**STUDY OF PALESTINE**  
 SYRIA MISSION TOPIC  
 Women of the Baptist Missionary Society met yesterday afternoon at the church for a mission program and business session. The work and needs of Palestine and Syria were discussed under the leadership of Miss Maybelle Taylor Mrs. S. L. Butler presided over the business session in the absence of the president. Eighteen women enjoyed refreshments of mince pie and coffee served by Mrs. George Bean, Mrs. Kay Dunlap and Mrs. S. L. Butler.

**Missions And World Peace Is Topic For Missionary Session**  
 "Missions and World Peace" was the topic of study at the regular meeting of the Methodist Missionary Society yesterday afternoon at the church. Mrs. Welton Bunker was program leader for the day.  
 The Peace League and Christian Missions" was the subject of an interesting talk by Mrs. Eugene Slater. Scripture reading was by Mrs. N. W. Graham and Mrs. Charles Williams presented a poem, "The Bridge Builders." A business session followed the program, with the president, Mrs. Basscomb Cox, presiding.  
 Members present were Mrs. Bunker, Mrs. Cox, Mrs. Slater, Mrs. Alvin Harrell, Mrs. Charles Coates, Mrs. Will Baggett, Mrs. John Bailey, Mrs. Roger Dudley, Mrs. N. W. Graham, and Mrs. Charles Williams.

**Teams Selected—**  
 (Continued from page 1.)  
 The captain selecting additional workers. Team captains have been appointed as follows: District 1, southeast, Mrs. Annie West; District 2, southwest, Mrs. W. S. Williams; District 3, northwest, Mrs. Roy Henderson; District 4, north, Mrs. George Bean. These team captains will select their workers and hold separate meetings this week to plan the drive. The annual Roll Call drive will get under way shortly after 9 o'clock Friday morning of next week. At that hour a general meeting of all workers will be held to launch the campaign simultaneously. The Red Cross flag will be flown at the flag pole on the school grounds and Red Cross posters will be displayed in the downtown section all week to bring the drive to the attention of the people.

**Lions Prepare—**

## Scout Notes

By Miles Pierce

Regular Scout meeting was held Tuesday night at 7:30 in the band house. Attendance was good.  
 Plans for the cabin, now under construction, were discussed. Work on the cabin started Monday of last week; foundation has already been laid and rocks are being placed. There will be one big rafters across the top, made of knotty logs. The wagon wheel, which was used at the Tenderfoot Investiture ceremony recently, may be swung from the ceiling as a light fixture. The cabin is located on the hill east of the grade school building, facing east. After the dedication, the Scouts will clear the brush from around the cabin and may build a fence around it.  
 Ozona Troop 53 will go on an overnight trip to Devil's River Friday, November 12. But more about this next week.

After the business of the meeting Tuesday night, Scouts were given instructions in military drills by Mr. N. E. Rendall, Scoutmaster of all the world know how to scout and it is important that we learn some drills are used at every Scout convention, etc. We thank Mr. Rendall very much for his help.

**CARD OF THANKS**  
 We wish to express our deepest gratitude to the people of Ozona and Crockett County for their many acts of kindness and expressions of sympathy on the occasion of the death of our husband and father. Your loving kindness was a bulwark of strength in our hour of greatest need and we shall ever be grateful to you.  
 Mrs. A. Perry and children.  
 Among Ozonans attending the C. U. Baylor game in Waco last week were Mr. and Mrs. W. E. Friend, Jr. Mr. and Mrs. Doug Kirby, Mr. and Mrs. Jake Young, and Mr. and Mrs. Marbury Morrison.  
 Mrs. Jake Short is recovering from an operation performed in a San Antonio hospital the first of last week. Mrs. Scott Peters who went to see her was also taken ill. She returned home with Mr. Peters yesterday.

## Tax Payments On Increase As Pay Period Advances

Over \$1,500 Paid On County, State And School Taxes

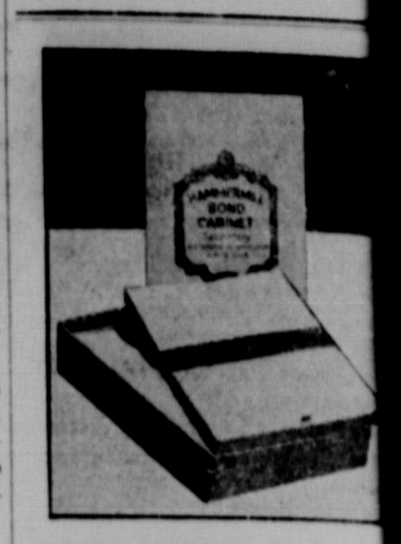

With the tax paying period less than a month old, tax payments in Crockett County have been dribbling in at a fairly steady clip, according to Claude Russell, deputy collector in the office of Sheriff W. S. Willis.  
 Already more than \$1,500 in state, county and school taxes for 1937 has been paid into the collector's office. In addition to this amount, there has been more than \$2,500 in delinquent tax collections received in recent weeks to bring the payment record to better than normal.

The collector's office is expecting business to be on the upgrade in the matter of tax collections for the next three months, gradually increasing in volume as the deadline approaches at the end of January. Taxpayers who are delinquent may save additional penalties that apply December 1 by paying during November. Delinquent penalties increase with each month of delinquency.

Mr. and Mrs. John R. Bailey and Mr. Bailey's sister, Mrs. Nora B. Gee, have just returned from a visit in Houston. Mrs. Gee is spending this week visiting Mr. and Mrs. Albert Bailey on their ranch in Pecos County near Sheffield.  
 Mr. and Mrs. C. E. Nelson have moved to the house previously occupied by Mr. and Mrs. Carl Dorsey adjacent to the school. Mr. and Mrs. Neal Hannah are occupying the house vacated by the Nelsons. This house was repainted inside and out.

## HAMMERMILL BOND Cabinets of Stationery will satisfactorily answer your question of "What can I use as a gift?"

These Cabinets contain 100 letterheads and 100 envelopes of White Hammermill Bond in either Social or Secretary size, and Bond or Ripple finishes, with each sheet and each envelope bearing the name and address of the person to whom you are giving it. This makes an extremely attractive and useful gift at a moderate cost, and one that is suitable for both men and women for either social or business use.  
 Let us show you samples.

State Examiners Give Tests For Driver Licenses

Two driver's license examiners of the Department of Public Safety will be in Ozona on Tuesday, Nov. 16th, to conduct tests for drivers applying for their first licenses, according to Col. H. H. Carmichael, director of the public safety department.  
 Establishing headquarters at the Courthouse the uniformed officers will give the examination every Tuesday of each week from 8:30 a. m. to 10:30 a. m. In applying for the driving tests the applicant must furnish his own vehicle or one he proposes to operate after he secures a license, the district director pointed out.  
 Elton C. White, in charge of the office in San Angelo, visited Ozona last week making plans for the weekly visit of the examining crews. Drivers who now hold licenses need not secure new licenses until April, 1939, except drivers of commercial vehicles. Mr. White said. The examination is a simple test of driving ability and knowledge of traffic rules; the officer said.  
 After oral quizzes are completed each applicant will be required to drive his car or truck over a designated route under the supervision of one of the trained examiners. During the drive the operator must demonstrate the use of his foot and hand brakes, stop for signals and perform other acts necessitated in ordinary traffic situations. Before the actual driving test is made the examiners will quiz the license applicants on safety regulations and signals, highway laws and make tests of their eyesight and hearing. Any physical deformities will be recorded on a grade card.  
 Not only will driver's license applicants be examined as to their ability to handle a vehicle with safety, but the vehicle itself will be tested for defects in brakes, horn, lights, rear-view mirror, and windshield wiper.  
 If a driver proves his ability to operate his vehicle with care and (Continued on last page.)

## Red Cross Roll Call Workers To Launch Drive Fri.

Beginning with a rally of workers at 9 o'clock Friday morning at the Stockman office, the annual Red Cross Roll Call for Crockett County will be launched immediately on six different fronts.  
 Two days are to be devoted to an intensive drive to reach the largest goal ever set for this chapter. The chapter quota has been assigned at 220 memberships and a financial goal of \$800. In order to handle a larger local fund for the chapter to be used in meeting local needs through the year, the chapter workers have set their goal at least twenty memberships at \$5 each and ten memberships at \$10 each. Under the Red Cross system, only 50 cents of each membership is paid in to the national organization, the balance remaining in the local treasury. In the case of each \$5 membership then, \$4.50 of that amount will remain in the local treasury; and \$9.50 of each \$10 membership will be kept for local needs.  
 Four teams of workers have been named by Roll Call Chairman Eugene Slater to work as many districts of the city. For many districts of the city, the team will consist of Mrs. Annie West, Mrs. Scott Peters and Miss Wayne Boyd Clayton. Mrs. West and Miss Louise Henderson, Mrs. Boyd Clayton and Miss Wayne Augustine as workers. District 2, the southwest quarter, will be canvassed by Mrs. W. S. Willis as canvasser, assisted by Mrs. Ernest captain, assisted by Mrs. Ernest captain, assisted by Mrs. Ernest captain. (Continued on last page.)

**Man Wanted For Theft At Mertzson Is Arrested Here**

Burl Sloan, who gave San Antonio as his home, was arrested by Sheriff W. S. Willis on the highway east of Ozona Tuesday and held for officers at Mertzson. Sloan was charged in Mertzson with the theft of a suit of clothing and a man's wrist watch belonging to an employee of the Mertzson Refinery. Sloan is said to have spent the night with his sister, who discovered his loss after his guest of the night had departed the next morning.  
 Tom Harris, Jr., son of the West Texas Lumber Co. manager at Barnhart, led officers to the theft ref. Harris had heard of the theft in Mertzson and on his way here picked up the man and recognized the clothing as that reported stolen. His suspicions were further confirmed by the man's diligence in keeping up with the time of Merton came late Tuesday afternoon and took Sloan back to Mertzson to face charges.  
 There's NEWS in the advertisements. Read them.

## New Effort For Maintenance Of Road To Be Made

Judge To Ask Commission To Work Crockett Road

State maintenance of the Ozona Oostock road is to be sought by Judge Charles E. Davidson in appearance before the Highway Commission in Austin at its next meeting, under an order passed by the Commissioners Court sitting here this week.  
 The road was recently designated a state highway and the department later agreed to maintain the road. A 100-foot right-of-way through Crockett County has already been pledged by land owners along the route and will be ready to the state upon its request. The cooperation of Val Verde County is being sought in making representation to the Highway Commission to iron out certain difficulties, said to have arisen which prevented an appropriation for the maintenance work.

## Inch Moisture Recorded Here In Monday Fall

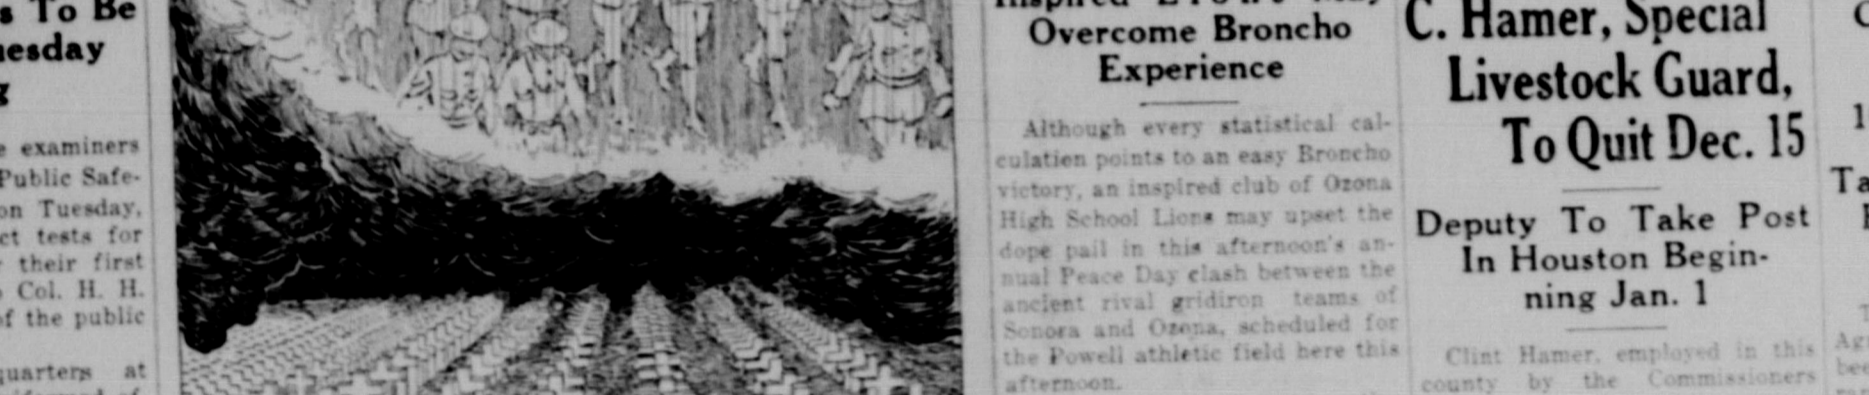

Ranges in Crockett and surrounding counties were visited by soaking rains falling throughout the night Monday in a slow, soaking fall which added further moisture to an already well-seasoned ground.  
 The rainfall was general thru this area, according to reports here. The night's fall registered an even one inch, according to the gauge at the Joe Oberkamp store.

## Range Checks MAY BE HERE BY CHRISTMAS

\$35,000 Due For Pear Cleaning On 47,318 Acres In County

Final inspection of the completed work on the thirty ranches where the entire program was devoted to pear eradication and on the two where tanks were constructed will get under way this week, weather permitting. It was announced from the agent's office. As soon as this inspection is made and final report made, the state conservation organization will forward reports to Washington for final settlement.  
 A group of officers in charge of various phases of the conservation administration from A & M visited in Ozona Monday and advised County Agent Van Zandt that ranchmen in this county might expect 100 percent payment of allotments for the range program and that payment from the government will probably be made before Christmas provided final reports go in at once. The (Continued on last page.)

## Morrison Co. Moved To Perner Building

Removal of the stock and fixtures of the C. G. Morrison Co. from the building recently vacated by the Ozona Hardware Co. Shipment of new merchandise to completely stock the larger quarters are being received by the store. Paul Shannon is manager of the local store.

## Crockett Purchases Railroad Rails For Use In Cattle Guards

The Austin Bridge Co. was awarded a contract by the Commissioners Court of Crockett County here this week for construction of a concrete roadway across the Pecos River near the mouth of Bearan. The highway will be built on the Highway 27 bridge.

## Inspired Lions Trip Granddalls In Non-Dist. Bout

Flourishing football, both on offense and defense, the Ozona High School Lions took the heavier Grand Falls eleven to a thorough pushing on the home field Saturday afternoon before an enthusiastic crowd of rooters as has followed the fortunes of the Lions this season.  
 With the line functioning to perfect timing and the backfield on its toes for a take-off at the first blow of a hole in the defense, the Lions were invincible for the first time. Captain Pete Perner, Howard Lemmons, Haskell Leath and Beecher Montgomery formed the hard driving backfield that ripped off many long gains.  
 With the game but a few minutes old, Montgomery tossed to Chapman for the first touchdown. (Continued On Page Seven)

## Ozona Girl Writes Winning Essay Out Of 3,000 Entrants

In competition with essays written by 3,000 students of Texas State College for Women at Denton, the composition of Miss Clara Mae Dunlap, daughter of Mr. and Mrs. Ernest Dunlap of Ozona, was one of two selected as the best in the school and will be published in the school publication.  
 The subject was assigned the entire student body and accounts for two of the prizes offered by the school. The other winner was a girl from New York.

## Gets New Buick

THURSDAY, NOV. 11, 1937

A PROBLEM THAT SUPERFICIAL MEASURES WILL NOT SOLVE

The special session failed to enact a tax bill, but it had done so, the action would have left unsolved the fundamental problem of financing the state government.

JUST FOOLISHNESS

The United States contains 6 per cent of the world's area and 7 per cent of its population. It normally consumes 48 per cent of the world's coffee, 53 per cent of its tin, 56 per cent of its rubber, 21 per cent of its sugar, 72 per cent of its silk, 36 per cent of its coal, 42 per cent of its pig iron, 47 per cent of its copper, and 69 per cent of its crude petroleum.

Machinery for collecting delinquent taxes should be devised.

Assessments should be equalized. Not a few experts are of the opinion that these measures alone would take the state out of the red without working serious hardship on any one.

But unless economy is practiced

no increase in taxes will be adequate. Administrative costs must be reduced by cutting overhead expenses and by making all departments more efficient. More strenuous efforts must be made to get full value out of the tax dollar.

The task is one that demands

conscientious and broad-minded leadership. It cannot be accomplished through petty personal bickering and back-biting, and attempts to shift the tax load

Scenes and Persons in the Current News

—Dunne Harrison, left, chairman of the American Federation of Labor committee, Philip Murray, center, and David Dubinsky, right, leaders of the C. I. O., shown as they gathered for a conference in Washington, D. C., the object of which was to reunite the groups. —Eugen Francisco Franco, leader of Spain's insurgent screen star, being given the honorary degree of Ph. D. in music at his alma mater, Gonzaga university, Spokane, Wash., by Mr. John Condon.

den bank and forth. Nor can the problem be solved merely by the hazard efforts to exploit new sources of revenue. —Dallas Times.

assured prosperity is destitute of capacity. But pompous statements, looking over the estate, solemnly declare that the methods by which it was created are all wrong, ought to be abandoned, must be discarded, that the time has come to substitute political management for individual initiative and supervision. There is only one way to characterize this proposal—it is just damn foolishness.

ABOY GIRLS!

Telephone operators in the early days of the telephone, instead of greeting a subscriber with the familiar cheery "hello," shouted: "Abohy! Abohy!"

THE DUKE WILL SEE

Every man is naturally proud of his accomplishments, and doubly proud when, by comparison, his accomplishments are shown to excel those of his neighbor.

INDIAN'S SHAME

In Indiana, State officials are endeavoring to explain why there is a balance in the treasury. The excuses they offer are ingenious, but the thing is humiliating.

THE TEACHER

It is not mine—the joy to dig in the moist brown earth! To place within her warm breast tiny seeds!

Yet, here, within these four walls I, too, sow tiny seeds. In the mind of a child which is God's own garden.

—Lillian K. Dells, Chocoma, Okla.

SEEK NEW PRODUCTS

American industry spends \$700,000,000 each working day in research and employs 25,000 men and women seeking new and better products which make for new and better jobs.

LOOKING AHEAD

THE OZONA DRUG STORE

LET'S KNOW TEXAS—TEXIANS

Let's know Texas—Texians! Let's know the land that gave us birth, the land that gave us life, the land that gave us hope.

Q. Where was Camp Cooper and who was it established?

A. Camp Cooper was a military post established June 3, 1856, at what is now Throckmorton, Texas.

Q. How are the funds subscribed for the purchase of land for the Big Bend National Park being handled?

A. The Legislature has designated the Texas State Parks Board as custodian of funds raised in its way. Subscribers should see that their donations are given up to those having authority to receive and transmit them to the Texas Board.

Q. How were the "necessities of life" distributed in Texas during the period of the Civil War?

A. There was a Military Board at Austin that purchased such necessities as guns, ammunition, gun caps, cotton cards, rough beds and other necessities and sold them on requisition to the stores of the State, through which they were apportioned to the people according to their needs.

Q. Was there a Fort Davis in Texas other than the military fort of that name in the Davis Mountains?

A. During the Civil War family groups to the number of about 125 with a stockade on the east bank of the Clear Creek fork of the Brazos River in what is now Stebbins County, as a protection

THE OZONA STOCKMAN

against Indians. This enclosure of pickets was called Fort Davis. It was about 375 by 600 feet in size and was divided into small lots on which the families built rough temporary homes. Other forts of the kind in the same section were Fort Hubbard, Fort Clark, and Fort Owl Head.

Q. What percentage of Texas lands is in farm and ranch lands?

A. A recent survey shows slightly more than 25,000,000 acres, or about 18 per cent, in woodlands. Cash returns from forest products in the State and its people, Adkins inquires to Will H. Mayes, Austin, Texas.

Q. What drastic steps did General McKenize take to stop Indian raids into Texas from the Fort Sill reservation?

A. General McKenize correctly reasoned that Indians would not make raids except on horseback and that it was better to kill their horses than for the Indians to slaughter white people. So he captured and killed some 1,500 of their horses in Tule Canyon in 1874 at what came to be known as "McKenize's Bone Yard."

Q. How early did Texas take steps for elementary public education?

A. When the constitution of the State of Coahuila and Texas was adopted in 1857, it contained a provision that: "In all towns of the State a suitable number of primary schools shall be established, wherein shall be taught reading, writing and arithmetic, the catechism of the Christian religion, a brief and simple explanation of the constitution of the State and that of the Republic, the rights and duties of the man in society, and whatever else may contribute to the better education of youth."

Q. What distribution was made of the effects of the Mexican Army captured at San Jacinto?

A. The property was ordered sold and the enemy's military chest divided among the officers and men of the Texas army, as partial compensation for their services. The amount so divided was \$18,184.87 of which \$3,000 were by the troops awarded to the Navy.

Q. When and by whom was Laredo established?

A. Laredo, on the north bank of the Rio Grande del Norte, and about 10 leagues above the village of Delores on the south bank, was settled May 15, 1755, by Thomas Sanchez, the site had been known as El Paso de Jacinto, but on an order issued by Escandano, the name was changed to San Augustin de Laredo after a city in the province of Santander, Spain, which years later was shortened to Laredo.

Novel Amusement Program Nets \$50 Profit To P. T. A.

The Ozona Parents' Teacher Association realized a net profit of approximately \$50 and gave a large crowd its full money's worth in a novel entertainment program presented in the High School auditorium Tuesday evening.

A playlet, "Bobby Shaftoe," a colorful dramatization of the familiar poem of the lower who went to sea, was presented by a group of children from the kindergarten to the fourth grade. The wedding scene, directed by Mrs. Morris Dudley, topped the spectacle with some forty-five children in colorful attire of the 18th or 19th century.

Ruth Townsend played the part of Marie, Nan Tandy of Bobby Shaftoe, Robert Hartgrove, the minister, Benny Gail Phillips, the orchestra, directed by J. M. Edwards, was topped off with a comedy number, "At the Railroad Station." Characters in this sketch included Lela Mae Phillips, Miss Beas Terry, Louise Bean, Jess Hancock, Miss Jo Semmer, Carl Thurman, Priscilla Jean Baker, Norma Miller, Elaine Carson, Mary Frances Beas, Miss Marie Brant, Robert Hartgrove, Elizabeth Coose, Miss Mildred North, Billy Hannack, Jean Baker, Eddie Cook, Joe Bean, Jeannette Christensen, Miss Dorothy Stain, Elton Smith and Jack Baggott and Ora Louise Cox as the bride and groom.

Ozona Artists Make Hit In Program At San Angelo Meeting

Members of the Philharmonic Society of San Angelo and their guests were loud in their praise of a program presented before a group of nearly a hundred members of the San Angelo musical organization and their guests at the home of Mrs. Sidney S. Mills, Tuesday afternoon by Mrs. H. B. Tandy and Miss Nancy Dawes of Ozona.

Mrs. Tandy, who is president of the Ozona Music Club, and Miss Dawes represented the local club with a reciprocity program before the San Angelo group. The Philharmonic Society plans to give a program in Ozona in the Spring.

Mrs. Tandy sang a group of three numbers and Miss Dawes presented three piano numbers, and played one of her own compositions as an encore to her last number. Mrs. Joe Pierce and Mrs. J. O. Luby accompanied the Ozona artists to San Angelo.

HUSBAND HONORED AT BIRTHDAY PARTY

Mrs. Raymond Stewart entertained a group of friends on the occasion of her husband's birthday night with a reciprocity program before the San Angelo group. Present were Mrs. J. W. Owens and Mr. Stewart. Mrs. Ed Tims, Alva Lettner, Paul Ballard and Tommy Brown.

Canine Quints Enter Kennel Show

The canine quint owned by Capt. C. S. Beale of San Diego, Calif., are hung out to dry after a good shampoo in preparation for entry into a championship kennel show. The contest will be held in the city and approval of the high-handed methods used to prepare them for the event.

Study Of Music In Texas Continued By Ozona Music Club

The Ozona Music Club continued its study of "Music of Texas" by Lela Mae Phillips at its meeting Tuesday afternoon at the home of Mrs. Morris Dudley, Mrs. Hillery Phillips assisting as director.

The program was headed by Mrs. Eugene Slater discussed "Other Foreign Contributions," and Mrs. L. E. Townsend and "Choosing a Flower," a composition of French influence. Mrs. B. C. Cox, Jr., sang "Come, Oh, Come With Me," and Miss Nancy Dawes played four of her own compositions to close the program.

Mrs. S. M. Harvick, delegate from the local club to the recent Sixth District convention in Abilene, gave her report to the club on the convention. The Ozona club Mrs. Harvick reported, had the highest ranking of any club in the district on performance toward a goal set by the district, a ranking of 22.5.

The Music Club will sponsor, "May Time," a movie at the Ozona Theatre December 12 and 13. It was announced, Mrs. Hubert Baker was accepted as a new member of the club. Mrs. Hubert Baker for the meeting were Mrs. Holt, Mrs. Harvick, Miss Dawes, Neal Hancock, Mrs. Cox, Mrs. Hillery Phillips, Mrs. Townsend, Mrs. Roger Dudley, Mrs. Morris Dudley, Mrs. Paul Perrier, and Mrs. W. S. Willis.

WAYNE WESTS ARE PARTY HOSTS

Mr. and Mrs. Wayne West were hosts to members of their bridge club at a party Monday night at their home. Present were Mr. and Mrs. Earl Baggott, Mr. and Mrs. Monroe Baggott, Mr. and Mrs. Jim Miller, Mr. and Mrs. Joe Oberkamp, Mr. and Mrs. Vic Pierce, Mr. and Mrs. S. M. Harvick, Dr. H. B. Tandy, Mrs. Gertrude Perry, Miss Mildred North and Mr. and Mrs. Ben Robertson.

MRS. CLAYTON IS HONORED AT PARTY

Mrs. Roy Henderson and Miss Louise Henderson entertained at their home Friday morning with a bridge party, naming Mrs. Joe Clayton as honoree. High score prize went to Mrs. Richard Flowers and Mrs. Bob Weaver drew the cut award. Mrs. Clayton was presented with a gift.

Others present were Mrs. Sidney Millsbaugh, Jr., Mrs. Floss Childress, Jr., Mrs. James Baggott, Mrs. Richard Flowers, Mrs. Doug Kirby, Mrs. Clay Littleton, Mrs. Dempster Jones, Mrs. Joe Sellers Pierce, 3rd, and Miss Dorothy Faye Drake.

HUSBAND HONORED AT BIRTHDAY PARTY

Mrs. Raymond Stewart entertained a group of friends on the occasion of her husband's birthday night with a reciprocity program before the San Angelo group. Present were Mrs. J. W. Owens and Mr. Stewart. Mrs. Ed Tims, Alva Lettner, Paul Ballard and Tommy Brown.

Every man is naturally proud of his accomplishments, and doubly proud when, by comparison, his accomplishments are shown to excel those of his neighbor. That comparison is about to be made. The Duke of Windsor is coming to America to study the "American Way," particularly the wages and living standards of the working people. In a German tool factory, one described as the "industrial pride of the German government," the Duke recently found that workers were earning 10 cents per hour—\$4.80 per week. Every one knows what this royal visitor will find in America. The world's highest wage scale, the world's highest living standard, the world's shortest working week—44,000,000 families owning their own homes. Isn't that reason to be proud of the "American Way"? Is there any better and more convincing argument for preservation of the American system of private enterprise? If you want to express yourself as being against going to war to make China safe for England, your investments you'd better do it now. In a month or two they may be putting folks in jail for that. —Macon Telegraph.

INDIAN'S SHAME In Indiana, State officials are endeavoring to explain why there is a balance in the treasury. The excuses they offer are ingenious, but the thing is humiliating. —Pontiac (Mich.) Press.

THE DUKE WILL SEE Every man is naturally proud of his accomplishments, and doubly proud when, by comparison, his accomplishments are shown to excel those of his neighbor. Get Ready for COLD WEATHER Driving

Maybe you don't want to remember those times when you were stalled in the bitter cold... or when you missed out on a big deal because "something went wrong" with the car. Don't wait until cold weather is here... let us put your car in shape for a "trouble-free" winter!

The Motor Now!

Most winter driving delays are caused by a motor that isn't in condition to withstand the terrific strain of cold-weather driving. This service includes: Valves Adjusted, Spark Plugs Cleaned and Tested, Motor Carbon Removed and Change of Oil—a timely service for more perfect winter performance.

Lubrication Now!

A complete service that prepares the transmission and every moving part for coming cold weather. The proper grade of oil and grease will enable your car to get going quicker and stay going longer! The men here are trained experts, using scientific methods!

The Ignition Now!

Your motoring days will be "trouble-free" if the ignition system and battery are in first class order. Our men have the experience and equipment to give you guaranteed work

THURSDAY, NOV. 11, 1937

A PROBLEM THAT SUPERFICIAL MEASURES WILL NOT SOLVE

The special session failed to enact a tax bill, but it had done so, the action would have left unsolved the fundamental problem of financing the state government.

JUST FOOLISHNESS: The United States contains 6 per cent of the world's area and 7 per cent of its population.

Between now and the opening of the regular session of the legislature, the governor and the civic and business leaders of the state should make a thorough study of the situation and have a program ready for consideration.

Machinery for collecting delinquent taxes should be devised. Assessments should be equalized. Not a few experts are of the opinion that these measures alone would take the state out of the red without working serious hardship on any one.

But unless economy is practiced no increase in taxes will be adequate. Administrative costs must be reduced by cutting overhead expenses and by making all departments more efficient.

More strenuous efforts must be made to get full value out of the tax dollar.

The task is one that demands courage and broad-minded statesmanship. It cannot be accomplished through petty personal bickering and back-biting, and attempts to shift the tax load

Every man is naturally proud of his accomplishments, and doubly proud when, by comparison, his accomplishments are shown to excel those of his neighbor.

That comparison is about to be made. The Duke of Windsor is coming to America to study the "American Way," particularly the wages and living standards of the working people.

In a German tool factory, one described as the "industrial pride of the German government," the Duke recently found that workers were earning 10 cents per hour—\$1.80 per week.

Every one knows what this royal visitor will find in America. The world's highest wage scale, the world's highest living standard, the world's shortest working week—14,000,000 families owning their own homes.

Isn't that reason to be proud of the "American Way"? Is there any better and more convincing argument for preservation of the American system of private enterprise?

If you want to express yourself as being against going to war to make China safe for England, your investments would better do it now. In a month or two they may be putting folks in jail for that.

INDIANAS SHAME: In Indiana, State officials are endeavoring to explain why there is a balance in the treasury. The excuses they offer are ingenious, but the thing is humiliating.

Scenes and Persons in the Current News

Philip Murray, left, chairman of the American Federation of Labor committee, Philip Murray, center, and David Dubinsky, right, leaders of the C. I. O., shown as they gathered for a conference in Washington.

Francisco Franco, leader of Spain's insurgent forces, smiles as he learns of the fall of Gijon, last of the Asturias strongholds.

Assured prosperity is destitute of capacity. But pompous statements, looking over the estate, solemnly declare that the methods by which it was created are all wrong.

Those who read history have shuddered at the accounts of ancient wars, before the world became "civilized."

THE DUKE WILL SEE: Every man is naturally proud of his accomplishments, and doubly proud when, by comparison, his accomplishments are shown to excel those of his neighbor.

That comparison is about to be made. The Duke of Windsor is coming to America to study the "American Way," particularly the wages and living standards of the working people.

In a German tool factory, one described as the "industrial pride of the German government," the Duke recently found that workers were earning 10 cents per hour—\$1.80 per week.

Every one knows what this royal visitor will find in America. The world's highest wage scale, the world's highest living standard, the world's shortest working week—14,000,000 families owning their own homes.

INDIANAS SHAME: In Indiana, State officials are endeavoring to explain why there is a balance in the treasury. The excuses they offer are ingenious, but the thing is humiliating.

THE TEACHER

It is not mine—the joy to dig in the moist brown earth! To place within her warm breast tiny seeds!

Yet, here, Within these four walls I, too, sow tiny seeds. In the mind of a Child Which is God's own garden.

Q. What percentage of Texas lands is in farm and ranch woodlands? A. A recent survey shows slightly more than 25,000,000 acres, or about 18 per cent, in woodlands.

Q. Where was Camp Cooper and what was it established? A. Camp Cooper was a military post established June 3, 1856, what is now Throckmorton County.

Q. How are the funds subscribed for the purchase of land for the Big Bend National Park being handled? A. The Legislature has designated the Texas State Parks Board as custodian of funds raised in its way.

Q. How were the "necessities of war" distributed in Texas during the period of the Civil War? A. There was a Military Board at Austin that purchased such necessities as guns, ammunition, gun caps, cotton caps, rough beds and other necessities and sold them on requisition to the armies of the State.

Q. Was there a Fort Davis in Texas other than the military fort of that name in the Davis Mountains? A. During the Civil War family groups to the number of about 125 sought a stockade on the east bank of the Clear Creek fork of the Brazos River in what is now Stebbins County.

Q. When and by whom was Laredo established? A. Laredo, on the north bank of the Rio Grande del Norte, and about 10 leagues above the village of Delores on the south bank, was settled May 15, 1755, by Thomas Sanchez.

ALCOHOL AND CHARACTER

Intoxicating liquors have no place in the Christian scheme of things, because they are insatiable enemies of character. Watch the slow deterioration of character which begins as soon as the young man or woman begins the use of alcohol. One of the first things to go in the case of the drinker is his sense of shame. He becomes less things which would cause him to hide his face in shame. He begins to say when sober. But the one under the influence of alcohol is totally unable to realize how stupid he is when intoxicated. He will, if you will, all the fun of "drunk stories." How many of them represented a lightening sense of humor, and how many of them represented a lowered sense of shame.

A second thing to go is the capacity for self-criticism. As soon as alcohol gets into the blood stream it begins to attack the delicate profusion cells that make life the nerve centers, paralyzing them until they are entirely unable to function. This makes it impossible for the intoxicated person to judge distance and time accurately. In a similar fashion, he is even less able to judge accurately his own remarks, conduct, and behavior. The result is that he becomes a nuisance, and not an amusement.

A third loss is the loss of will-power. Let it never be forgotten, that alcohol is a habit-forming drug. The mid-afternoon cocktail is only the forerunner of a vicious habit which will not be denied and that ends in slavery and desperation. The brilliant polished and lighted cocktail lounge is only the prelude to the gutter.

All along the poisonous path are the wasted emotions of character. No man can begin the use of alcohol without signing a quick claim deed to moral character and self-control.

COVERING THE ENGLISH FRONT

In the study of English literature the Seniors have recently completed a unit on drama. This study began with the origin of plays in the church services, including the first true comedy and the first true tragedy, and covering an intensive study of Macbeth, "The Straps to Conquer," by Goldsmith, and "The Last Six Hat" by Lord Dunsany, were plays of later centuries that were read by the entire class.

Reports from dramas read at recreational reading and the writing of an original play by each class member completed the unit. The best of the original dramas will be presented in the class room.

A study of the essay as a literary type will be the next unit of study for the English Four group. The English Two class has just completed a unit on the short story, which was climaxed by each member writing an original short story.

At the present, it looks as though the tenth grade will learn to write themes. At least, a theme a day should keep the demons from going astray.

The Freshmen are reviewing the fundamentals of grammar.

CAUTION, PRESS CLUB MEMBERS

All members of the Press Club who do not get their news in one time had better watch out. Remember, you have only three chances to make good, and every time you edit, leaving in news, that is a mark against you.

RAH! RAH! FOR OZONA
Weren't your proud of the way Ozona showed up Saturday in the game between Grandfalls and Ozona? The new suits of Jack and Lole must have given us all an inspiration. The pop squad, band and drum corps are going to do even better in the game with Sorona. Be sure and be out on Nov. 11 and watch us perform. We'll be expecting you.

Miss North: "What is a mummy?"
Miles: "Please, miss, a pickled queen."

Mr. Nelson: "Who was Talleyrand?"
Miles: "A fan dancer, and Philip K. 'A fan dancer, and Jim: 'The pedals hurt my feet."

Howard: "Gosh you're dumb."
Why don't you get an encyclopedia?"
Jim: "The pedals hurt my feet."

THE LIONS ROAR

Published Weekly by the Student Body of Ozona High School

OZONA, TEXAS, THURSDAY, NOV. 11, 1937

BAND PEPS UP ASSEMBLY PROGRAM

The band, under the direction of Mr. Edwards, had charge of the assembly program on Thursday, November 4. The band played the pieces: Pruna, Washington Lee Swing, Our Director, Arkansas Band, Magneta Overture, Eyes of Zora, and Old Gray Mare. A third dance was given by Betty Jo Hallen, and Ruth Townsend; a reading by Mary Frances Bean completed the program.

SPANISH CLASS ENJOYS NEW, COLORFUL BOOKS

The Spanish I class of 1937 has adopted a new book called, "Language, Literature and Life, A Modern Foreign Language Program," by Friedman, Aronson, and Corvaja. The students are finding it very colorful in its presentation of subject matter. They are making a study of a hundred sentences taken from the first fifty pages of the book. Their present knowledge may be noted superiorly. They are particularly interested in Spanish because in the vicinity in which they live Spanish is frequently spoken. This class, which is very large, consists of: Helen Armstrong, Pooey Baggett, Roy Baker, Doris Childress, Crystelle Carson, Jack Chapman, E. G. Christensen, Betty Lou Coates, Ora Louise Cox, Walter Esqui, Jeff Fussell, Louisa Graves, Mary Louise Harvick, Willie Joe Hinkham, Marie Leither, Beecher Montgomery, J. B. Parker, Lela Mae Phillips, Elmon Powell, Philip Scheneman, Jennie V. Schwabe, Emily Smith, Mary Alice Smith, Clifton Tallafra, Mary Frances Taylor, Zola Williams, Adena Willis, Zack Blair.

STUDY BIOLOGY SPECIMENS

Several weeks ago the biology class took a field trip. Since then the class has been studying the specimens that were found. The members of the class are planning a science organization to be started soon. To maintain membership each student must submit one outstanding piece of work, such as an original experiment, a study of something peculiar to this area, or must make some piece of equipment for some laboratory or the laboratory at school.

CAMPUS PHILOSOPHY

It doesn't matter what you say but how you say it. If we were all satisfied, we would never reach the hill tops. Flatness is like a bottle of cold glue water to be studied and not swallowed. Don't hope for the best, but hope for it. What have you done this day in the way of showing kindness, appreciation, and love? A horse that has run away, and a man who has shown in society never amount to much thereafter. Times have changed. To be good is not longer a curiosity. There are two things to do when you are imposed upon: one is to stand it, and the other, I can't think of, just at the present.

THE PROWLER

We should like to find out why Jack's suspenders would hold up his pants anymore? Why was a certain Sophomore girl dodging the "Driving License Man?" Lurline was blushing a great deal last Tuesday, could some one tell us why? It seems that Doris and Mary Alyce have been getting telephone calls lately. We wonder from whom? Who is Mary Louise's handsome street walker? It seems that the high school home town boys are concerned with "Our Gang" lately. Mary Boss certainly is happy. We wonder if the "soldier boy" is coming in Ozona again. Why is Catherine so anxious for weekends to come? What was Billy Jo so excited about the night of the "masquerade?"

OUR STAFF

I'm sure that you have seen the Ozona High School paper staff every week in the left hand corner of the page. Now, maybe you would like a tip about each. Here they are:

SIXTH GRADE NEWS

The sixth and seventh girls Glee Club had a floor show Wednesday. We had a very nice time. The ones on program were as follows: Alyce Hokit, piano solo; Mary Louise Parker, Vera McCalah, Lettie Jo Owens, Elizabeth Gray, song; Priscilla Baker, poem; Maxine Hinkins, riddle; President, Priscilla Jean Baker; Secretary, Margaret Russell.

FIFTH GRADE NEWS

The fifth grade is making a Pilgrim village. We are making a spinning wheel, pots and pans, a fireplace, Pilgrim dolls, Indian moccasins, candles and candle holders. The fifth grade in English are writing a play about Miles Standish.

SEVENTH GRADE NEWS

Good Health Rules
1. Bathe often.
2. Sleep many hours with windows open.
3. Brush your teeth at least twice a day.
4. Drink four glasses of milk each day.
5. Eat fruit and vegetables daily.
6. Play out of doors daily.
7. Drink from four to six glasses of water each day.
8. Wash your hair once a week.
9. Change your clothes at least twice a week.
10. Keep your fingernails clean.

OUR READING PROGRAM

About the best thing that I can think of in the reading line is the reading of good books. Good books contain many things in which we as a whole are interested. Some of these books may not please all of us, but we at least can find some that we like. We often start on a book thinking making aliberte, but as we read further along, we find that the book is very interesting. If we do this each time, we like the book, we find interesting anything that we read.

OUR READING PROGRAM

Our reading program contains magazines and newspapers also. From magazines we get the viewpoints of other writers on the subjects in which we are most interested. From newspapers we get the current news and happenings here in and foreign countries. Some of the news may not please us, but as a whole we are pleased with it. We cannot all be pleased because that is always impossible for each of us has different likes and dislikes in books, newspapers and magazines. If we are not pleased with an article in the newspapers or magazine, we should try to improve it in our own way, for our own good.

H. E. Announces Football Banquet Set For Nov. 23

Miss Moss, the home economics teacher of the Ozona High School, announced that the football banquet, which is an annual event, was scheduled for the twenty-third day of November. The H. E. A. class, which is composed of the O. H. II girls, have been putting the "finishing touches" on the school dresses that they made in class. Most of the students have completed their frocks. Catherine Childress, who is a Senior, gave some salt sacks, which she made in class, to the O. H. II girls. They have been making them for cup towels.

DRAWING STUDENTS MAKE SILHOUETTES

The M. D. students have been making silhouettes. These drawings have been placed on the bulletin board in the hall. The purpose of these drawings is to point out to the students a way to illustrate themes and project work. Almost any subject that one would wish to depict could be shown this way.

PRESS CLUB MEETING HELD

On Wednesday, November 3, the Press Club met at the home of Lurline Townsend. During the evening the members prepared the following news items:
It was announced that several books on newspaper writing had been ordered for the group to study. Crystelle Carson has invited all the members to be present at the next meeting which is to be held at her home on Nov. 17. Delicious refreshments consisting of hot tea and chocolate, topped with whipped cream, were served to members.

YOU CAN'T TELL BY LOOKING

Nearly every year there are several new teachers in Ozona. Some of the new teachers are quite pretty. To be beautiful rather dull. But, then they come and school begins. The pretty one is very tall; the dull looking teacher is unusually practical. The others are all so very different that I wonder why I ever make an opinion by only a picture. The most valuable postage stamp is valued at fifty thousand dollars. It was issued by the British Guiana government about 1858. A boy, while looking through some old papers, found it. The stamp was drab, worthless looking, and dirty with age. For almost twenty years, while it increased greatly in value, the stamp lay in a huge collection, owned by an Austrian nobleman, living in France. No other copy was found, when the Austrian died, the French government sold it to an American for a large price, the finder, who was the late King George V. of England, wanted it for his huge collection of British Colonies, quit bidding at \$42,000, and was over bid.

HISTORY DEPT. GIVES ARMISTICE PLAY

A chapel program, "The Return," sponsored by C. E. Nelson, of the history department, will be given in the high school auditorium Wednesday evening at three o'clock. The play, a one-act Armistice scene, will probably be the only Armistice play given in Ozona on that day. The characters are: Walton Banger, Norma V. Miller, Jeff Fussell, W. B. Robertson, and Miles Pierce. Everyone is invited to see the play.

AN ORCHID TO YOU

In a orchid to you, Jack Baggett, who is quite an inspiration to all the band members, helping them to get into the swing of the music by your own expression of rhythm.

PROFESSOR NELSON: "John, name a collective noun."

John: "A vacuum cleaner."

Norman: "Yes sir, Columbus was his first name."

"Archimedes," read Maurice, "leaped from his bath shouting 'Eureka! Eureka!'"

"One moment," said the teacher, "What is the meaning of the word 'Eureka'?"

"Eureka means 'I have found it.'"

"Very well, what had Archimedes found?"

Maurice hesitated, then vented hopefully: "The soap, sir."

"Well, where are all the 'Eureka's'?"

"Where are your pencils, George?"

"Ain't got one, Miss Terry?"

"How many times have I told you not to say that? Listen, haven't got one, you haven't got one, we haven't got one, they haven't got one—"

## An Inexpensive Southern Cottage

Here is a livable cottage at small cost. The design features a large living room 14x26, three bedrooms, two baths and plenty of closet space. The design is best adapted to a west front, which would give all bedrooms south and east exposure. A service porch is cleverly arranged for the kitchen entry, and a hall way connects all rooms of the home. A spacious terrace on the front, opposite the entrance side of the living room, is accessible from both the guest bedroom and the living room. A low chimney is in harmony with the above plan. It has passed the rigid inspection of the Federal Housing Administration and can be financed by W. K. Ewing Co., Inc., of San Antonio. Under this plan of lending you can borrow up to 80% of the appraised value of the improvements and lot, and have as long as 20 years to pay.

## 16 Years Average Term Of Mortgage

The average term of a mortgage insured by the Federal Housing Administration is slightly over 16 years, while the largest number of mortgages written is for 19 1/2 years and more than half of those insured are for terms ranging from 17 to 20 years.

The long term mortgage receives more public preference, particularly when for new construction. Housing Administration records showing 71.9 per cent of new construction mortgages are for a 17-to-20 year duration and 21 per cent in the 15-to-16 year bracket.

## Questions and Answers

Q. How large should a breakfast alcove be? I would like to build one in the corner of my kitchen but do not know whether there is sufficient room.  
A. If the table and chairs are to be portable, a desired minimum size is seven feet, six inches square. If they are to be built in, an area of four feet by six feet is the minimum space for four persons.  
Q. Is it dangerous when the hot water turns to steam?  
A. It is dangerous unless there is a safety release valve on the

## Insured Mortgages For Small Towns

About 40 per cent of the new residential construction mortgages insured by the Federal Housing Administration are in towns and cities ranging in population from less than 2,500 to less than 100,000.

This, coupled with the fact that the Housing Administration system has been extended throughout the 48 states, shows definitely that mortgage money, formerly lacking to any extent in small communities, is now more readily available in towns isolated from money centers. Moreover, more favorable terms on loans for home construction and home buying in such communities are operative through the Insured Mortgage system.

Since the beginning of its program in 1934, 93 per cent of all mortgages insured by the Federal Housing Administration have been on single-family houses and over half of the insured mortgages are valued at less than \$5,000 and about a third of the total are valued at less than \$4,000. On new construction, Housing

## Administration records show 95.4 per cent of the mortgages insured were for the building of single family dwellings; 8.2 per cent for two family dwellings, and 1 percent for our family dwellings.

The fact that several million mortgages were "taken out of circulation" by the government during the 1934 drought is back of the idea that there are actually fewer cattle in the country than normally. Several years of drought conditions and shortage of feed likewise forced heavy liquidation of cattle in various areas. It is certain that the number of cattle on corn belts is smaller than usual, and a good many of the cattle now going to central markets undoubtedly are finding their way into the middle west.

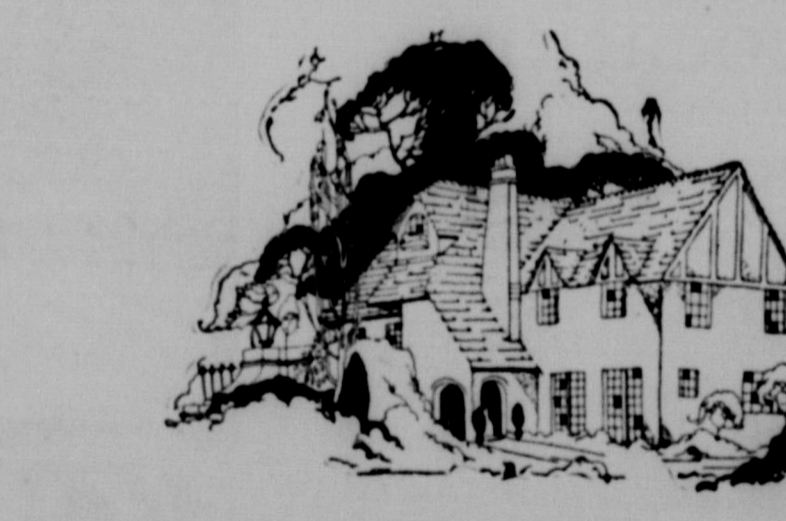

It is doubtful if there actually is a shortage of cattle, even though government estimates indicate that numbers on January 1st will show a reduction from the preceding year. Nor is there believed to be an over-supply. The fact that receipts are not about as heavy as markets indicate suggests that growers generally would do well to give first consideration to the improvement of quality and be very hesitant about attempting to build up numbers.

The Los Angeles market has received large supplies of cattle during the first days of November, and the market price structure has held up remarkably well, largely because from 25 to 30% of the daily receipts are being purchased by cattlemen for restocking purposes. A fact that is outstanding is that the average quality of our western cattle is surprisingly plain. It is difficult to understand why there is not a greater and broader effort on the part of western range cattlemen to build up the quality of their cattle. Each year finds buyers discriminating, and each year finds a greater spread between the common and inferior and, the choice, will breed cattle.

**The LUMBER That Goes Into Your Home**  
Home is what you make it — and this is certainly true with respect to the lumber which goes into your home. Dependable lumber throughout your home will make it more livable; it will save trouble and expense in upkeep, and it will put you money ahead in the end. So when you build or remodel, consider this — the lowest estimate may not be cheapest for you. Make sure your estimate covers good quality lumber. That's the kind we supply. See us for particulars.

## The Livestock Situation

Los Angeles, Nov. 10.—Despite generally accepted opinion that there is something of a scarcity of beef cattle in the United States, reports from the leading markets going recent weeks have been pointing the largest on record. There are many who see in these reports an effort on the part of many a cattleman to trim up, improve quality and realize a profit during a period of fairly satisfactory prices.

The fact that several million mortgages were "taken out of circulation" by the government during the 1934 drought is back of the idea that there are actually fewer cattle in the country than normally. Several years of drought conditions and shortage of feed likewise forced heavy liquidation of cattle in various areas. It is certain that the number of cattle on corn belts is smaller than usual, and a good many of the cattle now going to central markets undoubtedly are finding their way into the middle west.

It is doubtful if there actually is a shortage of cattle, even though government estimates indicate that numbers on January 1st will show a reduction from the preceding year. ## Goatmen Praise Use Of Wettable Sulphur In Control Of Lice

Various activities of the care of sheep and goats are keeping West Texas ranchmen busy during this season of the year. Reports from county agricultural agents in that section indicate that the use of wettable sulphur has been found to be a most effective means of controlling lice on goats. One agent reports that he has seen a goat with 1,000 lice on its back, and that the goat was very itchy and restless. After the use of wettable sulphur, the lice were gone and the goat was comfortable.

## Ozona Girl Chosen To Play In College Symphony Orchestra

Denton, Nov. 10.—Miss Athleen Dudley of Ozona has been chosen to play in the Symphony Orchestra at Texas State College for Women. This group is presented in two formal concerts on the campus during the year.

## Inspired Lions—

(Continued from Page One.)  
and then stepped back to add the extra point from placement. In the second quarter, Montgomery lapped the ball for a 40-yard gallop down the sidelines for the second and score of the day. Purner plunged the line for the extra point on a fake place kick formation. The Lions' third quarter of the day came in the third frame when Grand Falls blunder was turned to the locals' gain. The Grand Falls safety, attempting to take a kick while standing but a few yards from his own goal, fumbled the ball, and two alert Ozona line men covered over the goal line for a touchdown. This time an attempted pass for the extra point failed.

## Ozona-Sonora—

(Continued from page 1)  
even stronger in this local classic. If the same determination is in the minds of the Lion eleven when it takes the field at 2 p. m. today, it is destined to make the going exceedingly rough for the Sutton corps, and may even emerge with the laurels of victory against what now appears, on paper at least, a superior team.  
The kick-off in the annual Lion-Broncho contest is scheduled for 2 o'clock on the local field. The day being a holiday for schools and most of the business houses in the city, both here and at Sonora, athletic officials here are looking for the largest crowd of the season to be on hand to urge the Lions on, with possibly an equally large contingent from the Sutton capital to be here to urge the Bronchos to greater effort.  
Can place an ambitious man or woman in steady, profitable, independent sales business with bright future, in Ozona. Write J. R. Watkins Co., 70-72 W. Iowa, Ave., Memphis, Tenn. (1p)

## EVERY MAN WHO EVER LOVED HIS FAMILY—

is invited to participate in this  
**\$40,000 NATIONAL CONTEST**  
ON THE  
**Electrical Standard of Living**  
HAVE YOU ever thought how little the Pilgrims actually had for which to give thanks? How infinitely more blessed are we of today! But it was those brave souls who, through love for home and family, made Thanksgiving Day a national institution—a day for reflection on our domestic bliss. And our blessings have increased year after year until 1937 finds many thousands of West Texans possessed of all electric homes . . . enjoying the Electrical Standard of Living. It is a mode of life—comfort and ease—undreamed of by the Pilgrims. Its adoption has been swift in West Texas, so swift that this Thanksgiving finds a larger percentage of West Texans living in electrical security than do average Americans. We live better because every man who ever loved his family has sought to provide the advantages of Electric Service.

**West Texas Utilities Company**  
The Better Things of Life Come with the Electrical Standard of Living  
**1st Grand Prize \$12,000 New American Home**  
**2nd Grand Prize \$8,000 New American Home**  
Plus  
**10 Prizes Each Worth \$200 each week**  
Enter this great national contest by writing not over 100 words on why you approve of the Electrical Standard of Living.  
**You Need This FREE FOLDER**  
Both men and women are eligible to enter this FREE contest. Ask for the free entry blank at our office. The two grand prizes — a \$12,000 and an \$8,000 home — will be awarded to winners after December 4. They will be selected from 10 weekly winners of \$200 prizes. Ten prizes will be awarded each week from now until December 4. You still have an equal chance to win a grand prize!

## An Inexpensive Southern Cottage

Here is a livable cottage at small cost. The design features a large living room 14x26, three bedrooms, two baths and plenty of closet space. The design is best adapted to a west front, which would give all bedrooms south and east exposure. A service porch is cleverly arranged for the kitchen entry, and a hall way connects all rooms of the home. A spacious terrace on the front, opposite the entrance side of the living room, is accessible from both the guest bedroom and the living room. A low chimney is in harmony with the above plan. It has passed the rigid inspection of the Federal Housing Administration and can be financed by W. K. Ewing Co., Inc., of San Antonio. Under this plan of lending you can borrow up to 80% of the appraised value of the improvements and lot, and have as long as 20 years to pay.

## 16 Years Average Term Of Mortgage

The average term of a mortgage insured by the Federal Housing Administration is slightly over 16 years, while the largest number of mortgages written is for 19 1/2 years and more than half of those insured are for terms ranging from 17 to 20 years.

The long term mortgage receives more public preference, particularly when for new construction. Housing Administration records showing 71.9 per cent of new construction mortgages are for a 17-to-20 year duration and 21 per cent in the 15-to-16 year bracket.

**Questions and Answers**  
Q. How large should a breakfast alcove be? I would like to build one in the corner of my kitchen but do not know whether there is sufficient room.  
A. If the table and chairs are to be portable, a desired minimum size is seven feet, six inches square. If they are to be built in, an area of four feet by six feet is the minimum space for four persons.  
Q. Is it dangerous when the hot water turns to steam?  
A. It is dangerous unless there is a safety release valve on the

## Insured Mortgages For Small Towns

About 40 per cent of the new residential construction mortgages insured by the Federal Housing Administration are in towns and cities ranging in population from less than 2,500 to less than 100,000.

This, coupled with the fact that the Housing Administration system has been extended throughout the 48 states, shows definitely that mortgage money, formerly lacking to any extent in small communities, is now more readily available in towns isolated from money centers. Moreover, more favorable terms on loans for home construction and home buying in such communities are operative through the Insured Mortgage system.

Since the beginning of its program in 1934, 93 per cent of all mortgages insured by the Federal Housing Administration have been on single-family houses and over half of the insured mortgages are valued at less than \$5,000 and about a third of the total are valued at less than \$4,000.

On new construction, Housing

Administration records show 95.4 per cent of the mortgages insured were for the building of single family dwellings; 8.2 per cent for two family dwellings, and 1 percent for three family dwellings.

Administration records show that 95.4 per cent of the mortgages insured were for the building of single family dwellings; 8.2 per cent for two family dwellings, and 1 percent for three family dwellings.

## Goatmen Praise Use Of Wettable Sulphur In Control Of Lice

Various activities of the care of sheep and goats are keeping West Texas ranchmen busy during this season of the year. Reports from county agricultural agents in that section indicate that the use of wettable sulphur has been found to be a most effective means of controlling lice on goats.

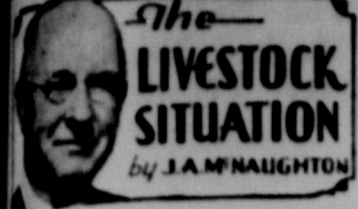

W. H. Taylor, of the same county, reports that his 2,000 goats were free of lice at shearing time. He also reports about one-half pound increase in mohair over last fall.

Adam Wilson, who ranch covers a part of Bandera, Kerr and Real counties, reported his shearing weights at 3.02 pounds per goat. Wilson has dipped his goats twice in wettable sulphur. All ranchmen who have used sulphur have reported that their mohair seems to be exceptionally clean and free of lice.

Robert Brown of Medina

Robert Brown of Medina

## The Livestock Situation

Los Angeles, Nov. 10.—Despite generally accepted opinion that there is something of a scarcity of beef cattle in the United States at the leading markets, reports from many who see in these reports an effort on the part of many a cattleman to trim up, improve quality and realize top receipts during a period of fairly satisfactory prices.

The fact that several million goats were taken out of circulation by the government during the 1934 drought is back of the idea that there are actually fewer goats in the country than normally.

Electric Organ To Be Demonstrated In Local Church Sunday
A demonstration of the Hammond Electric organ will be given in connection with the morning services at the Methodist Church next Sunday. It was announced this week by the pastor, Rev. Eugene Slater.

First Half Tax Payment Must Be Made This Month
Split Payment Plan Deadline Is November 30
Taxpayers who wish to take advantage of the split tax payment plan, whereby the annual tax bill may be paid on the installment plan, or in two equal payments, must pay the first installment this month, according to a warning issued this week by W. S. Willis, sheriff and tax collector.

1. Be slow to hang up when calling. 2. Be quick to answer when called. In the Southwest, 25,000 people a day hang up before the called party has a chance to answer.

BRIEF NEWS

WINK MINISTER HERE
Rev. John L. Roden, pastor of the Baptist Church at Wink, will occupy the pulpit at the morning hour here Sunday in the Ozona Baptist Church.

VISITS IN HOUSTON

Mrs. W. H. Augustine and daughters, Mrs. Hilton North and Mrs. North's small daughter, Mary Ann, have returned from Houston where they spent last week visiting Mrs. Helen Taylor, another daughter of Mrs. Augustine.

BACK FROM ANGELO

Mrs. Max Schenemann has returned from San Angelo, her infant daughter, born recently in a San Angelo hospital, remaining in the hospital for further care. Attending physicians say the baby will be in condition to be brought home about January 1.

CORPUS CHRISTI VISITORS

Mr. and Mrs. D. E. Jackson of Corpus Christi stopped off for a brief visit here Sunday with Mr. and Mrs. A. W. Jones. They were on their way home after a visit in El Paso. Mrs. Jackson is a sister of Gilbert, Nokes of Corpus Christi, son-in-law of Mr. and Mrs. Jones.

LAD IS CONFIRMED

Confirmation ceremonies were held in the Jewish synagogue in San Angelo Sunday for Bobby Lemmons, son of Mrs. Ben Lemmons of Ozona. A reception at the church followed the services.

NUT PICKING TIME

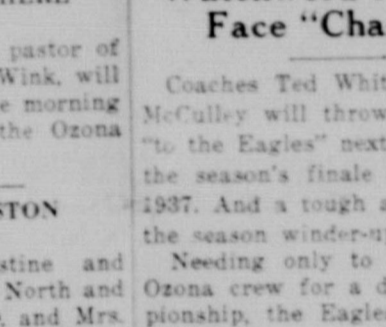

It's nut picking time in West Texas as pecan trees give up their crop. A familiar sight around this time of year is the daily crowds in the downtown park harking in to the tall pecan trees in the park in an effort to coax down the last nuts. Caretaker Bill Little, accompanied by a long fishing pole, with a big gathering of eager pickers on the job to fill all available pockets.

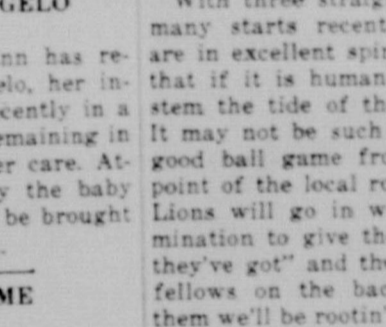

Chas. E. Hale, 54, Sheffield Garage Proprietor, Dead

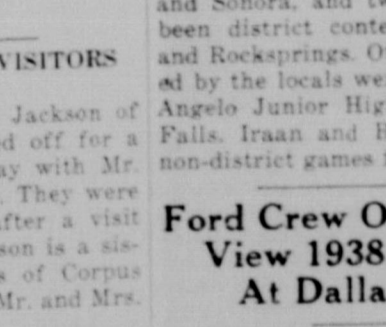

Alexander Ritchie, manager of King George's royal farm at Windsor, England, who is judge of the steer classes at the International Live Stock exposition in Chicago. He succeeds Walter Ripley of DeBartlett, Scotland, who has judged the steer classes at the show 12 times in past years.
