DIST. COURT TO CONVENE HERE MONDAY

Four Criminal Cases For Consideration Of Grand Jury

FEW CIVIL CASES

Two New Suits, Four Divorces May Be Up For Trial

Judge Joe G. Montague will convene the District Court April term here next Monday morning when he impanels the grand jury for investigation of law violations since the last term.

For the first two days of the term, following the usual custom, the court will be occupied with non-jury matters, including four divorce cases on the docket. The petit jury panel will be called to report Wednesday morning.

Four criminal charges are on the docket of the examining court for consideration of the grand jury. One murder charge, that against Emmett Ramos, charged with the fatal shooting of Paulina Longoria in the Mexican sector of Ozona, October 31, 1937, is among the pending investigations before the grand jury. Another charge of assault with intent to murder, against Answer (Crackshot) Whittaker, negro, will also receive the attention of the investigating body.

(Continued on last page.)

Truck Overturns, Mexican Suffers Serious Injuries

Estacio DeHoyas, Mexican ranch hand employed on the Roy Miller ranch, was seriously injured Monday afternoon when a truck in which he was riding overturned on the road south of Ozona near the El Hagelstein ranch.

Vick Gasso, driver of the truck, and employed on the Miller ranch, for several years, was less seriously hurt. DeHoyas had been employed for a few days extra work on the ranch.

The truck turned over when it struck soft dirt in the road, Gasso said. DeHoyas was thrown thru the windshield and suffered head injuries, and it was thought that he had possibly suffered internal injuries.

32 Additions To Baptist Church Through Revival

Unusual Interest Generated In Meet Conducted By Pastor

Thirty-two additions to membership of the Baptist Church resulted from the ten-day revival meeting conducted by the pastor, Rev. Clyde Childers. The meeting came to a close Sunday evening with baptismal services following the sermon.

Twenty-six of the additions were by conversion and six by letter and statement, the pastor reported. Fifteen were baptised Sunday evening. Baptismal services will be held again next Sunday evening.

As a token of their appreciation of his efforts in conducting one of the most interesting revivals the church has enjoyed in many years, the church membership presented Rev. and Mrs. Childers with gifts Saturday evening. Mrs. Childers was presented a 62-piece set of Community Plate silver in the new "Rendezvous" pattern, a pattern which has been out but fifteen days, and the set purchased here is one of only three sold so far in the United States. Rev. Childers was given a handsome fountain pen and pencil set, and a watch chain.

Famed Home Economist Coming Here

Mrs. Arreva D. French, well known expert on cooking and home management, will direct the Stockman's Free Cooking School in the basement of the Methodist Church Thursday and Friday afternoons of next week, starting at 2:30 o'clock. Every woman—and men too—in Ozona and vicinity is cordially invited to this free class in home management.

Plans Completed For Stockman's 4th Annual Cooking School To Be Held Next Thursday and Friday, April 7-8

Record Crowd Expected At Class Conducted By Mrs. French

Women of Ozona and vicinity will hear and learn about menus, marketing, budgeting, step-savers, recipes, baking, frying, labor-savers, vitamins and scores of other interesting things related to food when the Stockman's Annual Free Cooking School is held in the Methodist Church basement next Thursday and Friday afternoon, April 7 and 8, starting at 2:30 o'clock.

The Cooking School, a real gold mine of information for every housewife, is to be presented under the auspices of this newspaper, acting in cooperation with a number of national food concerns and local merchants who wish to provide this opportunity for the women to study under the direction of a nationally famous home economist.

The lecturer, Mrs. Arreva D. French, in addition to being thoroughly familiar with her subject, is one of the most interesting talkers ever presented on the platform in Ozona.

Everything in connection with the Cooking School is free. No admission is to be charged, and numerous free attractions have been provided, such as the daily distribution of valuable samples and

Louisiana Man Takes Position At Bank; Childress Resigns

Morris Talley of Shreveport, La., has been employed at the Ozona National Bank to fill the vacancy in the bank staff created by the resignation of Hugh Childress, Jr., who will leave the bank April 1, after having been employed in the local financial institution for the last twelve years.

Mr. Talley was employed until recently in a bank at Shreveport. Previously he had worked in a bank in Hope, Ark.

Mr. Childress resigned from the bank, where he held the position of assistant cashier, to devote his attention to his ranching interests. He ranches on the west bank of the Pecos River in Terrell County.

25 Silver Quarters Offered As Prize In Cake Baking Contest

Ladies Attending Cooking School Have Chance To Win Cash Award

How good are you at baking cakes?

If you are good, you may win 25 silver United States quarters, worth 25 cents each, or a total of \$6.25 in cash, for your effort in the art of cake baking.

This cash prize is to be awarded in a cake baking contest to be held in connection with the Stockman's free cooking school Thursday and Friday of next week. The prize, 25 silver quarters, is offered by the Interstate Cotton Oil Refining Co. of Sherman, manufacturers of Mrs. Tucker's Shortening.

The company is celebrating its 25th, or silver anniversary this year, and is offering this silver prize in observance of the occasion.

Cakes will be judged the second day of the cooking school. A committee of disinterested judges will be named to judge the cakes. Cakes entered in the contest will remain the property of the makers, unless they choose to donate them for auction at the school for some worthy organization or purpose of their own choosing, or they may be passed on to some friend in a drawing.

Rains Bring New Spurt To Range Grass And Weeds

Rains over the past week-end resulted in much benefit to ranges of Crockett County and surrounding areas.

The fall was light throughout this section, but with the splendid seasoning already in the ground will serve to give new life to the already flourishing grass and weeds on range lands. The fall here was slightly under a half inch for the period.

Miss Dixie Davidson and Mrs. L. D. Mercer are visiting relatives and friends in Houston and in Louisiana.

Dramatic Success Scored By Seniors With Annual Play

Record Crowd Roars Approval Of Efforts Of Class Of '38

An audience which packed the big high school auditorium Tuesday evening roared its approval of the unusual dramatic ability displayed when members of the graduating class of 1938 presented the annual Senior play with perhaps the greatest success scored by any class in recent years.

Taking as their vehicle, "Oh, My Stars!" a three-act comedy by Howard Reed, a play of exceptional merit from the standpoint of wholesome comedy expressed both in clever dialogue and comic situations, the cast of ten principal characters literally "laid 'em in the aisles" for more than two hours of rapid-fire dialogue and dramatic development that finally burst into a crescendo of mirth that left an audience with sore sides and a new appreciation of juvenile histrionic ability.

That the play was a financial as well as dramatic success is evidence by the report of the management that total receipts for the evening amounted to \$101.10. The attendance was a record for Senior plays, officials declared.

Set in the editorial office of the Sagville Herald, a village weekly, the play whirled around the well-meaning efforts of Elinore Prescott, a friend of the editor, Rena Reynolds, to pull the town of Sagville from the doldrums by passing her friend, Sara Simmons, as the great Hungarian actress, Orva Octor. Things hummed in the little town and the newspaper shop, threatened with foreclosure, was in a fair way to be saved for the girl editor, when the real Orva Octor hit town. The hoax was soon revealed, but the infatuation of Wallace Erwin, the "Great Octor's" manager, for Rena Reynolds was the means of saving the situation, for he prevailed upon the temperamental Hungarian actress to prolong her stay in the little town, and her fame brought tourists.

Early Hostility Threat Of Rival Softball Chiefs

Pansy League May Be Formed Soon; Three Teams Growing

Failure of this baseball-minded community to produce a diamond unit for competition in any of the various loops being formed in the area having left a prospective vacancy in the coming summer's program for many loyal followers of the game here, a growing chorus of talk is being heard of a city softball league.

Advocates of the so-called "pansy" game are blocking off into camps and reports current this week indicate that hostilities may break out in the next few days.

Three prospective teams are understood to be already in process of formation. This development came about as a result of a sweeping challenge issued from a clan gathered under the banner of the Joe Oberkamp organization. Answering the challenge, Bryan McDonald and the Stevens Motor Co. personnel are combing the country side for talent to organize a team representing the Ford agency. And from the other side of the square comes a rumble from the Wilson Motor Co. crew with a threat to form a team.

And so it goes — challenges, plans and the call of the after-work diversion bring prospects of early activity in this field of sport for everybody. Leaders in the movement are hopeful of formation of a four to six-team league with a full summer schedule.

School Trustees To Be Elected In Ballot Saturday

Terms Of Six Members Expire; No Avowed Candidates

Four members of the district board of School Trustees and two members of the county board of Crockett County are to be elected in balloting to be held here Saturday.

The retiring members of the district board are Scott Peters, Roy Henderson, Rob Miller and Tom Smith. The terms of Jeff Owens and Charles Coates have expired on the county board. Although the names of none of these members whose terms have expired appear on ballots for re-election, it is expected that voters will hoist them back into their places on the two boards via the write-in route on the blank ballots to be handed them by the election officials.

E. B. Baggett will act as judge of the election. The ballots are to be cast in the district courtroom.

Ozonans Invited To O. S. T. Meet In San Antonio

Trail Assn. Secretary Is Visitor Here On Tour Return

Completing a survey of cities on the Old Spanish Trail in West Texas, New Mexico and Arizona, W. L. Rammel of Beaumont, Texas, secretary of the National O. S. T. association, stopped in Ozona Wednesday to confer with city leaders.

Mr. Rammel's trip extended as far as Bisbee, Ariz., where he met with managers of 12 chambers of commerce of New Mexico and Arizona in the interests of the spring meeting of the association which is to be held in San Antonio April 26, 27, 28, and 29.

In Ozona Rammel invited the following to attend the four-day meeting in San Antonio: Richard Miller, Jimmie Blaylock, Scott Peters, Joe Oberkamp, Lee Wilson, Evert White, and others. The main purpose of the spring convention is to discuss the three proposed super, four-lane highway bills now pending in Congress at Washington. All three bills, while differing in some aspects, have included the Old Spanish Trail in Texas in the preliminary outlines.

The southern transcontinental route should incorporate the Old Spanish Trail in its entirety, Mr. Rammel stated.

(Continued On Last Page.)

Today Deadline For Paying 1938 Car License Fee

Late Comers May Yet Save Penalty By Hurry Calls

Today is the deadline for paying 1938 automobile license fees and a warning is issued from the sheriff's office to auto owners who have put off the matter until now to get "under the wire" before penalties attach.

Under the license law, a 20 percent penalty attaches beginning April 1, but last-minute motorists who get in before the final reports are prepared are spared the added burden, according to asserted custom.

With several hundred expected licenses yet to be issued, Claude Russell, office deputy under Sheriff W. S. Willis, was expecting a busy day today with last-minute callers. Most of the lot was expected to be cleaned up during the day, however.

RODEO DATES ARE SET FOR JUNE 23-24-25

For First Time In History July 4th Date Is Abandoned

REELECT OFFICERS

Plans Being Perfected For Enlarging Show Attractions

Dates were fixed, and plans launched for Crockett County's eleventh annual Rodeo, Race Meet, Stock Show and Sale at a meeting of fair officials and workers and interested citizens held in the Hotel Ozona Saturday afternoon.

The 1938 show will be held here June 23, 24 and 25. For the first time in the ten-year history of the annual Crockett County show, the event will not occupy the limelight in West Texas on July Fourth. The fact that the Fourth comes this year on Monday, led officials of the fair association to set up the dates a week before the holiday week-end.

The dates selected are Thursday, Friday and Saturday of the week preceding the week-end before the holiday. This date was selected instead of the week-end immediately prior to the holiday in the belief that better crowds would be on hand than would be the case immediately before a holiday. And, too, the selected dates are halfway between celebrations slated at Ricksprings and Brady, which will give owners of show stock and race horses opportunity to make all three shows with a comfortable margin of time between the moves.

The official family of officers and directors, which has guided the show through several successful seasons in years past, was re-elected as a group and by unanimous vote.

Wayne West, who has been a tireless worker in behalf of the annual show as its president the last five years, will again serve in that capacity under "draft" of his colleagues. Other officers re-elected were Paul Perner, vice-

'Stop-Go' Traffic Signal Light May Be Installed Here

Ozona Chosen For One Of 40 Planned By Highway Dept.

A "stop and go" traffic signal light is to be installed in Ozona, probably at the junction of Highways 27 and 163, according to notification received yesterday by N. W. Graham, Crockett County attorney, from A. F. Moursund, division engineer for this division with headquarters in San Angelo. The notification was sent to Mr. Graham in response to the latter's suggestion, in a letter to Mr. Moursund, that consideration be given the need for such a light in Ozona in planning the department's proposed installation of 40 of such lights over the state.

The State Highway Department recently appropriated \$50,000 to purchase 120 flasher type signal lights and 40 "stop and go" traffic signal lights for installation at dangerous intersections, and noted that provision will be made for additional installations when surveys indicate their need. This move was in line with the department's program for safety on Texas highways.

A survey for traffic lights in this division was recently made, Mr. Moursund wrote, and provision made for a light in Ozona.

"We expect to get something definite from the Department as to when this program will be started in the near future," Mr. Moursund wrote.

THURSDAY, MARCH 31, 1938

SEE AMERICA! STAY SAFE!

Tourist agencies and travel bureaus have just discovered an interesting fact — Americans are staying home this year! After an early season of peak activity, steamship bookings have dropped far below normal in the past few months. With bombs bursting and governments growing groggy, Mr. and Mrs. America seem to have decided to see America first — in safety!

That's an idea! Now that the Nazi bear is showing his teeth in a warlike growl, how about a long look at America's own bears in the national parks? With the traditional gayety of Vienna's Ringstrasse buried beneath the gloom of black swastikas, perhaps this is the year to sample the gayety of New York's Broadway, Chicago's Loop, and Los Angeles' Wilshire.

With military boots and war-packs the latest things for Europe an wear, let's strap on our hiking shoes and strike out into America's wonderlands of nature, the Blue Ridge of Virginia, the Adirondacks of New York, the plains of the west, and the rugged beauty of the mountain states.

Let's see — we'll trade the questionings of a border patrol for the quiet of a prairie camp fire, the flash of air raid searchlights for the flow of a mountain trout stream, the perils of a land ready to burst into flames for the peace of a land far from the alarms of war.

And there's a practical side too! Instead of rolling millions of good American dollars into the coffers of Europe's militant states, we'll invest them in progress and prosperity right here at home.

Pay your travel dollars for prosperity, not powder! Stay at home and stay safe! Those might do

Scenes and Persons in the Current News

1—Battered by months of incessant attacks by the superior forces and equipment of the insurgents, the Spanish loyalists were falling back in disorder on Barcelona. War-torn loyalist soldiers are shown in an insurgent camp. 2—Secretary of State Cordell Hull shown signing a trade agreement with Vladimir Horban, Czechoslovakian minister to the United States. 3—Joseph Buerckel, who was designated by Adolf Hitler to reorganize the Austrian National Socialist party following the Fuehrer's successful coup.

very well for this year's American slogans.

A BILLION FOR THE NAVY

With the legislative stamp of approval — at the rate of 292 pros to 100 cons — affixed by the House of Representatives, the Senate now has its chance to battle verbally over the billion dollar naval bill.

If the world wanted America to build a mighty armada, it could have put on no better show than it did in the past month. The capitulation of tiny Lithuania before the might of war-conscious Poland, the swift annexation of Austria by the legions of the Germanic Napoleon, the crushing power of modern powder and planes in Spain all seem to prove that in this world of A. D. 1938, might — for all practical purposes — is right.

Does America need 18 dreadnaughts, 8 aircraft carriers, 47 cruisers, 147 destroyers, 58 submarines and 3000 planes to defend herself against the armadas of possible aggression? If she does, then the \$1,121,000,000 in floating fortresses is justified. Does America need two million tons of iron and steel to build a wall around her freedom? If she does, then a billion dollars is cheap insurance for such protection.

Those are basic questions and their answers should not be obscured in clouds of congressional oratory. It would be equally unfortunate if the decision to build or not to build is given by professional patriots or professional

pacifists. Is that wall of steel necessary? That is a question the average American must answer.

PROFITS FROM SECURITY

There's one gentleman in New York who has just grossed a net profit of \$715 on fourteen months of Social Security payments!

Here's how it happened! Mr. X was an executive, an official in seven companies. As a result he drew seven salary checks, and deducted seven Social Security taxes. For fourteen months Mr. X made his payments with care.

Then, one day this month, Mr. X had a birthday, his sixty-fifth. The next day he dropped into the Social Security office and asked for his Old Age Benefit Payment in one lump sum — a right granted him by the law. With a check for \$1,001 — of which he had contributed \$286 — Mr. X walked out of the office and down the street to his bank.

Today, since the law doesn't require a pension application to retire, Mr. X is still an executive in seven companies — but he has an extra \$715 banked.

The moral of this little tale ought to be clear to Texas taxpayers. Social Security legislation was intended as an aid to the general welfare. If any such obvious loop-holes as that through which Mr. X fished his \$715 exist in the system in Texas, they ought to be closed.

Two hundred and fifty percent profits have no place in a system dedicated to security from poverty and a penurious old age.

PATENTS AND PEOPLE

That old quote about a man, a mouse trap, and the marks the world makes coming to his door, seems to still catch the ear of everyone with an idea and a set of tools. Last week, 732 hopeful humans received papers from the United States Patent Office on 732 ingenious inventions, inventions calculated to bring the world running to their doorsteps.

Included in the list were everything from lip protectors to blasting powder, from a thermometer "shaker downer" to a tire stretch-

NEW JAP COMMANDER

Gen. Shunroku Hata, Russo-Japanese war veteran, who recently was appointed commander in chief of the Japanese forces in China to succeed Gen. Iwane Matsui, who was recalled. General Hata is one of Japan's "big three" in military circles, ranking with the minister of war and the chief of the general staff. He is one of Japan's five full generals.

Crazy, impractical, silly, absurd! Yes, many of them are! Yet with just such patents as these began the careers of such great discoveries as the telephone, telegraph, radio, and motion picture.

FIRST BAPTIST CHURCH

Clyde Childers, Pastor

7:45 Prayer Service.
Friday, April 8
3:00 Booster Band Meets.

We are all very grateful for the blessings of God which were visited on us in the revival just closed. It is a great joy to see people take their stand for the Lord and when 32 people came forward then it is a new day in the life of any church.

We appreciate the co-operation that was given us on the part of the other churches of the town. This is the kind of spirit that should be manifested at all times by every person that is called Christian.

The ear marks of a good revival is whether or not it continues to reach people after the season of special emphasis is over. In view of this fact we hope that each member of our church will continue to be faithful to the services and do his part to lead someone else to know Christ.

We will observe the Lord's Supper at the close of the morning worship service Sunday. At the morning worship hour we are going to offer a 4-year program to the church which we hope will adopt as we look forward to our Golden Jubilee in 1942. It should be the greatest four years that our church has ever known.

Next Sunday is High Attendance Day for the B. T. U.'s of Texas and we hope that in keeping with this day we will have a large attendance in B. T. U. Sunday evening.

We will hold the Baptismal Service again next Sunday evening at the close of the worship service

CARD OF THANKS

We take this means of expressing our sincere appreciation and to acknowledge your many acts of kindness and comforting messages of sympathy during our recent bereavement. Your beautiful flowers and attendance gave us courage to carry on. Especially do we wish to try to express our true appreciation to those who shared their home and offered to share their homes with us during the passing away of our husband, father, brother, and your friend, May God's richest blessings be with you always. Sincerely,
Mrs. Pat Lee
Anne and Dock Lee
His Brother and Sisters.

Practical Cookery

Dept. Home of Economics
Texas State College for Women

Denton, March 30—Gone are the days of nondescript soups. No longer does the wise cook bury dainty flavors in indefinite liquid conglomeration.

Soups should have a distinct flavor of the vegetable, meat, or fish used. They should be so well cooked that there is no undue taste of any ingredient; especially should there be no raw starch taste from under cooked thickening.

A cream soup may be made by adding the sieved pulp of a cooked vegetable to a thin white sauce in any desired proportion. Chowders and vegetable soup (either with or without meat) take care of bits of celery, a carrot or two, or a left over baked potato.

Potato Chowder

(Eight servings) Brown 1/2 cup diced salt pork and 2 tablespoons minced onion in 2 tablespoons bacon drippings. Add 2 cups hot water and 4 cups potato cubes. Cook until potatoes are tender. Add 2 cups cooked green lima beans, 1 teaspoon salt, and 1/4 teaspoon pepper. Make a paste of 2 tablespoons flour and 2 tablespoons cold milk and stir into 3 cups milk. Add to potato mixture, stirring gently. Cook until mixture simmers for five minutes, stirring often. Serve hot over crackers which have been lightly buttered and sprinkle with paprika before toasting.

Cream of Corn Soup

Melt 1 tablespoon fat in a large sauce pan. Blend in 1 tablespoon flour. Add 2 cups rich milk or broth or half and half. Simmer for 5 minutes, stirring constantly. Add 1 cup stewed fresh corn or canned corn. Continue to cook until thoroughly heated. Serve with toasted saltines.

Vegetable Soup

Melt 4 tablespoons butter in a large sauce pan. Add 2 tablespoon onion (finely chopped) and cook until lightly browned. Add 1 qt. water, 1/2 cup diced carrots, 1/2 cup

THESE ARE LIFESAVERS

THAT'S what Consumers Information calls these workers in a Pittsburgh glass plant, who are testing and finishing non-shatterable glass for use in automobiles. It is explained that one of the greatest hazards in auto accidents used to be flying glass, which was the most common cause of injury. Now all American cars

are equipped with the shatter-proof variety, developed by American industrial research experts especially for this purpose, and the saving of many lives is the result. The man shown above keeps a constant vigil with his pyrometer, to assure proper melting conditions. The girl is polishing the edges of a car window

diced celery, 2 cups diced potatoes and simmer until vegetables are very tender. Season with salt and pepper. Serve hot with toasted French rolls.

Onion Soup

Melt three tablespoons butter in large sauce pan. Stir in 12 medium sized onions (finely minced and dredged with 2 tablespoons flour). Continue to stir until onions are lightly browned. Add 1 quart hot water and 1/2 teaspoon salt. Mix well and let boil 5 minutes. Beat 2 eggs in soup tureen. Pour in onion mixture slowly, beating constantly. Sprinkle with paprika and serve at once with toast "fingers". Instead of the water, meat broth may be used.

Know Texas

News Bureau
Texas State College for Women

Still Wearing the Pants

Denton, March 30—Legislation for equality of the sexes has gone a long way since pre-suffragette days, but Texas laws show that there are still a few hang-overs from that era. A woman in Texas cannot convey property, even to her husband, except in his presence. However, even if the property is acquired by both husband and wife during their marriage it can be conveyed by him, without the presence or consent of his wife, except in the case of a homestead.

Just as his presence is required for these transactions, his absence is required when a woman makes an acknowledgement before an official, such as signing a document before a notary public, since presumably he would influence her decision. Various other distinctions are made between men and women, one well known instance being that women cannot sit on a jury in this state.

Sweeping Up Business

Brooms and brushes may be a pain to the housewife, but they are signs of industrial progress to Texas business men. According to the Biennial Census of Manufacture of 1933, Texas ranked second among the states in the number of factories manufacturing brooms and brushes. In 1936 a total of 38 plants reported production as compared with 22 plants in 1933. There is now a Texas Broom and Brush Manufacturing Association, organized in 1937 for the purpose of developing the industry.

EMPLOYMENT GAIN FOR 1937 BUILDING

The average building construction employment for the year 1937 was 29 per cent higher than in 1936, despite a drop of 17 per cent in such employment from November to December of 1937, according to information supplied by the Bureau of Labor Statistics.

KNOWLEDGE GAINED BUT WEIGHT LOST

Denton, March 30—Shylock and his pound of flesh had nothing on the girls at Texas State College for Women, who paid about 5,000 for their knowledge in the last examinations.

Replies to questionnaires sent out by the Bureau of Educational Surveys in New York reveal that students suffer an average two-pound weight loss from intensive study just before examinations. At this rate "cramming" may soon take the place of reducing pills in the feminine world.

METHODIST CHURCH

Mid-Week Service, Wednesday, 7:30 p. m.
Choir Rehearsal, Wednesday, 8:00 p. m.

Parents are invited to send their children to the Pastor's Class Monday through Friday of next week. The class will meet at the church each afternoon at 4 o'clock. The period will be spent in worship, discussion, and recreation. The pastor hopes to lead the children into a deeper appreciation of what it means to be a Christian and a Member of the Church. The children who decide for church membership will be received on Palm Sunday, April 10th. We ask our parents to help us make a beautiful interpretation of Christian disciplinship and Church membership to the children in the light of their present understanding and their continuing experience.

Every member of this Church will receive a letter this week concerning the Class Meetings to be held Tuesday evening, April 5th, at 7:45 o'clock in nine different homes in the community. You are asked to give this movement your wholehearted support.

Our pre-Easter revival will be held each evening during Holy

Week, April 10-15. The pastor will use the "Seven Last Words" as a basis for the services. Plan to attend each of these services!

Avoid 20 Percent Penalty

On Auto License Plates

Today is the deadline for securing 1938 motor license plates. After today, a penalty of 20 percent of the amount of the license fee is effective. However, a reasonable period of grace will be extended where purchasers can show it was impossible for them to secure new plates.

If you have not yet registered your car, do so today — Avoid the possibility of the added penalty and the additional hazard of possible arrest and fine for failure to display the new number after April 1.

JOINTS HIDDEN IN NEW WALLBOARD

A recessed edge wallboard has been put on the market to solve one of the problems of wallboard construction, that is the joints between the boards.

The new type of board comes cut in ceiling heights, and of various widths and two thicknesses. The long edges are slightly depressed so that when two boards come together the recessed edges form a shallow channel at the joint. A special tape is then cemented in this channel over the joint and, when dry, sandpapered to a surface level with the boards. This cementing process strengthens the joint and helps to eliminate weak spots in the wall.

The boards may be papered or painted as desired.

This house sold in St. Louis, Mo., for \$3,450. A \$2,700 mortgage on the property was insured by the Federal Housing Administration and the owner will amortize the loan over a period of 20 years with monthly payments of \$24. This sum includes payments on taxes, insurance, and other fixed charges. The same house, without a basement, may be purchased for \$2,950. The heating unit of the basementless house is located in the kitchen, as shown in the smaller picture.

SQUEAKING IN FLOOR CAN BE ELIMINATED

Squeaking floors are a source of annoyance and frequently can be eliminated.

To locate the offending boards in a floor, walk back and forth from one end of the room to the other, making each trip about two feet apart. Then walk back and forth across the width of the room, resting the weight firmly on the floor with each step. Mark the exact places and record the distance from the sides and ends of the room.

If the joists on which the floor is laid are exposed on the underside, it is easy to locate the squeaking areas. Where cracks occur between flooring and joists, it is likely that small wedges driven between the subfloor and joists will prevent further squeaking. In some cases it is necessary to jack up and level any sagged or defective joists and then reinforce it with planks spiked to either side.

When floors seem springy, insufficient rigidity may cause the strips to slide against each other, causing the squeak. It is sometimes possible to eliminate such a squeak by driving a finishing nail down through the crack between the two pieces where they rub together. A thin wedge should be inserted first to spring the two pieces apart. Care must be taken not to damage the edges of the flooring strips.

Fingers were used in practically all early counting, and that is the reason we count up to ten and then begin all over.

DECORATING MAKES ROOM LOOK LARGER

In modernizing a house it is not always possible to tear out partitions or make additions that make rooms larger. To make a room look as large as possible, walls should be light and plain, a carpet should be laid from wall to wall, draperies could be the same color as the walls, mirror panels could be used, and massive furniture must be avoided.

BOOKS IN HALL

Bookshelves built in an entrance hall serve a dual purpose. They offer storage space and at the same time create an inviting appearance. Books in themselves are decorative and add interest and richness to any surroundings.

CLOSET LIGHTS

Lights installed in closets above the door offer no obstruction, provide illumination for shelves and eliminate unnecessary glare.

WEST TEXAS LUMBER CO.
 Serving West Texans

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

Q. What objectionable and troublesome provisions did the 1869 constitution contain as to elections?

A. It required all votes to be cast at the county seats and provided that the elections last four days.

Q. Who was elected governor of Texas in 1869 and by what majority?

A. Edmund J. Davis, the Republican candidate, was elected governor in November, 1869, over A. J. Hamilton by a reputed majority of about 800, according to the finding of the military headquarters. The Democrats claimed that the returns were fraudulently handled and a committee of the convention that framed the 1876 constitution reported that it was unable to find the returns of the 1869 election and that they had been taken out of the state by General Reynolds.

Q. What radical action was taken by Reynolds as military governor after Davis took the oath of office?

A. He hurriedly called the legislature to convene on Feb. 8, appointed Ben Butler, a "carpet bagger," speaker of the house of representatives, required members to take a more stringent test oath and personally and quickly decided all contests in favor of the radicals.

Q. Whom did the called session of the legislature elect to the United States Senate in February, 1870?

A. Although General Reynolds let his hand picked legislature know that he would like to be elected to the United States Senate.

Morgan C. Hamilton was elected for the short term, ending in 1871, and also for the six year term to follow. J. Webster Flanagan, lieutenant governor, was chosen as the other senator, for the term ending in 1875.

Q. Was General Reynolds ever elected to the United States Senate?

A. The legislature, on Jan. 24, 1871, took the position that the called session of the previous year had exceeded its authority in electing Morgan C. Hamilton for the term that would begin March 4, 1871, after the regular session of the legislature would convene, and cast a ballot for a senator, electing Reynolds over Hamilton. On March 4, both Hamilton and Reynolds presented their creden-

tials and Hamilton was seated.

Q. Who was Senator Morgan C. Hamilton?

A. He was a brother of Gov. A. J. Hamilton, a native of Alabama who came to Texas in 1830, served six years as a clerk in the war department and at one time was acting secretary of war and at another acting secretary of the treasury. He was a radical opponent of secession, a bitter reconstructionist, and supported Edmund J. Davis for governor against his brother, who the opposing secession was a strong supporter of early and complete restoration of civil government.

Q. What characterized conditions in Texas during the administration of Edmund J. Davis as governor?

A. It was an administration of extravagance, corruption and almost utter disregard of political and personal liberty. Government

expenses mounted enormously, railroads were granted immense subsidies, martial law was freely resorted to and disreputable adventurers flocked into the state.

Q. What provision did the Thirteenth Legislature make as to voting?

A. It passed a law that repealed the four days election provision of the 1869 constitution and allowed people to vote in their own precincts or communities instead of at the county seats.

Q. What was the wording of the objectionable election provision of the 1869 constitution?

A. It provided that "All elections for state, district and county officers shall be held at the county seat of the several counties, until otherwise provided by law; and the polls shall be open for four days, from eight o'clock a. m. until four o'clock p. m. of each day.

Q. What proclamation did Governor Davis issue governing voters under this provision?

A. Before the election in 1872, he issued a proclamation requiring voters who did not live in the county seat at which they voted, and who went there to vote, to leave immediately after casting their ballots.

Q. Who composed the Supreme Court that decided the election of December, 1872, to be illegal?

A. The three judges of what came to be known as the "Semi-Colon Court," were J. D. McAdoo, Moses D. Walker, and Wesley Ogden, appointees of Governor Davis.

Q. Who were elected governor and lieutenant governor of Texas in December, 1873?

A. Richard Coke was elected governor and Richard B. Hubbard lieutenant governor by a majority of approximately 50,000 and with them a Democratic legislature was elected.

Q. Was an effort made to convene the Thirteenth Legislature to prevent the assembling of the Fourteenth?

A. Claiming that their term in office had not expired, a number of the members of the Thirteenth Legislature who had not been re-elected, gathered in Austin and made a weak showing at assembling on the date fixed for the Legislature to convene.

Q. By what name was the section now embraced in the Lower Rio Grande Valley first known to American settlers?

A. When Martin De Leon operated a ranch there in 1806, and for years afterward, it was known as "Wild Horse Desert," because of the large number of wild horses found there, the capture of and trade in these proving quite profitable.

Q. Who was the first Texan to establish a scholarship at the University of Texas?

A. Godscheux A. Levi, a pioneer banker and capitalist of Victoria, who was an early president of the Texas Bankers' Association.

Q. What Texas town boasts a rosebush in every yard?

A. Quite appropriately, Rosebud makes and sustains that claim.

Q. Why was Capt. Matthew Caldwell called "Old Paint"?

A. His naturally black hair and whiskers were spotted with white from which he received the nickname "Old Paint," "Paint" being the name applied to Texas spotted horses.

Q. When and why did Lamar change his views on the annexation of Texas to the United States?

A. The annexation of Texas (minister Almonte asked for his

passports immediately after passage of the annexation resolution); (2) Claims of American citizens against Mexico for damages; (3) Dispute over the boundary between the United States and Mexico.

Q. What are to be the dimensions of the Marshall Ford dam?

A. The dam, located about 20 miles above Austin, will be the largest of the series of Colorado River dams. The concrete section will be 2,365 feet long and will be joined by earth embankments 1,100 feet long; the center will be 192 feet high.

Q. Did Sam Bass ever use Longhorn Cavern for a rendezvous?

A. There is an unauthenticated legend to that effect and visitors are shown the Sam Bass entrance to the cavern. They usually accept without question the statements made by guides.

Q. Where was the first substantial settlement made in Llano County?

A. In what is known as the Castell community, about 18 miles from Llano and near the Llano-Mason county line, settled by German colonists in 1847. Many descendants of the first settlers still live there and in neighborhoods close by in Llano and Mason counties.

Why IT'S ECONOMICAL TO USE "Kitchen-tested" FLOUR

by Betty Crocker

Many of us have tried to save by buying a cheap flour... and then have found that the baking was ruined because the flour didn't act right. That was poor economy, wasn't it? Expensive ingredients ruined because of the flour (which is only a small part of the total cost of the baking). Time and effort wasted!

greater value in larger size sacks. Another good reason for changing to Gold Medal "Kitchen-tested" Flour... which gives you the most efficient, most economical way to assure perfect bakings.

SEE YOUR FAVORITE GROCER

Recipes Tested the Same Way

The recipes in the sacks are tested the same way... tried out first to be sure they will always act right. (Fifteen free recipes for "Foods Men Rave About" in every size sack. New recipes every three months!) So you can save money by changing to Gold Medal "Kitchen-tested" Flour, and the recipes in the sacks. Then you are sure of uniform results.

First all-purpose flour accepted by Committee on Foods of American Medical Association. Your best guarantee of the purity of Gold Medal "Kitchen-tested" Flour and the truthfulness of advertising claims made for it.

You can get GOLD MEDAL "Kitchen-tested" FLOUR from any of these Grocers:

KC Baking Powder Will Be Used

by

Mrs. Arreva D. French

in the

Ozona Stockman's Cooking School

The lecturer uses the double-tested—double-action KC baking powder to demonstrate how you can produce delicious bakings of fine texture and large volume. Well-known domestic science lecturers and millions of housewives know from experience there is real satisfaction and economy in using

KC BAKING POWDER

Same Price Today as 47 Years Ago

25 OUNCES FOR 25c

★Manufactured by Baking Powder Specialists who make nothing but Baking Powder—under supervision of expert chemists of national reputation. The quality is always uniform—KC is dependable.

Use KC in your favorite recipes. Follow instructions given you by the demonstrator. It will produce the finest of baked goods at low cost. You will realize why KC Baking Powder is the choice of millions.

Guaranteed pure — economical — efficient

Use only one LEVEL teaspoonful of KC Baking Powder to a cup of sifted flour for most recipes.

MILLIONS OF POUNDS HAVE BEEN USED BY OUR GOVERNMENT

Rules For Success In Cake Baking Are Outlined By Expert

Knowing that baking powder leavens cake it is natural to assume that adding an extra half teaspoon to the amount specified in a recipe will give a cake greater lightness. However, that is not true, and the best plan to follow is to use the amount recommended on your baking powder can. This is the advice of Mrs. Arveva D. French, who will conduct the Ozona Stockman's Fourth annual Free Cooking School next Friday and Saturday at the Methodist Church.

Because of the Mrs. French increased efficiency of K C and some other baking powders in use today, representing about 80 percent of the baking powder consumed, they should be used properly to insure successful bakings.

The following rules will be helpful in bringing about desired results:

First, always use the amount specified on your baking powder can. This proportion has been worked out as best for that particular type. With K C, one level teaspoonful to a cup of sifted flour is sufficient for most recipes.

Second, measure carefully—remember that an excess amount of any baking powder does not produce best results. A level teaspoonful means that you must level off with a knife.

K C Baking Powder, the brand used in the cooking school, is one of the most economic and efficient products entering the kitchen. Properly used it will produce for you, the finest of baked goods. You will be convinced of this by giving it a fair trial and observing results obtained.

You can get additional helpful information and a number of practical, tested recipes by sending for the K C Cook's Book. A copy will be mailed, postage paid, if you will send your request together with the slip taker from a can of K C Baking Powder, to Jacques Manufacturing Company, Chicago, Illinois.

MRS. JAKE YOUNG CONTRACT HOSTESS

Mrs. Jake Young was hostess to her contract club Tuesday afternoon at the home of Mrs. Welton Bunker, Mrs. Evert White held high score and Mrs. Hubert Baker second high. Other guests were Mrs. Jimmie Blaylock, Mrs. Boyd Clayton, Mrs. J. W. North, Mrs. George Bunker, Mrs. Welton Bunker, Mrs. Roy Henderson, Mrs. Massie West, Mrs. Sherman Taylor, Mrs. Jake Short, Mrs. Chas. E. Davidson, Jr., Mrs. Hilbery Phillips, Mrs. J. A. Brashear, Mrs. H. B. Tandy, Mrs. J. O. Lushy, and Mrs. W. E. Friend, Jr.

Mr. and Mrs. Massie West leave this week for a few days visit in Austin and San Antonio.

Mrs. Early Buzzett was hostess to members of her contract club at her ranch home Friday afternoon.

When Poles Prepared for Invasion

Well equipped, well-drilled, these steel-helmeted Polish troops were photographed at Bydgosz recently as they marched past their commander in chief, General Smigly-Kydz. Soon afterward they were rushed to the Lithuanian border to enforce a Polish ultimatum. When Lithuania capitulated the world breathed easier as a threat of war was removed.

Ozona Girl Among College Orchestra Group In Concert

Denton, March 30—Playing in concert with three musical organizations, Miss Athleen Dudley of Ozona was presented last week in the final Symphony Choral program of the year at Texas State College for Women.

The Dallas Federal Little Symphony was combined with the regular College Choral and Symphony groups for the performance of varied selections from classical composers.

Miss Dudley, who has played with the orchestra all this year under the direction of W. Gibson Walters, is the daughter of Mr. and Mrs. J. M. Dudley. She is a freshman majoring in commercial art.

Mrs. A. W. Clayton and Mr. and Mrs. Boyd Clayton spent the week end in San Antonio.

Mrs. George Montgomery and son, Tom Ed, were in Comanche over the week-end visiting relatives.

Miss Jamie Cehand visited with her parents in Austin Saturday and Sunday.

Mrs. Gertrude Perry has been ill since Saturday with an attack of the flu.

Chris Doty, who has been ill in a San Angelo hospital for the past three weeks, is home again with his daughter, Mrs. Stephen Perner.

N. E. Rendall, local cafe operator, has returned after spending several weeks in a government hospital at Legion, Texas, where he underwent a tonsil operation and received treatments.

Mrs. Boyd Cox was over from Rankin to attend the Senior play Tuesday night and to visit with her mother, Mrs. Mary Perner.

Film Of Houston Fat Stock Show To Be Exhibited Here

Grand Champion livestock which took top honors at the Houston Fat Stock Show and Livestock Exposition will be seen in natural colors in a news reel film to be shown at the theatre in Ozona,

April 6.

This film was made by the Farm Credit Administration of Houston and is being shown through the courtesy of that institution, announcement of the event being made here by N. W. Graham, secretary-treasurer of the Ozona National Farm Loan Association, a subsidiary of the Farm Credit Administration.

One of the "stars" of the film is David Williams of Schleicher County, who appears with his prize winning Rambouillet lamb. The film shows scenes of the colorful parade and some of the performers in the rodeo, as well as other prize winners, many of whom were 4-H Club or F.F.A. boys.

Easter Games Are Featured In Social Of Baptist Society

An Easter theme predominated when members of the Woman's Missionary Union of the Baptist Church met Wednesday afternoon at the church for a social hour. Games of "fashioning Easter bonnets" and free-hand drawing of Easter rabbits featured the entertainment. Models for the Easter bonnets were Mrs. Leslie Nance, Mrs. W. S. Willis, Mrs. S. L. Butler and Mrs. G. E. Porter. Mrs. Butler won the prize in both the Easter bonnet and the Easter rabbit games. An "adjective" game was also enjoyed.

Ice cream and cake were served by the hostesses, Mrs. Leslie Nance, Mrs. John Patrick, Mrs. Hugh Gray, and Mrs. Clyde Childers. Others present were Mrs. Albert Kay, Mrs. George Bean, Mrs. Ray Dunlap, Mrs. W. S. Willis, Mrs. J. T. Patrick, Mrs. Hartley Johnigan, Mrs. J. W. Anderson, Miss Maybelle Taylor, Mrs. G. E. Porter, Mrs. S. L. Butler, and Mrs. J. S. Whatley.

The group will meet at the church next Wednesday afternoon for a business session.

Men's Bible Class Program Observes First Anniversary

An entertainment program dedicated to an observance of the first anniversary of organization of the class, will be staged by the Men's Bible Class of the Methodist Church, in the basement of the church Friday evening.

The class has set its goal at a record-breaking attendance at the Sunday morning meeting in the church auditorium in celebration of its anniversary.

Men of the church and their friends are invited to the meeting Friday evening, starting at 7:30. A program of games, songs and general fellowship has been worked out and more than fifty men are expected for the evening's entertainment.

Orchestra To San Angelo On Special Train

St. Louis Symphony To Appear In West Texas City April 6

Biggest musical event of the current season in West Texas is the appearance in San Angelo of the St. Louis Symphony orchestra, Vladimir Golschmann, conductor, on Wednesday night, April 6, at the San Angelo Municipal Auditorium. This marks the first appearance of an organization of this kind in this part of West Texas.

The second oldest symphony orchestra in this country — it was organized in 1880 — it is also rated as one of the best, largely due to the efforts of Mr. Golschmann, now in his fifth year as director. This Russian—born in Paris, 1893—is one of the ablest conductors now appearing before the public. He conducted his own orchestra in Paris and has appeared as guest conductor with all of the leading orchestras both here and abroad prior to taking over at St. Louis.

St. Louisians themselves think so much of their orchestra that they raise a sustaining fund of \$135,000 annually for it. This is in addition to the ticket sales from the 50 concerts given each season in its home auditorium which incidentally is always sold out for each performance. And it seats 3,500.

The orchestra is composed of 87 musicians. All of them are front rank performers on their particular instruments. These include violins, violas, cellos, bass violins, cornets, tubas, clarinets, flutes, oboes, bassoons, kettle-drums, harps, all of which are used to make up the varied tones of a big symphonic orchestra. There are over 100 persons in all. They travel on a special train. The railroad fare alone from the nearest point on their Southwest tour to San Angelo is over \$2,000. San Angelo is only one of four Texas

In the Oriental Manner

cities to be visited on this tour. Good seats are still available, priced at \$2.50 for adults, \$1.25 for students. All seats are reserved. Mail inquiries should be addressed to Emmett Cox, President West Texas Concert Association, Cox-Rushing-Greer Co., San Angelo, Texas.

Statewide Clean-Up Paint-Up Campaign Proclaimed By Gov.

Austin, March 30—This week has been proclaimed State Clean-Up and Paint-Up Week by Governor James V. Allred in an official proclamation issued at Austin. State and city wide clean-up campaigns are scheduled by officials over the state, the campaigns to facilitate public health protection, lessen fire loss, and promote public safety.

The Texas State Department of Health and the Fire Insurance Department will jointly sponsor the week.

Clean-Up Week is an important week in Texas, important because

every dollar in property destroyed by fire is a dollar lost forever. "Careless housekeeping" in the home and in business paves the way for unestimated fire loss, and all fire loss is, to a large percent, preventable by exercising recognized laws of fire prevention and control.

Every citizen has pride in his home city, its streets, playgrounds, parks and buildings. Homes and buildings freshly painted, with well kept lawns and gardens, increase values and intensify community interest. Cleanliness creates confidence.

The past decade has seen entirely too many Texans lose their lives by careless daily use of fire. Preservation of human life is an important matter. Any agency which contributes to greater human safety of life deserves the attention of thinking citizens. Clean-Up Week in Texas is such an agency. Its advantages are obvious: in

Political Announcements

AIR PIONEER

Vilhjalmur Stefansson, noted scientist and explorer who recently predicted that the world's air routes will soon be laid out in straight lines instead of the present curves. Pointing to the ultimate necessity of flying directly northward from the United States to Paris, he said that such a route would save at least 1,000 miles from the present course.

contribution to a cleaner, safer, happier place in which to live, no matter how large or small the community.

Cities and towns of Texas will conduct clean-up programs of far reaching activity. Schedules are cleaning, draining, graveling of alleys, cleaning city parks and playgrounds. Malaria control, fire prevention, garbage and trash disposal, through spring housecleaning for city and home will be encouraged.

Clean-Up Week, among its other functions, focuses public attention on the dirt and disease problem. It hopes to make Texas a healthier, cleaner place in which to live.

Woman's Club Will Observe Texas Day In Program Tuesday

Texas Day will be observed by the Ozona Woman's Club in its regular meeting next Tuesday afternoon at the home of Mrs. Joe Oberkamp. The meeting has been set for 3:30 o'clock it was announced.

Members of the Junior Woman's Club will be guests of the club on this occasion. Program features include a talk on "Lost Mines and Lost Treasures" by Mrs. Ira Carson; "Legends of Streams, Names and Flowers" by Mrs. Scott Peters; a reading, "The Road to San

Antonio" by Mrs. A. W. Jones; assembly singing of Texas songs; and "Local Folklore" by Miss Elizabeth Fussell.

The Woman's Club sponsored a book review given last Thursday afternoon at the home of Mrs. Ira Carson. Mrs. Gladys de Silva Bates of San Angelo reviewed "The Citadel" by A. J. Cronin on that occasion. Thirty-five members and their friends were present.

POSTED—All lands owned by O-B Trap Co. are posted against woodhauling, trapping, hunting or any form of trespassing. Violators will be prosecuted.

SCHOOL SPIRIT IS NOT A THING-OF-THE-PAST

By Ora Louise Cox

Several days ago I heard a certain high school girl say that school spirit is old-fashioned and a thing-of-the-past. That statement gave me the inspiration for this editorial, for I don't agree with her.

School spirit may be old-fashioned, but it has grown with the years and is also quite modern. Like a great many other phases of life, an organization spirit has held its place through all ages, for it is vital.

School spirit should play a dominant part in every student's school life. To be successful in its activities, whether athletic, literary, or some other form of work for learning, the school's students must have an undying fighting spirit, a love and loyalty for their school.

For example, when the Ozona football team met that of Sonora's this past season, the newspapers and a great many fans favored the opposing Bronchos. Wednesday night, before the holiday game the following afternoon on Thursday, the Ozona High School students met in the local gymnasium for a pep rally, and it was just that. The enthusiastic crowd worked up a great amount of school spirit, which was carried over through the game of the following day. Yes, I'll agree with you that the team possessed a great deal of determination and fighting spirit. But what caused it? The school spirit backing it did. When the Lions faced Sonora's Bronchos, our team had a goal ahead, something to work for, something to defend, and they did just that. They defeated Sonora with the odds against them, and I dare say that they probably would not have won that victory had they not been possessed with an undying school spirit.

Now, I ask, "Is school spirit a thing-of-the-past?" Certainly it is not. It is quite vital to a successful school plan. So let us be thankful for the enthusiastic few who keep the school spirit glowing, and let us try to cultivate that loyalty so necessary for all of our school activities.

ENTERTAINMENTS

On March 29, those high school students who were at "Oh! My Stars" were entertained, and those Seniors that were in that play, maybe they also enjoyed themselves; at least, it was educational for them. Don't we all like entertainments! Movies, radio, books and magazines, and athletic events all go to make up our entertainment program. Educational entertainment, such as news casts, news reels, or books can do really much good in helping us keep up with the times, and learning history, and about different people, and about things we have never seen.

A historical movie can teach one a lot of history, even while he thinks he is watching only the plot. Then there are books which tell one about different people from the ones we know. Books and movies, if they have authentic background, are very pleasant teachers. All school plays, radio programs, picture shows, and the sort have something in them that is educational, even though it may be so minor that one would be better off sitting in silence, doing nothing. But we enjoy them, and we could be doing less with our leisure. Entertainments are primarily to entertain, but if they have an educational phase, don't you think they are better?

Mother: I told you to count to fifty, Doris, before losing your temper and now, I find you have locked your little brother in the closet.

Doris: I am still counting mother, and I want to have him where I can find him when I've finished.

Catherine: Open this door.
 Billie G.: Can't, Key's lost.
 Catherine: Good gosh, what will you do if there's a fire?
 Billie G.: I won't go.

Baseball Season To Open Soon

With the close of Spring football last Wednesday, baseball was due to begin on Monday, but cold weather and muddy grounds forced postponement until later in the week. Although tennis will take away many prospective players, Coach White expects to have a considerable number of boys out for the game.

There is hope that the team will be able to secure the uniforms used last summer by the semi-pro club that played here. If there are enough boys who will participate, Coach White hopes to schedule some games with the neighboring teams. Practice is to be held at Powell Field. The school owns little equipment and if you intend to come out, you should buy your own glove or mitt, or whatever you need. Balls and a few bats will be furnished by the school.

Annual Essay Contest Held

Eight students entered the annual essay contest of the Ozona High School. The subjects to be chosen from were put on the black board in room 129 and instructions were given the students concerning the form in which the essay was to be written. The subjects to be chosen from were:

- Our Assembly Programs — Are They Worth While?
- Trying to be the "Life of the Party"
- My Side of a Fuss with My Best Friend.
- Win or Lose, I'll be a Good Sport.
- Some of My Pet Aversions.

Those who entered the contest were: Welton Bunger, Dorothy Hannah, Walter Escue, Mary Alyce Smith, Jeff Fussell, Betty Lou Coates, Posey Baggett, Doris Bunger.

The medals will be presented to the winners at the assembly program on Thursday, March 31, at three o'clock.

FINLEY SPEAKS TO HIGH SCHOOL

On the afternoon of Wednesday, March 23, the high school students and faculty met in the study hall at 3:45 to listen to Mr. Finley speak on the state game preservation. This is the second year that he has spoken to the students and faculty.

Mr. Finley has been game warden in this part of the country for approximately five years. One of the most interesting statements he made was, "Thirty thousand deer were killed in Texas last year."

Mr. Finley plans to get Devil's River restocked with fish, soon.

STUDY OF ELECTRICITY

Physics class is now studying the method by which a break in an electrical line may be found. The exact distance to the break may be determined without leaving the office. The use of this method is necessary in cities since all wiring passes under the pavement there is no other way of finding a break in a line.

It is also necessary to use this method on open lines at night, since it would be impossible to otherwise find the break.

GRADE SCHOOL NEWS

FIRST GRADE

The first grade enjoyed with Billy Joe McDonald his seventh birthday party on Monday afternoon.

The birthday cake was made by Billy Joe's mother, Mrs. McDonald, in the shape of a train to carry over the idea of the train activity that the first grade has been studying. The train had the engine and seven coaches with a candle for the smokstack and candy mints for wheels.

Guests for the party were Mr. C. S. Denham, Rev. Eugene Slater, Miss Dixie Davidson, Mrs. Arthur Kyle, Charlie Davidson, Jr., and Patsy McDonald.

SECOND GRADE

By Sammie Sue Beasley
 Wanda May Leonard is a new pupil. We are glad to have her. She came from McCamey.

Max Word spent the weekend in San Marcus and San Antonio.

We have made an Easter border, and also some spring flowers.

FOURTH GRADE

By Daphne Meinecke
 Tuesday we had our Story Telling contest. Nan Tandy won first, Barbara White, second, Joyce West, third and Ruth Townsend fourth. Thursday of next week we are going to have the final test.

The End of Our Swiss Unit
 By Ruth Townsend
 Last Friday morning we had a Swiss program for our mothers. We told them about our Swiss

unit. We had fifteen visitors. We have been in Holland since Monday.

FIFTH GRADE

The fifth grade has completed the Picture Memory contest study. There will be fifty pictures to name and three unknown pictures to come from Austin. We have completed our Music Memory study which included records, musical forms and instruments.

Hungary

The cowboys of Hungary are much like those of the United States. They wear big wide brimmed hats, boots and have lassos in their hands. But no cowboy of our country would wear a black jacket with silver buttons or had a white cap with bright embroidery flying behind him as he rode. They don't speak our language.

The regions of Hungary are like ours. They have plains and hills. The most important occupation of Hungary is grazing. Yes, Hungary is much like the United States.

SEVENTH GRADE

Friday, from eleven o'clock to twelve, the seventh grade girls will play the seventh grade boys a game of volley ball. Both teams have their hopes high.

The places won in declamation by the girls are as follows: first, Doris Stokes; second, Mary Faye Lucas; third, Adele Keaton. First place among the boys was won by Stanley Lemmons, second place by Byron Williams, third place by Floyd Hokit.

Girls Enjoy Tennis Ladder Tournament

After sitting in school all day playing a few fast games of tennis gives one the right amount of exercise. The strokes required of a good tennis player tend to build the muscles and strengthen the body of an individual. Especially does it build strong arms and legs, for footing is also an essential requirement.

Although exercise is good for one, it can also be harmful if it is not taken little at a time.

Mr. Nelson is coaching the high school boys on correct tennis strokes, and is also helping the girls.

The chart of the ladder tournament that was completed for the tennis matches now stands as follows:

- Eloise Carson—Billie Jo West, Doris Bunger—Mary Frances West.
- Billie Gene Linthicum — Lela Mae Phillips.
- Catherine Childress—Mary Margaret Harris.
- Jayne Chapman — Christine Curry.
- Oleta Casbeer — Maudie Mae Couch.
- Mildred North—Margaret Martin.
- Dorothy Hannah — Betty Lou Coates.
- Louise Casbeer — Jennie V. Schwalbe.
- Jean Drake—Mary Bess Parker.
- Noma V. Miller—Johnnie Boyd.
- Crystelle Carson— Mary Alyce Smith.

Band Gives Public Concert

Last Thursday at 7:00 there was heard a loud honking of horns as the band and drum corps marched proudly down main street to give their first street performance of the year. After forming an O they came to a halt in front of the barber shop.

While the two drum majors, Lois Jones and Jack Baggett, gave a striking performance the band played "Them Basses," "Our Director," with Betty Lou Coates and Catherine Childress beating the drum solos, and "Show Boy." As this completed the performance the band and corps marched single file through the cars and formed their marching formation. This is to be repeated every other Thursday. The time will be later posted.

EXPERIMENT NO. 1

Object: To take a trip to Sonora to see some good looking boys in a track meet.

Materials: Cars, girls, money, and chaperone.

Procedure: Crammed into first cars available, whizzed to Sonora, got out of cars, went to track field. After meeting, stuffed, got in cars, and whizzed back home. Went to bed. (We hope.)

Results: Enjoyed meeting, eats, and rides. Got sick, all the girls fell in love all over again. Boy friends were at a slight disadvantage when their best girls compared them with the Sonora boys.

Conclusion: Hope to go again, soon.

Junie W.: Esther, why is kissing a young girl like a sewing machine?
 Esther H.: I don't know, why?
 Junie W.: 'Cause it seems so good.

Tennis Meet Won By Sonora

Lemmons, Montgomery Top In Ladder Tourney

To date there has been no change among the top ring teams in the ladder tournament conducted by Mr. Nelson. Maurice Lemmons and Beecher Montgomery are still at the top of the ladder and the other teams can not seem to unseat them. In second place this week is the team of Bobby Lemmons and George B. Armentrout who replaced the team of Pete Perner and Clifton Talliaferro which has dropped from second place to fifth place in an amazingly drop. In third place sits the team of Howard Lemmons and Junie Johnigan.

Last week on Tuesday afternoon a group of players selected by Mr. Nelson played a Sonora team. In the boy's singles in the senior division, Junie Johnigan was downed by a dusky Latin-American who represented Sonora. In the senior boy's division, Pete Perner and Beecher Montgomery, the pair which represented Ozona in this match, were defeated only after a titanic struggle. Bobby Lemmons and W. B. Robertson represented Ozona in the junior boy's doubles, but they were hopelessly outclassed by a smaller pair of Sonora boys. Although W. B. played creditable tennis, his partner, Bobby, was definitely off his usual fine form. The girls representing Ozona had little luck before the more experienced Sonora girls.

—: The Prowler —:

Welton & Lois sure pulled a cute trick at the circus Thursday. Or was it cute?

I wonder how the Senior play is coming along? How is it Jack? Ora Louise this is getting bad. Friday night you were with one escort and Sunday with another. What was the matter with Saturday?

I wonder what Crystelle would do if a certain boy away at school would get married?

Clifton was escorting a different girl Friday night than I have seen him around the tennis courts with.

Lois, who was your escort the other night? Is Welton losing his charm?

Mary Frances, who takes you home almost every afternoon? (When he is in town.)

Christine, what did you want when practicing the Senior play Friday night?

Mary Alyce, don't you think enough of a boy from McCamey to let his picture stay in the drug store window?

What sophomore girl was disappointed because Fort Stockton wasn't at Barnhart track meet?

I wonder who is going to kick herself for not being home when some Iraan boys were over, especially when David Murray was here.

Lois did you get in the movies? Why was Crystelle so worried Wednesday night?

We wonder, Johnnie, how you get out of a crowd in a hurry.

Could Crystelle possibly be beating Toots' time?

Ask Billie Gene if she enjoyed "Navy Blue and Gold".

Why was Betty Lou so mad Friday night?

Campus Philosophy

By Billy Joe West

Don't take anything for granted, so long as you do not know it yourself. Prove everything for yourself.

The emptiest, dullest thing is the man who has been everywhere, has seen and watched everything, and who himself has never done anything.

In planning to make yourself successful, to prevent defeat that threatens, or to overcome some particular difficulty, Will Power is the force, and Imagination is the guide.

The future, whatever it may be, grows out of the brain of man.

No "great man" would now be proud of the fact that he did not read.

How fortunate are you that are dissatisfied. That means certain progress.

Be ready. The way to be ready is to be at work. Opportunity comes to the worker, not to the idler who is waiting for opportunity to come.

We glory in our civilization. So did early man, yet he had only his club, with the flint tip, and the art of making fire to show for his boasting. What have we to show?

If you are in debt now, bend every enery to get out, and then stay out.

There is no real peace of mind except in good character.

Mary Bess: Can you keep a secret, Jean?

Jean D.: Sure, I can, but it's just my luck to tell things to girls who can't.

An Inversionist in Action

Frank Balek, age eleven, an inversionist, is a pupil in the fifth grade of the Fulton school at Chicago. At left he is shown reading a book upside down, at right he is shown writing on a blackboard upside down. He is said to be the best speller in his class, a thing virtually unheard of in an inversionist.

When you telephone ...

1. Be slow to hang up when calling.
2. Be quick to answer when called.

25,000 people a day in the Southwest "hang up" before the called party has a chance to answer his telephone.

THE WORLD THIS WEEK

By Robert Patterson

DESCENT FROM POWER

"How the powerful have fallen!" might well describe the sudden, calamitous descent of Richard Whitney, ex-president and ex-governor of the New York Stock Exchange, and leading Wall St. figure. To his position of esteem in the business world he brought shame, and to his associates, shock and bewilderment. A psychologist with the sharp lance of Poe might be able to discern the tell-tale point during Whitney's early youth at which his moral integrity became sufficiently weakened, so that later in time of crisis it might give way altogether—as it did, and as Whitney himself so frankly indicated. Yet the shock which his misdeeds caused throughout the country constitutes proof of America's deep belief in scrupulous honesty in business dealings. And the rarity of such incidents as this gives welcome evidence that the vast majority of citizens are firmly adhering to the belief.

THE BLIND SHALL SEE!

Sight for the living through the eyes of the dead—this is one of medical science's latest and most dramatic thrusts to shatter the dark world of the blind, and those suffering from optical injuries. Within recent weeks several cornea transplantations from the eye of one person to the eye of another have focused keen interest nationally upon this amazing technique. Recently San Francisco specialists contributed another surprising chapter. They sought, though thus far unsuccessfully because of legal complications, to have city officials permit eye surgeons to make use of the delicate cornea tissue of bodies in the morgue and in medical schools. Experiments have shown that such tissue from the eyes of persons recently deceased is of decided value when transplanted to the diseased eye tissue of the living. Here lies promise of hope, the

New Star Is Born

A new star looms in the baseball world, as Mrs. Joe Medwick, wife of the St. Louis Cardinal star presents their new son, Joseph Michael, in his first photograph. Note the baby's first plaything gift from his famous father. Mother is holding it.

coming of dazzling light, to some 250,000 blind and near blind in America today.

PRESSURE POLITICS

Like having steam dangerously close to peak level in a boiler, while the engineer sleeps, the pressure along European boundary lines remains nervously close to the explosive point, but it does not explode. It is even conceivable that Europe's two great peace-seeking powers, Britain and France, will succeed in averting that ever threatening holocaust. They will achieve this, judging from their attitude toward events in Austria, and last week in Poland, not by driving a mailed fist into the war makers' midriffs, but simply by giving the dictators everything they want without resistance. This permits the bellowing would-be belligerents to let off steam before the explosion point is reached. This is not a pleasant policy for Britain and France to follow, but it serves to keep temporary peace. Meanwhile,

they doubtless continue to feel much as you and I would if we knew the boiler in the basement were apt to blow up any minute.

AMERICAN HERITAGE

A scolding among nations, America is already rich in her heritage of legends, in the folk-lore that's told round a flickering camp fire in the woods after dusk. In particular, the tall timberlands of America's north woods have yielded many an exciting tale. Witness the heroic feats of Paul Bunyan and his Blue Ox! And today we hear a writing woodsman has begun compiling a new bookful of America's forest lore to preserve this heritage of legends peopled by such fabulous things as the weird creature who hides in trees, and whacks unsuspecting persons

with hollow limbs, the dachhund who feeds on lumberjacks' ax handles at night, and the bird that flies backward to see where it has been. Looks as if the Greek myths had better look to their laurels. We think mighty Paul Bunyan, who used to pick his teeth with giant pine trees, would prove more than a fair match for the Grecian Hercules!

APRIL 1ST

April 1st is the day for madcap prankishness, so a word to the wise should be sufficient! But we assume there's no April 1st foolishness about the Nazi decree which has now been issued banning bock beer in Germany. Times are hard there, so the cows get the barley. What a blow indeed to the traditionally beer-making, beer-loving German populace who have quaffed their bock and porter under king and kaiser for centuries! What will Bockus, master of German jollity, say? Seems almost enough to turn the citizens into bocksheviks!

West Texas Utilities Company

Dramatic Success -

(Continued from Page One.)

ists and a new wave of prosperity to the town.

Haskell Leath as Yacus White, a printer in the Herald office, reached almost professional heights in his delineation of the lovable and comic character of the loyal old printer who had been a fixture in the Herald office since Rena's father edited the paper. Catherine Childress, Senior class president, turned in an exceptionally fine performance in the role of Sara Simmons, companion of Elinor Prescott on a transcontinental tour. Her portrayal of the dual role of a carefree girl on a vacation and her enforced impersonation of the Hungarian actress was splendidly done.

Betty Dudley handled the role of Elinor Prescott, one of the idle rich with a penchant for getting her commendable ideas all in a muddle, with ability. Another outstanding performance was that of Lurinne Townsend in the difficult role of the real Hungarian actress, temperamental, with a stormy temper and a pronounced accent. Her performance was one of the highlights of the play.

In fact, taking them character by character, it would be difficult to pick a flaw in the whole presentation; and it was a play of such length and difficulty that it would have been a major accomplishment for adult performers of more experience. In the juvenile roles, Sally Shipman, Herald reporter, and Tommy Davis, her seriously intentioned boy friend, Sibyl Cooke and Jack Baggett both covered themselves with glory in their fine performances.

Maurice Lemmons as the pom-

pous Sherman Pendleton, president of Sagville; Maudie Mae Couch as Mrs. Trudel, the determined social leader of Sagville and heartless landlady; Welton Bunger as Wallace Erwin, the Octor's business manager, who fell in love with the demure girl-editor, Rena Reynolds, and Christine Currie in the part of Rena, all carried their parts in the play with exceptional ability, to make the whole as smoothly enacted a home-talent play as has been seen by an Ozona audience in some time.

With little opportunity for glory and stardom, Walter Babb, Norman Rendall and Buren Arnn nevertheless filled places of importance in the plot development as citizens of Sagville come to honor the distinguished visitor.

Much of the credit for the unusual success of the play goes to Miss Bess Terry, its director and guiding spirit. For a pleasing between-acts entertainment, the audience was indebted to Elizabeth Couch, who played a Mozart composition on the piano. The production staff included J. W. Johnigan and P. C. Perner as business and advertising managers, John Coates as stage manager, Norman Rendall as property and publicity manager and Louise Casbeer as assistant director. Ushers were Elizabeth Couch, Mary Margaret Harris, Lela Mae Phillips, John Coates, Walter Babb, Norman Rendall and Buren Arnn.

Mrs. Egon Schneider and baby of Strawn are here for a visit with Mrs. Schneider's parents, Mr. and Mrs. W. M. Johnigan, Mrs. Schneider accompanied her mother home after the latter had spent several weeks visiting in the Schneider home.

Cooking School—

(Continued from page 1)

souvenirs. Mrs. French will cover the whole subject of food with two main thoughts in mind; first, to make kitchen work more pleasant and efficient; and, second, to make the family's food dollars go further than it has ever gone before.

Women attending the school will be rewarded by gaining new knowledge not only in the preparation of so-called fancy dishes, but also in an abundance of ideas on how to vary the basic foods in such a way that nobody at the table need ever complain that they are getting "the same old thing" every day.

Those who attend are urged to be in their seats early, as it is impossible to reserve seats, and each lecture will start promptly at 2:30 o'clock so that the lecturer may include her entire program.

In presenting this free attraction to the women of this community, The Stockman has secured the enthusiastic co-operation of a number of food manufacturers and distributors and local merchants who bring you this feature in the hope that you will enjoy and benefit from it.

Firms so far joining in this cooperative effort to bring the best talent available to direct the local class in cookery and home management include the West Texas Utilities Co., who will furnish the model electric kitchen; the Jaques Manufacturing Co. of Chicago, makers of K. C. Baking Powder; the Duncan Coffee Co. of Houston, roasters of Admiration Coffee; the Interstate Cotton Oil Refining Co. of Sherman, makers of Mrs. Tucker's Shortening; the Gold Medal Flour Co. of Dallas, southwestern division of General Mills, Inc., makers of Gold Medal Flour; Gandy's Creamery of San Angelo, distributors of pasteurized milk and cream; Crescent Valley Creamery of Cuero, Texas, makers of Valley Gold Creamery Butter; Baker's Piggly Wiggly, J. H. Williams & Sons Grocery, Ozona Bakery, San Angelo Telephone Co., and C. G. Morrison Co. Other Ozona firms will participate through contribution of attendance prizes to be given at the close of each day's class. A full list of these donors will be published next week.

Ozona Women To Missionary Zone Meet At McCamey

Local Members Slated For Parts On Program Today

At least seven and possibly more, members of the Methodist Missionary Society of Ozona plan to attend the Missionary zone meeting to be held in McCamey today. Mrs. Scott Peters of Ozona is leader of the day's program, and Mrs. Eugene Slater and Mrs. Bascomb Cox of this city are slated for parts on the program.

Others who indicated their intention to attend are Mrs. Carl Colwick, Mrs. Joe Pierce, Mrs. John Bailey and Mrs. N. W. Graham.

Mrs. Eugene Slater presented the lesson on "Rural Leadership in America" at the society meeting Wednesday afternoon. Mrs. John Bailey read "A Home in the Country" by Frederick Van de Water. Present were Mrs. Scott Peters, Mrs. Bascomb Cox, Mrs. J. A. Fussell, Mrs. E. B. Baggett, Mrs. Hillery Phillips, Mrs. Evert White, Mrs. Welton Bunger, Mrs. B. B. Ingham, Mrs. W. R. Baggett, Mrs. John Bailey, Mrs. Joe Pierce, Mrs. N. W. Graham, Mrs. Slater, Mrs. Madden Read, and Mrs. Carl Colwick.

RODEO DATES--

(Continued from Page 1.)

president, and Scott Peters, secretary-treasurer. Directors, also renamed, are Roy Henderson, John R. Bailey, Joe T. Davidson, Joe Pierce and Tom Smith.

Mr. West announced that he would go into a huddle with various committee chairmen this week and next, and that a general meeting of the committee heads and workers would be held in a short time, at his call, for the purpose of working out preliminary details of the program, and launching active plans for the event.

Plans now under consideration of the personnel behind the annual

show is to put the grounds in first class condition, to lay the groundwork for taking care of all details of the show, sale, the daily barbecue, rodeo and race program, and to enlarge the entertainment features of the show to make this year's three-day program one of the greatest in the history of the association.

BAND CONCERT MONDAY

Ozona High School Band will present its second concert on the downtown street starting at 7 o'clock next Monday evening, it was announced this morning by J. M. Edwards, director. The band will be assisted by the drum corps. The public is cordially invited.

The painting crew of Charley Butler, paint contractor, engaged in painting the exterior woodwork and metal trim of the county courthouse, this week completed the first coat. A second coat is to be applied.

Rate Hike Will Not Affect Shipments To And From San Angelo

Information to the effect that the freight increase recently authorized by the Interstate Commerce Commission will not affect freight shipments to and from San Angelo was conveyed to The Stockman this morning in a long distance call by M. L. Cooney of San Angelo, manager of the Western Motor Lines, operating between Ozona and San Angelo.

The rate increase will not apply in the differential territory west of San Angelo, Mr. Cooney said, but will mean a hike of from one to four cents on the hundred pounds in shipments as far east as Dallas and Fort Worth.

Mrs. Hilton North, who was operated in a San Angelo hospital the first of last week, plans to leave the hospital today or tomorrow.

	ASSTD. NECTORS, 12 oz.	8c

DIST. COURT—

(Continued from Page One.)

Crackshot is charged with attempted murder in connection with an abortive shotgun attack on Allison Burgess, another negro, in front of the postoffice early on the morning of October 9, 1937.

Two charges of rape, pending in justice court, are also to be brought before the grand jury. Such charges are pending against Basilia Samiguel, charged with an attack on an 11-year-old Mexican girl, and Al Berguson, negro, charged with attacking a 13-year-old negro girl.

The court will face a light civil docket. No cases were carried over from the last term of court, but two suits, one styled Capps and Richardson vs H. B. Thompson, growing out of a transaction involving purchase of lambs from Mr. Thompson and another in which Alex Collins as trustee for the Shannon Estate, seeks cancellation of an oil lease on the Crockett Drilling Co. have been filed recently and probably will be called up for trial. These, with the four divorce cases, constitute most of the civil matters that will receive the attention of the court.

Ozonans Invited—

(Continued from page 1.)

Rammel said, as this is the most logical all-weather and all-surfaced route in the country and an excellent start has been made in many sections of the trail to convert it quickly into a four-lane route.

Rammel left Wednesday afternoon for San Antonio to set up meeting headquarters at the Gunter hotel. He is expecting several hundred representatives at the gathering from the 101 cities on the Old Spanish Trail from St. Augustine, Fla., to San Diego, Cal. Problems of increased tourist trade, diverting tourist traffic to the southland, the spring advertising subscription campaign of the association and other salient points will be brought up in San Antonio. The Battle of Flowers fiesta will be observed in that city during the same week.

IT'S HERE!

GOODRICH CLICKS AGAIN

LOOK AT THAT NEW LIFE-SAVER TREAD

NO WONDER IT GIVES YOU THE QUICKEST, SAFEST STOPS ON WET, SLIPPERY ROADS

THE SAFETY SENSATION OF 1938

GOLDEN PLY BLOW-OUT PROTECTION

WIDER, FLATTER TREAD STREAMLINE BEAUTY

MONTHS OF EXTRA TROUBLE-FREE MILEAGE

THE NEW GOODRICH Safety SILVERTOWN WITH THE LIFE-SAVER TREAD

MANY TIRES COST MORE BUT NO OTHER TIRE...AT ANY PRICE CAN GIVE YOU THESE SPECIAL LIFE-SAVING FEATURES

Thrilling Demonstration! See it stop—feel it stop. Come in today for free proof that the new Goodrich Silvertown is the "safest thing on wheels."

Here's an entirely new kind of tire safety... the greatest protection you've ever had on any road, wet or dry, curved or straight!

Just think! On wet, rainy days this new Goodrich Silvertown with the Life-Saver Tread is actually a "road dryer." Its never-ending spiral bars act like a battery of windshield wipers, sweep the water right and left, force it out through the deep grooves, making a "dry" track for the rubber to grip.

Let us put a set of these new Goodrich Tires on your car—then you'll know what it means to be **SAVED BY A SILVERTOWN STOP.**

The new **Goodrich SAFETY Silvertown** LIFE-SAVER TREAD..... GOLDEN PLY BLOW-OUT PROTECTION
