'HIS is Invasion! Now in the hearts, brains and muscles of our American Youth lies the future of our country.

Bow your heads. Pray with millions of mothers the country over, as their hearts reach out over the seas, each one seeking out her boy, to protect him with the shield of her love.

Believe that in this world there is definite strength in decency and honor. Believe that in our devotion there is moral force. Believe that our will to victory will aid that victory.

Seek and ye shall find!

Let us seek added strength and fortitude for our men in our own sacrifice and devotion.

Let us focus every thought, every action, and every prayer on the boys fighting for us.

And, while each one bends to his task with ever-growing fervor and energy, let us adopt a common symbol as our faith in Victory.

Let that Symbol be War Bonds. Let us pour our money in a gigantic flood of goodwill toward our sons and brothers, as a spiritual shield for them.

This is the Invasion. The lives of our boys are at stake. Let them see that the Soul of America is with them.

Let it not be too late . . . not next month, next week, or tomorrow, but today ... now.

CANDIDATE FOR RE-ELECTION

To the Office of

SHERIFF, ASSESSOR AND COLLECTOR OF TAXES CROCKETT COUNTY

To the Voters of Crockett County:

I wish to express appreciation for having had the privilege of serving as sheriff for the past two years, and at this time I am asking for your support in seeking the office for a second term.

It takes a year or two to learn the operations of the office and how to carry them out. During the last two years I have attended eight quarterly meetings of the F. B. I. school for peace officers to get acquainted with officers of surrounding counties and learn their methods and experiences in enforcing the law.

It is a difficult problem to fill the office, enforce the law and please everyone on each occurrence, but we have tried to do what we thought was right without being overbearing or willfully imposing on anyone. We have made mistakes and have been criticized for them. Here I would like to impress on everyone that I welcome constructive criticism, - tell us our faults and we will do our best to better the situation.

I belive the other county officials will bear me out in the statement that I have done a good job of assessing, collecting and handling of state and county taxes. During 1943 we collected better than 98% of the current

If I am elected to the office for the coming term I intend to devote my whole time to the office and carry out its duties courteously and efficiently.

Now that I have two years of experience and a will to do so, I feel that I am better qualified to fill the office another term and I am earnestly seeking your support in the Democratic primary of 1944,

Sincerely,

Frank James
