S. M. U. PROF. TO ADDRESS GRADS OF OZONA HIGH

Dr. J. U. Yarborough To Deliver Commencement Address

EXERCISES MAY 20 Twenty-Six In Class Of 1937 Seeking Sheepskins

Dr. J. U. Yarborough, head of the Department of Psychology at Southern Methodist University in Dallas, will deliver the commencement address to the 1937 graduating class of Ozona High School at the forty-first annual commencement exercises of the school to be held Thursday evening, May 20, it was announced this week by C. S. Denham, superintendent.

Dr. Yarborough visited Ozona last February, making a series of addresses here, at the Methodist Church, to the Parent-Teacher Association and the student body. He is chairman of the administrative board of the Commission on Coordination of Education in Texas, and spoke in the schools here on the subject of educational guidance.

Dr. Yarborough is a native of Tennessee and a graduate of the University of Texas, serving as a member of the faculty of that school for a number of years. He has his Ph. D. degree from the University of Chicago. He has been head of the Department of Psychology at S. M. U. for the past seventeen years.

After the past two weeks of a whirlwind round of social activities, the Seniors must settle down next week to the serious business of getting ready for final examinations, slated Thursday and Friday. Then baccalaureate Sunday and graduation the following Thursday evening.

Rev. Eugene Slater, pastor of the Ozona Methodist Church, will preach the baccalaureate sermon Sunday morning, May 16, in the High School auditorium. His subject for the day will be "The Eyes Have It."

There are twenty-six aspirants for graduation from Ozona High School at the 41st commencement. Whether or not the entire group will walk to the rostrum to receive their diplomas is not known.

TO BUILD NEW HOME

Wrecking of the old Baggett home, south of the West Texas Utilities plant, purchased recently by A. W. Jones, started yesterday. Mr. Jones plans to use the lumber in construction of a stucco residence on a lot he owns two blocks west of the High School building.

Start Paving Of Street Adjoining School Property

Curbing Near Complete For Proposed Paving Of Avenue C

Paving operations began this week on two blocks of street adjoining property of the Ozona school system east of the school building.

The street, 800 feet in length, is to be paved from the edge of present street paving at the Baptist church corner to the draw which crosses it at the north edge of the new tennis courts across from the elementary school building. The paving work is being done as a WPA project.

WPA workers are also completing curb and gutter on Avenue C, from the W. E. West corner south to the end of the street, a distance of three blocks. The street is to be paved upon completion of the curb and gutter, property owners cooperating in financing the project.

T. C. U.'s Junior Beauties

Here are presented the pick of the girls in the junior class at Texas Christian University this year, so designated by a vote of members of the class. They are: Misses Mary Frances Hutton, Grace Matthews, Evelyn Lowe and Virginia Clark, all of Fort Worth.

PTA To Examine School Exhibit At Meet Monday

New Officers To Be Installed At Session In Grade School

Installation of new officers for the coming year and a tour of exhibits arranged in each grade of the elementary school will be the principal features of the final meeting of the Ozona Parent-Teacher Association to be held Monday afternoon, starting at 3:30.

The association will meet in the grade school building for its business session. Members will be conducted through the various exhibits in the lower grade rooms, the Junior High school art exhibits and other displays. The manual training department of the High School will transport its exhibit from the High School to the Elementary school building for convenience. The kindergarten will also be visited during the afternoon.

Mrs. Georgette Bean will be installed as president of the group for the next year. Other officers, elected recently, will be installed as follows: Mrs. Bryan McDonald, first vice president; Mrs. Charles E. Davidson, Jr., second vice president; Mrs. W. A. Kay, third vice president; Mrs. Madden Read, secretary; Mrs. Charles Williams, treasurer; Mrs. Ted White, parliamentarian, and Mrs. Ira Carson, historian.

Hostesses for the final session of the current year include Mrs. Pon Seahorn, Mrs. Norman Rendall, Mrs. Ray Dunlap, Mrs. Bruce Drake, Mrs. Floyd Henderson, Mrs. Jess Hancock, and Mrs. H. C. McCaleb.

The outside of the Massie West home is being given a thorough repainting and refinishing this week.

ATTEND FUNERAL

Mr. and Mrs. John R. Bailey and Mr. and Mrs. Bascomb Cox attended funeral services in Ballinger Monday for Scott Mack, husband of Mr. Bailey's sister, who died in a Temple hospital Sunday.

Ooooo! THE BIG BAD MANS ARE COMING T'TOWN

Dese Gulfer Guys From De Crane Gashouse Raid Ozona Saturday

The fans' big moment, especially Ozona fans, will come next Saturday and Sunday when the Station A Ozona-Sonora team, undefeated in four Permian Basin league starts this season, clashes with the also unbeaten Crane Gulfers of fiery Bob Osborn.

The first game of the series will be on Ozona's diamond, scene of many a colorful battle between Ozona and Crane teams in last year's hectic Permian League race wherein the Gulfers finished in commanding position, with the Giants runners up. Sunday's game will be in Crane.

The defending champions have lost little of their strength from last year, and no doubt will be found very much in the way of any team that thinks to hurdle to the West Texas baseball championship.

Dorley Smacks 'Em Over The Pailings In Tex-Mex League

Carl Dorley, first baseman and powerhouse at bat for the Ozona-Sonora Station A team, is showing the Texas-New Mexico league something of the principles of "smacking the apple" this week.

Dorley is playing a series of four games for Charley Bryan's Odessa club and in Tuesday's game turned in a pair of singles and yesterday smacked out a single and two home runs. Dorley will be back the week-end with his batting eye and steel wrists in perfect trim to deal his share of misery to the Crane Gulfers.

HONOR MOTHERS

Mothers of the land will be honored on their day next Sunday with special attentions from their children and special honors from the world at large. Locally, the churches will observe the day with special Mother's Day services, and a special invitation to mothers to attend the services.

Dist Conference Of Methodists To Meet Here In 1938

Ozona To Be Host To Annual Gathering From Angelo Dist.

Ozona will be host next spring to delegates to the District Conference of the San Angelo district, Methodist Episcopal Church, it was learned here last night.

The invitation of the Ozona church to the Conference to hold its next annual meeting in this city was extended on its behalf by Rev. L. U. Spellman, presiding elder of the district, and a request of the pastor, Rev. Eugene Slater, when the Conference met this week in Paint Rock.

Rev. and Mrs. Slater, who were delegates from the local church, were forced to leave the Conference early to return here and the city's invitation for the 1938 Conference was extended by the presiding elder.

The San Angelo district embraces church throughout the ranch section, including some fifteen to twenty counties. More than a hundred visitors are expected to be in attendance when the Conference meets here.

Mr. and Mrs. W. R. Baggett had planned to attend the Paint Rock Conference but cancelled the trip upon learning of the death of J. O. Secrest Tuesday morning.

'Senior Day' To Be Observed In All-Day Outing

1937 Class On Annual Trek To Devil's River Friday

Classroom cares—if any—will be forgotten for a day tomorrow when members of the Senior Class of 1937 of Ozona High School observe annual "Senior Day" with an all-day outing on Devil's River.

The Seniors, chaperoned by Guinn Carruthers, class sponsor, and Superintendent C. S. Denham, will embark at 5 o'clock Friday morning on the annual Senior Day outing. The class will spend the day in fishing, swimming, hiking, eating and generally having a day of care-free fun, forgetting for the day the fact that final examinations come next week and then the matter of being "graduated" to be disposed of.

Mrs. Joe T. Davidson, class "mother", is in charge of arrangements for food. Grover Jones is in charge of arranging for transportation. Between thirty-five and forty are expected to make the trip.

Suit Seeks To Evict Occupant Of Garage Bldg.

Hearing Set May 12 On Wilson Suit To Oust L. T. Donaho

Suit was filed in justice court here this week by John Atchison as trustee and guardian, Wilson Motor Co., Lee Wilson, Mrs. Leota Wilson and Woodrow Wilson, against L. T. Donaho, seeking eviction of the defendant from property owned by the plaintiffs.

The petition alleges that the lease under which L. T. Donaho occupied the property, known as the Wilson garage building, in which the defendant operated the Donaho Garage, expired February 1 and that written notice had been given him to vacate the property. The petition prays for a writ giving the plaintiffs possession of the property.

Justice of the Peace J. T. Glover has set May 12 as date for hearing of the petition.

Junior Woman's Club In Final Meeting May 13

Annual check-up of season's activities and accomplishments will feature the program at the final meeting of the Junior Woman's Club slated for Thursday of next week, May 13, at the home of Mrs. Massie West, with Mrs. Boyd Clayton as assisting hostess.

At this meeting, all officers will present their reports of the year's work.

At the regular meeting of the club last Thursday at the Hugh Childress home, with Mrs. Ele Hagelstein and Mrs. Doug Kirby as hostesses, the club approved the report of the program committee for next year's program. The program next year will be divided into three sections, Interior Decorating, Speech Arts and Gardening. The club also voted to sponsor a sale of wood cuts and wood portraits by Mary Sone of Sterling City here soon. Mrs. Melvin Brown was elected to membership.

Pumpers Bounce McCamey To Keep Loop Leadership

First Game Easy 9-0; Sunday's A 13-12 Hit Carnival

The Station A Pumpers, Ozona-Sonora's hopes for Permian Basin league honors this year, kept their place among the three unbeaten teams, making it four wins in a row, when they nosed out the McCamey Refiners by a lone tally in a three-hour hit and error carnival on the Sonora diamond Sunday afternoon.

The twin town team found it easy going at McCamey Saturday afternoon behind the four-hit pitcher McCamey hurling staff for a ching of Lefty White, pounding total of nine runs to blank the home towners.

Sunday, however, it was nip and tuck, with both teams without pitching, and both playing loosely in the field. Sam Gray gave up five hits, which, coupled with a brace of errors, a walk and a wild pitch yielded seven runs, in three innings he stayed. Fields relieved Gray in the fourth and went fairly well until the eighth, except for Warner's homer in the seventh. In the eighth however, with the locals three runs ahead, the first McCamey batsman up cracked out a single, the next a double and the next a home run to tie the count. Shay Gray, Sam's brother, then went in and managed to hold the Refiners the two innings. Shay Gray and Eddie Ratliff brought home the winning run in the last half of the ninth, when Gray, first up, smashed a ringing triple to center and Ratliff scored him with a single to right.

Hal Wiltze, screw ball artist, released last week by the San Antonio Missions, is coming this week for a try with the Station A crew. Wiltze, seasoned in the big leagues, but still young enough to have lots of fire, is said to have a wicked delivery and may be able to give Lefty White some help in holding the big guns of the Permian teams in check the rest of the season. It is understood here that Manager Dutch Ohlenburg has released the Gray brothers and Fields from the hurling staff.

Pupils Of Speech Arts In Recital Wednesday, May 12

Pupils of Mrs. A. W. Jones, teacher of speech arts in the Ozona schools, will be heard in recital in the High School auditorium Wednesday evening, May 12, at 8 o'clock.

The program will consist of readings and one-act plays. Rex Johnston, principal of the Junior High School, will sing two songs as guest artist on the evening's program. There will be no admission charges and the public is cordially invited to attend.

J. O. SECREST LAID TO REST IN RITES HERE

Crockett Rancher Victim Of Paralysis; Died Tuesday

HERE 37 YEARS

Former Business Man, Rancher, Was Pioneer Resident

The body of J. O. Secrest, 62, Crockett County rancher, and resident of Ozona 37 years, was laid to rest in Cedar Hill Cemetery yesterday afternoon following funeral rites from the home.

Mr. Secrest died in a San Angelo hospital at 6:20 Tuesday morning after an illness of several weeks. A paralytic stroke Friday, followed by other complications, proved fatal. Mr. Secrest suffered a health breakdown six years ago and was in critical condition for a time, but rallied and improved steadily until he was able to go about his business again and to enjoy fair health.

Funeral services were conducted here yesterday afternoon from the home, with Rev. Eugene Slater, pastor of the Methodist Church, officiating. Masons were in charge of burial rites at the graveside.

Mr. Secrest had been a resident of Crockett County since 1900. He entered the ranching business and was for a number of years manager of the local branch of the West Texas Lumber Co., retiring from that post about ten years ago on account of his health.

A member of the Masonic lodge for many years, Mr. Secrest was active in Masonic work, being a former Worshipful Master and secretary of the local lodge. He was a Shriner and Knights Templar, and a member of the Methodist Church.

Surviving are the widow, the former Miss Eula B. Young, and one daughter, Miss Virginia Secrest, a student nurse in an El Paso hospital. Mr. and Mrs. Secrest were married in Lampasas in 1904.

Play Sponsored By Woman's Club Here Cancelled

Unable To Complete Cast, Postpone Event To Fall

Cancellation of the proposed production of "The Yellow Shadow", a three-act comedy drama, by a home talent cast under sponsorship of the Ozona Woman's Club, was announced this week by the club.

Abandonment of the project at this time was made necessary when the group was unable to complete a cast for the play. Illness and the fact that this is a busy season of the year, making it difficult to secure production date without conflict with other events, caused the decision to abandon the plan for the present.

It was announced an effort will be made to stage the play next fall, shortly after school opening. The play was being directed by Mrs. A. W. Jones.

Woman's Club To Install Officers At Meet Tuesday

The Ozona Woman's Club will hold the final meeting of the year Tuesday at the home of Mrs. N. W. Graham. Installation of officers will be made and written reports by the officers and chairmen of the standing committees will be heard.

The last two lessons of the English will be studied as a round table discussion.

THURSDAY, MAY 6, 1937

MOTHER!

We once heard a Mother's Day sermon, preached by a man of rare understanding and a man capable of summoning the language most suitable for a beautiful occasion. His sermon was in the nature of a prayer to Mother, and went something like this—stripped of its beauty of language, thereby losing much of its charm:

"For the heartaches and pains I've caused you, Mother dear, forgive me.

"For the sleepless hours of anxiety I've brought you, Mother dear, forgive me.

"For my heedlessness that brought you pain and sorrow, Mother dear, forgive me.

"For all my failures that brought you disappointment, Mother dear, forgive me.

"For the pain you endured to bear me, Mother dear, I thank you.

"For the tender, loving care you gave me, Mother dear, I thank you.

"For the sacrifices you made to rear me, Mother dear, I thank you.

By PERCY CROSBY

Three Rooms and Bath.

that the wool is satisfactory is in position to offer for the next season's clip a price sufficient to insure that he will get enough of this fine Texas wool for his purpose. If the wool is of poorer quality than expected, the mills will be disappointed and their subsequent offers will be reduced accordingly; but considering the popularity of Texas wools the producers have obviously been able to supply a quality that brings repeat orders. There has been a notable improvement in many of the flocks in recent years and the percentage of choice wool is known to be increasing. The Experiment Station has found definitely that certain animals even within the same breed produce better fleeces than certain other animals and gradually these better animals are being used to build up the flocks to a high type of production.

Contract In Advance

There are other methods of marketing Texas wools and under certain conditions involve a considerable percentage of the clip. In years when wool supplies are unusually low and there is an active demand on the part of mills and foreign wool markets are reflecting a strengthening tendency in price, there will be considerable contracting of wool prior to shearing as has been the case for the past two years in Texas. The general procedure in such contracting is for the buyer to advance cash to the grower at the time of making the contract and to guarantee the remainder of the money at the time of delivery of the wool after shearing. It is estimated that over 30 million pounds of wool of the 1937 clip have been bought by this method. In some cases the merchant inspects the wool at the

ranch and pays for the clip when it is put on the rails.

In the years when wool prices are low and there is no active demand by manufacturers, it is some times the practice for the wool growers to consign wools to be sold to the manufacturers upon the approval of the grower. This method of marketing is usually unsatisfactory to the grower.

The cooperative marketing of Texas wools is conducted on a very small scale at this time and is not of great importance as a marketing factor.

Texas Wool Holds Commanding Place Thru Uniformity

95 Percent Of Clip In State Is Classed As "Fine" Wool

By S. P. Davis, Wool Specialist
Texas Agriculture Experiment Station

Practically 95 per cent of the wool clip in Texas falls into a class known by the wool trade as "Fine Wool", and is produced by the Rambouillet and Merino breeds of sheep. The term "Fine" denotes a wool that is capable of being spun into yarn classing as

64's and up. This means that 64 worsted hanks of 560 yds each will weigh one pound. There is so much uniformity in the clip that Texas is known as a fine wool state and holds a commanding place in the market. There is a small amount of Texas wool that will produce as fine as 70's while there are a few mutton breeds of sheep in the state such as Shropshire and Hampshire which produce coarser grades of wool that fall into what is known in the trade as medium wools and spin into 50's and 56's. The annual clip of more than 60 million pounds of this one fine class of wool which may be likened to "middling" as used in rating cotton class, greatly simplifies the problem of arriving at the proper market value of the crop.

Texas has a very successful system of marketing that is unlike that of any other wool producing state. Warehouses are located throughout the wool growing area

of the state. San Angelo, known in the wool trade as the largest inland wool market in the world has nine of these warehouses which handled 22 million pounds of wool for growers during the past year. This amount was 1/3 of the total Texas production for that year. Other large warehouses are located in Del Rio, Sonora, Kerrville, Uvalde, Junction, and other points.

Buyers Advance

Producers are usually able to secure advances from the warehouse concerns to enable them to finance their operations through the year. These advances are made under favorable conditions and have the effect of inducing the producer to store his wool with the warehouse, and the commission, usually one cent per pound when sale is made, has proved to be satisfactory to both the warehouse and the wool grower. The system results in the accumulation of large stores of wool for inspection by eastern buyers and their representatives, and results in keen competition among the purchasers of Texas wools. One of these warehouses, the Sonora Wool and Mohair Company, has for several years been grading its wool at the shearing pens and while it has been impracticable to obtain experienced wool graders from the mills, the quality of the work done by local men has been such that this company has been receiving a premium for these graded wools offered for sale. Due to the uniformity of the Texas wools, it is a comparatively simple matter to train young men to judge rather accurately the correct grades according to the important factors governing wool prices which are in the order named: shrinkage, which is loss in scouring, length of staple, strength, uniformity and fineness, color, and elasticity. Generally speaking, light shrinking, longer stapled wools command the highest prices both in the 12 months and in the spring and fall shearing. In fact, as we stated recently, the price paid for the wool is made on the gross weight but depends entirely upon the estimated clean weight of the wool which means that having ascertained the shrinkage, the clean weight of the clip that will remain after scouring is the commodity which commands the price. It is true, however, that the price is influenced by the length of the staple inasmuch as more of the uses for wool require good length. The strength, uniformity, and fineness figure in the value as well as color and elasticity.

The warehouses having found a market for the season's clip ship their accumulated stores to the buyers usually through Houston and Galveston by boat to the eastern mills. Near the mills scouring facilities are found and the clean wool passes from scouring into the process of manufacture. The manufacturer having found

"We Go The Limit to Please"

Know Texas

News Bureau
Texas State College for Women

Denton, May 7— "Thirty foot" basses are now in order, since the Texas fishing season has opened. The yearly trek to water-holes throughout the state begins, old game Walton should thrill at the variety of fish and fishermen native to the Lone Star State.

Classifying Texas anglers according to the prey they seek, there are the freshwater sportsmen who want a good fighting fish, such as spotted and largemouth black bass or the hand-thumbed yellow bass. On the coast the "Silver King," or tarpon has won the title of "greatest of game fish" and more daring anglers set out every year to find a 30 to 300 pound specimen of him or of a deephead, another popular fighter.

The "barefoot boys" go after the Blue-spotted Sunfish and the familiar Rock Bass, both of which are found in ponds, creeks and rivers around patches of vegetation. Other common freshwater varieties out of the 130 represented in this state are the six inch Blue and Red-eared Sunfish, the foot-long crappies or White perch, the long, slender, destructive Little Pickerels in East Texas, and the whole family of Catfish.

The bad name given to Catfish is unfounded, since the Blue and spotted varieties caught in the Trinity and San Jacinto rivers are excellent to eat, and caviar is made from the eggs of the spoon-bill cat in East Texas. The yellow mud cat, which is more voracious and less cleanly in its habits, somewhat merits the shady reputation.

Connoisseurs search for Pompano, the royalty of Texas salt water fish so far as taste and price are concerned. Weighing

"Bumpograph" Aids Engineers Smooth Highways

E. L. Seitz, state highway engineer of California shown with his new invention, the "bumpograph," employed to chart unevenness in road surfaces. The device is so sensitive that it records tiny lumps only one-sixteenth of an inch high. Uneven spots are marked by the machine with chalk, which serves as a guide to the road roller for smoothing the road.

about four pounds it is no more a game fish than members of the Weakfish family, so-called because they are easily torn in catching. These are known as tenderloin trout to restaurant goers, and rank first in quality and quantity combined, the commercial catch for 1930 being over 1,043,000 pounds.

Money-making fishermen also favor the larger salt water species the Spanish Mackerel, averaging eight pounds, the Gulf Pike which sometimes reaches twenty pounds and the Red nappers, those rosy, valuable 30-pound fish that are easily shipped and readily marketed. Not to be left out are the

flounders, croakers and the Gulf Menhaden, whose abundance makes them peculiarly suited to their use as food for all other fish.

Belt sets, shirts, ties, underwear, socks and other appropriate gifts for the boy graduate at C. G. Morrison Co. Shop at Morrison's and save.

Typhoid Fever Is Characterized As National Disgrace

Austin, May 7—Dr. Geo. B. Cox, State Health Officer, characterized typhoid fever as a National disgrace and an unnecessary evil, while discussing this preventable disease. He said, "Each year about four hundred Texans die of this disease and approximately four thousands are sick with it. The average duration of illness is about six weeks; this means that the dis-

ease is responsible for the loss of 108,000 days in Texas each year.

Typhoid vaccine is a harmless solution. This is injected under the skin in the upper part of the arm, in three doses, usually at weekly intervals. It ordinarily protects against the disease from two to three years or longer, although one who is definitely exposed to infection should be re-vaccinated more frequently.

Typhoid fever can be controlled by the use of pure water, pasteurized milk or clean milk, clean foods, proper disposal of sewage, screening against the fly and destroying its breeding places, by search for and care of human carriers, and by the general practice of vaccination.

Certain people, apparently healthy carry the germs of typhoid in their intestines or urinary tract and cause many cases of typhoid each year through handling foods with unwashed hands. They are called typhoid carriers and many

cases result from personal contact with these carriers.

In selecting a place for a vacation choose one where you know that the water and milk supply is pure. Be sure that the kitchen and dining room are screened to protect food from flies. When camping it is best to boil water used for drinking, unless you know that it is pure. Clear, sparkling spring water may be polluted by drainage.

RUPTURE

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the St. Angelus Hotel, San Angelo, Tuesday, only, May 11, from 9 A. M. to 6 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthens the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge. Add. 6441 N. RICHMOND ST., Chicago, Ill.

Q. When was the Jefferson Implicite, which has recently been revived as a daily paper, established and by whom?

A. In 1865, by Col. Ward Taylor, who published it as a weekly news paper for many years.

Q. Where do geologists believe that a cavern exists, as yet unexplored, that will prove larger than any that has been discovered in this country?

A. Based on drillings in Howard county near Big Spring, geologists contend that there is a vast vacuum produced by a fault in the earth, in that locality beneath which an immense stream flows, and that future explorations will reveal the largest cavern yet discovered in this country.

Q. How many oil wells are there in Texas and what is their potential production?

A. In excess of 60,000 wells that could produce more than 14,000,000 barrels of crude oil daily, if permitted to operate at capacity, which is five or six times the requirement of the nation.

Q. What was the first county seat of Jackson County?

A. Santa Anna, known later as Texana, at the confluence of the Lavaca and the Navidad, which was the principal settlement of the County in 1835. When Jackson County was organized (1836-37) and the town was chosen as the county seat the name was changed to Texana for patriotic reasons. In 1867, Texana was the only post office in the county.

Q. What is the Indian tradition as to the origin of Caddo Lake and to what other lake does the same legend apply?

A. According to the story handed down by the Caddo Indians, a strange movement overnight occurred in 1812, since recognized as an earthquake, leaving in its wake the Caddo Lake in Louisiana and Texas, and Reelfoot Lake in Tennessee, both filled with water. Many Indians were killed in each disaster.

Q. What is the most quoted expression from the pen of Mirabeau B. Lamar, second president of the Republic of Texas?

A. "Cultivated mind is the guardian genius of democracy. It is the only dictator that free men acknowledge and the only security that free men desire." It is quoted in the bulletins and much of the other literature of the University of Texas and is recited in unison at the opening of every meeting of the Georgia Society of Texas.

Q. Is there a memorial to Shakespear in Texas?

A. Yes, under the bluff at "Lover's Leap" in Cameron Park, Waco erected by a Waco literary society.

Q. What historical inscription has been placed on the monument erected at Ysleta by the Texas Centennial Commission of Control?

A. "Site of the first mission in Texas, Corpus Christi de la Ysleta del Sur, founded in 1682 by Don Antonio de Otermin and Pardo Fray, Francisco Ayeta, O. F. M., for the civilization and Christianizing of the Tiguas Indians. Pueblo revolt refugees, formerly located at La Ysleta, N. M. Building damaged by floods and later by fire, but rebuilt on the exact site and in part on the walls of the original structure."

Q. Who brought the cowboy song, "Home on the Range," to greatest public attention and popularized it?

A. John McCormick sang it throughout the world and gave it its greatest popularity along with another range song about equally well known, "Git Along, Little Dogie."

Q. Was "The Eyes of Texas" ever the official Texas State song?

A. Although for many years before a state song was adopted, "The Eyes of Texas" was considered by most people the State song and is still the song most frequently sung at Texas public gatherings. It was never an official state song, but is the official song of

the University of Texas. "Texas, Our Texas," was formally accepted as the State song by the Legislature in 1930. The words were written by Gladys Yoakum Wright and W. J. Marsh, and the music composed by Marsh in 1935.

Q. Who is the woman mayor of the town of Kyle, Hays County?

A. Mrs. Mary Kyle Harston, daughter of Capt. Ferg Kyle, for whom the town was named. Mrs. Harston was postmaster at Kyle from 1902 to 1923 and is a cousin of Albert Sydney Burleson, postmaster general in the Wilson administration. She admits that she and four of the five Kyle aldermen are "past sixty."

Q. What inscription is on the corner stone of the San Jacinto Memorial Tower, on the battlefield near Houston?

A. "Erected by the United States of America and the State of Texas A. D. 1936. Dedicated to the heroes of the battle of San Jacinto and all others whose deeds won for Texas liberty and independence April 21, 1836." A space within the tower will be reserved for statues of heroic Texans.

TEXAS SCRAP BOOK

A beautiful book with brilliant

mounted by Six Flags, size 9x12 cover showing Texas Capitol surpapes, indexed, classified by subjects with numerous historical pictures ready to be pasted in book.

This makes a lovely gift for children, is adapted for school or home use and stimulates interest in Texas history and love for home and state.

Mailed postpaid for only 25c. Will H. Mayes, 2610 Salado St., Austin, Texas.

I enclose 25 cents in coin, securely wrapped, for a copy of Centennial Scrap Book.

The LATCHSTRING'S Out

You're always welcome to the service rendered at Humble service stations. But when we say, "the latch-string's out," we mean a little more than that; we mean, the door is always open to any criticisms, suggestions and comments you have to make. Indeed, we supply each Humble service station with cards upon which you may tell us what you have to say. You're invited to use these cards; each of them is carefully read and noted; they help us to furnish you with the service you want, the service you'll find always second to none.

A SMALL COIN A DAY
Makes A Happy Home

One Dime Pays
the Day's
Electric
Service Bill
in the Average
American
Home

Rain or Shine,
Day or Night—
Electric
Service
Is
Always
On the Job

"If everyone could have an electric kitchen, what a happy old world this would be! My kitchen is a source of much pride to me. It is clean. Electric bills are reasonable. And it gives me 'Time on My Hands'. . . I just hope more housewives will be blessed with electric kitchens."—Mrs. W. A. Stephens, of Allene, an average home.

Be Meter-Wise and Kitchen-Happy

Your electric meter fulfills a duty the same as your grocer's scales. Each weighs your purchase—the scales: Sugar, beans, potatoes, etc.; the electric meter: Measures electric energy and the period of time over which the power was engaged in serving you—that is, the time it was hired and used on active duty.

Scales give the answer in pounds of a commodity; the meter in kilowatt-hours of electric service.

Scales are familiar to everyone, but the meter's procedure in weighing both the power required and duration of its usage appears more complicated. However, the meter's task is accomplished just as accurately and even more readily than the task of grocer's calculating scales.

An Honest Timekeeper

It has inherent electrical qualities affording great precision—as in your electric clock. The meter is more accurate than most watches. Not only your electric company but the State Weights and Measures Bureau check it closely, thus guaranteeing accuracy. While seldom ever 2 per cent off, as much as a 2 per cent deviation, fast or slow, leads to the meter's recalibration.

Modern science makes the meter virtually infallible as a timekeeper for Mr. Kilowatt, your electric servant. Assured of accuracy, you may also be interested in how cheaply you can increase your electric service benefits. Such benefits are cheap compared to what the few extra pennies will buy in other services.

Cost Down Steadily

Government and political costs have mounted but your electric service rates have decreased steadily. You get twice as many kilowatt hours now for the same money as ten years ago. The government post office department now charges 50 per cent more for stamps—3c instead of 2c, but a few years back you could mail THREE LETTERS for the service cost of that day's small electric refrigerator. Today postage for ONE LETTER costs the same as 24 hours of electric service for a small 1937 refrigerator.

Electric water heating, using service during periods when the electric range is idle, costs you but 1c a kilowatt-hour. The actual cost of operating the electric range is less than 1c a meal per person.

West Texas Utilities Company

NOBODY'S BUSINESS
BY JULIAN CAPERS JR.

Austin—What the senate does out continuing its three-week muster against tax bills and the horse repeal during the final weeks of the regular session in second place this week among the political observers here the question of what effect the unprecedented fight between Gov. Allred and the solons may have on Texas politics next year. Most interesting was the speculation that the battle over race repeal may result in Allred making a third term on a "vindication" platform. Close friends of the governor have declared he is going with the idea, altho no official comment was available from

"If they will let a governor come, he dies a more or less natural political death in two terms," Allred is quoted by one friend as saying. "But if they keep one, it is quite possible they could force a third term upon him." "They" refers to his senate opponents who have held up all important legislation for 23 days filibustering with futile debate on proposed constitutional amendments for a sales

Other Candidates Active

This report, together with another that Chairman Robert Lee Abbott of the highway commission is being urged in some quarters to get into the governor's race, presumably as an Allred standard bearer, was causing some concern to backers of Col. Ernest O. Thompson, railroad commissioner, and Atty. Gen. William McCraw, both openly, but unannounced, candidates in 1938. McCraw continued his campaigning program of speeches, landing an "ace" with a place on the pro-

New Type Television Receiver Developed

Students at the California Institute of Technology at Pasadena examining a new type of television receiver developed at the institute by Harry R. Lubeke. A television demonstration proved a major attraction as 10,000 visitors jammed the show rooms of the school.

gram of the West Texas Chamber of Commerce convention May 10 at Brownwood. Col. Thompson, whose strategy has been to hold his political fire, nevertheless registered strongly in Washington, when he made the unprecedented recommendation to a congressional committee, that the power of the Texas railroad commission to determine limitation of oil production should be cut down, and the conservation program of the state outlined more specifically by statute. He drew two significant comments from members of the congressional committee. Rep. Pettengill of Indiana suggested Thompson's statue in the Texas

hall of fame as "the first member of a regulatory body who ever advocated a reduction of his own authority."

Rep. Wolverton of New Jersey added: "Or, I should say Texas should elect you governor." Which suggestion met with the hearty favor of Thompson's Texas friends. They had, it seemed, already thought of it—long before the New Jersey congressman.

Another Race Warning
Meanwhile, with the session ending, interest in the attorney general's race, ranked next to that of governor in Texas elections, was picking up. Friends of Lieut. Gov. Walter Woodul, who is pacing the field by reason of two years of active campaigning, pointed to certain friendly expressions recently voiced by Gov. Allred toward Woodul's extreme fairness in presiding over the state, which Allred is warring with over the race repeal measure, as significant. They hope it indicates a substantial part of the so-called "Allred machine" will swing in behind Woodul, despite the fact that the field of potential opponents of the lieutenant governor includes Sen. Franklin Spears of San Antonio, Ralph Yarborough, Austin judge and Allred appointee, and Gerald C. Mann, ex-secretary of state and Allred campaigner, and other Allred friends.

Politics Breaks Out Early
The whole field of state politics is nearing a boil, with only the question of whether a special session will be held keeping it in check. The senate's action in rushing thru action of three major appropriation bills, and a growing sentiment among the lobbyists to aid in getting a vote on the race track repeal bill before the end, so as to avoid a special session immediately, may be productive of results. The race horse bloc, angered at Allred's two messages this week—one declaring flatly he will call a session the day after adjournment unless a vote is had on race horse repeal, and the other vetoing a joint rule that would have permitted a minority to block votes on this and other questions, at both this and the special sessions—are seeking desperately to switch enough votes to defeat repeal, using the plea that "Allred is trying to tell the senate how to run its business." But they have found the going tough, because there are many country districts senators, who while they don't like the governor, and don't want to repeal race betting, know that the voters in their districts are "agin" race track gambling, and they dare not get on record against killing it. The lobbyists have had very good luck staying off new and increased taxes so

far this session, and they are desperately afraid of what might happen to them in a special session. So the senate long jam, under all this pressure, may be breaking up enough to get a vote on race repeal, pass the appropriations bills and possibly pass some tax legislation. If the first of these two things happen, it is very likely the governor will not call the special session.

VETERAN SALESMAN

A. A. Campbell, sales representative of the H. W. Fink Cigar Co., of San Antonio, was visiting the trade here this week and passing out a few samples of the H. W. F. cigars. Mr. Campbell has been "making" Ozona territory for 35 years, and in reminiscing on the "horse and buggy days" recalled his first automobile, purchased in 1910, and the "pushing" that was always necessary in negotiating Sheffield hill on the return trip from the west.

Austin B. Penney, who has just returned from a three and one-half year stay in the Dutch East Indies, where he was with the Nederlandsche Koloniale Petroleum Mattaschappij, branch of the Standard of New Jersey, is the guest of Judge and Mrs. Chas. E. Davidson for a few days.

Rev. and Mrs. Eugene Slater attended district Conference of the San Angelo district, Methodist Church, held this week in Paint Rock. The conference closed yesterday, Rev. and Mrs. Slater returned home before the meeting closed on account of the death of J. O. Secrest.

Miss Wayne Augustine was hostess to Las Amigas Club at the home of her mother last week. Only club members were present.

Miss Mickey Couch is in San Angelo for medical attention. She is suffering from an infected mastoid.

The Bank and The Borrower

—have a single purpose in view.

THIS purpose is to carry forward useful business activities that earn and deserve a profit because they render a public service by providing fellow citizens with goods and services needed in their daily lives.

Mutual frankness, confidence in one another and faith in the purposes to which loans are to be put, form the basis of relationships with our borrowers. With them we reach agreements as to proper limits on their loans and the time and conditions for repayment. From them we receive complete financial statements. To them we give not only the money loaned, but also our best information and counsel regarding local and national conditions affecting their business.

Juniors Banquet Seniors In Gay Party At Hotel

Near 50 Present At Annual Feed For Graduates

The highlight of the pre-graduation festivities for the Senior class of 1937 was the colorful annual Junior-Senior banquet staged by the Junior class Tuesday evening in the dining room of Hotel Ozona.

With nearly fifty present, the banquet hall was gay in decorations of Senior colors of pink and blue. The big banquet table bore vases of pink and blue cornflowers, the class flower, and crystal candle holders held blue tapers. Gay colored balloons were tied to each chair. Confetti, serpentine strips and paper umbrellas added to the gaiety of the evening.

The menu consisted of shrimp cocktail, fruit salad, fried chicken, string beans, buttered corn, creamed potatoes, hot rolls, butter, strawberry ice cream, cake and iced tea.

The program was built around indications of the "barometer," with Haskell Leath as the "Weatherman," or master of ceremonies. When the barometer indicated "Change," Miss Catherine Childress told of "Change in the Life of a Senior." "Rain" on the barometer brought "Pennies From Heaven," by Betty Dudley, Lurline Townsend, Jack Baggett and James Black. "Much Rain" was a poem by Welton Bunker, and Gemella Dudley presented a dance at the mark of "Stormy." "Very Dry" was the class history by Maurice Lemmons and "Set Fair," brought fourth class prophecy told by Lela Mae Phillips as she selected the fortune-revealing gold coins from a pot at the end of the Rainbow. "Fair Weather" was the polishing off talk by Supt. C. S. Denham.

Soft music was furnished during the evening by Miss Norine Allison, Miss Edith Tibery and Joe Haddon. Miss Ada Moss, Junior class sponsor, directed arrangements.

CHILDREN GATHER FOR DAY WITH MOTHER SUN.

Mrs. Mary Perner enjoyed a visit from all of her children, with one exception, last Sunday. Six daughters and two of three sons gathered at the home of their mother for the day. Ross Perner, ranching in Arizona, was unable to be present. Daughters are Mrs. W. R. Baggett, Mrs. Hugh Childress, Mrs. Max Schneemann, and

Mrs. Warren Clayton, all of Ozona, and Mrs. Bob Murchison of Fort Stockton, and Mrs. Boyd Cox of Rankin. Paul and Stephen Perner of Ozona were the sons present. Mrs. Perner was ill during the day, suffering a slight heart attack.

MRS. JOE PIERCE CONTRACT HOSTESS

Mrs. Joe Pierce entertained her contract club and other guests with six tables of bridge at her home Friday afternoon. Mrs. S. M. Harvick and Mrs. Jake Short held high scores; Mrs. V. I. Pierce and Mrs. J. W. North, second high, and Mrs. W. B. Robertson and Mrs. Sherman Taylor, low.

Others present were Mrs. Massie West, Mrs. William Swearingen, Mrs. Evart White, Mrs. Nadine Bernays, Mrs. Fred Deaton, Mrs. J. C. Montgomery, Mrs. Wayne West, Mrs. Jack Holt, Mrs. Hillery Phillips, Mrs. J. O. Lusby, Mrs. Warren Clayton, Mrs. Lee Childress, Mrs. Early Baggett, Mrs. J. H. Miller, Mrs. J. W. Henderson, Mrs. Tom Smith, Mrs. George Montgomery and Mrs. M. E. Smith.

S. M. U. PROF.—

(Continued from Page One.)

ceive the coveted sheepskins will depend on the outcome of grade averages following next week's final examinations.

The Junior High graduates, seventh graders who complete their grade school work this year and graduate to High School, will receive their certificates at Seventh Grade Commencement exercises the evening of May 19. Rev. I. V. Garrison, pastor of the Ozona Baptist Church, will deliver the commencement address to the seventh grade graduates. Eighteen members of this class are slated for promotion to high school freshmen.

ENTERTAIN SENIORS WITH BREAKFAST, DANCE

Mr. and Mrs. J. M. Baggett and Mr. and Mrs. E. B. Baggett, Jr. were hosts to members of the Senior class at a dance Saturday morning, followed by breakfast.

Breakfast was served in the dining room. The table was laid in white linen with tapers of pink in silver holders. Pink roses and blue cornflowers carried out the class color scheme.

Present were Grover Jones, Maggie Seaborn, Elizabeth Coose, Posey Baggett, Jack Baggett, Joe Thomas Davidson, Dorothy Drake, Mary Williams, Max Schneemann, Ora Louise Cox, Crystella Carson, Phillip Schneemann, P. C. Perner,

Yeats Causey, Athleen Dudley, Crystelle Brock, Ella Louise Casbeer, Louise Boyd, Dorothy Chapman, Beatrice Chapman, Joe Clayton, Mr. and Mrs. C. S. Denham, Clara Mae Dunlap and Joyce Garrison.

V. I. PIERCE HOSTS AT GARDEN PARTY

Mr. and Mrs. V. I. Pierce's lovely garden was the scene of two parties Tuesday, when Mrs. Pierce entertained with a bridge party Tuesday morning and Mr. and Mrs. Pierce were hosts at a buffet supper and bridge Tuesday night.

Morning guests were Mrs. J. M. Baggett, Mrs. Early Baggett, Mrs. Lee Childress, Mrs. Joe Oberkamp, Mrs. Bryan McDonald, Mrs. Scott Peters, Mrs. Floyd Henderson, Mrs. Nadine Bernays, Mrs. S. M. Harvick, Mrs. Tom Smith, Mrs. George Montgomery, Mrs. J. W. Henderson, Mrs. W. E. Smith, Mrs. J. H. Miller, Mrs. Wayne West, Mrs. Boyd Clayton, Mrs. Sherman Taylor, Mrs. Jake Short and Mrs. William Swearingen.

The guests for the supper and bridge were Mr. and Mrs. Bryan McDonald, Mr. and Mrs. Scott Peters, Mr. and Mrs. W. B. Robertson, Mr. and Mrs. Evart White, Mr. and Mrs. Bascomb Cox, Mr. and Mrs. J. W. North, Mr. and Mrs. Wayne West, Mr. and Mrs. Joe Oberkamp, Mr. and Mrs. J. H. Miller, Mr. and Mrs. Early Baggett, Mr. and Mrs. J. A. Brashear, Mr. and Mrs. Lee Childress, Mr. and Mrs. S. M. Harvick, Mr. and Mrs. W. E. Friend, Jr., Mrs. Warren Clayton and Roy Henderson.

Traveling prizes were given at both entertainments.

BAPTIST CHURCH

Teaching Service at 9:45. Preaching Service at 11:00. Theme: "Mother, Home, and Heaven." Training Service at 7:00. Special Mother's Day Program at 8:00.

Sunday is "Mother's Day." Our services will be appropriate for this occasion. We are anxious to have all of the mothers of our church, congregation, and community with us, for there Special "Mother's Day" Services, who can come. We are also anxious for all of "Mother's" children and grandchildren to be present if possible. If "Mother" cannot come to the service then you come and gratefully acknowledge your debt of gratitude to God for the gift of such a dear loved one. If "Mother" has been called away from earth to the Heavenly Home, then come and honor her memory and draw near to her Savior, and thus be near to her on "Mother's Day". Ira V. Garrison, Pastor.

JUNIORS-SENIORS GUESTS AT DANCE

Mr. and Mrs. J. M. Baggett entertained members of the Junior and Senior classes with an informal dance at their home Tuesday evening after the annual Junior-Senior banquet at the Hotel Ozona. The banquet party went to the Baggett home immediately after the close of the program and danced to Victrola music.

I AM WELL equipped to do any kind of watch or jewelry work. Can fit any kind or style of glasses. Now permanently located one block of sw. corner square. DR. E. A. McCarty. Also make keys. 4

MRS. KINCAID IS SUNFLOWER HOSTESS

Mrs. T. A. Kincaid, Jr., entertained the Sunflower Club and three tables of guests at the home of Mrs. T. A. Kincaid, Sr., Tuesday afternoon. Mrs. Jake Short held high score for the club and Mrs. Scott Peters, guest high. Other guests were Mrs. Nadine Bernays, Mrs. William Swearingen, Mrs. J. A. Brashear, Mrs. Melvin Brown, Mrs. Sid Millspaugh, Jr., Miss Carolyn Montgomery, Miss Wayne Augustine, Mrs. Sherman Taylor, Mrs. James Baggett, Mrs. J. O. Lusby, Mrs. Welton Bunker, Mrs. Doug Kirby, Mrs. Jack Holt, Mrs. Ashby McMullan, Mrs. W. E. Friend, Jr., Mrs. Boyd Clayton, Mrs. C. J. Van Zandt, and Mrs. Lowell Littleton.

NEVER BEFORE SUCH A CAR AT SUCH A PRICE

\$ 655.56 IS THE DELIVERED PRICE IN OZONA

of this Thrifty "60" Ford V-8 Tudor Sedan, including front and rear bumpers and spare tire. (Taxes and License Plates extra).

The new Thrifty "60" shown here has exactly the same roomy body on the same 112" chassis, as the brilliant Ford V-8 "85". It has the same, easy-acting, powerful new brakes, the same easy steering and the same big, outside luggage compartment.

But it is powered by a smaller, more economical 60-h.p. V-8 engine which,

owners report, is giving them between 22 and 27 miles per gallon of gasoline. It's a good performer, too... Drive one and see!

THEN, LOOK AT THE PRICE... And realize that your present car will probably more than cover the whole down payment, leaving you less to pay on the easily-retired balance. See Your Ford Dealer Today.
