Lions to Menard Friday Night for Game Under Lights

Boys Ready for More After Week-End Pummeling by Mason

Coach L. B. T. Sikes' Ozona Lions, who came out of the game with the heavier bruisers from Mason last Friday with remarkably few casualties considering the handicap, are ready to go this week-end against the Menard Yellowjackets in Menard soil in a night game Friday night.

Although admittedly under a handicap playing under the artificial lights, the gamest bunch of youngsters to wear the purple and gold in many seasons see their chances as "pretty good" to win Friday night. For one thing, says Bill McWilliams writing in the Lions Roar, they are "not as heavy" as the Mason Punchers, which is something to be considered.

The game is scheduled for 8 Friday evening at the Menard High School field. Following the Menard game, the Lions will have two weeks rest before taking on the final two games of the season, Eldorado in Eldorado on October 20 and the final one against the Sonora Bronchs here on November 6.

One Polio Victim Returns, Other Still Under Treatment

Mr. and Mrs. Boyd Clayton returned Tuesday from San Angelo with their son, Mike, who has been under treatment there following an attack of poliomyelitis. The child was taken to Dallas for examination by specialists before being brought home. He will remain in bed for three weeks to fully recuperate from effects of the disease.

Carl Conklin, 5-year-old son of Mr. and Mrs. Bill Conklin, another local victim of polio, remained in the San Angelo hospital for further treatment. He was to have been discharged for a two week period last Sunday but attending physicians decided to continue the treatments now being applied for a time longer.

Ozona Cowboys Do Well at Mertzon Roping Contests

Ozona cowboys shared heavily in the money at a calf and goat roping contest held Sunday at Mertzon.

Vic Montgomery of Ozona won the featured event of the day, a six-calf-each matched roping against Cpl. Lanham Riley of Goodfellow Field in San Angelo. Montgomery won the match with a good 20 seconds to spare.

Three Ozonans split the purse in a calf catching contest. Ted Powers was first with a time of 13.5 seconds; in second place was Kay Black of this city, whose time was 15.2, and in third place was another Ozonan, Tom Powers, with a time of 17.1.

In a free-for-all calf roping contest, won by J. B. Pettit of Stiles with a time of 15.5, two Ozonans again shared. Ted Powers came in second in this match with a time of 18 flat and Vic Montgomery was third with a 20 flat.

Game Lions Go Down 39-0 Before Mason Onslaught

Superior Weight, Experience, Reserves Too Much for Locals

Using their advantage of weight and experience to the fullest, even to the final whistle despite an already lopsided score, and rough and illegal plays which cost them three 15-yard penalties, the Mason Punchers took vicarious revenge on the youngsters who compose this year's Ozona Lions for the pastings given them two years in succession by the twice-champion Lions, when the two teams met in conference play here Friday afternoon.

The Punchers piled up a score of 39 to 0, with the brilliant running of Baze, left end, and the accurate passing of Whitehead to Polk, McWilliams and Baze. But the top-sided score is not all there is to the game—it doesn't tell that Mason was not only held scoreless in the first quarter but that practically the entire quarter was played at the Mason end of the field, with the Lions reaching the Mason 25-yard line before a pass interception broke up their scoring threat, which developed after a down-the-field march from their own 20-yard line where they received Mason's kick. It doesn't tell the story of a stubborn scrap waged by an outclassed team against the odds of weight, experience and superior reserves, of the brilliant kicking of Jimmy Read which helped to keep down the score, nor of the gallant offensive play of the locals which netted them a total of five first downs against the vastly superior Punchers.

But had it not been for the determined play of the game Lions, with only 356 pounds of reserve on the bench to the 1229 pounds the visitors brought in a second complete team, the score might have mounted to astronomical heights. For the Puncher mentors never pulled a punch, except to let their first stringers off for brief rests, the entire 60 minutes of play—the big fellows were in there trying for another touchdown when the game ended. The lighter Lions played the game through with the help of only three of their normal five freshmen substitutes available—their weight average, 119.

The first score for the victors came early in the second quarter when Whitehead passed to Polk who caught the ball on the 10 and bounded over for the score. Whitehead's kick was good. The second came a few minutes later after Baze had exhibited his speed with a 45-yard run around end to Ozona's 45. Polk, Baze and Whitehead worked the ball to the 20 and Whitehead's pass to Polk was good for a touchdown, an accurate kick making the score 14 to 0. Two more markers were added before

Ozonan's Husband Reported Wounded In N. Africa Area

Lt. Col. Henry H. Carden Slightly Wounded in Action Area

Mrs. Henry H. Carden, who, with her children, is making her home here with her parents, Mr. and Mrs. Ralph Watson, while her husband is in service, received word from the War Department last week that her husband, Lt. Col. Carden, had been slightly wounded in action.

Notification was made by the War Department by telegram received last Thursday. The telegram said that Lt. Col. Carden had been wounded on September 14, but gave no further details. Mrs. Carden received a letter from her husband, dated after the date given in the War Department telegram, which indicated that he had been wounded in the hand. The telegram said only that he was in the North African area.

Story of Days of Sheep Under Herd Is Told to Rotarians

A story of early days in the ranching business, days of the open range and drifting flocks of sheep under herd, was told to members of the Rotary Club at its luncheon Tuesday by Monroe Baggett, ranchman member of the club.

Mr. Baggett told of the first sheepmen to come to Crockett county, J. M. Shannon, Robert Massie, S. E. Couch, Jim Mitchell and others, in the years before the county was organized. In those days, the speaker said, sheepmen grazed their flocks under herd, with the herdsman following the flocks across the open range, finally making their way to shipping points at the shearing and marketing seasons.

Some interesting reminiscences of his own experiences as an early-day ranchman and stories of pioneers who laid the foundation for the present-day ranch empire of Crockett county as told by Mr. Baggett provided an entertaining program for Rotarians.

Scott Peters, member of the board of directors of the State War Fund Drive, announced plans for the local drive for a goal of \$3,500.

Governor Calls On Texans for War Fund Support

Stevenson Opens State Drive for Five Million Dollars

AUSTIN, Oct. 13—"I am as sure of the generosity of Texans on the home front as I am of the bravery of the Texans on the battlefield," Governor Coke R. Stevenson said here Sunday night in opening the county war fund campaigns of the United War Chest of Texas with an appeal over more than fifty radio stations.

Governor Stevenson, honorary chairman of the state war chest, and George A. Butler, president and campaign chairman, called on the people of Texas to subscribe nearly \$5,000,000 to USO, United Seamen's Service, War prisoners Aid and the fourteen other agencies of the National War Fund.

"Texas men are on every front today," Governor Stevenson said. "The Texas spirit is being appraised the world around. It's a fighting spirit and a generous spirit. Texans know how to fight for what they believe in and how to give when the cause is just."

War Fund Goal For Crockett Co. Set at \$3,500

Service Men's Center to Share in Proceeds of Local Campaign

With its goal set at \$3,500, part of which will be placed in a local war service fund for operation of the club facilities for service men, Crockett county's War Fund Drive will be launched officially this afternoon at a program in the high school auditorium following the regular school chapel program.

Mrs. S. M. Harvick, county chairman of the drive for this county, has announced that Paul C. Staake, regional field executive for Region 15, which includes this county, will launch the local drive with a talk at the school building, after which a movie depicting work of the 17 organizations sharing in the War Fund, will be shown. The chapel program will start at 3 o'clock, with the brief War Fund drive program following.

Plans for the coming drive were outlined at a meeting of workers Monday evening at Mrs. Harvick's home. Some twenty or more persons will serve on the soliciting committee headed by Mrs. Harvick. It was pointed out to workers at the Monday evening conference that it will be necessary for Crockett county residents to give liberally if the assigned goal is to be reached. Persons who are financially able must make substantial contributions if the amount is to be raised, it was declared.

Committee heads and workers are hopeful that the drive can be brought to a successful conclusion in one week. Workers will be assigned sections of the town and county and will continue the solicitation until the quota is oversubscribed.

This county has been assigned a quota of \$3,283 by the state drive headquarters as its part of the nearly five million dollar goal for Texas. This goal has been raised by the local committee to \$3,500, the surplus to be left in a local fund to defray the expense of operating the local service men's club, which was established primarily for the benefit of men from the bombardier school in San Angelo assigned to maneuvers at the Ozona airport.

"The son of Frederick and Tena Parker, he was born at Novice, Jan. 30, 1918. He and his three brothers and sisters were reared here by an aunt, Mrs. Janie Hull, who is now teaching home economics in the school at Norton."

"Finishing his elementary schooling here, Parker went to Ozona, where he attended high school and learned to twirl a rope and ride broncs."

"After graduation at Ozona he attended George Washington University a year and then entered Hardin-Simmons University, from which he was graduated in 1940. He played on the undefeated Hardin-Simmons football team of (Continued On Last Page)

This is the last Sunday before our Annual Conference. To reports of the year were given to the Quarterly Conference Sunday. We go again with a full report. It might be good news to the membership that some \$10,436 has voluntarily been given on the church building fund this conference year. Members who still care to do so can add to this at any time. We especially wanted to reach the round numbers of \$40,000 in bonds by conference time. The total face value of bonds the church now has is \$34,625.

The Sunday School will get to use the pianos this coming Sunday. We want to take this opportunity to thank the Board of Trustees of the School and the Superintendent for this consideration. The pianos will aid greatly in the different department's worship services. The boys and girls will now feel that they are in Sunday School or at least something different from just holding classes.

Economist Outlines Bright Prospects for Texas Livestock Men

AUSTIN, Texas—Prospects of good incomes for Texas livestock owners during the remainder of this year have been outlined by Dr. F. A. Buechel, economic analyst of the University of Texas Bureau of Business Research.

Since inventories of cattle in Texas at the beginning of 1943 were slightly larger than at the first of 1942, and since shipments to date in 1943 have been only a little higher than for the previous year, it seems certain that shipment of cattle will hold up well during the rest of the year, Dr. Buechel explained.

High marketings of sheep will also probably continue, he predicted. Excellent prices have given sheepmen an opportunity to cull over-age ewes from their herds, he said.

The best way in the world to lose friends is to write a gossip column. My life has been threatened several times if I dared print that "juicy little bit" of gossip. Here goes anyway—

Wonder why she refused—Did BARBARA, DORIS, and MUGGINS ever catch those ARMY TRUCKS they were chasing?—Suppose soldiers didn't ask BABY, "What's the latest—Dope?"—Wouldn't it be nice if MARY E. and MISS HEATON agreed on something for a change?—EX ROY COATES was home from T. HIGHLIGHTS and HEADLIGHTS

The dance Saturday night was fun for all—including soldiers from the airport. For the first time a dance was given for both the servicemen and the high school and it was a great success. Seen around the floor were several new twosomes—Joyce was seen dancing with a tall, deep-voiced soldier who seemed to want to see her home—seems his voice was too deep or sumpn—Daphne was having a grand time dancing with Ted Ballister—boys—you should take voice lessons from Ted—he's a swell serenader Dilly says almost as good as Frank Sinatra). Jo Nell collected a pair of very handsome wings—the ex-owners initials are Charlie McBee—Juana and Susie were chic in high heels—how they stand it is beyond me—Several exes were present and it was really a thrill to see Chappo, Roy, Bland, and Shorty. Ruth is walking on clouds because Billy McWilliams learned how to jitterbug—Byrd is swinging it out too—We missed Larry and Louise who were pining away at the ranch. James and Baby were chaperoning (ahem) Chappo and Liz.—The freshmen made a good appearance and Ann, Dick, Corinne, and Max were seen long afterwards driving around without their lights on—could they have been dodging the cops?—Well, headlights are still in style—but the highlights seem to have pulled a dimout so we'll be seeing you another time.

From the Mail Box—

It is time to open up that old mail bag again. Here is one from 4019 Live Oak, Bell, California. That means Virgil has decided to write for a change, and, he even admits that it is just a "wee bit" overdue. Here is something that is well worth re-reading. "You may pass this bit of friendly advice on. Make the very most of your high school career. It's a part of your life you can never forget nor have again. I know! I've had all the things I thought I'd like to have when I was there, but I wouldn't trade one day back in O.H.S. for the whole Universal studio."

Dick has a word for all. "I like it here, but oh for that little town of Ozona! I miss all of you more than I can express on paper. I have a hard course, but so far so good. My address is F. R. Henderson, Jr., Box 1816, College Station, Texas."

Rozelle is having so much fun that she hardly has time to write. The last that was heard she was making plans for a "Howdy Dance."

Some of you have asked about Margarethe Meyer. She is now Pfc. Meyer at the WAC Det. Co. 2 Brk. 4007 Aberdeen Proving Ground, Maryland. She has just been on a week-end tour of New York City, but plans to return soon for "there were a few things" that she overlooked.

In the SMU Society, there is a notice that Mary Perner has been elected vice-president of the Kappa Kappa Gamma pledges.

The following is an excerpt from a letter from Ethel Mayes, ex-O.H.S. student:

"I wish first to thank you for my address being published in the Lion's Roar. I am sincerely hoping that some poor souls will take the hint. Really, you can't imagine how I miss that school.

Then I wish to make some statements in answer to an article that recently appeared in the Lion's Roar. School spirit builds a school. Just because so many graduated—so much changed—is all the more reason for school spirit. Maybe the football team isn't as good as it was last year—or the band doesn't have three members in it—all this makes spirit and effort more necessary. Believe me, I'm crazy about O.H.S. Like so many others, I'd trade places with any student there and I hate worse than anything to read about the

way all we tried to do is ebbing out. That shows what little good we did and hurts deeply. Ozona High School will always be my favorite because I spent the best years of my life there. Maybe this sounds like a lecture, but it is true and you might pass it on. I'm sure it goes for all the "exes" as well as it goes for me."

Weight Experience Advantage of Mason Too Much for Lions

By Bill McWilliams

A decided weight advantage and more experience proved too great a handicap for the Lions to overcome and as a result the Mason Punchers went home with the heavy end of a 39-0 score Friday afternoon.

The game was the first district game for the Lions and for eight of the boys it was the second game in which they had started. Despite their inexperience and the weight handicap, the Lions made a game stand against the Punchers and were in there plugging to the last whistle.

The Lions will take on their second district opponent Friday night of this week when they go to Menard for a game under the lights. The Menard boys are not as heavy as the Punchers and the Lions feel that they have a pretty good chance to win Friday night. At any rate, you can depend on it that every man on the team will be giving everything he has in an effort to win.

VICTORY SCRAP BANK CAMPAIGN OCT. 1-NOV. 15

A "Victory Scrap Bank" campaign features the opening of the salvage campaign this fall. It is a campaign to build a scrap stock pile in every community. These stock piles will contain the essential and critical materials for the production of implements of war. While this period represents the intensive opening phase of the metal scrap collection program, it is expected that scrap gathering will continue throughout the year.

M. A. sale that WASN'T made last week: Hugh Campbell of Ballinger, well known registered Hereford breeder, had a buyer coming to purchase a bull last week. Instead, Campbell had to do Federal jury service at San Angelo all week.

Yule B. Rees, Albuquerque, N. M., is back in Texas aiding in wool appraisals. This is his second trip to Texas this fall for wool work.

Col. C. A. Wilkenson and Capt. R. M. Zirkle of the South Central Remount Area headquarters in San Angelo left Sunday for a mule-buying tour in North Texas and Oklahoma.

Doesn't help the West Texas lamb market: The tri-county sheep-feeding area around Pains (Southwest Kansas) had but half an inch of rain all fall, says George Jones, Kansas sheep buyer, in San Angelo a few days ago. This same area now has but a handful of sheep—had 150,000 on feed this time last year. Jones has received 4,500 lambs in the San Angelo vicinity, through Tony Wallace of San Angelo paying 9 and 9 1/2 cents on Rambouillet, up to 10 1/2 cents on crossbreds. Jones at the last of the week received 2,900 yearling ewes at Roswell purchased from various ranchmen at \$7 a head.

Beets and potatoes, not war, drew 200 Mexicans from San Angelo last month, says Joe Flores, labor agent. Two hundred from San Angelo have just finished the potato harvest in Colorado and Wyoming and are now starting on beets—and are making good wages. Lamesa this week has the bulk of the West Texas cotton pickers, reports Flores.

"Reno Iban," one of the outstanding Remount stallions, soon is to leave the San Angelo barns for Wellington, to stand at the Guy E. Clay place.

Mason Game

(Continued from Page One)

the half. Splitterger intercepted an Ozona pass on his own 30 and was overhauled by Byrd Phillips on Ozona's 20. That fast Baze slipped around end for the distance. The next score was set up when Mason recovered an Ozona fumble deep in Lion territory and Baze was again good around end for the marker. Both tries for points failed and the score at the half stood 26-0.

The third quarter saw the visitors scoring again and still again in the waning minutes of the fourth frame. The third quarter marker came after an alert Puncher had recovered a Lion fumble on Ozona's 43, line plays and end runs pushing the ball over, McWilliams carrying. A mix-up in the play to try for point resulted in no try and the score was 32. And in the final minutes of the game, after the Lions had mauled the second string, sent in to rest the

first, the refreshed Punchers uncorked that Baze again and he was good for 40 yards and the sixth touchdown, which was followed by a point from placement to make the final tally 39-0.

YOUR USE OF THE TELEPHONE IN WARTIME

Crowded With The Calls Of War

It's true we usually can put through quickly your long distance telephone calls to towns near-by. But when you send your voice to far cities, it may travel on lines jammed to the limit with calls that help move troops, make planes, build tanks.

We can't put on more lines, because most of the metal has gone to the war. So please help us in a vital job. Make as few calls as possible to war centers or cities far away, and please plan to keep such calls short. It will help clear the way for the calls of war.
