Every Line Tomorrow is a look at Tomorrow

you spot it on the highway every time a Buick comes along:

Here you meet the future face-to-face.

Here you see the clean, rich, uncluttered design that marks the swing away from what was to what is going to be.

Here's the sweep and flow of fender line that's called for by a streamlined age - here's the solid, steady look that spells roadability - the broad beam that means room - the massive bonnet that tells of Fireball power aplenty.

Here's grace, here's ability, here's sturdy dependability - all wrapped up in one handsome package that's not merely up-to-the-times but ahead of it.

Here are the good looks that bespeak good works; you hardly have to be told of precisions carried to ten-thousandths of an inch, of materials searched out from the finest to be found.

Any wonder that such a creation is America's most wanted automobile? Any wonder people pass up cars that may be easier to get to wait for a car that's going to stay fresh and new and modernlooking?

Tune in HENRY J. TAYLOR, Mutual Network, Mandays and Fridays

The simple fact is that you're buying in the future when you buy any good car today.

Why not settle on the one that most obviously foretells what the future will be - that has the most in it of what is to come?

Buick dealers' showrooms are kept pretty bare of display models by the eagerness of Buick buyers to "take over" the first minute they can.

But you'll be greeted in every one of them with courtesy and sincere interest in getting your Buick at the first minute possible.

Drop in - talk it over - and insure yourself a happy future by placing your order now. We'll take it, with or without a car to trade.

Featuring Today's Finer FORD

The welcome mat is out . . . we've spruced up our showroom . . . we're having an "Open House" Party now for you and all our friends.

The reason is a good one. Today's Ford has some new features we're certain you'll want to see!

For one, a choice of ten bright new colors. For another, a newly styled instrument panel.

And new front-end appearance . . . new beauty inside and out . . . a longer, lower look!

Of course, you know already that Ford gives you the only power-choice in the lowpriced field . . . famed Ford V-8 or brilliant Ford Six . . .

And you've heard about Ford's "Lifeguard" body and "King-size" brakes . . . and all the other reasons why "Ford's Out Front."

So accept this invitation as soon as you can. Come to our "Open House." Bring your family. You'll all enjoy it, we're sure. And we'll enjoy meeting you and showing you why "Ford's Out Front."

P.S. Till the Ford in your future arrives, remember to bring the Ford in your present "back home" to us for Genuine Ford Service!
