## Atkins Brothers May Survive Car Crash Injuries

### Barnhart Men Gravely Hurt In Sunday Morn- ing Accident

Although their conditions remain critical, Ted Atkins, Barnhart, weigher for the O-B Trap Co., and his brother, Blake Atkins, Rankin trapper, gravely injured early Sunday morning when their car crashed into a concrete bridge abutment two miles east of Big Lake, are given a good chance to recover, reports reaching friends here yesterday indicated.

Ted developed pneumonia in a San Angelo hospital, where both were taken, and for a time it was feared this complication might prove fatal. However, reports yesterday were to the effect that both have rallied and attending physicians are of the opinion they will survive.

Blake was driving at the time of the crash, about 2:30 Sunday morning. He is thought to have fallen asleep at the wheel. Ted had turned the wheel over to his brother a short time before when he became too sleepy to drive. The pair were on their way to Barnhart.

Ted suffered a concussion and his face and head were badly lacerated. Blake suffered a fractured left leg and deep cuts on the neck and right leg. The men are said to have lain on the highway nearly three hours before passers-by summoned aid.

## Red Cross Roll Call Plans Made At Workers Meet

### Field Representative Confers With Local Committee

Plans for the local Red Cross Roll Call drive for 1937, scheduled to open November 11 and continue until Thanksgiving or until the local quota is raised, were discussed at a gathering of interested workers here yesterday afternoon for a conference with Robert T. Bridge, field representative of the national organization of the American Red Cross.

Mr. Bridge delivered an inspirational talk on the work of the Red Cross and the importance of selling the organization to each section of the nation.

"The annual Roll Call drive is primarily to sell the people on the spirit and aims of the Red Cross, not merely to raise money," Mr. Bridge said. "We want people to become members of the Red Cross, to understand its work, its aims and its organization. If they are sold on the idea, the Red Cross will be armed for any emergency or catastrophe that might befall the nation."

The 1937 Roll Call quota has been set at 220 members for Ozona. The local organization plans to make an effort this year to get a number of sustaining memberships of amounts from \$5 to \$25. Such contributions mean a stronger fund for the local chapter use, as only 50 cents of each membership, whether it be a \$1 minimum or \$25 or more, is sent to the national organization, the balance remaining in the local chapter's funds for use in local rehabilitation work.

### SIX DAUGHTERS VISIT

Mrs. Mary Perner enjoyed a visit from six of her daughters Sunday afternoon. They were Mrs. Boyd Cox of Rankin, Mrs. Bob Murchison of Fort Stockton, Mrs. Hugh Childress, Mrs. Will Baggett, Mrs. Roy Henderson and Mrs. Max Schneemann of Ozona. A grandson, Bob Perner Murchison, student at Texas Military Institute of San Antonio, spent the week-end here visiting his mother and grandmother.

## Loyalist Sub Stranded at Brest

Pictured above in the harbor of Brest, France, is the Spanish loyalist submarine C-2, left stranded by its crew which divided into Red and anti-Red groups. A rebel plot to seize the submersible failed and the boat is now awaiting a new crew to take it back to Valencia, Spain.

## Seek Contracts For Tank Work In This County

### Alpine Firm To Move In If Enough Work Is Available

The services of a well equipped tank building contractor who will move in sufficient equipment and men to complete all contracts by the first of the year and thus insure payment of government grants for this type of range improvement under the Soil Conservation Act, are now available to Crockett County ranchers if enough are interested to justify concentration of this equipment here the balance of the year, it was announced here last night.

L. P. Reed of Alpine, who has recently done several thousand dollars worth of dirt tank building in Pecos and Brewster Counties to qualify for government aid, conferred with County Agent C. J. Van Zandt yesterday and arranged for a contract sign-up campaign among ranchmen of this county to insure enough volume to justify moving the equipment here and undertaking its completion before the deadline at the end of the year.

To qualify for grants under the 1937 soil program, the work must be completed before the end of the year. Mr. Reed has two big dirt moving machines and will secure another if as much as 100,000 cubic yards of work can be signed up. He is equipped for day and night work, big spotlights mounted on machines making it possible to run a night shift. If contracts are signed, the company will guarantee completion by the deadline.

Ranchers who sign up for this work may pay for it in cash upon completion or sign non-interest bearing notes due March 1, 1938, for the amount, Mr. Reed said. A supply of contract blanks has been placed in the hands of the county agent here and ranchers are urged to call at that office to sign up for their work.

It is estimated that approximately 180,000 cubic yards of dirt will be moved in construction of tanks in this county if all such projects called for in applications for soil conservation work are completed. This work has lagged in this county, however, for the reason that the services of a competent contractor were not available.

Ranchers who are interested in signing up for this work are urged to call at once at the office of the county agent in the court house where contract blanks are available. A quick sign-up will make it possible for the work to be completed in time to qualify for the 1937 allotment.

## Likes Goat Now!

### Texon Man Converted After A Taste Of "Creation" From Cooke Barbecue Pit

M. R. Williams, manager of the Texon Theatre, chairman of the Texon Boy Scout troop committee and civic leader of the Big Lake Oil Company town, is now a confirmed booster of "chevon" or goat meat.

For fifteen or twenty years, Mr. Williams had abhorred the sight or smell of goat, on foot or the dining table. But a "smell" and a "taste" of goat as the beastie comes from the R. J. Cooke patented barbecue pits turned an abomination into a fervid adoration.

"Some fifteen or twenty years ago, while enroute between Tampico and Monterrey, Mexican bandits cut the railroad and we were held up three days in the wilderness with nothing but goat to eat," Mr. Williams wrote in a letter to Mr. Cooke here expressing on behalf of the troop committee of Texon, appreciation for the barbecue prepared by Mr. Cooke for a Scout feast.

"I had not tasted goat since that time, and I thought I never would eat it again. However, when this reached here it had that 'Bob Cooke barbecue smell,' so I tasted it,—and raved over it—in fact, I took enough of it home to last several days. Ollie Parker was right when he told me how well I would like goat if you prepared it."

## New Dodge For 1938 Now On Display By Local Dodge Dealer

Combining forty-seven progressive new improvements, the new Dodge for 1938 has been placed on display here by the City Service, owned and operated by Frank James, local Dodge and Plymouth dealers.

The new Dodge features distinguished new beauty, new "simplified driving" control, 1938 "silenced airglide ride," greater driving safety, luxurious and roomy interiors, and new exterior styling that has earned it the popular designation of the "American Beauty" of automobiles.

### NAMED INSPECTOR

T. A. Kincaid, Jr., received notice this week of his appointment as inspector for the Federal Intermediate Credit Bank of Houston, a government lending agency. Mr. Kincaid will be assigned to inspection work in the West Texas area.

Mrs. Boyd Cox and Mrs. Bob Murchison have been visiting their mother, Mrs. Mary Perner, this week. Bob Perner Murchison, student at T. M. I. in San Antonio, spent the week-end with his mother and grandmother here.

## Scouts And Dads Guests Of P.T.A. At Annual Feast

### Rally Is Highlight Of Initiation Of Fall Activities

Marking the highlight of the new season's activities boys of Ozona Scout troop No. 53 and their dads and special guests gathered in the basement of the Methodist Church Tuesday evening for the annual Father and Son banquet, sponsored by the Parent-Teacher Association.

Frederick B. Isley, assistant Scout executive for the Concho Valley Council, was a special guest of the occasion, delivering an inspirational speech during the evening. Other speakers of the program were Ira Carson, chairman, and Scott Peters, C. S. Denham, E. B. Baggett, V. I. Pierce, Ben Robertson and Eugene Slater, members of the local Troop committee. Eugene Hollon, Scoutmaster, also talked to the group.

The lot for the Scout cabin has been donated by Dr. H. B. Tandy, and work on the cabin is scheduled to begin Monday, it was announced at the meeting. The cabin is to be built of native stone, on the side of the hill east of the school buildings.

An interesting feature of the program was the exhibition of moving pictures taken by Miles Pierce and Roy Henderson, Jr., in New York and Washington, D. C., during the National Scout Jamboree.

Six new Scouts were initiated at an Investiture ceremony during the evening. The new Tenderfoot Scouts are Jack Brownrigg, Wayne West, Jr., Bill Hannah, Bill Carson, Stanley Lemmons and Eddie Cooke.

## P.T.A. Supports Plan Of County Health Nurse

### Organization To Work With Commissioners For Project

A decision to abandon its project to secure a school nurse and to throw its support behind the Commissioners Court in that body's efforts to secure the services of a county health nurse was reached by the Ozona Parent-Teacher Association at its session Monday afternoon.

A committee was named by the president, Mrs. George Bean, to meet the Commissioners Court and talk over the project.

The Junior High Glee Club presented the opening program number, with Miss Nancy Dawes directing. The problem of poor sports in school life was discussed by Mrs. Welton Bunker. A vocal trio composed of Mrs. L. B. Townsend, Mrs. Jack Holt and Mrs. E. B. Baggett, with Mrs. Bryan McDonald at the piano, sang "Lassie of Mine." School news highlights were presented by Mrs. R. L. Flowers.

For the first time in the history of the local organization, the Senior Class won the picture award for having the best representation of mothers at P. T. A. meetings the past two months. Similar awards are made by the organization at the end of each two months period. Hostesses serving refreshments at the conclusion of the meetings were Mrs. S. M. Harvick, Mrs. W. E. Friend, Jr., Mrs. R. F. Powell, Mrs. Elton Smith, Mrs. Charley Coates, Mrs. Joe Patrick, Mrs. Hugh Gray, Mrs. W. M. Johnigan, Mrs. Leslie Nance, Mrs. Ray Dunlap and Mrs. Johnnie Hokit.

Mr. and Mrs. Floyd Henderson are in San Antonio purchasing furniture for their new home. Mrs. Jake Short is with them.

There's NEWS in the advertisements. Read them.

## Ozona Hardware Co. Closed By Owners

Doors of the Ozona Hardware Co., operated here for several years in the Perner building by the Findlater Hardware Co. of San Angelo, were closed this week. The San Angelo firm established the store here, initially under the management of the late W. D. Barton, ten years ago. M. Wilkinson, who has managed the store the past three years, has accepted a position with the Joe Oberkamp store here, to be in charge of a new hardware and gas appliance department to be operated in the new building next door to the Oberkamp store, leased recently from Mrs. Ben Lemmons.

Stock and fixtures of the firm were moved out this week, the West Texas Lumber Co. and Joe Oberkamp taking part of the lot, the balance being removed to the San Angelo store.

## Luckless Lions Seek First Dist. Win Over Menard

### Underdogs Of Loop To Settle Cellar Issue Saturday

The luckless Lions of Coaches Ted White and Jake McCulley are pointing this week for their first conference victory of the current gridiron campaign.

Underdogs of District 41B, the Ozona Lions and the Menard Yellowjackets will settle the cellar issue on the Menard gridiron next Saturday afternoon. The Jackets had their stingers pretty thoroughly picked last Saturday afternoon when the powerful Eldorado Eagles buried them under a pitiless deluge of fifteen touchdowns and twelve points after touchdowns for a total tally of 102 to 0.

The Lions, on the other hand, were humbled last Saturday by the Rocksprings Bulldogs by a count of 39 to 6. However, the locals were heartened by the fact that the lone touchdown scored against the Bulldogs was the first tally by a conference foe against the Bulldogs in three years. The score came as a result of a sensational 90-yard run by Captain P. C. Perner, who scooped up a Rocksprings kick-off to return it for a score in the fourth quarter of the game.

The Rocksprings eleven made it the first order of business to score on the Lions, Sherrill, loose-hipped quarterback, taking a Lion punt the third play after the kick-off and milling back 50 yards through the local defense for a

(Continued on last page.)

### BUYS NEW BUICK

The first delivery of the new 1938 Buick made by the Wilson Motor Co. was to Charley Black, Crockett County Commissioner and rancher near Big Lake. Mr. Black purchased the four-door touring sedan, 41 model. Mr. and Mrs. Judge Montgomery left last week for Flint, Mich., to take delivery of a new Buick at the factory.

## 2-Day Appreciation Party To Be Staged By Williams Grocery

A two-day grocery sale and an "appreciation party" for customers and friends of the store, with a representative of Libby's food products on hand to serve refreshments at all hours during the two days, has been announced by the J. H. Williams and Sons Grocery of Ozona.

The party is to take place Friday and Saturday. A general invitation to people of Crockett and surrounding counties has been issued by the store management. Full details of the party and a list of grocery bargains for the two-day event will be found in the company's full page ad on page 7 of this issue of The Stockman.

## Rev. Slater Will Probably Return To Local Charge

### Methodist Minister To Annual Conference In San Antonio

Rev. and Mrs. Eugene Slater left yesterday morning for San Antonio to attend the annual West Texas Conference of the Methodist Church to be held in that city today through Sunday.

Of outstanding interest to members of the church throughout the conference will be the appointments of ministers for the coming year, to be read at the Sunday afternoon closing session of the annual Conference.

It is considered almost certain that Rev. Slater will be returned to the local pastorate for another year. He has had a highly successful year as minister of the local charge since coming here last Fall, and, although there is no certainty concerning new appointments, it is considered highly probable that he will be returned for another year.

This morning's session of the Conference will see two important events of the four-day session, the election of delegates to the General Conference to be held next Spring in Birmingham, Ala., and the vote of this Conference on the question of the union of Methodist Episcopal churches of the nation. The union has already been sanctioned by the Methodist Episcopal Churches and the Methodist Protestant Churches, while this year will see the matter settled by the Methodist Episcopal Churches, South. If the southern churches sanction the union, it will be ratified at the General Conference.

Dr. Robert W. Goodloe, professor of church history at Southern Methodist University in Dallas, will be the Conference preacher. Rev. and Mrs. Slater expect to return to Ozona Monday.

## New Chevrolet For 1938 To Be Shown Saturday

### Four New Models In Premier Showing By Local Dealers

The new Chevrolet for 1938 goes on display in showrooms of dealers throughout the nation next Saturday morning. The cars have been in production for some time and dealers are all set for the simultaneous showing Saturday.

Four of the new models, three touring Sedans and one Coupe, will be shown by the North Motor Co., local Chevrolet dealers, J. W. North, manager, has announced. The public is cordially invited to visit the dealer's showrooms and see the accomplishments of Chevrolet engineers in the new models.

Noteworthy advances in performance, economy, safety, durability and style, gained through systematic refinement of features already thoroughly proved in the hands of the public, mark the two new passenger car series which Chevrolet is introducing for 1938. Both lines embody an improvement destined to rank as outstanding in the industry this year—the revolutionary new "Tiptoe-matic" clutch combining more positive action with greater operating ease, and adding importantly to the safety, comfort, and durability of the car.

The 1938 line, Chevrolet engineers assert, represents important

THURSDAY, OCTOBER 21, 1937

MRS. CLAYTON IS HOSTESS AT CONTRACT

Mrs. Boyd Clayton entertained her contract club and honored Mrs. Pleas Childress with a party at her home Saturday afternoon.

Mrs. J. A. Brashear and Mrs. Jerry Pace held high scores. They and Mrs. Childress were presented with pieces of costume jewelry.

The other guests were Mrs. Melvin Brown, Mrs. Lowell Littleton, Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Scott Peters, Mrs. J. O. Lusby, Mrs. Nadine Bernays, Mrs. Evart White, Mrs. Massie West, Mrs. T. A. Kincaid, Jr., Mrs. Charles E. Davidson, Jr., and Mrs. Massie West.

CALIFORNIANS VISIT

Mr. and Mrs. T. A. Kincaid had as their guests for a brief visit here this week Mrs. Adre Jones, a cousin of Mrs. Kincaid, Mrs. Ann Duerst and William Boettcher, all of San Diego, Calif. The Californians were on their way home after attending the National convention of the American Legion in New York.

Mr. and Mrs. N. W. Graham returned Monday from a visit with Mr. Graham's mother in Milano.

LITTLE HOUSES BY THE ROAD

Little houses by the road, Basking in the summer sun, Children coming home from school...

As we glide o'er hill and dale, Over field and stream— Sunshine all along our way, O'er our pathways gleam.

Little houses by the road, Bulwark of the state, Living there beside the road, Are a people great!

IF THERE BE NOT GOD

Tell me, if there be not God, From whence came Love? Tell me, if there be not Hell, From whence came Hate?

PROMISE

There will be wind and the cold stars shining Over the hillside darkened with graves— A field where fate, serenely sitting, A story of men, slowly engraves.

Dr. and Mrs. H. E. Tandy had as their week-end guests, Mr. and Mrs. Ira Bland, Mrs. C. M. Tandy, Miss Patsy Ellie, all of Abilene, and Ira Bland, Jr., who is a student in T. M. L. San Antonio.

Scout Notes

By Miles Pierce

Scouts of Ozona Troop 53 held their annual Fathers and Sons banquet at the Methodist Church Tuesday night.

Music was furnished by Ora Louise Cox and Dorothy Hannah. At the main table were Ira Carson, Rev. Eugene Slater, Eugene Holton, Frederick B. Isley, C. W. Tallaferro, V. I. Pierce, and Quinn Carruthers.

Mr. Carson, who is chairman of the Scout committee, made the introductory talk. Talks were also made by Mr. Holton, the Scoutmaster, Scott Peters, C. S. Denham, E. B. Baggett, V. I. Pierce, Ben Robertson and Rev. Eugene Slater, all committeemen.

Mr. Isley, field executive for the Cooke Valley Council, made an interesting speech to the fathers and Scouts.

Did you know that there were 27,400 Scouts at the National Jamboree? They were all based around the Washington Monument.

The lot for the Scout cabin has been donated by Dr. H. E. Tandy. The plans have been completed and the contractor will start work on the cabin Monday.

On the program were some movies shown by Miles Pierce taken in New York and Washington, D.

Sales . . . . DODGE PLYMOUTH . . . . Service

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

**Q. From what materials that are now largely wasted in Texas can cellulose be derived?**

A. From pine and other wood wastes, cotton lintens, corn and cotton stalks, ragweed, unmarketable sweet potatoes, rice hulls and many other farm products.

**Q. What rank among the states does Texas hold in home building?**

A. In the first six months of 1937, 7,176 home were built in Texas cities that required building permits. This gave Texas third place among the states, with Houston leading other Texas cities.

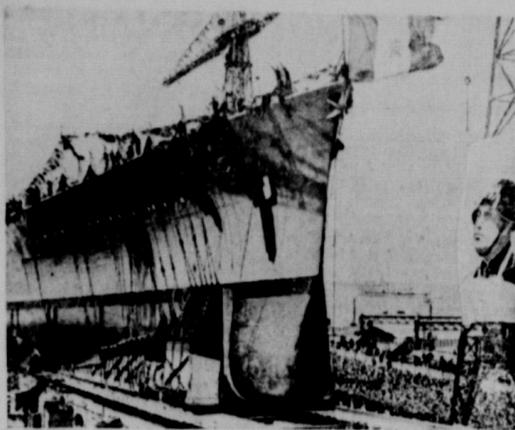

**Q. How many more are on the Texas scholastic rolls than attend school?**

A. About 330,000, according to State Superintendent of Public Instruction Woods, were on the scholastic rolls last year who were not in school. Texas has compulsory school attendance law, and there were numerous cases of roll padding to enable districts to secure more state money.

**Q. What was the full name of the Driskill cattle baron who drove his cattle to Kansas and other markets, whom did he marry and where did he live?**

A. There were 14 Driskills and 4 Driscolls, who were trail drivers from Texas to northern markets, the most prominent of whom was Jesse L. Driskill, who married a sister of James Monroe (Doc) Day and lived in Austin, though operating ranches in this state and Kansas. He had a contract to supply cattle to the Confederate Army, was paid in Confederate money, and this broke him. He recouped his fortune, built the Driskill Hotel and a fine residence in Austin, but endorsed paper for friends

**Duce Launches Another Warship**

A view of the Littorio, Italy's second 35,000-ton battleship, just before she was launched at Genoa recently in the presence of Premier Mussolini and the king of Italy. The ship was named by Signora Teresa Cabella, a naval artisan's wife, who was appointed by Il Duce.

an dagain lost his fortune in the panic of the 1880's.

**Q. What schools did Stephen F. Austin attend?**

A. Bacon Academy, Colchester, Conn., where he spent three years (1804 to 1807) and Transylvania University, Lexington, Ky., where he remained until April 4, 1810. He left school in his 17th year to assist his father in his business, which was then in a precarious condition.

**Q. What are the geographical divisions of Texas?**

A. It is difficult to define the different sections of Texas as they are commonly referred to. Sectional chambers of commerce divide the state into East, West and South Texas, but these have overlapping boundaries hard to fix definitely because of the shape of the state. Reference is made to North Texas, Northeast, South west, Central, Heart of Texas, etc., all of these being insusceptible to any exact geological location.

**Q. How old is the East Texas oil field and what has been its production?**

A. The first flowing well in what is known as the East Texas oil field was brought in by C. M. (Dad) Joiner, Oct. 3, 1930, about six miles west of Henderson, Texas, Rusk County. In its first seven years the field, extended from time to time, produced 1,959,450,135 (billion) barrels of oil, with estimates safely made that there

supervision. During the last year 13,713 agents' licenses were issued.

**Q. How many Texans composed the Mier expedition, how many took part in the battle of Mier, and how many lives were lost?**

A. There were 308 expeditioners including the camp guard; 265 were engaged in the Battle of Mier and 89 Texans lost their lives in the expedition from all causes, including sickness.

**Q. How many Texans took part in the Hacienda Salado break, Feb. 11, 1843, and how many participated in the bean drawing?**

A. There were 224 men in the break for liberty at Hacienda Salado, and 176 participated in the bean drawing, in which 159 white and 17 black beans were drawn.

**Q. In what season did Port Houston reach its peak of foreign ship ment of cotton?**

A. In 1931-32, with 2,655,094 bales. Shipments in the 1932-33 season were the next highest, with 2,584,508 bales.

**Q. Who is credited with establishing the fight distinctly German community in Fayette county?**

A. Joseph Biegel, who established the Biegel community in 1832, and built a gist mill, cotton gin and saw mill there. Biegel was the second German settlement in Texas and had some 50 or 60 homes in the early fifties.

**LIVESTOCK PERMIT** blank books for truckers at the Stockman office.

**Individual Initiative**

—has made America the world's richest nation.

PRIVATE enterprise has enabled the American people to enjoy advantages and comforts far beyond those of any comparably great population elsewhere in the world.

Private enterprise includes the individual farmer who helps produce the nation's foods, the "one man" building or manufacturing concern, the small merchant, the more sizable business firms and right on up to the greatest industrial and commercial corporations.

It is the primary function of the banks under normal conditions to give direct and constructive financial cooperation to all forms of business endeavor where conditions justify such action. In this Community are numerous instances of successful enterprises under individual initiative. This bank numbers many of them among its customers.

**GENTLEMEN, WE GIVE YOU THE MOST MODERN CHASSIS IN THE WORLD**

**Under the new beauty of Buick, modern engineering makes history, co-starring the DYNAFLASH ENGINE and TORQUE-FREE SPRINGING**

**WHAT HAPPENS** inside the 1938 Buick engine happens nowhere else in the world.

That is not advertising language, it is cold-steel engineering fact.

*Speeding through the raceways of the intake manifold, the fuel mixture vapor hurricanes into the cylinders at speeds around 250 miles an hour.*

*As it sweeps past streamline valve contours, a scientifically designed Turbulator, built into the piston face, flings it into airswirls of terrific turbulence.*

*The spark that leaps through that compact storm-center sets off a flashing cyclone of power, exploding with tornadic force!*

Sitting in the driver's seat you become aware of power that is livelier and more brilliant because gasoline is giving up more performance than it ever gave up to motorists before!

**TO MATCH** this incomparable stride, Buick engineers now give you a kind of springing you will likewise find on no other car in the world.

Poised on jarless coils of easy-flexing steel, Buick floats free of bobble, jar, chatter, jounce.

The car will not over-steer or under-steer—skidding, even on icy highways, is blessedly reduced.

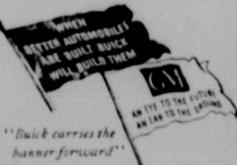

Rear tires no longer scuff half their life away through power-wasting wheel-slip.

Through winter and summer, without need of grease and without "seize" from rust, dirt, water or ice, springs keep their gentle, even cushioning for the life of the car.

**YES, IT IS** a great story, the story of these twin engineering triumphs in the 1938 Buick.

So great a story that it obscures half a score of other advances, themselves enough to make any car a wonderful buy.

We invite you to learn more about them this week at any Buick showroom.

**"Better buy Buick!"**  
YOUR MONEY GOES FARTHER IN A GENERAL MOTORS CAR

**Warning! Cold Weather's Coming!**

There's an unmistakable sign of Winter in the air. Cool mornings and cool evenings will be the order for a few weeks and then—

# THE LIONS ROAR

Published Weekly by the Student Body of Ozona High School

Vol. 2

OZONA, TEXAS, THURSDAY, OCTOBER 21, 1937

No. 14

### STAFF MEMBERS

Editor-in-Chief — Welton Bunger  
 Asst. Editor — Norman Rendall  
 Reporters: Doris Bunger, Lurinne Townsend, Maurice Lemmons, Catherine Childress, Jack Baggett, Jeff Fussell, J. W. Johnigan, Ora Louise Cox, Pete Perner, Haskell Leath, Mickey Couch, Crystelle Carson, John Coates, Mary Louise Harvick,  
 Typist — Fisher Powell

### THE SCHOOL PAPER

The staff is the most important of the several divisions of a school newspaper. One of the duties of the staff is to send various reporters after news. Fires, new books in the library, new teachers, classroom happenings, assembly programs, furnish good news stories.

On the staff of the Lion's Roar is the editor-in-chief, the assistant editor, the joke editor, the gossip editor, the business manager, and several reporters.

At regular meetings the staff discusses improvements on the paper, the latest school news, and compares different school periodicals.

The Grade School pupils and teachers are being quite alert to news and are assisting the staff all they can. If the high school student body as a whole would do as well, our paper would be one of which we could be proud.

Every student should consider himself a reporter to the Lion's Roar and should use the news box in the study hall freely.

### ASSEMBLY

The Ozona Junior High and High School met in assembly on Thursday, Oct. 14, to enjoy a play presented by the seventh grade. The novelty program consisted of a playlet showing some of the work that the seventh grade has been doing in their social study class.

Those taking part in the program were Eddy Cook, Bill Carson, Floyd Hokit, Stanley Lemmons, Doris Stokes, Robert Hartgrove, Billy Hannah, Mary Frances Bean, Priscilla Jean Baker, and Gem Ella Dudley and the junior high pep squad.

The Pep Squad, Band and Drum Corps made their first field appearance of the year at the Rock-springs game on last Saturday. Although the number out was small the pep section made a good showing on the field. The crying need now is for more regular attendance at Pep Squad drill and at the games by the girls of these groups. No team can win except that it has some one or some group to fight for it with such a group in the stand backing the boys every minute. Ozona can win some ball games. Let every girl pledge that she will do her part for the pep squad, drum corps or band!

### Stomach Gas

One dose of ADLERIKA quickly relieves gas bloating, cramps, and both upper and lower bowels, allows you to eat and sleep good. Quick, thorough action, yet entirely gentle and safe.

"Just a Little Better Service"

### FIFTY NEW BOOKS FOR HIGH SCHOOL LIBRARY

The first of the fifty new high school library books have arrived and will be found soon on the library shelves. When the complete order has arrived, it should be possible for every pupil to find certain new books to fit his or her particular interest. Our library is being brought to a desirable standard and the good school citizens should be proud of the collection provided. Among the new books that are ready to be catalogued are: "Buckaroo" by Hess, "The Virginian" by Wister, "The Christmas Nightingale" by Kelly, "Caddie Woodlawn" by Brink, "Head Wind" by Daniel, "A Friend of Caesar" by Davis, and "My Life with the Eskimos" by Stefansson.

### OZONA VS. ROCKSPRINGS

The Ozona Lions and Rock-springs Bulldogs clashed on the home field Saturday, October 16. The Lions played a good game, even though the score was 39 to 6 in favor of the Bulldogs. It was the first time Ozona had scored on Rocksprings in more than four years, so the Lions ought to feel as if they had done something extraordinary. There was much pep displayed and a good majority took a great interest in the game, including the pep squad and band.

### THE CLASS ROOM

Members of the Physics Class are busy learning about levers, fulcrums, jacks, squeers and other machines. Each day we prepare a number of problems. We plan soon to make several experiments given in our experiment manual.

Members of the Civics Class are preparing for a number of talks on famous court cases and on federal taxes. We discuss current events, such as labor problems or presidential policies. We have finished studying the Constitution, and are now taking up commerce.

### P. T. A. MEET

The P. T. A. met Monday afternoon with Mrs. Bascomb Cox as leader.

The program was as follows: Chorus—Junior High Glee Club, directed by Miss Nancy Davies.

Devotional—Rev. Eugene Slater. "What Can Be Done About the Poor Sports"—Mrs. Welton Bunger.

Vocal Trio—Lassie of Mine; Mrs. L. B. Townsend, Mrs. Jack Holt, Mrs. E. B. Baggett, accompanied at the piano by Mrs. Bryan McDonald.

School Highlights—Mrs. R. L. Flowers.

Following this was the business meeting. The procuring of a school nurse was abandoned and the organization decided to assist the commissioners in getting a public health nurse.

It was decided that the class best represented at the P. T. A. two months in succession would win a picture which would be placed in the room to which it would go, permanently. The winners of the first picture was the Senior Class.

A pleasant social hour followed at which refreshments were served by the hostesses: Messdames S. M. Harvick, W. E. Friend Jr., R. F. Powell, Elton Smith, Charley Coates, Joe Patrick, Hugh Gray, W. M. Johnigan, Leslie Nance, Ray Dunlap and Johnnie Hokit.

### Across the Back Fence

Joe B.: "Say! What kind of dogs are those?"

Jesse H.: "Well, one uv'em's a rat terrier and the other's mine."

### Lions, Humbled But Still Fighting, To Engage Menard Sat.

The luckless Lions are to engage one of the weaker teams of the District this Saturday at Menard. The Menard Warriors have left most of the feathers scattered about on the fields of their more potent enemies. They will look like the bald eagle but they may still have a few pecks and scratches left for our humbled but fighting Lions.

The Lions have started from scratch this year with only three veterans from past seasons. They have won one and have suffered inglorious defeat in the other four starts. Through all these deluges of touchdowns, criticisms, accusations, and pleadings they have come through with a fine spirit, plenty of enthusiasm and a desire to do better in the future. They have received some bruises, some experience and some verbal abuse; but in the face of it all they still have confidence in their ability to regain some of their lost prestige in the last half of the season.

The Lions are expected to romp all over the Menard gridiron Saturday. They have drilled hard and long since the season opened to learn the fundamentals of blocking and tackling. The younger boys have improved remarkably in confidence and ability to meet a driving attack. Thus far they have not been rough enough for football and too rough for basketball. A patient and encouraging following is sure to see a marked improvement in the Lions in Menard.

### PICTURESQUE DESCRIPTIONS OF THE SENIORS

Walter Babb—As western as Will Rogers.

Jack Baggett—Wearing confidence like a halo.

Welton Bunger—As cure-all as Alka-Seltzer.

Catherine Childress—As busy as a button.

John Coates—No more memory than a mirror.

Maudie Mae Couch—As cozy as the yolk of an egg.

Mickey Couch—Nerves as jumpy as popping corn.

Sibyl Cook—As sweet as butter kisses.

Christine Curry—As wise as Solomon.

Betty Dudley—No more prejudice than a sausage mill.

J. W. Johnigan—As quiet as the lull before a cyclone.

Haskell Leath—As much future as a cake of ice.

Maurice Lemmons—More apt to contribute heat than light to a discussion.

P. C. Perner—A mind as unstable as jelly.

Lela Mae Phillips—As busy as Dan Cupid.

Fisher Powell—A pilgrim on the path of least resistance.

Norman Rendall—As explosive as dynamite.

Florence Sparks—As temperamental as Greta Garbo.

Lurinne Townsend—As expectant as a lifted baton.

### SCIENCE CLUB

Photography is a subject that is interesting to everyone and it has an added interest for those students who are studying science. The laboratory is equipped with a dark room, the necessary chemicals are available and from time to time students have found it interesting and profitable to avail themselves of the opportunity of making use of this equipment. The scouts who are taking science may obtain a merit badge in photography.

The field of the amateur movie maker is growing. There are according to estimate, some three hundred thousand home movie cameras and about four hundred thousand projectors. Several of these are now in use in Ozona.

A study of natural color photography is being made at present and samples of natural color pictures are displayed in the hall of the high school building.

### PICK-UPS

**And How They Do Attract**  
 The class was studying magnetism.

"J. W.," asked Mr. Caruthers, "how many natural magnets are there?"

J. W.: "Two, sir," was the surprised answer.

Mr. C.: "And will you please name them?"

J. W.: "Blondes and brunettes, sir."

### And Who Heeds Them?

Mr. Denham: "Who were the three wise men?"

Till M.: "Stop, Look, and Listen."

### FIRST SIX WEEKS REPORT CARDS OUT

Eyes bulged and pulses increased their speed on Tuesday at noon when the first pupil reports of the year were issued. From the Kindergarten through the eleventh grade pupils found just how they had impressed the "Dear Teacher" during the grade period. The number of A's and B's was gratifying but there were some red F's in every grade. These are warning grades and those who received them must take the warning and pledge to do better work so that the red grade may never appear again.

### BAND NEWS

The Ozona High School band, under the direction of Mr. J. M. Edwards, has been progressing rapidly. The band is planning to attend all conference games, as well as some of the others. Mr. Edwards has approximately twenty-eight members, with about seventeen of these in the marching band. The marching band includes: Miles Pierce, Clifton Taliaferro, L. B. Cox, III, Tom Ed Montgomery, Roy Henderson, Jr., Crystelle Carson, Mary Frances Bean, Willie Joe Hubbard, Ernest Brownrigg, Doris Bunger, Mary Alyce Smith, Jim Ad Harvick, Dick Henderson, Lurinne Townsend, Byron Williams, W. B. Robertson.

There are two drum majors, Jack Baggett and Lois Jones.

**THE BAND IS BACK OF THE FOOTBALL TEAM!**

### CAMPUS PHILOSOPHY

**By Mickey Couch**  
 We get from people what we give; we find in them what we bring; and the changes are not changes in them so much as changes in ourselves.

As at the flame of a single candle myriads of caviarans may light their lamps, so may one teacher enlighten the minds of many.

Most people would succeed in small things, if they were not troubled with great ambitions.

Too much emphasis is no emphasis—raise your voice too loud and no one hears you. Hit too hard and you excite sympathy for your virtue. Draw your indictment too sweeping and it becomes suspicious.

Everything in life is available to intelligence, effort, and character. Most things are not available without these, no matter how much money you have.

He that gives good advice, builds with one hand; he that gives good counsel and example builds with both; but he that gives good admonition and bad example, builds with one hand, pulls down with the other.

It is one thing to wish to have truth on our side and another to wish sincerely to be on the side of truth.

Life, however short, is made shorter by waste of time. Fifty years from now we'll have presidential candidates claiming to have been born in a log trailer.

### FIRST GRADE NEWS

The First Grade is preparing for Halloween. We want to decorate our room to look "Spooky."

We enjoyed a radio program that the Second grade gave and invited us to be the audience. One of the First graders, Betty Sue Jones, moved to Sonora this week. We were sorry to lose Betty Sue but we are sure that she will enjoy school in Sonora.

### SECOND GRADE HAS AMATEUR HOUR

Wednesday morning Joe Perry in the role of Major Bowes presented the following program:

"Swing Song"—sung by Miss Sammie Sue Beasley, a beauty operator from San Francisco.

"Home on the Range"—Ann West Cowgirl.

"The Elephant"—a duet by Misses Corinne Phillips and Bobbie Lou Ragsdale from a Dallas coffee shop.

"Three Little Puppies"—sung by the Rhythm Rascals, Max Word and Preston Williams, Jr., from the steel mills of Pittsburgh, Pennsylvania.

Members of the First Grade, Miss Stephens Demmer, and Miss Nancy Dawes were studio guests.

### THIRD GRADE NEWS

**By Buddy Russell**

The third grade dramatized "Columbus Chooses His Sailors". The first sailor was Fred Currie. The second sailor was Buddy Russell. The third sailor was Charles Snyder. The fourth sailor was Dick McDonald.

Columbus was John Fussell. The rest of the sailors were J. W. J. D. and Alvin. The rest of the pupils were women, children and men. We invited the fourth grade in to be the audience.

### DICK McDONALD'S WAY TO TRAP A MONKEY

Cut a hole in a gourd. Then put some rice in the gourd. When the monkey puts his hand into the gourd to get the rice, he doubles his hand up and cannot get it out of the gourd.

### FOURTH GRADE NEWS

Daphne Meinecke has not missed a word in spelling since school started. Floyd Harrison has missed just one word. We think that is a good record for them.

### WHEN AN INDIAN DIED

**Dorothy Garrison**  
 If an Indian died, the Indians felt as sad as we do at a death. But they had strange ways of showing their sadness. Sometimes the family of the dead paid friends and relatives to come and cry. They would sometimes paint their arms and legs, and cut themselves. Other tribes wore old clothes.

The Hopi Indians paid high prices for people to come and cry. These people cried their loudest. The Dakota tribes kept a fire burning on the grave for four nights. Each night they would come and cry. During this time they did not eat any food.

In almost every tribe the Indians would bury their bows and arrows, shields, tomahawks, medicine bags, and favorite foods.

### CARING FOR THE SICK

**Charlene Williams**  
 The Indians liked to be strong; but when an Indian was sick, he went to the Medicine Man or the Shaman. Sometimes when the Medicine Man came, he danced to scare the evil spirits. The Indian thought that the evil spirit was what made them sick. Sometimes the Indians fasted for days. The Medicine Man was chosen because the Indians thought he could do Magic things.

### A TRIP TO THE GOVERNMENT OF OZONA

**By Margaret Russell**

On Oct. 4, 1937, the sixth grade students went to visit the government of Ozona. The first place we went was to the office of George Russell and his assistant Leta Powell. Mr. Russell told us quite a few things about our government.

The next place we went was to the County Attorney's office. The County Attorney is N. W. Graham. He told us about different things, chiefly abstracts.

Then we went to the Court room and had court. We went also to the sheriff's office. Mr. Willis and Claude Russell work there. Then we went to the jail house; and after making a trip through it, we went back to the 6th grade room. We had had an enjoyable time.

### SEVENTH GRADE NEWS

The seventh grade Social Studies Class enjoyed a treat Monday morning. Our sponsor, Mrs. White, took us to visit Mrs. W. E. West.

Mrs. West told us about their trip around the world. She described many interesting scenes of Japan. We enjoyed her description of Japan's sacred city Nikko.

We should like to ride in a Jim rickshaw. Girls of the class feel like foreigners dressed up in the pretty Kimonos. Billy Hannah looked "swell" in a pair of Chinese pajamas. We are sure Byron Williams liked the candy Mrs. West served. We hope Mrs. West will take all the seventh grade around the world.

Ozona, Texas  
 October, 14, 1937

Dear Mrs. West:

We enjoyed the talk you gave us on Japan. We feel as if we had a trip to Japan ourselves. We were especially interested in the story you told us about Nikko, their sacred city. We wish that some time you can tell us the rest of the trip that you and Mr. West took. We want to thank you also for the lovely candy you served us.

Yours truly,  
 The Seventh Grade,  
 By Stanley Lemmons

### WORDS WE MISPRONOUNCE

Sep'a-rate, not sep-rit'

Sep'ul-cher, sep'ul-ker, not sep-pul-cher.

Ser'geant, sar'jent, not sur-jant.

### Gospel And Women Study Topic For Missionary Group

"The Gospel and Women" was the study subject at the regular meeting of the Methodist Church Woman's Missionary Society yesterday afternoon at the church. Mrs. Stephen Perner was leader for the day. Quiet music was furnished by Mrs. Alvin Harrell.

Missionary topics discussed included "Releasing Women Around the World," by Mrs. R. R. Dudley; "The Status of Women in the Church," by Mrs. Alvin Harrell, and "How Women Become Citizens" by Mrs. Bert Couch.

The scripture lesson was taught by Mrs. L. B. Cox, Jr., which was followed by a vocal number, "Into the Woods My Master Went," by Mrs. Joe Pierce. Poems on "The Christian Life and the New Day" were read by Mrs. R. R. Dudley and Mrs. Charley Coates. Prayer was offered by Mrs. J. A. Fussell. A business session followed the program, with the president, Mrs. L. B. Cox, Jr., presiding.

Present were Mrs. Cox, Mrs. Walton Bunker, Mrs. Fussell, Mrs. Couch, Mrs. Harrell, Mrs. Madden, Mrs. Perner, Mrs. Roger Dudley, Mrs. Joe Pierce, Mrs. Charley Coates, Mrs. J. Q. Ragsdale, and Mrs. Charles Williams.

The next meeting will be Wednesday of next week with a Spiritual Life Committee program led by Mrs. J. A. Fussell.

### Baptist Missionary Circles Enjoy Joint Meeting For Social

Both circles of the Woman's Missionary Society of the Baptist Church met yesterday afternoon for a joint social hour at the church. The Halloween motif was carried out in decorations. The group enjoyed a number of games directed by Mrs. Hugh Gray and Mrs. Ray Dunlap.

Mrs. S. L. Butler was presented with a friendship quilt. Refreshments were served by Mrs. Chas. Butler as chairman of the refreshment committee to Mesdames W. A. Kay, Rachel Crawford, S. L. Butler, Leslie Nance, J. C. Butler, Hartley Johnigan, W. S. Willis, Ira Carson, A. E. Deland, Hugh Gray, Ray Dunlap, A. W. Jones, M. R. Smith, Jim Patrick, R. F. Powell, J. S. Whatley, H. C. McCaleb, J. R. Edwards, J. T. Keeton, Miss Maybelle Taylor, Miss

### THE TRAP

Dollie Cooke, and Mrs. Cal R. Word of Burnet, Texas.

The Lottie Moon Circle will meet next week at the home of Miss Maybelle Taylor, and the E. A. Nelson Circle with Mrs. Ray Dunlap.

### BEAUTY SHOP CLOSED

Mrs. Fred Surguy's beauty shop will be closed Monday and Tuesday while she is attending the beauty operators convention in San Angelo. It

### BIRTHDAY PARTY

Mrs. Fred Surguy entertained for her daughter, Fredda, with a birthday party Tuesday afternoon at her home. Twenty-two of the child's young friends enjoyed the affair. The occasion was her seventh birthday.

Tenant: "Janitor, you could cool our apartment nicely if you would run ice water through the radiators."

Janitor: "Can't be done madam."

Tenant: "Then what did you have in them last winter?"

Mrs. Fred Surguy will attend a convention of beauty operators to be held at the Cactus Hotel in San Angelo Monday and Tuesday of next week.

### Colks Are Funny

## An Attractive Home Of Rock Construction

Here is a beautiful small home of rock construction—a popular trend nowadays. The graceful arches, leading to the cool, shaded terrace and the adjoining covered entry, together with the multiple gables, lends an air of grace and charm—and best of all, it lends itself to moderate construction costs.

The floor plan is adaptable to either a west or southern front, either taking full advantage of eastern and southeastern breezes prevailing in this area. The gracefully curving walk and angled entrance would fit a corner lot or might be altered for a straight entrance.

The above plan has passed the rigid inspection of the Federal Housing Administration, and can be financed by the W. K. Ewing Co., Inc., of San Antonio. Under the FHA plan you can borrow up to 80 per cent of the value and have 20 years in which to pay.

### If You Buy An Old House—

Before purchasing an old house go down into the cellar and examine the sills on top of the foundation walls and the first floor joists. These are the points where decay or the depredations of termites will first take place. If these are sound, it is reasonably safe to assume the balance of the frame is sound too.

### MORE COLOR IN DEMAND FOR BATH THAN KITCHEN

The bathroom is more colorful than the kitchen, according to a survey by the Bureau of Standards Association. The analysis shows that it takes seven colors to meet the ordinary demands for bathrooms, while six are satisfactory for kitchens.

The seven most desired bathroom colors are white, bath green, orchid, ivory, maize, bath blue, and royal blue.

The six most popular kitchen shades are white, kitchen green, ivory, delphinium blue, royal blue and red.

### A Bay Window For More Light

A bay window in the kitchen provides a cheerful place for a breakfast table, and plants can be kept on the ledge. Cupboards on either side may be used for storing cooking books, canisters, or maybe a radio. Such a feature could be suggested to the architect when he is drawing plans for the house.

### This Will Save Your Temper—

A swinging door between kitchen, pantry and dining room is a great convenience. This should be remembered when a new home is being built. The Federal Housing Administration insures mortgages for the construction or purchase of houses.

### Closets of Wallboard—

A house without adequate closet space is difficult to keep in order. When there is storage space for everything, neatness is not difficult. Composition materials may be used to build closets.

If you can't . . . PREVENT IT!  
You can PROTECT IT!

The best protection is caution. The next best is insurance! Don't risk losing property and other valuables.

### Flooring In House An Important Detail

#### Care of Stock Used and Weather Must Be Considered

A house with bad floors shows depreciation. Even though a building may be soundly constructed, floors that have developed cracks or other irregularities look dowdy and lower the value of the property for resale purposes.

When a home is financed under the Insured Mortgage System of the Federal Housing Administration its construction has been thoroughly inspected, and the grade of flooring must meet the specifications. However, care when a floor is being laid is necessary to prevent cracks.

The lumber dealer must have properly protected the stock while it was in his hands. It should not be delivered on a damp or rainy day, and it must be kept dry after delivery. The plaster or masonry walls should be thoroughly dry before the flooring is delivered.

As an added precaution, if necessary, heat should be maintained in the house from the time the flooring is delivered until finished by the painter.

#### Over the Kitchen Sink—

Architects have found it practical to specify casement windows when a window is located over a sink. This type is much easier to operate from such a distance, and a 100 per cent opening provides more ventilation.

#### Tidy Drawer Space Necessary

The drawers of a linen closet in a new home have glass fronts, keeping the contents free from dust but making it possible for the housewife to see at a glance which space contains the articles she wants.

I'm an 'old-timer' in the grocery business but this is the first time I've ever advertised my wares. What with, branding cattle with a cold iron, and our President talking to the whole country over the radio, I've changed to modern methods, too.

This party that I'm holding here Fri. and Sat. is an Appreciation Party for all my friends and customers. For without these friends and customers I wouldn't be in business today. It promises to be a big party because I have regular customers from 50 miles around.

I've arranged for a special man from the Libby company to come here and serve you different kinds of fruit juices to drink and fancy fruits for you to eat. I have piled the counters high and loaded the shelves with new and fine merchandise. . . . all well known brands, but at prices that will mean extra saving to you.

I want you to know that every employee, Trus. Sen. and myself, have pledged ourselves to make your visit here worthwhile and fully enjoyable.

These Grocery Specials Good for Both Friday and Saturday October 22-23

touchdown. An attempted drop-kick went wide. Sherrill repeated a few moments later on a fourth-down thrust from the two, after the Lions had repulsed three attempts from the same mark. Again the drop-kick was wide. The Lions stiffened in the second frame, which went scoreless for the visitors and the half ended 12-0 in favor of the Bulldogs.

The third quarter saw two more tallies for the visiting Bulldogs. Gentry heaving one to Brown for twelve yards and a touchdown. This time the kick was good. A few moments later, Brown, outstanding ball carrier for the visitors, lunged through for another marker. Again the kick missed. Jenkins chalked up another marker for his team in the fourth when he broke through a hole in the Lion line after the Bulldogs had worked the ball down from midfield on a series of long passes by Brown to his receivers. A good drop kick brought the score to 32 to 0.

It was after this touchdown that Captain Ferner took the Rock springs kickoff on his own ten and sidestepped his way through the entire Bulldog team for a touchdown. An attempted kick from placement was wide, and the effort was good for six points.

The final score of the game came near the end of the fourth period when Jenkins grabbed a pass that had been juggled off the fingers of a teammate and galloped to the one-yard line before being brought down. The next play was good for a marker through the line, and another successful drop kick brought the total score to 39.

**CHURCH OF CHRIST**  
A. C. Nance, Minister  
Lord's Day

Mr. and Mrs. Jack Holt and Mr. and Mrs. Hillery Phillips were in Fort Worth over the week-end to see the A. & M. - T. C. U. game.

**Officers, Committees Altered At Meeting Junior Woman's Club**

One new officer was elected and several changes made in standing committees at the meeting of the Junior Woman's Club last week in the home of Mrs. H. B. Tandy. Mrs. Tandy's resignation from active membership in the club to become an associate member necessitated election of a parliamentarian and critic to fill that position, held by Mrs. Tandy. Mrs. Jake Young was named to the post.

Several additions and changes were made among committees. Mrs. Melvin Brown was added to the membership committee; Miss Linna Parker to the publicity committee; Mrs. Walter Augustine, telephone; and Mrs. Doug Kirby, courtesy. Mrs. Sherman Taylor replaced Mrs. M. Wilkinson on the finance committee and Mrs. Marbury Morrison replaces Mrs. Tandy on the entertainment committee. Resignations of Mrs. Rex Johnson and Mrs. W. Y. Bengel were accepted. Mrs. Charles E. Davidson, Jr., is president of the group.

Home landscape was the topic for the day's study, with Miss Ada Moss, Mrs. Ralph Robertson and Mrs. Doug Kirby having interesting papers on the topic. Miss Linna Parker assisted Mrs. Tandy as hostess.

**MORNING BRIDGE COMPLIMENTS BRIDE**

Complimenting Mrs. Pleas Childress, Jr., a recent bride, Mrs. Roy Henderson and Miss Louise Henderson entertained with a morning bridge at their home the last of the week.

High score prize went to Mrs. James Baggett, with Mrs. Scott Peters taking second high award. Mrs. Childress was presented with a gift. Others present were Mrs. Bill Conklin, Mrs. Evert White, Mrs. Boyd Clayton, Mrs. Alvin Harrell, Mrs. Dempster Jones, Mrs. J. W. North, Mrs. Sherman Taylor, Mrs. Hugh Childress, Jr., Mrs. Melvin Brown, Mrs. J. A. Brashear, Mrs. Richard Flowers, Mrs. Johnnie Henderson, Mrs. Nadine Bernays, Mrs. Douglas Kirby, Mrs. Earle Chandler, Mrs. Joe Sellers Pierce, III, Mrs. Jake Short, Mrs. J. O. Lusby, Mrs. Phillip Lee Childress, Mrs. Bob Weaver, Mrs. Charles E. Davidson, Jr., Mrs. W. E. Friend, Jr., Mrs. Lee Childress, Mrs. Lowell Littleton, and Misses Wanda Watson and Wayne Augustine.

Mr. and Mrs. Hugh Childress were business visitors to San Angelo Tuesday.

Mr. and Mrs. J. H. Miller will spend the week-end in Austin with Mr. Miller's sister. They will see the Texas-Rice football game.

**DROP IN SOME DAY**

We mean that. Some day, when you have a few minutes to spare, stop by a Humble service station, take a good look around and get acquainted with the men who service your car. You'll be pleased with the way the station is equipped and maintained for your service—you'll find the men the sort in whom you can repose confidence.

advances over even the highly successful 1937 models. Refinements extend to bodies, both interiors and exteriors, and to numerous units of the chassis, whose design, however, remains fundamentally unchanged. The power plant in both series is the 85-horse power high-compression value-in-head six-cylinder engine whose power

smoothness, economy, and freedom from service interruptions are already familiar to millions of owners throughout the world.

All models have Chevrolet's perfected hydraulic brakes, all-silent all-steel turret top bodies by Fisher, and the trouble-free hypoid rear axle. On the Master DeLuxé series, Chevrolet fully-enclosed knee action is starting its fifth year.

Say "I saw it in the Stockman."

**DIRT**  
**Tank Work**

**Soil Conservation Program**

If enough ranchmen of Crockett County are interested, we will move equipment into the county and take contracts to complete your tank work by January 1 in time to get your allotment for 1937 under the Soil Conservation act.

We have just completed several thousand dollars worth of work in Pecos and Brewster Counties and can move our entire equipment to this county if enough yardage can be contracted to justify concentration here.

If Interested Call at the

**County Agent's Office**

**Where Contract Blanks are Available**

Landowners may pay for this work by cash or sign non-interest bearing notes due March 1, 1938. Completion of work by Jan. 1 guaranteed.

**The Time Is Short**

Contracts must be signed at once if work is to be completed on time. Call at the County Agent's office at once.
