## Natural Gas Survey Here Is Continued

### Holders Of Questionnaire Cards Urged To Return Them

With approximately 200 names already on the dotted line to indicate their interest in using natural gas should it be made available to Ozona residents and at an economical price, the survey being conducted here by the Rio Gas & Power Co. to determine the feasibility of piping natural gas here from the Schleicher county field, is being continued this week.

Fred A. Hornaday, Jr., son of the president of the Rio Gas & Power Co., who spent last week here in getting the survey started, is dividing his time between Eldorado, where the company is making plans for starting work on a natural gas distribution system, and his post at Rio Grande City, where he is manager of a gas system owned by the company. He is expected to return to Ozona in a few days to collect data assembled here.

Mr. Hornaday left shortly after depositing in homes of Ozona, self-addressed postal cards containing a brief explanation of the plan and a space for signing a simple agreement to use gas if it is piped here and made available at an economical figure. A large number of these cards have been returned, but many are still out. Failure of persons receiving these cards to drop them in the postoffice will delay the final decision of the company on the question of piping gas here.

A communication from company officials this week urged that persons who have not yet returned these cards and who are interested in seeing natural gas brought to Ozona sign and return the cards at once.

## ONE THING and THEN ANOTHER

By FRED GIPSON

CORPUS CHRISTI. — Along about now the old barnyard gobbler—and the wild one, too, for that matter—is gobbling every morning before he quits the roost and the hens are all stealing off out into the brush to hide their eggs away and plenty of farm kids are kept busy stalking this old hen and that, trying to locate the nests.

That's one farm job, though, that not many kids will raise a howl about having to do. There's a certain amount of adventure in turkey-nest hunting that appeals to kids, as well as to grownups. And then there's little actual work involved.

Of course, today, many turkey-raisers have a special laying pen in which they keep their hens during the laying season, so that the nests can be found and foxes and skunks and other varmints can't rob them so easily. But when I was a kid, we didn't do things that way. We just let the hens make their nests where they pleased and trusted to luck and my skill at stalking turkey hens to get the eggs. Later, we brought in the setting turkey and put her in a box on top of the eggs we'd saved up.

Old turkey hens don't like for their nests to be found, though. They don't take so well to the idea of having somebody find their nests and rob them every day and then later set them on eggs likely not their own. They want to hide their nests and be let alone to raise their flock of young the natural way, like turkey hens have always raised their young. And some of them get mighty smart about being followed.

Plenty of times I've followed a flock of laying turkey hens all day and not found a single egg. I remember particularly one

(Continued On Page 6)

## COMMENCEMENT SPEAKER

Dr. R. N. Richardson, professor of history and executive vice president of Hardin-Simmons University at Abilene, has accepted the invitation of authorities of Ozona high school to deliver the commencement address to 1939 graduates of Ozona high school at exercises to be held May 18.

## Hardin-Simmons Head To Address Ozona Graduates

### Dr. R. N. Richardson Of Abilene To Be Commencement Speaker

Dr. Rupert N. Richardson, executive vice president and head of the history department in Hardin-Simmons university, will deliver the commencement address on May 18 to 1939 graduates of Ozona high school.

Dr. Richardson has been a professor in history at H-SU since 1917, was Dean of Students in 1926-28, and has been vice president since 1928. He is the administrative head at H-SU in the absence of Dr. J. D. Sandefer, who retired from official duties in 1937.

Dr. Richardson received his A. B. degree from Simmons University in 1912; Ph. B., University of Chicago, 1913; M. A., University of Texas, 1922; Ph. D., University of Texas, 1928.

He is the author of two important history textbooks, and is active in state and American history associations and the Southwestern Social Science Association. He is a member of the Masonic Lodge, and is serving this year as district governor of Lions International.

## Band In Concert Tonight Benefit Of Uniform Fund

### School Organization Preps For Entry In Abilene Contest

Ozona high school band will be heard in concert tonight in the high school auditorium, the first paid concert to be given by the organization. Proceeds from the evening's entertainment will go into the band uniform fund.

The group will play selected numbers which they will be required to play in the regional band contests to be held in Abilene April 6 to 8. Soloists who will take part in the solo contests at Abilene will also play in the concert this evening. Soloists will include Miles Pierce, Doris Bunger, Jim Ad Harvick, Billy Hannah and Max Word.

Admission charges for the concert will be 25 cents for students and 40 cents for adults. A downtown parade will precede the concert, the band in these maneuvers getting in practice for the marching contests which they will enter at the Abilene meet.

The band at present has a membership of 54, under the direction of Norman Heath. The membership includes Mary Louise Harvick, Bland Tandy, Patty Tyer, Ora Louise Cox, Louise Bean, Mary Frances Bean, Byron Williams, L. B. Cox, 3rd, Eloise Carson, Mary Elizabeth Gray, Laura Graves, Dorothy Capps, Ruth Townsend, Joy Coates, Vernon Wilson, Henry Patrick, Max Word, Priscilla Baker, Loraine Wyatt, (Continued On Last Page)

## Heavy Rains Fall To South Of Ozona Del Rio Drenched

Heavy rains which are reported to have drenched a big part of the Del Rio area Saturday night extended to Ozona and north to bring much needed moisture to a considerable section of the west Texas ranching country.

Falls were reported up to around three inches in some parts of the Del Rio section. Heavy falls were reported from ranches in this county to the south of Ozona, draws running in parts of the section. The fall extended but a few miles west and east, however, these areas receiving only light showers.

The fall was recorded at .37 of an inch at the rain gauge at the Joe Oberkamp store.

## Inviting All Cake Bakers To Compete In Prize Contest

### \$6 Cash, Other Prizes Offered In Contest Last Day of Free Cooking School

"Calling all cake bakers!" This is an invitation to enter the cash prize cake baking contest to be staged in connection with the Stockman's fifth annual free cooking school next Monday and Tuesday.

Cash prizes totalling \$6 are offering by makers of Mrs. Tucker's shortening and other prizes by the makers of K C Baking Powder to winners in this baking contest. First prize will be \$4 in cash, second prize \$2 in cash, and third and fourth prizes sample packages of Mrs. Tucker's Shortening and K C Baking Powder.

The only requirement is that the cakes be baked with Mrs. Tucker's Shortening and K C Baking Powder. A committee of disinterested judges will be selected to judge the cakes on texture and taste. They may be any style cake you choose, either loaf, layer, iced or plain.

The Ozona Music Club, which last year profited a total of over \$17 from prize money and receipts from an auction sale following the judging, will probably enter several cakes, baked by its members, in next week's contest, it was indicated by officers of the organization. Other organizations of the city are invited to enter cakes in the judging and auction sale. Final disposition of the cakes entered in the contest will be left up to the person in whose name they are entered. They may be taken home or offered in the auction for benefit of any organization named by the baker.

The cake contest will be a closing feature of the second and last day of the school. Cakes will be on display during the class and will be judged at the close of the lecture.

## Friday Last Day For Registration Of Motor Vehicles

Tomorrow, Friday, is the deadline for securing 1939 auto license plates, comes the warning from the office of Sheriff W. S. Willis.

Business has been picking up steadily in the registration office this week and is expected to reach a peak today and tomorrow as last minute motorists rush in to get the new plates to avoid any misunderstanding with the highway patrols.

## STOCKMAN'S FIFTH ANNUAL FREE COOKING SCHOOL TO OPEN MONDAY AFTERNOON

MRS. GERTRUDE BURBANK

## District Court Convenes Monday For April Term

### Light Docket To Face Judge Jackson In First Session

When Judge W. C. Jackson, new judge of the 112th district court, convenes the April term of district court for Crockett county next Monday, he will find a light docket in both civil and criminal matters pending in the court.

Judge Jackson succeeds Judge Joe G. Montague, who resigned the post recently to accept a position as attorney for the Texas and Southwestern Cattle Raisers' Association.

Two men who are charged with theft of saddles from the Tom Owens ranch are slated to face the grand jury to be impaneled Monday morning by Judge Jackson. These two cases, however, are the only matters pending on the justice court docket for attention of the grand jury.

The grand jury panel has been called to report Monday morning while the petit jury will not convene until Wednesday morning, the court to be occupied meantime with non-jury matters.

Bob Weaver, employed at the Wilson Motor Co., is ill this week suffering from the flu.

## Scout Camporee To Draw Over 100 Visiting Scouts

### Two-Day Meet To Start Friday Afternoon; Hold Honor Court

Approximately 100 Boy Scouts from troops in three neighboring towns in the Ranch district are expected in Ozona Friday and Saturday of this week for the two-day Camporee at which Scouts of Ozona Troop 53 will be hosts.

The Camporee is scheduled to get under way at 4:30 Friday afternoon and continue through Saturday. A Court of Honor in the open Friday evening at 8 o'clock will highlight the weekend affair.

Scouts from Sonora, Eldorado and Ricksprings will be here for the event. Tents will be set up on the grounds near the local Boy Scout cabin. Saturday morning will be devoted to various games and contests. At noon, Ozona Scouts will be hosts at a barbecue dinner for the visiting Scouts.

Concho Valley Scout officials to be here for the meet include C. H. Janway, Scout executive; Dan Rogers and Mr. Ireland, Scout executives.

## Interesting Two Day Program In Store For Women

### Many Prizes, Gifts Offered By Cooperating Firms

Next Monday and Tuesday are the dates—the time 2:30 each afternoon for the Stockman's fifth annual free cooking school in the basement of the Methodist church.

Women of Ozona and Crockett county, and surrounding territory are cordially invited to attend each session of the two-day school, sponsored by this newspaper and a group of cooperating merchants and national distributors of various food products for the benefit and entertainment of the women of this community.

This year's school is to be conducted by Mrs. Gertrude Burbank, widely known home economist and interesting lecturer on topics of home management. Mrs. Burbank will bring a wealth of new ideas on the preparation of "the same old thing" in a new way for the daily menus. In addition she will have some worthwhile suggestions for home management, budgeting, wise buying, preparation of left-overs, dressing up the ordinary dishes, new ways of serving and thousands of other interesting points to be brought out in her two-hour lecture each day.

**Demonstrates Cookery**  
Mrs. Burbank will make her lecture while actually doing the things she is talking about. The dishes, both of the plain and fancy variety, which she prepares, will be on display at the close of each lecture and women are invited to remain after the lecture to discuss any personal problems in cookery and home management with Mrs. Burbank.

Many new features have been added to this year's cooking school programs. There will be a number of free gifts to be distributed each day, free samples from cooperating firms, refreshments, a cake (Continued On Last Page)

## Honor Awards Given Members Of Cage Squad

### 7 Get Sweaters; Montgomery, Lemmons All-Dist. Team

Honors were heaped on Ozona high school's championship basketball team during the past week when seven members of the squad, champions of the Ranch Country circuit for the second consecutive year, received sweater and letter awards and two members of the team were chosen to berths on the all-district team.

Beecher Montgomery and Howard Lemmons were voted to a place on the mythical all-district squad by coaches of the teams of the district. Six men were selected on the all-district team as a result of a tie between two players. The complete squad includes Munn and Meredith of Junction, Bryant of Eldorado, Archer of Sonora and Lemmons and Montgomery of Ozona. The all-district players were awarded gold basketballs by the district organization.

Members of the team who received sweaters at the Thursday afternoon chapel hour were Montgomery, Lemmons, Walter Escue, Donald Wilson, Joe Williams, Phillip Schneemann and Jim Dudley. Coaches White and McCulley were also given sweaters.

## High School Band In Concert Here Tonight

Members of Ozona's high school band will be heard in concert tonight in the high school auditorium in preparation for entry in the regional band contest in Abilene April 6, 7 and 8. Proceeds from the concert tonight will go to the band uniform fund.

In the picture, front row, left to right: Gem Ella Dudley (twirler), Ora Louise Cox, Leslie Nance, Gene Tyre, Jim Ad Harvick, Lottie Jo Owens, Calvin Williams, Crystelle Carson, Jesse Hancock, Doris Bunger,

Roy Henderson, Jr., Eloise Carson, Dorothy Capps, Laura Graves, Bettie Lou Coates, Tom Ed Montgomery, Basil Dunlap, Charles McDonald, George B. Armentrout, Clifton Talliaferro, Dorothy Hannah (drum major), Joe Max Word (mascot).

Second row: Dick Henderson, Jamie Chapman, Dick McDonald, Oleta Casbeer, Pattie Tyre, Bland Tandy, Mary Louise Harvick, Louise Bean, Joy Coates, Priscilla Baker, Joe Couch, Mary Frances Bean, Miles Pierce, W. B. Cox, Elton Smith, Byron Williams, Vernon Wilson, Loraine

Wyatt, L. B. Cox, 3rd, Mary Elizabeth Gray.

Third row: Ernest Brownrigg, Naomi Collard, Willie Joe Hubbard, Billy Hannah and W. B. Robertson, and in the background, Mr. Norman Heath, director.

New members of the band not appearing in the picture are Ruth Townsend, Daphne Meinecke, Scot Smith, James Powell, Glenn Green, Ed Leatherwood, Bill Carson, Virgil Oden, Mary Lucas (twirler), Jean Drake, Marvin McLaughlin and Henry Patrick.

**-RANCH TALK-**

By **SUNSHINE MATTHEWS**  
From Headquarters of

Texas Sheep & Goat Raisers' Association

In the business that holds the spotlight in Texas in the spring—the wool and mohair business—numerous changes have been made in warehouse personnel, etc. In Kerrville, T. E. Francis, formerly of Boston, an expert on Texas wool and mohair, will be associated with the Schreiner Wool and Mohair Commission Co. after April 30. In San Angelo—Beall Barbee has transferred from the Joe B. Blakeney Warehouse to the Texas Wool and Mohair Co., where the resignation of Herman Diebitsch to serve as buyer for Hills & Oglesby left a vacancy. Barbee's place at Blakeney's was filled by Rome Shield. No announcement has been made about possible changes at the Wool Growers Central Storage Co. since the death of Miles O'Daniel. W. E. Kinney, who has been in the Wool Growers office for a number of years, is in charge at present. In Fort Worth—Charles Harold Evans has joined the force of Crowder Brothers, handlers of wool, mohair and hides. In Sonora—Bill Fields checked out of the Sonora Wool & Mohair Co. to buy wool and mohair for Tom Richey and Fred Earwood will take over his duties with the Sutton county firm. At Eden and Junction, Fred Hall and Walter Ragsdale have opened new warehouses.

J. R. Reed of Artesia, N. M., recently assumed the management of El San Pedro Ranch near Fort Stockton, succeeding B. B. Dickerson, who purchased 1,200 acres of land to establish a farm between McNamara and Fort Hancock.

Highland Hereford men refer to 1938 as "the year of the big clean-up," with 2,900 cars of cattle shipped from Marfa, Valentine, Alpine, and Marathon. W. R. Mitchell of Marfa says that quality of highland cattle is steadily improving and cites the international livestock show in Chicago where highlands received six prizes out

of 18 awarded to Herefords.

Cattle shipments out of the Uvalde sector are expected to double predictions of 60 days ago on shipments to Kansas and Oklahoma grass because of continued dry weather there, a cattleman of Uvalde county estimated. The ranchman said that two months ago from 15,000 to 20,000 head of cattle were lined up for shipment as compared with close to 40,000 head at present. H. A. Fitzsimmons of Carrizo Springs began the exodus with 29 cars. Cattle sold have brought \$60 to \$75 and those being shipped to grass go to a section where moisture conditions are reported excellent. Briscoe & Finley of Uvalde sent out 800 steers the last of the week to Oklahoma and E. D. Kincaid, Sr., had 16 cars scheduled to move from Uvalde while 36 cars were ordered to move from Big Wells. Gunter Hardie plans to take 32 carloads out of La Pryor. Partial list of shippers includes R. J. Raney, 700; Chapman & Barnhard, 2,500; Hal Mangum, 2,000; O. T. Cardwell, 125; Smyth Bros., 1,500; G. N. Evans, 3,000; Frank T. Kincaid, 2,000; Johnson & Blalock, 1,000; Dolph Briscoe, 2,200; Mrs. J. H. Mundine, 1,000, and Albert Pinley & Sons, 1,000.

To be added to the list of summer rodeos—R. W. Faust, president of the Comfort Rodeo Association, and Joe Pacheco of the Junior Chamber of Commerce at Kerrville conferred recently to set dates for the Hill Country's celebrating in July. Comfort's rodeo is set for Sunday, July 2, and nights of July 3 and 4 for Kerrville's two-day program.

Dolph Briscoe of Uvalde said last week that he had marked up 2,075 lambs out of 3,000 ewes. He believes that the lamb crop over all of the ranch country will be considerably lighter than last year—an Ozona ranchman estimated that the lamb crop in that section

**SAFETY PRECAUTIONS**

The British government's new gas mask for children under two years of age as it was demonstrated recently in London. The mask has a bellows attached to furnish the baby with air. A window allows the child's face to be seen.

would average around 65 per cent.

The Big Spring Cowboy Reunion has been announced for June 24, 25 and 26.

Festal Elkins of Duffau, 20 miles east of Dublin, went into the registered Rambouillet business recently when he purchased 10 yearling ewes and a yearling ram from Zach Jones of D. T. Jones & Son of San Angelo. He paid \$25 around for the ewes and \$50 for the ram. Mr. Elkins has, heretofore, run only grade sheep, and plans to use the Jones sheep as a foundation for his registered stock.

Harry Holt of the Chousin' Around column of the Abilene paper has been in the registered sheep business for some time and just lately has gotten interested in Angoras. He is looking around now for some seed stock for a small registered flock of the mohair producers.

Sonora's wool and mohair warehouse has 215,000 pounds of new hair in storage and in Del Rio the Producers have around 350,000 pounds, Val Verde Wool & Mohair Co. 140,000 and the Del Rio Wool & Mohair Co. 100,000. These two districts and Uvalde's goatmen estimates place the total mohair clip for the year at two to three million pounds lighter than that of 1938.

C. C. Bledsoe of San Angelo has purchased 3,600 mutton lambs for May delivery out of the shearing pens at San Saba at 6½ cents. The lambs were bought from F. A. and Jack Sloan, J. A. Dickerson and William Kuykendall.

Rudy Vaughan of San Angelo, Oscar Appelt, Jr., and several others have sold 2,500 yearling and two-year-old mutton goats to C. C. Bledsoe of San Angelo. The goats brought \$2 to \$2.25 a head.

Boyce Godsoe and O. W. Forte, Jr., of the Boston wool firm of Forte, Dupree, & Sawyer Co., are in Texas with the firm's Texas representative, Guy Burton, of San Angelo. The three started a tour of the central wool and mohair concentration points early in the week. Godsoe, who has been with the firm eight years, specializes in work with mohair. He will be here for a week or ten days while young Forte plans to spend several weeks in the state.

In fortifying Washington representatives with figures for the attempt to raise the approved 20-30-cent mohair loan to the 30 and 40 cents requested by the Texas Sheep & Goat Raisers' Association, G. W. Cunningham, association secretary, found in checking records over a period of years that a consistently high average held on the diamond fiber. Cunningham declared that if the committee would take the same base period used in determining the wool loan, 1909 to 1914, that the mohair loan would be 29.3 cents. Recent mohair sales have been well above the loan rate asked, but ranchmen and warehousemen believe the 30-40 rate would serve as a stabilizer. A record of sales from two warehouses in different sections of the goat country for the years 1908 to 1938 showed an average of 41.22 cents a pound for grown hair and 55.16 for kid hair. During the time included in the records there were six years in which grown hair sold under a 30-cent average, with two of these six years holding to 27 cents. Kid hair sold under 40 cents only three years of that time and has sold at better than 85 cents a pound.

**TESTED  
and  
PROVED!**

**Your City Water Is  
99.4 Pure**

**As Tested By The State Health Department**

Periodic tests of samples of your city water supply, taken directly from the mains, made by chemists of the State Health Department, assure you of a SAFE water supply. These periodic tests make possible immediate detection of the presence of unsafe bacteria. Ozona water, tested every six weeks, is uniformly pure.

**Behind The Scenes  
In American Business**

By John Craddock

NEW YORK, March 29.—BUSINESS—In view of jolts to confidence caused by Hitler's thrusts in eastern Europe which continued unabated last week, business in the United States is doing surprisingly well. An 18 per cent jump in engineering construction awards was noted for the latest week, while railroad carloadings were 10 per cent better than a year ago. Competent observers were saying that an early and peaceful settlement of European differences should be the signal for a sharp upsurge on all fronts of the American business world.

Meanwhile, over wide areas of rural America prospects seemed brighter on several counts. Spring wheat acreage has been cut 17 per cent, and corn acreage reduced slightly, factors which later may mean a helpful lift to prices. The Cotton Textile Institute launched a vigorous drive to boost the consumption of cotton bags for packaging of grocery products, a welcome news below the mason-Dixon line. And the proposal to spend a record-breaking sum of \$749,000,000 for farm benefit payments in the next federal fiscal year appeared to have a better than even chance for enactment by congress.

WASHINGTON—On the basis of returns filed up to March 20, the federal government in the year ended June 30 is likely to collect about \$1,800,000,000 from the income tax, or about 30 per cent below the previous year. This drop, of course, is due to the business recession in the first half of 1938, and would seem to preclude any hope, however slight, that federal tax rates can be revised at this session of congress. Many of the 7,500,000 individuals and business concerns who filed returns this month may have figured they were helping to pay a major share of the cost of supporting government. To dispel this notion, the National Consumers Tax Commission reports a study which estimates that America's total tax bill, federal, state and local, will come to \$14,700,000,000 in 1939. Nearly two-thirds of that huge sum, says this women's organization crusading against indirect taxation, will be paid by consumers as a hidden part of the price of every purchase.

LURE—A device for stimulating mail order business tried successfully by a department store in New York recently may hold interesting possibilities for retail merchants elsewhere, particularly in communities where a good share of retail trade flows from customers living on farms within an area of five to 20 miles. Instead of merely urging readers of a newspaper ad to order certain merchandise by mail, this store made it easy by printing in the body of the ad a postage-prepaid label, which

**IN THE WINK OF AN EYE**

The natural or reflex wink of an eye lasts from 1/4 to 1/2 of a second according to measurements taken by eye-movement photography under the supervision of Dr. J. F. Neumuelle, Southbridge, Mass. The shy wink lasts from 3/4 to 1/2 second.

could be clipped out, pasted on a regular envelope and mailed without the requirement of a three-cent stamp. Post office approval was received, and an unusual number of responses to this particular ad were reported by the store.

FREE SHOWS—It has been estimated that the New York World's Fair will cause the wheels of industry for the whole country to churn at a \$10,000,000 faster pace during the coming year. Perhaps as a sort of "thank you" for this great stimulus, dozens of free shows with real box office appeal have been arranged by business concerns exhibiting at the Fair. Among the more spectacular entertainments are reproductions of the Aurora Borealis by Carrier Corporation; simulated thunder and 10,000,000-volt lightning flashes by General Electric; and a melodrama, "Murder at Midnight," staged by seven insurance companies. Jimmie Lynch and his automobile death dodgers will pack them in six times daily with a demonstration of "thrill driving" on the huge open B. F. Goodrich track, while National Biscuit presents Mickey Mouse movies, and symphonic waterfalls are provided by Consolidated Edison. All in all, 1,000 companies, 60 countries and 30 states, are staging free shows.

THINGS TO WATCH FOR—More movie romances portraying the lives of early American bandits following the successful reception accorded Jesse James and The Oklahoma Kid... An automatic electric teakettle which has a device for ejecting the socket plug when water in the kettle runs low... Reviving popularity of croquet; modern equipment includes mallets with steel shafts.

and a rubber face on one side so that the balls don't become nicked; also a wicket with a candle attached for night games... New musical instrument known as a Tonette and resembling the ocarina which makers claim takes only an hour to learn to play... A safety device for cars with hydraulic brakes, it seals off either front or rear lines if a leak occurs so that the other line will continue to function; lights on the dashboard indicate when both lines are working properly.

HEADLINES IN NEW YORK—William O. Douglas, chairman of the Securities and Exchange Commission, nominated for U. S. Supreme Court vacancy... Congress approves \$358,000,000 appropriation for emergency defense... U. S. gold holdings pass 15 billion mark; Secretary of Treasury sees no cause for alarm... Demand for crude oil in April expected to rise three per cent over March... Hourly wage of 32.5 cents is fixed as minimum for 600,000 textile industry workers... Bill introduced in congress to restrict business

profits in event of war; would impose graduated levies up to 98.9 per cent on incomes of \$10,000,000 or more.

**Texas Employment Shows Slight Gain**

AUSTIN, March 29.—A total of 126,155 workers were employed in Texas manufacturing industries during February, an increase of 1 per cent over January and 1.4 per cent over February last year, the University of Texas bureau of business research has reported.

Manufacturing pay rolls totaled 2,413,964, a gain of six-tenths of one per cent over January but a drop of 1.1 per cent from February, 1938. Employment in all non-agricultural industries remained about the same as in January, both in number of employed workers and total pay rolls. Both dropped slightly below February, 1938.

The Caspian Sea is the world's largest inland sea.

**PIGEON EXPRESS**

Margaret Gillen, 10 years old, a patient in St. Clare's hospital, New York, where she is recovering from two operations, holds a pigeon which flew from Elizabeth, N. J. recently, bringing her a canary, the gift of J. N. (Ding) Darling, cartoonist and outdoor enthusiast. The canary is in the small aluminum pullman on the pigeon's back.

**DEPARTING MINISTER AND WIFE COMPLIMENTED**

Mr. and Mrs. Fred Surguy and Mr. and Mrs. Howard Rutledge entertained a few friends at a forty-two party Saturday night honoring Rev. and Mrs. A. C. Nance, soon to leave the pastorate of the Ozona Church of Christ to return to the post formerly held by the Rev. Nance as minister of the Church of Christ in Comanche.

Present for the evening were Dr. and Mrs. Omar A. Kirby, Mr. and Mrs. Hugh Busby of Junction, Rev. and Mrs. A. C. Nance, Mozelle Nance, Mr. and Mrs. Howard Rutledge, Mr. and Mrs. Park, Mrs. Boyd and Mr. and Mrs. Surguy.

Let nothing keep you from the cooking school sessions Monday and Tuesday afternoons, starting at 2:30 p. m. There will be valuable prizes, refreshments, interesting lectures on cooking and home management and an altogether entertaining two hours each afternoon.

Phone your news to the Stockman.

**"HERE WE ARE TOGETHER,"**

*Says the Bread to the Butter, "without You She Wouldn't Like Me!"*

BREAD AND BUTTER have been the stand-by of young appetites for generations. What grown-up today doesn't remember grandma's hot bread with that delicious country butter spread thick on each slice. U-m-m-m!

BUT IT WASN'T just grandma's hot bread—it was the combination with rich, creamy, fresh, tasty butter that made a snack fit for a king. Hot bread or cold, grandma's or the modern product of the bak-

er's oven, it's still the favorite "after school" bite for hungry, growing children.

AND FRESH, RICH sweet cream butter—VALLEY GOLD if you please—is just what it takes to build sturdy young bodies. Rich in body building vitamins, nourishing and satisfying, always fresh, VALLEY GOLD is the favorite of young America—and of their mothers and dads, too.

THE GARNER REBELLION

There is an American tradition to the effect that the vice president of the republic shall be a man who says little and does less—an official with an imposing title and a substantial salary, but with few responsibilities and almost no authority.

"Cactus Jack" Garner seemed to be the perfect stuff of which a run-of-the-mill vice president should be made. An able congressman, with decades of service behind him, he was known as a hard but unspectacular worker.

In the view of some of the most astute political commentators, the vice president is well suited to this new role. In origin, training and experience he is the logical representative of those millions of people of whom little is heard but who nonetheless hold the real bal-

EMPTY AGAIN!

ance of power in America—the merchant, the farmer, the rancher, the small town banker and lawyer and doctor. In political philosophy, he might be termed a conservative liberal—he believes reform should be achieved slowly and cautiously without disheartening or discouraging business.

It is around Garner that the potent pro-economy group of Democratic senators has gathered. He is very close to Senator Harrison, who is leading the economy drive on the floor. He is strongly in favor of tax revision—though, like the cagey politician he is, he does his talking in the privacy of his office, and not in public.

Highly significant is the fact that Garner now leads in all the standard polls for 1940's Democratic presidential nomination. On the debit side is the fact that he is 70 now—an age that is general-

ly regarded as being too old for the telling job of Chief Executive. But he seems to be in the pink physically as well as mentally. A powerful group is getting ready to back him for the nomination, and there's certainly at least a fair chance he'll get it.

WHAT NEXT?

It is a tragically ironic commentary on the world we live in that Hitler's new Czech "adventure" came just at the time when the heads of governments were drawing deep breaths, relaxing and saying that the prospects for peace had at last brightened.

The seizure of Moravia and Bohemia was, legally and ethically, far less excusable than the previous conquest which was signed at Munich. He deliberately violated every promise and guarantee, written and verbal, he had made there.

What of the future? Well, as one newspaper correspondent writes, "Imagining the incredible seems to be the best method of prophesy at present."

Americans consumed 24,000,000 cases of fruit juices in 1937, or 24 times as much as in 1929.

SCOUTING

In Concho Valley Council

News Notes From Troops In West Texas Area

National Camp Training Course At Louis Farr

Camp Louis Farr, near Mertzon, has been selected as the training site for Scout leaders throughout West Texas and New Mexico for a National Troop Camp Training course. The sessions will be held April 14, 15 and 16, under the direction of Minor Huffman, deputy regional Scout executive, and Scout leaders of the various councils participating.

Sustaining Memberships Secured In Ballinger and Brady

Under the direction of J. A. Schnable, finance chairman, and K. V. Northington, general chairman, the Scout leaders of Ballinger are securing sustaining memberships for the financial support of the program of Scouting in the Concho Valley Council.

Led by Vice President B. L. Hughes and Finance Chairman

Jack Gartman, Scout leaders of Brady are securing similar support. Brady has had an increase in Scout units this year. A cub pack organized at the North Ward school and troops for Latin-American boys organized by the Parent-Teachers' Association.

Permian Basin District Scouters Meet

The first meeting of the newly elected officials of the Permian Basin district of the Concho Valley Council was held in Fort Stockton Tuesday, March 28. Local officials entertained the group with a dinner. A training session on the duties of the various committees of the district was held. Officials from the five counties of the district were present. Doug Corley of Iraan, district chairman, presided.

Plans Completed For 3rd Annual Boy Scout Circus

The second meeting of the circus officials for the third annual Concho Valley Council Scout circus was held in the West Texas Utilities office Thursday, March 30. Plans for the circus, which is to be held April 29, were discussed in detail and reports were made by various committee chairmen. Assignments for the circus were

made final. The program was under the direction of H. H. Batjer, general chairman of activities; W. G. Hoyt, program director, and Leo Jessee, attendance chairman.

**Governor Designates Next Week Clean-Up Week Thruout Texas**

AUSTIN, March 29.—The week of April 2 to April 9 has been proclaimed State Clean-Up and Fire Prevention Week by Gov. W. Lee Daniel in an official proclamation issued at Austin. State and city-wide clean-up campaigns are scheduled over the state, these campaigns to facilitate public health protection, lessen fire losses and promote public safety, according to Dr. George W. Cox, state health officer.

The cities and towns of Texas will conduct programs of far-reaching activities. Scheduled for inclusion is cleaning, draining, traveling of streets and alleys, cleaning city parks and playgrounds, malaria control, fire prevention, garbage and trash disposal and spring house cleaning for homes and business establishments.

The observance of good sanitation principles indicates the necessity of prompt removal of all waste matter in and around homes to lessen the spread of disease, notably diseases affecting infants and children. Clean-up week is designed to focus attention upon the dirt and disease problems of the state.

Spring clean-up week provides an opportunity for the proper disposal of fire generating accumulations. A check of homes and business establishments to unearth conditions which are favorable is important so that remedial procedures may be instituted.

Clean-up week gives each citizen an opportunity to investigate cleanliness of services which affect health conditions in his home. As a citizen you have the right to know whether your water supply

**Is Hitler Planning Ukrainian Conquest?**

Map shows huge eastern European area inhabited by Ukrainians, whom Germany's Reichsfuehrer Hitler would group into one nation under domination of the Third Reich. Recent Nazi conquests in the former republic of Czechoslovakia and his trade overtures to Rumania lead international observers to believe the Fuehrer is paving the way for his "drive to the east" in which a new state would be carved, principally from Russian territory.

is pure, whether your milk comes from a clean dairy, whether your community makes use of proper sanitation methods, whether your home has proper sewer connections and plumbing installations. You should make it a point to better inform yourself on the sanitary measures carried out in the various divisions of your municipal government and in business.

The idea of spring clean-up week in Texas is that it be an intensive one week period of scrubbing, raking, painting, etc., and it is hoped that spring clean-up

week will generate a standard of cleanliness in each community which will be carried on for the succeeding weeks of the year.

Let's cut the bridge sessions and go to the cooking school Monday and Tuesday afternoons in the basement of the Methodist church. Starts each afternoon at 2:30. A sociable afternoon, and profitable, too. Mrs. Gertrude Burbank, noted home economist will bring many new ideas for more efficient home management. Free gifts, refreshments, samples. You'll enjoy it.

**Lecturer Gives Hints On Use Of Baking Powder**

Mrs. Gertrude Burbank, who is conducting the Stockman's Fifth Annual Free Cooking School next Monday and Tuesday, says that for best results in baking it is a good plan to follow these simple rules: Use the amount of baking powder recommended on the can. Because of the high strength of K C Baking Powder which she is using in the cooking school, only one level teaspoonful should be used to a cup of well sifted flour for most recipes. This is equivalent to one heaping teaspoonful to a quart of flour.

Careful measurement is very necessary as using more or less than a recipe calls for will not produce best results.

Another secret of good baking is to be sure that the baking powder is thoroughly mixed with the flour and other ingredients. The more thoroughly the baking powder and

flour are mixed before you add moisture, the better your results are likely to be. Sift three or four times.

For biscuits, make a smooth dough that can be handled without sticking, and bake in moderate oven. For cakes, have your oven slow to moderate at first, until the cake is fully risen; then increase heat so as to just brown lightly.

Mrs. Burbank says that K C, the brand she is using in cooking schools, is manufactured by baking powder specialists who make nothing but baking powder—controlled by expert chemists of national reputation. It is always uniform in quality and can be relied upon to produce for you, the kind of bakings you will be proud to

serve.

Try the following choice recipes:

- K C Everyday White Cake**  
 ½ cup butter (4 oz.)  
 1 cup granulated sugar (8 oz.)  
 ½ cup Gandy's Milk  
 2 cups flour (8 oz.)  
 2 level tps. KC Baking Powder  
 Whites of 3 eggs.  
 1 tsp. vanilla extract.
- K C Baking Powder Biscuit**  
 2 cups flour (8 oz.)  
 2 level tps. KC Baking Powder  
 4 level tps. Shortening (2 oz.)  
 About 2-3 cup milk or water.  
 ½ tsp. salt.

New York City has nearly 500 police radio cars operating over the city's 317 square miles, which is one patrol car for each two-thirds of a square mile.

(Continued from Page One) old slate grey hen we had once. It looked like I never would find her nest. I could stay with the flock half a day, and she'd stay right there, too, until finally some other hen slipped off to her nest. And while I was following this second hen, that old grey one would take advantage of my absence and quit the bunch.

It went on like this until I was afraid she'd lay out her clutch and start setting and I never would find her nest. Finally I located the nests of all the other hens, though, and made up my mind to stick with the bunch until this old hen had to leave.

A number of times during that morning, the old grey hen would catch me off guard for a few moments and slip away. But she'd never get far before I spotted her and started following. Then she'd spot me and pretend to just be chasing a grasshopper or something and feed back to the bunch.

This went on into the afternoon. The flock fed far back into the catclaw and mesquite tangle north of the house. Other hens left, visited their nests and came back. But still the old grey hen stuck.

It was almost sundown and the flock had fed over most of the wide circle of brushland that was their daily run, when finally the old hen struck out in a very determined sort of walk.

I followed. She led across a post oak ridge, down into the next draw, on up the slope beyond. She got faster and faster. Soon I had to trot to keep her in sight. Soon she was trotting. Then I had to run.

Directly, she stopped, went to pecking around in some weeds, as if all she had on her mind all along was catching those particular bugs on those particular weeds.

I waited. A moment later she eased into a clump of prickly pear and I could see her settling herself, as if in a nest.

I had her, at last, I figured. I didn't wait to let her lay. It was getting late and weeds would have

**Centenarian Receives Centennial Ticket**

Dr. Newell Patterson of East St. Louis, Ill., who, like baseball, is celebrating his 100th year, received the first of the souvenir St. Louis Cardinal opening day tickets commemorating the national game's centennial. A Civil war veteran, he said only bad weather would keep him away from the Cardinal-Chicago Cub opener in April.

to be pulled for the hogs. So I went right on up to get her eggs.

She let me get close, then hopped out of the prickly pear and struck out through the brush in another trot. There was no nest in the prickly pear. There'd never been one. There was merely a few green weeds, freshly mashed down. That old hen was pulling my leg.

I took out after her again. She played the same trick, over and over. She led from catclaw bush to rock fence to tangles of bee myrtle brush and pretended to settle down to lay in each one. There was no nest in any of them.

Dusk was falling when she started on another of her long swinging trots, heading back toward the house this time, taking out down a cattle trail where it was easier for me to follow. There were no grass burrs in the trail.

She was almost home, when sud-

denly she stopped and settled herself to the ground once more, right in the middle of the trail. A moment later she rose and I went and picked up the egg she'd laid.

The next morning she was not with the flock, nor the next morning. But about six weeks later she came in with 15 young healthy turkeys, all of them destined to be slate grey in color when they got grown.

The egg I picked up on the trail that day never did hatch.

It's a date—the cooking school Monday and Tuesday afternoons, at 2:30 in the Methodist church. Everybody is invited—including dad if he should choose to come. There will be lots of free prizes, souvenirs and samples, refreshments and an interesting lecture and demonstrations by Mrs. Gertrude Burbank.

Phone your news to the Stockman

**FIRST GRADERS LEARN ABOUT PIGEONS**

The following is a first grader's description of a visit to see the pigeons of Mrs. Mary Perner: OUR WALK, MARCH 27, 1939 "We went for a walk. We went down to Mother Perner's to see her

pigeons. The pigeons were in their house. There were two pigeons sitting on the roof. Some were sitting on the ground. When we went by the pigeons flew away. Mother Perner told us that her pigeons would have a new house soon. She is having a new house built for them. The baby pigeons will hatch

soon. Baby pigeons are called 'squabs.'" Technical experts say that if 250,000 women held a bridge party in one room and all talked at once, the energy generated would equal electric bulb.

**You Can't Afford SERVEL ELECTROLUX, Mr. Husband? Study These Figures...**

How can you afford to be WITHOUT what it saves? On your grocery bill. On ice or power. And remember, Servel Electrolux, the Gas or Kerosene refrigerator, has no moving parts in its freezing system. The ONLY automatic refrigerator which does not. Nothing to wear, to cause trouble or repair bills. Its savings go on and on. Savings like these, for example, based on a grocery bill of \$10 to \$12 a week:

SAVINGS	MONTHLY
On leftovers saved and used	\$2.82
Saving of food that now spoils, sour milk, etc.	2.50
By buying quantities, specials, etc.	3.16
<b>TOTAL at least</b>	<b>\$8.58</b>
Plus cost of ice or electricity	\$7.77

Servel Electrolux operates here for as little as 3 cents a day. Often less. The operating cost STAYS LOW. So you can keep on saving this kind of money, year after year. Often \$10 a month. Often a good deal more. What other piece of home equipment will pay you such dividends, year after year? And protect your family's health? And give the whole family pleasure you'll get from a Servel Electrolux? Come in and let us show you how easy it is to own a Servel Electrolux refrigerator—NOW!

## No Photo Finish in This Race!

University of Detroit's annual "Turtle Trudge" race is scheduled Friday when turtles from schools throughout the United States compete for a somewhat dubious honor. Photograph shows last year's Turtle Trudge, with the turtles "racing" from center to edge of the circular track.

### Historical Society To Be Organized At Meet Saturday Night

A Crockett County Historical Society is to be organized by a group of citizens interested in studying and preserving the history of this county and section at a meeting to be held next Saturday evening at 7:30 in the offices of Davidson & Smith.

The plan, conceived by W. R. Baggett and Houston Smith, is to form an organization of persons interested in local history, to make special studies of topics of historical interest, to preserve historical documents and pictures, etc.

The meeting is open to anybody interested in the subject.

### Junior Club To Observe Guest Day With Tea April 15

Guest day will be observed with a tea by the Junior Woman's club on April 15, it was decided at the meeting of the club the last of the week at the home of Mrs. W. E. Smith. Mrs. Sherman Taylor and Mrs. Walter Augustine were hostesses for the day.

The club enjoyed a review of the book "The Importance of Living" by Lin Yutang, given by Miss Bess Terry, and observed international good will day. Mrs. Ele Hagelstein reported on current international affairs and Mrs. Sid Millsbaugh, Jr., conducted the English quiz.

Honoring the memory of the late Mrs. Rae Crawford Phillips, wife of Arthur Phillips, the club recently presented two silver urns to the Ozona Baptist Church.

Present for the meeting were Mrs. W. E. Friend, Jr., Mrs. C. J. Van Zandt, Mrs. R. L. Flowers, Mrs. Doug Kirby, Mrs. Hubert Baker, Mrs. George Nesrsta, Mrs. Sid Millsbaugh, Jr., Mrs. Walter Augustine, Mrs. Sherman Taylor, Mrs. Ele Hagelstein, Mrs. C. E. Nelson, Mrs. Rachel Crawford, Mrs. S. B. Phillips, Mrs. Hillery Phillips, Mrs. W. E. Smith, and Misses Ada Moss, Wayne Augustine, Bess Terry, Wanda Watson, Dorothy Spain, Jo Demmer and Conner Maddux.

### Baptist Junior Girls Form G. A. Unit At Meeting

Organization of a Junior Girls Auxiliary, under sponsorship of Mrs. Clyde Childers, was perfected at a meeting of a group of girls with Mrs. Childers at the Baptist church Wednesday afternoon. The organization was completed at a business session following a series of games.

Doris Bean was elected president of the group, Marie Williams, vice president and Billie Laxson, secretary. Present were Corinne Phillips, Mildred Porter, Palma Trull, Billie Grantom, Peggy Jeffreys, Jo Nell Oden, Doris Bean, Marie Williams and Billie Laxson. The group will meet each Thursday afternoon at the church at 4 o'clock.

Mrs. Childers will meet with a group of boys from 8 to 10 years of age this afternoon at the church for the purpose of organizing a chapter of Junior Royal Ambassadors.

Mr. and Mrs. Ira Carson visited last week in Waco.

### Social Is Enjoyed By Members Baptist Woman's Missionary

Members of the Woman's Missionary Union of the Baptist church enjoyed a social at the regular hour Wednesday afternoon at the church, with Mrs. George Bean as hostess.

The program for the afternoon opened with a talk by Mrs. T. E. Tabb on "Baptists in Roumania." Mrs. A. W. Jones gave a reading from "Anne of Green Gables," and Louise Bean read "Tressa Tells the Truth." A Bible question game was then directed by Mrs. Bean.

Present for the afternoon were Mrs. Claude Hill, Mrs. Jack Anderson, Mrs. S. L. Butler, Mrs. Clyde Childers, Mrs. R. F. Powell, Mrs. W. S. Willis, Mrs. Charles Butler, Mrs. T. E. Tabb, Mrs. John Patrick, Mrs. J. T. Patrick, Mrs. A. W. Jones, Mrs. Leslie Nance, Mrs. George L. Nesrsta, Miss Maybelle Taylor and Mrs. J. S. Whately.

The organization will meet at 3 o'clock Wednesday afternoon of next week at the church for a business session.

### MRS. MONTGOMERY HOSTESS TO CLUB

Mrs. George Montgomery was hostess to two tables of members of her bridge club Tuesday afternoon at her home. The Easter idea was carried out in the decorations and prizes which were Easter lilies and Easter collections of soap. Mrs. Tom Smith held high score. Mrs. J. W. Henderson, low and Mrs. Early Baggett and Mrs. Wayne West, cut.

Mr. and Mrs. Hugh Busby and children were here from Junction to spend the weekend as guests of Mr. and Mrs. Fred Surguy.

Mr. and Mrs. Al Fields and Mr. and Mrs. Carl Lunnon visited in San Angelo Sunday. Mrs. Fields and Mrs. Lunnon remaining there for a few days visit the first part of the week.

Noah Webster took 21 years, from 1807 to 1828, to prepare his Dictionary of the English Language.

You are cordially invited to the Stockman's fifth annual free cooking school in the basement of the Methodist church starting at 2:30 each day, Monday and Tuesday, next week. Mrs. Gertrude Burbank, lecturer, is a well known home economist, and is full of new ideas for short cuts to kitchen and home management.

Spiders are not insects. All insects have six legs, and spiders have eight legs.

## ARTHRITIS

If you suffer with the aching, piercing, agonizing pains of Rheumatism, Arthritis, Neuritis, Gout or Lumbago; if restful sleep is impossible because of the constantly recurring pains, if you feel this affliction is slowly wearing your life away, don't fail to get MYACIN today. No matter where you live or whether you have any faith in any preparation under the sun, come in for a package of pain-killing MYACIN tablets. If you have suffered for a lifetime and have tried everything you could learn of without relief, even if you are utterly discouraged, do not abandon hope. MYACIN is guaranteed to give amazingly quick and safe relief or your money will be cheerfully refunded. Put up in easy-to-take tablets. Non-narcotics, no opiates. Liberal size package only 50c. Large economy size \$1.

OZONA DRUG STORE  
Ozona Texas

### Ozona Delegates To Woman's Missionary Conference Meeting

Mrs. W. R. Baggett and Mrs. Scott Peters acted as delegates from the Woman's Missionary society of the Ozona Methodist church to the West Texas conference of missionary societies meeting in San Angelo this week.

Mrs. Peters, chairman of social service work in the local society, reported on progress of the Mexican Community Center here, paying tribute to the late Mr. and Mrs. Robert Massie whose foundation fund provided money with which the Community house was constructed. Six Mexicans from the local center provided a program at the session. Miss Mary Riddle, deaconess, was ill and unable to attend the meeting.

The local society will conclude its study of India at a session this afternoon, postponed from the regular meeting day Wednesday on account of the conference in San Angelo.

### Justice Pierce Butler Satisfies Curiosity

Associate Justice Pierce Butler of the United States Supreme court reversed the usual proceedings recently and looked through the operating end of a newsreel camera. He satisfied his curiosity after posing for cameramen, feeling, evidently, that turn about is fair play.

### Miss Terry Reviews Book At Club Meet

Miss Bess Terry, English teacher in Ozona high school, gave a review of the book, "The Importance of Living" by Lin Yutang, at the meeting of the Ozona Woman's club Monday afternoon at the home of Mrs. Floyd Henderson, where Mrs. Scott Peters was hostess.

Attending the meeting were Mrs. W. R. Baggett, Mrs. A. E. DeLand, Miss Elizabeth Fussell, Mrs. A. C. Hoover, Mrs. B. B. Ingham, Mrs. George Montgomery, Mrs. P. T. Robison, Mrs. I. G. Rape, Mrs. Johnnie Henderson, Mrs. Joe Pierce, Mrs. Scott Peters, Mrs. Floyd Henderson and Mrs. Clyde Childers.

Mrs. T. A. Kincaid, Jr., left this morning for Dublin for a visit with her parents and other relatives.

Mrs. Bascomb Cox is a victim of the flu this week.

# Now's When

## THEY NEED IT MOST!

ACTIVE, Growing children need the healthful nourishment of milk! Milk builds up that surplus resistance they need to protect them against the common spring and summer colds and illness. Milk gives them the extra pep and energy that keeps them at the head of the class at school. BE SURE your family enjoys the benefits of GANDY'S SAFE MILK! Make it the favorite drink morning, noon and night.

### "Gimme, Some Too"

You don't need to stint when you give the children GANDY'S Ice Cream. It's rich, creamy wholesomeness is full of body building benefits no matter how often you serve it. This summer make it a daily treat for the whole family.

EDITOR'S MUSINGS

Care of the School Building Be Satisfied.

During the past years it has been the custom to eliminate the idea of destruction of our school building. All in all, the school has been very well kept by the students; but as it is said, 'there's a black sheep in every crowd,' and we are not an exception to that rule. When men wore armors of steel, it was polite to fight with swords. Occasionally these men could miss each other, and the sword would stick into the wall of the castle, leaving a very badly scarred wall. Since our school does not wear steel uniforms, we must refrain from fighting in the school. Many examples could be given, but the point of 'care to our school building has already been pointed out.

It is indeed a modern world we live in. With modernism have come scientific inventions. Some of the students of OHS think that they would like to make life easier around the school by adding some modern inventions.

A girl has said that she gets very tired of walking from class to class. Now to remedy her footache we should put conveyor belts from one class room to another class room. Although it would be rather rough going upstairs on these belts, it would be very easy to fall down stairs, which would save wear and tear on the conveyor belts.

A boy of the school has said that he gets so tired carrying around a 'stack' of heavy books. By all means we should remedy that by installing radio beams throughout the building. Although a button would have to be pressed before the device would work, it would prove helpful. The students would have to crawl down the hall on hand and knee because the books would ride down the hall on an invisible radio beam just above their heads.

So, dear students of OHS, be satisfied with what you have, because even in those scientific inventions you must use the energy of 'pressing the button.'

FRIENDSHIP

The one thing we really need in the world is friendship. The love of a friend is so great that no matter how happy or miserable a man is, he cannot reject it.

The friends we chose is earlier life grow dearer to us as the world goes by. After everyone else has deserted, these friends will remain.

If sorrow should come, it will only draw us closer together. Sorrow will reveal whether or not the friend is a true friend. If he is, he will help us in every way possible.

The bond of sacrifice each for each and the reliance upon each other is another test for true friendship.

A true friend, as a counselor, knows when to urge and when to stop. There is no room in the world for dull people and no room in your mind for ignorant people who do not try to learn and get somewhere. Pity them and try to help them in every way possible. The world depends on us and our friends.

Annual Senior Play Scheduled Tuesday Night

Entire Class In Cast Of Entertaining 3 Act Comedy

'The Charm School,' a three-act comedy drama by Alice Duer Miller and Robert Milton, relates the adventures of a handsome young automobile salesman, who, on inheriting a girls' boarding school, insists on running it according to his own ideas, chief of which is that the dominant feature in the education of the young girls of today should be charm. The situations are teeming with humor—clean, wholesome, humor. The play has the freshness of youth, the inspiration of an extravagant but novel idea, the charm of originality, and the promise of wholesome, sanely, amusing, pleasant entertainment.

The cast of characters is as follows:

Austin Bevans (Walter Escue), an automobile salesman with ideas which David Mackenzie (Beecher Montgomery), a law student, considers unpractical, though George Boyd (Phillip Schneemann), an expert accountant, is willing to cooperate, also Jim Simpkins (Joe Williams) and Tim Simpkins (Willie Joe Hubbard), who toil not and have never seriously considered spinning.

Homer Johns (Jeff Fussell), the guardian of Elise Bendotti (Ora Louise Cox), the president of the senior class at a school presided over by Miss Hays (Doris Bunger), who is loved and feared by all who know her, including her secretary, Miss Curtis (Posey Baggett), who is always trying to think well of the senior class, consisting of Sally Boyd (Tommye Kirby), who is George's sister; Muriel Doughty (Billie Gene Linthicum); Ethel Spelvin (Mary Alyce Smith); Alex Mercier (Betty Lou Coates); Lillian Stafford (Myrtle Luther); Madge Kent (Mary Louise Harvick); Charlotte Gray (Helen Armentrout); Dotsie, a junior (Crystelle Carson); Celia Elson (Emily Smith); Sylvia Wilson (Laura Graves); Babbles Cragg (Frances West); Bobby Cope (Margaret Owens).

Miss Crystelle Carson is serving as assistant director in the production; Miss Frances West is business and advertising manager. Miss Billie Jo West, a junior, is property and stage manager, and Clifton Taliaferro is to be in charge of the ushers.

'The Charm School' is produced by special arrangement with Samuel French of New York. Don't forget the date, April 4, at the high school auditorium. The curtain will rise promptly at 8 o'clock. Support the class of '39 and enjoy doing it!

Ozona Places Second In Typing Tourney

On Saturday, March 18, a typing tournament was held at the Ozona high school building. There were three teams that entered the tournament, Eldorado, Sonora and Ozona.

Jack Whitley of Eldorado placed first with a 137.54; Margaret Smith, Sonora, was second with a score of 135.24, and Tommye Kirby of Ozona followed closely with a score of 133.46.

The Ozona typing team went to Sonora on March 22. Billie Jo West, Tommye Kirby, and Jim Dudley were the typists. Grace Thomas of Sonora won first, Wirt Ellis, Sonora, placed second and Tommye Kirby, Ozona, ranked third.

On March 28, a tryout for the district typing meet will be held at 4:30 p. m. in the Ozona high school typing rooms.

The contestants of the Ozona team are Billie Jo West, Tommye Kirby, Oleta Casbeer, Jim Dudley, Eloise Carson, Elton Smith, Joe Williams and Posey Baggett. The three winners of this contest will go to the district meet in Fort Stockton.

When Carlsbad Caverns became a national park in 1923, it consisted of 700 acres. Today the park embraces many more explored and unexplored caves, and its surface area is 49,446 acres.

GRADE SCHOOL NEWS

THIRD GRADE
The third grade wants to thank Mr. White for showing us the printing office. He showed us how to make a picture, but the thing that made them was not hot so he could not make one.

This week three kindergarten children came to tell us stories. They were Judy White, Lavern Nance and Marilyn Hubbard. They were very nice stories.

The third grade had a nice play. I think Max was a good announcer. Joe Perry was sick. Max took his place. I think we all did well.

We have made scrap books. We have put our art papers in them. Ann West has made the best one. She has made a big rabbit with 11 little rabbits and they came in order to spell 'My Scrap Book.'

The third grade visited the Ozona Stockman office Friday morning March 17 at 9:30. The first machine Mr. White showed to the third grade is called linotype. The man that works for Mr. White printed the third grade names. He showed us how to print circulars. He printed all of us a newspaper article. He showed us the machine that folded the newspapers.

The seventh grade pupils who won out in declamation were: Lottie Jo Owens and Rozelle Pharr, Virgil Oden and Charles McDonald. These pupils will compete against the winners from the sixth and fifth grades on Thursday.

Edward Cale is a new pupil who has moved to Ozona from Hobbs, N. M. We are glad to have him with us.

Fredda Surguy visited the Alamo Monday. She saw many interesting things. We enjoyed hearing about her trip.

Bernard told us about his visit to the zoo.

The fifth grade had their try-outs March 16. The winners were Ruth Townsend and Barbara White. James Chapman and Arthur Byrd Phillips. Everyone did well in the try-outs. After we finished our pieces Miss Martin said we could eat any candy we had, almost everyone had some so we had a good time after a lot of work to say our pieces right.

A Gift From the Netherlands
In the Netherlands they grow many pretty tulips. The government of the Netherlands has sent a million tulip bulbs to the New York World Fair. The little bulbs are coming up. Many people who go to the fair will see the tulips and it will make them think of tulip time in the little land across the sea.

Interesting Customs In Holland
People in Holland have many interesting customs. For instance, when a baby boy is born they have a pretty blue ball or rosette on the front door. A pink one is put on the door if a girl is born. Little

Basketball Sweaters Awarded To Seven At Assembly Meet

The assembly program on Thursday afternoon was devoted to the awarding of basketball sweaters to the boys' team.

The awards were made by Coach T. M. White.

Members of the team who received the gray sweaters with purple and gold letters were Beecher Montgomery, Howard Wilson, Phillip Schneemann, Joe Williams, and Jim Dudley.

Coaches White and McCulley were awarded similar awards by Mr. Denham.

Typing Students Learn To Type Manuscripts

The typing classes are now learning how to type manuscripts. They are learning the right spacing, the right margins, and how to write the front pages. The classes have just finished typing telegrams, and soon they will take up the writing of table of contents, bibliographies and mathematical tables.

round cakes with snow frosting sent to friends mean a baby boy has been born. If a baby girl is born the cake has smooth frosting.

At Work
We have been studying about Holland. In art we have drawn pictures of the miller's home and his windmill. Last week we drew a picture of a boy and a girl skating on the frozen canal. We have painted pictures of tulips with water colors.

St. Nicholas
St. Nicholas is the same as our Santa Claus. The children put their wooden shoes by the fire place. And they leave carrots and hay in front of the shoes for St. Nicholas' horses. If the children are not good St. Nicholas leaves switches in their shoes. There is lots of excitement to see if there are any switches in their shoes. He comes on the eve of December 5. December 6 is St. Nicholas Day.

Bicycles In Holland
Bicycles are very common in Holland. One does not have to have a garage or storage space for a bicycle. They have a hard time to find space enough to place their bicycles. The country is so level that it is easy to propel a bicycle over most any part of it. At the corner in Amsterdam one can see four hundred bicycles pass in one minute. The postman rides a bicycle to deliver mail and packages. Motorcycles are getting more common in Holland. There are fewer cars in Holland than any other country in the world.

Wooden Shoes
In Holland all the people wear wooden shoes. They take their shoes off before they go into any kind of a building. They go around in the house in their stocking feet. The stockings are made of wool. If there is a girl in the family, she knits all the stockings. We would think it funny to see women and children while walking or sitting and knitting. They wear wooden shoes in Holland because the ground is wet and muddy. Every Saturday night they scrub their wooden shoes and hang them out on a tree to dry. On Sunday there is never a dirty shoe.

The Children's World Fair
The fourth grade has just read about the New York World Fair. They will let you ride on the train and go to lots of countries. You can go to Holland, Mexico, Hawaii, China, Egypt and Switzerland. They will let you get off and take rides on Mexican donkeys, desert camels, elephants and on a boat which sails through canals in the Netherlands. The boys and girls get passports in which to help them find their parents if they get lost. They also can buy checkbooks to buy things with. They have a statue in honor of George Washington there, too. I would like very much to visit these make-believe countries.

OHS Students Analyze Popular Songs

'Get Out of Town'—This must be a girl speaking. No boy would tell a girl that.

'Before It's Too Late By Love'—Could she mean he is afraid of the dark? Or perhaps she means if he sticks around very long someone is going to move that town. Then he'll never be able to leave it. Anyway, this smells of impending disaster.

'Get Out of Town'—You can't tell much about the girl from this statement, except by looking at the rest of the song. Here you come to the conclusion that she writes a lousy verse. If she would say, 'Scram out o' da burg,' you could tell more.

'Be Good to Me Please' and 'Why Wish Me Harm'—Ah—! Was a mater guy? Beat it! Can't you see the gal wants to be humored? Scram out a town.

'Why Not Retire to a Farm' and 'And Be Contented to Charm.' The Birds of the Trees?—Now we get an inkling. The guy is a low down snake in the grass. We get pictures of the boy swinging from tree to tree, twitting to the birds, now sitting on a limb to

(Continued On Page 11)

Band To Give Concert To Help Pay For Uniforms

Soloists To Give Contest Numbers; New Uniforms Arrive

The Ozona Band is still practicing for the contest to be held in Abilene. There are 12 drills they will have to perform at the state contest. The marches are still rather ragged, and the members need much practice.

Thursday afternoon, March 30, the band will march through town, and Thursday night a concert will be given at the school house. The soloists who will play at the contest will play their contest pieces. The soloists are Miles Pierce, who will play 'Willow Echos,' Doris Bunger, who will play 'Friendship,' Jim Add Harvick will play 'Thoughts of Yesterday,' Billy Hannah, 'Beautiful Colorado,' and Joe Max Word will play 'Snuggle Time.' The band will play several pieces. Among these are 'Overture Militaire' and 'Sanctuary of the Heart.' These are two of the contest pieces. Trombone section of the band will play one piece with the rest of the band as accompaniment. 'The Whistling Farmer Boy' will be played with half the band wistling and the other half playing.

Last week the uniforms for Joe Max Word and Dorothy Hannah arrived. They are white and gold with brass buttons. The shakoes are 18 inches high and made of fur. The bills are made of white leather, and a golden plume waves at the top. The white pants have gold stripes down the legs.

ORCHIDS AND ONION
By Kirby-West

Orchids to E. G. L. for making such an excellent Spanish teacher. Onions to M. W. for not keeping his feet out of the aisles in the picture show.

Orchids to D. B. for not letting egotistical people get the best of her. Onions to P. S. for being so affected by the love bug that he makes love to chairs.

Orchids to B. M. for training his brother by the famous H. L. method. Onions to M. P. for making such an original stop sign.

Orchids to P. S. for being so helpful—especially in the kitchen. (No slam intended, P. S.) Onions to D. H. for not being original with her clothes. (Catch on, B. G. L.?)

Orchids to B. L. for resolving to turn over a new leaf, even though we all know he won't.

Onions to M. L. H. for going out for spring training when she should be attending 'Charm School.'

Orchids to all people who drive their cars in front of O. L. C. If they have the nerve they deserve the praise!

Onions to everyone who misses a cue in the senior play. Orchids to J. B. and A. E. C. for being such wonderful—if original—cake makers.

Onions to T. M. for being so weak when carrying typewriters. Don't let Dutch Myer down!

Orchids to T. P. K. for not letting people push her out of line. White ribbons sho' do appeal to va', eh what?

Onions to youse guys for not doin' anything anymore anywhere!

THE VOICE OF EXPERIENCE
By A. SENIOR

How can I be a good Sport? Do not gloat over the defeat of your opponent, but put him at ease by your friendliness and generous spirit.

Never lose your temper. If you lose, be a good sport. Do not spend any time explaining how you happened to lose.

Do not spoil a game by making a battle royal of it. If you attend a game in a group, keep your merriment within the group.

A pound of very fine wool will yield nearly 100 miles of thread.

-: The Prowler :-
Drake and Lemmons

Roy, why don't you try to get a dancing job on Broadway? I hear you put on a good show when you get angry. Tincy, you and Dorothy should know.

J. K. and Bettie Lou have really been seeing a lot of each other lately. J. K., don't rush her so much.

Shorty, how did you enjoy the dance in Barnhart? How about you, Phillip?

Ora Louise, you better be glad that the new driver's license are to be issued soon. At the rate you are going now, you won't have yours long.

Joe Couch, you should be careful around Gladys. Do you realize that she has been ill recently.

It's too bad some of our 'big cowboys don't practice what they preach. J. K. promised Phillip that he would ride a yearling calf if Phillip would catch one. Phillip could have caught one if he hadn't got tickled. I really don't think he was tickled—I think he was scared.

Jeff, what do I hear about you dancing at play practice? Tommie, when are you going to bring your pupil out into the open?

I wonder what Johnnie thinks the twinkle of the eye has to do with telling the truth?

Billie Gene, I wonder whom you played hiding-go-peek with Wednesday night? Now Bill!

Bess, you should really get in good health eating at the City Cafe. Is that not true, Dorothy?

I wonder if a lady received a knot on her head after Monday night? Johnnie, you couldn't tell us, could you?

Bettie, who was your boy friend Saturday night? I am going to have to see Angelo about this.

Joe, whom did I see you with Sunday evening? Did you confess to the Fish about it?

Gem Ella, how many phone calls did you get last week? Now, Gem Ella!

Howard, there were some people that didn't get to tell you what excellent taste you had, so they asked me to tell you.

I wonder why Tincy's eyes were so large when she received a little box the other day.

Miles, who were all your friends Friday night? Jim, you too!

Ozona Lions Have Strong Team For 1939 Grid Season
Ten Lettermen To Return To Field For Next Season

If weight or experience counts anything in football, the Ozona high school Lions should be regional champions next year. There are ten lettermen returning next year with an average weight of something over 180 pounds.

The line will average 128 pounds. This great line consists of Thurman, tackle, 260 pounds; Everton, tackle, 210; West, guard, 200; Coates, guard, 160; Colquitt, center, 150; Wilson, end, 155, and Couch, end, 175. These men, with the reserve aid of B. Lemmons, S. Lemmons, Leatherwood, Wardlaw and others, should be able to hold the opposition to a scant few yards through the line.

Although outweighed by the 'seven blocks of granite' up in front, the backfield has a great advantage of speed. The most promising back is a three-letter man who can run, pass, kick, block and who is a demon on defense. He is H. Lemmons, 196-pound full-back, S. Colquitt, a great blocker, and Jim Dudley are the other two veterans in the backfield. The candidates for the other slot are Hokit, Smith and Hannah.

So we are hereby authorized to give warning to the people of Ozona that the Lions will be in the winning column when the 1939 football season rolls around.

GENERAL SCIENCE CLASS STUDIES ELECTRICITY

The General Science class is studying electricity this six weeks. They have been studying about transformers, electro magnets, electric motors and magnetism.

The class has done about ten experiments and has written them. Last week they made electric motors. The class members enjoy their class and their work.

An advertisement is a guarantee of quality.

**Spring—The Time for Needed Home Repairs**

Look over your property now! Prompt attention to repairs helps maintain the value of your home and prevents large "emergency" bills later on. Funds with which to repair, alter, or improve properties may be obtained from financial institutions qualified under the Federal Housing Administration's Property Improvement Credit Plan.

The following numbers and list of items correspond to the numbers in the cross-section view of the home above: (1) Exterior trim; (2) attic ventilation, attic room; (3) flashings; (4) chimney masonry, cap, etc.; (5) roof; (6) rafters, studding; (7) roof sheathing; (8) dormers; (9) weather-stripping; (10) lath; (11) garage, tool space, workshop, etc.; (12) walks and drives; (13) exterior walls; (14) sheathing and insulation; (15) window frames and sash; (16) blinds, shutters; (17) porch bench, transom, door columns, etc.; (18) steps, brick, wood, concrete, tile, etc.; (19) drain tile; (20) footing; (21) foundation walls; (22) basement floor; (23) recreation room, laundry, workshop, etc.; (24) heating plant; (25) grading and landscaping; (26) gutters, downspouts; (27) modern kitchen; (28) built-in bookshelves, cabinets, cupboards, etc.; (29) joists and subflooring; (30) fireplace, mantel, flue; (31) paint, wallpaper, interior decoration; (32) interior trim; (33) stairways, treads, rails, balusters, etc.; (34) electric fixtures; (35) doors, hardware; (36) plumbing and fixtures; (37) outlets and wiring; (38) flooring, finished lumber, tile, linoleum, etc.; (39) wallboard, plaster, etc.; (40) closet space, shelves etc.

**Front Garage Allows More Space For Garden Or Lawn**

The modern home planner who does not wish to sacrifice a large section of his lawn for a driveway leading to a backyard garage will find reward for his action in the pleasure of owning a garden and the opportunity to enjoy outdoor living.

The detached garage situated at the rear of the building lot now belongs to a bygone day, according to Federal Housing Administration officials. They say that home owners are becoming more and more conscious of the benefits available in making the garage a part of the house itself.

Economy combines with general usefulness to make this the ideal location for a garage, it is said. As part of the house it is protected and kept warm, an advantage almost impossible to obtain if the garage is situated in some far corner of the lot. Aside from that, it is more readily accessible in bad weather.

Chief among the advantages of planning the garage as part of the house is in retaining the yards for lawn and garden space instead of giving them over for necessary driveways.

Good driveways are expensive to build and costly to maintain, it is said. The small home of today can be made more attractive and livable through good landscaping and the employment of yard space to better advantage. The demands of a driveway frequently make it impossible to achieve the charm that a small garden can impart.

The entrance to the garage should be on the street side wherever possible.

In some subdivisions the alley idea still persists, and where this occurs the garage can be located close to and open onto the alley. Garages so located can have their paths leading to the house covered

with a pergola or other garden features which will lend attractiveness to the rear-yard landscaping.

**VENTILATING FAN**

The problem of how to prevent offensive kitchen odors from spreading through the entire house can be solved simply and inexpensively by installing one of the many built-in ventilating fans

now available.

Models can be obtained for every size and type of home, and they are manufactured in a variety of price ranges.

**BASEMENT SHOWER IS GREAT CONVENIENCE**

A great convenience to the family which contains several active young people is a basement shower. This is particularly valuable in the summer when it can be used by persons returning from the beach, from outdoor games, or from working in the garden.

Inexpensive steel shower cabinets, now available in a number of different sizes and styles, are practical.

**BASEMENT LAVATORY**

As the current trend swings more and more toward using the basement for recreation purposes the desirability of a basement

lavatory increases in proportion. The lavatory can be condensed to conform with modern space-saving requirements.

# Sales Tax Lobby Thrown For Loss By Legislature

## Members Rebel At Tactics Of "Special Interests" Lobby

By JULIAN CAPERS, Jr.

AUSTIN, March 29.—(Special) The well-laid plan of a group of special interest lobbyists to foist a \$45,000,000 a year constitutional sales burden on the backs of the poor folks of Texas for social security purposes went haywire in the house of representatives when the first test vote on adoption of the sales tax constitutional amendment could muster only 79 votes. The matter is not yet finally settled, and another test was scheduled this week, but there were signs that the whole plan of the lobbyists has gone awry and may be lost beyond recovery.

### Resent Lobbyists' Tactics

A deciding factor in the failure of the amazing effort of the small group of lobbyists who literally "took the ball" out of the hands of the duly elected legislators at the opening of the regular session, and set out to write a tax program to suit themselves, was the ruthless manner in which they sought to kill off every competing tax measure, and leave the house of representatives no choice but the sales tax constitutional amendment, with the rate frozen into the constitution. The super-conservative taxation and revenue committee, which has apparently responded to every detail of the lobbyists' program with alacrity, held a meeting with 16 members present out of the total of 21, and voted 14 to 2 to kill the natural resources and income tax bills which had been offered as alternative proposals to the sales tax constitutional amendment. This ruthless action brought a whole morning of vigorous denunciation from the "liberal" group in the house, and the vote reflected the resentment of the house, when the sales tax amendment fell 21 votes short of the necessary two-thirds, and 65 legislators voted "no." The defeat was all the more impressive, in view of the fact the special interest lobby had fired its biggest gun by calling on Gov. W. Lee O'Daniel to take the air and voice a plea to his radio audience to write and wire the solons in favor of the sales tax amendment, which he had opposed throughout his campaign.

### People Protest Sales Tax

That program, too, backfired, because many legislators claimed they received more protests against a sales tax than messages in favor. Then the house voted by substantial majorities to take from the taxation and revenue committee two other tax measures, including one to double the tax on sulphur, and re-refer them to more liberal committees, which promptly brought them to the floor with favorable reports.

The anti-sales tax group, under leadership of G. C. Morris, of Greenville, Albert Derden of Marlin, Hale of Farmersville, Cornett of Clarksville, and others, planned to write a tax bill around this sulphur tax measure, through amendments, which would raise additional social security revenue, and push strongly to lead the house entirely away from both the sales tax and the constitutional amendment plans.

Growing in both houses was a strong sentiment to limit the amount for pensions to some definite figure, and write into whatever legislation is passed, a definite "ceiling," with restrictions as to need that will insure continued contribution by the federal government. The O'Daniel plan of \$30 total income for everybody over 65 is meeting definite and continued opposition, because many members believe it would be unacceptable to the federal government, and because, as several stated in debate, they think the administrators of pensions should be left some latitude, to avoid placing negroes with a life-long low standard of living in the same category with whites accustomed to a higher standard.

### Oil Lobby Is Cool

Further evidence of the possible collapse of the lobbyists' plan was seen in indications of a rift in their own ranks. The oil lobby, never very enthusiastic about the "program," was never in 100 per cent, and some of those who went in on the "program" were openly critical of it this week, expressing the opinion that the traditional strategy of the oil lobby, which has always been to fight any and

# Distinctive Coffee Flavor Imparted By New Admiration Roasting Process

Equipment recently installed to make the new "Thermo-Roasted" Admiration Coffee

In keeping with its policy of taking advantage of the latest developments in the coffee industry, the Duncan Coffee Company is introducing the ultimate in coffee perfection—Thermo-Roast Admiration Coffee.

The installation of a battery of Thermo Roasters at the Duncan plant at Houston is the most recent to be made by Jabez Burns and Sons, oldest coffee equipment manufacturers in the United States. This installation gives

all taxes to the last ditch, would have been more effective than the present scheme to "take the ball away from the legislature" and attempt to run with it. The lobby leadership sought desperately to rally its forces, even to the extent of having Governor O'Daniel call numerous house opponents of the sales tax into his office to plead with him, despite the Governor's repeated declarations that he would not seek to lobby or influence the legislators in their deliberations. Economy advocates in both houses were enjoying the row, hoping silently that it would result in a deadlock that would preclude the possibility of any huge hike in taxes, at a time when the national congress is inclined to cut the federal tax burden, in the hope of improving business conditions and boosting private employment of jobless workers.

H. M. Duncan, President Duncan Coffee Company

Duncan the most modern roasting plants in the country, one in Houston and one in Corpus Christi.

Thermo-Roasting is a greatly improved process of roasting that famous Admiration blend—the blend itself being unchanged. Admiration sales prove the popularity of this blend, for it is the largest selling coffee in Texas in its price class.

Thermo-Roasted Admiration is rich in flavor, full in body and deep in aroma. The reason for this is the elimination of all radiant

# Indefinite Driver License Extension Granted In Texas

AUSTIN, March 22.—Police administrators of other states were notified today of an indefinite extension period for Texas driver's licenses after April 1, Ralph L. Buell, chief of the licensing bureau, announced.

The bureau head said a measure is pending before the legislature to provide for the reissuance of driving permits which expire April 1, after three years of validity. The new licenses will be issued by the public safety department instead of by tax collectors who distributed them when the law went into effect in 1936.

Chief Buell said temporary licenses will be assigned to drivers who pass examinations for their first permits and will remain valid until the amended statute becomes effective. Chauffeurs' licenses, however, will not be affected by the extension period as they are issued annually.

Newspapers will be advised of plans to renew licenses of drivers at a future date, he said.

P. T. Barnum, famous showman, ran for congress in 1866, but was defeated.

heat, or direct flame contact with the coffee, and the substitution thereof of a milder treatment in the roasting process, which produces a lower temperature and results in a more perfectly uniform roast.

Flavor characteristics of the individual bean are more fully developed. The lower temperature for Thermo-Roasting eliminates the danger of over-roasting or scorching the coffee, because virtually all radiant heat (the chief cause of this), is absorbed by the heating medium before it reaches the roasting cylinder.

In Thermo-Roast Admiration there is no uncooked coffee at the center of the bean, the bean being roasted to the same color all the way through. Natural anti-oxidants are preserved at this lower temperature, and for this reason the coffee stays fresh longer. Too, there is no change in flavor as the coffee cools in the cup and Thermo-Roasting preserves the flavor when the coffee is iced.

# Welcome to the Cooking School

We are so glad to be back with you with lots of new ideas for tempting cookery \* You'll learn how to make the best coffee you ever tasted—using, of course, THERMO-ROASTED ADMIRATION \* This coffee has always been good, but now it's even better, because it's roasted by a new process that brings out even more of that delicious flavor, that has made Admiration Texas' favorite high grade coffee for 20 years \* We'll be looking for you . . .

# THE NEW GOODYEAR DOUBLE EAGLE AIRWHEEL BUILT WITH RAYOTWIST

### OUR SECRET!

The new Double Eagle Airwheel is made with a new basic material, a super-strong satin-like cord called RAYOTWIST, spun from cotton cellulose and like carbohydrates.

The tread is new—tougher than any heretofore used. The longest wearing tread ever put on a tire—ready now to run up new mileage records for you!

Let us show you how this tire excels . . . why you get an easier, free-rolling ride . . . why its lighter weight and extra "life" give you more miles from every gallon of gas.

Not a new tire made the old way—but a tire radically different in design and material and pattern and performance. . . . An engineer's dream realized by Goodyear after ten long years of research and refinement! . . . A luxury tire for the limited few who demand the finest the world affords.

### YOUR GAIN!

Now ride on Double Eagles and enjoy a new motoring thrill. Your ride is a GLIDE—smooth, silent, restful! Bumps and ruts seem to flatten out—your car "handles" with amazing ease—your start is quick-stepping, your stop gentle and swift.

See this tire of tomorrow—today. If you require such super-service, such super-smartness—you will find them only in Double Eagles!

Fittingly FIRST in styling as it is FIRST in service

### Super Safety

Add the complete blowout protection of LifeGuards and you have safety and luxury never before available in any tire. See LifeGuard today—a safety tire-within-a-tire which cushions your car to a smooth, straight stop in case of sudden tire failure.

### Second Cut In Fire Insurance Rates In Texas May Be Given

AUSTIN, March 29.—Fire insurance rates in Texas may soon be slashed for the second time within a year according to Marshall Hall, state fire insurance commissioner, who today announced that a public hearing would be held on April 17 to consider rates and various other matters pertaining to fire insurance.

"Although the loss ratio figures and experience records are as yet incomplete," Hall said, "the present trend is very encouraging, and will probably mean further reduction in fire insurance rates. Our fire prevention program is showing results and bringing us nearer the goal of lower insurance costs to the citizens of Texas."

On June 15, 1938, the board of insurance commissioners issued orders which effected an approximate annual saving in insurance cost of \$2,500,000.

"Drastic reductions were made last June," Hall pointed out, "on those classes of property which affect the greatest number of people and provide the largest part of the premium volume of the state. After the hearing on April 17 of this year, it is hoped the figures will justify still further reductions. The figures we now have are evidence that greater savings are forthcoming."

Scout Notes

By MILES PIERCE

The meeting of March 28 was opened with the Scout oath. L. B. Cox gave an account of the fishing trip which his patrol made last weekend. Although there was a little hail and rain, the boys seemed to have enjoyed their trip.

This weekend, March 31 and April 1, Ozona will have the Boy Scout Camporee of the Ranch district. The visiting troops, Eldorado, Sonora and Rocksprings will arrive Friday at 4:30 and will make their camps near the Scout cabin. Friday night a camp fire and court of honor will be held and Saturday the contests will be held. (The results in full will appear in this column next week.)

Each Scout is doing his share to prepare for this big event. Some of the Scouts will make a camp fire ring, some will haul wood for the camp fire, some will make arrangements for food and some others will help in general. We hope that this Camporee will be a big success and that the Ozona Scouts get the most prizes!

### TEMPORARILY TAME

First quadrupeds to be born in the San Diego zoo, these young dingoes (Australian wild dogs) will soon become as vicious as their parents who were imported from Australia two years ago. Holding them is pretty Evelyn Hayes.

### METHODIST CHURCH

Eugene Slater, Minister

#### Calendar of Services:

Sunday school, 9:45 a. m.  
 Morning worship, 11 a. m.  
 Young people's meet, 6:45 p. m.  
 Evening worship, 7:45 p. m.  
 W. M. S. Wednesday, 3 p. m.  
 Mid-week service, Wednesday at 7:30 p. m.  
 Choir rehearsal, Thursday, 7 p. m.

This Sunday morning the service will be centered around the children's entrance into the church. Parents and teachers of this group are asked to help make this a most meaningful experience for the children.

Our Holy Week services begin on Sunday evening with a sermon upon the significance of Palm Sunday. The services will continue through Friday at 7:45 o'clock each evening. Insofar as you are able attend all of these Holy Week services.

### BAPTIST CHURCH

Rev. Clyde Childers, Pastor  
 Sunday school, 9:45 a. m.  
 Morning worship, 11 o'clock.  
 Evening worship, 7:30 o'clock.  
 B. T. U., 6:30 p. m.

FOR RENT—Six room unfurnished house. Modern conveniences. Apply Mrs. R. L. Hatton at tourist courts. 49-4tp

See the new Remington portable adding machine on display at the Stockman. Can be carried in one hand yet does the work of a big machine. Lists, adds, multiplies. Precision built and guaranteed. A product of one of America's biggest companies.

### PREDICT LIGHT LAMB CROP

A light lamb crop, guessed at around 65 per cent, is predicted by ranchmen for Crockett county this spring. The crop is nearly all on the ground at present and marking is getting under way. Massie West reported an 89 per cent crop at marking and Wayne West 80 per cent.

Ranches that got a share of the rainfall Saturday night are "sitting pretty" for a time at least. Grass and brush are greening up and the moisture will bring them to quick growth. Areas missed by the precipitation are greening from sub-soil moisture but surface moisture is badly needed to speed growth.

Buy an Electric Razor at the Stockman office.

### OHS Students—

(Continued from Page 8)

give a cowbird the old store. And he charms them like the snake he is. The bird hops up and he pops its head off wit' his teeth. The bird falls off the tree murmuring, "Charmed, Charmed, I'm Sure." "And When You Are Near," "Close To Me Dear," "We Touch Too Much"—This is why he is a rotter. He is constantly borrowing money. Then she is borrowing it back. She realizes this is getting them no place at all.

# COOL

## Enjoy an All-Electric Kitchen

### SEE COOL COOKERY

Demonstrated At **FREE COOKING SCHOOL** in

Basement Of **METHODIST CHURCH**

**Mon. - Tues. April 3-4** This **HOTPOINT** Electric Range To Be Used At Cooking School

THINK of a kitchen just as cool as your choicest bedroom... A kitchen that's as clean and attractive as any room in the house! It's easy to have a kitchen like that today.

An electric range with its fast, dependable performance applies all its heat to the food, either in its heavily insulated oven or on the surface units. In other words, it cooks the food—not the cook!

With an electric range in an All-Electric Kitchen, cooking takes on new and unsuspected pleasures. Dirt, smoke and fumes are banished. The very atmosphere of the kitchen inspires you to your best creative effort in cookery.

### You Can Have A Cool Kitchen

A completely electrified kitchen is within your reach... all at once or a piece at a time. If you have an electric refrigerator, add an electric range. Then an electric hotwater heater... and an electric dishwasher. Pay only a few dollars down on each. Small monthly payments will take care of the balance.

### Winners Chosen In County Meet Literary Events

#### Story Telling, Declamation Winners Decided At Meet

Winners in the Interscholastic League Crockett county meet were decided by a committee of out-of-town judges when the meet was held last Thursday night in the high school auditorium. Story telling and declamations were events entered by a group of pupils selected in try-outs in the various grades.

Pupils of the kindergarten and first three grades were entered in story telling. The results in the various grades in this event were as follows: kindergarten — La-

Ferne Nance, first; Marilyn Hubbard, second, and Judy White, third. First grade—Betty Cooke, first; Guida Sue Meinecke, second and Donald Hoover, third. Second grade—Neva Trull, first; Mary Kathryn Flowers, second and Kerry Tandy, third. Third grade—Max Word, first; Corinne Phillips, second and Bobby Lou Ragsdale, third.

In declamation, winner were chosen among the boys and girls. Myrtastine Hokit was first and Billie Jean Grantom second among the girls in the first grade and John Fussell was first and Carl Snyder second among the boys.

The Junior high girls declamation was won by Lottie Jo Owens, with Ruth Townsend and Rozelle Pharr tied for second and Barbara White third. Arthur Bird Phillips was first among Junior high boys, with Virgil Oden second and Calvin Williams, third.

Claudia Everett was first in

senior girls declamation, with Mary Louise Harvick second.

### Band In Concert—

Daphne Meineke, Oleta Casbeer, Dick McDonald, Jayme Chapman, Miles Pierce, Crystelle Carson, Joe Couch, Tom Ed Montgomery, Elton Smith, Roy Henderson, Marvin McLaughlin, James Powell, Doris Bunker, Virgil Oden, Calvin Williams, Ed Leatherwood, Bill Carson, Jesse Hancock, Billy Hannah, W. B. Robertson, Clifton Taliaferro, Jim Ad Harvick, Gene Tyre, Basil Dunlap, Leslie Nance, Charles McDonald, George B. Ametrout, Lottie Jo Owens, Willie Joe Hubbard, Betty Lou Coates, Gem Ella Dudley, Jean Drake, Naomi Collard, Dorothy Hannah and Mary Faye Lucas.

Dorothy Hannah is drum major, Gem Ella Dudley and Mary Faye Lucas, twirlers, and Max Word, mascot.

Valley Gold butter; Piggly Wiggly Grocery of Ozona, grocery shopping center; Walker Morgan Flower Shop of San Angelo; Coca Cola Bottling Co. of San Angelo, who will furnish free Coca-Colas to Cooking School audiences; C. G. Morrison Co., kitchenware; Earl Whisnand of San Angelo, wholesale distributor of Kraft products; San Angelo Telephone Co., Wilson Motor Co., Ozona Water Works and Ozona Drug Store.

#### MISS WATSON ENTERTAINS CLUB

Miss Wanda Watson entertained Las Amigas club at her home Friday afternoon. Miss Wayne Augustine held high score, Mrs. Alvin Harrell, low and Mrs. Hubert Baker, bingo. The other guests were Mrs. George Nesrsta, Mrs. Doug Kirby, Mrs. Joe Sellers Pierce, III, Mrs. James Baggett, Mrs. Dempster Jones, Mrs. Richard Flowers, Mrs. Bill Littleton and Mrs. Walter Augustine.

Phone your news to the Stockman.

### Men Of Methodist Class Celebrate Second Birthday

Members of the Men's Bible class of the Methodist church and their friends will celebrate the second anniversary of organization of the class at a party in the church basement Friday evening starting at 7:30.

The anniversary will be further observed at the regular class meeting Sunday morning at the Sunday school hour, when members are planning on having the largest attendance of the year. Rev. Eugene Slater is teacher of the class, and E. B. Baggett, Jr., president.

The party Friday evening will be the regular monthly get-together of this nature, when men of the church and their friends gather for an evening of games and refreshments.

More rain falls in districts of London lying north of the river Thames than in those to the south.

### Two New Business Buildings Being Constructed Here

Construction work is under way on two new business buildings in Ozona, one a filling station being erected by O. W. Smith on Highway 290 just east of Johnson bridge, and the other a combination filling station, business building and upstairs apartment being built by C. C. Luther at the northeast edge of town.

The filling station and garage being built by Mr. Smith is to be occupied as a Magnolia station by R. F. Powell. Mr. Luther is building a 40x80 concrete building, with 15 1/2-foot walls. He plans living quarters upstairs, a filling station in front and business quarters on the bottom floor.

In India, faithful Mohammedans pay \$5 a bottle for bath water from the daily bath of their spiritual head, Aga Kahn, believing it to have healing powers.

#### ENJOY A REFRESHING SODA

#### AFTER YOU LEAVE THE COOKING SCHOOL...

After an educational and entertaining afternoon at the Stockman's Cooking School, there is nothing more refreshing than one of our delicious drinks at our fountain. For the choicest of fountain drinks, stop at the Ozona Drug.

### OZONA DRUG STORE

"Just a Little Better Service"

### Cooking School—

(Continued from Page One) baking contest and possibly a cake auction at the close of the last day's session, all in addition to the interesting lectures and demonstrations to be given by Mrs. Burbank. The lectures will begin promptly at 2:30 each day, and women are urged to be present early. Registrations for the prize drawings will be kept open during the first hour, persons more than an hour late being excluded from that day's drawings.

Merchants Cooperate This year's free cooking school for Ozona is made possible thru the cooperation with the Stockman of the following business firms and manufacturers: Duacan Coffe Co. of Houston, makers of Admiration Coffee; West Texas Utilities Co., who will furnish all-electric kitchen; Mrs. Tucker's Shortening; Jacques Manufacturing Co., makers of the famous K C Baking Powder; Gandy's Creamery of San Angelo, producers of pasteurized milk, cream and ice cream; Crescent Valley Creamery at Cuero, makers of prize winning
