E' Bond Sales Go Over Top in Crockett County

County Still Short by Around \$50,000 on Over-All Quota

What War Finance Committee chairman Scott Peters anticipated would be the hardest part of the seventh War Loan job in this county has been successfully completed.

The county's "E" Bond quota, the small denomination bonds sold in limited amounts to individual purchasers, has been met and exceeded, the chairman announced yesterday.

Crockett county went "over the top" on its "E" Bond quota early in the week and to yesterday afternoon total sales of this class of securities were \$128,668.75. The county's quota of "E" Bonds was \$120,000.

Sales of other classes of securities, were some \$50,000 short of the county's goal. However, Mr. Peters expressed confidence that the few remaining days in June would see this quota, too, exceeded and that the county would go well over its assignment of an overall quota of \$310,000, of which \$200,000 was earmarked for "E" bond sales and \$110,000 in other types of bonds.

Total sales to yesterday, including the announced figure for Series "E" Bonds, were \$270,789.25, a total of all classes other than "E" Bonds of \$142,120.50, against a quota of \$190,000.

Thrills Promised in Villa Acuna Bull Ring on July Fourth

Thrills and spills are promised all fight fans when Angel Isunza and Pepe Luis Vasquez vie for honors in La Macarena Bull ring at Villa Acuna, Mexico, across from Del Rio, on July 4th.

Isunza has appeared in the Villa Acuna bull ring a number of times and is a favorite with border bull fight fans. He was Tyrone Power's double in his famous picture, "Blood and Sand."

Vasquez, noted for his daring kill in Mexico City, makes his first appearance on the border, and promises Isunza his first appearance on the border, but promises Isunza keen competition in the July 4th fight.

The will fight to death four Spanish blooded bulls. A road has been built across the area on a ramp constructed to a steel bridge crossing the Rio Grande, as a substitute crossing, replacing the wooden approach which burned early in June.

The July 4th fight will start promptly at 5 p. m. the promoters announce.

New 10,000 Foot Ellenburger Test on Neal Ranch Plan

Rotary is being moved to the northeastern Crockett County ranch of Mrs. A. D. Neal of San Angelo for a scheduled 10,000-foot wildcat to be drilled by Lion Refining Co.

The test, expected to explore Ellenburger, will be 660 from the south, 1,980 feet from the west of section 66, block BB, Texas Central Ry. Co. survey. It will be five miles east of the World (Howell) pool and 12 miles south of the Big Lake field.

Lion No. 1 Neal will be about 2 miles north of Phillips Petroleum Co. No. 1 Wm. Schneemann, late C NE SW 46 - BB - TCRR, which was abandoned last September at 9,916 feet after finding the Ellenburger barren. Sulphur water was recovered on a drillstem from 9,845 to 9,916 feet.

The new test will be about 10 miles north and slightly west of the nearest Ellenburger production, in the Todd Deep field.

Miss Billy Jo West, daughter of Mr. and Mrs. Wayne West, is here to visit with her parents. She is a student at the University of Texas in Austin.

Postoffice Volume Over \$10,000 and Box Rent Rates Advanced

It's a mean task, to say the least, to collect the quarterly box rent payments for the 300 or more postoffice boxes at the Ozona postoffice, but when to that task is added that of going back to collect an additional fee from more than 200 of the renters who have already paid for the coming quarter, that's when a postmaster seriously contemplates going back to the farm.

So says Postmaster J. R. Kersey who this morning issues a call for help from box renters who have already paid the current assessments on the basis of the old rates. It seems that the box rent rate is based on the office's volume of business, the old rate prevailing heretofore being based on annual receipts of less than \$10,000. Well, last year the local office zoomed over the \$10,000 volume, and consequently, the box rent goes up, the 45 cent boxes to 60 cents a quarter, the 60 cent boxes to 75 cents and the 75 cent drawers to \$1.00.

Now, not only does the postmaster have to placate the irate customers who have to dig up from 15 cents to a quarter more to pay the rent, but he has to explain the whole thing to some 200 others who have already paid at the old rate and who must dig up the difference.

Methodists Plan Vacation Church School in July

Age Groups to Be Divided; First Session Starts July 8

For the first time in several years the Ozona Methodist Church this year will stage a Vacation Church School for the benefit of children and young people from beginners through junior classes of the Sunday School department, with visitors from the other churches welcome to all sessions of the school.

Plans for the Vacation School were announced this week by the pastor, Rev. A. A. Carter.

The annual summer Vacation School was abandoned in recent years for lack of sufficient building space for the classes. This year, however, a plan for rotating the groups by ages has been developed and the school will be spread over a period from the beginning July 8 through July 28.

The Beginners, ages 4 to 5 years, will attend the Vacation School classes at the home of Mrs. Chas. Williams from July 8 through the 14th. During the same week, pupils of the primary department, ages 6, 7, and 8 years, will have their classes at the Methodist Center, the pastor announced. Students of the Junior age will have their Vacation School sessions, also at the Methodist Center, during the week of July 22-28.

Installation of an evaporative cooler in the Methodist Center recently has made that building comfortable for use in hot weather, Rev. Carter said, and for that reason the building will be used for the Vacation School classes this year.

A full staff of competent workers has been lined up for the various schools and a cordial invitation is extended by the church to all children in the age groups to attend.

Ozona Man Injured In Eldorado Fight

Clayton Cannon, member of one of the oil exploration crews stationed in Ozona, was reported this week still unconscious in a San Angelo hospital where he was taken after being injured in an altercation at Eldorado on June 7.

District Attorney Robert Hughes of San Angelo has announced that a Sherwood man is under \$1,000 bond on a charge of assault to murder in connection with the case.

Bring your own hangers with your dry cleaning. Ozona Laundry and Dry Cleaners.

Sgt. Boyd Baker, Home after 18 Months Prisoner of Germans, Would Welcome Job of Guarding Heinies

Any American who feels inclined to deal leniently with the conquered Germans or ever again to give them a chance to occupy a place on a level with other nations of the earth should hear the story Sgt. Boyd Baker has to tell of his eighteen months in a German prisoner of war camp.

On starvation diet as a deliberate plan of the Germans, American prisoners were able to subsist on their weekly Red Cross parcels which came through fairly regularly the first year, Sgt. Baker said. But when Allied bombings became intense and German transportation was crippled, the Red Cross parcels all but ceased to flow — but the Germans didn't increase ration allotments beyond the original starvation diet. Allied airmen were called "murderers" and every bad name a German could lay tongue to by those people whose Luftwaffe had leveled the surrendered city of Rotterdam block by block, killing thousands of women and children and non-combatant civilians; had leveled the city of Warsaw in Poland; had indulged in indiscriminate bombing of the city of London night after night and day after day, as well as hundreds of other cities within range of the then-proud Luftwaffe.

"I suppose we fared better than most prisoners, certainly far better than the political prisoners and Jews in concentration camps," Sgt. Baker said. "But I have seen examples of their cruelty. The stories you have read and the pictures you have seen of these horror camps are not exaggerated in the least.

"I have enough points for a discharge from the Army. But if they will let me guard German prisoners of war — if they will let me have a free hand to treat them exactly as they treated us, I would volunteer to stay in as long as there were any of them left to guard." (This in answer to a question as to his opinion of the suggestion made recently that liberated prisoners of war be given the job of guarding Germans in POW camps in this country.)

Sgt. Baker, tail gunner on a Liberator bomber, was shot down over Holland on November 13, 1943, while returning from a raid on the German industrial center of Bremen. "It was the easiest raid we had made to that time," he recalled. "Ours was the only bomber lost on the mission." One of the plane's motors was burned out on the way to the target, he said, because of the necessity of maintaining a pre-determined speed of flight in the face of a strong headwind.

Two more motors were put out of commission, as was the plane's landing gear, on the bombing run over the target, but by anti-aircraft fire. A lucky flak hit just as the plane crossed the border of Holland on the return flight put the last remaining motor out of commission at 29,000 feet. From that altitude, the pilot attempted to glide the crippled plane into the English Channel to risk rescue by the British rescue service. But the heavy plane came down near a small Duach village on the Zuider Zee just a few hundred yards from the channel shore — a dead-stick landing which was accomplished without injury to a single member of the crew.

The crew had attempted to lighten the ship for the glide by throwing overboard every piece of loose equipment, including guns, ammunition and personal equipment of the crew.

When the plane came to a shattering stop on the coast of Holland, near a small town, the crew stepped out to face ten German soldiers who popped up with leveled machine guns.

"For you de var iss offer," one of the Germans said as the crew was surrounded. And then began the harrowing experience which was destined to last a year and a half.

Sgt. Baker was wounded on his final flight, pieces of flak being embedded in his hip and leg. His injury was not serious, however,

and he was able to go with other members of his crew. They spent the first night in cells in a small jail in the Dutch village, then were taken to another jail at Amsterdam and finally in freight cars by rail to Krems.

That ride in boxcars for "40 men or eight horses" in which 52 prisoners were crowded is one that Sgt. Baker will never forget, he says. They were left on a siding in the rail yards at Frankfort on the night the RAF came over to bomb the rail yards. Bombs were dropping all around them, he said, and the din was terrific and fearful. "I never heard such earnest praying in all my life," he said.

The camp at Krems, Austria, was a new camp for airmen. Prisoners confined there were mostly non-coms, Baker said, and a buck sergeant was elected camp spokesman under the democratic system invoked by the American prisoners to regulate their prison life. All positions from that of camp representative or spokesman to mess sergeant and camp cook were filled by popular vote and every such elected official was subject to impeachment.

"We never had to impeach but one man," Sgt. Baker mused. "That was the man in charge of the mess. He was gaining too much weight." All food from Red Cross parcels and the meager rations issued by the Germans were pooled and the men ate at a common mess. They had athletic equipment furnished by the Red Cross, but when the going got rough and food scarcer and scarcer, all forms of exercise were abandoned as a means of conserving strength.

Officers and non-commissioned officers were not required to work and the men in the Krems camp did no work, Baker said. Their lot would have been easier, he said, and the food better if they had worked, but enlisted men were required to work and as Sgt. Baker explained it, "the more of us who accepted the good jobs on the farms, etc., the more enlisted men would be required to work in the mines or other killing jobs."

To amuse themselves, the prisoners built a stage from Red Cross boxes, used Red Cross cloth to make costumes and staged plays. "They were good, too," he recalled. They melted bits of metal and made Army insignia, toy autos and the like. "Just like kids," he said. "We staged races with our cars." Even so, some of the men went "off the beam," he said, just from "too much lying flat of their backs and staring at the ceiling."

The prisoners kept up with the progress of the war by reading three German newspapers which they received weekly and with tiny crystal radio sets which they built and secreted in their barracks. It was 30 days in solitary on bread and water to be caught with a radio and there were periodic "shake downs" in search of them, he said, but only one man was ever caught with one. Sgt. Baker made a set of his own and kept it hidden in the middle of the barracks in a food container. The Germans would find a radio if you chose a good hiding place for it, but if you just got it out of sight in a casual manner along with regular equipment, they would overlook it, he said.

The men were quartered in wooden barracks, built pretty much like American temporary barracks, Sgt. Baker said. They were short on fire wood among other things and the barracks suffered accordingly. The Germans protested at the destruction and the men finally bargained with their camp funds, made up of pooling their meager prisoner pay, and "bought" the barracks, getting a receipt from the Germans. After that they did what they liked with it, and when they left the camp, there wasn't enough of it left to bother to make the Germans buy it back, he said.

Sgt. Baker made two escape attempts while confined, paying for it each time after recapture by spending 30 days in solitary on

(Continued on Page 3)

Red Cross Sock Knitters Asked to Turn in Ail Work

Mrs. Roy Henderson, Red Cross production chairman, has asked that all local volunteer knitters who have taken yarn for knitting socks for service men turn in the completed work and unused yarn by the second week in July.

A complete report on the knitting production must be made by that time, Mrs. Henderson explained, and she requests all who can to complete their quotas of knitted socks and to turn them in not later than the middle of July. In addition to the yarn already in the hands of knitters, enough is left at present for 25 more pairs of socks. If there are knitters who will volunteer to take this additional yarn to complete the socks by the July date, they are asked to call Mrs. Henderson.

Sgt. Taliaferro Back from 5 Months Service in Italy

Sgt. Clifton Taliaferro, who served nearly five months as a tail gunner on four-motored bombers attached to the Fifteenth Air Force in Italy, returned last week to spend a 30-day furlough here with his parents, Mr. and Mrs. C. W. Taliaferro. Sgt. Taliaferro left for overseas duty the first of February and flew eleven missions before the end of the European war.

He will report at Sioux Falls, S. D., for reassignment at the end of his furlough. Sgt. Taliaferro and his mother will leave today for Corpus Christi where they will visit Mrs. Taliaferro's brother, W. O. Snyder, U.S. Marine Corps, who is under treatment in the Naval hospital for wounds received in action in the Pacific.

Auto Windshield Tax Deadline Is Next Saturday

All Cars Must Display Federal Sticker After July 1st

It's time to pay that man named Sam again!

This time it's the "windshield tax" — that little sticker that must stick to your windshield for a year if you expect to drive your car anytime after the first of July.

The "automobile use tax" Congress called it and the Bureau of Internal Revenue is awfully particular about its being paid. In fact, some Ozona automobile owners found out last year just how particular these agents of Uncle Sam are about these taxes. Some paid a "penalty" of \$25, plus the cost of the little stamp, for "forgetting" to purchase them on time. Now comes Postmaster James R. Kersey to remind Crockett county owners of motor vehicles that next Saturday, June 30, is the deadline for purchasing these windshield stamps. After that date you drive at your own risk — the risk of meeting an I. R. man on a check-up rampage.

The little stamps have been on sale at the Ozona postoffice this month, but so far sales have not been too heavy, Postmaster Kersey reports. He urges all who have not yet purchased the stamps to do so as soon as possible and to avoid that Saturday rush.

Veteran Infantry Officer Visits Here

First Lieutenant and Mrs. Earl Speed were here last week from Fort Worth for a visit with Mrs. Speed's sister, Mrs. Hammond Sparks.

Lt. Speed has recently returned after 21 months in the European theatre where he served with the Second Infantry Division. He was awarded the Infantry Combat medal, the Bronze Star and a Distinguished Unit Citation for outstanding performance of duty in action in Germany. He celebrated his ninth year in the service on June 1. He will report to Miami Beach, Fla., after his 30-day furlough.

More Ace Ropers Invited to Next Sunday's Matches

Loudspeaker System To Be in Operation; Fast Events Slated

Another spirited calf roping exhibition is in store for Ozona fans next Sunday afternoon at the Crockett County Fair Grounds arena, officials of the Roping Club announced this week.

Invitations have gone out again to the top roping talent of the area and since there is no competitive events in this immediate section, a good representation from the top hands of West Texas is expected to participate. The two-day rodeo and contests at Mertzon last weekend drew heavily on the regular Sunday afternoon show here last Sunday, but even without the usual run of visiting ropers and the heavy end of the local talent, there were some interesting contests in jack-pot calf roping, bellings and matched affairs, plus a bit of goat roping for the youngsters.

The loudspeaker announcing system was also out of use last Sunday, but will be back on the job for the show Sunday afternoon. A new and able announcer will be at the microphone on that occasion, it was announced, and an interesting and entertaining show is promised.

No admission charge is made for the Sunday shows, but the hat is passed among the crowd for a free-will offering to help pay the board bill for the herd of 39 Brahman calves who are out each Sunday to dodge the whirling lops. The matches start at 3 o'clock.

Victim of Premature Dynamite Explosion Able to Visit Friends

Still on crutches and in bandages, Jim Mason, who has been under treatment in a San Angelo hospital for injuries suffered in the premature explosion of a charge of dynamite in a test well near Christoval, was able to visit friends downtown this week.

Mr. Mason was employed with one of the seismograph crews working out of Ozona when he was injured. A charge had been placed in a test hole preparatory to making a shot. Mr. Mason was inspecting the lead to see that it had gone down properly when the charge was touched off in some manner. The resulting explosion and flying rock struck Mr. Mason in the chest and face and lifted him into the air, throwing him nearly 20 feet from the hole. His face and neck were badly lacerated and he suffered a broken jaw, broken arm and ankle.

150 Million Pound Goal Is Reached in Clothing Collection

The national goal of 150 million pounds of used clothing for distribution among needy civilians of war devastated countries of the world has been reached, Dan A. West, executive director of the United National Clothing Collection, Inc., of New York, informed Rev. A. A. Carter, local collection chairman, in a letter received this week.

The 150 million pound goal was called "fantastic," the director said, but Americans responded so magnificently that the goal was exceeded by more than a half million pounds. Texas contributed a total of 5,341,344 pounds.

Mr. and Mrs. J. M. Baggett are enjoying a visit by their three daughters, two sons-in-law and three grandchildren this week. The visitors include Lt. Hiram S. Brown, U. S. Navy, Mrs. Brown and Susan, Mr. and Mrs. Jerry Pace, Baggett and Sue, from Austin, and Miss Posey Baggett from San Angelo. Lt. Brown has just returned from 20 months of service in the South Pacific and is enjoying a 30-day leave before reporting for re-assignment at New Orleans. Mrs. Brown and Susan have been making their home in Austin.

THURSDAY JUNE 28, 1945

TIME OF REDEDICATION

We must not lose sight of the fact that we have won but half a victory. The maniacs of Buchenwald and the 1000-year Reich are crushed in the uncomplaining dust of Europe.

But the Jap fights froth-mouthed from cave to cave in the islands, and digs deeper into his homeland.

Our fighting men are doing their job. But war workers, housewives — all of us — must dig deeper for war bonds, give more tirelessly for victory.

This is the time when America's men of management and all of America's industry re-dedicate their strength to that final triumph. Our people expect it, and pin their faith upon it.

In all the years, from the time when our land wore Blue and Gray to battle, the strong right arm of industry has supplied weapons of war, and the economic sinews that kept a nation going through trial and tribulation.

Industry's role has not changed.

Miss Bereniece Sanderson of Houston is here for a visit with her sister, Mrs. G. L. Nearsta and family. Mrs. Nearsta's mother, Mrs. U. M. Sanderson, who has been here for several weeks visiting in the Nearsta home, left for her home in San Saba yesterday.

METHODIST PICNIC

Members of the Ozona Methodist Church congregation enjoyed a picnic supper at the W. R. Baggett ranch-grove Wednesday evening, the first in a series of monthly picnics for the church membership planned for the summer months under sponsorship of the Woman's Society of Christian Service. The outings are to be held the last Wednesday in each month.

Master Sergeant Ben Nearsta, a veteran of 22 months service with the Fifteenth Air Force maintenance division in Italy, was here this week for a visit with his brother, Dr. G. L. Nearsta and family. Sgt. Nearsta's home is in San Antonio.

Miss Betty Lou Coates, daughter of Roscoe Coates of Ozona, is here for a visit with her father her aunt, Miss Dolly Coates, and other relatives. Miss Coates is curator of the museum of anthropology at the University of Texas in Austin.

Texas Sweet Potatoes To GI's in Pacific

Sweet potatoes from Texas will play an important part in the diets of Pacific GI's this year.

Approximately 2,400,000 bushels of sweet potatoes will be dehydrated in 1945 to produce 20 million pounds for overseas shipment.

One of the most popular items on menus for the military forces, the potatoes are served about every tenth day in baked, candied or glazed form, according to the Quartermaster Department.

First tests on dehydrated sweet potatoes were made early in 1942. The potatoes are packed in five-gallon cans specially coated for overseas shipment.

Indicative of the space saving accomplished by dehydration, officials of the Quartermaster Department say that seven and a half pounds of dehydrated sweet potatoes will serve 100 men, whereas about one bushel of the fresh potatoes would be required for the same number.

Seekers after Sun Tan Warned of Danger From Overexposure

AUSTIN — "Sunshine can be greatly beneficial to the average individual's health or it can cause serious illness through overexposure, especially in the beginning of the summer season," Dr. Geo. W. Cox, State Health Officer, declared in a statement today.

Dr. Cox pointed out that vacation enthusiasm often leads to acts of thoughtlessness which may be detrimental to health. One of the most common manifestations of this attitude is a disregard for the burning power of the sun. Despite frequent warnings on this danger, annually thousands of persons overexpose their tender skins to the sun's rays, and consequently suffer casualties ranging from severe sunburn when accompanied by other complications.

"When first exposing the winter-softened skin to the sun, it should be realized that no defense to the sun's burning rays exist. This defense only can be developed gradually by pigmentation, that is, by a slow tanning. Attempts to force this process end in painful sunburn."

The State health Officer said that the first day's exposure to the summer sun's rays should be limited to no more than fifteen minutes, with gradual increase of time as the skin becomes increasingly pigmented. Those persons who are very fair skinned, and who are unable to suntan normally, should not indulge in sunbathing. Instead of the coveted suntan, they will only acquire a case of sunburn.

FARM WAGE RATES TO NEW HIGHS

Continuation of the upward trend in farm wage rates to a new record was reported by the U. S. Department of Agriculture. All wage categories were higher than 2 months ago. Monthly rates averaged \$81.30 with board and \$93.10 without board. Daily wages were \$3.65 with board and \$4.16 without board.

You haven't had a real hangover until you can't stand the noise of the Bromo-Seltzer.

(Continued from Page One)

bread and water. If a French cook had not slipped him food each day he would not have survived the ordeal, he said. On one of his two attempts, he got to the outskirts of Budapest in a try to reach the Russian lines. He had made his way by trading American cigarettes for food and stealing clothing from backyard clothes lines. Except for these two escape attempts, Sgt. Baker was not "outside the wire" in his 17 months and 20 days as a prisoner until in April of this year when the men were started on an 18-day march of 225 miles from Kremis to Branau Woods where they were liberated by a spearhead of the 13th Armored Division of the Third Army. After completing the long march, which they made on the

German starvation rations plus what they could receive in surreptitious trading with civilians along the line of march. The first 24 hours, they marched continuously, with 5 minute rests on the hour, the Germans promising them hot food "20 more kilometers ahead." They never reached that food, he said. At Branau Woods, the men were herded in the open under guard, to protect themselves from the cold rain, hail and snow the best they could. They were in the forest, without any food except what they rustled for themselves by raiding nearby potato patches or bribing guards, for ten days before their final rescue on May 20 of this year. "The first American we saw was a captain in a big Sherman tank," the liberated prisoner said. "He looked mighty good to us as his

helmeted head came up out of that tank. He had fired a few rounds over our heads to let the Germans know he meant business. He called for the German commander of the guard and the spokesman for the prisoners. He got a roster of prisoners and of the German guard, gave the Germans orders to stay with us and to refrain from firing on any vehicle. The Germans carried out his orders to the letter and waited until the following day when the front lines swept up to take in our position, and surrendered." An American Pfc., Sgt. Baker recalled, took the German guards as prisoners. They were hiding in the area and the private first class hopped up on a big log and shouted "Kraut," "and Germans flocked in from behind every bush." Their liberators lavished attention on the freed men. "They fed us too well," Sgt. Baker said. "Our stomachs couldn't handle as much nor as rich food as they fed

us and most of us were sick for a while." In the way of food, Sgt. Baker sampled a wide variety of edibles during the time he was prisoner. His Thanksgiving dinner last year, shared with a number of his fellow prisoners, was boiled house cat. The hapless cat wandered into the compound area and was promptly captured, killed, skinned and cooked. "Best cat I ever ate," Baker said. Dandelions, the kind that are a bane to gardeners over here, made pretty good "greens," he said — tasted something like spinach. Sgt. Baker, whose normal weight is over 200 pounds, weighed only 160 pounds when he was liberated. He has gained back considerable of the lost weight since returning to this country. Good second-hand furniture for sale, including two mattresses made of best grade cotton. See or call Floy H. Williams, in care of Mrs. S. E. Phillips, Ozona. 1p

TO MY MANY FRIENDS
IN OZONA

I would like to take this means to express Mother's and my appreciation for the cooperation and kindness which all of you have shown to us.

I would like for you all to know that we think you are a grand bunch of people and we hate to say goodbye. But circumstances make it impossible to stay.

I know that we shall never forget you. It has been a pleasure and honor to serve you. I want to apologize to any one we may have offended or hurt in any way, and to assure you that in all cases I did only what I thought was right. We hope that when any of you are in San Angelo you will come around and see us. Mother will be selling tickets at the Roxy, so drop by and say hello.

I am sure you will all like the new manager of the Ozona Theatre, Mr. Olin Adwell and wife. They are a fine couple and will be glad to help when they can. I feel sure you will show them the same courtesy and friendliness you have show us. With this we will say goodbye, and — thanks again.
Leona Adwell and Mother

Wonders in Store
For Home Owners

The home builder of tomorrow will order all of his mechanical, electrical and bathroom facilities — even fireplace and television equipment — in one unit according to Dr. John J. Grebe director of the Physical Research Laboratory of the Dow Chemical Co., Midland, Mich.

Picturing the improvements which home equipment manufacturers have in store for the public, Dr. Grebe declared:

"When you set up one of these units, which will cost about as much as an automobile, you will have installed all the refrigerating, cooking, water - softening, washing and drying facilities. It will have complete heating, lighting, ventilating and cooling systems. You will have a really practical fireplace, radio, television and sound film projector and a bathroom that keeps itself clean."

It takes ten inches of snow to equal in water content one inch of rain.

Accurate and Complete
RANCH RECORDS
Are More Important
Today Than Ever

Government regulations and new war tax programs make it more important today than ever before that every business keep accurate records of its operations.

The ranch business is no exception. Your government must necessarily levy stiff taxes to finance the gigantic war effort now under way, and tax agents are going to be stricter in demanding compliance with all regulations. Records of all operations are going to be increasingly important in proving up your income tax returns.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

RANCH RECORD BOOK

Ora Louise Cox Becomes Bride of Ed Reynolds, Jr., In Church Ceremony Here; To Live in Denver, Colo.

Miss Ora Louise Cox, daughter of Mr. and Mrs. Lemuel Bascomb Cox, Jr., of Ozona, became the bride of Ed D. Reynolds, Jr., son of Mr. and Mrs. Ed D. Reynolds of Dallas, in a ceremony performed at 4 o'clock last Thursday afternoon in the First Baptist Church here.

Rev. Eugene Slater, former Ozona pastor now pastor of the Bering Memorial Methodist Church in Houston, performed the single ring ceremony. The wedding party stood before an altar of soft white drapery, garlanded with greenery and white daisies. White floor candelabra and baskets of white daisies flanked the altar.

For pre-nuptial music, Miss Marilyn Man of Wichita Falls played "Because" by D'Hardelot, "To a Wild Rose" by MacDowell and "Clair de Lune" by Debussy. She also accompanied Mrs. Ed L. Lewis, Jr., who sang "I Love Thee" by Greig and "Dedication" by Franz.

The bride was given in marriage by her father. She wore a period type gown with closely molded bodice of white satin topped with deeply ruched yoke of white net. Her billowy skirt of net over white satin swept into a slight train. She wore long satin mitts and a veil of imported bridal illusion which fell in tiers from a tiny satin bandeau. Her bridal bouquet was a cascade arrangement of stephanotis centered with a white orchid.

The bride's attendants were Mrs. John F. Green, Jr., of Hamlin, her cousin, and Mrs. Hugh S. White of San Angelo. They wore dresses of platinum mousseline with high, round necklines and very short cap sleeves. The dresses were made over slips of a deeper shade of platinum, accented with bands and streamers of grosgrain ribbon in yellow and American Beauty. They carried large arm bouquets of yellow shasta daisies.

Pvt. L. B. Cox, III, brother of the bride, was best man. Ushers were Fred Underwood of Dallas, Scott Peters and Ira Carson.

Immediately following the ceremony, a reception was held at the Cox home where the rooms were decorated with daisies, the bride's chosen flower. Assisting the bride and groom in receiving were other members of the bridal party.

Misses Jean and Helen Odom of Iraan were at the bride's book. Mrs. W. R. Stumberg of San Angelo and Mrs. R. A. Harrell cut the wedding cake and Mrs. Brock Jones and Mrs. Eugene Slater, both of Houston, poured punch.

Others in the house party were Mrs. T. A. Bailey of Sanderson, Mrs. Worth Odom of Iraan, Mrs. Sam Man of Wichita Falls, Mrs. Scott Peters, Mrs. J. M. Dudley, Mrs. Charles E. Davidson, Jr., Mrs. Paul Perner, Mrs. Ira Carson and Mrs. W. N. Hannah.

The couple left on a short wedding trip after which they will live in Denver, Colo., where Mr. Reynolds is a pilot for United Air Lines. For travel the bride wore a pale mauve two-piece suit of raw silk belted with black patent, a white straw hat trimmed with black grosgrain ribbon and gold ring embroidery, and black patent accessories.

Mrs. Reynolds is a 1943 graduate of Southern Methodist University in Dallas, where she was a member of Kappa Kappa Gamma Sorority. The bridegroom was graduated from Kemper Military Institute and attended the University of Texas where he was a member of Delta Kappa Epsilon Fraternity.

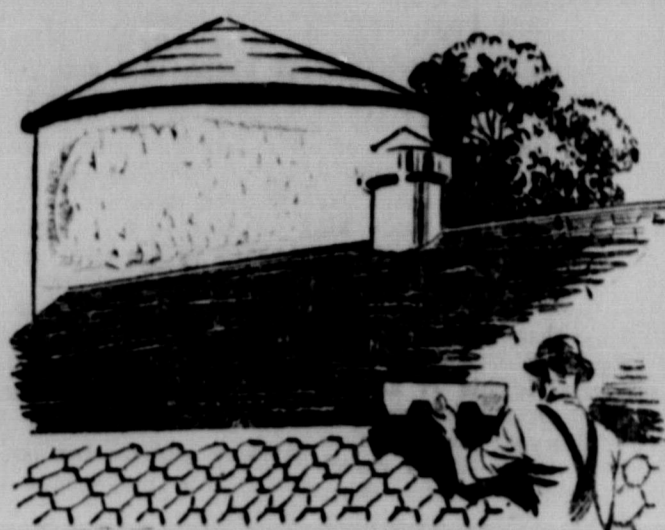

Out-of-town guests for the wedding and reception included, besides those mentioned, Mrs. John H. Gray, Mrs. Lanham Deal and Mrs. Underwood, all of Dallas; Mr. and Mrs. Frank McMullan of Big Lake, Mrs. Beecher Montgomery of Fort Worth; Mr. and Mrs. Elie B. Baggett, Jr., of Lufkin; Mrs. Vester Hughes and Elizabeth and Vester, Jr., of Mertzon; Mrs. Clay Adams of Fort Stockton; Mr. and Mrs. Jim Willoughby of Eldorado; and Mrs. Ralph Trolinger, Mrs. David Lott, Mrs. George Bean and Mary Frances, Louise and Doris Bean, Mrs. W. M. Whitfield, Mrs. George E. Schulze and Mr. and Mrs. E. R. Silliman, all of San Angelo.

Local guests included Mr. and Mrs. Paul Perner, Mrs. Marshall Montgomery, Mrs. Charles E. Davidson, Sr., Mrs. Robert J. Meybin, Jr., Mr. and Mrs. C. S. Denham, Mr. and Mrs. Ira Carson, Dr. and Mrs. J. A. Fussell and John, Mrs. Massie West, Mr. and Mrs. Sherman Taylor, Mrs. Jack Holt and Joan, Mr. and Mrs. Evert White and Barbara, Mrs. Larry Albers, Mrs. B. C. Flowers, Muggins Davidson, Joyce West, Mrs. E. B. Baggett, Jr., Miss Elizabeth Fus-

sell, Mr. and Mrs. Ted White and Mark, Helen Walker, Sgt. and Mrs. Joe Couch, Mrs. Joe Clayton, Mrs. Richard Flowers and Mary Katherine, Jane Augustine, Mrs. Hubert Baker, Mrs. L. B. Townsend and Ruth, Mrs. Charles Williams, Mrs. Joe Nussbaumer, Mrs. Joe Friend, Mrs. Eddie Bower, Mrs. Elizabeth Childress, Mrs. George Montgomery, Mrs. Joe Pierce, Mrs. John W. Henderson, Rev. and Mrs. A. A. Carter, Mrs. Floyd Henderson, Mr. and Mrs. Sid Millsbaugh, Jr., Mrs. George Harrell, Mrs. B. E. Ingham, Jr., Mr. and Mrs. Bill Cooper, Mrs. Boyd Clayton, Mrs. Hillery Phillips, Mr. and Mrs. Arthur Phillips, Mrs. S. M. Harvick, Mr. and Mrs. Madden Read, Mr. and Mrs. N. W. Graham, Mr. and Mrs. Hugh Childress, Jr., Mrs. P. T. Robison, Mrs. C. O. Walker, Mr. and Mrs. Dock Lee, Mr. and Mrs. Lowell Littleton, Mr. and Mrs. Pleas Childress, Mr. and Mrs. Will Baggett, Mrs. Joe T. Davidson, Mrs. Joe Tom Davidson and Becky and Ann, Mr. and Mrs. Scott Peters, Mr. and Mrs. R. A. Harrell and Roy Alvin, Mrs. Neal Hannah, Mrs. C. E. Davidson, Jr., Mrs. Pat Lee, Mrs. J. M. Dudley and Mrs. A. W. Jones.

Mrs. T. A. Bailey, Mrs. Worth Odom, Mrs. Brock Jones and Mrs. John Bailey were hostesses at a dinner for members of the wedding party at the Cox home Wednesday evening following the wedding reception. (Continued on page five)

A STRANGE SORT OF PRAYER

JOHN FALTER

WELL, GOD, here we are.

You up there. Me down here, with a burning sun, a mess of insects, too much ocean, and other buddies just as lonely as me.

Oh, God, how nice it must be back home, with Germany licked, and the folks humming, and some of the boys all finished with the fighting.

But I guess that wasn't meant for me, was it? And tomorrow and tomorrow I'll still be dodging bullets, still

feeling lost in the middle of the night.

Well, no hard feelings.

I'll go wherever You say, and do whatever You want me to. For You know what's best for me.

But say, if You can only get the people back home to remember me, maybe they'll still bear down. Maybe they'll still send us their blood, still stay on the job, still keep making the stuff we need.

You see, God, I'd like to get home, too.

Army Jeep Tested For Use as All-Purpose Vehicle on Farm

COLLEGE STATION — Firing range or Texas range — it will make little difference to the high-flying "Jeep."

Proof lies in the impressive performance of the doughty army vehicle in the rigid on-the-soil tests it has been put through for the past six months by the engineering division of Texas Agricultural Experiment Station here at Texas A. & M. College.

Now nearing completion, the experiments give uniform indication, according to H. P. Smith, chief of the division, that the Jeep, with certain revisions and adaptations, offers definite possibilities as a combination light tractor, pick-up truck, passenger car and mobile power unit for both ranch and farm.

Typical of the scout car's feats on the range was the checking of stock within a 640-acre pasture in half an hour — a task that ordinarily takes from 2½ to 3 hours on a horse. Fence inspection of another area, similar in size, for which half a day is normally allotted, was completed with the Jeep in one hour. Gasoline consumption for the two operations averaged 18½ miles per gallon.

The Jeep pulled a 1900-pound sprayer with ease over rough pasture land and soft dry lake beds on one ranch; on another, its four-wheel drive was employed to haul a special two-horse van with a trailed weight of 4600 pounds over difficult back roads.

One of the first state agricultural colleges to receive governmental permission to put the military model through its paces with an eye toward peace-time use, Texas A. & M. also is conducting secret tests with a civilian version

of the vehicle which has been developed by Willys-Overland Motors on the basis of changes suggested by leading agriculturalists in various sections of the country.

The new model, expected to be unveiled by the motor firm sometime this summer, is designed to overcome objectionable features of the military jeep for farm use.

FOR SALE — Eight - room house, including bathroom equipment, and five acres of land with small barns within town limits. For further information see or call Floy H. Williams, in care Mrs. S. B. Phillips, Ozona.

2 Steps to better telephone service

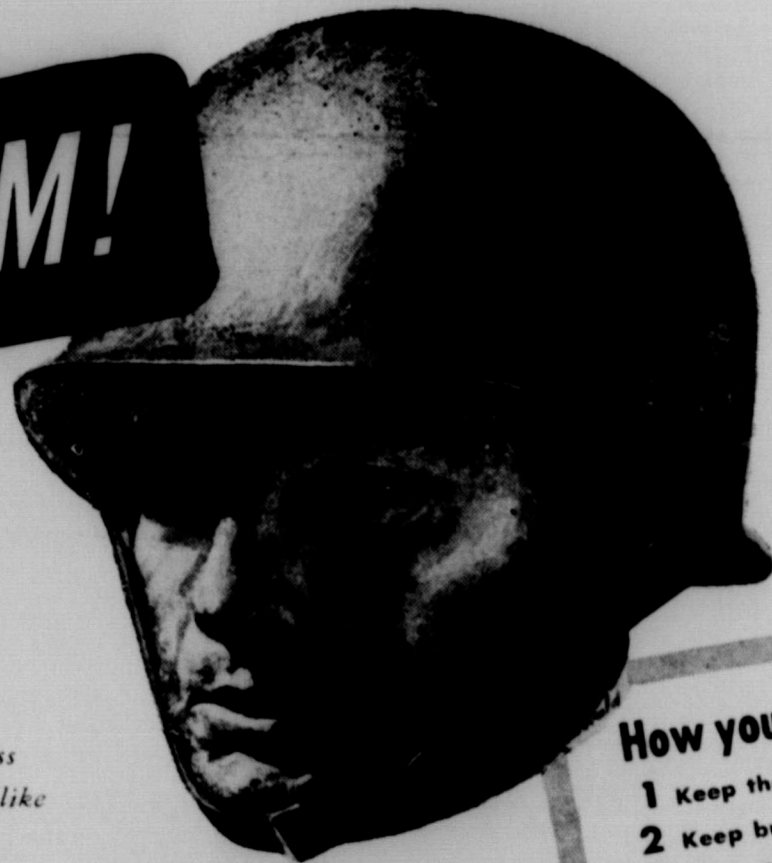

By doing this, you will help to cut down the increasing number of "don't answer" calls... and you will relieve already overtaxed telephone facilities. You'll be helping yourself, helping us and helping many others.

San Angelo Telephone Co.

It'll take all the fight he's got-

STAY WITH HIM!

So you think that licking the Japs will be a push-over? . . .

The Jap is glad to bear it. In 3 years of war with us he's lost less territory than he seized in the first 3 months of war. And he'd like to hang on to it.

So you're thinking of quitting your war job soon? . . .

70 million Japs hope you do. Nearly 35 million of them are working 12-16 hours a day, 7 days a week, to beat you. They can't quit. They don't want to quit. They plan to win. And, in addition, some 400 million enslaved peoples are forced to work for them. And they can't quit either.

Think over these cold facts:

- The Jap has never lost a war—yet.
- The Jap now controls the second largest empire in the world, all of it in his own Pacific backyard.
- The Jap says he's willing to spend 50 years, 10 million Jap lives, to hold on to what he's got. *And the Jap means just that!*
- The Jap doesn't quit. In the war against us he has lost hundreds of thousands dead, only a few thousand prisoners.
- As the Jap is pushed back—slowly, bitterly, taking as yet uncountable

American lives with him—his supply lines shorten, like the coiling of a fist. Our lines lengthen—and he gets relatively stronger.

Remember—the Jap holds aces. His warfare is defensive, entrenched. His fighters are determined to kill as many of our men as possible before dying "gloriously" for their emperor. Despite eight years of war, *the Jap army has not yet been mustered to its full strength.*

To crush the Jap, our Army, our Navy, our Coast Guard and Marines—every branch of the service, must fight him with men, ships, planes and supplies over an area of thousands of miles.

How long will it take to win?

That's squarely up to you . . .

. . . and whether you give your best to your war job. And keep buying Bonds. And keep replacing the blood of fallen Americans with your own.

How you can help

- 1 Keep that war job!
- 2 Keep buying Bonds!
- 3 Keep doing all your country asks!

IT'S A TOUGH ROAD TO TOKYO

Regular Business Meeting Held by WSCS

The Woman's Society of Christian Service met in regular business session Wednesday afternoon, Mrs. A. A. Carter presiding. The hymn, "A Charge to Keep I Have," was sung by the group. Mrs. Bright Baggett at the piano. Mrs. Carter used the devotional "We Are Laborers with God." Mrs. J. A. Fussell led the prayer after which the quarterly reports were read and approved.

Present were Mrs. B. B. Ingham, Mrs. Scott Peters, Mrs. A. A. Carter, Mrs. Bill Cooper, Mrs. Chas. Williams, Mrs. J. A. Fussell, Mrs. Bright Baggett, Miss Elizabeth Fussell and Mrs. Joe Pierce.

ONE-STAR GENERAL VISITS IN OZONA

Brigadier General Alvin Leudecke, a native of Eldorado, Texas, said to be the youngest general in the United States Army, was a visitor in Ozona this week. General Leudecke, who has been stationed in the China-Burma-India war theatre with the Army Air Force in that area, is enjoying home leave of 30 days before returning to the Far East for duty.

General Leudecke, although only 32 years of age, is a veteran of some ten years with the Army Air Forces. After graduating from A & M College, he enlisted as an aviation cadet, trained at Randolph Field and before the war saw service in the Hawaiian Islands and in the Panama Canal Zone. After the outbreak of war, he served for a time in the Canal Zone and then was transferred to a command in the CBI. At the end of his furlough, he will report to Calcutta, India.

General Leudecke visited briefly here with County Judge Houston S. Smith.

THE METHODIST CHURCH CALENDAR OF SPECIAL OCCASIONS

VACATION CHURCH SCHOOL
 Beginners — ages 4 and 5 years, July 8 - 14 at home of Mrs. Chas. Williams, from 5:00 to 6:00 p. m.
 Primaries — ages 6, 7 and 8 years, July 8 - 15, 4:30 to 6:30 p. m. each day at the Methodist Center.

NOTICE:
 Juniors will meet at the later date of July 22-28.

It has been some two or more years since a Vacation Church School has been held in Ozona Methodist Church on account of lack of building facilities. We believe we have a satisfactory solution to that problem now, however. The Methodist Center is cool and comfortable and by meeting at two separate dates we can easily take care of one age unit or age group at a given week.

Beginners will meet at home of Mrs. Chas. Williams, July 8 - 15. Primaries will meet at Methodist Center, July 8 - 15. Juniors will meet at Methodist Center, July 22 - 28.

We are extending an invitation to all children in the ages of those listed above to attend the Vacation Church School at the date, time and places designated.

A. A. Carter, Pastor.

Sgt. and Mrs. Joe Couch and Mr. and Mrs. Bert Couch entertained a group of friends with a barbecue supper at the Couch ranch last night. Sgt. Couch, who served with the 15th Air Force in Italy, has been here enjoying a 30-day furlough before reporting next week for re-assignment.

Please! Bring us your hangers with your clothes. Otherwise it will be necessary for us to wrap them for delivery. Ozona Laundry and Dry Cleaners.

Mrs. Nelson Boothe, who has been attending the University of Texas in Austin, is here for a visit with her mother, Mrs. B. B. Ingham. Mrs. Boothe will receive her degree from the University in August. A brother-in-law, Ray Boothe of Sweetwater, flew Mrs. Boothe from Sweetwater where

she had been visiting her father and mother-in-law. She will return next week to the University to resume her studies.

A rainfall of one inch over one acre of ground means a downpour of 27,143 gallons of water, or 603 barrels of 45 gallons each.

OZONA FEED and SUPPLY
 ANNOUNCES
A New Service
 TO POULTRY AND LIVESTOCK FEEDERS

Purina Chows, Purina Sanitation Products, and Purina Farm Supplies now available at our store.

We are pleased to announce that we have been appointed the authorized Purina Farm Supply dealer in this community. In our opinion, proper feeding, sanitation and management will affect farmers' income in the future more than any other factors. Our thorough study convinces us that the Purina programs are some of the best available.

We are ready now to supply you with any feed needs—supplements for your grain, complete feeds, special feeds for calves, dry cows, breeder flocks, turkeys, dogs, rabbits—any animal or bird on the farm. Also, a Sanitation program to help prevent disease and parasites, and a new line of Purina farm supplies.
