MENACE TO UNIONS RECOGNIZED

When the United Mine Workers struck last year, not a few people thought that one of their objectives was eventual government ownership and nationalization of the coal mines. Either that was not their desire, or their experience with wartime government control of the mines has caused a change of heart, if one is to go by the comment in the United Mine Workers' Journal of January 15, which says:

"The period of governmental operation of the coal mines through which we are now passing, should be a lesson to American coal miners, as well as all American workmen, that the best interest of the American worker does not lie in government operation of industry. It has been demonstrated over and over again in every country in the world where governmental operation has superseded private enterprise, or through outright ownership or complete supervision, that governmental methods invariably constitute an onslaught a-

gainst established shop practices and the breaking down of customs established by long years of collective bargaining."

It is fortunate for labor and our country that editors of the labor press are at last voicing the danger to liberty that faces not only the union worker, but every American citizen in every encroachment of government into the field of business activity.

Tech Head Paints a Self-Portrait

His family "made" him wear a smock, but Dr. Robert E. Doherty, president of the Carnegie Institute of Technology, says it would have seemed more fun if he could get paint on himself while doing a self-portrait. His self-portrait won him the first prize of the Associated Artists of Pittsburgh exhibit. Painting is the educator's hobby.

Son-In-Law of Ozona Couple Wounded in Bougainville Action

An account of the patrol action which resulted in wounding of Lt. Adelbert Bruce of Bartlesville, re-Okla., son-in-law of Mr. and Mrs. E. D. Cook of Ozona, on Bougainville in the Solomons, is contained in a recent issue of the Bartlesville paper. Mrs. Bruce, the former Aileen Cook of Ozona, who is making her home with her husband's parents in Bartlesville, recently received a letter from her husband stating that he had been wounded by a Jap sniper but that he was "getting along all right," the item said.

A recent delayed AP dispatch from the Bougainville area, describing a patrol action in which Lt. Bruce participated, was quoted in the item.

"A patrol led by Capt. Louis V. Koramomy of Jewett, Ohio, and guided by Lt. Adelbert Bruce of Bartlesville, Okla.," the dispatch read, "discovered a Japanese command post several thousand yards beyond the Torokina river. The patrol surprised and killed 30 Japanese but suffered one killed and 11 wounded in the same two-hour action."

"Bruce said the command post was well policed and included a number of wooden-floored grass shacks which are unusual among the Bougainville Japanese, who are ordinarily well dug in."

The newspaper account described the young army officer as a native of Barnsdall, Okla., and attended grade school near there and took high school work at Oklahoma Military Academy, Claremore, spent a semester at the University of Oklahoma and returned to the military academy to finish out two years of junior college work and was graduated in the spring of 1942, receiving a commission as a second lieutenant in the cavalry. He was trained at Fort Riley, Kans., Camp Hood and Camp Bowie in Texas, and Camp Ord in California, from where he went overseas.

"Last August 10, Lt. Bruce was married to Miss Aileen Cook of Ozona, Texas, and she is now making her home with her husband's parents and is also employed here by Burlingame Corporation," the Bartlesville paper continued. "Incidentally, Adelbert is another of the many young men and women of Osage Indian blood who are in the armed forces of the nation."

BITS O' BUSINESS—WPB allotments of leather with plastic and composition rubber soles will be adequate to fill consumer shoe needs during 1944 if careful rationing is continued. . . Wrapping paper and paper bags available to civilians will be materially reduced in the next few months. . . Never again may as many warplanes be manufactured in the United States as the 9,118 which rolled off assembly lines last month, C. E. Wilson, vice chairman of the War Production Board, indicated recently. The peak is believed to have been reached because production will be concentrated more on heavy fighting planes and bombers and less on the light training ships.

Mrs. Bruce Spencer King of Houston is here this week to visit her sister, Mrs. E. B. Ingham, and other relatives.

Pvt. and Mrs. R. E. Lee of Fort Reno, Okla., are here for a visit with Mr. and Mrs. Red Deakins. Pvt. Lee, attached to the quartermaster corps, is a brother of Mrs. Deakins. Another sister, Mrs. O. Q. Orford of McCamey and her two children, Darylene and Beverly Grace, are also here visiting in the Deakins home.

RANCH RECORDS

Are More Important

Today Than Ever

Government regulations and new war tax programs make it more important today than ever before that every business keep accurate records of its operations.

The ranch business is no exception. Your government must necessarily levy stiff taxes to finance the gigantic war effort now under way, and tax agents are going to be stricter in demanding compliance with all regulations. Records of all operations are going to be increasingly important in proving up your income tax returns.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

THE LION'S ROAR

Published Weekly by the Student Body of Ozona High School

VOLUME 9 OZONA, TEXAS, THURSDAY APRIL 20, 1944 NO. 13

DON'T QUOTE ME, BUT I HEARD THAT!!!

Byrd Phillips heartily disapproves of the word "Boing" which is going around now.—Ada and Rosalie agree that Joy is doing all right with Mike, Al, and March. Who are all these people, Joy?—Nan Tandy and Ruth Townsend came into Study Hall thirty minutes late Monday morning. They said they had been working Physics.—Louise Arledge wouldn't give her telephone number to a poor G. I. Friday night and he just begged her for it, too.—Bill Wilkins and Doris Bean have it had. He takes her to the show on Sunday afternoon, takes her home at seven, takes her to League at seven-thirty, and then back to the show.—Sue Beasley seems to have lost something Friday night. At any rate she was going around yelling, "Where's Chelowski?"—Muggins is getting tired of going back and forth in front of Larry's and Jimmy's houses so Louise and Barbara can see whether or not they are home.—Bill McWilliams was a very pretty pink in the Drug Store Saturday. What was it all about, Bill?—Baby Hokit danced and danced with just one G. I. Friday night. Cute wasn't he, Baby?—Nan Tandy was mad at Byrd Monday morning. Something about having to stay home all week.—Larry Arledge and Lowell Sweeten have no sense of value. They were throwing a steak around Saturday.—Juana Gay and her G. I. broke up but when he missed his truck back to camp last Saturday, Juana was the one to come to the rescue and take him in her car.—Ruth and Jo Nell were really stepping at the dance Friday night. Ruth even had a chance to ride in a cute little

Ford convertible.—Susie's dreams have a strange effect on her. She can't eat, she can't sleep, she just wants to go back to sleep and dream again.—Billye Laxson was a very happy person last Wednesday night. "Eugene" got to come down to see her.

WOULD THE WORLD COME TO AN END IF —

Barbara and Larry ever stopped carrying on mental telepathy in Geometry class?—Louise ever took off her little silver basket ball even for a minute?—Billy Womack ever failed to walk over from the Band House with Bennie Gail?—Bill McWilliams ever wrote a decent Spanish theme?—Ann and Joyce ever claimed to be sisters?—Dilly ever missed a chance to go to San Angelo?—Susie ever ceased to write letters?—Dixie, Dorothy, Billy Rose, Billy Jo, Patsy and Jerry ever lost their cowboys?—Joy Hubbard ever loved anything but a soldier?—Mr. Sikes lost his voice?—Miss Kirby missed any mistakes in grammar which her pupils so stubbornly spout?—Miss Heaton ever failed to give detention?—Byrd ever failed to pester anyone for an hour?—Joe Corbell ever passed an English test?—Lowell Sweeten ever ran out of gas?—Rosalie lost her little white hat?—The H.E. class ever failed to burn at least one piece of toast?—Calvin wore a bigger ring on his little finger?

Jo Nell broke her silver wings?—Miss Moore got rid of the name Gypsy?—Nan's eyes turned blue?—Joe Perry forgot how to whistle?—Leon wore false teeth?—Jimmy got home before 12 on his dates with a certain junior girl?

Liz forgot Weber?—Basil forgot Liz?—Rosalyn used the tennis courts for tennis purposes?—Duane and Sue started dating?—Bill and Doris remembered where they left their coats?

O.H.S. NEWS

Last Thursday Rev. Stearns talked to the students about hobbies. The next Press Club meeting will be a party. The regular meeting day will be Monday. The Girls Tennis Tournament is coming up next week. The Boys Tournament will be some time soon after this. The Seniors are planning the annual Senior trip. The Juniors are practicing on plays for the Assembly program next week. This week the Assembly program will be a film, "The Plainsman." Joyce West was missed from school the first part of this week because of illness. Louise met with an accident in Chemistry when acid and alcohol exploded in her face. She has recovered, however. Friday afternoon the Basketball boys will play a game. High school will turn out at three.

Car Owners Warned Not to Destroy Tire Inspection Records

Announcement of the discontinuance of periodic passenger car tire inspections after April 20 has caused some confusion among tire owners, some of whom are destroying their tire inspection records in the belief that they will no longer be needed, OPA has announced. All automobile owners are urged to keep these records, which will be required for the purchase of tires and in sales of new and used automobiles. Under the old regulation, holders of A books were required to have their tires inspected every six months; B book holders, every four months, and C book holders, every three months. Discontinuance of this practice after April 20 was authorized by the OPA largely because it is felt that everyone realizes the seriousness of the tire situation, and will have tires inspected as often as necessary. However, under the new regulation, an applicant for tires must present his tire inspection record, as in the past. The tire inspection record also will be necessary in sales of new or used automobiles. The person selling a used automobile must turn in the old record in order to obtain a clearance statement from the OPA, which is necessary before an automobile may be registered for a license.

Head of Attorneys Urges Return of Power To State, Local Govts.

HAMILTON, April 18—Any postwar plan for the benefit of returning service men must come from the heart and will of the people and not depend on dollar-matching grabs from the Federal Treasury, Fred Erismann, President of the District and County Attorney's Association of Texas told a joint Post War Planning meeting of the Lions Club and the Junior Chamber of Commerce here tonight. The first plea of every man risking his life today on foreign soil, Erismann declared, is that it perform a useful and necessary function, providing goods and services at a price profitable to both producer and consumer. This automatically eliminates make-work, time-killing and political favoritism, and the only way these ends can be guaranteed is by the return of power to the state and local governments, the speaker said. Money obtained from the Treasury to give employment to the men who fought for our victory in this war, will be charged to their account, with a staggering brokerage fee for the upkeep of the bureaucracy which handles it, Erismann told the organizations. In principle it will be the same thing as taking them around to the bank and having them borrow the mon-

ey on their own signatures with a mortgage on their future, he added.

Erismann pointed out that these things will be true no matter how the elections go in November, and that in time a Republican bureaucracy could become as onerous as a Democratic or New Deal one. He urged that the Democrats return to Jeffersonian principles of Federalism, in which the state being closer to the individual, is deemed a more trustworthy guardian of his rights, and to this end strongly advised the party to return to the two-thirds rule abolished four years ago at the instance of Northern Democrats in the interest of centralized government.

Dollars and Cents Ceiling Price Is Placed on Goat Meat

A recent regulation issued by the Office of Price Administration places dollar-and-cents ceiling prices on goat meat, according to Conrad F. Schweppe, OPA price attorney in the San Antonio District Office. Formerly, prices were frozen at each individual seller's March 1942 prices. This new regulation, effective now, divides goat meat into two classifications, one being "Cabrito" or "Kid goat" and the other being the meat of the mature goat. "Cabrito" or "Kid goat" is the meat derived from the milk-fed goat which is twenty weeks old or less, the whole car-

cass weighing not more than 15 pounds dressed. This regulation requires that the carcasses of the older goats be stamped with the word "goat" and the Cabrito carcasses be stamped with the words "Kid Goat."

This regulation fixes prices at all sales levels. The retail price for Cabrito is 30 cents per pound. This regulation provides that Cabrito may be sold only in carcass or side form. Retail cuts of the mature goat carcass are the same as are made from the mutton carcass. Retail prices of the goat loin is 30 cents per pound; rib chops or rib roast 19 cents per pound; leg is 21 cents per pound; stew meat, with the bone in, is 8 cents per pound; and the boneless stew is 17 cents per pound.

Two Lives Lost-

(Continued from Page One)

fire was started in some manner in the kitchen. His body was found near a nickelodeon where he was apparently in the act of collecting from the lock box, nickels from the machine being scattered about.

Mr. McLaughlin's body was found near the center of the building. He was asleep on the second floor.

Bodies of both men were brought here in Oberkamp's funeral car, for burial. Services were held at the graveside in Cedar Hill Cemetery Wednesday afternoon at 5 o'clock for Mr. Joslin, and the McLaughlin rites are set for 3 o'clock this afternoon (Thursday).

Services for Mr. Joslin were conducted by the Rev. Clyde Childers, pastor of the First Baptist Church, at the cemetery. Pallbearers were Everett Rose, Nevill Davis, Bart Westfall, Boss Neal, D. I. Taylor, and W. C. Doyle, all of Barnhart. Joe Oberkamp funeral directors were in charge.

Mr. Joslin had been a resident of this section since 1898. He was born in Cherokee county, Jan. 4, 1868, moving to Van Zandt county when he was 17. From there he went to Amarillo where he lived 15 years before moving to San Angelo in 1898. He operated a transfer business in Amarillo, hauling wire and posts used in fencing the Capitol Syndicate ranch—land traded for building the state capitol at Austin. In that operation he met the late J. M. Shannon and they became friends, renewing their friendship after Mr. Joslin came to this area.

After living in San Angelo four months, Mr. Joslin moved with his family to Crockett county where he became the county's first farmer, planting 40 acres in feed to harvest 100 tons. He later engaged in contracting fence building and then branched into operation of a freight line between Ozona and Barnhart. It was while in this business that he built the hotel in Barnhart, the hostelry serving ranchmen in the area who shipped their livestock from that greatest inland livestock shipping point.

Surviving are three sons, Harry, Aaron and Luther Joslin, and one daughter, Mrs. May Moore of Del Rio.

Mr. McLaughlin was born in Coke county, Texas, May 20, 1904. He has operated the mail truck between Ozona and Barnhart for several years, also doing trucking for ranchmen and others in addition to the mail line work. For the past few weeks he has been operating under lease a cafe business in Barnhart while Mrs. McLaughlin took over operation of the mail truck.

Surviving are the widow and one daughter, Mrs. Edward J. Roth, the former Miss Louise McLaughlin, making her home in Victoria with her husband, Pfc. Edward J. Roth, who is stationed at Aloe Army Air Field.

The McLaughlin funeral rites will be at 3 o'clock this afternoon from the First Baptist church, the Rev. Clyde Childers, pastor, officiating. Burial will be in Cedar Hill Cemetery, with Oberkamp's directing.

Pallbearers will be Madden Read, Andy Trull, Bert Couch, E. B. Baggett, Jr., Frank James and Hugh Childers, Sr.

Vivid Account—

(Continued from Page One)

"From that time on it has become one of those raging infernal clouds of white, billowy smoke, rolling and climbing into the air until it reached out of sight, and we really thought it was going to blow the country around it to pieces. But it became hidden in its own smoke and clouds and all we could see was occasionally an enormous belch of red flames through the smoke and the streams of fiery red hot lava grow and rush down the sides to add to that which was encroaching on all the countryside below.

"I have not heard any reports on it today, so do not know if it is endangering any more of the cities below. Apparently no one knows if this spurge will approach its historic destruction of cities as it did back in the early centuries when Pompeii was destroyed—but it has never done so much damage from that time to this and it sort of makes a fellow feel funny to be around when it does this right now in full sight.

"I guess you will read about it in the papers and all the magazines will print pictures of it—but to see it is still one of those things we can never understand how it all happened. Will try to send you other clippings on it as it develops—if it does not quiet down and go to sleep again for more centuries."

Big Scramble

A party of Scots decided to make a trip to London, and when they assembled at the station it was found that they numbered 13.

Not wishing to tempt Providence they decided to toss a coin to see who would stay behind.

Unfortunately, the coin fell beneath the platform and they all missed the train.

Betty Jane Ingham Honored at Bridge

Mrs. Scott Peters and Mrs. Floyd Henderson entertained with two tables of bridge at the home of Mrs. Peters last week honoring Miss Betty Jane Ingham, whose marriage to Lt. Nelson Boothe will take place at the First Baptist Church here Saturday.

High score prize in the games went to Miss Toots Smith with Miss Ora Louise Cox taking high cut award. Gifts were presented by the hostesses to Miss Ingham and also to Mrs. Milton Edward Dreyer, a recent bride. Other guests were Mrs. William Beecher Montgomery, Mrs. Joe Couch, Miss Noma V. Miller and Miss Eloise Carson.

Piano Pupils to Be Heard in Recital

Grade school and Junior High pupils of Mrs. Neal Hannah will be presented in piano recital Wednesday afternoon, April 26, at 5 o'clock in the high school auditorium. All relatives and friends are cordially invited.

Those appearing will be Tom Piner, Earl Berry, Wanda Carden, June Perner, Dorrene Thompson, Gussie Ruth Sparks, Judy White, Mary Ann North, Betty Thompson, Ann Harvick, Rosalie Friend, Marian Dryden, Merle Senne, Ray Piner, Jr., Edith Lou Piner and Lillian Schneemann.

Mrs. Bill Conklin and son, Carl, who has been under treatment in San Antonio for after-effects of poliomyelitis, are at home here this week for a week's stay before returning to San Antonio to continue treatments. Carl is greatly improved, being able to walk, and attending physicians are confident that treatments he is now undergoing will result in continued improvement.

NEW SHOE STAMP

Stamp 2 in War Ration Book 3 may be used for buying one pair of rationed shoes, OPA announced. The new stamp and Airplane stamp 1 will be good indefinitely. Stamp 18 in Book One will expire April 30. From May 1 through

May 20, children's low-priced shoes (maximum \$1.60 per pair) in sizes 8½ though 12, and Misses' and little boys shoes in sizes 12½ through 3 will be ration free. In 1943 sales of civilian rationed shoes exceeded in production by more than 53 million pairs, which made it necessary late last year to decrease the number of shoes available to civilians.

Two Brides Honored At Musical and Tea

Mrs. Milton Edward Dreyer, a recent bride, and Miss Betty Jane Ingham, whose marriage to Lt. Nelson Boothe, U. S. Army Air Corps, will take place here Saturday, were jointly honored Tuesday afternoon when Mrs. H. B. Tandy, Mrs. Dock Lee, Mrs. Laverne Salisbury and Miss Lyndal Lowery entertained with a musical at the First Baptist Church followed by a tea at the Tandy home.

Miss Marie Williams, pianist, and Mrs. Laverne Salisbury, reader, provided a well-balanced program for the musicale. After the program, guests went to the Tandy home for the tea hour.

Guests were received at the door by Mrs. Evert White. In the receiving line were Mrs. Tandy, Mrs. Salisbury, Miss Ingham, Mrs. B. B. Ingham, Mrs. Sherman Taylor, Mrs. Dreyer, Mrs. Joe Couch, Mrs. Alvin Harrell, Mrs. Bruce Spencer King of Houston and Miss Williams.

Presiding at the two bride's books were Mrs. Bill Conklin and Mrs. Dock Lee. Mrs. Strick Harvick and Mrs. Scott Peters were at the punch bowl. Mrs. Bryan McDonald provided piano music during the tea hour. Others in the house party were Mrs. Floyd Henderson, Misses Ruth Townsend, Mary Elizabeth Gray, Louise Arledge and Daphne Meinecke. Spring flowers were used in house decorations and carnations were used as a centerpiece on the table. Cookies in the shape of wedding bells and hearts were served with nuts and punch.

Mrs. Joe Couch and five-month-old, Stephen Edward, are here from Roswell, N. M., for a visit with her parents-in-law, Mr. and Mrs. Bert Couch, Sgt. Joe Couch is in foreign service, stationed with an Air Corps unit in Italy.

It Worked
As a rookie, Abraham was a total flop. Efforts to teach him anything of warfare, battle tactics, even drill, were entirely in vain. He was, however, included in the division when it went overseas.

The first day of action, he was outstanding. For his courage in successfully wiping out six machine-gun nests single-handed, he was cited for a decoration. The captain was amazed and called Abraham's sergeant for an explanation.

"What did you do to him to

make such a good soldier in such a short time?"

"All I did was stick a machine gun in his hands, just before the battle, and say, 'Abe, now you're in business for yourself.'"

OZONA WOOL & MOHAIR CO.
MELVIN BROWN, Manager
OZONA, TEXAS PHONE 60

Please do not place any unnecessary calls. We are mighty busy from 9 to 11 a.m. Our telephone switchboard here is so crowded. So won't you please make such calls as are necessary as brief as possible. That's the best way you can help us to maintain a high standard of service.
