Harvick Wins By Turn Of Coin To Contest Kinser

Kirkpatrick Drops Out Of Running As Tie Settled By Lot

By a turn of the coin, Strick Harvick won the right to enter the run-off primary election August 22 opposing the incumbent, E. Kinser, who failed by four votes to poll a majority over his opponents in the first primary. Harvick and Frank Kirkpatrick called an exact tie vote in the first primary, each receiving 11 votes to 19 for Kinser. The election laws failed to provide a solution for this particular circumstance, outlining procedure in case of a tie in the case of the two candidates in the total votes. The two candidates met Friday afternoon in the office of House Speaker Smith, County Democratic chairman, and in the presence of the chairman and several spectators matched pennies to decide who should take the place on the run-off ballot.

Hands on coins resting on their respective knees, Candidate Harvick challenged. "I'll match you." Hands were lifted and "heads" showed on each coin. Kirkpatrick congratulated the winner and the two parted in the best of humor and friendship.

Giants Topple League-Leaders For First Loss

Locals Take Saturday's Game 9-2; Drop 11-Inning Brawl Sun.

Taking the league-leading Crane Gorillas into camp Saturday afternoon, the Ozona Giants, first half champs, set them down for their first defeat of the season in a decisive 9-2 affair, with the bulldozing aggregation helpless before the hurrying of J. Fisher while the locals were pounding Bill Rabb and Wild Bill Duncan for a total of 10 hits in the nine frames. The invaders were able to find the Fisher man for but six safeties, two of them flukes, and all well scattered except in the seventh when a walk and two successive hits accounted for the two runs.

But Sunday was a different story. Saturday the Gorillas were too far behind to make it worthwhile to turn loose their bloodthirsty gang, but Sunday what would have been a splendid pitching duel between Bob Osborn, one of the league's best hurlers, and Charlie Bryant, pitching his first full league game for the Giants, was turned into a brawl by the constant bickering, profanity and threatening belligerence of the invaders.

Dorley Gets Two Homers
A homerun by Carl Dorley, his second of the series, tied the score one all in the seventh inning, the visitors having pushed one over in the fourth on a walk and two

RANGE IS FINE!

So Fine In Fact That Sheep In Crockett County Are Being Foundered

There's always something to entertain one in the ranching business, opines Frank McMullan. If it isn't drouth it's worms, soremouth, poison weed, predatory animals or any one of a thousand things that come along to harass the livestock producer.

But Mr. McMullan found a new worry a few days ago—one that is decidedly uncommon in West Texas and one that ranchers in some of the present dry areas of the country would welcome.

Mr. McMullan had a number of sheep to show peculiar symptoms, indicating some ailment with which the owner was not familiar. To get at the trouble early, the rancher took a couple of the sick animals to the Ranch Experiment Station near Sonora for an opinion of the experts.

"Looks like founder," said the experts. And they killed one of the sheep for a test and proved their diagnosis as correct. Feed is just so plentiful in the area that sheep are getting too much to eat. Which is quite something when the mind reverts back to the table-top bare pastures in these parts not many months ago.

Absentee Voting For Run-Off Gets Under Way Here

Press of Voters Causes Committee to Rush Ballot Order

A conflict in the election laws which made it impossible for the state Democratic committee to certify the names of state candidates in the run-off primary before the last of this week, and the request of several voters for absentee ballots led the Crockett County committee to order printing of the run-off ballots here Tuesday, using the unofficial returns to newspapers as the basis for determining the names of candidates in the two undecided state races.

The state Democratic committee was to have met yesterday to canvass the returns of the first primary, after which the names of the run-off candidates are to be certified to county chairmen. Under the election laws, absentee voting should have started Monday. A number of local voters, who expect to be out of the city on the day of the election, August 22, had requested ballots and the committee chanced the accuracy of the Texas Election Bureau reports and ordered the ballots to be printed for the benefit of those who wish to vote absentee now.

The local ballot contains the names of the candidates for state railroad commissioner, Ernest O. Thompson and Frank Morris, and for commissioner of agriculture, J. E. McDonald and George B. Terrell, in addition to those in three precinct races in this county.

Voters of Precinct No. 1, Ozona, will ballot on the two surviving candidates for the post of county commissioner, Rob Miller and O. W. Smith. In the run-off for justice of the peace are W. M. Johnigan and J. T. Glover. In Precinct No. 4, E. R. Kinser and S. M. Harvick are in the race for commissioner, Harvick having won the right to contest the incumbent in the run-off by a flip of the coin following a tie vote between him and Frank Kirkpatrick in the first primary.

Vic Montgomery, who is slated for a first string position in the backfield of the 1936 T. C. U. Horned Frogs, and Wallace (Hog-caller) Myers, Ozona Giants outfielder and coach at Daniel Baker College last year, are attending the coaches school at T. C. U. in Fort Worth this week.

R. F. JOHNSTON, DENTON, FORMER BORGER TEACHER, APPOINTED JUNIOR HIGH PRINCIPAL HERE

Faculty Now Complete For County Schools; Open Sept. 7

The faculty of Crockett County schools was completed for the 1936-37 session this week with the appointment of R. F. Johnston of Denton as principal and director of physical education activities for boys of the junior high school here, it was announced by Supt. C. S. Denham from Lubbock where he and Mrs. Denham are attending the Texas Tech summer session.

Mr. Johnston holds a Bachelor of Science degree from North Texas State Teachers College at Denton and is completing the second summer on his Master of Arts at the University of Texas this summer, majoring in Elementary Education. He has taught four years, the past two years in the Borger Public Schools.

Along with his duties as principal of the junior high school, Mr. Johnston will teach arithmetic in the fifth, sixth, and seventh grades and social studies in the sixth grade. He will also handle the physical education activities for boys in the three grades.

Although all positions for classroom teachers have been filled, Supt. Denham said that the position as teacher of piano in connection with the public school department of fine arts, vacated by Miss Wayne Chapman, has not been filled. No announcement as to plans for this division was made.

Schools of Crockett County will open, as usual, the first Monday in September, the seventh. Carl Dorley, building caretaker, is busy with the annual floor finishing in the two buildings here in preparation for the opening of the school term. The kindergarten has been refinished on the inside, walls repainted and floor varnished.

New books for the term are arriving daily, it was announced, some 1200 volumes being this county's share for the next session.

DRUGGIST RESIGNS

Bill Buttery, employed for the past few years as prescription clerk at the Ozona Drug Store, has resigned his post in the local store. Mr. Buttery returned the first of the week from Hollywood, Calif., where he has been visiting a brother, in the drug business there. He will become associated with his brother in the movie capital or accept a post in Arizona.

Garage And Car Are Destroyed By Fire Started From Trash

Fire, believed to have started from a pile of burning trash nearby, destroyed a rent house owned by Mrs. Mae Gray west of the Johnson draw Tuesday night. The residence, a duplex apartment, is occupied by Emmett Sapp and a Mr. Howard and family.

An old model car belonging to Mr. Howard and stored in the garage, was also destroyed. The fire was beyond control when neighbors discovered the blaze in the early morning hours.

Father Of Ozona Druggist Claimed By Death Sunday

D. N. Rape Succumbs At Home of Daughter in Commerce

D. N. Rape, 85, father of I. G. Rape, proprietor of the Ozona Drug Store, who made his home with his son here at intervals the past eight or nine years and was well known to many Ozonans, died at 8:10 o'clock Sunday morning at the home of a daughter in Commerce, where he usually made his home in the summer.

Mr. Rape had been in apparent good health for the past several months after recovering from a paralytic stroke here in January. The previous fall he suffered a similar attack but regained his strength after a few weeks. He attended an old settlers' reunion near Commerce Friday, mingling with old friends through the day. Saturday afternoon he became ill and rapidly grew worse until the end came Sunday morning. He had planned to return to Ozona in a few weeks for a visit.

Funeral services were held from the Methodist Church in Sulphur Springs, the old home, Monday afternoon. Mr. Rape was born November 24, 1850, in Henry County Georgia, his parents moving to Texas as when he was but four years old and settling at Pittsburgh where they remained until moving to Sulphur Springs in 1895.

Surviving are two daughters, Mrs. Maggie Miller of Commerce, and Mrs. M. L. Day of Fort Worth and two sons, Dr. J. Marvin Rape of San Angelo and I. G. Rape of Ozona.

Judge Montgomery was in San Angelo on business Saturday.

Brevity Record Established By Run-Off Ballot

Only Five State, County Races To Be Decided August 22

Something of a record for brevity will be established in the ballot to be presented to voters of Crockett County in the run-off primary election to be staged August 22.

Only five contests will be presented for a decision by voters on that occasion, two state races and three precinct races in this county.

In fact, voters of Precinct 1 of this county will have two precinct races to be decided, that for commissioner and justice of the peace. In Precinct 4, voters will have only to decide their county commissioner and the two state races. Other voting boxes of the county will ballot only on the state contests.

In the Ozona precinct, Rob Miller and O. W. Smith are the contestants for the office of county commissioner. In the run-off race for justice of the peace, J. T. Glover and the incumbent, W. M. Johnigan, are hooked up for the final nomination.

In the No. 4 precinct, E. R. Kinser, present commissioner, is to be opposed by Strick Harvick. Harvick won the right to oppose the incumbent on a turn of the coin here Friday afternoon, a method used in deciding a tie vote between Harvick and Frank Kirkpatrick, each of whom received eleven votes in the first primary.

Nominees for the office of state railroad commissioner and commissioner of agriculture will be decided in the August run-off, all others being decided by clear majorities in the first primary. In the race for railroad commissioner Ernest O. Thompson, present chairman of the commission, is being opposed by Frank Morris. J. E. McDonald and Geo. B. Terrell will fight it out for the agriculture post.

CUT OF THREE CENTS IN TAX RATE IS MADE

Commissioners set Levy For Year In Session Friday

TOTAL RATE \$1.40

Pool Bond Sinking Fund Cut School Maintenance In Half

By combining taxes heretofore levied for three separate sinking funds for retiring road bonds into one sinking fund levy and reducing the school maintenance tax, the Crockett County Commissioners court in special session here Friday made a net reduction of 3 cents on the \$100 valuation in the tax levy for this county for the present year.

A new fund to be known as the road bond fund, a sinking fund for the retirement of state road bonds outstanding was created by the court and a levy of 35 cents on the \$100 set for the benefit of the fund. This levy combined two previous sinking fund levies of a total of thirteen cents. A tax of 5 cents on the \$100 valuation levied last year to retire sewer bonds was left off this year, as was a courthouse and jail bond sinking fund levy of 3 cents.

The 18-cent reduction by eliminating the sewer tax, courthouse and jail and the 10-cent road bond retirement tax was further augmented by a 20-cent cut in the school maintenance rate, a total reduction of 38 cents. The levy of the new 35-cent road bond retirement tax left a net reduction of three cents in this year's rate.

The levy for all other funds remained the same as last year, 15 cents for the second class fund, 25 cents each for the third and fourth class funds and 20 cents for the school house building bonds sinking fund. The school maintenance tax was cut from 40 cents to 20 cents.

The state tax rate was fixed at 62 cents, the same figure as last year, at a meeting of the state tax board in Austin Tuesday. The total state, county, and school rate therefore, to be paid by Crockett County taxpayers this year will be \$2.02 on the \$100 valuation.

GENERAL PERSHING

General John J. Pershing, now 75 years old, has had perhaps the most remarkable career of any American soldier of his generation, and although retired from the Army since 1924 is still active chairman of the American battle monument commission.

Born in Linn County, Missouri, he was graduated from West Point in 1886, gaining his first actual battle experience in the same year in the Apache Indian campaign. He served in the Sioux campaign of 1898, and distinguished himself in successful campaigns against the Moros in the Philippines, for which he was promoted from captain to brigadier general.

He commanded the expedition sent into Mexico in pursuit of Villa in 1916, and at the outbreak of the World War was placed in command of the American Expeditionary Forces in France. For his distinguished service in the war he was made General of the Armies of the United States, a rank created for him by Congress in 1919. He also received the highest military decorations from all the Allied nations.

General Pershing's life has been marked by many hardships and at least one great sorrow. His wife and three children were burned to death in a fire at the Presidio of San Francisco on August 27, 1915, while he was absent from the post on duty. Mrs. Pershing was the daughter of Senator Warren of Wyoming.

THE INTELLIGENT SEX

Cleveland Plain Dealer: Women, all agree, not only look cooler but are cooler in blistering weather, than is the male of the species, sometimes quaintly referred to as the stronger sex.

The average man, to start at the ground, covers his feet with cloth and then usually with a layer of heavy animal skin rendered practically air-tight by tanning. He then coats his body with cloth extending at least from knee to neck. He adds another layer of fabric which starts at the ground and ends at the waist where it is strapped around his middle by a leather girdle augmented, perhaps, by a cloth and rubber device slung over his shoulders. He then covers the upper portion of his body as high as the shoulders with another garment of silk, linen or cotton that also envelops the arms as far as the wrist. Then, reverting to the time when it was essential to protect his torso against sword and spear thrusts, he adds a tight, form-fitting vest, and then a coat. Around his neck he fastens a rag or a stiff collar, as impenetrable and unyielding as armor plate. Around this he fas-

tens a noose of cloth which someone gave him for Christmas and which he fondly imagines is decorative. Then, reverting to the time he was afraid monkeys would drop coconuts on his head, he covers the skull with a protective layer of felt or closely woven straw.

In contrast, women—but there is no need to go into this in detail. Anyone who looks at advertisements or gazes into shop windows or uses his eyes on the street knows that they are content to comply with the law. Whereat we salute her ladyship, with envious admiration of her sagacity.

TRACING AN ABSTRACT

A Louisiana attorney, retained by an oil company to trace the abstract of a deed, went back to 1803 the year Louisiana was bought from France. The company wrote the lawyer he would have to trace ownership of the land farther back than that, which he did in due time, reporting by letter as follows:

"Dear sirs: I traced your deed back to 1803, but here it is complete from 1803. As you probably know, Louisiana was purchased from France in 1803. France had acquired Louisiana from the Spaniards as the result of a successful war against the Spaniards. The Spaniards acquired Louisiana as the result of explorations of an Italian named Columbus. Columbus was financially backed by Isabella and Ferdinand. Isabella and Ferdinand were given permission for Columbus' expedition by the Pope. The Pope is the vicar of Christ. Christ is the Son of God. God made Louisiana."

Infantile Paralysis Scarce in Texas, Says Health Dept. Survey

AUSTIN, Aug. 5—Texas is practically free of infantile paralysis while that dread disease and particular foe of young children is reaching epidemic proportions in Alabama and adjoining states. Reports to the State Health Department disclose that there have been only 18 cases from 16 widely separated counties in every geographical section of the State since January 1. Only one case in Texas was reported last week from the entire State. There were 36 cases of the disease in Texas during the first six months of last year.

"The disease is endemic in Texas," Dr. John W. Brown, State Health Officer said, "and scarcely ever assumes epidemic proportion."

"Children under five are more susceptible to the disease and all children under 12 should be watched for suspicious symptoms. There are important things to do when a child shows symptoms. A physician should be called at once and physicians should report all cases to the health authorities immediately. When the disease occurs all cases should be isolated for 21 days. All milk should be boiled unless it is pasteurized. Children should not visit

Railroads Chairman Endorses Advertising in Weekly Newspaper

Country weeklies as an advertising force in modern American life have no more ardent champion than Harry G. Taylor, Chairman of the Western Railroads. In organizing the program of activities to promote more business, both passenger and freight, in the western area, Mr. Taylor carried out the unanimous resolution of the executives of the individual lines in placing the 6,036 weeklies on the list for Western Railroad advertising.

This advertising is a unique tribute to both the weekly and daily press, because of its exclusive concentration in a geographical area of the United States, extending all the way from the Great Lakes to the Pacific Coast and from the Canadian border to the Gulf of Mexico. The individual rail lines have been consistent users of the weekly newspapers, and what the association is doing in the current campaign is to supplement as a group the many campaigns conducted over a long period of years by the individual members.

Taylor a Former Editor In the use of the weekly newspapers, the advertising trade press has called attention to the fact that Mr. Taylor's understanding of the powerful influence of these publications originates thru his own experience in that field. For four years, he was editor and publisher of the Plaindealer at Almena, Kansas, and subsequently for ten years, he directed the affairs of the Nonpareil at Central City, Nebraska. The background of these human interest contacts was of inestimable value to him in public life while serving as a member of the Nebraska legislature and subsequently as Chairman of the State Railway Commission. His fairness in this latter capacity led to his appointment in Washington as manager of the Public Relations Car Service Division of the American Railway Association.

In December, 1932, he was selected by the western group of railroads to serve as their chairman and commissioner. Concentrate in Newspapers The group advertising activity on a large scale for the Western Railroads began in 1935. At that time a limited number of daily newspapers was used. When the decision was reached to renew the campaign in 1936, recognition was at once extended to the country weeklies so that both important phases in the newspaper field would be included in the 1936 program.

In discussing the progressive work of the western carriers for the current year, Chairman Taylor said: "During the business depression railroads suffered as much as any industry, more than some. Consequently they were forced to curtail advertising expenditures and concentrate what budgets were available in the centers where most shipping and passenger traffic originates. Action By Executives "I know, however, that the railroad executives, individually, have been desirous of increasing the allotments for advertising in the weekly newspapers along their lines, realizing that these papers and the people who read them are the closest neighbors of the railroads. "When the executives acting for the Association decided to advertise in newspapers again this year, they authorized us to include the weeklies. This is in addition to their individual line advertising. "The decision to use the country weeklies is personally gratifying because of my former connection with that branch of the newspaper business."

HOW RUMORS GROW

Here is a little tale which it would be well for each one of us to remember in any time of international crisis.

It is an illustration, from "The Power of the Press for Peace and War," by Florence Boeckel, of the way in which exaggeration develops a monstrous falsehood out of a tiny germ of truth.

The following wartime statements were made by responsible European newspapers:

Cologne Zeitung (Germany)—"When the fall of Antwerp became known, the church bells were rung" (meaning in Germany).

Matin (Paris)—"According to the Cologne Zeitung, the clergy of Antwerp were compelled to ring the church bells when the fortress was taken."

The Times (London)—"According to what the Matin has heard from Cologne, the Belgian priests who refused to ring the church bells when Antwerp was taken have been driven from their places."

Corriere della Sera (Italy)—"According to what the Times has heard from Cologne via Paris, the unfortunate Belgian priests who refused to ring the church bells when Antwerp was taken have been sentenced to hard labor."

Matin (Paris)—"According to information to the Corriere della Sera from Cologne via London, it is confirmed that the barbaric conquerors of Antwerp punished the unfortunate Belgian priests for their heroic refusal to ring the church bells by hanging them as living clappers to the bells with their heads down."—London Tid-Bits.

Out Of Spanish Love Brawl, Intrigue Arose Texas' First Woman Politician

DALLAS, Texas, Aug. 5—Two hundred and twenty-two years ago in the presidio of Fort St. John on the Rio Grande where the town of Eagle Pass now stands, a fiery and beautiful Spanish senorita stood up and called the governor of Coahuila a fat fool to his face, and dared him to do his worst. The governor, being a man of action, took the lady, whose name was Maria de Villescas, at her word, and threw her lover, the Frenchman, Louis St. Denis, into the dungeons of Monclova. His Excellency's parting remark just before the heavy iron door clanged shut, was that St. Denis could rot there, unless he was willing to release the Senorita de Villescas from her vows of love. And St. Denis shouted back that he'd rot then.

Out of this Spanish brawl of love, intrigue, and treachery, arose the first woman politician in the Land of the Tejas. Maria, seeing that her Uncle, Don Ramon, commander of the presidio, dared do nothing to aid Louis St. Denis, herself took horse and coach and made the overland journey to Mexico City through hundreds of miles of infested jungles and over mountain passes, to plead with

the Viceroy for the life of her beloved.

So well did Maria speak for the Frenchman that the Viceroy released him from the dungeons of Monclova, granted him permission to establish a trade route between the French and Spanish colonies, and was host to Maria and Louis on their honeymoon.

The Franciscan Friars, who were desirous of establishing missions in East Texas, were needing a guide. Louis St. Denis and his wife rode with the monks out of Mexico City down to the Rio Grande and over the route which St. Denis had blazed when he came into the Land of the Tejas Indians out of Louisiana.

Thus, the Old San Antonio road, now in use for two and a quarter centuries, had its beginning in Texas' first love affair in the patio of Fort St. John one August evening in 1716. Smooth pavements now cover the highway that once only was a foot-path.

This charmingly true and thrilling love story is one of the tenses in the Cavalcade of Texas, now playing at the Texas Centennial Exposition as the major attraction, the most talked about dramatic spectacle ever presented at any World's Fair.

THIS WEEK IN TEXAS HISTORY

(By T. S. College for Women)

WEEK OF AUGUST 2

1823—On August 4 Stephen F. Austin and Baron de Bastrop reached Sylvester Castleman's and settlements on the Colorado River. In a proclamation issued by Bastrop, he stated his position as commissioner and gave authority to Austin as supreme civil, judicial, and military officer until constitutional order could be devised.

1832—A battle was fought on August 2 at Nacogdoches between the Mexicans under Col. Piedras and the Texans under Col. Bullock. The refusal of Piedras' commander of the garrison at Nacogdoches to favor the constitution of 1824 led to the battle. He and his 310 men were taken prisoners.

1836—On August 4 Austin wrote a letter to General Rusk in which he said that he consented to be a candidate for the presidency "for only one reason, which is that I believe I can be of material service in procuring the annexation of Texas to the United States."

QUESTIONS THAT ARE ASKED ABOUT BANKING

"Do Banks pay their expenses out of deposits?"

THE operating expenses of a bank are not paid out of deposits, because deposits belong to customers. These expenses are paid from the income a bank earns. A bank derives its income chiefly from interest on loans, returns on investments and charges for financial services rendered.

The earnings of a bank are used chiefly in three ways: first, to pay for salaries, insurance, equipment and other operating expenses; second, to build up a surplus for added protection of depositors and to set aside reserves as a safeguard against known liabilities and unforeseen contingencies; and third, to pay to stockholders, in dividends, a fair return on the money they have invested in the bank's capital stock.

In the management of this bank we endeavor to maintain maximum efficiency and keep operating costs at a minimum consistent with good service.

David Crockett's Home Town To Give Pageant On Birthday

Greenville, Tenn.—This birthplace of Davy Crockett, who died fighting at the Alamo, will observe the one hundredth anniversary of his birth, August 17.

A pageant will depict in eight scenes the life of the famous Tennessee pioneer, who has come down in history as one of the most glamorous figures in the war for Texas independence.

Pageant directors said it would contain information and lines from Crockett's autobiography and the diary he kept faithfully until the day before his death.

First portraying him as a backwoods boy, the pageant will show how he stood up for his rights against a school bully and then ran away to escape a whipping. Moving on to "Davy the lover," it will portray his courtship with Polly Finlay, the little Irish girl whom he married.

Successive scenes will depict him as a scout during the Creek Indian war, as a hunter and army officer and as a member of Congress.

The pageant will show him shot down with a handful of his gallant comrades as the Alamo fell into the hands of Santa Anna and his Mexican army.

The celebration will begin Sunday afternoon, August 16, and the pageant will be presented Monday night.

hits. Bryant had the hard-hitting misfits under control, only four hits being registered by the touted team until the eleventh and final frame.

The toughest break in baseball robbed the Giants of a well-earned victory in the last half of the 9th by inches. With one out in that frame, Cox rapped out a double. Heatherly was purposely passed and Dorley crossed up the great brain of Osborn by slapping a sin-

gle over short-stop. A low liner, and a possibility of the shortstop being able to snag the ball, held Cox momentarily on second and the ball was fielded to hold him at third. Then with the bases full, Hogcaller Myers shot one between third and short for what seemed a certain score and the ball game, but the ball caromed off Heather-

half was shown by the Giants in the week-end encounter with the league-leading beefers. Sensational stops by Bob Weaver in center-field, by Cox at short, Heatherly at second, Dorley at first and equally airtight fielding by every member of the team characterized the play for the two days. Otto Robertson, under contract with the Boston Red Sox, showed his big-league calibre in a sensational game behind the plate Sunday.

The Giants will take on the Wink Cats here the coming week-end. The Texon Oilers, after dropping a pair the past week-end to Iraan, will seek solace in attempting to blast the lowly McCamey Refiners at McCamey, while the league spotlight will be turned on Crane where the second-place Iraan Oilers will attempt to unseat the loop leaders. A double win for the Iraan crew would throw them into a tie with the Gorillas for the league top.

LET'S CLEAN HOUSE IN THE PERMIAN LEAGUE

AN EDITORIAL

For the consumption of Permian Basin League officials, umpires, managers, players and oil field fans and followers, the following comments are designed to invoke the aid of officials in lifting the great game of baseball in West Texas from the debauchery in which a certain element in its play in this loop have dragged it, and to speak a word in behalf of common decency on the playing field.

The disgusting and altogether unwarranted performance of the gang of hoodlums from Crane on the local baseball field last Sunday afternoon should never have been permitted in the presence of decent people. If that sort of behavior goes over big in the oil field sections, then quarantine lines should be established and the infection confined to the sore so that decent folk would be spared the pain of such a spectacle.

But for the rare self-control exercised by Umpire W. T. Childress and the timely interference of officers a gang fight might have been necessary to curb the outcropping of uncontrolled savagery at one point in the afternoon riot. Had Umpire Childress yielded to what we feel sure was his impulse, and the common impulse of every red-blooded man in the grandstand—to take a punch at the extended jaw of some of the dirt-kicking, profanity-spouting uncouth ruffians—serious trouble might have resulted.

Through all this, and more, Umpire Ward made no move to bring order until after officers had called a halt to the disgusting spectacle. At least four of the gorillas on the Crane team should have been ejected from the park several innings before, but the head umpire took the none too gentle poundings on the chest, stood in the clouds of dust pawed up by the angry bulls and could not have helped hearing the vile profanity and vituperation poured out by the oil field mob at every unfavorable decision, and did nothing about it. Umpire Childress had the authority to order the offending players off the field but the head umpire should have taken charge, especially since the base umpire was a home man and open to the charge of prejudice.

Baseball is one of the greatest of games, with a following millions ahead of any other sport. For one who identifies himself so closely with the game as a player, to defile it with such uncouth antics as were seen on the local

diamond Sunday afternoon, is a disgrace to the game and to the thousands of fine men and women who play it and witness it played for the love of the sport. We out here in West Texas, who must depend on ourselves to provide our own teams if we are to enjoy competition in this splendid branch of athletics, should be able to enjoy the game played by clean and decent players, intent and earnest in their desire to win, but holding good sportsmanship and decency high above the savage impulse to go to any lengths to win.

If there are not now umpires in the Permian Basin League who have the courage and the desire to hold the game on a higher level than these ruffians would have it, then we call on President Bill Collins to name an entirely new set of arbiters and instruct these in turn to appoint a strong-arm squad to carry out their orders.

Otherwise, how can he expect the league to survive and the customers continue to pay to see a ball game and see instead a bunch of hoodlums bulldozing their way to the questionable glory of a victory over a superior team through sheer force of threatening, profanity, and, no doubt, physical force should it become necessary?

To The Voters Of Precinct No. 1:

I want to take this means of expressing my sincere appreciation for the vote and support of my friends in the recent Democratic primary. I was especially gratified at the high type of citizenship whose support I received and I want all my friends to know that I deeply appreciate their efforts in my behalf.
