CHRISTMAS PACKAGES FOR G. I. JOE

Let's Get Them Off Early!

Army and Navy rules for shipping unsolicited Christmas packages overseas are the same as for last year-but correct addressing is more important than ever.

The package must be mailed between September 15 and October 15. They cannot weigh more than 5 pounds, be more than 15 inches in length, nor more than 36 inches in length and girth combined. Perishables are not allowed and fragile things will be strongly discouraged.

Remember that incorrect addressing can delay delivery for 90 days or more. One reason this is true: Just among the Navy's enlisted men there are 16,000 Smiths, 300 of them with identical first names and middle initials.

Vesterday was Act I.

Same beachhead scene. Same-except today there are no screaming bombs, no burning tanks, no convulsive shells tearing big holes in the ground. Same scene, but today the guys up there on the beach put on the show.

They NEED it, understand?

Thanks to the folks back home, U.S.O. Camp Show units have played in every combat zone, often immediately behind the front lines. More than 90 units are playing the "Foxhole"; more than 80 units appear regularly at camps and hospitals in the western

VITAL WAR CALLS!

If you have party-line service, you can prevent a jam-up of already overloaded telephone lines by showing more consideration and thoughtfulness of other subscribers who might be waiting to call, or to receive a call. So.

- Be brief. You might delay war calls.
 Allow reasonable intervals between calls.
- Give party sime to answer.
 Ask the children to co-operate.

Don't bottleneck the war effort ... think of the other party.
