## Lions Cop Peace Day Battle From Favored Bronchs

### Locals Get Clean Ride To Upset Sonora By 13-6 Count

The Lions were in the saddle from start to finish last Thursday afternoon when they took the favored Sonora Bronchos for a 13-6 count on the home gridiron in the ninth annual grudge battle between these neighboring teams. Doped for a drubbing, the Lions mounted for a clean ride and a decisive edge in the day's melee.

Captain P. C. Perner showed the way late in the first quarter when he took the oval around the end for 25 yards, placing it on the four, from which point Leath plunged over for the first touchdown. Perner's kick from placement was good for the extra point. Assisting in the touchdown march were Montgomery, Lemmons and Leath, who ripped off part of the yardage in the 62-yard trek for the first marker.

The Lions scored again in the third. Leath paved the way for the second marker when he went up to intercept one of Jim Taylor's passes on the Sonora 39. From that point Howard Lemmons crashed the line for 3 yards, Perner picked up six more, then made it first on the Sonora 28. A couple of more sillies by Lemmons and Perner netted another first and then Montgomery was chased out of bounds on the Sonora nine on an end run. Perner was good for the touchdown on a thrust thru the line. The try for point failed.

The visitors scored their lone tally in the fourth after Taylor's long pass to Elliott which put the ball on the Ozona 16. Taylor, greatest ground gainer of the visiting club, punched the line successfully to put the ball on the five from which point, Fullback Vernon Morris plunged it over for the touchdown. Simmons came back from guard position to try for the extra point from placement, but the kick was wide.

The Bronchos made another serious threat in the second frame only to see their golden opportunity to tie the score at that point go glimmering via the fumble route. That fumble was more heart-breaking for Sonora backers when they reviewed the march to find its origin at the Sonora 28 yard line, where they received the ball on a punt. It was Taylor most of the way in that long march, the big fellow ploughing through for long gains as the Lions seemed unable to stop him. Once a pass to Elliott was good for a sizable gain and Morris once skirted the end for 16 yards to put the ball on the Ozona four. Then a fumble on the second play, with goal to go, and but a few feet at that, cut short the touchdown drive. Johnigan, alert Lion end, snatched the touchdown-saving fumble.

Potent in Lion defensive play were Maurice Lemmons, Couch and Escue. The losers felt the loss of Francis Archer from the backfield early in the game. An injured knee forced the Broncho co-captain and fleet back from the game.

## Electric Organ To Be Demonstrated In Local Church Sunday

A demonstration of the Hammond Electric organ will be given in connection with the morning services at the Methodist Church next Sunday. It was announced this week by the pastor, Rev. Eugene Slater.

The organ is being demonstrated by a San Antonio music firm, sales representatives for the equipment. It will be used in connection with the services at the morning hour and during the afternoon will be further demonstrated in a program of organ music.

Mrs. Jake Short has returned from San Antonio, where she recently underwent an operation.

## Jim Armour, Former Ozona Resident, Is Buried At Sonora

Funeral services were conducted Saturday afternoon in Sonora for Jim Armour, manager of the Ranchogas Co., Inc., of that city, and a former Ozona resident. Mr. Armour died in a San Angelo hospital Friday. He is survived by the widow, his parents, Mr. and Mrs. W. J. Armour of Trent, a brother, Stanley, of Trent, and two daughters, both living at Kilgore.

## Hunters Bring In The Meat As Deer Season Is Opened

### Ozona Party Bags Five Blacktails In Glass Mountain Sortie

Luck seems to be with the hunters this season, while the deer that has so far escaped can claim his birth under a lucky star judging from the parade of big ones seen on running boards and fenders since the opening of the 1937 season Tuesday morning.

The honor of bringing in the first buck of the season goes this year to a visitor, Vale Smart, one of the operators of the skating rink now operating here.

Five Ozonans returned yesterday afternoon from a trip to the Glass Mountain sector bringing back a blacktail buck apiece. They were Batts, Joe and Bill Friend, W. E. Friend, Jr., and R. Gaines of Big Lake.

## Plans For Christmas Party Discussed At OES Chapter Meeting

Plans for a Christmas party for members, their husbands, wives and guests, to be held December 21, were discussed at the regular meeting of the Ozona Chapter of the Eastern Star Tuesday evening.

Members heard reports of the Grand Chapter meeting in El Paso the last week in October from the local chapter delegates, Miss Rachel Schrader and Mrs. Ula Secrest.

Mrs. I. S. Moore, member of the Runge Chapter No. 106, has transferred her membership to Ozona chapter. Mrs. Ted White, Worthy Matron, presided at the meeting.

Present were Mrs. Armenda Runnion, Mrs. Minnie Crumley, Miss Mildred North, Miss Dixie Davidson, Miss Norene Allison, Mrs. Will Baggett, Mrs. Ula Secrest, Mrs. J. A. Fussell, Miss Rachel Schrader, Mrs. Roy Henderson, Mrs. George Bean, Mrs. C. J. Van Zandt, Jack Parker of Eldorado, Will Baggett and R. L. Flow-ers.

## First Half Tax Payment Must Be Made This Month

### Split Payment Plan Deadline Is November 30

Taxpayers who wish to take advantage of the split tax payment plan, whereby the annual tax bill may be paid on the installment plan, or in two equal payments spread over a seven-months period with penalty or interest, must pay the first half installment this month, according to a warning issued this week by W. S. Willis, sheriff and tax collector.

In order to qualify for the split tax payment privilege the first half payment must be made not later than November 30. If such payment is made on or before that date, the taxpayer will have until June 30 to make the second half payment without penalty or interest. The regular taxpaying period ends January 31, taxes becoming delinquent after that date.

## Chas. E. Hale, 54, Sheffield Garage Proprietor, Dead

### Funeral Held Monday For Man Well Known To Ozonans

Funeral services were held Monday afternoon from the Community Church in Sheffield for Charles Edward Hale, 54, garage and filling station operator at Sheffield for the last 14 years and well known throughout this section of West Texas.

Mr. Hale died Sunday morning in a San Angelo hospital, where he recently underwent an operation. He had been confined to the hospital since late in October.

Members of the Masonic lodges of Ozona, Fort Stockton and Iraan had charge of services at the graveside. Rev. Morris of Sheffield conducting the rites at the church. Joe Oberkamp's funeral directors were in charge of arrangements.

Mr. Hale was born in Cuba, Mo. He had resided in Sheffield forty-two years. Surviving are the widow, one son, C. E. Hale, Jr., one daughter, Mrs. Dave Poole, and six grand children.

## BRIEF NEWS

### WINK MINISTER HERE

Rev. John L. Roden, pastor of the Baptist Church at Wink, will occupy the pulpit at the morning hour here Sunday in the Ozona Baptist Church.

### VISITS IN HOUSTON

Mrs. W. H. Augustine and daughters, Mrs. Hilton North and Miss Wayne Augustine, and Mrs. North's small daughter, Mary Ann, have returned from Houston where they spent last week visiting Mrs. Helen Taylor, another daughter of Mrs. Augustine.

### BACK FROM ANGELO

Mrs. Max Schneemann has returned from San Angelo, her infant daughter, born recently in a San Angelo hospital, remaining in the hospital for further care. Attending physicians say the baby will be in condition to be brought home about January 1.

### ATTEND GAME

### CORPUS CHRISTI VISITORS

Mr. and Mrs. D. E. Jackson of Corpus Christi stopped off for a brief visit here Sunday with Mr. and Mrs. A. W. Jones. They were on their way home after a visit in El Paso. Mrs. Jackson is a sister of Gilbert Noakes of Corpus Christi, son-in-law of Mr. and Mrs. Jones.

### LAD IS CONFIRMED

Confirmation ceremonies were held in the Jewish synagogue in San Angelo Sunday for Bobby Lemmons, son of Mrs. Ben Lemmons of Ozona. A reception at the church followed the services.

### NUT PICKING TIME

It's nut picking time in West Texas as pecan trees give up their crop. A familiar sight around this time of year is the daily crowds in the downtown park hurling missiles of various description into the tall pecan trees in the park in an effort to coax down the luscious nuts. Caretaker Bill Littleton was on the job yesterday, accommodating with a long fishing pole, with a big gathering of eager pickers on the job to fill all available pockets.

## STOCK SHOW JUDGE

Alexander Ritchie, manager of King George's royal farm at Windsor, England, who is judge of the steer classes this year at the International Live Stock exposition in Chicago. He succeeds Walter Biggar of Dalbeattie, Scotland, who has judged the steer classes at the show 12 times in past years. B. H. Heide, manager of the exposition, reports that cattle judges from foreign countries have officiated every year since the first show, in 1900.

## Lions Wind Up 1937 Season At Eldorado Sat.

### "Hold Down Score" Is Watchword As They Face "Champs"

Coaches Ted White and Jake McCulley will throw their Lions "to the Eagles" next Saturday in the season's finale for the year 1937. And a tough assignment is the season winder-upper.

Needing only to hurdle the Ozona crew for a district championship, the Eagles, who have brushed aside all district opposition to date, are expected to do no less with the Lions. In fact, the watchword around the Lions training camp this week has been "hold down the score."

With three straight wins in as many starts recently, the Lions are in excellent spirits to do just that if it is humanly possible to stem the tide of the Eagle rush. It may not be such a whale of a good ball game from the standpoint of the local rooters, but the Lions will go in with the determination to give the champs "all they've got" and then pat the big fellows on the back and assure them we'll be rootin' for 'em in the coming bi-district and regional combats.

Out of nine starts to date, the Lions have emerged the conquerors in five. Two of the victories have been district games, Menard and Sonora, and two losses have been district contests, Junction and Rocksprings. Others vanquished by the locals were Rankin, San Angelo Junior High and Grand Falls. Iraan and Big Lake took non-district games from the Lions.

## Ford Crew Off To View 1938 Edition At Dallas Showing

W. J. Stevens, manager of the Stevens Motor Co., local Ford agency, Bryan McDonald and Roger Dudley, Jr., local salesman, and Marshall Queen, salesman at Big Lake, left yesterday morning for Dallas where they were to have a view of the 1937 edition of the Ford V8 and to hear plans for the selling campaign about to get under way.

One of the new cars will be on display here in the next few days.

## 3 GET DRIVER LICENSES

Three commercial driver licenses were issued by state examiners who were here Tuesday afternoon to conduct examinations for applicants for drivers licenses under the new state law. Elton C. White of San Angelo is in charge of this district for examinations. The examiners will be here each Tuesday afternoon.

## Swallows Nail!

### Second Grader Suffers No Ill Effects, However, From His Course Diet

While playing with a smaller brother in the bedroom of his home early in the week, Rolan Phillips, pupil of the second grade here, felt something fall into his mouth, swallowed, and as the object went down, realized it was a nail.

The nail, evidently fell from the ceiling and landed in the boy's mouth. He was back in school yesterday, apparently suffering no ill effects from the unusual diet.

## Winter Lays Finger On West Texas; Frost Here Tuesday Night

Winter laid its finger on West Texas this week as chill winds from the blizzard ridden regions to the north swept down on the still verdant stock raising sector. The first "spell" of the Winter season brought a heavy frost Tuesday night that wrote fins to local gardening activities and brought a blush of autumn color to leaves of trees.

## Missionary Worker Addresses Meeting Of Church Women

Mrs. J. W. Downs of Nashville, Tenn., administrative secretary of the Home Department of the General Board of Trustees of the Southern Methodist Church, addressed a group of women of the Ozona Methodist Church at a special meeting here last Friday evening.

Mrs. Downs spoke on the subject, "What Shall I Do To Be Saved, as a Person, Church and Nation." God as the only means of world peace was the theme of the mission worker's message. Accompanying Mrs. Downs to Ozona were Mrs. Seth Craig of San Antonio, president of the Woman's Missionary Society of the West Texas Conference, Mrs. Don Redmon of San Antonio, secretary of the West Texas Conference, and Rev. Redmon, who is pastor of Government Hill Church in San Antonio.

## Men's Bible Class Hosts At Oyster Supper And Social

About forty men of the Methodist Church and their guests from other churches of the town enjoyed an oyster supper and an evening of fellowship in the basement of the church Friday evening, the Men's Bible Class of the church acting as hosts of the evening.

After the supper, a sing-song was followed by a number of games. Among the out-of-town visitors were H. M. McGlothlin, Dr. A. Helbing of San Angelo and Barnhart, and J. F. Miles of Barnhart.

## Bible Study Topic Missionary Society

The Book of James was discussed by Mrs. Eugene Slater as a feature of the study program of the Methodist Church Society in its session at the church yesterday afternoon.

There will be no meeting of the society next Wednesday, it was announced, on account of the Thanksgiving holiday. The following week's meeting, December 1, will be devoted to a Harvest Day program and election of officers for the coming year.

Present for this week's meeting were Mrs. Joe Pierce, Mrs. J. A. Fussell, Mrs. N. W. Graham, Mrs. Scott Peters, Mrs. J. W. Henderson, Mrs. Floyd Henderson, Mrs. Will Baggett, Mrs. Slater, Mrs. L. B. Cox, Mrs. Charles Coates, Mrs. Welton Bunger, Mrs. Roger Dudley, Mrs. Nadine Bernays, Mrs. Stephen Perner and Mrs. Charles Williams.

## Red Cross Drive Held Open With Total Near \$300

### Persons Not Solicited Urged To Enroll To Reach Goal

With the financial goal of \$390 three-fourths subscribed and the membership goal of 230 already "over the top," the annual Red Cross Roll Call drive, which got under way last Friday morning, is being held open this week for a final "mopping up" in an effort to reach the quota set for the local chapter.

A crew of earnest and enthusiastic workers, under the direction of Roll Call Chairman Eugene Slater, took the field for a systematic canvass of the town by sections last Friday and Saturday. A preliminary check-up yesterday showed a total of \$288 subscribed to the mercy organization and a membership enrollment of 247 accounted for. A few scattering reports are yet to come in, and the workers are continuing through this week in an effort to over-subscribe the quota.

The national Roll Call drive officially opens Armistice Day and continues until Thanksgiving. However, the local chapter organization had hoped to reach its assigned quota in a whirlwind two-day drive Friday and Saturday. Although splendid results were obtained by the working crew in those two days, they reported failure to contact a large number of persons on their respective lists.

An appeal has been issued from the chapter workers for voluntary enrollments the balance of this week. The membership list is being prepared for the purpose of checking against a list of residents, with a view to making further solicitations. However, persons who have not yet had opportunity to subscribe to this cause may do so by calling at the Ozona National Bank, the Ozona Stockman or by contacting any of the Roll Call workers. Such voluntary contributions will reduce the task of the committee in giving every person in the county an opportunity to join.

## Former Teachers In Local Schools Get Promotions

### Miss Harrison To U. T. Faculty; Williamson To Waco High

Miss Ludee Mae Harrison, who started the Commercial Department in Ozona High School, and who resigned her position in the year of 1934 to assume a similar position in Abilene High School, was recently elected to the faculty of University of Texas. During her three years in Abilene Miss Harrison had entries in both typing and shorthand in the State Interscholastic League in Austin. In 1935 her typing entry won first place in the State.

Miss Lucille Williamson, who taught English in Ozona High School for four years preceding her election to a similar position in Ballinger in 1934, has recently become head librarian in the new North Junior High, Waco, while in Ozona, Miss Williamson did much to build up the high school library and to establish a standard cataloging system.

Super Heated Homes Cause Much Illness During Cold Months

Austin, Nov. 17.—"With colder weather on its way to Texas, it's time to think about home temperatures during the winter months," states Dr. Geo. W. Cox, State Health Officer.

"There is evidence that thousands of homes are constantly overheated during the winter. In fact, many families tolerate an indoor temperature during the colder months to which they would and do strenuously object in the summer. Such persons are not only uneconomical with their fuel supply, but are endangering their health as well," Dr. Cox continued.

"People living in homes with overheated temperatures become soft, the system is weakened and is at a decided disadvantage in defending itself against the sudden change from a too great intramural heat to the penetrating cold.

"Consequently colds, bronchial troubles and pneumonia, taking advantage of the situation, step in and do much unnecessary, and not infrequently, fatal damage. You will agree that this is entirely too high a price to pay for a few extra degrees of unneeded heat.

"We all know families who are starting on their annual scourge of colds and sore throats. But this does not alter their affinity for super-heat. They ignore the fact that 68 to 70 degrees is the best temperature. A thermometer kept within that range, plus proper hu-

September Livestock Shipments From Ft. Worth Show Gains

Austin, Nov. 17 — Forwardings from Texas to Fort Worth stockyards and interstate points during September of all classes of live stock totaled 7,704 cars, compared with 4,247 cars during September last year—an increase of 81 per cent, according to the University of Texas Bureau of Business Research. Cattle shipment, 3,996 cars, compared with 2,529 last year, gained 58 per cent; shipments of calves, 1,830 cars, compared with 857 cars, increased 113 per cent; hog shipments, 638 cars, compared with 354 were up 80 per cent; and sheep forwardings, 1,240 cars, compared with 507, gained 146 per cent.

Shipments of all classes of live stock to the Fort Worth market maintained a wide margin of increase over September last year; and forwardings of cattle, calves, and sheep direct to feeding areas in Kansas, Missouri, Iowa, Illinois, and other corn belt states were several times those of September last year.

Columnist Endorses Christmas Seal Sale

Dorothy Thompson, political columnist of the New York Herald Tribune, commenting on the annual Christmas Seal Sale says: "What pleases me about the Christmas Seal idea is its extreme simplicity. Everybody wants to fight tuberculosis, and everyone is bound to be interested—as an egoist and an altruist. The Christmas Seal campaign wins support because there are no solicitors to pester the life out of one. I like both the cause and the technique."

This month people throughout the United States will have an opportunity to contribute by mail to the campaign against tuberculosis supported by the sale of Christmas Seals. Letters enclosing consignments of Seals, to be sent on approval to thousands of Texas citizens, are now being prepared in the office of the Texas Tuberculosis Association and its affiliated local organizations. The recipient is privileged either to mail his contribution in the return envelope which is enclosed or to return the Seals.

Texas U. Library One Of South's Largest

Austin, Nov. 17—With over 531,000 volumes, the library of The University of Texas is well on its way to becoming one of the great libraries of the country, according to Donald Coney, University librarian. On August 31, 1937, the University library contained 531,454 volumes.

"With the beginning of the University year," Mr. Coney said, "the University Library gives every promise of passing the 550,000 volume mark by September 1, 1938. Already the largest and most important library in the South, it will, with the continued support of the Legislature and the citizens of the State, be able to hold its place in this respect without difficulty. Continued growth of the library is necessary to support the expanding program of research at the University, and to provide study materials for the rapidly increasing undergraduate student body."

Mr. and Mrs. Clay Adams were here this week from their ranch near Pumpville.

MRS. NORTH IS SUNFLOWER HOSTESS

Mrs. Joe North entertained members of the Sunflower Club and guests with four tables of play Tuesday afternoon. Mrs. Charles E. In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

Q. Who followed Garay in a futile effort to settle the Rio de las Palmas territory?

A. Nuno de Guzman, who received a commission from the King of Spain as governor of the Panuco country and arrived at Santiestavan on the Panuco in 1527, where he proceeded with great cruelty to exploit the natives and started a slave trade. Hearing that there were still greater riches among the Rio de las Palmas (now Rio Grande), and claiming all "Amichel" as his territory, Guzman sent Sancho de Canedo to settle a colony there, which was thwarted by warring natives.

Q. What was the relative strength of the "conservatives" and "radicals" in Texas in 1835?

A. There is no way by which the numbers may be determined, but at the consultation of Nov. 3, 1835 there were 15 votes for an immediate declaration of independence (the "radical" or "war party" view) to 35 favoring a continuation of conciliatory efforts (the "conservative" or "peace party" attitude). Probably this fairly represents the division of sentiment in Texas at that time.

Q. Were there any general discussions of Texas statehood in efforts to agree upon policies as to Texas independence?

A. The only conventions (more properly called consultations) at which independent statehood for Texas was discussed, immediately prior to 1835, were at San Felipe in 1832 and again in 1833, at both of which both "radical" and "conservative" views were expressed, at times emphatic and bitter terms, the differences being merely as to policies. There were also mass meetings throughout Texas at which excitement ran high, but there was little or no sentiment for separation from Mexico prior to the threatened invasion of 1835.

Q. Were any "conservatives" punished or run out of Texas after "radical" views prevailed in 1835-36?

A. All real Texans became "radicals" at the approach of the Mexican Army, although only a short while before Provisional Governor Henry Smith had been deposed by the "conservative" council for his "radical" position. The invading army brought about a united but unorganized Texas for Texas independence, but there was still a sad lack of military control and discipline. Naturally some Mexican sympathizers left Texas rather than fight Mexico, and there was the usual intolerance that war always creates.

Q. What was known as the Matamoros expedition and what resulted therefrom?

A. Following the consultation of November, 1835, Dr. James Grant, ignoring General Houston's position as Commander of the Texas Army, began organizing volunteers for a march on Matamoros, in which he was encouraged by the then militant council, Col. Frank Johnson and J. W. Fannin, raised a small force to join Grant's expedition, virtually setting aside regular army authority. The result was almost complete extermination of the volunteers at San Patricia, Refugio and Goliad, loss of military discipline and army morale, and the inevitable defeat at the Alamo.

Q. How is the work of the 25 Highway Divisions in Texas controlled and directed?

A. By a State Highway Commission, at present composed of Robert Lee Bobbitt, chairman, John Wood and Harry Hines, and a state highway engineer, (now Julian Montgomery). The state engineer acts with the commission in an advisory capacity and has no legal executive responsibility except that given by the commission. He is held responsible for the conduct of the personnel and the efficiency with which the work is done.

Q. What Baptist church, the first in that section, did Gen. Sam Houston help erect in Liberty County? Who were its charter members?

A. Concord church, a log structure about 20 miles from Liberty and midway between the Houston and Ellis plantations, built in 1845 by slaves belonging to Houston and Ellis. Charter members were Margaret Houston, wife of Sam Houston; Mrs. Nancy Lee, mother of Mrs. Houston; Antoinette Bledsoe, sister of Mrs. Houston; Benjamin F. Ellis; Joseph F. Ellis, brother of Benjamin, and A. B. Worsham, brother-in-law of Ellis. Houston did not join the Baptist church until 1854, at Independence.

Q. Who were the first four Spaniards to receive grants from the king of Spain to the territory that included the present State of Texas?

A. In the order named they were Francisco de Garay, Nuno de Guzman, Pamphilo de Narvaez, and Hernando de Soto, who were to be governors of the territory over which their grants extended.

Q. In what capacity did Alvar Nunez Cabeza de Vaca, accompany the Narvaez expedition to the Gulf coast?

A. He was the king's collector, treasurer and high sheriff, entrusted with the funds of the expedition, and whatever revenues Spain might receive under the contract with Narvaez. He became the historian of the expedition.

Q. Into how many divisions is Texas divided for the work of the State Highway Department and how are the divisional headquarters equipped?

A. There are 25 division headquarters with a division engineer in charge of each. Each division has a modern office building, together with shop buildings, warehouses, paint shops, blacksmith shops, and all necessary equipment for efficient work of that division, all of which is the property of the State, regularly inventoried and carefully kept checked.

Q. What induced Narvaez to make an inland exploration from the northwest Florida coast and to allow the ships to leave?

A. He met Indians there wearing gold trinkets and asked them where they obtained gold. They pointed north and replied "Apalachen." Narvaez proposed search for the golden "Apalachen," but dissension arose, and he told those who did not want to accompany him to take the vessels and go in search of Rio de las Palmas where the others would follow later. About 300 followed Narvaez. The vessels continued west some distance, then returned and not finding the explorers there, after about a year the party sailed for New Spain (Mexico).

Q. Did Narvaez find "Apalachen"?

A. They found a frail, mud-hut village, but no gold. After much suffering from hunger and sickness those explorers who had not died returned to the coast, built five small, crude barges and on Sept. 29, 1538, the 249 survivors crowded into these and started again in search of the Rio de las Palmas.

## HUNTING SEASON IS NOW ON!

By Norman Rendall

Now that hunting season is underway one may hear this topic by listening in on the many "bull-sessions." You can always hear the dangers discussed in a jocular manner but you never, or hardly ever, hear them discussed in their true, dangerous, and deadly light.

Hunting is one of the most pleasant past-times known to mankind, but it is probably the most deadly, too. A "green-horn" hunter is very likely to fire at any rustling in the brush, any noise, or any flash of color that comes into his perception.

Some very good rules for a hunter, beginner and experienced hand alike, to observe are:

I. Always unload a firearm before crossing a fence or any other obstruction.

II. Never point a gun, loaded or unloaded, in the direction or general direction of anyone.

III. Always carry a gun with the muzzle pointed down.

IV. Always make certain of your target before shooting.

V. Never carry your firearm without the precaution of making sure that it is on safety.

VI. Always be sure that the lock of your rifle is tight; this may save your life.

VII. As David Crockett said, "Be sure you are right, then go ahead."

## NEW ORGANIZATION

The biology class, consisting of the boys of the Freshman Class, and the girls of the Sophomore Class, have organized a Science Club. At our first meeting we elected officers who will fill the following positions:

Lois Jones, president; Lesley Christensen, vice-president; Bobby Lemmons, secretary and treasurer; Dorothy Hannab, reporter; Mary Bess Parker, sergeant at arms.

Our problem is to collect interesting specimens and study their life history. A care-taker will serve voluntarily, a new one serving each week.

## PHYSICS CLASS

The Physics Class has been making a barometer to study atmospheric conditions. A tube closed at one end is filled with mercury and set into a bottle partly filled with mercury. A change of the density of air will cause the mercury to rise or fall in the tube. The average height at sea level of the mercury in the tube is almost 30 inches. If the mercury falls two or three points under average and there seems to be a good deal of moisture in the tube, it will probably rain.

## HAVE YOU READ THIS?

As far back as I can remember I have had a horror of being dependent upon my children in my old age. I had planned in every possible way to insure my independence. When declining health and declining finances left me no alternative but to live with my daughter, my first feeling was one of bitterness.

This may be found under, "I Am the Mother-in-Law in the Home," in the Reader's Digest for November, 1937.

## REFERENCE BOOKS

The Book of Knowledge, a set of reference books of which the high school is very proud, is now on the library shelf in the study hall. The books are bound in beautiful red leather; however one is not so interested in the bindings, as in the inside print. The books have large print, are full of interesting pictures, and have articles in them that are easily understood.

## SEVENTH GRADE NEWS

The Seventh Grade had some valuable characters in the play, "Bobby Shaftoe," and the skit entitled "Waiting for a Train." They were:

Robert Hartgrove, minister; Mary Faye Lucas and Dorothy Capps, dancers; Billy Hannah, the bad boy; Frances Bean, a college girl; Gem Ella Dudley, a Spanish Senorita.

The Seventh Grade has two new pupils, John and Mildred Fletcher. They are from Arkansas.

## WATCH FOR THE

THANKSGIVING EDITION OF THE LIONS ROAR NEXT WEEK

## P. T. A. MEETS

The P. T. A. met Monday at three-thirty in the high school auditorium. A business meeting was held first. Mrs. Madden Read, the former secretary has resigned and Mrs. Strick Harvick has taken her place for the remainder of the year.

Following the business meeting was a program lead by Mrs. Harvick.

\*A Mother's Hymn—Sung by Mrs. H. B. Tandy; accompanied at the piano by Mrs. Neal Hannah.

Mental Hygiene—A talk by Miss Demmer.

A string trio consisting of Mrs. Hannah, Billy, and Dorothy, accompanied Mr. Hannah, who sang "The Old Refrain," by Fritz Chrysler.

Mrs. Harvick gave reports on the grammar school grades and the high school.

Refreshments were served in the H. E. department by the hostesses: Mesdames Massie West, Sam Beasley, Taylor Word, N. E. Rendall, Sid Schwalbe, C. E. Davidson, Jr., Hillery Phillips, Ray Piner, Hugh Childress, and W. E. Lucas.

The Ozona Lions are out practicing this week for their final and hardest game of the season

## WHAT THEY ARE SAYING ABOUT THE LIONS

"Presenting a powerful display of offensive football machinery, the Ozona Lions tore a 20-7 victory from the Cowboys."

"Montgomery, quarterback, was reminiscent of his brother, Vic, of T. C. U. fame."

"The entire backfield, led by Montgomery, showed good blocking form and perfectly executed plays."

"In the Ozona line Johnigan, Lemmons and Chapman were outstanding."

"Captain Perner led the seige with a bevy of ground eating runs."

"H. Lemmons played his best game of the season."

"Couch subbed in and out of the tilt to the loser's lament."

"A big boy named Haskell Leath was largely responsible."

## PROWLER'S COLUMN

By Maurice Lemmons

We wonder if William B. M. and Howard L. had a good time in Del Rio last Saturday.

I have just found out why Welton B. goes over to Sonora about every other day. I don't blame him either.

It looks like Joe C. and Mickey C. are running a race to see who can get the most gossip on each other.

By the way Boyd, who was the little blond from Sonora you were escorting last Thursday night?

I wonder what kind of mission Clifton T. and some of his friends were on when they took a little cruise over to Comstock last Saturday night.

Before P. C. gets out of high school he should be a very good speaker or maybe a song director.

I wonder if Crystelle C. suspected anything over that telephone call she received last Thursday night.

I wonder what the thoughts were of a couple of boys from college that were here last week-end.

I wonder what Lurinne T. was day dreaming about in the fifth period Monday evening.

A certain girl has quit skating all of a sudden. Could the reason be Smarty's being away on a hunt.

ohs—

## SECOND GRADE NEWS

The Second Grade is very proud of its new window curtains. They add much to the comfort and attractiveness of the room.

We want to thank all the mothers who made it possible for us to have them.

While playing with his little brother, Rolan Phillips swallowed a shingle nail and had to be taken to the hospital in San Angelo. We miss Rolan and hope that he will soon be able to come back to school.

Billy Hoover was absent Friday because of illness.

Mr. Word brought us a window box and some deer horns.

## FOURTH GRADE NEWS

Citizenship Club

By Rosalee Lemmons

We organized our Citizenship Club Friday morning. We have four committees in our club. The names of them are: Safety-First, Thrifty, Character Study, and Good Manners. We elected Barbara White, president; Ruth Town send, vice president; Joyce West, secretary; Nan Tandy is chairman of the Safety-First; Arthur Byrd Phillips is chairman of Thrift.

Each committee has about five or six workers on them. Chappo Morrison is chairman of Character Study, and Charlene Williams is chairman of Good Manners.

The Thrift Committee will try to help pupils to be more careful with paper, pencils, books, coats, and caps. Its program will concern good ways to be thrifty.

The Character Study committee will try to show how to be good citizens. Its program will be about people who are unselfish, dependable, loyal, cheerful, honest, courteous, and accurate.

The Good Manners committee will try to show how to do things politely; how to answer the telephone; how to introduce your mother to your teacher; how to be polite in the school room and at home. Its program will be about good manners.

The regular Scout meeting was held at the band house Wednesday night. There were 26 present.

The next Court of Honor will be held in the new Scout Cabin. The cabin will probably be finished the next three weeks.

Guinn Carruthers gave an informal talk on the merit badges boys he teaches might be able to pass. Boys of his class plan to make small pieces of furniture for the Scout cabin, including plaques for the walls, stools, lamps, etc.

Patrols will be reorganized later. There will be four patrol rooms. Scouts will be responsible for getting the rooms in order. Water is to be furnished from the windmill and tank on the hill and the West Texas Utilities Co. will furnish electricity.

The Camporee of the "Ranch District" will be held here the first week in January. This will be discussed later.

Miss Frances Buster is about the proudest girl at Texas Christian University, for she has just been elected "Sweetheart" of the Horned Frog Band, the most-coveted co-ed honor on the campus. Frances is a sophomore and plans to study medicine. Her hobby is collecting bugs and butterflies and she "just loves to visit the zoo." Her home is in Fort Worth, where her father is principal of one of the junior high schools.

### Practical Cookery

Dept. Home of Economics  
Texas State College for Women

Denton, Nov. 3—A wintry evening, with blazing logs in the fireplace, and the children are having a party. To mothers who have not learned the doughnut secret, such parties may be more of a headache than a pleasure, but the wise ones know as much fun as the children. Doughnuts can be kept fresh in wax paper and cookie jars, and nothing is better for cold weather refreshments. They will be more for your child's social success than a new bicycle.

**Sweet Potato Doughnuts**  
(About 40 doughnuts) Force peeled and skinned sweet potatoes through a sieve or ricer to make one cup. Add one cup brown sugar, two eggs (beaten), and four tablespoons softened butter. Mix well. Sift five cups flour, three teaspoons baking powder, one-fourth teaspoon soda, one teaspoon salt, and one-half teaspoon nutmeg. Add to potato mixture alternately with one-half cup sour milk, or orange juice. Roll to about one-half inch thickness on lightly floured board, and cut with doughnut cutter. Let stand a few minutes before frying in deep fat (375 F. or hot enough to brown a cube of bread in 60 seconds.) As soon as the doughnut rises, turn and fry until brown. Turn again and brown other side. Drain on absorbent paper. Serve with mince or hot coffee.

**Molasses Doughnuts**  
(30 to 36 doughnuts) Sift five cups flour, one teaspoon salt, one teaspoon soda, and one teaspoon ginger. Mix two eggs (beaten), one-half cup sour milk, one-half cup molasses, and two tablespoons melted butter. Add liquid mixture to dry ingredients. Use more flour if necessary to make dough stiff enough. Roll to about one-half inch thickness on lightly floured board. Fry in deep fat heated to 375 F. or until a cube of bread browns in 60 seconds. Turn doughnuts as soon as it rises. Fry to golden brown on both sides. Drain on absorbent paper and sprinkle with powdered sugar. Serve with hot coffee.

### Raised Doughnuts

(About 30 doughnuts) Cream four tablespoons butter and add gradually one-half cup sugar. Add one cup scalded milk which has been cooled to luke warm. Then, stir in one-fourth teaspoon salt, one-fourth teaspoon mace or nutmeg, one egg (well beaten), and one cake compressed yeast, dissolved in one-fourth cup luke warm water. Add rough flour (about four cups) to make a moderately soft dough. Knead lightly. Place in greased bowl. Cover and let rise in warm place about one and one-half hours or until about double in bulk. Turn on lightly floured board. Roll to about one-third inch in thickness. Cut with small doughnut cutter. Place on lightly floured board and let rise until light. Fry in deep, hot fat (375-385 F.) with side up which was next to board. Turn when under side is brown. Cook about four minutes or until golden brown and well done. Drain and sprinkle with powdered sugar. Serve with hot coffee or mocha chocolate.

#### Horses Versus Cars Again

Denton, Nov. 10 — Horses and mules evidently still have an edge on the "horseless carriage" in Texas, there being over a million of them as compared with about 950,000 automobiles according to the 1936 tax figures. However, they are just worth twenty-five million dollars, while eighty-seven millions are invested in Texas automobiles. This valuation for cars is almost a million higher than in 1935, but the number of cars has decreased. Texans seem to be going in for quality rather than quantity in transportation.

#### Run, Gobbler, Run

Wild or tame, old man turkey is in for it now. If he's wild his gloomy season starts November 16 and lasts through December 31, when both north and south zone hunters are welcome to make him a target, providing they don't kill more than three gobblers a season. However, there are 39

### Reims Cathedral Fully Restored

counties without open season at any time, so he might try hiding.

The fate of tame turkeys is even more inevitable, especially in this state, which has the largest turkey crop in the world. Besides the home supply over 1600 carloads of this Thanksgiving favorite are shipped out annually. Cuero, center of the industry, has a yearly "Turkey Trot", when thousands of the birds are driven down the main street of town.

#### Trailers March On

Trailers away! Modern prairie schooners are making great headway in Texas, judging from the increased number owned during the past ten years. There are now 45,000, which is an increase of more than 500 per cent over those owned in 1926. Since automobiles have only increased 25 per cent,

the size of this figure can be appreciated in comparison.

#### Lighted Up

A very shocking fact is Texas, considering the amount of electric power harnessed and functioning today. With about 250 electrical generated stations operated by around fifteen major companies and fifty or sixty local companies, the total investment is more than \$300,000,000. Contribution of 1936 is the development of rural electrification, which is spreading through all parts of the state.

## An Artistic Small Home Conveniently Arranged

Here is a Cape Cod colonial design that is convenient and practical. With three bedrooms on one side, artistically offset to provide ventilation for all rooms, it recommends itself from the standpoint of comfort and convenience. A long hallway gives entrance to all rooms. Two baths, conveniently arranged will be an appreciated feature. An arch connects the living room and dining room.

The plans for this and other homes in this series are drawn to true scale and could be converted into working plans by your local contractor. Estimates too, could be given by him.

The W. K. Ewing Co., Inc., San Antonio, Texas, will finance the above home under the F. H. A. plan.

### Architecture Determining Factor

A distinctive entry is a key to a house. It is here the visitor gains his first impressions. The type and style of a house should be considered in choosing a door, and only one that suits the architecture should be used, regardless of the owner's desire for the picturesque.

### Glass Use in Bathroom Practical

A modern bathroom has the tub set in an arched recess backed by a panel of structural glass. The effect is a light room with utter privacy.

### Questions and Answers

Q. How far should a concrete footing under a chimney go down for a one-story house?

A. All footings should be designed of a size to adequately support the load to be carried. They should extend below the frost line prevailing in the neighborhood.

Q. Is there any way I can use the fireplace in one room to heat another?

A. Yes. There are several space heaters on the market that use either warm air ducts or circulating hot water to carry the fireplace heat to other rooms.

Q. What would cause excessive springiness in our living room floor?

A. They should be examined by a competent carpenter. The floor joists may be too small or too

widely spaced or not sufficiently braced with bridging. Remember, however, that all wood floors have a certain amount of spring.

### BATHROOM SPACE CAN BE FOUND IN MOST HOUSES

Our ideas of bathrooms have changed in the last two or three decades, both as to the number required and the finish and equipment of the rooms themselves.

Many houses that are otherwise completely livable and structurally sound lack sufficient modern bath conveniences to be eligible for financing under the terms of the Insured Mortgage System of the Federal Housing Administration.

Frequently the money spent on adding a bathroom or making over an old one will come back manyfold by making the house more marketable. Many old houses have small rooms or large closets that can be converted or some of the excess hall space may be used to create an additional bathroom.

An ingenious architect can usually find some spot that can be used, and the physical difficulties of installation can be overcome with a little careful planning.

### New Lock Helpful Device

Locks that will hold a sash at any desired opening are on the market and are a boon to the owners of one-story houses. The window may be opened from top or bottom or both and locked in place

## The LUMBER That Goes Into Your Home

Home is what you make it — and this is certainly true with respect to the lumber which goes into your home. Dependable lumber used throughout your home will make it more livable; it will save trouble and expense in upkeep, and will put you money ahead in the end. So when you build or remodel, consider this — the lowest estimate may not be cheapest for you. Make sure your estimate covers good quality lumber. That's the kind we supply. See us for particulars.

### Crockett County Club Boy Enters Sutton Wool Show

#### Phillip Schneemann Is First To Gather Demonstration Flock

A list of rules and regulations governing the 4-H Club wool show held in Sonora June 16 and 17, 1938, has been received here from County Agent C. J. Van Zandt. Only one Crockett County club boy has made plans to enter this year's demonstration. Phillip Schneemann, son of Mr. and Mrs. Max Schneemann, has selected a flock of 70 ewes upon which he will keep records of care and production, the wool clip to be entered in the show, along with his records of the flock handling. Several other local boys are planning to enter the competition, the agent says.

The complete list of rules and regulations of the show follow: 1. The club boy must own his sheep and operate his demonstration as a distinct unit or keep a record of all practices pertaining to all the livestock carried in the same pasture. 2. There will be no limit on the maximum number of sheep involved but there must be a minimum of 25 ewes to carry 12 month wool and 30 ewes to carry short wool. 3. There will be no restrictions governing the type of sheep selected, the care, feed, etc., given or the method of preparation of wool, etc. 4. The demonstration must be organized and subject to inspection not later than November 15. 5. Inspection of flock is to be made by neighboring county agricultural agents. 6. The demonstration will involve bred ewes, two years old or older in the spring of 1938. 7. A complete record of the demonstration must be kept on all the sheep owned by the boy. 8. The records must show the shearing dates for 1937 and 1938, history, costs, receipts, numbers involved and inventories. 9. Record books will be judged on: (1) Completeness, (2) Efficiency of production (profit not to include increase in value of original stock but is to be considered on the basis of pounds of wool and percent of lambs produced.)

### Huntsman Uses Gun and Camera

Armed with a big gun and a miniature camera, this duck hunter waits in his blind for some of the winged targets to come along. This snap of a snapping nimirod was taken on Tawas lake, far-flung preserve in the northern part of Michigan's lower peninsula.

A standard record book for this type of demonstration is to be printed soon by the Extension Service. 10. There will be two separate prize lists, one for wool and one for record. 11. The prize lists will provide for sacks of wool, both 12 and 8 months, individual fleeces not to exceed 5 fleeces from any one county and record book of the flock demonstration of the boys exhibiting bags of wool. 12. The bags of wool will be judged on the basis of value per fleece, consideration being given to weight per fleece, length of staple, fineness, color, shrinkage, character and preparation for market. The single fleeces will be judged according to the standard wool show classification. There will be separate classes for 12 months wool and 8 months wool. 13. An exhibit of a bag of wool will consist of 20 fleeces of 12 months wool or 30 fleeces of 8 months wool, taken at random from the entire number of ewes of breeding age owned by the boy, and these must be delivered in standard type wool sacks. 14. Shearing of 4-H Club flocks must be supervised by some disinterested party suggested by the county agricultural agent. 15. The most practical type of wool sale will be made of the wool exhibited.

16. The dates of the wool show will be June 16 and 17, 1938.

Sermon subject, morning hour: "Let Us Forget." 11 a. m.  
Sermon subject, evening hour: "Future Recognition or Shall We Know Each Other There?" 7:15 p. m.

A marked increase in attendance and interest by not only members but by our neighbors and friends is indeed encouraging and we sincerely hope that this will be characteristic of all services of the church in the future. The subject for the evening is an interesting one of many, should be to all, yet some may be confused about the matter and some, we are sure, are convinced that we will know each other and others that we will not, so in either case we shall be very glad to have you present that we may, if possible, find out just what the Lord has said and then be satisfied. We will be looking for you. Come!

## SIGNS FOR MOVIES

Airline hostesses are all so capable and charming that the inroads of Cupid are the most serious factor involved in alienating them from their jobs. Now comes an announcement from an airline company indicating another threat. As evidence we show you a picture of pretty Daphne Lane, airline hostess who has just received a motion picture contract from one of the major producers.

Mr. and Mrs. Bryan McDonald went to Boerne recently to be with Mr. McDonald's sister, Mrs. Bob Birchfield, who was seriously ill for a time but is improved now.

Mr. and Mrs. C. S. Denham and Miss Margaret Martin spent Friday and Saturday in Austin where they witnessed the Texas University-T. C. U. game Saturday afternoon.

Mr. and Mrs. Clinton Glover, former Ozonans, now living at Ballinger, are the parents of a daughter, born in a San Angelo hospital last Friday morning.

Mr. and Mrs. Alfred A. Cooke and son Eddy spent the Armistice holidays in Temple visiting Mrs. Cooke's parents, Mr. and Mrs. Hunt, and other relatives.

## A.C.C. Homecoming Program Announced

Ablene, Nov. 17—Interest in preparation for Abilene-Christian College's annual homecoming of former students, mothers, and dads of students and ex-students, set for November 19-20 at Abilene, Texas, moved forward rapidly this week with the announcement of the program and appointment of committees on arrangements by Sterling "Shorty" Parker, president of the ACC Ex-Student Association.

Festivities will get under way with the traditional freshman bonfire at 8:00 Friday night, November 19. This will be immediately followed by the massed pep rally in Sewell auditorium, and visitors will be entertained overnight in the homes of Abilene "exes" and friends.

Saturday morning November 20 ex-students and the Mothers and Dads Club will have charge of chapel exercises at 9:30; and at 10:15 business meetings of both groups are scheduled. Ex-students of dissolved Christian Colleges who were made associate members of the ACC association in 1936, will meet with these groups which will include former students of Thorp Springs Christian College, Clebarro, Lockney, Cordell, and Lingelville Christian College; and Southland University.

Saturday highlights will be the West Texas barbecue lunch at 11:30 and the ACC-McMurray football game slated at 2:00 p. m. Climaxing a day of class and club reunions will be the "C" Club banquet at 8:00 Saturday night for Abilene Christian College athletic lettermen of past and present friends.

## THE NEW CARS

Each year it seems impossible that the American automobile can be much improved, but the new models always offer something added in the way of performance, comfort, and safety; the cars for 1938 are no exception to the rule; truly they are marvels of the engineering art.

The Humble Company, with its policy of continuous improvement, greets the new cars with motor fuels and motor oils ready for their use. In the new 1938 models, as in those for many years past, Humble motor fuels and Humble motor oils will deliver full performance. . . . We invite you to test this statement: Stop at a Humble service station or at a Humble dealer's, fill the tank of your new car with Humble motor fuel, its crankcase with a Humble motor oil—then, note performance!
