## Ozons Lions Nick Menard For First District Victory

### Locals Surprise Dopesters With 13-6 Win Saturday

Menard's Yellowjackets, a team that held the powerful Eldorado Eagles to a 14-6 score the previous weekend, was thumped off its pinnacle of confidence by the Ozona Lions on the local gridiron Saturday afternoon. And in that game the Lions got their first taste of victory in district conflict.

The score was 12 to 6 in favor of the Lions when the smoke of battle had cleared, and again it was Beecher Montgomery, spark-plug of the locals, who set the pace with his elusive style of broken field running, with the efficient help of Howard Lemmons. It was Montgomery who chalked up both Ozona touchdowns, the first by taking a 25-yard pass from Lemmons, and the second by darting the remaining five yards to cross the final chalk line after Lemmons had set up his team with a 30-yard jaunt to the five.

In the same quarter, Keller, Menard quarterback, snatched a short lateral, eluded the Lion forwards, sidestepped and outdistanced the secondary for a 40-yard jaunt to pay dirt. As in both Ozona's scores, the try for point failed, and the score stood 12-6 to remain so until the end of the fracas.

Next Saturday, the Lions will be hosts to the San Angelo Kittens on the home ground.

## Fall Round-Up Of Men At Methodist Party Friday Night

It's round-up time for men of the Methodist church and their friends next Friday night.

Thus has been designated the October men's party set for 7:30 Friday evening in the basement of the church. These monthly entertainments are held on the last Friday in each month and Friday night's affair, coming at the opening of the new conference year, has been set as the fall round-up of men of the town.

The usual run of games will be enjoyed by the group, including ping-pong, ching-chess, dart board baseball, dominoes, sticks and other games. Refreshments will be served during the course of the evening.

All men of the church and their friends, in fact, all men of the community, are invited.

## Collector Reports Tax Payments Pick Up; 26 Paid To Date

The tang of autumn, of all things, reminds of taxes. Or so it would seem with records of payments picking up in the office of Sheriff and Tax Collector W. S. Willis.

To date there have been 26 taxpayers who have pushed their contributions to government operations across the counter at the collector's office for the full amount of 1938 taxes, while two others have taken advantage of the split payment plan to pay half now and the other half by next June. To take advantage of the split payment plan, the first half taxes must be paid before the end of November.

## Seahorn Suffers Broken Arm In Fall Of Horse

Bill Seahorn suffered a broken bone in his right wrist and badly torn ligaments in the joint Tuesday when a horse fell with him on the Seahorn ranch.

The horse made a quick stop at a fence and his feet slipped and he fell back on the rider. A piece was broken from the large bone in the wrist joint.

## Old and New Army Chiefs

Major Gen. Frank R. McCoy, right, commanding general of the second United States army corps area headquartering on Governor's Island, N. Y., will reach the statutory retirement age of 64 Saturday. He will be succeeded by Major Gen. Hugh A. Drum, chief of the sixth corps area with headquarters in Chicago.

## Little Interest Being Shown In General Election

### No Absentee Votes Recorded To Date In This County

If interest in absentee voting for the general election can be taken as a yardstick of measure for interest to be shown in the election itself, there will be an unusually small vote in Crockett county this year in the general voting November 8.

Ballots were prepared last week, with absentee voting to start October 20. To date, however, not a single absentee vote has been cast, according to reports from the office of County Clerk George Russell.

The official ballot contains six columns for candidates, beginning with the Democratic party, and following in order the Republican, Socialist, Communist and Independent, with the last column blank for any voter who can't find a party to his liking in any of the other columns.

The Democratic ticket, of course, is complete, down to county commissioners. The Republican slate, headed by Alexander Boynton for governor, is complete through state officers, with the exception of the office of lieutenant governor and judge of the court of criminal appeals. The Socialist and Communist parties have a sprinkling of candidates for some of the state offices, Earl E. Miller being the Socialist candidate for governor and Homer Brooks the gubernatorial candidate for the Communist party.

## Ozons WTU Salesman Wins Silver Trophy In Company Contest

Leslie Nance, local salesman for the West Texas Utilities Co., was displaying a 21-inch silver loving cup awarded by the company to him as the topnotch salesman of the entire properties of the company in Texas.

The award was won by the Ozonan in a recent "football contest," wherein competing salesmen, 42 in number, were advanced a yard with each unit of sales. Mr. Nance made two "touchdowns" in the week's contest, from October 15 to 22, advancing a total of 180 "yards." His nearest competitor advanced 142 yards.

The trophy is topped with a football figure symbolic of the nature of the contest. The contest was originated by T. E. Kykendall of Abilene, general sales manager of the company.

**FIRST FROST SUNDAY**  
Winter's first frost descended on this section last Sunday night. The frost was heavy enough to wither the more tender plants, but was not enough to denude trees.

## Heavy Calves, Too Being Delivered From Crockett Co.

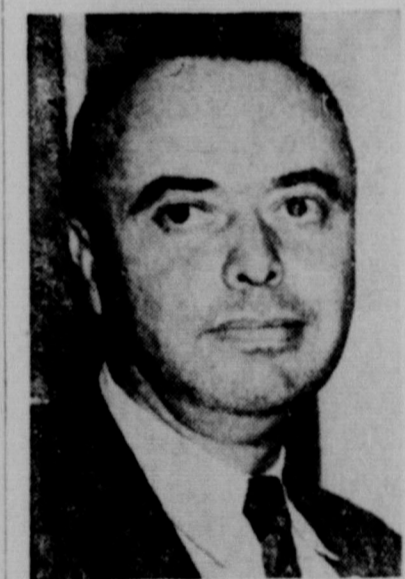

Arthur Phillips Steer Calves Average 485 Pounds; Joe Davidson's 480

Crockett county's 1938 calf crop, as well as its lamb crop, is breaking some records in the matter of weights.

Arthur Phillips is believed to have delivered the heaviest calves ever to be weighed out from a Crockett county ranch last week when he delivered his steer calves, 35 head, at Sonora to Paul Shirley at 8 cents a pound. The calves averaged 485 pounds at delivery in Sonora.

Joe T. Davidson also delivered some huskies, 60 mixed calves to L. M. Wilson of Cave City, Kans. The steer calves averaged about 480 pounds and the heifers about 430 pounds.

## Wage Law Starts

Passed by Congress last June 15, the new wage-hour law was placed in effect Monday under Elmer F. Andrews, former New York state industrial commissioner who now heads the new labor standards division of the United States labor department. The law establishes minimum wages of 25 cents an hour and maximum weeks of 44 hours for industries operating in interstate commerce.

## OZONA GIRL TAKES PART IN CHORUS BROADCAST

Miss Mary Margaret Harris of Ozona took part in a radio broadcast over WBAP Saturday morning, October 22. The program was broadcast from the auditorium of John Tarleton college at Stephenville.

Miss Harris is a member of the Tarleton chorus which rendered several numbers. The program is a regular monthly feature at Tarleton. The next broadcast will be at 8:30 on November 19.

George Thompson, who ranches on the Pecos river on the western edge of Crockett county, was a business visitor to Ozona early in the week.

## Wool And Mohair Market Shows New Activity In Area

### 600,000 Pounds Hair Sold; Scattered Wool Sales

After a lull of several days, the wool and mohair market in West Texas showed renewed activity this week with the reported sale Wednesday of 600,000 pounds of mohair from three West Texas warehouses and scattering sales of wool over the section at prevailing prices holding steady.

The bulk of the mohair sales commanded favorable prices of 37 cents for the grown hair and 60 cents for kid hair. The Producers Wool and Mohair Co. of Del Rio disposed of 360,000 pounds of mohair to E. G. Wentworth for R. P. Collins Co., and the Comfort warehouse and the Joe Blakeney Warehouse at San Angelo were emptied of mohair accumulations with purchases by R. L. Vaughn, buyer for Edward R. Greenwood.

Clyde Young, buyer for C. D. Stokes, paid 37 and 60 cents for an approximate 50,000 pounds of mohair from the Ozona Wool and Mohair Co. The local warehouse has yet some 100,000 pounds of hair stored.

In comparison, the wool market was slow, but scattered sales were reported, including 250,000 pounds of fall wool from the Producers Wool and Mohair Co. of Del Rio which went at 21 1/2 cents. At the Santa Rita Wool Co. of San Angelo, 29,000 pounds of fall wool was sold at 20 cents, and 9,000 pounds of 12-months wool was sold at 21 and 21 1/2 cents.

Tom Richey, buyer for A. W. Hilliard & Son, recently bought the Sol Kelley clip of 12-months wool from the West Texas Wool and Mohair Association of Mertzon at the top price of the season, 27 cents.

## SAN ANTONIO MAN IS FINED ON TRUCK COURT

T. E. Field of San Antonio was fined \$1 and costs, amounting to \$14, in justice court here last week on a charge of operating an overloaded truck. The complaint was signed by Fred Johnson, highway patrolman.

## Decry Acts Of Vandalism In Highway Parks

### Highway Officials Ask Cooperation In Controlling Youths

A plea for the cooperation of citizens and officers in putting a stop to vandalism being practiced by youth of the town at the roadside parks built by the highway department near Ozona was issued here this week by officials of the maintenance division of the highway department.

Most of the trouble is being made at the park north of town on the Barnhart road, the officials said. Pranksters roll trash barrels down the hill, set fire to the brush arbor covering and engage in other mischief that mars the beauty of the park sites and makes extra work for highway maintenance crews.

"We are having more trouble in Crockett county than in any other West Texas county," one highway official said. "If it is boys of the town who are responsible for these acts, I feel that if the people of the community will take an interest and point out to them the fact these parks were created for the enjoyment of all The people and that their vandalism is giving their own county a black eye, they will desist from these mischievous practices."

Local officers have promised their cooperation in putting a stop to the vandalism.

## OZONA HOST TO SIXTH DIST. CONVENTION OF MUSIC CLUBS CONVENING HERE NEXT WEEK

### Delegates From Eleven West Texas Towns To Be Here For Three-Day Annual Meeting

Delegates and visitors from eleven West Texas towns will converge on Ozona next Thursday, Friday and Saturday for the Sixth District Music Clubs convention, with the Ozona Music Club and the town of Ozona as hosts. Between seventy-five and a hundred are expected for the senior clubs' general convention Friday and a possible 200 or more for the Junior Day sessions Saturday.

## Slater Returned To Pastorate Of Methodist Church

### Ozons Pastor Starts Third Year; Barton Presiding Elder

Appointments of pastors to churches in the West Texas Conference of the Methodist church, read at the conclusion of the annual conference in San Antonio Sunday night sent the Rev. Eugene Slater back as pastor of the Ozona church for another year. Rev. Slater returned here Monday to begin his third year of service as pastor of the Ozona church.

Rev. Slater was also re-appointed to the position of district missionary secretary, a post he held last year. In this position, the Ozona pastor is charged with the responsibility of seeing that proper emphasis is placed on missionary work throughout the district.

Through an exchange of positions, the Rev. L. U. Spellman, former presiding elder of the San Angelo district, was appointed to the pastorate of the First Church in San Angelo, and the Rev. Barton was named presiding elder of the district.

Both Rev. Spellman and Rev. Barton are popular throughout the district and there was jubilation among members of the congregation at the arrangement by which both are to be retained in the area.

Rev. Allen G. Roe was returned as pastor of the Trinity Methodist church in San Angelo.

Rev. Stanley Haver, former pastor of the Ozona Methodist church, was elevated to the post of presiding elder of the Yoakum district. Rev. Haver was formerly pastor of the McKinley Avenue church in San Antonio. Rev. J. D. McWhorter, formerly of Metzon, was transferred to Poteet.

## Davidson Leases 16-Section Couch Ranch Near Ozona

Joe T. Davidson has added another 16 sections to his ranch operations in Crockett county with the lease the past week of the Mrs. S. E. Couch ranch west of Ozona from Roy Hudspeth.

In the deal Mr. Davidson purchased the stock on the ranch from Mr. Hudspeth, consisting of 2700 head of sheep, 280 head of cattle. He holds a three-year lease on the land.

Mr. and Mrs. Ed Bean have returned from San Angelo with their month-old daughter.

THURSDAY, OCTOBER 27, 1938

THIS SHOULD BE STOPPED

Attention has been called by officials of the State Highway Department to acts of vandalism being perpetrated, presumably by youth of Ozona, at the roadside parks on highways near Ozona. Among such acts reported by the highway men are the burning of the brush arbor covering over the picnic site shades in the park, rolling trash barrels down the hill and other mischievous acts.

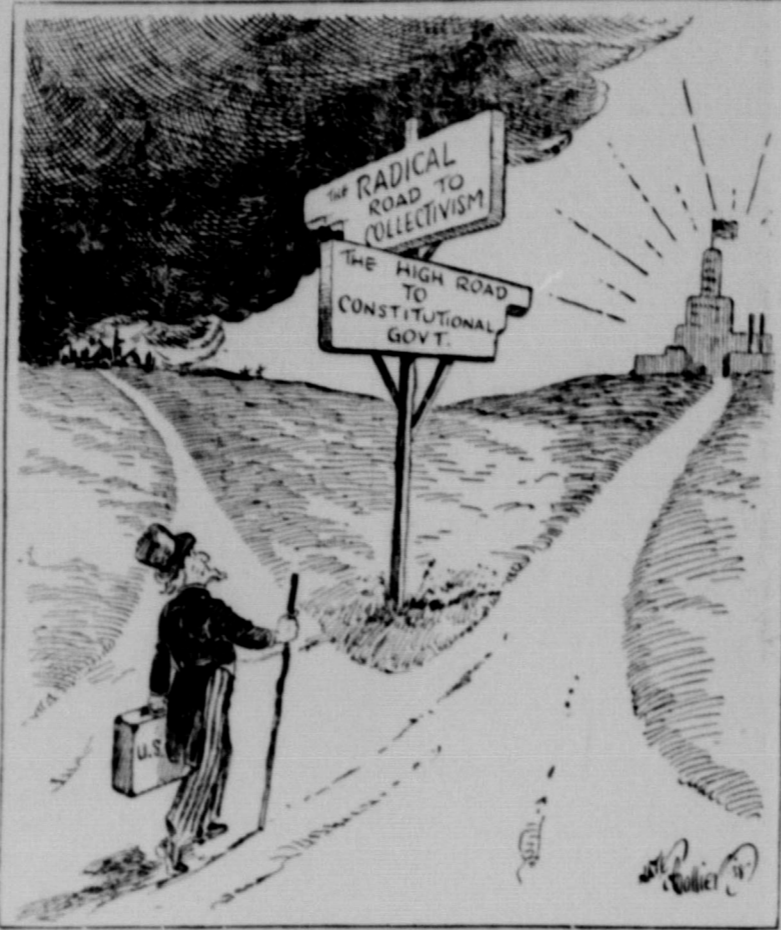

These pranks are done, of course, in all innocence, but whether innocent or malicious, they are nevertheless annoying and expensive to the State Highway maintenance crew, and to the public as well. These parks are created for the enjoyment of all, and every person should be interested in keeping them in the best of condition. The brush covering over the picnic arbor at the park north of town has been burned off a number of times. It is a sizable job to replace this covering, and the department would be justified in withdrawing its crews from the job of maintaining this park site if such vandalism persists.

Parents of the youngsters responsible for these acts are doubtless unaware of the fact. But in view of the seriousness of the situation, parents of children of likely age should do a little investigating of their own and put a stop to the thing in the home rather than allowing it to go until officers find it necessary to take a hand.

SWORD-POINT

In the midst of warlike times we read with interest of Mr. Wilber Smith's discovery. Mr. Smith lives in Florida. While backing his car out of his drive the other day, he ran over an obstruction sticking a little above the ground. On examination it turned out to be an old Spanish sword in a rusty scabbard. The blade and hilt were well preserved. The hilt was a small replica of a Spanish soldier dressed in a coat of mail. Authorities have dated the weap-

KEEP TO THE RIGHT!

on from the Spanish invasion during the sixteenth century. Mr. Smith's discovery has interest because of its antiquity. But aside from that it turned our thoughts to the transitory nature of conquests in general. Florida and Ponce de Leon and a new land for His Most Christian Majesty, Charles. Turn to history and read of the battles that swords, such as the one discovered by Smith, helped to wage. It may be a sobering experience. Even causes won are lost sometimes to time. Spain's New World empire—a few lines now in a history book and a rusty sword in Mr. Smith's driveway in Florida. U. S. A.—Christian Science Monitor.

ANDREWS' TOUGH JOB

It is said that administration of the wage-hour law is going to involve more difficult and complex problems than arose under NRA. Its purpose is to establish generally uniform basic wage and hour standards in business and industry throughout the nation. But certain classes of workers are exempted from its provisions, and the law as Congress passed it left the administrator to determine where the boundaries between these classes lie. The act ordains a minimum wage for workers "engaged in (interstate) commerce" or in the production of "goods for (interstate) commerce." But as Mr. Andrews stated in his first bulletin interpreting the law, determining the character of the work of any particular employe "becomes an individual matter." And while the act does not contain the specific provision regarding "regional differentials" for which Southern delegations in Congress fought so long, it makes it the duty of the administrator to adjust wage-hour standards as among towns, states or regions in

such a way that no place may be penalized or unduly favored. But it does not instruct the administrator how to do that, except to tell him that he must give consideration to "competitive conditions as affected by transportation, living and production costs." For 20 years the Federal Tariff Commission has been wrestling with the difficulties of absolute determination of production costs. For a century or more, the Supreme Court of the United States has wrestled with the question of where "interstate commerce" begins and where it ends. So far as the application of the wage-hour is concerned, Congress dropped those two problems on Mr. Andrews' desk to occupy himself with when he had nothing else demanding attention.—Arkansas Gazette (Little Rock).

WHY RECOVERY LAGS

The Federal Reserve Board reports that there is 40 per cent more money in circulation at the present time than in 1929 at the height of the boom; that we have 25 per cent more money in bank accounts and 200 per cent more gold than we had in the most active financial year in history; that bank deposits are close to the all-time high.

Apparently we have plenty of money, but it is not working, for the Reserve Board adds that the turnover of bank deposits is at the lowest rate on record.

It is pretty easy to understand why our money won't go to work when we consider that owners of money—yes, even those of us with a dollar or two in our pockets—hesitate to take a chance. Money will not take a chance in face of threats of more business regimentation by government, mounting government debt and higher taxes. To properly work, money must have confidence. As the Knoxville (Iowa) Journal puts it:

"Active business, prosperity and unemployment all await the restoration of confidence in the minds of the people. What is needed is not more experimentation, planned economy and more new fangled schemes from Professor Balderdash, but a return to American sanity and common sense."

DISARMAMENT

Talk of international disarmament again is in the air. Somehow, however, it seems to lack its one-time zest. The laying down of arms is one of civilization's worthy goals, but when the peoples of the world have laid them down, picked them up in bewildering succession at the behest of their diplomats, they wonder if everything behind it all merits the eye. Agreements to disarm seem to have been made the substitutes, in the past, for the adjustment of those differences which lead to conflict. They have failed to stand in the way of conflict, and they never have gone far enough to embarrass any nation seriously once it decided to engage in war. As agreements go, they have contained too many loopholes; and Herr Hitler's candid admission at Nuremberg, that he had been re-arming Germany secretly for some years before he did so brazenly, typifies the folly of expecting any nation that considers itself aggrieved to remain weaponless permanently. As for the differences whose reconciliation would or should bring about a drastic limitation of armaments, it is not so easy, in the light of recent events, to envision prompt settlement about a council board. There is too much "gimme" in them. In any event, the United States should approach the next disarmament conference with caution, lest she be once again the sole lamb at the sacrifice.—New Orleans Times-Picayune.

WHAT! NO FOOTBALL TEAM?

A prominent educator who was a football letter man at the University of Texas in his college days and who is one of the most ardent gridiron fans in the country has been president for the past 12 years of one of the few major colleges without a football team. The educator is Dr. L. H. Hubbard; the school, Texas State College for Women.

WHO WON THE WAR?

The Kaiser must have removed his spectacles, rubbed his eyes, polished his bifocals and put them back on to look again and see if the paper still said Germany dictated peace terms to the Allies.—Louisville Courier-Journal.

### September Traffic Death Toll Reaches 126 In 1173 Crashes

AUSTIN, Oct. 26.—With the September traffic death toll up to 126, state patrol statisticians pointed to several causes of most of the traffic tragedies. Of the 1,173 collisions reported last month, 146 occurred because drivers did not observe right-of-way regulations which permits vehicles approaching intersections from the right to pass first, provided intersections are not locally controlled. The drinking driver was held responsible for 129 accidents while 122 others were caused by vehicles traveling too close to centers of highways and streets. Seventy-seven were brought about by fast driving and 50 because of improper passing of other vehicles.

Police found, they said, a partial answer to solving the terrific carnage problem on Texas highways by a strict enforcement against violations that are responsible for most crashes. Results of the enforcement program were favorable as there has been an 18 per cent reduction in Texas traffic deaths this year as compared with 1937. The September death list contained 63 less names than the previous September. Six of the 126 dead had been injured in August smash-ups, reports revealed.

While traffic officers campaigned against excess speeds through the year there were 18 deaths last month attributed to vehicles speeding out of control and into fixed objects. Openings of schools injected another enforcement and educational problem to safety workers. During the first month of the school term there were six youngsters killed while riding bicycles.

State traffic observers warned drivers and pedestrians again of the usual rise in traffic deaths in the fall of each year when inclement weather and heavier traffic are conducive to crashes.

LIVESTOCK PERMIT blank books for truckers at the Stockman office.

### Win Awards for Outstanding Air Feats

Secretary of War Harry H. Woodring, left, presents the Mackay trophy for 1937 to Captains Carl J. Crane and George V. Holloman for their work in developing and demonstrating the original automatic landing device for aircraft. Secretary of the Treasury Henry Morgenthau, far right, awards the Distinguished Flying Cross to Lieut. R. L. Burke of the coast guard for his rescue by seaplane of several injured seamen from the fishing trawler Shawmut off the Massachusetts coast in 1933.

### Scout Notes

By MILES PIERCE

The meeting of October 25, was opened with the Scout Oath, which was led by Bud Cox. There were 30 present at the meeting.

Our scribe, W. E. Robertson, gave a report from which we found out that, through our "nickle a night" budget plan, we have taken \$5.36.

Mr. E. B. Baggett made a brief statement concerning the Boy Scouts.

In the discussion of the "chuck

wagon" dinner to be held November 4, it was found that the Scouts need to furnish two goats, beans, bread, and potato chips. Next week there will be a sheet for donations from the Scouts, so as to get enough food. The rest of the food will be donated by the community. Friday afternoon, November 4, the scouts will fix the tables and chuck wagon, All Scouts, with the exception of the football players, will serve at the dinner. The money made from this will be given to the band uniform fund.

In a talk from Mr. Carson, he said, "here is a chance to show

the community what the scouts really can do to help."

The best patrol was chosen by Mr. E. B. Baggett and Mr. Ira Carson. The Honor Patrol banner went to the Fox Patrol, led by Miles Pierce. The judges discussion was based entirely upon decoration, as the attendance and work has been about the same.

## The Life of the Party now Looks it!

**ABLEST OF THE EIGHTS** is this mighty Buick Dynaflash Valve-in-Head Straight-Eight, with a cyclone in each cylinder to squeeze full power from every drop of fuel.

WHEN you've got something mighty good and *know* it, it's not easy to pass it up even for something better!

There's a whale of a temptation to play it safe, to coast along a while, when you're riding such a vote of confidence as we've had this year.

We had ample evidence from the start that our past season's good Buick was the life of the 1938 party.

Right through the darkest months it paced the industry in sales, setting a bright example that shone like a sudden sun smiling through the rain.

But itching in our heads and on our drawing boards were ideas.

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

- ★ DYNAFASH VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE
- ★ BUICOL TORQUE-FREE SPRINGING
- ★ GREATER VISIBILITY
- ★ HANDSHIFT TRANSMISSION
- ★ ROOMIER UNISTEEL BODIES BY FISHER
- ★ TORQUE-TUBE DRIVE
- ★ TIPTOE HYDRAULIC BRAKES
- ★ CROWN SPRING CLUTCH
- ★ "CATWALK-COOLING"
- ★ OPTIONAL REAR AXLE GEAR RATIOS
- ★ FLASH-WAY DIRECTION SIGNAL
- ★ SELF-BANKING KNEE-ACTION FRONT SPRINGING

Ideas that started with practical things like better cooling and more efficient aerodynamics and a wider field of vision for the driver and his folks.

Ideas that *wouldn't* stand still — that budded, burgeoned, flowered full into gorgeous new beauty of line and form and action.

Ideas that promised to re-pattern motor car design for the next half decade or more!

Now, the price of progress is daring to make good things better—even if you've got a winner to start with. Buick's whole come-back has been based on that.

We *couldn't* refuse to climb while empty rungs on the ladder beckoned us up!

So the life of the party now looks it. And you'll see a Buick for 1939 of very different pattern, a car fit to fix the fashion for many a long year to come.

## North Motor Co.

Chevrolet - Oldsmobile  
Goodyear Tires and Tubes

Ozona Texas

### Three New Olds Offered In 1939 Line Now Shown

#### Many Fine Features For Two Sixes and Olds Eight

Three smart new Oldsmobiles for 1939—two sixes and an eight—all offering a fresh new note in modern streamline styling and much that is new in mechanical design, made their public debut at the end of the week. The new cars were shown here by the North Motor Co., local dealers.

Among the high points of interest in the cars with which Oldsmobile starts its 42nd model year are:

1. Addition to the line of a brand new six cylinder car which brings Oldsmobile quality to the low price field.

2. Introduction on all models of the "Rhythmic Ride," a new perfection of roadability and riding comfort resulting from Quadri-Coil springing in combination with four separate stabilizing factors built into the chassis.

3. Attainment of perfect steering geometry through a new hook-up employing a relay link with twin tie-rods of equal length, termed "dual center-control steering."

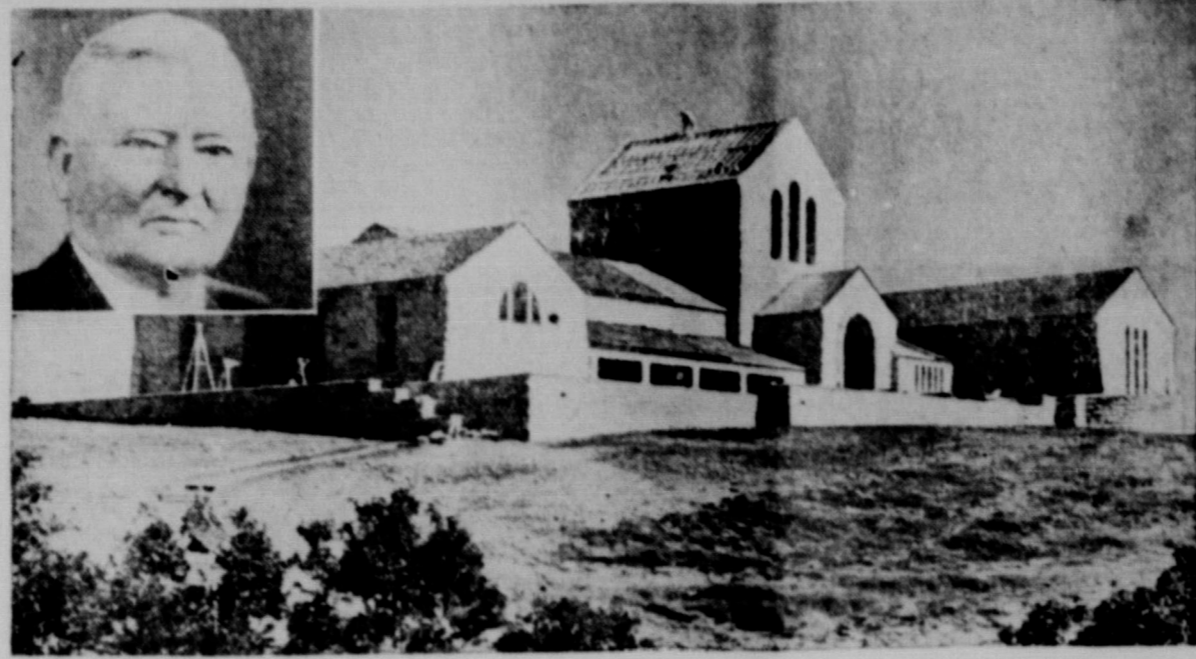

4. Introduction of Handi-Shift as standard equipment—a replacement of the conventional gear shift lever by a short, horizontal manual shift arm on the steering column.

5. Continuation as an optional extra on all models of Oldsmobile's automatic safety transmission which provides important added advantages in performance, operating economy and ease of control.

The low priced six, known as the Series Sixty, is powered with a newly developed "Econo-Master" engine of 90 brake horsepower designed to provide top flight performance at minimum operating cost. A larger six, developing 95 horsepower and with a wheelbase of 120 inches, is designated the Series Seventy, while the 110 horsepower straight eight on the same wheelbase has been named the Series Eighty.

All three series bear a general resemblance in the graceful treatment of flaring, low-valanced fenders, smartly tailored metal trim, smoothly contoured all-steel turret top bodies and safety steel wheels with massive chromed hub caps. The front end of the hood curves downward to meet the narrow, die-cast radiator grille, creating a fleet, close-to-the-road impression and affording the driver a marked advantage in foreground visibility. The aprons on either side of the radiator grille carry low, bullet type headlamps, recessed above horizontal chrome louvers which provide additional air inlets for efficient engine cooling.

### Dedicate Memorial to Beloved Humorist

Standing atop a lonely hill near Claremore, Okla., the home town of Will Rogers, the \$200,000 Will Rogers memorial nears completion. The building will house possessions and mementoes of the late humorist-philosopher. Inset shows Vice President John Nance Garner, chief speaker at dedication ceremonies November 4.

#### FIRST BAPTIST CHURCH

Clyde Childers, Pastor

9:45 Sunday School,  
11 a. m. sermon, "Is the Church Failing?"  
6:30 p. m. B. T. U.  
7:30 p. m. Sermon, "Rebuilding the Walls."

Those of you have missed the Mission Study Course this week have missed one of the most inspirational meetings in the past year of our church life. We trust that if you have not yet attended one of the sessions that you will be present tonight (Thursday) and tomorrow night for the closing sessions. Mrs. Singleton has inspired us with her presentation of the book, W. Eugene Salee, Christ's Ambassador, and Miss Ely has delivered a very helpful devotional each evening.

We cordially invite you to worship with us on next Lord's Day in the teaching and training hours and the worship services.

As we enter into the work of a new conference year may we have a sense of purpose, a feeling of responsibility, and a greater loyalty to the Kingdom than we have ever had before. Someone has declared that there is a Christian way out of every difficulty. It is our privilege to demonstrate that truth. We are to do more than exhibit the portrait of Christ; we are to actually reproduce His life in our own life and in the collective life of our church. As mem-

### Methodist Society Entertains At Tea Honor New Members

The Methodist Missionary society entertained with a tea Wednesday afternoon at the home of Mrs. Roy Henderson complimenting new members of the organization.

Mrs. Roy Henderson, Mrs. Bascomb Cox, Mrs. Welton Bunger, Mrs. W. R. Baggett and Miss Mary Riddle formed the receiving line. Mrs. J. A. Fussell and Mrs. John Bailey presided at the guest book. Mrs. Joe Pierce and Mrs. George Montgomery were in charge of the corsages for the new members. Other members of the house party were Mrs. Stephen Perner, Mrs. Lee Childress, Mrs. R. A. Harrell, Mrs. E. B. Baggett, Jr., Mrs. J. W. Henderson, Mrs. B. B. Ingham, Mrs. Scott Peters and Mrs. V. I. Pierce.

Mrs. R. A. Harrell gave two piano numbers, "Remembrance" by Reubens and "Waltz" by Brahms. Mrs. V. I. Pierce accompanied Mrs. H. B. Tandy, who sang "A Memory" by Park, "A Child's Night Song" by Bassett and "Mother Machree" by Ball. Mrs. Edward Jarrett presented a reading, "Sounding Brass," Miss Mildred Morris played two violin solos, "Chant" by White, arranged by Kreisler and "Ave Maria" from "Cavalier Rusticana" by Masgani. Mrs. Scott Peters announced the program.

Mrs. Paul Perner and Mrs. Bascomb Cox presided at the table which was decorated with chrysanthemums in autumn shades and silver candelabra. Fifty-six guests were present.

Members of the church we are actual members of the body of Christ. He calls us to teach, to heal, to preach, to relieve suffering, to right wrongs, to establish justice, to create a brotherhood of people with varying cultures and backgrounds. To that high challenge we surrender ourselves as we cross the threshold of a new conference year.

#### CAMERA SHY

This lioness mother at Chicago's Lincoln Park zoo carries her three-week-old cub to safety when the photographer appears. It looks dangerous for the youngster but mother is mighty careful not to scratch her offspring in transit. An intruder would find the same jaws merciless.

#### MOVE TO SAN ANGELO

Mr. and Mrs. J. A. Brashear will leave next week to make their home in San Angelo. They have been ranching on the W. E. Friend place east of Ozona. Mr. Friend will restock the ranch Nov. 1.

Your every act and decision is influenced by your seeing. If you are looking for visual efficiency, comfort and eye care, we invite you to come to see us!

### Advanced Styling Featured In New Chevrolet For '39

### New Models Placed On Display Here Sat- urday Morning

Sleek new aero-stream bodies suggesting fleetness and luxury combine with numerous mechanical advancements, at least two of which are major in character, to assure keen public interest in the new 1939 Chevrolet, which made its formal bow Saturday in 10,000 dealers' showrooms from coast to coast. Several cars were placed on display in the showrooms of the North Motor Co., local dealers.

The two new Chevrolet series, designated as the Master DeLuxe and the Master 85, are offered as embodying not only distinctive styling but an even finer aggregate of performance, safety and comfort characteristics than that made their predecessors sales leaders in 1938. Two new models—a Master DeLuxe four passenger coupe with many distinctive features, and a Master 85 business coupe available on both chassis—are added for 1939, the sport coupe and cabriolet being discontinued.

The major mechanical improvements for 1939 are the new vacuum gearshift with steering column control, optional on both series at nominal extra cost, and the new perfected Knee-Action riding system on the Master DeLuxe. This improvement includes an entirely new Knee-Action mechanism, triple-tested, precision-built, and tailored as a unit to the car, to assure maximum riding comfort over all roads.

The power plant in both series is the time-proven Chevrolet 85-horsepower high compression six-cylinder valve-in-head engine, in which refinements introduced in 1938 are continued, and additional refinements resulting in greater economy, durability, and ease of servicing, incorporated for 1939. Improvements have been made in the ignition and oiling systems, the carburetor, the intake manifold thermostatic control, the harmonic balancer, which is now floated in rubber, and the cooling system, which now has a self-adjusting permanently lubricated ball bearing water pump. The diaphragm-type Tiptoe-matic clutch introduced for 1938 is continued with improvements, chief of which is a new provision for ventilation.

Outwardly, the new Chevrolet is longer and lower in appearance. This is accomplished by the new design of fenders, wheels, running boards, and hood, as well as by a new window treatment. The low-

### KER-C-H-O-O!!

Pretty Jean McNally has tossed her hankie into the ring to vie for honors as "hay fever queen" in the novel contest conducted at Galveston, Texas, among the hay fever colony. Galveston's medical authorities say that this is one of the most virulent seasons in years for sufferers of the allergic affliction. Miss McNally was given odds to win by a nose.

### Paschal Odom, Jr., Miss Rondola Davis Wed In San Angelo

The marriage of Miss Rondola Davis, daughter of Mr. and Mrs. A. Z. Davis, and Paschal B. Odom, Jr., son of Mrs. Effie Odom of Fort Stockton and P. B. Odom of Dallas, took place at 3 o'clock Sunday afternoon at the First Presbyterian church in San Angelo.

Attending the bride as maid of honor was Miss Helen Schneemann and best man to the bridegroom was John Odom, his cousin. The couple will be at home on their ranch near Fort Stockton after a wedding trip. Mr. Odom is associated with his mother in the ranching business in Pecos county.

The Odom family formerly resided in Ozona.

### OZONANS TO ARMY- NOTRE DAME GAME

Mr. and Mrs. Jake Miller and Mr. and Mrs. J. B. Miller left Tuesday for New York to witness the Army-Notre Dame football game next Saturday. Mr. and Mrs. Lee Wilson will go by airplane from Dallas today to see the same game. Mr. Wilson's son, Woodrow Wilson, is a star back on the Army team.

er corners of the latter appear practically square, thus effecting a continuous straight-line appearance at the bottom of the side windows.

The hood extends forward from the cowl in a smooth, unbroken surface, curving down gracefully at the front to meet the new radiator grille. The new construction of the top and side panels, from a single piece of sheet steel without hinged or riveted joint, accentuates its clean-cut sleekness.

New and larger headlamps are cradled in the valleys between fender crowns and hood, being mounted directly to low pads embossed in the fenders themselves. The lamps are longer, larger in diameter, farther apart and closer to the ground than in 1938, and their new lenses light more of the road. The new mounting makes them less vulnerable to damage, and reduces service costs in the event of excessive damage to fenders. Horizontal and vertical adjustment of the beam is simple and positive, being accomplished from outside, above the fender.

### SALLY, SANS FANS

Here is Sally Rand, fan den doing a bit of explaining in a Los Angeles justice court, where she was haled to answer charges of singing and scratching one Miss Drain in a scuffle over camera operators photographs of Sally, asserted by taken in a theater.

### Battered Bears Of Baylor Point For Pending TCU Tilt

WACO, Oct. 26.—Those somewhat lucky Baylor Bears, still undefeated in five starts but with a tie game marked up against them, turned their attention toward Fort Worth and their trouble-making tilt with the T. C. U. Horned Frogs Saturday.

It will be an un-proven Baylor team that was battered and hammered time and again in their tilt with the Aggies against a powerful T. C. U. eleven that has worked its way into the national spotlight by taking its first five games in a rather easy style.

Still upset by being held to a 6 to 6 deadlock by the Aggies, but readily admitting that they were lucky to get out with a tie, the Bears dug down in earnest in preparation for the Frog encounter.

The running game, both their own and that of T. C. U., was the thing that worried the Bruins. In the Aggie game, Bear ground plays folded up completely against a stout A. and M. forward wall while the Aggie backs tore through the Baylor line at will. Head Coach Morley Jennings is expected to spend much time on this phase of the game in the hardest week of practice sessions the Bear team has encountered so far.

The game will be the turning point of the Bear title hopes as a Texas Christian win would almost eliminate the championship thoughts of the Baylor team.

The Bears were weakened at the center post with the loss of Hoyt Williams, letterman who went out of the Farmer tilt with an injured leg. Robert Nelson, first string center is still favoring a bad foot infection.

Sol G. Jones, former Crockett county rancher, who recently sold out his holdings in this county and purchased a ranch near Alpine, has bought about 2,000 head of mutton goats from ranchmen in the Sanderson area at prices ranging from \$2.40 to \$2.50.

Mrs. N. W. Graham is confined to her home by illness this week.

# HOME BUILDERS' PAGE

## Colonial Treatment

This pleasingly designed small home was built in Circleville, Ohio, with the assistance of a \$4,500 mortgage insured by the Federal Housing Administration. The second floor is unusually well supplied with natural light and ventilation by means of well-placed dormers and adequate side windows. Another feature worthy of comment is the closet space provided for each room. The living room has a high degree of privacy. It is not necessary to pass through the living room to get to any other part of the house, an arrangement not altogether usual in a small house. Fanlight above the entrance and a well-proportioned porch add further to the charm of this dwelling.

## Insulating Serves 3 Main Purposes

Efficient insulating material, properly applied, serves three main purposes. It offers resistance to outside temperatures, helps to hold furnace heat within the dwelling, and in the event of a fire prevents the flames from rushing upward through the hollow walls and destroying the building. It is, of course, less costly and easier to apply insulation at the time the house is built, but it is possible to insulate existing houses at costs that are not prohibitive in many cases. There are a number of types of insulation on the market that have been found suitable for use in dwellings. The choice of insulation should be made by an expert, either an architect or an engineer.

## UPSTAIRS LAUNDRY AID TO EFFICIENCY

An outgrowth of the trend toward planning for efficiency in small homes is the upstairs laundry. In many old small dwellings this utility room was situated in the basement. This increased the work of the housewife. Today much unnecessary labor has been eliminated by locating the laundry in a compact space directly off the kitchen. Not only is the efficiency of the home enhanced by such an ar-

angement but the basement space that may be utilized for recreational or living purposes is enlarged.

## NEW TYPE OF PAINT

A paint that may be applied over plaster while it is still damp

is available to anxious home owners who prefer to save time in completing their homes. This wall covering makes it unnecessary to wait until new plaster has dried thoroughly. It may be used as a base for other paints or as a finish coat.

## Hot Water Needs Of Home Should Be Carefully Estimated

Hot water is no longer considered a domestic luxury. Nevertheless, there are still many homes without a supply adequate for all needs, and many new homes are being built without having the hot water needs measured. Automatic instantaneous hot water heaters are reasonable in cost, efficient in operation, and easy to install. They effect economies over old-fashioned hot water producers and operate with any type of fuel. The first thing to ascertain in buying a hot water heater is the size necessary. If the one selected is too small, the household will have to skimp on hot water, which will detract from the convenience and comfort of living. On the other hand, if the size is too large, the home owner will be paying for something that is not used. Unfortunately, there is no standard measure of hot water needs that may be applied by a home owner.

When the type of heater has been decided upon, the home owner should call in an expert and have him ascertain the hot water needs of the family and should purchase a system that will provide for the maximum needs.

## QUESTIONS AND ANSWERS

Q. What causes mildew to form on outside painted surfaces?  
A. This is frequently due to the fact that the paint is soft because of excess oil and the area where the mildew forms is damp or well shaded.  
Q. The garbage and ash receptacles have made stains on the concrete back porch of my home. Can these be removed?  
A. Usually the following solution applied daily over a period of four or five days will remove such stains: one part sodium citrate dissolved in six parts of water to which is added six parts of commercial glycerine. Mix part of this with sufficient powdered whiting or hydrated lime to form a paste. Spread thickly over the stains.

When dry moisten with some of the remaining liquid. Repeat as often as necessary.

Q. We generally have mild winters where I live. I have been told that I might save money by building my new house in winter. Is this true?  
A. Broadly speaking, it is true. There is less building in winter and therefore prices are frequently lower. There is a more plentiful supply of labor at hand and builders who want to carry their organizations over the slack period intact will often make some concessions in their charges. You might get bids and see for yourself.

Q. We have decided to fix our backyard up and make a real garden out of it. I am told that much of this work should be done in the fall. Can you tell me what I should do at this time?  
A. The fall of the year is a particularly favorable time to undertake the improvement of your rear yard. Most of the hardy ornamental trees, shrubs, vines and perennials can best be moved at this time of the year. The fall is also a particularly advantageous season for the sowing of grass seed, because of the freedom from competition with weeds. The construction of a lawn should not be deferred too long, however.

Q. The tiles on my bathroom wall have small brown lines running through them. Can anything be done to get rid of them?  
A. No. If you object to this, the only thing to do is replace the tiles.  
Q. After hard rains we have a lot of water in the basement. Will an electric pump prevent flooding?  
A. Yes. An electric pump is cheap but effective protection against damage to basements resulting from water.

Ozona Host--

(Continued from Page 1.)

A highlight of the convention will be the Fine Arts program Friday evening in the high school auditorium, starting at 8:15 o'clock.

Saturday will be Junior Day, starting at 8 a. m. with a breakfast at the Hotel Ozona for Junior counsellors and workers.

Registration will begin at 9 o'clock at the High School auditorium for the Junior delegates and visitors.

At noon Saturday, a chuck wagon dinner is to be served at the Boy Scout cabin, with Scouts in charge.

MRS BRASHEAR GIVEN FAREWELL LUNCHEON

Mrs. W. E. Friend, Jr., at her home entertained Wednesday with a luncheon for Mrs. J. A. Brashear, who is leaving Monday to make her home in San Angelo.

Roy Henderson, Sr., Crockett County rancher, suffered a broken rib Sunday when he slipped and fell on a magazine stand in his home here.

Mrs. W. E. West and Mrs. Alice Baker spent the weekend in Roswell, N. M., where they visited Mrs. Baker's son, Boyd Baker, a student in New Mexico Military Institute.

City Men Adopt Farmer Roles

M. Lee Marshall, left, baking company official, and Grover A. Whalen, president of the New York World's fair 1939, pictured in overalls at ceremonies marking the planting of a wheat field alongside the Continental Baking exhibit building in the fair grounds.

Visitors Honored By WMS With Coffee At Hoover Home

Mrs. Gordon E. Singleton and Miss Virginia Ely of Belton, who are here conducting a mission study course at the Baptist church this week, were complimented by the Woman's Missionary society of the church at a coffee Monday morning at the home of Mrs. A. C. Hoover.

Greeting guests was Mrs. W. A. Kay. Receiving with Mrs. Hoover were Mrs. George Bean, W. M. S. president, Mrs. Singleton, Miss Ely, Mrs. Ben Williams, chairman of the newly created Annie Saltee circle, and Mrs. Clyde Childers, wife of the local pastor.

Rooms were decorated with yellow chrysanthemums and asters and the table was arranged with bouquets of pink chrysanthemums and blue salvia, and bowls of fruit.

Mrs. Ira Carson and Mrs. S. L. Butler presided at the coffee and chocolate service. Assisting in the dining room were Mrs. J. P. Pogue, Mrs. Richard Adams, Mrs. Massie Ray Smith, Mrs. Charlie Butler, Mrs. Pleas Childress, Jr., and Mrs. Lowell Littleton.

Mrs. S. B. Phillips is having her home redecorated.

Olds To Rely On Newspaper Ads To Publicize '39 Car

The story of the three new Oldsmobile lines for 1939 will be carried to the motoring public largely through the advertising columns of American newspapers, according to V. C. Havens, advertising manager.

"We have booked a comprehensive advertising schedule, of course, in the key weekly and magazines," Havens said, "but as in the past, we are placing our principal reliance on advertising coverage upon the daily and weekly newspapers."

"According to present plans, Oldsmobile advertising will appear in 3300 American newspapers during the 1939 model year. This is approximately the same number of newspapers as was used by Oldsmobile during the 1938 model year just ended.

Mr. and Mrs. Bill Littleton left last week for Abilene, where they will visit relatives. From there they plan to go to Fort Worth where Mr. Littleton will receive medical attention.

Safety Is Theme Of Program At Woman's Club Meet Tuesday

Safety was the theme of the discussion at the meeting of the Ozona Woman's club Tuesday afternoon at the home of Mrs. A. C. Hoover, with Mrs. A. E. Deland assisting Mrs. Hoover as hostess.

Mrs. George Bean presided at the business session in the absence of Miss Elizabeth Fussell. Mrs. B. B. Ingham was leader of the day's program on safety.

Members present were Mrs. Stephen Perner, Mrs. George Bean, Mrs. P. T. Robison, Mrs. A. W. Jones, Mrs. W. B. Baggett, Mrs. I. G. Rape, Mrs. B. B. Ingham, Mrs. A. E. Deland, and Mrs. A. C. Hoover.

Ozona Music Club Honors Mrs. Kay At Meet Here Monday

Mrs. W. A. Kay, who will leave the end of this month for her new home in Fort Stockton, was honored by members of the Ozona Music club at the organization's regular meeting Monday afternoon.

Mrs. Harvick as president of the club presented Mrs. Kay with a gift from the club. Mrs. Lowell Littleton was leader of the day's program on the life and works of Arnold Schoenberg.

Present were Mrs. Bryan McDonald, Mrs. Kay, Miss Virginia Ely of Belton, Mrs. Claude Hudspeth, Jr., Mrs. George Bean, Mrs. Paul Perner, Mrs. Van Zandt, Mrs. Pierce, Mrs. Hilary Phillips, Mrs. H. B. Tandy, Mrs. Elton Smith, Miss Jo Dimmer, Mrs. Lowell Littleton, Mrs. Bascomb Cox, Mrs. Max Schneemann, Mrs. Clyde Childers, Mrs. Pleas Childress, Jr., Mrs. Joe Clayton, Mrs. Hugh Gray, Mrs. Ray Dunlap, Miss Mildred Morris and Miss Ruth Graydon.

MRS. BLAYLOCK HOSTESS

Mrs. Jimmie Blaylock entertained her club Tuesday afternoon at the home of Mrs. J. W. North. Mrs. Boyd Clayton held high score and Mrs. Walton Banger, second high.

Mrs. Andy Nelson has returned from a business trip to Nowata, Okla., and a short visit with a sister in Dallas, Texas.

Elle Bright Baggett, son of Mr. and Mrs. Bright Baggett, spent the weekend with his parents. He is a student at A. and M. college.

Mrs. W. E. Friend, Jr., Mrs. Doug Kirby and Miss Wayne Augustine were in San Angelo Tuesday to see the movie "Marie Antoinette."

Mr. and Mrs. Alvin Harrell will be among Gunmans witnessing the T. C. U.-Baylor game in Fort Worth next Saturday.

Mrs. Floyd Henderson was hostess to her contract club at her home last Thursday morning.

George Montgomery was a business visitor to San Angelo the first part of the week.

Mrs. Hubert Baker and Mrs. J. A. Brashear visited Mrs. J. O. Luby in Big Lake last week.

Mrs. Boyd Cox of Rankin spent Sunday here visiting her mother, Mrs. Mary Perner, and other relatives.

BRIDE COMPLIMENTED AT MISCELLANEOUS SHOWER

Mrs. Alfred Cooke and Mrs. W. T. Goodson were hostesses at a miscellaneous shower given for Mrs. James (Bub) Smith Saturday afternoon at the home of Mrs. Cooke.

The bride, who is a newcomer to Ozona, was introduced to each guest and thanked each one for the lovely gifts presented her. Guests wrote favorite recipes in the bride's book.

Those calling were Miss Etta Lee Harison, Mrs. Howard Graves, Misses Myrtice and Myrle Luther, Mrs. James Johanson of Brady, Miss Sybil Luther, Mrs. Levoy Parker, Mrs. Lane Langford, Mrs. J. M. Smith, Mrs. Sam Houston, Mrs. Ida M. Cooke, Mrs. Edward Deland, Mrs. Arch Cooke, Mrs. Rollie Parker, Mrs. Fred Cooke, Mrs. Elmer Doran, Mrs. G. E. P. ter, Miss Oleta Casbeer, Mrs. Emily and Effie Smith and Mrs. Dollye Cooke.

Mr. and Mrs. O. W. Smith of Ozona and their son and daughter-in-law, Mr. and Mrs. Boy Smith of Eldorado, and Mr. and Mrs. Will Whitten and Mr. and Mrs. Ed Finnigan, also of Eldorado, enjoyed a week of fishing in the gulf at Corpus Christi last week.

Mr. and Mrs. Lee Childers returned from an extended vacation trip to Florida.

Mr. and Mrs. I. G. Rape attended the Baylor-A. and M. game Waco Saturday.

On your way to and from high school and college football games this fall, stop for service where you see the Humble sign.

The Humble Station salesman you meet are friendly, prompt, genuinely interested in rendering a helpful service.

Follow the Humble route to football games this fall!
