## 16 Teachers Sign Up For Benefits Pension Program

### Have To Nov. 31 To Make Final Decision On Participation

Sixteen out of the twenty Crockett County teachers have signed up to take part in the teacher retirement program in cooperation with the state, a program made possible by the adoption of a constitutional amendment recently.

This announcement was made this week by Supt. C. S. Denham after a check-up of the teaching staff. Under the retirement program, teachers are required to pay an assessment of 5 per cent of their pay check at each payroll period, the secretary of the schoolboard retaining this amount from pay checks and sending in the system's assessment in one check.

Teachers have until November 31 to make definite decision as to whether or not they will participate in the program. They may enter the program later, but the delay will postpone retirement benefits to that extent. Under the set-up, teachers may retire at 60 and must retire at 70. They may continue teaching, however, after the age of 70 if they find employment, but the retirement feature is suspended at that age.

The Crockett County teaching staff is 100 per cent members in the Texas State Teachers Association, the superintendent said.

## 18 Show Interest In Organization Of 4H Club Here

### County Agent Hopes To Have Group Organized This Week

With eighteen boys indicating enthusiastic interest in the program, organization of a 4H Club in this county may be perfected by the end of this week, it was announced yesterday by C. J. Van Zandt, Crockett County agricultural agent.

In a meeting with a group of boys at the school yesterday, the second such meeting held recently, organization plans were discussed and prospective members canvassed.

Small flock demonstration projects will be undertaken as an opener in the 4H Club work, Mr. Van Zandt said, with some lamb feeding demonstrations if any are interested in this phase of club work. The agent hopes to get enough projects under way to make a good showing at the livestock show in San Angelo next March.

## Mrs. Garrison Leads Bible Study Program

Mrs. I. V. Garrison led the Bible study program of the Baptist Woman's Missionary Society in its meeting Tuesday afternoon at the church. Members present included Mrs. Garrison, Mrs. S. L. Butler, Mrs. J. S. Whatley, Miss Maybelle Taylor, Mrs. George Inlow, Mrs. H. C. McCaleb, and Mrs. J. T. Keeton.

The Society will meet next Wednesday afternoon with Mrs. Lowell Littleton for a business meeting.

### BACK FROM DALLAS

Mrs. Joe T. Davidson returned Sunday from Dallas where she accompanied her son, Joe Thomas Davidson, for his matriculation in Southern Methodist University. Joe Thomas and James Childress, both former players on Ozona High School football squads, are both out for the Freshman team at SMU this year.

## County Agent Conducts Sheep Culling Demonstration On J. M. Baggett Ranch; Offers Service To Others Interested

The first sheep culling demonstration, a service which may become one of the most important to be received by Crockett County ranchmen from the county's agricultural demonstration agent, was conducted by County Agent C. J. Van Zandt on the J. M. Baggett ranch Monday.

The agent culled 500 head from a flock of 1700 yearling ewes for Mr. Baggett, selecting breeding animals to be left on the range for grade, type, growth and wool production. This careful culling, the agent pointed out, will make for greatly improved flocks and consequently will raise the standards of lamb and wool production and ultimately make more money for the ranchman.

This service from the county

agent's office is free to ranchmen of the county. Mr. Van Zandt pointed out, and he urges ranchmen who desire to make use of his services.

"If I can be of help to ranchmen in improving their flocks and herds, I will be happy to do so," the agent declared. "My job is to try to make more money for the ranchmen and their problems are my problems. The way to make more money from sheep raising is to improve the quality of lambs and wool, and the way to do that is to select better breeding stock."

If enough ranchmen are interested, Mr. Van Zandt plans to conduct a sheep culling demonstration on some conveniently located ranch in the near future, inviting all who are interested to witness the demonstration.

## BRIEF NEWS

### TO RANCH IN PECOS

Mr. and Mrs. Marshall Montgomery leave today to take up residence on the ranch holdings they have leased from the George Thompson place near Iraan, Mr. and Mrs. Montgomery will move into their new ranch home, recently completed. Mr. Montgomery has already moved his stock onto the ranch.

Carl Cravens, gas truck driver for Joe Oberkamp, was called to Bonham Monday on account of the death of his five-year-old brother. Funeral services were held in Bonham Monday.

### ENTERTAINS GRIDDERS

Mrs. Bert Couch entertained members of the Ozona High football squad with a supper at the Couch ranch after the game with Rankin here Saturday afternoon.

### SELLS MUTTON LAMBS

Walter Childress, former Crockett County rancher, now ranching near Balmorhea, recently sold 1500 head of mutton lambs to Sneed at 8 cents. Delivery is to be between October 15 and 20 at Kent.

### TO NURSE'S TRAINING

Misses Dorothy and Beatrice Chapman are leaving tomorrow for San Antonio, where they will enter the nurse's training school in Robert B. Green Memorial Hospital.

### SAILS FOR CHILE

Mrs. Harry Perner returned to El Paso Tuesday night after a visit with Mrs. Mary Perner and other relatives. She spent the week end with Mr. and Mrs. Claude Hudspeth on their ranch. Mrs. Perner will sail for Chile shortly where she plans to spend the next two years with her daughter, Carolyn, who is employed as a nurse by an oil company.

### CHILD RECOVERS

Mrs. Babe Phillips and baby, Keflneth Eugene, returned last week from San Angelo, where they went for a final medical examination of the baby on his recovery from an attack of goat fever. The child spent two weeks in the hospital recently receiving treatments for the malady and is now thought to be completely recovered.

### RETURNS TO IOWA

W. J. Grimmer left yesterday for his home in Winfield, Iowa, after a visit here with relatives. On his way here, Mr. Grimmer went by Spur where he was joined by his mother, Mrs. Sherwood Powell, who accompanied him on his visit here. Mrs. Grimmer and children remained on the Davidson Farm at Winfield while Mr. Grimmer was here on business and to visit with relatives.

## Ozona Gridders Bump Rankin In Second Warm-Up

### Lions Improved, But Offense Still In Need Of Polish

A light and inexperienced Rankin High School team found the Ozona High Lions a bit too rugged here Saturday afternoon and emerged on the small end of an 18 to 7 count in the afternoon's encounter.

As a matter of fact, the Lions should have been able to chalk up two or three more touchdowns against the Upton County corps. A passing attack that completely flattered coupled with the absence of that intangible something that puts the scoring punch into a ball club left the Lions baffled on several occasions as they thumped for the last few yards to the pay dirt.

In the first quarter, it looked easy as Beecher Montgomery darted through an opening parted by perfect interference on an end play to gallop thirty yards to a touchdown. Captain Pete Perner was inches wide on his attempted field goal for the extra point.

### Rankin Holds Lead

There was anguish among Lion followers when in the second quarter a bad pass back from center set the Lions back to dangerous territory, and a moment later, as Haskell Leath attempted to kick to safer ground, a Rankin lineman broke through to block the kick, a teammate falling on the ball a few feet from the pay stripe. The first play put the ball over for a touchdown, and a perfectly executed pass netted the extra point and a one-point lead for the visitors.

This lead the Devils held until the last quarter, oft repeated threats of the Lions at the goal line being as often repulsed, not so much by the Rankin defense as by the impotence of the Lions' own attack.

In that second quarter, for instance, Pete Perner intercepted a Rankin pass on his own thirty and raced the ball back to the fifty.

## Lee Wilsons Unhurt As Car Skids, Crashes Into Telephone Pole

Mr. and Mrs. Lee Wilson escaped without serious injuries when their car, a new Buick sedan, skidded on the wet pavement and crashed into a telephone pole on the outskirts of Christoval Friday night. Mr. Wilson suffered slight bruises on his foot which was caught in the door, but otherwise both Ozonans were uninjured.

The car, a 1937 Buick sedan, was badly damaged. The accident occurred at the curve just before the highway crosses the railroad tracks at the edge of Christoval. The car spun around on the slick pavement, finally coming to rest against the telephone pole.

## "Miss America" Shuns Her Crown

Atlantic City, N. J.—Blonde, blue-eyed Bette Cooper (above), seventeen, of Hackettstown, N. J., chosen the most beautiful girl in the United States at the annual contest here, walked out on the promoters shortly afterward, forsaking screen tests and other rewards for school and home. Bette is 5 feet 6½ inches tall and weighs 120 pounds.

## Crockett Ranchers Attend First Lamb Auction At Eldorado

Crockett County was well represented at the first Lamb Auction held at Eldorado last week. Local ranchers attending the auction, the first venture of its kind in West Texas, included George Harrell, Monroe Baggett, Jones Miller, Paul Hallcomb, Paul M. Hallcomb, Jr., Early Baggett, and County Agent C. J. Van Zandt.

The Eldorado auction was in the nature of an experiment, a new idea in lamb selling. Local ranchers attending the sale saw a good idea in the venture. There was a large crowd on hand for the sale. Prices averaged 8.15, with the highest paid 8.60.

## Football Squad Guests At Dinner

Members of the Ozona High School football squad were entertained with a dinner at the Hotel Ozona at noon Saturday before the Saturday afternoon game with the Rankin Red Devils.

Donors to the fund to provide training tables were Chris Meinecke, Scott Peters, Wayne West, Houston Smith, Piggly Wiggly, Ozona Market, Ozona Drug Store, Smith Drug Co., Inc., Joe Oberkamp, Mrs. Paul Perner and Mrs. Max Schneemann.

## General Rains Relieve Tension In Ranch Areas

### Heavy Downpour Fills Water Holes, Soaks Ranges

Rain, the most potent tonic that the ranch industry knows, visited the livestock territory the past week-end in generous quantities, covering a wide section, much of which was beginning to feel the pinch of drought.

Crockett County received one of the best soakings over most of its area in several months. The fall was light in some areas, but most of the county and surrounding territory received generous falls ranging from an inch to better than three inches.

In a fall which began with a torrential downpour to the accompaniment of gusty winds, Ozona registered a fall of 2.85 inches. Waterholes throughout most of the area were filled, draws ran and ranges were given a soaking that will insure good feed to start off the winter months.

Mrs. W. B. Robertson entertained the Friday Bridge Club at her home last week.

## IRAAN FORCES TITLE SERIES TO 5TH GAME

### Decider To Be Played At Sonora Sunday Afternoon

### OILERS COP PAIR

### Double Header Fare At Iraan Sunday Evens Up Series

Their backs to the wall, with the Ozona-Sonora combination needing but one more game to cop the Permian Basin championship gonfalon, the Iraan Oilers of Sam Gray dug in on their home lot Sunday afternoon to take both games of a double header bill from the badly befuddled two town team sadly weakened by the absence of two regulars from the line-up. The first game was 11-5 and the nightcap 9-6.

Although definite announcement had not been made, it was understood here this week that the fifth and deciding game of the championship series would be played in Sonora Sunday afternoon. The game is scheduled for Sonora either Saturday or Sunday, and in the absence of specific information local fans presumed that the game would be arranged for the Sabbath afternoon.

The Iraan management, which has run the title series pretty much as they choose so far, had informed Manager Oelenberg of the Station A team that the scheduled Sunday games at Iraan would be postponed after the Saturday game was called off on account of a wet field. With this information Carl Dorley left Saturday morning on a trip to Illinois, and then when Dictator Gray changed his mind, it left the locals with two important infield holes to plug, that left when Fats Heatherly was crippled a week before the series opener and Dorley's first base post.

### Good Start, Bad End

In both games of the Sunday twin bill, the Ozona-Sonora combination started off with a spurt that seemed destined to mow down the opposition. But each time the defense wobbled and the nine-man murderers' row of the Oilers line-up started beating a tattoo with the big sticks, and the locals found themselves hopelessly buried under a mountain of tallies.

Three runs were chalked up by the locals in the opening frame of the first game when Cox singled, Stuart was safe on Paige's error and Mangold hit one for a homer. But the Oilers took up some of the slack in their half when Barbee walked and scored ahead of Estes when the latter rapped one to left center for a

## Negro Assessed 45 Years In Prison For Wife Slaying

### Morris Coleman Convicted By Sutton County Jury

A 45-year term in the state penitentiary was assessed Morris Coleman, negro, by a Sutton County jury at Sonora last Saturday on his conviction of a charge of murder in connection with the fatal shooting of his wife, Louise Coleman, in Sonora June 12.

Coleman was working on the Sherman Taylor ranch in this county at the time of the shooting, his wife being employed as a maid at Sonora. He is said to have made a trip to Sonora, called the woman from the servant's quarters where she lived, and fired five bullets into her body.

Attorneys for Coleman gave notice of appeal from the Sutton conviction.

## Lions Engage Big Lake Grid Crew Saturday

### Is Last Warmer-Upper Before 3 Straight District Bouts

Ozona High School's Lions will engage in their last warm-up of the present season opens the coming week-end before they plunge into district conflict in earnest.

The opponent the coming Saturday will be the Big Lake Owls, the scene of battle to be at Big Lake. After that fracas, the Lions will face three consecutive district engagements, the first with Junction here October 9, the next with Rocksprings here and the third at Menard October 23.

Complete failure of the Lion passing attack in the game here last Saturday against Rankin gave Coaches White and McCulley thunder to hurl at their charges this week, and some improvement in this department may be expected in the Saturday affair at Big Lake. The Lions would have been three or four more touchdowns better than the Rankin lads had the passes clicked as they should have against that defense.

### PUDGY MEETS TRAGIC END IN CLOTHES WRINGER

Pudgy, the pet pigeon belonging to Bill Carson of Ozona, met with a sad death—going thru the wringer of the fashing machine. The Carson's maid left the wringer running for a few seconds and Pudgy lit. He carried through as if he were a sock, minus only a few feathers.

Pudgy used to eat out of Bill's hand, lighting on his shoulder. The pet would try to follow the boy to school, going to the end of the driveway and returning. His home was made by his owner from graduated setol sticks, the little house hanging in the patio of the Ira Carson home. —From Windmill Column, S. A. Times.

### FORMER OZONA GIRL MARRIES KERMIT MAN

Announcement was made last Thursday in Mertzon of the marriage September 7 of Miss Bernice Freitag and Sammie Hodges of Pyote. The bride is a daughter of Bill Freitag, now ranching in Iriion County, the family formerly residing in Crockett County. Mrs. Hodges was graduated from Ozona High School with the class of 1936, and attended school in San Antonio last winter. Mr. Hodges is a contractor for the Magnolia Company at Kermit, where they will make their home.

THE AVERAGE MAN

We have heard a great deal about the average man, but we have never met him. All the men we know are above or below the average in some particular or other. We are beginning to believe that "there ain't no such animal" as the average man. He exists, if he exists anywhere, between the pages of the vast volume of statistical computations and reports which we pay the great army of government clerks to figure up every year.

The average man, we are told, pays \$316.33 a year in taxes. We never happened to meet one whose taxes came to that precise figure. The average man is five feet 8 1/2 inches tall, wears an 8 1/2 shoe and a 6 7/8 hat. We know one or two like that, but they are not average men, because the average man has \$473 in the savings bank and 1 1/4 children, and none of our friends has either. The average man, according to statistics, is 43 years old, goes to church eleven Sundays a year, smokes 3,000 cigarets and 1,200 cigars annually, and eats eggs for breakfast. But as soon as we find a man who is average in these respects we discover that he has a taste for sugar in his beer or else has been divorced three times, or has some other characteristic which takes him out of the average class.

Of course, what has just been set down is largely nonsense, but is it any more nonsensical than the idea that any individual, group or government can lay down rules for human conduct and expect to enforce them or have them obeyed? For all such rules must be based upon an average man, and there is no such thing as an average man. If there were, the mythical average man might be content to let someone else prescribe his life for him; but even that is doubtful, for some statisticians have figured it out that the average man breaks at least one law every day!

NAZIS IN THE U. S.

The Chicago Times seems to have done an excellent bit of news paper work in its investigation of Nazi activities in this country. Its assertion that Nazi leaders are preparing for direct action in the United States is exceedingly disquieting, and the reply made by Fritz Kuhn - whom the Times calls "the American Hitler" - is something less than reassuring.

"Our organization is just waiting until the Communists get ready to seize control," says Kuhn. "Then, if the government needs our help, we will step in and fight for our country—the United States."

On the surface, that sounds innocent enough. But this government, after all, has ample resources to combat any insurrection. It does not need the help of private armies. Any militant group which professes to be getting ready to help Uncle Sam fight his battles has only itself to blame if the public looks on it with a considerable measure of suspicion. — S. A. Times.

AMONG OUR NEIGHBORS

News Notes from Neighboring Towns Gleaned from Exchanges

SANDERSON—A total of 211 cars of livestock were billed from Sanderson during the month of August, the Sanderson Times reports. Included were shipments from Longfellow and Dryden.

ELDORADO—One of the most active building periods this county has experienced in a number of months is now under way, both in Eldorado and in rural sections of the county, the Eldorado Success reports.

BIG LAKE—A total of \$78 has been subscribed by Reagan County for acreage in the Big Bend Park, the Big Lake Wildcat says. Another item from the Wild Cat, "Ronald Boughan is the name of the young man who arrived Saturday to make his home with the Abby McMullans. He tipped the scales at 5 1/2 pounds.

FT. STOCKTON—Heavy showers have covered portions of Pecos County this week, mainly in the extreme Western area, according to the Fort Stockton Pioneer.

DEL RIO — Announcement is made by the Del Rio Press of receipt of an "iron lung" for installation in the Brinkley Hospital of that city. The respirator was purchased by Dr. John R. Brinkley, who announced that it would be available for free use of persons suffering from infantile paralysis affecting the lungs. The Del Rio machine is one of six in Texas, the Press says.

JUNCTION—Completion of the new \$300,000 highway bridge across the South Llano River on Highway 27 is announced by the Junction Eagle. The new structure which is 1,442 feet long, is 46 feet, 3 inches above the bed of the stream, a point above all previous high water levels. It will take a rise three feet higher than was ever known in the stream to reach the floor of the bridge, the Eagle says.

SONORA—Pat Cooper has leased a 12-section ranch in Pecos County from Dow Puckett, the Devil's River News reports. Mr. Cooper has been associated the past two years with Mrs. E. E. Sawyer and son, Edwin, in operation of the ranch partnership of Cooper and Sawyer.

1938 Conservation Program Announced By State Committee

College Station, Sept. 29—The 1938 Agricultural Conservation Program will set up acreage goals for cash crops which are smaller than the established bases, according to Geo. Slaughter, chairman of the Texas Agricultural Conservation Committee, who has recently returned from Washington.

ton, where representative farmers were called to confer with AAA officials as to the program.

The 1938 program is in most respects quite similar to the 1936 and 1937 program, Slaughter said. The range program, developed during 1937, will be continued.

Chief difference in the new program from previous plans is the provision for national goals for major soil depleting crops to provide adequate supplies for consumption and export, but such as to keep down burdensome surpluses, according to Slaughter. He explained that each state will be given its share of the national goal, and each county will be given its share of the state goal. The county goal will be distributed among the farmers of the county.

In 1938, the maximum payment for each producer will be calculated at the beginning of the crop year and the attainments of soil depleting and soil building goals will be set as conditions for full payment.

The division of payments between landlords and tenants will be the same as the division of crops, Slaughter said.

The new program was hailed by Slaughter as by far the most uniform in application to all regions that has yet been developed. He stated that it is the plan of the Agricultural Adjustment Administration to inform each farmer as to the acreage in each of his crop goals before planting time in the spring of 1938.

LACKING!

No children in the spacious house, Nor on the well-kept lawn. Where flower blooms are undisturbed, Till summer days are gone.

No little feet to run and play, Or scamper through the hall, No voices raised in eager talk, Or dolls and games and ball.

The gardner sets out figures gay, Like rabbits, frogs and cranes, To decorate the garden lone, And brighten cheerless lanes.

The grass is neatly trimmed and sheared, No path across its sod, For the little feet could not remain, They went back home to God.

—Varuna Hartmann Lawrence Houston, author of Brimming Cup

SONG FOR A WOMAN

We went by and the road went by; She was a vision saved for me— Halfway down from the little wood And halfway up from the rafter tree.

She was a dream I had alone And no one else was given to see, There in the dusk where no house stood And dusk was a thing that had to be.

House in the hollow and woody hill And field to sum the snares to three— House in the hollow and woody hill

And woman between for a riddle-key. —Siddie Joe Johnson, Corpus

## Practical Cookery

Dept. Home of Economics  
Texas State College for Women

Denton, Sept. 29— "Just plain old vegetables" need not be so plain, if the chief cook and bottle washer really wants them to be otherwise. They can be experimented with just as other food-stuffs.

There are a few suggestions for cooking vegetables in a different way. Many housewives have learned that they can turn the most unpopular vegetable into one of the family favorites by a little juggling of seasonings and methods of cooking. It is important that none of the nutritive value of such vegetables be lost through cooking.

### Baked Black-Eyed Peas

(8 servings) Soak 2 cups dried peas over night. Drain and bring soaking water to boiling. Add peas and simmer until almost done. Heat two tablespoons bacon fat in frying pan. Add one medium sized onion, and one green pepper (both chopped finely); also, 1/2 c. salt pork cubes. Cook, stirring constantly, until onion is lightly browned.

Arrange peas and salt pork mixture in water in which peas were cooked. If not enough to cover, add enough more water to cover. Bake in moderately hot oven until peas are done. Fresh peas may be used, omitting the soaking and shortening time for cooking according to maturity of the vegetables.

### Beets Baked In Orange Juice

(6 servings) Wash, pare, and thinly slice 12 medium sized beets. Arrange in baking dish. Mix two tablespoons flour, 1/2 c. sugar and 1 t. salt. Stir 1/2 c. orange juice into dry mixture and pour over beets. Dot with bits of butter (using 2 tablespoons). Cover and bake in slow oven until beets are tender, about 1 hour.

### Escalloped Potatoes and Onions

(6 servings) Wash and pare 4 medium sized potatoes and peel outside slices from 4 medium sized onions. Cut into rather thick slices. Make a white sauce: melt 3 tablespoons butter in sauce pan over low heat. Add 2 tablespoons flour, one tablespoon salt and 1/4 teaspoon pepper. Stir until smooth and well-blended. Add 2 c. milk, meat stock, or chicken broth all at once. Stir over heat until thickened. Place alternating layers of potatoes, onions, and sauce in baking dish, beginning and ending with the sauce. Sprinkle a few bread crumbs over top of dish. Bake in quite hot oven.

### Stewed Cabbage With Mustard Butter

(6 servings) Add a small amount of boiling water to 1 small head of cabbage, rather finely shredded. Simmer until tender (10 to 15 minutes). Stir constantly and continue to cook until smooth. Stir in 2 tablespoons lemon juice. Pour sauce over cabbage which has been well drained.

### Mr. Average Farmer

Denton, Sept. 29—Any man owning 275 acres of land worth about \$18.70 an acre can consider himself an average Texas farmer. The 137,600,000 acres devoted to farming in this state are divided into over 501,000 farms, which range in size from tiny patches to tracts covering thousands of acres. The average farm, valued by the 1935 census at \$5,137, is worth almost exactly the same amount as in 1910. Between that time and the present the highest value was in 1920, when Mr. Average Farmer was worth \$8,486.

### Texas Middletowns

Although Texas has not worked out a sociological Middletown, it has several geographical ones. Fort Worth is located almost exactly midway between the Atlantic and the Pacific oceans. The actual center of Texas is slightly north-east of Brady, and the center of gravity of population is about four counties east of there near McGregor.

### Earrings to Spare

Texas beauties could deck themselves very sumptuously with precious gems even if all imports of jewelry into the state were suddenly discontinued. Although only about 20 per cent of the known metals in Texas are commercially exploited, jewels and ornamental stones which are available include agate, amethyst, onyx, jasper, opal, serpentine, topaz and turquoise. Pearls have also been discovered in the San Saba river. These raw materials, combined with the 376 jewelry factories now operating in Texas and valued at nearly twelve million dollars, could be turned into a considerable supply all on their own.

### MISS CHILDRESS HONORED AT LUNCHEON

Miss Elizabeth Fussell complimented Miss Ethel Childress with a buffet luncheon today. Miss Childress, who will leave soon to spend the winter in Dallas, was presented with a dozen pink carnations.

Guests were Mr. and Mrs. Eugene Slater, Mr. and Mrs. Ted White, Mrs. Charles Williams, Gene Williams, and the honoree.

## Pageant Is Opening Feature Of Circus Showing Here Oct. 7

As a prelude to the circus proper, Seal Bros. Circus, showing in Ozona Thursday evening of next week, will present a beautiful pageant entitled, "Sunny Monterey," a glittering procession in which every member of the circus company takes part, with the prima donna, Senorita Le Teen Guterrez, celebrated Mexican dancer, heading the procession.

The Seal Bros. show boasts an exceptionally large wild animal display, which will be open for the inspection of the public one hour before the show opens. Featured in the circus menagerie is Tom-Tom, described as one of the largest elephants on display, Congo, huge ape, and many cages of rare wild animals.

A free street parade will be staged by the circus organization at noon on show day, Thursday, October 7.

### MARY FRANCES WEST HONORED ON BIRTHDAY

Mrs. Wayne West entertained with a luncheon complimenting her daughter, Mary Frances, on her birthday recently. A big birthday cake centered the table. Guests included Eloise Carson, Crystelle Carson, Mary Louise Harvick, Mary Alyce Smith, Billy Jo West, Betty Lou Coates, Catherine Childress, Doris Bunker, Posey Baggett, Adelia Willis, Miss Mildred North and the honoree.

### ETHEL CHILDRESS HONORED AT PARTY

Mrs. Scott Peters entertained with a breakfast and bridge at her home Wednesday morning complimenting Miss Ethel Childress, who is going to spend the winter season in Dallas. The breakfast was served buffet style, with a bouquet of dahlias and physostegia decorating the table. Miss Childress and Mrs. Pleas Childress, a recent bride, were each presented with a gift. Mrs. Massie West held high score and Miss Wayne Augustine took cut. Other guests were Mrs. Clifton Brooks, Mrs. Bob Weaver, Mrs. Floyd Henderson, Miss Nadine Bernays, Mrs. Bill Littleton, Mrs. Marshall Montgomery and Mrs. Lowell Littleton.

Annual Association Meeting at Monahans Oct. 7th and 8th.

This section has recently received some fine rains. We are all glad for these material showers of blessings. All the people of this entire section ought to attend the church of their choice from Sunday to Sunday and join in Praising and Worshipping "Him from whom all blessings flow." God has even better spiritual blessings to bestow. May we draw near Him in spirit and in truth and receive them with grateful and loving hearts. We invite you to our services. If you can, COME.

## Routine Business Claims Attention Of Woman's Club

The Ozona Woman's Club met Tuesday afternoon at the home of Mrs. W. R. Baggett with Mrs. B. B. Ingham as assistant hostess. Mrs. N. W. Graham and Mrs. George Bean conducted the English lesson and routine business was transacted.

Those present were Mrs. Lee Childress, Mrs. George Montgomery, Mrs. A. E. Deland, Miss Elizabeth Fussell, Mrs. A. C. Hoover, Mrs. Joe Oberkamp, Mrs. N. W. Graham, Mrs. George Bean, Mrs. Ira Carson, Mrs. Carl Colwick, Mrs. Roger Dudley, Mrs. A. W. Jones, Mrs. C. E. Nelson, Mrs. Stephen Perner, Mrs. W. E. Smith, Mrs. Kate Baggett, Mrs. Evert White, Mrs. J. A. Fussell, and Mrs. Harry Perner.

### SCOTT PETERS HOSTS

Mr. and Mrs. Scott Peters were hosts to their contract club at their home Tuesday night. Mrs. Lee Childress and Dr. H. B. Tandy took high score prizes.

Mrs. M. M. Fulmer and little daughter, Melba Jane, returned Tuesday from San Angelo where Melba Jane was taken for medical attention. Her condition was said to be not serious and she will probably be fully recovered from a recent illness within a few months —Alpine Avalanche

## Olds Dealer Back With 1938 Model; Air Minded Now

Mr. and Mrs. Joe North are "air-minded" after their trip by transport plane from Abilene to Chicago recently on the first leg of their trip to Lansing, Michigan, where they went to a dealer showing of the 1938 model Oldsmobiles.

The Ozonans boarded the plane at Abilene around 5 o'clock in the afternoon and landed in Chicago at 3 the next morning. They spent several days in Chicago, where they visited relatives, both before and after the trip to Lansing. On the way back they drove one of the new model Oldsmobile Eights, taking delivery at the factory.

## West Texans Show Interest In Wild Life Conservation

West Texans have shown great interest in the subject of wildlife conservation and a large number have established conservation areas on their own property, reports from county agricultural agents in that region indicate.

C. H. Gilmer of Edwards county is devoting his 1,528 acre ranch at the head of Hackberry Creek to conservation of deer, wild turkey, fish, raccoon and other wild life. He built two concrete dams during August to impound water from the headwater springs of Hackberry Creek to form two lakes of about six feet maximum depth and 400 and 600 yards long respectively. The ranch will not be stocked with cattle, sheep or goats this year, in order to allow more feed to grow for game. The lakes will be stocked with black bass. This is an isolated, rugged ranch and is especially adapted to all wild game, according to the county agricultural agent.

A large number of lakes and tanks built in Coleman County in cooperation with the 1937 Range Program will be stocked with bass, white perch, crappie, and bream. These will be supplied by the state game, fish and oyster commission. Farmers and ranchmen are receiving these fish under the agreement that they prohibit all fishing in such lakes and tanks for a period of two years.

Kerr County 4-H Club boys are showing an interest in studying habits and foods of deer, turkey and quail and making collections

of their food plants. Among wildlife conservation plans outlined for the year are a census of game, building up a conservation museum, collecting conservation bulletins, managing a field for quail, improving home grounds for song birds, learning to identify 50 birds in the community, and studying Texas game laws.

Mr. W. Y. Benge, Scoutmaster, is being assisted by Mr. Eugene Hollon in directing the local Scout activities.

## "Dickie" Brings Help in Nick of Time

Mrs. Christine Toth, seventy, of Lucaston, N. J., fondling her pet poodle, Dickie, after the dog had been instrumental in saving its mistress' life recently. Ill from toadstool poisoning, Mrs. Toth wrote a note, "Help, I'm dying. Mrs. Toth," tied it to the dog's collar and sent him out of her house. The dog's shrill barking awakened Rev. Harry R. Stockton, pastor of the local Methodist Episcopal church, early in the morning. Noticing the note, he telephoned for a doctor who sped to Mrs. Toth's side, reaching her just in time to save her life.

## ITS THE SPIRIT OF THE THING THAT COUNTS

By Welton Bunger

School is getting well under way now, so let's turn our minds to some essentials. First comes the school spirit heading the list. No school can enjoy rapid progress when the community as well as the student body gets into the spirit of things. During these fall months the pupils are unusually interested in our football team, so why shouldn't the community be? Who can resist letting out a lusty cheer when the purple and gold comes trotting around the field? That's what we mean by the spirit of the thing. The pep-squad, drum corps, band, and school fans of the pigskin parade, all boost the team.

We welcome you as individuals and as the community, to assist in making our school the most progressive one in the country, and one that we can be proud of as time goes by.

Get into the spirit of the thing with us and help us to 'go to town' this year.

## HABIT, THE FOUNDATION OF CHARACTER

By Betty Dudley

There are mushroom men and men of oak.

Like the mushroom, some men develop their characters to a certain extent, and then that development stops. They allow themselves to do wrong once, and that calls for another wrong. Christopher Marlowe, Shakespeare's greatest predecessor in the field of drama, allowed himself to do wrong, and that wrong caused him his death at the age of twenty-nine.

Then there are the men of oak, who do not form bad habits and who build their characters each day. William Shakespeare, the greatest of England's literary men of all time, did not allow himself to do wrong. He was well known for his engaging personality and for his upright character. The oak lives on and on.

The quotation "Save and improve your to-days, and your to-morrows will take care of themselves," is a very good example to follow. Do not get into the habit of doing things that are wrong. Like Shakespeare, lead a clean, honest life to-day, and your to-morrow's will not end as Marlowe's did.

## RAH! RAH! FOR OZONA!

Were you at the game Saturday? If you were there, you must have admired the splendid spirit of the pep squad. If you were not there, you should attend the next game and learn something of school loyalty from this band of boosters, who came out, regardless of mud, to send the boys to victory. REMEMBER THE LIONS NEED YOU!

## RAH! RAH! FOR OZONA!

Mr. Nelson: "How old would a person be, Walter, who was born in 1897?"  
Walter: "Man or woman?"

## OZONA BEATS RANKIN

The Ozona Lions nosed out the Rankin Red Devils here Saturday by a score of 18 to 7. Ozona scored early in the first quarter. Line plungers carried the ball down to the 20 yard line. Then Beecher Montgomery went over for the first touchdown from the 20 yard line. The try for the extra point was no good.

Rankin scored early in the second quarter when Ozona fumbled deep in their own territory and Rankin recovered on the five yard line. On the first play Rankin scored, and the try for an extra point was a pass which was good. The score was Rankin 7 Ozona 6. During the third quarter there was just a general exchange of the ball.

In the fourth quarter the Lions carried the ball down to the 5 or 6 yard line.

Line on line plays. Perner went over for a touchdown from the six yard line. The try for the extra point was no good. Rankin received and kicked back to Ozona and on line bucks took the ball back to the six yard line where Leath plunged over. The try for the extra point was no good. The score then read Ozona 18, Rankin 7.

Although Lemmons did not score he did some nice running. Chapman and Johnigan stood out in the line.

## LIBRARY NEWS

Students would do well to keep in mind the following regulations for the library management:

1. No one is to go behind the desk except the librarian.
2. No librarian is to go behind the desk when not on duty.
3. All magazines are to be filed for on sheet at desk.
4. A fine of five cents is to be charged on over-due books.
5. No reference book is to be moved from the library except by special permission from a teacher.
6. All books may be kept ten days, including Saturday and Sunday.
7. Each person checking out reading material must sign for it himself.
8. No student may have more than two books at a time.
9. It is necessary that date due slips be signed.
10. Books from the teachers' library are not to be checked out at the student loan desk.

The librarians' individual duties are:

1. Stamping magazines—Betty Lou Coates.
2. Book repairing—Doris Bunger and Mary A. Smith.
3. Making poster to advertise new books—Posey Baggett.
4. Checking over-due books—Jeff Fussell and W. B. Robertson.
5. Keeping shelves in order—Mary Bess Parker.
6. Filing newspapers—Jean Drake.
7. Head librarian and library reporter—Catherine Childress.

## CLASS MEETING

The Senior Class met Friday, Sept. 24, to select their graduation invitations. The card selected carries the class roll and the class officers.

The sweet pea, in orchid and pink has been chosen as the class flower by this year's Seniors. "Find a way or make one" is class motto.

Our rings, our invitations and our other class business has been put out of the way. Now, we are ready to begin making sure that the invitations will be needed next spring.

## PRESS CLUB MEETS

Members of the Press Club had their first formal meeting at the home of Welton Bunger on Wednesday, September 22, at eight o'clock. Editor-in-chief, Welton Bunger, reported on journalism and newspaper make-up; and Maurice Lemmons reported on the point to be stressed in the writing of a news article. A round table discussion followed.

Plans were made for the club to meet twice monthly. Refreshments of watermelon were enjoyed by the group present.

## ASSEMBLY

On Thursday, Sept. 23, the Ozona High School had its first assembly, which was presented by the Fine Arts Department. The program was as follows:  
A piano solo by Miss Dawes.  
A reading by Pricilla Jean Baker.

A piano solo by Mickey Couch and three numbers played by the band under the direction of Mr. Edwards.

## HAVE YOU READ THIS?

"The greatest enemy of conscious control is runaway emotion. We do things when we are angry, hurried, worried, or afraid, of which, when reason returns, we are ashamed. Did you ever have the experience of hearing your own voice and realizing after you had spoken that it was pitched too high or had a whine in it? The complete mastery of self is attained only when, no matter how rapidly an action is performed, it is the consequence of and not simultaneous with a conscious command given by the brain."  
Says who? Says Gelett Burgess, author of "Have You an Educated Heart?" It will be found under the title "Do You Know What You Are Doing?" Reader's Digest for October, 1937.

## PEP RALLY

The Ozona High School met in a pep rally Friday afternoon at 3:45. Pep speeches were made by the following boosters: Dorothy Hannah, Lurinne Townsend, Coach White, P. C. Perner, Betty Lou Coates, Mr. Denham, Jack Chapman, Philip Schmemann, and Mr. Edwards. The program closed by the groups singing the school song.  
The lively music of the band furnished inspiration for both the football boys and the pep squad girls.

## SENIORS MEET

The Senior Class of 1937-38 met September 21, to appoint committees to select class colors, flowers, and a motto for the year. The following were appointed: flowers and colors committee, Betty Dudley, Lurinne Townsend, and Welton Bunger; motto committee, Maurice Lemmons, Catherine Currie, and Sybil Cook. It was decided upon that fifty cents a semester would be the class dues.

The Senior Class decided upon their class rings in a class meeting on September 22, 1937. The rings are to be 10k gold with a military finish. A red ruby set surrounded by the words "Ozona High School," with truth, honor, loyalty, courage, knowledge, and service make up the neat and durable ring.  
It is hoped that the future Ozona High School Seniors will accept the choice made by the class of 37-38 and that it will become a standard ring for the school.

## THE PROWLER

By Maurice Lemmons

Philip and some friends must enjoy getting up early or they wouldn't come to school before 9:00 o'clock.  
We must have a very good staff. I can't seem to be able to find any dope on them.  
P. C. and Dorothy H., please give your recipe for a quick make-up after a quarrel, to the rest of the love lorn.

All the football boys who had their hair shaved off seem to have lost the favor of Dan Cupid.

We have some boys who must be figuring on giving Henry Ford some competition, by the looks of all the "model T's" in town.  
Lois J.—how are you getting along with your Spanish?

What Ex-Senior has been keeping out one of the football players pretty late every now and then?  
I think it is very nice of Welton B. to furnish refreshments to all of the drum majors at practice, don't you?

Why is there always a bunch of spectators on the south side of the gym watching the baton twirlers? If you want to know very badly ask John C.—I think he can tell you.

Did anyone hear of the fright that Mary Bess had on last Thursday? It is an interesting story; get her to tell it to you.

It seems as if the asst. Pep Squad leader has a little trouble with her mail due to Philip S. and Beecher M.

By the way, here is something important I had almost forgotten. I have appointed P. C. P. as my life guard and manager. If you have any complaints, you will have to see him about them.

The Home Economic 11B class is well on its way in sewing. In this course the girls make tailored dresses and pre-school child garments.

So many people complimented the HE 11A class on the refreshments served at the P. T. A. meeting that it was thought you might like the spice syrup recipe used in the tea.

## Spice Syrup

2 cups granulated sugar.  
1 cup water.  
1 tablespoon corn syrup.  
3 pieces 3 inch thick cinnamon.  
1 piece whole or 2 teaspoons cracked ginger.

Combine sugar, water, spices and syrup in a sauce pan. Stir over heat until sugar is dissolved. Simmer for 15 minutes. Strain. Put in bottle and store in the refrigerator.

## PICK-UPS

Mr. Caruthers: "Name the five most common bugs."  
Howard: "June, tumble, lady, bed, and hum."

Elton Smith: "Are you yawning?"  
Ed Leatherwood: "No, I am giving a silent Indian war whoop."

While touring in Mexico this summer, Mrs. White came upon an Indian brave riding a pony. A heavily burdened squaw walked beside him.

"Why doesn't the squaw ride?" asked Mrs. White.  
"Ugh," said the Indian, "she got no pony."

Mr. Hollon (After recess): Stanley, why are you crying?  
Stanley: "Bill Carson kicked me in the stomach."  
Mr. Hollon: "Bill, did you mean to kick Stanley in the stomach?"  
Bill: "Naw, He turned around just as I kicked."

Christine Currie got on an elevator in San Angelo the other day and became talkative.

"Don't you ever weary of going up and down in this elevator a day?" she asked.  
"Yes'm," the operator replied.  
"Is it the motion of going down?"  
"No'm."  
"The stopping?"  
"No'm."  
"Standing on your feet much?"  
"No'm."  
"Closing the heavy door?"  
"No'm."  
"Opening it?"  
"No'm."  
"What is it then?"  
"Answering questions."

Here we are another year, and the Ozona Boy Scouts have really started out. Patrols have been organized under the leadership of Clifton Tallafiero, Howard Lemmons, Norman Rendall and Beecher Montgomery.

Scouts met Tuesday night in the band house with about twenty present. Methods of destroying an old flag were discussed. Next week we will start drills and marching, and also will have a demonstration on artificial respiration, snake bite first aid measures, and fifteen uses of the neck-erchief.

"Just a Little Better Service"

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

**Q.** From the proceeds of what forest land is a student loan fund provided at Texas A. & M. College?

**A.** In 1929 John Henry Kirby of Houston, gave the state 600 acres of longleaf pine timber land near Bhatt, Tyler County, to be administered by the Texas Forest Service and applied to an A. & M. student loan fund.

**Q.** For what rapidly increasing use is the Texas magnolia tree especially adapted?

**A.** Research experts are recommending the magnolia as well suited to the manufacture of slats for Venetian blinds, most of the timber now used for that purpose being Oregon cedar.

**Q.** What Texas governor had personal command of Texans serving in Mexico in the United States Mexican war?

**A.** Gov. James Pinckney Henderson, who served under a bill passed by the Texas Legislature. Only two regiments of Texans entered Mexico, the other two that had been requisitioned remaining on garrison duty on the Rio Grande.

**Q.** What Spanish adventurer invaded Mexico about the time that Alonzo Alvarez de Pineda reached the Texas coast?

**A.** Hernando Cortez arrived in Yucatan from Cuba with an invading force the same year (1519), formally planted the Spanish flag and began his campaign for the conquest of Mexico.

**Q.** What became of Alvarez de Pineda after his exploration of the Texas Gulf coast?

**A.** After following and mapping the coast line as far south as Tampico, he returned along the coast to Cuba, finding the mouth of the Mississippi on the return trip and sailing some distance up that stream.

**Q.** How long after the Pineda exploration was it before another Spanish expedition was sent to the Texas coast?

**A.** Panfilo de Narvaez commanded a Spanish fleet sent in 1527 to follow up Pineda's explorations. This fleet was lost in the Gulf of Mexico, but Cabeza de Vaca and a few companions were cast on the Texas shore. After much hardship, Cabeza de Vaca and three others, including Estavanez (Stephen) the black Moor, made their way in about eight years to the Pacific coast of Mexico.

**Q.** What prompted de Soto's expedition to America?

**A.** When Cabeza de Vaca returned through Mexico to Spain and spread the stories he had heard from Texas Indians about Quivira the Seven Cities of Cibola, with gates of turquoise and vessels of gold, Hernando de Soto organized a "gold rush" expedition, in 1538,

composed of priests, sailors, soldiers and adventurers, and sailed in search of the vast riches.

**Q.** How far into Texas did de Soto's party come?

**A.** De Soto landed in Florida and in three years reached the Mississippi, where he died. His surviving followers under leadership of Moscoso, pushed on and entered Texas near the present city of Texarkana and went up Red River some 300 miles, where they turned south to the Brazos at or near Waco, probably going some 150 miles west to there before turning back.

**Q.** Where is the site of Anderson's Mill?

**A.** Anderson's Mill, part of the walls of which are still standing, built by Thomas Anderson as a gunpowder factory for the Confederacy and afterward used as a water power grist mill, is on Cypress Creek, a tributary of the Colorado River, about 20 miles above Austin. It stands a few feet above the water line of Marshall Ford Lake.

**Q.** How many WPA cannery plants are there in Texas and what do they can?

**A.** Forty-five, most of which will be continued another year. Last year they put up more than 5,000,000 cans of spinach, corn, peas, baked apples and other farm products, all except that canned for farmers on an exchange basis being used in Government relief.

**Q.** Is the guayule rubber plant grown in Texas?

**A.** The guayule is native to and grows wild in the Big Bend section. It is slow growing except under cultivation and irrigation, coming into productive growth about ten years. A rubber plant at Marathon, Brewster county, has been operated intermittently for many years, manufacturing a good grade of rubber from the wild guayule plants.

**Q.** How much does the Texas State government pay to aid rural school transportation?

**A.** The state appropriation for the present year is \$972,683, but the superintendent of public instruction has announced that this sum will be exhausted by Christmas and that additional funds will be sought.

Sunday is Rally Day in the Sunday School. Our attendance of 128 last Sunday was a record for this conference year. Let's plan to exceed that record this Sunday. There is a class in our Sunday School for every member of the family. So bring the entire family to Sunday School and church this Sunday.

Our Annual Conference meets in San Antonio on the 20th of October. That means that there are only three Sundays remaining in this conference year. We want to make them the very best Sundays from the standpoint of helpful services that we have had through out the year. Each member is asked to do his share toward making these services helpful.

Every person in Ozona is urged to worship at the church of his choice every Sunday. We extend a cordial welcome to all who will come to the services.

**MERCURY BOOKS 25c**

*For a Full-Length Novel*

Here at last are the books America has been longing for. Designed by America's foremost book designer—well printed—handsomely bound in a special English-finish cover paper. At a price which has brought long, loud applause from every section of the country—25c for a full-length novel.

These great book bargains are made possible only because leading book publishers and authors are accepting a low royalty, because the books are printed on special high speed presses in quantities of 100,000, and because THE AMERICAN MERCURY—America's leading literary magazine—has launched the enterprise without charging any overhead or editorial expense to it.

To date we have published 4 books — all distributed through the better newsstands of America.

+ COMPANY K—"An extraordinarily moving and an important book . . ." Saturday Review of Literature.

+ THIRTEEN STEPS—A powerful, startling novel paced by breathless action and a strange love story.

+ EVERYTHING IS THUNDER—Described by O. O. McIntyre as "the most absorbing book I've read in five years."

+ THE POSTMAN ALWAYS RINGS TWICE—Described by the famous F. P. A. as "the most engrossing, unlaydownable book that I have any memory of."

If your news dealer is sold out and cannot supply you with the books, use the coupon below for these great bargains. Send 25c in coin or stamps for each book desired—or \$1.00 for all four books—to THE AMERICAN MERCURY, 570 Lexington Ave., New York.

home run. The locals scored another in the second, but the third saw their championship hopes go glimmering as pitcher Al Crostwaite weakened and when the smoke had cleared for that frame four runs had crossed. Barbee and Estes drew passes to open the inning, and Ray LeMieilleur cleaned them off with a home run. Brother Coy Lemieilleur followed suit with another for four bases, and Crostwaite and Lefty White, playing at first in Dorley's absence changed places.

Crostwaite cracked one out for a home run in the fourth to complete his team's scoring for that game. The Oilers got to White for another run in the fourth, two more in the fifth and another pair in the eighth.

**Blow-Up Complete**

The second game was a complete blow-up for the Ozona-Sonora compination in the fifth frame, after holding a 6-3 lead to that point. The locals scored three in the first again on successive hits by Paul McLeod, Cox, Mangold, Crostwaite and Marvin McLeod. Three more were chalked up in the second when Cox, Stuart, and Mangold hit successively. Mangold stealing around and coming home on a passed ball.

The Oilers marked in the first when Smith, one of the Crane gorillas run in by the Pecos team, was hit by a pitched ball, went to third on R. Lemieilleur's double and scored on C. Lemieilleur's out-

field fly. Two more were added in the fourth when C. Lemieilleur was safe on Estes' hit and both scored on Estes' hit and Paul McLeod's error on the ball in right field.

When the blow-up came in the sixth, it was a brace of errors and those Lemieilleurs and company again that caused the damage. Williams was safe on Cox's miscue opening that frame. Barbee forced Williams at second, Smith, an extra privilege taken by Dictator Gray, singled and Ray Lemieilleur hit one for the circuit. Brother Coy kept the good work going with a double, Estes was out on a fly, Mangold muffed Hensley's roller and all hands were safe. DeFoyd then clouted one for two bases to score two, and pitcher Fingers yielded to White. Finney greeted the latter with a two bagger to score DeFoyd and Williams struck out to end the carnage, with six runs for the frame.

and then on the next play charged thru for a first down, on about the thirty. Three passes failed to click and the ball went over, and a golden scoring chance was miss-

ed. Howard Lemmons let the ball get away on a pass square into his hands on the last down. Backed against the goal, the visitors kicked out on their own thirty and another drive for a tally was started by the locals. Captain Perner, Haskell Leath and Beecher Montgomery were effective on line plans and end runs to advance the ball to the ten. A five-yard set back, a three-yard gain and a couple of muffed passes again cut short the threat.

**Break In Fourth**

Deadly shoe string tackles by the little chaps from Rankin kept the locals pretty well bottled up in the third chucker. The break punt and recovered on their own came for the Lions early in the fourth when the Devils fumbled a five. A poor kick went out on the ten and Captain Perner in a couple of tries vaulted over the stubborn Rankin line for the second marker and a long sought lead. Again a kick from placement was bad and the score was 12 to 7.

A 25-yard return of a punt from the fifty to the Rankin 25 by Beecher Montgomery was the starter for the third scoring sortie. From there Perner picked up three, Howard Lemmons crashed through for five more and Perner made it a first down on the 12. Montgomery and Perner picked up four each and Leath found his hole for the marker. And the third attempted kick was bad to leave the score 18 to 7.

The Lions were on their way to another marker as the game ended. Montgomery recovered a Rankin fumble on the 25 and Leath had cracked the Rankin defense to get to the one yard line as the game ended.

Backfield power was supplied in the driving of Perner, Leath and Howard Lemmons. Montgomery has shown some improvement this year in his broken field running, and although lacking the weight to power his way through, may cause future opponents no little trouble with his elusive hip work and his improved speed.

A little more practice in tucking away the ball in snatches from the

*Don't Be a Business Raven*

*Do Your Share of Advertising To Keep Business In Ozona*

... Advertising is a vital necessity to the success of every business, because every business depends upon the town it is located in to help attract business into the trading center.

... No one business is so complete in itself that it can survive and prosper alone. It requires modern business methods, good stocks of merchandise, and advertising by its fellow business concerns to help keep it alive.

... A half-dozen concerns can keep a number of non-advertisers going for a while, but sooner or later the live-wire towns that are neighboring, will cut in on the business.

... Every town, to be progressive, must have a live newspaper, to keep the community affairs to the front, and maintain interest and pride in that community among its inhabitants.

... The advertiser is helping maintain the newspaper. Without advertising, the newspaper cannot exist. The amount of advertising space used by the merchants, is reflected in the quality of the newspaper.

... If you are neglecting to advertise, if you are just riding along—you are taking unfair advantage of your fellow businessmen. You are garnering your profit from their progressiveness and their advertising.

... Why not start now by adding your strength to the drawing power of Ozona. Grab hold of the wheel! Do your part all the time.
