Livestock Range Soaked By Heavy General Rainfall

Inch And Half To Five Inches Reported In Territory

Timed to a nicely following rains of three weeks ago, a heavy downpour which covered all of Crockett County and a wide section of the livestock country of West Texas Tuesday night gave this section one of the best soakings of the year and brought relief to some areas that had begun to feel the pinch of drouth thru the vagaries of the erratic rains of early fall and late summer.

Torrential downpours were reported from the section south of Ozona. On the Wayne West ranch an estimated six-inches fell during the night putting draws out of banks and filling all water holes. The Claude Hudspeth ranch reported 3 1/2 inches and other ranches in the area from three inches up.

here, according to the Joe Ober-The fall registered 1.5 inches kampf gauge. Heavier precipitation was reported from ranches adjoining the town on the north, however.

Press reports indicate the downpour was general throughout West Texas and covered a large portion of the balance of the state. The fall was accompanied by sharp temperature drops, but no damage to livestock was expected to result from the temperature change. Fort Stockton reported an inch and a half, San Angelo, 1.20 inches and from Del Rio to the Panhandle region the fall was generous.

What Of Junction When Rocksprings Coming Saturday

Eagles—Bulldogs, They Both Mean Trouble For Lions

Coach Ted White's Ozona High School Lions absorbed a 35 to 0 shellacking at the hands of the powerful Junction Eagles in the Eagle roost last Saturday afternoon. Hopelessly outclassed in weight and experience, the locals fought gamely but were unable to slow down the dazzling Coffey and McKay, outstanding Junction ball carriers.

The approaching week-end finds the Lions again bracketed with one of the outstanding championship contenders of District 41B. The Saturday afternoon opponents will be the powerful Rocksprings Bulldogs of Coach Lauderdale, the place the Ozona gridiron. The Canine crew last Saturday afternoon set back Thomas Jefferson (San Antonio) B team by a count of 15 to 6 in a non-district, tussle at Rocksprings.

Coach Bynum's Eldorado Eagles romped over the Sonora Bronchos for a 34 to 0 tally in the only other district contest of the week end. The Eldorado Eagles will have easy sailing over Menard the coming Saturday, and Junction will have a similar snap in taking the Sonora Bronchos into camp.

Miss Dixie Davidson left the end of the week for a visit with her brother-in-law and sister. Mr. and Mrs. Mark Garver in Baton Rouge, La.

Miss Ora Louise Cox, daughter of Mr. and Mrs. Bascomb Cox, is ill at her home here this week.

Mr. and Mrs. Marshall Montgomery, who recently moved to their ranch leased from George Thompson on the Pecos River, visited relatives here this week.

Mrs. Floyd Henderson is spending the week in San Antonio.

Druggist Returns To Post Held Here Twenty Years Ago

Leslie Phillips, pharmacist, has accepted a position in the prescription department of the Smith Drug Co. here, to assist Pascal Northcutt, manager and pharmacist, in handling the business of the prescription department.

Mr. Phillips is no stranger to old timers of Crockett County. Twenty years ago he held the same position in the same store, then under the management of its founder, the late W. E. Smith. Mr. Phillips was associated with the store for four years. His son, Charles Phillips, is also employed at the store as clerk and fountain dispenser.

Ozona Clubs To Give Program At Dist. Music Meet

Senior - Junior Groups Invited To Abilene Convention

Both the Adult and Junior Music Clubs of Ozona have been invited to present a program number on the Fine Arts program during the district Music Clubs convention to be held in Abilene October 28, 29 and 30, it was announced at the regular meeting of the senior club here Monday afternoon at the home of Mrs. Bascomb Cox.

Mrs. Bryan McDonald was elected delegate from the local club to the district convention, with Mrs. S. M. Harvick as alternate. Mrs. H. B. Tandy, president of the local group, plans to attend the convention also. Mrs. Tandy has been invited to appear on the Fine Arts program of the convention.

The local club plans to appear on a musical program in San Angelo in the near future as guests of the Philharmonic Club of that city.

The executive board recommended to the club, in a report Monday, that Mrs. John Bailey, chairman of Music in Religious Education for the group, be authorized to ask the cooperation of all local churches in preparing special music during Christmas week.

The entertainment committee, the club was informed, is planning (Continued on last page.)

Cemetery Group Seeks Fund For Well Equipment

\$1,375 Must Be Raised To Purchase Mill And Pipe

A decision to seek by popular subscription the balance of funds necessary to equip a water well recently completed for the cemetery plot was reached by members of the Cemetery Association in session Monday evening at the Methodist Church.

Approximately \$1,375 must be raised to purchase a windmill and the necessary pipe to pipe the water from the mill to the big concrete tank which supplies water for the burial plot, the committee reported. The well was completed last week with a flow of 15 gallons per minute on a 24-hour test. The well is 375 feet deep.

Mrs. A. C. Hoover, secretary of the association, presiding in the absence of the chairman, Mrs. Floyd Henderson, at the request of the group, appointed a canvassing committee to solicit funds for completion of the project. This committee is composed of Early Baggett, George Harrell and Scott Peters.

The entire cost of the well and equipment will reach approximately \$1,675, of which about \$250 has already been paid. The well was drilled by Hugh Gray, who contributed \$100 to the fund.

'Crackshot' Misses Again

Fires Buckshot Charge At Opponent 15 Feet Away—Shot Tears Awning Overhead

"Crackshot" has done it again! "Crackshot" won his spurs, so to speak, or earned his sobriquet, to be more specific, a few years ago in San Angelo, when he opened fire with a shotgun into an alley in which were crowded a number of negroes, all of whom escaped the "splatter gun" fire unscathed.

"It takes a crackshot to shoot into a crowd like that and not hit somebody," was the laconic remark that saddled the moniker "Crackshot" on Answer Whittaker, (that's his real name), Ozona negro shoeshine boy.

Again last Saturday morning, Crackshot demonstrated his studied ineptitude with firearms when he fired pointblank with a shotgun loaded with buckshot, at Allison Burgess, another negro, standing less than fifteen feet away on the sidewalk in front of the City Cafe here, and blasted a sign from its moorings under the awning almost over his own head. Burgess escaped unharmed.

As a result of the early morning fireworks display, "Crackshot", or Answer Whittaker, faces charge of assault with intent to murder, filed in justice court, and is at liberty under \$1500 bond to await action of the grand jury on the charge.

Burgess was released last week under bond on a charge of criminally assaulting a 13-year-old negro girl, step-daughter of "Crackshot." The shooting is said to have been the outgrowth of this incident.

At the hearing in Justice court Saturday morning, evidence was adduced to the effect that "Crackshot" had recently purchased the shotgun and buck shot from a local store with the remark that he intended to hunt "some two-legged meat."

The evidence at the hearing further left in doubt the question of which of the two negroes was the most frightened immediately after the shooting, the "shooter" or the "shootee." Both are said to have run in opposite directions, taking off before the echo of the booming gun had died.

Woman's Club Members Enjoy Health Study

An interesting study of Dr. Hans Zinsser's "Rats, Lice and History" as presented by Mrs. Stephen Perner, Mrs. W. R. Baggett and Mrs. Hillery Phillips was enjoyed by members of the Ozona Woman's Club in regular session Tuesday afternoon at the home of Mrs. Perner. Mrs. George Montgomery assisted Mrs. Perner as hostess.

Present were Miss Elizabeth Fuschell, Mrs. Lee Childress, Mrs. John Henderson, Mrs. Ira Carson, Mrs. Roger Dudley, Mrs. W. R. Baggett, Mrs. P. T. Robinson, Mrs. N. W. Graham, Mrs. W. E. Smith, Mrs. A. C. Hoover, Mrs. A. E. Deland, Mrs. J. H. Miller, Mrs. A. W. Jones, Mrs. Hillery Phillips, Mrs. George Montgomery, and Mrs. Stephens Perner.

SEE BALL GAME

Mr. and Mrs. Joe T. Davidson, Mr. and Mrs. Hugh Childress, Jr., Mrs. N. W. Graham and Lee Wilson were among Ozonans witnessing the Texas University-Oklahoma football game at Dallas last Saturday.

Mr. and Mrs. Jerry Pace and daughter, Mary Sue, of Austin, will arrive here this week for a visit with Mrs. Pace's parents, Mr. and Mrs. Monroe Baggett, on the Baggett ranch.

TO COUNT JOBLESS

John D. Biggers of Toledo, Ohio, administrator of the unemployment census, who announced that registration blanks will be distributed to the nation's 31,900,000 families on November 16 and 17. The blanks will be passed out by postmen. Persons out of work or on part-time jobs will be asked to fill them out and mail them to Washington by November 22.

Garrison Quits Post As Pastor Baptist Church

Minister Here For Two Years Resigns; To Uvalde

Rev. Ira V. Garrison Sunday tendered his resignation as pastor of the Ozona Baptist Church to take effect immediately. The pastor announced his resignation at the morning services Sunday.

Rev. Garrison has served the local church as pastor the past two years, coming here from Bangs, Texas. He left early this week for Uvalde, where the family will make their home for the present.

Further than the appointment of a pulpit committee following Rev. Garrison's announcement of his resignation, the church has made no move toward selecting a new pastor. The pulpit committee will be charged with the responsibility of contacting ministers and will make its report to the church.

Potash Deposit Encountered In Hoover Wildcat

20-Foot Layer Reported In Test At 500 Foot Level

A potash deposit 20 feet in thickness was encountered at a depth of 500 feet early this week in a wildcat oil well being drilled on the A. C. Hoover ranch in this county, it was reported here this morning. The extent of the deposit and its commercial value was not learned.

The well located in the northwest pasture of the Hoover ranch, is being drilled by Ringle Bros. for a Dr. Frances of Kansas City.

One wildcat well is being drilled on the Hoover ranch and another is planned. Stewart and Cormas are drilling at around 800 feet, and Simpson and Sons are drilling for a Big Lake syndicate in the small producer drilled about seven years ago by Magnolia and plugged. The well is being cleaned out for testing and may be deepened. Magnolia shot the well and obtained from 20 to 25 barrels production. After a four-year extension, the well was plugged.

Upon completion of cleaning operations in the old Magnolia well, the Big Lake syndicate will drill another wildcat test nearby.

Mrs. Ben Lemmons had added a new servant's room at her home.

Scouts And Dads Annual Banquet Here Tues. Night

Public Invited To Honor Court, Program After Feast

Ozona Boy Scouts and their dads will be guests of the Parent-Teacher Association next Tuesday evening in the basement of the Methodist Church at the annual fathers and sons banquet for the local Scout troop.

The banquet will be followed by a court of honor and an interesting program. The banquet will start at 7 o'clock, with the court of honor and program to get underway at 8. The public is invited to be present for the program after the banquet.

Informal talks by Scout leaders and troop committeemen will follow the feast, among those slated for talks being Ira Carson, chairman of the Troop Committee, Fred Erick B. Isley, assistant Scout Executive for the Concho Valley Council, Eugene Holton and W. Y. Bengel, Scoutmasters.

A feature of the program will be the showing of moving pictures made during the Scout Jamboree by Roy Henderson, Jr. and Miles Pierce. Rev. Eugene Slater, member of the troop committee, will preside over the court of honor. An investiture service will also be held in which six new Scouts will be taken into the troop.

Troop committeemen here include Ira Carson, chairman, Scott Peters, C. S. Denham, Vic Pierce, E. B. Baggett, Jr., W. B. Robertson, Wayne West, Roy Henderson and Eugene Slater.

BRIEF NEWS

TOURING MEXICO

Mr. and Mrs. John R. Bailey of Ozona and Mr. Bailey's sister, Mrs. Nora B. Gee of El Paso, left Tuesday morning for a sight-seeing tour of Old Mexico. They will visit Mexico City and four points of interest in the republic. They expect to be gone about two weeks.

VISIT ABILENE, SNYDER

Miss Alberta Kay left Tuesday for Abilene where she will visit former classmates on the campus at Hardin-Simmons University. From Abilene Miss Kay will go to Snyder for a visit with Mr. and Mrs. Morris Miller.

OFFICERS ELECTED

The following officers were recently elected by the Woman's Missionary Society of the Baptist Church: Mrs. W. A. Kay, president; Mrs. Leslie Nance, recording secretary; Mrs. S. L. Butler, treasurer; and Mrs. J. S. Whatley, Girls Auxiliary leader.

VISIT IN IOWA

Judge and Mrs. Charles E. Davidson left yesterday morning for Winfield, Iowa, for a visit with their daughter, Mrs. Bill Grimmer and family, on the Davidson farm near Winfield. They expect to be gone two or three weeks.

PARENTS OF DAUGHTER

Mr. and Mrs. Anja Wilson of Odessa are the parents of a daughter born Saturday. The new arrival is a granddaughter of Mr. and Mrs. Paul Perner of Ozona, Mrs. Wilson being the former Miss Elizabeth Perner.

OPENS FILLING STATION

Bill Conklin, Crockett County surveyor, has taken over management of the Live Oak Filling Station on Live Oak Creek at the western edge of this county on Highway 27. The station will handle Humble gasoline and motor oils and Mr. Conklin plans to stock a few grocery items. He will retain his post as county surveyor.

CROCKETT TO ASK VALVERDE HIGHWAY AID

Cooperation Sought To Urge Paving Route To Comstock

ROAD DESIGNATED

Two - County Committee May Seek Hearing of Commission

Crockett County proposes to combine forces with Val Verde County for the purpose of making proper representations before the Texas Highway Commission in an effort to induce that body to take action in the near future toward construction and maintenance of a surfaced highway from Ozona south to Comstock.

This road was designated a state highway, continuation of Highway 163 from Barnhart to Ozona, by the Highway Department recently.

In an order passed at the October session of the Commissioners Court Monday, the court directed County Judge Charles E. Davidson to arrange with Val Verde County for a joint commission from Crockett and Val Verde Counties to visit the Highway Commission at an early session of that body for the purpose of urging construction of this highway.

Judge Davidson has taken the matter up with Val Verde County officials and if that county agrees to cooperate in the undertaking, a joint committee will likely arrange an audience with the Highway Commission at an early sitting. Commissioners Rob Miller and J. W. Owens were named on a standing committee to represent the Crockett County court on matters affecting the Comstock highway.

Except for a few possible changes in route, straightening of a few curves and possible rerouting in a few places to take advantage of road building savings, it is believed that the highway route of the road can be largely followed for the highway. If this is true, a minimum of time would be consumed in securing the necessary right-of-way and turning the route over to the state for construction.

October Session Parent - Teacher Monday Afternoon

Birthday Of State Organization To Be Observed

Members of the Ozona Parent-Teacher Association will meet for the regular October session of the organization Monday afternoon in the auditorium of the High School. A feature of the day's program will be the observance of the birthday anniversary of the state organization.

The program topic for the day will be "Sportsmanship." Mrs. L. B. Cox, Jr., is program leader. A chorus number by the Junior High Glee Club, under the direction of Miss Nancy Dawes, will present the opening number, to be followed by the devotional led by the Rev. Eugene Slater.

"What Can Be Done About the Poor Sport" will be discussed by Mrs. Welton Bunker, a vocal trio, composed of Mrs. L. B. Townsend, Mrs. Jack Hoyt, and Mrs. E. B. Baggett, will present a number followed by "School Highlights" to be given by Mrs. R. L. Flowers. The birthday program will follow.

Hostesses for the day will be Mesdames S. M. Harvick, W. E. Friend, Jr., Charley Coates, Joe Patrick, R. F. Powell, Hugh Gray, W. M. Johnigan, Leslie Nance, Ray Dunlap, Johnnie Hokit, and Elton Smith.

CLASSICS FROM THE SLOT MACHINES

A machine has been set up near Piccadilly-Circus in London that delivers a book in return for sixpence in the slot. The purchaser has a choice of thirty books, and they are not by any means "cheap" fiction; for sixpence the robot will release a moody Hamlet from limbo, set Almayr free to repeat his folly, or fling wide the portals of the never-never land of "Erehwon"...

It must be confessed, however, that in this respect the robot can not compete with the amenities of the second-hand bookshop, where the buyer is left to his own devices, and the priceless privilege of handling the treasures is willingly accorded. Yet how pleasant it is to have a new copy of a book—undefaced by the emendations of an alien, or possibly, vandal, hand; moulding itself to our thought, so that, presently, it opens with perfect acquiescence at our favorite passage; and bringing the sparkle of youth to our shelves. Furthermore, how excellent to have a bookseller who never puts up his shutters, and would willingly gratify a whim to hear the chimes at midnight with Master Shallow, though it should lack but a minute to the hour!

—Christian Science Monitor

141 New Corporations Chartered In Texas

Austin, Sept. 29—New corporations totaling 141 were chartered in Texas during August, an increase of 6.8 per cent over the corresponding month last year, according to the University of Texas Bureau of Business Research.

According to the University of Texas Bureau of Business Research. Capitalization of these companies totaled \$4,030,000, an increase of 96.4 per cent over July and 74.4 per cent over August last year. "Groups showing gains in the number of new charters over both comparable periods were banking, finance, manufacturing, merchandising, and real estate-building," the Bureau's report said.

673 Is August Bag Predatory Animals By Gov't. Trappers

Austin, Oct. 13—A total of 673 predatory animals, including Bobcats, Coyotes and Wolves, were caught by government trappers during August, according to the monthly report of C. R. Landon, San Antonio, district agent, received today by the Texas Game, Fish and Oyster Commission. Landon directs predatory animal and rodent control work in the state for the Bureau of Biological Survey in cooperation with Texas A. & M. College, the state Livestock Sanitary commission, and the Texas Predatory Animal Control association. The catch included 560 Coyotes, 74 Wolves and 39 Bobcats.

Health Department Warns Against Fake Cancer Cure Quacks

Austin, Oct. 13—"The increasing number of persons in Texas dying from cancer justifies a warning at this time against quacks and so-called cancer cures," states Dr. Geo. W. Cox, State Health Officer.

"While newspapers, as a rule, do not carry the cancer type of advertising, there are many other ways for misinformation to reach the public. Undoubtedly there are persons who, being thus deluged from seeking proper advice, unnecessarily become cancer victims, while others not having cancer are fleeced out of much money for a cure," Dr. Cox continued.

"There are but two ways of treating cancer. First, by surgery; and second, by the use of radium or X-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage in one-third of the cases, frequently the two methods are combined. Self-medication, serums, colored lights, pastes, salves and diets are valueless."

"The great bulwark against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice until beyond a permanent cure. No hope should be placed in fake cancer prophets and their treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer, should be relied upon. These symptoms are: any unusual bleeding from any body opening, any lump in the breast or other part of the body; any persistent sore, particularly on the face or mouth, and chronic indigestion. These conditions may not be cancer, but sometimes they are forerunners of the more common types of this disease. Where cancer is suspected, do not delay, but consult your family physician at once," Dr. Cox admonished.

Shanghai in a Daze as Flames Sweep City

While on all sides their city burns before their eyes, these residents of Shanghai walk listlessly about the foreign settlements apparently apathetic to their fate. The dense columns of smoke rise from buildings set afire by exploding aerial bombs and shells.

Chevrolet Dealers Get Glimpse Of New Car; Hear Sale Plan

Plans for introduction of the new 1938 Chevrolet cars, with most extensive advertising program in the company's history, were revealed today at a special pre-view and business meeting attended by 1075 Chevrolet dealers and their personnel, from all points in the Dallas zone. J. W. North of the North Motor Co., Ozona Chevrolet dealers, is attending the Dallas meeting.

The new product with which they will undertake to exceed the current year's high volume was received by the dealers with the liveliest enthusiasm, according to H. Wilson, manager of the Dallas zone, who conducted the presentation meeting.

The features of the new car were explained in detail at a morning session at the Pan-American Casino. The afternoon session was devoted to a presentation of the plans for the public announcement of the 1938 Chevrolet and a detailed explanation of Chevrolet's fall advertising campaign. A show-

ing of the new models concluded the meeting.

"The reception accorded the new Chevrolet by our dealer organization points to the most successful new-model announcement we have ever had," Mr. Wilson declared. "That the advances made over previous models will meet with the immediate approval of the public is an assertion of which there can be no doubt."

Federal Agency Standards High

The Federal Housing Administration encourages the production of well-built, well-protected homes. Its standards are such as to assure the borrower that the benefits of mortgage insurance will be extended only where properties possess the qualities of sound value which will produce security and satisfaction to the home-building public.

Society Completes Study Mission Book

Study of the missionary book, "What Is This Moslem World?" led by Mrs. Eugene Slater, was completed at the meeting of the Methodist Missionary Society yesterday afternoon at the church.

Next week's study will be led by Mrs. Stephens Perner. Present for this week's meeting were Mrs. Slater, Mrs. L. B. Cox, Mrs. R. R. Dudley, Mrs. N. W. Graham, Mrs. Stephens Perner, Mrs. Madden Read, Mrs. J. A. Fussell, Mrs. Welton Bunger, Mrs. W. E. Smith, Mrs. Nadine Bernays, Mrs. Ragsdale, and Mrs. Charles Williams.

EDUCATING THE NEXT GENERATION AGAINST WAR

We find from studying history that great wars recur at intervals. This suggests to us that they are started by new generations who have forgotten the evils of the conflicts fought by our fathers. The present generation wants no more war, but will the coming generations carry on the anti-war crusade? They certainly will not unless the present generation intervenes, because as long as one man covets another, and as long as one man knows he is coveted by another, there will be war.

There is only one way to remedy this, and that one is for the present generation to do all that is in their power to influence the coming generations against war. One of the best things to do is to put before them all information possible on the futility of settling anything with force.

Napoleon Bonaparte finally came to say, "I have come to believe in the inability of the sword to settle anything."

When Mark Twain wrote this "War Prayer," 30 years ago, he said, "It can be published after I am dead, for only dead men can tell the truth in this world and I have told the whole truth in that prayer." Here it is:

"O Lord our God, help us to tear their soldiers to bloody shreds with our shells; help us to cover their smiling fields with the pale forms of their patriot dead; help us to lay waste their humble homes with a hurricane of fire; help us to wring the hearts of their unoffending widows with unavailing grief; help us to turn them out roofless with their little children to wander unfriended through wastes of their desolated land in rags and hunger and thirst, sport of the sun's flames of summer and the icy winds of winter, broken in spirit, worn with travail, imploring Thee for the refuge of the grave and denied it—for our sakes, who adore Thee, Lord blast their hopes, blight their lives, protract their bitter pilgrimage, make heavy their steps, water their way with their tears, stain the white snow with the blood of their wounded feet! We ask of One who is the spirit of love and who is the ever-faithful refuge and friend of all that are sore beset, and seek His aid with humble and contrite hearts. Grant our prayer, O Lord, and Thine shall be the praise and honor and glory now and ever. Amen."

SOPHS MEET

The Sophomore class of 1937-38 met on Friday morning, October 1, to select their motto, flower, colors, and hero. They are:
 Flower—Larkspur.
 Hero—Booker.
 Motto—E2.
 Colors—Wine and white.

JUNCTION DEFEATS LIONS

A 35-0 score was the result of the Lions' tussle Saturday, Oct. 9, at Junction.

Ozona boosters who witnessed the game came away quite proud of the Lions' perseverance and stick-ability. Our team met a heavy group, but kept cheerful until the gun sounded and the Junction boys cheered the defeated team.

The Pep Squad was present, though not as a group, and showed themselves loyal boosters.

Let's attend the next game; victory is around the corner.

PRESS CLUB MEETS

The Press Club met Wednesday, October 6, at the home of Catherine Childress. Norman Rendall and Maurice Lemmons brought discussions on news writing. Refreshments of punch and sweets were served to Mary Louise Harvick, John Coates, Crystelle Carson, Mickey Couch, Ora Louise Cox, Jack Baggett, Maurice Lemmons, Lurine Townsend, Doris Bunger, Norman Rendall, and Miss Terry. The next meeting will be held at the home of Ora Louise Cox on Wednesday, October 20.

THE PROWLER

Beecher Montgomery always seems to be inspired from the sidelines while playing ball. Can someone explain whether or not it's a relative or Coach White.

That Carl Thurman will certainly make a husky ball player when he gets about two years more muscle and brawn.

Black cats seem quite disturbing to Catherine Childress. Has anyone seen her turn around on a dime yet?

Speaking of black cats, who plans to give us a Halloween party this coming Spook's Day?

Several fellows at the Junction-Ozona game were heard to comment on the good looks of our pep squad leaders. They don't have to tell us, do they, boys?

We wonder why Ora Louise is looking so blue lately. Could it be because the circus has left town?

It seems as if Dorothy Hannah has been threatening someone lately. We wonder if it has anything to do with Dan Cupid?

You girls had better give Welton B. some pointers in introductions, it seems as if he kept you waiting too long Tuesday morning.

All who want to know some real gossip, go to R. T. Taylor or Welton B. they can give you a real hand-out.

Six week's tests are crowding me, so, so long until next time.

And, say, help a fellow out by leaving the key out of ye old key holes this week.

NEWS FROM THE SIXTH GRADE

The sixth grade has music and spelling at 10:10. Wednesday we had a program; the ones that were on the program were as follows:

Piano solo—Vera Metcalf.
 A dialogue titled "Why the Spanish Girl Married the Sailor Boy" was given by Margaret Russell and Priscilla Jean Parker.

The program was closed with some songs, and the class was dismissed.

HIGH SCHOOL ATHLETICS

In all of high school life there is nothing more beneficial than athletics. Out on the athletic field as no where else is shown united interest, effort, strength, and enjoyment. Here is developed the body, mind, and character. Each player must act and act quickly upon his own resources. There is no time to stop and ask what should be done next. But he must learn to think for himself.

The athlete learns to face defeat and to give over his place and honors to one who has proved himself more worthy. He learns to take humbly and execute commands from his superiors and does not question whether they are right or wrong.

He learns to be democratic on the field. A boy who is a good sport or athlete never asks of a player his position in society or the size of his bank account—but he can play the game well.

Since these traits are developed in the high school athletics should be a part of every high school boy's program.

BELIEVE IT OR NOT—

Pete went to church Sunday night.

Junie gets up at 8:20 every day. Maurice didn't say much in Civics Tuesday.

Welton had a necktie on Tuesday.

Maudie is jealous. (Ask her) Haskell used his head in a football game for once Saturday.

Jack B. (Beau Brummel) didn't shave Tuesday.

Norman Rendall will probably write an editorial for the paper next week.

John Coates sported a ducky looking hat at the Junction football game.

Walter Babb didn't wear boots on October 12.

A certain Sophomore girl has learned to keep her mouth closed while in a drug store.

Fisher Powell was at school one day last week.

You can get seven in a Chevrolet coupe.

PICK-UPS

Welton: "What's the best way to teach a girl to swim?"

John: "Well, take her gently down to the water, put your arm around her waist, an'—"

Welton: "Aw, cut it out! It's my sister."

John: "Oh, just push her off the dock."

On mules we find two legs behind. And two we find before.

We stand behind before we find. What the two behind are for.

3,272 people died of gas last year; 41 inhaled it;

31 lighted by touching a match to it; 3,200 stepped on it.

Phillip S.: "I've a friend I'd like you girls to meet."

Betty Lou: "What can he do?"

Mary Alice: "How much has he?"

Fosy: "What does he read?"

Mary Louise: "Who are his family?"

Doris: "What church does he belong to?"

Catherine: "Where is he?"

FACULTY ENTERTAINED

The men teachers of the Ozona Public School faculty entertained their wives and the women members of the faculty with a picnic at the Baggett ranch Monday night, October 11.

Baseball furnished diversion for the evening. A generous picnic feast was served to Miss Jo Dimmer, Dorothy Spain, Norene Allison, Nancy Dawes, Bess Terry, Mildred North, Ada Moss, Christine Viles, Jack Parker, Sophie Haug, Margaret Martin, Mr. Guinn Caruthers, Gene Hollon, Jake McCulley, Mr. and Mrs. C. S. Denham, Ted White, C. E. Nelson, Neal Hannah and J. M. Edwards.

FIRST GRADE NEWS

This is Circus week and the First Graders are enjoying it thoroughly. Ten children attended the circus in San Angelo and excitement was running high over the one that came to Ozona.

Nat Read asked all of the room to help celebrate his birthday last Monday afternoon.

Billie Joe McDonald brought some bulbs to school. We went for a walk to find rocks and dirt to plant them in.

Estes Smith has been absent from school this week because of a sore foot. We miss Estes and hope he will be back soon.

SECOND GRADE NEWS

Mr. and Mrs. Word brought us some plants for our room. This made the room look much nicer. We appreciate their thoughtfulness.

We have something else new too, a clock man. Mr. Caruthers made it for us. With it, we can tell time and the days of the week.

Sammie Sue Beasley, Ann West and Corinne Phillips went to the circus Monday in San Angelo. They told us many interesting things about what they saw. We all want to go to the circus here.

JUNIOR HIGH NEWS

Tuesday, October 5, the Ozona Junior High traveled to Sonora to play their Junior High team. The game started at 4:30. Ozona Junior High was defeated 13 to 0.

Next Monday we will go to Iraan to play Iraan Junior High. Monday week Sonora will come to Ozona.

RAH! RAH! FOE OZONA!

Have you been up to watch the pep squad and drum corps work out this year? If you have not, you have no idea how good we really are. Notice the way we carry ourselves and the way we pick up our feet. We're proud of O. H. S. and we want to show it. Stand by and watch the next time we march down the street.

CAMPUS PHILOSOPHY

By Mickey Couch

Don't tie grass in the path along which your brother travels.

It's too much to ask one to love his enemy. Let's compromise on forgetting him.

We never know the real worth or hidden part of men or melons until they are tapped.

Scout Notes

By Miles Pierce

A highlight of the year's Scout activities will be the annual father and son banquet to be held Tuesday night, October 19. The banquet is to be held in the basement of the Methodist Church.

After the banquet, there will be a Court of Honor and program. A feature of the program will be a showing of moving pictures picture made of the Boy Scouts Jamboree in Washington by local Scouts attending the Jamboree. The public is invited to the program and Court of Honor, starting at 8 o'clock. The father and son banquet will start at 7 o'clock.

There were 17 present at the regular Scout meeting Tuesday night.

A demonstration of use of the neckerchief in bandaging was given. Bandages may be made from the Scout neckerchief for the head, hand, arm sling, breast, jaw, knee, and eye. The neckerchief is large enough for these bandages but not too large. A Scout wears the neckerchief with his uniform so that it is always handy in case of emergency.

In bandaging, the Scout neckerchief does not touch the wound. A clean dressing is applied to the wound and the neckerchief used as additional bandage. A piece of shirt boiled 20 minutes or washed with alcohol is satisfactory for dressing if you can't get anything else.

MERTZON TO BUILD CABIN

Plans are under way here this week to build a cabin for Boy Scout Troop No. 16 of Mertzon according to John L. Bishop, Superintendent of the School, who is Chairman of the Scouts Committee. Scoutmaster is J. T. Davis, N. A. Goodall and Jack Douthit are assistants. The cabin will be built of rock, 22 by 30, and will have a fireplace and three patrol dens.

VISITS IN MISSOURI

Pascal Northcutt, manager of the Smith Drug Co., left the first of the week for Tulsa, Oklahoma where he will be joined by his mother for a vacation visit with friends and relatives in Missouri. On the return trip, Mr. Northcutt will visit Dallas where he will buy Christmas goods for the local store.

MRS. BERNAYS IS BRIDGE HOSTESS

Mrs. Nadine Bernays was hostess to her bridge club and a number of guests last week in the home of Mrs. Scott Peters. Halloween colors were used in decorations.

Mrs. J. W. Henderson held high score for club members, Mrs. J. O. Lusby taking guest prize. Outward went to Mrs. Lee Childress.

Other guests included Mrs. Joe Oberkamp, Mrs. Welton Bunger, Mrs. Early Baggett, Mrs. T. A. Kincaid, Jr., Mrs. Jake Short, Mrs. Melvin Brown, Mrs. H. B. Tandy, Mrs. Joe Pierce, Mrs. George Montgomery, Mrs. Ben Robertson, Mrs. W. E. Friend, Jr., Mrs. Joe North, Mrs. Sherman Taylor, Mrs. W. E. Smith, Mrs. Hillery Phillips, Mrs. Scott Peters and Mrs. Lowell Littleton.

There's NEWS in the advertisements. Read them.

Practical Cookery

Dept. Home of Economics
Texas State College for Women

Denton, Oct. 13—Not just laziness but forethought makes smart cooks try to speed up the process of cooking vegetables. Many such foods lose a great deal of their original vitamin value when cooked too long.

A few tricks can cut out the length of time necessary for most vegetables. For instance, cutting the stems out of spinach will let them cook in a few minutes. Cabbage and turnips both have disagreeable odors when cooked long, and can be taken off the fire much sooner than is usually believed.

Squash With Onions

(Six small servings) Heat two tablespoons of bacon drippings in frying pan and add one cup chopped onions. Cook until onions are cream colored and tender. Add two cups cooked squash (mashed and seasoned) and stir until well mixed. Cook until slightly brown around edges. Turn out on hot platter and garnish with crisp slices of bacon.

Corn and Spinach Souffle

(Six servings) Beat three eggs well. Add one cup milk and mix well. Stir in two cups canned or stewed corn and one cup finely chopped cooked spinach. Season with one-half teaspoon salt and one-fourth teaspoon pepper. Turn into a greased baking dish. Set dish in pan of water. Bake in slow oven forty or fifty minutes. Garnish with crisp broiled bacon.

Baked Onions

(Eight servings) Wash eight large onions, but do not peel. Bake in moderate oven for an hour or until the inner part is just tender. Remove tough peel. Place in dish and pour on sauce made by adding three tablespoons butter to one cup hot tomato soup undiluted.

Fried Okra

(Six servings) Wash a pound of tender okra and dry thoroughly. Cut off stems. Slice crosswise in rather thin slices. Melt three table spoons bacon drippings in frying pan. Add sliced okra, cover and cook over low heat for ten minutes. Stir quite often. Remove cover and continue to cook until the okra is tender and lightly browned.

CHURCH OF CHRIST

A. C. Nance, Minister

Lord's Day

10:00-10:45 a. m. Bible study, all classes.

10:50-11:55 a. m. Sermon and communion.

7:30-8:30 p. m. Evening Services.

Wednesday

3-4 p. m. Ladies Bible study.

7:30 p. m. General Bible study.

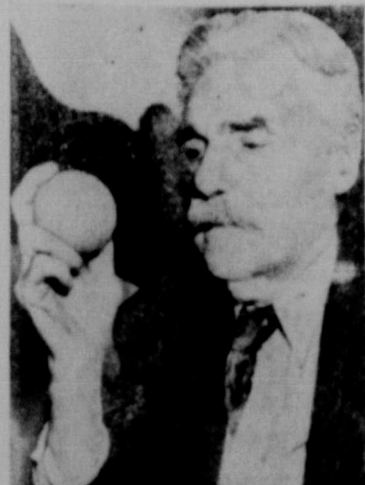

New faces in the audience each Lord's day is quite encouraging, and he speaks a growing interest in the work that is being done. If you visit some other church than the one you are identified with we will be very glad to have you visit us, always glad to have our neighbors and friends at all services.

11:55 is the closing time of our morning service so no one will be late for lunch.

Evening subject 7:30 p. m.: "Three Steps to Salvation."

A welcome awaits you.

THREW FIRST CURVE

Fred Goldsmith, a real veteran of the diamond, is shown as he demonstrated how he threw the first curve ball, originated by him. This "roundhouse" surprised the batter by coming in wide and breaking right across the plate. Goldsmith, as a member of the Chicago White Stockings, pitched the first world series game held between his team and the Cincinnati Red Stockings in 1882.

AUTOMATIC TRANSMISSION SIMPLE TO OPERATE

The Oldsmobile automatic safety transmission, obtainable at extra cost on both Six and Eight, is operated by the short lever shown on the steering column. Its position allows three passengers to ride comfortably in front. The clutch is used only to start or stop the car. The new type steering wheel, designed for use with the automatic transmission, affords a clear view of the instrument unit which is directly in front of the driver adjusting speed, vision.

Saving the Game

Denton, Oct. 13 — Moans and groans over the fact that the buffalo is gone forever from the Texas range are all very well, but forward thinking people are doing something more than groan over the gradual demise of other types of Texas wildlife.

The Texas Game, Fish and Oyster Commission, A. & M. College, the American Wildlife Institute, and the United States Biological Survey are now all working together to protect and increase the wildlife resources in Texas.

Methods of such groups include the study of habits and necessities of various birds and animals, a continual restocking of game preserves, and the careful formation of game laws for the mutual benefit of hunter and hunted. These determined workers must have the full support of Texas hunting citizens if this conservation policy is to be effective.

Hunters vs. Hunted

Quail meat on the dinner table might well become a delicacy of the golden past were it not for the constant efforts of state game officials to keep such birds evenly distributed over the state.

Last year over 4,375 quail were raised on the game preserves and distributed, 315 wild turkeys and 123 deer. There are 97 state game preserves where this work is carried on, encompassing over 2,699,293 acres.

However, on the other side of the fence there were 20,565 hunters on the 1370 shooting preserves last year, and they killed over 7500 deer, 16,500 ducks and geese, 5,250 doves and quail and 1,590 turkeys.

BUICK AT FACTORY

Mr. and Mrs. Judge Montgomery of Ozona will leave Dallas by train next Saturday night for Flint, Mich., where they will accept delivery of a 1938 Buick four door sedan, series 41, purchased through Wilson Motor Co., local Buick distributors. Mr. and Mrs. Montgomery will enjoy a leisurely drive back through the middle-western states in the new car.

Week Of Prayer Is Observed By Baptist Society

Members of the Woman's Missionary Society of the Baptist Church and ladies of the church observed State Missions Week of Prayer this week in a series of meetings held at the church Monday, Tuesday and Wednesday of this week.

Thirty-one women attended the interesting programs conducted each day. Names for the new circles of the Missionary Society were drawn during the meeting and the Circles organized. Next Wednesday afternoon the Society will meet at the home of Mrs. George Bean for a social.

Be Careful of Electric Cords

Worn extension cords on lamps or other electrical fixtures should be replaced promptly. The cost is small compared to a burned-down house or a severe shock. When the wires bend too easily where they enter the connections or when the outside silk covering wears out, it is time to buy new cards.

FORTY-TWO CLUB FORMED AT PARTY

Organization of a forty-two club was perfected following a party the last of the week at the home of Mr. and Mrs. Ernest Dunlap. The club is to meet every two weeks, the next hosts to be Mr. and Mrs. John Bowers and Mr. and Mrs. Charlie Butler.

Guests of the Dunlaps for the evening's games were Mr. and Mrs. Travis Doggett, Mr. and Mrs. John Bowers, Mr. and Mrs. Leslie Nance, Mr. and Mrs. Massie Ray Smith, Mr. and Mrs. Charlie Butler, Mr. and Mrs. Hugh Gray, and Mrs. Ray Dunlap.

Banks Listen

—for good reports about their neighbors.

BANKS are interested in business men who are well spoken of because of fair dealings, courtesy, good service, quality products or fair prices, for these make a business grow and prosper. In time these business men will find use for new or increased borrowings from their bank and give useful employment to its loanable funds.

More than this, the good name which brings deserved success to those who render varied business services to the Community is the key-stone of sound credit.

This bank hears many good words about its business neighbors. It deems them an essential element in the strength and safety of the loans which it has made to many of them to facilitate their business operations.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

Q. By what name was the San Gabriel River known in the days of Spanish occupation of Texas?

A. The Spanish knew it as the San Xavier, or Javier, a name given it by Ramon-Saint Denis in 1716. As early as 1745 Franciscan missionary activities were carried on about 10 miles north of the present town of Rockdale, and about one mile above the junction of Brushy Creek with that stream.

Q. How many missions were established on the San Xavier (Gabriel)?

A. The San Xavier mission group of three log structures and accompanying forts were erected in 1745 and 1746.

Q. What have been the various location and names of the Alamo?

A. The mission was founded on the Rio Grande about 1700-03 and called San Francisco Solano; was moved into the interior and called San Ildefonso; then back to the Rio Grande about 1710 and renamed Solano; then to San Pedro Springs (San Antonio) in 1716 and called San Antonio de Padua, the name being changed to San Antonio de Valero when it was moved across the creek in 1718; then to Military Plaza in 1732; then to its present location where it was given the name of Alamo Mission (Popular Church) when the corner stone was laid May 8, 1744.

Q. What disposition was made of the Mexican prisoners captured at San Jacinto?

A. They were taken to Galves-

Fire Menaces Chicago Stock Yards

Flames which swept over a block-square building of one of the major meat-packing plants in the Union Stock yards at Chicago caused damage in excess of \$200,000. Nearly a third of the fire-fighting apparatus of the city was called to the yards to prevent a spread of the conflagration. Picture shows firemen fighting the blaze.

ton Island and kept there until August, when they were removed to Liberty, in charge of Judge William Hardin, where they were held in nominal captivity, until April 25, 1837, when all were released.

Q. Under what flags were the Conservative and Radical factions of Texas organized in 1853?

A. The Conservatives, showing their regard for Mexico, hoisted the green, white and red flag to Mexico, with the eagle, cactus and serpent omitted and the figures "1824" substituted in the central white stripe; the Radicals used a blue flag with a white star in the center and the word "Independence" also in white, lengthwise the flag at the bottom.

Q. When was construction of the Fort Worth and Denver railroad begun at Fort Worth and when did it reach Wichita Falls?

A. Work was begun at Fort Worth the latter part of 1881 and the line was completed to Wichita Falls in September, 1882.

Q. What prevented Mexico from openly resuming war with Texas immediately following the withdrawal of its troops after the Battle of San Jacinto?

A. Mexico maintained troops at Matamoros during 1837 and 1838 and Mexican ministers at Washington were urging their government to invade Texas, but Mexico needed its troops to keep down revolt in that country and to meet the French aggression at Vera Cruz, France having assembled a part of its navy there in an effort to enforce payment of claims against Mexico.

Q. Who represented England as charge d'affaires to the Republic of Texas, and through what period of time?

A. Capt. Charles Elliot of the British Navy, received the appointment August 29, 1841, but did not assume the post until Aug. 23, 1842, holding the position until Texas was annexed to the United States.

Q. What is the total annual upkeep of all governmental agencies in Texas?

A. The cost for 1936 was \$125,693,992, an increase of \$52,130,271 in the past ten years.

LEGION AID

Mrs. Malcolm Douglas of Seattle, Wash., who was elected president of the Women's Auxiliary of the American Legion at its recent convention in New York. She succeeded Mrs. Osear W. Hahn of Lincoln, Neb., as head of the organization whose membership comprises wives, mothers and sisters of Legionnaires.

at Santa Anna for the manufacture of glass?

A. It has been estimated that enough could be readily obtained there to make at least \$30,000,000 worth of ordinary commercial glassware.

Q. How were Texans divided in 1835 in regard to their attitude toward war with Mexico?

A. There were two factions with strongly opposing views as to methods to be used in dealing with Mexico. The Conservatives favored peaceable efforts to induce Mexico to give Texas statehood independent from Coahuila and resort to war only under direct necessity; the Radicals favored separation from Mexico, were indifferent as to whether Texas was annexed to the United States or became an independent republic, but favored immediate action for independence from Mexico.

Q. When was Wise County created and organized? Who was its first citizen?

A. Wise County was created by the Legislature in 1856, and the county government was organized May 5 of that year with Decatur as the county seat. Sam Woody, a notable north Texas character, was its first settler, locating there in 1854. The county had but a small population until after the Civil War.

Q. By what name was the Radical Texas flag of 1835 known?

A. It was called the Scott Flag because it was used first by a com-

pany organized by Capt. William Scott at his home near Lynchburg in the fall of 1835. It is not known what became of this flag after the Battle of Conception, Oct. 28, 1835 in which it was said to have been carried by James McGahey until he was wounded, when it was turned over to Thomas Bell who was fighting next to McGahey, the flag bearer.

Q. For what are the waste products of the rice industry used and does Texas have factories for utilizing these?

A. Rice hulls are used for packing materials, as a filler for horse collars, for insulating buildings and as a mulch. When processed they are used in linoleum, cellulose and insulating material. The hull ash is valuable in sweeping compounds, as a soap base and as a sound deadener in buildings. Texas is a large producer of rice but has no factories for utilizing rice waste.

Q. How large do watermelons grow in Texas and what county leads in melon growing?

A. A Cass County farmer grew a watermelon this year that weighed 1183 pounds, and sent one that weighed 145 pounds to Gov. Allred. Many Texas-grown melons weigh over 100 pounds but the best commercial size is from 35 to 45 pounds. Parker County leads in growing watermelons for market.

Q. What freighter made the first outgoing foreign trip from the Houston port and with what cargo?

go?

A. The first transatlantic freighter to leave Port Houston was the Merry Mount, which left Nov. 1, 1919, for Liverpool, with 23,300 bales of cotton and 13,513 staves.

Q. What city has the largest number of animals and birds valued at \$85,000.

A. San Antonio, at Brackenridge Park, with 1650 animals and birds valued at \$85,000.

One-Family Homes Being Built

The demand for owner-occupied homes is the backbone of the market for new residential building. One and two-family houses usually provide for about three-fourths or more of all the families accommodated by new nonfarm residential building, according to an analysis of the housing situation by the Federal Housing Administration. Further study shows that the majority of these dwellings pass directly from the builders to owner occupants.

Home Building Loans Under FHA Plan Now Available To Ozonans

The W. K. Ewing Co., San Antonio, Texas, an approved lending agency under the F. H. A. announced in a communication received today that they were extending their lending activities to include Ozona where they will now make loans under the F. H. A. plan on new construction.

The selection of Ozona as a field for lending came on the heels of a survey made by the W. K. Ewing Co., Inc., according to John McQuown of the mortgage loan department. Mr. McQuown added that this survey shows that Ozona is badly in need of additional houses to take care of the increasing demand for homes of modern design.

The Ewing Company is anticipating a volume of business large enough to justify the appointment of an agent, it was further learned. Mr. W. E. White of Ozona is being appointed as their local representative and will be in a position to take applications and answer all questions on this type of loan.

If Your Home Site Is One That Slopes—

Designing Features Possible That Will Be Attractive

When a house is to be built on a hillside, the plan should be specifically designed for a sloping lot. It is a mistake to try and fit a house that has been designed for flat ground to this type of property.

Properly designed, a house on a hill can be made interesting and unusual. Rooms on different levels connected by a few steps, are an entertaining change from the more usual plan. An attempt to adapt an ordinary plan to the sloping lot is likely to have distressing results. Doors are likely to be several feet from the ground, necessitating steps that spoil the continuity of the exterior, or part of the earth is taken out of the side of a hill, and expensive retaining walls must be built.

When a house is designed for a very abrupt slope, the ground level on one side may be a whole story higher than that on the other side. This allows entrances at both levels. Thus a house built on a lot that drops away from the

street finds its front door on the second floor, and the visitor will go downstairs to the living room instead of upstairs to the bedrooms.

On a gentler slope where there is only a half-story difference in grade, the whole house can be designed in half stories, following the grade. All sorts of possibilities exist on a hillside lot.

An architect can draw plans for a house suitable to your lot and your family's needs, and the home may be financed under the Insured Mortgage System of the Federal Housing Administration.

545 Special Game Laws, In Addition To General Laws, Make It Easy Matter For Sportsmen Of Texas To Get Into Jail

Austin, Oct. 13--A sportsman so inclined wouldn't have much trouble landing in jail in Texas.

In addition to the general laws applicable to the entire state, there are 545 applications of special county laws on game, fish and trapping, according to a compilation made today by J. G. Parr, director of research of the Texas Game, Fish and Oyster Commission.

"That doesn't mean there are 545 separate county laws; one special law may be applicable to several counties. But the applications are the same as laws, so that there are 545 ways of getting in jail, not including the general laws," Parr explained.

There are 212 applications of local laws effecting game, including 20 on squirrels, 20 on quails, 64 on turkeys, 121 on deer and nine on doves, Parr said. A total of 218 applications of local laws affect fresh water fishing, two affect the taking of oysters, and 81 govern trapping.

Virtually all of the state's special county laws have been passed since 1925, Parr said. In that year there were no special game laws, and only seven relating to fish. Most of the present special laws have been passed since 1930. The last regular and special sessions of the legislature contributed 47 special county laws relating to game and fish and one general trapping law.

Many of the special county laws provide closed seasons for various species. Four counties have closed seasons on doves, 15 on quails, 43 on wild turkeys, 54 on deer and 87 on fawns.

The game commission, under present statutes, does not have power to regulate open seasons on any species except ducks and geese.

A gold strike in the Big Bend section of West Texas has been reported to the Texas Planning Board's mineral resources committee. The gold is reported to average \$275.00 per ton.

Story "I saw it in the Stockman."

Texas Planning Board engineers have discovered that Texas cedar sawdust, when properly treated and moulded, makes perfect board panels and is an excellent sounding board for musical instruments.

The combined flow of the New Braunfels and San Marcos springs amounts of 295,000,000 gallons per day, or enough to supply nearly one third of the water consumption of New York City.

Woman: "Is this the Fidelity Insurance Company?"
Voice in Phone: "Yes, Ma'am. What can I do for you?"
Woman: "I want to have my husband's fidelity insured."

TO WED GREEK PRINCE

Princess Frederica Louise Christa, twenty-year-old daughter of the Duke of Brunswick, whose engagement to Prince Paul of Greece was announced recently. Prince Paul, brother of King George II of Greece, is her prospective husband. The princess is a second cousin of former King Edward VIII of England.

Young Texan on Broadway

Recognition came to a young Texas actress recently when Miss Gladene Parr of Waco was chosen from among 300 applicants for a role in the latest production of the Theater Guild of New York. The play, "Madame Bovary," opened in Washington and then in New York. Miss Parr is a graduate of the Speech department of the Texas State College for Women, and won a prominent role in "Cavalcade" last summer. While a student in Denton she was named the most beautiful girl and the most outstanding dramatic student on the campus.

a "no host" supper to be given in the garden at the Tandy home in the near future.

Monday's meeting was devoted to an interesting study of early Texas music, with Mrs. Paul Permer as leader. Numbers were presented by Mrs. Madden Read, Mrs. L. R. Townsend, Mrs. Bryan McDonald, Mrs. J. M. Dudley, Mrs. H. B. Tandy, Mrs. L. E. Cox, Jr., and Mrs. Neal Hannah. Three new members Mrs. Eugene Slater, Mrs. J. M. Edwards and Miss Nancy Dawes, were welcomed into the club.

Present were Mesdames Jack Holt, Lee Childress, H. B. Tandy, R. R. Dudley, L. B. Townsend, J. M. Dudley, Madden Read, John Bailey, S. M. Harvick, Charles Williams, Paul Permer, Bryan McDonald, Neal Hannah, Hillery Phillips, Eugene Slater, L. B. Cox, Jr., W. S. Willis, and Miss Nancy Dawes.

Mr. and Mrs. N. W. Graham left this morning for a visit with Mr. Graham's mother at Milano, Texas.

BRIDGE-DINNER HONORS NEWLYWEDS

A bridge dinner complimenting Mr. and Mrs. Pleas Childress, Jr., newly married couple, was given at the ranch home of Mr. and Mrs. Joe Sellers Pierce, III, Saturday evening, with Mr. and Mrs. Dempster Jones and Mr. and Mrs. James Baggett assisting Mr. and Mrs. Pierce as joint hosts for the occasion.

High score prize for the evening's games went to the honored guests, who also were presented with gifts from the hosts. Others present were Mr. and Mrs. Phillip Lee Childress, Mr. and Mrs. Joe Pierce, Mr. and Mrs. Alvin Harrell, Miss Louise Henderson and Jake Mayfield.

The Texas Planning Board's public health committee has enlisted the aid of the State Department of Education in its drive to stamp out preventable, infectious and parasitic diseases. Teachers and students will be taught the fundamentals of good health and the proper measures which should be taken to prevent epidemics.

Wilson Returns From Pontiac Dealer Meet With 1938 Model Car

Lee Wilson, manager of Wilson Motor Co., local Buick and Pontiac distributors, returned Monday from Detroit, Mich., where he attended a nation-wide meeting of Pontiac dealers, gathered to view the 1938 model Pontiacs and to hear plans for the season's selling campaign.

Mr. Wilson received a Pontiac "6" coach at the factory in Pontiac, Mich., driving the new car back to Ozona for the first of the new model showing.

The Detroit meeting was one of the largest assemblies of dealers in automotive history, more than 4,400 dealers from every section of the United States being present for the one-day meeting. An elaborate program of entertainment, with business sandwiched through the day, banquets at each meal for the entire group, were enjoyed by the visiting dealers and salesmen.

SCORES OF MOTORISTS Prove SKID CONTROL of ROYAL Master TIRES

"With HUNDREDS OF ADDITIONAL TRAP EDGES THESE TIRE SKEWERS, the Skid-Stop U. S. Royal Master has introduced a new degree of safety, positive control, even all-weather skidding-hold-outs. The clear-cut edges bite through slippery road film - wipe the water away - eliminate the very cause of skidding by giving every inch of the road a grip, the Royal Master has no more hand-to-hand gripping edges in both directions, and Royal Master gives complete control from both forward and side skid.

You can prove it too, in our demonstration car, equipped with these Skid-Stop tires. Take the wheel and in just ten minutes you'll discover new driving safety.

Look for the Skid-Stop tires on all Royal Master tires.
