MRS HENDERSON LAID TO REST IN RITES WED.

Hundreds Of Friends Pay Last Tribute At Services

DEATH CAME TUES.

President Of Ozona 27 Years Succumbs In San Antonio

Hundreds of friends from throughout West Texas gathered at the Ozona Methodist Church yesterday afternoon when funeral services were conducted for Mrs. Carl Henderson, 42, wife of Roy Henderson, prominent Crockett county rancher.

Mrs. Henderson died at 7 o'clock Tuesday morning in a San Antonio hospital where she had been under treatment for the past month. Mrs. Henderson had been in ill health for several months, but the seriousness of her condition was not discovered until a few weeks ago.

Funeral rites were conducted by Rev. R. A. Taylor, pastor of the Methodist Church here, with Joe Berkamp funeral directors in charge. Burial followed in Cedar Hill Cemetery. Pallbearers were: Judge Montgomery, Joe Pierce, Stephen Perner, Joe Davidson, Wayne West, Joe North and Bascomb Cox.

Born In Angelo

Mrs. Henderson was born in Angelo, January 29, 1894, the daughter of Mr. and Mrs. William Childress, pioneer West Texas ranch couple, who moved to the Angelo area in 1878 and engaged in extensive ranching business throughout the area until Mr. Childress' death in San Angelo in 1903.

The Childress family moved to Ozona in 1909, the Childress brothers establishing ranching interests destined to be among the most extensive in the county.

Mr. and Mrs. Roy Henderson were married in Ozona May 12, 1913. Surviving are the husband and two children, Miss Louise Henderson and Roy Henderson, Jr., her mother, Mrs. Mary Childress, four brothers, Pleas L., Walter, Lee and Hugh Childress, the sister, Mrs. Eula Montgomery of Houston, and a large number of nieces and nephews.

Mrs. Henderson had been a member of the Methodist Church since 1911. At the time of her death she was a member of the official board of the church, and was prominent in other local social and civic affairs. The family moved into their beautiful new home here about a year ago, one of the finest residence structures in West Texas.

Bank Statement Shows Improved Local Finances

Cash And Deposits Up, Loans Reduced From Last Statement

Sharp improvement in the local financial situation is noted in the latest statement of condition, issued by the Ozona National Bank yesterday in response to a call from the Comptroller of Currency for a statement of condition as of March 4, 1936.

The local bank's statement shows a decline of over \$43,000 in loans outstanding, an increase of approximately \$40,000 in deposits and an increase of approximately \$43,000 in cash. Loans dropped from \$568,889.15 on December 31, 1935, to \$525,229.44 on the date of the present call. The cash account is up from \$65,760.28 to \$128,730.86, and deposits increased from \$641,448.68 to \$881,092.09.

Ft. Stockton Man Seeks 29th Dist. Senatorial Post

H. L. Winfield Candidate For Place Now Held By Ken Regan

H. L. Winfield, Ft. Stockton banker, oil man and Pecos County rancher, has launched an active campaign for the office of state senator from the 29th Senatorial district and yesterday authorized The Stockman to make official announcement of his candidacy in this county.

Mr. Winfield seeks the post now held by Ken Regan of Pecos, who recently announced that he would not be a candidate for re-election.

Mr. Winfield is a native Texan, born in 1888 in Zavalla County. He has resided in Fort Stockton 26 years. He served two terms as tax assessor of Pecos County, and later was elected five times to the office of county and district clerk of that county without opposition. He retired from that office at the end of 1929.

When Pecos County State Bank was organized in 1928, Mr. Winfield was made a director and vice president and a short time later was elected to the presidency, a position he holds at present. In addition to his banking interests, he owns a 25,000 acre ranch south-east of Fort Stockton, is president of the Stockton Realty and Abstract Co., and has oil interests in the area. He is a former mayor of Fort Stockton and at present is president of the Fort Stockton Lions Club.

Mr. Winfield expects to make an active campaign throughout the district, the largest section of the state embraced in one senatorial district. District 29 contains twenty-seven West Texas counties.

Ten Members Of 1936 Cage Squad To Get Sweaters

Letter Awards Will Be Made At Assembly Program Today

Ten members of Ozona High School's 1936 basketball squad will be awarded sweaters at appropriate exercises in connection with the weekly assembly program in the High School auditorium this afternoon. Winners of two important tournaments during the season and maintaining a high average of wins in individual games, the Lions were going strong until mumps invaded the precinct and hostilities ceased suddenly. However, it was a highly successful season, as far as it went, in the opinion of Coach Ted White, and the sweater winners earned their trophies.

Squad members who will receive the handsome coat sweaters of light old gold color, with a five-inch half block purple chenille letter include Captain Vaughn Brown, D. A. Parker, Leonard Freeman, Jake Casbeer, James Childress, Laverne Schwalbe, Joe T. Davidson, Haskell Leath, Fred Parker and James Parker.

The assembly program will be under the direction of the Pep Squad, with Imogene Baker, leader, presiding. "If I Should Begin Anew in Athletics" will be the subject of a talk by Captain Brown. D. A. Parker will talk on "The Measure of a Good Sport," and Haskell Leath on "Possibilities of the Football Squad in 1936-37." Athleen Dudley, a member of the Pep Squad, will talk on "If I Were a High School Athlete." The High School orchestra, under the direction of Joe Haddon, will present two numbers.

Mrs. H. B. Tandy, who has been in Abilene the past week at the bedside of a sister, who is seriously ill, is herself suffering from a throat infection.

Re-Elected

C. S. Denham was re-elected superintendent of Ozona schools for the year 1936-37 at a meeting of the school board early this week. Mr. Denham served as High School principal here six years before being named superintendent in 1934.

Complete Trash Hauling Program Here This Week

Residents Urged To Be Ready When Trucks Arrive

Hauling of trash and rubbish accumulated in the city-wide clean-up campaign being sponsored by the Ozona Woman's Club got under way here Monday morning, with trucks operated by A. E. DeLand doing the hauling.

The hauling is to be completed this week. Mrs. George Bean, president of the Woman's Club, announced, and residents are urged to act immediately to get the advantage of the free haul of trash. Cans, trash, rubbish of all kinds, anything that will not burn, will be collected by the truck drivers if it is placed in some accessible place, either in a street or alley. Containers of any value will be returned.

The trucks started hauling in the northeast section of town. The approximate order of the hauling program by sections of the city will be as follows, Mrs. Bean announced: northeast, northwest, southeast, southwest, west of the draw and the Mexican settlement. Trash that is not collected this week can not be hauled on the free hauling program, the club president pointed out, the hauling work to be completed this week on account of the limited funds available for the work.

Faculty Ozona School System Is Re-Elected

Supt, Teachers in High, Grades and Powell School Recalled

The present faculty of the Ozona High School and elementary school was re-elected to serve the system for the year 1936-37 at a meeting of the board of trustees Monday afternoon.

Supt. C. S. Denham will again head the schools as superintendent for the next term. All teachers in the high and grade schools and the Powell Field school in the northwest part of the county were re-elected to teach their respective grades and subjects next year. Action on teacher selections for the Mexican school and for the Live Oak school was deferred until a future meeting.

Victim Shooting At Sheffield Is Buried In Ozona

Bynum Shaw, 44, Shot To Death On Street, T. Elsworth Held

Funeral services were held here at 10 o'clock this morning for Bynum Shaw, 44, Sheffield truck contractor, who was shot and killed on a Sheffield street shortly after 4 o'clock Tuesday afternoon. Services were conducted from the Church of Christ, with James M. Camp, minister, officiating. Burial followed in Cedar Hill Cemetery, Joe Oberkamp funeral directors in charge of arrangements.

Tommy Elsworth, operator of a pool hall in Sheffield, is being held on murder charges growing out of the shooting. Shaw died on the way to a hospital at Iraan to which he was being taken by Will Monroe, Pecos County ranchman, with whom he was talking when, witnesses declared, Elsworth came from the pool hall entrance with a pistol in each hand and began firing. Three shots were allegedly fired from one pistol and one from the other. Three shots took effect in Shaw's body, the fatal bullet entered his body near the shoulder. Another bullet grazed his scalp and the third struck his hand. Shaw was said to have been in the pool hall a short time before the shooting.

Shaw is survived by his widow and a brother, Clint Shaw, of Barnhart. Mrs. Shaw was the former Miss Teenie Barker, who made her home in Ozona for several years before her marriage.

Crockett Rams Yearling Tops At Angelo Show

Vic Pierce Wins First, J.W. Owens Second In Field Of 26

From a field of twenty-six of the choicest animals to be found in any registered flock in America, two Crockett County registered Rambouillet rams swept to major honors in the yearling ram class showing at the San Angelo Fat Stock Show last week.

"Top Hat," choice ram from the flock of V. I. Pierce, Crockett County breeder, took first place in this class of Rambouillet breeding sheep, and a ram from the registered flocks of J. W. & Sons of this county, was judged in second place.

"Top Hat" is a son of "Broad Horn" and a grandson of the famous "St. Edge," one of the heaviest show winning animals from the Pierce flock. "St. Edge" died a few months ago. Mr. Pierce turned down an offer of \$400 for the blue ribbon ram at the Angelo show.

Annual Easter Egg Hunt To Be Staged By Lions

Club Prepares For Entertainment Easter Sunday

The annual Easter egg hunt, sponsored by the Ozona Lions Club each year, will be held as usual on Easter Sunday afternoon April 12, it was decided by the club at its meeting Tuesday noon at the Hotel Ozona.

Committees to have charge of the preparation of eggs, securing of prizes and other details of presenting this annual festival for the benefit of Ozona children, were named at the Tuesday session by R. A. Taylor, club president.

Wink's Entry In Permian League May Oust Ozona

Giant Backers Reserve Final Decision Until Next Saturday

Baseball prospects for Ozona, so far as this town's entry in the 1936 six-club Permian Basin League, took a set-back Sunday as a result of action of delegates present at a league meeting in McCamey Sunday afternoon voting to Wink membership in the 1936 circuit.

Ozona baseball enthusiasts, represented at the McCamey meeting by George Russell, president of the Ozona club, strenuously objected to Wink's membership in the circuit on account of the distance between the towns. Wink is more than 290 miles from Ozona and local team backers feel that a schedule including games in that town will lose money for the club.

6-Team Circuit

With Texon and Ozona not voting, however, Wink was extended an invitation to join the league and Ozona reserved its decision on entry until Saturday of this week, advising league president Bill Collins of McCamey that Ozona's decision would be forthcoming by the end of this week.

Prospective teams from Iraan, Crane, McCamey, Ozona and Wink were represented at the meeting. Although not represented at the meeting, Big Spring baseball fans wired the assembly that that town wanted membership in the circuit if a place is opened. The conference voted to hold the league to six clubs. The schedule will open April 11.

Plans for the Giants' 1936 season were discussed at a rally of team backers at the Hotel Ozona here Saturday night, when George Russell was re-elected head of the club and instructed to name his board of directors to assist him. A preliminary canvass for financial support for the team during the season, made by J. H. Miller and Clyde Newberry, netted a monthly subscription of approximately \$200, and it was estimated that another \$250 could be obtained without difficulty.

On the basis of this report, local baseball enthusiasts launched plans for the season's combat. Further conferences of club officials will be held this week and a final decision as to whether or not the Giants will be entered in the Permian melee reached. The disadvantage of distance of the new member of the league has been minimized by some local fans who point out that the few trips to the desert oil town will not cause serious financial loss during the season.

Business Reported Still Dull In Auto License Dispensing

But little speeding up of applications for new 1936 automobile license plates and drivers licenses has been noted at the collector's office during the past week, according to Deputy Tom Casbeer.

Motorists are slow to awaken to the fact that the time limit is drawing near and that but a little more than a week remains in which to secure the new plates and licenses. An appeal is being sent out to motorists from the collector's office to get licenses now to avoid a last minute congestion.

Many New Features In Modern Home Management Offered

LASTS TWO DAYS

Valuable Prizes And Souvenirs To Be Awarded

A "Happy Kitchen" will be the theme of the Kitchen Chautauqua, a free cooking school presented by this newspaper in co-operation with national food products manufacturers and distributors and a group of local merchants, the first session of which will be this afternoon in the ballroom of the Hotel Ozona.

The cooking school will start promptly at 2:30 o'clock this afternoon. The ladies of Ozona are extended a cordial invitation to attend the school both this afternoon and Friday afternoon at the same hour.

Mrs. Johnetta Howard, nationally known expert on foods and home management, will present a series of demonstrations and lectures on the subject of the preparation of inviting meals and more efficient management of the house hold. She will have many new recipes and new short cuts to kitchen happiness, and it's all free—everybody's invited.

Missionary societies and other women's organizations of Ozona churches are competing for a \$5 cash prize to be awarded by the Stockman to the organization having the largest attendance at both days of the cooking school. Make up your mind now which society you will favor, and note your choice on your registration card.

There will be a large number of gifts and souvenirs for those attending the school sessions—prizes offered by local merchants, samples of food products of manufacturers co-operating in the school, worthwhile recipe books and, of course, the thousand and one helpful suggestions and recipes to be given by the lecturer, Mrs. Howard.

Among those co-operating with this newspaper in bringing to the ladies of Ozona this annual post-graduate course in cooking and (Continued On Last Page)

65 Present For Curriculum Study Conference Here

Educators Of Area In All-Day Discussion Saturday

Approximately sixty-five teachers and school officials from surrounding counties composing District 13, gathered here Saturday for an all-day district Curriculum Study Conference, sessions of which were held in the High School auditorium.

The urgent need for modernizing the course of study and the method of teaching in the Texas public school system and the progress and ambitions of the 4-year curriculum revision program of the State Department of Education formed the theme of discussion by leaders of the revision movement from over the state who were here to take part on the day's program.

The meeting opened at 9 o'clock with the invocation pronounced by the Rev. I. V. Garrison, pastor of the Baptist Church. Several mus-

BREAD FOR VITALITY

Everyone knows that the person with lots of vitality gets ahead faster—has more fun out of life. What we eat has a great deal to do with the vitality we enjoy. Here's an interesting fact: the largest need of our diet is for endurance energy and science now reveals that bread is our outstanding energy food!

Bread is economical. It furnishes necessary energy at low cost. It is such an important food that it can well

supply from 25% to 40% of the total energy needs of the body, and still permit a well balanced diet for good nutrition.

Beauty, and the capacity to enjoy life, are not possible without abundant energy. Bread is an important food for meeting this essential body need, efficiently. Instead of being avoided, bread should be the prominent energy food of the diet for that endurance energy so essential to vitality.

Bread contains from fifty to fifty-five percent of carbohydrates, which supply energy mainly. Bread also includes proteins, used for building muscle and helping daily repair of body tissue. Everyone needs energy food. Women, especially should remember that, for no one can enjoy the full glow of health and beauty without proper energy nourishment. The strictest program of weight control requires energy food, as does the hardest kind of physical effort—the only difference is in the quantity of energy food needed. So bread, being our outstanding energy food, should not be avoided—but should serve as the prominent energy food of the diet.

Only Cottonseed Oil Used In Manufacture Tucker's Shortening

Mrs. Johnetta Howard has chosen Mrs. Tucker's Shortening exclusively for her Cooking School chiefly because Mrs. Tucker is one shortening manufacturer who has remained on the Cottonseed Oil standard and because this continued use of Cottonseed Oil helps the Southwest, which produces the largest cotton crops in the world.

Mrs. Howard knows there has been a tendency for manufacturers to shift from Cottonseed Oil because this oil costs more than many substitutes, but as Cottonseed Oil has been proven by government and other tests to be the finest Shortening material, and as the use of this oil makes business better in the Southwest, she appreciates Mrs. Tucker's continuing to use Cottonseed Oil exclusively.

Mrs. Tucker was the first shortening manufacturer to place on containers the following statement—"Made Exclusively from Choice Cottonseed Oil"—and she has pledged that, regardless of the cheapness of inferior oils and fats, to stay with Cottonseed Oil, which is known to be a better shortening agent and more digestible.

A recent visit to Mrs. Tucker's plant in Sherman, Texas, developed that the Interstate Cotton Oil Refining Company, which manufactures Mrs. Tucker's Shortening has made many improvements in method and equipment during the last few months which have tended to make this Shortening better than ever before. New refining processes plus Mrs. Tucker's cellophane inner-seal for cartons have made Mrs. Tucker's Shortening always available in factory-fresh, sweet and odorless cartons. By triple-creaming the shortening, Mrs. Tucker has made it possible for cooks to mix her Shortening with other ingredients without tiresome creaming. And as there is no moisture in Mrs. Tucker's Shortening, it will not pop nor spatter when used for frying. Speaking of frying, the cooking expert uses Mrs. Tucker's Shortening for deep fat frying because it heats without burning, smoking or popping; makes foods more digestible and as it does not absorb the odors of foods fried in it, Mrs. Tucker's may be used over and over again for economy.

The word economy reminds the cooking expert that Mrs. Tucker's is a superior Shortening and that the housewife does not have to use as much of it as she does ordinary cooking fats. Mrs. Tucker, who is affectionately called "The Mother of the Southwest," is urging all her friends to visit her during the Texas Centennial. Her plant is always open to visitors, and Southwestern people will be interested in seeing how their shortening is made.

A near-sighted man and his wife were inspecting an art exhibit with critical care.

Man (vainly striving for a better view of the abomination): "That's the ugliest portrait I've ever seen."

Wife: "Come away, you fool! You're looking at yourself in a mirror."

SELECTING A RELIABLE LAUNDRY

This is essentially an age of science—and probably in no branch of industry has science made more strides than in the laundry, which has grown by leaps and bounds from a virtually hand-operated affair to a great plant in which gas, electricity and labor-saving devices play a conspicuous part. No matter where you live, in the interests of sanitation, economy, and time, it is important to select a reliable laundry. You will be able to find one reasonably priced and you will find this the more hygienic, the more satisfactory way of having your laundry done.

Take economy, for instance, with the modern laundry's reasonably priced, finished service, it is cheaper and more satisfactory in the long run to have your family washing done by such a concern.

Take hygiene, the main points that make the modern laundry outstanding in this respect are the completeness of its equipment, the up-to-dateness of its methods, the cleanliness of its plant and the number of skilled workers it employs.

Take service, a courteous drive-salesman calls for your bundle promptly on the hour you desire. Your laundry is washed separately; the bed and table linens are ironed and neatly folded. The wearing apparel is starched where necessary. No ink marks are placed on any article. Everything is returned promptly at a given time, ready to wear or to put away.

And you will have the satisfaction of knowing that your possessions have been laundered in the most wear-avoiding, most sanitary way.

Take satisfaction, which is the final test of all laundry service. Your modern laundry if it is worthy of its name, will insist that you must not only be pleased, but delighted. It is only when you open your bundle, filled with your sweet crisply-clean linens and garments that you will realize how completely and utterly satisfactory modern laundry service can be.

20,000 Cut In WPA Personnel Ordered

SAN ANTONIO, March 18—Instructions to reduce the 120,482 persons now employed on Texas Works Progress Administration projects to 101,650 by March 31 and to 84,650 workers by May 31 were sent to district directors by State Administrator H. P. Drought today.

Increased employment opportunities, growing seasonal employment demands, and the approach of the June 30 completion date for the Works Progress Administration program were given as the reason for the quota cut prescribed for Texas by federal authorities.

Issuing instructions to district directors, Administrator Drought said:

"Happily, it is unnecessary for me to emphasize to any Texas district director that any choice between workers shall be on the basis of efficiency and relative need and that discrimination on any basis—personal, political, or otherwise—will not be tolerated."

SUGGEST OSCAR USE ONE OF BOB COOKE PITS

DALLAS, Texas, Oscar, world famed chef of the Waldorf-Astoria Hotel, New York, is appealing to Texas housewives for a good old fashioned Texas recipe.

In a letter to Manager William A. Webb of the Texas Centennial Exposition Oscar says that there is a great demand in New York for Texas barbecue. He asks Mr. Webb to forward to him a recipe for this tasty dish stating that he will see to it that it has a permanent place on the Waldorf-Astoria menu.

"I would appreciate it greatly if Texans who have original recipes for barbecued beef, would mail them to me and I will send them to Oscar for his selection," Mr. Webb says.

Kitchen Chautauqua

Now and again some particularly fine feature or program of entertainment is available to you. It may be a lecture or a play, an Uncle Tom's Cabin show or grand opera.

One of the finest of such programs—and a feature that comes for your enjoyment but once a year—is the Kitchen Chautauqua. The Kitchen Chautauqua is a cooking school—but what a cooking school.

Whether you're a bride of a month or a grandmother you'll enjoy these sparkling programs with the age-old theme of cookery. There are many short cuts and many roads leading to culinary success and perfection—the Kitchen Chautauqua gathers them all up and shows them to you, right before your very eyes.

Every recipe and every kitchen suggestion that has a part in this cooking school—the theme of which is "the happy kitchen"—has been tried and tested by a whole staff of practical housewives. Don't come expecting to see nothing but a batch of party dishes—they'll have their part, of course, but the main things you'll see and hear at the Kitchen Chautauqua will be the simple, easy, little workaday hints and time-savers that make cooking a real pleasure. And without these hints and time-savers, your three-meals-a-day are likely to become a drudge.

Cooking can so easily be turned into romance—the thrill of discovery and the satisfaction of seeing a thing well done. Attend the Kitchen Chautauqua—then try the frying-pan recipe on the family's grouches!

Typhoid Prevention Measures Are Urged

TIN, Texas, March 18—On every health officer's "Disease Prevention Duties" list for the year, is the re-typhoid fever immunization. Dr. John W. Brown, Health Officer, emphasizes the protection of public supplies from contamination, the pasteurization of milk, vaccination against the disease, improved sanitation of public places, protected supplies, sanitary supervision of food supplies and protective measures, typhoid can be controlled. The facts: As someone aptly said "Nobody catches typhoid—he swallows it." Typhoid is a filth-borne disease. It is a great suffering and many times fatal. That is not all. It is like a chain. A certain number of people who have the disease and recover from it, become "carriers." They continue to discharge from the bowels

eral census, but that the middle west has increased sheep population due to some extent to the outlawed AAA program which diverted much corn and wheat land into pastures. Total sheep and lamb population shows a slight increase. There is wide difference of opinion as to whether or not there actually are more cattle in the United States now than in 1930, as indicated by the Federal census. If it be true that the country has more cattle and more sheep than in 1930 as indicated by census figures, then the western stockmen believe that the Federal program, in reality a crop adjustment measure according to many authorities, should include some means to prevent the building up of a burdensome livestock supply through the added pasture and legume crops in the middle west.

Abst. 5504; Cert. 481; Survey 38; Grantee J. W. Henderson; 174 acres.

and levied upon as the property of said Lee Henderson one-sixth (1-6) interest in said lands which property he acquired from the Estate of John Henderson, Deceased. And on Tuesday, the 7th day of April 1936, at the Court House door of Crockett County, in the town of Ozona, Texas, between the hours of ten A. M. and four P. M. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said Lee Henderson by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ozona Stockman a newspaper published in Crockett County.

WITNESS my hand, this 24th day of February 1936.
W. S. WILLIS,
Sheriff Crockett County, Texas. 48-3tc

LOS ANGELES, March 17—The proposal of the United States Department of Agriculture, under the new soil conservation act, to divert some thirty million acres of cultivated lands into pasture and legume crops is a matter of real concern to western range livestock producers. Range men argue with sound logic that pastures and legumes are of greatest value in both soil conservation and soil fertility when livestock is utilized as a means of harvesting.

There is therefore some hostility on the part of range operators towards the new soil conservation act and it is argued particularly that the middle western corn and wheat farmers, as well as southern cotton and tobacco growers, should not be paid out of Federal monies to restore pastures and legumes at the expense of the range industry.

Of course, there is another side to the question and that is the contention of some Federal minds that less livestock feeds may be grown on pastures than on cultivated lands. The idea of the Federal administration is to restore to the middle west the balance between pasture and cultivated land that existed prior to the world war. There is also the probability that middle western farmers will buy livestock for utilizing their pasture lands from the western range operators. Sheepmen show that since 1930, there has been a decrease in sheep and lamb population in the eleven western states, as shown by the last Fed-

Lecturer Gives Hints On Use Baking Powder

Mrs. Johnetta Howard who is conducting the Ozona Stockman's Cooking School, here March 19 and 20 says that for best results in baking it is a good plan to follow these simple rules:

Use the amount of baking powder recommended on the can. Because of the high strength of K. C. Baking Powder which she is using in the cooking school, only one level teaspoonful should be used to a cup of well sifted flour for most recipes. This is equivalent to one heaping teaspoonful to a quart of flour.

Careful measurement is very necessary as using more or less than a recipe calls for will not produce best results.

Another secret of good baking is to be sure that the baking powder is thoroughly mixed with the flour and other ingredients. The more thoroughly the baking powder and flour are mixed before you add moisture, the better your results are likely to be. Sift three or four times.

For biscuits, make a smooth dough that can be handled without sticking, and bake in moderate oven. For cakes, have your

oven slow to moderate at first, until the cake is fully risen; then increase heat so as to just brown lightly.

Mrs. Howard says that K. C., the brand she is using in cooking schools, is manufactured by baking powder specialists who make nothing but baking powder—controlled by expert chemists of national reputation. It is always uniform in quality and can be relied upon to produce for you, the kind of bakings you will be proud to serve.

Try the following choice recipes:

- K C Everyday White Cake**
 1/2 cup butter (4 oz.)
 1 cup granulated sugar (8 oz.)
 1/2 cup milk
 2 cups flour (8 oz.)
 2 level teaspoonfuls KC Baking Powder
 Whites 3 eggs
 1 teaspoon vanilla extract
- K C Baking Powder Biscuit**
 2 cups flour (8 oz.)
 2 level teaspoonfuls KC Baking Powder
 4 level teaspoonfuls shortening (2 oz.)
 About 2/3 cup milk or water
 1/2 teaspoonful salt.

Interesting Relics Of Texas History Brought To Light In Relic Hunt Being Made By Centennial Historical Dept.

Imprint Of Stephen F. Austin's Hand, Anson Jones' Desk, Among Many Discovered

DALLAS, Texas, March 11--The desk used by Anson Jones, president of the Republic of Texas; an imprint in clay, now turned to rock, of a man's right hand with the scrawled inscription "S.F.A., 1831" (believed to be a personal record of Stephen F. Austin); a watch worn by a Texas soldier

who guarded Gen. Santa Anna after his capture at San Jacinto; a bit of gold braid from the uniform worn by Gen. Tom Green who fell before enemy grape shot when the Northern Army sacked Blair's Landing on Red River. These are just a few of the interesting relics which have come to light thru the "relic hunt" sponsored by the historical exhibits department of the Texas Centennial Exposition.

"The heavy demand for entry blanks, with no indication of what information they may return, convinces us that we were correct when we surmised that hundreds of historically valuable items are hidden away in the homes of Texans," declared Miss Emma Kyle Bursleson, Austin, chairman of the contest committee.

Through the contest, the committee hopes to obtain information about many other items, such as diplomas, certificates and catalogues of early Texas colleges or academies, such as Add-Ran university, Waco College, McKenzie College, Rutgersville College and others which served early Texas sons and daughters; authentic vehicles of the period; reports of public meetings; and all such material which may give new information about Texas and those who fostered its birth or development.

The contest, designed for four groups, lists cash awards of almost \$3,000 for individuals, clubs, high school students, and pupils

of elementary grades. The contest does not permit submission of information, such as where made, how and by whom used and present location.

Inquiries and requests for entry blanks should be addressed to the Historical Exhibits Department, Texas Centennial Exposition, Dallas.

Health Dept. sponsors State-Wide Clean-Up This Month

EL PASO, Texas, March 11.—The Department of Health will sponsor a Clean Up Week, March 12 to 18, according to Dr. J. Brown, State Health Officer. He urges that every citizen cooperate in this campaign to improve the appearance of property, and promote the welfare of the citizens. This Centennial Year and thousands of persons will visit and Texas will be on parade the approval of these visitors. If all property holders will repair and paint their buildings, and replace all weeds and rubbish with flowers and shrubs, a more favorable impression will be made on our visitors. Every effort should be made to have the best sanitation possible under local conditions. The Centennial visitors will be in all parts of the State. City officials can help in this sanitation program by having a pure milk and water supply and by applying all known methods of preventing the spread of communicable diseases. During this week special campaigns will be held to prevent fires, and to promote health among the Mexicans, and among the Negroes. All should join together and make Texas the healthiest and most beautiful, and the cleanest State in the Union.

WAR PSYCHOSIS AGAIN

Cleveland Plain Dealer: Will the United States, because of Japanese stubbornness for equality, be faced with the necessity of largely increasing her navy to provide adequate National defense? This Nation has refrained from building the navy up to treaty strength and has always been willing to cooperate with other naval powers in working for mutual limitation. If this restraint is now abandoned the United States cannot afford to become the sole defender and example of limitation. The naval conference is a symptom of the war psychosis which has again gripped the world. If navies are increased, armies will be also. There is a revival of the old fear of neighbor for neighbor which statesmen and diplomats have been unable to dispel since the World War. Until it is uprooted, arms limitation conferences are largely window dressing.

Mrs. Johnetta Howard, famous Home Economist, has had much experience and made a thorough study of economy in the planning of meals for the home. In her demonstrations under the auspices of this newspaper, she will delight and inspire you to better methods in your meal planning. Economical meals as well as tasty meals are possible. Attend this school and enjoy its many interesting and informative ideas.

MRS. JOHNETTA HOWARD

Every homemaker is interested in serving meals that are economical as well as delicious. Mrs. Howard has made a careful study of this phase of meal preparation. In her demonstrations, featuring the new marvelous 1936 Frigidaire, she will emphasize the making of salads, desserts, ice creams and frozen dishes that add zest to any meal as well as prove the economy of this method. Do not forget the dates, time and place!

New Social Order

More careful consideration of the problems of today rather than so much attention to events of the past, approaching these problems with a scientific, fact-finding attitude and interpretation from the standpoint of careful study rather than emotional reaction are the means through which the schools may build a new social order, Dr. D. D. Jackson of the department of education, Texas Technological College, Lubbock, summed up his interesting address on that theme. A violin duet by Miss Elitabel Tilory and Joe Haddon followed, after which Dr. J. C. Matthews, co-director of curriculum for the State Department of Education, gave an interesting resume of the curriculum revision program of the Department.

During the afternoon session, Professor R. J. Ratliff of the department of education, Sul Ross State Teachers College at Alpine, gave "Some Observations on High School Curriculum," Dr. Matthews discussed "Principles Underlying Curriculum Construction" and Dr. Jackson and Mrs. Jackson an interesting discussion on "The Production of Integrated Units." A violin ensemble directed by Joe Haddon was the afternoon's entertainment feature.

Texas Program Is Featured In Junior Woman's Club Meet

Auto Registration Shows Hike In Feb.

AUSTIN, Texas, March 18—New passenger automobile registration in Texas during February showed a moderate increase over both the preceding month and the like month last year, according to the University of Texas Bureau of Business Research. Total new car registrations in fourteen representative Texas counties were 5,327, an increase of 2.9 per cent over the month before and 6.6 per cent above February, 1935. For the first two months of the year sales in these counties were 13.1 per cent above those of the corresponding period last year. The increase over a year ago was again most marked in the upper intermediate and highest price brackets; the lowest price group actually showed a decline.

Mr. and Mrs. Max Schneemann are expected to return this week from a two-weeks visit in Phoenix, Ariz.

Meeting Changes In Education Is Topic For P.T.A.

Group Resumes Programs After Interruptions By Illness

Interesting discussions of the topic, "Meeting the Change in Modern Education," were presented by Gerald Williams, elementary school principal, and C. E. Nelson, High School principal, at the Parent-Teacher Association meeting Monday afternoon, when that group resumed activity after illness had interrupted the last two scheduled meetings.

Mrs. Joe T. Davidson, president presided at the meeting. The P.T.A. creed was given by Mrs. W. A. Kay. The treasurer of the organization reported a cash balance of \$55.41.

A nominating committee to nominate officers for election at the next meeting of the group was appointed by the president. The committee is composed of C. E. Nelson, Mrs. Paul Perner, Mrs. John Bowers, Mrs. Ray Dunlap and Mrs. C. J. Watts. Officers will be installed at the last meeting of the year.

A committee to direct Boy Scout activities, sponsorship of which was assumed by the P.T.A. several months ago, was also appointed, the committee being composed of
