ROB MILLER GLOVER AND KINSER WIN

O. W. Smith Trails By 25 Votes In Race For Commission

JOHNIGAN BEATEN

J. P. Loses By 38 Votes, Kinser Beats Harvick By 7 Votes

Bob Miller, J. T. Glover and E. J. Kinser were counted winners of the Democratic nomination for the three contested precinct offices in this county in the run-off primary Saturday, the victor in each instance coming through with a narrow margin for the nomination.

As a result of the balloting, Miller won the nomination for the office of county commissioner, precinct 1, over O. W. Smith by a vote of 232 to 207. The incumbent commissioner, B. B. Ingham, was ousted out of the run-off by these two candidates in the first primary.

Mr. Glover beat the incumbent, W. M. Johnigan, by a count of 239 to 201 for the office of Justice of the Peace, Precinct No. 1.

One of the most hotly contested races in the county was that for county commissioner from Precinct No. 4. E. R. Kinser, present commissioner, winning the nomination for another term in the office by a margin of seven votes. Eight more votes were polled in this precinct in the run-off than were cast in the first primary. Kinser received 28 votes to 21 for his opponent.

In the first primary Kinser received 19 votes to 11 each for his two opponents, Frank Kirkpatrick and S. M. Harvick. Harvick won the right to enter the run-off on a toss of the coin with Kirkpatrick.

In the two state races, Ernest O. Thompson was the overwhelming favorite for re-election to that office over his opponent Frank S. Morris. George B. Terrell was favored by a margin of six votes over J. E. McDonald in the Ozona box for the office of state commissioner of agriculture. Thompson and McDonald were both re-elected to their respective offices, returns from over the state show. A total of 447 votes were cast in the Ozona box. Fourteen votes were reported cast in the power plant box in the northwest section of the county but returns had not been received from the box.

HOLC Loans To Crockett Home Owners \$24,253

11 Individual Loans Made Here In 3-Year Period

Residents of Crockett County received a total of \$24,253 from the Home Owners' Loan Corporation during the three-year period of refinancing operations which terminated June 13, 1936, according to the final figures furnished by R. P. Drought, state director for the National Emergency Council. This sum represented 11 individual loans.

A total of 44,361 distressed home owners in Texas were extended aid in the sum of \$103,208,774. Of this money it is estimated that \$6,343,000 went toward the payment of taxes and assessments, the estimated average of tax and assessment payments per loan in Texas being \$143.

According to the 1930 United States Census reports there were 374,755 owned non-farm homes in Texas. The Home Owners' Loan Corporation refinanced mortgages on 11.8 per cent of this number. The total number of loans made in all states, Puerto Rico, Hawaii and Alaska was 1,021,817, involving the sum of \$3,092,870,784, making the average loan \$3,027.

Another Ozonan Seriously Burned By Gasoline Fire

Ernest Brownrigg, Jr., 14, Victim of Accident At Hoover Ranch

An accident similar to that which cost the life two weeks ago of John Meinecke, 19, on the Davidson ranch near here, came near claiming another Ozona victim Saturday night when Ernest Brownrigg, Jr., 14, suffered serious burns from igniting gasoline fumes.

Young Brownrigg was filling a gasoline engine tank when the escaping fumes were ignited by a lantern sitting nearby. In the resulting explosion, the boy's clothing was fired and he was seriously burned from his waist down. He was brought to Ozona and at last reports this week was resting well.

The lad, who was alone at a windmill two miles from the ranch headquarters, removed his clothing in time to save himself from critical burns. A man employed on the ranch, had just left the windmill in a truck for the ranch, leaving the lad to watch the engine, used in pumping water.

The windmill tower was ignited from the gasoline explosion and young Brownrigg carried water from the tank and extinguished the fire before starting out on the two-mile walk back to the ranch house. He was given emergency treatment there and brought to Ozona.

Iraan Stays In Flag Chase By Saturday's Win

Ozona Giants Split Series With Oilers; Tex-on Out of Race

A split of the two-game series between the Ozona Giants and the Iraan Oilers last week-end leaves the Oilers still a mathematical chance to tie for or win the second-half Permian Basin flag in the four remaining games on the league schedule. The Texon Oilers dropped out of the running by splitting a double-header with the Wink Cats Sunday afternoon.

But the odds are decidedly against such a possibility. For Iraan to win the championship, the team would need to win all of its four remaining games and the fast-stepping Cranes to lose all four of their remaining games. Should Iraan win all four and Crane win but one of her four, then the two teams will be in a tie for the second half championship.

The coming week-end may or may not decide the issue. Should Crane take both games of the series with the Texon Oilers, the half would be cinched for the Oilers. But should the teams divide the series and Iraan take two from Wink, Ozona's last series of the season, with Crane at Crane, and Iraan's last with Texon at Iraan, would be the deciding games.

7th Inning Win
The Giants dropped the Saturday game 6-4 when a seventh-inning rally netted the Iraan Oilers three runs and a victory margin. Both teams scored two in the first inning. Lenz smacking a double and Heatherly coming through with a home run. Iraan dithered in her half of the first when Wade doubled and Estes hit for the circuit. The Giants pushed one over in the eighth and another in the ninth, while the Oilers were able to shove another over for good measure in the eighth.

Sunday's game was won by the Giants on three base hits, a pair of doubles and a single, walks and errors.

The three Ozona hits, by Cox, (Continued On Last Page)

Directs Exposition

Harry Olmsted, one of the best known business men and civic leaders in the Southwest, is the new Director General of the Texas Centennial Exposition. He is at the helm of the \$25,000,000 World's Fair at Dallas following the death of William A. Webb, general manager, on August 9. Mr. Olmsted for twenty years has been a director of the State Fair of Texas and for five years its president.

Sonora And Eola Face Giants Here Saturday-Sunday

Concho Topnotchers To Contest Locals On Open Dates

Ozona Giants vs Sonora's Station A Concho Basin league leaders Saturday, and Ozona Giants vs Eola, only Concho Basin team to defeat the Sonorans this year, Sunday, and no alibis.

That's the fare for fans the coming week-end. The Powell Field diamond, lair of the Giants, will be the scene of the inter-league conflicts. Moguls of the Giant squad, which plastered powerful Permian Basin league teams right and left the first half, and was able to keep a fifty-fifty percentage during the second half, but consistently lost to the fast Sonora nine, are insisting that there be no alibis in the coming week-end conflict. The whole first string nine is to be available, no pitchers will be in there "trying out," and powers that be behind the Giants management have thrown the challenge to the team to prove the oft-repeated claim that "we could beat them if we tried."

The Giants will be idle from Permian League play this week-end, the disbanded McCamey team being scheduled here for the period. The two Concho teams found the engagements open and the match was complete. And George Russell, Giant club president, says so far as he is concerned "the best team will win each day," alibis or not.

GROCERY INSTALLS NEW VEGETABLE STORAGE CASE

Installation of a new Viking-Frigidaire storage cabinet for fresh fruits and vegetables has just been completed at the J. H. Williams & Sons grocery-market here. The new cabinet, one of the latest on the market, has storage capacity for a big stock of fruits and vegetables, which can be kept fresh and crisp indefinitely in the new equipment.

TEXAS HAS COMMODORES

DALLAS, Texas—The non-existent Texas navy, now has in addition to Admiral Ginger Rogers, four commodores. They were duly appointed on the star's recent visit to the Texas Centennial Exposition. Texas is the only state which reserved the right to form a Navy when it entered the Union.

Five Giants To Permian Basin All-Star Team

Slim Harriss of Ozona To Manage Stars In Game At Texon

Five members of the Ozona Giants, first half winners in the Permian Basin 1936 campaigns, "made" the Permian Basin All-Star team that will take the field against the veterans of Snipe Conley at Texon in a West Texas baseball classic Labor Day, September 7.

Bryan (Slim) Harriss, Giant manager, was elected by the fans of West Texas to pilot the all-stars in a spirited contest which closed last Thursday night. Harriss received 2,734 votes to 1,825 polled for Bob Osborne, fiery Crane manager, and nearest rival of Harriss, T. White, Wink's pilot, finished third with 1,157 votes and Dave Davenport of Iraan polled 800 votes.

Conley Cox, Fats Heatherly, Carl Dorley, Byron Stuart and Albert Crosswaite are the five Ozona players selected by Manager Harriss to membership on the squad of thirteen players who will take the field against the Texon Oilers, long-reigning champions of West Texas baseballdom.

Manager Harriss Tuesday announced his squad of all-stars, picked from the four teams besides Texon composing the Permian Basin League. Where more than one player is listed for a given position, each will have a chance to play a part of the game, the manager said. The following list of players is arranged in the batting order to be used by Manager Harriss in the Labor Day game:

- Cox (Ozona), shortstop
- Smith (Crane), shortstop
- Heatherly (Ozona), second base
- Estes (Iraan), centerfield
- Dorley (Ozona), third base
- K. LeMeilleur (Iraan), left field
- Sturdivant (Wink), first base
- Scroggins (Wink), right field
- Anderson (Crane), catcher
- Stuart (Ozona), catcher
- Crosswaite (Ozona), pitcher
- Osborne (Crane), pitcher
- Paige (Iraan), pitcher

The three top-notch pitchers will probably go three innings each. The Texon Oilers-Permian All-Stars game will be a feature of Texon's annual Labor Day celebration, field meet, golf tourney and barbecue.

Lime And Potash Deposits Sought In Crockett Co.

Texas Planning Board Surveying Mineral Deposits In Texas

Special to the Stockman:
AUSTIN, Aug. 26—The greatest treasure hunt in the history of Texas is underway.

From the Gulf to the Red River and from Louisiana to New Mexico the search is going on.

Back of this unique treasure hunt is the Mineral Resources Committee, a unit of The Texas Planning Board which is seeking the location and character of every mineral deposit in the State.

Preliminary work discloses the fact that Texas is exceedingly rich in valuable minerals. Mineralogists in the employ of the Committee have located and classified most of these minerals but in Crockett County there are deposits of lime and potash which haven't been fully located.

Residents of Crockett County can render a great service to the State by sending full information on these deposits to Chas. W. Walker, The Texas Planning Board, Austin, Texas.

HEADS AIR BUREAU

Rear Admiral Arthur B. Cook, who commanded the Airplane Carrier U. S. S. Lexington until last April 6, became chief of the navy's bureau of aeronautics. Rear Admiral Ernest J. King relinquished the aeronautic bureau post to Admiral Cook, and he will soon assume command of aircraft, base and force, U. S. S. Wright, at San Diego, Calif.

Board Makes Net Raise Of \$76,000 In Oil Valuation

Sixteen of Twenty-Two Companies Make No Protest Of Hike

A net increase of approximately \$76,000 in property valuations for tax purposes of oil companies, royalty concerns and pipe line companies operating in Crockett County was made by the Commissioners' Court sitting as a final board of equalization here Monday morning.

Twenty-two tax paying companies whose renditions were raised by the board recently were notified, and several had representatives here Monday to protest the raises. Adjustments were made in a few of the valuations on presentation of evidence by the affected companies. Sixteen of the twenty-two companies affected, however, entered no protest and the valuations as set by the board were allowed to stand.

Companies and individuals whose valuations for tax purposes were raised by the board include Humble Oil & Refining Co., Pure Oil Co., E. L. Smith Oil Co., Superior Oil Co., Texas Pipe Line Co., S. J. Brendel and A. R. Eppenauger, Peerless Oil & Gas Co., Saltmount Oil Corp., L. W. Steiren, California Co., Gulf Production Co., Sinclair Prairie Oil Co., Republic Production Co., Empire Gas & Fuel Co., Southland Royalty Co., Stanolind Oil & Gas Co., Shell Petroleum Corp., Sun Oil Co., Magnolia Petroleum Co., Skelly Oil Co., Amerada Petroleum Corp., The Texas Co., and Atlantic Production Co.

Narrative Of Early West Contained In Letter Of Robbery

SAN ANGELO—A brief narrative of fighting stage coach robbers in West Texas is contained in a letter possessed by John P. Lee of San Angelo, and written by the late William Childress of Ozona to Mr. Lee's father in Philadelphia, February 17, 1884.

"The stage was robbed that left here last night for Abilene and they attempted to rob the one coming into town but the passengers resisted and they made fight," the letter relates. "Two of the passengers were wounded, one of them a deputy sheriff from Mexico. He is at the Cole House and cannot live until night. Terrible excitement prevails, the citizens are making up a reward of \$1,000 for the capture of them."

Mr. Childress was manager of a large cattle ranch in Crockett county and father of the Childress men who live in the same county today.

Jack Collins Coates celebrated his fifth birthday Friday with a party at his home here.

OZONA BANKER, RANCHER DIES IN CALIFORNIA

Body Of P. L. Childress Is Brought Back For Burial Here

ILL TWO WEEKS

Complications Following Pneumonia Fatal, Funeral Today

The body of Pleas L. Childress, 59, banker and ranchman of Crockett County, who died in a LaJolla, Calif. hospital early Monday morning, arrived here yesterday afternoon to lie at the family home until the funeral hour at 5 o'clock this afternoon. The body was brought from California by train to Del Rio and thence overland to Ozona. A large number of Ozona friends and members of the family accompanied the body from Del Rio here.

Funeral services were announced for 5 o'clock this afternoon from the Ozona Methodist Church, the Rev. R. A. Taylor, pastor, in charge of services. Burial will be in Cedar Hill Cemetery. Active pallbearers include Paul Perner, Scott Peters, Wayne West, W. R. Baggett, Judge Montgomery, Bascomb Cox, Joe T. Davidson and Houston Smith. Joe Oberkampff is in charge of arrangements.

Mr. Childress died about 6 o'clock Monday morning (Ozona time) following an illness of two weeks. He had gone to the west coast with his family for a vacation when he became ill. Pneumonia developed and for a time he responded to treatment and hope was held for his recovery. Even the day before his death, telegraphic reports reaching here indicated that specialists summoned from Los Angeles and San Francisco still held hope for him. But further complications arising during the night ended in his death at the early morning hour.

Wife, Daughter With Him

Mrs. Childress and a daughter, Miss Ethel Childress, were at the bedside when death came. Two sons and another daughter, Pleas Childress, Jr., John Childress, and Mrs. Grady Mitcham, had returned to their homes when their father's condition seemed improved.

Besides the widow, two sons and two daughters, Mr. Childress is survived by his mother, Mrs. Mary (Continued On Last Page)

Two Jailed On Forgery Charge Here Last Night

C. W. Mayes and R. N. Malone Arrested After Cashing Check

Charges of forgery and passing a forged instrument were to have been filed here this morning in justice court against C. W. Mayes and R. N. Malone, arrested last night by Sheriff W. S. Willis after the two are alleged to have cashed a forged check for \$12.50 at one store here and attempted to pass another for \$25 at another establishment.

The two checks were each made out to Jeff Jackson and signed "J. H. Young." Jeff Jackson, stepfather of Mayes, is employed on the J. W. Young ranch. Officers are investigating the passing of another forged check here about three weeks ago similarly drawn and signed.

The first check, for \$12.50, was cashed at the Ozona Market. The men were arrested after attempting to pass the \$25 check at Lemmons Dry Goods Co., officers declared. Similarity in the name used and handwriting of the signature with the worthless check passed about three weeks ago to the J. H. Williams & Sons grocery led to the arrest of the pair.

THURSDAY, AUGUST 27, 1936.

WE BURY A BUILDER

Death has again reached in to still the hand of a builder, and a saddened community today bears to the grave one who has meant much to its progress and well being.

With hearts aching in sympathy for a splendid family that has had more than its share of grief in a short span of recent years, neighbors of Pleas Childress will lower his body into the grave today and then go home to contemplate the community's irreparable loss in his passing. Ozona and Crockett County and all West Texas will miss him, miss his guiding hand in many enterprises, his counsel in future undertakings, his pleasant personality, friendliness and Western brand of neighborliness. May his spirit still dwell among us, and may those loved ones he leaves feel the warmth of the mantle of sympathy a saddened community would spread about them.

THINK WHAT THEY HAVE ESCAPED

Galveston News: In the State of Idaho there are three adult individuals, healthy and in full possession of their liberty, who live in complete ignorance of such modern marvels as the radio, the movies and automobiles.

At least they did not until some busy-body sportsmen from Utah enlightened them. But the sportsmen aren't sure their stories were believed. This epic of ignorance was communicated to the Associated Press at Bingham, Utah, by the leader of a party returned from a boating trip on the Salmon River into Central Idaho—which apparently is one corner of the United States the tin can tourists haven't discovered.

Living in a little cabin on a 2,000-foot cliff above the river, they found an old prospector who had made that his home for 38 years. In summer he washes a little gold from the stream, and each winter he snowshoes to a wilderness store 70 miles away to trade it for tea, tobacco and salt.

The other two, a man and wife, had maintained closer contact with the world. They went to town 10 years ago and saw a movie, but they hadn't heard about talking pictures, radios or streamlined automobiles.

What a lot of those three have missed in their wilderness isolation—and what a lot they have escaped! The depression, of course, is something wholly outside their

experience. They never have known what it was to lose their jobs, spend their last dime and go on relief. The clamorous debates of politicians and economists haven't penetrated to their quiet homes. Not theirs to worry over whether they were going to get a pension from the Government in their old age. The troubles of Europe are as remote from them as the stars that look down on the still mountain tops.

Who is to balance what they have missed against what they have escaped?

DAY'S WORK

At the eightieth anniversary celebration of the Chicago firm of Carson, Pirie Scott & Company, the early rules of the store were brought to light. These rules indicate that the Chicago firm, during its first year, had a conception of labor and behavior that would not be okeh'd by present-day youths—fourteen hours a day of labor and leisure time devoted to reading, for example. Here are the rules:

"Store must be open from 6 a. m. to 9 p. m. the year round.

"Store must be swept; counters, base shelves, and showcases dusted. Lamps trimmed, filled, and chimneys cleaned; pens made; doors and windows opened; a pail of water, also a bucket of coal brought in before breakfast (if there is time to do so) and attend to customers who call.

"Store must not be opened on the Sabbath unless necessary, and then only for a few minutes.

"The employee who is in the habit of smoking Spanish cigars, going shaved at the barber's, going to dances and other places of amusement, will surely give his employer reason to be suspicious of his integrity and honesty.

"Each employee must not pay less than \$5.00 per year to the church and must attend Sunday

School regularly.

"Men employees are given one evening a week for courting and two if they go prayer meeting.

"After 14 hours of work in the store, the leisure time should be spent most in reading."

Pittsburg Gazette: If the country ever runs out of something to tax, it might turn its attention to taxing the titles of honorary Colonels and Rangers and Ranger-Generals.

An advertisement, according to a fellow paragrapher, is a picture of a pretty girl eating, wearing, holding or driving something that somebody wants to sell.

Six Texas Flags? Here Are Ten More.

Many believe that Texas had only six flags flown over her borders in the four centuries of her history, but in reality there were battle flags from seventeen different states flown during the Texas Revolution. Jan Fortune, author of Cavalcade of Texas, has gotten together all these historic banners for use in the Cavalcade at the Texas Centennial Exposition. These include flags from Ohio, Mississippi, Louisiana, Georgia, Tennessee, Kentucky, South Carolina, Alabama, and some half dozen flags fashioned by Texas men and women patriots. Ten of the flags are shown above held by actors on the Cavalcade set.

Diphtheria Toxoid Saves Child Life

AUSTIN, Aug. 26.—Education of the public to the value of diphtheria immunization has resulted in lowering the incidence of this fatal disease, but Texas still loses over 400 of its future citizens each year from this preventable disease, according to records of the Texas State Department of Health. "It is a generally accepted fact among public health authorities," John W. Brown, State Health Officer, said, "that any community may control its death rate from diphtheria. Immunization has been proved a safe and effective preventive measure. Wherever immunizing treatment has been extensively used, diphtheria has steadily decreased. The most forceful weapon in the control of diphtheria is prevention through immunization, rather than cure of the disease after it has developed. Children can be protected against diphtheria by the use of what is known as toxoid. Young children are particularly susceptible to the disease. Accordingly, as soon as a baby is six months old, the parents are advised to take it to the family physician and have it immunized—protected, by the use of toxoid. Older children in the family who have not had the protective treatment, should be immunized also, and this should be attended to now before the school season begins. This immunizing agent is absolutely safe to administer; there is only a slight local reaction, and practically no constitutional or troublesome after-effects. It confers a life time immunity in the majority of cases. To be certain that immunization is complete, however, the child should be taken back to the physician six months after the toxoid was administered, and given the Schick Test. "It is within the power of the parents of this State, cooperating with their physicians and public health departments, to eliminate diphtheria from Texas."

Right Kind of Food Important To Health

AUSTIN, Aug. 26.—That vigorous good health depends not alone upon freedom from disease, but upon the proper amount and kinds of foods eaten is stressed in a statement from Dr. John W. Brown State Health Officer. "The human body," he said, "may be compared to a steam-engine burning fuel for the steam, which furnishes power. The food we eat is fuel and when digested and absorbed gives the energy necessary to live and go about our daily activities. "In considering the proper amount of food for our individual needs, we should take into consideration the kind of work our body will be called upon to perform during the day. When more food is taken into the body than is needed to carry on its activities, extra work is thrown on the organs that carry off waste. This is especially true of the kidneys, and often results in serious after effects. "The growing child will need more tissue building food than

older people, but must also have the foods which supply heat and energy, and minerals to regulate the body. The foods which contain vitamins, such as fruits, vegetables, and milk are necessary to old and young alike. "The various kinds of foods needed by the body are: Tissue building foods—meat, fish, milk, beans, and nuts. Energy and heat giving foods—bread and cereals, fats, and all sweets. Foods containing minerals—vegetables, fruits, and whole wheat. Foods rich in vitamins—milk, vegetables, and fruits. "An important thing to remember in our food problem is the fact that it is not necessary to eat until we feel 'filled up.' Take plenty of time eating and do not follow food fads or eat certain things because they agree with some friend who has recommended them to you. If your food does not agree with you, go to your physician and let him find out what is causing the trouble."

SLAP ON WRIST GIVEN ORANGE SHERIFF

Mexia Daily News: Some strange things happen at Orange, Texas, as the crime news of the past year revealed, and one of them is contained in a news story which tells us that former Sheriff W. P. Brown of Orange County was fined \$100 Monday after pleading guilty to a charge of negligent homicide in the fatal shooting of a youth in the night of April 9, 1935. The victim, Weldon Teale, was shot mysteriously as he and several other youths rode down a highway in an automobile. The death was for months listed as a mystery. Sheriff Brown and his deputies investigated the case and reported no clue to the identity of the slayer. Later Texas Ranger B. M. Gault investigated, arrested the sheriff, and the sheriff resigned the place. The sheriff was in the class with the hit and run driver. He shot and then hid. He investigated and covered up. Fortunately for Texas there is another enforcement agency to uncover. And now the court fines him \$100, to the amazement of all Texas. Strange things do happen in Orange County. Say "I saw it in the Stockman."

Ira Carson is loading out 6,000 lambs at Comstock this week for California. The muttons were sold at 6 1/4 cents and the ewes at 7 cents.

Judges Named For Centennial Sheep, Goat & Wool Show

FORT WORTH, Aug. 26.—The judges who will have the responsibility of selecting the prize winners in the sheep and goat, wool and mohair department of the Official Texas Centennial livestock exposition here, October 3-11, have been announced. All are men well known in sheep and goat circles. One comes from Illinois, one from Washington, D. C., and three from Texas.

Approximately \$9,000 in premiums is being offered for this department. Classifications include Rambouillets, Delaine, Merinos, Hampshires, Shropshires, Southdowns, Corriedales, Dorsets, Cheviots, Oxfords, Suffolks, Lincolns,

Cotswolds, Romneys and Karakuls.

Professor W. G. Kammlade of the University of Illinois will make the awards in the fine wool breeding classes; Roy W. Snyder of the Extension Service and A. K. Mackey of the Animal Husbandry Department, A. & M. College of Texas, will judge the medium and long wool sheep classes; Fred Earwood, executive vice-president of the Sonora Wool and Mohair Company, will make the awards in the Angora goat breeding classes, and Frank Grayson of the Livestock, Meats and Wool Division of the Bureau of Agricultural Economics, Washington, D. C., will judge the wool and mohair show.

It is not such a difficult matter to get up in the world, if you never give up in it.

Hunters Match Wits With Killer Animals

The Pathfinder: Thirty million dollars is a mighty big board bill for one year, yet that is the amount the aggregate annual income of Western farmers and ranchers was reduced by the voracious appetites of predatory animals before the Government hunters got on the job. This figure has been cut down considerably, but it is still high and the hunters are still hot on the trails of the killers.

The Biological Survey has estimated the average damage done by each one of the animals during its life. Heading the list are the wolf and the mountain lion with \$1,000 worth of dead livestock credited to each of

them. Each bear that turns killer accounts for about \$500 of the losses. And the bobcat and coyote are each thought to kill about \$50 worth of stock during their lives. This average is brought up a great deal by a few individuals who kill wantonly for the love of it. One wolf added \$25,000 to the losses of the cattlemen and an old grizzly who defied all hunters and carried on his depredations for over 10 years was believed to have killed close to \$75,000 worth of cattle.

A successful hunter needs both skill and patience. There are a few accounts on record at the Biological Survey where a hunter has bagged four or five or more of the marauders in one day, but this is extremely unusual. It is not unusual, however, for a hunter to spend several

weeks or months on the trail of one killer. Often he will think that he has him cornered with a good chance of ending his bloody career only to hear that his quarry has escaped and made a raid on some herd perhaps 50 miles away. The cunning of the more clever animals often thwarts all the ability and patience that man can scrape together. Delicious looking morsels of fresh meat filled with deadly poison are passed up after one hasty sniff, cleverly concealed traps are detected with uncanny precision, and the wary creatures seem to sense human presence at just the right moment to escape well-aimed bullets.

It is impossible that such a business be without its thrills. Taking a 200-pounds mountain lion or a 1,500-pound bear is tick-

lish business at its best, when certain little unforeseen accidents occur which put the hunter face-to-face with his intended victim he is provided with a bad moments which he is not to forget for some time. The Arizona grizzly who conducted his reign of terror for 10 years and whose victims included 100 bulls weighing close to a ton taken under such circumstances. Tracked down and cornered by Government hunter with a pack of dogs, he turned and put every ounce of fight in his 1,500-pound body. The result was he completely whipped the hunter and a deadly charge had carried him within 15 feet of the hunter when he was stopped by a timber bullet.

Probably the most notorious wolf was an "Old Killer" who

LEMMONS DRY GOODS CO. IS ON TIME FOR SCHOOL

Just back from the Eastern Markets with bargains galore. We were fortunate enough to buy a complete stock before it advanced in price. We can truthfully say to the folks of Ozona that you cannot beat our prices in quality merchandise anywhere in the U. S. A.

 Some cattle would be

left to die with their legs broken,
 and others would be torn and rip-
 ped without mercy. His mate fell
 under the fire of a hunter's gun
 four years before his own death.
 He never took another but adopt-
 ed two coyotes as servants. They
 traveled with him at a respectful
 distance, warned him of all danger,
 and fed upon his kills after he
 had eaten his fill. He was finally
 killed by one of the Government
 hunters.
 The hunter's most valuable out-
 side aid is found in his pack of
 dogs. Most of the mountain lions
 and bobcats captured are taken
 with their aid. When pressed close
 by the pack the giant cats often
 take to tall trees to escape and at
 that moment their doom is usually
 sealed, for they are nearly always
 brought down by the hunter's rifle
 Dogs are chosen for their usef-

ness rather than their breed. A
 dog fancier might turn up his nose
 at such packs as are used when
 he sees that they contain airedales,
 wire-haired terriers, and different
 kinds of mongrel hounds, but his
 opinion would carry little weight
 with the wolf hunter because he
 knows his business and dogs are
 part of it.
 What we can't understand is
 how the ant ever earned its repu-
 tation for industry, considering
 the number of picnics it attends.

Centennial Swells Gasoline Tax Till

AUSTIN, Aug. 26—Sponsors of the bill passed in the state legis-
 lature to appropriate \$3,000,000-
 000 for the celebration of Texas' 100th anniversary pointed out in their fight for the bill's passage that the state treasury would be reimbursed that amount with in-
 creased gasoline taxes during 1936. Their promise has been more than fulfilled during the first seven months of the Centen-
 nial year.
 From January 1 through July 31 the state gasoline tax till has been swelled by \$3,148,749 over and above the amount collected for the same period last year. Taxes from the sale of gasoline to residents and visitors to Texas have already shown a profit of \$148,749 to the state on its appropriation of \$3,000,000 for the first seven months of 1936 and fall tourist travel promises to add substantially to the tax revenue by the end of the year.
 A. W. Jones spent Sunday in Best visiting his brother-in-law and sister, Mr. and Mrs. Wren Jackson, and his aunt, Mrs. B. G. Prestridge, who is visiting the Jacksons.
 Mr. and Mrs. Phillip Lee Childress have returned from a visit to the Texas Centennial celebra-
 tions in Dallas and Fort Worth.

3,000,000 License Plates To Be Made By Texas Convicts

HUNTSVILLE—More than 3,000,000 automobile license plates for 1937 will be made by Texas convicts. A crew of 80 convicts will be required to keep the big presses and ovens up to their schedule of a daily average of 30,000 plates.
 In addition, many others will be employed in the print shop under the supervision of S. E. Barnette, making 1,534,000 transparent envelopes, 65,400 of another type, and 30,930 cardboard cartons to hold the plates.
 Plates for next year will have numbers in ivory enamel on a black background. For several months convict workers in the pantograph division of the plant have been making dies for stamping the 3,036,400 plates ordered. This is 600 less than the number produced last year.
 E. L. Stephenson is in charge of the plant.
 Watch for our ad in next week's Stockman for special savings. J. H. Williams & Sons, grocery-market.

Snakes Can't Strike Their Full Length, Don't Spit Poison

How far can poisonous snakes strike? About one-half to three-fourths their length, says the United States Bureau of Biological Survey. The greater distance is rarely reached even during times of extreme excitement, and the longer strokes have little accuracy. It is commonly believed that they strike their full length or greater distances.

In striking at an object a snake simply straightens out the "s" shaped curves in its body with great speed. When coiled it uncoils about half of the front part of its body and hurls that part forward from a looped position. The western diamond-back rattlesnake, when excited, frequently raises its head 10 to 15 inches above the ground. From this position it strikes sideways and downward.

Poisonous snakes often misjudge distance in striking objects. Venom flying from their fangs, when they strike at objects beyond their reach, accounts for stories of American snakes spitting poison. An African species really does this.

Reports of persons bitten by venomous snakes indicate that in most cases the victims were bitten on the legs or feet. Hightopped boots or heavy leggings therefore are an efficient safeguard against most attempts of snake bite. Waist-high rubber wading boots with inserted canvas shank gives good protection in swamps.

SEVENTY-FIVE PRESENT FOR RODEO AT HARVICKS

Approximately seventy-five persons were guests at a rodeo, barbecue supper and swimming party on the Strick Harvick ranch Sunday afternoon, with Misses Mary Louise Harvick and Athleen Dudley and Martin Harvick as hosts for the occasion.

Bill Childress was awarded first prize in the goat roping contest and Miss Athleen Dudley and James Childress drew the prizes in the "hair pulling" contest, wherein the boy does the roping and the girl pulling at least three hairs from the goat. Second and third places in this event went to Miss Maggie Seahorn and Batts Friend and Miss Elizabeth Coose and Johnnie Freitag. Jack Baggett was slightly bruised when thrown from a horse during the afternoon's entertainment.

At Madrid the Communists commandeered all private motor cars. They were taking Spain for a ride.—Wichita Eagle.

Ginger Flies Home, Crowns Texas Queen

Miss Gerry Robertson of Lamesa, selected official Queen of the Texas Centennial Exposition, was crowned by Miss Ginger Rogers as a highlight of the 1936 fair at Dallas. The dancing Texas motion picture star came back for the colorful ceremony to the town of her own start in filmdom as winner of a similar contest.

EMERGENCY OPERATION

Morris Miller, son of Mr. and Mrs. Will Miller, is convalescing in a San Angelo hospital from an emergency operation performed early Sunday morning for appendicitis. Young Miller was taken to the hospital shortly after midnight and the operation was completed about 4 o'clock Sunday morning.

Wanted—A scientist who can propagate grasshoppers which will eat only dandelions and other noxious weeds.—Sioux Falls Argus-Leader.

Rumor has it that a movie company planned to film a Biblical story, which would require 3,000 asses and 3,000 oxen. But the project had to be abandoned. The property man said he could not possibly find 3,000 oxen.

A BIT PERSONAL

Mrs. H. B. Tandy and children returned yesterday after a stay of several weeks in Abilene, where they visited relatives, and a visit to the Centennial celebrations in Dallas and Fort Worth.

Vic Pierce was a business visitor to San Angelo this week.

Joe Rape has returned from Alpine where he was a student at Sul Ross State Teachers College during the summer session.

Mrs. Ben Lemmons and children have returned from a visit to the Centennial in Dallas and Fort Worth.

Houston Smith, Ozona attorney, returned Saturday night from a two-weeks vacation trip, spent in visiting relatives in New Mexico and touring the scenic areas of that state and of Colorado.

Dr. McCarty will be back in Ozona first of week fitting glasses and doing Watch work.

Mr. and Mrs. P. T. Robison and daughters, Misses Blanche and Totsy Robison, are back from Abilene where Miss Blanche took her B. A. degree from Abilene Christian College last week.

Bill and Cleo Richardson of Yoakum are guests this week of Mr. and Mrs. George Russell.

Mr. and Mrs. A. C. Hoover were San Angelo visitors Friday.

Miller Robison, Max Schneemann, Jr., Phillip Schneemann and Carl Hurst enjoyed a fishing trip over the week-end.

FOR SALE—Four room frame house, with bath. If interested call Roy Miller.

A. W. Jones of the Jones Saddle here attended the Junction rodeo Tuesday and Wednesday of this week.

Mr. and Mrs. William Chilton and Mr. and Mrs. Howard Kilpatrick of Comanche, Texas, spent Sunday here as the guests of Mrs. Chilton's parents, Mr. and Mrs. L. J. Kittle. The Comanche folk were on their way to New Mexico on a vacation tour.

Tom Casbeer and family enjoyed a vacation trip to Galveston last week.

Dr. and Mrs. W. E. Wright returned this week to make their home in San Antonio. Dr. Wright has practiced medicine here the past six months, coming here from San Antonio. He will resume his practice in that city.

Mrs. N. E. Rendall has been ill for several days at her home here.

Mr. and Mrs. D. K. McMullan are the parents of a son born last night in a San Angelo hospital.

Mrs. J. A. Fussell and children are visiting the Centennial celebrations in Dallas and Fort Worth this week.

If you have guests in your home it will be a courtesy to them and information that your friends want to record their visit in the current issue of The Stockman. Just phone 210 and give the reporter their names.

Say "I saw it in the Stockman."

MEN CHARGED IN FORGERY ESCAPED ASYLUM INMATES

Information gained shortly after noon today indicated R. N. Malone and C. W. Mayes, held here on forgery charges in connection with passing of forged checks, are escaped inmates of a San Antonio insane asylum. Sheriff W. S. Willis said. This information became available after the story on the front page of this issue of The Stockman had already gone to press.

Mr. Willis communicated with asylum authorities and learned the identity of the men. A guard from the asylum left San Antonio this afternoon to take the two inmates back to the institution.

GAMBLING OUT OF HAND

Christian Science Monitor—Give gambling an inch and it will take a nation. Once betting exploiters gain a foothold, mass deception does the rest. In Boston, for example, a modified form of roulette known as "beano" is stirring up hundreds of complaints from merchants and social workers. Beano started as a money-making auxiliary in local church vestries, subject to municipal regulation. Gaining a hold with that "biggles" inch, it has expanded to the point where miniature Monte Carlos have elbowed legitimate business places out of some of the principal streets.

Fake appeal to charity is one of organized gambling's main beguilements whether the medium is pari-mutuel betting which takes the states into partnership or lottery sweepstakes that make hospitals their pseudo-beneficiaries. It disguises the promoter's money-making intentions and eases the conscience of those who would excuse their liking for games of chance. If charity is the end and not the means, why do promoters always take the bulk of the winnings and give charity a meager fraction, if anything, of the pot? Why don't promoters take the short end? Or better still, why don't patrons give the money directly to exploited beneficiaries

HOUSEWIFE'S MASK

The nearest safeguard to the health of a busy housewife is this respiration outfit which slips over the mouth and nose and prevents dust from entering the throat. It was demonstrated at the Midwest Safety conference in Chicago.

instead of dropping the biggest part into the cash registers of commercialized gambling?

"Beano is getting completely out of hand," Mayer Mansfield remarked on his departure for Europe. That is usually the outcome of trying to temporize with something fundamentally wrong. Sponsors of the beano racket have been getting bolder in flouting local licensing laws which provide that no cash prizes be awarded and that the profits be used entirely for charitable, religious or educational purposes. Protests are pouring in upon City Council and police commissioner. It's an old story. Moral is plain: Give gambling an inch and—!

Francis Marcel Grateau recently in his chateau in France at the age of 84 years. Grateau originated the Marcel hair in 1872. He retired from banking in 1897 with a fortune of \$200,000, all of which he earned from his trade. As a result of discovery his small shop was converted into a magnificent establishment. French women of paid hundreds of francs for a minute of his time. Lady L. of London is said to have paid expenses to England and a fee of \$600 for one wave. In the beginning Grateau charged but 10¢ for his services. As his work grew in popularity he charged what he felt he could get, depending on the ability of his customers to pay.

As soon as the Government's appropriation for extermination of the corn borer was discontinued the corn borer disappeared. Why by the way, has become of the boll weevil?—Shreveport Journal.

Does a Telephone Ever Ring for You?

If it doesn't, you're missing something. A neighbor wants to say, "You folks come over this evening." . . . A proud father wants to boast, "It's a nine-pound boy." . . . Mrs. Porter wants the recipe for "those strawberry preserves."

All your friends want to call you, but they can't . . . unless you have a telephone.

Call our business office . . . now. Say, "I want a telephone."

THE SAN ANGELO TELEPHONE COMPANY

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"What does a Bank mean by 'Uncollected funds'?"

THIS question can best be answered by an illustration. Suppose you receive from John Jones a check for \$10 written on a bank in another city. You bring the check to us, endorse it, and deposit it in your checking account here.

Your account is credited with \$10 on our books. This \$10 then becomes "uncollected funds" until we send the check to the bank on which it was drawn and receive the money or equivalent credit. You do not have the money in your account to draw upon until we collect it, for the money belongs to John Jones.

Through the American system of correspondent banking we are able to handle the collection of checks from one city to another with ease and rapidity for the convenience of our customers.

Freight trains nowadays act like express specials. New freight schedules are so fast, sometimes wonder if everything has to be delivered day before yesterday.

Many of our passenger trains are running faster schedules, too. Well, one thing is sure. We make faster runs, but the first railroad commandment is still "Safety First." That's one rule they won't change.

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them live in our town. Good neighbors.

Passenger fares are now the lowest in history with substantial reductions on round trips. And no more surcharge for riding in sleeping cars.

This new Free pick-up-and-delivery of less than carload freight—I heard some traveling salesmen talking about it on the train yesterday. They said it saves shippers a lot of money and centers all responsibility on the railroad. The railroad picks up the freight at shipper's door and delivers to receiver's door. Of course, local delivery men get the haul from door-to-car and car-to-door at both ends. The railroad handles the whole transaction.

When railroads are busy, I notice towns along the railroad are prosperous. The merchants put more ads in the newspapers.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

(By T. S. College for Women)

WEEK OF AUGUST 23

1826—On August 24 the Federal Congress decreed that a permanent cavalry force be raised to defend the frontier.

1836—On August 27 Henry M. De Witt was sent to Texas by

President Jackson to investigate the military, civil, and political conditions of the new Republic. This information was necessary before recognition of the new government could be considered.

1843—Following recognition of the Republic of Texas by Great Britain, Captain Charles Elliott of the British navy was sent to Texas to sponsor cordial relations. He arrived on August 23.

1856—An act to establish the state institution for the deaf and dumb was passed on August 26.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquiries must give their names and addresses, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

Q. What is a vara? F. E. Clarendon.

A. A Spanish measurement of thirty-three and one-third inches.

Q. On what date did Texas officially join the Confederate states? D. D. Aransas Pass.

A. The vote to withdraw from the Union was taken Feb. 23, 1861, and became effective, March 2, 1861, exactly 25 years after Texas declared its independence from Mexico and on Houston's 68th birthday.

Q. Why did the city of Houston decide not to hold its celebration depicting the Battle of San Jacinto this year? S. A. Kyle.

A. It wished to avoid all possibility of giving offense to Mexico or Mexican citizens, the relations between that country and Texas now being most cordial. Centennial authorities have emphasized the fact that Texas is celebrating a century of independent progress and not a victory in battle.

Q. How may a county go about establishing a county library in Texas? R. D. Sinton.

A. County libraries may be established by commissioners' courts either on their own initiative or on petition of a majority of the county's voters. A sum not to exceed 5 cents on the \$100 property valuation may be voted for that purpose. For assistance in getting county libraries, address the State Library, Austin.

Q. Where were the remains of the heroes of the Alamo interred? S. G. Rockdale.

A. Recent excavations in San Fernando Cathedral, San Antonio, resulted in discovery of bones, and human ash-dust, confirming a letter from Col. Juan N. Seguin, written long after their burial, telling of having buried the remains of the burned bodies in front of the altar of the church.

Q. Who was W. V. Criswell, whose remains were removed from an abandoned Fayette county cemetery to the Austin State cemetery recently? A. S. Henrietta.

A. He fought in the Battle of San Jacinto in Capt. Jesse Billingsley's company. He was a native of Kentucky and died near Praha, Fayette county. Several grandchildren live in Texas.

Q. Do you welcome letters commenting on the "Let's Know Texas and Texans" feature? F. R. Waco.

A. The writer is glad to receive letters of approval, suggestion, or criticism, his desire being to make the feature of greatest possible help to all who are interested in

any way in Texas.

Q. Where and what is Granite Mountain? S. F. Alamo.

A. It is a huge mountain of 80 acres of pink granite about two miles from Marble Falls, Burnet county, from which granite was used for the State Capitol at Austin, for the Galveston sea walls and many important buildings throughout the Nation. The quarry is still being operated.

CENTENNIAL SONG BOOK

In the homes, in the schools, in public gatherings of all kinds, Texans are singing the best known typical songs of Texas—songs of the Texas home, patriotic songs—songs every Texan should know and delight in singing.

Twenty-eight of the best songs sung in Texas have been carefully selected by competent musicians, set to music, and published in a 36 page, 6 by 9, booklet on heavy coated paper with covers in colors.

The booklet will be mailed postpaid for 25 cents. Send all orders to Will H. Mayes, Austin, Texas.

Will H. Mayes,
2610 Salado Street,
Austin, Texas.

I enclose 50 cents in coin, securely wrapped, for a copy of "A Century of Texas Cattle Brands."

FLAG CREATOR'S KIN

John Rowan Reid of San Diego is the grandson of Capt. Chester Reid, famed American naval hero, who suggested the pattern of the American flag which congress approved on April 3, 1818. Captain Reid was named to a commission by naval affairs committee of congress to design a flag of "proper dimensions" when Old Glory had 15 stars and 15 stripes.

In Spain's civil war the Rightists are the rebels, the Leftists are the Leftists, the government is liberal and the Facist rebels are conservative. Our November voting machine is simplicity itself by comparison.—South Bend Tribune.

1936 CONTINUES TO SHOW LOWER BUSINESS DEATH RATE

AUSTIN, Aug. 26—A sharp drop occurred in the number of commercial failures in Texas during July in comparison with the corresponding month last year, but there was a substantial increase in failures over the preceding month, it was reported by the University of Texas Bureau of Business Research. Liabilities were down sharply from both comparable periods.

Reports from Dun and Bradstreet, Inc., show a 54 per cent decline in the number of failures and 93 per cent in their liabilities compared with July last year; and an increase of 33 per cent in number but a decline of 32.5 per cent in liabilities compared with the preceding month, the bureau stated. Average liability per failure was 82 per cent below that of July last year and 44 per cent under that of June.

Can You Beat It?

Grocer: "If a child were to come in and say that her mother sent her for 'a can of maltreated milk,' what would you say?"

New Clerk: "Why maltreated milk, of course, sir."

Grocer: "Fine. Our last clerk hunted all over the shelves for a can of whipped cream."

Watch for our ad in next week's Stockman for special savings. J. H. Williams & Sons, grocery-market.

Thank You--

Voters of Ozona, Precinct No. 1,
For Your Vote and Support

I feel that I have been signally honored in being your choice for County Commissioner, as determined by a majority of voters in Saturday's run-off primary. I am deeply grateful for this honor and to each individual voter for his or her vote and support. I hold no ill feeling toward anyone who did not vote for me—that being your right and privilege—and I shall do my best to serve all alike and impartially when occasion may arise and shall strive by my service as your commissioner to merit the honor bestowed on me in Saturday's election.

ROB MILLER.

A Word of APPRECIATION

To the voters of Precinct No. 4, I take this means of expressing my sincere gratitude for your vote and support in last Saturday's primary, in which you again chose me as your representative on the County Commission. I am deeply grateful for your vote of confidence and for the opportunity to serve you another term.

It shall always be my aim to serve the people of Crockett County as a whole, and those of my precinct in particular, to the best of my ability. I hope I may merit your confidence by serving you well in the next two years.

Sincerely,

E. R. KINSER.

OZONA BANKER-

(Continued from page 1)

Childress of Ozona, one sister, Mrs. Eula Montgomery of Houston, and three brothers, Hugh, Lee and Walter Childress, all Crockett County ranchmen. Mrs. Roy Henderson, another sister, died several months ago.

Mr. Childress' first wife, the former Miss Nellie Henderson, daughter of the late Mr. and Mrs. J. W. Henderson, pioneer Crockett County ranch couple, died in San Antonio in 1934. They were married here January 11, 1903. Mr. Childress and Miss Mary Belle McKenzie, of San Antonio were married in July, 1935.

Mr. Childress had been president of the Ozona National Bank since 1912. He was one of the founders of that institution, together with J. W. Henderson, Dr. A. W. Clayton, Robert Massie and S. E. Couch. Dr. Clayton is the only surviving member of this group of founders of the local financial institution.

Moved Here in 1903

Born in Pleasanton, Texas, near San Antonio, November 5, 1876, Mr. Childress came with his parents as an infant to San Angelo in 1878. He attended public schools in San Angelo, later studying for a time at Southwestern University and completing a business course in Waco.

The Childress family resided in San Angelo until 1903 when the father, William Childress, died. Afterward the widow, Mrs. Mary Childress, moved to Ozona, the family having ranch interests here. Early associated with his father in the ranching business on the Pecos River, Mr. Childress acquired holdings of his own, the Turkey Roost ranch and his ranch north of Ozona being purchased after his father's death. His extensive property holdings were recently partitioned among his four children.

Besides his duties as president of the Ozona National Bank and in directing operation of his ranches, Mr. Childress found time for lending a hand in promoting other institutions and in serving as an official in various ranchmen's associations. He had long been a director in the Wool Growers Central Storage Company at San Angelo, held a similar post in the Western Reserve Life Insurance Co. of that city, was a stockholder and had served on the board of directors of the Hotel Ozona Corp., and had been a member of the executive committee of the Texas and Southwestern Cattle Raisers Assn., and the original Sheep and Goat Raisers Association. He had been a member of the Masonic order for many years.

ONE ROOM to rent to one or two school boys. See Dr. J. A. Sherburne in Taylor residence.

W. C. Brock was a San Angelo visitor Monday of this week.

Scenes and Persons in the Current News

1—Coast guard cutter Cayuga to which Ambassador Bowers moved himself and his staff because of the Spanish rebellion. 2—Col. Frank Knox of Chicago accepting the Republican nomination for the vice presidency. 3—President Roosevelt and Premier Allison Dysart of New Brunswick province, enjoying hot dogs on the beach of Campobello Island.

Iraan Stays—

(Continued from Page 1)

Heatherly and Stuart netted three runs in the sixth. Errors and walks cost the Iraan championship aspirants three more and a ball game in the eighth. A ninth inning rally staged by the Oilers was cut short just one run short of a tie.

Heatherly, Ozona second sacker, was the big shot with the stick in Saturday's game, rapping out a home-run, a triple and a double in five trips up. Cox, Lenz, Dorley and Stuart got one each.

Johnnie Lynum, Center, Texas, a new recruit for the Ozona Giants hurling staff, was on the bench for the locals over the week-end. Lynum will bolster the Giant pitching staff for the coming play-off series for the Permian championship.

BAPTIST CHURCH SERVICES

Sunday School at 9:45. Preaching Service at 11:00. Training Service at 7:15. Preaching Service at 8:15. Circles of W. M. S. Wednesday at 3:30. Prayer Service Wednesday at 8:00.

We most cordially invite all members, all new-comers, all visitors, and all friends to be with us in these services. We want you to come and worship with us. We gladly welcome you. Ira V. Garrison, Pastor.

TIMELY SHOWING AND SALE OF NEW STOCK OFFERED BY LEMMONS

A timely sale of late summer and early fall merchandise is announced this week by the Lemmons Dry Goods Co. Mr. and Mrs. Ben Lemmons have just returned from the Eastern markets with a complete line of new merchandise for fall and winter trade. To introduce this splendid new stock to Crockett County patrons of this up-to-date store, this special sale and showing is being staged just in time for customers to stock up for the opening of school.

METHODIST CHURCH NOTICE

"God on the Trail" will be the subject of the sermon at the morning service. The evening services are still held at 8:30, and the subject for next Sunday will be "Indifference, the Sin of Modern Christians." Sunday closes the summer program.

The fall program will begin the first Sunday in September, with the Sunday School meeting in departments and the administration of the Sacrament of the Lord's Supper.

R. A. Taylor.

CARD OF THANKS

We wish to extend our sincere thanks to our neighbors and Ozona friends who assisted in fighting our grass fire. We feel their prompt response and efficient work prevented a serious loss.

We also appreciated the help of the ladies and children—and the willing Mexicans. J. O. Wiloughby.

MISS TOTSY ROBISON COMPLIMENTS BRIDE-ELECT

Miss Totsy Robison entertained five tables of bride at her home here Saturday afternoon, naming as honor guest Miss Bernice Bailey who is to be married next Tuesday morning at the Methodist church here to Brock Jones of Houston.

High score prize went to Mrs. Ele Hagelstein, with Mrs. R. L. Flowers drawing second high. Cut prize was awarded Mrs. Beeler Brown. Other guests were Misses Carolyn Montgomery, Tommy Smith, Louise Henderson, Elizabeth Ake of Taylor, Mildred North, Wanda Watson, Helen Montgomery, Wayne Augustine, and Blanche Robison, Mrs. Sid Millsbaugh, Jr., Mrs. Bill Conklin, Mrs. Hugh Childress, Jr., Mrs. J. B. Miller, Mrs. Doug Kirby, Mrs. Beeler Brown, Mrs. J. A. Brashear, Mrs. Ralph Jones, and Mrs. Marshall Montgomery.

The Southwest's Best Eyesight Service

Dr. Fred R. Baker, Popular San Angelo Optical Specialist, who has been serving this community for thirty years, will be at the Hotel Ozona, Wednesday afternoon, Sept. 2nd, only. Big City equipment and the largest stock of new style spectacleware in the Southwest. Fifty testimonials from local citizens upon request. Your eyes are your greatest asset. See Baker and See Better. (adv)

OBSERVES 6TH BIRTHDAY

Little Ann West, daughter of Mr. and Mrs. Massie West, was hosted to a number of her friends at a birthday party arranged by her mother Monday afternoon. The occasion was her sixth birthday. Present were Johnnie Stahl, Sammie Perner, Chris Doty Perner, Ralph Hughes, Judith White, Barbara White, Sarah Weaver, Joyce West, Billy Scott and Bobby Swearingen, Joanne Glover, Edith Lou Piner, Jack Coates, Charlie

Boy Davidson, Corinne P. Bernard Lemmons, Muggins idson, Jo Nell Coose, Joe and Mrs. Bright Baggett, Boyd Clayton, and Muggins son.

Mrs. Clinton Glover and daughter, Joanne, were here from Linger the first of the week visit with Mrs. Glover's parents, Mr. and Mrs. N. W. Graham.

The Arthur Phillips home is being refinished on the inside.

Hotel Ozona COFFEE SHOP

Adjoining Hotel Lobby

UNDER NEW MANAGEMENT BEGINNING SEPTEMBER 1:

We invite all our friends and all friends of the Hotel to visit the Coffee Shop. We plan to make a number of improvements in service and promise a continuation of the same high quality foods and dignified service that has characterized the place since its opening. We hope to serve you well—and see you often.

Modernize YOUR KITCHEN

WITH A **★ Modern ★** ELECTRIC RANGE

● Come in and see Hotpoint—today's range that will be modern many years hence. Electricity dates the modern kitchen—be sure your range is electric, and your kitchen will really be up-to-date.

Hotpoint makes electricity—humanity's great servant—shoulder the cooking job instead of putting the burden on womanhood, where it has been for generations.

Come in today. Learn about these wonderful advancements in the art of cooking brought by electricity.

HOTPOINT CALROD
What Mazda means to light, Calrod means to cookery. Calrod is the same as the Hotpoint's hi-speed sealed-in metal cooking coil which has revolutionized electric cookery. It brings new speed, new cleanliness and new economy to the kitchen.

THRIFT COOKER
Economical. Uses only about as much current as the kitchen light. Cooks an entire meal of meat, vegetables, dessert—or bakes small quantities, like a few potatoes, without need for heating up the oven.

THE CAMBRIDGE—A New Hotpoint Electric Range. All porcelain enamel with chromium trim. Table-top model. Full size oven. Spacious storage drawer. Calrod units and Thrift Cooker.

IT'S EASY TO OWN AN ELECTRIC RANGE

- Liberal Trade-in Allowance
- Low Down Payment
- Easy Monthly Terms

West Texas Utilities Company
