## Pneumonia Fatal To C. B. Hudspeth In San Antonio

### Former Congressman To Be Buried Sat. In Alamo City

Claude B. Hudspeth, Crockett county ranchman, former congressman, one of this county's pioneer citizens and in public life for more than thirty years, died at 3:30 Wednesday afternoon in a San Antonio hospital as a result of an attack of pneumonia. Word of the former Congressman's death came to friends by wire here late yesterday.

Funeral services are to be held in San Antonio Saturday afternoon, friends here were advised.

Mr. Hudspeth had been under treatment of San Antonio physicians for several months, but his condition was thought much improved until he was seized with the pneumonia attack but a few days ago. His death had been expected momentarily here throughout the day yesterday after friends had received word that physicians had abandoned hope for his recovery.

Claude Hudspeth was one of the group of empire builders who came to Crockett county in the days when the western area of the state was but a far-flung expanse of empty vastness. Here he threw his lot with people of like mind and gave more than thirty years of his life in their service in the legislative halls of the state and in the national capitol.

He was but a boy of sixteen when he established the Ozona Kicker, predecessor to the Stockman of today. He was successful in the pioneer-day newspaper business and his influence, despite his youth, was felt in the business and social life of the pioneer community. At 24 years of age, he offered himself as a candidate for the state legislature and was elected.

## Plateau Pot Pourri

By King Dude

Thoughts while slushing in the snow... the warm sunshine of the tropics... on the sands of Miami Beach... the glass bottom boats at Nassau... wondrous coral formations... rainbow fish, stone crabs, green turtles... tantalizing Cuba, a bit of the old world in the new... the magnificent orchid gardens at Kingston, Jamaica... skimming over the Caribbean in the huge Yankee Clipper... quaint and picturesque Key West, the southernmost point in the U. S... thousands of birds in the Everglades... Spanish patios of the sumptuous Palm Beach hotels... whispering palms in the moonlight... gay adventure and romance... shucks!

First impressions of Ozona... the pecan and mulberry trees in the Square... the windmill water plants on the hill... the inscription on David Crockett's monument... "Be sure you are right then go ahead"... silk stocking row, attractive homes for a small town... the porch-like store fronts... the large number of expensive, latest model cars... the wide highways forming north and south, east and west axis in the center... the splendid High School building and imposing Court House... the friendly people... real living!

Here's a tall story—for the old-timers and the credulous youngsters of today as told at a Kansas City banquet by Basketball Coach Al Baggett of West Texas State. The coach and a friend were hunting jack-rabbits in a small duster near the Canyon, Texas, school's

(Continued on Last Page)

## ROTARY OFFICERS

Above are heads of Ozona's newly formed Rotary Club, now known as a provisional club until its charter is delivered. At top is Victor Pierce, Crockett county rancher, who was named first president of the club, and below Scott Peters, active vice president of the Ozona National Bank, named its vice president.

## Mrs. S. M. Harvick Named President PTA Next Year

### Officers Of Organization Are Named At Monday Meet

Members of the Parent-Teacher Association chose Mrs. S. M. Harvick as president of the organization for the coming year when the group met in regular session Monday afternoon for the election of officers. Mrs. Harvick will succeed Mrs. Stephen Perner, this year's president of the organization.

Mrs. Mike Friend was named first vice president of the organization with Mrs. Bill Hoover as second vice president and Mrs. Stephen Perner as third vice president. Miss Zelma Scott was chosen secretary, Mrs. Madden Read, parliamentarian, and Mrs. George Bean, historian.

The day's program was under the leadership of Mrs. Stephen Perner, who dedicated the meeting to St. Patrick's Day with the reading of an Irish poem. A piano solo by Helen Mayes and book reviews by pupils of the English department in high school completed the program. Pupils presenting the book reviews were Jim Ad Harvick, Priscilla Jean Baker, Zella Lee Thurman, Rozelle Pharr and Virginia Hayes.

Five tables of players were present at the "Pig in a Poke" party sponsored by the P. T. A. in the grade school Monday night. Players chose playing instructions from the "poke" and played hands accordingly. The St. Patrick's Day theme was carried out, with sacks of Irish potatoes and boxes of Brookfield sausage as prizes. Mrs. Claude Hill won high score in 42, and W. E. McCook in bridge. Miss Zelma Scott took the bridge traveling prize and Mrs. C. S. Denham in 42.

It was reported the first of the week that Bob and Bill Bissett, who ranch in northern Crockett county, had contracted their 12-months wool clip at 89½ cents net.

## Seventh Annual Cooking School Mon. and Tues.

### Entertaining Program Promised Women Of Crockett Co.

Fashions in foods will be in parade next Monday and Tuesday afternoons when the Stockman's seventh annual Spring cooking school gets under way in the basement of the Methodist church.

Mrs. Cora Wilson, well known culinary artist and designer, will conduct this fashion show in foods. According to reliable food experts, the series of entertaining and informative demonstrations will contain many new and streamlined recipes to add zest and pick-up to your future meals.

As usual, a varied program of entertainment will add spice and interest to the daily program of information on foods and household management. There will be a large number of prizes to be awarded in the attendance drawing, with a grand prize to be given at each session. There will be refreshments during and after the days program and a good time is unconditionally guaranteed to every woman who attends. And, by the way, the men are just as welcome to any session or both.

A number of local business concerns, food manufacturers and distributors have joined with the Stockman in bringing to the women of Ozona and surrounding territory this annual two-day program of interesting and informative demonstrations in the newest methods in cooking and home management. Among participating concerns are the West Texas Utilities Co., Duncan Coffee Co. of Houston, makers of Admiration Coffee; the makers of Mrs. Tucker's Shortening; Crescent Creamery of Cuero, makers of Valley Gold sweet cream butter; Gandy's Creamery of San Angelo, pasteurized milk, cottage cheese, ice cream, butter and other dairy products in this area; Jaques Manufacturing Co. of Chicago, makers of the famous K C Baking Powder; Coca Cola Bottling Co. of San Angelo; San Angelo Telephone Co., Wilson Motor Co., C. G. Morrison Co., and the grocery stores of the city.

## Livestock Loss At Minimum In Crockett Area

### Rain And Freeze Deal Death To New Born Lambs And Goats

It is bad, but it might be worse. That seemed the general verdict of livestock men of this county following the sudden about-face of the weather man Monday which sent a freezing drizzle to this section, coating trees, telephone and electric wires, shrubs, grass and weeds in a heavy sheath of ice.

Livestock losses are believed to have been at a minimum over most of Crockett county, although most ranchmen agree that many newborn lambs and recently shorn goats died as a result of the day and night freeze-in. Disastrous property damage from ice was averted in this section when nighttime drove the temperature well under the freezing point with the result that the continuing drizzle

## WANTED

### Snapshots and Pictures

The Stockman is very anxious to get snapshots and pictures suitable for its coming Historical Edition. Any picture of historical, civic or personal interest will be acceptable. Old-timers get your albums out. Just bring what you have to The Stockman office and let us see if we can use it.

## Marimba Artist With Cowgirl Band

Lucille Powers, Hardin-Simmons University coed and marimba artist with the Cowgirl Band, sister organization to the world-famous Cowboy Band, which is making an annual spring tour through 16 West Texas cities. Under the direction of Herbert M. Preston, the concert repertoire will include classical, semi-classical, and popular numbers. Other feature artists are the Fiddlers Three, and Virginia Sheridan, talented harpist and president of the group. Date for the Ozona concert is Tuesday at 11 a. m. under the sponsorship of the high school band.

## School Faculty Re-Elected For Term Of 1941-42

### Appropriation Made by Board For Purchase Of New Piano

All teachers now composing the faculty of Ozona schools were re-elected for the 1941-42 term at a meeting of the school board Tuesday. Barring resignations, the faculty as now constituted in both the elementary grades and high school and in the Latin-American school will remain intact the coming term.

The board authorized the employment of an additional high school teacher for the Latin-American school, with the stipulation that if possible to secure the services of a man teacher qualified to assist in coaching athletics in the American high school.

The present teaching staff re-employed by the board action includes Miss Frances Sprawls, kindergarten; Miss Georgia Williams, first grade; Miss Marzee Hammons, second; Miss Eleanor Neal, third; Mrs. C. S. Denham, fourth; Mrs. W. E. McCook, language arts; Miss Zelma Scott, social studies; W. S. Chapman, arithmetic and junior high principal; Miss Bess Terry, high school English; Miss Mildred North, commercial department; Miss Alena Kinney, homemaking dept.; Gunn Caruthers, science and manual training; L. B. T. Sikes, principal and history; Dan Patterson, coach; Cyril Pingleton, band director, and in the Mexican school, Misses Margaret Butler, Catherine Chapman, Martha Hersey, Margaret Hill and Vivian Weaver

(Continued on last page)

## Lighting Of Tennis Courts Discussed At School Board Meet

Possibility of lighted tennis courts for this spring and summer was discussed at the meeting of the school board Tuesday. The matter was taken under consideration by the board, which authorized the superintendent to secure estimates on the probable cost of such improvement and report at a future meeting of the board.

Lighting experts are to be consulted on the necessary lighting installation and cost. The possibility of installing coin meters which turn on the lights on insertion of a coin was discussed but no definite decision was reached.

County machinery is to be used at once in clearing a third court on the east side of the present courts. This is to be a dirt court and is to be assigned for the exclusive use of grade school pupils.

## Record Payment Of Income Taxes In Crockett Co.

### Advisors Estimate Residents Here Paid Near \$150,000

It was a good year, was 1940, but there's always a little bitter to be mixed with the sweet.

Income tax paying time brought its chorus of groans from Crockett county residents, a more sustained and general chorus, in fact, than has ever been heard in these parts.

Not that that means there was widespread grumbling at having to pay Uncle Sam's annual income tax. The fact is, according to reports from local income consultants, there was apparent a greater effort on the part of local taxpayers to make complete and honest returns, returns that gave the government the benefit of the doubt, if any, than ever before. The attitude as these experts described it was one of sympathetic realization of the needs of greater income for the government to meet the present crisis, and of willingness to pay on the basis of prosperity enjoyed during the past year.

Without any actual record on which to base an estimate, a consensus of local tax consultants making allowance for returns made by taxpayers themselves and elsewhere, placed the estimated "take" by Uncle Sam in returns completed by the deadline March 15 at around \$150,000.

Several factors combined to make for the record income tax payments from this county. Foremost, of course, was the lowering of exemptions, which had two effects, one of making for a larger number of returns, many by persons who had never made them before, and second, the placing of the difference in exemptions in the surtax bracket for many of the larger taxpayers. The fact that ranchers in this county sold three clips of wool last year, one a hold-over from the previous year, made for larger incomes, too. And the further factors of good crops, lower expenses, good prices and an altogether good year just naturally added up to higher income taxes.

## NEW TOP ON 8-MONTHS

A new top price for the season was set on 8-months wool at Del Rio last week when Jack Hughes, buying for Emery & Conant, paid 38 cents for 55,000 pounds from the Del Rio Wool & Mohair Co. Jack Allison, buyer for Munro, Kincaid & Edgehill, also paid 38 cents for 50,000 pounds of 8-months from Producers Wool and Mohair Co. of Del Rio.

## 28 MEMBERS JOIN OZONA ROTARY CLUB

### Form Provisional Club Pending Delivery Of Charter

#### VIC PIERCE PRES.

### Charter Night Meeting Planned In About 2 Weeks

With a charter membership of 28, the first Rotary Club in Ozona's history was launched last Saturday night at a banquet at the Hotel Ozona when representatives of the San Angelo Rotary, sponsoring club, were present to take the final step in the organization and application for a charter for the group.

The first meeting of the club, as yet in the stage of a provisional Rotary club, was held at the hotel Tuesday noon with 25 out of the 28 charter members present.

The organization meeting Saturday night resulted in enrollment of 28 charter members, application for a charter from Rotary International, and election of officers for the coming year.

Victor Pierce, Crockett county rancher and widely known breeder of registered Rambouillet sheep, was elected president of the city's first Rotary club. Scott Peters, active vice president of the Ozona National Bank, was named vice president; W. R. Cabaness, local

## County Literary Meet Scheduled For March 27th

### Story Telling and Declamation Preliminaries On Now

Winners in the literary events of the Interscholastic League will be selected at the Crockett county meet to be held in the high school auditorium here Thursday evening, March 27, it was announced yesterday by Supt. C. S. Denham.

Elimination contests are under way in all grades this week, contestants who will compete in the county meet being selected from each grade. Story telling among first three grades and declamations in the fourth, fifth, sixth and seventh grades will constitute the meet contests.

Three places are to be awarded in each grade for story telling among pupils of the kindergarten, first, second and third grades. In the declamation contests among fourth graders, winners will be selected from among the boy contestants as a group and from the girl contestants as a group. In the Junior High grades, first, second, and third place winners among the girls and boys' groups will be selected.

Winners of first place for the boys and first for the girls in the Junior grades will compete in the district meet at Fort Stockton April 12.

## BUSINESS MEN INVITED TO ADMIRATION COFFEE PARTY

The publisher of this newspaper invites ALL the business men of Ozona to come down to the Cooking School headquarters in the Methodist Church basement next Tuesday morning from 9 to 10 o'clock and have a cup of Admiration coffee, the "Cup of Southern Hospitality," and hot gingerbread as our guest, and to meet the lecturer, Mrs. Cora Wilson, who will conduct the school. Don't forget, 9 to 10 Tuesday morning, and every business and professional man in the city is invited.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected up on calling the attention of the management to the article in question.

THURSDAY, MAR. 20, 1941

MORE and MORE SHIPS . . .

Long before Hitler's recent threat of an "all-out" submarine campaign on British shipping, both Britain and the United States had launched the greatest ship-building program ever known. At present, private shipyards in the United States hold contracts for \$3,759,000,000 for construction of 543 vessels, and our navy yards are building 100 ships valued at \$1,000,000,000. Despite the large number of sinkings in recent months, Britain cannot be seriously hurt yet. But the German successes in attacking convoys now, whereas in the early months of the war the British boasted the convoys were almost 100 per cent safe from attack, makes Hitler's threat of a new and more powerful submarine warfare a terrible menace. At the beginning of the war Britain had nearly 21,000,000 tons of shipping, or about as much as all other countries combined, except the United States. We had 11,500,000 tons. Britain had been building new ships at almost as fast a rate as the Germans had been sinking them until the losses of the convoyed vessels began to mount up. In addition, she had secured a large tonnage from Norway, Denmark and Holland when these countries were invaded. Quite a substantial tonnage belonging to these countries have been tied up in the United States harbors, and it is not impossible, in emergency, these may be released to Britain. —Boston Post.

PATIENCE NOT UNLIMITED

News reports tell of a threatened strike by highly paid workers in a big army cantonment, because the contractor in the case has employed some non-union workers—free American citizens who have a right to work.

If the "dollar-a-day" young men who have been conscripted into the army threatened to walk out because they didn't agree with the ideas of a new bunch of conscripts coming into camp, the crackdown would be swift and harsh.

When the phone gave two long rings and one short one, Jane Brown lifted the receiver. And then there was the tell-tale click of two other receivers being lifted, for this was a partyline. Old Mrs. Allen and Sally Peterson probably. They were both confirmed eavesdroppers, people said. But never mind. It wasn't anything personal Mary had to tell her. Just things about the state political meeting she'd been attending and the subject for their next club meeting and something about the school program to be held that night. Let the neighbors listen in all they wanted to! As a matter of fact, it would do them both good. Jane grinned delightedly as her sister, Mary, launched into praise of a man Mrs. Allen hated and criticized some one she liked. It must be hard for the old lady to keep from breaking in with a few thoughts of her own.

What would it be like, Jane wondered to live in a country where you were afraid to say what you think even to members of your own family, let alone broadcast them on a busy party line?

"I'll see that the governor hears about this. That's what I'll do. And then you'll see what happens to your job, young lady! It won't be worth two cents." It was Mrs. Sanders, dissatisfied with the work of the Country Relief office.

criticize and in most instances get it out of our system. We've always been talkers. Since the Pilgrims complained of the British and the time when men sat around the stove in the village general store and told each other what President Lincoln ought to do.

We talk in papers, on the radio, on platforms and to each other and no one tells us to look out we better not say that . . . or shh . . . we mustn't say this. Because this is America where every man "from the oceans to the prairies" has a right to his own opinions and, come what may, can say what he likes!

GOOD or BAD BREAK . . .

This month of March may bring new and furious activity in the European war, and a commentator points out that it was in March 1918, that the German army, in an effort to cut apart the British and French forces, risked everything in the hope of saving Germany from having to go through another war winter. And Germany didn't have to go through another war winter. —Arkansas Gazette (Little Rock.)

Classified ads get results—try one

MUTUAL-AID COMPACT . . .

Negotiation of a mutual-aid pact with Mexico, and beginning of conversations looking to joint military and naval action in case of war threatening this hemisphere, are natural and logical developments of the Havana conference and as such are to be approved. We have already developed co-operation with Mexico is obviously no less important. Use of air and naval bases on Mexican territory and in Mexican waters, by the American armed forces, might on either coast prove of decisive importance in certain contingencies. Presumably this will be one of the matters to be settled in the conversations. Fortunately the fear of "Yankee imperialism," which once would have erected bars to such arrangements, has largely been

dispelled in Mexico. President Avila Camacho understands the situation fully and his desire for co-operation should be appreciated on this side of the border. —Los Angeles Times.

200-YEAR-OLD DICTIONARY

A leather-bound dictionary two centuries old and written entirely with pen and ink is owned by R. V. Holleman of the Wealthy community, near Normangee, (Leon county). Holleman believes that the volume, compiled by his great-grandfather, Joseph Swann, in 1769, when this country still was under British rule, is the only one of its kind in existence. Swann was a leatherworker and probably fashioned the cover of the book by hand. —Centerville News.

## Side Glances on Texas History

By Charles O. Hucker  
University of Texas Library

### THE HOUSTON MYSTERY: SOLVE IT IF YOU CAN

Among the many things that keep interest in Texas history at a high pitch are the unending controversies that rage over it. You can find evidence of them by looking through almost any two books on the same subject in the University of Texas Library's Texas Collection. And one of the most interesting concerns The Great Sam Houston Mystery.

Last week in this column the ironic drama of the annexation of Texas was summarized—how the United States, in 1837 having refused to admit Texas because of its own slavery controversy, turned completely about-face by 1845 at the prospects of the British domination of the young Republic and in great alarm asked it to come into the Union—which, of course, it did.

Now, the mystery is: Just what part did old Sam Houston play in all this? Was the culmination of the annexation struggle his work or not? No one as yet has presented an explanation satisfactory to all concerned.

Historical clues, such as they are, are clear-cut. It is known, for instance, that Houston was President of the Republic when annexation was first refused, again in 1842 when Great Britain's friendship was won, and on until late 1844, during the years when American opinion about the issue was changing. And he himself had something to say about it from time to time.

#### NOW YOU SEE

"It is not selfishness in me to say that I desire to see Texas occupy an independent position," Houston once wrote to the British

minister; and he once told the Texas Congress, "Let her, therefore, maintain her position firmly, as it is, and work out her own political salvation," the Union having refused annexation.

In this connection, he spoke glowingly of a future free Republic which would reach to the Pacific Ocean and considered the possibility that the slave states of the American South might join it and thus extend its eastern boundary to the Atlantic.

Well, what can be said about those facts? Just suppose Houston meant all he said about glorious independence. Suppose that after 1837 he resolved to make the most of the Republic's standing as a free nation and sought Britain friendship for what it was worth as defense against Mexico. In "The Annexation of Texas" Justin Smith wrote that to go down in history as the father of a great nation "was precisely the ambition that could appeal with overwhelming force to him." If such was the case, annexation was achieved in spite of him.

#### BUT NOW YOU DON'T SEE

On the other hand, Houston once told Anson Jones, his successor, that as regards the annexation issue they "should be wise as lynxes and as sly as foxes." Suppose that all this while he was merely being "sly." Marquis James in "The Raven" states that Houston originally came to Texas to win it for the Union, and Clarence Wharton wrote in his "Texas" that Houston wanted annexation "more devoutly than any other ambition in his long career." Suppose, then, that after 1837 he realized annexation could never be won by a direct approach and deliberately flirted with Great Britain knowing that Britain's interest — together with his own talk of independence — would turn the tide of American opinion, would force the United States to grab Texas for fear of Britain, slavery controversy or no.

Well, in the Library's Texas Collection you can find support

(Continued on Page Seven)

### FIRST BAPTIST CHURCH Clyde Childers, Pastor

Schedule of services:  
9:45 Sunday School  
11:00 Morning Worship  
6:30 Training Union  
7:30 Evening Worship  
Wednesday  
3:00 W. M. S. Circles meet  
7:30 Mid-week services  
8:15 Choir practice  
The revival which has just closed in our church was one of the most helpful that most of us have ever been privileged to share in. To make the revival count for the most, however, we must each put into practice form the high resolves which we made during those high hours. A real revival does not close with the last services but is a continual blessing and we trust that this revival will measure up in every respect to this standard. Let each person in our church be found in his place next Sunday in all the services.

### METHODIST CHURCH Eugene Slater, Minister

Calendar of Services  
Sunday School—9:45 a. m.  
Morning Worship—11:00 a. m.  
Epworth League—7:00 p. m.  
Evening Worship—7:45 p. m.  
Woman's Society of Christian Service, Wednesday, 3:00 p. m.  
Mid-week Service, Wednesday—7:30 p. m.  
Choir Rehearsal — Thursday—7:00 p. m.

Did you know that there is a place in the life of the church for every man, woman and child in the community? Did you know that your pastor desires that every person in Ozona be actively related to the church of his choice? Did you know that your life will be far happier if you attend church regularly? This church along with the other churches in this town offer you a fellowship of people the majority of whom are on a quest for a better life. You are cordially invited to join with us in this quest.

### MRS MASSIE WEST SUNFLOWER HOSTESS

Mrs. Massie West entertained members of the Sunflower bridge club at her home Tuesday afternoon. High score went to Mrs. Charles E. Davidson, Jr., second high to Mrs. H. B. Tandy and bingo to Mrs. Evert White. Other guests were Mrs. Hillery Phillips, Mrs. Boyd Clayton, Mrs. Walter Augustine, Mrs. J. W. North, Mrs. Melvin Brown, Mrs. Clay Adams, Mrs. Hubert Baker, Mrs. Arthur Phillips, Mrs. W. E. Friend, Jr., Mrs. T. A. Kincaid, Jr., Mrs. Hilton North, Mrs. Sherman Taylor and Mrs. Lowell Littleton.

### "ACE CLUB" NAME OF YOUNGER GROUP

The Ace Club was the name adopted when members of the recently formed bridge club were entertained Saturday afternoon at Rendall's Drive Inn by Miss Elizabeth Coose. Miss Coose used the St. Patrick's Day theme in table and room decorations. Cake and lime ice were served with small vases as favors. A brief business meeting following the games resulted in selection of a name for the club.

Miss Johnnie Boyd was awarded high score prize, Miss Bess Terry drew low and Miss Jean Drake, bingo. Other guests were Mrs. Bill Friend, Miss Catherine Childress, Mrs. Buddy Moore, Miss Billie Gene Linthicum, Miss Mary Alyce Smith, Mrs. George Vic Montgomery, Mrs. Joe Thomas Davidson and Miss Lurine Townsend.

Mrs. Evert White and Mrs. N. W. Graham were in Ballinger Wednesday where Mrs. White reviewed the book, "Who Walk Alone" by Perry Burgess before the Ballinger Junior Woman's Club.

### MRS BUNGER HOSTESS TO CLUB

Mrs. George Bunger entertained Saturday afternoon at the Roy Henderson home with four tables of club members and guests present.

High score prize for the club went to Mrs. Sid Millsbaugh, Jr., and Mrs. Lowell Littleton drew the guest high trophy. Other guests included Mrs. Early Chandler, Mrs. Dempster Jones, Mrs. Doug Kirby, Miss Wayne Augustine, Mrs. Marshall Montgomery, Mrs. Boyd Clayton, Mrs. Evert White, Mrs. Melvin Brown, Mrs. Joe North, Mrs. Jake Miller, Miss Totsy Robison, Mrs. Phillip Lee Childress, Mrs. Paul M. Hallcomb, Jr., and Mrs. Bill Childress.

### TWO OZONA STUDENTS ON U. T. HONOR ROLL

Two students from Ozona at the University of Texas were among 801 students of that institution to receive recognition for superior grades last week when Dean H. T. Parlin announced the fall semester honor roll for the College of Arts and science. Ozona students listed on the honor roll were Jim Dudley and Jeff Fussell.

### ARMY'S "EARLY TO BED" IRKSOME TO OZONA SOLDIER

Carl T. (Slim) Craven, one of Crockett County's recent contributions to Uncle Sam's training army, is catching up on his sleep. He is now stationed at Camp Bowie near Brownwood. In a letter to friends here this week he says "when they say go to bed they do mean go to bed." Slim didn't say so, but some of his friends here presume that he is having some difficulty sleeping the fore part of the night.

P. C. Perner, who recently underwent an operation in a Dallas hospital to correct an old knee injury, suffered in the last football game of his senior year in high school, is reported recovering satisfactorily and is expected to be able to return to his home here within the next two weeks. Extensive bone and ligament repairs were necessary on P. C.'s right knee, and the left, injured recently in loading a horse in a trailer, is responding to treatment without an operation.

What The Well Dressed Kitchen Won't Spare....

UP-TO-DATE kitchens call for modern kitchen utensils of PURE ALUMINUM Made by Aluminum Goods Mfg. Co.

Uncle Sam's speeded up defense program, the manufacture of airplanes and other instruments of defense, will call for increasing apportionments of this nation's aluminum supply. Consequently, aluminum utensils may become scarce.

We have a good stock of aluminum kitchen utensils made by one of the largest manufacturers in the country. And the prices are yet most reasonable. We advise that you stock up your kitchen now and avoid disappointment later.

Other helps toward a modernized kitchen...

## AIR'S FREE so why not use it?

GETTING right down to it, one reason why you get as much as 10% to 15% more miles per gallon from a 1941 FIREBALL Buick with Compound Carburetion is that this engine is supplied with more air.

For it is a mixture of gasoline and air that gives you power.

A single carburetor, no matter how many jets it has, can handle only so much air.

But two carburetors that function as needed, as is the case in Compound Carburetion, can meet any fuel-supply need from low-speed to heavy-power use — and always provide a well-balanced mixture.

They can double the air supply as well as the gasoline feed — and that's something you can't do in any single-carburetor car.

So Compound Carburetion gets as much as 800 miles for the gas-cost of 700 in earlier Buicks of the same size.

It also provides a walloping big bank of reserve power, which means an up-and-at-'em lift and surge that's nothing short of thrilling to experience.

And you can have Compound Carburetion, you know, on any 1941 Buick — it's only a few dollars extra on the swell big SPECIAL pictured here, and standard equipment on all other models.

BUICK PRICES BEGIN AT \$915 for the Business Coupe

ed to a representative post from this district. He served two terms in the lower house and was elected to the State Senate without opposition, serving three terms in that body.

From the State Senate to a district judge's post and then to Congress from the Sixteenth congressional district in 1918, in which post he served until his voluntary retirement because of failing health in 1930.

In association with his brother, Roy Hudspeth, an early-day county official here and one of the city's leading citizens, and in his own business operations, Claude Hudspeth acquired extensive land holdings in this county and in Val Verde. After his retirement from Congress he made his home on his ranch south of Ozona.

Mr. Hudspeth was born May 12, 1877, at Medina, Bandera county, the son of Mr. and Mrs. H. S. Hudspeth. His father, the late H. S. Hudspeth, was one of the pioneer sheriffs of West Texas. The bodies of both Mr. and Mrs. H. S. Hudspeth are buried in Ozona cemetery.

Surviving Mr. Hudspeth are his widow, one son, Claude, Jr., who manages the ranch operations, and one daughter, Mrs. Elizabeth Abbey of Hartford, Conn. Two brothers, Roy Hudspeth of San Angelo and Lee Hudspeth, who lives in Arizona, and one sister, Miss Mary Hudspeth, an early-day teacher in Ozona schools, now teaching at Canyon, also survive.

### Nobel Drilling Co. Crew Returning For New Well In Todd

A drilling crew of the Nobel Drilling Co., which has contracted for drilling all wells to date for Conoco and others in the Todd field 15 miles northwest of Ozona, is being returned to Ozona this week after being transferred from here a few weeks ago, it was learned this week.

Several members of the crew have already returned and it was reported that water lines are being laid this week preparatory to spudding in another well in the Todd field. A. T. Hopkins, superintendent of drilling, is expected to head the crew again.

### To Drill Another Test On Bean Ranch

Another oil test on the George Bean ranch in this county is to be spudded within the next few days. The well is being drilled for E. M. Wahlenmeier and others who recently brought in a well which flowed 196 barrels of oil in a 22-hour Railroad Commission gauge Patilla Drilling Co. with Preston Rose as superintendent, has drilling contract. It is to be a 1500-foot test drilled with a standard rig.

A new concrete sidewalk is soon to be laid from the curb to the band house, it was announced following action of the school board in session Tuesday.

Miss Dixie Davidson, who has been in Baton Rouge, La. for the past two years, returned to her home here yesterday for a stay of several months.

The fact of electricity was known before Franklin made his experiment with a kite. What Franklin did do was to prove that there was electricity in a thunder cloud, and that atmospheric electricity and ordinary electricity were identical.

Oscar Stabler, German barber on the American export liner, Excambion, who was taken from the ship at Bermuda by the British and held under suspicion of espionage. Stabler became a U. S. citizen in 1933.

### Texas Livestock Shipments Show Increase in Jan.

AUSTIN, March 5. — Getting off to a good start for 1941, shipments of Texas-grown livestock during January totaled 4,900 carloads, a gain of 4.5 per cent over January, 1940, according to the University of Texas Bureau of Business Research.

Cattle shipments failed to show a gain, declining 5.5 per cent to 2,611 cars, the report revealed, and the movement of sheep also dropped—11.2 per cent to 364 cars.

Calves and hogs, however, gained substantially to boost total shipments of all classes of livestock. A total of 930 cars of calves was shipped, a gain of 9.8 per cent while hog shipments gained 48.7 per cent to 995 cars.

#### OLD AGE PENSIONS INCREASE

January old age assistance checks averaging \$13.93 each, went to 122,059 aged, 936 more than in December. Total amount paid was \$1,699,751.

### Chrome Steel Sets Offered For Best Cakes In Contest

Smiles will surely beam on the faces of the two prize winners in Mrs. Tucker's "Smile" Cake Contest at the Stockman's Cooking School next Monday and Tuesday, while the families of all entrants will smile as they enjoy the cakes made for this event. The winners will proudly use their prize chrome steel cooking sets to make even better foods to create more smiles among their loved ones.

This contest is a part of Mrs. Tucker's 1941 "Smile" campaign. The Dear Old Lady of Shortening fame, in considering a world filled with wars, political strife and selfishness, thinks that "What this country needs most is a good old-fashioned 'SMILE,'" so she is

urging everybody to smile more and spread happiness throughout 1941.

A good cake can go far in creating smiles. Therefore, during the cooking school, Mrs. Tucker is conducting a contest for the cakes made with Mrs. Tucker's Shortening that create the most smiles for appearance, texture, taste and health. Mrs. Tucker will give as the first prize a 5 piece set of famous Everedy Chrome Steel Cooking Ware and a three piece set of the same high quality cooking utensils as the second prize for the two cakes judged the No. 1 and No. 2 smile producers of all entered. This Everedy cooking ware is not aluminum but is heavy chrome steel. The first prize set consists of chicken fryer, skiddle, two different size skillets and a dutch oven, while the second prize is a set made up of chicken fryer, skid-

dle and skillet. You may enter any kind of cake you wish, but it must be made with Mrs. Tucker's Shortening, which is known as the "Smile" Shortening for cake making as well as for all other purposes.

The cooking school expert recommends Mrs. Tucker's especially for cakes because it is so creamy-smooth. She advises that this Shortening has been featured in over 250 cooking schools each year for several years.

The price structure of this Shortening is well maintained at Boston as well as in producing areas, according to the Daily News Record. Mohair prices at Boston are reported strong, though the volume of business being transacted is only moderate.

Say "I saw it in the Stockman"

This beautiful five-piece set of Everedy Chrome Steel... a set every woman needs... for the best cake entered in Mrs. Tucker's Cake Baking Contest! Second prize, a useful three-piece set, Chicken Fryer, Skillet, and Skiddle. Not Aluminum... but heavy Chrome Steel.

Cooking School experts and Housewife experts alike tell Mrs. Tucker that it is a joy to make cakes and cookies with this creamier Shortening because it mixes quicker and easier with the other ingredients.

Mrs. Tucker's is the MULTI-CREAMED Shortening that is so satiny-smooth it blends quickly into a mixture at any temperature without tiresome creaming. Mrs. Tucker's makes light, delicious cakes that are easy to digest. Use Mrs. Tucker's and win.

**Former Ozona Girl Painfully Burned In Home Accident**

Mrs. Anja Wilson, a daughter of Mr. and Mrs. Paul Perner of Ozona, suffered painful burns about the body Saturday when a robe which she was wearing became ignited from an open fireplace in the Wilson ranch home near Alpine. She was taken to Alpine and is at the home of Mr. Wilson's parents under treatment for the burns.

The accident might have had tragic consequences but for the fortunate presence of Mr. Wilson in the home at the time. Mrs. Wilson had tied the belt to her robe in a hard knot and could not untie it. Mr. Wilson in another part of the house, heard her screams and threw another robe about her, smothering the flames. Her burns were not considered serious.

**BAPTIST MISSIONARY HOLDS BIBLE STUDY**

Mrs. George Bern was teacher when the Baptist Missionary Society met Wednesday afternoon for Bible study. Present were Mrs. Clyde Childers, Mrs. J. T. Keeton, Miss Mybelle Taylor, Mrs. Claude Hill, Mrs. J. S. Whatley, Mrs. John Mitchell, Mrs. S. L. Butler and Mrs. Lowell Littleton.

All three circles of the society will meet next Wednesday afternoon with the Annie Sallee circle in charge of a Royal Service program.

**ELECTED TO SMU CLUB**

Ora Louise Cox of Ozona has been elected to Swastika, an organization of outstanding women at Southern Methodist University, the purpose of which is to promote friendship among all girls on the campus.

Miss Cox is a sophomore at S. M. U., and is majoring in piano. She is the daughter of Mr. and Mrs. L. B. Cox, Jr.

**'Tomahawks' for Tom Against Jerry**

Mass production of the new Curtiss Tomahawk fighters for Great Britain's RAF now total a new high of eight planes per day at the huge Buffalo, N. Y., plant, a part of whose final assembly department is here shown. The Curtiss Tomahawk is the British name for the Curtiss Hawk 81-A "pursuit." The planes shown above will soon be England-bound.

**Methodist Society Follows China Study**

Continuing its study of "The Christian Mission in China Today," the Woman's Society of the Methodist church heard the second lesson in the series taught by Mrs. Eugene Slater Wednesday afternoon, the topic being "The Impact of the West."

At the next meeting, March 26, the discussion will be on "Modern China." Present for yesterday's session were Mesdames Early Baggett, E. B. Baggett, Monroe Baggett, W. R. Cabaness, Charlie Coates, Carl Colwick, Tom Harris, H. E. Hayes, Floyd Henderson, B. B. Ingham, Hudson Mayes, Stephen Perner, Joe Pierce, Victor Pierce, Madden Read, Eugene Slater, W. E. Smith, Jess Sweeten, H. B. Tandy and Charles Williams and Miss Mary Riddle.

The society will sponsor a sound movie, "Flower Arrangement" from the Coca Cola Bottling Co. at the High School auditorium at 2 o'clock this afternoon. Copies of volumes 1 and 2 on flower arranging will be on sale by the society for 10 cents each.

More than 10,000 University of Texas men—allowing for duplication in more than one event—take part each year in the State school's program of intramural sports for "average athletes."

**MRS COOKE HOSTESS**

Mrs. Cleophus Cooke was hostess to members of her bridge club when she entertained Tuesday afternoon at Rendall's Drive Inn. Two tables of players were present.

Mrs. Lloyd Johnson took high score prize and Mrs. Claude Hill was awarded the low score trophy. Other guests included Mrs. Marion McBee, Mrs. Byron Stuart, Mrs. Ray Dunlap, Mrs. Leslie Nance, and Mrs. O. Z. Fenner. Refreshments of congealed salad, crackers and chocolate cookies and iced tea were served.

**RIO GRANDE CARRIES SALT INTO GULF OF MEXICO**

EL PASO—The Rio Grande, through its several tributaries, deposits five tons of salt into the Gulf of Mexico every minute, according to a survey by engineers of the international boundary commission.

In a single day the river deposits the equivalent of 1,420 five-ton truck loads of salt into the gulf, the survey found.

Largest single contributor of salt to the Rio Grande is the Pecos river of west Texas, which in 1939 put 31 per cent of the total salts but only 6.5 per cent of the total water in the Rio Grande. Despite this heavy contribution, however, the Pecos is only one-twelfth as salty as sea water.

**Ozona Baseball Player Sold To Montgomery, Ala.**

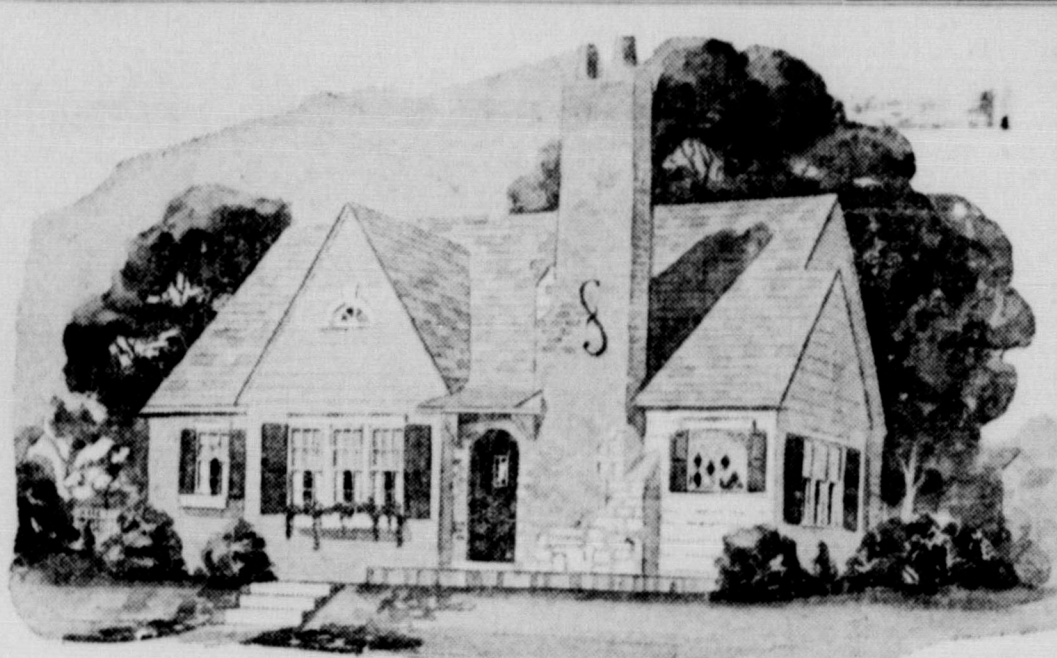

Byron Stuart, who once held down a regular berth as catcher for the Ozona Giants in the pepper hot Permain Basin league, and who for the past two seasons has been player-manager of the Welch

Miners at Welch, West Virginia, has been sold to the Montgomery, Alabama, team of the Southeastern league.

Stuart, with Mrs. Stuart and little daughter, left Tuesday to report at Montgomery for spring training. The Montgomery team is Class B team, the Ozonan advancing from a Class D league at Welch.

Ele Bright Baggett, a son of Mr. and Mrs. E. B. Baggett, who has been in Dallas for the past several weeks receiving treatment for his knee, injured by an accidental gunshot wound suffered before Christmas, is expected to be able to return to his home here in the next two weeks.

### THE FRIENDLY GUIDANCE OF OUR TEACHERS

When seniors go off to a large college, they miss the friendly companionship and guidance of their high school teachers. The teachers in a large college, or university, art to busy with assignments to become personally acquainted with their pupils.

I am glad that the high school enrollment of O. H. S. does not exceed 100 students. Yet, on the other hand, I wish there were a larger enrollment; a student could learn how to conduct himself among a crowd then. He wouldn't be completely lost in a large college after he graduates from high school, if he were used to having a large number of boys and girls around him all the time during his high school career.

We, perhaps, do not take advantage of this big opportunity of having so many good, efficient and friendly teachers compared to the small number of students in high school. We don't get acquainted with them easily enough.

When the Seniors of 1941 go off to college next year, or the year after that, they will have to have a different attitude toward their teachers from what they now have.

"A teacher in a large university does not especially care if you fail or pass," remarked Mr. Guinn Caruthers. "We teachers in high school have to pet the pupils until they get their lessons up-to-date."

Then, too, the students, most of us, are going to have to change our attitude toward getting up assignments, if we expect to go to college in the near future. As I said a moment ago, the university teacher doesn't have time to run home with you after an assignment is made and see that you get that assignment. "They tell you what to do. You do it or you don't do it," explained Mr. Caruthers. "If you do it, fine; if you don't do it, tell your mother and dad that you will be home pretty soon from college, because you couldn't make a go of it."

We have only about ten weeks of school, I mean the Seniors; let us make every advantage count.

"Deeds, not words, is what counts"—from the Senior play entitled "China Boy."

## SPORTS

by Trout

The student-fans of tennis put in a week of contesting last week to determine who played the Seniors teams here last Thursday.

Colquitt and Armentrout took the senior boys' doubles; Nance and R. Coates took the junior boys' doubles; the girls' doubles have not yet been played off.

The singles were not played off because of limited time. Tennis Coach L. B. T. Sikes appointed D. Wilson as single tennis player for the meet. (He was defeated by the crippled hurricane from Sonora in a close match.)

Armentrout and Colquitt, and Nance and R. Coates did not see any action, because Sonora did not send any one except the single players.

Another tournament will be held this week to determine the players who will journey to San Angelo for the Angelo track and field meet. The district tennis tournament is slated for April 27-28.

New suits have been ordered for next year's football team. These suits have the characteristic purple and gold color scheme, but their style and pattern have not been discarded.

Tennis, spring training, and track were discontinued this week because of the freezing weather—even ice hung from the telephone wires and trees. As soon as the weather clears up sufficiently, the athletics will continue with zest and fire they have previously displayed.

VOLUME 7

## The Prowler

By Gem Ella Dudley

Mervin, was it cold Friday morning about seven?—Oh well, please, don't take it so hard, one can misunderstand, can't one?

Having quite a time Saturday was Miss Lucas—Incidentally, she wasn't alone.

Explain why you weren't along, Adele? ? ?

Donald, why were you so anxious to stay in town Friday night? Dames couldn't be the answer, could they?

Tom Ed, aren't you ashamed of trifling on your girl? Nita, I think the matter should be looked into.

Very good games were played by Leslie and Roy Thursday. The reason couldn't be because some Sonora "gals" were watching, or could it?

Tennis courts seem to be the popular place for snapshots to be taken. Gee, but I'll bet the one of Mary E. and Georgie Porgie is cute—at least it should be.

The whole band was shocked when they had to play "Hillsboro" and "McGehee" in church, but there was nothing left to play and they couldn't stop.

G. R. C. boys are fairly nice subjects. At least certainly five "guys," eh, Claudie?

Who are the last few people in the hall daily?—Bill and Mary? And—Faye, Dot, Norma and Adele form a fairly gossip ring.

Please tell us, Ginny, what is so interesting in a letter. Oh pardon me, it's not the letter, but the writer of the letter. Who is he?

The Baumann brothers, or twins, make quite good tennis partners. It seems they make their opponents think they're seeing double.

Speaking of the twins, Rozzie said she was going to draw straws to see which would be it!

You shouldn't fuss about your mother and dad's dancing. Don't you imagine they have more fun than you do? I think so.

Incidentally, the elder group of dancers wanted their sons and daughters to teach them how to dance, but before long, the sons and daughters will be wanting their Pa's and Ma's to teach them.

Everyone seems to have a tennis craze lately. At least, enough did that you had to wait all afternoon, Sunday, in order to play one game.

Poor people! Ginny, Rozzie, Jim Ad, Priss and Zella's nerves were getting on edge, Monday afternoon. Reason: They were waiting to give their book report for P. T. A.

Georgie, why do you primp everytime someone says "Sweetheart"? Are you used to the name or something?

It's terrible to write gossip. If you don't believe me just ask the Senses editors.

When you get angry don't you usually pull your own hair, do you, Sug?

A little advice! When a certain sophomore girl gets "out-of-hand" call Joy. She's just an old hand at it.

Poetry—Coach's inspiration gave Billy a wonderful idea. But the trouble was, it wasn't the right kind!

Pt. Worth is a wonderful place, isn't it, Sug? And it seems even more wonderful when you want to go there and can't.

Mervin, what did you mean when you told Bud, "Our girl hasn't come." She finally showed up—alone!

Ethel, Sug and Joy get the wrong impression mixed up. If you think this is puzzling, ask them for the answer.

Joy, do you think much of your bud, John? You'd better put tape on his mouth, if you do. I can see where Roy gets his meanness.

What time do you get up, Jesse? You usually stroll in about 9:30. Shame on you!

Helen, is Jean beating your time? Or are you satisfied?

### Ten Seniors, Juniors Compete March 27 In Declamation Contest

Declamation contests will be held on March 27. The Juniors, students under 14 years of age, will say poetry. Seniors, pupils over 14 years of age, will say prose.

Those saying poetry are Charles McDonald saying "Lincoln, the

### Ora Louise Cox Is Prominent Sophomore At S. M. U., Dallas

ORA LOUISE COX

Ora Louise Cox, valedictorian of the 1938-39 graduating class of the Ozona High School, is attending S. M. U. at Dallas as a sophomore this year.

Miss Cox is working toward a Bachelor of Music degree. Though majoring in piano, she also takes theory, ear-training, English, and French.

Kappa Kappa Gamma is the sorority that Ora Louise has pledged. She received both this and last year the scholarship award as the most outstanding member.

The Intra-mural program takes up much of Miss Cox's time; her choice of sports is soccer-ball.

Early in the fall Miss Cox was presented in a music recital and will be presented in another during this term.

An honorary sorority, "The Swastiki," is another sorority to which Ora Louise belongs. To promote friendship and co-operation among the women students is the main purpose of this sorority.

She modestly gives the credit for her success so far as her college work is concerned to the foundation she received in Ozona High School, but those who know her well realize that her personal ability and effort have meant a great deal toward her success.

In addition to her club and sorority work, Ora besides has had time to make the honor roll scholastically.

### Four Blankets Are Awards in Wool and Mohair essay Contest

It was announced to the students of the Ozona High School last week they were eligible to enter the contest sponsored by The Women's Auxiliary of the Texas Sheep and Goat Raisers Association. The sponsors offer a pure woolen blanket for the best essay written on "Wool and Mohair" by a Future Farmer of America. A similar blanket is to be awarded to the Future Home Maker, who writes the best essay on the same subject. A third blanket is to be awarded the best essay written by a 4-H Club boy, over 10 years and under 20 years of age.

The fourth blanket is to be given to the best essay written by a 4-H Club girl.

The heads of this contest are Mrs. J. T. Johnston of Watervally and Mrs. C. T. Holecamp of Junction. These sponsors intend that the contest be educational to the young Texans who enter.

Mrs. Victor Pierce of Ozona has offered special prizes to the winning essays here. These are to be fleeces of wool from fine bred sheep.

The contest is to be over on March 20th, and we wish all who enter "good luck."

Man of the People—by Edwin Markham; Louise Bean, "Abraham Lincoln Walks at Midnight"—by Vachel Lindsay; Nita Hays, "Life's Scars" by Ella Wheeler Wilcox; Tom Ed Montgomery, "Worth While"—author unknown; Leroy Barto, "Solitude"—by Ella Wheeler Wilcox; Calvin Williams "Opportunity"—author unknown.

Those saying prose are Claudie Everett, "Christopher Columbus"—by Frank L. Mott; Ailene Cooke, "Dave Crockett and Freedom"—by J. Frank Davis; Melba Cullins "The Traitor's Deathbed"—by George Lippard and George Armentrout, "What We Are About to Defend"—by Pare Lorentz.

### Lovelace Gets Picture Of Volleyball and Basketball Groups

The pictures of the Volleyball and basketball boys and girls were taken Monday afternoon in the auditorium by Mr. Boyd Lovelace.

Those present for the Volleyball pictures were as follows: Lila Lee Cooke, Mary Elizabeth Gray, Joy Coates, Florence Luther, Ethel Mayes, Vera McCaleb, Lottie Jo Owens, Mary Louise Perner, Rozelle Pharr, Zella Lee Thurman, Gem Ella Dudley, Sybil Luther, Helen Mayes and Virginia Hayes.

After these pictures were taken in a group, the boys' basketball pictures were taken. Present were the following: Tom Ed Montgomery, Roy Coates, L. B. Cox, III, Charles McDonald, Mervin McLaughlin, Bland Tandy, Bill Carson, Billy Hannah, Stanley Lemmons, Byron Williams, George Armentrout, Bill "Shorty" Colquitt, Bobby Lemmons and Vernon Wilson. These pictures of the boys and girls were taken in their club suits for the Ozona High School Annual.

### Junior Historical Club Hears Talk on Wild Life Mar. 11

The Junior Historical Club met Tuesday, March 11, in the history room. The members of the club enjoyed a talk on "The Wild Life of Texas" by Boyd W. Lovelace. Mr. Lovelace started with the wild life along the gulf and in south-east Texas and came on up into the panhandle. He talked mostly on birds and the smaller animals; however, he touched briefly on certain families of cats, which include the panther and many other cats. After this very interesting talk, there was a brief business meeting. A trip to Mr. Ted White's ranch and another to Howard Well was discussed. After this the meeting was adjourned.

Those present were George B.

### Seniors Plan Trip Through Carlsbad Caves

#### Date Probably April 5 Denham, Caruthers To Accompany

The Seniors have chosen to make a trip through Carlsbad Caverns and then to El Paso and Juarez for their annual trip this year.

The Seniors, accompanied by Mr. Denham and Mr. Caruthers, will leave Ozona on a Thursday evening, probably April 5. They plan to arrive in Carlsbad the same night.

On Friday morning, they will tour Carlsbad Caverns and go to El Paso on Friday night. They plan to spend the night in El Paso, and see a great deal of the town on Saturday morning.

A trip to Juarez is planned for Saturday night. The boys and girls will eat supper in a Mexican cafe and enjoy a typical Mexican floor-show.

After returning from Juarez, the Seniors will come on to Ozona that night.

The trip will cost each Senior approximately \$12.00. As far as can be determined, every Senior plans to go. A definite date has not been set for the trip, but it is expected to be scheduled for about April 5.

Armentrout, Frances Bean, Bertie Sue Brownriggs, Dorothy Capps, Bill Carson, Shorty Colquitt, Eddy Cooke, Lila Lee Cooke, L. B. Cox, Claudie Everett, Billy Hannah, Virginia Hays, Adele Keeton, Bobby Lemmons, Stanley Lemmons, Norma Lovelace, Faye Lucas, Billy Laxson, Georgia Senne, Burl Sparks, Wayne West, Byron Williams, Calvin Williams, Charles McDonald, Zella Thurman, Mildred Nethery, Mr. Sikes, and Mr. Lovelace.

## SENSES OWENS-MAYES

Seen: Helen and John and Jean together again Sunday night, only Jean said that she had to go with someone else. Jean, was it all that bad?

Pris, Mary and Margaret taking pictures Sat. They took some very romantic ones, such as Mary E. and Georgie together, etc.

The Ozona boys playing some very good tennis against the Sonora boys. Congratulations, boys! Joy leaning on George's shoulder. No, it wasn't her head; it was her elbow. Mary E., don't get excited.

Adele trying to get someone's name off her ruler. Mr. Adele, it wasn't that important was it—was it?

Heard: Zella said that her throat was stopped up. Sounds bad, Zella. Anyway you gave a master book review.

Dorothy got a long distance phone call. It couldn't have been from Kent, or could it?

Bland, L. B., and Mervin weren't out at 12:30 Sat. night for nothing. Sounds bad, boys.

Coach asking Gem Ella if she had any second hand things to give him. Don't be so stingy, Gem Ella.

Since Tom Ed got his new horn, Nita has to be second choice.

That Margaret is beating Gem Ella's time with Pat. I wonder.

Bland is courting Mildred now, and Roy is writing her notes.

Some Juniors are in their second childhood. They were swapping Sunday. It couldn't be Faye, Norma and Adele.

A certain boy keeps insisting that Faye is too young for him. That Jesse was up until 5 o'clock Monday morning. You keep early hours, Jesse.

That Gem Ella saw Coach's baby for the first time Sunday night. She had a special invitation from Coach's little bud.

That several girls went on a moonlight picnic last Sat. night. Did you have fun, girls? Rumors say that you did.

Felt: Very sore. Too much tennis is bad on you isn't it, Adele?

# 1941 Auto License Plates

Must Be On Your Car By April 1

New automobile and truck plates are now on sale, and this reminder is for the purpose of helping you avoid difficulty by securing yours in advance of the date on which the law says they must be in place on your car

### CERTIFICATE OF OWNERSHIP NECESSARY

Sufficient proof of ownership is required for registration of your car. If there is possibility of doubt, bring your certificate of ownership. Fees remain the same as in previous years.

### Grading of Mohair Proves Profitable For Texas Growers

COLLEGE STATION.—Mohair grading in Texas, began with the autumn clip of 1939 at the instance of many Angora goat raisers who desired to have their staple sold on merit, is making rapid strides, says W. R. Nisbet, Extension Service animal husbandman for Texas A. and M. College.

Several warehousemen have cooperated with growers in setting up proper grades, or standards, of quality and approximately 500,000 pounds of the 1940 fall clip were sold on a graded basis. Grading was done at Bandera, Eden, Fort Worth, Menard, Sabinal, San Marcos and Sonora.

Sales of graded hair varied from a low of 35 cents to a high of 82 cents this season, Nisbet says. Two grades of kid and four of grown hair were made.

The sheep and goat specialist points out that though the sale of graded mohair growers can obtain concrete information regarding the quality and type desired by the mills or other users of their product.

"That is especially important at present when synthetic fibers are being substituted for both wool and mohair to an alarming extent. Conforming to the desire of the mills in the kind of mohair they consume the growers would in a large measure counteract the forces which encourage the use of substitutes."

The cost of grading is not prohibitive, Nesbit says, and though three seasons it has proved profitable to producers of the better quality of mohair who have participated. Definite arrangements are being made to continue the grading and growers who are interested should contact their warehousemen regarding such plans.

B. M. Halbert, Jr., of Sonora is chairman of the group of goat raisers and warehousemen sponsoring the grading program. A representative of the United States Department of Agriculture, and J. M. Jones and S. P. Davis of the Texas Agricultural Experiment Station and Nisbet also are associated with it.

"John, dear," she whispered, "I hardly know how to tell you, but soon—soon there will be a third sharing our little love nest."

"My darling," he cried, "are you sure?"

"Positive," she replied. "I had a letter from Mother saying she's coming to live with us."

Men who have become 21 years of age since October 16, 1940, are not required to register for Selective Service training unless or until another registration day is proclaimed by the President. Nevertheless they may volunteer.

This announcement was made today by General J. Watt Page, State Director of Selective Service, because of the numerous inquiries being received at State Headquarters and by local boards.

General Page pointed out that the President's proclamation specifically designated October 16, 1940, as the date for the "first registration under the Selective Training and Service Act of 1940," and that the Act provides for subsequent registration only at the call of the President. Likewise the Act and proclamation were specific in limiting the first registration on October 16, 1940, to men between the ages of 21 and 36 years on that date.

"The law is clear, therefore," he said, "that any man who was not 21 years of age on October 16, 1940, will not be required to register until the President calls for another registration. However, any male citizens or declarant alien between the ages of 18 and 36 years may volunteer for Selective Service training, unless he is a registrant who has received his order

for each of those interpretations; but which is the right one? Did circumstances in this case get entirely out of Houston's control and bring about annexation in spite of him? Did the old Cherokee chief-tain rise to a master-stroke of diplomatic subtlety? Is there yet another possibility? Or will it forever remain a mystery?"

\*\*\*

100 YEARS AGO IN TEXAS

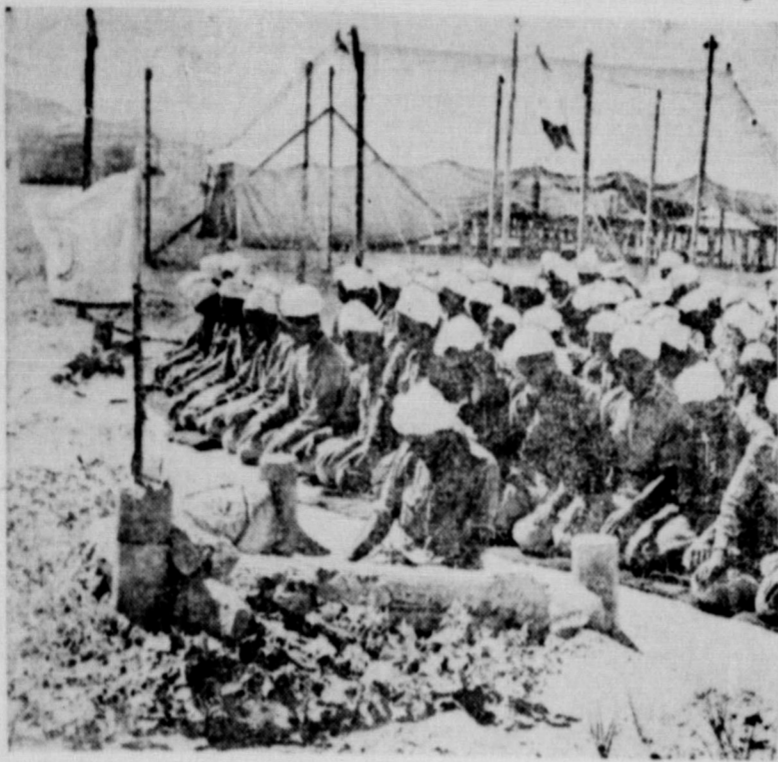

"The weather is just like cards and women, for you have only to praise either a little, in the fullness of your heart, if you want to break the thing up in a row. Tuesday was warm enough to melt your hair or finger nails, and now here it is snowing away like all creation. But everything is right, no doubt, and all that we fear, is, that when it turns warm again, the big and little plants will feel so glad, that they will all overgrow themselves."

"Three companies of mounted volunteers, under the command of Captains M. E. Lewis, Thomas Greens, and . . . Bugg, will leave

to report for induction."

On the other hand, Director Page pointed out, a registrant who has passed the age of 36 years since October 16, 1940, remains liable for Selective Service training.

### Facing Mecca From Desert Prison Camp

Senussi Tribesmen from Italian Libya are shown making their prayerful bow towards Mecca at sundown, somewhere in Egypt. They are prisoners of war in a British prison camp. Their spiritual leader, Sayed Idris El Senus, was visiting the camp when the photo was taken. Sayed fled from Libya into Egypt at the outbreak of the war, and is now aiding the British.

### Men 21 Since First Registration Are Not Required to Register

### Side Glances---

Austin about the 20th inst. on an expedition against the Comanches. They will proceed up the Colorado, and scout the whole of that interesting region which lies above the mountains, and reaches toward the Red River. It is thought that this will be a profitable operation, as the Comanches have recently made an incur-

sion into Mexico, beyond the Rio Grande, and taken off ten thousand head of cattle, horses and mules, besides a vast amount of Mexican goods. There is no doubt about the Indians being badly beaten, if found; and it matters not how high they may go up the country, they will be per-

severing and brave, but the tallest young man in Texas.

"We have received an extensive supply of assorted fancy and ornamental type. Elegant jobs of printing, can now be had on application at the Sentinel office—immediately, if not sooner."—The Texas Sentinel (Austin), March 11, 1841.

## A MAN'S MEASURE OF HAPPINESS...

GIVE HIM A FULL MEASURE OF HAPPINESS

Switch Today to Admiration

Just because your man may not take matters in hand and insist on making the coffee himself, don't think he doesn't know and appreciate good coffee. No man enjoys gagging on poor coffee . . . every man thrills to the rich and zestful flavor of Admiration! So . . . the next time, serve Admiration, and just watch the smiles of satisfaction and happiness appear.

You can't fail with Admiration:  
(1) Secret blend of rare coffees makes every cup of Admiration taste richer!  
(2) Scientific thermo-roasting insures uniform and delicious flavor at every serving.  
(3) Three scientifically correct grinds—for pot, drip, or vacuum coffee maker. With the grind tailored to fit the method, perfect coffee is assured every time!

If it's happiness you want, Admiration's the coffee for you!

**Admiration Coffee**  
HAPPINESS IN EVERY CUP

### JOIN THE ADMIRATION HAPPINESS CLUB

- 13 Big Weekly Contests and a Grand Prize Contest
- 503 PRIZES EACH WEEK**
- 1st Prize . . . . . \$100.00 Happiness Certificate  
2nd Prize . . . . . 50.00 Happiness Certificate  
3rd Prize . . . . . 25.00 Happiness Certificate  
500 Prizes . . . . . 1-Pound Admiration Coffee
- THREE GRAND PRIZES**
- 1st Grand Prize . . . \$1000.00 Happiness Certificate  
2nd Grand Prize . . . 500.00 Happiness Certificate  
3rd Grand Prize . . . 250.00 Happiness Certificate

Everybody has a happiness story . . . you have a happiness story, so join the Admiration Happiness Club now and share in the happiness prize awards.

HERE'S ALL YOU DO:

Just write your happiest moment (in fifty words or less) to the Admiration Happiness Club. Your happiness story doesn't have to be fancy or dramatic . . . just a few lines in your own words will do. For example, your happiest moment may have been in: your romance, your wedding, the baby's first word, an achievement . . . just any of a thousand happy memories. It's easy . . . just think of your happy moments—*for one down—and join the Admiration Happiness Club today. It may win as much as \$1100.00 in Happiness Certificates for you!*

#### RULES:

- Simply complete this sentence, "My happiest moment was . . ." in fifty additional words or less. Write on one side of a sheet of paper. Print plainly your name and address . . . you may use a "Happiness Club Membership Blank" if you wish.
- Mail to Admiration Happiness Club, Box 2079, Houston, Texas. You can enter these contests as often as you like, but each entry must be accompanied by a coupon from Admiration Coffee (or facsimile).
- Prizes in all contests will be awarded in "Happiness Certificates" which will be redeemed at full face value for any purchases at any local store. Grand Prize winners will be selected from the first prize winners in the thirteen weekly contests.
- There will be thirteen weekly contests, each with a separate list of prizes. Entries will be entered in each week's contest as received. Entries for final week's contest must be postmarked before midnight, May 17.
- Decision of the judges will be final. No entries returned. Entries become the property of the Duncan Coffee Company. All winners will be notified by mail.
- Entries are eligible from any place where Admiration Coffee is sold and contest is subject to Federal, State, and local regulations. Anyone may enter except employees of the Duncan Coffee Company, their advertising agency, and their families.

Mr. and Mrs. Roy Henderson have returned from Roswell, N. M., where they spent several days visiting Roy, Jr., a student at N. M. M. I. in Roswell. They came by way of Alpine and brought from there little Joan Wilson, daughter of Mr. and Mrs. Anja Wilson, who is visiting her grandparents, Mr. and Mrs. Paul Perner.

### Variety Program Is Promised When H-SU Cowgirl Band Comes

The Hardin-Simmons University Cowgirl Band, sister organization to the world-famous Cowboy Band, will appear in concert in the High School auditorium here Tuesday at 11 o'clock, sponsored by the high school band, and Cyril Pingleton, director and former H-SU Band member.

Under the direction of Herbert M. Preston, the all-girl unit will present a novel concert, featuring semi-classical and popular music, during their annual spring tour, to include 16 West Texas cities.

One of the newer organizations of the Abilene institution, the band presents a colorful picture in gold and purple uniforms, white stockings, and cowboy boots.

Featured with the band are Virginia Sheridan, talented harpist, and president of the organization, Lucille Powers, marimba artist, and the Fiddlers Three, with Betty McIntosh, Saretta Morrow, and Alma Jane Paige.

Arranged by Harry Mayes, band manager, the tour will also include Eldorado, Barnhart, Big Lake and McCamey.

Admission charges will be five (5) cents for children of the kindergarten and first four grades, 10 cents for junior high students, 15 cents for high school students and 35 cents for adults. All receipts over the \$20 guarantee to the orchestra will go into the band fund.

### EXPERT ON COFFEE

Not only is H. M. Duncan, pictured above, president and founder of the Duncan Coffee Co. of Houston, but is also recognized as one of the world's foremost experts on coffee flavor. From the dictates of his palate have come the formulae that have placed Admiration coffee and tea among the leading brands of the southwest.

### School Faculty--

(Continued from Page One)

and W. E. McCook, Miss Rebecca Anderson, public school music teacher, now on leave of absence because of illness, is re-elected conditioned on her recovery as of the first of May. Miss Ruth Stuart is substituting in that position until the end of the present term.

Purchase of a new piano for the high school auditorium was authorized by the board and a maximum allowance of \$750 and the present piano for such purchase. A committee of five local women was named by the board to assist in the selection of a piano suitable for the purpose. The committee is composed of Mrs. Neal Hannah, chairman; Mrs. Stephen Perner, president of the Parent-Teacher Assn.; Miss Ruth Graydon, music teacher; Mrs. S. M. Harvick, past president of the Ozona Music Club; and Mrs. Hillery Phillips, president of the club. It is hoped that the instrument can be secured in time for spring recitals and closing of school exercises.

The board also voted to purchase a new power lawn mower for the school grounds and athletic field and to place additional soil at the football field for leveling and around the Mexican school building for drainage.

Al Nimmo, associated with Pascal Northcutt in operation of the Smith Drug Co. here, left Saturday for Wichita Falls to be at the bedside of his father who is reported critically ill in a hospital in that city.

### Baptist Brotherhood Divides Into Groups For Member Contest

The Men's Brotherhood of the First Baptist Church met in regular semi-monthly meeting Tuesday evening with 16 men present. During the business hour the men voted to start a membership contest and divided into two groups with Griffin Miller and Coach Dan Patterson as captains. The contest will run for two months and the losing side will entertain with an old-fashioned barbecue. All men of the town are invited to participate in this contest by joining one of these two groups.

The program for the evening consisted of an informal discussion concerning the blessings received by each man in the recent revival.

Those present for the meeting were: Dan Patterson, Joe Keeton, Ira Carson, M. E. Corbell, Mark Corbell, Claude Hill, Ted Doggett, Roy Keith, A. C. Hoover, Leslie Nance, Ben Williams, B. T. Ross, Griffin Miller, Leo Baucum, Clyde Childers, Dr. John Sherburne.

### 28 MEMBERS--

(Continued from Page One)

manager for the West Texas Utilities Co., secretary, and Tom Harris, manager of the Foxworth Galbraith Lumber Co. here, as treasurer. Directors named included W. E. Baggett, T. A. Kincaid, Jr., and Wayne West.

Five members of the San Angelo Rotary were here Saturday night to further assist in launching the local club. A group of 15 men from the San Angelo club met with a group of local citizens earlier in the week when the subject of organization of a Rotary club here was submitted. At each of these meetings, the visiting members gave detailed summaries of the aims and purposes of Rotary and highlighted the plan of organization and service of such a group. In the party returning here Saturday night were President Hobart McDowell of the San Angelo club, Otto Taylor, Lloyd Witter, A. K. Mackey and Dick Wagner.

The Ozona club will emerge from its provisional status to a full-fledged Rotary club when the club's charter is presented by District Governor George Gilliam of Corpus Christi. This event, which is to be a ladies night affair, is expected to be held in about two weeks. Rotary members from all parts of Texas are expected to be here, estimates having placed the expected number of visitors at nearly 250 for the occasion.

At the initial meeting of the provisional club Tuesday noon, Vice President Scott Peters presided in the absence of the president, Victor Pierce, who was out of the city on business. The program of the day devoted to a group of questions and answers on Rotary, with W. R. Cabaness directing the program. Impromptu discussions on various phases of the club's plans and ambitions followed.

Charter membership in the club is to be held open temporarily so that any other person interested in membership may have opportunity to join before the charter roll is completed. Membership is limited to one from each classification, with one additional active member from each business firm represented.

The roll of charter members in Ozona's new club is as follows: W. R. Cabaness, Eugene Slater, Madden Read, Scott Peters, Hubert Baker, Neal Hannah, Dan Patterson, Ben Williams, Claude Denham, Tom Harris, N. W. Graham, C. J. Van Zandt, Al Fields, Dr. H. B. Tandy, Evert White, Joe North, M. Johnson, Cleophus Cooke, Lee Wilson, Dr. G. L. Nesrsta, Frank James, C. C. Luther, Judge Montgomery, Guinn Caruthers, Victor Pierce, T. A. Kincaid, Jr., Wayne West and Will Baggett.

### Plateau Pot Pourri--

(Continued from Page One)

campus... the wind whipped up a shower... Baggett and his friend bagged 83 animals with clubs as the rabbits stood on their hind legs and rubbed the mud out of their eyes with their front paws—ouch!

I can't help but be perplexed over the policy to be taken in sending over foodstuff from this nation of plenty to the poor and stricken countries of Europe now occupied by the Nazi war machine. There is a lot to be said pro and con. The plight of the starving young and old definitely appeals to one's humanitarian spirit. But yet, Britain's most powerful weapon of the war is an effective economic blockade. And too, there is sound logic in the contention that for food supplies to reach German occupied lands of the neutrals means that Nazi larders will be replenished and that the war will be prolonged.

ed with the conquered people not driven to revolt and rebellion against Hitler's iron rule by sheer desperation and dire necessity... very debatable!

There still must be truth in the old saying, "March comes in like a lamb and goes out like a lion." The winter's coldest and most disagreeable weather has hit us this month. Pity the new-born lambs and the shorn goats in this week's cold and sleet... what price shelter!

And ye old weather prophet predicts rain for this Sunday, March 23rd. Why certainly, the circus will be in town. Did you ever see it fall—rain on circus day. But, what fun! The big tent takes oldsters back to younger days and the kids howl with delight at the antics of the clown and marvel at the wild animals. And there will be plenty of peanuts, popcorn and pink lemonade for everybody... I'll be seeing you, folks... at the entrance!

### Livestock Loss--

(Continued from Page One)

turned into sleet which fell practically throughout the night, Ozona residents arising Tuesday morning to find a coating of fine sleet that resembled snow.

A few ranchmen in the divide country to the north of Ozona had started lambing and it was the general opinion that lambs born during the period of the freeze were sure to have been on the casualty list. Some reports of losses among goats, some of them shorn as much as a month ago, were reported. Lambing is in full swing in much of the country in the immediate vicinity of Ozona and some losses were expected among these flocks.

But there was one silver lining to the dark cloud. It was the need and always appreciated moisture which will go far toward compensating for any losses by producing luxuriant green feed on the range, thus favoring that all-important "good start" for this year's lamb crop, confidently looked upon by livestock men in this section as the greatest money-making crop since the days of the balmy twenties.

The rainfall, and sleet combined, amounted to an even inch of moisture in Ozona, with falls varying in different sections of the county. To the east of Ozona, Madden Read reported two inches of rain in that sector, while on the western edge of the county, the fall was reported light, consisting of a day-long drizzle which was estimated from a quarter to a half inch. Ranchers to the south of Ozona reported the fall at about an inch.

Remember the Good Old Days when the only thing in the newspapers was crime news?

## Cooking Expert Brings Story Of Kitchen Economy

### Entertaining Program Planned For Each Day's Class

The Stockman is bringing to you a helpful, entertaining Cooking School, so that you may enjoy more fully the many hours spent in the most important room in your home, namely, the kitchen.

Every day that passes we see the women of our town spending the major part of their time in the kitchen. To some this task comes under the head of toil. To others it comes under the classification of duty. And to many,

MRS. CORA WILSON

these hours in the kitchen form the most pleasant part of the day. So that more women will know the labor saving steps that can be taken in the kitchen; so that more women will learn the tricks that save time in preparing a meal; we are bringing to you the famous Southern master of kitchen artistry, Mrs. Cora Wilson.

In this series of entertaining lectures, she will present helpful hints that will enable you women to lessen your kitchen work. If only a part of these tips are followed, every woman in our community will enjoy the work in the home's most important room, the kitchen.

There will be a wealth of knowledge imparted to you which directly concerns your home management. New ideas in budgeting your food bills, new recipes to tone up jaded appetites, new economy cuts on marketing and planning, new scientific discoveries of vitamins in various foods, and new ways to balance the menu in your home.

Plan now to witness these actual cooking demonstrations which attest the importance of your home's most important room, the kitchen. . . . The admission is free. . . . The entertainment is boundless. . . . The dates for you to remember are Monday and Tuesday, March 24 and 25 at 2:30 p. m. in the basement of the Methodist Church.

## Underground Vault At Ft. Knox Holds Half World's Gold

WASHINGTON — The bomb-proof treasury vaults at Fort Knox, Ky., now hold \$14,579,387.220 worth of gold—about half the monetary gold in the world.

This was revealed by the Treasury after completing the movement of \$9,055,884,651 of the metal from New York to Fort Knox by "registered mail." Movement of the metal started last July.

Weighing about 9,000 tons, the "mail" was shipped with unprecedented secrecy aboard 45 special trains, guarded by hordes of postal inspectors, secret service agents, and Army units. The postage was about \$1,800,000.

Altogether the Treasury owns more than three-quarters of the monetary gold in the world. The remainder of its 22,200,000,000 total gold holdings is scattered between New York, Philadelphia, Denver and San Francisco.

The latest addition to the San Antonio zoo is a wolverine, carnivorous animal, trapped in Alaska, and believed to be the only wolverine in a Southern zoo. George Calvert, big game hunter of Fort Worth, who killed a wolverine while hunting in Alaska last year, says they are the most ferocious of all wild animals.

Hotpoint ELECTRIC RANGE With Measured Heat

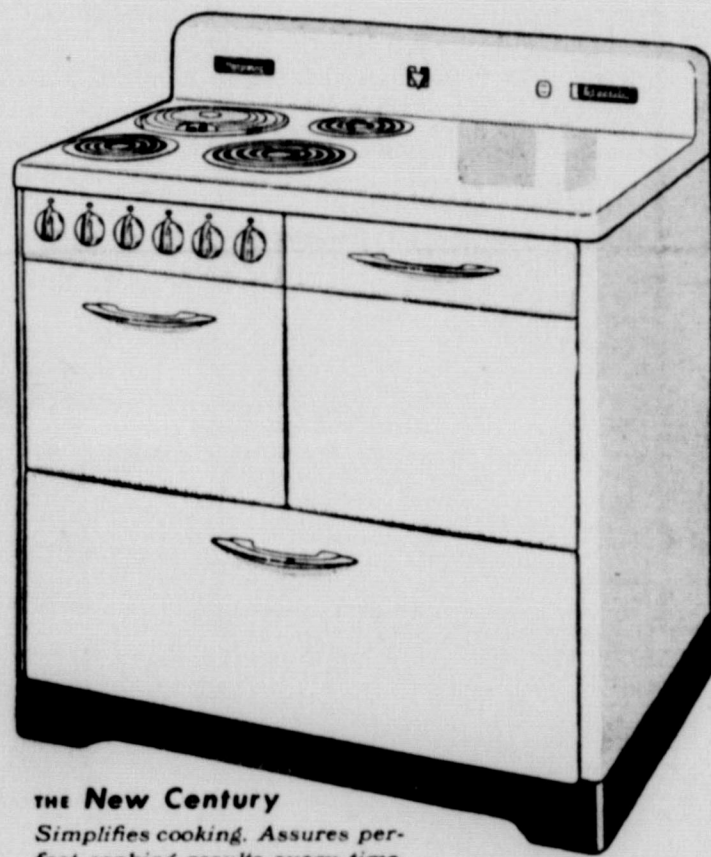

Selected for use at the

FREE COOKING SCHOOL

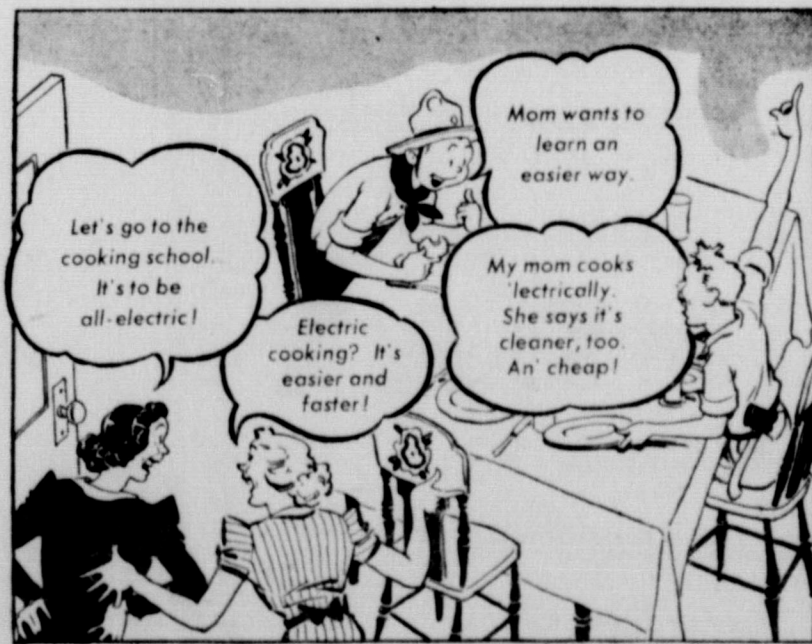

"Electric Cooking means I do all the work" — Reddy Kilowatt

Small Down Payment! Liberal Trade-In Allowance On Your Old Stove!

THE New Century Simplifies cooking. Assures perfect cooking results every time.

"I recommend Electric Cooking" — Says Mrs. Cora Wilson

Yes, experts today are saying: "Use electric cookery by all means!" You see they know it doesn't take an expert to be an expert cook with an electric range. It's the easiest way ever devised. And the cleanest! And the coolest!

Special low electric rates make it cheap, too. Electric cooking rates will earn you greater

economy in ALL household usage.

See electric cooking demonstrated at the cooking school. Then let our salesman explain the easy payment plan and the liberal trade-in allowance on your old stove.

Remember that the truly modern way to cook is the electric way!

West Texas Utilities Company

**Founder of Duncan Coffee Is Pioneer Of Correct Blend**

In the laboratory of the Duncan Coffee Company at Houston, Texas, a pleasant-featured, middle-aged man sits at a round table and sips coffee. The laboratory is a practical miniature of a coffee roasting plant, and from its small, fragrant ovens, grinders, and makers come cups of brewed samples from every coffee producing region on the globe.

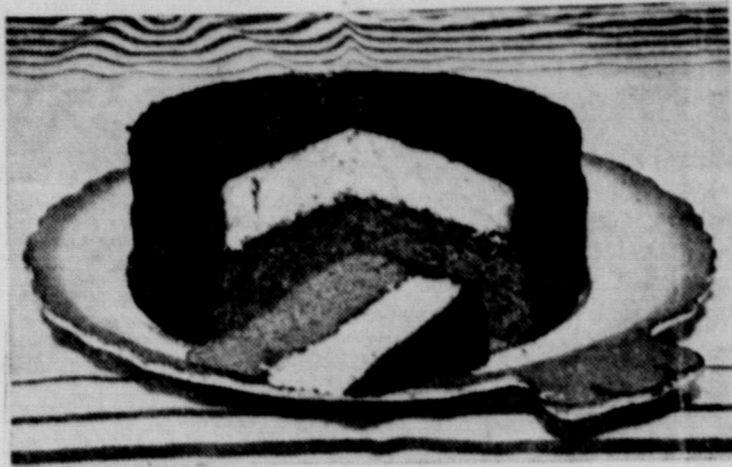

The man is Herschel M. Duncan, president and founder of the company, who is recognized by the trade as being one of the world's foremost experts. From the dictates of his palate have come the formulae that have placed Admiration coffee and tea among the leading brands in the Southwest.

Millions of pounds of these coffees are blended and roasted annually in the Corpus Christi and the two Houston factories of the company, and the Duncan enterprise supports a labor roster of approximately 400 employees with an annual payroll of \$650,000. While the bulk of production is consumed by Texas coffee drinkers, an appreciable amount is also marketed in the remainder of the Southwest and in the South. A tribute to the quality of Admiration Coffee is the fact that it is served exclusively in the House of Representatives and the Senate at the National Capitol.

The first coffee roaster by the Duncan Coffee Company was the famous Admiration blend. The Cup of Southern Hospitality. So pleasing and successful was this original blend of expensive coffee that after 23 years this same blend is hailed as one of the world's finest coffees.

Always a step ahead in pioneer-

**K C TWO-TONE CAKE TO BE FEATURED IN COOKING SCHOOL**

1/2 cup butter  
1 1/2 cups sugar  
4 egg yolks  
3 cups flour  
3 teaspoons K C Baking Powder

1/4 teaspoon salt  
1 cup milk  
1 teaspoon vanilla  
2 squares of unsweetened chocolate  
4 egg whites

**METHOD:** Sift together five times, the flour, baking powder and salt. Cream butter, add sugar slowly, add egg yolks carefully beaten, then milk and flour alternately. Divide in two parts.

To part 1 add 2 egg whites,

beaten stiff. To part 2, add chocolate (melt over hot water, not boiling). Let cool, then fold in the whites of two eggs beaten stiff.

Bake in separate pans at 345 to 375 degrees, 20 to 30 minutes.

ing coffee roasting and packing improvements, the Duncan Coffee Company was the first in offering coffee lovers of the Southwest such refinements as tailor-made grinds. In order to insure the goodness of Admiration Coffee in all types of coffee-makers, the Duncan Coffee Company spent thousands and thousands of dollars in research and experimentation, seeking to determine the grind best suited for each coffee-making method. In 1932, the Duncan Coffee Company startled the coffee industry in announcing the creation of the patented Dripkut. This distinctive grind met with much immediate response all over the Southwest that soon other companies attempted to market a similar grind. Then, just seven years later in 1939, the Duncan Coffee Company again matched the progress made by manufacturers of coffee making equipment when it announced the perfection of Glass-drip—the precision-cut coffee for aluminum and glass coffee-makers.

This grind today stands alone as the only perfect grind for glass coffee-makers available in the Southwest.

Thermo-roasting — a scientific method of heat application which roasts the bean thoroughly and evenly to bring out all the fine flavor of the superb Admiration blend . . . represents still another "first" for Duncan.

Dedicated to the purpose of offering the public the finest coffees and teas obtainable and determined to maintain its independence as

one of the Southwest's own industries, the Duncan Coffee Company proudly looks forward to the future.

**GIVES HOT CHECK FOR MARRIAGE FEE**

Justice of the Peace Burton A. Walker, of Palestine, was the victim of a hot check for \$2.50 that a man gave him as a marriage fee.

**K C Baking Powd. Is Celebrating 50th Anniversary**

The makers of K C Baking Powder, the brand featured in The Stockman cooking school, and a favorite in millions of homes, are observing the golden anniversary of that popular brand. Mrs. Cora Wilson who uses K C in her demonstrations, recommends that brand and offers the following suggestions for the proper use of baking powder to insure best results:

Use the amount of baking powder recommended on the can or in the recipe book issued by the manufacturer. Because of the high strength of K C Baking Powder which she is using in the cooking school, only one level teaspoonful should be used to a cup of well sifted flour for most recipes. This is equivalent to one heaping teaspoonful to a quart of flour.

Careful measurement is very necessary as using more or less than a recipe calls for will not produce best results.

Another secret of good baking is to be sure that the baking powder is thoroughly mixed with the flour and other ingredients. The more thoroughly the baking powder and flour are mixed before you add moisture, the better your results are likely to be. Sift three or four times.

For biscuits, make a smooth dough that can be handled without sticking, and bake in moderate oven. For cakes, have your oven slow to moderate at first, until the cake is fully risen; then increase heat so as to just brown lightly.

K C is manufactured by baking specialists who make nothing but

baking powder. It is always uniform in quality and can be relied upon to produce for you, the kind of baking you will be proud to serve.

Additional helpful information and a great many practical, tempt-

ing recipes will be found in the K C Cook's Book. You will receive a copy, postage paid, by mailing your request, with a slip taken from a can of K C Baking Powder, to Jaques Manufacturing Co., Chicago, Illinois.

**Consider Home Ownership . . . . It Pays Six Ways**

- 1 HAPPINESS**  
Life's happiest recollections are in the home.
- 2 HEALTH**  
Out in the fresh air with trees, gardens and unlimited sunshine lies the secret of health.
- 3 PRESTIGE**  
Prestige, both in the social and business world, is secured more rapidly if you own your own home.
- 4 INDEPENDENCE**  
The first step on the ladder of independence lies in home ownership. Freedom from rent is the beginning of independence.
- 5 ACHIEVEMENT**  
Owning your own home, in the eyes of the world, represents achievement and success.
- 6 SECURITY**  
Home ownership is a profitable investment. You gain all the increases in the valuation of your property and you are definitely a part of the community.

## Dinner For A Busy Day

Here's a dinner menu you can clip and save for serving on club-meeting day, or any day when you are going to be away from home until late afternoon, and don't want your fun spoiled by the thought of rushing home to get dinner ready on time. Most of this meal can be completed in the morning. The main dish, made in a deep-well cooker, or in a large kettle over low heat, doesn't need stirring or watching, and will cook while you are tidying up the house.

Tongue in Cranberry Sauce  
Potatoes in Jackets  
Buttered String Beans  
Rye Bread  
Grapefruit-Meringue Custard

Tea or Coffee

### Tongue in Cranberry Sauce

3 1/2 to 4 lbs. smoked tongue  
3 tsp. butter or margarine  
2 tsp. minced onion  
3 tsp. flour  
2 c. bouillon  
1 1/2 c. can. unstrained cranberry sauce  
1/4 c. seedless raisins

Place tongue in well cooker or covered kettle with cold water to cover, and simmer until tender—about 3 1/2 hours. Cool in liquid; then discard liquor. Remove skin and fat from the tongue; then slice it. Meanwhile, melt the butter in the top of a double boiler over direct heat; add onion, and cook until delicately brown. Stir in flour and blend; add beef bouillon; place over boiling water, and cook until thick, stirring frequently. Add cranberry sauce and raisins. Pour over tongue, and reheat to serve. Serves 6.

Cook the tongue in the morning, and cool it in the liquor. Make the sauce, and store it in the refrigerator. Just before dinner you can slice the tongue and heat it in the sauce. You can prepare the beans if you use market ones, and store them in your refrigerator. Don't forget, either, the canned or packaged quick-frozen string beans! The Grapefruit-Meringue Custard (recipe below) can be made early, too. About 30 min. before dinner, scrub the potatoes well, then pare off a strip about 1/2" wide around center of each, or simply prick with a fork. Boil in salted water, cover, for about 25 min. Remove skin or not as preferred; then place uncovered over low heat to dry out and make mealy. Serve melted butter or margarine over them.

### Grapefruit-Meringue Custard

1 1/2 c. bottled milk  
2 eggs  
1/2 tsp. vanilla extract  
1 No. 2 can grapefruit secs.  
4 tsp. flour  
1 1/2 c. granulated sugar  
1/4 tsp. salt

Drain grapefruit, reserving liquor for use in a fruit drink. Cut segments into small pieces. Combine the flour, 1 c. of sugar, and the salt in top of double boiler. Stir in the milk, to which the beaten egg yolks have been added. Cook in double boiler about 30 min., or until thick, stirring occasionally. Remove, and beat with a hand beater until smooth. Add drained grapefruit and vanilla, and pour into 6 custard cups. Beat egg whites until almost stiff; then add remaining 1/2 c. sugar gradually, while continuing to beat until stiff. Heap on top of custards, and bake in moderate oven of 325 F. for about 20 min., or until delicately browned. Serves 6. To serve 2 or 3, make 1/2 this recipe.

## Hints For The Housewife

There's a trick to making the kind of coffee that really warms and satisfies the inned man, a trick that any housewife can master. Too many of us make coffee carelessly, and the results are quite naturally mediocre. So here are some simple rules for making truly delicious coffee, rules that every woman should conscientiously follow.

Most important is that everything about your coffee be fresh. The pot itself should be scrubbed and scoured like new. The water should be cold and freshly drawn. And the coffee beans should have all their original flavor. It's not

enough to buy coffee in vacuum sealed container if you don't re-seal the container tightly after each using.

Good coffee requires two essentials: precise measurement of ingredients and fresh making.

Another way of giving your coffee a distinctive flavor, which will please your family and the guests that come to your home, is to try serving it with honey as a sweetener instead of sugar. Not only does it give the coffee an extra touch of goodness, but women like it because it is less fattening than any other sweet. You'll find that it dissolves quickly in the streaming coffee.

Soap is so scarce in Germany that the frauleins probably have to brush their teeth with activated charcoal.

Army officers testify Texas is costing more than they estimated. Moral: Never underestimate Texas.

### Chaplain List Items To Send to Soldiers

FORT ORD, Calif. — Chaplain W. V. Morgan of the 13th Engineers has prepared a six-point plan for enabling the "folks back home" to make their soldier boy in camp happy.

- The six suggestions are:
1. Mail is a big thing in the life of a young man in camp. He should receive a letter or two every week.
  2. Laundry is a difficult problem. Send a handkerchief or a pair of socks now and then.
  3. A little candy now and then is great. In oiled paper.
  4. A soldier cannot always get to a postoffice. Send a book of stamps.
  5. Send the home town paper.
  6. Resolve to send a little package every week. Send one thing at a time—tobacco, razor blades, camphor ice for chapped lips.

# HOUSEHOLD HINTS

By Mrs. Cora Wilson  
Conducting the Stockman Cooking School

To sweep rugs use wet tea leaves. Spread them evenly over the rug and then sweep it in the usual manner. This brightens the rug and raises very little dust.

When "washing," put a piece of lemon peel into the dish-pan. It will soften the water, remove all traces of the smell of fish, onions, and so on, and puts a gloss on china.

Table salt and cream of tartar, equal parts, will remove rust stains. Wet the spot and spread mixture on thickly, then place material in the sun.

Linen that has become yellow may be bleached snow white if soaked in butter-milk for a short time—rinse and hang in the sun.

The darkest egg stain may be removed from silver by taking a pinch of table salt between the thumb and finger and rubbing it on the spot with the end of the finger.

To remove the water mark which forms on the bathroom tumbler, fill it with sour milk or butter-milk and let it stand overnight.

If ink is spilled on a carpet, cover immediately with salt. Scoop it up as it soaks up the ink and repeat until it comes off clean. Put on more and leave overnight.

Grease the lip of the cream or milk pitcher with butter to prevent the drip.

When dripping water causes yellow stains in your porcelain basins, moisten pulverized chalk with ammonia and apply with a stiff brush.

To remove iodine stains from linens rub the stained area with a slice of lemon.

The whites of eggs will whip more readily if a pinch of salt is added to them. If eggs are placed in cold water for a time before being broken, they will whip easily.

### DOVE OR DOVES PUNCTUAL

For four consecutive years a dove has built its nest and reared young in a tree just outside the study window of Rev. F. L. Willshire of the First Methodist Church at De Leon, Texas. However, more unusual than that is the fact that the dove, or possibly it is an offspring of the dove nesting there the previous year, makes its appearance each spring on Sunday within a few minutes of the same time and builds a nest each season within a few inches of the same place in the tree.

Texas Game Department biologists believe, after preliminary study, that doves do return to the same vicinity to nest year after year. Too, doves hatched in one vicinity will often return there to nest the following year.

## Lion of Judah Leads Revolt

Somewhere in the Sudan, near the Ethiopian frontier, Haile Selassie, "Lion of Judah," ex-emperor of Abyssinia, inspects some of the troops with which he hopes to overthrow Italian rule and regain control of his empire. Already his revolting tribesmen have been credited with several successes against the Italians.

## R.A.F. Pays Call

A rare picture, passed by the German censors, showing some of the extensive damage caused by raiding planes of the RAF on the residential section of Wurtemberg, Germany.

## 30 Men Required To Keep One RAF War Pilot Aloft

LONDON—For every man who flies with Britain's Royal Air Force, between 30 to 40 men are enrolled to serve on the ground.

Aside from men who reload machine guns and fill bomb racks and gasoline tanks, the squadron needs men for ground radio communication, engine and air frame maintenance, armorers, parachute-packers, administrative officers, clerks, cooks and a score of other jobs.

A British fighter squadron has a rate of fire almost equivalent to an infantry brigade of three battalions, for each of its 16 Spitfires or Hurricane has eight machine guns firing at 1,200 rounds a minute as compared with nine infantry guns' 500 to 600 rounds a minute.

Even more of a ground staff is needed to keep up the heavy bombers.

A Whitley or a Wellington consumes between 80 and 90 gallons of fuel per hour and something like 700 gallons of gasoline must be loaded before a single bomber can start on a raid. An average load of one and one-half tons of bombs must be raised carefully into each plane's racks.

Flares must be installed, and signal rockets. Radio batteries must be fully charged and starting batteries prepared.

In Libya, where frequent sandstorms rage across the desert air dromes and in Greece, where snow and ice weigh down the planes as they stand on exposed fields, the ground staff have a difficult task. They must keep those machines in airworthy condition, ready to take off at a moment's alarm to face an attack.

### MILLION DRILLERS' "LOGS" ON FILE

The world's greatest storehouse of petroleum information is being assembled at the University of Texas in a library of the drillers' "logs" for every oil and water well in Texas. More than one million samples from 15,000 wells are now on file at the University, and are available for citizens of Texas to study.

### CLEANEST CITY

For the eleventh straight year Lubbock has won the trophy awarded by the National Cleanup Bureau, Washington, D. C., as the cleanest city in Texas.

### SHORTEST HIGHWAY IN U. S.

State Highway 219 is the shortest highway in the United States,

says the Highway Department. It is in Huntsville, two blocks long, and leads to the grave of Sam Houston.
