## Truman Spending Time To Work Out Grave Issues

Associates Say He Plans More Aggression

By EDNEST B. VACCARO  
WASHINGTON, Nov. 7 (AP)—President Truman is trimming his White House calling list sharply this week to permit him to grapple with grave home front and diplomatic problems.

In contrast to the 15 or more separate engagements that normally crowd his calendar each day, Mr. Truman had only four each Monday and yesterday.

Associates spoke of this as evidence of a second phase of his administration. They told a reporter it was a further indication of Mr. Truman's determination to assume a more aggressive course of administration and party leadership as contrasted with greater emphasis in the past on delegated authority.

The calling list decision followed previous cancellation of a series of scheduled presidential trips this month and next.

A White House aide, who asked that he not be quoted by name, told a reporter the president cut his calling list to devote more of his time to:

1. Telephone and other conferences with administration advisers watching the labor-management conference for any possible spark of agreement.
2. Preparation for his weekend discussions here with Prime Ministers Attlee of Great Britain and Mackenzie King of Canada concerning future use and control of atomic energy.
3. Reports on the Far Eastern advisory commission which met here for the second time yesterday with Soviet Russia still absent.

There are other problems at home—the stalemated administration legislative program, including Mr. Truman's call for universal military training, increased unemployment compensation, and so-called full employment legislation.

Abroad, too, many issues remain to be settled. One of these is the Palestine question, which some observers think may be discussed with Attlee.

## Congress Upset By Bitterness, Dissatisfaction

By MAX HALL

WASHINGTON, Nov. 7 (AP)—Congress was wrenched today by fresh outbreaks of bitterness and dissatisfaction.

Democratic leaders said the house will get no year-end vacation unless it takes action on the "full employment bill" supported by President Truman.

H. Struve Hensel, assistant navy secretary, comes back before the senate military committee today to argue further against merging the war and navy departments. He told a news conference that on Oct. 24 the joint army-navy chiefs of staff recommended postponing merger proposals pending further study.

Lawmakers were still discussing yesterday's battle in the senate over President Truman's legislative program. The flare-up was started by Senator Alexander Wiley, a republican from Wisconsin, who declared that the Truman program "sounds like a CIO hand-out."

Democratic senators rose hotly to the president's defense, and a republican, Wayne Morse of Oregon, joined them in praising the course Mr. Truman has taken in calling a labor-management conference.

The "full employment" bill, approved by the senate but held up in the house expenditures committee throughout long hearings, provides:

1. That the federal government shall undertake a broad program of helping private industry to provide jobs for all.
  2. That if, despite this program, private industry can't swing it, the government itself shall spend money to create jobs.
- Democratic leaders said they were determined that the house consider the bill before taking a holiday from Thanksgiving through New Year's, as planned.

## Library Book Rentals Climb During Month

Channeling of books in and out of the Howard county library climbed back to normalcy during October after dropping off to an all-time low the previous month. Librarian Doris Nesbitt's inventory revealed that a total of 1,356 volumes were handled during the 31-day period ending Oct. 31, as compared to 804 for September. From Oct. 29 through Nov. 3, 276 manuscripts were checked out or turned in to the facility.

# Jews, Arabs Killed In Tripoli Riots

## American Crew Reported Taken By Communists

SHANGHAI, Nov. 7 (AP)—The reported seizure by Chinese communists of several American crewmen from a Liberty ship in the Chinwangtao area today brought a prompt news blackout in U. S. Army headquarters in Shanghai.

Newsman, dependent on British sources, were told some seamen were seized by the Chinese communists but some were released with apologies.

American army spokesmen refused to discuss the matter and the United States consul general's office here said only that "vague" reports had been received. Inquiries were referred to the Tientsin consulate, from which replies were unavailable.

The known facts are the presence in North China of American marines and the operation of several Liberty ships, arousing considerable resentment among the communists.

This has produced an anti-American propaganda campaign and at least two minor shooting incidents in which there were no casualties.

## Japs Shake Up Once Dominant Police System

TOKYO, Nov. 7 (AP)—Japan gave its once-dominant police system another rough shakeup today by firing more than 5,800 enforcement and surveillance personnel, and announcing it would appoint civilian advisory boards in major Tokyo police districts with unprecedented power to criticize public actions of officers.

Some time ago the nation's infamous Thought Police and Military Police organizations were dissolved on Allied orders and their leaders imprisoned for questioning.

Also at the command of General MacArthur, the Japanese government released 507 political prisoners and discontinued "protection and surveillance" over 2,028 other individuals.

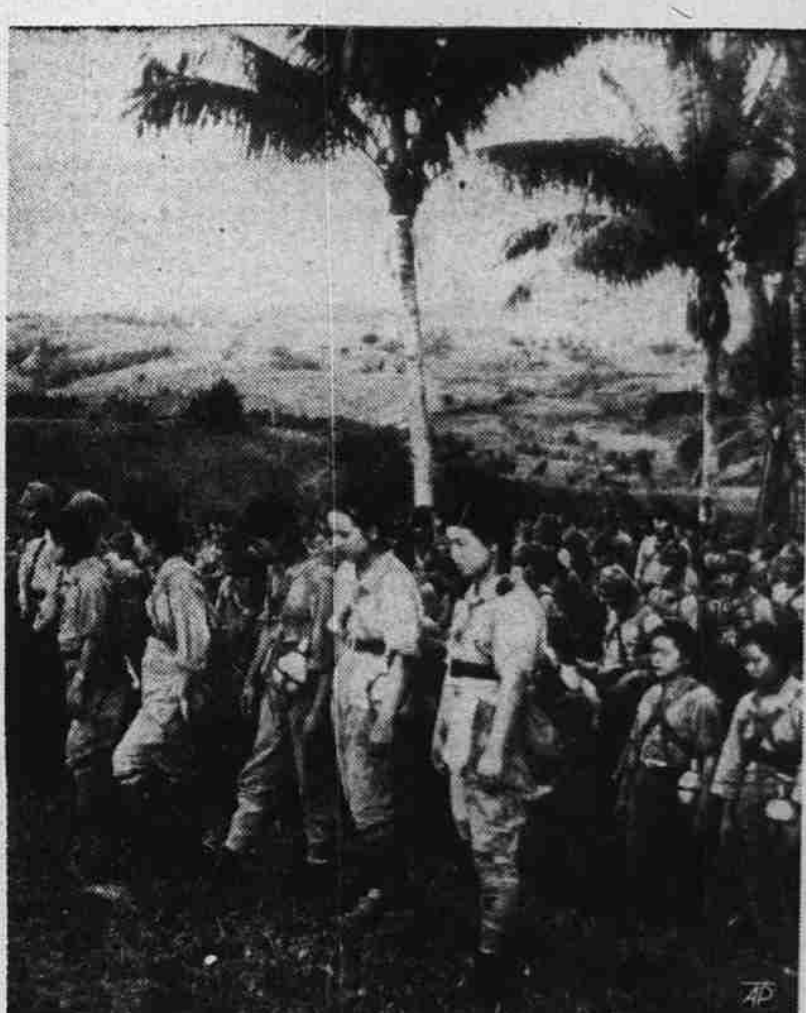

Elsewhere on the occupation front: The Ministry of Education abolished from schools Samurai-flavored courses in glider training, judo, jiu jitsu, fencing and military drill.

A new political party, the Japan Renovationist Party, came into existence, advocating elimination of feudalism and liberalization of economy.

A labor legislation committee was appointed by the Welfare Ministry to frame a law to encourage development of labor unions and provide for mediation of labor disputes.

### Russia Wouldn't Do It—

## Churchill Speaks In Commons Against Sharing Atomic Bomb

By ALEX H. SINGLETON

LONDON, Nov. 7 (AP)—Winston Churchill expressed conviction today that Soviet Russia would not share the atomic bomb secret if she alone held it, and urged Prime Minister Attlee in his forthcoming Washington talks to bring no "pressure" on the United States to divulge the bomb's production details.

"I am sure," Churchill said, "that were the circumstances reversed and we or the Americans asked for similar access to Russian arsenals, it would not be granted."

# O'Dwyer Swamps Opponents To Become New York Mayor

By The Associated Press

Democrat William O'Dwyer swamped two major opponents and won election as mayor of New York City yesterday.

His vote far exceeded the aggregate of his opposition. It prompted democratic leaders to see good things ahead for the party in the state and nationally. They saw in it a decline in the political fortunes of Gov. Thomas E. Dewey. Republicans withheld comment for the time being.

In the second municipal scrap that captured more than local attention in yesterday's first postwar voting, Mayor Edward J. Jeffries was elected to a fourth term in Detroit's hot non-partisan mayorality race against Richard T. Frankenstein, CIO union leader.

Frankenstein had the backing of A. Mathews, Jr., organization GOP candidate, was running well ahead in a three-man race.

The 24th Illinois district also the CIO's Political Action Committee. Democrats elected these mayors elsewhere: David L. Lawrence, national committeeman for Pennsylvania, in Pittsburgh; incumbent

**WILLIAM O'DWYER** ... swept into office

Thomas A. Burke at Cleveland, and Rep. James M. Curley for a fourth term, not consecutive, at Boston. The Curley victory was in a non-partisan race involving six regis-

tered democrats. Republicans won the mayoralties of Syracuse and Buffalo with Frank J. Costello and Bernard J. Dowd, respectively, but democrats showed considerable strength in other upstate New York cities.

In the only congressional contest of the day—the 4th New Jersey—republicans apparently were retaining control of the seat vacated by Rep. D. Lane Powers. Frank elected a republican to congress—Roy Clippinger—but he had no major opposition. Clippinger succeeds the late Rep. James D. Heidinger, republican.

A Mathews victory in New Jersey would make the house line-up: democrats 241, republicans 191, American Labor 1, progressive 1, vacancy (in New Mexico) 1.

In the only gubernatorial contest, Lieut. Gov. William M. Tuck was elected governor of Virginia by better than two to one over two opponents. He carried his ticket with him, including Lewis Preston Collins for lieutenant governor, and A. P. Staples, reelected as attorney general.

## Police Ordered To Shoot All Looters

CAIRO, Nov. 7 (AP)—The British ministry of information announced today that 74 Jews and one Arab had been killed in anti-Jewish outbreaks in Tripolitania.

Troops and police in Tripoli, metropolitan center of the Italian colony in North Africa, were ordered to "shoot all looters and fire if necessary to disperse groups of more than five persons."

(An Exchange Telegraph dispatch from Cairo said the British had imposed a curfew throughout Tripolitania following the outbreak of violence, rioting and arson by Arabs against the Jews, Jewish quarters at Souk El Juma and Tejura were declared looted and burned. Two Italians were among the wounded, the agency said. Disturbances were reported at Cusabab and Zloten in eastern Tripolitania.)

With support of the Arab league, Libians are seeking independence from Italy. The colony is made up of Tripolitania, the western section and Cirenaica, the eastern.

Russia openly expressed interest in some form of control over Tripolitania during the conference of five foreign ministers in London, indicating she might ask a share in administering that colony and Eritrea.

Foreign Commissar Vyacheslav M. Molotov told newsmen at the conference "there was a grain of truth" in reports that Russia wanted sole trusteeship over Tripolitania, in a discussion on disposition of Italy's colonies in North Africa.

The ministry of information communique said stern measures, including the imposition of a curfew, had been enforced to put down "a serious outbreak of rioting, violence and arson by the Arabs against the Jews in Tripoli city Sunday night."

"Arrests have been made of subversive Arab elements," it said. In addition to those killed, 83 Jews, 36 Arabs and two Italians were hospitalized.

The ministry said the rioting started when an "Arab mob attacked the Jewish quarter" of Tripoli.

The communique said the provinces remained "generally quiet except for the eastern province."

### Where's Stalin?

## Generalissimo Misses Parade For First Time

By EDDIE GILMORE

MOSCOW, Nov. 7 (AP)—Generalissimo Stalin, for the first time since he became the leader of Soviet Russia, failed to attend the massive parade of soldiers and civilians celebrating the Socialist revolution in Red Square.

The Premier broke a precedent earlier by allowing Foreign Commissar V. M. Molotov to deliver the "State of the Nation" address at St. Andrew hall in the Kremlin last night. Stalin did not attend. Foreign diplomats suggested that perhaps he remained away to take none of the attention from Molotov.

Stalin was reported yesterday to have returned to Moscow from a month-long vacation in the south of Russia.

The troops and civilian marchers started pouring through Red Square around high noon and streets for miles around the center of Moscow were filled with tanks, armored cars, parachutists, infantrymen, cadets, sailors, motorcycle units and mobile gun groups who filed past the tomb of Lenin.

Workers by the thousands carried banners and slogans.

# Showdown Urged On CIO Requests

## Union Says Wages, Standard Of Living Causes Of Troubles

WASHINGTON, Nov. 7 (AP)—Unions put aside their bitter wrangling over key posts in the National Labor-Management conference today for a showdown on the CIO demand that delegates discuss wages.

CIO President Phillip Murray has contended that wages and a "decent standard of living for the worker" cause all labor troubles and that mere creation of machinery for settling disputes will not solve the pay issue.

So far the majority of the delegates seem disinclined to tackle wages. They point to President Truman's call to the group to work out better methods of collective bargaining. AFL President William Green told them the conference would be doomed to failure if it started talking pay rates.

R. J. Thomas, president of the CIO Auto Workers, told the conference yesterday no amount of dispute-settling machinery could prevent strikes.

"You can't make democracy live," Thomas said, "by writing a few formulas down on a piece of paper."

The whole problem will be thrashed out in the executive committee. It was because of this, partly, that John L. Lewis, head of the United Mine Workers, waged his successful fight yesterday for a seat on the committee. He won with the help of Green's AFL delegates—Lewis has been talking of a possible return to the AFL fold—and over the opposition of the CIO.

## Planned Program Of Starvation— JAPS OPERATED CIVILIAN PRISON CAMP IN VIOLATION OF CONVENTION

By DEAN SCHEDLER

MANILA, Nov. 7 (AP)—The Japanese operated Santo Tomas prison camp under a "planned program of starvation" for approximately 4,000 internees, magazine editor A. V. H. Hartendorp testified today at the war crimes trial of Lt. Gen. Tomoyuki Yamashita.

At least eight internees died of starvation or malnutrition in the last four months of Japanese occupation, he stated.

The Japanese commandant refused to hear internees' complaints because he said Japan did not recognize the Geneva Convention. Hartendorp told the U.S. military commission hearing charges that Yamashita permitted wholesale brutality by his command that his own weight dropped from

## County Lagging On Victory Bond Sales Quota

This was the E bond picture on the Victory Loan drive Wednesday.

Of the \$330,000 quota, 14.2 per cent of the time, 23 per cent gone. This was the status, not the way Ted O. Groebel, Victory Loan chairman, would like to have reported it. E bond sales reported Tuesday totaled only \$1,762.50, which brought the total to \$47,244 through Tuesday.

Service clubs, however, were beginning to swing into action. The American Business club romped into the lead with sales totaling \$9,000, closely followed by the Rotary with \$8,818.75. The Lions ranked next in money but not in per capita position, with \$2,250. The Business and Professional Women had \$1,143.75 sales to their credit, which gave them a better per capita position. No sales had been reported from the Kiwanis.

J. B. Mull, chairman of the club contest, announced that an agreement had been reached whereby all sales credited to the various clubs must be reported through the club chairman. This means that applications and checks must be turned into the chairman, who will report the sale to headquarters.

Several tickets to the Ritz bond premiere, "Rhapsody in Blue," the extravaganza telling the story of George Gershwin, were issued at various booths upon purchase of bonds.

### Party In Power

## Republicans Can Look - If Demos There To Watch

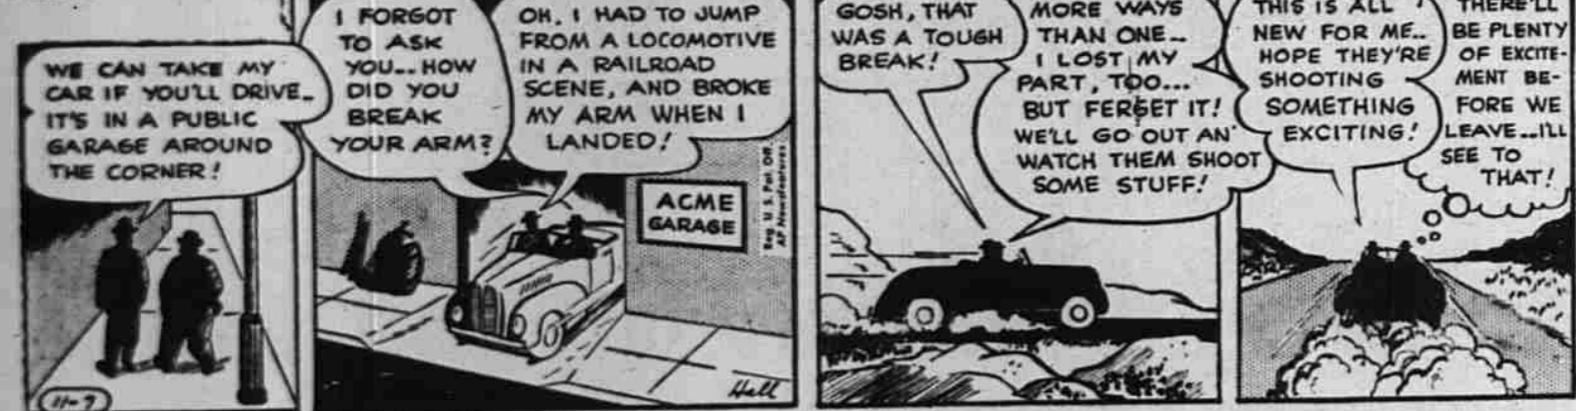

WASHINGTON, Nov. 7 (AP)—A democrat promised Republicans today a look at any of the late President Roosevelt's files that has a direct bearing on Pearl Harbor—if a Democrat goes along.

Senator Lucas (D-Ill) stood committed to this procedure. Senators Brewster (R-Me) and Ferguson (R-Mich) indicated they will take advantage of the opportunity. All three are members of the 10-man Pearl Harbor Investigating committee.

Ferguson told a reporter he would be "pleased" to go with Lucas to the government archives building, where the late President's papers are stored.

He said that among other things he wants to see correspondence between Mr. Roosevelt and prime Minister Churchill in the period covering the agreements on Atlantic charter provisions.

Senator Demands End To Selective Service

WASHINGTON, Nov. 7.—(AP)—Senator Revercomb (D-WVa) said today that unless the Army and Navy quit drafting men "this week" Congress should proceed immediately to end Selective Service itself. Revercomb, a member of the Senate Military Committee, told a reporter figures show that the draft—which took millions of men into the service—can now roll to a dead stop without impairing occupation forces. This comment was in amplification of a Senate speech in which he said the voluntary enlistment program is getting all the men the Army and Navy need. Revercomb added on the floor that unless the Services act promptly, "there will be legislation offered."

A leak in an ammonia tank in the Settles hotel forced persons from the basement, twelfth and thirteenth floors around 1:30 p. m. Tuesday, firemen said. The fumes went up through the elevator shaft from the basement. It was necessary for firemen to use their gas masks to wash the ammonia from the floors.

State High Court Refuses To Open Land Patent Suit

AUSTIN, Nov. 7 (AP)—The supreme court today finally closed the door on the state's claim for title to Padre Island in long drawn out litigation involving validity of a land patent issued by the king of Spain about 1800. The court by a vote of 6 to 3 overruled the state's motion to reconsider the case. This left in effect a decision with a written opinion by Judge C. S. Slatton about a year ago, confirming validity of the title which the state had attacked in a suit brought against Alberto Balli and 245 other persons in Nueces county. Padre Island, originally known as the island of Santiago, is the 110-mile long, low-lying strip of land lying offshore in the Gulf of Mexico between Corpus Christi and Brownsville. The supreme court's original decision had upheld lower court decisions adverse to the state's claim, and today's action confirmed this original decision. Chief Justice James P. Alexander and Associate Justices John H. Sharp and Gordon Simpson each wrote opinions dissenting from the majority's refusal to reconsider the case.

Colorado City Stores To Close On Monday

COLORADO CITY, Nov. 7.—At the request of the Oren C. Hooker post of the American Legion, all Colorado City stores and businesses will remain closed all day Monday, Nov. 12, in observance of Armistice Day and the ending of hostilities for World War I, Ken Eastin, Legion commander, has announced. A proclamation by Mayor Charles Brazil and a favorable vote from the Lions club followed the Legionnaires' request. Legion post members will stand reveille at 7:30 a. m. on Monday and will be entertained with breakfast at the hut. Sunday a holiday moved the celebration one day. No formal program has been planned, Eastin said.

White House Sends Congratulations

WASHINGTON, Nov. 7.—(AP)—The White House said today that President Truman had sent a message to Moscow congratulating the Russian government on the 28th anniversary of the Socialist revolution. At the State Department, it was said that Byrnes did not send a message because the occasion called for greetings from a Chief of State rather than from the Secretary of State. Eben Ayers, assistant press secretary, also was asked about reports, some emanating from the West coast, that Generalissimo Stalin is or has been in the United States. "If it is so," Ayers said, "we know nothing about it. The President has no knowledge of it."

TODAY'S VICTORY LOAN STATEMENT

The Victory Bonds you buy do double duty in the discharge of two educational obligations. The first is the one we all owe servicemen whose education was interrupted by war service. This obligation is recognized in the G. I. Bill of Rights which authorizes financial assistance to veterans for their further education. Your Victory Bonds will help provide dollars needed for this purpose. The second is an obligation that Americans have always rated highly—to give their children the chance for as much education as they can profit by. The Victory Bonds you buy and put away will be a fund which will grow with your children and be ready to help pay their expenses when they reach college age. HAROLD W. MODERN STYLING, LOW, SLEEK LINES FEATURED IN CHEVROLET

More than 5,300 people have viewed the 1946 Chevrolet, first of the models to be shown by the Lone Star Chevrolet company here since the outbreak of the war. Modern styling accentuates the massiveness in smart, low, sleek lines of the new model in the Stylemaster (lowest priced field), Fleetmaster (medium), and the Fleetline, representing the most attractively styled model Chevrolet has ever offered. In addition to striking colors and color combinations, the 1946 model features sweeping lines, and particularly the smooth ruggedness of the front-end treatment. The simple, unadorned horizontal bars moulding the radiator grille emphasizes lowness of line. Headlights are framed in the front fenders and spaced widely. The new massive front bumper is matched by one of similar proportions on the rear. Chevrolet has a new design for its emblem form which blends with the radiator grille treatment. All models, except station wagon, operate from a 115-inch wheel base. Riding comfort is furthered by knee-action front springs, and rear springs designed to synchronize with the front, plus scientific weight distribution. The motor is a refined version of the Chevrolet six-cylinder valve-in-head. It has the lightweight iron pistons which Chevrolet has found to withstand wear better, a specialized forced lubrication system, specially engineered cooling system employing a ribbed-cellular radiator core, balanced single-adjustment, downdraft carburetor. The models have vacuum-power gear shift finger tip control as a standard feature, hydraulic type brakes with 11-inch drums, and the box-girder type of chassis frame, and a semi-floating type rear axle.

What Kind? The Howard County Junior College Can Be Largely What We Want It To Be. The junior college program is so flexible that it can be made to serve almost any need. It must qualify as a junior college by certain procedure and standards, but beyond bare curricular requirements, the junior college may go into fields training suited to the area in which it is located. In addition to conventional courses, we could offer Vocational Training. This type of training is especially valuable for the student who does not intend to go to senior college, but who wants to train to be able to step into work at home. Commercial work such as typewriting, bookkeeping, shorthand—woodwork and shopwork—machine tools—animal husbandry—retail selling—these are some of the more familiar fields of vocational training which might be undertaken as the demand is felt. ### Pellegrini - Marchbanks October Rites Told

Mr. and Mrs. L. V. Marchbanks have announced the marriage of their daughter, Jeannette, to Joseph Pellegrini, MM 1-c, on October 1 in Vallejo, Calif.  
 The single ring ceremony was performed in the Pellegrini home by Rev. John G. Bradley. The house was decorated with arrangements of white chrysanthemums and fern.  
 Given in marriage by her father, the bride wore a street length dress of light blue crepe fashioned with cap sleeves, and her hat was made of ribbon of the same shade as her dress. She wore a white orchid.  
 Mrs. B. Pellegrini was matron of honor and Albert Ferrero acted as best man.  
 Immediately following the ceremony a reception was held for the couple in the Pellegrini home, after which they left for a wedding trip in the mountains.

Mrs. Pellegrini was graduated from Big Spring high school in 1942 and attended Baylor university. The bridegroom is the son of Mr. and Mrs. S. V. Pellegrini. The couple is now at home at 1227 Georgia street in Vallejo.

### High School P-TA Hears Blankenship Discuss Differences In Children

"Individual Differences In Children" was Supt. W. C. Blankenship's subject when he spoke to the members of the high school Parent Teachers association meeting Tuesday at the school.  
 Blankenship declared that all people are different, yet all are alike, and all are affected by their environment. Each child's life is colored by his dealings in the homes, and these dealings are reflected by the way they act at school.  
 "Usually an unsettled home life is responsible for trouble at school," the superintendent stated, "and it is the PTA's responsibility to provide fields whereby children can best adapt themselves for future life."  
 Mrs. H. M. Jarratt, pianist, played three numbers for the assembly, including "Crescendo" by Lassen, "Chanson" by Friml, and "Bells of St. Mary's."

EVERY RIVERSIDE PLY IS **12% STRONGER** TO GIVE YOU GREATER PROTECTION AGAINST BLOW-OUTS

Everyone dreads the sudden danger of a blow-out. That's why Riversides are now built 12% stronger than our extra-safe, pre-war tires! Every ply is stronger because each individual cord is stronger to begin with; then chemically strengthened to stay stronger longer! Next, the cords are liquid-dipped to "weld" them together . . . then cushioned in rubber! Finally, the plies are cemented together before vulcanizing. In a Riverside every care is taken to provide real protection against blow-outs!

### Communists Claim Sweeping Victory

CHUNGKING, Nov. 7 (AP)—Chinese communists declared today their forces had decisively defeated 70,000 government troops in fighting along the Peiping-Hankow railway during which they recaptured the rail Hopeh province of Tzschien on Oct. 25.

The communists said the government forces consisted of eight divisions, including three "equipped with American arms and noted for their combat powers."

The communist claims, if true, meant that the movement of General Chiang Kai-shek's armies along the Peiping-Hankow railroad toward North China and Manchuria had been smashed.

From the beginning of 1941 through February, 1945, there were more than 6,500,000 marriages in the United States.

### FORD RESEARCH ELIMINATES 'ENGINE GUMMING'

"Amazing as it seems, inside every automobile engine, there is a small 'varnish factory' that does its best to gum up engine operation," Mr. Merrick of Big Spring Motor Co. explained today. "But through research work done at the Ford Engineering Laboratories during the early war years, this troublesome situation was virtually eliminated.

"The copper wire crimp formerly used in the oil bath air cleaners and engine oil breather caps will be replaced by aluminum alloy crimp," Mr. Merrick explained. "Our engineers found that copper has a catalytic effect in the production of varnish and gum from oil. This means that copper actually speeds up the formation of varnish out of engine oil, causing cap-sticking, excessive oil consumption, and general gumming up of engine parts. By replacing the copper with aluminum alloy crimp, we slow down this chemical reaction so practically no varnish is formed at this source.

"The new 1946 cars will benefit by research like this, which has been steadily carried forward during the war years," Mr. Merrick pointed out.

### Ricksha Coolie Looms As New Track Theat

By HUGH FULLERTON, JR.  
NEW YORK, Nov. 7 (AP)—Look out, Gunder: From Tientsin, China, S-Sgt. Norris Anderson sends the news that some marines who had marvelled at the endurance of rickshas coolies decided to clock one. They measured off a mile (via Jeep speedometer) and started coolie Lee Wong trotting the distance, towing several hundred pounds of marine-manufactured ricksha. When they looked at the watch, it registered 4:58. "Hege and Anderson must have someone to race in the next Olympics," suggests S. Anderson, "but we doubt here if our ricksha-miler can be pried away from his business or his three kids."

### South American Heavy Comets Prepare For Return Go With Floridans

CORPUS CHRISTI, Nov. 7 (AP)—After a week's lay-off, the comets of the Naval Air training bases are again driving at full speed as they prepare for their big game with Jacksonville Naval Air station here next Saturday night. It will be the second meeting of the teams, Jacksonville having knocked the comets over 35-0 early in the season.

Coach Larry Mullins of the Comets won't concede the Jax Flyers a thing, however, stating that in the first meeting, the Comets were way below par due to injuries and that this made a big difference in the contest. However, he does admit that the Jax line-up contains many of the best names in football and that the addition of Art Guepe, former Marquette star, will be a big boost to the Jax backfield.

In addition to Guepe, the Jax club contains some of the gridiron's best known stars and it will be the strongest football team ever to appear in Corpus. Leo Akin and Ray Bray, tackles for the Chicago Bears before entering the Navy, Barney McGarry, guard with the Cleveland Rams; Walt Dubinski, star at Boston College and later with the Boston Yanks at center; Bobby Hanlon from Notre Dame and Dick Frantz from Ohio are few of the others who will start here Saturday.

To offset this, the Comets will be at full strength for the first time since the Rice contest. Bob Baggott, star quarterback, was back in shape for a bit of duty against Pensacola and will be very much on hand Saturday. Ray Borneman, fullback, who is rated as one of the best college prospects in service football, is again back in the line-up after three weeks of bench riding. Warren Smith, crack tackle, is also back in harness while the only doubtful man on the squad is George Stromeyer, another tackle, whose condition will be determined during the week.

### Blount Nominated For Player Award

NEW YORK, Nov. 7 (AP)—A Notre Dame sophomore guard, John Mastrangelo of Vandergrift, Pa., today won this week's Associated Press award as college football's "linebacker of the week."

Mastrangelo, a 19-year-old who weighs 200 pounds and stands six feet, was in the thick of play as the Irish and Navy battled to a 6-6 tie Saturday at Cleveland. He received wide recognition among the players for his performance.

R. E. "Peppy" Blount, Texas end, gained applause in the Southwest for his game-winning touchdown against Southern Methodist. He snared a 33-yard aerial from between SMU defenders to go over. Tom Dean, SMU tackle, played one of the outstanding games of the year in the opinion of his coach, Matty Bell.

The players nominated this week included:  
Ends—Eugene Wilson, Southern Methodist; R. W. Moyers, Texas Tech; Peppy Blount, Texas.  
Tackles—Tom Dean, Southern Methodist.

### Attorney Case Set For January Term

DALLAS, Nov. 7 (AP)—U.S. District Attorney Robert Young said here that the indictment of Joe H. Jones, former assistant United States district attorney, on a charge of income tax evasion probably would be heard at the January term of federal district court.

Jones stated he was ready to go to trial in January.

Federal District Judge T. Whitfield Davidson announced he would excuse himself from the bench when the case comes to trial.

"After working eight to 10 years with a man, I feel no inclination to sit in judgment upon him," Davidson said.

Jones posted \$2,500 bond yesterday and issued a statement denying the charge. He stated he paid the taxes in question on Feb. 14, 1945.

The indictment was returned Monday.

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

### Methodist Churches To Present Reports At Church Meeting

Reports for the year's work of the First Methodist and Wesley Memorial Methodist churches will be given at the 36th annual session of the Northwest Texas Methodist conference in Abilene this week.

Rev. H. C. Smith and Rev. James N. Swafford of the First church with Rev. W. L. Porterfield, Mr. and Mrs. Elra Phillips will be present for the formal opening Wednesday night. Around 600 laymen and ministers are expected from over Northwest Texas.

Cecil Nabors will leave Thursday and Mrs. Nabors, Mrs. Porterfield and several other church members will attend during the weekend. M. E. Ooley and Royce Satterwhite, delegates, will not be able to attend.

Bishop Charles C. Seelman of Dallas, who will preside at the conference, met in Abilene Tuesday with his cabinet of nine district superintendents to consider 300 ministerial assignments which will be announced at the meeting's closing session Sunday.

Pastors of the local churches said financial conditions were very good this year and memberships had increased.

### Baptist Worker Addresses Ladies

Mrs. R. E. Lane, a state approved worker now directing a week's training union revival, spoke to the members of the Ruth class of the First Baptist church when they met for a covered dish luncheon Tuesday at the church.

Group One with Mrs. Dewey Young as captain acted as hostesses.

Mrs. Lane spoke to the group concerning their studying, "To Be Approved Unto God," using as the basis for her discussion, Timothy II, 2:15.

Ernest Hook, church educational director, told of the great need for more Sunday school and training union workers. Mrs. A. C. Klover, teacher, urged that class members do more visiting.

Mrs. R. E. Lee told members

Charles C. Rough of Dallas that Texas would beat Arkansas. Any football fan knows Rough lost.

Rough promptly paid off—with 400 pennies immersed in a jar of Molasses. Adamik says he's keeping the concoction for a souvenir.

And something new was added in excuses over in Fort Worth. Radio Patrolmen Maclin and Jordan tried to stop two men in a fast-moving car. Instead of slowing down, the men began an 85-mile-an-hour race with the officers.

"I just wanted to see you chase me," explained the driver when the cops finally caught them.

Then there's that new wrinkle in the mail box theft racket. Police warn Texans to be on the alert. It works like this:

An ex-convict in Dallas last month stole letters from two residential mail boxes. He read the contents carefully, then called on the persons to whom the letters had been addressed.

He said he had been in a car accident, and that his very good friends—the writers of the letters—had urged him to call on the addressees if he needed help in a strange town. He gave personal details of his pretended friends—details he had picked up from the letters.

He managed to get loans—but he has been caught since.

A soldier on leave from a Utah camp came to Texas for a visit and found something new in Southern hospitality.

His old friend in Waco didn't like it, he said, when he expressed ideas, different from hers.

She stabbed him in the shoulder with a knife.

## West-Central Championship Bout Re-Scheduled For Thursday, 7 P. M.

Originally scheduled to be played this evening, the Junior football league championship battle between the West Ward Waddies and Billy Bob Whittington's Central Ward clan will be played Thursday evening at Steer stadium beginning at 7 o'clock.

The game was moved up at the suggestion of Steer Coach John Dibrell and by mutual agreement of mentors of the respective teams.

Dibrell requested that the bout be re-scheduled to coincide with a giant high school pep rally and bonfire, which is booked to take place on the high school campus at 8 p. m. Thursday.

The "rah-rah" session, first of the year here, precedes the varsity team's expedition to San Angelo Friday night. A record attendance is anticipated, since an Angelo engagement annually highlights the grid season for local teams.

The West Ward club takes the field against the Trojans as slight underdogs, though it hasn't been scored on in four tests thus far. Central's chances depend on a

versatile backfield combination and a forward wall that hasn't been outplayed to date. Fort. Gross, McMillan and Maines compose the Trojan secondary while Todd and Warren, ends; Howell and Nutt, tackles; Porter and Jenkins, guards; and Rose, center, make up the line.

On the shoulders of angular Danny Scott rests West Ward's chances of victory. Scott has been the bellwether of the Cowboy attack all season.

### Dempsey In Austin

AUSTIN, Nov. 7. (AP)—Jack Dempsey, former world's heavyweight champion, will be here next Monday to participate in the Eighth War Loan drive.

Now Commander William Herndon Dempsey of the United States Coast Guard, he is coming to Austin through special arrangements with the U. S. Treasury Department in what will be his only Texas appearance during the current Victory Loan campaign.

## Close Year Here Corsairs Look To Camp Hood, Hondo Games

GEORGETOWN, Nov. 7. (AP)—A week-end of inactivity is a welcome prospect on the Southwestern campus as the Pirates nurse their wounds after the 19 to 0 shellacking administered by the Baylor Bears in Waco Saturday.

Idleness this coming week-end is occasioned by cancellation of games by Ellington Field, nullifying preparation which had been made for an encounter with the Flyers at Snyder Field Friday night.

This leaves only two games on the schedule, both of these having been added since the beginning of the season. The Pirates travel to Gatesville Friday night, November 16, where they play the strong North Camp Hood Eleven, and on Nov. 24 they will meet the Hondo Army Air Field gridders at Big Spring to wind up the season.

## Mudhens To Train At San Antonio

SAN ANTONIO, Tex., Nov. 7. (AP)—The Toledo Mudhens of the Class AA American Association will train at the San Antonio baseball park at the same time as the San Antonio Missions of the class A-1 Texas League.

President Eddie Gilliland of the Toledo club, here visiting Bill Osley, president of the Missions, said the Mudhens would hold their first work-out about March 1.

Both the Toledo and San Antonio franchises are owned by the St. Louis Browns.

## Bill Southworth Named Skipper Of Wigwam

BILLY SOUTHWORTH

ST. LOUIS, Nov. 7. (AP)—The appointment of Eddie Dyer as manager of the St. Louis Cardinals to succeed Billy Southworth was announced today by Sam Breadon, president of the Cardinals. Dyer was given a two-year contract.

A former top-ranking executive in the vest Cardinal farm system, Dyer resigned a year ago to enter the oil business with his three brothers in Texas. However, he kept his finger in baseball by representing the Red Birds at meetings of the suspended Texas league.

Both owner Sam Breadon and Dyer refused to comment on the possibilities, but sporting circles here freely predict that the deal was closed prior to yesterday's announcement that Southworth was going to the Boston Braves.

The Boston offer was made during the world series a month ago and it was believed here that Breadon asked that announcement be delayed until he had filled Southworth's job.

Dyer, now in his middle forties, once performed as pitcher for the Cards in the early 1920's, but found his greatest success as a minor league manager.

In 1941 while Houston was coasting to the Texas league pennant by a ridiculously large margin, Dyer furnished the parent Red Birds with Howie Pollet, one of the best left-handers ever to don the Cardinal uniform. Pollet, now civilian bounty from the army, was personally discovered and developed by Dyer.

When the Texas circuit folded up for the duration, Dyer moved to Columbus and guided the Red Birds to the little world series championship.

Dyer took over an executive post early in 1943 as director of the Cardinals' double A farm clubs, a job he held until his retirement. When the genial Texan left, Breadon said it was with regret that he let him leave baseball and that if he ever wanted to come back, there would be a job open in the Cardinal system.

Consensus here is that Dyer will now fill that job.

"He broke the bottle, he's bringing back the pieces!"

WE DON'T really want broken pieces of empty Pabst Blue Ribbon bottles... but gosh, how we want those "empties" back!

...And the sooner you return them to your favorite dealer, the sooner they'll be back on his shelves filled with more of this famous, extra-quality beer! You see, unless you do your part by bringing back "empties," we can't do our job of keeping your dealer supplied! Will you help out? And if you can't always find Pabst at your dealer's—ask again next time, won't you?

## LOOKING 'EM OVER

By ANGUS LECESTER  
Felix "Doc" Blanchard will rate virtually every All-American football team dreamed up between now and next spring. So will West Point comrade, Glenn Davis, the California comet.

That leaves two spots open in the mythical secondary. Frank Danciewicz of Notre Dame might work his way into the lineup, especially if Notre Dame should make a favorable showing against the Army next Saturday.

However, the majority of the votes are most apt to be cast for Oklahoma A&M's Bob Fenimore and Alabama's Harry Gilmer. Herman Wedemeyer of St. Mary's has a good chance for the contingent but the Gaels played an abbreviated schedule.

Anyway, when it comes to a choice between Wedemeyer and Gilmer, the West Coast might go all out for Gilmer since it is good policy to have an All-America in the Rose Bowl game and Frank Thomas' Alabama Tide is most apt to be invited. St. Mary's is not eligible for the New Year's Day classic.

Fenimore appears to be "in." The Aggies have Tulsa, Texas Tech and Oklahoma remaining on their schedule and appear capable of taking the measure of all three. Fenimore should be his usual brilliant self.

As for the bowl games, the best thing the West Coast conference could do would be break precedent and permit St. Mary's to play in the Pasadena classic. However, nothing like that will ever come to pass, so it looks like Washington and Alabama for that engagement.

The Sooner Aggies are most likely to invade New Orleans for the Sugar Bowl game. Just who the opposition will be is problematic but the Sugar Bowl committee has a habit of selecting O'Connell Bowl products and, of course, the Aggies enjoyed great success in the Dallas show last Jan. 1.

Columbia could well be the "northern" choice for the New Orleans classic, though Lou Little's Lions are going to be beaten by a good Pennsylvania bunch next Saturday.

The Cotton Bowl will pit the conference—most probably champions of the Southwest Texas university—against an eastern team, if Oklahoma A&M can't be lured back. Temple, with popular Ray Morrison at

the helm, looms a possibility but the Owls are due for a drubbing or two before the current campaign becomes history.

Should Temple fold, the Crusaders of Holy Cross are a possibility. New England teams always make good copy for Southwestern sports scribes.

The Orange Bowl picture is very clouded.

St. Mary's might get the bid down that way, which would be one for the books. For that matter, the Gaels could get the Sugar Bowl contract or an invite from Dallas. An Oklahoma A&M-St. Mary's collision, featuring a Fenimore-Wedemeyer duel, would sell like the proverbial hotcakes.

Duke remains a distinct possibility for the Miami party. So do Mississippi State, LSU and Wake Forest.

Directors of the Big Spring Country club are talking about adding bent grass greens to the back nine of the golf course.

The 3145-yard front pine were given a grass transfusion last spring and the greens have come along so splendidly, the local course ranks with the best in West Texas.

Club patrons are also planning on the addition of a swimming pool to the property. When materials become available, a natatorium becomes a "must" in unit construction.

### Hope Is Knocked Out

SACRAMENTO, Calif., Nov. 7. (AP)—Newsboy Millich, 198, Sacramento, scored an upset three-round knockout victory over Abe Cestac, 220, Argentine heavyweight hope, before a capacity house of 5,000 fans here last night. The bout was scheduled for 10 rounds.

It was the first knockout defeat for Cestac, a protégé of Jack Dempsey, in this country. Last week Cestac knocked out Harold Blackshear in Oakland.

### AAU Organized

SAN ANTONIO, Nov. 7. (AP)—Formal organization of the New South Texas Association of the Amateur Athletic Union, to encompass most of Texas with headquarters in San Antonio, will be perfected at a meeting here today.

J. Lyman Bingham of New York, veteran AAU executive and assistant to the president, will preside at the meeting.

The Gulf Association is the only other AAU organization in Texas.

## Herd Hit Again, Don Webb Out For The Season

A back injury inflicted while he worked last summer and aggravated by recent workouts caused Donald Webb, halfback, to resign the Big Spring high school football team for the season.

Webb was a standout in last week's game between the Dogies and the Odessa Colts.

His departure works serious manpower shortages on Conn Isaacs' reserve eleven, which Saturday night comes to grips with the powerful Midland second-stringers in the local arena.

James Abbe, a sophomore 145-pound speedster, will probably take his place in the lineup.

Webb's retirement followed by a day the loss of Pete Fuglaar, second string guard, to the squad. Fuglaar broke his foot Monday and was forced to quit.

Coach John Dibrell oriented his charges in passing and punting Tuesday during a full speed drill in preparation for the San Angelo test Friday night.

More of the same is scheduled for today.

### Paul Altman Loses Crown By Knockout

SAN ANTONIO, Nov. 7. (AP)—Texas had a new middleweight champion today—Tony Elizondo of Corpus Christi, Texas, who knocked out Paul Altman of Houston in the first round of a 10-round fight here last night.

Elizondo weighed 160 and Altman 150. Elizondo, with less than a dozen professional fights in his record, slugged it out with Altman from the start. The final punch was a right to the chin.

### CHAMP IS BEATEN

HOUSTON, Nov. 7. (AP)—Tony Rios, 137 pounds, of Monterrey, Mexico, holder of the Texas lightweight championship, dropped a 10-round decision to Nick Camarata, 135, New Orleans, in a non-title scrap here last night.

## Texans Meet Only Tenth Of Quota

By The Associated Press  
Bond headquarters in Dallas reported that \$29,031,163.50 of Texas' \$297,000,000 quota of Victory Loan bonds has been sold.

Of this, \$9,402,042 has been sold in E bonds toward the state's \$90,000,000 E-bond quota.

Texas-born movie actress Linda Darnell arrived in Dallas Tuesday to help with the bond sales. She appears on the stage of a Dallas theater today during an auction of two copies of the Japanese and German surrender documents.

At Houston, Stephen F. Austin high school exceeded its \$3,000 bond quota for a hospital unit to become the first to reach its goal in Texas.

**Truman Adopting Rough Tactics After Sweet Manners Fail Him**

By JAMES MARLOW  
WASHINGTON, Nov. 7.—(P)—President Truman, after trying sugar, is beginning to talk a little tough here at home. It's still not very tough. And it's too soon to tell whether he'll get tougher.

From the time last April when he went into the White House—where President Roosevelt found rough-and-tumble tactics helpful although they made him enemies—Mr. Truman used sweetness on the homefolks.

It was as if Mr. Truman upon entering the White House had said to himself: "I'll be nice and friendly. I'll ask people."

Now suddenly, within a week's time, Mr. Truman has taken a healthy poke at Congress and given labor and management any icy warning to get down to cases and cut out unnecessary argument.

In a radio speech he hit directly at two Congressional committees for bottling up two pieces of legislation which he recommended and considers prime: more pay for the unemployed and the "full employment" bill.

And at the opening of the labor-management conference he told the representatives there to find a solution to their woes on the public world.

The labor-management men kept mum and went to work. But we'll have to wait for the end of the conference before seeing how much they took Mr. Truman's words to heart.

The reaction in Congress was a little sharper.

Yesterday one of his old colleagues, Senator Wiley (R-Wis.), got up and said: "The President pleads for a program which out-new deals the new deals, which item for item sounds like a CIO handout."

The program Senator Wiley had in mind was the 21-point program which Mr. Truman handed to Congress early last September.

Of the 21 points, 13 were derived directly from President Roosevelt.

Of the 21, Congress has passed only two: a bill revising taxes and a bill on Surplus property disposal.

**Forty-nine Whooping Cough Cases Reported**

Forty-nine cases of whooping cough have been reported in this community during the year, health officials at the local unit said Wednesday.

No other communicable disease is so dangerous as whooping cough to the very young, and there is no other disease causing an equal amount of suffering to which parents show such an unaccountable disregard, Dr. George W. Cox, state health officer, said.

A physician should be called early and each case should be isolated for at least two weeks. A slight fever, running nose and a cough make their appearances so gradually and insidiously that a diagnosis is practically impossible unless a history of exposure is obtained. When the "whoop" appears there is no mistaking the disease.

**He Bagged His Elk In Streets Of Town**

WALLACE, Ida., Nov. 7.—(P)—City Policeman Hugo Marconi bagged his elk for the season but it proved too old and tough to eat.

Marconi brought the animal down in the streets of Wallace with three revolver shots after it had wandered about town for five hours, disturbing the peace by such acts as poking its head through the glass of a window at the home of Anton Swanson, rearing menacingly on its hind legs as Swanson tried to drive it away, and displaying considerable temper when officer Marconi caught up with it.

**SOAP AT CIRCUS**

KANSAS CITY, Mo., Nov. 7.—(P)—Vincent Totta, aged two and a half, was an interested spectator at the Shrine circus here.

Someone previously had given him a box of soap, each cake shaped like a miniature elephant. When real elephants paraded into the arena, Vincent's grandmother, Mrs. W. E. Urquhart, said: "Look, Vincent, what is that?"

Vincent took one glance and answered seriously: "Soap."

**Jack West Sharing In Unit Citation**

WITH 96TH INFANTRY DIVISION ON MINDORO—Technician Fifth Grade Jack T. West 111 North Scurry street, Big Spring, is now sharing another citation from the army for outstanding meritorious performance of duty in combat.

A gold star has been awarded to his organization the 321st medical battalion for its excellent work during the Okinawa campaign. This star will be placed on his unit's first award the service

plaque, received for similar outstanding performance on Leyte. For the latter citation Cpl. West now wears a golden yellow wreath on his right sleeve.

Cpl. West served as a driver with the medical battalion during both the Leyte and Okinawa campaigns.
