17 to Receive H. S. Diplomas at Program Tonight

1945 Graduating Class to Present Patriotic Pageant

Seventeen student members of the 1945 Senior class of Ozona High School, will reach the end of their high school careers tonight when they receive their diplomas at commencement exercises to be held in the high school auditorium beginning at 9 o'clock.

The 1945 graduating class will present a patriotic pageant "We Pledge Allegiance" for the commencement exercises.

The graduates will enter to the strains of the processional march played by Miss Mary Frances Bradley, after which the Rev. A. A. Carter will pronounce the invocation.

Barbara White, class valedictorian, will act as master of ceremonies for the pageant, which is divided into three sections, "America, Our Heritage," "America, Our Challenge," and "America, Our Future."

America's heritage, Liberty, Unity, Democracy, will be presented in order by Byrd Phillips, Marie Williams and Bill McWilliams. Following the Marines Hymn, sung by a group composed of Bill Womack, Jimmy Read, Nan Tandy, Marie Williams, Daphne Meinecke, Barbara White, Ruth Townsend, and Joy Hubbard, "America Our Challenge" will be presented by Ruth Townsend, class salutatorian.

Nan Tandy will present "America Our Future," after which a sextet composed of Marie Williams, Nan Tandy, Barbara White, Daphne Meinecke, Joy Hubbard and Ruth Townsend will sing "America, Forever Free!"

County Judge Houston Smith will present diplomas to the graduates and Supt. C. S. Denham will present special scholarship awards to the highest ranking students. The Graduates Creed will be given by Daphne Meinecke. The benediction will be given by the Rev. Wm. B. Waldrop.

The 1945 O.H.S. graduates include Larry Arledge, Louise Arledge, Ada Ballard, Joy Hubbard, Rosalie Lemmons, Daphne Meinecke, Bill McWilliams, Elaine Oathout, Byrd Phillips, Jimmy Read, Lowell Sweeten, Nan Tandy, Ruth Townsend, Joyce West, Barbara White, Marie Williams and Bill Womack.

Summer Roping Contest Plans Are Made Here

Ropers Forming Club To Provide Weekly Entertainment

Since the demands of war will preclude the possibility of a full-scale rodeo for Ozona again this summer, plans are being made by a group of roping fans for organization of a roping club and weekly matches during the summer months at the Crockett County Fair grounds.

The group plans to purchase a herd of calves through contributions by each participant and to maintain these calves through the summer for the matches. Contributions to the calf purchase fund are already being received and enough pledges have already been received to assure success of the venture.

In addition to the regular roping events, several matched contests are expected to be developed during the summer, with some of the leading calf ropers taking part. The group plans to present the roping matches each Sunday afternoon at the fair grounds arena, with pots to be made up of entry fees from contestants.

No definite date has been set for the first roping contests of the summer season, but promoters of the club have predicted that the first event will be staged within the next two or three weeks.

O. H. S. SENIORS OF 1945 —

Six young men and eleven young ladies, members of the graduating class of Ozona High School will receive their reward for four years of high school study when they are handed the coveted sheepskins at commencement exercises

in the auditorium at 9 o'clock tonight.

Members of the 1945 graduating class are pictured above with their sponsor, Miss Virginia Craven. They are, left to right, top row: Bill Womack, Jimmy Read, Byrd Phillips, Larry Arledge, Lowell

Sweeten, and Bill McWilliams; second row, Louise Arledge, Ruth Townsend, Joyce West, Miss Craven, Ada Ballard and Daphne Meinecke; bottom row, Joy Hubbard, Elaine Oathout, Rosalie Lemmons, Barbara White, Nan Tandy and Marie Williams.

Production from New Pay Zone in Western Crockett

High Gravity Oil Encountered in Test on Noelke Land

Ledge Petroleum Co., Inc., Dallas 11 H. G. Bouscaren and others, opener of a second pay in the five-year-old Noelke field in western Crockett County, flowed oil over the mast for fifteen minutes Monday night following shooting of the Clear Fork pay section from 3,950 to 4,042 feet, the total depth. The flow was estimated by some observers at a rate of 200 to 300 barrels daily.

Oil ran over the top of the surface casing for one hour and 40 minutes after the shot, which was under two yards of tamped gravel. The flow then developed, oil clearing the spudder mast. The well died, presumably due to bridging of the hole, and was shut in.

Upon the erection of storage cleaning out was to be begun. Four-inch casing likely will be run since 5 1/2-inch pipe was set at about 3,500 feet to shut off water.

Ledge Petroleum No. 1 Bouscaren is in the northeast corner of section 29, block GG in an area of gas wells between the Noelke field proper and the northwestern oil producing sector. The pay zone in the Noelke field is from the Seven Rivers section of the Permian underlying the Yates sand. The field is across the river from and about five miles east of the Yates field in Pecos county.

Contract is being negotiated for the drilling by Moore Exploration Co. of Midland of a scheduled 7,500-foot wildcat expected to explore the Ellenburger south of the Noelke field. Location is 660 from the south, 660 feet from the east line (Pecos River) of section 65-1-1&GN.

Stanolind and Magnolia will have an interest in the project, which will be designated Moore Exploration Co. No. 1 Half-Bivins. One-half royalty is owned by the H. M. Half estate of Dallas, one-half by the Lee Bivins estate of Amarillo. The Half interest is subject to a 1-64th interest owned by the Noelke Livestock Co. of San Angelo, which has the surface rights. The drill site is the west 160 acres of section 65.

The wildcat will be three miles southwest of Moore Exploration Co. and Olson Oil Co. No. 1 Half estate in section 68-1-1&GN, which topped the Ellenburger at 6,740 feet and was abandoned dry at 6,977 feet. It had slight oil shows in the Ellenburger and better shows in the Tubb zones and in some other parts of the Clear Fork above the Tubb.

Ozonans Swelter And Shiver All in Span of 24 Hours

Ozonans, along with the rest of Texas, became adept at quick changes of clothing this week as the weather man was "on again and off again" from summer's extreme heat to an unseasonable chill that was downright uncomfortable.

Monday saw the temperature climb to a record high for early May and West Texas sweltered in the extreme heat and groaned at the prospect of its continuing intensification to the "dog days" of mid-summer.

But Tuesday and Wednesday, the story was different. A quick about-face was staged by the weather and a cold norther was blowing Tuesday to send the mercury to the level of uncomfortable cold. And so it continued through Tuesday night, when the temperature sagged under the 40 mark and the north wind continued to blow. Some thunder and lightning, with a light shower accompanying, served to further chill the air.

Crockett off To Slow Start On 7th War Loan

Only \$25,000 Sales to Date on Quota of \$310,000

With the "Mighty Seventh" War Loan Drive officially launched over the nation Tuesday, Crockett county bond buyers were off to a slow start. Supt. Peters, County War Finance Committee chairman, reported yesterday.

Sales of all classes of government securities, principally Series E bonds, however, amounted to only \$25,000 yesterday, the chairman reported. Crockett county's goal in the "Mighty Seventh" is \$310,000, of which \$120,000 must be in E bond sales to individuals. Nathan Adams, state chairman War Finance Committee, has advised the local chairman.

Since there will be but two War Loan drives this year, the Seventh has been designated the greatest single war financing effort of this nation. The national quota for individual buyers alone, the E bond quota, is 7 billions.

Crockett county faces its greatest test in the Seventh War Loan Drive, Chairman Peters has declared. This county has not failed, however, to meet its quota in the War Loan drives and despite the fact that the drive comes "between season" in the sale of ranch products, the county is expected to go over the top before the June deadline for the drive.

Home in Mexican Settlement Destroyed By Fire Friday

Fire of unknown origin destroyed a home in the Latin-American section of Ozona Friday afternoon.

The residence was occupied by Angelita Zuniga. She was washing clothes in the yard when the fire was discovered in the house. No fire was burning in the stove at the time and there was no explanation for the start of the flames. All household effects and clothing of the family were destroyed.

Everardo Ramoz Rescued from German Prison

Ozonan Captured in Tunisia Returned to U.S. Military Control

After nearly two years as a prisoner of war in Germany, Pvt. Everardo Ramoz, son of Tomasa Ramoz of Ozona, has been rescued and returned to U.S. military control, the mother was informed in a telegram from the Adjutant General's office in Washington Friday.

"The Chief of Staff of the Army directs me to inform you your son, Private Everardo P. Ramoz, has returned to military control and is being returned to the United States within the near future and will be given an opportunity to communicate with you upon arrival," was the welcome news contained in the telegram received from Adjutant General J. A. Ulio.

Pvt. Ramoz was captured at Kasserine Pass in Tunisia in one of the earliest battles in which Americans faced the Germans. He was taken to a prisoner of war camp in Germany where he has been confined for nearly two years. He entered the service in December, 1942, and was attached to the Fifth Army in the invasion of North Africa.

Members of Ramoz' family are uncertain whether or not he has arrived in the United States. A telegram, signed by him, was received early this week, but the wire merely acknowledged receipt of a parcel sent by the family. It was dated Washington, D. C., and since it did not state that he was in the States, it was thought possible that the wire had been relayed from Washington.

Impressive Program Given By Junior Grads

"To Make Men Free" Depicts Struggle for Liberty

An impressive patriotic pageant, depicting highlights of America's struggle for liberty, was presented by pupils of the Junior High School in the auditorium Wednesday evening as the promotion program of the eighth grade.

The pageant was titled "To Make Men Free" "Landmarks of Liberty in Review," with some forty pupils taking part in its presentation. The pageant was directed by Miss Katie Sue Good, Miss Mary Frances Bradley played the piano accompaniment and Miss Ann Amthor was art consultant.

After the pageant, Judge Houston Smith presented diplomas to the 21 Junior High graduates. The class includes Sadie Cook, Marian Dryden, Charlie Davidson, Rosalie Friend, Eda Goodson, Billy Graves, Patsy Harris, Ann Harvick, Lin Hicks, Armond Hoover, Donald Hoover, J. G. Hufstедler, Charles Mankin, Guida Sue Meinecke, Chris Perner, Ray Piner, Jr., Betty Jane Schwalbe, Merle Senne, Betty Jo Thompson, Billy Gene White and Agnes Wood.

Ronnie McWilliams, Navy pre-medical trainee at Southern Methodist University in Dallas, was here for a week-end visit with his mother, Mrs. R. E. McWilliams, and family.

Child Bitten By Rattlesnake Is Recovering

Betty Merle Ingham, 4, Bitten Saturday at Ranch Home

Betty Merle Ingham, 4-year-old daughter of Mr. and Mrs. Dudley Ingham, who ranch on the Pecos river in Crockett and Terrell counties, is recovering here from the effects of the bite of a rattle snake suffered at the Ingham ranch home Saturday afternoon.

The child was bitten on the foot while playing near the garage where her father was working. It was some time before the parents discovered that the child had been bitten by the snake. Complaining that her foot hurt, the child said that a bush scratched her. Asked to show her parents which bush scratched her, she picked a spot near the garage which was a few inches off the ground. It was presumed that the snake was under the garage and bit the child as she ran by the spot. Later in the afternoon, B. B. Ingham, who operates a ranch adjoining his brother's, killed a large rattler in the vicinity of the garage.

After phoning to Ozona, the parents left the ranch with the baby and were met on the road by Dr. G. L. Nesrsta, who administered anti-venom serum and treated the bite. The child was taken to a San Angelo hospital for further treatment. Her condition had improved to such an extent that she could be returned to her home Wednesday morning, and was reported recovering satisfactorily.

Latin-American School Graduates Receive Diplomas

Three pupils of the Latin-American school received their high school diplomas at commencement exercises held at the school Tuesday evening. Certificates of promotion to high school were also awarded ten pupils, denoting their graduation from grade school.

Rev. A. A. Carter pronounced the invocation and the program opened with the singing of "America" by a chorus of students. The salutatory address was made by Eloisa Sanchez and the valedictory by Felipe Castro. A trio composed of Edna Martinez, Edna Garcia and Eloisa Sanchez sang "La Golondrina" and "The Parting Song." "God Bless America" was sung by the chorus.

Diplomas were presented by Judge Houston Smith to Felipe Castro, Eloisa Sanchez and Carmen Castillo.

Promotion certificates were also awarded by Judge Smith to the following elementary school graduates: Roberta Ortiz, Santiago Rodriguez, Ramon Gonzales, Diamantina Guerra, Esperanza Lara, Teodora Lara, Ernesto Martinez, Amalia Vargas, Porfiria Vargas and Pedro Zapata.

Seniors Entertained In Final Round of School Activities

Members of the Senior class of Ozona High School have been "wined and dined and danced" in a final round of entertainments complimenting the graduates of 1945 during the past week.

The Woman's Society of Christian Service entertained with a formal dinner and program at the home of Mr. and Mrs. Will Baggett. Following the dinner, a program consisting of songs by a male quartet composed of Neal Hannah, Ross Hufstедler, M. E. Corbell and Fred Wright, a reading by Mrs. Joe Ripple and a talk by the Rev. A. A. Carter, was presented.

Besides the honored Seniors, the following were present: Mr. and Mrs. J. M. Baggett, Mr. and Mrs. Joe Ripple, Mr. and Mrs. Fred Wright, Mr. and Mrs. C. S. Denham, Miss Virginia Craven, Mrs. Bill Cooper, Mrs. Jack Wilkins, Rev. and Mrs. A. A. Carter, Neal Hannah, M. E. Corbell and Ross Hufstедler.

Friday evening, the Seniors (Continued On Last Page)

THURSDAY MAY 17, 1945

Mr. and Mrs. Sherman Taylor have returned from Rochester, Minn., where Mrs. Taylor recently underwent an operation in the Mayo Clinic.

Automatic Navigator For Aircraft Newest Miracle Invention

The air position indicator, a closely guarded navigational secret which for over a year has been enabling American bombers to hit Tokyo on the nose in all kinds of weather, has at last been revealed with Army and Navy permission.

Product of the Bendix Corp., the API gives continuous readings of latitude and longitude and air mileage from the moment a plane takes off until it lands. Its dial is as easy to read as an automobile speedometer, so that by glancing at it a navigator can tell exactly where he is at any moment. This formerly required hours of work with charts, basic navigational reference books, star-sighting sextants, a chronometer, parallel rules and dividers.

Since planes in combat are constantly changing course to confuse the enemy, and navigators often are called to man the guns, the 10-pound air position indicator is regarded as one of the most important and spectacular developments of the war.

API accuracy has enabled planes to travel from base to target and back to base—even to mobile aircraft carriers—though the radio beam had been cut off to divert the enemy. It has meant many safe landings as well as target accuracy.

Together with radar, the air position indicator will mean elimination of most navigational problems in postwar commercial flying. On its first test flight in this country from Florida to Kansas in a fog so thick the ground was never visible, the API indicated the exact spot over Salina, Kan., airport where the plane was to descend for a landing.

Mr. and Mrs. Monroe Baggett left this morning for a few days visit in Austin with their daughters, Mrs. Jerry Pace and Mrs. Hiram Brown and families.

A Mr. Smith, about 60 years of age, suffered a fractured left leg and other injuries Tuesday afternoon when a heavy iron beam fell on him while he was helping to set up a drilling rig in the Todd field. The injured man was taken to a San Angelo hospital for treatment.

Noble E. Smith, son of Mr. and Mrs. Elton Smith, Ozona, has been promoted to the grade of Sergeant at Drew Field, Tampa, Florida,

where he is serving with the AAF. It has been announced by Colonel Wendell B. McCoy, base commander.

Mrs. James Baggett and infant son, James Monroe, III, have returned from San Angelo to their home here.

THE 7TH WAR LOAN IS ON!

Yes, the Seventh War Loan is on right now!

There are new planes to be built... new tanks... new ships. All to bring the war to an earlier close.

Our fighting men will do their job. But we must do ours!

And right now, the most important job we have is to meet our personal quotas in the Seventh War Loan drive!

Those quotas are big. Uncle Sam needs \$7,000,000,000 from individuals. For this loan is really 2 in 1—there had been 2 drives in 1944, by this time. So now—we've

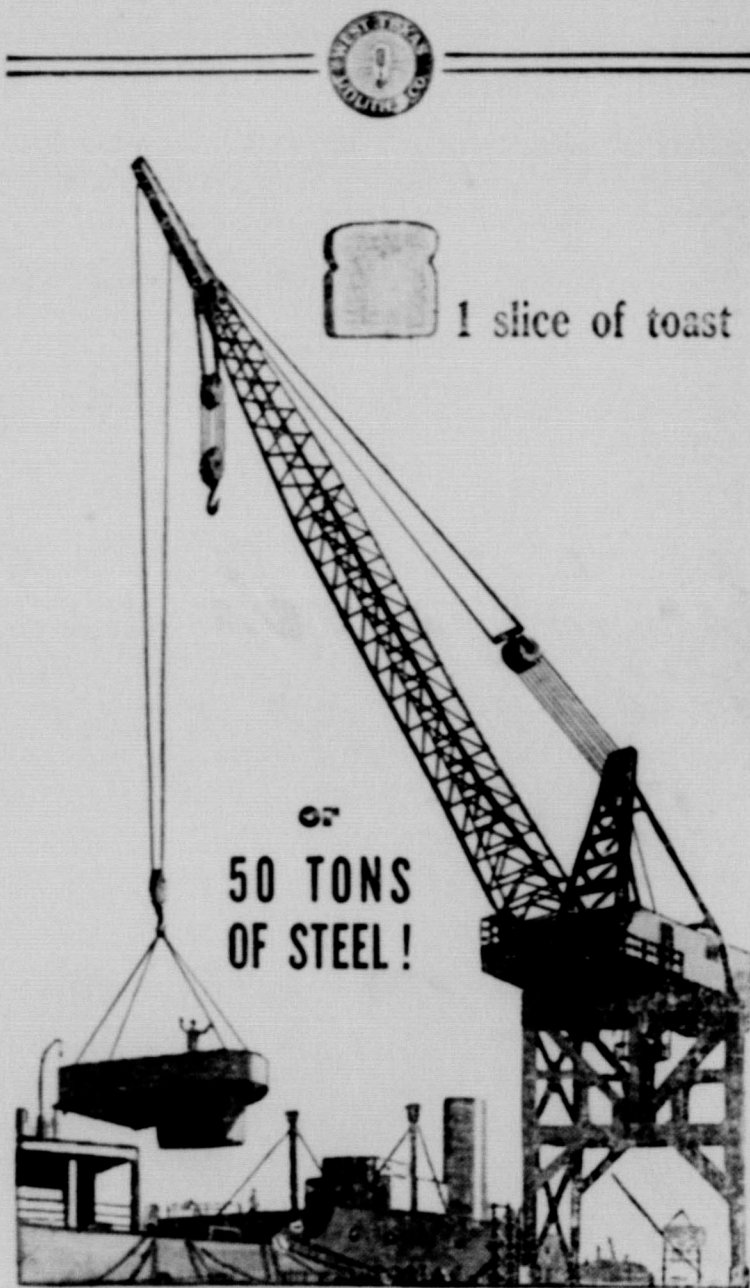

got to do a two-loan job in one.

But Americans have never failed to meet a War Bond quota yet—and we won't fail now! So find out what your quota is—and meet it!

FIND YOUR QUOTA . . . AND MAKE IT!		
IF YOUR AVERAGE INCOME PER MONTH IS:	YOUR PERSONAL WAR BOND QUOTA IS (CASH VALUE)	MATURITY VALUE OF 7TH WAR LOAN BONDS BOUGHT

50 TONS OF STEEL!

YOU'RE looking at an electric "whirley" crane in action. It's placing a superstructure on the deck of a new troop transport.

This is a big, rough, tough power job. It takes a lot of electricity—a far cry from the amount needed to make your breakfast toast.

Today, electricity is doing a lot of big jobs... helping to keep America's huge war machine roaring toward victory. And it is also doing the little jobs in the home... helping to give hard-working Americans the comforts and conveniences that keep morale high.

And all this at low pre-war prices!

Your electric company is glad to have been able to keep plenty of cheap electricity on tap in these war times... and our folks pledge that an abundant supply will be ready to serve all your post-war needs.

Oak Leaf Clusters To Air Medal Awarded To Lt. John Bonner

An Eighth Air Force Fighter Station, England. — The fourth and fifth Oak Leaf Clusters to the Air Medal have been awarded to First Lieutenant John Bonner, P-51 Mustang pilot from Ozona, Texas, it has been revealed by orders from Headquarters, Second Air Division.

The awards, made for "exceptionally meritorious service in aerial flight," were accompanied by a citation, which praised the 22-year-old airman for "courage, coolness and skill displayed, which reflect great credit upon himself and the Armed Forces of the United States."

He is a member of Lieutenant Colonel Claiborne H. Kinnard's veteran 355th Fighter Group.

Lieutenant Bonner, whose wife, Mrs. Mary Bonner, lives in Ozona, entered the Air Corps in January, 1942 and received his wings and commission at Foster Field, Texas in September, of the same year.

His mother, Mrs. Effie Bonner, lives at 305 South 15th St., Corsicana.

A part of Major General William E. Kepner's Second Air Division, the 355th Fighter Group has destroyed 343 enemy planes in aerial combat and 218 on the ground to become the third fighter outfit in the Eighth Air Force to reach the 600 victory mark.

Mrs. Coralie Meinecke and children are enjoying a visit this week by Mrs. Meinecke's mother, Mrs. L. J. Kittle, her sister, Mrs. William Chilton and daughter, Martha Ann, and niece, Mrs. Woodrow Allen and daughter, Judy Kay, all from Comanche.

Cotty Woods of Burlington, Iowa, was a guest last week in the home of Mrs. Charles E. Davidson, accompanying Mrs. Davidson's granddaughters, Betty and Mary Jeanette Grimmer of Winfield, Iowa, who were here for a visit.

"That Grass is our Living, Son!"

WHAT THIS RANCHER SAYS to his son is very true. Grass does provide their living... and a good part of the living for all of us here in America. More than half a billion acres of the United States—roughly, 50% of all our farm and ranch lands—is in grass. "Should its harvest fail for a single year," said John James Ingalls, "famine would depopulate the world."

Grass is the preserver of much of our agricultural wealth and the basic raw material of many of our necessities. It is a major crop. And more than that, it's nature's way of transferring health-building materials... vitamins, minerals, and other essential elements... from the soil into the foods that nourish the nation. Grass must pass through livestock to be converted into products useful to man.

So let's give our pastures, meadows and range lands the care they deserve. Grass on your

BUY MORE WAR BONDS

steeper slopes should never be broken. In the long run, it is your most profitable crop on hillsides because it controls erosion by tying down your top soil and reduces evaporation of essential moisture. Your State Agricultural Experiment Station will tell you of new and improved varieties of grass you might try to your profit, and they will also advise you about reseeding, lime, and fertilizer. And never overlook this important rule of grass care—don't overgraze!

We at Swift & Company are marketing the products of your grass, and so we say with you, "Grass is our living, too!"

MORE MONEY FOR DAIRY FARMERS

WFA's 8-Point Dairy Program

1. Grow plenty of high-quality roughage.
2. Balance your herd with your feed supply.
3. Keep production records on each cow in your herd.
4. Practice disease control methods.
5. Produce milk and cream of the highest quality.
6. Adopt labor-saving methods.
7. Take care of your land.
8. Develop a sound breeding program.

There's a Black Sheep

in almost every band. But he's not as bad as his reputation paints him. Permanently dyed black by nature, his fleece cannot be bleached. The uses for black wool are limited so care must be exercised to keep it properly sorted in the wool clip. However, manufacturers do weave it into broadcloth. And—believe it or not—the wool from the black sheep in the flock becomes clothing for the clergy.

CASH PRIZES FOR BEST LETTERS

Write us a letter, 250 words or less, telling us which of the six Swift & Company advertisements that have appeared in this publication since November you prefer, and why.

If you wish to refresh your memory, mail us a request and we will send you all six advertisements. Letters will be judged by an impartial committee whose decisions will be final. First prize, \$50.00; second prize, \$25.00; third prize, \$15.00; fourth, fifth, sixth, seventh, eighth, ninth, and tenth prizes, \$10.00. Contest closes July 15. Address your letter to F. M. Simpson, Department 128, Swift & Company, Chicago 9, Illinois.

Martha Logan's Recipe for WESTERN RANCH MEAT LOAF

- | | |
|--|--|
| 2 pounds ground beef, or | 2 teaspoons salt |
| 1 pound each beef and lamb | 2 eggs |
| 1 medium onion | 3 cups soft bread crumbs |
| 1/4 cup diced celery or ground carrot | 1/2 cup water |
| 1/4 cup lard or shortening | 1/2 cup tomato juice |
| 1/2 cup diced green peppers or 1/2 teaspoon pepper | 2 tablespoons melted butter or margarine |

Chop onion. Brown onion and celery or carrots in lard. Combine with green pepper, salt, eggs, bread crumbs, and water to make a dressing. Add half the dressing (one and one-half cups) to the meat, mixing well. Pat out half the mixture in a two-quart loaf pan. Cover with remaining dressing, then top with remaining meat mixture. Bake in a moderate oven (350°F) one and one-quarter hours. Baste twice with tomato juice and butter to keep loaf moist. Yield: 10-12 servings.

IT'S 2,049 MILES FROM HEREFORD, TEXAS, TO HARTFORD, CONN.

To the west of the Mississippi is produced two-thirds of the nation's meat. To the east live more than two-thirds of all Americans.

Under these conditions either livestock or fresh meat must be transported from the West to the East, and as we know, it has been found to be more economical to slaughter the animals in central plants in surplus producing sections, save the by-products, then transport the meat in refrigerator cars to the consuming sections, than to ship the live animals.

To have a market for livestock, we must find a market for meat. The job of nation-wide meat packers is to bridge the gap, an average of more than a thousand miles, made up in part from such trips as Boise, Idaho, to Boston; from Denver to Detroit; from Paducah to Pittsburgh; and from Hereford, Texas, to Hartford, Connecticut. It is necessary to have a large organization with proper facilities to handle efficiently nationwide distribution to the thousands of consuming centers of America.

This is the last page of information that we will issue until September. But please don't let the recess keep you from writing us when we can be of help to you. Better still, come and see us in Swift & Company's office building at the Union Stock Yards, in Chicago.
