The World's Voice for 70 Years

Through war and peace for 70 years, the telephone has been the sure, swift speaking voice of the world. These have been 70 years of immense progress ... and the Independent industry, of which this company is a part, has created much to this advancement. This is only the beginning of the years of even greater progress in telephone service that lie ahead. We are proud to serve you as part of the world's voice.
