Board Re-elects Teaching Staff Ozona Schools

Superintendent Denham And All Teachers Re-Employed

The teaching staff of Crockett County schools will remain intact for the 1938-39 term if all present teachers accept their re-election tendered by unanimous action of the board of trustees in session here Monday afternoon.

Supt. C. S. Denham and all members of the teaching staffs of the elementary and high school and the Mexican school were re-elected for the coming term at the board session. The grade school faculty includes Mrs. Arthur Kyle, kindergarten; Miss Jo Demmer, first grade; Miss Dorothy Spain, second grade; Miss Norine Allison, third; Mrs. C. S. Denham, fourth; Miss Margaret Martin, fifth; Miss Nancy Dawes, Mrs. Ted White and Principal Eugene Hollon, fifth, sixth and seventh grades. The high school faculty includes Miss Mildred North, Ted White, Miss Ada Moss, Guinn Caruthers, Miss Bess Terry, Principal C. E. Nelson, and Supt. C. S. Denham. In the Mexican school, teachers re-elected are Miss Elizabeth Kuykendall, Miss Linna Parker, Miss Catherine Chapman, and Jake McCulley.

Paul Perner is chairman of the school board, and Ira Carson secretary. Other members are Scott Peters, Rob Miller, Bascomb Cox, Roy Henderson and Tom Smith.

Sound Financial Health Shown By Bank's Statement

Deposits Up \$223,000 Over Same Month Year Ago

Although an off season for selling of products from the ranches, weak markets and a business recession has made comparatively slight inroads on the bank account of Crockett County residents, according to figures contained in the statement of condition of the Ozona National Bank as of March 7, issued in response to a call from the comptroller.

Total deposits in the local bank were off \$143,472.40 from the high point of \$1,048,431.30 reached at the last statement issued at the close of business December 31, 1937.

The total deposits with the last statement amounted to \$904,958.90 which is approximately \$223,000 above the amount of money on deposit here a year ago on the March call, according to records produced by Scott Peters, cashier.

Loans outstanding were up from \$504,443.90 on December 31, to \$535,360.76 with last week's statement.

Baptist Missionary Women Study Bible

Baptist Woman's Missionary Circles met for Bible study programs this week, the Nelson Circle with Mrs. J. T. Patrick and the Lottie Moon circle with Mrs. Charley Butler, Mrs. Patrick directing the Bible study at the Nelson circle meeting. Others present were Mrs. S. L. Butler, Mrs. George Bean, Mrs. John Patrick, Mrs. Ray Dunlap, Mrs. Leslie Nance, Mrs. Hugh Gray, Mrs. Ernest Dunlap, Mrs. Tom Patrick, and Mrs. J. S. Whatley.

Mrs. Charley Butler and Mrs. Clyde Childers directed the program at the Lottie Moon circle meeting. Others present were Mrs. R. F. Powell and Mrs. W. S. Willis.

Mrs. F. T. McIntyre and daughter, Joyce, were here from San Angelo yesterday afternoon for a brief visit with friends.

Charges Grow Out Of 3-Way Car Crash

A charge of passing a car on the wrong side was filed in justice court here Tuesday against O. D. Churchwell, manager of the Hotel Ozona Coffee shop, as an outgrowth of a three-car accident in front of the Rob Miller residence Monday night.

A car driven by Churchwell side swiped a car belonging to Travis Doggett, parked in front of the Miller residence, and then careened into a car being driven along the street by C. W. Taliaferro. All three cars were damaged, but none of the passengers was injured.

Mexican Is Brought Back From Santone On Swindling Count

Sheriff W. S. Willis went to San Antonio Saturday where he took over custody from San Antonio officers of Nick Sola, Mexican, charged here with defrauding Santiago Vargas out of \$150 in cash.

The Mexican was placed in the Crockett County jail in default of \$1,000 bond fixed in Justice Bill Johnigan's court.

Baptist Revival Meeting To Open Friday Evening

Rev. Clyde Childers, To Preach During 10-Day Meet

The opening service of the scheduled ten-day revival meeting at the Ozona Baptist Church will be held in the church Friday evening, starting at 7:30.

The opening sermon to be preached during the revival, will be on the subject "Take Ye Away the Stone."

Rev. J. E. Bagley of Charlotte, Texas, will direct the song services during the revival. Rev. Bagley arrived here this week and is making preparations for well organized song services throughout the meeting.

Services will be held each morning at 10:15 and will start each evening at 7:30. A cordial invitation is extended the people of Ozona and surrounding territory to attend each meeting.

Music Club Meet Monday; Proclaim Local Radio Week

Mrs. Hillery Phillips was hostess Monday afternoon to the Ozona Music Club, and also directed the day's program. Miss Jo Demmer opened with a discussion of the symphony orchestra in Texas and Miss Nancy Dawes and Mrs. W. N. Hannah played a piano duet from the Unfinished Symphony. Miss Dawes also played a selection by Ravel. Music education from 1914 to 1936 was discussed by Mrs. S. M. Harvick.

Members present included Mrs. Hubert Baker, Mrs. H. B. Tandy, Miss Dawes, Mrs. Madden Read, Mrs. Hillery Phillips, Mrs. Bascomb Cox, and Miss Demmer. Guests included Mrs. N. W. Graham, and Mrs. Walter Augustine.

The club president, Mrs. H. B. Tandy, announced that this week has been set aside as local radio week, members being urged to listen for good radio programs and to write sponsors thanking them for bringing good music. Choral practice was also announced for the next meeting of the club and all members of the choral club are urged to attend.

Charley Coates is recuperating after a recent operation in a San Angelo hospital after a recent appendectomy. Jack Collins, small son of Mr. and Mrs. Coates, has also been ill in San Angelo, but is reported improved this week.

Mrs. Floyd Henderson is ill at her home here this week.

Funeral Services For Pat Lee Are Held Here Sunday

Rancher Died Saturday Morning As Result Heart Ailment

Friends from throughout West Texas gathered here Sunday afternoon to attend funeral rites for Pat Lee, Crockett County rancher and breeder of fine horses, who died at 3 o'clock Saturday morning at the Hotel Ozona as a result of a heart ailment. Mr. Lee had been ill for several months, his condition becoming critical a week or more ago when he was brought here for attention.

Funeral services were conducted from the Methodist Church, the Rev. Eugene Slater, pastor officiating, and Rev. A. C. Nance, minister of the Church of Christ, assisting. Arrangements were in charge of Joe Oberkamp's, with burial following in Cedar Hill Cemetery.

Mr. Lee was born at Fort McKavett March 17, 1883, and was married at Sonora March 29, 1907, to Miss Medie Simmons. Three children were born to the couple, two surviving. The surviving children are Anne Lee and Dock Lee of Ozona. Another son, Abe Lee, was killed in an airplane crash here in July, 1933. Mr. Lee had been in the ranching business forty years, being a fancier of fine horses, and breeder of racing stock.

Besides the widow and two children, other surviving relatives include four sisters, Mrs. Abe Mayor of San Angelo, Mrs. Lizzie Chappie of Hot Springs, Ark., Mrs. Bill Kingston of Balmorhea, and Mrs. Jack Tippet of Alpine; a brother, Matt Lee of Kirkland, Ariz., and a nephew, W. K. Lee, Jr., of Bakersfield, Calif.

Pallbearers at the funeral included P. C. Perner, Carl North, John Chandler, George Bunger, L. B. Hoover, Austin Millsbaugh, Vic Montgomery, Fred Hagelstein and Miller Robison.

Friends of Mr. Lee in Crockett and adjoining counties and through West Texas were designated by members of the family as honorary pallbearers.

Senior Play To Be Presented By Class March 29

"Oh, My Stars!" Title Of 3-Act Comedy Selected

"Oh, My Stars!" a royalty play, is to be presented Tuesday night, March 29, at the high school auditorium, starring the graduation class of Ozona High School, 1938.

The play is a farce in three acts; the time is May; the place is the editorial office of "Sagville Herald," and the characters are: Sally Shipman, a reporter—Sibyl Cooke.

Yacus White, a printer—Haskell Leath. Tommy Davis, Sally's boy friend—Jack Baggett.

Elinorg Prescott, one of the idle rich—Betty Dudley. Sherman Pendleton, the president of Sagville—Maurice Lemmons.

Rena Reynolds, the editor of the Sagville Herald—Christine Currie.

Mrs. Trudel, the society leader of Sagville—Maudie Mae Couch. Wallace Erwin, of the American Pictures Corporation—Welton Bunger.

Orva Octor, a Hungarian actress—Lurinne Townsend.

The play promises to furnish an evening of fun and dramatic excitement.

Business managers are P. C. Perner or J. W. Johnigan, John Coates is stage manager and Norman Rendall, property man.

INTENDED VICTIM

Col. H. W. T. Eglin, U. S. A., commander of Fort Totten and the Sixty-second coast artillery at New York, who, according to federal agents, was to be the intended victim of a spy plot and was to be kidnaped to a New York hotel where he was to bring certain secret documents dealing with the defense of New York city. The plot was never attempted, although three spies were arrested and held by federal authorities.

Brother Of Ozonans Dies In San Antonio

Dr. J. A. Fussell, Miss Elizabeth Fussell and Mrs. Charles Williams were called to San Antonio last Wednesday to the bedside of their brother, J. D. Fussell, who died there Friday night.

Funeral services were held Saturday afternoon, March 12, in San Antonio.

BRIEF NEWS

LIKES OZONA LAMB CHOPS

"The judges at the San Angelo Fat Stock Show who awarded the champion lamb to Schleicher County, evidently hadn't had a chance to see the lamb from which we ate chops at your hotel here today."

This was the comment of Judge J. A. Whitten of Eldorado, who with his son, William Whitten was a brief caller at The Stockman office last Thursday afternoon.

LONGEST DOCUMENT IS RECORDED HERE

One of the longest instruments ever recorded here was being transcribed to permanent records in the office of County Clerk George Russell this week by Miss Leta Powell deputy clerk. The instrument is a deed of trust for the Texas Public Service Co., its recording in all counties traversed by the company's pipe line being made necessary by a bond refunding now under way. The deed occupied 222 printed pages.

PAINT COURTHOUSE

Charley Butler, local paint contractor, was awarded contract to paint the exterior woodwork and trim of the Crockett County court house at the regular meeting of the Commissioners Court this week. The contract price for the work, which calls for two coats of paint, was \$436.

COUNTY MAKES NO CHARGE FOR USE OF MACHINERY

Crockett County is to make no charge for use of its machinery in terracing and ditching lands to be used in the new University of Texas experiment station north of Ozona the Commissioners Court ordered in session here this week. The University will be required to pay for gasoline and oil used and the time of operators of the machinery, but nothing for its use, the court decided.

G. A. GIRLS MEET

The Girls Auxiliary of the Baptist Woman's Missionary Society met Monday in regular session. The day's program topic was "Some Prayers of the Bible," with Mary Elizabeth Gray directing the study. Twelve girls were present.

Four Longoria Bros. Fall Into Hands Of Law Simultaneously

Three Face Charges In Pecos County; One Held Here For Wife Desertion

The Longoria brothers of Ozona broke into jail and into the news this week en masse, as it were.

Three of the brothers, Juan, Manuel and Simon, were taken by the Sheriff of Pecos County to Fort Stockton Monday to answer charges filed in connection with a disturbance in Sheffield Sunday night in which the three brothers are alleged to have terrorized the Mexican settlement of the Pecos County town with a rifle.

Sheriff W. S. Willis of Crockett County intercepted the trio on their return here Sunday night and held them until the arrival of Pecos County officers Monday.

Wednesday, Sheriff Willis went to San Angelo to bring back Enrique Longoria, another brother, who faces a charge of wife and child desertion, filed in justice court here by his wife. Enrique was arrested by San Angelo officers on instructions from Sheriff Willis and held until the local officer's arrival to take him in custody.

Ozonan Speaker At Alpine Meet Of School Heads

Denham To Address Superintendents Of Trans-Pecos

C. S. Denham, superintendent of Ozona schools, will speak tomorrow before the annual meeting of the Division of Superintendents, Trans-Pecos division, State Teachers Association meeting in Alpine Friday and Saturday.

Mr. Denham will speak on the subject, "Why Freshmen Fail In College," a summary of the local superintendent's findings in a recent prolonged study of the question.

School superintendents from 27 counties of the area, included in the Trans-Pecos division, are expected to be present for the two-day meeting.

High School Band To Present Street Concert March 24

Ozona High School Band, under the direction of J. M. Edwards, will present its first Spring concert on the streets of Ozona next Thursday evening, March 24, it was announced this week by the director. The program will consist of march and two-step numbers. The public is cordially invited. The program will start at 8 o'clock.

This will be the first in a proposed series of concerts to be given by the band. It is planned to present the concerts once each week for a part of the Spring. The band will be assisted by the school drum corps.

Woman's Club Meet Tuesday At Home Of Mrs. P. T. Robison

The Ozona Woman's Club will hold its regular meeting next Tuesday, March 22, at the home of Mrs. P. T. Robison, with Mrs. Lee Childress as assisting hostess. A business session English lesson directed by Mrs. B. B. Ingham and Mrs. A. E. Deland, and parliamentary drill by Mrs. Lee Childress, will constitute the program.

Announcement was made by officials this week of the engagement of Mrs. Gladys de Silva Bates of San Angelo for a review of the novel, "The Citadel" by A. J. Cronin here next Thursday, March 24, at 3 p. m. The review will be given at the home of Mrs. Ira Carson. A charge of 25 cents admission will be made to defray expenses, and the review is open to everyone.

Sindorf & Stone Well Is Watched On Hoover Ranch

Test Near Pay May Define New Limits To Production

Extension of the proven oil producing area on the A. C. Hoover ranch in this county, a distance of nearly three miles and the opening of an important oil field hinges on operations in the Sindorf & Stone test in the next day or two, it was indicated in reports from the Hoover activity this week.

The Sindorf & Stone No. 1 Hoover was drilling past the 1,600 foot level yesterday, according to reports here, in soft formation. The elevation was running high and the pay sand was expected to be encountered at around the 1,900 foot level.

Sindorf & Stone No. 1 Hoover is 330 feet out of the northwest corner of section 4-1-GC&SF, about 1 1/2 miles west and a half mile south of Stewart & Cormas No. 1 Hoover, which was pumping 92 1/2 barrels of pipe line oil in 24 hours early this week, and about three miles from Pitzer & West No. 1 Hoover, the discovery well.

Two new tests were spudded late last week on Hoover land. R. H. Henderson of Midland spudded 364 feet from the north, 330 feet from the east line of the south 240 acres in the east half of section 5-1-GC&SF. W. L. Bradley of Odessa and others spudded their No. 1 Hoover 2,310 feet from the north, 330 feet from the west line of section 1-1-GC&SF, about one mile south and a half mile west of Stewart & Cormas No. 1 Hoover.

Summon Jurors For April Term District Court

Panel Called For Opening Of Session Here April 4

The list of prospective jurors summoned for the April term of district court, to convene here Monday morning, April 4, was announced this week by Sheriff W. S. Willis. Sheriff Willis has just completed issuance of summonses to the thirty-six member panel of petit jurors and 16 men on the grand jury panel. Grand jurors are summoned for Monday, April 14, and petit jurors for Wednesday morning, April 6.

The petit jury panel is composed of Mike Friend, O. W. Parker, Brock Hoover, S. M. Harvick, E. D. Kincaid, T. A. Kincaid, Jr., John Mitchell, John Bailey, W. C. Brock, George Bunger, W. B. Robertson, N. E. Rendall, Paul Perner, Max Schneemann, Joe Pierce, 3rd, Dempster Jones, C. W. Taliaferro, Evert White, Bryan McDonald, Joe Oberkamp, Hillery Phillips, Joe Patrick, M. J. Read, J. A. Harvick, F. R. Henderson, Lee Henderson, W. A. Kay, Doug Kirby, George Montgomery, O. W. Smith, Lee Snyder, Perry Holmesley, Watt Turner, W. J. Stevens, and A. H. Wilson.

Summoned for service on the grand jury are George Bean, W. R. Baggett, Hugh Childress, Jr., P. L. Childress, Jr., Fleet Coates, C. E. Davidson, Jr., J. M. Dudley, Roy Henderson, Paul Hallcomb, Welton Bunger, Fred Hagelstein, Frank McMullan, J. W. North, V. L. Pierce, Sherman Taylor, and Massie West.

M. A. Bailey Dies At Home Of Brother In Littlefield, Texas

Word was received here yesterday of the death in Littlefield, Texas, of Morgan A. Bailey, who made his home in Ozona until a few weeks ago, when he went to live with his brother,

TO A DOG POISONER!

Elsewhere in this paper is reproduced a letter from an Ozona mother warning other mothers of little children that the dog poisoner and potential murderer of little children is abroad again in this community.

There is little to be added to these words from an anxious mother. But a few words to this poisoner seem in order — just between the two of us.

Just suppose, dog poisoner, that some innocent little toddler should pick up and eat the deadly bait you so carelessly hurl into yards of citizens. Surely that child would die in agony, just as the dumb brutes you seek to kill do. Perhaps the blood runs so cold in your body that the picture of a small child writhing in the death agony of poison, the most horrible of deaths, would make no impression on you. But, no doubt, a picture of what might happen to your yellow carcass might make some impression. No doubt you feel secure in the cloak of anonymity, but things some time leak out. Do you know that it is difficult enough for a father to exercise restraint when he sees his broken hearted children weeping tears of agony over the body of their murdered pet? What would you expect of a father whose child died at your hands? A bullet between the eyes? You would be lucky if his aim was so good. It would serve you better if you got it through your midsection, so that in your last agonies you might know something of the suffering you have brought to dumb animals — and may at any moment bring to some little child.

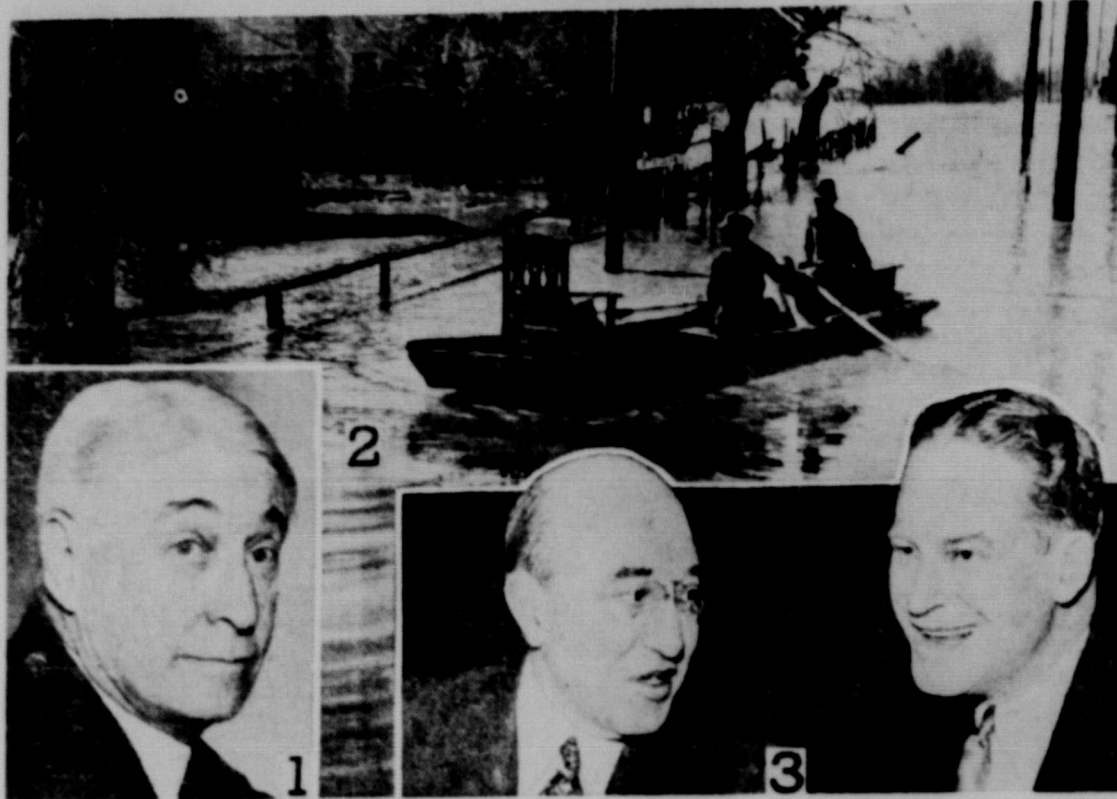

Yes, no doubt, you can continue to "get away" with bringing heart aches to little children and sorrow to their parents with your ruthless poisoning of pets, the big majority of which could not by any possible stretch of the imagination do you harm. Maybe popular resentment will not rise against you strong enough in this peace loving community to drag you into the open and make you pay the penalty of violation of the law — and it is a violation of the law, dog poisoner, with a strong penalty attached.

Children have been killed by eating poisoned bait meant for dogs. It happened not long since in a town less than a hundred miles from Ozona. Suppose it should happen in Ozona, dog poisoner. Think what you would be up against. Think, dog poisoner.

THE DAY OF THE IRISH

The County Kerry oldster lit his pipe and smiled: "Sure, and it's good to be see-

Scenes and Persons in the Current News

1—Bernard M. Baruch, New York financier and friend of President Roosevelt, who threw the responsibility for the present recession on the administration in testifying before the senate committee on unemployment and relief. 2—Refugees fleeing their flooded homes as the Red river of Arkansas inundated the countryside. 3—George Z. Medalie, left, and John D. M. Hamilton, chairman of the Republican national committee, discuss strategy at the recent meeting of the party's program committee in Chicago.

ing you wearing the shamrock. It's a fine flower, that it is, with the green Killarney in its leaflets, and the gold of a Glendalough sun set in its flower. Now with a bit of the blue of Lough Leane, I'd be right back in Kerry with the hills at me back.

The smoke from his pipe drifted through a pucker of his lips: "Fine memories it brings, of Mac Neill and Parnell, of Kildare and O'Connell, of Sackville Street and Kilmessan village. Those were the days, me lad, those were the days, days that stretched into centuries as we of Ireland fought for the right to rule ourselves.

"And now we all but have it," he said, "with Eire a nation before the eyes of the world. Sure and it's good to see our flag on the mast.

"And it's good to see you wearing the shamrock, me lad." His old eyes smiled as he spoke: "A hearty St. Patrick's Day to you and yours."

IS DEMOCRACY DOOMED

That roar of freedom, born in the snows of Valley Forge, and carried to a crescendo by the sweat and blood of three revolutions — will it dwindle soon to a feeble whisper? That fight of thought which pictured a world perfected by the triumph of the rights of man — will it crash into ruins in the glare of modern realities? Is democracy doomed?

In London, the leaders of a great democracy fumble at the reins as the Germanic Napoleon lash across the Rhine.

In Paris, the representatives of France twist their fingers in hopeless gestures, and part their lips in plans, proposals, and promises.

In Rome and Berlin, laughter dimly clocks the shouts of those who plan to sink the battle-scarred rights of liberty with the shells of dictatorship, who hope to bury the flags of freedom beneath the dirt of hate, war, and destruction, who snicker at democracy as a cloak for fools and cowards.

In America stand 130 million people, 130 million men, women, and children dedicated to the proposition that a government of the people, by the people, and for the people shall not perish from the earth. A nation, uninterested in alien entanglements, but ready to protect their own democracy from troubles by day or thieves by night.

Is democracy doomed? Not so long as 130 million Americans are ready to lift the shout: "It shall not perish from OUR land!"

FREEDOM OF THE PRESS

What does the freedom of the press mean to people of Texas?

It means the right to read and then decide, instead of reading what has already been decided. It means the right to think instead of tag along, to see both sides and then select the best, to be in on all the scenes in the dramas that make this modern world.

A government collapses in Austria, an army marches through China, an Eden falls in Downing Street — do you want to read an eye-witness description of those moving events, or do you want to read the carefully tailored words of a Propaganda Ministry?

A scandal is uncovered in a federal department, an Ickes speaks his mind on a potent problem, a score of surprising things happen in Texas and the rest of the nation — would you have the press keep silent, or would you know the truth?

The freedom of the press is a right, a right to know and think, a right bought with bullets and preserved with ballots.

But it is more than that! It is a challenge, a challenge to the paper you now read to preserve standards worthy of the right. In this day when foreign news is choked with propaganda, evasion, and falsification, when even domestic news is tinged with publicity, special pleadings, and hidden purposes, the right to a free press is a challenge to every newspaper.

That's what the freedom of the press means to you and your editor.

IT'S THE LAW!

Just in case you're planning to go to church next Sunday without your gun — be careful, you can't! You can't, that is, without breaking a law. If you start down a South Carolina aisle without a Bible and a six-shooter, you're liable to end up in a prison instead of a pew. It's the law!

Or perhaps you're dated for a visit with the one and only girl this evening. Unless your intentions are serious, you'd better count your dates carefully before you start out. Under a Maryland law, your sixth appearance at her

VISION RESTORED

Fr. Antonio Santandreu, eighty-four, pastor of a church in San Francisco, Calif., whose sight was restored by an unusual feat of surgery. Blind in one eye and threatened with loss of sight in the other, the cleric underwent an operation in which a disc one-sixth of a millimeter in diameter was removed from his eye and replaced by a disc of the exact size from the corner of a dead man.

est in the plan to make law-breaking as important a part of their activities as law-making. Already one New Yorker, Bruce Barton, has marched off to Congress on a "repeal a law a day" program. At least one state, Illinois, has created a Legislative Reference Bureau to thumb through the state's statutes with an eye open for outmoded regulations and absurd laws.

Here in Texas we've a few laws of our own that could stand a trip to the execution block. Weighed down with bustles and frills, they clutter the courts and complicate the legal system. With Spring and house-cleaning in the air, it's a good time to settle down to the job of giving our law books a thorough vacuum-cleaning.

FIRST BAPTIST CHURCH

Clyde Childers, Pastor

This is written as we are making our final preparations for our revival. We covet your most earnest prayers through this next ten days that God will glorify His name in the salvation of the unsaved and strengthening of His people. Surely it is time for a great revival to sweep our church and city for God. That revival can not come if God's people are not praying and trying to lead lost souls to know our Saviour.

We will have two services each day. The morning service will be at 10:15 and the evening service at 7:30. We hope to have a 20 minute prayer service each evening just preceding the worship service.

Brother Bagley has already arrived and has been visiting the membership with us. We feel sure you will like him and hope you will pray much for him as he leads

the song services each day and helps in leading lost people to Christ.

We cordially invite all the people of Ozona to each of the services. We will use themes that we feel will be interesting and helpful to the Christian and unsaved people who attend.

Practical Cookery

Dept. Home of Economics
Texas State College for Women

Denton, March 16—The smartest "kitchen keepers" are literal bread winners these days as they turn out a variety of brown bread with a minimum of effort. Since the steaming of these breads takes considerable time and fuel, it is economy to make several kinds at once.

Although quick coffee cakes require less time and can be made fresh on each occasion, at least two varieties may be planned at one time, serving either one or both while hot and reheating the remaining portions for next day.

Brown Bread

(3 1-pound cans) Sift 1/2 cup white flour, 1 teaspoon salt, and 1 teaspoon soda. Add 3/4 cup corn meal and 2 cups whole wheat flour. Beat 1 egg and stir in 1 cup dark molasses, 1 cup sour milk, and 1 cup sweet milk. Turn the wet mixture into the dry ingredients and mix thoroughly. Fill greased cans 2/3 full and cover. Steam 3 hours and bake 1/2 hour in moderate oven (350 F.). Or cook in pressure cooker: Let cans stand 15 to 20 minutes after filling. Place in pressure cooker and raise pressure very slowly to 20 pounds. Cook 1 hour. Release pressure slowly. Bake for 1/2 hour in moderate oven (350 F.). One-half cup nuts, dates, raisins, or figs may be added to the plain recipe.

Crumb Brown Bread

(4 1-pound cans) Soak 2 cups fine stale bread crumbs in 3 cups water over night. Stir in 1 cup dark molasses and 1/2 cup sour milk. Mix 1 cup rye flour, 1 cup corn meal, 2 cups whole wheat flour, 1 teaspoon salt, 3/4 teaspoon soda, and 3 teaspoons baking powder. Add dry ingredients to liquid mixture. Stir until well mixed. Fill greased cans 2/3 full and cover. Steam 3 hours and bake 1/2 hour in moderate oven (350 F.). One-half cup chopped pecan meats and 1/2 cup sliced dates or figs may be added. Graham cracker crumbs or cake crumbs may be used instead of bread crumbs.

Spiced Coffee Cake

(9 inch pie plate) Sift 1 cup flour, 1 teaspoon baking powder, 1/4 teaspoon salt and 2 tablespoons brown sugar. Cut in 1/4 cup fat. Beat 1 egg and add 1/4 cup milk. Add to flour mixture and stir until blended. Add 1/2 teaspoon cinnamon and 1/4 teaspoon nutmeg moistened with one tablespoon hot water. Turn into greased pan. Spread dough evenly. Sprinkle top

Flood Damage Runs Into Millions

with mixture of 1 tablespoon melted butter, 2 tablespoons brown sugar, and 2 tablespoons fine Graham cracker crumbs. Bake in rather hot oven (400 F.) for 20 to 30 minutes, taking care not to burn topping. A larger, deep pan may be turned over the cake during the first 15 minutes. Serve hot. Cut in wedges with fork while in pan.

Apple Cake

(9 inch pie plate) Sift 1 cup flour, 1 teaspoon baking powder, 1/4 teaspoon salt and 3 tablespoons sugar. Cut in 1/4 cup fat. Beat 1 egg and add 1/4 cup milk. Add liquid mixture to dry ingredients. Stir until well blended. Pour into greased pan and spread dough evenly. Cover surface with overlapping apple slices (3 small or 2 large, tart apples, pared and thinly sliced). Dot with butter using 1 tablespoon. Sprinkle with mixture of 1/2 cup brown sugar and 1/2 teaspoon nutmeg. Bake in hot oven (400 F.), 35 to 40 minutes.

Know Texas

News Bureau
Texas State College for Women

Beaten On Water

Denton, March 16 — The well-known size supremacy of Texas does not extend to the matter of water areas. Although even here she ranks third, the states of Minnesota and North Carolina both surpass Texas in the number of

acres covered by water. Minnesota has 3,824 square miles of water and holds only eleventh place in total area. Since the total water surface of the United States is 53,013 square miles, the average per state is about 1,104.

Wide Choice

Thirteen different types of insurance are listed in Texas by the 1936 census, with 368 companies in all. Local mutual aid companies head the list with 157, and next in order come statewide mutual assessment, stock life and assessment health and accident companies.

Watch the Sales

Retail sales should give a fairly accurate picture of times and conditions, and the last available figures show that Texas ranked eighth in the United States in the amount of sales, reaching a total of \$1,289,264. New York state lead the nation in total sales with over four million dollars.

Importance Of Vital Stressed By Dr. Cox Statistics Register

Austin, March 16—If unexpectedly faced with the necessity of legally establishing the date of their birth, their age, their American citizenship, thousands of Texans would not know whether or not their births were registered with the proper authorities. Great embarrassment, inconvenience, or even serious loss of property could conceivably result from either an absence of registration or an error made in filing it with the State.

Dr. Geo. W. Cox, State Health Officer, cited an unnamed but prominent Texas citizen who upon investigation found that his son had been registered for more than 20 years as illegitimate. Another instance the health official related concerned a Veteran of the World War who, after rearing a family of three children, found that he had been registered at birth as a girl child. The experiences of workers with vital statistics

Justice of the Peace in rural areas and City Secretary in incorporated towns, within five days after the blessed event takes place, and forms are furnished physicians and midwives for this purpose. A copy of the registration is returned for permanent filing. These records are "vital" not only to the individual from a legal standpoint Dr. Cox said, but to the State as well.

"We must know how many babies are born, how many die and from what causes mortality occurs if we are to accomplish the best results from a public health standpoint. Such a program obviously needs the interested support of every Texan. Our Bureau of Vital Statistics is only too glad to cooperate in 'getting the record straight'."

In a San Francisco zoo the prize leopard, Rowdy, was raised by a police dog mother who nursed him from a cub.

2nd Annual Scout Circus Planned In San Angelo May 6

The Second Annual Area-Wide Scout Circus will be held Friday, May 6, at San Angelo, according to H. H. Batjer, Chairman of Activities. This will be the first circus to be held out-of-doors. The football stadium and the Fat Stock Show pavilion are possible sites. Several Troops have indicated a

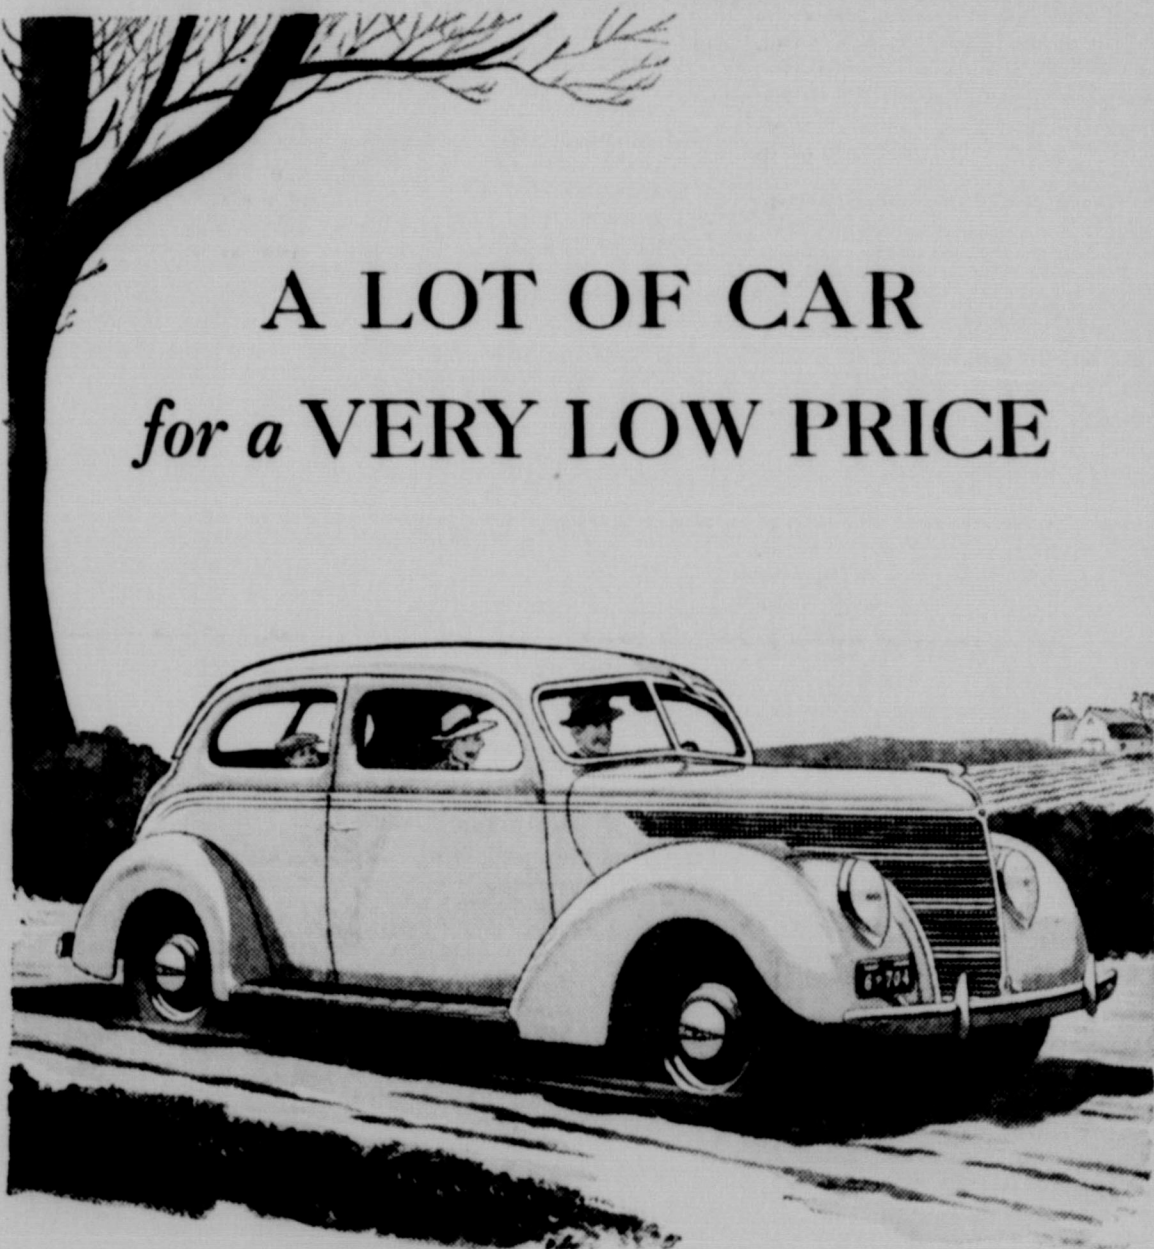

preference for some activity at the Circus.

The first part will be a prologue showing flags of all nations in which the Scout movement now exists. Some early history of the territory in the Concho Valley Council will be portrayed in still pictures, spotlighted in various parts of the Arena.

The Grand Entry is always a feature of any circus. Scouts, Cubs and Senior Scouts with their committeemen, Scoutmasters and members of their parent institution will march in to the arena behind Scout bands. U. A., Troop, Patrol, and other flags will add color to the event. The presentation of massed flags will climax Part 2.

The following are some of the events: Demonstrations of all kinds of safety, Pioneering, Clowns, Investiture ceremonies, Sea Scouting, Explorers, and Zocahs, Cubbing, Bicycle stunts, Rope Spinning, Whip Cracking, Wall Scaling, Archery, Fire by Friction, Camping, First Aid, History of communications, Games and Recreation of Scouting, Chariot race or soap box derby, and Indian Lore.

The circus is the outstanding city event of the Scout year. Program material gained by Scouts gathered together to demonstrate Scouting lasts the Scout leader a long time. Council leaders believe a great circus is in store if only one-half of the above events are portrayed.

The Standard Tudor Sedan

A LOT OF CAR
for a VERY LOW PRICE

The Ford effort to make your dollars buy a constantly better car is well illustrated in the Standard Ford V-8.

It has all the basic Ford advantages. It is built on the same chassis as the De Luxe Ford V-8. It gives you a choice of smooth 85-horsepower or 60-horsepower V-8 engines. But it sells at low prices, and includes bumpers, spare tire, cigar lighter, twin horns and other equip-

ment that make it a still bigger bargain.

With the thrifty 60-horsepower engine, the Standard Ford V-8 is priced especially low and gives the greatest gas mileage in Ford history. Hundreds of owners report averages of 22 to 27 miles a gallon—or even more.

Your pocketbook will approve of the Standard Ford in every way. And so will you when you drive it!

"One-Two-Three" of

PHOENIX
Vita-Bloom
HOSIERY

In the new Phoenix Personality Colors—Folly, Scandal, Gaiety, Tease and others... \$1.00

...How and why it brings you such amazing beauty... as well as longer wear!

1 The Reason for Vita-Bloom
Raw silk is protected by a natural protein substance that gives the thread its amazing strength and vitality. This vital element is removed from the silk in the making of hosiery. Hosiery manufacturers have tried to overcome this for years.

2 What Vita-Bloom Is
Now Vita-Bloom, a new, secret method (patents pending), an extra manufacturing process used only by Phoenix, restores this life-giving protein. Vita-Bloom definitely improves Phoenix hosiery.

3 What Vita-Bloom Does
You can see the new depth and "bloom" of color. You can feel the smooth, soft, even texture. You can prove the longer life, the snag- and wear-resistant quality by trying the new Phoenix Vita-Bloom.

ST. PATRICK'S DAY

By Jeff Fussell
 About the year 389 A. D., Saint Patrick was born in England and about sixteen years later he was carried off by a band of Irish marauders and sold as a slave in Ireland. He succeeded in making his escape sixteen years later, and he made his way to France and the Mediterranean where he went in monastery for a few years. Later, probably while he was in Britain, he received a vision which told him to return to Ireland and spread the Christian faith there. After preparing for his work for 14 years, Saint Patrick arrived in Ireland with the title of bishop and the papal blessing, and began the work which was to make him the patron saint of the island.

"You tell us that there are three gods, and yet one," wonderingly said the natives of Ireland when the hold Saint Patrick was preaching the gospel to them, 1,500 years ago. "How can that be?"

For an answer Saint Patrick bent over and plucked a shamrock growing at his feet. "Do you not see," he said, "how in this wild flower three leaves are united on one stalk, and will you now then believe what I tell you, that there are indeed three persons and yet one God?"

Thus the shamrock is still worn proudly by Irishmen the world over. Wherever the Irish have gone, so also has the celebration of St. Patrick's Day gone.

It has been said that there were no Christians in Ireland when Patrick began his work and no pagans when he died. Probably none of us school pupils will do anything so outstanding as St. Patrick, but he was just one of those people who tried something new, and put it over. We can be a "first" in some of the things in school, in some of the things we think shouldn't be done as they are done we could be the first to do it the way we think right. Everyone has his own ideas about the way things should be done; why don't you take the best ideas and try them?

EMERSON ON "GIFTS"

Emerson, a great American philosopher, essayist, and poet, said that when it is time to give gifts, people are puzzled as to what is appropriate to give. He thought that flowers and fruits are always fit presents — flowers, because they are a proud assertion that a ray of beauty outvalues all the utilities of the world, and fruits, because they are the flower of commodities and admit of fantastic values being attached to them.

Emerson said, "For common gifts, necessity makes pertinences and beauty every day. Necessity does everything well. Next to things of necessity, the rule for a gift is that we might convey to some person that which properly belonged to his character and was easily associated with him in thought."

Emerson didn't believe that rings and other jewelry were gifts, but apologies for gifts. He believed that a real gift must be a portion of oneself; as the poet, his poem, the shepherd, his lamb; the farmer, corn; the mine, a gem; the sailor, coral and shells; the painter, his picture; the girl, a handkerchief of her own sewing.

Emerson said that it was not natural for a man to receive gifts and that a man who can receive a gift well is a good man, for the receiver, or debtor, wishes to give the giver, or server, a slap.

It is difficult to give a generous person a gift, for this magnanimous person usually more than returns the favor.

In conclusion, Emerson stated, "When I have attempted to join myself to others by services, it proved an intellectual trick — no more. They eat your service like apples and then leave you out. But love them, and they feel you and delight in you all the time."

The essay writing contest is soon to be held. March 25th, 1938, is the date. Anyone interested in essay writing, please note this date. We won last year, why not again?

Science Club Makes Study Of Worm

On Oct. 20, 1937, the biology class went on a field trip and secured several specimens. Among these specimens was an ordinary woolly worm, which was put on the shelves in a specimen jar. On November 1, the worm had changed into a chrysalis form. For almost two months, the creature remained in this form, with nothing to eat. Some time in February, the chrysalis changed into another form. The form was that of a beautiful and colorful moth. It had nothing to eat, but on March 11, it laid over a hundred eggs. From these eggs will emerge a hundred worms. Thus we have seen the complete life cycle of the moth. When an observation was made, she was found to be dead. Her purpose in life had been served.

In going through this change the worm had lost his coat of wool and had literally lost his head. It was now a small brown creature that wiggled on one end when it was touched. This was the chrysalis.

SPANISH I

The Spanish I class has been advancing rapidly during this semester. They have made a thorough study of the present tense, the present perfect tense and the imperfect tense and are now ready to begin on the preterit. They have written many sentences in drill work over these grammar details and are showing good progress by the excellent test marks. The class has a very large percent of A and B students in it, and even the C students are getting much from the course. This class will be well prepared for Spanish II by the end of the semester and will do well in college Spanish courses.

Basketball Sweaters Awarded At Chapel

Thursday, March 10, the band opened the assembly program by playing three numbers, the first being our school song.

The winning team of the Junior High School basketball teams was awarded a beautiful trophy. The captain of the team was Floyd Hokit.

The rest of the program was made up of sweater awards.

Miss Parker, coach of the girls' basketball team, presented white sweaters with purple "O's" to four teen girls. The boys sweaters are purple with gold "O's." Eleven sweaters were presented to the boys, but Coach White and Assistant Coach McCulley weren't forgotten. They received from Mr. Denham, sweaters similar to the boys. The boys presented John Coates, the manager, with a sweater for his excellent help throughout the year.

DECLAMING

Declaming is an outstanding thing in news today. It is in process and is progressing fine. Miss Ada Moss is the senior declamation coach, and Miss Mildred North, the junior coach. The high school senior declamers are Mary Harvick and Noma Miller; the high school junior declamer is Billy Jo West.

Typewriting Trophy

It is 10½ inches high, it is gold, and it is a trophy. For what? For typing, of course. And it is to be given March 19, 1938, at the Ozona Typing tournament, in which numerous town teams are participating. The cup Ozona typists won in Eldorado is a traveling cup, which one town is to keep only a year, but the beautiful gold trophy which is to be given in Ozona is permanent, and here's hoping that it shall be ours.

NEW STAFF HOLDS FIRST MEETING

The semi monthly Press Club meeting was held at the home of Posey Baggett, March 9, 1938. The program, on the subject of headlines, was given by Crystelle Carson and Ora Louise Cox.

After adjournment, the members were served a refreshment plate consisting of iced tea, sandwiches, olives, and congealed salad.

GRADE SCHOOL NEWS

FIRST GRADE

The first grade has begun a nature unit. We are collecting bird nests and butterflies. Next week we expect to start some silk worm eggs. We will watch the silk worms grow and spin.

Most of the children are back in school. We are glad that Sam Perner, Billy Jo McDonald and Lillian Schneemann are able to be back.

SECOND GRADE

Sarah Weaver has a new black horse with a white star on its forehead. She asked us to help her name it. Many good names were suggested, but she finally selected "Domino," which was Ira Yancy's choice.

Billy Hoover has a new book, "Now We Care Six," which Miss Spain gave him for making "100" on every spelling test we have taken this year.

FIFTH GRADE

The fifth grade has studied five kinds of pictures. We are going to have a contest on them. We are studying records too. We are practicing on a play for chapel. We got new geography work books not long ago.

A Visit To a Country Home In Switzerland

This morning I helped some Swiss children put on their skis. So they could slide down the mountain to school. They all went laughing and shouting. A little girl forgot her books, and her brother came back and got them. Last night I started for a skiing trip. I was trying to find a certain Swiss village, and a snow storm came up. I wandered away in the night. I went over hills and down valleys. After a long walk, I saw a light on a mountain. The light was a house, and the people took me in for the night. The next morning I went outside before breakfast and for the first time, I noticed rocks on top of the house. I asked a boy that went out with me why they had rocks on the house. He said so that snow will not slide off and hurt somebody. We went inside and had a good breakfast. We had warm cheese, home made bread, and honey. After breakfast I am going to try to find the village I tried to find last night.

The School of the Sun

Barbara and I went to see a school that was called the "School of the Sun." We went in a sleigh. We took Noel, our St. Bernard puppy. Noel sat up in the sleigh barked at the bells on the harness. The driver threw a warm blanket over us, and think how surprised we were when we saw those children. They had almost nothing on. They were running up the mountain with their sleds. They looked very dark against the white snow. At lunch the man who runs the school told us that the children were not well when they came there. When we started for home, Noel caught a boy's sled and ran away with it. They all ran after him laughing and shouting.

ASK ME ANOTHER

- By Elton Smith
1. What is the Mailstrom and where is it?
 2. Why does a star precede the number on some United States currency?
 3. Are the Niagara Falls steadily upstream?
 4. What is the average thickness of a Hippotomus hide?
 5. Has any woman received a Noble prize more than once?
 6. What besides Chameleons change their color?
 7. What is a scaramouche?
 8. How much does it cost to open the gates of the Goodyear Zeppelin airship dock at Akron?
 9. How does the capacity of the lake above Boulder Dam compare with that of Gatun Lake in Panama?

Answers

1. A celebrated whirlpool or violent current in the Arctic ocean near the northwestern coast of Norway.
2. It indicates that it is a substitute bill issued to replace one that was defective.

SEVENTH GRADE

Tuesday, March 9, half of the seventh grade girls cooked for the rest. The cooks were Mary Faye Lucas, Pattie Jean Tyre, Bernice Green, Dorothy Capps, Effie Smith, and Mary V. Graham. The breakfast consisted of grapefruit juice, egg in the nest, toast and marmalade, and hot cocoa. Wednesday the rest of the girls cooked for the other group. They served pineapple juice, oatmeal, goldenrod egg, and iced cocoa. We feel that we are quite experienced cooks by now.

"GREYFRIARS BOBBY"

By Daphne Meinecke
 Bobby was a very cunning little Skye Terrier and had the snappiest of barks. Bobby was almost always happy. He lived on a big sheep farm and loved everyone on the farm, and everyone loved him. Bobby loved the shepherd there best of all. Everyone called him "Old Jock." Bobby would follow Old Jock up the mountain side when he went to take the sheep except when he was catching rats in the barn.

But one morning Mr. Smith, the owner of the sheep farm, said to Old Jock, "Well Jock, it seems as though the work here is getting too hard, and I think you can find an easy job in the city, but Bobby must stay and catch rats." Bobby didn't mind catching rats, but hated to think of Old Jock's going away without him. So Bobby trotted off behind Old Jock. That night Old Jock slept in the market place on an old wagon. Every morning Bobby would awake Old Jock; he would bark and lick his warm hands. But one morning Old Jock did not wake up. Bobby knew that Old Jock had had a fever, and now Bobby's most beloved friend and master had died. Bobby followed along behind the men that carried Old Jock away to bury him and every night Bobby would sleep on Old Jock's grave, even though the caretaker didn't like it, but he knew how Bobby felt. When Bobby was an old dog, a very kind lady had made a beautiful fountain where all dogs could drink, and on top of the fountain had a perfect picture of Bobby carved out of bronze. Ever since Bobby died, dogs of every kind come to drink in the fountain.

This is a true story; it happened in Scotland.

SWISS STARTED RED CROSS

By Joy Hubbard
 A man in Switzerland started the Red Cross. His name was Henri Dunanti. He had seen how pitiful the soldiers were, wounded on the battlefield. He felt that something had to be done. He doctored the men and sent for the women to help him. After the war he made a few speeches about how much the country needed nurses. At last people became interested in the Red Cross work. The Red Cross flag is just opposite to the Swiss flag. It is a white cross on a red field. We have these colors because the man of Switzerland started the Red Cross. The people thought that was the nicest way to thank him.

Ozona Track Boys Compete At Iraan

Fail To Win But Place

On Saturday, March 12, Coach White took his track aspirants to the Iraan meet. The team failed to score a point, but in each event in which our team was represented, although we did not win it, our representative made a credible showing.

The Junior relay team composed of Jim Dudley, Joe Couch, Floyd Hokit, and George B. Armentrout, failed to qualify in the 440 and 220 yard events, although they did run third in the qualifying heat. Our representatives in the 440 yard dash, Beecher Montgomery and Howard Lemmons, it is unfortunate to say, quit the race about half way and watched the other contestants finish the race. Howard Lemmons made a credible showing in the 100 yard dash, but he failed to win.

In the broad jump neither Howard or Beecher could qualify. In the low hurdles, Montgomery ran second in his heat, but this was not good enough to qualify. Montgomery jumped 5 feet and 4 inches in the high jump, which, considering that a jump of 5 feet and nine inches won the event, was a good showing.

San Angelo won the meet and Wink placed second. Iraan, the host team, placed fourth. Those making the trip to Iraan were: Coach White, Jake McCulley, Howard Lemmons, Beecher Montgomery, Jim Dudley, Joe Couch, Floyd Hokit, and George B. Armentrout.

SEIZ WHO?

Mickey has no lungs. Lurinne hasn't got it. It doesn't pay to read your Biology assignment. Mr. Nelson can't play tennis. "Barrel" ever had a serious thought in his mind. Coach likes noisy study halls. Howard doesn't know what he's talking about. The Press Club banquet wasn't a big success. Lela Mae can't act. Clifton T. is a woman hater. Ora Louise doesn't like to dance. The Seniors of '38 won't be missed next year. Welton B. isn't one of the best dressed boys in high school. The "Lion's Roar" has no news. Miss North ever lost her temper.

Miles and W. B. aren't friends. Adelia can't sing.

DRUM CORPS REHEARSES

On March 9, 1938, the drum corps met at the band house to begin rehearsals. The drum corps will practice every Wednesday and Thursday for the remainder of the school term. The drum corps is developing the cowboy style of marching. We hope to visit other towns in the future.

-: The Prowler :-

Mary Bess, how did you like your dancing partner at Joe Couch's party?

We wonder who is making the most progress down about the Jones' way.

Beecher seems to be a changed man since Dorothy D. is in town. Seems to me the girls are prouder of their sweaters than they are of their past successful season. (Taking one of those sweaters is like taking candy from a baby.)

Dorothy, it was a shame you were not at home when a bunch of Iraan boys visited our fair city Sat. night.

We wonder who has accepted to take the name of "Smitty"?

What does Mary Margaret see at the tennis courts that's so important?

Billie Gene has certainly taken a liking to the Ozona Drug lately. What is the attraction?

Mary Bess certainly wants to keep that uniform in a good humor by going with his best friend to the Scout Patrol party.

Toots, who telephoned from Iraan, Sat.?

We wonder what was so interesting in Hancock's Sun. night. Ask Our Gang.

Campus Philosophy

By Billy Joe West

You can't change the past, but you can use it to improve the future.

No man can do more than try. Do that and you are doing what you ought to do.

It isn't the things you have collected that count, but things you are producing.

Never say a thing can't be done. If you can't do it, perhaps another may.

Keep your illusions alive. When they die, you die.

OZONA WINS AGAIN

The Ozona typing team went to Sonora on Friday March 11, for their fourth and final practice typing meet. Ora Louise Cox won first place with 53 words per minute, Adelia Willis, second with 47, Mary Frances West, third with 39, Miles Pierce, fourth with 29. Seventh place was also won by W. B. Robertson.

After the Ozona tournament on Saturday, arrangements will be made to have practice meets with some other school in the vicinity.

Beecher (ordering breakfast): Two eggs poached medium soft, buttered toast not too hard, coffee not much cream in it.

Waitress: Yes, sir; and would you like any special design on the dishes?

Long Distance calls go through while you "hold the line"

because telephone management said . . .
"OUR JOB IS TO MAKE SERVICE FASTER"

The men who head the telephone company have always believed even good service can be better. Their aim, like that of every other telephone worker, has been better and better service at low cost to the user. One result is that today you can call distant cities as quickly, as easily, as you telephone across the street.

A few years ago it took seven minutes (average) to make a long distance connection. Today the average time is 96 seconds!

San Angelo Telephone Co.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

Q. What Texas highway is known as "Memorial Highway" and what does it memorialize?

A. Highway 66, extending from San Antonio, thru Johnson City, Marble Falls, Burnet, Lampasas, and Stephenville, so named as a memorial to the American Legion.

Q. Who was Col. John J. Linn?

A. He was one of the first settlers of Victoria, several times alcalde of the colony, first merchant and first mayor of the city and a member of the First Congress of Texas. He supplied the Texas Army at Goliad and at San Jacinto with food without remuneration and served as interpreter in the treaty with Santa Anna. He established the town of Linnville, that was destroyed by Comanche Indians in 1840.

Q. How early did Victoria have a railroad?

A. The San Antonio & Mexican Gulf Railway, chartered Sept. 5, 1850, was begun at Port Lavaca in 1856 and completed to Victoria in 1860. The Indianola road was completed the same year to Clark's Station, then known as Lavaca Junction, and was taken over by the Mexican Gulf Line.

Q. What place is generally known as "The West Point of the Air?"

A. Randolph Field, the greatest training place in the United States for military aviation, located a few miles out from San Antonio.

Q. Where and what is Bear Mountain?

A. Bear Mountain is a hill of solid red granite, two miles north of Frederickburg, on what is known as the "Upper Crabapple Road."

Q. For what is Blanco County most noted aside from its historic interest?

A. For its mountain scenery and crystal clear streams. It is also the center of the world's greatest mohair producing section.

Q. Is the Alamo easily accessible for tourists?

A. It is in the heart of the business section of San Antonio and is open at all hours of the day to visitors, with no charge made for admission. Attendants are at all times ready to show and explain points of greatest interest and the museum collection housed within the walls.

Q. What three schools were consolidated to form Trinity University?

A. Trinity University was founded in 1869, taking over Ewing College, at La Grange; Larissa College, near Jacksonville, and Chapel Hill College.

Q. When did Larissa College reach its zenith, and who were its graduates?

Thousands Homeless in California Flood

Swept by raging flood waters and southern California's worst storm in 64 years, thousands of people were made homeless. One of the many homes left in ruins is shown hanging precariously on a hillside as survivors search wreckage for bodies nearby.

A. The first and only graduate class was in 1860, the graduates being H. D. Donald, of Lewisville; W. H. Pearson of Rusk; Miss Cornelia A. Irwin, of Larissa; and Miss Aurelia B. Hodge, of Science Hill. The work of the school was suspended during the Civil War after which it was poorly sustained for about four years, when it became part of Trinity University then located at Tehuacana.

Q. How did construction of surface roads of all types in Texas

as compared in mileage with that of other states?

A. In 1936, Texas was second with 1,629 miles constructed while Kansas led with 2,993 miles. Oklahoma came third with 1,314 miles.

Q. How many miles has Texas in its rural primary State system of roads?

A. The 1936 reports give Texas 20,953 miles of such highways, Ohio being second with 14,593 miles.

Q. How many gas wells are there in Texas producing gas exclusively and in what quantities?

A. The Texas Railroad Commission's report shows 2,845 gas wells producing 1,688,452,000 cubic feet during June, 1937. Of these 2,515 produced sweet dry gas, and 350 sour gas.

Q. What is the daily average production of Texas crude oil?

A. During June, 1937, it was 1,387,253 barrels, a slight decline from that of the previous month.

Q. What prominent Texas county and county seat, settled largely by German colonists, were given French names?

A. Fayette County and LaGrange, the county being named in honor of La Fayette and the county seat for his estate in France, for which La Grange, Tenn., was also named. Fayetteville, in the same county was named for LaFayette.

Q. Does Texas have a "Charm School?"

A. The name has been applied to courses given by the Texas State College of Mines and Metallurgy near El Paso. That school offers a non-credit course in charm and personal appearance, including such subjects as personal hygiene, teeth, cosmetics, perfumes and color schemes. More than 200 women were enrolled in the course last year.

Q. What Texas school claims to have the largest mess hall in the world?

Texas Agricultural and Mechanical College, where more than 9,000 meals are served to students daily.

Q. Is cotton grown in all parts of Texas?

A. Cotton is grown in all but 14 counties and could be successfully produced in these.

The condition of C. C. Doty, father of Mrs. Stephen Perner of Ozona, who has been under the care of physicians in a San Angelo hospital the past two weeks, is reported somewhat improved this week.

Mr. and Mrs. Collins Coates of Fort Stockton visited friends and relatives here Saturday.

Say "I saw it in the Stockman."

NEW MEAT COUNTER
Installation of a new electrical refrigerated meat display counter was completed yesterday at the Piggly Wiggly grocery store here. The counter is one of the latest model Friedrich 12-foot display cases, with constant temperature to keep meat ideally fresh.

SICKNESS takes a Holiday!

Their Health is Protected by Electric Refrigeration

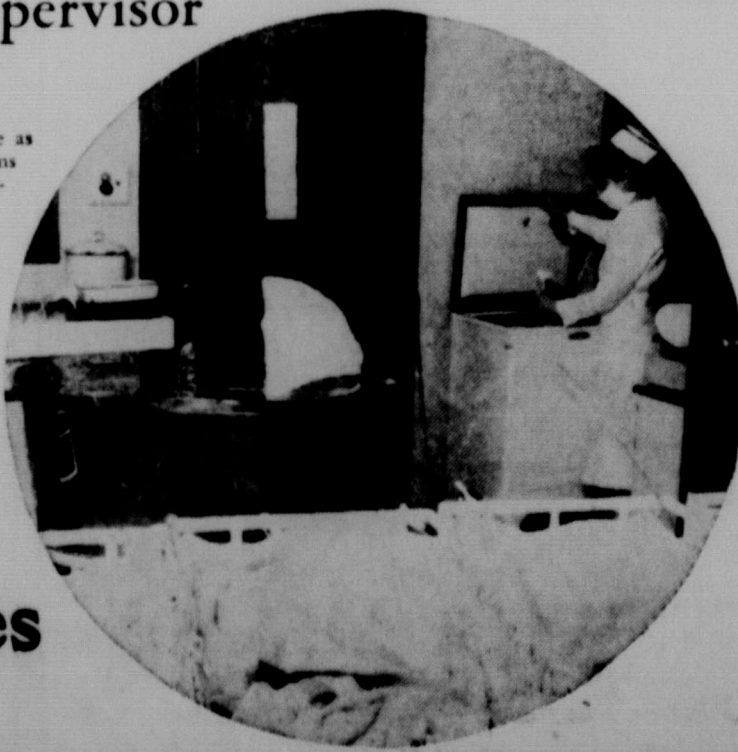

Hospital Obstetrics Supervisor Says: "It's Safest"

IN THE PICTURES
Smiling peacefully are these youngsters, undisturbed by the electric refrigerator which protects their liquids. One yawns, another blinks big, blue eyes as Nurse Vera Smith makes a routine inspection. Below: Miss Smith stands at the Frigidaire, whose silent operation is essential; in foreground beyond the baby cribs is the hospital's new "incubator."

Economy in operation and safety from food spoilage are as important in your home as in any hospital! Therefore, it seems amazingly significant that most all hospitals, including Hendrick Memorial Hospital in Abilene (see photos), depend largely on Electric Refrigeration for these two necessary performances. Miss Vera Smith, obstetrics supervisor, says: "We now have eight Frigidaires in use, one of which is in the maternity ward. I know of no better method than electric refrigeration as a means of providing one of many safeguards for the health of these babies." So when buying a refrigerator, please bear in mind that responsible persons, qualified to exert expert choice, everywhere are choosing Electric Refrigeration. Especially is this true in West Texas, where torrid summer heat makes it impossible for other types to maintain 40- to 45-degree temperatures—necessary for complete food protection. Electric service for refrigeration costs as little as 2 1/4 cents a day!

Modern Simplicity

The Federal Housing Administration issued a commitment to insure a \$4,500 mortgage on this house. The property, located in Atlanta, Ga., was valued at \$8,000, and monthly payments of \$32.69 will amortize the loan in a period of 19 years and care for insurance and interest payments and other fixed charges. The house is of a pleasing design and provides adequate living facilities for a small family.

Properly Cured Lumber Assures Long House Life

A warning against the use of improperly or insufficiently cured lumber in the erection of new homes and the repair of old ones has been issued by lumbermen of Texas.

The difference in the initial cost of good and poor lumber is so little that it should be no incentive to economize, the lumbermen say. Properly cured lumber will last for generations when kept properly protected with a good quality paint, but improperly cured wood cannot be depended on under any circumstances.

"The penalty for poor lumber is extensive repairs," said one lumberman. "Warped floors, jammed windows and doors, rot and sinking are some of the troubles that follow careless choice of lumber."

Lumbermen point to the fine old colonial homes of the older states as proof that well-selected and cured lumber can last well past the 100-year mark and still be in good condition.

ELECTRICAL OUTLETS KEEP UP WITH TREND

With more and more electrical appliances on the market, the house of today needs more outlets than was considered essential in a house built 10 years ago. When buying a home that was built some time ago, it is wise to have an experienced electrician check the wiring system.

CHANGE OF WALL FINISH SUGGESTED

If you want to completely rejuvenate some room in your house, try giving the walls an entirely new treatment. If they have been papered with a sprightly design, try them plain. If the walls have been plain, try a patterned paper or a paneled effect. Wood paneling can be obtained in a variety of styles and qualities, or simulated paneling may be used.

Q. Is there a paint I can use for the nursery walls that is washable but does not have the high, glossy finish generally used for kitchen or bathroom walls?

A. Yes; most paint manufacturers produce a paint which will

give a semi-gloss finish or a flat finish. These paints retain excellent hiding qualities and wash well. The flat finish is often used when a stippled or sponged texture is desired.

LETTERS from Our Readers

Dear Editor:

You wrote a wonderful article in your paper some time back, and it seems there is need of a much stronger one now.

There seems to be a fiend loose again who is out making a canvass of the city strewing poison in people's yards to kill dogs—and anything else that might pick up the poison, including children.

I can't see any difference in a person who will do this and one who will walk up behind another's back and shoot him. Tell this person if he has such a lust to kill to go out in the hills and destroy rattlesnakes, as they do more harm to his livestock than all the dogs in Crockett County. I wonder how he would feel if Ozona folk would go to his ranch and throw poisoned feed to his stock—or throw the bodies of all the dogs he kills in his front yard!

I do not know this person, as I am not a native of Ozona—but his own son said that his father was putting out poison now. So, please warn the people of Ozona to caution their children against this fiend, who seems to be out to kill whatever eats of his deadly mixture, be it the idol of some mother's or father's heart, or the equally beloved pet of some child.

I can supply the name of this person if you wish to know it, as this information came from the lips of his own son. It came about when a group was discussing the subject—a close girl friend of my daughter's asked this boy if he was poisoning dogs, and he answered no, but that his father was putting it out in town now.

I wonder if this man does not know that a pet dog is as near and dear to a child as a man's child is to him—or would it make any difference to him if he did? It seems to me that children of Ozona have little enough pleasure as it is, without someone killing their pets.

I just can't feature anyone being so cold blooded as to take the chance of poisoning some little helpless child by doing a thing of this kind.

So, please, give another good article of warning in your paper before it is too late.

Signed—Mrs. W. T. Stokes.

Lee Wilson, manager of the Wilson Motor Co., here, was released late last week from a San Angelo hospital, where he was confined for several days suffering from a severe throat infection and slight attack of pneumonia.

With the aid of a 45-power microscopic lens, Jimmie Zaharee of Max, N. Dak., recently penned Lincoln's Gettysburg address on a human hair 2½ inches long.

Zog's Sisters Visit U. S.

The Princesses Rubie, Myzejen and Maxhide, left to right, sisters of King Zog of Albania, who are intent on becoming acquainted with American manners and customs in anticipation of the wedding early in May of the Albanian king with Countess Geraldine Apponyi, whose mother was Gladys Virginia Stewart of New York.

THE WORLD THIS WEEK

By
Robert Patterson

UKULELES AND AIR BASES

The serene waters of the Pacific are ruffled today by conflicting claims of two great sovereignties, the United States and Great Britain. Challenging Great Britain's claim to two strategic islands in the South Pacific, President Roosevelt has ordered the Department of Interior to place them under its jurisdiction. Colonization is under way. Claims and counter claims have been hurled back and forth over the ownership of these tiny specks of earth in the Pacific ever since American whalers first visited them a century ago. No romantic interest, but a desire to utilize these islands for air and naval bases prompts the United States to bring them formally into the fold of America's Pacific possessions. Long famed in song, play and story as dreamy, moon swept isles where the murmur of the surf melts with the mellow twang of the ukulele, the peaceful face of South Sea islands are today acquiring a grimly business like wrinkle.

"GREATEST ERA"

A former Michigan farm boy who got his start in life as a machine shop helper at \$2.50 a week, cast an appraising look over America with a shrewd, well seasoned pair of 75-year old eyes a few days ago. Surveying its dramatic growth, Henry Ford predicted not only an early upsurge in business, but the coming of "the greatest era the world has ever known."

He cited technological progress as the greatest factor in achieving the birth of this second Renaissance. We hope Mr. Ford is right. Technology is a powerful labor-saving instrument, but first America must master that instrument so millions can welcome, not fear, what achievements it may bring!

MYSTERY FOG

A weird phenomenon which has left science baffled and brought terror to the civilian population, has again been laying its deathly pall over sections of Belgium while terrified citizens flee to the churches and impetrate the heavens to grant them safety from the "poison fog." Last time the sinister yellow waves rolled over villages in Liege and "the death valley of the Meuse" occurred in 1930

when its mysterious fumes killed 63 persons and choked to death an unnumbered number of cattle. No one knows from whence these billows of poisonous vapors come. Nor does the panic stricken populace possess any weapon against these noxious fumes save hastily built chains of bonfires which help drive the "fog" upward. Possibly these yellow "fogs" carry fumes from swamps. No one knows. Against the mysterious phenomenon, helpless citizens lay siege with prayers and flickering bonfires while science remains wonderingly mute.

AMERICA'S NEW KING

Silence falls upon the gym rafters of America this week as lightning winter basketball bows itself out for another year, and no more wild cheers surge upward to steel girded ceilings. From Winter's chill cloak of snow and rain, baseball diamonds are emerging over the nation, and soon the cry of "Play Ball!", and the sizzling crack of bats whamming against cowhide, will go sweeping across the land through spring and summer. King Baseball's crown no longer rests as perkily on his head as in former times. The king, in fact, may lose his crown for good if America's passion for the pyrotechnic action and fast breaking speed of basketball should continue. It will be heresy to baseball addicts, but the figures eloquently support basketball's dominance. In the last few years, basketball games enjoyed more paying customers than either baseball or football. Looks as if King Baseball had better mortgage his laurels.

OLD MAN OF PEKING

Cool as iced watermelons, indifferent as flint adzes, explorers of the Peking Union Medical College today prod calmly into ancient Asia's soil. Thirty miles west of Peking, they pry out of the diggings several thigh bones of Ancient Man who once stalked over

West China's plains. One of the bones is split at the end. To the diggers, this is a vivid biographical not in the history of the Peking Man and his people. It means the bone was probably split by a sharp rock, used by someone seeking the Peking Man's juicy marrow for food—further proof, said

excavators recently, that this ancient man and his fellows were cannibals as well as savages. If the Peking Man were to survey the Orient's shell ripped terrain today, he might be prompted to file a forceful brief in his own defense.

WINGS

over Business

In 1803 it took Lewis and Clark more than two years to travel from Ohio to the Pacific Coast—on foot, and by canoe up the Missouri river and down the Columbia.

Today, airplanes on regular schedules traverse the country in a few hours.

Our speed of doing business has been increased in the same ratio. And banks, with their checking and credit facilities, have been the "airplanes" which have given wings to business.

Without banking service, trade and finance would still be traveling in "covered wagons."

**Mrs. Slater's Talk
Heightens Interest
In Missionary Meet**

Another highly interesting discussion of current problems was brought by Mrs. Eugene Slater to members of the Woman's Missionary Society of the Methodist Church in its meeting at the church yesterday afternoon. The discussion was on the topic "Rebuilding Rural America" by Mark Dawber.

Eighteen were present at this week's meeting. They were Mrs. Charles Tyre, Mrs. Madden Read, Mrs. Bascomb Cox, Mrs. W. R. Baggett, Mrs. B. B. Ingham, Mrs. Joe Pierce, Mrs. J. A. Fussell, Mrs. W. E. Smith, Mrs. Scott Peters, Mrs. Alvin Harrell, Mrs. John Bailey, Mrs. Roy Henderson, Mrs. Walton Bunger, Mrs. George Montgomery, Mrs. John Henderson, Mrs. N. W. Graham, Mrs. Slater, and Mrs. Richardson, Mrs. Slater's mother.

COMPLIMENT BRIDE

Misses Lillian Parish, Norine Jagers, Mary Mann and Faye Wilson, and Mrs. Frank McMullan of Big Lake are entertaining with a tea and miscellaneous shower at the McMullan home in Big Lake next Wednesday, March 23, complimenting Mrs. Charley Black, Jr., a recent Big Lake bride. The bride is the former Miss Mary Jane Murphy, daughter of Mr. and Mrs. George Murphy.

Mr. Black is a son of the Crockett County Commissioner of Precinct No. 2. The young couple are at home on their ranch in the northwest section of Crockett County.

**MRS. MASSIE WEST
IS CLUB HOSTESS**

Mrs. Massie West entertained the Sunflower Club at her home Tuesday afternoon with three tables of guests present. Mrs. J. W. North held high score and Mrs. Evert White second. Mrs. Boyd Clayton presented the traveling prize to Mrs. Jimmie Blaylock, a guest. Other guests were Mrs. Sherman Taylor, Mrs. Hilton North, Mrs. Walter Augustine, Mrs. Hubert Baker, Mrs. J. O. Lusby, Mrs. J. A. Brashear, Mrs. Melvin Brown and Mrs. W. E. Friend, Jr.

Mr. and Mrs. Clay Adams are in from the ranch near Pumpville with their small daughter, Jane, who is now recovering from a throat infection.

**P.T.A. Meets Monday
For March Program;
Playlet To Be Given**

The Ozona Parent-Teacher Association will meet for the regular March session next Monday afternoon in the High School auditorium. Mrs. Bryan McDonald will lead the day's program. Mrs. Ted White will pronounce the invocation, after which a playlet, "The Odessies of Mrs. Brown," arranged by Miss Beas Terry and directed by Miss Merle Draper will be presented.

Hostesses for the day will be Mesdames George Montgomery, Lee Snyder, Max Schneemann, Robert Augustine, C. W. Tallafiero, Preston Williams, Evert White, R. L. Flowers, Walter Augustine, and Jess Hancock.

READ THE ADS - SAVE MONEY

OH, FOR ANOTHER ST. PATRICK!

By Miles Pierce
The meeting of March 15, was opened with the oath and the raising of the flag of the United States.

The roll was called and 12 were absent. The troop budget was straightened up.

Jack Brownrigg received his Scout certificate card. He wasn't present when the troop got them.

Charles McDonald was assigned a story for next meeting.

The fishing trip for next Friday, March 18, has been discussed thoroughly. Each patrol is to go as one unit. There will be about 5 or 6 cars so don't any Scout hesitate about not going.

Our Scout cabin has revived the interest of Scouting very much. In fact we have six boys that have passed tenderfoot tests. Each Scout must pay a registration fee of 50 cents a year, and he must continue it each year in order to keep his standing as a Boy Scout.

**Memorial Services
Feature Meeting Of
O.E.S. Chapter Here**

Memorial services featured the regular meeting of Ozona Chapter No. 287, Order of Eastern Star, held Tuesday evening in the lodge quarters. Taking part in the services were Mrs. W. R. Baggett, Mrs. Arminda Runnion, Mrs. Mary Flowers, Mrs. Gertrude Perry, Mrs. George Bean, Mrs. Minnie Crumley, Mrs. I. S. Moore, Mrs. C. J. VanZandt, Miss Mildred North, Miss Dixie Davidson, Miss Norine Allison and Mrs. Ted White. Worthy Patron Richard Flowers was present and Mrs. Charles Tyre was a visitor.

Refreshments were served after the program by Mrs. Runnion and Miss Allison.

Attending a school of instruction in Ballinger Monday from the Ozona chapter were Mrs. W. R. Baggett, Mrs. Arminda Runnion, Mrs. Charles Tyre and Mrs. Ted White.

METHODIST CHURCH

**Eugene Slater, Minister
Calendar of Services**

Sunday School 9:45 a. m.
Morning Worship 11:00 a. m.
Young People's Meet 6:45 p. m.
Evening Worship (Baptist Church) 7:30 p. m.
Woman's Missionary Society, Wednesday, 3:00 p. m.
Mid-Week Service, Wednesday, 7:30 p. m.
Choir Rehearsal, Wednesday, 8:00 p. m.

Our people are cordially invited to attend as many of the revival services at the Baptist Church as possible. We join our prayers with those of our fellow-Christians that this meeting may bring all of us to a genuine acceptance of the Christ as the Master of our lives. We shall not have Sunday evening services during the two weeks of the meeting.

Every member of our church is asked to make a sacrificial offering during Lent for the cause of our Conference Benevolences. We hope that many of our people will find it helpful to lay aside a bit of money each day for this purpose. We are to bring our offering to the Church on Easter Sunday.

Every so often someone says to the pastor, "What can I do to help my Church?" The answer to that question depends on the person who asks it. However there is one thing that nearly every member of the Church can do. That is to make it his rule to attend every service of the Church. The pastor asks that his members be loyal in their Church attendance.

Mrs. T. A. Kincaid has spent several days in a San Angelo hospital receiving treatment.

OBSERVE ANNIVERSARY

Employees of Jones Saddlery this morning observed the eleventh anniversary of operation of the business by A. W. Jones with birthday cake and coffee served in the shop. The cake, baked at the Ozona Bakery, was elaborately decorated, with the words "Eleventh Anniversary, Jones Saddlery" across the top.

CHURCH OF CHRIST

**A. C. Nance, Minister
Lord's Day**

10:00-10:45 a. m. Bible study, all classes.
10:55-11:55 a. m. Sermon and Communion.
7:00-8:00 p. m. Evening Services.

Wednesday

3-4 p. m. Ladies Bible study.
7:00 p. m. General Bible study.
There will be no evening services next Sunday evening or the following Sunday evening on account of the revival meeting in progress at the Baptist Church. Morning services however, will be held as usual.
