. While in school there, the show enthusiast was president of the freshmen class, was president of the Thespians, dramatic group and it was in this activity that he became interested in dramatics and voice. He later became a member of the annual minstrel presented by the Business Men's Bible Class of San Angelo. The organization has presented minstrel entertainment twice during the past two years to crowded houses.

Under the sponsorship of the Playhouse Club, Lear took part in two operatic presentations, "Samson and Delilah," and "Il Trovatore." In the former he carried the singing role of Samson and in the latter he presented the character of Manrico.

When heavier rolls have not demanded his time, the new comer to Ozona engaged in writing, singing, and playing in musical comedy and burlesque hits on the stage and radio. He announced for a while over KGKL, San Angelo radio broadcasting station.

Besides musical activities, Mr. Lear has been active in the operation of the Angelus Theatre at San Angelo during the past two years as advertising manager.

Seeks the Novel

Film souvenirs (antiquated silent films) with bizarre musical accompaniment, giving a blah for the villain and a huzzah for the heroine, has made a hit as short subject entertainment in films. So the show manager believed that "live" music (orchestra present, playing hooting accompaniment to the silent film) would prove entertaining, so this thing was "done" in a San Angelo theatre. It "rolled them in the aisles."

The Ozona manager plans to bring such an entertainment to Ozona in the near future.

Among the showmen's trinkets are letters from Mae West, received in congratulation for the showing of three "come up and see me" films at the theatre in one week.

One of the best shows the Ozona showman has ever seen, he said, was the truck strike in Minneapolis last summer when he witnessed a street riot between police and strikers while communists entered to make the affair enlivening. News-reel cameramen were hither and thither and catching the "knock-down-drag-out" on film and dodging bricks and bludgeons.

He did not take part in this show, Mr. Lear said.

Lear came from Ainsworth, Nebraska, to San Angelo five years ago.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN, June 5.—Happy, indeed, must have been the reflections of the governor of a state which has a million citizens on relief rolls, depending for the bread of life upon a government dole, as he spoke to a huge throng of merry-makers last week-end at Yoakum.

The occasion was the eighth annual "Tom-Tom" celebration, honoring the tomato, once the despised "love-apple" of our grandfathers, which they regarded as an ornamental, but inedible garden plant.

Yoakum people discovered more practical use for the tomato, and back of their carnival event lies one of the most interesting and inspiring stories in the modern history of Texas.

In 1925, following a disastrous drouth in South Central Texas, community leaders in Yoakum, hustling little city of 5656 souls situated on the border of Lavaca and DeWitt counties, 118 miles southeast of Austin decided to do something about the situation. Cotton and feed crops were burned completely up, and there were no other important crops. O. D. Davis, then president of the Chamber of Commerce, experienced in wholesale marketing of vegetables, made a study of the Yoakum trade territory, and decided that tomatoes were the answer. An expert was hired, with the Chamber of Commerce and business men of the community co-operating, and intensive instruction was given interested farmers in growing, harvesting and marketing tomatoes for early spring trade. Phillip Welhausen, Yoakum banker, financed the experimental crop during the first year, which totaled 13 carloads grown on 40 experimental acres.

From that beginning, Yoakum ships 600 cars of tomatoes, from about 35,000 acres, into every important American city. It operates 15 commercial packing sheds, and a commercial cannery is being built. Average net return from tomatoes is around \$150 an acre, under depression conditions, with exceptional instances where the gross return has run as high as \$500. The labor-payroll, for packing grading and loading, alone, is \$11,000 a season.

But Yoakum folks didn't stop at that. Having learned the lesson of diversification, they didn't make the mistake of getting into a one-crop rut again, even one so profitable as tomatoes. So now they ship 2 cars of dressed turkeys, 200,000 pounds of fowls, 30,000 pounds of spring chickens and 5000 cases of eggs a year. Whole milk marketed in the Yoakum area from fine Jersey cows that were introduced, yielded about \$112,000,000 to farmers last year.

So it is no wonder that Yoakum folks, including Editor H. D. Meister of the Yoakum Herald, whose paper rendered valiant service in the planning and carrying out of the new deal agricultural program, are proud of the tomato and pay due homage to it annually.

Perhaps, as Gov. Allred paid his tribute to the tomato, he was thinking that the credit really should go to a people made of the stuff of pioneer Texans, who were dismayed by no difficulty, but simply met and overcame such problems as arose, using whatever materials were available to do the job with. Perhaps he contrasted the spirit of the people of Yoakum, who developed leadership under stress, and took a humble garden plant and carved an economic stability for themselves, with the thousands in some of Texas' larger cities, who have simply given up and hold out their hands daily for a government dole to prevent them from starving.

Warm weather in Texas invariably brings political activity, and this year is no exception. Wets and dries assembled in Austin and Dallas, respectively, last week-end, and laid plans to launch the repeal battle in June. Sinews of war, the first requisite, are being raised, and oratory will begin promptly after this important financial angle is cared for. In Austin, Charley McDonald, Jim Ferguson and Rep. Emmett Morse of Houston were the featured speakers of the wet faction. Jim Ferguson declared himself, to the

consternation of some of the wets who doubt if he will be helpful to their cause.

In Dallas, the dry cause was given the atmosphere of a holy war, with meetings held in First Baptist church. Mrs. Claude de Van Watts, W.C.T.U. leader; Bishop Boaz, Tom Love, Dr. C. M. Rosser, all veteran of the prohibition wars, spoke. Messages of co-operation came from Gov. Allred and Dr. George Truett, Rep. George Moffett of Chillicothe spoke for the dry faction in the legislature. Surface harmony, at least, prevailed at both sessions.

Both sides are wondering what part U. S. Sen. Morris Sheppard will take in the campaign, if any, in view of his campaign against national repeal. He faces re-election next year, and his vote to override the president's veto on the Patman bonus-inflation bill came as a surprise to many Texans. Rumors that Jim Ferguson may get into the race against him were revived in Austin, following Jim's appearance at the wet rally.

SAM BASS MARKER TO BE INDESTRUCTIBLE

A cast iron marker, one that can't be chipped away by curious persons, will soon be placed over the grave of Sam Bass, notorious southwest gunman and bank robber who was killed at Round Rock while attempting to rob a bank in 1878.

Between 2,000 and 3,000 persons came to Round Rock each year to see Sam Bass' grave. Two tombstones, bought by Bass' sister, have been chipped away and the third one set up by a local monument dealer has been chipped into a small round ball.

So great an attraction his this outlaw's grave for the public that the Smithsonian Institute has asked for a piece of the tombstone.

More Convincing

An Irishman in a Boston court was endeavoring to disprove that he had a brogue. The judge listening to his statements interrupted saying: "Pat, if you wish to deny your brogue, may I suggest that you put it in writing?"

Hope Not
"What a charming baby. And does it resemble your husband?"
"Heavens, I hope not, we adopted it."

FORMER RESIDENTS VISIT

Hannah, Mr. Dugger was formerly connected with the Ozona Laundry, Charles, son of the two visiting Abileneans, is now in Dallas but is expected here before his parents return to Abilene.

Marshall Phillips, small son of Mr. and Mrs. Hilary Phillips underwent an operation for removal of his tonsils at Dr. H. B. Tandy's office last week. He is recovering nicely.

AS OTHERS SEE IT

Since Ozona has abandoned its plans for a sheep sale in connection with the annual Rodeo, Race Meet and Stock Show here in July, and as an outgrowth of that decision, abandoned entirely its annual celebration this year, other towns are jumping at the opportunity to capitalize on the vacancy.

Plans are under way for a one-day ram sale in San Angelo in July when ranchers are gathered in that city for the AAA hearing on the wool marketing agreement, according to press announcements.

"There has been announced no ram sale for the state this year," the article announcing plans for the San Angelo sale said, "and since the big rains over the sheep country, the ranchmen believe there will be a good market for choice animals. Previously such a sale has been held in Ozona but it has been called off this year."

The sale was abandoned here, and the entire show as a result, for fear the rams would not sell, some declaring that there would be no market whatever for the animals.

Further up in the article announcing the San Angelo plan this information was divulged: "It is planned to invite the best breeders of the Northwest and other parts of the United States to bring their registered rams and ewes here and to establish in San Angelo a state ram sale, comparable to the Salt Lake City sale, an event held each year."

Ozona's annual sale has been "comparable" to the Salt Lake City sale, comparing favorably with it year in and year out and most of the time commanding higher price levels than the Utah sale. But its abandonment this year opens the way to the establishment of another sale center, makes future sales uncertain and jeopardizes the future of an organization that has built up a \$30,000 plant investment and \$100,000 worth of publicity through holding the event annually.

ENTERTAINS BRIDGE CLUB

Mrs. Clifton Brooks entertained Las Amigas Club and a few guests with five tables of contract at the Hotel Ozona Thursday afternoon. Mrs. Ralph Jones held high score for the club and Mrs. Sherman Taylor guest high. The non-members present were Mrs. Taylor, Mrs. Boyd Clayton, Mrs. Evart White and Mrs. L. D. Brooks.

Mr. and Mrs. Bruce Galyon and children will leave tomorrow for Houston to visit Mr. Galyon's parents. Mr. and Mrs. J. M. Galyon, Adele Galyon will spend the summer in Houston with her grandparents.

Immigration And Colonization Of Texas Order Of Day As Eyes Of All Nations Turned To Virgin Territory

Motley Bands Sought Refuge Or Homes In New Country

AUSTIN, Texas, June 5—Immigration and colonization projects seemed to be the order of the day in Texas at the opening of the nineteenth century when the province became the field for international strife. Wars in Europe kept Pedro Grimarest from carrying out the stupendous scheme of his notorious patron, the Prince of the Peace, but men of other nations rushed forward to take his place. Texas could not be settled with Spanish-armed Uhlans, wined with the maidens of the religious houses of Spain, but others of lowlier degree but with equal ambition immediately took the task. Before the reader of the documents now being translated from the Bexar Archives in the library of The University of Texas pass in array American frontiersmen, Irish adventurers, Dutch farmers, French traders and a motley band from various quarters of the globe. Some of them desired a good fight, some a safe refuge from personal foes, some economic betterment, and still others territorial enlargement for the country that gave them birth. Each, however, bore a humble petition in his hand.

On April 1, 1804, an Irishman, quick to see the advantages of settlements in Texas, wrote the Commandant General, saying:

"I, Juan Curon, Apostolic Romance which is under your jurisdiction of Munster, Ireland, married, with a family, a resident for ten years of the Province of Louisiana and recently removed to the pueblo of Nacogdoches, in this province, appear before you in due form and declare that:

U. S. Didn't Suit Him

"The Government of the United States does not suit me while that of the Crown of Spain does; and that I have always been a faithful subject of our sovereign (may God bless him).

"I, therefore, respectfully ask that you be kind enough to grant me permission to locate with my family in the said Pueblo of Nacogdoches in this province under your command.

"I am forwarding two documents in order that you may be informed as to my honorable conduct and integrity."

About the same time, a Frenchman, Bernardo Martin Despallier, sought safety in this same delectable land. He wrote directly to the Governor, for time was pressing, describing his good and bad fortune as follows:

"Having lost all my goods in Santo Domingo, I thought there was nothing for me to do but return to my native country, the Province of Louisiana, where, at the time Baron de Carondelet (may God preserve his life) was in command. Here I met with all the kindness I could expect to find from a superior officer and a kind hearted man like him. He was good enough to give me the appointment as captain of the mounted militia in the Legion of Mississippi; and, during the war we had with France, I conducted myself as my position and my loyalty demanded, as did my uncle Valentine Lyssard, Commandant of the Post of Rapide.

"This gained for us a great number of enemies as was the case with all officers who were faithful to the Prince and who earnestly desired to do their duty. The realization that I have a great number of enemies everywhere

has impelled me to try to reach you in order to learn whether, under your protection, I can be considered a good Spanish citizen.

Sought Refuge

"When I have talked with you and made my family known to you, I believe you will give me that title. There are doubtless people at San Antonio who are acquainted in New Orleans. They must know my family—the Facendes, the Florios, the Regios, Mr. de Treveque, deceased, major of the regiment of New Orleans, and Mr. Layssard, also deceased, who was commandant for life at the Post of Rapide. In a word, all my relatives have been devoted to Spain. This I can say without fear of contradiction. I am able to give you proofs of all I have had the honor to submit to Your Excellency if you will permit me to settle in your jurisdiction. I will bind myself to go to New Orleans to provide myself with a removal permit from that government and with affidavits as to my conduct. My reason for wishing to move is that I am told that the French have secured Louisiana, and you may believe that, if this is true, our enemies will show themselves because we have placed so many obstacles in the way of their wicked plans. This is why I desire to retire to a province where I hope to spend the rest of my days in peace."

The Governor and the Commandant General had many such petitions to consider and haste was not characteristic of the Spanish officials. So Despallier was forced to await with what patience he could command and to fill in the time with drawing up exact plans for the establishment of colonists in Texas as a means of defending Texas from the encroachment of his personal foes as well as from national enemies.

Water Consumption At Normal Despite Heavy Spring Rains

The months of May, June, July and August are supposed to be the peak period for water consumption in Ozona and the past month started off with gallonage used up to par, more than five million gallons.

Although nine inches of rain, six of it coming the past month, has fallen since February, water consumption during the summer months will not be affected to any degree unless more rains come. Ozona Water Company members said. More than five million gallons are consumed monthly during the summer.

Slump months in water pumping here are December, January and February, when less than one million gallons are pumped monthly.

UNDERGOES OPERATION

Victor "Texas" Setanni, Ozona youth, was carried to San Angelo Sunday night in the Joe Oberkamp ambulance for an emergency operation for appendicitis. The youth was stricken seriously ill Sunday afternoon.

A. L. Hiller accompanied Mr. and Mrs. Clay Adams to San Antonio last week. Mr. Hiller returned by bus to Ozona this week.

Mrs. H. B. Tandy was in San Angelo Saturday where she attended a meeting of the Fort Concho Federation of Women's clubs, appearing as a guest artist on the luncheon program. Mrs. Tandy sang two songs.

Mrs. Gould Harding underwent an operation this morning for the removal of her tonsils at the offices of Dr. Sellers Moore and is reported doing nicely.

Mrs. Floyd Davis has been visiting in the home of Mrs. Tip Smith of Ozona. The visitor resides in Grand Falls.

Mrs. William Chilton, daughter of Mr. and Mrs. L. J. Kittle of Ozona, with her friend, Mrs. Major, is visiting from Comanche in the Kittle home this week.

Mrs. Grady Mitcham of San Angelo, is visiting her father, Pleasant Childress, and her sister and brothers in Ozona this week.

Giants Trample Humble Crew In Practice Game

Locals Take 8-5 Victory In Match Here Yesterday

Working out the whole pitching staff and getting in some snappy fielding and batting practice, Slim Harris' Ozona Giants downed the Station A nine by a count of 8 to 5 here yesterday afternoon.

Bill Rabb started the game for the locals, pitching stright baseball for two innings. Manager Harris went in for a few frames and then turned the duty over to Lefty Mayer.

The locals scored one in the second inning when Mangold walked, stole second and scored on Vic Montgomery's double. Another tally was chalked up in the third as Lenz singled, went to second on F. Russell's sacrifice, and scored on Dorley's triple. Two innings went scoreless until the sixth, when the locals pushed in three more. Vic Montgomery singled and scored on Greer's triple to right field. Greer scored on Mayer's single. Lenz sacrificed Mayer to second and he scored on Frank Russell's hit. Bob Weaver beat out an infield hit, and Dorley walked to fill the bags, but Stuart was out at first to retire the side.

The visitors scored for the first time in the seventh, with Ed Ratliff leading it off with a walk, followed by a single, another walk and another single. Three runs were chalked, one on a walk with the bases full, and two on hits. The Giants added two more in their half of the inning when Montgomery singled, stole second and went to third on Greer's base rap. Mayer walked and Lenz hit, scoring Montgomery and Greer scored later on Russell's hit. On the same play the visitors doubled, Mayer being tagged out at the plate and Lenz at second.

In the eighth, the Humble lads chalked two more, two walks and two hits doing the trick. The Giants, however, took up the slack with one additional in the same frame, Dorley drawing a walk and scoring on Mangold's hot grounder to short after Stuart had walked, putting him on second. Vic Montgomery, playing left field for the Giants, hit safely four times in four trips up.

Nell Buckelew has returned from a visit in Kerrville.

Methodists Trim Baptists 15 to 6 In Revenge Affair

Depositing twenty-six hits to where the Baptists were not, the Methodists men's softball team spilled their opponents last Thursday afternoon by a steady march over home plate in the early innings to amass fifteen tallies while the Baptists were busy gathering six runs. It was purely a revenge affair for the victors, who claimed a previous "rain-out" loss and another defeat in a half way (five inning) game.

The Baptists were not able to proceed into the business of tallying, with Lee Patric hurling a "smack-up" game for the victors. Royce Smith of the Baptists vacated the hot spot at the middle of the game and Joe Billy Keeton hurled for the losers the remaining half.

In the first chukker, the Methodists stormed Smith in a riot of nine hits with eight runs. Altogether, the Methodists tucked away twenty-five base hits, eight of which were two base smacks. The losers took sixteen hits in all. Showing up for the losers, Buddy Moore scored a home run and Massie Ray Smith went around the circuit on a clout which carried him to third; an overthrow at third gave him ticket in. The Baptist rally of four runs in the seventh was the end of running sprees for both sides, the eighth and ninth innings falling into a lull.

Baptists Caddy For Methodists In Pansy Ball

Game Turned To Lost Ball Riot As Victors Score 35

Soft-ball, the pastime of school kids and that part of humanity that dwells in swivel-chairs, became a game of "lost-ball" when the Methodist aggregation Monday revamped its ranks to include "every slugger on the block" and smothered a bewildered Baptist ten to the scoring tune of 35 to 8.

What a few visitors thought was batting practice for the Methodist team and fielding practice for the Baptists, was just what the visitors thought it was. After the evening of caddy work, the Baptists came in with a perfect score. They found every ball.

Becoming matter of fact about knocking the ball away until such became boresome, the Methodist players took 42 hits and seven walks. In what might be termed contract, the Baptists gathered seven hits and one walk. The victors added up six home runs, Burman of the Methodists garnering two.

Dunlap, Gambrell, Keeton, R. Smith and Wyatt tossed for the losers and Outouth held the hurling spot down for the winners all the way.

The umpire was the only one who didn't go to bat in the opening inning when the Methodists slapped out eleven runs.

WHAT! NO CLINK?

Here's a fine how-d'y-do. Someone gave the monkey a dollar bill, and he doesn't know what it is! Oh, well, the organ-grinder will take it away from him quicker than you can say "genus primates" or even "monkey sees, monkey does," so it doesn't matter.

The point is, it only really matters that HUMAN BEINGS are getting more money than they've been accustomed to getting.

Salaries in general are much higher than they were a year ago. People are beginning to enjoy the thrill of "having a little money left over."

Folks are using this extra money to buy the things they've been wanting but denied these many years. They are still hunting the best markets, but they are hunting markets, with money to spend. "WE HAVE IT" . . . for homes, for farms, for towns and cities, for industries.

ELECTRIC POWER!

West Texas is abundantly supplied with power resources. The West Texas Utilities Company's 2,600 miles of transmission lines are linked with modern, strategically located generating stations, bringing power to you wherever it is needed.

"Let's Have Cheap Power!"
We Have That, Too.

Power is a commodity which grows cheaper the more it is used. The power from this company's lines, available every hour in the day or night for a variety of uses, can be purchased cheaper than it can be manufactured by the individual city, or the individual industry, farm or homes.

"Let's Have Abundant Power, for a More Abundant Life."
We Have That in West Texas, Too.

You may recall, many years ago, when some neighbor was able to boast of his electric lights through cords hanging from the ceiling. Light was expensive then, only the well-to-do could buy this service. Today, everybody uses electric service, for the electric dollar buys now an abundant amount, about three times as much electric service as it did before the World War. Electric service is delivered to you now so cheap that its daily cost can be counted in pennies.

The area served by the West Texas Utilities Company has ample power facilities to meet the demands of this growing and progressive "Land of Opportunity," West Texas.

Permian League Waxes Rough As Iraan Snatches 2

Ozona Wins Protest Of Saturday Fracas; Umpire Wins Sunday

The rough and ready boys from the oilfield sector of Iraan got a little too rough in their enthusiasm to win and a little too ready to go to any extreme to do so in a hectic two-game series on the Iraan lot the past week-end.

By the scorer's count, the Saturday game was copped by Iraan 3 to 1, but an official protest lodged by the Ozona club with League President Bill Collins of McCamey was upheld by that official. The protest arose over an incident in the third inning when Weaver went to bat out of order and after having one strike was called out by the umpire and not allowed to bat in his order. The local team's contention was that the batter should have been replaced by the one whose time at bat it was with one strike called.

The protested game, which is thrown out of the league standing count until played off, is to be played sometime in midweek before the end of the first half of the league split season July 1.

No Guessing There

Sunday's game also was won by the umpire for Iraan, in the opinion of players and fans alike from the Crockett capital. Not second-guessing umpires necessarily, for he wasn't even guessing, local fans saw a game they had every expectation of winning go glimmering before their eyes on a series of studied decisions by the base umpire that tossed three runs into the Iraan column and in the next inning jerked four potential tallies out of the Ozona total. To that point, the locals were leading by a count of 5 to 2 and hitting and fielding far ahead of any previous performance so far this season.

Three scores chalked up by the Iraan crew in the sixth knotted the count. Both teams scored once in the following frame to stand six all. In the eighth, after the locals had failed to score, Weickline, who replaced Mantubby in the box in the sixth, slapped a home run down the third base line with two aboard, taking a three-run lead, which was sufficient to get Weickline his first win of the present season—with the help of the umpire, local fans remained convinced.

Dorley, playing left field for the locals, rapped out a homer in both the Saturday and Sunday games, the bases being empty in each instance. His circuit clout accounted for Ozona's only tally Saturday. Dorley hit two out of four in both games, a homer and a triple in Saturday's fracas and a homer and a single Sunday. Weaver and Stuart also figured in Sunday's attack, getting two each. Bill Rabb, Giant ace hurler, slammed out a double in Sunday's set-to. One hit each was rapped out by Lenz, Frank Russell, Mangold and Rabb, for a total of ten the day. Saturday, the Giants gathered only five safeties off Peel, two by Dorley and one each by Mangold, Weaver and Mayer, pitcher. The box scores follow:

from the Atlantic Producing Company. This eighty acres is adjoined on the west and north by the Continental Oil Company and on the south and east by Stanolind Oil & Gas Company.

E. W. Stanfield, of Hollywood, California, who, with his associates are interested in the Leslie-Hiller well on the Todd ranch, will also be interested in the new development, it is reported.

Halted by a fishing job, the Leslie-Hiller has been temporarily held up at something less than 1900 ft. It is reported that drilling will soon be resumed at this hole which has maintained a highly satisfactory log with increasing promise toward the pay horizon.

In connection with the resumed and new activity in this locality, exponent of the industry had this to say concerning the specific area of the Todd Pool:

Believe Rich Pool

"Millions of dollars have been expended by major and individual oil operators in the general area of the Todd pool and in almost every instance favorable oil showings were discovered but nowhere did this vast exploration definitely determine or produce oil in commercial quantities until in February 1933, when the Continental Oil Company and the Stanolind Oil and Gas Company each brought in producers, creating the Todd pool beginning."

Most of the development or exploration heretofore has been to the west and south of this pool and many well informed oil men believe that in this immediate vicinity lies a rich productive oil pool, as great perhaps as its neighbor, Yates field to the west. It is of unusual significance that nowhere in Crockett County has oil been discovered except in the Todd Pool and the Powell Pool to the north.

Nowhere in the annals of oil development have two wells constituted the limits of an oil pool. History indicates that the discovery wells are on the edge of a pool and as such, are small producers. Subsequent wells, however, usually come in gusher proportions, as was true in the Yates field.

"The oil pool west of Ozona may be waiting to yield an abundant oil supply for this area."

BOUNTIFUL ONION

Carmichael-Perner Mercantile Co.

In recalling the earlier days, the storekeeper remembers the Carmichael-Perner firm as the largest company ever to operate in Crockett County. Occupying the entire building now occupied by Miller Garage and Meinecke Store, the large firm sold lumber, groceries, hardware, dry goods and farm implements. The company has sold a car load of implements in one year, the storekeeper said. So voluminous was the firm's business that it maintained banking accommodations and "every man in Crockett County had a check book of the Carmichael-Perner firm," Mr. Meinecke said.

When automobiles came out, farm implement sales went down—then diminished entirely. It might have been a case of cause and effect. At least, the corner of the building was later to house an automobile sales agency where Roger Dudley sold Ford cars.

Born in Germany

Born in Bremen, Germany, August 28, 1866, Chris Meinecke came to America when a young man with his parents. They lived in Baltimore, Maryland and Chris Meinecke received his schooling in the cosmopolitan city.

From there he came to Sonora, Texas. After living there for seven years, Mr. Meinecke came to Ozona and was employed by the Carmichael-Perner firm. He has lived in Ozona 40 years. Three of Mr. and Mrs. Meinecke's children live in Ozona. They are Hurst Meinecke, R. W. Meinecke and Mrs. Buster Augustine.

At the close of the business meeting, there was a linen shower for Memorial Hospital in Houston. The linen from this shower will be applied on the salary of Missionary Emma Musgrove, who is doing work in Memorial Hospital.

DOCTOR TOLD HER HOW TO LOSE 17 POUNDS OF FAT

Gossipers Peeved

Mrs. Robert Hickey of Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."

Mrs. Hickey paid no attention to gossipers who said there was no safe way to reduce—envious women who don't like to see others youthfully slim. She wisely followed her doctor's advice. Why don't you?

Get a jar of Kruschen today (lasts 4 weeks and costs but a trifle) and if you don't lose 12 lbs. and feel years younger and healthier—money back. Simply take half teaspoonful in cup of hot water every morning (tastes fine with juice of half lemon added). Ozona Drug Store sells lots of it. Adv.
