OPEN TITLE SERIES SAT. AT SONORA

Iraan To Oppose Ozona Sonora Combination In Play-Off

CROSTWAITE PITCH

Heatherly's Injury To Leave Hole In Local Infield

The play-off series between the Ozona-Sonora Station A team, winners of the first half championship, and the Iraan Oilers, successful contenders for second honors, to determine the Permian Basin championship and the mythical crown of West Texas baseball, will begin Saturday afternoon with the opener on the Sonora diamond. It was announced last night by the team management at Station A.

As has been the custom during the 1937 season, games will be alternated between respective "home towns" of the two teams. In the case of Ozona and Sonora, of course, games will be alternated between the two towns. Sunday's game will be in Iraan, and the next week's series will likely open Saturday in Iraan, with the Sunday game here.

The Crane Gulfers, last year's champions, lost their opportunity for a tie with the Iraan crew Saturday when the Texon Oilers nosed them out 10 to 9 in a hotly contested game at Crane. The complete rout of the Crane gang was accomplished Sunday on the Texon diamond when Roy Gardner's lads took advantage of the Crane "give-up" spirit to spike them 9 to 3.

Crostwaite Coming

Al Crostwaite, mainstay of the Ozona-Sonora pitching staff will be on hand to work a hardship on the heavy-hitting Iraan nine in Saturday's game, it was announced from the Station last night. Lefty Fingers, who gave an exhibition of splendid chunking in the recent 16-inning fracas with Texon on the Ozona diamond, will not be available during the first four games of the series, but will be on hand the following week, provided the series goes that far, it was announced by team managers.

(Continued on last page.)

Scout Activity To Be Renewed In Fall Season

Many Activities Are Planned For Immediate Future

Frederick B. Isely, field executive for the Concho Valley Boy Scout Council, visited Ozona early this week on a regular tour of the area.

Scouting in the area is to be revived with the opening of schools, and a number of local activities have been planned. A Jamboree Program is to be presented sometime this fall, with moving pictures of the Washington Jamboree taken by Miles Pierce and Roy Henderson, Jr., to be shown and one of the five Ozona boys who made the trip to tell of the experiences.

A meeting of the troop committee within the next two weeks has been announced by Ira Carson, chairman. Members of the local committee are Mr. Carson, Bright Baggett, Rev. Eugene Slater, Wayne West, V. I. Pierce and C. S. Denham. Other activities planned for the early fall are an over night outing, with troop committee men and fathers accompanying the boys, and development of the Senior Scouting program locally. W. Y. Benge, Jr., is now Scoutmaster of Troop 53, succeeding Joe Haddon.

Missionary Zone Meet To Be Held In Ozona Friday

All-Day Session Planned; Book Review To Feature

From sixty to eighty visitors are expected here Friday for the quarterly Zone Meeting of the Methodist Missionary Society, with the Ozona Society as hostesses for the all-day gathering. Delegates are expected from McCamey, Rankin, Barnhart, Big Lake and some from Sonora, which is not in the district but will probably be represented.

A feature of the day's program will be a review of the book, "The Jew and World Ferment" by Basil Matthews, to be presented by Mrs. Allen G. Roe of San Angelo. The review will be given at the afternoon session.

The program will open at 10 o'clock with the devotional led by Mrs. Mary Flowers. Special music will be followed by a discussion of the fall study program, "The Moslem World," led by Mrs. Eugene Slater.

A luncheon will be served at the church by the local society. The afternoon program will open with the devotional led by Mrs. L. B. Cox. A business session will follow, with Mrs. Mack T. Anderson of McCamey, zone president, presiding. Mrs. L. U. Spellman of San Angelo will address the group after which Mrs. Roe will give the book review.

Large Group Of Ozona Students Off To College

Far Flung Campuses To Claim Sixteen In Next Week

College campuses in all sections of Texas and in other states will soon claim a large group of Ozona young men and young women as the annual Fall exodus nears. Within the next week, some fifteen or more Ozona youths will be on their way to enroll in their selected institution of higher learning.

A large percentage of the 1937 graduating class will continue their educational efforts in college or university. Texas State College for Women at Denton will claim three of these; Miss Clara Mae Dunlap, daughter of Mr. and Mrs. Ernest Dunlap; Miss Lillian Baggett, daughter of Mr. and Mrs. J. M. Baggett; and Miss Athleen Dudley, daughter of Mr. and Mrs. J. M. Dudley.

Miss Mary Williams, valedictorian of the 1937 class, will enroll at the University of Texas, where she plans to major in journalism. She is a daughter of Mrs. Charles Williams. Two other Ozonians will be members of the University student body the coming year, Eugene Montgomery, son of Mr. and Mrs. Clay Montgomery, to receive his B. S. degree at the end of the first semester, and Joe Rape, son of Mr. and Mrs. I. G. Rape, to continue his studies there.

Southern Methodist University at Dallas will claim three new students from Ozona. They are Joe

Woman's Club Will Entertain Husbands At Dinner As Opener

To begin its work of the new year on the general theme of Current Literature and English, the Ozona Woman's Club will be hostesses at a dinner Tuesday evening at the Hotel Ozona, with husbands of members as special guests of the occasion.

The evening's program will consist of special music and a talk by the new club president, Miss Elizabeth Fussell. Mrs. Evart White will be the presiding officer.

CANDIDATE

Bob Calvert of Hillsboro, speaker of the Texas House of Representatives, is among the first to jump into the 1938 Texas political whirl. Calvert is an avowed candidate for attorney general.

Twenty-One Are Candidates For Diplomas In '38

Senior Class Of Ozona High Off To Last Year's Work

Twenty-one candidates for diplomas of graduation from the Ozona High School compose the Senior Class of the 1937-38 term as the enrollment stood at the opening of school Monday. The class had not organized for the year this week, but is expected to hold a class meeting sometime this week or next to elect officers and plan the year's activities.

The Senior roll follows: Walter Babb, Jack Baggett, Welton Bunker, Jr., Catherine Childress, John Coates, Sibyl Cooke, Elizabeth Couch, Christine Currie, Maudie Mae Couch, Betty Dudley, J. W. Johnigan, Haskell Leath, Maurice Lemmons, P. C. Perner, Sid Petty, Lela Mae Phillips, Norman Rendall, Florence Sparks, Lurline Townsend, Elmon Powell, and Louise Casbeer. One post-graduate student, Miss Dollye Cooke, is also enrolled.

All-Stars Crush Texon Oilers In Labor Day Game

League Batting Power Smothers Four Texon Hurlers

There was too much power in the bats of the fan-picked Permian Basin all-stars, and a parade of Texon hurlers passed before the stands as the Big Lake Oil Co. crew attempted to stem the on-rushing tide of base blows in the annual Labor Day feature of the Texon celebration Monday afternoon.

When the smoke of the afternoon's battle had cleared, a check-up showed a total of 20 runs had crossed the plate for the all-stars and only six for the Texon team. The all-stars gathered 19 hits off the offerings of Peel, Ritter, Harris and Haven.

Carl Dorley, Sonora-Ozona first sacker and mighty slugger, shared hitting honors with Smith of Crane, each getting three out of five. One of Dorley's was a long drive into the greasewood flats for a home run, with two on. Mangold, Ozona-Sonora shortstop, playing with the all-stars, smashed a double and a single. Al Crostwaite, who started in the box for the all-stars, was adjudged the most valuable player of the league, drawing a cash award from the Big Lake Oil Co. Crostwaite also won the fungo hitting contest in the field meet preceding the ball game.

Seven Veterans Form Nucleus Around Which Coaches Hope To Build Strong Grid Combination For Coming Campaign

Ozona High Lions Will Open Ten-Game Schedule With Iraan There Sept. 18; Crew Looks Promising

With Coach Ted White and Assistant Coach Jake McCulley brimming with enthusiastic hopes for the season's successes and the boys breathing fire from the nostrils as they limber up and stuff the cranium with new tricks of the trade, the Ozona High School gridiron aggregation for the 1937 season is in the midst of serious practice this week as they prime for the season opener at Iraan a week from Saturday. The Lions face a full ten-game schedule for the season.

Seven lettermen are back in harness to form the nucleus of the 1937 Lions, and in addition there are some twenty willing and enthusiastic youngsters, some of whom saw plenty of rough and tumble scrub service last year, and have absorbed enough experience to be valuable additions to this year's crew.

The seven lettermen are Captain Pete Perner, Howard Lemmons, Haskell Leath, Beecher Montgomery, Maurice Lemmons, Walter Babb, and J. W. Johnigan. All of these are one-year lettermen with the exception of Leath, last year's captain, who has lettered two years.

Perner Is Potent
In this nucleus of veterans, there is considerable promise of a rugged eleven when they take the field against foes of the district and neighboring areas. Captain Perner, for instance, has added ten to fifteen pounds of good, hard muscle during the summer, balancing the scales at around 170 and is showing lots of drive in practice. Pete is developing into a good shoulder blocker, appears a loose hipped ball carrier, and above all, is "rearing to go," and that spirit he apparently is putting into his team.

Full of confidence, cool and deliberate and a mighty good influence in the backfield will be ex-captain Leath. Leath is a good spot kicker, puts lots of power in

BACK FROM HOSPITAL
James Baggett, who recently underwent an operation in a San Angelo hospital for appendicitis, was released from the institution early this week and returned to his home on the ranch south of Ozona.

LOCATE OIL TEST
Location was staked recently by J. N. Simpson for a 2,500 foot oil test on the A. C. Hoover ranch in this county. Location is 330 feet from the south and east lines of section 2-FF-GC&SF Ry. Co. survey.

INTO NEW HOME
Mr. and Mrs. Hubert Baker will move Monday into the new home erected by Mrs. Bruce Drake in the southwest section of the city. Mr. Baker is manager of the local Piggly-Wiggly store.

UP IN WHEEL CHAIR
Mrs. V. I. Pierce, who is recovering in a San Antonio hospital from a recent operation, was able to be up in a wheel chair yesterday, reports received by members of the family here indicated. Mrs. Pierce was in a critical condition for a time following the operation, but is recovering nicely now.

STARTS NEW HOME
Construction work has started on the new rock veneer residence being built here by Sam Cox. The old residence was raised last week and work on the new started.

CARRUTHERS TO RETURN
Guinn Carruthers, manual training teacher in the Ozona High School, who was ill in an Austin hospital several weeks this summer, is expected to report here the end of this week to resume his duties as a member of the local faculty. Mr. Carruthers attended the University of Texas summer school, illness interrupting his work there the last few weeks. He has been recuperating recently at his home in Paradise, Texas.

SCHOOLS OPEN WITH GAIN IN ENROLLMENT

Elementary Grades Up Last Year's Total By Forty

HIGH SCHOOL OFF

Drop Of 23 Leaves Net Gain Of 17 In System

While the elementary grades made one of the largest jumps in enrollment gains in the history of the local school system, a loss in the high school grades brought down the net gain in opening day enrollment to 17 over last year's opening, it was revealed in enrollment figures released by Supt. C. S. Denham following the formal opening of the 1937-38 school term here Monday morning.

The largest gains in enrollment were made in the primary grades, and especially in the first grade, where it is believed an all time high opening day enrollment was reached with 34 counted in that grade. The kindergarten enrolled 25, another sharp gain.

The elementary grades enrolled a total of 206, a net gain of 40 pupils over last year's opening. The high school enrollment was 87 against 100 last year, a loss of 23 pupils.

The enrollment figures by grades follows: kindergarten, 25; first grade, 34; second, 26; third, 21; fourth, 25; fifth, 26; sixth, 27; seventh, 22. In High School, eighth grade, 18; ninth grade, 22; tenth, 26; and eleventh, 21. The Mexican school enrollment was 110, against 120 last year.

Brief formal opening exercises were held in the auditorium Monday morning launching the 1937-38 term. The program opened with the invocation by the Rev. I. V. Garrison, after which Supt. C. S. Denham introduced to the largest audience of pupils and school patrons the new teachers who will be on this year's faculty.

Mrs. H. B. Tandy sang, "Morning," with Mrs. Neal Hannah at the piano. Rev. Eugene Slater delivered the opening address, an inspirational talk on appreciation of life and the ability to live.

J. M. Edwards, new band and orchestra leader, presented a saxophone solo. Mrs. Hannah accompanying. After announcements by the superintendent, concerning new grading system, new courses and instructions for registration, the exercises closed and pupils assembled in their various rooms for registration and assignments. Classroom work got under way in earnest Tuesday morning.

For perhaps the first time in the history of the school system, Judge Charles E. Davidson was not on the platform at Monday's exercises. Judge Davidson, with Mrs. Davidson, is visiting in Winfield, Iowa.

Lurline Townsend Chosen Leader Of School Pep Squad

Crystelle Carson To Be Assistant; Forty Enrolled

Lurline Townsend was elected Pep Squad leader for the 1937 athletic season at a meeting of approximately forty girls interested in enrolling in the cheer section held Tuesday afternoon.

Crystelle Carson was chosen assistant leader and Miss Mildred North faculty sponsor.

The group of girls discussed the question of possible new uniforms for this season, but no definite action was taken on the question. The squad will begin practice on yells and songs this week, to be in readiness for the opening of the football season.

COACH WHITE

the toe, is an excellent ball carrier for spinner plays and is as always a good blocker. He is training hard, toughening fast and is likely to make his presence known in the ball game.

Howard Lemmons is due to prove some power in the backfield. He is heavy, fairly shifty and is working earnestly. He has lots of ability but is young. A little more fire and he will be hard to stop. Brother Maurice is due to make a splendid center if his fire and

THURSDAY, SEPT. 9, 1937

Report Of Mexican Mission Work Given At Missionary Meet

A report by Mrs. Scott Peters, president of the City Mission Board, on the recent program conducted in the Mexican settlement here, featured the business session of the Ozona Methodist Missionary Society meeting Wednesday afternoon at the church.

Daily attendance was from 80 to 150, Mrs. Peters reported, with classes in Bible, handcraft, sewing, and a night class in English for adults. Epworth League meetings were held Sunday evenings. At closing exercises 250 attended, the young people presenting a program of memory work and a play, "The Challenge of the Cross."

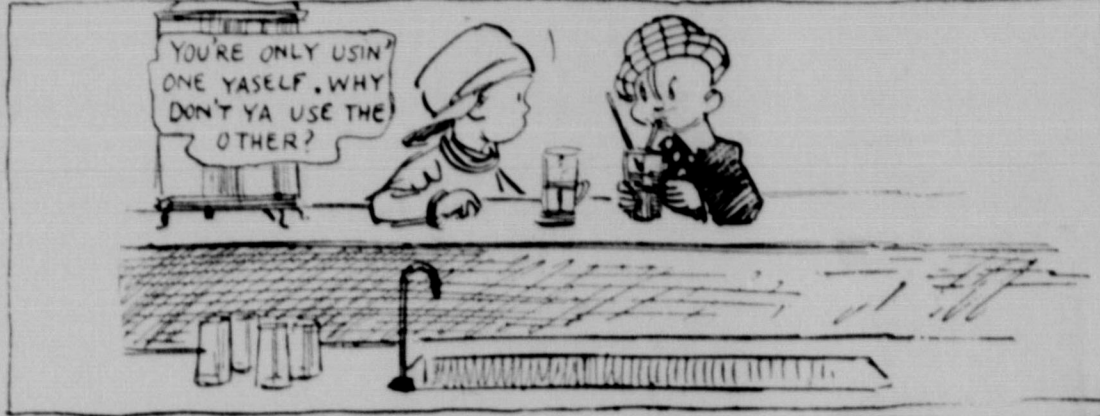

The worship program was led by Mrs. L. B. Cox. "Earliest Missionary Letters" was discussed by Mrs. J. A. Fussell, and "Christian Missions and the Social Leaven" by Mrs. Carl Colwick.

Present for the afternoon program were Mrs. Cox, Mrs. Colwick, Mrs. Fussell, Mrs. Lee Childress, Mrs. Madden Read, Mrs. Peters, Mrs. Charles Williams, Mrs. Paul Perner, Mrs. Bright Baggett, Jr., Mrs. Will Baggett, Mrs. Kate Baggett, Mrs. Eugene Slater and Mrs. Ragsdale.

Mr. and Mrs. Bert J. McDowell are in Ozona today from their ranch south of town, visiting Mr. McDowell's brother, C. L. McDowell, insurance agent, and shopping.

METHODIST CHURCH

Eugene Slater, Minister
Calendar of Services

Sunday School - 9:45 a. m.
Morning Worship - 11:00 a. m.
Epworth League - 7:00 p. m.
Evening Worship - 7:45 p. m.
Mid-Week Service, Wednesday, 7:30 p. m.
Choir Rehearsal, Wednesday, 8:00 p. m.

Interest and enthusiasm for the services of the church have increased with the opening of school. We have a definite place in our service for each member of the family. We want you to come regularly and take your active place in the work of the church.

The Woman's Missionary Society will meet at the church for the Quarterly Zone meeting at 10 o'clock on Friday of this week. The morning session will be spent in a discussion of the fall study course on "The Moslem World." The feature of the afternoon session is a book review by Mrs. Al-

len Roe of San Angelo, "The Jew and World Ferment." Each session will be opened with a devotional service. All of our ladies are cordially invited.

All our students who are going away to school will be honor members of the congregation this Sunday morning. The morning sermon "Temptations Upward" will represent an effort to interpret some of the experiences that college and university offer.

The Board of Stewards will meet at the church on Sunday afternoon at 2 o'clock for an important meeting. The chairman, Mr. Paul Perner, urges all members of the board to be present.

Let everyone plan to go to church on Sunday. The church of your choice welcomes you!

Founder's Birthday Observed By O.E.S. With Lawn Party

Members of the Ozona chapter of the Order of Eastern Star enjoyed an evening of fun on the lawn of the Will Baggett ranch home last Thursday evening, the occasion being an observance of the birthday of the founder of the Order, Robert Morris.

The evening's program was planned by Mrs. George Bean, and was featured by a game of "Bean Bag Golf," and with its many tricky holes, this game started the evening off in a merry mood.

Mrs. J. A. Fussell made an interesting talk on the life of Robert Morris and his work as a man and as a Mason. Iced watermelon was served to Mr. and Mrs. J. A. Fussell, Mr. and Mrs. Bright Baggett, Mr. and Mrs. Paul Perner, Mr. and Mrs. C. J. Van Zandt, Mr. and Mrs. R. L. Flowers, Mr. and Mrs. George Bean, Mr. and Mrs. Ted White, Miss Elizabeth Fus-

sell, Mrs. Mary Flowers, Mrs. Minnie Crumley, Mrs. Joe Davidson, and Mrs. M. A. Rynnion.

The first meeting of the lodge will be held September 21.

P. T. A. Entertains At Reception For Faculty Members

Returning faculty members and new teachers in the Ozona school system were honored guests of the Parent-Teacher Association at a reception staged on the High School lawn Monday evening.

A "radio" program, with C. E. Nelson as master of ceremonies, furnished entertainment during the evening. Radio numbers included "The Man on the Street" directed by Evart White, and "Do You Want to be An Actor", directed by Richard Flowers.

A Hillbilly band, directed by Bryan McDonald, furnished music and plenty of entertainment as a feature of the evening. Composing the Hillbillies were McDonald, Miss Dixie Davidson, Richard Miller, Jr., Lon Jordan and George Senne.

Mrs. J. A. Fussell conducted a "spelling match" in which names of teachers formed riddles which participants were required to solve. In the "Do You Want To Be An Actor" feature, Bascomb Cox and Mrs. Welton Bunger were selected by the audience for the dramatic parts in a skit which they enacted for the entertainment of the crowd.

Miss Merle Draper, dancing and expression teacher, presented a dance number, with Miss Norene Allison. Refreshments were served at the conclusion of the program.

Mimeograph paper, mimeograph ink at The Stockman.

BAPTIST WMS HOLDS BUSINESS, BIBLE STUDY

Members of the Baptist Womens Missionary Society met Wednesday afternoon at the church for a short business session and Bible study. Present were Mrs. W. A. Kay, Mrs. Clyde McCaleb, Mrs. I. V. Garrison, Mrs. R. F. Powell, Mrs. J. S. Whatley, Mrs. George Inlow, Mrs. S. L. Butler, and Miss Maybelle Taylor.

Dove Season Opens In This Area Sept. 15; Lasts 2 Months

Guns of Crockett County hunters will be booming next Wednesday morning as dove season opens under the new game law set-up. The season lasts two months, closing November 15.

Under the new laws, universal hunting and fishing licenses will be required for those who hunt and fish in a block of 22 West Texas counties, among which is Crockett County. Hunting licenses will be \$2 and artificial lure fishing license, \$1.10, and natural bait license 55 cents.

Dr. and Mrs. A. E. Brammer of Bandera were guests of Dr. and Mrs. John A. Sherburne recently.

John H. Love of Dallas, general agent for the North American Accident Insurance Co., is expected here today for a conference with C. L. McDowell, local agent for the company.

Mr. and Mrs. Pink Beall, Mr. and Mrs. R. F. Powell, Miss Leta Powell and Mr. and Mrs. Oscar Kost and daughter, Shirley, spent Sunday near Sweetwater attending a family gathering in a roadside park near that city.

CENTENNIAL FLAGS

Flags! Texas Flags!
How they sway and swirl!
How they billow and they flutter
In the summer breeze!
Cherished Symbols these,
Our Flags!

Flags! Texas Flags!
How they shimmer as they rise
To salute the azure skies,
Far adown the avenue
While we pass them in review
Beautiful flags.

Flags! Texas Flags!
Our own Lone Star and the Flag
De-Lis
With the flags of the Confederation
The Stars and Bars and Mexico
Ever waving to and fro
Gallant Flags.

Flags! Texas Flags!
Those of France and those of Spain
Then our loved Lone Star again
All of these in silken sheen,
Of which old Glord is the queer
Wonderful Flags.

Flags! Texas Flags!
Each one as it appears
Marks its place among the years
Each of these a part did see
In our wondrous history.
Cherished Flags!

Flags! Texas Flags!
In your exquisite beauty, you see
To far surpass an artist's dream
One for almost every age
You constitute our heritage.
Our beloved Flags.

Texas State College for Women

Denton, Sept. 8.— Hot muffins for breakfast are not as much trouble as tradition would have you believe. If late risers will remember to mix the dry ingredients the night before they can get that last few minutes of sleep and still surprise the family with these delicious breads.

To turn this trick, one simply measures and sifts the dry ingredients together and places them in a covered jar; then measure the milk and eggs and fat and you are set. In the morning sift the dry parts again and the muffins are practically done.

Cornmeal Muffins

4 eggs, 1 c. milk, 2 c. cornmeal, 1 t. salt, 1 T. melted butter, 4 t. baking powder. Beat egg whites and yolks separated. Add milk. Add dry ingredients and melted butter. Fold in beaten egg whites. Fill greased muffin tins one half full. Bake in moderate oven 20 to 30 minutes.

Graham Muffins

1/2 c. graham flour, 1/2 c. cornmeal, 1/2 c. milk, 1/2 t. salt, 4 t. baking powder, 2 T. melted butter. Scald milk and pour over cornmeal. Cover and let stand ten minutes. Add graham flour, salt, baking powder. Add melted butter. Batter should be moderately stiff. Bake in greased muffin tins in moderate oven 20 to 30 minutes.

Wheat Muffins

4 c. flour, 1 t. salt, 8 t. baking powder, 1 t. sugar (if desired), 2 c. milk, 2 eggs, 4 t. melted butter. Mix and sift dry ingredients. Break eggs into mixing bowl and add liquid and flour alternately. Add melted butter. Bake in buttered muffin pan in hot oven over 18 to 20 minutes, depending on size of pans.

Bran Muffins

1 c. sour milk, 2 c. bran, 2 eggs (may be omitted), 1 t. salt, 1 t. soda, 1 c. whole wheat flour, 3 t. baking powder, 1 t. sugar. Mix dry ingredients thoroughly without stirring. Mix milk and egg together. Combine the two mixtures. Bake in buttered muffin tins 30 to 40 minutes.

Skunk Sales

Denton, Sept. 8.— 'Possums and skunks may not sound very enticing, but these two animals yield a larger number of pelts to trappers in Texas than any other animals. Out of the 1934-35 catch of 912,276 raw furs, over 600,000 of them were opossums and about 120,000 were skunks. The season's fur catch was valued at \$600,000, but in past years the amount has been estimated as high as \$3,000,000. Other fur-bearing animals which are breadwinners in the southeastern and southwestern part of the state are fox, raccoon, badger, civet cat, muskrat, mink and beaver.

Some Feast!

Claiming the production of the world's largest watermelon, weight 183 pounds, Cass county nevertheless stands second to Parker county in the amount of production per acre, in which Parker leads the nation. According to the 1935 census over 3,975 melons were produced in the seventy odd counties who farm them throughout the south central part of the state. The yearly crop is valued at \$556,000.

The Oldest Texans

Although the Vanishing American has done a great deal of his disappearing act in Texas, there are still about 2100 full-blooded Indians left. Estimates of the Indian population at the beginning of the white man's settlement run from 30,000 to 200,000. Many full-bloods are now counted in with the Mexican population, their ancestors having migrated back and forth across the border, so there may be many descendants of the original inhabitants of the state than the tabulation shows. The only distinct settlement left is that of the Alabamas and the Coushattas on the Polk County Reservation.

ENTERTAINS CLUB

Mrs. Clifton Brooks entertained members of Las Amigas Club Friday afternoon at the home of Mrs. Bill Conklin. There were four tables of members and guests.

U. S. Weather Man Gives Method Of Predicting Storm

Brownsville, Aug. 25 (AP) — Veteran Meteorologist W. J. Schnurbusch, who has scanned the Gulf of Mexico coastline for 15 years, took time off from his barometers to give laymen an understandable method of predicting tropical hurricanes.

Bald, businesslike Schnurbusch, who weathered the disastrous blow of 1932 with Rio Grande Valley residents, warned his flock of the hurricane season and told how human eyes could detect signs of approaching storms.

"Of all the natural phenomena known to man through the centuries, probably one of the most interesting and little understood — to laymen at least — is the hurricane," said Schnurbusch.

The word "hurricane" signifies "big wind" in ancient Carib Indian language and has come into use as the name for any tropical cyclone of the Atlantic Ocean, Gulf of Mexico, Caribbean Sea, Eastern and Southern Pacific. It is identical with China Sea typhoons.

Too often, however, warned Schnurbusch, is the word misused. A hurricane wind is a blow of 75 miles or better, while a hurricane is an entire storm.

"Tropical winds vary greatly in intensity, but to most people the word 'hurricane' implies destructive winds. Therefore, it is customary for the weather bureau in its hurricane warning service, to use the word hurricane only when the storm is of great violence. Less severe storms of the same regions are described as 'tropical disturbances,' with modifying words such as slight, moderate, considerable and others, to indicate intensity."

How can you sight a hurricane at long range?

"One of the first definite signs is the sea swell, especially significant to observers of the Gulf Coast," said Schnurbusch. "It appears at sea as a long, unbroken wave, with the time interval between crests considerably longer than in waves ordinarily observed."

"At sunset and sunrise the

WILLIAMS' PREXY

Dr. James Phinney Baxter III, professor of history and master of Adams house at Harvard university, who was unanimously named to succeed Dr. Tyler Dennett as president of Williams college, at a recent meeting of the executive committee of the Williams board of trustees. Forty-four years old, he takes office September 1 as one of the youngest of the ten men who have held the presidency in the college's history.

clouds on the outer border of the hurricane are highly colored; a brilliant red sky is one of the well known signs of an approaching hurricane."

Causes of hurricanes are largely theoretical. Schnurbusch explained, weather conditions existing at the earth's surface during the formative period of a hurricane — frequent showers, light winds, warm moist air — being most necessary for development.

Some disturbances develop quickly into violent tropical storms; others increase in force much more slowly. Many become no more than mild winds with unsettled weather.

In small hurricanes, Schnurbusch said, the diameter of the area of destructive winds may not exceed 25 miles, while in some of the greatest the diameter may be as much as 400 to 500 miles.

"Winds of a hurricane blow around and incline toward the center. Their direction in the Northern Hemisphere is counter clockwise. The 'law of storms', accepted by meteorologists, is that the observer, standing with his back to the wind, will find the storm center on his left. Since the winds have some curvature, the center will be on his left and slightly to the front."

History of hurricanes dates back to Columbus' voyage to America, the meteorologist said. A study of fragmentary records reveals that the frequency of hurricanes, their intensities and movements, while variable from year to year, have not undergone any pronounced changes within the period of record.

Eleven coastal cities between Brownsville and Florida are a part of the vast meteorological system constantly on watch for unbridled winds. The New Orleans bureau is center of activities. Seven experts work in the Brownsville bureau.

Scores were killed, property leveled by 100-mile-an-hour winds, and livestock buried in mud and water when this sectors worst storm isolated the valley for three days in 1932.

BRIDGE-FORTY-TWO

Mrs. Jack Holt was hostess at a Bridge-Forty-Two party given at the Hotel Ozona Saturday afternoon. Seven tables of bridge players and three tables of Forty-two enjoyed the afternoon's entertainment.

Miss Elizabeth Fussell and Miss Mary Williams spent the week-end in San Antonio, returning here Tuesday night.

Miss Ethel Childress is visiting friends in Dallas this week.

MALE HELP WANTED— Reliable man or woman, neat appearing, steady, to handle Watkins route in Ozona. Experience unnecessary, can earn \$25 to \$35 weekly. Write WATKINS PRODUCTS, 70-88 W. Iowa, Memphis, Tenn.

Temper - Time - Money

Heat Your Home This Winter With

GAS

Hundreds of users of our Rancho Gas tank systems throughout West Texas have found the system more economical than other types of fuel and much more satisfactory from the standpoint of comfort and ease of operation.

Now Is The Time To Install Your System

See us now before cold weather arrives. Get your plant installed now and be ready for the first cool days of winter.

Joe Oberkampff

ALL OZONA IS SAFER!

*With its HUNDREDS OF ADDITIONAL SHARP-EDGED TREAD UNITS, the De-Skidded U. S. Royal Master has introduced a new degree of safe, positive control over all wet weather skidding hazards. The clean-cut edges bite through slippery road film—wipe the water away—eliminate the very cause of skidding by giving every inch of the tread a safe, dry road contact. Only Royal Master has so many hundreds of gripping edges in both directions...only Royal Master gives complete control from both forward and side skids.

Came to Town

And no wonder! This sensational De-Skidded tire gives motorists a new control of forward skids on steep, treacherous hills... new control of side skids on hairpin curves and wet, slippery highways.

If you haven't had a ride on this amazing safety tire come in today. One ride tells the story.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

Robert Ballard Is Soapbox Derby Champ

Robert Ballard, twelve, of White Plains, N. Y., smiles as he receives the International Soapbox Derby championship trophy from Felix Doran, an official of the race. The contest, held at Akron, Ohio, was attended by a record crowd of more than 100,000. A handsome cash prize and a scholarship to college when he is old enough were the rewards for Robert's skill in piloting his soapbox vehicle.

Q. When and where were Indian Reservations established on the upper Brazos and with what results?

A. In 1852 the Texas Legislature assigned lands to the Federal Government for two Indian Reservations. The Brazos agency was about 15 miles south of Fort Belknap and fragments of several tribes, to the number of about 800 were settled there. The other reservation, which was for Comanches, was on the clear fork of the Brazos about 40 miles above there, where only about 400 Indians were gathered. Although about \$100,000 a year was spent on these, they were abandoned in 1859 because of the antagonism of the whites and depredations of the Indians, who were then moved north of Red River.

Q. Was Texas ever reimbursed by the Federal Government for expenses incurred in its frontier protection?

A. In 1855 Congress voted \$2,500,000 to reimburse Texas for expenses incurred in Ranger service during the preceding ten years.

Q. Was Jesse Chisholm, noted trail driver, an Anglo-Saxon American?

A. He was a half breed Cherokee from Indian Territory.

Q. Is the Candelaria Mountain in Texas?

A. It is in Mexico, about 50 miles south of El Paso, where it rises from an open plain and affords a magnificent view of the country many miles around.

Q. What county fair in Texas has been held every year for more than 50 years?

A. The fair at Fredericksburg, Gillespie County, is 52 years old

and has been held each year.

Q. What is the total indebtedness of Texas and what amount of taxes are delinquent?

A. The auditor's last report shows a total debt of approximately \$704,000,000 at the end of 1936 fiscal year. This includes debts of cities, road construction, schools, and bands of all governmental subdivisions or districts. Delinquent taxes totaled \$136,214,368.

Q. What district indebtedness aside from district school bonds, is included in the State's reported \$704,000,000 debts?

A. Water control and improvement districts, 23,184,307; levee improvement districts, \$14,751,841; navigation districts, \$13,706,750; water improvement districts, \$11,747,395; fresh water supply districts, \$624,970; irrigation districts, \$2,339,861; conservation and reclamation districts, \$2,503,508; drainage districts, \$2,444,312.

Q. When was the Fannin Battlefield State Park established and who donated the land for that purpose?

A. The park was established by the Legislature in 1913, and the 12 acres of land on which Fannin and his men made their last stand was donated to the state for a park by Mrs. L. J. Hanley, who was then owner of the site.

Q. By what name was Col. James W. Fannin known in his boyhood days in Georgia and why?

A. He was adopted and reared by his maternal grandfather, J. Walker, and as a youth was known as James F. Walker. His guardian had his name changed to James Walker Fannin. He was the son of Major Isham F. Fannin, who served under General Jackson at New Orleans.

Q. What family did Col. James W. Fannin have and what became of them?

A. His wife was Minerva Ford of La Grange, Ga., who lived at Valesco after her husband's death. They had two daughters, Missouri Pinckney, who died in Galveston at the age of 17, and Minerva, whose mind was beclouded and who died in a State institution at Austin, and was buried in the State Cemetery.

Q. What was the Guadalupe flag?

A. The original Guadalupe flag was the banner of Miguel Hidalgo who inaugurated a Mexican revolution against Spain soon after the North American colonists secured their independence. When the mission was founded at Ysleta in 1682 the "Banner of Our Lady of Guadalupe" was placed over the altar as a church flag and not as a military symbol.

Q. Where and when was Sam Bass born and when did he start on his criminal career?

A. Sam Bass was born near Mitchell, Lawrence County, Ind., July 21, 1851. He came to Texas while a youth and worked for W. F. Egan, sheriff of Denton County, until he reached manhood. He then drifted north with cattle herds and began a criminal career around Deadwood, Dakota, in 1877.

Q. When was Panola County created and what was its first county seat?

A. Panola County was organized from Harrison and Shelby counties in 1846, with Pulaski, then a village about 8 miles northeast of Carthage, as the county seat. Carthage became the county seat in 1849, the town being founded that year and named for Carthage, Mo.

Q. How many grapefruit canning and juicing plants are there in Texas?

A. There were 35 such plants at the last available report. A number of others are being built in preparation for this season's crop.

Q. In what state has the Texas Centennial Commission of Control erected a monument to memorialize the parents of Thomas J. Rusk?

A. Such a monument has been erected at Pendleton, S. C., in honor of John and Mary Rusk, Irish immigrants and parents of Thoshas J. Rusk, who was born near Pendleton in 1803 and came to Texas in 1835.

Q. Is bull-fighting as seen in Mexico, permitted in Texas?

A. The Pan-American Exposition at Dallas announces as special features, bull fights by Mexicans with bulls exactly as may be seen in Mexican arenas, except that bulls are not killed, but merely "tantalized".

Q. What are the leading tomato and tomato juice canning centers in Texas?

A. Jacksonville in east Texas and Yoakum in south Texas, the tomatoes are extensively grown and canned throughout the state.

Q. From what country was Baron de Bastrop and when did he come to Texas?

A. He was a European, who fled to Mexico in 1795 from a French revolutionary invading army following the Reign of Terror in Paris. He secured a Spanish grant to settle a colony in Louisiana in 1797, which was suspended awaiting approval from the King of Spain. When Napoleon Bonaparte acquired Louisiana and then sold the country to the United States Bastrop moved to San Antonio, following Aaron Burr's visit to Bastrop's Louisiana grant in 1806, or soon thereafter, probably to avert complications because of his reputed association with Burr.

Q. Did Bastrop ever return to Europe after coming to Texas?

A. Although he left a wife and five children in Europe, he never

returned to them, and it is believed that he never communicated with members of his family after the death of his wife about 1811. Bastrop talked so little about his previous life that he was regarded as a "mystery man".

Q. Who was governor of the province of Texas when Moses Austin reached San Antonio in December 1820?

A. Antonio Martinez was governor under authority of Gen. Joaquin Arredondo, commandant of the Eastern Interior Provinces of New Spain.

Q. What is the average price paid to growers for Texas pecans?

A. The average for the past 10 years has been 9 1/2 cents a pound.

Q. What Texas county produces the largest blackberry crop?

A. Smith county, with Lindale the leading blackberry shipping and canning center of the state.

Q. Who has officially been designated as the "Cowboy Artist of Texas?"

A. Tex Moore was given that tinction by the Legislature of 1935.

Q. What new field of chemical research is being opened in Texas?

A. Chemurgy, as now being studied and developed, affords opportunities for students technically and specifically trained for highly scientific research that gives promise of rapid increase. There is a lack of persons qualified for this work.

Mrs. A. J. Clark returned to her home in Irving the past week-end after visiting for two weeks in the home of Mr. and Mrs. Alfred A. Cooke.

Mrs. Doug Kirby visited relatives in Fort Stockton last week. While there she underwent an operation for removal of an impacted wisdom tooth.

Construction work is underway on the new home being built west of the draw by Mr. and Mrs. N. E. Rendall.

Miss Margaret Butler To Wed Wacoan In Ceremony To Be Performed Sunday

To announce the engagement and approaching marriage of her daughter-in-law, Miss Margaret Butler, Mrs. J. C. Butler entertained a group of friends with a luncheon at her home Tuesday.

Miss Butler is to become the wife of Thadd E. Tabb of Waco, the marriage to take place next Sunday, September 12. The bride-to-be is a daughter of Mr. and Mrs. S. L. Butler. She is a graduate of Baylor University of Waco, receiving her degree with the class of 1937. She graduated from Ozona High School in 1933.

Mr. Tabb is a son of Dr. and Mrs. T. E. Tabb of Waco. Dr. Tabb is a practicing physician in Waco. Young Tabb is a former Baylor student and is now employed by the Crawford and Austin Manufacturing Co. of Waco, a company which manufactures canvas for chairs, awnings, tents, etc.

Miss Butler is to be complimented with a miscellaneous shower Saturday afternoon at the A. C. Hoover home. Hostesses for the occasion will be Mrs. J. P. Pogue, Mrs. Pink Beall and Mrs. Ernest Duplap.

J. M. Edwards Opens Classes For Band And Orchestra

J. M. Edwards, band and orchestra leader and instructor, will take over the classes of Joe Hadson and will direct the school band and orchestra.

Mr. Edwards has already opened his class and has started off with approximately thirty members of the band. Mrs. Edwards, who is expected to join her husband here this week, will teach piano and violin, succeeding Mrs. Ruth Hill, who taught piano last year in conjunction with the fine arts division of the schools.

Music Club Meets Monday For First Program Of Season

The new season's activities will be inaugurated by the Ozona Music Club next Monday afternoon when the organization meets for the first program at the home of Mrs. John Bailey, with Mrs. Madlen Read as assisting hostess.

Mrs. E. B. Baggett, Jr., will direct the day's program which includes the singing of "Texas, Our Texas," by the group, followed by a piano selection by Mrs. W. N. Hannah. "Red-Buds" by the Texas composer, W. J. Mash, will be sung by Mrs. H. B. Tandy.

Mrs. H. B. Tandy, president of the Music Club, has issued an appeal to members of the organization to be on hand for the opening program Monday.

ARIZONA VISITOR

Mrs. J. R. Carpenter, former Ozonan, now residing in Yuma, Ariz., is here this week for a visit with her daughter, Mrs. Fats Heatherly. Mrs. Carpenter formerly operated the Ozona Hotel and dining room. Mr. Carpenter is ranching near Yuma.

MOVE TO ANGELO

Mr. and Mrs. Alvin O'Fields, former Ozona residents are moving this week from Fort Stockton to make their home in San Angelo. Mr. O'Fields is to be connected with the David Petroleum Co. there. He was former manager of the C. G. Morrison Co. store here and was with the same concern in Fort Stockton. Mrs. O'Fields is the former Miss Mildred Davis, daughter of Mr. and Mrs. George F. Davis.

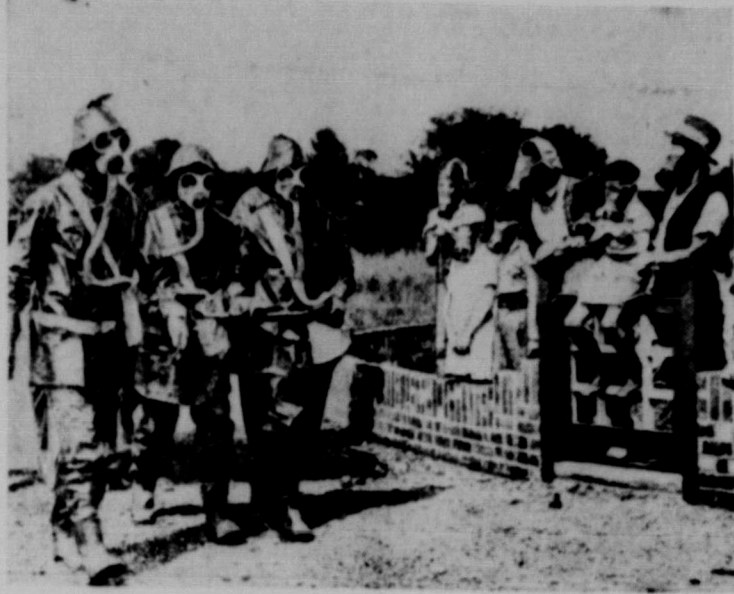

CONTINUE TANK WORK

Reports that tank building was to be barred from the 1938 range conservation program were refuted in information gathered this week by T. A. Kincaid, a member of the state conservation committee, and County Agent C. J. Van Zandt. Responding to a letter sent by the local officials, state headquarters advised that no information was available there regarding any possible curtailment of year, and the executive secretary that feature of the program next of the committee voiced the opinion in the letter that if such action were taken, it would be "very detrimental to the program."

NEW RANCH HOME

Construction work is nearing completion on a new ranch home

Here's a Brand New English Custom

A sign of the times in Old England is this photograph, made during Chatham Navy week, which gives you an idea of the extent to which Europe is suffering from war jitters. The oilskinned gents at left are members of a "decontamination squad," who are rehearsing the duty they hope they'll never have to do—mopping up after an "enemy" gas attack. To lend realism to the scene an entire English family stands in front of its home, everybody gas-masked, watching the squad go by.

being built by Mr. and Mrs. Marshall Montgomery on the George Thompson place on the Pecos River. Mr. Montgomery recently leased a part of the Thompson country and will take possession October 1.

BUYS HOME HERE

Johnny Hicks, who has been ranching near Sheffield until recently, has purchased the Lotis Young home west of the draw and has moved here with his family to make their home. Mr. Hicks recently sold his stock from the Sheffield ranch.

TO PAVE HIGHWAY 10

Bids have been advertised by the State Highway Department for caliche base and asphalt surface treatment on a 26.8 mile stretch of Highway 10 in Pecos, Crockett, and Crane Counties. A small section of the highway traverses the northwestern corner of Crockett County. Bids are to be received in Austin Sept. 17.

Humble Again Will Broadcast Games of S'west Conference

It was announced today that the Humble Oil & Refining Company, sponsors of broadcasts of Southwest Conference football for the past two years, will again sponsor these broadcasts during the 1937 season.

The broadcast will be over an extensive network of Texas stations, so that followers of Conference football in all parts of the state will be able to follow their gridiron favorites without difficulty.

Due to the 10-game schedule adopted by the Conference this season, broadcasts will be more condensed than heretofore. On most Saturday afternoons, the Humble Company will broadcast as many as three games, and on several Saturdays as many as four according to tentative schedules now being worked out. This will give radio followers of football a comprehensive picture of the Conference season.

The announcing staff is already known to football fans. It will include Kern Tips, Cy Leland, Hal Thompson, Gene Wyatt, Tom Jacobs, Bill Hightower, and others. Technical equipment, much of it bought new this year to take advantage of latest developments, will be unsurpassed.

The new residence being built in Big Lake for Mr. and Mrs. Frank McMullan is nearing completion, it is reported here.

New Bus For Powell Field Pupils Put In Operation This Week

A new school bus, to be used in transporting pupils of the Powell Field sector to schools in Big Lake, was put in operation there this week. The bus was recently purchased by the school board when the decision was reached to discontinue the Powell Field school.

Pupils of the sector will be transported to the Big Lake schools each morning and back to their homes in the afternoon, Reagan County to receive the per capita apportionment for each pupil under an agreement with this county.

W. M. Johnigan of Ozona has been employed as driver of the new bus. He will occupy quarters at the school building during week days, returning to Ozona over week-ends. The new bus, which has a capacity of 22 pupils, was delivered to the county through North Motor Co., local Chevrolet dealers.

ATTENTION

Ozona Cowboys and Ranchers
The surest-footed horse always falls the hardest. North American Accident Ins. Co. pays for all accidents. Full indemnity for 60 months. C. L. McDOWELL, local agent.

Mr. and Mrs. Mike Friend have moved back to Ozona to make their home and send their son to school. They are occupying one of the John Barton houses.

Mrs. Wayne West is having a servant's room erected in the rear of the West home.

E. G. Christensen and family have returned from a vacation spent visiting relatives. Mr. Christensen is bootmaker at the Jones Saddlery.

Mr. and Mrs. O. B. Craddock and daughter, Lurline, of Fort Worth visited here Friday in the home of Mr. and Mrs. L. B. Townsend. They were on their way home after a visit to California.

The front of the Ozona National Bank building was receiving a new coat of paint this week.

CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 26.867 miles of Caliche Base Course and Single Asphalt Sur-

face Treatment from Intersection with Hwy. 27, 13.779 miles East of Fort Stockton to the Upton County line on Highway No. 10, covered by Control 76-1, 3, 4 - 3, 3, 3, in Pecos, Crockett and Crane Counties, will be received at the State Highway Department, Austin, until 9:00 A. M., Sept. 17, 1937, and then publicly opened and read.

The attention of bidders is directed to the Special Provisions concerning prevailing and minimum wage rates and hours of employment included in the proposals in compliance with House Bill No. 54 of the 43rd Legislature of the State of Texas, and House Bill No. 115 of the 44th Legislature of the State of Texas. The prevailing wage rates listed below shall apply as minimum wage rates on this project.

Title of "Laborer," "Workman" or "Mechanic" Prevailing Minimum Per Diem Wage (Based on Eight (8) Hour Working Day)

Quality Eyesight Service Again

DR. FRED R. BAKER, widely known optical specialist, who has been giving local citizens high class eye-sight service for over thirty years, will be at the Hotel Ozona, Wednesday, Sept. 15th only. New testing equipment and a splendid stock of stylish spectacleware, and prices are moderate.

The Simple Facts About Banking

—is the theme of our advertisements in this series.

OUR purpose in this series has been to make clear the guiding principles of sound banking. Public understanding and the confidence that results therefrom are essential to sound banking.

We have sought to explain the ways in which we protect our customers' deposits and provide them with banking services. We have described the loaning and investment policies that form the basis of the strength, safety and usefulness of this bank to the Community.

If you would like additional information on any of the subjects we have covered thus far in this series, we invite you to come in.

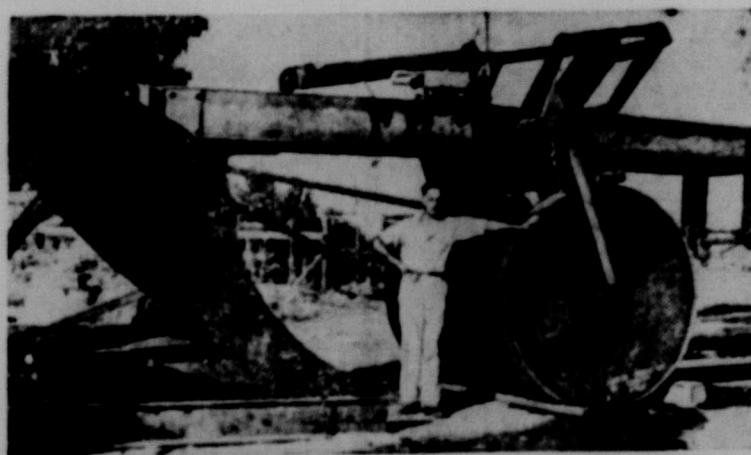

OZONA NATIONAL BANK

Ozona

Texas

Huge Plow Will Cut Six-Foot Furrow

Huge plow constructed at a cost of \$3,400 which is designed to cut furrows six feet deep. It will be used in the Santa Ana river plains of California to recover rich loam soil buried under sand deposits by the 1916 flood. The machine will be pulled by two 95-horse-power Diesel-driven caterpillar tractors. The share will be nosed into and pulled from the earth by a powerful hydraulic hoist mounted on top of the frame.

FIRST, THERE'S AN IDEA

All good things begin with an idea. Improved motor fuels, better motor oils are no exception to that rule. So Humble's continuous improvement policy puts a premium on ideas. First, a technician gets an idea; he and his fellows elaborate it, theorize about it, satisfy themselves it's sound. Then they test it in the laboratory, that graveyard of many ideas which look good on paper. If the idea passes the laboratory test, the supreme test of all awaits it—the open road. The new product, the improved product, goes through a gruelling grind no ordinary driving would ever give it. Then—if it stands up—it's offered to you.

When, therefore, we invite you to test our Humble products in your car, we're confident you'll like them. We have tested them ourselves and we know they're good!

HUMBLE OIL & REFINING CO

A Texas institution manned by Texans

Mary Geniece Hardberger And Pleas L. Childress Wed Sunday In Lubbock Rites

Young Couple On Wedding Tour Of Mexico; Live Here

Miss Mary Geniece Hardberger, daughter of Mr. and Mrs. R. E. Hardberger of Lubbock, became the bride of Pleas L. Childress, Jr., of Ozona in a wedding solemnized at 5 p. m. Sunday in the First Presbyterian church of Lubbock.

The young couple left for a wedding trip to Mexico City, after which they will be at home on the Childress ranch east of Ozona.

Miss Hardberger entered on the arm of her father. She wore a period dress in old ivory of bride's velvet, the cut-away skirt revealing flounces of pleated lace, making a demi-train in the back. She carried Joanna Hill roses and lilies-of-the-valley. Her short veil of illusion was attached to a coronet of seed pearls. Her only ornament was a strand of pearls, worn by other brides of the family.

Miss Ethel Childress, sister of the bridegroom, was maid-of-honor, and Mrs. Lowell Littleton of Ozona, only sister of the bride, matron of honor. They wore apricot dresses on empire lines, banded in bronze velvet, and colonial bouquets of bronze asters.

Miss Catherine Weaver and Miss Nancy Ruth Leaverton, bridesmaids, wore dresses of moccasin brown, banded in green velvet, and carried apricot gladioluses. All wore velvet bonnets with ostrich tips.

Wesley Harrell of Cisco attended the bridegroom as best man. Ushers were John Childress of Ozona, brother of the bridegroom, Bill Hixson of San Angelo, and Billy Hardberger, brother of the bride.

A reception at the home of the bride's parents followed the ceremony.

The bride is a graduate of Texas Technological College, where she was prominent in student activities. She taught last year in the Lubbock public schools. Mr. Childress is a son of the late Mr. and Mrs. P. L. Childress. He is a graduate of the Ozona High School and the University of Texas. He was employed until recently in the Ozona National Bank, but resigned his position to take charge of his ranching interests.

Seven Veterans—

(Continued from Page One.)

enthusiasm continues. He is not too light, is accurate with his passing and aggressive on defense.

Montgomery Develops

Beecher Montgomery will be the backfield midget, but will doubtless loom as a pretty potent factor to opponents before the end of each game. Beecher came out as much as any player on the squad toward the end of last season, developing considerable skill as a passer and kicker, and makes up for his lack of weight with his drive and determination in carrying the ball. He is an effective blocker and clever ball carrier.

Walter Babb comes up from the Pecos River, and observers are looking for him to be as "salty" in coming campaigns. He is becoming a fine body blocker, but is having trouble with the shoulder blocking. He is training earnestly, however, and with his enthusiasm will probably make his presence felt. He is slated for a tackle berth.

20-Pound Chinese Melon Is Grown In Ozonan's Back Yard

Huge Cantaloupe - Like Melon Grown From Seed Secured In Arizona

S. L. Butler, local building contractor, this week was exhibiting a giant Chinese melon grown in his back yard.

The melon, which resembles an overgrown cantaloupe, was grown from seeds obtained by Mr. Butler in Arizona. He ate a slice of the melon at a cafe and asked and was given a handful of seeds. The plant is hardy and, although planted in June this year, has produced two of the immense melons.

The melon which Mr. Butler exhibited downtown weigher approximately twenty pounds and measured exactly forty inches around. The meat of the melon is yellow with a tinge of green and is sweeter than a cantaloupe, Mr. Butler said. The meat is much thicker than a cantaloupe, the center or seed cavity in the large melon being scarcely larger than an apple.

And, speaking of apples, the Ozonan, who dabbles in truck gardening as a hobby, also placed on exhibit a large apple plucked from his own tree. The apples, which ripen in October, are unusually large and of splendid flavor. The apple tree is now four years old.

OPEN TITLE—

(Continued from Page One.)

Lefty White and Bud Smith, with Eddie Ratliff always on hand for effective work in a pinch, will compose the balance of the pitching staff for the championship aspirants. The big soldier from San Antonio, scheduled to go the route Saturday, may get the call again Sunday, it was hinted, in the event the starting pitcher shows signs of being unable to cope with the Iraan batsmen. It won't be the first time the big fellow has done the iron-man stunt.

A big hole in the Ozona-Sonora infield for the play-off will be left with the absence of Fats Heatherly at second base. Heatherly suffered a broken bone in his left ankle in the second game of a double header exhibition series at Del Rio Sunday.

Heatherly Out

Heatherly was forced out on a double play ball hit by Mangold and in sliding into the bag hung a spike and twisted the ankle. The broken bone was revealed in X-Ray pictures made Tuesday, and the injured leg was placed in a cast. The fast fielding second sacker is definitely out for the season, doctors said.

The hole will probably be plugged by Wilford (Tomcat) McLeod, utility man, who is capable of turning in a good game in that position. The balance of the line-up will likely remain intact, providing Tex Stuart, who is on a try-out with the Dallas Steers, returns in time to take up his post behind the plate. With Eddie Ratliff on third, Mangold at short, Dorley at first, McLeod on second, M. McLeod in left field, Bob Weaver in center, and P. McLeod in right, the combined crew will go into action in the championship series behind Crostwaite's hurling.

Large Group—

(Continued from Page One.)

Thomas Davidson, son of Mr. and Mrs. Joe Davidson, James Childress, son of Mr. and Mrs. Lee Childress, and Miss Vicky Pierce, daughter of Mr. and Mrs. V. I. Pierce.

Two will be at A & M College. Billie Baggett, son of Mr. and Mrs. W. R. Baggett, will be a senior at Aggie land, and Ele Bright Baggett, son of Mr. and Mrs. Bright Baggett, a freshman. John Childress, son of the late Mr. and Mrs. P. L. Childress, will enroll as first year student at New Mexico Military Institute at Roswell. Grover Jones will become a student at Texas Tech in Lubbock. He is a son of Mr. and Mrs. Sol Jones. Ray Boyd plans to leave Friday with a view to enrolling at Texas Tech.

Miss Joyce Garrison, salutatorian of the 1937 Ozona High School class, and a daughter of Rev. and Mrs. I. V. Garrison, will enroll as first year student at Baylor University in Waco.

Miss Maggie Seahorn, daughter of Mrs. Pon Seahorn, will attend Gulf Park Seminary in Gulf Port, Miss.

JOFFRE IN BRONZE

An equestrian statue of the Victor of the Marne, designed by Maxime Real del Sarte, which will be played in one of the squares of Paris as a memorial to the French World war general.

All Stars—

(Continued from Page One.)

Dorley, Mangold, Crostwaite and Lefty White were the Ozona-Sonora players selected on the all-star aggregation, with Dutch Ohlenberg, Sonora-Ozona manager, as the team manager.

The box score in the Labor Day classic follows:

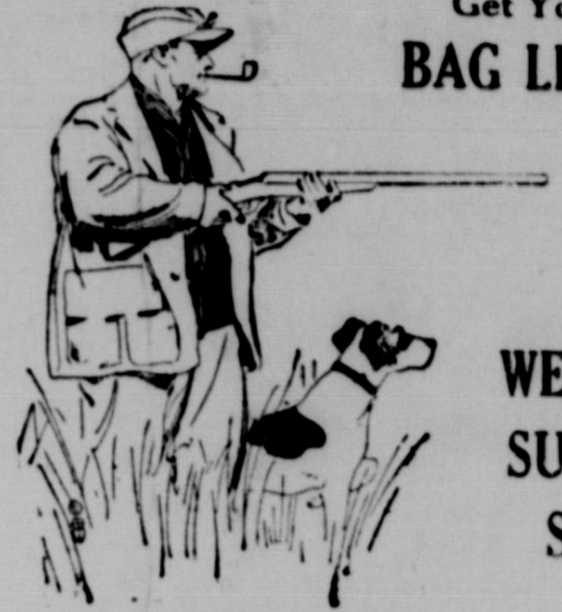

All-Stars	ab	r	h	po	a	e
Mangold, ss	4	2	2	5	2	0
Smith, 2b	5	3	3	4	5	1
Colvard, rf	5	3	2	1	0	0
C. LeMeilleur, cf	4	2	1	0	0	0
Dorley, 1b	5	3	3	7	0	0
Hensley, 3b	6	1	2	3	0	0
R. LeMeilleur, lf	6	2	2	2	0	0
DeFoyd, c	5	1	2	5	0	0
