Lack of power at the bat—just three hits in a ball game—left the Ozona Giants on the little end of the score at Wink Saturday afternoon. But behind the strike-pitching of Al Crostwaite today, the Giants came back to top their two-game margin lead in the Permian League by taking the Wink Cats 3-1 while the Ozona crew was trimming the second-place Texon Oilers 16-15. The Cats scored in the opening inning when Reeves, first up, singled, went to second on Cheek's sacrifice, to third on a wild pitch and scored on Sturdivant's out, to first.

The Giants tied the count in the fourth when Lenz drew a pass, advanced on Montgomery's sacrifice and scored on Dorley's double after Heatherly had rolled to first. The Cats scored their winning run in the fifth when Bill singled to center and scored on Rose's triple.

The Giants muffed their big chance in the eighth. In that frame Weaver singled and went to second on a wild pitch. Cox

Giants Facing Crucial Series Against Crane

Half Flag Depends
A Lot On Outcome
Saturday & Sunday

Their chances of copping the first half flag in the Permian League chase hanging in the balance, Manager Slim Harris' league leading Giants face the season's most crucial test the coming week-end when they are called on to invade the precinct of the heavy-hitting Crane Gulfmen for a two-game series.

Anything less than a split will throw the league leadership into a tie with Texon, slated to take McCamey for a pair on the home set, and put the Gulfmen within a half game of the leaders, with two games each remaining on the schedule. A split will leave the Giants a thin margin for clinching the first half title, it being necessary in that event to bowl over the McCamey Refiners two games here in the closing series of the first half.

Al Crostwaite, who has won six straight for the locals, will get the call for Sunday's hurling duty, while Manager Harris may take over the chunking job himself Saturday. If not the manager, then Lefty Buchanan, who is due a ball game, or Lefty Poole who showed 'em plenty at Iraan yesterday.

Only One Vacancy In Ozona Faculty Remains With Appointment Of Three Teachers For Positions In System

Posts in Junior Hi, Mexican School, Speech Division Filled

Appointment of a replacement teacher in the Junior High School employment of a teacher for the Mexican school here and the appointment of Mrs. A. W. Jones as head of the speech arts department of the local schools was announced by Supt. C. S. Denham of the Ozona schools in a letter to The Stockman this week.

Miss Eunice Johnson of Clarendon has been elected to the position of English and reading instructor in the Junior High School. Miss Johnson replaces Miss Grace McMillan, who resigned at the end of the last term of school.

Miss Johnson is a graduate of the University of Texas, receiving her Bachelor of Arts degree at the close of the regular session just ended. She holds a permanent teachers certificate, and has had three years of successful teaching experience. Her training has included a major in English and nine years of special training in speech arts.

Teach Mexican School

Miss Linna Parker of Eldorado, Texas, has been named to a position in the local Mexican school, the superintendent wrote. Miss Parker received her training in Sul Ross State Teachers College in Alpine and in the North Texas State Teachers College at Denton. She has had one year of teaching experience in the Eldorado Mexican School. She succeeds Mrs. Nell Smith, who has resigned after

Giants Trim Iraan In Practice Game

Despite a loosely played game, the Ozona Giants evened up this matter of mid-week practice games with Iraan yesterday afternoon by trimming the Pecos County oil town lads by a score of 9 to 6.

Lefty Poole, who has had but little opportunity so far this season to show his stuff, showed the Iraan lads plenty in yesterday's game, holding the opposition to six runs in spite of a gross total of seven errors by his teammates.

California Given Low-Down On West Texas Fruit Crop

"How'd you mark?" or "How many wormies ya got?" is the language of the sheepman of West Texas, but out in California it's "Howzya fruit crop?"

J. W. Owens, Crockett County producer of fine Rambouillet sheep, who returned recently from attending the Sacramento ram sale, tells of being questioned by a California fruit grower about the "West Texas fruit crop."

"Well, some of us have a peach tree or two, but I don't think anybody got many peaches as frost in April nipped the buds," was Mr. Owens' reply to the query.

National Magazine To Run Article On Ozona Celebration In Centennial Issue

National publicity for the Crockett County Rodeo, Race Meet, Stock Show and Sale to be staged here July 2, 3 and 4 is to be given in the Texas Centennial number of "West," a monthly magazine published at Garden City, N. Y.

Edmund Collier, editor of "West," wrote officials of the Crockett County Fair Association recently requesting material to be used in a story of the Crockett County show, to be incorporated in an article on the Texas Centennial.

FRIEND OF FILIPINOS

John W. Haussermann, so-called "Gold King" of the Philippines, arrived in Washington from Manila, declaring that the island commonwealth is the richest country in the world, acre for acre, and that it outranked Alaska last year for gold production. Mr. Haussermann expressed the hope that the United States government would be liberal and helpful during the first years of the commonwealth.

Western Sheepmen Bringing Finest Animals to Ozona

Owens Reports Interest
Of Growers Of Coast
And Northwest

Sheepmen of the west coast and the northwest are intensely interested in Crockett County's 1936 show and sale July 2, 3 and 4, and are coming in numbers and bringing some of the finest sheep in the United States to be shown or offered in the auction ring at the Ozona show.

This is the impression gained by J. W. Owens, Crockett County breeder of registered Rambouillets and one of the managers of the sheep show and sale here in connection with the annual Crockett County Rodeo, Race Meet, Stock Show and Sale, who has just returned from the ram sale at Sacramento, Calif.

"I believe we are going to have the biggest Rambouillet show and ram sale in the history of the show," Mr. Owens said. "Madsen, McIntosh, Bullard, Day and others of the leading growers of the Pacific coast and northwest are making plans to make the Ozona show and they have some fine animals to be entered."

Mr. Owens paid the top price in the Rambouillet division of the Sacramento sale, paying \$300 for a ram from the Frank Bullard farm. He bought another fine ram in the sale, both to be brought here with the string of animals Bullard is bringing to the Ozona show and sale.

WOOL GOES AT 32 3/4

Ed Bean recently sold the Masie Ranch wool clip of 75,000 pounds at 32 3/4 cents per pound. Henry D. Allen, buyer for Chas. J. Webb Sons Co., was the buyer.

Stockman Takes It On Chin As "Opposition" Sprints Rodeo 'Scoop'

Editor Miles Pierce Starts Presses Grinding In Public Service To Boost Show

It is rare that a newspaper has flowers for the opposition—the term used by newspapers to designate a competitor in the same field.

But The Stockman hastens to compliment its "opposition" on a splendid "special edition" in three colors which "hit the street" yesterday afternoon. Another powerful boost for Ozona's annual show here in July, "The Ozona Rodeo News—Gathered, Written and Published by Miles Pierce" came off the press with its "Rodeo Edition" yesterday.

Printed at the "Globe Print Shop, Owned and Operated by Miles Pierce," the "opposition sheet" was well filled with ads, The Stockman taking space to modestly admit being "the NEXT best paper in Crockett County."

Editor Miles suspended publication at the close of school but the yen for editorial service to his community brought him back to his shop to get out this well printed, well edited "Rodeo Special" to boost Ozona's annual show.

Wyatt Recovering from Back Injury Suffered In Fatal Truck Crash

Frank Wyatt, trucking operator here, is able to be out again after treatment of an injury to his back suffered in the tragic accident early last week which took the life of Bruce Galyon, Ozona cafe operator, who was run down and fatally injured by a truck on the highway east of Ozona.

Wyatt was thrown to the ground in avoiding being struck by the truck and suffered a displaced vertebra. He did not realize the extent of his injuries until the following day when an examination revealed the back injury.

The driver of the truck, L. C. Marshall, and three men companions, occupants of the truck on the night of the fatal crash, face charges of failing to stop and render aid after the accident, and Marshall faces a second charge of negligent homicide. The three companions of Marshall furnished bond and were released the past week, while Marshall expected to furnish \$3000 bonds this week.

Names Of Seven Dist. Candidates On Ballots Here

21 County, Prect. Candidates To Date; Saturday Deadline

Seven candidates for district offices filed application for places on the Democratic primary ballots in Crockett County with County Democratic Chairman Houston Smith before the deadline was reached June 1.

Saturday, June 13, at midnight is the deadline for filing of applications by candidates for county and precinct offices. Candidates then have until June 30 to pay assessments to defray cost of holding the elections, Chairman Smith announced.

To date twenty-one candidates for county and precinct offices have filed applications for places on the ballot to make one of the longest local ballots in the county's history. Ten of this number seek the four county commissioner seats and four are seeking the favor of voters for the office of justice of the peace, Precinct No. 1, which includes the town of Ozona.

Statements Made By Men Charged In Fatal Crash

Marshall And Sparks Give Their Version Of Accident

Statements were given District Attorney Weaver H. Baker by L. C. Marshall, driver of the truck which struck Bruce Galyon, Ozona cafe operator, on the highway east of Ozona recently causing fatal injuries, and M. M. Sparks, one of the three men occupying the truck with Marshall, before Justice of the Peace W. M. Johnigan here Tuesday.

Marshall faces charges of failing to stop and render aid after an accident and negligent homicide as an outgrowth of the fatal accident. Sparks, J. E. Ray and A. F. Austin are charged jointly with Marshall on the Tailing to stop and render aid complaint. All three are at liberty under \$1000 bond to await action of the grand jury in September.

Marshall expected to furnish bonds in the sum of \$3,000 on the two charges this week.

Both men signed statements in the presence of the district attorney in which they gave their version of the accident. Both declared they were on their way to a point on the Texas Pipe Line where they had been working the day before to investigate the presence of two suspicious men seen loitering in the vicinity. Both said the truck driver swerved to the right around the parked cars on the highway with the idea that the Galyon car, which was facing west with headlights burning, was an approaching car. Both men also said they did not know the truck had hit Mr. Galyon, did not hear the noise of the crash nor feel the jolt of the impact of the truck with his body.

Brahma Steers From Louisiana To Ozona Rodeo

Mean-Tempered Cows
and Calves of Specie
Also Secured

Salty Brahma steers and mean tempered Brahma cows and calves, their tempers whetted to a fine edge by the aggravating bite of gallinippers and ticks in the Louisiana swamps, and fairly itching to tangle with ambitious West Texas cowpunchers who go in for steer riding, will furnish the fare for fun fun at each afternoon's program at the Crockett County Rodeo, Race Meet, Stock Show and Sale July 2, 3 and 4.

Nearly forty head of the wild, hump-backed steers and as many cows and calves were purchased last week in Louisiana by Wayne West, president of the fair association, and will be shipped here for use in the rodeo events during Ozona's three-day Centennial year entertainment.

The wild Brahmas and the string of Eldorado wild horses, secured for the local show, will furnish plenty of entertainment for the bronc busters and wild steer riders as well as audiences at the fair grounds each day. The Eldorado horses are reputed the most wicked bunch of bucking broncs in the Southwest and some of the top-notch busting talent of the area will be required to stay aboard the required number of jumps.

BUY 4400 YEARLING EWES

Len Mertz recently sold 4400 yearling ewes to West Bros. and Carson, Crockett County ranchers, at \$6.50 a head, June 20th delivery. The Crockett County operators recently sold 6,000 ewe lambs and 5,500 muttons, the former at 8 cents, September 1 delivery, and the latter at \$5.25 a head.

DATE OF BEER VOTE AWAITS COURT QUORUM

Commissioners Leave
Session Open To
End Of Week

JUDGE TO RETURN

Court Probably Await
Davidson's Return
To Act

Lacking a quorum at the opening of the regular June term, scheduled to convene Monday, the Crockett County Commissioners Court recessed until the end of the week when Judge Charles E. Davidson is expected to be back home and when the court will take action on the petition presented the past week asking for an election to decide whether or not beer and wines of not more than 4 percent alcoholic content may be sold in Ozona, Precinct No. 1.

The petition, bearing the names of 62 qualified voters of Crockett County, was filed late last week with the county clerk and will be taken up by the court as soon as it convenes. Three members of the court were present Monday, E. B. Ingham, Chas. Black and E. R. Kinser. J. W. Owens, the fourth commissioner, was in Christoval, where he was visiting his mother, under treatment of physicians there, and could not attend the court opening session.

Judge and Mrs. Charles E. Davidson left the Davidson Farm at Winfield, Iowa, Monday of this week and are expected back here the end of this week. Judge Davidson recently suffered a slight paralytic stroke while enroute to Iowa and has been under the care of physicians there the past three weeks. He has recovered from the attack, however, and is returning by auto, making the trip in easy stages.

Commissioner Ingham, as spokesman for the court, said that the difficulties being encountered by other counties in complying strictly with the liquor law was one of the factors which influenced members of the court in not rushing the question through, and awaiting a full attendance to insure fairness and to avoid the possibility of a question of legality of the election call arising.

The Commissioners Court has no alternative but to call the vote on the question of legalizing or prohibiting sale of liquor to the alcoholic content specified. The liquor laws do not specify a time limit one way or another on the fixing of the election date, leaving that matter to the discretion of the commissioners.

Judge Davidson And Family Back Last Night From Iowa

Judge and Mrs. Charles E. Davidson, and Mr. and Mrs. Frank McMullan and children returned about 8 o'clock last night from Winfield, Iowa, where Judge Davidson has been recovering from a recent slight stroke of paralysis suffered while enroute to Iowa to visit his son-in-law and daughter, Mr. and Mrs. Bill Grimmer.

The Ozona party left Iowa Monday and took the return trip by easy stages on advice of Iowa doctors. Judge Davidson was pronounced recovered from his attack and in good condition, but it was thought advisable to use this precaution to avoid over exertion on the long trip. The venerable Crockett County judge was "feeling fine" and in high spirits at getting home.

Sale of 11,000 head of mixed lambs by Jones Miller and sons, Rob and Roy Miller, Crockett County ranchers, was reported at the end of the week. The ewes were contracted for 8 cents a pound and the mutton end at 7 1/2, delivery September 20.

A BEAST OF BURDEN

Over the hill traveled a man behind a mule drawing a plow. Says the man to the mule, "Bill, you are a mule, the son of a jackass, and I am a man made in the image of god. Yet, here we work, hitched up together, year in and year out. I often wonder if you work for me or if I work for you. Verily, I work as hard as you if not harder. Plowing or cultivating we cover the same distance, but you do it on four legs and I on two. I, therefore, do twice as much work per leg as you do. Soon we will be preparing for a corn crop. When the corn is harvested I give one third to the landlord for being so kind as to let me use this small speck of God's universe, one-third goes to you and the balance is mine. You consume all of yours with the exception of the cobs, while I divide mine among seven children, six hens, two ducks and a banker. If we both need shoes, you get 'em. Bill, you are getting the best of me, and I ask you, is it fair for a mule, a son of a jackass, to swindle a man—a creation of the Lord, out of his substance? "Why, you only help plow and cultivate the ground and I alone must cut, shock, and husk the corn while you look over the pasture fence and see-haw at me. "All the fall, most of the family, from Granny to the baby, pick cotton to help raise money to pay taxes and buy new harness and pay the interest on the mortgage on you. And do you care about the mortgage? Not a damn, you ornery cuss. I even have to do the worrying about the mortgage on your tough ungrateful hide. "About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as great a jackass as your papa. Verily, I am prone to wonder if politics were made for man, or to make a jackass of men. Tell me, Willym considering things, how can you keep a straight face and look so dumb and solemn?"

The doctor was questioning the new nurse about her latest patient. "Have you kept a chart of his progress?" he inquired. The nurse blushing replied, "No, but I can show you my diary."

Roads of Southwest Dedicated Opening Day

"Roads of the Southwest", nine short sections of which have been reproduced as a part of the Ford Motor Company's exhibit at the Texas Centennial in Dallas, were formally dedicated on opening day, June 6, by the "Cavalcade of Texas", mammoth spectacle. Scores of men, women and children who have parts in the giant production traversed the one-third mile opposite the Ford Exposition building which includes the following historic roads and highways: Santa Fe trail, Old San Antonio, Fort Worth pike, Yuma road, Pan American highway, Magazine street, Butterfield trail, Chisholm trail and Main Street, Dallas.

TOM'S TANTRUM

Texas is entertaining company this year. The welcome mat is out for hundreds of thousands of Centennial visitors — distinguished visitors, too, including among their number the President of the United States. For months, we have been figuratively dusting and sweeping and putting our house in order against the day when the company will come. We wanted them to have a good time and we particularly wanted them to see us at our best.

And now it looks like our visitors are going to be placed in the uncomfortable position of the guest who is present when a peevish child of the family takes it into his head to stage a tantrum because he has been told he can't have something he wants.

The Voters of Texas told Tom Hunter two years ago—and four years ago, too, for that matter!—that he couldn't have the governorship he wanted because they didn't think he was the man for the job. That was a bitter disappointment to Tom, especially so since he was a man of reputed wealth and had been accustomed to getting the things he wanted.

For the last two years now he has been nursing his grudge—not against the voters who denied him, but, strangely, against Jimmy Allred. The fact that Governor Allred has been proving to the voters in the meantime that they chose wisely has done nothing to help Tom's temper. And now, with our house crowded with honored guests, Tom has chosen this most unfortunate time to vent his spleen.

His outburst of personal abuse at Austin when he opened his third gubernatorial campaign there June 2 is to be deplored. In any other year it might be shrugged off as only the bitter taste of sour grapes in the mouth of the disappointed office seeker. But this year we have a housefull of company. We can but apologize to our visitors—and take Tom out behind the woodshed for a balling, spanking on July 25.—Floresville Chronicle-Journal.

Arthur Kyle, who has been in charge of the tailor shop at Texon operated until recently by the Ozona Laundry, has returned here to work at the laundry. The tailor shop, beauty shop and barber shop at Texon was sold recently by the Ozona firm.

Night's Sleep Important To Life

June 9.—Sleep is a life and health, and loss of sleep will tend to the body's recovery from the day's activities. Dr. John W. Brown, State Officer. "The average healthy adult," he says, "spends about one-third of his life in sleep. Far from being a waste of time, this one-third of life spent in restful sleep makes possible a happier, longer life. One who is unable to go without sleep for a night or two, but too long for a prolonged length of time will undermine the health of the person and turn a rugged individual into a cross, and a good health into a bad one. When good health is maintained to such a large degree by merely sleeping and allowing overtaxed bodies to regain a proper balance, it is hard to understand why many persons are heedless of the necessary requirement of a good program of life. Some individuals need more sleep than others, and the most valuable experiments in this line show that each person makes up his own mind. We must each take into consideration in this experiment, however, that how well we sleep is as important as how long we sleep. A good night's rest means a sufficient number of hours of sleep to enable each individual to feel well, do efficient work, and to keep in a cheerful mood the next day. Some exercise out of doors each day will help us to sleep better at night. We must have fresh air in our sleeping quarters. Give as much consideration as possible to the comfort of your bed and bedclothes. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning rested and with a feeling of general well-being, you will be amply rewarded for your thought in planning for a good night's sleep."

Many To Travel Through Texas

DALLAS, Texas, June 9.—Arrival of the vacation season, with the end of the school year, sees the beginning of one of the greatest travel movements ever known in Texas. Travel experts predict that the tourist business in Texas this year will be the greatest in the state's history. Centennial year celebrations in various parts of the state and opening of the \$25,000,000 exposition in Dallas will stimulate the travel of Texans and the movement of visitors from all parts of the nation to the Lone Star State. Unprecedented interest in Texas has been shown in inquiries received here at the state department of information and at various travel agencies.

SOUTHERN HOSPITALITY

A New England spinster has a special memory of Texas courtesy. She was struggling with a hot cup of coffee in a small town railroad station, trying to gulp it before the train pulled out. A cowboy, seated a couple of stools away, noted her plight, and seeing the conductor waving at the woman, came to the fore. "Here, ma'am, you can take my coffee. It's already sauced and blowed."

Texas Longhorns Driven O'er Trail at Expo

It was the Longhorn steer which broke many trails to Southwestern markets in the early days. Typical cattle on "The Chisholm Trail" are pictured here being driven by Texas Rangers on one of the nine reconstructed "Roads of the Southwest," a feature of the Ford Motor Company exhibit at the Texas Centennial Exposition in Dallas. Other famous roads are, Santa Fe trail, Old San Antonio, Fort Worth Pike, Yuma Pike, Pan American Highway, Magazine Street in New Orleans, Butterfield Trail and Main Street, Dallas.

Many Theories As To Origin Of "OK" Are Uncovered In Probe

The editors of the Chevrolet dealers' magazine have been doing research work, seeking the origin of the expression O.K., in response to inquiries received from its readers. The expression figures so largely in the company's used car advertising, which features the "Guaranteed O.K. tag" affixed to reconditioned used cars, that dealers became interested in its history.

Several plausible explanations have been uncovered. One of the most likely is that the expression is derived from a seaport on the southern coast of Haiti, which was a famous source of superior rum and tobacco shipped to the American colonies. The name of the port was Aux Cayes (pronounced "oh cay"). The colonists buying rum or tobacco would ask, "Is it Aux Cayes?" If it was, they knew it was good. The words soon became a symbol for good quality, but the letters O.K. naturally took the place of the words when written by persons not familiar with the real meaning.

Another theory traces O.K. to the Choctaw Indians. In their bartering with other tribes, they used the word "okeh" to designate a piece of merchandise or livestock as fit and good.

Others hold to the theory that the initials O.K., meaning "ordered recorded," being carelessly written on documents, were misread as O.K. and so came to stand for a symbol of correctness. It is also asserted that O.K., as an abbreviation for Artemus Ward's spelling of "all correct," first gained currency among oldtime telegraph operators.

Still another theory is that years ago a customs inspector whose initials were "O. K." stamped them on bales of goods that he passed.

As a verb, the Chevrolet publication says, the expression should be written O.K.'d or O.K.'ing.

As used by Chevrolet dealers O.K. means that used cars bearing these letters were carefully checked and reconditioned before being put on display.

Ft. Worth Offers \$75,000 Premiums In Livestock Show

FORT WORTH, June 9—Premiums totaling \$75,000 are being offered to exhibitors of livestock at the Fort Worth Frontier Centennial livestock show, October 3-11. This is the largest amount of premium money ever offered at a livestock show in the Southwest, and most of the classes are open to nation wide competition.

This premium money will be distributed among owners of registered Herefords, Shorthorn and Aberdeen-Angus breeding cattle, carloads of fat steers and carloads of feeder cattle, sheep and Angora goats, dairy cattle, three breeds, Percherons and Belgian draft horses, jacks, mules, swine, poultry, pigeons, rabbits and grain and hay.

A backwoods mountaineer one day found a mirror that a tourist had lost. "Well, if it ain't my old dad," he said as he looked in the mirror. "I never knew he had his pitcher took." He took the mirror home, stole into his house and hid it in the attic, but his actions did not escape his suspicious wife. That night while he slept she slipped up to the attic and found the mirror.

"Mm'm," she said, looking into it, "so that's the old hag he's been chasin'!"

Permian Basin League Heads To Meet Sun. In Crane for Parley

McCAMEY, June 10—Bill Collyns, president of the Permian Basin League, has called a league meeting Sunday at Crane to be held at the recreation hall there at 10:30. The schedule for the second half will be made out and the applications of Odessa and Hobbs for admission in the league will be taken up.

Odessa has made McCamey an offer for their berth in the league, but it is almost certain that the offer will be turned down. Harry Frieden, president of the Refiners, is in California at present, and the matter will be taken up by the local baseball officials when he returns.

So far the Refiners have won only two games during the first half, but new recruits are being added to the McCamey roster each week, and the Refiners, under the management of Curtis Choate, will likely be a contender for a top position during the second half.

THIS WEEK IN TEXAS HISTORY

WEEK OF JUNE 7
(By T. S. College for Women)

1836—On June 9 three commissioners were sent to Matamoros under the flag of truce to see if all the Texas prisoners had been released. They found the prisoners held in custody in violation of the flag and treaty so they sent a letter to General T. J. Rusk setting forth the situation.

1839—The law requiring the President of the Republic of Texas and his cabinet to reside at the new seat of government after the first of the succeeding October was passed on June 8.

1844—The American Senate, after long discussion of the treaty of annexation, rejected it on June 8 by a vote of 16-35.

1846—Between June 8, 1846 and Nov. 4, 1851, Henry McCulloch commanded six different companies of Texas rangers.

Mrs. Charles E. Davidson, Jr., and children left the last of the week for a visit with relatives in Temple. They will attend the Texas Centennial Exposition in Dallas before returning home.

RosaLee Lemmons, small daughter of Mr. and Mrs. Ben Lemmons, is recovering from a broken collar bone suffered recently while at play.

Shreveport Journal: The Indian nabob who hasn't slept for two years has raised his offer of a cash reward to anybody who will put him to sleep, the latest figure being \$100,000. Here's a chance for some easy money for some preachers we have heard.

Dallas News: The only thing certain about the Republican convention at Cleveland is that it will not approve the Democratic one at Philadelphia.

George Vic Montgomery, son of Mr. and Mrs. George Montgomery of Ozona and a student at T.C.U. in Fort Worth, a member of the Horned Frog football and baseball teams the past year, has returned to his home here for the summer vacation. Montgomery immediately joined the Ozona Giants, Permian Basin league leaders, to patrol the left field garden the balance of the season, playing his first games last week-end at Wink.

Mr. and Mrs. A. C. Hoover attended the Pecos Valley Baptist Association Workers Conference in Grand Falls Tuesday.

Mr. and Mrs. Collins Coates of Fort Stockton were visiting relatives here yesterday. The Stockton country is in the best shape it's been in several years, Mr. Coates said.

Miss Daisy Bryant of Mountain Home, Ark., is a guest this week of Miss Dixie Davidson and her sister, Mrs. Mark Garver of Austin, who is here for a visit.

Mrs. Jimmie Blaylock is visiting relatives in Austin this week.

Tip Smith, rancher living two miles west of Ozona, and Glenn Fry, an employe of the ranch, were both counted among victims of the mumps last week.

Miss Francine Sherman of Briggs, Texas, is here for a visit with her aunt, Mrs. H. A. Moore, and family. Mr. and Mrs. Moore, who recently made a tour of South Texas and the Valley, brought Miss Sherman back with them for a few weeks visit here.

Roy Henderson and children, Miss Louise and Roy, Jr., left the first of the week for a visit in Houston and the Texas Centennial in Dallas.

Mr. and Mrs. T. S. Patrick and family left Tuesday for their home in Corsicana after a week's visit here with relatives.

Bootleggers Paid \$50,000 In Fines Under Liquor Law

AUSTIN, June 9—Discouraged because they are finding it so expensive, bootleggers and others convicted of violating Texas' new liquor law have already paid out approximately \$50,000 in fines and court costs.

A number of others have gone to jail.

These facts were revealed this week in a preliminary survey by the Liquor Control board's enforcement division.

"If we can continue to make it so costly, the people who are breaking the law will have it impressed on them that there's no profit in what they're doing," declared Liquor Administrator Charles R. Miller. "When we finally succeed in taking the profit out of their business, these people are going to fold up and quit."

Actual money paid in fines amounted to \$37,935.50, but an additional \$11,914 in court costs brought the total to \$49,849.50, Administrator Miller disclosed.

Counties in which convictions result are enriched by the money paid in fines, he explained. Specifically, it goes to road and bridge funds.

Since the liquor control act went into effect, inspectors have filed 1569 cases and have disposed of 784, leaving 785 pending. There have been 24 jail sentences—ranging from one day to 60—and only 31 acquittals.

Mr. and Mrs. Ben Pettit and son, who ranch near Stiles, were here the past week-end, guests of Mr. and Mrs. John Pettit.

walked and Buchanan sacrificed them a base. Lenz walked to fill the bases with one out. But Montgomery popped to first and Heatherly flew out to right to cut short the threat.

In Sunday's game it looked like another scoreless affair for five innings, with the Giants able to gather but three safeties in that many frames. But in the sixth, two walks, a stolen base and a single scored two runs. With one out, Heatherly walked, stole second. Dorley walked but was forced by Stuart, short to second. Heatherly and Stuart both scored on Myers' single.

One more tally was chalked up in the eighth when Heatherly singled, advanced on Dorley's sacrifice and scored on Stuart's hit.

Wink's lone score in the Sunday fracas came in the ninth frame when Hill took hold of one of Crostwaite's level ones to park it in the distant sand dunes for a home run. Things were beginning to look a little troublesome in that final half when Mayfield, hitting for Rose, walked. Whitson struck out for the second out, and Reeves singled. But the big soldier asserted himself then and Sturdivant, who had doubled in the first frame, hit a high one to Myers in right field, who sacked it up for the ball game.

BANDERA VISITORS HERE

Mr. and Mrs. H. L. Mansfield and children, Norman and Eva Marie, were week-end visitors in the homes of Mr. and Mrs. Jake Short and Rev. and Mrs. Ira V. Garrison of Ozona. Mr. Mansfield is a ranchman of Bandera County. Mrs. Mansfield is a cousin of Rev. Garrison. This being their first trip to Ozona, the Bandera folk were high in their praise of Ozona and this section. The party of visitors left early Tuesday for Dallas, where they will attend the Texas Centennial Exposition.

Joe and Marvin Rape, students the past year at the University of Texas, have returned to spend the summer with their parents here. Mr. and Mrs. I. G. Rape drove to Austin last week to bring their sons home.

Neck Feared Broken In Car Accident At Ranch Sunday Night

It was feared Monday that Mrs. Mark Talliaferro had suffered a broken neck when the family car overturned on a slick road a few miles from their home on the Jud Montgomery ranch Sunday night.

Later examination revealed how ever, that one vertebra was cracked and that the injuries were not as serious as at first thought. A brace was secured, however, and will be worn as a precaution. Complete recovery is expected for Mrs. Talliaferro within a few weeks.

The accident occurred Sunday night as the Talliaferro family, accompanied by Mr. Talliaferro's mother, was returning from the Chisos Mountain CCC camp where they had visited a son. They were driving less than fifteen miles an hour, but when the rear end skidded the car turned over. No other occupants were seriously hurt—Ft. Stockton Pioneer.

ter many years teaching in the local Mexican school.

In noting the appointment of Mrs. Jones to head the speech arts department during the coming session, Mr. Denham announced that Mrs. Jones would occupy the studio room on the third floor of the elementary school building. Mrs. Jones will assist in the declamation activities and other auditorium activities of the school, Mr. Denham said, adding "I know that Mrs. Jones will be able to make a real contribution to our fine arts program."

Mrs. Jones leaves Saturday of this week for Corpus Christi, where she is to visit her daughter, Mrs. Gilbert Noakes, and family, and also to take a month's course in the Wright and Doree Studio of the Arts, one of the leading schools of the south in speech arts, personality dancing and singing and other fine arts. The school has eight departments with an instructor in charge of each and is patronized by students and teachers in the fine arts divisions from all over the Southwest.

Principal To Be Named

These appointments leave only one vacancy in the Crockett County schools, that of principal of the Junior High School. Gerald Williams, principal last year, has resigned to accept a similar position in the Sweetwater schools, and this position has not yet been filled.

Sgt. Denham wrote from Lubbock, where he and Mrs. Denham are attending the summer session of Texas Tech. They paid a brief visit with relatives in Henderson, Texas, and attended the opening of the Texas Centennial in Dallas the past week.

"We found all that we had time to see exceedingly interesting and, in our opinions, very worthwhile," the Ozonans wrote of the Centennial. "One must stay at least four days, however, to really see the thing in its entirety, that is, to get the most from it. Of course, the buildings and grounds are beautiful to see in themselves. A \$25,000,000 investment should make a good show. One or two buildings are not complete as yet, so therefore those who go later will see a more complete Centennial Show."

RANCH HOME SCENE OF LUNCHEON, BRIDGE

Mrs. Sherman Taylor entertained her bridge club and a few neighbors with a luncheon and bridge at her ranch home Tuesday. After the three course luncheon was served the four tables of guests played contract until late in the afternoon. Miss Hester Bunker held high score for the club and Mrs. Joe Pierre, high for guests. Others present were Mrs. Gertrude Perry, Mrs. Early Baggett, Mrs. J. O. Luby, Mrs. Elv Hagelstein, Mrs. Evert White, Mrs. Hilbery Phillips, Mrs. Jake Short, Mrs. W. E. Friend, Jr., Mrs. Joe Sellers Pierce, III, Mrs. James Baggett, Miss Esther Kate Pierce, Miss Tommy Smith and Miss Carolyn Montgomery.

Miss Grace McMillan, Junior High teacher here last year, arrived last night for a few days visit with Mr. and Mrs. Ross Culpepper. Miss McMillan's home is in Mason. She has resigned her position in the local school system and will remain at her home in Mason next year.

Miss Margaret Butler is home after spending the year in Waco, a student at Baylor University.

FORD V-8 ECONOMY MEANS HIGH "Dollar Mileage" (MORE MILES PER DOLLAR)

ONLY THE FORD V-8 GIVES YOU ALL THESE FEATURES

- 1. V-8 ENGINE PERFORMANCE WITH ECONOMY
- 2. SUPER SAFETY MECHANICAL BRAKES
- 3. SAFETY GLASS ALL AROUND AT NO EXTRA CHARGE
- 4. WELDED STEEL BODY—STEEL STRUCTURE AS WELL AS SURFACE
- 5. CENTER-POISE RIDING COMFORT

NO MATTER how you classify your expenditures for car up-keep—it's your total expenditure that counts. How much "dollar mileage" is your car giving you?

Dollars do go farther in the Ford V-8. Modern improved carburetion gives you unusual gasoline mileage with brilliant V-8 performance. Most owners of today's Ford change oil only every 2000 miles and add none between changes.

And after the first few thousand miles you begin to understand what Ford V-8 "dollar mileage" really means.

It gives you more miles per dollar because it gives you all-round economy—low first cost, low up-keep cost, low depreciation and long life—as well as low gasoline and oil consumption. All these are big items if you aim to buy the most economical car.
