TENTH ANNUAL CAGE TOURNEY GREAT SUCCESS

14 Teams Enter For 2-Day Round of Fast Competition

LAKE VIEW CHAMP

Ozora Lions Cop Consolation Banner From Sonora Squad

Ozora rang down the curtain on its tenth annual basketball tournament Saturday night and a check-up of the two day event brought to light enough records to tag it the most outstanding and successful tournament in the decade of tournament history.

A record number of entries, 14, was chalked up and the two-day fare was choked with action from early morning to late at night. There were more visitors, more interest among the home-folks, the usual brand of super-hospitality and perhaps the finest assemblage of basketball teams ever entered in one tourney.

The Lake View Chiefs from the suburbs of San Angelo hacked their way through stiff competition to win the tournament championship by knocking off the Eldorado Eagles in the final frame Saturday night.

Ozora school students and fans on the outside had still another very good reason for naming this year's tournament an outstanding success for Coach Dan Patterson's Lions shaded the favored Wink Wildcats in the consolation semifinals and then came from behind to trounce the Sonora Bronces in the consolation final to win the coveted trophy. The Lions lost by the heart-breaking margin of one point to Fort Stockton in the opening round, 15-16, and having a bye in the quarterfinal frame, matched it with the strong Wink crew in (Continued on Last Page)

Mexican Scout Troop Observes Boy Scout Week

Chuck Wagon Supper, Honor Court, Other Events Planned

Mexican boys of Boy Scout Troop No. 63, Ozona, and Scouters and parents of the Mexican settlement here will join the nationwide celebration of National Boy Scout Week beginning Friday with a round of activities which are to be highlighted by a chuck wagon supper Sunday night and a Court of Honor program on a date next week to be determined.

A window display of Scout handiwork is to be arranged at the store operated in the Mexican settlement by Andres Tijerina, Scoutmaster. Thirty-two boys are enrolled in the Mexican troop No. 63. The boys, with their parents and Scouters will gather at the Community Center Saturday afternoon at 6:30 to hear an address on a national hook-up to be delivered by President Franklin D. Roosevelt to Scouts and Scouters on the occasion of the 31st anniversary of the Boy Scouts of America.

The high point in Scout Week observance for the Mexican boys, however, will be the chuck wagon supper to be staged at the Community Center Sunday evening at 6 o'clock. Arrangements for this affair are under the direction of Samuel Martinez, Scoutmaster Andres Tijerina, Assistant Scoutmaster Eugenio Ramirez and Rey Rodriguez. The LULAC council and Boy Scouts are collaborating in staging the chuck-wagon supper.

A Court of Honor, at which several boys of the troop will be up for advancement and to receive merit badges, will be held some time early next week, the date to be fixed.

Slow Rains Again Set In To Add To Moisture Store

1.74 Inches Recorded In 6-Day Fall Here Last Week

After three days of sunshine and balmy weather, which made for maximum results from the bountiful rains in this section last week, slow falling rains again set in yesterday, promising to bring another soaking to the ranch country on top of the already liberal stores of moisture in the ground.

Clearing skies last Sunday brought an end to six days of intermittent rainfall in this area which was pronounced by ranchmen one of the most beneficial winter rains ever to fall in this country. The week's total, which was much heavier in other parts of the county and sections of the state, was recorded at 1.74 inches here. The rains were general all over the area and came at the most opportune time to produce early spring growth of feed, and green feed for early lambing.

7 Games Slated For Volleyball And Cage Teams

Girls And Boys Go Into Intensive District Schedule

With the tenth annual tournament behind them, and incidentally, the tourney consolation championship tucked under their belts, the Ozona High School basketball team this week plunges into an intensive district schedule that calls for seven district games before the Interscholastic League district meet in Fort Stockton February 21.

The girls, too, will pace the boys through the seven games, matching as many volleyball games in district combat, the two games to be played the same nights. The teams have played only one district game to date, against Junction on January 17. The boys' cage team won the game while the girls lost on that occasion. A game was scheduled with Rocksprings the same week but was postponed on account of an outbreak of flu among the local team members. And, too, last week's tourney inter- (Continued on Page Four)

Assailant Fades After Mysterious Attack On Ozonan

A mysterious assailant, who evidently succumbed to the urge to hit somebody for no reason at all or at least for one known only to himself, disappeared from sight after plastering a haymaker to the jaw of Neal Hannah, owner of the Ozona Laundry, in an unexpected fashion at the postoffice corner Saturday night.

The man, described by Mr. Hannah as about six feet tall, weighing about 175 or 180 pounds, was standing near the west door of the postoffice when Mr. Hannah, headed for the postoffice, approached from where he had parked his car at the back of the building. Except for glancing at the man and seeing that he was a stranger, Mr. Hannah paid no especial attention to him. Sensing a movement, Mr. Hannah turned his head toward the man just in time to receive a blow to the chin from the man's fist.

The assailant packed wallop enough to knock his unsuspecting victim from the sidewalk and then urged Hannah to get back on the sidewalk to continue the affair. Mr. Hannah explained that he had no reason to fight the fellow, in fact didn't even know him.

"I don't know you either," the man said. Officers searched for the man for several hours but could find no trace of him.

529 Poll Taxes Paid Here; Tax Collection Up

Qualifying Voters Are Fewer Than Last Off-Political Year

An off-year in politics saw more than 200 fewer potential voters marching to the tax collector's office and reserving the right to vote during the year 1941 in Crockett County, according to a tabulation of poll tax payments made at the office of the collector at the close of the taxpaying period last Friday night.

A total of 529 poll tax receipts were issued by Deputy Claude Russell from the office of W. S. Willis, sheriff and tax collector. This number was more than 200 under last year when national, state and local elections were in the offing, and exactly 25 under the last political off-year, 1939.

In addition to the 529 poll tax receipts, the deputy issued 7 certificates of exemptions. These go to those who became 21 years of age after January 1. Voters over 65 are not required to secure a certificate of exemption. Seventeen alien poll tax receipts were issued. These receipts do not entitle an alien to vote, but are required of property taxpaying aliens. (Continued on Page Five)

Students Are Taught Safety Lesson With New Movie Feature

A visual lesson in safety was shown for different groups of students of Ozona schools Tuesday and Wednesday. A motion picture titled "On Two Wheels" which dramatized a lesson in safety for bicycle riders and automobile drivers was shown at the school on two days.

The picture showed a court scene with a student judge passing on charges of violations of safety rules filed against boy and girl cyclists. A lesson in automobile driving was also given, the picture showing a policeman taking a student for a driving lesson.

Scouts to Hear President

Besides all the Boy Scouts in the country—a membership of 1,500,000 right now—all America will have an opportunity to hear President Roosevelt, Honorary President; Walter W. Head (right), President, and Dr. James E. West (left), Chief Scout Executive of the Boy Scouts of America, mark the 31st anniversary of the Movement in the United States, over the NBC (Red), CBS and MBS networks, and many local stations not affiliated with the networks, on Saturday February 8, at 7:31 p. m. EST; 6:30 CST; 5:30 MST, and 4:30 PST.

Boy Scouts and Scouters of Ozona Troop 53 will join this week in the nationwide observance of National Boy Scout Week celebrating the 31st anniversary of the founding of Scouting in America and a full program of activities has been outlined for the week's observance here. The general program for the week's activities was arranged under the direction of Leslie Nance, local neighborhood commissioner.

The highlight of the week will be a barbecue supper Saturday night at the Scout cabin for Scouts, Scouters and parents after which the audience will hear the radio speech of President Franklin D. Roosevelt on Scouting. The President's speech will be followed by a Court of Honor.

Don C. Baldwin, Scout Executive for the Concho Valley Council, with headquarters in San Angelo, and Paul M. Ireland, field executive for the ranch district, with headquarters in Del Rio, have been invited to be present for the Saturday night program here and one or both may be present.

The Scout Week observance will open with flag raising ceremonies by the troop at the Scout cabin Friday morning, Feb. 7, at 7 a. m. Scoutmaster Guinn Caruthers and Assistants Boyd Lovelace and L. B. T. Sikes, Mr. Nance, Dan Patterson and other Scout leaders will have parts in the opening ceremonies.

A display of Scout handiwork will be set up Friday in the Joe Oberkamp store and will remain on display all week to attract attention of the general public to the work of Scouts.

Saturday, February 8, is the actual birthday of Scouting and that date has been selected for the outstanding event of the week's observance here. Beginning at 5:30 Saturday afternoon, a barbecue supper will be served at the Scout cabin, for Scouts, Scouters and parents. The committee to arrange the barbecue is composed of Strick Harvick, Fleet Coates and Marbury Morrison, members of the local Scout committee. The meat, donated by these men, is to be cooked by Cleophus Cooke of Cooke's Market.

At 6:30 the crowd will gather in the cabin auditorium where a radio receiving set is to be installed to receive the broadcast Scout speech of the president. After the president's speech, a Court of Honor will be held with Dan Patterson, advancement man on the local committee, and Assistant Scoutmaster Boyd Lovelace in charge.

Sunday, February 9, is to be observed in all the churches here as Scout Sunday. It has been a custom among the three local churches in years past to rotate the annual Boy Scout service among the churches. This year, the annual service is to be held at the Methodist church at the evening hour Sunday, 7:30 p. m., with the pastor, the Rev. Eugene Slater, preaching the sermon. Other churches of the city will dismiss their regular Sunday night service in order to participate in the special Scout service.

Because of scheduled basketball games Monday and Tuesday, no Scout activities were planned for those days, the regular meeting of Troop 53 being postponed from Tuesday to Wednesday night. After the regular business of the Wednesday night meeting, Scout leaders have planned a number of (Continued on Last Page)

Boy Scouts and Democracy . . .

While the nation's industrial machine labors at an ever-increasing pace to arm us, other important factors must not be overlooked. Building and maintaining the country's morals is as important to national defense as expanding production.

That is why it is encouraging to note that the theme for Boy Scout Week is "Strengthening and Invigorating Democracy." Positive measures are the order of the day. The million and one half boys and men who make up the American Scout Movement are pursuing a nation-wide program of action to make Scouting a signal and effective asset to our country in this national emergency. By emphasizing doubly their regular program of education and energetic activity the members of the Boy Scouts of America hope to perform an important part in the task of revitalizing the ideals and practices of American democracy.

1941, the public will be able to judge the results so far of intensive intra-organizational activity which the Boy Scouts have carried on calmly since early in September. A nation-wide roll call and inventory, completed in December in every one of the forty seven thousand Scout units, is the basis of an extensive plan designed to make Scouting more effective with those already enrolled as Scouts and to extend the benefits of Scout training to the thousands and thousands of boys who are eager to be better equipped to serve their fellow men and their country.

In many communities older Scouts are making ready to act in Emergency Service Corps, trained

to apply Scout training in assisting Red Cross and other existing agencies in time of disaster. In many of the 545 Local Councils, too, plans for rapid and efficient concentration of Scout units for community service on short notice have been adopted and put into practice. In countless minor ways, members of the Boy Scouts are helping to make democracy a living, vital creed.

The Boy Scout Motto is "Be Prepared." It is a healthy sign, one that bodes well for the future of our nation and the Scout Movement, that they are living up to it in every sense of the phrase.

Goering's Secret Horde . . .

The story from a Federal court defendant that Reichsmarshal Goering and other Nazi bigwigs have smuggled millions out of Germany and secreted the money abroad will surprise no one. Nor is it surprising that no such charge has ever been made against Hitler. Der Fuehrer is a fanatic and has never given any evidence that he cared for anything but power. Having unlimited power, money means nothing to him. The gang around him take a different view. They have acquired handsome residences and estates, and live in princely splendor. They know, too, that prosperity such as theirs is sometimes temporary, whether because their government is overthrown or because they fall out of favor with the head man. Gangsters at heart coldly realistic and selfish, they naturally took good care that some of their share of the loot was hidden safely outside Germany, where it might be of use to them if the day comes when they must, in the language of their fellow-gangsters here, take it on the lam.—Brooklyn Eagle.

Plea For Safer Texas Streets and Highways Sent To Lawmakers

AUSTIN, Feb. 5.—A joint appeal to the Senate and House of Representatives for the enactment of legislation to make Texas streets and highways safer was delivered to the Legislators Wednesday by the Texas Safety Association and 20 co-operating organizations. The appeal was signed by the presidents of the statewide organizations.

Despite unprecedented safety efforts on the part of civic organizations and public officials, it was pointed out that since the 46th Legislature convened in 1939, the traffic accident toll in Texas has resulted in 3,300 deaths, 106,000 persons injured and an economic loss of \$90,000,000.

The appeal asks passage of the 5-point legislative program sponsored by the 21 state-wide organizations representing a membership of over a million Texans. The enactment of similar laws in other states has helped reduce the traffic deaths by as much as 35 per cent.

The legislation requested is: A standard driver's license law; an increased Texas Highway Patrol; a strengthened drunk driving law; a revision of the obsolete speed law; uniform reporting of serious accidents.

THIS BUSINESS OF Living BY SUSAN THAYER

A SHORT SHORT STORY OF FREEDOM . . .

There were loud voices in the house next door. The argument was evidently becoming what we call "heated." We could hear some of the words as we passed on our way home.

"They seem to be taking the government apart," my husband remarked. "But then, Jones always gets excited when he talks about taxes." "Yes," said I, "and Mr Brown has very different ideas about defense."

With these few harmless observations we dismissed the vivid example of one of America's traditional freedoms — freedom of speech. Of course, people have the right to say what they want to, whether others believe it or not!

The evening paper, tightly folded, was on the porch when we got home. John opened it up as we went in and turned on the light. There on the front page was an editorial criticizing certain statements made recently by our chief executive. "Well," said he, "J. B.' doesn't seem to agree with the president." We laughed, for that was putting it mildly for "J. B." the editor, was rabid on the subject without the least fear concerning his paper or person. And so, we calmly took for granted another of our national freedoms—freedom of the press.

A few minutes later Mary came rushing in the front door, cheeks flaming "Mother!" she exclaimed. "I've just had the awfulest argument with Bill Sullivan. About religions. He told me everything that

is wrong with our church. And I told him everything that was wrong with his. The idea of people being so blind and bigoted and old fashioned! I'll never speak to him again."

"There, there, Mary . . . calm yourself. People can be good friends and still have very different ideas about religion," I said, "and the thing that really matters is sincerity." Thus, was another of the fundamentals of our precious Bill of Right accepted.

And then John's brother came in. We could see he had something on his mind. "That store down at the corner that I've told you about. Remember? Well, I've bought it! Got the money from old man Larkin and I'm opening up next month. Looks to me as if there was going to be more and more business out this way and if a fellow gets in on the ground floor. . . ."

"Good for you, Bill," we said, congratulating him and never giving a thought to our system of free enterprise that makes this type of individual initiative possible.

There, in a few simple home incidents is the story of our American way of life. A way unknown in much of the rest of the world today where men dare not speak their minds . . . or print the truth . . . or express their opinion on religion . . . or undertake a business of their own.

As Much as That? . . . The average American family consists of 3.8 persons. The 8 represents pappy.—Omaha World-Herald.

Discovery . . . Statistics show that most college classes are led by girls. So are most of the male students.—Columbia Ledger.

"Stick Horse Was Only Other Horse He Ever Rode Before" But Ozona Mexican Youth Enjoying Life In U. S. Cavalry

"I am so happy that I wouldn't want to be in civilian life."

That's the way a young Mexican youth, Hector Vargas, describes his reaction to army life after the first week of training after being inducted with this county's Jan- uary contingent called up under the Selective Service law for a year's training. Vargas is one of four Crockett county men accepted for service at Fort Bliss in El Paso last month, all volunteers.

In a letter to his mother, dated January 23, Vargas wrote that he had been assigned to the 124 Cavalry, 56th Brigade, at Fort Bliss. He is to be transferred sometime this week to Brownsville, he said.

"Mother, I am so happy that I wouldn't want to be in civilian life," young Vargas' letter, written in English to his mother, declared.

"Over here in 124th Cavalry, they teach us how to drill or march in position of a soldier, and we have learned all the parts of a rifle or gun and all the parts of a saddle and horse from the head to the feet and tail. It's hard work, but I am getting along all right."

"I told them that the only horse that I had ever ridden was a stick horse, and they didn't believe me because I was from the West. But they say that anybody learns to ride better if never has ridden a horse in civilian life because he learns the army manner. It means in a position of a soldier, at attention. That was pretty hard at first but we get to learn."

"Alberto (Tijerina) and I are privates because we learned to drill in a few days. We learn to march, turn right face, left face,

about face and to stay at attention, parade dress, dress to the right and to the left. We have to fall in line at five o'clock in the morning. That is something I hate but the army is something different from what everybody thought. The army needs discipline. What I mean is you have to study day and part of the night."

Young Vargas wrote that he was staying in a tent with two other Mexican boys and three white boys. On the back of the final sheet of his letter he wrote, "Good clothing and food too, and good friends everywhere."

\$1021. White sidewall tires extra*

IN search for impressive size, cars have been getting longer every year.

Bumper has retreated from bumper until there's hardly room left in the family garage for the lawn mower and the good wife's gardening basket.

Does that mean you'll have to build a new garage to enjoy a big car's glories? Not now!

For there are four new Buicks on the market—additions to our 1941 SPECIAL series—that let you indulge your big-car tastes in spite of 1929-car-size garages.

They are big cars in ability—with a 115-horsepower Buick FIREBALL engine that can be stepped up to 125 "horse" by the addition of Compound Carburetion.*

They are big cars in their room—with plenty of leg-, elbow- and head-room in their spacious interiors.

But—they fit your garage, handle like baby carriages, park on small change

—all because we have trimmed down their bumper-to-bumper length!

So if you've been itching for a big car—but wondering where you'd find room for it—better hop right over to see these beauties now. You'll call them the season's biggest news!

"North West Mounted Police" at Theatre Today and Friday

Gary Cooper and Madeleine Carroll, cast in the sort of romantic roles which brought them to screen fame—he as Dusty Rivers, a Texas Ranger, and she as April Logan, a gallant nurse—are the starring duo who head the huge cast of Cecil B. DeMille's "North West Mounted Police," which plays tonight and Friday at the Ozona Theatre, the first epic by the master producer-director to have been made entirely in technicolor.

In keeping with magnitude of his stars, Demille has assembled an outstanding group of starring players. Heading the list are Paulette Goddard, cast as Louvette, fascinating, tempestuous Indian girl; and Preston Foster and Robert Preston as Sergeant Jim Brett and Ronnie Logan, Mounted Policemen. Among the others are Akim Tamiroff, as Duroc; Lynn Overman in a comedy role as Tod McDuff; George Bancroft as the chiefest heavy, Corbeau; Lon Chaney, Jr. as a half-breed Metis; and Walter Hampden as Chief Big Bear.

Always one to choose an important theme for his pictures, DeMille has elected to demonstrate the fortitude and courage of the Mounted in this picture. As a basis for his plot, he selected the famous Riel incident—the attempt of one Louis Riel, played by Francis McDonald in the picture, and thousands of half-breeds under his leadership to run the Mounted Police out of Canada and to govern themselves.

The story which Demille unfolds in "North West Mounted Police" has epic proportions, and no condensed version of it can possibly convey all the excitement, spectacle, romance, humor, gusto and sheer motion picture magic packed into it.

Scout Training Program Readies Boys For Action

Strengthening Democracy Present Objective Of Movement

To do its part toward strengthening and invigorating democracy the Boy Scout Movement during Boy Scout Week (Feb. 7-13) reflect the national mood of the United States by readying its members for instant and effective action.

Scout Troops in this community and through the country have prepared plans to quickly mobilize Scouts in the event of local or national crisis. These Troops can often assemble their entire membership of high-school age youth within one hour. Tests conducted by the Local Scout Councils all over the nation have indicated that the majority of communities can assemble their Boy Scouts in less time than any other group of similar size.

Pointing to numerous past emergencies, most notably the New England hurricane in 1938, Scout Officials are justifiably proud of the long list of services rendered by these twelve to sixteen year old boys during disasters. Scouts, quickly cooperating with relief agencies in charge of rescue work, have performed yeoman duty. They served as orderlies and messengers, as well as conduct accurate censuses of damages following floods and storms, making relief work more valuable and eliminating waste effort.

Coming to Ozona Theatre Today and Friday

Action "in big quantities" is in store for film fans who see "Northwest Mounted Police" tonight or Friday. Pictured above are Gary Cooper and Madeleine Carroll, who take the leads in this sensational technicolor picture, and a few Mounties shooting their way out of an ambush. The Ozona Theatre is proud to present this picture, as well as the other outstanding films for the coming week which are "Girl on Avenue A," "Carson City Kid," "They Drive By Night," Shirley Temple in "Young People," and "Chad Hanna," in technicolor, featuring Henry Fonda, Linda Darnell and Dorothy Lamour.

Theatre Ad Worth Price Of Ticket For Wednesday Nights

Mr. and Mrs. W. V. Adwell, managers of the Ozona Theatre, are offering free admissions to their theatre on Wednesday nights

to any one who will clip theatre's advertisement on the back page of this issue of The Stockman, provided each clipping is accompanied by one paid admission.

A clipping of the ad, together with one paid admission, will admit two adults to the theatre on Wednesday nights. Clip the entire ad from the paper and save it un-

til Wednesday night, when it will become a show ticket with one paid admission.

Mr. and Mrs. Beeler Brown were here this week from Port Arthur for a visit with Mrs. Brown's parents, Mr. and Mrs. J. S. Whately.

Many issued here were purchased by aliens who did not own property, but bought the license as a means of identification and to indicate good citizenship intentions.

Although no complete tabulation of 1940 tax collections has as yet been made, Deputy Russell predicts another record collection this year. His estimate is around the 90 per cent mark of the total tax due collected before the deadline Friday night.

TEXAS IS READY!

Give that valve a quarter turn, Old Man Texas, when Uncle Sam needs the oil for national defense

With the pioneer spirit typical of Texans, our oil men have found and developed petroleum reserves far beyond all civilian and military needs now indicated.

Even if defense requirements total 150 million barrels more a year, Texas can supply them without waste by a quarter turn of valves on wells already drilled. This can be done at a moment's notice without depriving anyone of a single gallon of gasoline or quart of motor oil. Surplus pipe line capacity is ready to carry all this oil from the fields. Surplus refinery capacity exists to turn it into essential products.

Texas goes ahead in the search for more petroleum reserves. New fields are being found... more efficient producing, refining and transportation methods are constantly being perfected... TEXAS IS READY!

Second Grade News
Three seventh graders came down and told us about the war situation. We enjoyed having them.

Hitler is dictator of Germany. He has taken many countries but he wants England most of all.

The Germans and English bomb each other almost every night.

Mussolini lives in Italy. He joined with Hitler so he could get some of the land Hitler was taking.

Japan is trying to get China but China will not surrender. They are still fighting.

Japan doesn't have enough room for all her people.

Japan has been trying to take China for about six years now and I don't think he has it yet.

China is backward and doesn't have very much equipment.

So I don't think China can hold out much longer.

Japan and China are fighting.

We hope China wins the war. We are giving China as much scrap iron as we can spare.

We are studying about silk worms. J. D. Pharr made a chart about silk. It has a moth on it and a cocoon.

The third grade is studying about silk. We have learned very much about it. We think it very interesting to study about silk.

We have a picture show. We are making films. They are about silk, wool and unusual clothing.

We elected the best citizens of the week. They were Ray Piner, Donald Hoover, Rosalie Friend and Lorraine Mears.

We made a chart of which clothes we should wear in fall, winter, spring, summer and when it rains. Some children drew pictures of clothes for all the seasons.

When the students returned to school Monday, they were very much pleased to find the gym floor had been completely refinished.

Their pleasure increased when they first practiced on it. They found that it wasn't nearly so slick and that the new coat made it look very nice.

The floor has needed a new coat for quite some time, but it was with-held until a week before the annual tournament, which was held here last week-end. We, of course, wanted to make a good impression on the visiting teams. The entire school system is proud of the good condition that the gym floor is in; therefore the varnishing was welcomed.

Pep Squad Girls Successfully Housed Tournament Visitors

The pep-squad girls and the girls of the band were busy early last week in getting rooms in homes of the townspeople of Ozona for 120 boys and coaches. This preparation for the tournament held here last Friday and Saturday was under the direction of the two pep-squad leaders and Miss North, who is the pep squad's sponsor. This seemed to be quite a task, but it was successfully completed with all the helpers cooperating.

A list was made of all the possible prospects for rooms, and each of several girls was assigned several people to call. Some people accommodated as many as 6 boys. This response was appreciated by the members of the school, for without their help, an Ozona tournament could not have been put over successfully.

The girls also made leather horseshoes with "Ozona Tournament" stampel across them for tags to put on the coaches and boys participating in the tournament.

Entomologists Catching Up With The Destructive Screw Worm Fly In Texas

Strict Control Measures Urged To Prevent Spread

COLLEGE STATION, Feb. 5.—Scientists of the Texas Extension Service, co-operating with the United States bureau of entomology and plant quarantine, are catching up with the destructive screw-worm.

E. C. Cushing, senior entomologist of the bureau of Menard who traced out the source of the pest, says "screwworms are pulling more dollars from the pockets of ranchmen than any other known livestock parasite or disease." But 25 years of research, he adds, has definitely determined that 90 per cent of the screwworm cases originated from the eggs of one species of fly that can survive only in wounds of living, warm-blooded animals.

"Eliminate this primary fly and the trouble is removed."

The eggs hatch in approximately six to twenty-one hours and after three to ten days the worms drop from the wound into the ground to complete the cycle by germinating a new generation of flies, seven to fourteen days later.

The present is a crucial stage in the conception of the next crop of flies, and D. C. Farman, associate entomologist, reporting on the outlook, says:

"There is a large number of immature stages of the fly in the soil from November infestations

on the western Balcones escarpment (Kinney county) but worms dropped early in November had not emerged as flies up to December 9. But flies are emerging from October dropped worms and these now are lightly infesting wounded animals.

"There are enough immature stages of the fly now in the ground to develop a rather severe outbreak of the fly throughout the over-wintering area should late December and January have a considerable period of warm weather. Ranchmen should postpone making wounds on animals as far as feasible until February

TENTH ANNUAL - (Continued from Page One)

the semi-finals. Again it was a one-point margin but this time the local fans were on the fringe of hysteria after what was pretty generally agreed was one of the most thrilling basketball games ever played on the Ozona courts. The tally was 29-28 in favor of Ozona and it was that close or closer most of the way.

"Please say for me that I am grateful for the cooperation of the people of Ozona in making this a successful tournament," was the plea of Coach Dan Patterson. "And, of course, you might add, I am more than just a little bit proud of my boys."

The champion Lake View Chiefs took in succession Wink, in the opening round, Iraan in the quarter finals, Fort Stockton in the semi-finals and Eldorado in the finals. The runner-up Eldorado Eagles had thumped Junction, McCamey and Big Lake for the chance at the overpowering Redskins. The Chiefs mowed down the Schleicher contenders, who by the way, had just come from a tough battle with the Big Lake Owls an hour before, by the decisive count of 41-16.

Youngblood of Wink was chosen by the committee of judges as the most valuable player of the tournament. The all-tournament team selection was as follows: Sharp of Lake View, Youngblood of Wink, Page of Eldorado, Ritter of Lake View and Prater of Wink.

Two Ozona players were included among those receiving honorable mention. They were Bobby Lemmons and George B. Armentrout.

Other honorable mention selections were Owens of Rock-springs, Twyford of Big Lake, Hudson of Sonora, Black of Grand-falls, Weatherby of Iraan, Hadden of Fort Stockton, Whitaker of McCamey and Millsap of Christoval. All of these honored players received gold basketball awards.
