Positive Polio Diagnosis Made In Child's Case

Second Robison Child Under Observation In Angelo Hospital

Illness of Ray Robison, 5-year-old son of Mr. and Mrs. Miller Robison, who was taken to a San Angelo hospital a week ago, has been positively diagnosed as poliomyelitis, according to advice received early this week by Dr. H. B. Tandy, Ozona physician and county health officer.

A second child in the Robison family, Lewis, about ten years old, became ill a few days ago and is now under observation in the San Angelo hospital as a suspected victim of polio. The child was reported yesterday to have developed a sore throat and is experiencing some difficulty in swallowing. The attending physician, reporting by telephone to Dr. Tandy here, said that it was feared the child is suffering from the disease but that a diagnosis had been made at that time. Specimens of the spinal fluid were sent to the State Health Department laboratories at Austin for experimental diagnosis, the doctor said.

Meanwhile, the condition of the younger child, Ray, was described as satisfactory. He was free of fever yesterday and San Angelo physicians indicated that he may be able to return to his home here at the end of the week.

Rumors were afloat here yesterday of several other suspected cases here, but such rumors were dispelled by Dr. Tandy. The two Robison children were the only suspected cases that had come to his attention to Wednesday afternoon. The case, a Donoho child, from Geffield is under treatment in the San Angelo hospital, it was reported.

Although doctors now believe that poliomyelitis is another of the gastro-intestinal infections, additional precautions have been taken locally to protect children against possible spread of the disease by forbidding assemblies of children under 18 and closing the swimming pool until the period of possible incubation is past. A thorough spraying of possible fly and mosquito breeding places with DDT insecticide has been made and clean-ups ordered wherever accumulated trash and rubbish has been discovered.

Ozona Nine Drops First Game To Eldorado 8-6

Locals Tripped First Time in 4 Starts; Iran Here Sun.

Eldorado, the perennial jinx for Ozona athletic teams of all ages, broke the winning streak of Ozona's independent baseball team by defeating the Sonora diamond last Sunday afternoon.

After taking the first three games in a row after organization, Sonora twice and Iran once, Manager Byron Stuart's crew stumbled Sunday and the Eldorado independents came up with an 8 to 6 win, thanks to a sack full of errors committed by the short-handed Ozona nine and a dearth of base blows by the local hitters.

Such regulars as Catcher Arthur Kyle, Pitcher Dennis Maxwell, Infielder Conley Cox and outfielder Lefty Walker were absent from the Ozona line-up and their presence was sorely missed in the field and at the plate. The day was not wasted, in spite of the loss, for some five or six boys from Coach Sikes' 1947 school baseball squad were in the line-up and had opportunity to look at some fast ball pitching and many chances in the field. They played well, although a little weak against the Eldorado hitters, but so were all the others. Ozona players were able to garner four hits all afternoon, counting (Continued on last page)

Ozonans Are Hurt In Highway Collision

Mr. and Mrs. Arthur Phillips were slightly hurt last week in a collision of two cars in front of the filling station and cafe a mile this side of Mertzon. Mr. and Mrs. Phillips were returning to Ozona from San Angelo and a car that had stopped at the filling station, which is several feet lower than the highway at that point, drove on the highway and swung across the road in front of the Phillips car.

The driver of the other car, a resident of Sherwood, said that he did not see the approaching car. Both cars were badly damaged, the Ozonan's so badly wrecked that it was sold to San Angelo junk dealer.

Mrs. Phillips suffered a cut over an eye and severe bruises. Mr. Phillips was less severely hurt but suffered a head wound.

Sewer Charges To Become Effective Here June First

One-Bathroom Home To Pay Monthly Minimum Charge

A scale of monthly charges for sewer connections in the town of Ozona has been adopted and announced by the board of directors of the Crockett County Water Control and Improvement District No. 1, which assumed ownership and management of the sanitary system under implied approval of the voters who recently approved a \$50,000 combined water and sewer system bond issue in the district.

The new schedule of connection charges, effective June 1 and due on July 1 billing, levies a minimum monthly charge of \$1 for residences for one unit, comprising lavatory, toilet, bath and kitchen sink, and 25 cents additional monthly for each additional toilet.

The commercial rate, for business houses, etc. is a minimum of \$1.50 per month for one unit, comprising lavatory, toilet, bath and sink, and 25 cents additional for each fixture of any type.

The rate for hotels and rooming houses was fixed at \$3 a month minimum charge for one unit, comprising lavatory, toilet, bath, and sink, and 25 cents for each additional toilet and 15 cents for each additional lavatory or other fixture.

"These rates are in accordance with the recommended practice for communities similar in size to our own and compare favorably with neighboring cities," the board's announcement of the new rates declared.

Extensive improvements and extensions to the local sanitary sewer system are in prospect as a result of the bond issue voted for the purpose of improving the water and sewer systems. Additional mains are to be laid, and a new unit added to the disposal plant as soon as materials can be obtained. W. E. Kimrey of San Angelo has been awarded the contract for the entire water and sewer extensions and improvements at a cost of \$57,000.

111-Year-Old Mexican Woman Died Here Wed.

Narcissa Robles, reportedly 111 years of age, died yesterday afternoon at her home in the Latin-American settlement here.

Despite her 111 years, the aged woman had pursued her hobby, sewing, until a few days before her death. She did intricate needle point work, embroidery and other fine sewing, threaded her own needles, all without the aid of glasses, members of her family said. She was in good health until a few days before her death.

Funeral services will be held from the home 4 o'clock Friday afternoon.

Miss Elizabeth Gray, daughter of Mr. and Mrs. Hugh Gray, is home for the summer vacation months after attending North Texas State College in Denton.

WTU Announces Cut in Local Electric Rates

Commercial and Small Users to Benefit By Sharp Reductions

While prices on almost every other commodity are going up, customers of the West Texas Utilities Co. may be amazed at the company's announcement this week of a general reduction in rates for electric current dispensed by the company.

The new rates go into effect immediately and will apply on July 1 billing or current used in June, according to announcement of the new schedule received here this week by T. J. Bailey, local manager.

Considerable savings to small users, those who use electricity only for lights and refrigeration—not for cooking, etc. are provided in the reduced rates, the new schedule reveals. Substantial savings are also effected for commercial users, while customers who use electricity for cooking, heating, etc. will realize smaller savings.

The small residential users will realize a nice saving on their monthly electric bills by the equalization of rates for such users with those who use larger amounts of current for cooking and heating, plus a slight reduction for the larger user as well.

No figure has been arrived at concerning the over-all percentage of reduction in rates the new schedule will provide, for the reason that the cuts vary according to the type of user and changes have been made in the minimum quantities on which the various steps are based in figuring charges. However, examples of application of the new rates against the old reveal that the small user will realize a saving of \$1.00 a hundred kilowatts over the old rate, while residential users with electric ranges will save approximately 12½ cents on the 100, with larger savings where consumption is above 500 kilowatts.

The old residential rate was 9 cents a kilowatt for the first 25, 6 cents for the next 25, 4 cents a kilowatt for all over 50 where a customer was not using an electric range and 2½ cents a kilowatt where an electric range is in use. The new schedule provides a first charge of 7½ cents per kilowatt for the first 30, 5 cents a kilowatt for the next 30 and 2½ cents per kilowatt for the next 40, with a charge of only 1.8 cents a kilowatt for all in excess of 500.

The old commercial rate was 9 cents per kilowatt on the first 50, 7 cents on the next 50 and 3½ cents per kilowatt for all in excess of 100. The new rate is 7½ cents (Continued On Last Page)

\$10 Added To Baseball Fund

Two more contributions were added to the list of supporters of Ozona's come-back in baseball play during the past week.

J. E. L. Harrison, minister of the Church of Christ, and Bill Cooper, manager of the Ozona water and sewer systems, came across with \$5 each to the pot.

But a town that loves baseball as Ozona does should have built more than a \$98 fund through this voluntary contribution route. At least \$300 is needed if the team is able to buy those needed uniforms, replace bats and balls and buy other equipment necessary to get a baseball team going from scratch. Nobody is passing out the hat—just inviting baseball lovers to hand over a little cash to get the team going. The men and boys playing on the team are doing so because they love the game—nobody is being paid to play. We get entertainment from their efforts and it should be worth a buck or a five or more of any fan's money to have a town baseball team. Hand your contribution to Manager Byron Stuart or leave it at the Stockman office.

Ozona Church Of Christ 'Adopts' 11-Year-Old Dutch Boy, Victim Of German Starvation Plan In Occupied Holland

The Ozona Church of Christ, Mrs. H. W. Baker, secretary of Foster Parents' Group, has "adopted" Herman Van Den Hyden, 11 year old Dutch boy in Holland, through the Foster Parents' Plan for War Children, it was announced yesterday by Mrs. Edna Blue, Plan executive chairman. American headquarters of the Plan are at 55 West 42nd Street, New York City.

At the present time the Plan is operating fifty-six children's projects in England, Italy, Malta, Belgium and France and is caring for Maltese, Czech, Polish, Dutch, French, Italian, British, Spanish, Norwegian, Danish, German, Austrian, Hungarian and Belgian children.

The child is in one of the projects that the organization operates. The case history of the child who has been "adopted" follows: "Herman was born eleven years ago in The Hague, capital city of the Netherlands. At the time the war broke out, he and his parents were living at Schiedam, in the Rotterdam area. There they lived throughout the war.

"That was the most heavily hit section of Holland. Herman went through many fierce bombardments and, as he was only a little boy—five years old when the war began—grew up in a nervous, tense and fearful atmosphere.

"With many other children of the Netherlands, Herman suffered from severe malnutrition. He was always hungry. The Germans confiscated such tremendous quantities of foodstuffs that all Holland was practically starving. Herman and his family lived on a diet which consisted mainly of sugar beets and tulip bulbs. Nor were there enough of these even to satisfy his hunger, much less meet basic nutritive needs.

"To make matters worse, Herman could not digest the tulip bulbs no matter how long they were boiled. He still suffers from a stomach ailment caused by this. "Herman's father was in the Dutch Army all during the war, and has not yet been discharged. His mother is very ill from the endless hunger and other privations inflicted by Nazi rule.

"When the war ended, we found Herman in a terribly low state of health. As soon as possible, we sent him to Holland, where, away from the disease and poverty of war torn Holland, he could recover more rapidly. His improvement so far has been miraculous. Now this adoption will insure the continuance of our aid to Herman until he is fully recuperated and his family is able to care for him properly."

Tax Valuations Up Estimated 1¼ Millions For '46

Commissioners Complete Review of Property Valuations

Crockett county's total property valuations for tax purposes in 1946 will show a rise of approximately one and a quarter million dollars to an estimated total valuation of 12 millions, County Judge Houston Smith said following this week's sessions of the Commissioners Court as a board of Equalization to adjust valuations.

The rise in valuations is accounted for largely in increased oil property values, the court found. Raises in oil company valuations were accomplished in conferences with representatives of the operating concerns at the board sessions during the week.

Tax officials are now preparing the tax rolls and accurate figures on the county's total valuations for the year will be available soon. However, members of the court estimated the total will reach approximately 12 millions.

Bob Hartgrove, son of Mrs. Jack Holt of Ozona and a student at SMU in Dallas, and two classmates at SMU, Bill Jordan and M. C. Payne, spent the week-end here.

DIRECTS LIFE SAVING—Edwin C. Cram of Prescott, Iowa, field representative, First Aid, Water Safety and Accident Prevention, American Red Cross will conduct classes in Life-Saving and water safety here from July 8 through July 12 under an arrangement completed by the Local Red Cross chapter with the area offices of the Red Cross at St. Louis. Classes are now being organized in preparation for the five-day course.

Bruce Harp Says He's in Race for Sheriff's Post

Sponsored Candidate Clears Uncertainty Concerning Plans

Clearing away all uncertainties concerning his candidacy which have existed since friends early in the year sponsored an announcement of his candidacy for office of sheriff, assessor, and collector of Crockett county, Bruce Harp this week announced that he would make the race for the office and if elected would devote his whole time to the performance of the duties of the post.

Harp, tool pusher for the Noble Drilling Co., has been stationed in Ozona for a number of years. Recently he has been assigned the supervision of rigs in operation in other parts of the state and had been absent for some time from his home here.

"I have been shaping up my business and I intend to make as good a race as I possibly can, and if I am elected I intend to make as good a sheriff of Crockett county as I possibly can," was Mr. Harp's announcement.

Explaining his reasons for acceding to the demands of friends that he make the race, Mr. Harp said that he had rather live in Ozona than in any place he had ever lived and that he would like to make his home here permanently.

"I will not make any promises about what I can and will do as sheriff if I am elected," he said, "but I can say that I will discharge the duties fairly and impartially at all times, and that I will do my dead level best to make a good hand at the job so far as I am able if the people see fit to entrust the place to me."

Mr. Harp said that it was his intention if elected to devote his whole time to the office, resigning his position with the drilling company and making his home here with his family.

"Naturally, I would like to have a job where I can be with my family more and I like Ozona, and if I can get a job here and make a decent living at it I am willing to do my best," he declared.

Mr. and Mrs. Joe Patrick were in Austin last week on business. They were accompanied home by their son, Cpl. Henry Patrick, for a week-end stay. Corporal Patrick is stationed at Bergstrom Field in Austin.

Mr. and Mrs. Bert Kincaid, Jr., and small daughter visited relatives here the first of the week on their way to their home in Fort Stockton after a visit in the eastern part of the state.

Red Cross Life Saving Course To Be Offered Here

Local Chapter Sponsors Water Safety Class July 8 to 12

A free life saving course for local swimmers, sponsored by the Ozona chapter of the American Red Cross, has been arranged for a five-day period, July 8 through July 12, at the Ozona swimming pool on water works hill, it has been announced by Lee Wilson, chapter chairman, following notification from Red Cross Midwestern Area officials at St. Louis of assignment of an instructor for the local school.

Edwin C. Cram of Prescott, Iowa, field representative on the Red Cross first aid, water safety and accident prevention staff, has been assigned to the local chapter to conduct the water safety course.

A former Red Cross staff member, Mr. Cram resigned in December, 1943, to join the United States Navy. Serving as routing officer, Cram was stationed in the Port Director's office in San Francisco and in the Leyte Gulf area, Philippine Islands.

Cram served as a Red Cross volunteer in Black Hawk County and Polk County Chapters, Iowa, from 1928 to 1942. He was formerly employed as a physical education teacher and coach in the public schools of Des Moines and West Des Moines, Iowa.

Graduated from Iowa State Teachers College, Cedar Falls, with a B. S. degree, Cram obtained his M. A. degree from Iowa University, Iowa City. He is a member of the Naval Reserve, American Legion and Alpha Delta Alpha social fraternity.

In preparation for the local life saving course, chapter officials plan to recruit in advance a large class of students recruited among the local swimmers. In addition, Red Cross chapters in Sonora and Eldorado will be invited to send classes here to join in the instruction.

Three hours of training will be devoted to the course each day during the five-day period. The daily instruction set-up is divided between theory, demonstration, and practice, and the course is based on Red Cross "Life Saving and Water Safety and Swimming and Diving" textbooks.

"The broad program in Water Safety Education as offered by the Red Cross Life Saving Service provides opportunity for increased knowledge on the part of volunteers assisting in the development (Continued On Last Page)

Preliminary Work Under Way Toward Hiway 163 Paving

Del Rio-Angelo Districts To Work Simultaneously on Project

Preliminary work was under way this week in preparation for the early start on paving of the last unpaved section of Highway 1-63 between Ozona and Del Rio.

Highway Department district offices in San Angelo and Del Rio will collaborate on the paving project, to be done entirely by the state's maintenance crews. Department officials have estimated that work will get under way on both ends of the unpaved road within the next two weeks and that the work may be completed within a month.

Approximately 21 miles of the highway will be paved to provide a continuous paved road between Ozona and Del Rio. Approximately 12 miles of the unpaved section are in Crockett county and 9 miles in Val Verde.

The district highway division in Del Rio will begin work on the south end of the road in Val Verde county and the maintenance division of the San Angelo district will begin on the Crockett county section.

SIMPLE TRUTHS ABOUT A GREAT COUNTRY

When our government takes over any of the country's basic industries, such as coal or railroads, millions of persons should realize something is happening wholly foreign to American political ideals.

Representative Boren of Oklahoma recalled these political ideals when he said:

"The cardinal principle of the American way of life is the recognition of the importance of the individual in a nation. The rights, the privileges and the powers of the individual count in the American system."

"All the rights in the Bill of Rights are individual rights. Every individual is guaranteed the protection of his life and his property, his freedom. The guarantee of trial by jury is a guarantee to the individual. All these are guaranteed to every individual."

"Our generation has forgotten that the system of private property is the most important guarantee of freedom. It is only because of the control of the means of production is divided among many people acting independently that we as individuals have any freedom as to what we do ourselves."

HONOR U. S. DEAD IN EUROPE... White crosses and stars in every country where American soldiers fought against Hitler's army, bear testimony to the sacrifice of U. S. lives. The liberated people of these countries now honor the U. S. war dead as fervently as their own. The photograph shows French and American officers sauntering. Beyond the graves were the hills through which the Allied forces pushed their way to the Rhine.

Whenever all the means of production are vested in a single hand, whether it be nominally that of a group, of 'society' as a whole, or a dictator — whoever exercises this control has complete power over us. In the hands of private individuals, economic power can be an instrument of coercion, but can never control the whole life of a person, but when economic power is collectivized into an instrument of political power, it creates a degree of dependency scarcely distinguishable from slavery."

If as a people we cannot understand such simple truths, we no longer deserve to be free.

Mr. and Mrs. B. O. Franklin will leave this week on a summer tour which will take them into Canada. They will visit relatives in Muskogee, Okla., Memphis, Tenn., Chicago, Ill., Detroit, Mich., Toronto, Canada, and will journey some thousand miles into Canada from the Canadian-American border.

Mrs. Cox Hostess At Tea Honoring Daughter-In-Law

Mrs. L. B. Cox, Jr., entertained with a tea from 4 to 6 o'clock Friday afternoon to honor her daughter-in-law, Mrs. L. B. Cox, III, who was Miss Marilyn Man of Wichita Falls before her recent marriage.

Greeting the guests during the first hour was Mrs. Hillery Phillips and during the second hour, Mrs. Brock Jones, Mrs. Neal Hannah and Mrs. Jones took turns in providing piano music during the tea hours.

Bouquets of white daisies, gladioli and carnations were used in the house decorations. Presiding at the silver service during the first hour were Mrs. Charles Williams and Mrs. Paul Perner; the second hour, Mrs. Massie West and Mrs. Evart White, Misses Helen and Jean Odum of Iraan were at the guest book.

Assisting the hostess and honoree in receiving were Mrs. Sam Anthony Man of Wichita Falls, mother of the honoree, Mrs. R. C. Hicks of Paris, her grandmother, Mrs. John R. Bailey, and Mrs. Ed Reynolds, Jr., of Dallas.

Others in the houseparty were Mrs. Ira Carson, Mrs. Jack Holt, Mrs. Lloyd Coates, Mrs. Dock Lee, and Miss Benny Gail Phillips, all of Ozona, and Mrs. Gene Jones of Christoval, Mrs. Worth Odum of Iraan and Mrs. Elton Silliman, Sr. of San Angelo.

Calling during the tea hour were Mesdames R. A. Harrell, B. B. Ingham, Bill Cooper, Jennie Riddle, C. E. Davidson, Sr., Frank Mc-

Mullan, Big Lake, J. P. Pogue, B. W. Stuart, Sherman Taylor, C. E. Davidson, Jr., T. A. Kincaid, Jr., H. B. Tandy, W. E. Friend, Jr., Dany Kirby, Bill Bissett, Gene Linticum of Barnhart, J. A. Fussell, Roy Henderson, George Bunker, N. W. Graham, W. R. Baggett, Sr., J. A. Sparks, Marshall Montgomery, Roy Clayton, Anja Williams of Alpine, E. B. Baggett, Jr., Joe Clayton, Beecher Montgomery, Joe T. Davidson, Victor Pierce, Joe Pierce, Scott Peters, S. M. Harvick, Lee Childress, Tom Harris, John W. Henderson, Jr., Early Baggett, Hudson Mayes, Edwyn Bower, Tommy Harris, Jr., J. W. North, Melvin Brown, Ashby McMullan, A. A. Carter, Ross Dickey, T. J. Bailey, Pleas Childress, H. A. Gustavus and Green Mankin, and Misses Joan Holt, Judy White, Mary Riddle, Kay Rhodes, Rosalie Friend, Doris Kirby, Elizabeth Fussell, Helen Mayes and Posey Baggett.

V. A. Trained Men To Aid Amputees in Use Of Artificial Limbs

An important nation-wide program to provide accurate information and prompt service on artificial limbs for some 23,000 amputees — most of whom served in World War II — is under development by the Veterans Administration, Marvin A. Harlan, manager of the San Antonio Regional Office, announced today.

The program will be conducted by newly designated and specially trained contact representatives, all of whom have major amputations themselves.

They will operate from the Dallas branch office and from VA's regional offices in Texas, Louisiana and Mississippi, Harlan said.

The new type of contact men will be trained not only to provide information and advice on prosthetic devices, but also help amputees select proper device and to assist rating boards considering amputee cases.

ROBERT MASSIE COMPANY
Superior Ambulance Service
Phone 4444 Day or Night
San Angelo, Texas

Their training further will enable them to explain veterans' rights generally so that they may serve as advisors to all veterans.

Men hired for this new type of contact work will be given special training in VA's Central Office, Washington, D. C.

Increase in Milk Prices in Effect

A nation-wide increase in the price of milk, cream, buttermilk and chocolate milk, resulting from increased prices of livestock feed and grains, is now effective in this area, Clifton George, Jr., price executive of the San Antonio district Office of Price Administration, has announced. Fluid milk has advanced one cent per quart, at retail, a half cent per pint.

A price increase of 40 cents per hundredweight has been granted producers, George explained.

Price advances at retail, besides those for fluid milk, include the following: Buttermilk, 1/2 cent per quart; chocolate milk, 1/2 cent per quart; cream, more than 16 per cent butterfat, one cent per 1/2 pint; cream, less than 16 per cent butterfat (1/2 and 1/2), one half cent per one half pint.

Supper And Dance Honors Bridal Pair

Honoring Mr. and Mrs. L. B. Cox, III, Mr. and Mrs. Hillery Phillips and Mr. and Mrs. Jack Holt entertained with a chuck wagon supper and dance in the garden at the Phillips home here Saturday evening.

The supper was served chuck wagon style and guests spent the evening dancing outdoors.

The guests list included besides the honorees, Daphne June Meinecke of Midland, Mrs. S. Man of Wichita Falls, mother of Mrs. Cox, and Mrs. R. C. Hicks of Paris, her grandmother, Bob Hartgrove, Bill Jordan and M. C. Payne, all students at SMU in Dallas, and Mr. and Mrs. L. B. Cox, Jr., Mr. and Mrs. John Bailey, Mr. and Mrs. Brock Jones, Mr. and Mrs. Johnny Jones, Mr. and Mrs. John Childress, Mr. and Mrs. John Henderson, III, Baby Hokit, Muggs David-

son, Corinne Phillips, Ann West, Joy Coates, Benny Gail Phillips, Joan Holt, Judy White, Bobby and Stanley Lemmons, Bill Wilkins, Bill Hannah, Bill Carson, Byron Williams, Philip Schneemann, Bill Womack, Miles Pierce, J. G. Hestler and Ray Piner, Jr.

TCU Geology Class To Tour Big Bend

FORT WORTH—When 17 TCU students meet their advanced geology class July 1, the hell last going to ring for six weeks.

The 10 boys and seven girls will leave the campus on that date on a field trip to Brewster County with headquarters at the Battle Dude Ranch, Marathon.

"Most of the common geological phenomena are represented in the area," comments Dr. Gayle Scott, professor in charge of the party, "and so the Big Bend country is ideal for study."

It Seems Like Yesterday

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there've been a lot of changes in the last fifteen years—most of them so gradual we hardly noticed them at all.

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Junior.

Like Nancy, the use of electricity has grown a lot in the last fifteen years. But the price of electricity has been going down steadily. You may not have noticed it because your bill may be about the same—but how many appliances have you added to your home since 1931? Actually, you're getting twice as much electricity for your money now as then.

Keeping electric service plentiful and cheap through years of rising costs was not easy. That today's electricity is at its very lowest price in history is a tribute to the hard work and experience of the men and women in the industry, and to its sound business management.

Churches Cooperate in Suspending Sunday School Assemblies

Cooperating with local health authorities in the ban on assemblies of young people under 18 years of age as an additional precaution against possible further spread of poliomyelitis, pastors of three Ozona churches have announced that Sunday School sessions would be suspended as long as the health officer thought such action necessary.

Rev. A. A. Carter, pastor of the Methodist Church, Rev. Clifton Harrison, pastor of the First Baptist Church, and the Rev. J. E. L. Harrison, minister of the Church of Christ, all announced their churches would not hold Sunday school classes next Sunday morning. Regular church services for adults, however, will be held at the usual hours, the ministers said.

De. H. B. Tandy has asked that there be no assemblies of young people under 18 in churches, theaters or other places and young people and their parents are reported cooperating in the ban.

Eastern Star Holds Installation

Members of the Ozona Chapter, Eastern Star, recently held installation ceremonies at the lodge hall to induct new officers of the order for the coming year.

Mrs. Joe T. Davidson was installing officer and Mrs. W. R. Fawcett installing conductress. The following were installed:

Miss Leta Powell, Worthy Matron; Richard Flowers, Worthy Patron; Mrs. B. B. Ingham, Associate Matron; Mrs. Maggie Moore, Conductress; Mrs. Mattie Mae Parker, Associate Conductress; Mrs. Mary Flowers, Secretary; Mrs. Maggie Seahorn, Treasurer; Mrs. J. A. Fussell, Chaplain; Mrs. Gertrude Perry, Marshall; Mrs. Monroe Baggett, Organist.

Star points were presented Mrs. Bin Scheel, Ada; Mrs. Jess Margy, Esther; Mrs. Ralph Jones, Martha; Mrs. J. O. Secrest, Ward.

Delicious refreshments of sandwiches, cakes and ice cream were served to the above group and several other members.

Ozona Scouts Encamped At Camp Fawcett

Nine Local Boys Among Scouts Enjoying Session

CAMP FAWCETT, Barksdale, Texas. (Special) — One hundred and nine Boy Scouts with their leaders are encamped this week at Camp Fawcett, near Barksdale, Texas, on the beautiful Nueces River.

Scouts are here from Brackettville, Eagle Pass, Crystal City, Carrizo Springs, Ozona, Menard, Junction, Comstock, Uvalde, Melvin and Vance.

Scoutmasters who are here to assist the resident camp staff include Lamar Wilkinson, Menard; Robert McNeil, Crystal City; Steve J. Byrd, Winter Haven; Vernon Ratliff, Ozona; Frank Hubbel, Junction.

This season we have additional facilities at the water front with boats and canoes. This is under the capable leadership of Coach Novie E. Chant and Jim Davidson.

We have a qualified marksman who is in charge of the rifle range. This is an added phase to our camp program.

The third session will begin Sunday June 16, and it is anticipated there will be about one hundred in camp that week. Each session ends following the noon meal on Saturday.

The Committee on Improvement has made it possible that electricity be installed as a courtesy and donation by the Central Power and Light Company. Through the aid of this power we have an electric water pump and refrigeration. Members on this committee include B. M. Price, chairman; John Smylie and S. A. Worley on electricity; C. W. Barker and W. P. Brennan on Sanitation.

On this Friday we expect a delegation of Scouters from San An-

gelo headed by Jack Hodges and H. C. Grafa; Sam H. Walk and James C. Netts and F. H. Doran of Del Rio; S. A. Worley and Payne Kilbourse of Brackettville who will fly down and land on our Camp Fawcett Landing Field.

Ozona Scouts attending include Charles Cunningham, Ben Burl Conklin, Ray Piner, Jr., Allen Haire, Tommy Laxson, William Meinecke, Kerry Tandy, Bobby Halydier, and Alton Smith. Vernon Ratliff will be in charge of the boys the first half of the week and Lee Wilson will take over the last half.

Hoarded Medicines May Be Dangerous, Health Officer Warns

AUSTIN, Texas. — There are many persons who naturally hoard anything and everything including old clothes, boxes, and other useless articles, some of which constitute no greater danger than a possible fire hazard, but a very real danger is present when this tendency is applied to hoarding old medicine in any form.

Most medicine finds itself into the home through a doctor's prescribing it for some specific illness. For the sake of safety, left-over medicines should be destroyed immediately when they have fulfilled their purpose and never be stored in the medicine cabinet for future use in case of another illness, according to Dr. George W. Cox, State Health Officer.

"Self-medication with the use of left-over drugs which were of great benefit to some previous illness can sometimes turn a simple ailment into a very serious condition of actual poisoning," Dr. Cox said. "This is particularly true of the indiscriminate use of sulfa drugs which have been prescribed for some previous specific condition."

Judge Smith Talks On Early History of Indians in Texas

A history of the Indians in Texas in the early days and some little known stories of the efforts of pioneers to establish peaceful relations with the redskins and to weed out the "bad Indian" leadership among the tribes were told to members of the Rotary Club in an interesting address delivered Tuesday by Judge Houston Smith.

Mr. Smith told of the early contacts the white man had with the Apache Indians, who occupied the western half of the United States, and credited the war-like Apache with keeping the Spaniards and French from penetrating far inland into the new world. The Comanche and Kiowa tribes later pushed the Apaches back in Texas and it was with these tribes that the early Texans had their troubles. He told of the capture and trial of four Indian chiefs who had led their warriors in raids in which whites were massacred, recounting that these hearings were among the most interesting and important trials of all history.

Brady Man To Drill Wildcat Northeast Of Noelke Field

Curtis Norman of Brady has applied for a permit to drill a wildcat in western Crockett County 1 1/2 miles northeast of the main part of the Noelke field.

The test will be No. 1 Shannon estate, 330 feet out of the southeast corner of section 27, block 66, Martha T. Wilton survey. It will be one mile east of Ledge No. 1 Bouscaren, a 4,308-foot dry hole.

Sun Oil Co.'s lease on Archer County school land survey 3 adjoins Norman's lease on the east. Norman plans to drill 4,200 feet.

Former Teacher in Ozona Schools Weds In San Antonio Rites

Miss Mary Frances Bradley, former teacher in the Ozona elementary school, became the bride of Lt. (jg) Creston Ward, Captain of College Park, Ga., Saturday at 8:30 p. m. in the chapel of the First Baptist Church, San Antonio, the Rev. Perry F. Webb reading the double ring ceremony.

The bride is the daughter of Mr. and Mrs. L. C. Bradley of San Antonio and the bridegroom is the son of Dr. and Mrs. N. W. Cathcart of College Park, Ga. Following a short wedding trip, the couple will make their home in Corpus Christi.

Mr. and Mrs. Morris Dudley have returned from Fort Worth and Dallas, Mr. Dudley undergoing an operation in a Dallas hospital to repair a wrist joint which was injured several years ago. They were accompanied as far as Fort Worth by Elam Dudley who

returned Wednesday.

Bill Womanck, son of Mr. and Mrs. W. D. Womanck, and Lowell Sweeten, son of Mr. and Mrs. Jess Sweeten, have returned for the summer vacation from Texas Tech in Lubbock. Bill and Garrett McWilliams, also attending Tech, visited here a few days before going to Austin to spend the summer with their mother.

JUNE 30 ← **A BIG DATE FOR ARMY MEN!**

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946. If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

Electric Rate Cut -

(Continued From Page One)

cents for the first 75 kilowatts, 5 cents on the next 75 and 3 cents for all in excess of 150.

The present 1 cent per kilowatt for water heaters used in conjunction with an electric range in one household will remain the same.

As examples of the application of the new rates, a residence using electricity only for lights and refrigeration, and using 100 kilowatts would have a bill of \$5.75 under the old rate and \$4.75 under the new. With an electric range, a household using 200 kilowatts under the old rate would pay \$7.50 and under the new \$7.25. In the case of a commercial user, 600 kilowatts under the old bill would cost \$25.50 and under the new rate, \$22.88.

NOTICE TO PATRONS OF THE SANITARY SEWERAGE SYSTEM

Effective June 1st, 1946, the following rates have been adopted by the Board as fair and reasonable:

Private Residence - \$1.00 (minimum) per month for one unit (comprising lavatory, toilet, bath and kitchen sink) and 25 cents for each additional toilet.

Commercial - \$1.50 (minimum) per month for one unit (comprising lavatory, toilet, bath and sink) and 25 cents for each additional fixture of any type.

Hotels, Rooming Houses, Apartments, etc. - \$3.00 (minimum) for one unit (comprising lavatory, toilet, bath and sink) 25 cents for each additional toilet and 15 cents for each additional lavatory or other fixture.

These rates are in accordance with the recommended practice for communities similar in size to our own and compare favorably with neighboring cities.

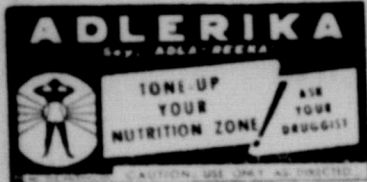

In order that the system be enlarged and kept in a condition satisfactory to our State Board of Health it is necessary that a maintenance charge be made. CROCKETT WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1

opment of the Chapter's Life Saving activities," a Red Cross bulletin on the course declares. "It is necessary that these volunteer aquatic teachers understand not only how to teach Life Saving but other aquatic skills which are preventive in nature and provide training that will include knowledge and information necessary to teach individuals how to be safe in and on the water."

The Red Cross provides both a Water Safety Instructor Course and a simple Senior Life Saving Course for swimmers. The local classes will be devoted to the Senior Life Saving Course, students who complete the course being eligible for Red Cross Life Saving certificates.

Persons here interested in taking the course are urged to contact the chapter chairman, Lee Wilson, or Evert White, chapter secretary treasurer, at once so that proper arrangements can be made. Announcement of taking time will be made at a later date.

Baseball -

(Continued from Page One) ing six scores mostly on miscues by the Schleicher crew. Several costly errors, when singles went for homeruns, and easy outs were turned into two and three runs, were committed by the locals to account for Eldorado's eight tallies. The locals were at one time five runs ahead and then the blow-up came.

Frank James, T. J. Bailey, Lefty Shelton and Byron Stuart took turns at the hurling chore for the locals. Eldorado was credited with 12 hits off their offerings.

The locals are expected to be back to full strength next Sunday afternoon when they meet the I-ran team in a return game on the local diamond. The following Sunday will find the locals again playing at home, this time with an opportunity to avenge themselves for the Eldorado defeat.

Meat Supply Estimates For 1946 Show Civilian Quota Near 1945

A report on the meat supply and on 1945 income from meat animals has become available, and is passed along to those who produce a great deal of the nation's supply.

Here are the supply figures: In 1945, about 24,600,000,000 pounds of meat were killed. Of that total, 3,600,000,000 went to the armed forces, and 1,100,000,000 went to

Lend-Lease and other exports. That left 19,900,000,000 pounds for civilians.

In 1946, it is estimated that 23,300,000,000 pounds will be killed, and of that total 1,000,000,000 pounds will go to the armed forces and 1,400,000,000 will go overseas in export sales by way of U.K.R.A.

Buddy Phillips and Bob Bisset have enrolled for the summer session of Camp Stewart near Kerrville.
