Highlights and Lowlights

Missing a Few Random News Notes and Otherwise You May Have Missed

Martin was shopping in Angelo yesterday. (Now, let's see—get seat covers, new heater, new hat, have clothes and radio repaired and get glasses—not green.)

Ed Tom Ed Montgomery from TCU, surely he didn't all the way just to see the "Play".

Thought surely J. K. and he would have a fish fry last night, but they came back with a fish story—the fish weren't! So—they took a detour.

J. M. Baggett and Posey visiting in El Paso this week.

Chappo—would it be possible you to leave your forwarding address with someone—when you go to town, it would stop a lot of confusion.

The telephone strike didn't stop Chappo and Jim Ad—just storing if you sent a box of soap.

As we understand that you are trying to sell onion stalks for a couple of flowers. Did the stalks get high?

That's troubling us is where you and Martin were off to Monday evening in such a hurry—it didn't have been a long trip—were back too soon.

James Chapman and Bob Bailey planning to have the first row of seats for the Senior Play.

Mr. and Mrs. Frank James were in Fort Worth last week taking in the Stock Show.

How wee, what is this new interest you are planning to establish? Sounds good!

Did you see the Elmo McCooks taking a house and planning to move down in Ozona. Hope they'll be home some day.

Not all of us can have a brand new oil well—burn it—but we're for one Ozona citizen whose well was the site of a dandy party in last Saturday. Congratulations, Mr. Wilcox Owens!

Mr. and Mrs. Bright Baggett among the new car owners—a shiny new Buick.

Scholastic Census Now Being Taken In Crockett Co.

Bud Russell, Enumerator, Says Over 850 Already Listed

The annual scholastic census is under way in Crockett County, with Buddy Russell, under the supervision of Claude Russell, acting as enumerator.

The public schools receive compensation from the state for all individuals residing in the school district between the ages of six and eighteen years regardless of whether they are attending school or not, married, away attending school or at work or in the armed forces, it is pointed out. Each name on the census rolls means \$1.00 more added to the public school fund which may mean \$55 more if legislation now pending is passed.

For these reasons, school and county officials urge all parents in Crockett county to see that their children are enrolled in the scholastic census.

Owens Wildcat Flows Oil From Cinoidal Section

Cities Service and Others Flows 2 Minutes On Drillstem Test

Cities Service Oil Co. and others' No. 1-B J. W. Owens, western Crockett County wildcat, was in the West Texas oil spotlight Monday as the result of a reported continuous, heavy flow of approximately 40 gravity oil for two minutes before the tool was closed on a drillstem test of the cinoidal of the lower Strawn section of the Pennsylvanian from 5,621-70 feet. Gas came to the surface in two minutes, mud in four minutes and oil in seven minutes. The two-minute oil flow filled a reservoir pit. Its strength was indicated by a report that the drillpipe "did considerable jumping" during the test.

Recovery upon breaking down the drillpipe was 615 feet of oil, and five feet of water in the bottom of the tester. Interested observers believed the water was from drilling fluid and not from the formation. Some said the water had a slightly sulphur taste but this was unconfirmed.

All the reports were unofficial, as Cities Service discontinued releasing information, but were said to be reliable.

No. 1-B Owens is scheduled to drill with rotary to 8,500 feet if necessary to explore the Ellenburger. It is 664 from the south, 770 feet from the west line of the northwest quarter of section 3, block GG, H&OB survey. It is 1 1/2 miles south of the Olson field, in Archer County school land surveys, where production from the San Andres section of the Permian is slightly below 2,110 feet, and 1 3/4 miles north of Clara Couch pool, where the pay top in Grayburg wells is around 1,530 feet and in San Andres producers averages 2,222 feet.

Plymouth and Hamble have a one-third interest each in the wildcat and in the 40.3-acre lease on which it is located. The three companies hold checkerboard leases on approximately 10 sections in the area, owned separately and divided about equally between them.

No. 1-B Owens is nine miles northeast of Sheffield, Pecos County, and 6 1/4 miles east of the Pecos river. It is about 15 miles west-southwest of the nearest cinoidal producers, in the Todd field, on the east side of which are Ellenburger wells. Production in the Page field in Schleicher County and the Jameson field in Coke County is from cinoidal. No. 1-B Owens is about eight miles northwest of a Gulf wildcat in section 12-29-U that failed in the Ellenburger.

In the Todd Deep field, F. A. Callery No. 4 Todd was drilling at 5,360 feet in shale, Humble No. 7-C free at 3,352 feet in shale. Ted Weiner No. 1 and associates' No. 1 Mrs. R. L. Vaughan of San Angelo, slotted 9,000-foot wildcat 10 miles northwest of Ozona, had passed 555 feet in redbeds. It is C SW SE 36-OB-GC&SF.

Sug Owens Does Practice Teaching In Ft. Worth Schools

PORT WORTH—Miss Lottie Jo Owens, daughter of Mr. and Mrs. Tom Owens of Ozona, is one of the 42 students at Texas Christian University who are now doing practice teaching in the Fort Worth public schools.

This practice teaching is done as a part of the requirements for a permanent teacher's certificate, as set up by the State Department of Education.

Students spend several weeks in observation before starting on actual teaching work, which is always done under the supervision of the regular teacher.

Miss Owens is teaching at the Denver Avenue Elementary School.

Stanley Williams young son of Mr. and Mrs. Ben Williams, is seriously ill this week in a San Angelo hospital.

First Of New Type Pre-Fab Houses Is Being Erected Here

J. B. Nelson, Sonora building supply company owner, was here this week supervising the erection of the first of a new type of pre-fabricated house to be built in Ozona. The new structure, known as "Western Homes", is being erected here for Mr. and Mrs. Elmo McCook in the north end of town.

When the McCook home is completed, it will be opened for a one-day inspection by the public, Mr. Nelson said, and announcement of the formal opening day will be made later.

The new type homes, built to FHA standards, and having the finished appearance of the better type frame construction dwellings, can be completed in 30 working days after the materials are on the ground, Mr. Nelson said, and around 80 different floor plans and styles are available.

Ozona Rotarians Contribute To Foundation Fund

International Organization To Raise 3 Million Dollars

After hearing an explanation of the purposes and objectives of the Rotary Foundation, an endowment fund being created by Rotary International for the advancement of the Rotary objects of world peace and fellowship, members of the Ozona Rotary Club Tuesday subscribed 15 three-dollar endowment fund and started off the local campaign for a total contribution equal to an average of \$10 or more per member.

The international campaign for an endowment fund of approximately 3 million dollars was brought before the local club by Earl Ferguson of Brady, former District Governor of the 129th district.

The Rotary Foundation started with a surge made at a Rotary International Convention in 1916, Mr. Ferguson said, and the first contribution to the fund was made in 1918 by the Rotary Club of Kansas City. A goal of 2 million dollars was set in a campaign launched in 1938, but this campaign was interrupted by World War II and only this year has the drive been resumed in earnest. The original 2 million dollar goal was based on an objective of an average contribution of \$10 per member. With the present membership of the club, this average will push the total to near \$3 million.

The fund is administered by a board of trustees composed of president of Rotary International and the four immediate past presidents, proceeds from earnings of the fund to be expended in a program dedicated to furthering international understanding through acquaintance and fellowship, Mr. Ferguson said. The fund now totals approximately \$850,000.

Gulf Asks Permit To Drill Outpost to Core Hole Discovery

Gulf Oil Corp. filed application Tuesday for a permit to drill a 1,677-foot, cable tool test 1,573 feet south and slightly east of its No. 1-R University, core hole discovery from the Grayburg section of the Permian lime in central west Crockett County.

The outpost will be No. 2-R University, 1,650 from the north, 2,310 feet from the east line of section 14-29-U. It is due to start March 22.

Gulf recently applied for a special permit to complete a discovery oil producer No. 1-R University, which was drilled for geological information. No. 1-R, bottomed at 1,677 feet, pumped and flowed 122.32 barrels of 32.4 gravity oil on the third 24-hour natural test. It is 92 feet from the north line and 2,753 feet from the west line of section 14-29-U, six miles southeast of the Clara Couch field.

Spring Football Practice Begins With 24 Boys Out

1947 Crew Sparked By Nucleus Of 13 Lettermen

Spring football practice got under way here Monday and, despite the fact that the ranks of potential grid warriors for the 1947 season were thinned by the flu epidemic 24 boys were in uniform and some enthusiastic sessions are reported by Coach L. B. E. Sikes.

This year's grid squad will be sparked by a nucleus of 13 lettermen from last year's championship crew, six backs that will crowd anything in the district for speed and versatility, and seven linemen to form a stout screen for the ball toters. In addition to this imposing array of veterans, Coach Sikes has some experienced reserve strength, many of them to crowd the veterans for places on the starting line-up.

The lettermen from last year's squad who were on the line for Spring work-outs, this week include Bernard Lemmons, Red Harrison, Jack Coates, Bob Bissett, Nat Reed, and Ray Piner, all backs; Bud Hoover, Don Cooke, Chris Perner and Lee Armentrout, ends; Kerry Tandy, center and tackle; Sam Perner, center; and Lin Hicks, guard and tackle.

Other boys out for Spring training include Jim Cooper, Eddie Chapman, and Jerry Lendon, tackle; Bill Melton, and Charles Cunningham, ends; Ted Mankin, Norman Catterwhite, Tommy Lawson, Tom Mitchell and Alton Smith, guards; Charles Davidson, center; and Armond Hoover, Sonny Meinecke, Frank Parr, Lloyd Allen, Glen Capps, backs. Several other boys, now down with the flu, are expected to get us some practice before the period ends.

AAA Provides Many New Wells In Crockett Co.

287 Drilled Since 1938 14 More Slated On 1947 Program

Since 1938 when the drilling of water wells for livestock waterings was first provided in the AAA and conservation service program, a total of 287 new wells have been drilled on Crockett county ranches, Miss Betty Bratcher, administrative officer of the AAA in this county, announced after a check of local office records.

Drilling of water wells is still a popular practice under the AAA program, with 14 wells contemplated by operators in the county under this year's program, Miss Bratcher said.

The purpose of the AAA is sharing cost of drilling wells to increase livestock waterings and thus to avoid soil erosion as much as possible by reducing the walks of livestock between grazing grounds and water with better distribution of livestock over a given grazing area.

As a service to ranchmen of this county who are participating in the range conservation practices or contemplate doing so, Miss Bratcher has agreed to provide this newspaper with the specifications, rate of payment and other data on each of the approved practices for this year's program. This information to be provided in a series of articles. This week's practice will be drilling water wells.

Payment at the rate of \$1 per foot will be made for wells less than 4 inches in diameter or uncased wells with bottom hole diameter of less than 4 inches. \$2 per foot will be made for wells having casing of at least 4 inches, but less than 6 inches in diameter, or uncased wells with bottom hole diameter of at least 4 1/4 inches but less than 6 3/8 inches. Wells with casing 6 inches or more in diameter or uncased wells with

Franklin Family In Reunion Here First Time In Forty Years

B. O. Franklin of Ozona, his brother, W. C. Franklin of Muskogee, Okla., and their three sisters enjoyed a reunion in Ozona this week, the first time the entire family group had been together in more than forty years.

Mr. and Mrs. B. O. Franklin of Ozona were hosts to the reunion when Mr. Franklin's brother and his wife, Mr. and Mrs. W. C. Franklin of Muskogee, and his sisters, Mrs. E. E. Chamness of Mercedes, Texas, Mrs. Math Spiels of Detroit, Mich., and Mrs. P. T. Allen of San Angelo, all gathered at the Franklin home here. Also joining the reunion were Mr. Franklin's daughter and her husband, Mr. and Mrs. L. C. Madison of Big Spring and her wife, Mr. and Mrs. O. E. Franklin of Iran and Charlie Bird of Menard, Texas, a nephew and niece, Mr. and Mrs. Jack Allen of San Angelo.

So much did all members of the family enjoy the reunion they decided to make it an annual affair and decided by lot the next member to play host. Mrs. E. E. Chamness of Mercedes won the toss and will entertain the group next year.

Three-School Baseball League For '47 Season

Ozona Big Lake Eldorado Compose District 11 Combination

At a meeting of representatives from District 11 high school baseball for 1947, held here last week, a schedule of games between the participating school teams was drawn up and other details of the season's play worked out.

C. S. Denham, superintendent of Ozona schools, was elected chairman of the district. C. E. Edison, Jack Black and Frank Horton, representing Reagan High School at Big Lake and Conches Marshall Brown and L. B. T. Sikes and Supt. Denham from Ozona attended the meeting. A member of the district, has announced that this school will not participate in baseball this season and therefore, did not send a representative to the meeting. Eldorado, another member of the combination, also was not represented but will participate in the sport this spring.

The district season will begin April 25 with the Ozona Lions matched against the Eldorado Eagles on the Ozona diamond. The season's closing date was set for May 30, it being agreed that there would be no extension of the school baseball program into the summer months. The season schedule, showing games only through May 13, was drawn up at the meeting of officials and announced as follows:

- April 25—Ozona vs Eldorado in Ozona.
- April 29—Ozona vs Eldorado in Eldorado.
- May 2—Big Lake vs Eldorado in Texon.
- May 6—Ozona vs Big Lake in Ozona.
- May 9—Ozona vs Big Lake in Texon.
- May 13—Big Lake vs Eldorado in Eldorado.

It was agreed that the home team would provide game officials, "the two best officials obtainable, locally or otherwise." Home schools are to set their own prices for admission, if any is to be charged, and home schools are to furnish baseballs. No district trophy is to be provided by the district but the school winning the district championship may purchase its own trophy, the officials decided.

PRE-EASTER SERVICES AT METHODIST CHURCH

Rev. Horace M. King, pastor of the Ozona Methodist Church, will preach the first of a series of pre-Easter sermons at the morning service next Sunday, he announced this week. The sermon theme will be "Are You Prepared For Easter?"

Timely Rain Of Million Dollar Class Falls Here

General Soaker Averages Half To Inch Over This Area

A timely and beautiful rain which easily comes under the classification of a "million dollar" rain fell over the West Texas ranch area Monday night to bring smiles to the faces of ranchmen with its assurance of early green feed for ewes and their newborn lambs and other livestock as the first days of Spring dawn this week-end.

Despite the Winter's severe and prolonged cold, it can be credited with bringing a deep season of moisture to range land and that seasoning paid off with the rain the first of this week.

"Never did I see such a wet little rain," was the way one ranchman put it. The moisture already in the ground from the winter snow and ice needed only a light fall to put the ground in perfect condition for quick growth of weeds and grass.

Approximately .6 of an inch of moisture was recorded on the rain gauge at the Kattiff Hardware and Furniture store here and the fall all over the county was reported at that or a little better, ranging up to an estimated inch in some areas. The rain fell slowly with mild temperature and followed by a day of low hanging clouds the moisture was all soaked into the ground for maximum benefit to the ranges.

Draft Machinery To Come To Halt On March 31st

18-Year-Olds Will Be Required To Register To That Date

Instructions have been received by the Crockett county local board in preparation for halting the machinery of the national Selective Service System at the expiration of the effectiveness of the act on March 31st of this year.

Immediate discontinuance of classification of all registrants and the mailing of questionnaires was ordered in a directive from State Headquarters received by the local board here last week.

But in view of the fact that the Selective Service law will remain in effect until March 31, the directive instructed the board to continue to register all registrants who present themselves up to and including March 31, 1947.

"At the present time this Headquarters has no definite information as to the future of Selective Service," the state release said, "but it is believed that if Congress authorizes the liquidation it will take several months to complete such operation and it is therefore requested that local board members continue their membership on the local board and that clerical personnel remain at their posts of duty until definite information is known."

Local boards were directed to have a "final" meeting as of March 31 when a final list of new registrants, if any, is to be submitted to state headquarters and clerical personnel were instructed to check all records for correctness. Whether records will be retained in the counties, concentrated in state capitals or sent to Washington will depend on the action of Congress.

BAPTIST CHURCH

Rev. W. Howard Moore, pastor of the First Baptist Church at Miami, Texas, will fill the pulpit at the First Baptist Church in Ozona at both the morning and evening service next Sunday, it was announced this week by church officers.

Rev. Moore has been at Miami three years. All members and friends of the church are cordially invited to hear Rev. Moore

FOOD FOR THE WORLD... Itsy, Bitsy and Betsy huddle together in a basket as their mother watches over them. Triplets are not an everyday occurrence in the sheep world—in fact, rather rare. This San Antonio, Tex., mother is doing her part to raise food for the starving people of the world, as well as wool to help keep them warm next winter. Present indications are that every ounce of wool that can be produced will be needed next winter.

All Non-Volunteers To Be Released From Army by End of June

The War Department has announced that it has notified all domestic and overseas commanders to set demobilization machinery in motion to insure the release of all non-Regular Army en-

listed men by the end of June. With the exception of the wages, the enlisted strength on July 1 will be 100 per cent Regular Army, a goal toward which the army has been striving since VJ day. About 100,000 men will be released under the program, it is expected.

28 Ozona Boys Take Part In Dist. Field Meet At Sonora

Twenty-eight Ozona high and grade school boys took part in the district field meet events in Sonora Saturday and although they did not place in the meet they gained some valuable experience and Ozona coaches were satisfied with their performance, Coach Marshall Brown reported this week.

Both the senior and junior boys entered all events in the dual meet. Senior boys making the trip included Bob Bissett, Don Coke, Jack Coates, Bill Forehand, Bud Hoover, Bill Hoover, Joe Ross Hufstetler, Red Harrison, Bernard Lemmons, Ted Mankin, Bill Melton, Sam Perner, Joe Perry, Ray Piner, Nat Read and Max Word in the senior division and Joe Elledge, Bud Thompson, Alton Smith, Bill Schneemann, Joe Bailey, Darwin Parr, Allen Haire, Louis Camper, Wilburn Conklin, Kenneth Parker and Ben Conklin in the junior divisions.

Theresa Lussier, Corp. Ira Yancy Wed

Miss Theresa Lussier, daughter of Mr. and Mrs. Walter Lussier of East Hampton, Mass., became the bride of Corp. Ira Yancy, U. S. Army Air Forces, a son of Mrs. Ida M. Yancy of Ozona, in a ceremony performed at 11 o'clock Monday morning by Justice of the Peace W. M. Johnigan.

Corp. Yancy is now on furlough from his post at Westover Field, Mass., where he is assigned to administrative work in the post separation center. He has been in the service one year.

Mrs. Yancy attended schools in Montreal, Canada, and has been living with her parents in East

Hampton. At the end of Corp. Yancy's leave, they will return to Westover Field to make their home until Corp. Yancy receives his discharge from the service.

"Strong America" Is Stressed As Theme of Army Day Observance

"A strong America is a peaceful America" has been selected as the theme for this year's observance of Army Week, April 6-12, the War Department announced today. In all activities across the nation it is planned to acquaint citizens with the "relationship between an adequate Army and the national security, and the role of the entire Army—which includes the National Guard of the United States, the Organized Reserve corps—in the nation's security establishment and in the maintenance of the peace which has been won at so great a price."

Traditionally observed on April 6 since it was first inaugurated

A MESSAGE FROM THE SECRETARY OF WAR

How you can help YOUR ARMY DO ITS PART FOR PEACE

WITH the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace — all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily — to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

HERE'S HOW! Reddy Kilowatt doesn't come to you direct from our large generating stations. It takes lots of briefing and screenings to send him to you as a useful household servant. In order for him to do work so economical, it is necessary to generate power and energy for him in vast quantities and at voltages far too high for any commercial or residential use. From Reddy Kilowatt's birth of energy in power stations, to transmission lines, to substations, to the wires to your home, it takes "know-how" for him to economically and efficiently deliver at half the wages he was paid even 20 years ago. And he is always Reddy. West Texas Utilities Company REDDY KILOWATT Your Electric Servant

BOYCE HOUSE "GIVES YOU TEXAS"

Uncle Zeb says, "Why don't folks stay at home so I can have a hotel room when I travel?" Grady Hazelwood of Amarillo proposes a constitutional amendment making House members' terms four years. But the way to keep officials responsive to the people is to require them to go back to the people pretty often. The Senator's amendment prohibits legislators from receiving anything of value for voting for or against any legislation. That's just the law now, isn't it—or is it? The amendment would give each legislator a salary of \$4,000 a year and would prohibit a lawmaker from influencing a state department before a legislative session—but apparently a legislator could still take what is sometimes called a "fee" from someone whose business is affected by proposed legislation. Getting around over the State: Remember the tune the music is in here and comes out there? A stove in a filling station in the town that reminds me of the three section of old-fashioned stove pipe are laid one on top of the other and connected by pipes and that heat goes in at

one end, wanders all around and comes out at the other. Looks like a Rube Goldberg invention—but it works.

Near Jacksonville is the rather oddly-named Simpson's Dining Car Orchard—11,000 peach trees.

In LaGrange, two grand old oaks stood in the street, so they just ran the paving around them. Incidentally, the winding highway as one enters LaGrange from the south is most picturesque and gives a beautiful view of the town below.

Best eating in a good while: Backbone and dumplings, with cornbread, at Palestine in the O'Neill Coffee Shop. That was really East Texas cooking at its best!

IN THE COUNTY COURT OF CROCKETT COUNTY, TEXAS IN RE: Estate of Melissa Childress Smith, a minor No. 12 NOTICE OF APPLICATION TO MAKE OIL, GAS AND MINERAL LEASE

To all persons interested in the above minor or her estate: You are hereby notified that I have on this 10 day of March, A. D., 1947, filed with the Judge of the County Court of Crockett County, Texas, an application for authority to make an oil, gas and mineral lease

upon interest belonging to such minor, described as follows:

An undivided 1-64th interest in the oil, gas and other minerals in and under the following described land, to-wit: S-2 of Section 7, Block 33, Township 1-South, T. & P. Ry. Co. survey, Howard County, Texas,

and that such application will be heard in the County Court room in the Court House of such County on the 24 day of March, A. D., 1947.

WITNESS my hand this the 10 day of March, A. D., 1947.

New Books Given To Library

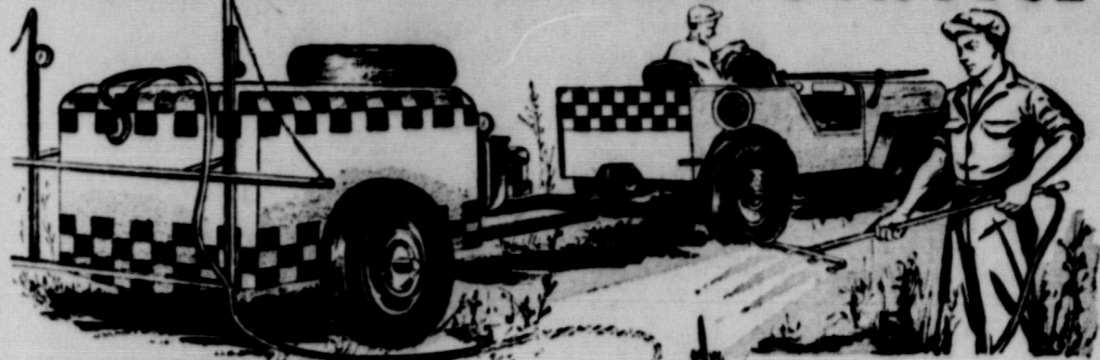

Three new memorial volumes have been presented to the Ozona High School library and one to the fifth grade, C. S. Denham, superintendent of schools, announced this week.

Mr. and Mrs. Joe Clayton presented the three new books to the library. They were "O Promise Me" by James Street, presented in memory of the late, Mrs. Chas. Black; "Tap Roots" by James Street in memory of the late Joe Oberkamp, and "Tatoosh" by

Martha Hardy in memory of the late R. F. Powell.

Mrs. H. W. Maris presented "Trail" by Ruth Gipson Plowhead "Lucretia Ann on the Oregon" to the fifth grade.

Dear Customers:

We should like to discuss with you a matter which you, as producers and traders of livestock in the trade territory are materially affected; however, before going into the subject, let us express our sincere appreciation for the patronage we have received since announcing the change in management. Your consignments are our only source of revenue from this business and it is only through the increase in them that we are able to register your approval, with which we are encouraged.

From the beginning there have been many problems, each of which we have tried to study thoroughly and deliberately before making any change that would affect, first, our customers; second, our system and the personnel responsible for its efficiency and third, our policy, which is to maintain a livestock market, comparable to none, which you can have unlimited confidence in.

The problem of our Thursday sale is now before us and after having given this our deepest consideration, we have decided to abandon it as of March 6th. Our consignors as well as our buyers fully recognize the fact that there are fewer livestock in the trade territory and with your cooperation we can concentrate both on the Monday and Saturday sales to a greater mutual advantage.

Being dependent upon you, in the matters of maintaining the facts as stated above, we trust that this change meets with the approval of all our customers and that we will continue to enjoy a steady increase in our now growing volume.

Again assuring you of our sincere appreciation for the way you are receiving us and trusting that we may continue to serve you in ever increasing volume, we remain

Yours truly,
Oscar Wyatt

THE LION'S ROAR

Published Weekly by the Student Body of Ozona High School

VOLUME 10 OZONA, TEXAS, THURSDAY MARCH 20, 1947 NO. 25

KILROY DOESN'T LIVE HERE ANY MORE

I wonder what stops me from going insane? Wherever I go I see his name. In mother's oven, on sister's sash. It's even on father's immortal mustache

Kilroy's the name; don't be naive You very well know that that's my pet peeve. Here is my plan: "I'll put up a fight! But this has to be done in the dead of night. Then I would sneak in, and take

a peek In this school, which would be all "a' creakin'"; And among desk and latest history fact Kilroy would be faced and caught in the act. I would asize him, and choke him. Squeeze him, and poke him. Then would it be said that I rid the earth. Of Kilroy; and all would then be mirth.

SPRING TRAINING

Spring football practice began Monday, March 18. We say spring, it says that on the calendar but the weather doesn't quite seem to think so. Coaches Brown and Sikes were pleased with the number of boys which came out Monday. About 24 boys, which are next years Seniors, Juniors, and Sophomores, suited out Monday full of pep and ready to learn some more football. Spring training will last approximately four weeks, after which baseball season starts.

Sue M. — "Sometimes my mom takes things apart that don't go." Red H. — "So what?" Sue M. — "So you'd better go."

GOSSIP

The dance in Sonora was enjoyed thoroughly by Nat, Joe Rass, Ben, Gordon, Alan, and Red. All they have to say about it, tho, is how cute the Menard girls are!

Mary K. was an ideal duchess, and everyone was certainly proud to be represented by her.

It is rumored that Jack Coates has decided he'll just sign up for a little more punishment. This all came about Saturday night—didn't it Jack?

Bill Melton is really leading a life of leisure now a day—Lillian is sick with the flu.

Nat and Corinne were seen out—not saying where, of course, Sunday night.

Patsy S. had a very good looking visitor this week-end Eddie comes down pretty often huh Pat? Its a good thing he lets you know before coming—. Also Monday night J. D. was over to see her—That gal fairly gets around!

Well, that eternal triangle is back again, Charlie Boy, Joan, and Chris—some of these days it'll work out—maybe.

Dale, we hear you and Newell had quite a little fuss Monday night. They evidently got it straightened out, tho - - -

Speaking of fusses, Red and Sue have at least one a day—why don't you two just give up and call it quits?—Jack B. wouldn't mind at all!

Judy and Mary Ann, those Iraan boys you were with Monday night were cute—what did Buddy have to say about it?

Virginia—who did you finally decide to go to the Junior-Senior Banquet with?

Poor Bob—everytime he goes to his locker he is met by a blonde guarding it—say—what do you keep in there ???

Ann H. was with her true love

CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed, 10c and 25c at all druggists.

Take CALOTABS

in Sonora—and is he the cute one—uh huh!!! Max—what did Jo Lou have to say about your Menard girl?—Bet it wasn't any too good—he's been in bed ever since— Well this is all till next week.

FLU

This word flu is not very big and not very long, but when you get it, you know you've got something that seems pretty terrible. Ozona has been pretty fortunate and hasn't had a bad epidemic like most towns. But we have missed some of you around old O. H. S. and hope you'll be back soon because its spring you know, or did you. Doesn't look like it to me.

First Demon—"Ha, ha, ha!" Second Demon — "Why the laugh?"

First Demon—"I just put a woman into a room with a thousand beautiful hats and no mirror."

Typewriter Ribbons—Stockman

QUIZ CORNER

The selections as taken from the ballots this week are:

1. Prettiest eyes - Charlie Boy D.
2. Prettiest teeth - Sue M.
3. Best figure - Ann W.
4. Best physique - Max W.
5. Best-all-around - Nat Read

The features for this week will be about the only characteristics left for a person to have. So if you can think of question we could use send them to us or drop them in the press box with your choice for the following:

1. Prettiest hair-
2. Prettiest mouth -
3. Most friendly
4. Romantic -
5. Noisy-

ADVICE TO THE LOVELORN

A new person has made his appearance in town, Dr. Pinhead, who is rated over Mr. Anthony in giving advice to the lovelorn. We suggest that if you have questions you would like to ask him, put them in the press box.

Dear Pinhead,

What should I do if another girl tries to take my steady? Sadly signed heartbreak Dear heartbroken, Twist her arm and beat her on the head, and if she still gets he he wasn't worth the effort. Sincerely yours Pinhead

STUDENT OF THE WEEK

This week's favorite is a sharp brown headed girl. She is a happy, and a friend to everyone. She studies hard and makes good grades, yet she still manages to work in time for her many friends. She is a Senior, and an important figure in the school play — So here's to congratulations Phillips — she's a real asset to our school.

Mr. Sikes — "Why were you tardy this morning, Frank?" Frank P. — "Class started before I got here."

**WEEKLY SWING OF
SOUTHWEST FARM MARKETS**

Prices fell, while cattle and lambs ground at some markets last week according to the Production Marketing Administration, U. S. Department of Agriculture. Some staples weakened too, but southwest farm products steady to strong.

Grains emerged strong from other week of wide fluctuations with net gains of mostly 5 to 10 cents. No. 1 hard wheat closed at \$3.00 per bushel, bulk at Fort Worth and Galveston, and corn \$2.03 for No. 2 white, \$1.91 for No. 2 yellow.

Wool found renewed interest at \$1.00 per ton higher. Peas, oil and meal, joined the upward procession with sharp increases. Some domestic wools sold by Commodity Credit Corporation at prices for the first time, as foreign wools became scarce. Most spring clip mohair has been

Continued good demand for eggs of poultry held prices firm. Eggs per dozen at Amarillo and San Antonio; 36½ to 37½ at Denton; 41 at Shreveport and Houston; 37½ to 38½ at Fort Worth, Dallas, and New Orleans.

Cattle ruled generally steady to strong for the week at Texas markets, but most slaughter classes moved unevenly lower at Oklahoma City and Denver. Week's price of common to medium steers at yearlings brought \$12 to \$17 at Houston; while low to average medium kinds moved at \$17 to \$19 at San Antonio. Medium and heavy slaughter steers and yearlings turned at \$17 to \$23.50 at Fort Worth; \$18.50 to \$23.50 at Oklahoma City; \$18.50 to \$22.50 at Wichita; and \$18.50 to \$24.60 at Denver.

Big prices slumped during the week to levels mostly 50 cents to \$1.00 or more lower. Top prices at the week were \$26 at San Antonio; \$26.75 at Fort Worth; \$27.75 at Oklahoma City; \$27.85 at Wichita; and \$28.25 at Denver. Slaughter lambs held steady at San Antonio and Wichita, but eased off mostly 25 to 50 cents at other southwest markets. Ewes and wethers brought \$6.50 to \$6.75 at San Antonio.

**Auto Licenses
Are Now on Sale**

They must be on all cars by midnight of April 1st, 1947, or owners will be subject to a fine, and must pay a penalty for not buying their plates on time.

Highway officers are instructed to arrest those who have not properly equipped their cars with the new 1947 license tags.

License tags are now on sale at the Sheriff's office. License tags must be bought in the county where you live.

IMPORTANT NOTICE

You must have certificate of title and your 1946 license receipt, bearing same number as title. Bring them with you when you come after license plate.

Please render your property for 1947 taxes when you come for license plate.

BRUCE HARP

Sheriff, Assessor and Collector of Taxes—Crockett Co.

AAA Provides —

(Continued from Page One)
 bottom hole diameter of 6 3/8 inches or more will be paid for at the rate of \$3 a foot—all regardless of depth of the well.
 Location of wells is important in determining whether or not payment will be made from AAA funds. Approved wells may not be within 1-4 mile of the ranch headquarters nor within a half mile of an existing adequate water supply, except for a location separated from permanent watering by a fence, lane or barrier. Payment can not be made for wells to furnish water to feed pens, barns or dwellings, regardless of location. Each well must be cased sufficiently to prevent caving and the operator must provide windmill or pump and adequate water storage.

New to the program this year is a provision for deepening inadequate wells, payment to be made at the rate for drilling new wells.

Ranchmen must secure a written "prior approval" from the AAA office before commencing drilling a well. The ranchman, too, must submit a statement by the driller or a copy of the driller's log showing the depth of the hole and the diameter at the bottom of the hole. Completion of the performance should be signified by returning the signed prior approval to the office not later than the expiration date shown on such approval. In cases where the performance is not completed within the approved time, request for extension may be made to the county committee. A representative from the office will check on each practice when complete to see that all specifications are met.

SHOWER HONORS
MRS. J. B. PARKER

Mrs. J. B. Parker, a recent bride, was honored at a gift tea at the home of Mrs. Tom Smith, with Mrs. Smith, Mrs. Roy Henderson, Mrs. Max Schneemann, Mrs. Paul Ferner, Mrs. George Bunker and

Mrs. Earle Chandler as hostesses. Mrs. Chandler greeted the guests at the door and assisting the honoree in receiving were her mother, Mrs. Pat Lee, her sister-in-law, Mrs. Dock Lee and Mrs. Smith.

Miss Mildred North was at the bride's book and guests were directed to the gift room by Mrs. Joe Pierce. Mrs. Frank James and Mrs. Janie Hull served coffee and cake and Mrs. Roy Henderson, Mrs. Bunker and Mrs. Schneemann assisted in the dining room. Mrs. Brock Jones furnished piano music during the tea hour. About sixty guests called during the afternoon.

Young Adults Group Of Methodist Church In Party Friday Night

A tamale supper, followed by a varied program and games, will be held at the Methodist Center Friday night of this week by the young adult group of the Ozona Methodist church. The party is scheduled for 7 p. m. All young adults of the church are cordially invited.

Hosts for the evening will be Mr. and Mrs. Joe Clayton, Mr. and Mrs. L. B. Cox, III, Mr. and Mrs. Gene Williams, Mr. and Mrs. Bill Childress and Mr. and Mrs. L. D. Kirby.

CENZO CLUB

Mr. and Mrs. Chas. Black, Jr., and Mr. and Mrs. Nip Blackstone were hosts to members of the Cenzo Night Club Thursday evening at the Hi-Way Cafe.

Mr. and Mrs. Larry Albers won the high score trophy in bridge and Mr. and Mrs. Jess Marley at Forty-two. Gene Williams won the bingo award.

Present were Mr. and Mrs. Marvin Barnes, Mrs. and Mrs. Bill Clegg, Mr. and Mrs. Henderson, III, Mr. and Mrs. Ralph Jones, Mr. and Mrs. W. T. Stokes, Mr. and Mrs. Gene Williams, Mr. and Mrs. Jess Marley, Mr. and Mrs. Chas. Black, Jr., and Mr. and Mrs. Nip Blackstone.

Homer Good Shows Fourth Place Winner Colt At Fort Worth

"Pete McCabe," 9-months-old quarter horse colt, owned by Homer Good of Ozona, won fourth place in the yearling class quarter horse show at the Southwestern Exposition and Fat Stock Show in Fort Worth last week. The Ozona-

an's is out of a registered quarter mare, "Daisy Bob" by "Tom Cat," a registered Quarter horse stallion owned by Dick McCabe.

A half brother of "Pete McCabe", showing the two-year old, woneighth place.

Mr. and Mrs. Jim Brownrigg are both ill at their home here, suffering from attacks of pneumonia.

Bishop Paul Martin To Speak Sunday On The Methodist Hour

"Forgotten Dreams" is the subject of the radio address of Bishop Paul E. Martin of Little Rock, Arkansas over The Methodist Hour radio program on Sunday morning, March 23rd.

This program which is sponsored by the Methodist Church in the Southeastern and South Central Jurisdictions is broadcast over a network of 52 radio stations and

originates in the studios of the Religious Radio Center, Atlanta, Georgia at 8:30 a. m. EST.

The Methodist Hour is a radio conference, which is composed of radio committees from the Presbyterian Episcopal Church, the Southern Baptist Church, the Methodist Church, and the United Methodist Church. Each of these four denominations has a three month series of broadcasts over the same network. The Methodist Hour will be followed by The Baptist Hour during the month of April, May and June.

From where I sit... by Joe Marsh

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven).

From where I sit, respect doesn't rule out everyday companionship... and never should. They go together—essential parts of a successful marriage.

Joe Marsh
