HASKELL LEATH IS CHOSEN CAPTAIN OF 1936 GRIDIRON WARRIORS AT TEAM BANQUET

Backfield Man Selected By Teammates As Next Year's Leader

Haskell Leath, fast driving backfield man on the 1935 Ozona Lions football team, was chosen captain of the team that will represent the Ozona school on the field of combat in 1936 by vote of his teammates at the annual football banquet tendered the 1935 squad by the Home Economics department of the school last night.

Leath played most of the backfield positions during the past season, half and fullback on offense and at times signal barker and a dependable safety man on defense. His leadership on the playing field, his ability as a ball carrier and knowledge of the game that made him a threat to the successful execution of opposing plays won him the vote of his teammates as the squad leader for the 1936 season.

D. A. Parker, captain of the 1935 squad, was toastmaster at the annual banquet for the team last night. He opened the evening's program with a tribute to the team. A vocal trio composed of Margaret Ella Drake, Athleen Dudley and Dorothy Drake sang two appropriate numbers and the team heard an interesting talk by Supt. C. S. Denham on "Looking Ahead." The banquet guests were then entertained by a violin solo by Joe Haddon, with Richard Miller accompanying on the guitar.

Coach Ted White addressed the assembly on the values of a football player. Brief talks were made by Clarence Nelson, Guinn Caruthers and Gerald Williams. The group was entertained with a novelty number by the "Kitchen Orchestra" by the "cooks," Margaret Ella Drake, Imogene Baker, Lillian Baggett, Jeanetta Willis, Athleen Dudley, Bernice Friday, Dorothy Drake, and Ada Moss.

The banquet table was decorated in autumn leaves and gold candles. Miniature football players served as plate favors. The H. E. girls recognized the lifting of training rules with a bountiful feed of roast pork, lettuce, sweet potatoes, string beans, biscuits, coffee, cake and ice cream.

Junction Upholds Dist. 34 Banner In Bi-District Tilt

Eagles Engage Fredericksburg On Home Field Friday

Followers of the gridiron in Class B District 34, in which Ozona High School's Lions compete, are looking to the strong Junction Eagles, district champions, to demonstrate the pace of football in this district in their bi-district clash with the Fredericksburg eleven, District 33 champs, on the Junction gridiron tomorrow afternoon.

The Kimble contingent, which had the Ozona crew after Parker, passed snaggling hope of the locals, had gone out with a neck injury on the first play of the game, bested the Rocksprings Bulldogs and their powerful Earwood for the district championship in the final game of the season. Neither of the District 33 and 34 champs tasted defeat during their season's play and tomorrow's encounter promises to be an interesting combat.

Local football fans are also looking with interest to the San Angelo-El Paso bi-district struggle in the Tom Green capital Saturday afternoon.

Mr. and Mrs. Pink Beall have returned to Ozona to make their home, Mr. Beall being employed at the Sorrels Barber Shop.

Lions District Meet Is Slated Here Dec. 13

Delegates From Seven Clubs In Area Expected At Lunch

Lions Club members from seven towns in this area are to be invited to the quarterly group meeting of the organization to be held at the Hotel Ozona on Friday, December 13.

Date for the district meeting was fixed at the regular luncheon of the local club Tuesday noon, Ozona having been designated at the last group session in Eldorado.

Clubs in Sonora, Eldroda, Junction, San Angelo, Ballinger and Sterling City are expected to send delegates to the meeting here. An interesting program is being arranged here for the entertainment of the visitors.

Six Mexicans Fined On Gaming Charges

Six Mexicans were assessed fines of \$1 and costs, amounting to \$14, in justice court here Wednesday morning on charges of gaming growing out of a raid by the sheriff's department on a house in the Mexican suburb Tuesday night. The Mexicans were Ed Deleon, Felipe Vargas, Jr., Ponciano Ramirez, A. Gonzales, George Munoz and Joe Tobia.

Sidewalk At Perner Corner to Be Lowered Dirt Fill Removed

The crumbling rock wall and dirt-filled platform on the south side of the Perner building, occupied by Flowers Grocery, is being removed this week preparatory to accomplishment of an improvement program to lower the level of the sidewalk at the corner, left unusually high from the cut made in the streets at that point before paving.

The raised level along the south wall of the building is to be cut down to near street level and the sidewalk in front of Flowers Grocery to the corner is to be lowered by sloping from the store entrance. Steps are to be built leading west along the side of the building.

Mr. and Mrs. Bob Austin and children returned Sunday to their home in Fort Worth after a visit here with Mrs. Austin's parents, Mr. and Mrs. J. R. Kersey.

Christmas Light Decorations For Streets Planned

Gay Colored Lights To Be Strung Over Downtown Streets

A boost to the Yuletide spirit in Ozona's business section and an addition to the general appearance of the downtown area during the holiday season is planned by a group of co-operating business firms by the hanging of a number of strings of gay colored lights across downtown streets.

The Christmas lighting plan was suggested to the Lions Club and that organization has volunteered to carry out the plan with the co-operation of business firms. The West Texas Utilities Co. has agreed to furnish the material at cost of erection and to donate the current.

Fire Damages Servant House At Peters Home

Defective Flue Causes Attic Blaze Here Tuesday Morning

Fire resulting from a defective flue damaged the roof of a servant house and wash room at the Scott Peters home here Tuesday morning.

The blaze was the occasion of the second call for Ozona's new fire truck since its installation early last summer, and the first to an actual fire. The first call several months ago was a false alarm to the Mike Couch store across the draw, a passer-by turning in the alarm when he saw employees of the store carrying out a blazing oil stove.

The blaze started in the attic of the servants quarters at the Peters home. The flames never broke through but it was necessary to tear into the roof and ceiling to get to the smoldering fire to quench it.

Sheep And Goat Raisers Meet In Annual Session

Two-Day Convention In San Antonio Opened This Morning

A number of Ozona ranchers are expected to attend the annual convention of the Sheep and Goat Raisers Association convening in San Antonio this morning. The convention will continue through Friday.

Enforcement of truck laws to prevent theft of livestock will be one of the chief topics for discussion at the convention, Abe Mayer, president of the organization, announced in San Angelo before his departure. Reciprocal tariffs and freight rate matters will be other subjects for discussion.

Among prominent speakers slated to address the gathering of ranchers are Governor James V. Alfred, Congressman C. L. South and Richard Kleberg. Approximately 1,000 visitors are expected in the city for the convention.

Selection of next year's convention city is expected to attract considerable interest of the membership. A delegation from San Angelo will be on hand to ask for the convention for that city in 1936. Selection of next year's president will also gain the interest of member ranchers. Abe Mayer, having served only eight months, has been declared eligible for re-election under some interpretations of the body's constitutional provision which forbids a president's serving more than one term in that office. Others mentioned for the head of the organization include H. C. Noelke, Captain H. W. Rieck and Roger Gillis.

Visiting Minister Preaches Sunday At Church of Christ

Robert C. Jones, minister of the Central Church of Christ at Amarillo and a brother of Mrs. James M. Camp of Ozona, preached to members of the Ozona Church of Christ at both the morning and evening services here Sunday while visiting his brother-in-law and sister.

Mr. Camp, minister of the local church, Mr. Jones and Rob Miller composed a hunting party on a trip into the country below Eagle this week. Last week the two ministers were taken on a hunting trip in the south end of this county and each came back with a duck. They were expected home from their latest hunt today or tomorrow. Mr. Jones plans to leave Friday to return to his home.

New Coal Commission at Work

Should the Guffey coal act not be knocked out by the Supreme court, these men, members of the new coal commission, will have in their hands the welfare of many thousands of miners. Seated, left to right, are Walter H. Maloney, Chairman C. F. Hosford and George Acree; standing are C. E. Smith and Percy Tetlow.

Reluctant Witnesses Of Football Classic Just Wont Tell-Much

Around a half hundred Ozona football fans spent a leisurely Thanksgiving day at home and then led an hegira to Ft. Worth Saturday for the football classic of the nation, the S.M.U.-T.C.U. conflict for the South-west Conference championship and Rose Bowl designation.

Stay-at-homes, anxious for eye-witness accounts of the thrilling combat, found the fortunate a little bashful about talking about the game—a little. Mention the game to one of them and all you could get out of him would be just a few words a second for only a couple or three hours.

From meager details furnished by eye witnesses, radio and newspaper reports, it was established that S.M.U. won the classic and the Rose Bowl designation by a score of 20 to 14, but when Blundy Cross ruled that out, so some of us are still seeking some information on just what happened down there "where the West begins." Anyway, see a group huddled on a corner, given three guesses at the conversation topic, hand two back—that's right.

Methodist Choir Prepares Special Christmas Cantata

'Christmas Messiah' to Be Sung By Thirty Voices Dec. 15

A chorus composed of approximately thirty mixed voices will sing a special Christmas cantata at the Ozona Methodist Church Sunday evening, December 15. Practice has already begun on the special Christmas musical program, according to Mrs. H. B. Tandy, choir director of the church.

The cantata, "Christmas Messiah," incorporates many choruses from the original "Messiah" by Handel. It includes besides the choruses, soprano, contralto, tenor and bass solos. The "Hallelujah Chorus," sung by a chorus from the Music Club at the Commencement exercises last year, is a part of the composition.

Two practice sessions for the group of singers is planned for this week-end. Mrs. Tandy announced. The first will be at 7:30 Friday evening and the second at 3:30 Sunday afternoon at the church.

Dr. Sellers Moore left early this week for Houston where he is attending a medical association meeting.

Official War On Livestock Theft Produces Results

Losses Reduced As Officers Concentrate On Truck Thieves

Concentration of official attention to the growing practice of livestock thefts, reported prevalent throughout West Texas recently, has resulted in a decided drop in the activities of the thieves, according to reports from officers.

Recent employment of two special deputies to work under Sheriff W. S. Willis for this county, giving their whole time to the job of inspecting all movement of livestock by truck through the county, has already produced results, officers report.

Records of a truck load of horses and mules moving through this county a few days ago from the Fort Stockton area, made by one of Crockett County's special deputies, will probably be used as evidence in the trial of a man arrested this week in Fort Stockton in connection with recent stock thefts in that area. Four horses and a mule, included in the shipment bound for Smiley, Texas, were reported to have been stolen animals. Their possession by the alleged thief will be attested by the Crockett County officer's inspection record.

Progress toward solution of some recent thefts in this county, before employment of the special deputies, is also reported from the sheriff's office.

Recording of all Crockett County brands and marks in special brand books prepared by the county is making satisfactory progress, Sheriff Willis reports. The two livestock inspectors employed in this county are Bob Summerall and Clint Hamer, a nephew of Frank Hamer, famous Texas Ranger and peace officer. Establishment of a Ranger company headquarters in San Angelo recently will add to the strength of officers in this section who are making war on livestock thieves.

MAIL YOUR LETTERS TO SANTA CARE STOCKMAN

Since Santa Claus is to be put on the Stockman mailing list to receive the paper from now until Christmas, Ozona boys and girls may be sure of getting their messages to old Saint Nick by mailing them in care of The Stockman.

The letters will be published in the paper and copies forwarded to the jolly old fellow for filing in his order files.

SCOUT RALLY TO BE STAGED HERE FRIDAY

Ozona Host at Gathering of Ranch Dist. Scouts, Workers

PLAN BARBECUE

Visiting Scouts And Local Troop Compete In Contests

Ozona will honor its first birthday in Scouting tomorrow (Friday) by playing host to more than a hundred Boy Scouts, Scout workers and visitors from troops in the Ranch District at a big district rally to be held in the High School gymnasium.

Preceding the rally and Scout contests, the city will entertain the visitors with a barbecue supper to be staged on the school lawn starting at 6 o'clock. Scouts of Ozona's Troop 53 will play hosts to the visitors and members of the local Scout committee and Scoutmaster Joe Haddon are in charge of arrangements for the feed and program.

After the "feed" visiting Scouts and members of the local troop will compete in the Rally events in the gymnasium. A Court of Honor will follow the contests.

Troops scoring 300 to 500 points will score a standard "C" troop; 500 to 700 points a standard "B" troop and 700 to 900 points, standard "A" troop at the rally. Each scoring within these scopes will receive banners. The highest scoring troop will receive a wall banner.

Events for the rally will provide an interesting program. Tenderfoot Scouts will compete in knot tying while Second Class Scouts are scheduled to meet in string-burning and first aid. "Open" divisions are signaling, fire-by-friction, first aid, tent-peg making, cot relay and knot relay. Four "surprise" events are scheduled and will not be known until the rally.

Visitors and other friends are invited to the barbecues and the rally events and Court of Honor.

Trapping Season Opening To Bring Extra Dollars In

Fur Bearing Animals Are Reported Plentiful In Area

Many extra dollars will flow into the pockets of Crockett County ranchers, landowners and trappers during the next two months as the season opens on fur bearing animals.

The season got under way December 1, and trappers who took the field early are reporting good luck, with animals plentiful.

Fur buyers are expected to invade the territory soon to make purchases. Several local business houses buy pelts each year, in addition to the outside buyers who spend the season here buying. Observers predict this year's fur market will be at about the same level that prevailed last season.

Taliaferro, Russell Open Garage, Service Station In New Bldg.

A new business building, erected here recently, was occupied and its occupants announced ready for business this week.

Frank Russell and C. W. Taliaferro make joint announcement of their opening for business in the new stucco garage just completed two blocks west of the main street on Highway 27. Mr. Taliaferro will be in charge of the service and repair division of the business while Mr. Russell will operate the filling station in the front, offering Humble products.

SHOP AT HOME

Ozona merchants are completing displays of Christmas merchandise this week. Anticipating an active gift buying season, business firms here have purchased big stocks of gift goods for the Christmas trade and have an unusually large assortment of practical gifts and baubles to suit the taste.

Business firms that have weathered the depression and remained in the service of Ozona people merit your patronage this Christmas season. They have by close application and careful buying stayed in business in the face of trying conditions and deserve the extra business that comes with gift-giving at this time of year. The attractiveness and modern appearance of a town's business section is the yard stick by which it is judged by strangers. Your patronage of your home town merchants will make it possible for them to maintain modern stores and full stocks and pay their part of the taxes that are necessary for the operation of local schools and government functions.

Trade at home this Christmas.

**Improvement Shown
In Employment In
Texas During Nov.**

AUSTIN, Tex., Dec. 4—Moderate improvement has been apparent in employment conditions in Texas during November, both in comparison with the preceding month and the corresponding month last year, according to the University of Texas Bureau of Business Research.

Reports from about 1,300 representative Texas establishments show an aggregate of 59,980 employees, an increase of 1.2 per cent over the number of workers in the same establishments during November last year and 1 per cent over the number during the preceding month. Total payrolls for these establishments for the week ended November 16 increased 6.5 per cent over the corresponding week last year and about 1.7 per cent over the preceding month.

Cities showing increases over the State average in the number of workers compared with November 1934, were: Abilene, Amarillo,

**Chevrolet Piles Up
Greatest Sale Record
In History for Nov.**

Chevrolet retail sales during the first 20 days of November totalled 20,707 units, nearly double the previous high record for that period. It was announced at the offices of the Chevrolet Motor Co., Detroit.

Only once in Chevrolet history, in 1926, has the sales total for the whole month of November exceeded that for the first 20 days of the present month, the records show. Since the November, 1926, figure was only about 5,000 higher, the current November will set, by a wide margin, the greatest in the history of the company.

The new 20-day record, following the introduction of new models Nov. 2, is nearly three times as great as the best previous post-announcement 20 days since January, 1928. With the exception of April, this year, there has not been a first 20-day period in any month to equal it since April, 1930.

To assure an adequate supply of cars to meet the record demand, production has been stepped up beyond the 100,000 units originally projected for November. A new high mark for a single day's production of 1935 models was reached Nov. 22, officials reported, when more than 6,000 units rolled off the assembly lines.

Difficulties Beset Austin In Scheme For Colonizing Texas; Trip To Mexico City Is Described In Original Letter

Dilatoriness Of Mexican Officials Made Delays In Plan

AUSTIN, Dec. 4—Austin's colonizing scheme met with difficulties from the outset. In October, after having written from Nachitoches to Governor Martinez that over fifty families were on their way to Texas, Austin went to New Orleans to complete arrangements for the transportation of men and supplies to Texas. In New Orleans he purchased a ship, the "Lively," and arranged for supplies and men to be landed at the mouth of the Colorado. He then set out from New Orleans, probably on November 25, 1821. By December 17, he was in Nachitoches, and early in March he reached San Antonio. He had spent the months of January and February awaiting the arrival of the "Lively" at the mouth of the Colorado. The "Lively" never reached the Colorado. It was shipwrecked on Galveston Island.

Of the "fifty or more" families that he had reported to Governor Martinez on their way to Texas only four had moved to the Brazos by November, records in the Bexar Archives and the Austin Papers in the University of Texas Library show. The first family to arrive was that of Andrew Robinson. Then came those of three Kuykendall brothers About Christmas, Robert and Joseph Kuykendall and Daniel Gilleland moved to the Colorado, establishing the first settlement there. By January, however, the immigration movement had become quite brisk. But this acceleration of the colonization movement only made matters worse.

When Austin reached San Antonio a fresh disappointment awaited him. Governor Martinez, it seems, had exceeded his authority in approving Austin's detailed plan for the colonization of Texas. The Provincial Council at Monterrey ordered him not to allow Austin to distribute lands, appoint judges, or assume any authority whatever. Austin was to make known his wishes to the superior government and await its decision.

However, the new government of Mexico had begun to consider a general colonization policy for Texas and the Californias. But, knowing the dilatoriness of the Mexican government in arriving at any definite conclusions, Governor Martinez advised Austin to go to Mexico City and present his case in person before the heads of the government. Therefore, on March 13, 1822, Austin received his passport for the trip to Mexico City.

On March 23, 1822, Austin was in Laredo on his way to the source of Mexican government. On that day he wrote a letter to his brother, James, in which he gave an account of the journey from San Antonio to Laredo. The original letter is kept in the Archives of The University of Texas. A copy, taken from The Austin Papers, published by Dr. E. C. Barker, follows:

"Dr Brother,
"We arrived here on the 21 and finding that a considerable company were going on to La Punta, on Sunday afternoon I thought it most prudent to wait for them, on account of the Indians, who are very numerous on all these roads. About six miles this side of the river Nueces 50 Comanches charged upon us a little before sun rise. The Doctor and Waters were out after the horses and I was alone at camp. They surrounded me in an instant and took possession of every article we had—resistance was useless for against so many it would have been ineffectual. The Doctor and Waters and the horses were soon brought up by the Indians and I then expostulated with them for treating their

Friends the Americans in such a manner. When they found there was no Spaniards with me, they gave us back our saddle bags, saddles, and everything else except 4 blankets, a bridle, my grammar and several other little things and all our provisions. Nothing saved our lives but being Americans, and as the next party might not be so polite I have waited for the company that is going on tomorrow. Two men were taken prisoners, the day before yesterday, within a few miles of this place, one of whom escaped and got in this morning. He says the Indians are waylaying the road between this and Punta, (the road I am going). About 3 miles this side of where the Indians charged upon us, we met another party of 34 who were encamped behind a hill watching the road. Only two of them came to us. They said their captain knew us to be Americans and ordered his men to let us alone.

"The Country from the River Madina to this place is the poorest I ever saw in my life, it is generally nothing but sand, entirely void of timber, covered with scrubby thorn bushes and Prickly Pear. This place is on the bank of the Rio Grande—and is as poor as sand banks, and drought, and indolence can make it. The river is about the size of the Arkansas, if anything a little larger.

"I hope you are applying yourself closely to Study—get the first volume of Duffie's Grammar from the Doctor and study the familiar phrases and lessons, and write them, also after committing a verb write it from memory and then compare it with the book to see that the spelling is correct—also repeat your verbs as you learn them to Francisco or some other who can correct your pronunciation. How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators, cleansing the intestinal tract of the germ-laden mucus and toxins. Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

West Texas To Have Exhibit At Centennial

Huge Display Of Section's Resources Being Planned

STAMFORD, Dec. 4—Under the leadership of its regional Chamber of Commerce West Texas will participate next year in the Texas Centennial—in a big way. The plan has been announced by Ray Nichols, WTCC president and chairman of a newly-formed exhibit committee acting for the regional chamber; other members being P. G. Haines, Chief of Vocational Agriculture for the State Department of Education; Max Bentley, of Abilene; and D. A. Sandeen, WTCC manager.

The committee's first announcement said: "The use, for exhibit purposes, of about one-fourth of the vast agricultural building, now farthest advanced in construction on the Centennial grounds in Dallas, has been tendered to the West Texas Chamber of Commerce by the Central Exposition authorities. The space tendered occupies more than 6,000 square feet. It is our plan to divide this into ten spaces of equal size, 36x8 feet, for the showing of ten related parts of our unified region-wide exhibit, each part to be sponsored by one of our ten administrative districts, and each dealing with one phase of West Texas life.

"In addition, we will allot space to each one of our 195 affiliated towns where, on panels serving as a background to the region-wide exhibit, they may tell their own individual stories to the estimated 10,000,000 persons who will visit the Centennial during its six months.

"Each panel will occupy a space two feet wide, and by six feet high. If the towns were to buy it the cost to each would be \$72, at prevailing costs for exhibit space in the Centennial; but the West Texas Chamber of Commerce will defray that cost, the town's only expense being the preparation of its own panel. Subject matter to be depicted on the panels is not to be necessarily limited to agriculture. Towns may choose their own subjects for exploitation—anything and everything having to do with agricultural, industrial and commercial development and growth."

President Nichols has sent details of the plan to the WTCC's directorate. The director in each affiliated town has been appointed chairman of his local Centennial exhibit committee, and has been asked in turn to appoint three of his fellow townsmen to serve with him. The committee's job is to get up its town panel.

The WTCC director for Ozona is Hugh Childress, Jr., and he will accordingly be local chairman, naming three others to serve with him as a Centennial Exhibit Committee.

The ten related exhibits will be prepared by district committees

Will Rogers Memorial Fund

Local Committee for Crockett County

Date _____
TO THE OZONA STOCKMAN:
Wishing to have a part in perpetuating the memory of one of our most beloved and useful citizens, I enclose herewith my contribution of _____ to the Will Rogers Memorial Fund. I understand that this gift will be added to those from Crockett County and will go without any deductions, whatsoever, to the National Fund to be expended, also without any deduction, as the Memorial Committee may determine.

Name _____
Address _____

—one for each of the ten districts.

These will be appointed, with final details worked out, in a series of district meetings to be conducted by President Nichols and his general Centennial exhibit committee. Nichols said the time and place for the district gatherings will be announced within a week.

"Working through their regional chamber of commerce, the citizenship of West Texas will present to the millions of Centennial visitors an intelligent, truthful, integrated and stirring picture of what we were out here in years gone, what we are today, and what we expect to be in the future," Nichols said. "The West Texas exhibit will not be historical except as our yesterdays bear direct relation with our today and our tomorrows. It will be designed frankly with the primary purpose of attracting outside capital

and colonization from among the millions who will go through it. Claiming to be the 'Raw Materials Capital of the World,' we will set out to prove it."

School Supervisor Makes Inspection Of Local Schools

Miss Sue B. Mann of Alpine, deputy state superintendent of schools, spent the first part of this week in a thorough inspection of the Ozona school system.

Miss Mann acts as supervisor of schools in this district and makes her report to the State Department of Education after the local check-up. Her report will be made known to local school authorities in the next few weeks.

Strick Harvick Injured In Fall From Shed Roof

Strick Harvick is confined to his bed with injuries suffered Sunday when he fell from the roof of a shed which he was roofing. Besides a rib wrenched loose from the vertebrae, he is suffering from severe bruises and contusions. He will be confined to his bed several days longer.

Charley Schauer, for many years a resident of Ozona and a Crockett County rancher, now residing in Del Rio, was here visiting friends last week.

Joe Keeton, who is employed at the J. C. Penny store in Abilene, spent the Thanksgiving holiday with his parents, Mr. and Mrs. J. T. Keeton, here.

Mr. and Mrs. Ben Ingham plan to leave this week-end for Dallas where Mr. Ingham will have his leg operated to repair an old break that has never properly healed.

Mrs. H. B. Tandy will entertain the Friday Bridge Club Saturday afternoon at 3 o'clock at her home. Members of the club are requested to call her by Friday.

How to Keep Colds UNDER better CONTROL

Catching Cold?.. Vicks Vapo-nol helps Prevent many Colds

Caught a Cold?.. Vicks VapoRub helps End a Cold Sooner

At the first warning nasal irritation, snifle or sneeze, use Vicks Vapo-nol—just a few drops up each nostril. Vapo-nol is especially designed for the nose and upper throat—where most colds start. It stimulates Nature's own functions—in the nose—to help prevent colds, and to throw off head colds in their early stages. Used in time, Vapo-nol helps avoid many colds.

If a cold has developed, rub Vicks VapoRub on throat and chest at bedtime. VapoRub acts direct—two ways at once: (1) By stimulation through the skin like a poultice or plaster; (2) By inhalation of its medicated vapors direct to inflamed air-passages. Through the night, this combined vapor-poultice action loosens phlegm, soothes irritation, helps break congestion.

Follow Vicks Plan for Better Control of Colds
A helpful guide to fewer colds and shorter colds. Developed by Vicks Chemists and Medical Staff; tested in extensive clinics by practicing physicians—further proved in everyday home use by millions. The Plan is fully explained in each Vicks package.
