Live Oak School To Be Abandoned End Present Term

Board Decides To Dis-
continue Smallest
School In Co.

When the present school term
ends, the Live Oak school, on the
western edge of Crockett County,
will be discontinued permanently,
it was decided by the school board
in session Saturday night.

Only two pupils of school age
were enrolled in the Live Oak
school during the present year,
school officials said, and the ex-
pense of maintaining the school
was so great and the benefits so
small that decision was reached
to bond and provide for trans-
fer of these pupils to another
school. One other pupil, below
school age, is attending the school
this year. Mrs. T. Prisher is
teacher this year at Live Oak.

The school has been maintained
for more than ten years. The larg-
est enrollment ever registered
there was twenty pupils. This en-
rollment record was established
when road workers and pipe line
crews were located in the vicinity
several years ago.

Substantial salary increases for
teachers of the county's schools
were voted by the board in its
session. The salary hikes will be
effective with the opening of
schools next term.

Regular Meeting Parent-Teachers Slated Tuesday

Election Of Officers To
Feature Session Of
Group

Due to the fact that the schools
will observe Monday as a holiday
instead of Tuesday, San Jacinto
Day, the Parent-Teacher Associa-
tion meeting, scheduled for Mon-
day has been postponed to Tues-
day, Mrs. Joe T. Davidson, presi-
dent, announced this week.

Election of officers for the com-
ing year will feature the Tuesday
meeting. This will be the next to
last meeting of the organization
for the present school year and a
full attendance of all members of
the association is urged by Mrs.
Davidson.

The day's program will be de-
voted to a study of the topic of
health, with Mrs. Ray Dunlap as
leader. Mrs. W. A. Kay will dis-
cuss the topic, "What Parents
Should Know About the Health of
Their Children," and Miss Grace
McMillan will discuss "What
Facilities the Schools Have for
Promoting Child Health." Mrs.
Neal Hannah will give the school
news and Mrs. L. B. Cox will close
the meeting with prayer. Program
by the fifth and sixth grade pu-
pils and a chorus by the Mother
Singers are listed as program
numbers.

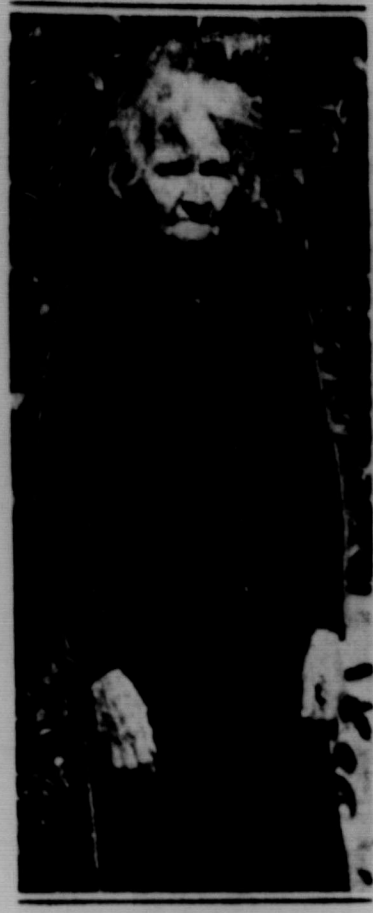

Schools Observe San Jacinto Day Holiday Monday

Texas Holiday To Be
Celebrated Monday
Instead Tuesday

The final holiday of the school
year for the Ozona Public Schools
will be observed Monday, April
20, preceding San Jacinto Day on
Tuesday. Believing that the holi-
day would be of greater service
and of more pleasure to all con-
cerned, the date was set for Mon-
day rather than Tuesday.

In further observance of the
week in which San Jacinto day
falls, a pageant, "Texas Through
the Ages" will be presented on
Wednesday, April 22, by the stu-
dents of the Ozona schools.

Pioneer Dead

Mrs. Sarah Jane Byrd, 89, one
of the pioneer residents of West
Texas, died yesterday at the
home of a daughter, Mrs. Lula
Karnes, in Sonora, where she
made her home the last few
years. Mrs. Byrd was the widow
of B. F. Byrd, pioneer resident
and one of the organizers of
Crockett County. She was the
mother of Mrs. Frank Friend of
San Angelo, former Ozona resi-
dent. Two other daughters be-
sides Mrs. Karnes and Mrs.
Friend survive. They are Mrs.
Mattie Jackson of Van Horn and
Mrs. Josephine Bellows of San
Antonio. Funeral services are
slated for 3 p. m. today.

of the First Baptist Church in
San Angelo, will do the preaching
during a ten-day revival meet-
ing to be conducted at the Ozona
Baptist Church starting Friday, April
17, and continuing ten days, it
was announced this week by Rev.
Ira V. Garrison, pastor here.

Rev. Foreman has been pastor
of the San Angelo church the past
four years. He is a young man
and a vigorous speaker, and mem-
bers of the local congregation are
looking forward to a successful
meeting.

leadership of the pastor, Rev. Gar-
rison. Services will be conducted

New Score Board To Greet Customers At Ball Park Saturday

Customers who witness the op-
ening games of the 1936 Permian
Basin league schedule on the home
lot next Saturday and Sunday af-
ternoons when the Texon Oilers,
1935 champions invade the strong-
hold of the Giants, runners-up
last year, will find a new and im-
proved score board in the park.

Extensive improvements have
been made on the board this week
by the West Texas Lumber Co.,
with the assistance of Charlie
Butler, who furnished paint and
labor for repainting the board,
and Kay Johnson, who originally
built the board and assisted in its
repairs.

Space for batting order of the
home team and the visiting team
has been provided on the score
board and the whole repainted
and lettering done over.

Suspect In Pecos Murder Mystery Is Released On Bond

Wilbur Garton, arrested recent-
ly in connection with a six-year-
old Pecos River double murder
mystery, was released on \$10,000
bonds following his arraignment
in Fort Stockton last week on two
charges of murder.

Garton, who was arrested in
Corpus Christi and lodged in the
Crockett County jail two days last
week while he was being ques-
tioned by District Attorney Weav-
er Baker and officers, is charged
with the murder of his former
wife, Mrs. Leta Bell Garton, and
her daughter by a former mar-
riage, 10-year-old Joyce Lynn
Roberts, whose bodies were re-
covered from the Pecos river six
years ago. After being questioned
here, Garton was taken on to Fort
Stockton for arraignment on the
murder charges.

TEXAS PAGEANT, DEPICTING STATE'S DEVELOPMENT, TO BE PRESENTED BY SCHOOLS

"Texas Through The Ages" To Be Portrayed
On School Grounds Next
Wednesday Evening

"Texas Through the Ages," historical pageant depicting the
growth and development of the domain that is now the state of Texas
from its untamed prairies, roamed by American Indians and buffalo,
through its turbulent early history to the time it was finally admit-
ted as a state in the union of the United States, will be presented by
pupils of the Ozona Public Schools next Wednesday evening in one
of the most elaborate undertakings ever attempted in Ozona.

More than 250 students of Ozona schools will take part in the
gigantic pageant, arranged as one
of the features of the state's cen-
tennial year observance.

Softball Taking Hold On Ozonans As Ground Thaws

Swelling of Buds Brings
Pansy Ball Followers
To Sandlot

Softball, the tired business
man's before-supper game that
held some three score or more O-
zona men in its grip last summer,
has laid its infectious hold on a
couple of dozen of last season's
veterans already this spring.

Scarcely had the ground thawed
and the buds begun to swell,
when the mushy squish of the mi-
niture bat and the swollen ball
could be heard in the northwest
section of the city.

Two teams are in the making
and some sort of earnest hostil-
ities are planned for Friday after-
noon of this week. Practice games
have been in progress for some
time. Glyn Cates is piloting a team
to be known as the "Printer's
Devils" and Hartley Johnigan is
king pin of the "Hartley Hashers."

Ozona Giants Take Field In New Uniforms

Subscription Taken For
New Gray Outfits;
Green Discarded

Those green uniforms—some
called them a jinx, and some claim
they brought luck!

But whether their influence was
good, bad or indifferent, they are
due for the discard early in the
coming season.

A circle of the business section
made early this week by Sam Cox
netted donations sufficient to
provide fourteen epic and span
new uniforms for the Giant squad
in the 1936 campaign.

The idea of a distinctive color
in uniforms is to be abandoned,
according to promoters of the new
uniform drive, and the conven-
tional gray will be provided in
the new selection. A narrow red
stripe down the pant legs may be
added, but further than that, frills
and fancifuls are to be discarded
in favor of a more conservative
uniform, it was stated.

Mrs. Wilkinson Hostess To Jr. Woman's Club

Mrs. M. Wilkinson will be hos-
tess to the Junior Woman's Club
at the regular meeting of that
group next Tuesday afternoon.
Mrs. Charles E. Davidson, Jr., and
Miss Mildred North will assist
Mrs. Wilkinson as hostesses.

The program, devoted to a
study of drama, will be directed
by Mrs. Ele Hagelstein. Program
parts are to be given by Mrs. C.
E. Davidson, Jr., Mrs. Carl Dor-
ley, Mrs. Lowell Littleton, Miss
Hester Bunker, Miss Myra Bishop
and Mrs. Wilkison.

The presentation will open with
a prologue which describes "Moth-
er Nature's Gifts To Texas," por-
traying Mother Nature and a col-
orful surrounding of flowers, wa-
ter sprtes, etc. The pageant proper
is divided into seven periods, or
epilogues descriptive of the seven
outstanding periods of Texas his-
tory.

The first division depicts Texas
as the home of the American In-
dian, the second relates to the
French occupation; the third the
Spanish; fourth, Mexican; fifth,
the Texas Republic and the Texas
pioneers; sixth, Texas a member
of the Confederacy; and seventh,
Texas in the American union.

Pupils representing each period
will present a brief pantomime on
appearance, with an epilogue, and
continuing pantomime during the
entire pageant. The presentation
will consume approximately two
hours. Rehearsals of special num-
bers are in progress this week
and a complete rehearsal of the
entire performance will be held
Tuesday afternoon. The program
starts at 7:45 Wednesday evening,
April 22.

The pageant is being presented
under the general direction of
Misses Norene Allison and Myra
Bishop, with the entire faculty as-
sisting.

He Is "Monarch of Sheep Island"

Trapped by rising waters of Mead lake behind Boulder dam, when the lake completely surrounded a portion of a once desert wasteland mountain range, this rare specimen of wild big-horn mountain sheep is truly the "Monarch of Sheep Island," 14 miles above the dam. Walter Bracken, Nevada agent for the Union Pacific railroad, and James Cashman, Las Vegas sportsman, regularly take the animal hay and other food. Recently a small flock of domestic ewes was placed on the island as an experiment in cross breeding.

THAT'S GRATITUDE

Falfurrias Facts: Anyone who lived in San Antonio in 1927-28, and who came to San Antonio today, would have to confess that the sidewalks in downtown San Antonio today and the stores also, are now crowded more than in the years mentioned above. Ask the merchants and they tell you that the National administration has put the pep into San Antonio's business.

But the Light and the Express never miss an opportunity to condemn the President, the Congress and the "Alphabets," which reminds us of the old song, "Lend your friend your money, maybe all you have, and when you meet him his eyesight's bad. That's gratitude."

Of course, Mr. Hearst's Light, like Mr. Hearst, is actuated by a deep sense of concern for the Republic. For instance, the Light wants to fasten the expense of running the government on the backs and stomachs of the poor by a sales tax.

The Express, true to form, is just staying with the Republican party, right or wrong.

But remember how Houston Street in 1931-32 reminded one of a deserted village, we can't resist calling our San Antonio newspapers to the fact that appreciation and gratitude are attributes of noble minds.

REFINISHING COMPLETED

Complete refinishing and remodeling of the interior of the Davidson & Smith office building, which also houses the offices of the Ozona Water Works, was completed this week. The walls were replastered and painted, ceiling re-covered and painted, offices partitioned off and the floors covered with linoleum.

Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car: More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

THIS WEEK IN TEXAS HISTORY

WEEK OF APRIL 12
 (By T. S. College for Women)

1834—The great necessity for a well-organized judiciary induced the passing of a decree on April 17 making Texas a judicial circuit, dividing it into three districts, and prescribing the mode of procedure. The most important feature in this law was the provision establishing trial by jury.

1836—Sam Houston left the banks of the Brazos on April 13, and arrived at Harrisburg, April 18.

1843—Henry Clay made public his opposition to the annexation of Texas on April 17.

1883—A land board was created by law of April 12 for the classification, sale, and lease of lands belonging to common schools, University, and asylums.

1918—On April 15 the ten-mile zone law became effective which had an object to protect the thousands of soldiers whom the United States government was training in Texas. It stopped the liquor business in every important city in the state.

Child Health Day Observance Urged By Health Officer

AUSTIN, Texas, April 15—Call has gone out from the State Department of Health to county health officers to act as chairmen and organize committees for observance of Child Health Day during May. Dr. J. W. E. H. Beck, field director of the material and child health division, is State chairman by designation of Dr. John W. Brown, State Health Officer.

Although May Day is Child Health Day by act of Congress, communities are free to choose any day for the observance.

This slogan has been officially adopted for Texas Child Health Day:

"Annual physical examination by your physician and dentist. Immunization against diphtheria, typhoid fever, and smallpox. Safe water and proper sanitary equipment for home and school."

These suggestions are set forth in Dr. Beck's letter to county health officers:

"May Day—Child Health Day is a challenge to all parents to take stock of the health needs of their children, with special reference to immunization of those of the pre-school age. The records of this office reveal that during the year of 1935: 64% of the deaths caused by diphtheria occurred before the child reached 5 years of age, 23% between the ages of 5 and 9 years, 6% between 10 and 14 years, and 7% were over 15 years of age. Therefore it is imperative that you have your children immunized against diphtheria during that first year of age.

"We recommend an annual examination for each child, by your family physician and dentist now, and hereafter this annual examination should precede the opening of your fall school term. Your physician and dentist may find some serious defects. If so, they are in position to advise the par-

ents of the proper treatment and by doing so serious illnesses will be prevented.
 "It is suggested that the parents of the children in Texas take special interest in pure drinking water for their homes and schools, and make every effort to secure for their children the proper sanitary disposal equipment.
 "We strongly urge that provisions be made throughout the State

for suitable places where children may have proper exercises, sanitary swimming pools, and places for play and pleasure."

Dr. and Mrs. W. E. Wright of Ozona had as their week-end guests Mrs. J. M. Wright of Tip-topville, Tenn., an aunt of Dr. Wright. Mrs. C. B. Skillan of Portland, Maine, a sister, and Mr. and Mrs. Martin Wright of San Antonio, brother-in-law and sister of Dr. Wright.

Miss Alberta Kay, student at Hardin-Simmons University in Abilene, spent the week-end with her parents, Mr. and Mrs. Albert Kay.

HOLC: "Why does a person always lower his voice when asking for a loan?"

FRC: "I suppose for the same reason he raises it when he doesn't get it."

Say "I saw it in the Stockman."

Nervous Breakdown For Insects Penalty Of Sniffing Daises

Strange as it may seem, a beautiful red daisy closely related to our common field daisy with its orange disc center and white petals (she loves me—she loves me not) is the deadliest enemy of house flies, mosquitoes, moths and other perennial pests. Contact with this colorful field flower instantly gives the insects a nervous breakdown (no fooling) and within a few seconds, unable to forage for food or water, they starve to death.

"Pyrethrum," scientists call the deadly daisy essence, which they now use as a powerful killing constituent in insect spray. And today, when flies, roaches, moths or whatnots get on the harassed housewife's nerves she goes them one better. She flies for the spray gun and gives the flies a swift and deadly case of nervous prostration.

It was a Jugo-Slavish hausfrau who accidentally discovered the

insect-killing power of the pyrethrum daisy when she picked a bouquet of the bright red flowers and put them on a table in the house. Later she noticed a great number of dead insects around the withered bouquet. Subsequently, small European manufacturers ground the flowers into a fine powder and distributed it about the Continent as a dust to be blown at insects by means of small bellows. More recently, pyrethrum daisy growing has become an agricultural industry in various countries and the Gulf Oil Corp. of Penna.-Gulf Refining Co. imports vast quantities of the death-dealing yellow dust for use in its insect sprays.

BAPTIST CHURCH ANNOUNCEMENTS

Sunday School meets at the usual time 9:45, as does the Training Service 7 p. m. We are especially anxious to have the largest attendance possible at these services next Sunday. Come and bring others with you for these services and all stay for the preaching services.

We are indeed glad to announce to the people of Ozona that Rev. A. D. Foreman, Jr., pastor of First Baptist Church, San Angelo, will be with us to lead us in our Revival, which begins Friday, April 17th at 8 p. m. On account of continued illness in Evangelist Wm. H. Joyner's home he asked us to release him from our engagement with him for the meeting, and we are happy that Pastor-Evangelist Foreman has accepted our invitation to lead us in these series of special services.

Brother Foreman is known and loved by many of us in Ozona already, and we who know and greatly appreciate him want all of the people of Ozona to learn to know him too. He is a young man of keen intellect, of sterling character, of deep devotion, and of sincere consecration. He loves God's people, he loves God's work, he loves God's Word, and he loves lost souls all of whom need to personally know the Savior, who only is able to save from sin.

Services will be held twice daily in the church; at 10 a. m. and at 8 p. m.

The Pastor will supply for Brother Foreman next Sunday.

We earnestly urge all of our members to attend every service possible, we warmly welcome all of our Cristian friends of other

churches in these services, and we especially extend the most hearty invitation to all who have not yet become a member of any church to come. We earnestly desire that this Meeting will be a blessing to all the people of Ozona. May every one who will, attend faithfully, pray earnestly, and work zealously to that end. Come and receive blessings and go out to be a blessing to others along the highway of life.

Ira V. Garrison, Pastor.

QUESTIONS THAT ARE ASKED ABOUT BANKING

"What is the best measure of a Bank's strength?"

The strength of a bank may be judged by the following 3-ply yardstick: 1. The known honesty and skill of its management in making sound, useful loans and investments. 2. Its reputation and standing in the community, particularly in the confidence it has built among its depositors. 3. The adequacy of its capital, surplus and reserves. To those who understand figures, bank statements when compared with those of preceding years, are a good standard of measurement. But most individuals judge a bank by its good name among people they know, by the friends as well as by the loans it makes, by its record for economical methods as well as services rendered, by sufficient earnings to build up reserves as well as pay dividends, and by its usefulness to the community. By these tests this bank is willing to be judged. We believe our record merits the confidence and respect of this community.

MAKE THIS CORRECTION IN LEAGUE SCHEDULE

A transposition of lines by the make-up man resulted in an error in the first-half schedule of the Permian Basin League published in last week's issue of The Stockman. If you clipped the schedule, make this correction in McCamey's "at home" column: Iraan plays at McCamey April 18 and 19 instead of May 30 and 31, and Wink plays at McCamey May 30 and 31 instead of April 18 and 19. These two date lines were swapped in making up the schedule.

TEXON COMING—

(Continued from page 1)

tonio, whose effective mound work accounted in a large measure for Giant successes in the last half of last year's season, is available for duty with the local team again this year and may be brought here to work the Sunday game against the Oilers. Giant ramrods said.

Croswait's importation may prove an unnecessary precaution, however, with the stuff that is being shown by two capable hurlers signed up by the Giant pilots. Buchanan, a left-hander, and Thornberry, well known among semi-pro teams of the Southwest as a capable twirler, convinced many fans in their work against the Oilers in Sunday's exhibition game, that they are capable of going in the Permian circuit. A further look-see will be taken into their wares before they will be considered a permanent part of the 1936 Giant machine.

Only one change is made in the Giant infield from last season. Conley Cox is holding down the short stop position, filled last year by Hans Mangold, who is clouting them in an Oklahoma league this season. With Stuart behind the plate, Lenz on third, Cox on short, Heatherly on second and Dorley on first, the Giants boast as snappy an infield as anything in West Texas baseball circles. Dependable Bob Weaver forms the nucleus of the new outfield, with Meyers, a new recruit, showing plenty of stuff in the sun garden and Frank Russell holding down the right field position. Beeler Brown is also working out this year and will be available for outfield duty. Manager Slim Harris is preening his charges for the opening series and the Giants are given the edge in betting on the coming openers.

Saturday's game will start at 4 p. m. and Sunday's at 3 o'clock. Last year's admission scale of 35 cents will govern again this season.

BIG 'FROST' COMES TO OZONA—PEDDLING EATS

Two hundred forty pounds of geniality and radiating much more friendliness and warmth than his name might indicate, big Jack Frost, swept through Ozona last week, and with a few choice yarns and a good fellow air brought about this bit of free publicity for Waples-Platter Co., one of Texas' leading wholesale grocery houses.

With 33 years of service with the company behind him, Frost can click off the names of the numerous lines of staple grocery items packed and distributed by Waples Platter, give the acres in the factory site, the daily capacity of the plant, trace the growth of the company from a tent on the banks of the Red River to its present site and recite the now-prominent slogans of "What Texas Makes Makes Texas" and "Texans Lets Talk Texas" like a veteran Chamber of Commerce secretary.

Miss Alouise Boyd is recovering from a heart attack suffered early Monday morning.
