## Plans Complete For Methodist Dist. Conference

### Arrangement Committees Named For Meeting Here Apr. 19-20

Committees on arrangements were named this week and other plans completed for the entertainment of delegates from the 22 pastoral charges of the San Angelo district who will be here for the annual District Conference of the Methodist Church, South, to be held with the Ozona church next Tuesday and Wednesday, April 19 and 20, according to announcement of the pastor, Rev. Eugene Slater.

Dr. L. U. Spellman, presiding elder of this district, will be the president of the conference sessions. Visitors to Ozona will include all pastors from the 22 counties in the district, lay delegates from each charge and representatives from the various congregational interests of the West Texas Conference.

The two-day program will consist of talks on the program of the church's Board of Christian Education, Board of Lay Activities, Board of Missions and various other phases of the work of the church in the area. Also there will be reports from the various preachers on work accomplished and plans made for the future in their respective charges, and lay delegates to the annual Conference in San Antonio in the fall will be elected.

One of the outstanding leaders of the church will be the Conference preacher. He is the Rev. Marshall T. Steel, pastor of the Highland Park Methodist Church in Dallas. Rev. Steel will preach three sermons, at 11 a. m. and 8 (Continued On Last Page.)

## Dorley To Join Bloomington, Ill. Team For Season

Carl Dorley, who has been custodian of the Ozona School buildings for the past four years and chief "powerhouse" of the Ozona baseball team's batting order, will leave today for Bloomington, Illinois, where he will join the Bloomington ball club for the season.

Dorley played with the Bloomington team in a few exhibition games last summer while on a visit with relatives there and as a result of his performance got the call this year to become a regular member of the team. He will try out for the third base position.

Bloomington is a member of the Three I league, composed of cities in the three states of Illinois, Indiana and Iowa. The league's season opener is scheduled for May 1. Dorley will make his first appearance with the team next Sunday in an exhibition game on Easter Sunday. He will be accompanied there by Mrs. Dorley and their son, Dicky.

## Scouts To Stage Easter Egg Hunt Sunday Afternoon

### Several Prize Eggs To Be Hidden On Hill-top Hunt Scene

Members of the Ozona Boy Scout Troop No. 53 will entertain children under twelve years of age with an Easter egg hunt on the Tandy hill next Sunday afternoon. Each Scout is contributing a dozen eggs to be boiled and dyed. The troop will assemble at the Scout cabin at 1 o'clock Sunday afternoon to hide the eggs just north of the cabin. The hunt will get under way at 2 o'clock.

A number of prize eggs, to be marked with the name of local merchants and individuals offering the prizes, will be hidden with the lot.

## Ozona Students Off To District Meet At Stockton

### Take Part In Declamation, Typing, Tennis, Play and Essays

The pick of Ozona high and junior high declaimers, essay writer, typists, actors and tennis players will invade Fort Stockton this week-end to engage representatives of other counties of the district in the district meet to be held there Friday and Saturday.

Opening the district meet will be the one-act play contest scheduled for 7:30 tonight when the Ozona cast, first on the list, will present a one-act play entitled "One Egg." The play is being directed by Miss Mildred North. The cast of characters includes Doris Bunker, Walter Escue and Jeff Fussell.

Maurice Lemmons and Beecher Montgomery in the boys' doubles and P. C. Perner, singles, will represent the Ozona school in the tennis contests slated for 3 o'clock Friday afternoon.

Declamation contests open at 7:30 Friday evening. Priscilla Baker and Charles McDonald will represent the Ozona school in the junior division, and Noma V. Miller and Bobby Lemmons in the High School division. A team of typists composed of Ora Louise Cox, Frances West and Adelia Willis will represent the local school in typing contests at 10 o'clock Friday morning. Welton Bunker will represent this county in the essay writing contest at the same hour.

## Cake Auction And Prize Money Net Music Culb \$17.35

### Contest And Sale Features Closing Day Cooking School

A total of \$17.35 was realized by the Ozona Music Club through an auction sale of cakes entered in the cake contest which featured the closing day of the Stockman's fourth annual cooking school last week.

Included in this amount was the first prize of \$6.25 given by the makers of Mrs. Tucker's shortening, which was won by Mrs. Bryan McDonald, who in turn donated the prize money to the Music Club. Mrs. McDonald also won third prize in the contest. She had baked three cakes, entering them on behalf of the Music Club. All three cakes later sold at auction.

Thirteen cakes were entered in the cake baking contest. The cake baked by Mrs. McDonald took first prize, one baked by Mrs. Roy Parker was awarded second prize, a set of six silver spoons given by makers of Mrs. Tucker's shortening; third prize, four silver spoons went to Mrs. McDonald, and fourth prize, a one-pound carton of Mrs. Tucker's shortening, went to O. D. Churchwell. Others who entered cakes were Mrs. C. P. Williams, Mrs. R. F. Powell, Mrs. W. A. Kay, Mrs. H. T. Rutledge, Mrs. P. T. Robison, Mrs. Strick Harvick, Mrs. Richard Flowers, and Mrs. Scott Peters. The cakes were judged by Mrs. George Harrell and Mrs. Bright Baggett, with Mrs. French assisting.

The three cakes baked by Mrs. McDonald, and those baked by Mrs. Harvick and Mrs. Peters were auctioned for the Music Club with Miss Dixie Davidson as auctioneer. A cake baked by Mrs. Richard Flowers was sold for the Woman's Missionary Society of the Methodist Church for \$1.55.

Mrs. Zeke Cooke was taken to a San Angelo hospital Monday night suffering from an infection. Mrs. Cooke was taken to the hospital by Sheriff W. S. Willis.

## SEEKS LEGISLATIVE POST

Dent Taylor, Kerrville attorney, this week announced his candidacy for the office of Representative from the 86th legislative district, the seat to be vacated by Coke Stevenson of Junction, a candidate for Lieutenant Governor.

## Kerrville Lawyer In Race For State Legislative Post

### Dent Taylor Third Man To Seek Coke Stevenson's Seat

Dent Taylor, Kerrville lawyer, has entered the race for State Representative from the 86th District, subject to the action of the Democratic primary.

The district includes the following counties: Mason, Menard, Crockett, Sutton, Schleicher, Kimble, Kerr, Bandera, Real and Edwards.

In making this formal announcement, Taylor pointed to the fact that a Kerr County man had not represented the district in Austin for more than 25 years, and expressed the belief that the office should be alternated at intervals between various sections of the district.

The Kerrville candidate issued the following statement: "While I take particular pride in the fact that I am a resident of Kerr County, in the event of election, it shall be my purpose at all times to represent as faithfully as I know how every community in all of the 10 counties of the 86th District. "Being familiar with the problems and needs of the district, (Continued on last page.)"

## Softball Fans Seek Funds For Erecting Lights Over Field

The rumble of impending softball hostilities grows louder with each passing day on the downtown streets.

It is estimated that at least six teams are ready to be pitched into the fray at the word "Go."

Season opening, however, is being delayed while negotiations are under way to determine the feasibility of erecting lights at the base ball field to provide for night playing. Organization meetings are being held this week and a finance committee will likely be on the job in the next few days in an effort to shake out enough change to make the illumination possible. Meanwhile, the impatient players mark time as they wait the starting gun.

## Jury Commission Pick Panels For September Term

Judge Joe G. Montague was here this week to wind up the April term of the district court, signing minutes of the session and attending final details.

A jury commission was named by Judge Montague Tuesday to select the jury panels for the September term of court. The commission was composed of John Fogarty, Roger Dudley and George Montgomery.

## University Well Indicates New Oil Pool In Crockett

### Choate & Hogan Test To Be Acidized After Drilling

A new pool in the northwest corner of Crockett County on University of Texas acreage was indicated early this week when L. H. Choate and Fred Hogan of Midland brought in a producer in their test six miles southeast of the McCamey field in Upton County, and nine miles north and slightly west of the Toborg-Tippett pool in Crockett County.

The test was shot with 50 quarts and bailed eight bailers of oil Sunday without lowering the column of fluid 450 off the bottom. The test was shot at 1,740 to 1,538 feet, after being plugged back from 1,627 where sulphur water was encountered.

Previous to the shot the hole filled to 1,100 feet, of which 200 feet was water, after standing five days. Operators bailed out water and then bailed 59 barrels of oil in five hours with the well estimated good for eight barrels a day before the shot.

Storage is being erected this week and preparations made for acidizing the test, with 2,000 gallons, with prospect of increasing the flow.

## College Is Topic Of P.T.A. Meeting Monday Afternoon

### Higher Education To Be Discussed By Speakers

Colleges will be the topic for discussion in the regular meeting of the Parent-Teacher Association next Monday afternoon in the High School auditorium. Mrs. Bob Weaver is program leader for the day.

The devotional will be led by the Rev. A. C. Nance. An orchestra number will be presented by the school orchestra under the direction of J. M. Edwards.

Eugene Hollon, principal of the grade school, will speak on "Foundation for Entering College." A vocal solo will be presented by Mrs. L. B. Townsend. Clarence Nelson, high school principal, will talk on "College—It's Failure and Why." School highlights will be given by Mrs. Frank Russell.

Hostesses for the afternoon will be Mesdames Welton Bunker, Paul Perner, M. A. Runion, V. L. Pierce, Ben Lemmons, Bryan McDonald, Neal Hannah, Morris Dudley and Ross Hufstader.

## 107 Registered For Conference Baptist Workers

### Attendance Cut By Sunday School Convention Next Week

Despite the fact that attendance was cut short by previously made plans of many to attend a district Sunday School convention in San Angelo next week, Association officials and the host church were well pleased with attendance at the Workers' Conference of the Pecos Valley Baptist Association which met with the Ozona Baptist Church Tuesday.

Fourteen of the thirty-one churches in the association were represented, with a total registration of 107. There were 52 from the Ozona church in attendance at Conference sessions. Two visitors were here from Big Spring, which is outside of the association. An interesting program was developed. (Continued on last page.)

## Little Damage To Lamb Crop Results From Cold Weather

Very little damage was done to new born lambs of Crockett County by the severe cold which descended suddenly on this section the end of last week, according to reports reaching here from different sections of the county.

No reports of any appreciable death loss have been received, although some losses were experienced, especially in the northern part of the county.

The cold is believed to have destroyed practically the entire pecan and fruit crop of the section, however, and nipped trees, grass, shrubs and weeds that were in full growth as a result of weeks of continued warm weather.

## Success Chalked Up For Stockman Cooking School

### Record Attendance Registered Despite Unpleasant Weather

From all angles one of the most successful cooking schools in the four-year history of the event here was completed last Thursday and Friday a terno in the basement of the Methodist Church, with Mrs. Arreva D. French in charge of the classes.

All attendance records of past years were broken in the two-days despite the fact that the school was held on the two most disagreeable days of the year. The first day attendance was 73, which figure climbed to 109 the second day. Splendid interest was manifested in the two-day classes and Mrs. French, with her pleasing manner and practical program for more efficient home management, drew many compliments from members of her audience.

The Stockman wishes to take this opportunity to thank most sincerely all those who so materially assisted in the success of the cooking school, including food manufacturers and distributors, local merchants and others who cooperated in bringing this feature event to Ozona, and also to those who by their attendance contributed most to its success. With such appreciation as was manifested by the women of Ozona, it becomes a real pleasure on the part of all those who cooperated in bringing Mrs. French here for the school. Our thanks go especially to the Methodist Church for the courtesy of use of the basement auditorium for the classes.

A feature of this year's school that attracted unusual interest was the cake baking contest sponsored by the manufacturers of Mrs. Tucker's shortening. Thirteen splendid cakes were entered.

## Announce Honor Students From Seventh Grade

Honor students of the seventh grade were announced this week by Supt. C. S. Denham.

Doris Stokes, daughter of Mr. and Mrs. W. T. Stokes, emerged with the highest average for the year, 93.24. Second place went to Stanley Lemmons, with an average of 93, and Gemella Dudley was third with 92.14.

The averages are based on records for the first semesters.

Members of the seventh grade class include Mary Frances Bean, Jack Brownrigg, Dorothy Lee Capps, Bill Carson, Lloyd Coates, Eddie Cooke, Gemella Dudley, John Fletcher, Mildred Fletcher, Bernice Green, Mary V. Graham, Billy Hannah, Floyd Hokit, Adele Keeton, Stanley Lemmons, Mary Fay Lucas, Marvin Porter, Dim Patrick, Effie Smith, Doris Stokes, James Staggs, Pattie Jean Tyer, Wayne West and Byron Williams.

Mrs. Hillery Phillips is in a San Angelo hospital where she underwent an operation early this week.

## DEADLINE FOR SIGNING RANGE PROGRAM NEAR

### May 1 Expected To Be Set For Final Date For Applications

### MILLION ACRES IN County Agent Expects Two Million Acres In '38 Program

Present information in the hands of County Agent C. J. Van Zandt indicate that May 1 will be fixed as the deadline for ranchmen to sign up for participation in the 1938 range conservation program, and an urgent request is made of all ranchmen who plan to participate in the program to sign application blanks at once.

Approximately seventy-five ranchers have signed up to date, representing an estimated million acres of Crockett County land, according to the county agent. This is but a little short of the total acreage participating last year, but only about half of the expected acreage to be included in the 1938 program, the agent said. It is expected that at least two million acres will be signed up in this year's program.

Liberalization of the practice of range reseeding by deferred grazing is a feature of this year's program. The allowance for this practice has been doubled in the new program, 60 percent of the range-building allowance being allowed this year, whereas last year only 30 percent was allowed. The period of deferred grazing has been cut from six months to five months, the period starting May 1, 1938.

Applications Urged Ranchmen who are contemplating (Continued on last page.)

## Easter Drama To Be Presented At Methodist Church

As a fitting climax to observance of Holy Week, an Easter play will be presented in the basement of the Methodist Church Sunday evening. The drama will replace the regular Sunday evening worship service.

The one-act play, "Into Thy Kingdom," by Dorothy Clarke Wilson, is a tense drama of the Crucifixion, set in the household of a high priest of Jerusalem.

The cast of characters includes Guinn Carruthers as Joseph Caiaphas, the high priest; Mrs. Jake Short as Adina, his wife; L. D. Kirby as Malchus, his servant; Evert White as Nicodemus, another Jewish priest; Mrs. Boyd Clayton as Tamah, maidservant to Adina; Richard Flowers as a member of a robber band; Miss Elizabeth Coose as Reba, a young Idumean girl; and Joe Rape as a Roman captain.

## Ozona Schools Again Member Southern Assn.

### Meets Standards Without Reservation, Committee Advises

Ozona High School has again been accepted for membership in the Southern Association of Colleges and Secondary Schools for the current year, according to notification received this week by Supt. C. S. Denham from J. W. O'Banion of Austin, chairman of the State Committee of the Association.

The local school was accepted this year without a single reservation. Mr. O'Banion wrote. This means that the local school maintains its standards well within the requirements of the association for its members.

THURSDAY, APRIL 14, 1938

EASTER

What does Easter mean to you?

To some it means the bright glitter of happiness in a child's eyes as they search the grass with twinkling expectancy, eyes that laugh with glee when they catch the gaudy color of a well-hidden Easter egg.

To some it means the freshness of a Spring morning, the whispering gaiety of a boy and girl on the church steps, the scent of flowers in the still cathedral air, the beauty of dresses, bonnets and the smiles that go with them.

To some it means the stirring of an inner fire, a flame tossed in the flux and flow of life, yet a flame that burns on in endless clarity, giving a faith in the future and hope for the eternal rebirth of all that lives.

Through the long march of the centuries, the race of man has found the will to go on in this vision of a new and better world, here and beyond. Four thousand years ago, the seoffer in a Pharaoh's court laughed at the weakness and transient frailty of man.

In 1938 A. D., there are still those who read the scroll of time with the word "Now!", who drown the human hope of something better in the wine of today.

But the average man, through the centuries, has not lived by bread alone. That flame deep within in has reached upward towards a cleaner air and a bluer sky. Even while that early seoffer's voice still cracked with the mockery of his laughter, man was already using his hands and brain to fashion the steps in the ladder of time.

And now once again, on this Easter Sunday, that flame is born anew in the hope and faith of the day of Resurrection, a hope and faith that gives deeper meaning to the Spring newness in the air. Once again, on this Easter Sunday, we find in nature's re-birth the meaning of our own struggle and proof that all that lives shall not perish.

IT STILL PAYS!

Just 234 years ago this month, America witnessed the publication of its first permanent newspaper, the Boston "News Letter."

But the birth of this famed fledgling on April 24, 1704, is memorable not only as a worthy landmark in the history of American journalism. It is also memorable because the "News Letter's" now ancient pages contained the first advertisements America had seen, and because these advertisements held revolutionary implications. They contained the seeds of the mass production of goods, lower costs, and an increasingly higher living standard.

Without advertising, your family car would possibly cost \$3000, your washing machine \$400, a tube of toothpaste, \$1.

We mention these things, and we hope you will excuse the editor for taking this opportunity to talk a bit of shop, because in looking at this newspaper's advertisements today, you may say of some item, "Looks like a bargain all right, but how much is this ad costing me?"

In answer to this, Paul S. Willis, an authority on advertising costs, recently disclosed the precise truth of the matter. On a nationally advertised brand of soup, you pay 35.1000th of a cent per can, for advertising, on a similar advertised soft drink, 1,576.100,000th on each five cent bottle. On all other popular items the costs are just as microscopic.

But as every wise businessman knows, FIRST you've got to tell the world what you have to offer. If merchants hide their light under a bushel, as the saying goes, the consumer can't be expected to see the light, or their bargains. Far-sighted merchants knew that when they placed ads in the Boston "News Letter" 234 years ago. And their principle remains constant, "It pays to advertise!"

THE AVERAGE DRIVER

That mass of tangled wreckage blocking the highway, that twisted body being lifted into the waiting ambulance, those scrambled machines, grotesque caricatures of what were once shiny new auto mobiles! When you see those things, don't shudder complacently! Don't say, "Won't they ever stop those driving fools!" Don't look away and tut-tut! For it's you, a normal driver, who is responsible for most of the death-dealing traffic crashes.

It's not the drunken driver, or the defective driver, or even the accident-prone driver that piles up the toll of dead and injured. It's the millions of perfectly normal motorists, sober, sane, and even relatively careful, who daily smash cars and bodies into broken steel and corpses.

With 75 per cent of Texas' accidents caused by normal drivers,

local traffic experts are putting more emphasis on giving the average motorist a helping hand. To give him the best possible chance in the daily traffic battle, they plan increasingly rigid inspection of brakes, lights, and other driving equipment. To end the confusion of just what that waving arm up ahead really means, they plan to coordinate Texas' traffic laws with those of the rest of the states. When next you pass the remnants of somebody's mistake clogging up the highway, let it be with the feeling, "Perhaps someone just like me, a normal driver, caused the pain and tragedy that came with that accident."

HOUSE-CLEANING TIME

With the glow of eye and set of jaw which can only mean house-cleaning time spreading across the faces of the nation's home-makers, it is not surprising that President Roosevelt—in charge of the nation's most important house—should have decided to do a little house-cleaning of his own.

No one can deny that the federal "home" can stand a lot of sweeping and straightening. Every president in the past twenty years has sought to clip expenditures through consolidation and coordination. The only point involved in the argument over the Reorganization Bill has been whether house cleaning or house dominating is the President's prime purpose.

Despite Mr. Roosevelt's categorical statement—"I have no inclination to be a dictator!"—the cries of "He's a Hitler!" and "He's not!" rage on. As a matter of fact, the basic problem is not President Roosevelt's future plans, but possible re-alignment of the control of governmental power.

The Reorganization Bill places that power, not in the hands of Franklin Roosevelt, but in the hands of the President of the United States. Granting that Mr. Roosevelt is sincere in his "no dictator" statement, who can tell what feelings may motivate the mind of some future president?

We fashion the government of tomorrow in the acts of today. Will our democratic principles be safe if, on some future day, the White House is occupied by a man who does say, "I HAVE the incli-

nation to be a dictator!" That is the prime problem posed by the reorganization of the government.

WEST TEXAS BEST OPTICAL SERVICE

IT SEEMS IT'S A CAR FOLKS WON'T DO WITHOUT!

WE were pretty sure we had a great car when some months ago we checked the final blueprints on the 1938 Buick. It had the new and mighty DYNAFLASH engine for sparkling action—the sensationally desirable TORQUE-FREE SPRINGING for a lullaby of a ride. Looking ahead in that promising day, we figured we had every chance of getting our sales share by reason of what this car gave the buyer for his money. Now, when times are sterner, it appears we built better than we knew—we've got a car folks just won't do without! This great new Buick was first introduced to the public last fall. Through September, October, November, it sold in steadily increasing volume. In a period when sales of other cars were sliding off it went ahead, in one month actually outselling one of the Big Three of the lowest-priced field. It's still going ahead—not car Number Seven or Eight, as one might expect by its price-class, but one of the season's Four Best Sellers! There is only one explanation of such a record when made by a car in the thousand-dollar bracket. Such a car is so good—has so much of value in it—people just won't do without it! They buy it not only in preference to other cars—they buy in preference to waiting for easier times and readier money-to-spend! That's the convincing sort of car you're about to drive when you first take the wheel of a 1938 Buick. If you haven't yet handled a new Buick, you ought to—just to see what such a car is like!

"Better buy Buick!"

# LETTERS from Our Readers

## RELATED FACTS

Ancient Egyptian rulers engaged in a building program that was more expensive than practical. Their tax-burdened subjects gave their lands to the government in exchange for bread. Thirty-six hundred years have passed and the Egyptians continue to be landless peons.

Recognizing the fact that America is headed in the wrong direction, the "Little Business" men in their convention in Washington said: "We depreciate the fact that the expenditures by the Federal Government have been so tremendous as to necessitate a rate of taxation which is now threatening the welfare of our country. We are

of the opinion that the rate of expenditures is greater than the ability of our people to meet."

That such extravagant spending is not confined to the Federal Government alone is evident from the fact that Texas' governmental expenses have increased 2,900 per cent in the last thirty years. The Legislature appropriated \$72,423,952 for the biennium beginning September 1, 1937. Nearly fifty per cent of the farmers of Texas, incidentally, do not own the land they cultivate. Let us wake up and profit by the fate of the Egyptians! — Walter W. Leamons, Junction, Texas.

Mr. and Mrs. Jack Holt and small daughter, Joan, were here the first of this week. Mr. Holt, who has the Ford agency in Ballinger, marked lambs on his ranch north of Ozona. They left yesterday to return to their home in Ballinger.

## SHE LIKES CIGARS

One hundred and three years old, Lizzie Bransfield of Cadiz, Ohio, is happy as long as she has a little tobacco and some pretty things to fuss over. She has thrived on simple living and hard work at the Harrison county infirmary for 85 years. Her mother died at the age of one hundred and ten.

## FIRST BAPTIST CHURCH

Clyde Childers, Pastor  
Sunday, April 17

9:45 Sunday School.

11:00 Worship Service.

6:45 B. T. U.

7:45 Worship Service.

Wednesday, April 20

3:00 W. M. S. Circles Meet.

8:00 Prayer Service.

Friday, April 22

3:45 Boosters Meet.

Next Sunday is Easter Sunday and we are hoping you will be in your place for each of the services. With whom did Easter originate? Is it Scriptural? These questions and others will be answered in the sermon next Sunday morning.

The attendance at the worker's conference was very gratifying when we consider that our State Sunday School convention will be held next week in San Angelo. We want to express our appreciation to all of our members who co-op-

erated so beautifully to make the day a success.

We want to urge every member of our church who possibly can to go to the convention next week. About 25 of our people have already expressed themselves as planning to go and we hope that others will join them when the time comes. Remember the date—April 19, 20 and 21.

Mr. and Mrs. Brock Jones and infant son are visiting Mrs. Jones' parents, Mr. and Mrs. John Bailey, until the first of the week. They will then go to McCamey where Mr. Jones has been transferred for a time.

Mr. and Mrs. W. E. West were home Sunday from Temple where Mr. West has been undergoing treatment for an infected ear. They are now in San Angelo where Mr. West is receiving further treatment.

Miss Marion Campbell, who is on a year's leave of absence from Hilo, Hawaii, where she teaches in the public schools, is the guest of her uncle and aunt, Judge and Mrs. Chas. E. Davidson.

Mrs. Jerry Pace and daughter, Mary Sue, will be guests of her parents, Mr. and Mrs. J. M. Baggett, until the first of May. Mr. Pace has returned to Austin.

# Why IT'S ECONOMICAL TO USE "Kitchen-tested" FLOUR

by Betty Crocker

Many of us have tried to save by buying a cheap flour . . . and then have found that the baking was ruined because the flour didn't act right. That was poor economy, wasn't it? Expensive ingredients ruined because of the flour (which is only a small part of the total cost of the baking). Time and effort wasted!

So many women keep writing me they find it more economical to use Gold Medal "Kitchen-tested" Flour. Because they can be sure it will always act the same way, every time they bake with it. Gold Medal "Kitchen-tested" Flour, you see, is a new type flour that has done away with the chief reason for costly baking failures. And that is, lack of uniformity in the flour used. Made from the finest wheat grown, Gold Medal Flour is "Kitchen-tested" for uniformity of results, in home ovens similar to yours. My associates and I use samples of every batch from the mill, to bake cakes, pies, pastries and breads, in the Gold Medal Test Kitchen, before the flour is accepted for distribution to you.

### Recipes Tested the Same Way

The recipes in the sacks are tested the same way . . . tried out first to be sure they will always act right. (Fifteen free recipes for "Foods Men Rave About" in every size sack. New recipes every three months!) So you can save money by changing to Gold Medal "Kitchen-tested" Flour, and the recipes in the sacks. Then you are sure of uniform results. No uncertainty. No costly failures. No lost time and work. That's efficiency, and true economy!

Coupons for lovely silverware are packed in every size sack. Enabling you to build a complete set, free! Coupons of

greater value in larger size sacks. Another good reason for changing to Gold Medal "Kitchen-tested" Flour . . . which gives you the most efficient, most economical way to assure perfect bakings.

SEE YOUR FAVORITE GROCER

First all-purpose flour accepted by Committee on Foods of American Medical Association. Your best guarantee of the purity of Gold Medal "Kitchen-tested" Flour and the truthfulness of advertising claims made for it.

OZONA MARKET

## Advice to AN Easter Bride AND Every West Texas Home Maker

TO YOU WHO WILL BECOME 1938's SPRING BRIDES: You may be in a whirl of excitement over wedding plans, gifts and wishes for your happiness. Even so, we want to get our word in. Whether you're going to a small love-nest, an apartment or a mansion, whether you're going to do all your own work, or have one maid or a dozen, Electric Service is going to be a vital factor in the operation of your future home. There will be many electric appliances among your wedding gifts such as toasters, waffle irons, percolators, grills and lamps. They'll all be useful. But you still will have the problem of cooking, washing and ironing, and refrigeration. So we invite you to call on our Home Service Bureau to help solve this problem. Remember that we have special long-time terms for just such households as yours.

The modern electric range produces delicious cakes and tarts without the necessity of spending laborious hours in the kitchen.

TO BRIDES OF OTHER YEARS: The swing to Electric Cookery is definitely under way. Last year every fourth range purchased in the United States was electric. Every seventh home served by this company right here in West Texas NOW has Electric Cookery. Why? Because it's FAST, CLEAN, COOL, ECONOMICAL, EASIER, HEALTHFUL, SAFE, TIME-SAVING and MODERN. This delightful new type of cookery will meet with your approval.

## Chimney Not Support For Framing Members

A chimney is not a prop or a structural column to give support to framing members of a house, such as joists and studs. Framing members around a chimney should be at least two inches away from the chimney.

Due to the weight of materials used in its construction, practically any chimney built on the average soil is likely to settle slightly. If the framing members of a house are attached to a chimney, they will settle also, resulting in cracked plaster and sagging floors.

Cracks in the masonry due to settling may develop when the framing members have been built in to give some support to the upper portion of the chimney. These cracks may permit the passage of flames or air currents of high temperatures and result in fire starting in the walls, floors, or roof.

For these reasons the chimney should be constructed so as to be absolutely independent of the house framing. It should rest on a solid foundation, and its base should extend below the frost line. The looser and less compact the soil, the larger should be the footings. In general, chimney footings should not be less than 12 inches deep, and they should extend at least eight inches beyond each face.

The method of constructing chimneys in many cities in the United States is governed by local building laws and ordinances, and same companies which issue fire insurance on homes specify certain minimum requirements.

American business spends more money for advertising than is spent for the same purpose in all the remainder of the world. The result is that, while American people represent only one-seventh of the world's population, their purchases represent forty-seven per cent of the world sales.

## Convenient Arrangement For Small Cottage

For the small family with limited means, here is a plan that will provide comfort and independence. This small house with two different plans gives a choice of two rooms, dining space and bath, or three rooms and dining space. Designs of this type enable anyone paying rent to be independent and secure in their own home at a cost well within their means. This particular design though careful planning, achieves the maximum of comfort and convenience in a minimum space. Where economy is an important factor a home of this type is an excellent choice.

## Snow And Rain, Drains, Cause Soil To Settle

When exterior foundation repairs that necessitate soil excavations are made, the settling of soil should be provided for. Snow and rain water in the early Spring frequently cause difficulty in this respect.

Water drained down walls during rainstorms and accumulating in soil pockets saturates the soil against basement walls, and damp cellars result. For this reason fresh soil should be put in all sunken places around the foundation, and, if possible, it should be graded with a slight slope away from the house to assist in draining.

After the soil has been filled in and graded, foundation walls should be thoroughly cleaned and painted, if necessary. Rubbish, such as leaves and straw, should be cleared away, and termite mud tunnels should be removed to prevent possible structural damage to the property.

These precautions should be taken before any landscaping is done, such as the planting of shrubbery and flowers.

When foundation repairs are necessary, funds may be obtained from a private financial institution which operates under the Property Improvement Plan. As much as \$10,000 may be borrowed for the repair, alteration, or improvement of property.

Paul Perner is recovering from an operation for appendicitis performed last week in a Temple hospital.

Jake Miller is recovering from injuries suffered recently when he was knocked from a horse by an overhanging branch while at work on the ranch.

**1937 RECORD**  
There were more one-family dwellings built in the year 1937 in all nonfarm communities than in any other year since 1930, according to Federal Housing Administrator Stewart McDonald, quoting data supplied by the Bureau of Labor Statistics.

Mrs. R. A. Harrell and son, Roy Alvin, have returned from Fort Worth where they have been the last two weeks.

### QUESTIONS AND ANSWERS

**Q.** Where should I locate a warm air heating plant with gravity circulation? My house is square and has seven rooms.

**A.** The proper location for a warm air furnace is generally as near the center of the house as possible. Leader pipes from the furnace to the base of the wall stacks should not be longer than eight inches. If longer leaders are necessary, they should be thoroughly covered or the vertical stacks should be increased in area.

**Q.** What is a good material to use for covering the floor on a sun deck which is over a porch?

**A.** Canvas is a good material for this purpose. Before applying the canvas, paint the wood deck with a good coat of pure linseed oil and white lead. Apply the canvas before this has had a chance to dry. Paint the canvas with two coats of good deck paint, allowing the first coat to dry thoroughly before applying the second.

**Q.** How can I give a clear-glass

window the effect of frosted glass but not shut off the light?

**A.** Clean the panes thoroughly of all dirt or grease and cut pieces of tissue paper to fit exactly; hold them against the glass and cover them with a good spar varnish. The varnish will waterproof the paper and hold it in position. This will insure privacy and still permit adequate light.

**Q.** The inlaid linoleum in our kitchen is bulging. What can we do about it? Some of these bulges are at the joints and some are not.

**A.** Where the linoleum has come loose it has stretched and will consequently tend to bulge. The most satisfactory answer to your problem is to remove the linoleum and relay it, using a good linoleum cement.

**Q.** At what temperature should a room be kept while the woodwork is being varnished?

**A.** The temperature of a room in which woodwork is being varnished should not be allowed to drop below 50 F.

**Q.** The paint on my radiators is cracking. How can this be repaired?

**A.** When paint on radiators cracks and peels, it is a very strong indication that it has been applied over an old coat of bronze or aluminum. The paint should be removed completely and the radiator thoroughly cleaned. It should then be primed with a good metal primer or quick drying red lead primer before applying the finish coat. This may be either flat paint or a good prepared enamel. Light tints show a tendency to darken under heat, so that care should be

taken in mixing the paint if it is desired to match some decorative scheme.

**Q.** What would be a satisfactory filler for cracks in the floor?

**A.** Various plastic materials may be used, such as plastic wood, glue and sawdust, putty, and various patented compounds, which can be obtained at practically any paint store. If the cracks are wide, it may be necessary to install strips of wood.

**Q.** Is there any standard thickness for concrete sidewalks? If so, what is it?

**A.** Thickness of sidewalks will vary somewhat with subgrade conditions. All sidewalks, however, should be laid on a leveled bed of gravel, cinders, or other approved material at least 4 inches in thickness. In general, the following dimensions will be found more or less standard: for residential districts, 4 inches; business districts 5 inches.

For driveway crossings where heavy vehicles may be used, 6 inches.

## Practical Cookery

Dept. Home of Economics  
Texas State College for Women

Denton, April 13—Rainbow colors are as important in your Easter menu as in your dyes for Easter eggs. Nature, evidently aware of the green and yellow color theme, has generously provided wide choice of foods to carry it out. Typical yellow ones are grapefruit, oranges, peaches, and apricots as well as eggs and carrots. For attractive greens there are green peppers, spinach, broccoli, parsley and many others.

### Grapefruit Cocktail

Mix two cups diced grapefruit and one cup diced fresh pineapple. Sprinkle with finely chopped reserved ginger. Pour ginger syrup over each serving and decorate with chilled mint leaves.

### Turnip Cups with Buttered Peas

Wash, pare, and simmer six medium-sized yellow turnips until just tender. Scoop out centers and fill with young peas, cooked in a little water until just tender and seasoned with butter, salt, and pepper. Arrange in shallow pan and heat in oven for ten or fifteen minutes before serving.

### Honeyed Sweet Potatoes with Pineapple Slices

(Eight servings) Pare four medium-sized sweet potatoes and cut into halves. Brush with the juice of a lemon. Arrange in large baking dish. Pour on one-half cup honey mixed with one-fourth cup hot water, one-fourth cup softened butter, and one-fourth teaspoon salt. Bake in moderate oven (350 F.) until tender (about forty five minutes.) Place a slice of pineapple on each half of sweet potato, baste, and heat thoroughly. Remove from oven and place a marshmallow on each pineapple slice. Set in broiler to toast marshmallows.

## Barnhart Women Guests At Meet Of Woman's Club

A group of Barnhart visitors met with the Ozona Woman's Club at its recent Guest Day program at the home of Mrs. Joe Oberkamp. The Barnhart visitors were Mrs. Dixon, Mrs. Jackson, Mrs. Bill Bissett, Mrs. J. A. Sparks, Mrs. Claude Linthicum, and Mrs. Bode Owens. The program was devoted to a study of Texas legends of lost mines and lost treasures. Parts on the program were given by Mrs. Ira Carson, Mrs. Scott Peters, and Miss Elizabeth Fussell. Eloise Carson gave a reading, "On the Road to San Antonio." Twenty two local members and guests were present.

## "Biggest Smile" Contest Winners

Their smiles were the biggest by actual measurements in the annual Boys' Athletic league's "Biggest Smile in New York" competition. Winners, Jimmy O'Brien, four years old, and Rose Rushit, seven years old, display their winning smiles, the biggest of the thousands of boys and girls throughout the city who entered the contest.

### METHODIST CHURCH

Eugene Slater, Minister

#### Calendar of Services

Sunday School 9:45 a. m.  
Morning Worship 11:00 a. m.  
Young People's Meet 6:45 p. m.  
Evening Worship (Drama) 8 p. m.  
Woman's Missionary Society, Wednesday, 3:00 p. m.  
Choir Rehearsal, Wednesday, 7:30 p. m.  
No Mid-Week service next week.

Last Sunday our Sunday School attendance reached a new peak for the last 18 months. We had 129 present. Our present goal is 150. Let's reach our goal this Easter Sunday!

The Pre-Easter revival services have been well attended. This evening we shall think of the words of Jesus "I thirst." The Sacrament of the Lord's Supper will be observed. Tomorrow evening we shall use the last two words of Jesus from the Cross as the theme of the service.

Let every one of us bring his Lenten offering to Church on Easter Sunday. This gift of love and denial will be used on our Conference Benevolence.

We know that everyone in Ozona will want to be in the church of his choice on Easter Sunday. May our thoughts be centered on the meaning of this day—its abiding meaning for our lives. We shall have the beautiful service of infant baptism in the morning and the drama "Into Thy Kingdom" will be presented in the evening. We invite all who will to share these services with us.

An announcement concerning District Conference is found elsewhere in The Stockman. Please arrange your time so that you will be able to attend as many of these meetings as possible. You will be needed to make our guests feel at home, and you will enjoy the fine fellowship of the conference.

## Mrs. Fussell Directs Missionary Program

Mrs. J. A. Fussell directed the program of the Woman's Missionary Society meeting at the church Wednesday afternoon. Mrs. R. Q. Ragsdale read a poem, "The Cross Was His Own" and Mrs. Mary Flowers told a story, "I Go A'fishin'." A talk "The Watch Before Down" was made by Mrs. Carl Colwick. Hymns, Scripture readings and prayer were interspersed through the afternoon's program.

Present were Mrs. Carl Colwick, Mrs. Bascomb Cox, Mrs. J. A. Fussell, Mrs. Charles Tyer, Mrs. Mary Flowers, Mrs. W. R. Baggett, Mrs. Charles Williams, Mrs. Fayette Schwalbe, Mrs. R. Q. Ragsdale, Mrs. Joe Pierce, Mrs. Scott Peters, Mrs. B. B. Ingham, Mrs. J. W. Henderson, Mrs. Eugene Slater, and Mrs. Hugh Childress.

## Mrs. Harvick Named Delegate To State Music Convention

Mrs. S. M. Harvick, president-elect, was chosen as delegate from the Ozona Music Club to the state Club Convention to be held in Beaumont April 27 to 30. This action was taken at the regular meeting of the club Monday at the home of Mrs. Roger Dudley.

Miss Nancy Dawes led the day's program. She opened the program with a discussion of "Music Composed by Texans or in Texas." Mrs. Bryan McDonald sang two numbers by Oscar J. Fox and Mrs. W. N. Hannah and son, Billy, played a piano-violin duet.

Seven new members have been added to the roll of the club recently. They are Mrs. Eugene Miller, Mrs. C. J. Van Zandt, Mrs. Clyde Childers, Mrs. Joe Oberkamp, Mrs. Elton Smith, Mrs. Claude Hudspeth, Jr., and Mrs. R. A. Harrell.

Guest day will be observed by the club at its next meeting, which is scheduled for April 25 at the home of Mrs. Lee Childress.

### Political Announcements

The Stockman is authorized to announce the following candidates for offices listed, subject to action of the Democratic primary in July.

- For County Commissioner Precinct No. 1  
ROB MILLER (Re-election)
- For Commissioner Prec. 2  
CHAS. S. BLACK (Re-election)
- For Commissioner, Prec. 3  
J. W. OWENS (Re-election)
- For Commissioner, Prec. 4  
E. R. KINSER (Re-election)
- For Sheriff, Assessor and Collector of Taxes  
W. S. WILLIS (Re-election)
- For County Treasurer:  
TOM CASBEER (Re-Election)
- For County and District Clerk  
GEORGE RUSSELL (Reelection)
- For Representative, 86th District  
MARVIN E. BLACKBURN, Jr.  
Junction  
C. H. GILMER, Rocksprings  
DENT TAYLOR, Kerrville
- For Justice of the Peace, Prec. 1  
BILL JOHNIGAN

## Brackett Negro Plasters Local Fistic Champion

Ozona's reigning king of the Ethiopian fistic world fell before the vicious attack of a foreign invader at the ball park arena last night.

Curley Daniels, who last week drove Willie Johnson, another local product, to cover in the opening round with his whirlwind attack—last night lost the decision to Pat Bowlegs of Brackett, a tornado in gloves who thrice rushed the local hopeful from the ring and whose every punch, delivered with startling speed, was a "hay-maker" that started from the floor.

### DINNER-BRIDGE

Mr. and Mrs. Joe Sellers Pierce, III, entertained their bridge club with a dinner at their ranch home 30 miles south of town Wednesday night. The Easter theme was carried out in all accessories. Larkspurs and roses were used in decorations.

The dinner was served buffet style. In the center of dining table was an Easter rabbit. Those present were Mr. and Mrs. Pleas Childress, Jr., Mr. and Mrs. Sid Millsbaugh, Jr., Mr. and Mrs. Dempster Jones, Mr. and Mrs. James Baggett, Mr. and Mrs. Charlie Black, Jr., Mr. and Mrs. Sherman Taylor, Mr. and Mrs. Jake Miller, Mr. and Mrs. Jesse Marley, and Mr. and Mrs. Bill Littleton.

## Bible Study Held In Meet Of Baptist Missionary Groups

Members of the Baptist Missionary Society met in separate Circle sessions Wednesday for a continuation of their study of the topic "Women of the Old Testament."

The Nelson Circle met with Mrs. John Patrick, with Mrs. Leslie Nance as leader. Others present were Mrs. G. E. Porter, Mrs. J. T. Patrick, Mrs. Hugh Gray, Mrs. Ray Dunlap, Mrs. Tom Patrick, Clyde Childers, Mrs. Cleophus Cooke and Mrs. J. S. Whatley.

The Lottie Moon Circle met at the home of Miss Maybelle Taylor, Mrs. Chester Schwalbe being program leader. Others present were Mrs. O. W. Smith, Mrs. Charles Butler, Mrs. S. L. Butler, Mrs. Hartley Johnigan, Mrs. Will Miller, Mrs. Joe Graham, Mrs. C. C. Pharr, and Mrs. W. A. Adams.

Next week's meeting will be devoted to Bible studies, the Nelson Circle meeting at the home of Mrs. Ray Dunlap, with Mrs. George Bean as leader, and the Lottie Moon Circle at the home of Mrs. O. W. Smith with Mrs. Will Adams as leader.

WILL SACRIFICE equity in console piano, 1938 model nationally known make, like new. Ozona locality. Will consider used upright piano or livestock in trade. Address V. L. Rogers, Roosevelt Hotel, San Angelo. 53-3tp

### FRIDAY BRIDGE CLUB

Mrs. Max Schneemann entertained her bridge club last Friday afternoon at her home. Roses were used about the rooms, the tallies and all table accessories carried out the spring motif. High cut was awarded Mrs. Lee Childress and Bingo prize went to Mrs. Victor Pierce. Others present were Mrs. Tom Smith, Mrs. Early Baggett, Mrs. Joe Oberkamp, Mrs. Judge Montgomery, Mrs. Joe Pierce, Mrs. Wayne West, Mrs. Roy Henderson, Mrs. Tom Harris and Nadine Bernay.

FOR SALE—Singer Sewing Machine in good condition. Cheap. Mrs. B. B. Ingham. 30-1tp

# Do you want to SAVE MONEY?

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money.

300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why?

Because it is priced low—includes essential equipment without extra charge—and goes farther between filling stations than any Ford car

ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline.

But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in—as well as easy to buy and run. There's a Ford dealer near you.

### TRIVIAL IT SEEMS CRIMINAL IT IS

By Ora Louise Cox

As I was coming to school this morning, I noticed several dogs that had been poisoned, lying dead in their yards, and I thought what a crime it was, how cheap it was of a person to poison some child's pet in the little fellow's yard. It was easy to see that the dogs had suffered greatly in their death, and I could visualize the time when the little boy of the family would run out of his house, calling his pet, and would find him in that dreadful state.

I agree with some people when they say that it is all right to kill a dog when he is trespassing upon the private estate of someone other than his master. I realize that the ranchers who own land adjoining "town" have to protect their livestock from the stray dogs that trespass upon the owner's land, doing damage in some way; but, when some supposedly intelligent human beings stoop so low as to sneak around at night leaving poison in other people's yards, the matter has gone far enough and should be checked. The question, however, is, "How shall it be ended?" I know that there are fines for amounts reaching five hundred dollars, but it isn't easy to pin the act on the guilty person; however, sooner or later, it will "come home" to the guilty ones.

I can readily recall last year when our faithful old dog, Terry, got a dose of poison. Terry was "just a dog," but, when we found him one morning and saw evidence of the suffering that he must have passed through, it nearly broke up the family. I'm not ashamed to say that I cried, and Buddy—well, heartbreak doesn't explain his situation.

Recently, in our front yard we found an egg, containing a dose of strychnine large enough to kill the whole family. It was evidently meant for our present pet, a pup, that couldn't kill a lamb if his life depended upon it. It would have been quite a different story if some little child had picked up the bait and innocently put it into his mouth. I'm sure that the one who put out the poison would have felt like a hero then—a hero, but with a death to answer for.

In conclusion, let me make a plea to all of you who are guilty for the thing discussed in the previous paragraphs to show a little humanness and fairness.

### DOUBT

Have you ever been asked to do something in some program and you refused because you were afraid of stage fright or some other such absurd thing? When you have a chance to "rise from the masses" and become a leader, even if for only a brief moment, did you turn it down because you doubted your ability? Do you say, "oh, no, I can't do that; don't put me on the program," when someone gives you an opportunity to gain some experience? When people ask you to do things because you are dependable and can do them, do you turn childish and answer in the negative? Over confidence, maybe, is as bad as not enough confidence, but in the first place do you have enough confidence in your own ability?

### I WONDER

What all of the attraction was last Thursday? By any chance some of you girls wouldn't know would you?  
 Why Jean and Howard don't try putting new names in the "Prowler's Column"? They have had practically the same ones ever since they have been writing it.  
 If Jean will ever "ketch" the one boy she wants most?  
 If Pete will always be mad?  
 If Townsend will always love dark and handsome boys?  
 If a certain Soph boy will ever learn to "tend" to his own business?  
 If certain people can take hints?  
 Why the H. E. II girls don't start serving the whole high school?

### Did You Ever Hear Of Such A Thing

By Dorothy Hannah

I suppose you have heard of western people going into the eastern parts of the United States, and telling "wild tales" about unusual things that happen in the so-called "wild-west."

Here's one good story that might do for someone to tell. On Sunday afternoon a car full of girls were joy riding on main street, when all of a sudden something darted in front of the car. Thinking it was a dog, the driver stopped, but after looking, he concluded that it was a jackrabbit. Disobeying all traffic rules, this brave rabbit spend down main street, darting in and out of traffic, although it wasn't exactly a busy street. At a glance, the jackrabbit resembled a miniature 1940 streamlined train, which has lost its track and was running in open country.

The car turned to follow the rabbit, but said rabbit even too fast for a Buick. Not even stopping for the stop sign, the misplaced rabbit dashed around the corner by the Piggy Wiggy, which is always one of the busiest and most dangerous places in town. It didn't even have any consideration for its own neck. Almost too late, it slammed on its brakes to keep from hitting a truck that was backing out of a garage. Safe at last, it kept a steady, rapid speed down the high way, and then turned off into open country.

It seems as if no one saw the rabbit except the girls in this one car. When this story was told to anyone around town, apparently it was not believed. But "believe it or not," it really happened.

I don't know what this town is coming to! It must be getting awfully "back woodsy" to have jack rabbits racing down the main part of town on a busy afternoon. Or maybe this young fellow knew that it's nearly Easter.

### ASK ME ANOTHER

1. Which of our states has only three counties?
2. What is the record made in the major baseball leagues for circling the bases?
3. When was paper money first issued in this country?
4. Why is the stage referred to as the legitimate stage?
5. Were any decisive battles fought on German soil during the World War?

### Answers

1. The state of Delaware has only three counties. It has only one city (Wilmington) with a population of over 100,000.
2. The recognized record for circling the bases is 13.4 seconds, made by Evar Swanson of the Cincinnati Reds, Sept. 14, 1929.
3. In 1690 by the Massachusetts Bay Colony. It was gradually issued by other colonies until in general use by all.
4. It is so called in the sense of its being normal, regular, comfortable to a recognized standard type.
5. No.

## GRADE SCHOOL NEWS

### SECOND GRADE

Patsy Corning and Preston Williams have the chicken pox. We miss them very much and will be glad when they come back.

Ann West drew three Easter rabbits and the boys painted them. We shall put props on them so they will stand up.

Monday, April 4, we started our borders for Easter and spring and made a peach tree for our room.

We shall put a bluebird and a nest in it.

### THIRD GRADE

We invited our mothers to a radio broadcast. Miss Allison let us make the sandwiches. Then we wrapped them, and put them in our post office. When our mothers came, we gave them the broadcast; then we told them to go to the post office and get the sandwiches. We had a good time.

We had a stand. It is a place where we sell newspapers. It has a big sign. This is what is on it: COMMUNICATION TIMES. We like it. Would you like to see it? You may come and see it.

Billie Rose Schwalbe has the

chicken pox. We hope she can be back to school soon.

Doris Busby is ill. She has been out of school two days.

Bennie Gail Phillips and Miss Allison went to San Angelo Wednesday evening, April 6, to hear the St. Louis Symphony Orchestra.

### FIFTH GRADE

Several of the fifth grade pupils went to hear the little symphony orchestra in Angelo. Tom Ed and Jim Ad said it lasts two hours and 5 minutes. The fifth grade has started on their health posters. Several of the pupils have already brought this poster boards. We are writing paragraphs and Miss Martin puts the best of them up; so far we have had eleven put up. For every flower we study we draw a picture.

### SIXTH GRADE

The sixth grade had a spelling match yesterday and chose the four best spellers. Then we had a tie to today and Mary Louise Perner was the best speller.

In arithmetic we are studying ratilar prisms.

### Tennis Plans Made

Due to a spell of bad weather during the latter part of the week, the tennis team, coached by Mr. Nelson, was unable to make a trip to Big Lake for a series of practice games. Mr. Nelson said if the weather permitted, the trip would probably be made this Thursday. Those to go include P. C. Perner, Maurice Lemmons, and Beecher Montgomery. A fourth player, who has not been designated, shall also make the trip.

The district meet in tennis is to be held this coming Friday and Saturday in Fort Stockton. It has not been decided whether Ozona will be represented. In case Ozona should have a team there, only boys' singles and doubles will be played.

There has been quite a little said about a town tournament in tennis to be conducted by the school. Provided there is enough interest shown, plans for the tournament will be drawn up, and it will be held in the near future. All tennis players in Ozona desiring to could enter the tournament. The winner would be decided by a series of elimination matches. If there are enough people in Ozona who want such a tournament to be held, please let your wishes be known.

What does the bride think when she walks into the church?  
Aisle, altar, hymn!

Mary Louise was listening to some of her sailor uncle's adventures. "You see, Mary, I always believe in fighting the enemy with his own weapons," said the uncle. "Really," gasped Mary. "How long does it take you to sting a wasp?"

### ONE ACT PLAY HELD

On Thursday, April 7, the one-act play contestants had their try out in assembly.

In the first cast the characters were: man, Jeff Fussell; waiter, Walter Escue; girl, Doris Bunger. In the second cast the characters were: man, Maurice Lemmons; waiter, Welton Bunger; girl, Lurinne Townsend.

While three judges from Big Lake were determining whoshould compose the winning cast, Noma Miller read "Polly Plays Priscilla."

The winning cast of the one-act play that will go to Fort Stockton to the district meet is, man, Jeff Fussell; waiter, Walter Escue; girl, Doris Bunger.

We wish them the best of luck!

### HOME ECONOMICS CLASSES VISIT COOKING SCHOOL

The girls of the Home Economics class including H. E. 2 and 3 visited the cooking school Friday afternoon with their sponsor. The girls profited very much by this experience and hope to take advantage of it in their H. E. classes. The cake bidding of several cakes was also enjoyed, Mary Louise Harvick winning one of the cakes.

The H. E. girls look forward each year for the new coming of the cooking school. Each year they go down to the school and learn a great deal about the art.

### AN ORCHID TO YOU

By Crystelle Carson

An orchid to you, Noma Miller and Bobby Lemmons. You two are the only declamers representing the Ozona High School in Fort Stockton Saturday. We all want to tell you to "do your best," and bring home a first place prize, or should I say "prizes"? O. H. S. is back of you.

### Nine Students Of Band Enter State Music Contest

### New Formations For Band Concerts

At the band concert given April 4, Crystelle Carson was judged the most graceful girl in the band in the marching review for thirty paces as the band entered the square last Monday evening for the band's second spring concert, on the public square. Doris Bunger was judged the best in rhythm in keeping pace in the review. Miles Pierce was judged the best attired boy in the group on parade. Buren Arnn was judged the most proficient and consistent player in the band.

Four members of the band will be judged each week on the four items above, somewhere along the route of march. The judges will be two people who are old hands in band work and marching events, and no one in the band will know just where the review and judging will take place.

J. M. Edwards, Miles Pierce, Buren Arnn, and Ernest Brownrigg attended the Band Clinic, which was held in Iraan Saturday. It was sponsored by the Iraan High School Band. A Hungarian musician directed the combined bands of all bands assembled. He really knew his business!

The Ozona High School Band will continue to give weekly concerts on the public square at twilight some evening of each week. The next concert will be given Wednesday evening, April 20. The band, as usual will be assisted by the drum corps. The public is asked to keep the line of parade open for the band and traffic on the street. Due to the fact that a few members in the band lack marching experience, cars passing too near disturb them, besides being dangerous to all members of the band.

The entire Ozona band will not enter the state-wide band and orchestra contest to be held in San Angelo April 28, 29 and 30. However, several of the best players will enter the solo and sextette division.

The band is looking forward to a barbecue and swim which has been promised.

What band wouldn't feel proud of two drum majors like Lois Jones and Jack Baggett leading the band? And didn't they look cute marching arm in arm back to the band house from the public square last week!

### —: The Prowler —: By Drake & Lemmons

We wonder who will be next "Our Gang" to go to the show. Why Eloise was so happy last Sunday. Who did you see, Eloise? It seems as if Mary Bess is going to have to take up collecting to pay for a phone call. Mary Bess, you were just to talk three minutes.

Queer that Crystelle is so lately.

We wonder why Lib C. was thrilled in the drug store the other night.

Dub, it's too bad they didn't have Press Club meeting last Wednesday night. Maybe they will have it this week.

### Campus Philosophy By Billy Joe West

Thinking is the hardest work humans do today.

Look into the future with the complacent poet, "far as the eye can see," and you look not far.

Science is the only reliable prophet in our day.

Haldane said, correctly, "any plan is better than none."

"Give light and the people will find their own way."

The will controls life; we must control the will.

Early man believed that he represented the highest development that could be hoped for. So did man today.

Keep alive within yourself satisfaction — and be dissatisfied especially with yourself!

Look where you will, everything represents thoughts.

Mr. Denham: What is a comet?  
Jack Baggett: A star with a tail.

Mr. Denham: Very good; name one.  
Jack Baggett: Mickey Mouse.

### School House Wrecked by Tornado

A tornado which swept destruction from Arkansas to Illinois wrecked this school at Columbus, Kan. Luckily none of the pupils were in their rooms when the twister hit. This picture shows a member of the American Legion with his little son as they recovered his things from a desk in the wrecked school room.

**25,000 people a day "hang up" too soon\***

**\*25,000 people a day in the Southwest "hang up" before the called party has a chance to answer his telephone.**

To get more answers to your calls:  
**1. Be slow to hang up when calling.**  
**2. Be quick to answer when called.**

### THE WORLD THIS WEEK

By Robert Patterson

#### WHO'S GOT THE ANSWER?

"Who's got the button?" is a name that economists and businessmen can play in earnest, too. Instead of buttons, they want answers—answers to the hard-fisted economic conundrums that may squarely confront America. The way of getting answers is by group discussion, and discussion there was a-plenty a few days ago when the United States Commerce department advisory council assembled to talk shop at Sun Valley, Idaho. Though the shop talk of this 60-man council frequently became smoking hot, members did agree on policies advocating new laws for farm products, clarification of the National Labor Relations Act, and extension of low-cost housing. But the council chairman, W. A. Harriman, came closest to finding the answer and solution to recession riddles. In the persistence, the ingenuity, the practical hard-headedness of the American people he found the surest guarantees of a speedy, unobscured return to normalcy. So say we all!

#### REGIMENTING REGIMENTS

Still buried as snugly as a termit in a piece of timber, and potentially just as dangerous, is Rep. May's war-power bill now pending in the House of Representatives. Already several hundred sharp-eyed Americans representing educational, religious, labor, and business groups, have sent an open letter hot-footing to Washington to have the proposed bill placed on the chopping block. On the face of it designed to take the profits out of war, the bill would give the government power to conscript all men between the ages of 21 and 31, and to exercise supreme control over labor, industry and public services. Opponents term this congressman's bill a blueprint of Fascism. At all events, we seriously doubt that the vast majority of Americans must be dragooned by edict into fighting, provided it is to defend their country's shores.

#### SUCCESS AT FORTY

Let the country's budding authors take heart! Though their literary offshoots may now be green, crude, and discouraging, the leavening blows of time and experience may bring them mastery just as it did Elizabeth Seifert of Moberly, Missouri. The other day this 40-year old housewife won a \$10,000 first prize for her novel about a small town doctor. This was the first manuscript she had ever submitted to a publisher. The miracle is not that she succeeded in writing what apparently is a good novel, but that she managed to write one at all. She has four children to rear, ranging in age from 12 to 17, and a husband and house to look after, not to mention the baking and washing, which she does herself. Nevertheless, she found time to scribble parts of her story on scratch pads, parts of it on the typewriter. If there's any secret to her triumph, she probably expressed it when she said, "You'll write somehow—if you have it in you."

#### ICE PATROL

To millions of readers, newspapers carried a shocking, terrifying story 26 years ago this week. At 2:20 A. M. on April 15, 1912, the biggest ship then afloat went to the bottom of the Atlantic on her maiden voyage, rammed by an iceberg, and bringing horrible death to 1,517 of the "Titanic's" 2,207 passengers. From that fateful hour to the present, no such tragedy has ever again occurred off Newfoundland's treacherous Grand Banks. For this week, as for the

### Official House Wrecking

An army tank charging one of a row of condemned cottages near Bovington camp, Dorset, England, provided an exciting show for the local inhabitants. Hundreds of visitors and all the soldiers stationed at the camp had a chance to see the tanks in operation.

past 25 years, the United States Coast Guard ice patrol is scouting those cold, foggy seas with hawk's eyes, watching for the islands of crushing, death dealing ice. Four times daily the patrol broadcasts information on the position of bergs in that danger zone. It keeps careful track of all ships between the 55th and 43rd meridians during the season from April to August when icebergs prowl through fog-shrouded waters. The patrol is determined those hungry seas will never again claim a "Titanic."

#### LITTLE BROTHER

We can't say we envy the prospects of the thirteenth Dionne who has just arrived in the world up at Callender, Ontario. As the youngest brother of the far famed quint sisters this newest Dionne may grow to feel he came into the world under a severe handicap. We can hear people saying to the little lad, "So — you're a brother of the quintuplets! How does it feel to have such famous little sisters? You must study hard. When you grow up you must be a credit to them, you know." And if the youngest and littlest Dionne today cries fitfully in his crib, who knows? Maybe his prescient eyes warn him that he'll be just "the little brother of the quints."

#### Africa Is Topic Of G. A. Program

The Girls Auxiliary of the Baptist Missionary Society met Monday afternoon at the home of Mrs. J. S. Whatley for the regular weekly program. The topic under study was "The Road Into Africa." Devotional was led by Rozelle Pharr. Alynne Hokit discussed "How We Entered Africa." Georgia Nell Senne discussed "Why We Went to Africa," and Melba Cullins told the life story of one of the African missionaries, Dr. J. Christie Poole. Present were Alynne Hokit, Rozelle Pharr, Berty Sue Brownrigg, Melba Cullins, Mary Elizabeth Gray, Billy Laxson, Lila Lee Cooke, Mrs. Childers and Mrs. Whatley.

#### Scout Notes

By Miles Pierce

The meeting of April 12 was opened with the flag raising ceremony by Bland Tandy and Charles McDonald.

Troop 53 will have another Court of Honor about May 10. Also there will be a Tenderfoot investiture ceremony. A Boy Scout may pass his Tenderfoot test and receive his badge, but after that, before he gets his next badge he must go through an investiture ceremony which makes him officially a member of the Boy Scouts of America.

The Boy Scouts of all of Region Nine will enter the Scout Circus at San Angelo, May 6. Troop 53 of Ozona will enter into the Grand Entry where all the Scouts of this region will march on the field at once. Our troop will also take part in the pioneering, roping, and archery.

The Easter egg hunt for all children up to 12 years of age, will be held on Easter Sunday at the Scout Cabin at 2 o'clock. All Scouts will bring 12 dyed eggs to the cabin and hide them north of the cabin at one o'clock. All the Scouts will be in uniform and will be easily identified so that there will be less danger of an accident for the children. There will be several prize eggs.

Leslie Nance gave a knot tying demonstration in which he demonstrated different knots giving the name and use of each. They were

as follows: square knot, for tying two ropes together; timber hitch, for dragging logs; bow line; steve dore; sheep shank, to take up slack; and fisherman's knot to tie. The Fox Patrol will have a knot tying contest for next week's program.

Joe Thamos Davidson and James Childress, both students at Southern Methodist University in Dallas, arrived last night for a week-end visit with their parents here. Accompanying them for a visit was a classmate, Wesley Aron of Wichita Falls.

Mrs. Melvin Brown returned Sunday from El Paso where her small son, Joe Albert, underwent a tonsillectomy.

### Deputy Grand Matron To Be Guest Of Ozona OES Chapter April 20

Ozona Chapter of the Order of Eastern Star will entertain the Deputy Grand Matron of District 5, Section 1, Mrs. Mary Jennings, here on Wednesday, April 20, at 6:30 p. m., it was announced yesterday by Mrs. Ted White, Worthy Matron of the local Chapter.

A buffet supper will be served, after which, at a called meeting, Mrs. Jennings will make her official visit to the local chapter for the year.

DEADLINE—

(Continued from Page 1.)

ing digging tanks, drilling wells or taking advantage of the deferred grazing allotments are urged to make application at once and get approval of the county committee before beginning the work.

Bert Couch, whose ranch is located west of Ozona, is the first rancher to start ridging land in Crockett County, the county agent announced. L. P. Reed, Alpine contractor, who has done much of the tank building work in this county, is doing the ridging work on the Couch land. To date, approximately 125 miles of ridges have been thrown up and about the same amount remains to be completed in the next few days.

Ranchers are watching this work with considerable interest in view of the fact that the land selected for improvement in this manner is potential bitterweed area. Range experts believe that with proper ridging to conserve the moisture and prevent erosion, thus encouraging a good turf of grass, that the bitterweed will be smothered out.

Ridges are thrown up at intervals on sloping land to a settled height of ten inches minimum, width of the furrow and ridge being a minimum of six feet. Ridging can be done with no down payment or advance by the ranchmen, the county agent announced, the contractor agreeing to wait for government payment for the work, and contracting it at the government rate of ten cents per hundred feet or \$5.28 per mile.

A possibility that the decrease in the allowance this year as compared to last year, which would amount to about \$10 per section

in this county, might be offset by a raise in the declared grazing capacity of Crockett County range lands was also announced by Mr. Van Zandt. The county average last year was approximately 14 acres to the animal unit, and it is hoped that this figure may be reduced to 11 or 12 this year, he declared, in which case the allotments would figure nearly the same as that for last year.

Leasel Harris of San Angelo, manager of the 90,000-acre Frank Harris estate ranch lands in this county, visited the county agent's office this week, working out practices for this year's range program. He plans to construct tanks with his allotment.

Len M. Mertz, also of San Angelo, who operates a ranch of between 20 and 30 sections in the northern part of the county, was also a visitor to the agent's office during the week. Mr. Mertz is using several of the approved range practices on his ranch this year, including deferred grazing, reseeding, ridging and tanking.

of which ranching is the prime industry, I resolutely believe that I can be of great assistance in representing the stockmen at a time when sound judgment and legislative ability are of vital importance. I shall take an uncompromising stand for all measures proposed to aid the cattlemen and the wool and mohair grower, and just as firm a stand opposing any proposal I believe might be inimical to their cause.

"If I am successful in my candidacy, I want every citizen of the great Edwards Plateau region, whatever his station, to feel that my office is open to him at all times as headquarters when he comes to Austin. "Issues of the campaign will be dealt with fairly and squarely,

Ozona Baptists To Attend Sunday School Convention In Angelo

A large group of members from the Ozona Baptist Church are planning to attend sessions of the Texas Baptist Sunday School Convention to be held in San Angelo Tuesday, Wednesday and Thursday of next week, with the First Baptist Church of that city as the host church.

A pre-convention feature of the week will be the Sacred Music Drama "Ruth", an elaborate presentation by the Seminary Choral Club of seventy voices. This feature will be presented Monday night preceding opening of the convention Tuesday morning.

Among speakers listed for the convention sessions are Dr. P. E. Burroughs, Dr. E. P. Alldredge of Nashville, Dr. George W. Truett, Rev. Ramsey Pollard, Rev. Troupe Reid, Rev. E. S. Hutcherson, Robert Jolley, J. Earl Mead, Rev. M. L. Rhodes, Dr. Thomas Taylor, Rev. C. E. Hereford, Dr. R. L. Holmes and others.

Joe Trussell of Brownwood will lead the music in the general sessions. Numbers of musicians will assist him in making this one of the attractive features of the convention.

of which ranching is the prime industry, I resolutely believe that I can be of great assistance in representing the stockmen at a time when sound judgment and legislative ability are of vital importance. I shall take an uncompromising stand for all measures proposed to aid the cattlemen and the wool and mohair grower, and just as firm a stand opposing any proposal I believe might be inimical to their cause.

"If I am successful in my candidacy, I want every citizen of the great Edwards Plateau region, whatever his station, to feel that my office is open to him at all times as headquarters when he comes to Austin. "Issues of the campaign will be dealt with fairly and squarely,

and in no uncertain terms, in every part of the district primary now and the Democratic primary on July 23. Meanwhile, the support and influence of every voter in the 86th District will be most heartily appreciated. It is my intention to personally present my candidacy to every voter possible before the election date, and to this end I expect to visit even the smaller communities of the district before the campaign ends."

Born in Jefferson County, Texas, on July 1, 1907, Taylor was educated in the Port Arthur public schools. His legal education was gained by studying into the early morning hours after he was the father of children. For the past three years he has been practicing law in Kerrville. He also owns and operates an abstract and title plant, and is the owner of considerable real estate holdings in Kerr County.

NEW KIND OF TIRE SAFETY?

Safety WHILE RIDING Safety WHEN STOPPING

THE NEW GOODRICH SILVERTOWN TIRE PROTECTS YOU AGAINST BOTH SKIDS AND BLOW-OUTS..AT NO EXTRA COST!

Motorists, here's an amazing new kind of tire that protects you against both skids and blow-outs! It's the sensational new Goodrich Silvertown with the Life-Saver Tread and the famous Golden Ply. This new Life-Saver Tread is actually a road dryer. Its never-ending spiral bars, acting like a battery of windshield wipers, sweep the water right and left, force it out through special deep drainage grooves. Thus it provides a dryer, safer road surface for the rubber to grip—stops you seconds quicker than you've ever stopped before! What's more, the Goodrich Silvertown is the only tire in the world that gives you the famous Golden Ply—the greatest protection against high-speed blow-outs American motorists have ever known. And remember, many tires cost more; but no other tire—at any price—can give you this two-way protection against both skids and blow-outs. So for safety's sake get a set of these life-saving, long-mileage Goodrich Silvertowns. Come in today for a thrilling demonstration ride.
